(c) Indicate whether the plaintiff or plaintiffs object on one or more of the following bases:
   (i) To the attending physician's determination that the principal has lost the capacity to 
      make informed health care decisions for the principal;
   (ii) To the attending physician's determination that there is no reasonable possibility that 
      the principal will regain the capacity to make informed health care decisions for the principal;
   (iii) That, in exercising the attorney in fact's authority, the attorney in fact is not acting 
      consistently with the desires of the principal or, if the desires of the principal are unknown, in the 
      best interest of the principal;
   (iv) That the durable power of attorney for health care has expired or otherwise is no 
      longer effective;
   (v) To the attending physician's and consulting physician's determinations that the 
      principal is in a terminal condition or in a permanently unconscious state;
   (vi) That the attorney in fact's health care decision pertaining to the use or continuation, 
      or the withholding or withdrawal, of life-sustaining treatment is not authorized by the durable 
      power of attorney for health care or is prohibited under section 1337.13 of the Revised Code;
   (vii) That the durable power of attorney for health care was executed when the principal 
      was not of sound mind or was under or subject to duress, fraud, or undue influence;
   (viii) That the durable power of attorney for health care otherwise does not substantially 
      comply with section 1337.12 of the Revised Code.

(d) Request the probate court to issue one or more of the following types of orders:
   (i) An order to the attending physician to reevaluate, in light of the court proceedings, the 
      determination that the principal has lost the capacity to make informed health care decisions for 
      the principal, the determination that the principal is in a terminal condition or in a permanently 
      unconscious state, or the determination that there is no reasonable possibility that the principal 
      will regain the capacity to make informed health care decisions for the principal;
   (ii) An order to the attorney in fact to act consistently with the desires of the principal or, 
      if the desires of the principal are unknown, in the best interest of the principal in exercising the 
      attorney in fact's authority, or to make only health care decisions pertaining to life-sustaining 
      treatment that are authorized by the durable power of attorney for health care and that are not 
      prohibited under section 1337.13 of the Revised Code;
   (iii) An order invalidating the durable power of attorney for health care because it has 
      expired or otherwise is no longer effective, it was executed when the principal was not of sound 
      mind or was under or subject to duress, fraud, or undue influence, or it otherwise does not 
      substantially comply with section 1337.12 of the Revised Code.

(e) Be accompanied by an affidavit of the plaintiff or plaintiffs that includes averments 
relative to whether the plaintiff is an individual or the plaintiffs are individuals as described in 
division (D)(1)(b)(i), (ii), (iii), (iv), or (v) of this section and to the factual basis for the plaintiff's or 
the plaintiffs' objections;

(f) Name any individuals who were notified by the attending physician in accordance with 
division (D)(1)(b) of this section and who are not joining in the complaint as plaintiffs;

(g) Name, in the caption of the complaint, as defendants the attending physician of the 
principal, the attorney in fact under the durable power of attorney for health care, the consulting 
physician associated with the determination that the principal is in a terminal condition or in a 
permanently unconscious state, any health care facility in which the principal is confined, and 
any individuals who were notified by the attending physician in accordance with division
(D)(1)(b) of this section and who are not joining in the complaint as plaintiffs.

(5) Notwithstanding any contrary provision of the Revised Code or of the Rules of Civil Procedure, the state and persons other than an objecting individual as described in division (D)(3)(a) of this section, other than an objecting individual or majority of individuals as described in division (D)(3)(b) of this section, and other than persons described in division (D)(4)(g) of this section are prohibited from commencing a civil action under division (D) of this section and from joining or being joined as parties to an action commenced under division (D) of this section, including joining by way of intervention.

(6)(a) A probate court in which a complaint as described in division (D)(4) of this section is filed within the period specified in division (D)(3)(a) or (b) of this section shall conduct a hearing on the complaint after a copy of it and a notice of the hearing have been served upon the defendants. The clerk of the probate court in which the complaint is filed shall cause the complaint and the notice of the hearing to be so served in accordance with the Rules of Civil Procedure, which service shall be made, if possible, within three days after the filing of the complaint. The hearing shall be conducted at the earliest possible time, but no later than the third business day after such service has been completed. Immediately following the hearing, the court shall enter on its journal its determination whether a requested order will be issued.

(b) If the health care decision of the attorney in fact authorized the use or continuation of life-sustaining treatment and if the plaintiff or plaintiffs requested a reevaluation order to the attending physician of the principal or an order to the attorney in fact as described in division (D)(4)(d)(i) or (ii) of this section, the court shall issue the requested order only if it finds that the plaintiff or plaintiffs have established a factual basis for the objection or objections involved by clear and convincing evidence and, if applicable, to a reasonable degree of medical certainty and in accordance with reasonable medical standards.

(c) If the health care decision of the attorney in fact authorized the withholding or withdrawal of life-sustaining treatment and if the plaintiff or plaintiffs requested a reevaluation order to the attending physician of the principal or an order to the attorney in fact as described in division (D)(4)(d)(i) or (ii) of this section, the court shall issue the requested order only if it finds that the plaintiff or plaintiffs have established a factual basis for the objection or objections involved by preponderance of the evidence and, if applicable, to a reasonable degree of medical certainty and in accordance with reasonable medical standards.

(d) If the plaintiff or plaintiffs requested an invalidation order as described in division (D)(4)(d)(iii) of this section, the court shall issue the order only if it finds that the plaintiff or plaintiffs have established a factual basis for the objection or objections involved by clear and convincing evidence.

(e) If the court issues a reevaluation order to the principal's attending physician pursuant to division (D)(6)(b) or (c) of this section, the attending physician shall make the requisite reevaluation. If, after doing so, the attending physician again determines that the principal has lost the capacity to make informed health care decisions for the principal, that the principal is in a terminal condition or in a permanently unconscious state, or that there is no reasonable possibility that the principal will regain the capacity to make informed health care decisions for the principal, the attending physician shall notify the court in writing of the determination and comply with division (B)(2) of this section.

(E)(1) In connection with the provision of comfort care in a manner consistent with divisions (C) and (E) of section 1337.13 of the Revised Code to a principal who is in a terminal condition or in a permanently unconscious state, nothing in sections 1337.11 to 1337.17 of the Revised Code precludes the attending physician of the principal who carries out the responsibility to provide comfort care to the principal in good faith and while acting within the scope of the attending physician's authority from prescribing, dispensing, administering, or causing to be administered any particular medical procedure, treatment, intervention, or other measure to the principal, including, but not limited to, prescribing, personally furnishing,
administering, or causing to be administered by judicious titration or in another manner any form of medication, for the purpose of diminishing the principal's pain or discomfort and not for the purpose of postponing or causing the principal's death, even though the medical procedure, treatment, intervention, or other measure may appear to hasten or increase the risk of the principal's death. In connection with the provision of comfort care in a manner consistent with divisions (C) and (E) of section 1337.13 of the Revised Code to a principal who is in a terminal condition or in a permanently unconscious state, nothing in sections 1337.11 to 1337.17 of the Revised Code precludes health care personnel acting under the direction of the principal's attending physician who carry out the responsibility to provide comfort care to the principal in good faith and while acting within the scope of their authority from dispensing, administering, or causing to be administered any particular medical procedure, treatment, intervention, or other measure to the principal, including, but not limited to, personally furnishing, administering, or causing to be administered by judicious titration or in another manner any form of medication, for the purpose of diminishing the principal's pain or discomfort and not for the purpose of postponing or causing the principal's death, even though the medical procedure, treatment, intervention, or other measure may appear to hasten or increase the risk of the principal's death.

(2) If, at any time, a priority individual or any member of a priority class of individuals under division (D)(1)(b) of this section or if, at any time, the individual or a majority of the individuals in the next class of individuals that pertains to the principal in the descending order of priority set forth in that division, believes in good faith that both of the following circumstances apply, the priority individual, the member of the priority class of individuals, or the individual or majority of individuals in the next class of individuals that pertains to the principal may commence an action in the probate court of the county in which a principal who is in a terminal condition or permanently unconscious state is located for the issuance of an order mandating the use or continuation of comfort care in connection with the principal in a manner that is consistent with sections 1337.11 to 1337.17 of the Revised Code:

(a) Comfort care is not being used or continued in connection with the principal.

(b) The withholding or withdrawal of the comfort care is contrary to sections 1337.11 to 1337.17 of the Revised Code.

(F) Except as provided in divisions (D) and (E) of this section in connection with principals who are in a terminal condition or in a permanently unconscious state, sections 1337.11 to 1337.17 of the Revised Code do not authorize the commencement of any civil action in a probate court or court of common pleas for the purpose of obtaining an order relative to a health care decision made by an attorney in fact under a durable power of attorney for health care.

(G) A durable power of attorney for health care, or other document, that is similar to a durable power of attorney for health care authorized by sections 1337.11 to 1337.17 of the Revised Code, that is or has been executed under the law of another state prior to, on, or after October 10, 1991, and that substantially complies with that law or with sections 1337.11 to 1337.17 of the Revised Code shall be considered to be valid for purposes of those sections.

1337.17 Printed Form use; notice requirement.

A printed form of durable power of attorney for health care may be sold or otherwise distributed in this state for use by adults who are not advised by an attorney. By use of such a printed form, a principal may authorize an attorney in fact to make health care decisions on the principal's behalf, but the printed form shall not be used as an instrument for granting authority for any other decisions. Any printed form that is sold or otherwise distributed in this state for the purpose described in this section shall include the following notice:
“Notice to Adult Executing This Document

This is an important legal document. Before executing this document, you should know these facts:

This document gives the person you designate (the attorney in fact) the power to make most* health care decisions for you if you lose the capacity to make informed health care decisions for yourself. This power is effective only when your attending physician determines that you have lost the capacity to make informed health care decisions for yourself and, notwithstanding this document, as long as you have the capacity to make informed health care decisions for yourself, you retain the right to make all medical and other health care decisions for yourself.

You may include specific limitations in this document on the authority of the attorney in fact to make health care decisions for you.

Subject to any specific limitations you include in this document, if your attending physician determines that you have lost the capacity to make an informed decision on a health care matter, the attorney in fact generally* will be authorized by this document to make health care decisions for you to the same extent as you could make those decisions yourself, if you had the capacity to do so. The authority of the attorney in fact to make health care decisions for you generally* will include the authority to give informed consent, to refuse to give informed consent, or to withdraw informed consent to any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition.

However*, even if the attorney in fact has general authority to make health care decisions for you under this document, the attorney in fact never* will be authorized to do any of the following:

1. Refuse or withdraw informed consent to life-sustaining treatment (unless your attending physician and one other physician who examines you determine, to a reasonable degree of medical certainty and in accordance with reasonable medical standards, that either of the following applies:
   a. You are suffering from an irreversible, incurable, and untreatable condition caused by disease, illness, or injury from which (i) there can be no recovery and (ii) your death is likely to occur within a relatively short time if life-sustaining treatment is not administered, and your attending physician additionally determines, to a reasonable degree of medical certainty and in accordance with reasonable medical standards, that there is no reasonable possibility that you will regain the capacity to make informed health care decisions for yourself.
   b. You are in a state of permanent unconsciousness that is characterized by you being irreversibly unaware of yourself and your environment and by a total loss of cerebral cortical functioning, resulting in you having no capacity to experience pain or suffering, and your attending physician additionally determines, to a reasonable degree of medical certainty and in accordance with reasonable medical standards, that there is no reasonable possibility that you will regain the capacity to make informed health care decisions for yourself);

2. Refuse or withdraw informed consent to health care necessary to provide you with comfort care (except that, if the attorney in fact is not prohibited from doing so under (4) below, the attorney in fact could refuse or withdraw informed consent to the provision of nutrition or hydration to you as described under (4) below). (You should understand that comfort care is defined in Ohio law to mean artificially or technologically administered sustenance (nutrition) or fluids (hydration) when administered to diminish your pain or discomfort, not to postpone your death, and any other medical or nursing procedure, treatment, intervention, or other measure that would be taken to diminish your pain or discomfort, not to postpone your death. Consequently, if your attending physician were to determine that a previously described medical or nursing procedure, treatment, intervention, or other measure will not or no longer will serve to provide comfort to you or alleviate your pain, then, subject to (4) below, your attorney in fact
would be authorized to refuse or withdraw informed consent to the procedure, treatment, intervention, or other measure.*);  

(3) Refuse or withdraw informed consent to health care for you if you are pregnant and if the refusal or withdrawal would terminate the pregnancy (unless the pregnancy or health care would pose a substantial risk to your life, or unless your attending physician and at least one other physician who examines you determine, to a reasonable degree of medical certainty and in accordance with reasonable medical standards, that the fetus would not be born alive);  

(4) Refuse or withdraw informed consent to the provision of artificially or technologically administered sustenance (nutrition) or fluids (hydration) to you, unless:  

(a) You are in a terminal condition or in a permanently unconscious state.  

(b) Your attending physician and at least one other physician who has examined you determine, to a reasonable degree of medical certainty and in accordance with reasonable medical standards, that nutrition or hydration will not or no longer will serve to provide comfort to you or alleviate your pain.  

(c) If, but only if, you are in a permanently unconscious state, you authorize the attorney in fact to refuse or withdraw informed consent to the provision of nutrition or hydration to you by doing both of the following in this document:  

(i) Including a statement in capital letters or other conspicuous type, including, but not limited to, a different font, bigger type, or boldface type, that the attorney in fact may refuse or withdraw informed consent to the provision of nutrition or hydration to you if you are in a permanently unconscious state and if the determination that nutrition or hydration will not or no longer will serve to provide comfort to you or alleviate your pain is made, or checking or otherwise marking a box or line (if any) that is adjacent to a similar statement on this document;  

(ii) Placing your initials or signature underneath or adjacent to the statement, check, or other mark previously described.  

(d) Your attending physician determines, in good faith, that you authorized the attorney in fact to refuse or withdraw informed consent to the provision of nutrition or hydration to you if you are in a permanently unconscious state by complying with the requirements of (4)(c)(i) and (ii) above.  

(5) Withdraw informed consent to any health care to which you previously consented, unless a change in your physical condition has significantly decreased the benefit of that health care to you, or unless the health care is not, or is no longer, significantly effective in achieving the purposes for which you consented to its use;  

(6) Provide, refuse, or withdraw informed consent to life-sustaining treatment, or the provision of artificially or technologically administered sustenance (nutrition) or fluids (hydration) to you, if the attorney in fact is subject to a temporary protection order, civil protection order, or any other protection order in this state or another state in which you are the alleged victim.  

Additionally, when exercising authority to make health care decisions for you, the attorney in fact will have to act consistently with your desires or, if your desires are unknown, to act in your best interest. You may express your desires to the attorney in fact by including them in this document or by making them known to the attorney in fact in another manner.  

When acting pursuant to this document, the attorney in fact generally* will have the same rights that you have to receive information about proposed health care, to review health care records, and to consent to the disclosure of health care records. You can limit that right in this document if you so choose.  

Generally, you may designate any competent adult as the attorney in fact under this document. However, you cannot* designate your attending physician or the administrator of any nursing home in which you are receiving care as the attorney in fact under this document. Additionally, you cannot* designate an employee or agent of your attending physician, or an employee or agent of a health care facility at which you are being treated, as the attorney in fact under this document, unless either type of employee or agent is a competent adult and related
to you by blood, marriage, or adoption, or unless either type of employee or agent is a competent adult and you and the employee or agent are members of the same religious order.

This document has no expiration date under Ohio law, but you may choose to specify a date upon which your durable power of attorney for health care generally will expire. However, if you specify an expiration date and then lack the capacity to make informed health care decisions for yourself on that date, the document and the power it grants to your attorney in fact will continue in effect until you regain the capacity to make informed health care decisions for yourself.

You have the right to revoke the designation of the attorney in fact and the right to revoke this entire document at any time and in any manner. Any such revocation generally will be effective when you express your intention to make the revocation. However, if you made your attending physician aware of this document, any such revocation will be effective only when you communicate it to your attending physician, or when a witness to the revocation or other health care personnel to whom the revocation is communicated by such a witness communicate it to your attending physician.

If you execute this document and create a valid durable power of attorney for health care with it, it will revoke any prior, valid durable power of attorney for health care that you created, unless you indicate otherwise in this document.

This document is not valid as a durable power of attorney for health care unless it is acknowledged before a notary public or is signed by at least two adult witnesses who are present when you sign or acknowledge your signature. No person who is related to you by blood, marriage, or adoption may be a witness. The attorney in fact, your attending physician, and the administrator of any nursing home in which you are receiving care also are ineligible to be witnesses.

If there is anything in this document that you do not understand, you should ask your lawyer to explain it to you.”

In the preceding notice, the single words, and the two sentences in the second set of parentheses in paragraph (2), followed by an asterisk and all of paragraph (4) shall appear in the printed form in capital letters or other conspicuous type, including, but not limited to, a different font, bigger type, or boldface type.

**Living Will**

2133.01 Living will; general definitions.

Unless the context otherwise requires, as used in sections 2133.01 to 2133.15 of the Revised Code:

(A) “Adult” means an individual who is eighteen years of age or older.

(B) “Attending physician” means the physician to whom a declarant or other patient, or the family of a declarant or other patient, has assigned primary responsibility for the treatment or care of the declarant or other patient, or, if the responsibility has not been assigned, the physician who has accepted that responsibility.

(C) “Comfort care” means any of the following:

(1) Nutrition when administered to diminish the pain or discomfort of a declarant or other patient, but not to postpone the declarant’s or other patient’s death;

(2) Hydration when administered to diminish the pain or discomfort of a declarant or other patient, but not to postpone the declarant’s or other patient’s death;

(3) Any other medical or nursing procedure, treatment, intervention, or other measure that is taken to diminish the pain or discomfort of a declarant or other patient, but not to postpone the declarant’s or other patient’s death.
Chapter 5. Death, Dying, and Lay Caregivers
Part II. Advance Directives

(D) “Consulting physician” means a physician who, in conjunction with the attending physician of a declarant or other patient, makes one or more determinations that are required to be made by the attending physician, or to be made by the attending physician and one other physician, by an applicable provision of this chapter, to a reasonable degree of medical certainty and in accordance with reasonable medical standards.

(E) “Declarant” means any adult who has executed a declaration in accordance with section 2133.02 of the Revised Code.

(F) “Declaration” means a written document executed in accordance with section 2133.02 of the Revised Code.

(G) “Durable power of attorney for health care” means a document created pursuant to sections 1337.11 to 1337.17 of the Revised Code.

(H) “Guardian” means a person appointed by a probate court pursuant to Chapter 2111 of the Revised Code to have the care and management of the person of an incompetent.

(I) “Health care facility” means any of the following:
   (1) A hospital;
   (2) A hospice care program, pediatric respite care program, or other institution that specializes in comfort care of patients in a terminal condition or in a permanently unconscious state;
   (3) A nursing home or residential care facility, as defined in section 3721.01 of the Revised Code;
   (4) A home health agency and any residential facility where a person is receiving care under the direction of a home health agency;
   (5) An intermediate care facility for individuals with intellectual disabilities.

(J) “Health care personnel” means physicians, nurses, physician assistants, emergency medical technicians-basic, emergency medical technicians-intermediate, emergency medical technicians-paramedic, medical technicians, dietitians, other authorized persons acting under the direction of an attending physician, and administrators of health care facilities.

(K) “Home health agency” has the same meaning as in section 3701.881 of the Revised Code.

(L) “Hospice care program” and “pediatric respite care program” have the same meanings as in section 3712.01 of the Revised Code.

(M) “Hospital” has the same meanings as in sections 3701.01, 3727.01, and 5122.01 of the Revised Code.

(N) “Hydration” means fluids that are artificially or technologically administered.

(O) “Incompetent” has the same meaning as in section 2111.01 of the Revised Code.

(P) “Intermediate care facility for the individuals with intellectual disabilities” has the same meaning as in section 5124.01 of the Revised Code.

(Q) “Life-sustaining treatment” means any medical procedure, treatment, intervention, or other measure that, when administered to a qualified patient or other patient, will serve principally to prolong the process of dying.

(R) “Nurse” means a person who is licensed to practice nursing as a registered nurse or to practice practical nursing as a licensed practical nurse pursuant to Chapter 4723 of the Revised Code.

(S) “Nursing home” has the same meaning as in section 3721.01 of the Revised Code.

(T) “Nutrition” means sustenance that is artificially or technologically administered.

(U) “Permanently unconscious state” means a state of permanent unconsciousness in a declarant or other patient that, to a reasonable degree of medical certainty as determined in accordance with reasonable medical standards by the declarant’s or other patient’s attending physician and one other physician who has examined the declarant or other patient, is characterized by both of the following:
   (1) Irreversible unawarness of one’s being and environment.
(2) Total loss of cerebral cortical functioning, resulting in the declarant or other patient having no capacity to experience pain or suffering.

(V) “Person” has the same meaning as in section 1.59 of the Revised Code and additionally includes political subdivisions and governmental agencies, boards, commissions, departments, institutions, offices, and other instrumentalities.

(W) “Physician” means a person who is authorized under Chapter 4731 of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery.

(X) “Political subdivision” and “state” have the same meanings as in section 2744.01 of the Revised Code.

(Y) “Professional disciplinary action” means action taken by the board or other entity that regulates the professional conduct of health care personnel, including the state medical board and the board of nursing.

(Z) “Qualified patient” means an adult who has executed a declaration and has been determined to be in a terminal condition or in a permanently unconscious state.

(AA) “Terminal condition” means an irreversible, incurable, and untreatable condition caused by disease, illness, or injury from which, to a reasonable degree of medical certainty as determined in accordance with reasonable medical standards by a declarant’s or other patient’s attending physician and one other physician who has examined the declarant or other patient, both of the following apply:

(1) There can be no recovery.

(2) Death is likely to occur within a relatively short time if life-sustaining treatment is not administered.

(BB) “Tort action” means a civil action for damages for injury, death, or loss to person or property, other than a civil action for damages for breach of a contract or another agreement between persons.

2133.02 Declarations; requirements; refusing compliance.

(A)(1) An adult who is of sound mind voluntarily may execute at any time a declaration governing the use or continuation, or the withholding or withdrawal, of life-sustaining treatment. The declaration shall be signed at the end by the declarant or by another individual at the direction of the declarant, state the date of its execution, and either be witnessed as described in division (B)(1) of this section or be acknowledged by the declarant in accordance with division (B)(2) of this section. The declaration may include a designation by the declarant of one or more persons who are to be notified by the declarant’s attending physician at any time that life-sustaining treatment would be withheld or withdrawn pursuant to the declaration. The declaration may include a specific authorization for the use or continuation or the withholding or withdrawal of CPR, but the failure to include a specific authorization for the withholding or withdrawal of CPR does not preclude the withholding or withdrawal of CPR in accordance with sections 2133.01 to 2133.15 or sections 2133.21 to 2133.26 of the Revised Code.

(2) Depending upon whether the declarant intends the declaration to apply when the declarant is in a terminal condition, in a permanently unconscious state, or in either a terminal condition or a permanently unconscious state, the declarant’s declaration shall use either or both of the terms “terminal condition” and “permanently unconscious state” and shall define or otherwise explain those terms in a manner that is substantially consistent with the provisions of section 2133.01 of the Revised Code.

(3)(a) If a declarant who has authorized the withholding or withdrawal of life-sustaining treatment intends that the declarant’s attending physician withhold or withdraw nutrition or hydration when the declarant is in a permanently unconscious state and when the nutrition and hydration will not or no longer will serve to provide comfort to the declarant or alleviate the declarant’s pain, then the declarant shall authorize the declarant’s attending physician to
Chapter 5. Death, Dying, and Lay Caregivers
Part II. Advance Directives

withhold or withdraw nutrition or hydration when the declarant is in the permanently unconscious state by doing both of the following in the declaration:

(i) Including a statement in capital letters or other conspicuous type, including, but not limited to, a different font, bigger type, or boldface type, that the declarant's attending physician may withhold or withdraw nutrition and hydration if the declarant is in a permanently unconscious state and if the declarant's attending physician and at least one other physician who has examined the declarant determine, to a reasonable degree of medical certainty and in accordance with reasonable medical standards, that nutrition or hydration will not or no longer will serve to provide comfort to the declarant or alleviate the declarant's pain, or checking or otherwise marking a box or line that is adjacent to a similar statement on a printed form of a declaration;

(ii) Placing the declarant's initials or signature underneath or adjacent to the statement, check, or other mark described in division (A)(3)(a)(i) of this section.

(b) Division (A)(3)(a) of this section does not apply to the extent that a declaration authorizes the withholding or withdrawal of life-sustaining treatment when a declarant is in a terminal condition. The provisions of division (E) of section 2133.12 of the Revised Code pertaining to comfort care shall apply to a declarant in a terminal condition.

(B)(1) If witnessed for purposes of division (A) of this section, a declaration shall be witnessed by two individuals as described in this division in whose presence the declarant, or another individual at the direction of the declarant, signed the declaration. The witnesses to a declaration shall be adults who are not related to the declarant by blood, marriage, or adoption, who are not the attending physician of the declarant, and who are not the administrator of any nursing home in which the declarant is receiving care. Each witness shall subscribe the witness' signature after the signature of the declarant or other individual at the direction of the declarant and, by doing so, attest to the witness' belief that the declarant appears to be of sound mind and not under or subject to duress, fraud, or undue influence. The signatures of the declarant or other individual at the direction of the declarant under division (A) of this section and of the witnesses under this division are not required to appear on the same page of the declaration.

(2) If acknowledged for purposes of division (A) of this section, a declaration shall be acknowledged before a notary public, who shall make the certification described in section 147.53 of the Revised Code and also shall attest that the declarant appears to be of sound mind and not under or subject to duress, fraud, or undue influence.

(C) An attending physician, or other health care personnel acting under the direction of an attending physician, who is furnished a copy of a declaration shall make it a part of the declarant's medical record and, when section 2133.05 of the Revised Code is applicable, also shall comply with that section.

(D)(1) Subject to division (D)(2) of this section, an attending physician of a declarant or a health care facility in which a declarant is confined may refuse to comply or allow compliance with the declarant's declaration on the basis of a matter of conscience or on another basis. An employee or agent of an attending physician of a declarant or of a health care facility in which a declarant is confined may refuse to comply with the declarant's declaration on the basis of a matter of conscience.

(2) If an attending physician of a declarant or a health care facility in which a declarant is confined is not willing or not able to comply or allow compliance with the declarant's declaration, the physician or facility promptly shall so advise the declarant and comply with the provisions of section 2133.10 of the Revised Code, or, if the declaration has become operative as described in division (A) of section 2133.03 of the Revised Code, shall comply with the provisions of section 2133.10 of the Revised Code.

(E) As used in this section, "CPR" has the same meaning as in section 2133.21 of the Revised Code.
2133.03 Declarations; when operative; priority of declaration; power of attorney.

(A)(1) A declaration becomes operative when it is communicated to the attending physician of the declarant, the attending physician and one other physician who examines the declarant determine that the declarant is in a terminal condition or in a permanently unconscious state, whichever is addressed in the declaration, the applicable requirements of divisions (A)(2) and (3) of this section are satisfied, and the attending physician determines that the declarant no longer is able to make informed decisions regarding the administration of life-sustaining treatment. When the declaration becomes operative, the attending physician and health care facilities shall act in accordance with its provisions or comply with the provisions of section 2133.10 of the Revised Code.

(2) In order for a declaration to become operative in connection with a declarant who is in a permanently unconscious state, the consulting physician associated with the determination that the declarant is in the permanently unconscious state shall be a physician who, by virtue of advanced education or training, of a practice limited to particular diseases, illnesses, injuries, therapies, or branches of medicine or surgery or osteopathic medicine and surgery, of certification as a specialist in a particular branch of medicine or surgery or osteopathic medicine and surgery, or of experience acquired in the practice of medicine or surgery or osteopathic medicine and surgery, is qualified to determine whether the declarant is in a permanently unconscious state.

(3) In order for a declaration to become operative in connection with a declarant who is in a terminal condition or in a permanently unconscious state, the attending physician of the declarant shall determine, in good faith, to a reasonable degree of medical certainty, and in accordance with reasonable medical standards, that there is no reasonable possibility that the declarant will regain the capacity to make informed decisions regarding the administration of life-sustaining treatment.

(B)(1)(a) A declaration supersedes any general consent to treatment form signed by or on behalf of the declarant prior to, upon, or after the declarant's admission to a health care facility to the extent there is a conflict between the declaration and the form, even if the form is signed after the execution of the declaration. To the extent that the provisions of a declaration and a general consent to treatment form do not conflict, both documents shall govern the use or continuation, or the withholding or withdrawal, of life-sustaining treatment and other medical or nursing procedures, treatments, interventions, or other measures in connection with the declarant. Division (B)(1)(a) of this section does not apply if a declaration is revoked pursuant to section 2133.04 of the Revised Code after the signing of a general consent to treatment form.

(b) A declaration supersedes a DNR identification, as defined in section 2133.21 of the Revised Code, of the declarant or that is based upon a prior inconsistent declaration of the declarant or that is based upon a do-not-resuscitate order, as defined in section 2133.21 of the Revised Code, that a physician has issued for the declarant and that is inconsistent with the declaration.

(2) If a declarant has both a valid durable power of attorney for health care and a valid declaration, the declaration supersedes the durable power of attorney for health care to the extent that the provisions of the documents would conflict if the declarant should be in a terminal condition or in a permanently unconscious state. Division (B)(2) of this section does not apply if the declarant revokes the declaration pursuant to section 2133.04 of the Revised Code.

2133.04 Living will revocation.

(A) A declarant may revoke a declaration at any time and in any manner. The revocation shall be effective when the declarant expresses an intention to revoke the declaration, except that, if the declarant made the declarant's attending physician aware of the declaration, the
revocation shall be effective upon its communication to the attending physician of the declarant by the declarant, a witness to the revocation, or other health care personnel to whom the revocation is communicated by that witness. Absent actual knowledge to the contrary, the attending physician of a declarant and other health care personnel who are informed of the revocation of a declaration by an alleged witness may rely on the information and act in accordance with the revocation.

(B) Upon the communication as described in division (A) of this section to the attending physician of a declarant of the fact that the declaration has been revoked, the attending physician or other health care personnel acting under the direction of the attending physician shall make the fact a part of the declarant's medical record.

(C) Unless a declaration provides otherwise, a declaration is revoked by a subsequent declaration.

2133.05 Duties of physician; notice; objections.

(A) If the attending physician of a declarant and one other physician who examines the declarant determine that the declarant is in a terminal condition or in a permanently unconscious state, whichever is addressed in the declaration, if the attending physician additionally determines that the declarant no longer is able to make informed decisions regarding the administration of life-sustaining treatment for the declarant and that there is no reasonable possibility that the declarant will regain the capacity to make those informed decisions for the declarant, and if the attending physician is aware of the existence of the declarant's declaration, then the attending physician shall do all of the following:

(1) Record the determinations, together with the terms of the declaration or any copy of the declaration acquired as described in division (C) of section 2133.02 of the Revised Code, in the declarant's medical record;

(2)(a) Make a good faith effort, and use reasonable diligence, to notify either of the following:

(i) If the declarant designated in the declarant's declaration one or more persons to be notified at any time that life-sustaining treatment would be withheld or withdrawn pursuant to the declaration, that person or those persons;

(ii) If division (A)(2)(a)(i) of this section is not applicable, the appropriate individual or individuals, in accordance with the following descending order of priority: if any, the guardian of the declarant, but this division does not permit or require, and shall not be construed as permitting or requiring, the appointment of a guardian for the declarant; the declarant's spouse; the declarant's adult children who are available within a reasonable period of time for consultation with the declarant's attending physician; the declarant's parents; or an adult sibling of the declarant or, if there is more than one adult sibling, a majority of the declarant's adult siblings who are available within a reasonable period of time for the consultation.

(b) The attending physician shall record in the declarant's medical record the names of the individual or individuals notified pursuant to division (A)(2)(a) of this section and the manner of notification.

(c) If, despite making a good faith effort, and despite using reasonable diligence, to notify the appropriate individual or individuals described in division (A)(2)(a) of this section, the attending physician cannot notify the individual or individuals of the determinations because the individual or individuals are deceased, cannot be located, or cannot be notified for some other reason, then the requirements of divisions (A)(2)(a) and (b) and (3) of this section and, except as provided in division (B)(1)(b) of this section, the provisions of division (B) of this section shall not apply in connection with the declarant and the declarant's declaration. However, the attending physician shall record in the declarant's medical record information pertaining to the reason for the failure to provide the requisite notices and information pertaining to the nature of
the good faith effort and reasonable diligence used.

(3) Afford time for the individual or individuals notified in accordance with division (A)(2) of this section to object in the manner described in division (B)(1)(a) of this section.

(B)(1)(a) Within forty-eight hours after receipt of a notice pursuant to division (A)(2) of this section, any individual so notified shall advise the attending physician of the declarant whether the individual objects on a basis specified in division (B)(2)(c) of this section. If an objection as described in that division is communicated to the attending physician, then, within two business days after the communication, the individual shall file a complaint as described in division (B)(2) of this section in the probate court of the county in which the declarant is located. If the individual fails to so file a complaint or if the individual would not be competent to decide whether or not to consent to the withholding or withdrawing of life-sustaining treatment for any of the reasons described in division (C)(2) of section 2133.08 of the Revised Code, the individual's objections as described in division (B)(2)(c) of this section shall be considered to be void.

(b) Within forty-eight hours after a person described in division (A)(2)(a)(i) of this section or a priority individual or any member of a priority class of individuals described in division (A)(2)(a)(ii) of this section receives a notice pursuant to division (A)(2) of this section or within forty-eight hours after information pertaining to an unnotified person described in division (A)(2)(a)(i) of this section or an unnotified priority individual or unnotified priority class of individuals described in division (A)(2)(a)(ii) of this section is recorded in a declarant's medical record pursuant to division (A)(2)(c) of this section, either of the following shall advise the attending physician of the declarant whether there is an objection on a basis specified in division (B)(2)(c) of this section:

(i) If a person described in division (A)(2)(a)(i) of this section was notified pursuant to division (A)(2) of this section or was the subject of a recordation under division (A)(2)(c) of this section, then the objection shall be communicated by the individual or a majority of the individuals in either of the first two classes of individuals that pertain to the declarant in the descending order of priority set forth in division (A)(2)(a)(ii) of this section.

(ii) If an individual or individuals in the descending order of priority set forth in division (A)(2)(a)(ii) of this section were notified pursuant to division (A)(2) of this section or were the subject of a recordation under division (A)(2)(c) of this section, then the objection shall be communicated by the individual or a majority of the individuals in the next class of individuals that pertains to the declarant in the descending order of priority set forth in division (A)(2)(a)(ii) of this section.

If an objection as described in division (B)(2)(c) of this section is communicated to the attending physician in accordance with division (B)(1)(b)(i) or (ii) of this section, then, within two business days after the communication, the objecting individual or majority shall file a complaint as described in division (B)(2) of this section in the probate court of the county in which the declarant is located. If the objecting individual or majority fails to file a complaint or if the individual or a member of the majority would not be competent to decide whether or not to consent to the withholding or withdrawing of life-sustaining treatment for any of the reasons described in division (C)(2) of section 2133.08 of the Revised Code, the objections as described in division (B)(2)(c) of this section shall be considered to be void.

(2) A complaint of an individual that is filed in accordance with division (B)(1)(a) of this section or of an individual or majority of individuals that is filed in accordance with division (B)(1)(b) of this section shall satisfy all of the following:

(a) Name any health care facility in which the declarant is confined;

(b) Name the declarant, the declarant's attending physician, and the consulting physician associated with the determination that the declarant is in a terminal condition or in a permanently unconscious state, whichever is addressed in the declaration;

(c) Indicate whether the plaintiff or plaintiffs object on one or more of the following bases:

(i) To the attending physician's and consulting physician's determinations that the
declarant is in a terminal condition or in a permanently unconscious state, whichever is
addressed in the declaration;
   (ii) To the attending physician's determination that the declarant no longer is able to
make informed decisions regarding the administration of life-sustaining treatment;
   (iii) To the attending physician's determination that there is no reasonable possibility that
the declarant will regain the capacity to make informed decisions regarding the administration of
life-sustaining treatment;
   (iv) That the course of action proposed to be undertaken by the attending physician is
not authorized by the declarant's declaration;
   (v) That the declaration was executed when the declarant was not of sound mind or was
under or subject to duress, fraud, or undue influence;
   (vi) That the declaration otherwise does not substantially comply with this chapter.
(d) Request the probate court to issue one of the following types of orders:
   (i) An order to the attending physician to reevaluate, in light of the court proceedings, the
determination that the declarant is in a terminal condition or in a permanently unconscious state,
whichever is addressed in the declaration, the determination that the declarant no longer is able
to make informed decisions regarding the administration of life-sustaining treatment, the
determination that there is no reasonable possibility that the declarant will regain the capacity to
make those informed decisions, or the course of action proposed to be undertaken;
   (ii) An order invalidating the declaration because it was executed when the declarant
was not of sound mind or was under or subject to duress, fraud, or undue influence, or because
it otherwise does not substantially comply with this chapter;
   (e) Be accompanied by an affidavit of the plaintiff or plaintiffs that includes averments
relative to whether the plaintiff is an individual or the plaintiffs are individuals as described in
division (A)(2)(a)(i) or (ii) of this section and to the factual basis for the plaintiff's or the plaintiffs'
objections;
   (f) Name any individuals who were notified by the attending physician in accordance with
division (A)(2)(a) of this section and who are not joining in the complaint as plaintiffs;
   (g) Name, in the caption of the complaint, as defendants the attending physician of the
declarant, the consulting physician associated with the determination that the declarant is in a
terminal condition or in a permanently unconscious state, whichever is addressed in the
declaration, any health care facility in which the declarant is confined, and any individuals who
were notified by the attending physician in accordance with division (A)(2)(a) of this section and
who are not joining in the complaint as plaintiffs.
(3) Notwithstanding any contrary provision of the Revised Code or of the Rules of Civil
Procedure, the state and persons other than an objecting individual as described in division
(B)(1)(a) of this section, other than an objecting individual or majority of individuals as described in
division (B)(2)(b)(i) or (ii) of this section, and other than persons described in division (B)(2)(g)
of this section are prohibited from commencing a civil action under this section and from joining
or being joined as parties to an action commenced under this section, including joining by way
of intervention.
   (4)(a) A probate court in which a complaint as described in division (B)(2) of this section
is filed within the period specified in division (B)(1)(a) or (b) of this section shall conduct a
hearing on the complaint after a copy of the complaint and a notice of the hearing have been
served upon the defendants. The clerk of the probate court in which the complaint is filed shall
cause the complaint and the notice of the hearing to be so served in accordance with the Rules
of Civil Procedure, which service shall be made, if possible, within three days after the filing of
the complaint. The hearing shall be conducted at the earliest possible time, but no later than the
third business day after the service has been completed. Immediately following the hearing, the
court shall enter on its journal its determination whether a requested order will be issued.
   (b) If the declarant's declaration authorized the use or continuation of life-sustaining
treatment should the declarant be in a terminal condition or in a permanently unconscious state and if the plaintiff or plaintiffs requested a reevaluation order to the attending physician of the declarant as described in division (B)(2)(d)(i) of this section, the court shall issue the reevaluation order only if it finds that the plaintiff or plaintiffs have established a factual basis for the objection or objections involved by clear and convincing evidence, to a reasonable degree of medical certainty, and in accordance with reasonable medical standards.

(c) If the declarant's declaration authorized the withholding or withdrawal of life-sustaining treatment should the declarant be in a terminal condition or in a permanently unconscious state and if the plaintiff or plaintiffs requested a reevaluation order to the attending physician of the declarant as described in division (B)(2)(d)(i) of this section, the court shall issue the reevaluation order only if it finds that the plaintiff or plaintiffs have established a factual basis for the objection or objections involved by clear and convincing evidence, to a reasonable degree of medical certainty, and in accordance with reasonable medical standards.

(d) If the plaintiff or plaintiffs requested an invalidation order as described in division (B)(2)(d)(ii) of this section, the court shall issue the order only if it finds that the plaintiff or plaintiffs have established a factual basis for the objection or objections involved by clear and convincing evidence.

(e) If the court issues a reevaluation order to the declarant's attending physician pursuant to division (B)(4)(b) or (c) of this section, then the attending physician shall make the requisite reevaluation. If, after doing so, the attending physician again determines that the declarant is in a terminal condition or in a permanently unconscious state, that the declarant no longer is able to make informed decisions regarding the administration of life-sustaining treatment, that there is no reasonable possibility that the declarant will regain the capacity to make those informed decisions, or that the attending physician would undertake the same proposed course of action, then the attending physician shall notify the court in writing of the determination and comply with the provisions of section 2133.10 of the Revised Code.

2133.06 Patient rights and life-sustaining treatment.

(A) As long as a qualified patient is able to make informed decisions regarding the administration of life-sustaining treatment, the qualified patient may continue to do so.

(B) Life-sustaining treatment shall not be withheld or withdrawn from a declarant pursuant to a declaration if the declarant is pregnant and if the withholding or withdrawal of the treatment would terminate the pregnancy, unless the declarant's attending physician and one other physician who has examined the declarant determine, to a reasonable degree of medical certainty and in accordance with reasonable medical standards, that the fetus would not be born alive.

2133.07 Printed form use.

(A) As used in this section:

(1) “Anatomical gift” has the same meaning as in section 2108.01 of the Revised Code.

(2) “DNR identification” has the same meaning as in section 2133.21 of the Revised Code.

(B) A printed form of a declaration may be sold or otherwise distributed in this state for use by adults who are not advised by an attorney. By use of a printed form of that nature, a declarant may authorize the use or continuation, or the withholding or withdrawal, of life-sustaining treatment should the declarant be in a terminal condition, a permanently unconscious state, or either a terminal condition or a permanently unconscious state, may authorize the withholding or withdrawal of nutrition or hydration should the declarant be in a permanently unconscious state as described in division (A)(3)(a) of section 2133.02 of the Revised Code,
Chapter 5. Death, Dying, and Lay Caregivers
Part II. Advance Directives

and may designate one or more persons who are to be notified by the declarant's attending physician at any time that life-sustaining treatment would be withheld or withdrawn pursuant to the declaration. The printed form shall not be used as an instrument for granting any other type of authority or for making any other type of designation, except that the printed form may be used as a DNR identification if the declarant specifies on the form that the declarant wishes to use it as a DNR identification and except as provided in division (C) of this section.

(C) A printed form of a declaration under division (B) of this section shall include, before the signature of the declarant or another individual at the direction of the declarant, statements that conform substantially to the following form:

“ANATOMICAL GIFT (optional)

Upon my death, the following are my directions regarding donation of all or part of my body:

In the hope that I may help others upon my death, I hereby give the following body parts:

_________________________________________
_________________________________________

for any purpose authorized by law: transplantation, therapy, research, or education.

If I do not indicate a desire to donate all or part of my body by filling in the lines above, no presumption is created about my desire to make or refuse to make an anatomical gift.”

(D)(1) A printed form of a declaration under division (B) of this section shall include, as a separate page or as a portion of a page that can be detached from the declaration, a donor registry enrollment form that permits the donor to be included in the donor registry created under section 2108.23 of the Revised Code.

(2) The donor registry enrollment form may be in any form that complies with the requirements of division (B) of section 2108.05 of the Revised Code. On completion, the form shall be forwarded to the bureau of motor vehicles.

2133.08 Consent to withhold or withdraw care.

(A)(1) If written consent to the withholding or withdrawal of life-sustaining treatment, witnessed by two individuals who satisfy the witness eligibility criteria set forth in division (B)(1) of section 2133.02 of the Revised Code, is given by the appropriate individual or individuals as specified in division (B) of this section to the attending physician of a patient who is an adult, and if all of the following apply in connection with the patient, then, subject to section 2133.09 of the Revised Code, the patient’s attending physician may withhold or withdraw the life-sustaining treatment:

(a) The attending physician and one other physician who examines the patient determine, in good faith, to a reasonable degree of medical certainty, and in accordance with reasonable medical standards, that the patient is in a terminal condition or the patient currently is and for at least the immediately preceding twelve months has been in a permanently unconscious state, and the attending physician additionally determines, in good faith, to a reasonable degree of medical certainty, and in accordance with reasonable medical standards, that the patient no longer is able to make informed decisions regarding the administration of life-sustaining treatment and that there is no reasonable possibility that the patient will regain the
capacity to make those informed decisions.

(b) The patient does not have a declaration that addresses the patient's intent should the patient be determined to be in a terminal condition or in a permanently unconscious state, whichever applies, or a durable power of attorney for health care, or has a document that purports to be such a declaration or durable power of attorney for health care but that document is not legally effective.

(c) The consent of the appropriate individual or individuals is given after consultation with the patient's attending physician and after receipt of information from the patient's attending physician or a consulting physician that is sufficient to satisfy the requirements of informed consent.

(d) The appropriate individual or individuals who give a consent are of sound mind and voluntarily give the consent.

(e) If a consent would be given under division (B)(3) of this section, the attending physician made a good faith effort, and used reasonable diligence, to notify the patient's adult children who are available within a reasonable period of time for consultation as described in division (A)(1)(c) of this section.

(2) The consulting physician under division (A)(1)(a) of this section associated with a patient allegedly in a permanently unconscious state shall be a physician who, by virtue of advanced education or training, of a practice limited to particular diseases, illnesses, injuries, therapies, or branches of medicine or surgery or osteopathic medicine and surgery, of certification as a specialist in a particular branch of medicine or surgery or osteopathic medicine and surgery, or of experience acquired in the practice of medicine or surgery or osteopathic medicine and surgery, is qualified to determine whether the patient currently is and for at least the immediately preceding twelve months has been in a permanently unconscious state.

(B) For purposes of division (A) of this section and subject to division (C) of this section, a consent to withhold or withdraw life-sustaining treatment may be given by the appropriate individual or individuals, in accordance with the following descending order of priority:

(1) If any, the guardian of the patient. This division does not permit or require, and shall not be construed as permitting or requiring, the appointment of a guardian for the patient.

(2) The patient's spouse;

(3) An adult child of the patient or, if there is more than one adult child, a majority of the patient's adult children who are available within a reasonable period of time for consultation with the patient's attending physician;

(4) The patient's parents;

(5) An adult sibling of the patient or, if there is more than one adult sibling, a majority of the patient's adult siblings who are available within a reasonable period of time for that consultation;

(6) The nearest adult who is not described in divisions (B)(1) to (5) of this section, who is related to the patient by blood or adoption, and who is available within a reasonable period of time for that consultation.

(C)(1) If an appropriate individual or class of individuals entitled to decide under division (B) of this section whether or not to consent to the withholding or withdrawal of life-sustaining treatment for a patient is not available within a reasonable period of time for the consultation and competent to so decide, or declines to so decide, then the next priority individual or class of individuals specified in that division is authorized to make the decision. However, an equal division in a priority class of individuals under that division does not authorize the next class of individuals specified in that division to make the decision. If an equal division in a priority class of individuals under that division occurs, no written consent to the withholding or withdrawal of life-sustaining treatment from the patient can be given pursuant to this section.

(2)(a) If an appropriate individual entitled to decide under division (B) of this section whether or not to consent to the withholding or withdrawing of life-sustaining treatment for a
patient and that patient are married and are the parties to a pending divorce, dissolution, legal separation, or annulment proceeding, the individual is not competent to so decide, and the next priority individual or class of individuals specified in that division is authorized to make the decision.

(b) If an appropriate individual entitled to decide under division (B) of this section whether or not to consent to the withholding or withdrawing of life-sustaining treatment for a patient is subject to a temporary protection order, civil protection order, or any other protection order issued by a court in this state or another state and the patient is the alleged victim, the individual is not competent to so decide, and the next priority individual or class of individuals specified in that division is authorized to make that decision.

(c) If a member of a class of individuals entitled to decide under division (B) of this section whether or not to consent to the withholding or withdrawal of life-sustaining treatment for a patient is subject to a temporary protection order, civil protection order, or any other protection order issued by a court in this state or another state and the patient is the alleged victim, the member is not competent to so decide, and the other members of the class of individuals are authorized to make the decision.

(d) If an appropriate individual entitled to decide under division (B) of this section whether or not to consent to the withholding or withdrawal of life-sustaining treatment for a patient has been charged with the offense of felonious assault under section 2903.11 of the Revised Code or the offense of aggravated assault under section 2903.12 of the Revised Code against the patient and the serious physical harm or physical harm suffered by the patient as a result of the offense directly caused the patient to be in a terminal condition, the individual is not competent to so decide, and the next priority individual or class of individuals specified in that division is authorized to make the decision.

(e) If a member of a class of individuals entitled to decide under division (B) of this section whether or not to consent to the withholding or withdrawal of life-sustaining treatment for a patient has been charged with the offense of felonious assault under section 2903.11 of the Revised Code or the offense of aggravated assault under section 2903.12 of the Revised Code against the patient and the serious physical harm or physical harm suffered by the patient as a result of the offense directly caused the patient to be in a terminal condition, that member is not competent to so decide, and the other members of the class of individuals are authorized to make the decision.

(D)(1) A decision to consent pursuant to this section to the use or continuation, or the withholding or withdrawal, of life-sustaining treatment for a patient shall be made in good faith.

(2) Except as provided in division (D)(4) of this section, if the patient previously expressed an intention with respect to the use or continuation, or the withholding or withdrawal, of life-sustaining treatment should the patient subsequently be in a terminal condition or in a permanently unconscious state, whichever applies, and no longer able to make informed decisions regarding the administration of life-sustaining treatment, a consent given pursuant to this section shall be valid only if it is consistent with that previously expressed intention.

(3) Except as provided in division (D)(4) of this section, if the patient did not previously express an intention with respect to the use or continuation, or the withholding or withdrawal, of life-sustaining treatment should the patient subsequently be in a terminal condition or in a permanently unconscious state, whichever applies, and no longer able to make informed decisions regarding the administration of life-sustaining treatment, a consent given pursuant to this section shall be valid only if it is consistent with the type of informed consent decision that the patient would have made if the patient previously had expressed an intention with respect to the use or continuation, or the withholding or withdrawal, of life-sustaining treatment should the patient subsequently be in a terminal condition or in a permanently unconscious state, whichever applies, and no longer able to make informed decisions regarding the administration of life-sustaining treatment, as inferred from the lifestyle and character of the patient, and from
any other evidence of the desires of the patient, prior to the patient's becoming no longer able to
make informed decisions regarding the administration of life-sustaining treatment. The Rules of
Evidence shall not be binding for purposes of this division.

(4)(a) The attending physician of the patient, and other health care personnel acting
under the direction of the attending physician, who do not have actual knowledge of a previously
expressed intention as described in division (D)(2) of this section or who do not have actual
knowledge that the patient would have made a different type of informed consent decision under
the circumstances described in division (D)(3) of this section, may rely on a consent given in
accordance with this section unless a probate court decides differently under division (E) of this
section.

(b) The immunity conferred by division (C)(1) of section 2133.11 of the Revised Code is
not forfeited by an individual who gives a consent to the use or continuation, or the withholding
or withdrawal, of life-sustaining treatment for a patient under division (B) of this section if the
individual gives the consent in good faith and without actual knowledge, at the time of giving the
consent, of either a contrary previously expressed intention of the patient, or a previously
expressed intention of the patient, as described in division (D)(2) of this section, that is revealed
to the individual subsequent to the time of giving the consent.

(E)(1) Within forty-eight hours after a priority individual or class of individuals gives a
consent pursuant to this section to the use or continuation, or the withholding or withdrawal, of
life-sustaining treatment and communicates the consent to the patient's attending physician, any
individual described in divisions (B)(1) to (5) of this section, except an individual who is not
competent to give consent under division (C)(2) of this section, who objects to the application of
this section to the patient shall advise the attending physician of the grounds for the objection. If
an objection is so communicated to the attending physician, then, within two business days after
that communication, the objecting individual shall file a complaint against the priority individual
or class of individuals, the patient's attending physician, and the consulting physician associated
with the determination that the patient is in a terminal condition or that the patient currently is
and for at least the immediately preceding twelve months has been in a permanently
unconscious state, in the probate court of the county in which the patient is located for the
issuance of an order reversing the consent of the priority individual or class of individuals. If the
objecting individual fails to so file a complaint, the individual's objections shall be considered to
be void.

A probate court in which a complaint is filed in accordance with this division shall
conduct a hearing on the complaint after a copy of the complaint and a notice of the hearing
have been served upon the defendants. The clerk of the probate court in which the complaint is
filed shall cause the complaint and the notice of the hearing to be so served in accordance with
the Rules of Civil Procedure, which service shall be made, if possible, within three days after the
filing of the complaint. The hearing shall be conducted at the earliest possible time, but no later
than the third business day after the service has been completed. Immediately following the
hearing, the court shall enter on its journal its determination whether the decision of the priority
individual or class of individuals to consent to the use or continuation, or the withholding or
withdrawal, of life-sustaining treatment in connection with the patient will be confirmed or
reversed.

(2) If the decision of the priority individual or class of individuals was to consent to the
use or continuation of life-sustaining treatment in connection with the patient, the court only may
reverse that consent if the objecting individual establishes, by clear and convincing evidence
and, if applicable, to a reasonable degree of medical certainty and in accordance with
reasonable medical standards, one or more of the following:

(a) The patient is able to make informed decisions regarding the administration of life-
sustaining treatment.
(b) The patient has a legally effective declaration that addresses the patient's intent should the patient be determined to be in a terminal condition or in a permanently unconscious state, whichever applies, or a legally effective durable power of attorney for health care.

(c) The decision to use or continue life-sustaining treatment is not consistent with the previously expressed intention of the patient as described in division (D)(2) of this section.

(d) The decision to use or continue life-sustaining treatment is not consistent with the type of informed consent decision that the patient would have made if the patient previously had expressed an intention with respect to the use or continuation, or the withholding or withdrawal, of life-sustaining treatment should the patient subsequently be in a terminal condition or in a permanently unconscious state, whichever applies, and no longer able to make informed decisions regarding the administration of life-sustaining treatment as described in division (D)(3) of this section.

(e) The decision of the priority individual or class of individuals was not made after consultation with the patient's attending physician and after receipt of information from the patient's attending physician or a consulting physician that is sufficient to satisfy the requirements of informed consent.

(f) The priority individual, or any member of the priority class of individuals, who made the decision to use or continue life-sustaining treatment was not of sound mind or did not voluntarily make the decision.

(g) If the decision of a priority class of individuals under division (B)(3) of this section is involved, the patient's attending physician did not make a good faith effort, and use reasonable diligence, to notify the patient's adult children who were available within a reasonable period of time for consultation as described in division (A)(1)(c) of this section.

(h) The decision of the priority individual or class of individuals otherwise was made in a manner that does not comply with this section.

(3) If the decision of the priority individual or class of individuals was to consent to the withholding or withdrawal of life-sustaining treatment in connection with the patient, the court only may reverse that consent if the objecting individual establishes, by a preponderance of the evidence and, if applicable, to a reasonable degree of medical certainty and in accordance with reasonable medical standards, one or more of the following:

(a) The patient is not in a terminal condition, the patient is not in a permanently unconscious state, or the patient has not been in a permanently unconscious state for at least the immediately preceding twelve months.

(b) The patient is able to make informed decisions regarding the administration of life-sustaining treatment.

(c) There is a reasonable possibility that the patient will regain the capacity to make informed decisions regarding the administration of life-sustaining treatment.

(d) The patient has a legally effective declaration that addresses the patient's intent should the patient be determined to be in a terminal condition or in a permanently unconscious state, whichever applies, or a legally effective durable power of attorney for health care.

(e) The decision to withhold or withdraw life-sustaining treatment is not consistent with the previously expressed intention of the patient as described in division (D)(2) of this section.

(f) The decision to withhold or withdraw life-sustaining treatment is not consistent with the type of informed consent decision that the patient would have made if the patient previously had expressed an intention with respect to the use or continuation, or the withholding or withdrawal, of life-sustaining treatment should the patient subsequently be in a terminal condition or in a permanently unconscious state, whichever applies, and no longer able to make informed decisions regarding the administration of life-sustaining treatment as described in division (D)(3) of this section.

(g) The decision of the priority individual or class of individuals was not made after consultation with the patient's attending physician and after receipt of information from the patient's attending physician or a consulting physician that is sufficient to satisfy the requirements of informed consent.
patient's attending physician or a consulting physician that is sufficient to satisfy the requirements of informed consent.

(h) The priority individual, or any member of the priority class of individuals, who made the decision to withhold or withdraw life-sustaining treatment was not of sound mind, was not competent to make the decision under division (C)(2) of this section, or did not voluntarily make the decision.

(i) If the decision of a priority class of individuals under division (B)(3) of this section is involved, the patient's attending physician did not make a good faith effort, and use reasonable diligence, to notify the patient's adult children who were available within a reasonable period of time for consultation as described in division (A)(1)(c) of this section.

(j) The decision of the priority individual or class of individuals otherwise was made in a manner that does not comply with this section.

(4) Notwithstanding any contrary provision of the Revised Code or of the Rules of Civil Procedure, the state and persons other than individuals described in divisions (B)(1) to (5) of this section are prohibited from filing a complaint under division (E) of this section and from joining or being joined as parties to a hearing conducted under division (E) of this section, including joining by way of intervention.

(F) A valid consent given in accordance with this section supersedes any general consent to treatment form signed by or on behalf of the patient prior to, upon, or after the patient's admission to a health care facility to the extent there is a conflict between the consent and the form.

(G) Life-sustaining treatment shall not be withheld or withdrawn from a patient pursuant to a consent given in accordance with this section if the patient is pregnant and if the withholding or withdrawal of the treatment would terminate the pregnancy, unless the patient's attending physician and one other physician who has examined the patient determine, to a reasonable degree of medical certainty and in accordance with reasonable medical standards, that the fetus would not be born alive.

(H) As used in this section, “civil protection order” and “temporary protection order” have the same meanings as in section 2923.124 of the Revised Code.

2133.09 Withholding nutrition or hydration requirements.

(A) The attending physician of a patient who is an adult and who currently is and for at least the immediately preceding twelve months has been in a permanently unconscious state may withhold or withdraw nutrition and hydration in connection with the patient only if all of the following apply:

1. Written consent to the withholding or withdrawal of life-sustaining treatment in connection with the patient has been given by an appropriate individual or individuals in accordance with section 2133.08 of the Revised Code, and divisions (A)(1)(a) to (e) and (2) of that section have been satisfied.

2. A probate court has not reversed the consent to the withholding or withdrawal of life-sustaining treatment in connection with the patient pursuant to division (E) of section 2133.08 of the Revised Code.

3. The attending physician of the patient and one other physician as described in division (A)(2) of section 2133.08 of the Revised Code who examines the patient determine, in good faith, to a reasonable degree of medical certainty, and in accordance with reasonable medical standards, that nutrition and hydration will not or no longer will provide comfort or alleviate pain in connection with the patient.

4. Written consent to the withholding or withdrawal of nutrition and hydration in connection with the patient, witnessed by two individuals who satisfy the witness eligibility criteria set forth in division (B)(1) of section 2133.02 of the Revised Code, is given to the
attending physician of the patient by an appropriate individual or individuals as specified in division (B) of section 2133.08 of the Revised Code.

(5) The written consent to the withholding or withdrawal of the nutrition and hydration in connection with the patient is given in accordance with division (B) of this section.

(6) The probate court of the county in which the patient is located issues an order to withhold or withdraw the nutrition and hydration in connection with the patient pursuant to division (C) of this section.

(B)(1) A decision to consent pursuant to this section to the withholding or withdrawal of nutrition and hydration in connection with a patient shall be made in good faith.

(2) Except as provided in division (B)(4) of this section, if the patient previously expressed an intention with respect to the use or continuation, or the withholding or withdrawal, of nutrition and hydration should the patient subsequently be in a permanently unconscious state and no longer able to make informed decisions regarding the administration of nutrition and hydration, a consent given pursuant to this section shall be valid only if it is consistent with that previously expressed intention.

(3) Except as provided in division (B)(4) of this section, if the patient did not previously express an intention with respect to the use or continuation, or the withholding or withdrawal, of nutrition and hydration should the patient subsequently be in a permanently unconscious state and no longer able to make informed decisions regarding the administration of nutrition and hydration, a consent given pursuant to this section shall be valid only if it is consistent with the type of informed consent decision that the patient would have made if the patient previously had expressed an intention with respect to the use or continuation, or the withholding or withdrawal, of nutrition and hydration should the patient subsequently be in a permanently unconscious state and no longer able to make informed decisions regarding the administration of nutrition and hydration, as inferred from the lifestyle and character of the patient, and from any other evidence of the desires of the patient, prior to the patient’s becoming no longer able to make informed decisions regarding the administration of nutrition and hydration. The Rules of Evidence shall not be binding for purposes of this division.

(4)(a) The attending physician of the patient, and other health care personnel acting under the direction of the attending physician, who do not have actual knowledge of a previously expressed intention as described in division (B)(2) of this section or who do not have actual knowledge that the patient would have made a different type of informed consent decision under the circumstances described in division (B)(3) of this section, may rely on a consent given in accordance with this section unless a probate court decides differently under division (C) of this section.

(b) The immunity conferred by division (C)(2) of section 2133.11 of the Revised Code is not forfeited by an individual who gives a consent to the withholding or withdrawal of nutrition and hydration in connection with a patient under division (A)(4) of this section if the individual gives the consent in good faith and without actual knowledge, at the time of giving the consent, of either a contrary previously expressed intention of the patient, or a previously expressed intention of the patient, as described in division (B)(2) of this section, that is revealed to the individual subsequent to the time of giving the consent.

(C)(1) Prior to the withholding or withdrawal of nutrition and hydration in connection with a patient pursuant to this section, the priority individual or class of individuals that consented to the withholding or withdrawal of the nutrition and hydration shall apply to the probate court of the county in which the patient is located for the issuance of an order that authorizes the attending physician of the patient to commence the withholding or withdrawal of the nutrition and hydration in connection with the patient. Upon the filing of the application, the clerk of the probate court shall schedule a hearing on it and cause a copy of it and a notice of the hearing to be served in accordance with the Rules of Civil Procedure upon the applicant, the attending physician, the consulting physician associated with the determination that nutrition and
hydration will not or no longer will provide comfort or alleviate pain in connection with the patient, and the individuals described in divisions (B)(1) to (5) of section 2133.08 of the Revised Code who are not applicants, which service shall be made, if possible, within three days after the filing of the application. The hearing shall be conducted at the earliest possible time, but no sooner than the thirtieth business day, and no later than the sixtieth business day, after the service has been completed.

At the hearing, any individual described in divisions (B)(1) to (5) of section 2133.08 of the Revised Code who is not an applicant, except an individual who is not competent under division (C)(2) of section 2133.08 of the Revised Code, and who disagrees with the decision of the priority individual or class of individuals to consent to the withholding or withdrawal of nutrition and hydration in connection with the patient shall be permitted to testify and present evidence relative to the use or continuation of nutrition and hydration in connection with the patient. Immediately following the hearing, the court shall enter on its journal its determination whether the requested order will be issued.

(2) The court shall issue an order that authorizes the patient's attending physician to commence the withholding or withdrawal of nutrition and hydration in connection with the patient only if the applicants establish, by clear and convincing evidence, to a reasonable degree of medical certainty, and in accordance with reasonable medical standards, all of the following:

(a) The patient currently is and for at least the immediately preceding twelve months has been in a permanently unconscious state.

(b) The patient no longer is able to make informed decisions regarding the administration of life-sustaining treatment.

(c) There is no reasonable possibility that the patient will regain the capacity to make informed decisions regarding the administration of life-sustaining treatment.

(d) The conditions specified in divisions (A)(1) to (4) of this section have been satisfied.

(e) The decision to withhold or withdraw nutrition and hydration in connection with the patient is consistent with the previously expressed intention of the patient as described in division (B)(2) of this section or is consistent with the type of informed consent decision that the patient would have made if the patient previously had expressed an intention with respect to the use or continuation, or the withholding or withdrawal, of nutrition and hydration should the patient subsequently be in a permanently unconscious state and no longer able to make informed decisions regarding the administration of nutrition and hydration as described in division (B)(3) of this section.

(3) Notwithstanding any contrary provision of the Revised Code or of the Rules of Civil Procedure, the state and persons other than individuals described in division (A)(4) of this section or in divisions (B)(1) to (5) of section 2133.08 of the Revised Code and other than the attending physician and consulting physician associated with the determination that nutrition and hydration will not or no longer will provide comfort or alleviate pain in connection with the patient are prohibited from filing an application under this division and from joining or being joined as parties to a hearing conducted under this division, including joining by way of intervention.

(D) A valid consent given in accordance with this section supersedes any general consent to treatment form signed by or on behalf of the patient prior to, upon, or after the patient's admission to a health care facility to the extent there is a conflict between the consent and the form.

2133.10 Transfer of patient to comply with declaration.

(A) An attending physician who, or a health care facility in which a qualified patient or other patient is confined that, is not willing or is not able to comply or allow compliance with a declaration of a qualified patient, with a consent given in accordance with section 2133.08 or
Chapter 5. Death, Dying, and Lay Caregivers  
Part II. Advance Directives

2133.09 of the Revised Code, with any probate court order issued pursuant to section 2133.05, 2133.08, or 2133.09 of the Revised Code, or with any other applicable provision of sections 2133.01 to 2133.15 of the Revised Code shall not prevent or attempt to prevent, or unreasonably delay or attempt to unreasonably delay, the transfer of the qualified patient or other patient to the care of a physician who, or a health care facility that, is willing and able to so comply or allow compliance.

(B) If a declaration provides for the use or continuation of life-sustaining treatment should its declarant subsequently be in a terminal condition or in a permanently unconscious state, if a consent decision of a priority individual or class of individuals under section 2133.08 of the Revised Code is to use or continue life-sustaining treatment in connection with a patient described in that section, or if a probate court issues a reevaluation order pursuant to section 2133.05 or 2133.08 of the Revised Code that is intended to result in the use or continuation of life-sustaining treatment in connection with a qualified patient or other patient, then the attending physician of the qualified patient or other patient who, or health care facility in which the qualified patient or other patient is confined that, is not willing or is not able to comply or allow compliance with the declaration, consent decision, or reevaluation order shall use or continue the life-sustaining treatment or cause it to be used or continued until a transfer as described in division (A) of this section is made.

2133.11 Criminal, civil, and professional disciplinary action; immunity.

(A) Subject to division (D) of this section, an attending physician, consulting physician, health care facility, and health care personnel acting under the direction of an attending physician are not subject to criminal prosecution, are not liable in damages in a tort or other civil action, and are not subject to professional disciplinary action for any of the following:

(1) Giving effect to a declaration, if the physician, facility, or personnel gives effect to the declaration in good faith and does not have actual knowledge that the declaration has been revoked or does not substantially comply with this chapter;

(2) Giving effect to a consent under the circumstances described in section 2133.08 of the Revised Code, if the physician, facility, or personnel gives effect to the consent in good faith and does not have actual knowledge that the consent is invalid under that section and if a probate court has not issued an order reversing the consent pursuant to division (E) of that section;

(3) Giving effect to a consent under the circumstances described in section 2133.09 of the Revised Code, if the physician, facility, or personnel gives effect to the consent in good faith and does not have actual knowledge that the consent is invalid under that section and if the appropriate probate court has issued an order authorizing the withholding or withdrawal of nutrition and hydration in connection with the patient in question;

(4) Refusing to or not being able to comply or allow compliance with a declaration of a qualified patient, with a consent given in accordance with section 2133.08 or 2133.09 of the Revised Code, with a probate court order issued pursuant to section 2133.05, 2133.08, or 2133.09 of the Revised Code, or with another applicable provision of this chapter, if the refusal or inability to comply or allow compliance is in good faith, provided that, in the case of an attending physician or health care facility, whichever of the following apply are satisfied:

(a) The attending physician or health care facility does not prevent or attempt to prevent, or unreasonably delay or attempt to unreasonably delay, the transfer of the qualified patient or other patient to the care of a physician who, or a health care facility that, is willing and able to so comply or allow compliance.

(b) If the declaration of the qualified patient provided for the use or continuation of life-sustaining treatment should the declarant subsequently be in a terminal condition or in a permanently unconscious state, if the consent decision of a priority individual or class of
individuals under section 2133.08 of the Revised Code was to use or continue life-sustaining treatment in connection with the patient described in that section, or if the probate court issued a reevaluation order pursuant to section 2133.05 or 2133.08 of the Revised Code that was intended to result in the use or continuation of life-sustaining treatment in connection with the qualified patient or other patient, the attending physician or health care facility used or continued the life-sustaining treatment or caused it to be used or continued until a transfer as described in division (A)(4)(a) of this section was made.

(5) Making determinations other than those described in division (B) of this section, or otherwise acting under this chapter, if the determinations or other actions are made in good faith and in accordance with reasonable medical standards;

(6) Prescribing, dispensing, administering, or causing to be administered any particular medical procedure, treatment, intervention, or other measure to a qualified patient or other patient, including, but not limited to, prescribing, personally furnishing, administering, or causing to be administered by judicious titration or in another manner any form of medication, for the purpose of diminishing the qualified patient's or other patient's pain or discomfort and not for the purpose of postponing or causing the qualified patient's or other patient's death, even though the medical procedure, treatment, intervention, or other measure may appear to hasten or increase the risk of the patient's death, if the attending physician so prescribing, dispensing, administering, or causing to be administered or the health care personnel acting under the direction of the attending physician so dispensing, administering, or causing to be administered are carrying out in good faith the responsibility to provide comfort care described in division (E)(1) of section 2133.12 of the Revised Code.

(B) Subject to division (D) of this section, an attending or consulting physician is not subject to criminal prosecution, is not liable in damages in a tort or other civil action, and is not subject to professional disciplinary action if the physician makes any of the following determinations in good faith, to a reasonable degree of medical certainty, and in accordance with reasonable medical standards:

(1) A determination that a declarant or a patient as described in section 2133.08 of the Revised Code is in a terminal condition;

(2) A determination that a declarant is in a permanently unconscious state;

(3) A determination that a patient as described in section 2133.08 of the Revised Code currently is and for at least the immediately preceding twelve months has been in a permanently unconscious state;

(4) A determination that a declarant or a patient as described in section 2133.08 of the Revised Code no longer is able to make informed decisions regarding the administration of life-sustaining treatment;

(5) A determination that there is no reasonable possibility that a declarant or a patient as described in section 2133.08 of the Revised Code will regain the capacity to make informed decisions regarding the administration of life-sustaining treatment;

(6) A determination that nutrition or hydration will not or no longer will provide comfort or alleviate pain in connection with a patient as described in section 2133.09 of the Revised Code.

(C)(1) Subject to division (D) of this section, an individual who is authorized to give a consent to the use or continuation, or the withholding or withdrawal, of life-sustaining treatment under division (B) of section 2133.08 of the Revised Code and who makes the decision in good faith is not subject to criminal prosecution, is not liable in damages in a tort or other civil action, and is not subject to professional disciplinary action in connection with that decision.

(2) Subject to division (D) of this section, an individual who is authorized to give a consent to the withholding or withdrawal of nutrition and hydration in connection with a patient under division (A)(4) of section 2133.09 of the Revised Code and who gives the consent in good faith is not subject to criminal prosecution, is not liable in damages in a tort or other civil action, and is not subject to professional disciplinary action in connection with that consent.
(D) This section does not grant an immunity from criminal or civil liability or from professional disciplinary action to health care personnel for actions that are outside the scope of their authority.

2133.12 Removal of life-sustaining treatment not suicide or homicide; effect on insurance and annuities; rights unaffected; euthanasia prohibited; providing comfort care.

(A) The death of a qualified patient or other patient resulting from the withholding or withdrawal of life-sustaining treatment in accordance with sections 2133.01 to 2133.15 of the Revised Code does not constitute for any purpose a suicide, aggravated murder, murder, or any other homicide offense.

(B)(1) The execution of a declaration shall not do either of the following:
   (a) Affect the sale, procurement, issuance, or renewal of any policy of life insurance or annuity, notwithstanding any term of a policy or annuity to the contrary;
   (b) Be deemed to modify or invalidate the terms of any policy of life insurance or annuity that is in effect on October 10, 1991.

(2) Notwithstanding any term of a policy of life insurance or annuity to the contrary, the withholding or withdrawal of life-sustaining treatment from an insured, qualified patient or other patient in accordance with sections 2133.01 to 2133.15 of the Revised Code shall not impair or invalidate any policy of life insurance or annuity.

(3) Notwithstanding any term of a policy or plan to the contrary, the use or continuation, or the withholding or withdrawal, of life-sustaining treatment from an insured, qualified patient or other patient in accordance with sections 2133.01 to 2133.15 of the Revised Code shall not impair or invalidate any policy of health insurance or any health care benefit plan.

(4) No physician, health care facility, other health care provider, person authorized to engage in the business of insurance in this state under Title XXXIX of the Revised Code, health insuring corporation, other health care plan, legal entity that is self-insured and provides benefits to its employees or members, or other person shall require any individual to execute or refrain from executing a declaration, or shall require an individual to revoke or refrain from revoking a declaration, as a condition of being insured or of receiving health care benefits or services.

(C)(1) Sections 2133.01 to 2133.15 of the Revised Code do not create any presumption concerning the intention of an individual who has revoked or has not executed a declaration with respect to the use or continuation, or the withholding or withdrawal, of life-sustaining treatment if the individual should be in a terminal condition or in a permanently unconscious state at any time.

(2) Sections 2133.01 to 2133.15 of the Revised Code do not affect the right of a qualified patient or other patient to make informed decisions regarding the use or continuation, or the withholding or withdrawal, of life-sustaining treatment as long as the qualified patient or other patient is able to make those decisions.

(3) Sections 2133.01 to 2133.15 of the Revised Code do not require a physician, other health care personnel, or a health care facility to take action that is contrary to reasonable medical standards.

(4) Sections 2133.01 to 2133.15 of the Revised Code and, if applicable, a declaration do not affect or limit the authority of a physician or a health care facility to provide or not to provide life-sustaining treatment to a person in accordance with reasonable medical standards applicable in an emergency situation.

(D) Nothing in sections 2133.01 to 2133.15 of the Revised Code condones, authorizes, or approves of mercy killing, assisted suicide, or euthanasia.

(E)(1) Sections 2133.01 to 2133.15 of the Revised Code do not affect the responsibility of the attending physician of a qualified patient or other patient, or other health care personnel acting under the direction of the patient's attending physician, to provide comfort care to the
patient. Nothing in sections 2133.01 to 2133.15 of the Revised Code precludes the attending physician of a qualified patient or other patient who carries out the responsibility to provide comfort care to the patient in good faith and while acting within the scope of the attending physician's authority from prescribing, dispensing, administering, or causing to be administered any particular medical procedure, treatment, intervention, or other measure to the patient, including, but not limited to, prescribing, personally furnishing, administering, or causing to be administered by judicious titration or in another manner any form of medication, for the purpose of diminishing the qualified patient's or other patient's pain or discomfort and not for the purpose of postponing or causing the qualified patient's or other patient's death, even though the medical procedure, treatment, intervention, or other measure may appear to hasten or increase the risk of the patient's death. Nothing in sections 2133.01 to 2133.15 of the Revised Code precludes health care personnel acting under the direction of the patient's attending physician who carry out the responsibility to provide comfort care to the patient in good faith and while acting within the scope of their authority from dispensing, administering, or causing to be administered any particular medical procedure, treatment, intervention, or other measure to the patient, including, but not limited to, personally furnishing, administering, or causing to be administered by judicious titration or in another manner any form of medication, for the purpose of diminishing the qualified patient's or other patient's pain or discomfort and not for the purpose of postponing or causing the qualified patient's or other patient's death, even though the medical procedure, treatment, intervention, or other measure may appear to hasten or increase the risk of the patient's death.

(2) (a) If, at any time, a person described in division (A)(2)(a)(i) of section 2133.05 of the Revised Code or the individual or a majority of the individuals in either of the first two classes of individuals that pertain to a declarant in the descending order of priority set forth in division (A)(2)(a)(ii) of section 2133.05 of the Revised Code believes in good faith that both of the following circumstances apply, the person or the individual or majority of individuals in either of the first two classes of individuals may commence an action in the probate court of the county in which a declarant who is in a terminal condition or permanently unconscious state is located for the issuance of an order mandating the use or continuation of comfort care in connection with the declarant in a manner that is consistent with division (E)(1) of this section:

(i) Comfort care is not being used or continued in connection with the declarant.
(ii) The withholding or withdrawal of the comfort care is contrary to division (E)(1) of this section.

(b) If a declarant did not designate in the declarant's declaration a person as described in division (A)(2)(a)(i) of section 2133.05 of the Revised Code and if, at any time, a priority individual or any member of a priority class of individuals under division (A)(2)(a)(ii) of section 2133.05 of the Revised Code or, at any time, the individual or a majority of the individuals in the next class of individuals that pertain to the declarant in the descending order of priority set forth in that division believes in good faith that both of the following circumstances apply, the priority individual, the member of the priority class of individuals, or the individual or majority of individuals in the next class of individuals that pertains to the declarant may commence an action in the probate court of the county in which a declarant who is in a terminal condition or permanently unconscious state is located for the issuance of an order mandating the use or continuation of comfort care in connection with the declarant in a manner that is consistent with division (E)(1) of this section:

(i) Comfort care is not being used or continued in connection with the declarant.
(ii) The withholding or withdrawal of the comfort care is contrary to division (E)(1) of this section.

(c) If, at any time, a priority individual or any member of a priority class of individuals under division (B) of section 2133.08 of the Revised Code or, at any time, the individual or a majority of the individuals in the next class of individuals that pertains to the patient in the
descending order of priority set forth in that division believes in good faith that both of the 
following circumstances apply, the priority individual, the member of the priority class of 
individuals, or the individual or majority of individuals in the next class of individuals that pertains 
to the patient may commence an action in the probate court of the county in which a patient as 
described in division (A) of section 2133.08 of the Revised Code is located for the issuance of 
an order mandating the use or continuation of comfort care in connection with the patient in a 
manner that is consistent with division (E)(1) of this section, unless the individual is not 
competent under division (C)(2) of section 2133.08 of the Revised Code:

(i) Comfort care is not being used or continued in connection with the patient. 
(ii) The withholding or withdrawal of the comfort care is contrary to division (E)(1) of this 
section.

2133.13 Declaration assumed valid.

In the absence of actual knowledge to the contrary and if acting in good faith, an 
attending or consulting physician, other health care personnel, and health care facilities may 
assume that a declaration complies with sections 2133.01 to 2133.15 of the Revised Code and 
is valid.

2133.14 Out-of-state declaration.

A declaration executed under the law of another state in compliance with that law or in 
substantial compliance with sections 2133.01 to 2133.15 of the Revised Code shall be 
considered to be valid for purposes of sections 2133.01 to 2133.15 of the Revised Code.

Do-Not-Resuscitate Order

2133.21 Do-not-resuscitate identification; definitions.

As used in sections 2133.21 to 2133.26 of the Revised Code, unless the context clearly 
requires otherwise:

(A) "Attending physician" means the physician to whom a person, or the family of a 
person, has assigned primary responsibility for the treatment or care of the person or, if the 
person or the person's family has not assigned that responsibility, the physician who has 
accepted that responsibility.

(B) "Declaration," "health care facility," "life-sustaining treatment," "physician," 
"professional disciplinary action," and "tort action" have the same meanings as in section 
2133.01 of the Revised Code.

(C) "DNR identification" means a standardized identification card, form, necklace, or 
bracelet that is of uniform size and design, that has been approved by the department of health 
pursuant to section 2133.25 of the Revised Code, and that signifies either of the following: 
(1) That the person who is named on and possesses the card, form, necklace, or 
bracelet has executed a declaration that authorizes the withholding or withdrawal of CPR and 
that has not been revoked pursuant to section 2133.04 of the Revised Code; 
(2) That the attending physician of the person who is named on and possesses the card, 
form, necklace, or bracelet has issued a current do-not-resuscitate order, in accordance with the 
do-not-resuscitate protocol adopted by the department of health pursuant to section 2133.25 of 
the Revised Code, for that person and has documented the grounds for the order in that 
person's medical record.

(D) "Do-not-resuscitate order" means a directive issued by a physician that identifies a 
person and specifies that CPR should not be administered to the person so identified.
(E) "Do-not-resuscitate protocol" means the standardized method of procedure for the withholding of CPR by physicians, emergency medical service personnel, and health care facilities that is adopted in the rules of the department of health pursuant to section 2133.25 of the Revised Code.

(F) "Emergency medical services personnel" means paid or volunteer firefighters, law enforcement officers, first responders, emergency medical technicians-basic, emergency medical technicians-intermediate, emergency medical technicians-paramedic, medical technicians, or other emergency services personnel acting within the ordinary course of their profession.

(G) "CPR" means cardiopulmonary resuscitation or a component of cardiopulmonary resuscitation, but it does not include clearing a person's airway for a purpose other than as a component of CPR.

2133.211 Authorized actions of qualified nurses.

A person who holds a current, valid license issued under Chapter 4723 of the Revised Code to practice as an advanced practice registered nurse may take any action that may be taken by an attending physician under sections 2133.21 to 2133.26 of the Revised Code and has the immunity provided by section 2133.22 of the Revised Code if the action is taken pursuant to a standard care arrangement with a collaborating physician.

A person who holds a license to practice as a physician assistant issued under Chapter 4730 of the Revised Code may take any action that may be taken by an attending physician under sections 2133.21 to 2133.26 of the Revised Code and has the immunity provided by section 2133.22 of the Revised Code if the action is taken pursuant to a supervision agreement entered into under section 4730.19 of the Revised Code, including, if applicable, the policies of a health care facility in which the physician assistant is practicing.

2133.22 Immunities; CPR.

(A)(1) None of the following are subject to criminal prosecution, to liability in damages in a tort or other civil action for injury, death, or loss to person or property, or to professional disciplinary action arising out of or relating to the withholding or withdrawal of CPR from a person after DNR identification is discovered in the person's possession and reasonable efforts have been made to determine that the person in possession of the DNR identification is the person named on the DNR identification:

(a) A physician who causes the withholding or withdrawal of CPR from the person possessing the DNR identification;
(b) A person who participates under the direction of or with the authorization of a physician in the withholding or withdrawal of CPR from the person possessing the DNR identification;
(c) Any emergency medical services personnel who cause or participate in the withholding or withdrawal of CPR from the person possessing the DNR identification.

(2) None of the following are subject to criminal prosecution, to liability in damages in a tort or other civil action for injury, death, or loss to person or property, or to professional disciplinary action arising out of or relating to the withholding or withdrawal of CPR from a person in a health care facility after DNR identification is discovered in the person's possession and reasonable efforts have been made to determine that the person in possession of the DNR identification is the person named on the DNR identification or a do-not-resuscitate order is issued for the person:

(a) The health care facility or the administrator of the health care facility;
(b) A physician who causes the withholding or withdrawal of CPR from the person
possessing the DNR identification or for whom the do-not-resuscitate order has been issued;
  (c) Any person who works for the health care facility as an employee, contractor, or
  volunteer and who participates under the direction of or with the authorization of a physician in
  the withholding or withdrawal of CPR from the person possessing the DNR identification;
  (d) Any person who works for the health care facility as an employee, contractor, or
  volunteer and who participates under the direction of or with the authorization of a physician in
  the withholding or withdrawal of CPR from the person for whom the do-not-resuscitate order has
  been issued.

  (3) If, after DNR identification is discovered in the possession of a person, the person
  makes an oral or written request to receive CPR, any person who provides CPR pursuant to the
  request, any health care facility in which CPR is provided, and the administrator of any health
  care facility in which CPR is provided are not subject to criminal prosecution as a result of the
  provision of the CPR, are not liable in damages in a tort or other civil action for injury, death, or
  loss to person or property that arises out of or is related to the provision of the CPR, and are not
  subject to professional disciplinary action as a result of the provision of the CPR.
  (B) Divisions (A)(1), (A)(2), and (C) of this section do not apply when CPR is withheld or
  withdrawn from a person who possesses DNR identification or for whom a do-not-resuscitate
  order has been issued unless the withholding or withdrawal is in accordance with the do-not-
  resuscitate protocol.
  (C) Any emergency medical services personnel who comply with a do-not-resuscitate
  order issued by a physician and any individuals who work for a health care facility as
  employees, contractors, or volunteers and who comply with a do-not-resuscitate order issued by
  a physician are not subject to liability in damages in a civil action for injury, death, or loss to
  person or property that arises out of or is related to compliance with the order, are not subject to
  criminal prosecution as a result of compliance with the order, and are not subject to professional
  disciplinary action as a result of compliance with the order.

  In an emergency situation, emergency medical services personnel and emergency
  department personnel are not required to search a person to determine if the person possesses
  DNR identification. If a person possesses DNR identification, if emergency medical services
  personnel or emergency department personnel provide CPR to the person in an emergency
  situation, and if, at that time, the personnel do not know and do not have reasonable cause to
  believe that the person possesses DNR identification, the emergency medical services
  personnel and emergency department personnel are not subject to criminal prosecution as a
  result of the provision of the CPR, are not liable in damages in a tort or other civil action for
  injury, death, or loss to person or property that arises out of or is related to the provision of the
  CPR, and are not subject to professional disciplinary action as a result of the provision of the
  CPR.
  (D) Nothing in sections 2133.21 to 2133.26 of the Revised Code or the do-not-
  resuscitate protocol grants immunity to a physician for issuing a do-not-resuscitate order that is
  contrary to reasonable medical standards or that the physician knows or has reason to know is
  contrary to the wishes of the patient or of a person who is lawfully authorized to make informed
  medical decisions on the patient's behalf.

**2133.23 DNR identification compliance; transfers; notice.**

(A) If emergency medical services personnel, other than physicians, are presented with
DNR identification possessed by a person or are presented with a written do-not-resuscitate
order for a person or if a physician directly issues to emergency medical services personnel,
other than physicians, an oral do-not-resuscitate order for a person, the emergency medical
services personnel shall comply with the do-not-resuscitate protocol for the person. If an oral
do-not-resuscitate order is issued by a physician who is not present at the scene, the
emergency medical services personnel shall verify the physician’s identity.

(B) If a person possesses DNR identification and if the person’s attending physician or the health care facility in which the person is located is unwilling or unable to comply with the do-not-resuscitate protocol for the person, the attending physician or the health care facility shall not prevent or attempt to prevent, or unreasonably delay or attempt to delay, the transfer of the person to a different physician who will follow the protocol or to a different health care facility in which the protocol will be followed.

(C) If a person who possesses DNR identification or for whom a current do-not-resuscitate order has been issued is being transferred from one health care facility to another, before or at the time of the transfer, the transferring health care facility shall notify the receiving health care facility and the persons transporting the person of the existence of the DNR identification or the order. If a current do-not-resuscitate order was issued orally, it shall be reduced to writing before the time of the transfer. The DNR identification or the order shall accompany the person to the receiving health care facility and shall remain in effect unless it is revoked or unless, in the case of a do-not-resuscitate order, the order no longer is current.

2133.25 Withholding CPR regulations.

(A) The department of health, by rule adopted pursuant to Chapter 119 of the Revised Code, shall adopt a standardized method of procedure for the withholding of CPR by physicians, emergency medical services personnel, and health care facilities in accordance with sections 2133.21 to 2133.26 of the Revised Code. The standardized method shall specify criteria for determining when a do-not-resuscitate order issued by a physician is current. The standardized method so adopted shall be the “do-not-resuscitate protocol” for purposes of sections 2133.21 to 2133.26 of the Revised Code. The department also shall approve one or more standard forms of DNR identification to be used throughout this state.

(B) The department of health shall adopt rules in accordance with Chapter 119 of the Revised Code for the administration of sections 2133.21 to 2133.26 of the Revised Code.

(C) The department of health shall appoint an advisory committee to advise the department in the development of rules under this section. The advisory committee shall include, but shall not be limited to, representatives of each of the following organizations:

1. The association for hospitals and health systems (OHA);
2. The Ohio state medical association;
3. The Ohio chapter of the American college of emergency physicians;
4. The Ohio hospice organization;
5. The Ohio council for home care;
6. The Ohio health care association;
7. The Ohio ambulance association;
8. The Ohio medical directors association;
9. The Ohio association of emergency medical services;
10. The bioethics network of Ohio;
11. The Ohio nurses association;
12. The Ohio academy of nursing homes;
13. The Ohio association of professional firefighters;
14. The department of developmental disabilities;
15. The Ohio osteopathic association;
16. The association of Ohio philanthropic homes, housing and services for the aging;
17. The catholic conference of Ohio;
18. The department of aging;
19. The department of mental health and addiction services;
20. The Ohio private residential association;
Chapter 5. Death, Dying, and Lay Caregivers
Part II. Advance Directives

(21) The northern Ohio fire fighters association.

3701-62-01 DNR Orders, immunity of medical professionals, revocations; definitions.

As used in this chapter, unless the context clearly requires otherwise:

(A) “Attending physician” means the physician to whom a person, or the family of a person, has assigned primary responsibility for the treatment or care of the person or, if the person or the person’s family has not assigned that responsibility, the physician who has accepted that responsibility.

(B) “Cardiac arrest” means the loss of discernable audible and palpable pulse, with or without the loss of cardiac action/rhythm if on a cardiac monitor, or the sudden abrupt loss of heart function.

(C) “CNP” means a person who holds a certificate of authority to practice as a certified nurse practitioner issued under section 4723.42 of the Revised Code.

(D) “CNS” means a person who holds a certificate of authority to practice as a clinical nurse specialist issued under section 4723.42 of the Revised Code.

(E) “CPR” means cardiopulmonary resuscitation or a component of cardiopulmonary resuscitation, but it does not include clearing a person’s airway for a purpose other than as a component of CPR. “Component of CPR” means any of the following:

1. Administration of chest compressions;
2. Insertion of an artificial airway;
3. Administration of resuscitation drugs;
4. Defibrillation or cardioversion;
5. Provision of respiratory assistance;
6. Initiation of a resuscitative intravenous line; and
7. Initiation of cardiac monitoring.

(F) “Declarant” means any adult who has executed a declaration in accordance with section 2133.02 of the Revised Code.

(G) “Declaration” means a written document executed in accordance with section 2133.02 of the Revised Code.

(H) “Do-not-resuscitate identification” or “DNR identification” means a standardized identification card, form, necklace, or bracelet that has been approved by the department of health pursuant to section 2133.25 of the Revised Code, and that signifies either of the following:

1. That the person who is named on and possesses the card, form, necklace, or bracelet has executed a declaration that authorizes the withholding or withdrawal of CPR and that has not been revoked pursuant to section 2133.04 of the Revised Code; or
2. That the attending physician, or CNP or CNS as provided in rule 3701-62-02 of the Administrative Code, of the person who is named on and possesses the card, form, necklace, or bracelet has issued a current do-not-resuscitate order, in accordance with the do-not-resuscitate protocol adopted by the department of health pursuant to section 2133.25 of the Revised Code, for that person and has documented the grounds for the order in that person’s medical record.

DNR identification that has been approved by the department of health is listed in rule 3701-62-04 of the Administrative Code.

(I) “Do-not-resuscitate order” or “DNR order” means a directive issued by a physician, or by a CNP or CNS as provided in rule 3701-62-02 of the Administrative Code, that identifies a person and specifies that CPR should not be administered to the person so identified. The do-not-resuscitate-order shall be implemented in accordance with the do-not-resuscitate protocol.

(J) “Do-not-resuscitate protocol” or “DNR protocol” means the standardized method of procedure for the withholding of CPR by physicians, CNPs or CNSs as provided in rule 3701-62-02 of the Administrative Code, emergency medical service personnel, and health care
facilities that is adopted in the rules of the department of health pursuant to section 2133.25 of the Revised Code. The do-not-resuscitate protocol is specified in rule 3701-62-05 of the Administrative Code. Treatment other than resuscitative, shall continue to be provided or modified as the individual's condition warrants, in keeping with the individual's treatment plan goals.

(K) “Emergency medical services personnel” means paid or volunteer firefighters, law enforcement officers, first responders, emergency medical technicians-basic, emergency medical technicians-intermediate, emergency medical technicians-paramedic, medical technicians, or other emergency services personnel acting within the ordinary course of their profession.

(L) “Health care facility” means any of the following:
(1) A hospital as defined in section 2108.01, 3701.01, or 5122.01 of the Revised Code;
(2) A hospice care program, as defined in section 3712.01 of the Revised Code, or other institution that specializes in comfort care of patients in a terminal condition or in a permanently unconscious state;
(3) A nursing home or residential care facility, as defined in section 3721.01 of the Revised Code;
(4) A home health agency, as defined in section 3701.881 of the Revised Code, and any residential facility where a person is receiving care under the direction of a home health agency;
(5) An intermediate care facility for the individuals with intellectual disabilities (ICF/IID).

(M) “Life-sustaining treatment” means any medical procedure, treatment, intervention, or other measure that, when administered to a qualified patient or other patient, will serve principally to prolong the process of dying.

(N) “Permanently unconscious state” means a state of permanent unconsciousness in a declarant or other patient that, to a reasonable degree of medical certainty as determined in accordance with reasonable medical standards by the declarant's or other patient's attending physician and one other physician who has examined the declarant or other patient, is characterized by both of the following:
(1) Irreversible unawareness of one's being and environment; and
(2) Total loss of cerebral cortical functioning, resulting in the declarant or other patient having no capacity to experience pain or suffering.

(O) “Physician” means a person who is authorized under Chapter 4731 of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery.

(P) “Physician's assistant” or “PA” means a person who holds a certificate of authority to practice as a physician's assistant issued under Chapter 4730 of the Revised Code.

(Q) “Principal” means a person who has executed a durable power of attorney for health care under sections 1337.11 to 1337.17 of the Revised Code.

(R) “Professional disciplinary action” means action taken by the board or other entity that regulates the professional conduct of health care personnel, including but not limited to the state medical board, the board of nursing, and the state board of emergency medical services.

(S) “Respiratory arrest” means absence of spontaneous respirations or the presence of agonal breathing.

(T) “Standard care arrangement” has the same meaning as defined in division (N) of section 4723.01 of the Revised Code.

(U) “Terminal condition” means an irreversible, incurable, and untreatable condition caused by disease, illness, or injury from which, to a reasonable degree of medical certainty as determined in accordance with reasonable medical standards by a declarant's or other patient's attending physician and one other physician who has examined the declarant or other patient, both of the following apply:
(1) There can be no recovery; and
(2) Death is likely to occur within a relatively short time if life-sustaining treatment is not
administered.

(V) “Tort action” means a civil action for damages for injury, death, or loss to person or property, other than a civil action for damages for breach of a contract or another agreement between persons.

3701-62-02 Certified nurse practitioners and clinical nurse specialists.

(A) A person who holds a certificate of authority to practice as a certified nurse practitioner or clinical nurse specialist issued under section 4723.42 of the Revised Code may take any action that may be taken by an attending physician under sections 2133.21 to 2133.26 of the Revised Code and this chapter and has the immunity provided by section 2133.22 of the Revised Code and rule 3701-62-03 of the Administrative Code if the action is taken pursuant to a standard care arrangement with a collaborating physician.

(B) A person who holds a certificate of authority to practice as a physician's assistant Chapter 4730 of the Revised Code may take any action that may be taken by an attending physician under sections 2133.21 to 2133.26 of the Revised Code and this chapter and has the immunity provided by section 2133.22 of the Revised Code and rule 3701-62-03 of the Administrative Code if the action is taken pursuant to a physician supervisory plan approved pursuant to section 4730.17 of the Revised Code or the policies of a health care facility in which the PA is working.

3701-62-03 Immunities.

(A) Persons with DNR identification.

(1) None of the persons listed in paragraph (A)(2) of this rule are subject to any of the following arising out of or relating to the withholding or withdrawal of CPR from a person after DNR identification is discovered in the person's possession and reasonable efforts have been made to determine that the person in possession of the DNR identification is the person named on the DNR identification:

   (a) Criminal prosecution;
   (b) Liability in damages in a tort or other civil action for injury, death, or loss to person or property; or
   (c) Professional disciplinary action.

(2) The immunity described in paragraph (A)(1) of this rule attaches to the following persons:

   (a) A physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, who causes the withholding or withdrawal of CPR from the person possessing the DNR identification;
   (b) A person who participates under the direction of or with the authorization of a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, in the withholding or withdrawal of CPR from the person possessing the DNR identification; or
   (c) Any emergency medical services personnel who cause or participate in the withholding or withdrawal of CPR from the person possessing the DNR identification.

(3) Paragraph (A) of this rule does not apply when CPR is withheld or withdrawn from a person who possesses DNR identification or for whom a do-not-resuscitate order has been issued unless the withholding or withdrawal is in accordance with the do-not-resuscitate protocol.

(B) Persons in health care facilities.

(1) None of the persons listed in paragraph (B)(2) of this rule are subject to any of the following arising out of or relating to the withholding or withdrawal of CPR from a person in a health care facility after DNR identification is discovered in the person's possession and
reasonable efforts have been made to determine that the person in possession of the DNR identification is the person named on the DNR identification or a do-not-resuscitate order is issued for the person:

(a) Criminal prosecution;
(b) Liability in damages in a tort or other civil action for injury, death, or loss to person or property; or
(c) Professional disciplinary action.

(2) The immunity described in paragraph (B)(1) of this rule attaches to the following persons:

(a) The health care facility or the administrator of the health care facility;
(b) A physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, who causes the withholding or withdrawal of CPR from the person possessing the DNR identification or for whom the do-not-resuscitate order has been issued;
(c) Any person who works for the health care facility as an employee, contractor, or volunteer and who participates under the direction of or with the authorization of a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, in the withholding or withdrawal of CPR from the person possessing the DNR identification; and
(d) Any person who works for the health care facility as an employee, contractor, or volunteer and who participates under the direction of or with the authorization of a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, in the withholding or withdrawal of CPR from the person for whom the do-not-resuscitate order has been issued.

(3) Paragraph (B) of this rule does not apply when CPR is withheld or withdrawn from a person who possesses DNR identification or for whom a do-not-resuscitate order has been issued unless the withholding or withdrawal is in accordance with the do-not-resuscitate protocol.

(C) For the purposes of paragraphs (A) and (B) of this rule, information that may be used to determine if the person in possession of DNR identification is the person named on the DNR identification include but are not limited to the following:

(1) Verification of the person's identity by the person or a family member, friend, or caregiver;
(2) Personal knowledge of the person by the emergency medical services personnel, physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, or person working for a health care facility;
(3) Health care facility identification band;
(4) Driver's license;
(5) Passport; or
(6) Other identification bearing the person's name and photograph.

(D) Request for CPR by person with DNR identification. If, after DNR identification is discovered in the possession of a person, the person makes an oral or written request to receive CPR, any person who provides CPR pursuant to the request, any health care facility in which CPR is provided, and the administrator of any health care facility in which CPR is provided are not subject to any of the following:

(1) Criminal prosecution as a result of the provision of the CPR;
(2) Liability in damages in a tort or other civil action for injury, death, or loss to person or property that arises out of or is related to the provision of the CPR; or
(3) Professional disciplinary action as a result of the provision of the CPR.

(E) Do-not-resuscitate orders.

(1) None of the persons listed in paragraph (E)(2) of this rule who comply with a do-not-resuscitate order issued by a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, are subject to any of the following:

(a) Liability in damages in a civil action for injury, death, or loss to person or property that
arises out of or is related to compliance with the order;
   (b) Criminal prosecution as a result of compliance with the order; or
   (c) Professional disciplinary action as a result of compliance with the order.
(2) The immunity described in paragraph (E)(1) of this rule attaches to the following persons:
   (a) Any emergency medical services personnel who comply with a do-not-resuscitate order issued by a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code; and
   (b) Any individuals who work for a health care facility as employees, contractors, or volunteers and who comply with a do-not-resuscitate order issued by a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code.
(3) Paragraph (E) of this rule does not apply when CPR is withheld or withdrawn from a person who possesses DNR identification or for whom a do-not-resuscitate order has been issued unless the withholding or withdrawal is in accordance with the do-not-resuscitate protocol.

(F) Emergency situations.
(1) In an emergency situation, emergency medical services personnel and emergency department personnel are not required to search a person to determine if the person possesses DNR identification.
(2) If a person possesses DNR identification, if emergency medical services personnel or emergency department personnel provide CPR to the person in an emergency situation, and if, at that time, the personnel do not know and do not have reasonable cause to believe that the person possesses DNR identification, the emergency medical services personnel and emergency department personnel are not subject to any of the following:
   (a) Criminal prosecution as a result of the provision of the CPR;
   (b) Liability in damages in a tort or other civil action for injury, death, or loss to person or property that arises out of or is related to the provision of the CPR; or
   (c) Professional disciplinary action as a result of the provision of the CPR.
(G) Nothing in sections 2133.21 to 2133.26 of the Revised Code, this rule, or the do-not-resuscitate protocol grants immunity to a physician, or CNP or CNS as provided in rule 3701-62-02 of the Administrative Code, for issuing a do-not-resuscitate order that is contrary to reasonable medical standards or that the physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, knows or has reason to know is contrary to the wishes of the patient or of a person who is lawfully authorized to make informed medical decisions on the patient's behalf.
(H) Pursuant to paragraphs (B) and (C) of rule 3701-62-13 of the Administrative Code, neither paragraph (G) of this rule nor any other provision of this chapter requires provision of CPR to a person if, in the judgment of the attending physician, or CNP or CNS as provided in rule 3701-62-02 of the Administrative Code, CPR would be futile, or if the person or another person lawfully authorized to make decisions on behalf of the person declines CPR.

3701-62-04 DNR identification.

(A) The following items are approved as DNR identification:
   (1) A do-not-resuscitate order documented on the form depicted in appendix A to this rule. This form may be reproduced as needed;
   (2) Documentation on the form depicted in appendix A to this rule that the person named on the form has executed a declaration that authorizes the withholding or withdrawal of CPR and that has not been revoked pursuant to section 2133.04 of the Revised Code and that the declaration has become operative in accordance with section 2133.03 of the Revised Code;
   (3) A transparent hospital-type bracelet with an insert as depicted in appendix B to this rule.
Chapter 5. Death, Dying, and Lay Caregivers
Part II. Advance Directives

Do-Not-Resuscitate Order

(4) A necklace bearing both the logo depicted in appendix C to this rule and the person's name. If the person is a “DNR Comfort Care - Arrest” patient as specified in rule 3701-62-05 of the Administrative Code, the necklace shall include the word “arrest” under the logo;

(5) A bracelet bearing both the logo depicted in appendix C to this rule and the person's name. If the person is a “DNR Comfort Care - Arrest” patient as specified in rule 3701-62-05 of the Administrative Code, the bracelet shall include the word “arrest” under the logo;

(6) A wallet card as depicted in appendix D to this rule. This card may be reproduced as needed; and

(7) A printed form of a declaration sold or otherwise distributed in accordance with section 2133.07 of the Revised Code, if the declarant specifies on the form that the declarant wishes to use it as DNR identification.

(B) A person is eligible to obtain DNR identification if either of the following circumstances exist:

(1) The person has executed a declaration that authorizes the withholding or withdrawal of CPR and that has not been revoked pursuant to section 2133.04 of the Revised Code, and the declaration has become operative in accordance with section 2133.03 of the Revised Code; or

(2) The person's attending physician, CNP, CNS, PA as provided in rule 3701-62-02 of the Administrative Code, has issued a current do-not-resuscitate order, in accordance with the do-not-resuscitate protocol specified in rule 3701-62-05 of the Administrative Code, for that person, and has documented the grounds for the order in that person's medical record. The do-not-resuscitate order itself may be used as DNR identification if it is documented on the form depicted in appendix A to this rule.

(C) A person may obtain DNR identification in the following manner:

(1) In the case of the form specified in paragraphs (A)(1) and (A)(2) of this rule, by obtaining a copy of the form from a physician, CNP, CNS, or health care facility and completing the form in conjunction with the person's attending physician, CNP, CNS, PA as provided in rule 3701-62-02 of the Administrative Code.

(2) In the case of the wallet card specified in paragraph (A)(6) of this rule, by doing both of the following:

(a) Obtaining both the form specified in paragraph (A)(1) of this rule and the wallet card from a physician, CNP, CNS, PA, or health care facility; and

(b) Completing both the form and card in conjunction with the person's attending physician, CNP, CNS, PA as provided in rule 3701-62-02 of the Administrative Code.

(3) In the case of the hospital-type bracelet specified in paragraph (A)(3) of this rule, by doing both of the following:

(a) Obtaining a DNR order from the person's attending physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code; and

(b) Acquiring a bracelet containing a completed insert from a physician, CNP, CNS, PA health care facility, or pharmacy. The physician, CNP, CNS, PA, facility, or pharmacy shall not issue a bracelet to the person unless the person presents a DNR order.

(4) In the case of the necklace specified in paragraph (A)(4) of this rule and the bracelet specified in paragraph (A)(5) of this rule, by doing both of the following:

(a) Obtaining a DNR order from the person's attending physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code; and

(b) Acquiring a necklace or bracelet from a person or government entity that manufactures or distributes it. The order for the necklace or bracelet shall be accompanied by a copy of the DNR order.

(5) In the case of a declaration form specified in paragraph (A)(7) of this rule, by obtaining and completing the form in the manner required by sections 2133.01 to 2133.15 of the
Chapter 5. Death, Dying, and Lay Caregivers
Part II. Advance Directives

Revised Code and specifying on the form that the declarant wishes to use it as DNR identification. If the declarant wishes to be a “DNR Comfort Care - Arrest” patient, as specified in rule 3701-62-05 of the Administrative Code, the declarant shall include a statement in the declaration that in the event of a cardiac arrest or a respiratory arrest, the declarant is not to receive CPR.

3701-62-05 DNR protocol.

[Editor’s Note: DNR forms are available at www.odh.ohio.gov/rules/final/finalRules.aspx.]

(A) The appendix to this rule shall constitute the do-not-resuscitate protocol for the state of Ohio.

(B) Under the protocol, a person can be a “DNR Comfort Care” patient or a “DNR Comfort Care - Arrest” patient. For a “DNR Comfort Care” patient, the DNR protocol is activated when a DNR order is issued or when a declaration that includes a directive that the declarant not receive CPR becomes effective under section 2133.03 of the Revised Code. For a “DNR Comfort Care - Arrest” patient, the DNR protocol is activated when the patient experiences cardiac or respiratory arrest.

(C) A “DNR Comfort Care - Arrest” patient is identified by the appropriate indication on the patient’s DNR identification, as specified in rule 3701-62-04 of the Administrative Code, or if the patient does not have DNR identification, by a statement in the DNR order that the event of a cardiac arrest or a respiratory arrest, the patient is not to receive CPR.

3701-62-06 Revocation of DNR identification or DNR order.

(A) A person with DNR identification or a DNR order may revoke his or her DNR status by an oral or written request to receive CPR.

(B) A person with DNR identification may revoke his or her DNR identification by doing any of the following:

1. In the case of a form or wallet card listed in paragraph (A)(1), (A)(2), or (A)(6) of rule 3701-62-04 of the Administrative Code, by destroying the form or wallet card;

2. In the case of a bracelet or necklace, by permanently removing the bracelet or necklace;

3. In the case of a declaration that includes a specification that the declarant wishes to use it as DNR identification, by revoking the declaration in accordance with section 2133.04 of the Revised Code.

(C) The attending physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, of a person with a DNR order may revoke the DNR order by issuing an order discontinuing the DNR order. If DNR identification was issued on the basis of the DNR order, any revocation of the DNR identification shall be accomplished under paragraph (B) of this rule.

(D) If an attending physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, issues an order discontinuing a valid DNR order in accordance with paragraph (B) or (C) of this rule, a physician, CNP, CNS, or PA shall ask the patient of the health care facility prior to discharge or transfer whether he or she wishes to make another DNR declaration in accordance with section 2133.02 of the Revised Code.

3701-62-07 EMS personnel and DNR compliance.

(A) If emergency medical services personnel, other than physicians, CNPs, CNSs, or PAs as provided in rule 3701-62-02 of the Administrative Code, are presented with DNR
Do-Not-Resuscitate Order

identification possessed by a person or are presented with a written do-not-resuscitate order for a person or if a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, directly issues to emergency medical services personnel, other than physicians, CNPs, CNSs, PAs as provided in rule 3701-62-02 of the Administrative Code, an oral do-not-resuscitate order for a person, the emergency medical services personnel shall comply with the do-not-resuscitate protocol for the person.

(B) If an oral do-not-resuscitate order is issued by a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, who is not present at the scene, the emergency medical services personnel shall verify the physician's, CNP's, CNS's, or PA's identity. Methods of verification include but are not limited to the following:

(1) Personal knowledge of the physician, CNP, CNS, or PA by emergency medical services personnel;
(2) A list of physicians, CNPs, CNSs, and PAs with other identifying information such as addresses; or
(3) A return telephone call to verify information provided.

3701-62-08 Transfer of person to comply with DNR protocol.

If a person possesses DNR identification and if the person's attending physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, or the health care facility in which the person is located is unwilling or unable to comply with the do-not-resuscitate protocol for the person, the attending physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, or the health care facility shall not prevent or attempt to prevent, or unreasonably delay or attempt to delay, the transfer of the person to a different physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, who will follow the protocol or to a different health care facility in which the protocol will be followed.

3701-62-09 DNR order to accompany person.

(A) If a person who possesses DNR identification or for whom a current do-not-resuscitate order has been issued is being transferred from one health care facility to another, before or at the time of the transfer, the transferring health care facility shall notify the receiving health care facility and the persons transporting the person of the existence of the DNR identification or the order.

(B) If a current do-not-resuscitate order was issued orally, it shall be reduced to writing before the time of the transfer. The DNR identification or the order shall accompany the person to the receiving health care facility and shall remain in effect unless it is revoked or unless, in the case of a do-not-resuscitate order, the order no longer is current.

3701-62-10 DNR orders, declarations and durable powers of attorney.

(A) If a principal has both a valid durable power of attorney for health care and a DNR identification that is based upon a valid declaration and if the declaration supersedes the durable power of attorney for health care under division (B) of section 2133.03 of the Revised Code, the DNR identification supersedes the durable power of attorney for health care to the extent of any conflict between the two.

(B) A valid durable power of attorney for health care supersedes any DNR identification that is based upon a do-not-resuscitate order that a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, issued for the principal which is inconsistent with the durable power of attorney for health care or a valid decision by the attorney in fact under a durable power of attorney.
(C) A declaration supersedes a DNR identification of the declarant that is based upon a prior, inconsistent declaration of the declarant or that is based upon a do-not-resuscitate order that a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, has issued for the declarant and that is inconsistent with the declaration.

3701-62-11 Compliance with DNR protocol not homicide or suicide.

(A) The death of a person resulting from the withholding or withdrawal of CPR for the person pursuant to the do-not-resuscitate protocol and in the circumstances described in section 2133.22 of the Revised Code and rule 3701-62-03 of the Administrative Code or in accordance with division (A) of section 2133.23 of the Revised Code and rule 3701-62-06 of the Administrative Code does not constitute for any purpose a suicide, aggravated murder, murder, or any other homicide.

(B) Nothing in sections 2133.21 to 2133.26 of the Revised Code or this chapter condones, authorizes, or approves of mercy killing, assisted suicide, or euthanasia.

3701-62-12 DNR identification or order and insurance.

(A) If a person possesses DNR identification or if a current do-not-resuscitate order has been issued for a person, the possession or order shall not do either of the following:
   (1) Affect in any manner the sale, procurement, issuance, or renewal of a policy of life insurance or annuity, notwithstanding any term of a policy or annuity to the contrary;
   (2) Be deemed to modify in any manner or invalidate the terms of any policy of life insurance or annuity that is in effect on July 9, 1998.

(B) Notwithstanding any term of a policy of life insurance or annuity to the contrary, the withholding or withdrawal of CPR from a person who is insured or covered under the policy or annuity and who possesses DNR identification or for whom a current do-not-resuscitate order has been issued, in accordance with sections 2133.21 to 2133.26 of the Revised Code and this chapter, shall not impair or invalidate any policy of life insurance or annuity.

(C) Notwithstanding any term of a policy or plan to the contrary, neither of the following shall impair or invalidate any policy of health insurance or other health care benefit plan:
   (1) The withholding or withdrawal, in accordance with sections 2133.21 to 2133.26 of the Revised Code and this chapter, of CPR from a person who is insured or covered under the policy or plan and who possesses DNR identification or for whom a current do-not-resuscitate order has been issued;
   (2) The provision, in accordance with sections 2133.21 to 2133.26 of the Revised Code and this chapter, of CPR to a person of the nature described in paragraph (C)(1) of this rule.

(D) No physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, health care facility, other health care provider, person authorized to engage in the business of insurance in this state under Title XXXIX of the Revised Code, health insuring corporation, other health care benefit plan, legal entity that is self-insured and provides benefits to its employees or members, or other person shall require an individual to possess DNR identification, or shall require an individual to revoke or refrain from possessing DNR identification, as a condition of being insured or of receiving health care benefits or services.

3701-62-13 Rights preserved.

(A) Sections 2133.21 to 2133.26 of the Revised Code and this chapter do not create any presumption concerning the intent of an individual who does not possess DNR identification with respect to the use, withholding, or withdrawal of CPR.

(B) Sections 2133.21 to 2133.26 of the Revised Code and this chapter do not affect the
right of a person to make informed decisions regarding the use, withholding, or withdrawal of CPR for the person as long as the person is able to make those decisions.

(C) Sections 2133.21 to 2133.26 of the Revised Code and this chapter are in addition to and independent of, and do not limit, impair, or supersede, any right or responsibility that a person has to effect the withholding or withdrawal of life-sustaining treatment to another pursuant to sections 2133.01 to 2133.15 of the Revised Code or in any other lawful manner.

(D) Pursuant to division (A)(1) of section 2133.02 of the Revised Code, a person's declaration may include a specific authorization for the use or continuation or the withholding or withdrawal of CPR, but the failure to include a specific authorization for the withholding or withdrawal of CPR does not preclude the withholding or withdrawal of CPR in accordance with sections 2133.01 to 2133.15 (pertaining to declarations) or sections 2133.21 to 2133.26 of the Revised Code (pertaining to DNR orders and identification).

3701-62-14 Prohibitions; violations.

(A) No physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, shall purposely prevent or attempt to prevent, or delay or unreasonably attempt to delay, the transfer of a patient in violation of division (B) of section 2133.23 of the Revised Code and rule 3701-62-08 of the Administrative Code.

(B) No person shall purposely conceal, cancel, deface, or obliterate the DNR identification of another person without the consent of the other person.

(C) No person shall purposely falsify or forge a revocation of a declaration that is the basis of the DNR identification of another person or purposely falsify or forge an order of a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, that purports to supersede a do-not-resuscitate order issued for another person.

(D) No person shall purposely falsify or forge the DNR identification of another person with the intent to cause the use, withholding, or withdrawal of CPR for the other person.

(E) No person who has personal knowledge that another person has revoked a declaration that is the basis of the other person's DNR identification or personal knowledge that a physician, CNP, CNS, or PA as provided in rule 3701-62-02 of the Administrative Code, has issued an order that supersedes a do-not-resuscitate order that the physician, CNP, CNS, or PA issued for another person shall purposely conceal or withhold that personal knowledge with the intent to cause the use, withholding, or withdrawal of CPR for the other person.

(F) No person shall purposely conceal, cancel, deface, or obliterate a valid DNR order of another person without the consent of the other person.

(G) Pursuant to section 2133.26 of the Revised Code, whoever violates paragraph (A) or (E) of this rule is guilty of a misdemeanor of the third degree. Whoever violates paragraph (B), (C), or (D) of this rule is guilty of a misdemeanor of the first degree.

Part III. Lay Caregivers

3727.70 Lay caregiver.

As used in this section and sections 3727.71 to 3727.79 of the Revised Code:

(A) “Admission” means a patient's admission to a hospital on an inpatient basis by a health care professional specified in division (B)(1) of section 3727.06 of the Revised Code.

(B) “After-care” means assistance provided by a lay caregiver to a patient in the patient's residence after the patient's discharge and includes only the caregiving needs of the patient at the time of discharge.

(C) “Discharge” means the discharge or release of a patient who has been admitted to a
hospital on an inpatient basis from the hospital directly to the patient's residence. “Discharge” does not include the transfer of a patient to another facility or setting.

(D) “Discharging health care professional” means a health care professional who is authorized by division (B)(1) of section 3727.06 of the Revised Code to admit a patient to a hospital and who has assumed responsibility for directing the creation of the patient's discharge plan under section 3727.75 of the Revised Code.

(E) “Guardian” has the same meaning as in section 2133.01 of the Revised Code.

(F) “Lay caregiver” means an adult designated under section 3727.71 of the Revised Code to provide after-care to a patient.

(G) “Lay caregiver designation” means the designation of a lay caregiver for a patient as described in section 3727.71 of the Revised Code.

(H)(1) “Patient's residence” means either of the following:
   (a) The dwelling that a patient or the patient's guardian considers to be the patient's home;
   (b) The dwelling of a relative or other individual who has agreed to temporarily house the patient following discharge and who has communicated this fact to hospital staff.

(2) “Patient's residence” does not include any of the following:
   (a) A hospital;
   (b) A nursing home, residential care facility, county home, or district home, as defined in section 3721.01 of the Revised Code;
   (c) A veterans' home operated under Chapter 5907 of the Revised Code;
   (d) A residential facility, as defined in section 5119.34 of the Revised Code;
   (e) A residential facility, as defined in section 5123.19 of the Revised Code;
   (f) A hospice care program, as defined in section 3712.01 of the Revised Code;
   (g) A freestanding inpatient rehabilitation facility licensed under section 3702.30 of the Revised Code;
   (h) Another facility similar to one specified in this division.

3727.71 Lay caregiver; hospital obligation.

(A) In the case of a patient who is at least fifty-five years of age and not unconscious or otherwise incapacitated at the time of admission, a hospital shall offer the patient or the patient's guardian an opportunity to designate a lay caregiver for the patient. The offer shall be made after the patient's admission and before the patient's discharge.

(B) In the case of a patient who is at least fifty-five years of age and unconscious or otherwise incapacitated at the time of admission, a hospital shall offer the patient or the patient's guardian an opportunity to designate a lay caregiver for the patient. The offer shall be made after the patient regains consciousness or capacity and before the patient's discharge.

3727.72 Lay caregiver; hospital duties.

(A) If a patient or guardian makes a lay caregiver designation, the hospital shall do both of the following:
   (1) To the extent the information is available, record in the patient's medical record the lay caregiver's name, address, telephone number, electronic mail address, and relationship to the patient;
   (2) Request from the patient or guardian consent to disclose the patient's medical information to the lay caregiver in accordance with hospital policy and state and federal law.

(B) If a patient or guardian declines to make a lay caregiver designation, the hospital shall note that decision in the patient's medical record and have no other obligation under sections 3727.71 to 3727.79 of the Revised Code.
3727.73 Lay caregiver; revocation.

A patient or guardian may revoke a lay caregiver designation at any time before the patient's discharge by communicating that intent to hospital staff. After revocation, a new lay caregiver designation may be completed in accordance with section 3727.71 of the Revised Code.

3727.74 Laycaregiver; discharge or transfer notice.

(A) Except as provided in division (B) of this section, a hospital that intends to discharge a patient, or transfer a patient to another hospital or facility, shall notify the patient's lay caregiver of that intent as soon as practicable.

(B) Division (A) of this section does not apply if the patient or guardian has not given the consent described in division (A)(2) of section 3727.72 of the Revised Code.

3727.75 Lay caregiver; hospital discharge plan.

(A) A hospital that intends to discharge a patient shall, as soon as practicable, create a discharge plan in accordance with state and federal law and hospital policy and review that plan with the patient or the patient's guardian. If a lay caregiver designation has been made, the discharging health care professional has determined that the lay caregiver's participation in the review would be appropriate, and the lay caregiver is available within a reasonable amount of time, the hospital shall arrange for the lay caregiver to also participate in the review. The review shall be conducted in accordance with section 3727.76 of the Revised Code.

(B)(1) A discharge plan may include the following information:

(a) A description of the tasks that are necessary to facilitate the patient's transition from the hospital to the patient's residence;

(b) Contact information for the health care providers or providers of community or long-term care services that the hospital and the patient or guardian believe are necessary for successful implementation of the discharge plan.

(2) If a lay caregiver designation has been made and the discharging health care professional has determined that the lay caregiver is to have a role in the discharge plan, the discharge plan may include any of the following:

(a) The lay caregiver's name, address, telephone number, electronic mail address, and relationship to the patient, if available;

(b) A description of all after-care tasks to be performed by the lay caregiver, taking into account the lay caregiver's capability to perform such tasks;

(c) Any other information the hospital believes is necessary for successful implementation of the discharge plan.

(C) A discharging health care professional shall not be subject to criminal prosecution or professional disciplinary action, or be liable in a tort action or other civil action, for an event or occurrence that allegedly arises out of the health care professional's determination that a patient's lay caregiver should or should not participate in the review of the patient's discharge plan.

3727.76 Lay caregiver; discharge plan review.

(A) The review of a discharge plan that has been created under section 3727.75 of the Revised Code shall be conducted in a manner that is culturally sensitive to each individual who participates in the review. In accordance with state and federal law and if appropriate, the hospital shall arrange for an interpreter to be present during the instruction.
(B)(1) The review described in division (A) of this section shall, subject to division (B)(2) of this section, include the following components:

(a) If the discharging health care professional determines that it is appropriate, a live demonstration of each task described in the discharge plan performed by a hospital employee or an individual under contract with the hospital to provide the instruction;
(b) An opportunity for each participant to ask questions and receive responses;
(c) Any other component the hospital believes is necessary to ensure that each participant receives adequate instruction on the tasks described in the discharge plan.

(2) It is the intent of the general assembly that execution of the components in division (B)(1) of this section not unreasonably delay a patient's discharge.

(C) The hospital shall document information concerning the instruction provided under this section in the patient's medical record. The information shall include the date and time the instruction was provided and a description of the instruction content.

3727.77 Lay caregiver designation not required; other.

(A) Sections 3727.70 to 3727.76 of the Revised Code do not require a patient or guardian to make a lay caregiver designation.
(B) A lay caregiver designation does not obligate any individual to perform after-care.
(C) A lay caregiver designation or the absence of one shall not interfere with, delay, or otherwise affect the provision of health care to the patient.

3727.78 Lay caregiver; certain limitations.

It is the intent of the general assembly that sections 3727.70 to 3727.77 of the Revised Code not be construed to do any of the following:
(A) Interfere with the authority of a patient's attorney-in-fact under sections 1337.11 to 1337.17 of the Revised Code or a patient's proxy under sections 2135.01 to 2135.14 of the Revised Code;
(B) Create a right of action against a hospital or an employee, agent, or contractor of the hospital;
(C) Create a liability for a hospital or an employee, agent, or contractor of the hospital;
(D) Limit, impair, or supersede any right or remedy that a person has under any other statute, rule, regulation, or the common law of this state;
(E) Alter the obligations of an insurer under a health insurance policy, contract, or plan.

3727.79 Lay caregiver; ODH to issue rules.

The department of health may adopt rules pursuant to Chapter 119 of the Revised Code as necessary to implement sections 3727.70 to 3727.78 of the Revised Code.
Chapter 6. Vital Statistics

3705.01 Vital statistics; definitions.

As used in this chapter:

(A) “Live birth” means the complete expulsion or extraction from its mother of a product of human conception that after such expulsion or extraction breathes or shows any other evidence of life such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached.

(B)(1) “Fetal death” means death prior to the complete expulsion or extraction from its mother of a product of human conception, irrespective of the duration of pregnancy, which after such expulsion or extraction does not breathe or show any other evidence of life such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles.

(2) “Stillborn” means that an infant of at least twenty weeks of gestation suffered a fetal death.

(C) “Dead body” means a human body or part of a human body from the condition of which it reasonably may be concluded that death recently occurred.

(D) “Physician” means a person licensed pursuant to Chapter 4731 of the Revised Code to practice medicine or surgery or osteopathic medicine and surgery.

(E) “Attending physician” means the physician in charge of the patient's care for the illness or condition that resulted in death.

(F) “Institution” means any establishment, public or private, that provides medical, surgical, or diagnostic care or treatment, or domiciliary care, to two or more unrelated individuals, or to persons committed by law.

(G) “Funeral director” has the meaning given in section 4717.01 of the Revised Code.

(H) “State registrar” means the head of the office of vital statistics in the department of health.

(I) “Medical certification” means completion of the medical certification portion of the certificate of death or fetal death as to the cause of death or fetal death.

(J) “Final disposition” means the interment, cremation, removal from the state, donation, or other authorized disposition of a dead body or a fetal death.

(K) “Interment” means the final disposition of the remains of a dead body by burial or entombment.

(L) “Cremation” means the reduction to ashes of a dead body.

(M) “Donation” means gift of a dead body to a research institution or medical school.

(N) “System of vital statistics” means the registration, collection, preservation, amendment, and certification of vital records, the collection of other reports required by this chapter, and activities related thereto.

(O) “Vital records” means certificates or reports of birth, death, fetal death, marriage, divorce, dissolution of marriage, annulment, and data related thereto and other documents maintained as required by statute.

(P) “File” means the presentation of vital records for registration by the office of vital statistics.

(Q) “Registration” means the acceptance by the office of vital statistics and the incorporation of vital records into its official records.

(R) “Birth record” means a birth certificate that has been registered with the office of vital statistics; or, if registered prior to March 16, 1989, with the division of vital statistics; or, if registered prior to the establishment of the division of vital statistics, with the department of
Chapter 6. Vital Statistics

3705.09 Birth certificates filing requirement.

(A) A birth certificate for each live birth in this state shall be filed in the registration district in which it occurs within ten calendar days after such birth and shall be registered if it has been completed and filed in accordance with this section.

(B) When a birth occurs in or en route to an institution, the person in charge of the institution or a designated representative shall obtain the personal data, prepare the certificate, and complete and certify the facts of birth on the certificate within ten calendar days. The physician or certified nurse-midwife in attendance shall be listed on the birth record.

(C) When a birth occurs outside an institution, the birth certificate shall be prepared and filed by one of the following in the indicated order of priority:

(1) The physician or certified nurse-midwife in attendance at or immediately after the birth;
(2) Any other person in attendance at or immediately after the birth;
(3) The father;
(4) The mother;
(5) The person in charge of the premises where the birth occurred.

(D) Either of the parents of the child or other informant shall attest to the accuracy of the personal data entered on the birth certificate in time to permit the filing of the certificate within the ten days prescribed in this section.

(E) When a birth occurs in a moving conveyance within the United States and the child is first removed from the conveyance in this state, the birth shall be registered in this state and the place where it is first removed shall be considered the place of birth. When a birth occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the child is first removed from the conveyance in this state, the birth shall be registered in this state but the record shall show the actual place of birth insofar as can be determined.

(F)(1) If the mother of a child was married at the time of either conception or birth or between conception and birth, the child shall be registered in the surname designated by the mother, and the name of the husband shall be entered on the certificate as the father of the child. The presumption of paternity shall be in accordance with section 3111.03 of the Revised Code.

(2) If the mother was not married at the time of conception or birth or between conception and birth, the child shall be registered by the surname designated by the mother. The name of the father of such child shall also be inserted on the birth certificate if both the mother and the father sign an acknowledgement of paternity affidavit before the birth record has been sent to the local registrar. If the father is not named on the birth certificate pursuant to division (F)(1) or (2) of this section, no other information about the father shall be entered on the record.

(G) When a man is presumed, found, or declared to be the father of a child, according to section 2105.26, sections 3111.01 to 3111.18, former section 3111.21, or sections 3111.38 to 3111.54 of the Revised Code, or the father has acknowledged the child as his child in an acknowledgment of paternity, and the acknowledgment has become final pursuant to section 2151.232, 3111.25, or 3111.821 of the Revised Code, and documentary evidence of such fact is submitted to the department of health in such form as the director may require, a new birth
Chapter 6. Vital Statistics

record shall be issued by the department which shall have the same overall appearance as the record which would have been issued under this section if a marriage had occurred before the birth of such child. Where handwriting is required to effect such appearance, the department shall supply it. Upon the issuance of such new birth record, the original birth record shall cease to be a public record. Except as provided in division (C) of section 3705.091 of the Revised Code, the original record and any documentary evidence supporting the new registration of birth shall be placed in an envelope which shall be sealed by the department and shall not be open to inspection or copy unless so ordered by a court of competent jurisdiction.

(H) Every birth certificate filed under this section on or after July 1, 1990, shall be accompanied by all social security numbers that have been issued to the parents of the child, unless the division of child support in the department of job and family services, acting in accordance with regulations prescribed under the “Family Support Act of 1988,” 102 Stat. 2353, 42 U.S.C.A. 405, as amended, finds good cause for not requiring that the numbers be furnished with the certificate. The parents’ social security numbers shall not be recorded on the certificate. No social security number obtained under this division shall be used for any purpose other than child support enforcement.

3705.16 Death certificate.

(A) For purposes of this section notwithstanding section 3705.01 of the Revised Code, “fetal death” does not include death of the product of human conception prior to twenty weeks of gestation.

(B) Each death or fetal death that occurs in this state shall be registered with the local registrar of vital statistics of the district in which the death or fetal death occurred, by the funeral director or other person in charge of the final disposition of the remains. The personal and statistical information in the death or fetal death certificate shall be obtained from the best qualified persons or sources available, by the funeral director or other person in charge of the final disposition of the remains. The statement of facts relating to the disposition of the body and information relative to the armed services referred to in section 3705.19 of the Revised Code shall be signed by the funeral director or other person in charge of the final disposition of the remains.

(C) The funeral director or other person in charge of the final disposition of the remains shall present the death or fetal death certificate to the attending physician of the decedent, the coroner, or the medical examiner, as appropriate for certification of the cause of death. If a death or fetal death occurs under any circumstances mentioned in section 313.12 of the Revised Code, the coroner in the county in which the death occurs, or a deputy coroner, medical examiner, or deputy medical examiner serving in an equivalent capacity, shall certify the cause of death unless that death was reported to the coroner, deputy coroner, medical examiner, or deputy medical examiner and that person, after a preliminary examination, declined to assert jurisdiction with respect to the death or fetal death. A physician other than the coroner in the county in which a death or fetal death occurs, or a deputy coroner, medical examiner, or deputy medical examiner serving in an equivalent capacity, may certify only those deaths that occur under natural circumstances.

The medical certificate of death shall be completed and signed by the physician who attended the decedent or by the coroner or medical examiner, as appropriate, within forty-eight hours after the death or fetal death. A coroner or medical examiner may satisfy the requirement of signing a medical certificate showing the cause of death or fetal death as pending either by stamping it with a stamp of the coroner’s or medical examiner’s signature or by signing it in the coroner’s or medical examiner’s own hand, but the coroner or medical examiner shall sign any other medical certificate of death or supplementary medical certification in the coroner’s or medical examiner’s own hand.
(D) Any death certificate registered pursuant to this section shall contain the social security number of the decedent, if available. A social security number obtained under this section is a public record under section 149.43 of the Revised Code.

3705.17 Disposition of body.

The body of a person whose death occurs in this state shall not be interred, deposited in a vault or tomb, cremated, or otherwise disposed of by a funeral director until a burial permit is issued by a local registrar or sub-registrar of vital statistics. No such permit shall be issued by a local registrar or sub-registrar until a satisfactory death, fetal death, or provisional death certificate is filed with the local registrar or sub-registrar. When the medical certification as to the cause of death cannot be provided by the attending physician or coroner prior to burial, for sufficient cause, as determined by rule of the director of health, the funeral director may file a provisional death certificate with the local registrar or sub-registrar for the purpose of securing a burial or burial-transit permit. When the funeral director files a provisional death certificate to secure a burial or burial-transit permit, the funeral director shall file a satisfactory and complete death certificate within five days after the date of death. The director of health, by rule, may provide additional time for filing a satisfactory death certificate. A burial permit authorizing cremation shall not be issued upon the filing of a provisional certificate of death.

When a funeral director or other person obtains a burial permit from a local registrar or sub-registrar, the registrar or sub-registrar shall charge a fee of three dollars for the issuance of the burial permit. Two dollars and fifty cents of each fee collected for a burial permit shall be paid into the state treasury to the credit of the division of real estate in the department of commerce to be used by the division in discharging its duties prescribed in Chapter 4767 of the Revised Code and the Ohio cemetery dispute resolution commission created by section 4767.05 of the Revised Code. A local registrar or sub-registrar shall transmit payments of that portion of the amount of each fee collected under this section to the treasurer of state on a quarterly basis or more frequently, if possible. The director of health, by rule, shall provide for the issuance of a burial permit without the payment of the fee required by this section if the total cost of the burial will be paid by an agency or instrumentality of the United States, the state or a state agency, or a political subdivision of the state.

The director of commerce may by rule adopted in accordance with Chapter 119 of the Revised Code reduce the total amount of the fee required by this section and that portion of the amount of the fee required to be paid to the credit of the division of real estate for the use of the division and the Ohio cemetery dispute resolution commission, if the director determines that the total amount of funds the fee is generating at the amount required by this section exceeds the amount of funds the division of real estate and the commission need to carry out their powers and duties prescribed in Chapter 4767 of the Revised Code.

No person in charge of any premises in which interments or cremations are made shall inter or cremate or otherwise dispose of a body, unless it is accompanied by a burial permit. Each person in charge of a cemetery, crematory, or other place of disposal shall indorse upon a burial permit the date of interment, cremation, or other disposal and shall retain such permits for a period of at least five years. The person in charge shall keep an accurate record of all interments, cremations, or other disposal of dead bodies, made in the premises under the person's charge, stating the name of the deceased person, place of death, date of burial, cremation, or other disposal, and name and address of the funeral director. Such record shall at all times be open to public inspection.

3705.20 Certificate of fetal death.

(A) The fetal death of the product of human conception of at least twenty weeks of
gestation shall be registered on a fetal death certificate.

On application of either parent, the fetal death of the product of human conception prior to twenty weeks of gestation shall be registered on a fetal death certificate, except that the fetal death certificate shall not list the cause of death.

The parent shall include with the application a copy of the statement required by division (B)(1) of section 3727.16 or division (B)(1) of section 4731.82 of the Revised Code. If the father submits the application, he shall also include with it a signed and notarized document from the mother attesting that she voluntarily provided the father with a copy of the statement.

A fetal death certificate for the product of human conception prior to twenty weeks gestation is not proof of a live birth for purposes of federal, state, and local taxes.

(B) The product of human conception of at least twenty weeks of gestation that suffers a fetal death occurring in Ohio shall not be interred, deposited in a vault or tomb, cremated, or otherwise disposed of by a funeral director or other person until a fetal death certificate or provisional death certificate has been filed with and a burial permit is issued by the local registrar of vital statistics of the registration district in which the fetal death occurs, or the body is found.

A burial permit for the product of human conception that suffers a fetal death prior to twenty weeks of gestation shall be issued by the local registrar of vital statistics of the registration district in which the fetal death occurs if either parent files a fetal death certificate with that registrar.

(C)(1) The department of health and the local registrar shall keep a separate record and index record of fetal death certificates.

(2) The personal or statistical information on the fetal death certificate shall be obtained by the funeral director or other person in charge of interment or cremation from the best qualified persons or sources available.

(D) When a burial permit is issued under division (B) of this section for the product of human conception of at least twenty weeks of gestation that suffers a fetal death, the local registrar shall inform the parent or parents listed on the fetal death certificate or provisional death certificate of the option of applying for a certificate that is issued under division (B)(3) of section 3705.23 of the Revised Code.

3727.16 Grieving parents act–hospital duty.

(A) As used in this section, “fetal death” has the same meaning as in section 3705.01 of the Revised Code, except that it does not include either of the following:

(1) The product of human conception of at least twenty weeks of gestation;

(2) The purposeful termination of a pregnancy, as described in section 2919.11 of the Revised Code.

(B) If a woman presents herself at a hospital as a result of a fetal death, the hospital shall provide the woman with all of the following:

(1) A written statement, not longer than one page in length, that confirms that the woman was pregnant and that she subsequently suffered a miscarriage that resulted in a fetal death;

(2) Notice of the right of the woman to apply for a fetal death certificate pursuant to section 3705.20 of the Revised Code;

(3) A short, general description of the hospital’s procedures for disposing of the product of a fetal death.

A hospital or hospital employee may present the notice and description required by divisions (B)(2) and (B)(3) of this section through oral or written means. The hospital or hospital employee shall document in the woman’s medical record that all of the items required by this division were provided to the woman and shall place in the record a copy of the statement required by division (B)(1) of this section.
(C) A hospital or hospital employee is immune from civil or criminal liability or professional disciplinary action with regard to any action taken in good faith compliance with this section.

4731.82 Grieving parents act–physician duty.

(A) As used in this section:
(1) “Fetal death” has the same meaning as in section 3705.01 of the Revised Code, except that it does not include either of the following:
(a) The product of human conception of at least twenty weeks of gestation;
(b) The purposeful termination of a pregnancy, as described in section 2919.11 of the Revised Code.
(2) “Physician” means an individual holding a license issued under this chapter to practice medicine and surgery or osteopathic medicine and surgery.
(B) If a woman in the process of experiencing a fetal death or with the product of human conception as a result of a fetal death presents herself to a physician and is not referred to a hospital, the attending physician shall provide the woman with all of the following:
(1) A written statement, not longer than one page in length, that confirms that the woman was pregnant and that she subsequently suffered a miscarriage that resulted in a fetal death;
(2) Notice of the right of the woman to apply for a fetal death certificate pursuant to section 3705.20 of the Revised Code;
(3) A short, general description of the attending physician's procedures for disposing of the product of a fetal death.

The attending physician may present the notice and description required by divisions (B)(2) and (B)(3) of this section through oral or written means. The physician shall document in the woman's medical record that all of the items required by this division were provided to the woman and shall place in the record a copy of the statement required by division (B)(1) of this section.

(C) A physician is immune from civil or criminal liability or professional disciplinary action with regard to any action taken in good faith compliance with this section.

4765.57 Grieving parents act–EMS disposition of fetal death product.

(A) As used in this section, “fetal death” has the same meaning as in section 3705.01 of the Revised Code.
(B) Emergency medical service personnel shall dispose of the product of a fetal death in the manner set forth for the disposition of fetal remains in the “emergency medical technician-basic: national standard curriculum.”

3701-5-01 Vital statistics; definitions.

As used in this chapter:
(A) “Live birth means the complete expulsion or extraction from its mother of a product of human conception, that after such expulsion or extraction, breathes or shows any other evidence of life such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached.
(B) “Fetal death” means death prior to the complete expulsion or extraction from its mother of a product of human conception, of at least twenty weeks of gestation, which, after such expulsion or extraction does not breathe or show any other evidence of life such as breathing of the heart, pulsation of the umbilical cord, or definite movement of voluntary
Chapter 6. Vital Statistics

muscles.

(C) “Dead body” means a human body or part of a human body from the condition of
which it reasonably may be concluded that death occurred.

(D) “Physician” means a person licensed pursuant to Chapter 4731 of the Revised Code
to practice medicine or surgery or osteopathic medicine and surgery.

(E) “Attending physician” means the physician in charge of the patient's care for the
illness or condition that resulted in death.

(F) “Institution” means any establishment, public or private, that provides medical,
surgical, or diagnostic care or treatment, or domiciliary care, to two or more unrelated
individuals, or to persons committed by law.

(G) “Funeral director” means the business or profession of directing or supervising
funerals for profit, the business or profession of preparing dead human bodies for burial by
means other than embalming, the disposition of dead human bodies, the provision or
maintenance of a place for the preparation, the care, or disposition of dead human bodies, the
use in connection with a business of the term “funeral director,” “undertaker,” “mortician,” or any
other term from which can be implied the business of funeral directing, or the holding out to the
public that one is a funeral director or a disposer of dead human bodies.

(H) “Registration district” means a city or county health district created by section
3709.01 of the Revised Code. The director of health may combine two or more primary
registration districts, or may establish any state hospital, or other public institution, as a primary
registration district.

(I) “State registrar” means the head of the bureau of vital statistics in the department of
health.

(J) “Local registrar” means the head of a primary registration district.

(K) “Deputy registrar” means an individual appointed by the local registrar, with the
approval of the director, under section 3705.05, of the Revised Code. In the case of the
absence, illness, or disability of the local registrar, the deputy registrar acts in his or her place.

(L) “Sub-registrar” means a person appointed by a local registrar for the purpose of
approving permits for the disposition of remains, as provided in section 3705.17 of the Revised
Code.

(M) “Final disposition” means the burial, cremation, entombment, removal from the state,
donation, or other authorized disposition of a dead body or a fetus.

(N) “Cremation” means the reduction to ashes of a dead body.

(O) “System of vital statistics means the registration, collection, preservation,
amendment, and certification of vital records, the collection of other reports required by Chapter
3705 of the Revised Code and activities related thereto.

(P) “Vital records” means certificates or reports of birth, death, fetal death, or abstracts of
marriage, divorce, dissolution, and annulment, and data related thereto and other documents
maintained as required by statute.

(Q) “File” means the presentation of vital records to the local registrar.

(R) “Registration” means the acceptance by the bureau of vital statistics and the
incorporation of vital records into its official records.

(S) “Birth record” means a birth certificate that has been registered with the office of vital
statistics; or, if registered prior to the effective date of this section, with the division of vital
statistics; or, if registered prior to the establishment of the division of vital statistics, with the
department of health or a local registrar.

(T) “Certification of birth” means a document issued by the director of health or state
registrar or a local registrar under division (B) of section 3705.23 of the Revised Code.

(U) “Director” means the director of health.

(V) “Physician in attendance” means the physician who was in attendance at or
immediately after the birth of the child or, the physician who is the chief or head of the
department or section of obstetrics in the institution.

(W) “Governmental use only certificate” means a vital record issued to a local, state or federal government agency for use in official government business. The governmental use only certificate will be a plain paper copy issued free of charge and will be marked as a governmental use only certificate. A certified copy of a governmental use only certificate will be issued free of charge upon issuance of a court ordered subpoena for a vital record.

(X) “Stillbirth certificate” means a certificate recognizing the fetal death of an infant at any age of gestation. The director or state registrar shall issue a stillbirth certificate upon receipt of a application signed by either parent. The certificate shall contain the name of the infant, sex of the infant, and date of delivery and place of delivery. The director, state registrar, or local registrar shall charge no fee for the certificate. A certificate recognizing the delivery of a stillborn infant is not proof of a live birth for purposes of federal, state and local taxes.

(Y) “Delayed birth” means any birth that happens in an institution, that is not registered within seven years of date of birth, or is not registered within one year, if the birth occurs out of institution.

3701-5-04 Delayed birth registration.

(A) All birth certificates shall be completed within ten days of birth. All certificates of birth must be presented for filing within twenty-one days of the date of birth with either the local registrar who, at the time the certificate is filed, has jurisdiction over the registration district where the birth occurred, or with the state registrar. If the birth was attended by a physician, the certificate of birth contains the physician’s name and date; or if the birth was not attended by a physician, or was attended by a physician who is deceased, the certificate of birth is supported by an affidavit of an individual, other than one of the child’s parents, who has knowledge that the birth occurred at the time and place indicated on the certificate of birth. An affidavit required by this paragraph shall affirm that the birth occurred at the time and place indicated on the certificate.

(B) A certificate of birth for an institution birth, filed more than one year but not more than seven years after the birth occurred shall be registered if it meets the requirements of paragraph (D) of this rule and if the birth was attended by a physician, the local registrar shall submit the certificate to the bureau of vital statistics with a written request that the bureau search the state files to determine whether an original certificate of birth was filed at the time of birth. The local registrar shall register the certificate of birth if the bureau of vital statistics determines that no original certificate of birth was registered and the state registrar approves the registration.

(C) The birth of any person whose institution birth was not registered within seven years after the birth occurred, or whose birth record has been lost or destroyed, shall be registered upon receipt of an order from a probate court, issued pursuant to section 3705.15 of the Revised Code, ordering registration of the birth.

(D) In addition to the applicable requirements of paragraphs (A) and (B) of this rule, a delayed birth certificate, to be registered, shall meet all of the following requirements:

1) The certificate shall be accompanied by all social security numbers that have been issued to the parents of the child, unless the bureau of child support in the Ohio department of job and family services, acting in accordance with regulations prescribed under the Family Support Act of 1988, 102 Stat. 2353, 42 U.S.C.A. 405, as amended, finds good cause for not requiring that the numbers be furnished with the certificate;

2) The parents’ social security numbers shall not be recorded on the certificate;

3) The local registrar of vital statistics shall transmit the social security numbers to the state bureau of vital statistics in accordance with section 3705.07 of the Revised Code.

(E) No social security number obtained under this section shall be used for any purpose other than child support enforcement.
**3701-5-06 Medical certificate of death.**

The medical certificate of death shall be completed and certified by the attending physician who attended the deceased, or by the coroner, within forty-eight hours after death, unless the results of an autopsy or chemical or biological examination are pending.

**3701-5-07 Death certificate when the cause of death unknown.**

When the results of a coroner's investigation or a medical examination to determine the cause of death are not known within five days from the date of death, the coroner or attending physician, as applicable, shall certify the certificate of death, enter “pending” or “pending - not drug related” in the cause of death portion, and return the certificate to the funeral director or other person in charge of final disposition. The funeral director shall immediately file the certificate of death or fetal death report with the local registrar. If there is no funeral home, the agent shall file the death certificate with the local registrar. When the cause of death has been determined, the coroner or attending physician, as applicable shall complete the supplementary medical certification form prescribed and provided by the director. The coroner or physician shall file the form with the local registrar as an addendum to the previously filed certificate of death no later than six months after the date of death.

**3701-5-16 Birth certificate for birth outside an institution.**

(A) In any case where a birth occurs outside an institution and the birth certificate is filed within one year of the birth, documentation of the following shall be required in order to register an out of institution birth:

(1) Evidence of pregnancy, such as, but not limited to:
   (a) Prenatal or postnatal record, or
   (b) A statement from a physician or other health care provider qualified to determine pregnancy, or
   (c) A home visit by a public health nurse or other health care provider, or
   (d) Other evidence acceptable to the state registrar.

(2) Evidence that the infant was born alive, such as but not limited to:
   (a) A statement from the physician or other health care provider who saw or examined the infant, or
   (b) An observation of the infant during a home visit by a public health nurse, or
   (c) Other evidence acceptable to the state registrar.

(3) If the birth occurred in the mother's residence, evidence of the mother's presence in Ohio on the date of the birth, such as but not limited to:
   (a) A driver's license, or a state issued identification card, which includes the mother's current residence on the face of the license or card, or
   (b) A rent receipt or any type of utility, telephone or other bill that includes the mother's name and address.

(4) If the birth occurred outside of the mother's place of residence and the mother is a resident of this state, such evidence shall consist of:
   (a) An affidavit from the tenant of the premises where the birth occurred that the mother was present on those premises at the time of the birth and;
   (b) Evidence of the affiant's residence;
   (c) Evidence of the mother's residence;
   (d) Any other evidence acceptable to the state registrar.
(B) At the discretion of the state registrar, additional evidence may be required to verify the facts of birth. If the required evidence is not available and the local registrar is not able to verify the facts of birth, the out of institution birth may be filed at the state registrar’s discretion.

(C) An out of institution birth that has not been filed within one year of date of birth, must be filed with the applicable probate court and forwarded to the state bureau of vital statistics for registration.
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange

Part I. Medical and Other Liability

[Editor’s Note: Additional statutes involving liability and immunity are listed elsewhere in this handbook under the applicable topic area.]

9.86 Employee and officer civil liability.

Except for civil actions that arise out of the operation of a motor vehicle and civil actions in which the state is the plaintiff, no officer or employee shall be liable in any civil action that arises under the law of this state for damage or injury caused in the performance of his duties, unless the officer’s or employee’s actions were manifestly outside the scope of his employment or official responsibilities, or unless the officer or employee acted with malicious purpose, in bad faith, or in a wanton or reckless manner.

This section does not eliminate, limit, or reduce any immunity from civil liability that is conferred upon an officer or employee by any other provision of the Revised Code or by case law. This section does not affect the liability of the state in an action filed against the state in the court of claims pursuant to Chapter 2743 of the Revised Code.

2108.30 Human fluids or body parts transactions not sales.

Subject to the prohibition in section 2108.18 of the Revised Code, the procuring, furnishing, donating, processing, distributing, or using of human whole blood, plasma, blood products, blood derivatives, and products, corneas, bones, organs, or other human tissue except hair, for the purpose of injecting, transfusing, or transplanting the fluid or body part in another human body, is considered for all purposes as the rendition of a service by every person participating in the act and not a sale of any such fluid or body part. No warranties of any kind or description are applicable to the act.

2125.01 Wrongful death.

When the death of a person is caused by wrongful act, neglect, or default which would have entitled the party injured to maintain an action and recover damages if death had not ensued, the person who would have been liable if death had not ensued, or the administrator or executor of the estate of such person, as such administrator or executor, shall be liable to an action for damages, notwithstanding the death of the person injured and although the death was caused under circumstances which make it aggravated murder, murder, or manslaughter. When the action is against such administrator or executor, the damages recovered shall be a valid claim against the estate of such deceased person. No action for the wrongful death of a person may be maintained against the owner or lessee of the real property upon which the death occurred if the cause of the death was the violent unprovoked act of a party other than the owner, lessee, or a person under the control of the owner or lessee, unless the acts or omissions of the owner, lessee, or person under the control of the owner or lessee constitute gross negligence.

When death is caused by a wrongful act, neglect, or default in another state or foreign country, for which a right to maintain an action and recover damages is given by a statute of
such other state or foreign country, such right of action may be enforced in this state. Every such action shall be commenced within the time prescribed for the commencement of such actions by the statute of such other state or foreign country.

The same remedy shall apply to any such cause of action now existing and to any such action commenced before January 1, 1932, or attempted to be commenced in proper time and now appearing on the files of any court within this state, and no prior law of this state shall prevent the maintenance of such cause of action.

2305.11 Non-medical torts statute of limitations.

(A) An action for libel, slander, malicious prosecution, or false imprisonment, an action for malpractice other than an action upon a medical, dental, optometric, or chiropractic claim, or an action upon a statute for a penalty or forfeiture shall be commenced within one year after the cause of action accrued, provided that an action by an employee for the payment of unpaid minimum wages, unpaid overtime compensation, or liquidated damages by reason of the nonpayment of minimum wages or overtime compensation shall be commenced within two years after the cause of action accrued.

(B) A civil action for unlawful abortion pursuant to section 2919.12 of the Revised Code, a civil action authorized by division (H) of section 2317.56 of the Revised Code, a civil action pursuant to division (B) of section 2307.52 of the Revised Code for terminating or attempting to terminate a human pregnancy after viability in violation of division (A) of section 2919.17 of the Revised Code, and a civil action for terminating or attempting to terminate a human pregnancy of a pain-capable unborn child in violation of division (E) of section 2919.201 of the Revised Code shall be commenced within one year after the performance or inducement of the abortion or within one year after the attempt to perform or induce the abortion in violation of division (A) of section 2919.17 of the Revised Code or division (E) of section 2919.201 of the Revised Code.

(C) As used in this section, “medical claim,” “dental claim,” “optometric claim,” and “chiropractic claim” have the same meanings as in section 2305.113 of the Revised Code.

2305.113 Time limit for claims.

[Editor’s Note: This version of the statute is effective until 1/21/2018. The version effective subsequently is included next.]

(A) Except as otherwise provided in this section, an action upon a medical, dental, optometric, or chiropractic claim shall be commenced within one year after the cause of action accrued.

(B)(1) If prior to the expiration of the one-year period specified in division (A) of this section, a claimant who allegedly possesses a medical, dental, optometric, or chiropractic claim gives to the person who is the subject of that claim written notice that the claimant is considering bringing an action upon that claim, that action may be commenced against the person notified at any time within one hundred eighty days after the notice is so given.

(2) An insurance company shall not consider the existence or nonexistence of a written notice described in division (B)(1) of this section in setting the liability insurance premium rates that the company may charge the company’s insured person who is notified by that written notice.

(C) Except as to persons within the age of minority or of unsound mind as provided by section 2305.16 of the Revised Code, and except as provided in division (D) of this section, both of the following apply:

(1) No action upon a medical, dental, optometric, or chiropractic claim shall be commenced more than four years after the occurrence of the act or omission constituting the
alleged basis of the medical, dental, optometric, or chiropractic claim.

(2) If an action upon a medical, dental, optometric, or chiropractic claim is not commenced within four years after the occurrence of the act or omission constituting the alleged basis of the medical, dental, optometric, or chiropractic claim, then, any action upon that claim is barred.

(D)(1) If a person making a medical claim, dental claim, optometric claim, or chiropractic claim, in the exercise of reasonable care and diligence, could not have discovered the injury resulting from the act or omission constituting the alleged basis of the claim within three years after the occurrence of the act or omission, but, in the exercise of reasonable care and diligence, discovers the injury resulting from that act or omission before the expiration of the four-year period specified in division (C)(1) of this section, the person may commence an action upon the claim not later than one year after the person discovers the injury resulting from that act or omission.

(2) If the alleged basis of a medical claim, dental claim, optometric claim, or chiropractic claim is the occurrence of an act or omission that involves a foreign object that is left in the body of the person making the claim, the person may commence an action upon the claim not later than one year after the person discovered the foreign object or not later than one year after the person, with reasonable care and diligence, should have discovered the foreign object.

(3) A person who commences an action upon a medical claim, dental claim, optometric claim, or chiropractic claim under the circumstances described in division (D)(1) or (2) of this section has the affirmative burden of proving, by clear and convincing evidence, that the person, with reasonable care and diligence, could not have discovered the injury resulting from the act or omission constituting the alleged basis of the claim within the three-year period described in division (D)(1) of this section or within the one-year period described in division (D)(2) of this section, whichever is applicable.

(E) As used in this section:

(1) “Hospital” includes any person, corporation, association, board, or authority that is responsible for the operation of any hospital licensed or registered in the state, including, but not limited to, those that are owned or operated by the state, political subdivisions, any person, any corporation, or any combination of the state, political subdivisions, persons, and corporations. “Hospital” also includes any person, corporation, association, board, entity, or authority that is responsible for the operation of any clinic that employs a full-time staff of physicians practicing in more than one recognized medical specialty and rendering advice, diagnosis, care, and treatment to individuals. “Hospital” does not include any hospital operated by the government of the United States or any of its branches.

(2) “Physician” means a person who is licensed to practice medicine and surgery or osteopathic medicine and surgery by the state medical board or a person who otherwise is authorized to practice medicine and surgery or osteopathic medicine and surgery in this state.

(3) “Medical claim” means any claim that is asserted in any civil action against a physician, podiatrist, hospital, home, or residential facility, against any employee or agent of a physician, podiatrist, hospital, home, or residential facility, or against a licensed practical nurse, registered nurse, advanced practice registered nurse, physical therapist, physician assistant, emergency medical technician-basic, emergency medical technician-intermediate, or emergency medical technician-paramedic, and that arises out of the medical diagnosis, care, or treatment of any person. “Medical claim” includes the following:

(a) Derivative claims for relief that arise from the plan of care, medical diagnosis, or treatment of a person;

(b) Claims that arise out of the plan of care, medical diagnosis, or treatment of any person and to which either of the following applies:

(i) The claim results from acts or omissions in providing medical care.

(ii) The claim results from the hiring, training, supervision, retention, or termination of
caregivers providing medical diagnosis, care, or treatment.

(c) Claims that arise out of the plan of care, medical diagnosis, or treatment of any person and that are brought under section 3721.17 of the Revised Code;

(d) Claims that arise out of skilled nursing care or personal care services provided in a home pursuant to the plan of care, medical diagnosis, or treatment.

(4) “Podiatrist” means any person who is licensed to practice podiatric medicine and surgery by the state medical board.

(5) “Dentist” means any person who is licensed to practice dentistry by the state dental board.

(6) “Dental claim” means any claim that is asserted in any civil action against a dentist, or against any employee or agent of a dentist, and that arises out of a dental operation or the dental diagnosis, care, or treatment of any person. “Dental claim” includes derivative claims for relief that arise from a dental operation or the dental diagnosis, care, or treatment of a person.

(7) “Derivative claims for relief” include, but are not limited to, claims of a parent, guardian, custodian, or spouse of an individual who was the subject of any medical diagnosis, care, or treatment, dental diagnosis, care, or treatment, dental operation, optometric diagnosis, care, or treatment, or chiropractic diagnosis, care, or treatment, that arise from that diagnosis, care, treatment, or operation, and that seek the recovery of damages for any of the following:

(a) Loss of society, consortium, companionship, care, assistance, attention, protection, advice, guidance, counsel, instruction, training, or education, or any other intangible loss that was sustained by the parent, guardian, custodian, or spouse;
(b) Expenditures of the parent, guardian, custodian, or spouse for medical, dental, optometric, or chiropractic care or treatment, for rehabilitation services, or for other care, treatment, services, products, or accommodations provided to the individual who was the subject of the medical diagnosis, care, or treatment, the dental diagnosis, care, or treatment, the dental operation, the optometric diagnosis, care, or treatment, or the chiropractic diagnosis, care, or treatment.

(8) “Registered nurse” means any person who is licensed to practice nursing as a registered nurse by the board of nursing.

(9) “Chiropractic claim” means any claim that is asserted in any civil action against a chiropractor, or against any employee or agent of a chiropractor, and that arises out of the chiropractic diagnosis, care, or treatment of any person. “Chiropractic claim” includes derivative claims for relief that arise from the chiropractic diagnosis, care, or treatment of a person.

(10) “Chiropractor” means any person who is licensed to practice chiropractic by the state chiropractic board.

(11) “Optometric claim” means any claim that is asserted in any civil action against an optometrist, or against any employee or agent of an optometrist, and that arises out of the optometric diagnosis, care, or treatment of any person. “Optometric claim” includes derivative claims for relief that arise from the optometric diagnosis, care, or treatment of a person.

(12) “Optometrist” means any person licensed to practice optometry by the state board of optometry.

(13) “Physical therapist” means any person who is licensed to practice physical therapy under Chapter 4755 of the Revised Code.

(14) “Home” has the same meaning as in section 3721.10 of the Revised Code.

(15) “Residential facility” means a facility licensed under section 5123.19 of the Revised Code.

(16) “Advanced practice registered nurse” has the same meaning as in section 4723.01 of the Revised Code.

(17) “Licensed practical nurse” means any person who is licensed to practice nursing as a licensed practical nurse by the board of nursing pursuant to Chapter 4723 of the Revised Code.
(18) “Physician assistant” means any person who is licensed as a physician assistant under Chapter 4730 of the Revised Code.

(19) “Emergency medical technician-basic,” “emergency medical technician-intermediate,” and “emergency medical technician-paramedic” means any person who is certified under Chapter 4765 of the Revised Code as an emergency medical technician-basic, emergency medical technician-intermediate, or emergency medical technician-paramedic, whichever is applicable.

(20) “Skilled nursing care” and “personal care services” have the same meanings as in section 3721.01 of the Revised Code.

2305.113 Time limit for claims.

[Editor’s Note: This version of the statute is effective 1/21/2018. The version effective prior to that date is included previously.]

(A) Except as otherwise provided in this section, an action upon a medical, dental, optometric, or chiropractic claim shall be commenced within one year after the cause of action accrued.

(B)(1) If prior to the expiration of the one-year period specified in division (A) of this section, a claimant who allegedly possesses a medical, dental, optometric, or chiropractic claim gives to the person who is the subject of that claim written notice that the claimant is considering bringing an action upon that claim, that action may be commenced against the person notified at any time within one hundred eighty days after the notice is so given.

(2) An insurance company shall not consider the existence or nonexistence of a written notice described in division (B)(1) of this section in setting the liability insurance premium rates that the company may charge the company’s insured person who is notified by that written notice.

(C) Except as to persons within the age of minority or of unsound mind as provided by section 2305.16 of the Revised Code, and except as provided in division (D) of this section, both of the following apply:

(1) No action upon a medical, dental, optometric, or chiropractic claim shall be commenced more than four years after the occurrence of the act or omission constituting the alleged basis of the medical, dental, optometric, or chiropractic claim.

(2) If an action upon a medical, dental, optometric, or chiropractic claim is not commenced within four years after the occurrence of the act or omission constituting the alleged basis of the medical, dental, optometric, or chiropractic claim, then, any action upon that claim is barred.

(D)(1) If a person making a medical claim, dental claim, optometric claim, or chiropractic claim, in the exercise of reasonable care and diligence, could not have discovered the injury resulting from the act or omission constituting the alleged basis of the claim within three years after the occurrence of the act or omission, but, in the exercise of reasonable care and diligence, discovers the injury resulting from that act or omission before the expiration of the four-year period specified in division (C)(1) of this section, the person may commence an action upon the claim not later than one year after the person discovers the injury resulting from that act or omission.

(2) If the alleged basis of a medical claim, dental claim, optometric claim, or chiropractic claim is the occurrence of an act or omission that involves a foreign object that is left in the body of the person making the claim, the person may commence an action upon the claim not later than one year after the person discovered the foreign object or not later than one year after the person, with reasonable care and diligence, should have discovered the foreign object.

(3) A person who commences an action upon a medical claim, dental claim, optometric claim, or chiropractic claim, in the exercise of reasonable care and diligence, could not have discovered the injury resulting from the act or omission constituting the alleged basis of the claim within three years after the occurrence of the act or omission, but, in the exercise of reasonable care and diligence, discovers the injury resulting from that act or omission before the expiration of the four-year period specified in division (C)(1) of this section, the person may commence an action upon the claim not later than one year after the person discovers the injury resulting from that act or omission.
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange

Part I. Medical and Other Liability

...
advice, guidance, counsel, instruction, training, or education, or any other intangible loss that was sustained by the parent, guardian, custodian, or spouse;

(b) Expenditures of the parent, guardian, custodian, or spouse for medical, dental, optometric, or chiropractic care or treatment, for rehabilitation services, or for other care, treatment, services, products, or accommodations provided to the individual who was the subject of the medical diagnosis, care, or treatment, the dental diagnosis, care, or treatment, the dental operation, the optometric diagnosis, care, or treatment, or the chiropractic diagnosis, care, or treatment.

(8) “Registered nurse” means any person who is licensed to practice nursing as a registered nurse by the board of nursing.

(9) “Chiropractic claim” means any claim that is asserted in any civil action against a chiropractor, or against any employee or agent of a chiropractor, and that arises out of the chiropractic diagnosis, care, or treatment of any person. “Chiropractic claim” includes derivative claims for relief that arise from the chiropractic diagnosis, care, or treatment of a person.

(10) “Chiropractor” means any person who is licensed to practice chiropractic by the state chiropractic board.

(11) “Optometric claim” means any claim that is asserted in any civil action against an optometrist, or against any employee or agent of an optometrist, and that arises out of the optometric diagnosis, care, or treatment of any person. “Optometric claim” includes derivative claims for relief that arise from the optometric diagnosis, care, or treatment of a person.

(12) “Optometrist” means any person licensed to practice optometry by the state vision professionals board.

(13) “Physical therapist” means any person who is licensed to practice physical therapy under Chapter 4755 of the Revised Code.

(14) “Home” has the same meaning as in section 3721.10 of the Revised Code.

(15) “Residential facility” means a facility licensed under section 5123.19 of the Revised Code.

(16) “Advanced practice registered nurse” has the same meaning as in section 4723.01 of the Revised Code.

(17) “Licensed practical nurse” means any person who is licensed to practice nursing as a licensed practical nurse by the board of nursing pursuant to Chapter 4723 of the Revised Code.

(18) “Physician assistant” means any person who is licensed as a physician assistant under Chapter 4730 of the Revised Code.

(19) “Emergency medical technician-basic,” “emergency medical technician-intermediate,” and “emergency medical technician-paramedic” means any person who is certified under Chapter 4765 of the Revised Code as an emergency medical technician-basic, emergency medical technician-intermediate, or emergency medical technician-paramedic, whichever is applicable.

(20) “Skilled nursing care” and “personal care services” have the same meanings as in section 3721.01 of the Revised Code.

2305.23 Emergency care liability.

No person shall be liable in civil damages for administering emergency care or treatment at the scene of an emergency outside of a hospital, doctor’s office, or other place having proper medical equipment, for acts performed at the scene of such emergency, unless such acts constitute willful or wanton misconduct.

Nothing in this section applies to the administering of such care or treatment where the same is rendered for remuneration, or with the expectation of remuneration, from the recipient of such care or treatment or someone on his behalf. The administering of such care or treatment...
by one as a part of his duties as a paid member of any organization of law enforcement officers or fire fighters does not cause such to be a rendering for remuneration or expectation of remuneration.

2305.231 Immunity for healthcare volunteers in school athletics.

(A) As used in this section:
(1) “Dentist” means a person who is licensed under Chapter 4715 of the Revised Code to practice dentistry.
(2) “Physician” means a person who holds a certificate issued by the state medical board to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery.
(3) “Registered nurse” means a nurse who is licensed as a registered nurse under Chapter 4723 of the Revised Code.
(4) “Therapeutic recreation” means adoptive recreation services to persons with illnesses or disabling conditions in order to do any of the following:
   (a) Restore, remediate, or rehabilitate;
   (b) Improve functioning and independence;
   (c) Reduce or eliminate the effects of illness or disability.
(B) No physician who volunteers the physician's services as a team physician or team podiatrist to a school's athletics program, no dentist who volunteers the dentist's services as a team dentist to a school's athletics program, and no registered nurse who volunteers the registered nurse's services as a team nurse to a school's athletics program is liable in damages in a civil action for administering emergency medical care, emergency dental care, other emergency professional care, or first aid treatment to a participant in an athletic event involving the school, at the scene of the event or while the participant is being transported to a hospital, physician's or dentist's office, or other medical or dental facility, or for acts performed in administering the care or treatment, unless the acts of the physician, dentist, or registered nurse constitute willful or wanton misconduct.
(C)(1) No physician who volunteers the physician's services as a camp physician at a camp that specializes in therapeutic recreation, and no registered nurse who volunteers the registered nurse's services at such a camp, is liable in damages in a civil action for either of the following:
   (a) Administering medical care, or emergency professional care, or first aid treatment to a participant in the camp or while the participant is being transported to a hospital, physician's or dentist's office, or other medical or dental facility;
   (b) Acts performed in administering that care or treatment.
   (2) Division (C)(1) of this section does not apply if the acts of the physician or registered nurse constitute willful or wanton misconduct.
(D) This section does not apply if the administration of emergency medical care, emergency dental care, other emergency professional care, or first aid treatment is rendered for remuneration, or with the expectation of remuneration, from the recipient of the care or treatment or from someone on the recipient's behalf.

2305.234 Volunteer and nonprofit immunity.

(A) As used in this section:
(1) “Chiropractic claim,” “medical claim,” and “optometric claim” have the same meanings as in section 2305.113 of the Revised Code.
(2) “Dental claim” has the same meaning as in section 2305.113 of the Revised Code, except that it does not include any claim arising out of a dental operation or any derivative claim
for relief that arises out of a dental operation.

(3) “Governmental health care program” has the same meaning as in section 4731.65 of the Revised Code.

(4) “Health care facility or location” means a hospital, clinic, ambulatory surgical facility, office of a health care professional or associated group of health care professionals, training institution for health care professionals, a free clinic or other nonprofit shelter or health care facility as those terms are defined in section 3701.071 of the Revised Code, or any other place where medical, dental, or other health-related diagnosis, care, or treatment is provided to a person.

(5) “Health care professional” means any of the following who provide medical, dental, or other health-related diagnosis, care, or treatment:

(a) Physicians authorized under Chapter 4731 of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery;
(b) Advanced practice registered nurses, registered nurses, and licensed practical nurses licensed under Chapter 4723 of the Revised Code;
(c) Physician assistants authorized to practice under Chapter 4730 of the Revised Code;
(d) Dentists and dental hygienists licensed under Chapter 4715 of the Revised Code;
(e) Physical therapists, physical therapist assistants, occupational therapists, occupational therapy assistants, and athletic trainers licensed under Chapter 4755 of the Revised Code;
(f) Chiropractors licensed under Chapter 4734 of the Revised Code;
(g) Optometrists licensed under Chapter 4725 of the Revised Code;
(h) Podiatrists authorized under Chapter 4731 of the Revised Code to practice podiatry;
(i) Dietitians licensed under Chapter 4759 of the Revised Code;
(j) Pharmacists licensed under Chapter 4729 of the Revised Code;
(k) Emergency medical technicians-basic, emergency medical technicians-intermediate, and emergency medical technicians-paramedic, certified under Chapter 4765 of the Revised Code;
(l) Respiratory care professionals licensed under Chapter 4761 of the Revised Code;
(m) Speech-language pathologists and audiologists licensed under Chapter 4753 of the Revised Code;
(n) Licensed professional clinical counselors, licensed professional counselors, independent social workers, social workers, independent marriage and family therapists, and marriage and family therapists, licensed under Chapter 4757 of the Revised Code;
(o) Psychologists licensed under Chapter 4732 of the Revised Code;
(p) Independent chemical dependency counselors-clinical supervisors, independent chemical dependency counselors, chemical dependency counselors III, and chemical dependency counselors II, licensed under Chapter 4758 of the Revised Code, and chemical dependency counselor assistants, prevention consultants, prevention specialists, prevention specialist assistants, and registered applicants, certified under that chapter.

(6) “Health care worker” means a person other than a health care professional who provides medical, dental, or other health-related care or treatment under the direction of a health care professional with the authority to direct that individual's activities, including medical technicians, medical assistants, dental assistants, orderlies, aides, and individuals acting in similar capacities.

(7) “Indigent and uninsured person” means a person who meets both of the following requirements:

(a) Relative to being indigent, the person’s income is not greater than two hundred percent of the federal poverty line, as defined by the United States Office of Management and Budget and revised in accordance with section 673(2) of the “Omnibus Budget Reconciliation Act of 1981,” 95 Stat. 511, 42 U.S.C. 9902, as amended, except in any case in which division
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part I. Medical and Other Liability

(A)(7)(b)(iii) of this section includes a person whose income is greater than two hundred percent of the federal poverty line.

(b) Relative to being uninsured, one of the following applies:
   (i) The person is not a policyholder, certificate holder, insured, contract holder, subscriber, enrollee, member, beneficiary, or other covered individual under a health insurance or health care policy, contract, or plan.
   (ii) The person is a policyholder, certificate holder, insured, contract holder, subscriber, enrollee, member, beneficiary, or other covered individual under a health insurance or health care policy, contract, or plan, but the insurer, policy, contract, or plan denies coverage or is the subject of insolvency or bankruptcy proceedings in any jurisdiction.
   (iii) Until June 30, 2019, the person is eligible for the medicaid program or is a medicaid recipient.
   (iv) Except as provided in division (A)(7)(b)(iii) of this section, the person is not eligible for or a recipient, enrollee, or beneficiary of any governmental health care program.

(8) “Nonprofit health care referral organization” means an entity that is not operated for profit and refers patients to, or arranges for the provision of, health-related diagnosis, care, or treatment by a health care professional or health care worker.

(9) “Operation” means any procedure that involves cutting or otherwise infiltrating human tissue by mechanical means, including surgery, laser surgery, ionizing radiation, therapeutic ultrasound, or the removal of intraocular foreign bodies. “Operation” does not include the administration of medication by injection, unless the injection is administered in conjunction with a procedure infiltrating human tissue by mechanical means other than the administration of medicine by injection. “Operation” does not include routine dental restorative procedures, the scaling of teeth, or extractions of teeth that are not impacted.

(10) “Tort action” means a civil action for damages for injury, death, or loss to person or property other than a civil action for damages for a breach of contract or another agreement between persons or government entities.

(11) “Volunteer” means an individual who provides any medical, dental, or other health-care related diagnosis, care, or treatment without the expectation of receiving and without receipt of any compensation or other form of remuneration from an indigent and uninsured person, another person on behalf of an indigent and uninsured person, any health care facility or location, any nonprofit health care referral organization, or any other person or government entity.

(12) “Community control sanction” has the same meaning as in section 2929.01 of the Revised Code.

(13) “Deep sedation” means a drug-induced depression of consciousness during which a patient cannot be easily aroused but responds purposefully following repeated or painful stimulation, a patient's ability to independently maintain ventilatory function may be impaired, a patient may require assistance in maintaining a patent airway and spontaneous ventilation may be inadequate, and cardiovascular function is usually maintained.

(14) “General anesthesia” means a drug-induced loss of consciousness during which a patient is not arousable, even by painful stimulation, the ability to independently maintain ventilatory function is often impaired, a patient often requires assistance in maintaining a patent airway, positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function, and cardiovascular function may be impaired.

(B)(1) Subject to divisions (F) and (G)(3) of this section, a health care professional who is a volunteer and complies with division (B)(2) of this section is not liable in damages to any person or government entity in a tort or other civil action, including an action on a medical, dental, chiropractic, optometric, or other health-related claim, for injury, death, or loss to person or property that allegedly arises from an action or omission of the volunteer in the provision to
an indigent and uninsured person of medical, dental, or other health-related diagnosis, care, or treatment, including the provision of samples of medicine and other medical products, unless the action or omission constitutes willful or wanton misconduct.

(2) To qualify for the immunity described in division (B)(1) of this section, a health care professional shall do all of the following prior to providing diagnosis, care, or treatment:

(a) Determine, in good faith, that the indigent and uninsured person is mentally capable of giving informed consent to the provision of the diagnosis, care, or treatment and is not subject to duress or under undue influence;

(b) Inform the person of the provisions of this section, including notifying the person that, by giving informed consent to the provision of the diagnosis, care, or treatment, the person cannot hold the health care professional liable for damages in a tort or other civil action, including an action on a medical, dental, chiropractic, optometric, or other health-related claim, unless the action or omission of the health care professional constitutes willful or wanton misconduct;

(c) Obtain the informed consent of the person and a written waiver, signed by the person or by another individual on behalf of and in the presence of the person, that states that the person is mentally competent to give informed consent and, without being subject to duress or under undue influence, gives informed consent to the provision of the diagnosis, care, or treatment subject to the provisions of this section. A written waiver under division (B)(2)(c) of this section shall state clearly and in conspicuous type that the person or other individual who signs the waiver is signing it with full knowledge that, by giving informed consent to the provision of the diagnosis, care, or treatment, the person cannot bring a tort or other civil action, including an action on a medical, dental, chiropractic, optometric, or other health-related claim, against the health care professional unless the action or omission of the health care professional constitutes willful or wanton misconduct.

(3) A physician or podiatrist who is not covered by medical malpractice insurance, but complies with division (B)(2) of this section, is not required to comply with division (A) of section 4731.143 of the Revised Code.

(C) Subject to divisions (F) and (G)(3) of this section, health care workers who are volunteers are not liable in damages to any person or government entity in a tort or other civil action, including an action upon a medical, dental, chiropractic, optometric, or other health-related claim, for injury, death, or loss to person or property that allegedly arises from an action or omission of the health care worker in the provision to an indigent and uninsured person of medical, dental, or other health-related diagnosis, care, or treatment, unless the action or omission constitutes willful or wanton misconduct.

(D) Subject to divisions (F) and (G)(3) of this section, a nonprofit health care referral organization is not liable in damages to any person or government entity in a tort or other civil action, including an action on a medical, dental, chiropractic, optometric, or other health-related claim, for injury, death, or loss to person or property that allegedly arises from an action or omission of the nonprofit health care referral organization in referring indigent and uninsured persons to, or arranging for the provision of, medical, dental, or other health-related diagnosis, care, or treatment by a health care professional described in division (B)(1) of this section or a health care worker described in division (C) of this section, unless the action or omission constitutes willful or wanton misconduct.

(E) Subject to divisions (F) and (G)(3) of this section and to the extent that the registration requirements of section 3701.071 of the Revised Code apply, a health care facility or location associated with a health care professional described in division (B)(1) of this section, a health care worker described in division (C) of this section, or a nonprofit health care referral organization described in division (D) of this section is not liable in damages to any person or government entity in a tort or other civil action, including an action on a medical, dental, chiropractic, optometric, or other health-related claim, for injury, death, or loss to person or
property that allegedly arises from an action or omission of the health care professional or worker or nonprofit health care referral organization relative to the medical, dental, or other health-related diagnosis, care, or treatment provided to an indigent and uninsured person on behalf of or at the health care facility or location, unless the action or omission constitutes willful or wanton misconduct.

(F)(1) Except as provided in division (F)(2) of this section, the immunities provided by divisions (B), (C), (D), and (E) of this section are not available to a health care professional, health care worker, nonprofit health care referral organization, or health care facility or location if, at the time of an alleged injury, death, or loss to person or property, the health care professionals or health care workers involved are providing one of the following:

(a) Any medical, dental, or other health-related diagnosis, care, or treatment pursuant to a community service work order entered by a court under division (B) of section 2951.02 of the Revised Code or imposed by a court as a community control sanction;
(b) Performance of an operation to which any one of the following applies:
   (i) The operation requires the administration of deep sedation or general anesthesia.
   (ii) The operation is a procedure that is not typically performed in an office.
   (iii) The individual involved is a health care professional, and the operation is beyond the scope of practice or the education, training, and competence, as applicable, of the health care professional.
(c) Delivery of a baby or any other purposeful termination of a human pregnancy.
(2) Division (F)(1) of this section does not apply when a health care professional or health care worker provides medical, dental, or other health-related diagnosis, care, or treatment that is necessary to preserve the life of a person in a medical emergency.

(G)(1) This section does not create a new cause of action or substantive legal right against a health care professional, health care worker, nonprofit health care referral organization, or health care facility or location.
(2) This section does not affect any immunities from civil liability or defenses established by another section of the Revised Code or available at common law to which a health care professional, health care worker, or nonprofit health care referral organization, or health care facility or location may be entitled in connection with the provision of emergency or other medical, dental, or other health-related diagnosis, care, or treatment.
(3) This section does not grant an immunity from tort or other civil liability to a health care professional, health care worker, or nonprofit health care referral organization, or health care facility or location for actions that are outside the scope of authority of health care professionals or health care workers.

In the case of the diagnosis, care, or treatment of an indigent and uninsured person who is eligible for the medicaid program or is a medicaid recipient, this section grants an immunity from tort or other civil liability only if the person’s diagnosis, care, or treatment is provided in a free clinic, as defined in section 3701.071 of the Revised Code.
(4) This section does not affect any legal responsibility of a health care professional, health care worker, or nonprofit health care referral organization to comply with any applicable law of this state or rule of an agency of this state.
(5) This section does not affect any legal responsibility of a health care facility or location to comply with any applicable law of this state, rule of an agency of this state, or local code, ordinance, or regulation that pertains to or regulates building, housing, air pollution, water pollution, sanitation, health, fire, zoning, or safety.

2305.235 Liability for automated external defibrillators.

(A) As used in this section:
(1) “Automated external defibrillation” means the process of applying a specialized
defibrillator to a person in cardiac arrest, allowing the defibrillator to interpret the cardiac rhythm, and, if appropriate, delivering an electrical shock to the heart to allow it to resume effective electrical activity.

(2) “Physician” has the same meaning as in section 4765.01 of the Revised Code.

(B) Except in the case of willful or wanton misconduct, no physician shall be held liable in civil damages for injury, death, or loss to person or property for providing a prescription for an automated external defibrillator approved for use as a medical device by the United States food and drug administration or consulting with a person regarding the use and maintenance of a defibrillator.

(C) Except in the case of willful or wanton misconduct, no person shall be held liable in civil damages for injury, death, or loss to person or property for doing any of the following:

(1) Providing training in automated external defibrillation and cardiopulmonary resuscitation;
(2) Authorizing, directing, or supervising the installation or placement of an automated external defibrillator;
(3) Designing, managing, or operating a cardiopulmonary resuscitation or automated external defibrillation program;
(4) Acquiring an automated external defibrillator;
(5) Owning, managing, or having responsibility for a premises or location where an automated external defibrillator has been placed.

(D) Except in the case of willful or wanton misconduct or when there is no good faith attempt to activate an emergency medical services system in accordance with section 3701.85 of the Revised Code, no person shall be held liable in civil damages for injury, death, or loss to person or property, or held criminally liable, for performing automated external defibrillation in good faith, regardless of whether the person has obtained appropriate training on how to perform automated external defibrillation or successfully completed a course in cardiopulmonary resuscitation.

2305.44 Disabled person ID search.

(A) A medical practitioner or a trained paramedic, in discharging his duty to a disabled person whom he has undertaken to examine or treat, shall make a reasonable search for an identifying device or identification card and examine them for emergency information.

(B) A cause of action against a medical practitioner or a trained paramedic does not arise from his making a reasonable search of a disabled person to locate an identifying device or identification card, even though the person is not wearing an identifying device or carrying an identification card.

2305.51 Mental health worker’s liability for patient misconduct.

(A)(1) As used in this section:
(a) “Civil Rights” has the same meaning as in section 5122.301 of the Revised Code.
(b) “Mental health client or patient” means an individual who is receiving mental health services from a mental health professional or organization.
(c) “Mental health organization” means an organization that engages one or more mental health professionals to provide mental health services to one or more mental health clients or patients.
(d) “Mental health professional” means an individual who is licensed, certified, or registered under the Revised Code, or otherwise authorized in this state, to provide mental health services for compensation, remuneration, or other personal gain.
(e) “Mental health service” means a service provided to an individual or group of...
individuals involving the application of medical, psychiatric, psychological, professional counseling, social work, marriage and family therapy, or nursing principles or procedures to either of the following:

(i) The assessment, diagnosis, prevention, treatment, or amelioration of mental, emotional, psychiatric, psychological, or psychosocial disorders or diseases, as described in the most recent edition of the diagnostic and statistical manual of mental disorders published by the American psychiatric association;

(ii) The assessment or improvement of mental, emotional, psychiatric, psychological, or psychosocial adjustment or functioning, regardless of whether there is a diagnosable, pre-existing disorder or disease.

(f) “Knowledgeable person” means an individual who has reason to believe that a mental health client or patient has the intent and ability to carry out an explicit threat of inflicting imminent and serious physical harm to or causing the death of a clearly identifiable potential victim or victims and who is either an immediate family member of the client or patient or an individual who otherwise personally knows the client or patient.

(2) For the purpose of this section, in the case of a threat to a readily identifiable structure, “clearly identifiable potential victim” includes any potential occupant of the structure.

(B) A mental health professional or mental health organization may be held liable in damages in a civil action, or may be made subject to disciplinary action by an entity with licensing or other regulatory authority over the professional or organization, for serious physical harm or death resulting from failing to predict, warn of, or take precautions to provide protection from the violent behavior of a mental health client or patient, only if the client or patient or a knowledgeable person has communicated to the professional or organization an explicit threat of inflicting imminent and serious physical harm to or causing the death of one or more clearly identifiable potential victims, the professional or organization has reason to believe that the client or patient has the intent and ability to carry out the threat, and the professional or organization fails to take one or more of the following actions in a timely manner:

(1) Exercise any authority the professional or organization possesses to hospitalize the client or patient on an emergency basis pursuant to section 5122.10 of the Revised Code;

(2) Exercise any authority the professional or organization possesses to have the client or patient involuntarily or voluntarily hospitalized under Chapter 5122 of the Revised Code;

(3) Establish and undertake a documented treatment plan that is reasonably calculated, according to appropriate standards of professional practice, to eliminate the possibility that the client or patient will carry out the threat, and, concurrent with establishing and undertaking the treatment plan, initiate arrangements for a second opinion risk assessment through a management consultation about the treatment plan with, in the case of a mental health organization, the clinical director of the organization, or, in the case of a mental health professional who is not acting as part of a mental health organization, any mental health professional who is licensed to engage in independent practice;

(4) Communicate to a law enforcement agency with jurisdiction in the area where each potential victim resides, where a structure threatened by a mental health client or patient is located, or where the mental health client or patient resides, and if feasible, communicate to each potential victim or a potential victim's parent or guardian if the potential victim is a minor or has been adjudicated incompetent, all of the following information:

(a) The nature of the threat;

(b) The identity of the mental health client or patient making the threat;

(c) The identity of each potential victim of the threat.

(C) All of the following apply when a mental health professional or organization takes one or more of the actions set forth in divisions (B)(1) to (4) of this section:

(1) The mental health professional or organization shall consider each of the alternatives set forth and shall document the reasons for choosing or rejecting each alternative.
(2) The mental health professional or organization may give special consideration to those alternatives which, consistent with public safety, would least abridge the rights of the mental health client or patient established under the Revised Code, including the rights specified in sections 5122.27 to 5122.31 of the Revised Code.

(3) The mental health professional or organization is not required to take an action that, in the exercise of reasonable professional judgment, would physically endanger the professional or organization, increase the danger to a potential victim, or increase the danger to the mental health client or patient.

(4) The mental health professional or organization is not liable in damages in a civil action, and shall not be made subject to disciplinary action by any entity with licensing or other regulatory authority over the professional or organization, for disclosing any confidential information about a mental health client or patient that is disclosed for the purpose of taking any of the actions.

(D) The immunities from civil liability and disciplinary action conferred by this section are in addition to and not in limitation of any immunity conferred on a mental health professional or organization by any other section of the Revised Code or by judicial precedent.

(E) This section does not affect the civil rights of a mental health client or patient under Ohio or federal law.

2307.22 Joint and several; proportionate liability.

(A) Subject to sections 2307.23 and 2307.24 and except as provided in division (B) of section 2307.70, division (B) of section 4507.07, section 4399.02, or another section of the Revised Code that expressly establishes joint and several tort liability for specified persons, joint and several tort liability shall be determined as follows:

(1) In a tort action in which the trier of fact determines that two or more persons proximately caused the same injury or loss to person or property or the same wrongful death and in which the trier of fact determines that more than fifty per cent of the tortious conduct is attributable to one defendant, that defendant shall be jointly and severally liable in tort for all compensatory damages that represent economic loss.

(2) If division (A)(1) of this section is applicable, each defendant who is determined by the trier of fact to be legally responsible for the same injury or loss to person or property or the same wrongful death and to whom fifty per cent or less of the tortious conduct is attributable shall be liable to the plaintiff only for that defendant's proportionate share of the compensatory damages that represent economic loss. The proportionate share of a defendant shall be calculated by multiplying the total amount of the economic damages awarded to the plaintiff by the percentage of tortious conduct as determined pursuant to section 2307.23 of the Revised Code that is attributable to that defendant.

(3) In a tort action in which the trier of fact determines that two or more persons proximately caused the same injury or loss to person or property or the same wrongful death and in which the trier of fact determines that fifty per cent or less of the tortious conduct is attributable to any defendant against whom an intentional tort claim has been alleged and established, that defendant shall be jointly and severally liable in tort for all compensatory damages that represent economic loss.

(4) If division (A)(3) of this section is applicable, each defendant against whom an intentional tort claim has not been alleged and established, who is determined by the trier of fact to be legally responsible for the same injury or loss to person or property or the same wrongful death, and to whom fifty per cent or less of the tortious conduct is attributable shall be liable to the plaintiff only for that defendant's proportionate share of the compensatory damages that represent economic loss. The proportionate share of a defendant shall be calculated by multiplying the total amount of the economic damages awarded to the plaintiff by the percentage
of tortious conduct as determined pursuant to section 2307.23 of the Revised Code that is attributable to that defendant.

(B) Except as otherwise provided in divisions (A)(3) and (4) of this section, in a tort action in which the trier of fact determines that two or more persons proximately caused the same injury or loss to person or property or the same wrongful death and in which the trier of fact determines that fifty per cent or less of the tortious conduct is attributable to each defendant, each defendant shall be liable to the plaintiff only for that defendant's proportionate share of the compensatory damages that represent economic loss. The proportionate share of a defendant shall be calculated by multiplying the total amount of the economic damages awarded to the plaintiff by the percentage of tortious conduct as determined pursuant to section 2307.23 of the Revised Code that is attributable to that defendant.

(C) In a tort action in which the trier of fact determines that two or more persons proximately caused the same injury or loss to person or property or the same wrongful death, each defendant who is determined by the trier of fact to be legally responsible for the same injury or loss to person or property or for the same wrongful death shall be liable to the plaintiff only for that defendant's proportionate share of the compensatory damages that represent non-economic loss. The proportionate share of a defendant shall be calculated by multiplying the total amount of the non-economic damages awarded to the plaintiff by the percentage of tortious conduct as determined pursuant to section 2307.23 of the Revised Code that is attributable to that defendant.

(D) Sections 2307.25 to 2307.29 of the Revised Code shall apply to joint and several tort liability that is described in division (A) of this section.

2315.18 Computing damages; non-medical claims; definitions.

(A) As used in this section and in section 2315.19 of the Revised Code:

(1) "Asbestos claim" has the same meaning as in section 2307.91 of the Revised Code.

(2) "Economic loss" means any of the following types of pecuniary harm:

(a) All wages, salaries, or other compensation lost as a result of an injury or loss to

person or property that is a subject of a tort action;

(b) All expenditures for medical care or treatment, rehabilitation services, or other care,
treatment, services, products, or accommodations as a result of an injury or loss to

person or property that is a subject of a tort action;

(c) Any other expenditures incurred as a result of an injury or loss to person or property

that is a subject of a tort action, other than attorney's fees incurred in connection with that

action.

(3) "Medical claim," "dental claim," "optometric claim," and "chiropractic claim" have the

same meanings as in section 2305.113 of the Revised Code.

(4) "Non-economic loss" means nonpecuniary harm that results from an injury or loss to

person or property that is a subject of a tort action, including, but not limited to, pain and

suffering, loss of society, consortium, companionship, care, assistance, attention, protection,
advice, guidance, counsel, instruction, training, or education, disfigurement, mental anguish,
and any other intangible loss.

(5) "Occurrence" means all claims resulting from or arising out of any one person's

bodily injury.

(6) "Product liability claim" has the same meaning as in section 2307.71 of the Revised

Code.

(7) "Tort action" means a civil action for damages for injury or loss to person or property.
"Tort action" includes a civil action upon a product liability claim or an asbestos claim. "Tort

action" does not include a civil action upon a medical claim, dental claim, optometric claim, or

chiropractic claim or a civil action for damages for a breach of contract or another agreement
between persons.

(8) "Trier of fact" means the jury or, in a nonjury action, the court.

(B) In a tort action to recover damages for injury or loss to person or property, all of the following apply:

(1) There shall not be any limitation on the amount of compensatory damages that represents the economic loss of the person who is awarded the damages in the tort action.

(2) Except as otherwise provided in division (B)(3) of this section, the amount of compensatory damages that represents damages for non-economic loss that is recoverable in a tort action under this section to recover damages for injury or loss to person or property shall not exceed the greater of two hundred fifty thousand dollars or an amount that is equal to three times the economic loss, as determined by the trier of fact, of the plaintiff in that tort action to a maximum of three hundred fifty thousand dollars for each plaintiff in that tort action or a maximum of five hundred thousand dollars for each occurrence that is the basis of that tort action.

(3) There shall not be any limitation on the amount of compensatory damages that represents damages for non-economic loss that is recoverable in a tort action to recover damages for injury or loss to person or property if the non-economic losses of the plaintiff are for either of the following:

(a) Permanent and substantial physical deformity, loss of use of a limb, or loss of a bodily organ system;

(b) Permanent physical functional injury that permanently prevents the injured person from being able to independently care for self and perform life-sustaining activities.

(C) In determining an award of compensatory damages for non-economic loss in a tort action, the trier of fact shall not consider any of the following:

(1) Evidence of a defendant's alleged wrongdoing, misconduct, or guilt;

(2) Evidence of the defendant's wealth or financial resources;

(3) All other evidence that is offered for the purpose of punishing the defendant, rather than offered for a compensatory purpose.

(D) If a trial is conducted in a tort action to recover damages for injury or loss to person or property and a plaintiff prevails in that action, the court in a nonjury trial shall make findings of fact, and the jury in a jury trial shall return a general verdict accompanied by answers to interrogatories, that shall specify all of the following:

(1) The total compensatory damages recoverable by the plaintiff;

(2) The portion of the total compensatory damages that represents damages for economic loss;

(3) The portion of the total compensatory damages that represents damages for non-economic loss.

(E)(1) After the trier of fact in a tort action to recover damages for injury or loss to person or property complies with division (D) of this section, the court shall enter a judgment in favor of the plaintiff for compensatory damages for economic loss in the amount determined pursuant to division (D)(2) of this section, and, subject to division (F)(1) of this section, the court shall enter a judgment in favor of the plaintiff for compensatory damages for non-economic loss. Except as provided in division (B)(3) of this section, in no event shall a judgment for compensatory damages for non-economic loss exceed the maximum recoverable amount that represents damages for non-economic loss as provided in division (B)(2) of this section. Division (B) of this section shall be applied in a jury trial only after the jury has made its factual findings and determination as to the damages.

(2) Prior to the trial in the tort action described in division (D) of this section, any party may seek summary judgment with respect to the nature of the alleged injury or loss to person or property, seeking a determination of the damages as described in division (B)(2) of this section.

(F)(1) A court of common pleas has no jurisdiction to enter judgment on an award of
compensatory damages for non-economic loss in excess of the limits set forth in this section.

(2) If the trier of fact is a jury, the court shall not instruct the jury with respect to the limit on compensatory damages for non-economic loss described in division (B)(2) of this section, and neither counsel for any party nor a witness shall inform the jury or potential jurors of that limit.

(G) With respect to a tort action to which division (B)(2) of this section applies, any excess amount of compensatory damages for non-economic loss that is greater than the applicable amount specified in division (B)(2) of this section shall not be reallocated to any other tortfeasor beyond the amount of compensatory damages that the tortfeasor would otherwise be responsible for under the laws of this state.

(H) This section does not apply to any of the following:

(1) Tort actions that are brought against the state in the court of claims, including, but not limited to, those actions in which a state university or college is a defendant and to which division (B)(3) of section 3345.40 of the Revised Code applies;

(2) Tort actions that are brought against political subdivisions of this state and that are commenced under or are subject to Chapter 2744 of the Revised Code. Division (C) of section 2744.05 of the Revised Code applies to recoverable damages in those actions.

(3) Wrongful death actions brought pursuant to Chapter 2125 of the Revised Code.

(I) If the provisions regarding the limits on compensatory damages for non-economic loss set forth in division (B)(2) of this section have been determined to be unconstitutional, then division (C) of this section and section 2315.19 of the Revised Code shall govern the determination of an award of compensatory damages for non-economic loss in a tort action.

2315.20 Collateral benefits evidence; non-medical claims.

(A) In any tort action, the defendant may introduce evidence of any amount payable as a benefit to the plaintiff as a result of the damages that result from an injury, death, or loss to person or property that is the subject of the claim upon which the action is based, except if the source of collateral benefits has a mandatory self-effectuating federal right of subrogation, a contractual right of subrogation, or a statutory right of subrogation or if the source pays the plaintiff a benefit that is in the form of a life insurance payment or a disability payment. However, evidence of the life insurance payment or disability payment may be introduced if the plaintiff's employer paid for the life insurance or disability policy, and the employer is a defendant in the tort action.

(B) If the defendant elects to introduce evidence described in division (A) of this section, the plaintiff may introduce evidence of any amount that the plaintiff has paid or contributed to secure the plaintiff's right to receive the benefits of which the defendant has introduced evidence.

(C) A source of collateral benefits of which evidence is introduced pursuant to division (A) of this section shall not recover any amount against the plaintiff nor shall it be subrogated to the rights of the plaintiff against a defendant.

(D) As used in this section:

(1) "Tort action" means a civil action for damages for injury, death, or loss to person or property. "Tort action" includes a civil action upon a product liability claim and an asbestos claim. "Tort action" does not include a civil action upon a medical claim, dental claim, optometric claim, or chiropractic claim or a civil action for damages for a breach of contract or another agreement between persons.

(2) "Medical claim," "dental claim," "optometric claim," and "chiropractic claim" have the same meanings as in section 2305.113 of the Revised Code.

(3) "Product liability claim" has the same meaning as in section 2307.71 of the Revised Code.
(4) "Asbestos claim" has the same meaning as in section 2307.91 of the Revised Code.

2315.21 Punitive damages.

(A) As used in this section:

(1) "Tort action" means a civil action for damages for injury or loss to person or property. "Tort action" includes a product liability claim for damages for injury or loss to person or property that is subject to sections 2307.71 to 2307.80 of the Revised Code, but does not include a civil action for damages for a breach of contract or another agreement between persons.

(2) "Trier of fact" means the jury or, in a nonjury action, the court.

(3) "Home" has the same meaning as in section 3721.10 of the Revised Code.

(4) "Employer" includes, but is not limited to, a parent, subsidiary, affiliate, division, or department of the employer. If the employer is an individual, the individual shall be considered an employer under this section only if the subject of the tort action is related to the individual's capacity as an employer.

(5) "Small employer" means an employer who employs not more than one hundred persons on a full-time permanent basis, or, if the employer is classified as being in the manufacturing sector by the North American industrial classification system, "small employer" means an employer who employs not more than five hundred persons on a full-time permanent basis.

(B)(1) In a tort action that is tried to a jury and in which a plaintiff makes a claim for compensatory damages and a claim for punitive or exemplary damages, upon the motion of any party, the trial of the tort action shall be bifurcated as follows:

(a) The initial stage of the trial shall relate only to the presentation of evidence, and a determination by the jury, with respect to whether the plaintiff is entitled to recover compensatory damages for the injury or loss to person or property from the defendant. During this stage, no party to the tort action shall present, and the court shall not permit a party to present, evidence that relates solely to the issue of whether the plaintiff is entitled to recover punitive or exemplary damages for the injury or loss to person or property from the defendant.

(b) If the jury determines in the initial stage of the trial that the plaintiff is entitled to recover compensatory damages for the injury or loss to person or property from the defendant, evidence may be presented in the second stage of the trial, and a determination by that jury shall be made, with respect to whether the plaintiff additionally is entitled to recover punitive or exemplary damages for the injury or loss to person or property from the defendant.

(2) In a tort action that is tried to a jury and in which a plaintiff makes a claim for both compensatory damages and punitive or exemplary damages, the court shall instruct the jury to return, and the jury shall return, a general verdict and, if that verdict is in favor of the plaintiff, answers to an interrogatory that specifies the total compensatory damages recoverable by the plaintiff from each defendant.

(3) In a tort action that is tried to a court and in which a plaintiff makes a claim for both compensatory damages and punitive or exemplary damages, the court shall make its determination with respect to whether the plaintiff is entitled to recover compensatory damages for the injury or loss to person or property from the defendant and, if that determination is in favor of the plaintiff, shall make findings of fact that specify the total compensatory damages recoverable by the plaintiff from the defendant.

(C) Subject to division (E) of this section, punitive or exemplary damages are not recoverable from a defendant in question in a tort action unless both of the following apply:

(1) The actions or omissions of that defendant demonstrate malice or aggravated or egregious fraud, or that defendant as principal or master knowingly authorized, participated in, or ratified actions or omissions of an agent or servant that so demonstrate.

(2) The trier of fact has returned a verdict or has made a determination pursuant to
division (B)(2) or (3) of this section of the total compensatory damages recoverable by the plaintiff from that defendant.

(D)(1) In a tort action, the trier of fact shall determine the liability of any defendant for punitive or exemplary damages and the amount of those damages.

(2) Except as provided in division (D)(6) of this section, all of the following apply regarding any award of punitive or exemplary damages in a tort action:

(a) The court shall not enter judgment for punitive or exemplary damages in excess of two times the amount of the compensatory damages awarded to the plaintiff from that defendant, as determined pursuant to division (B)(2) or (3) of this section.

(b) If the defendant is a small employer or individual, the court shall not enter judgment for punitive or exemplary damages in excess of the lesser of two times the amount of the compensatory damages awarded to the plaintiff from the defendant or ten percent of the employer's or individual's net worth when the tort was committed up to a maximum of three hundred fifty thousand dollars, as determined pursuant to division (B)(2) or (3) of this section.

(c) Any attorneys' fees awarded as a result of a claim for punitive or exemplary damages shall not be considered for purposes of determining the cap on punitive damages.

(3) No award of prejudgment interest under division (C)(1) of section 1343.03 of the Revised Code shall include any prejudgment interest on punitive or exemplary damages found by the trier of fact.

(4) In a tort action, the burden of proof shall be upon a plaintiff in question, by clear and convincing evidence, to establish that the plaintiff is entitled to recover punitive or exemplary damages.

(5)(a) In any tort action, except as provided in division (D)(5)(b) or (6) of this section, punitive or exemplary damages shall not be awarded against a defendant if that defendant files with the court a certified judgment, judgment entries, or other evidence showing that punitive or exemplary damages have already been awarded and have been collected, in any state or federal court, against that defendant based on the same act or course of conduct that is alleged to have caused the injury or loss to person or property for which the plaintiff seeks compensatory damages and that the aggregate of those previous punitive or exemplary damage awards exceeds the maximum amount of punitive or exemplary damages that may be awarded under division (D)(2) of this section against that defendant in the tort action.

(b) Notwithstanding division (D)(5)(a) of this section and except as provided in division (D)(6) of this section, punitive or exemplary damages may be awarded against a defendant in either of the following types of tort actions:

(i) In subsequent tort actions involving the same act or course of conduct for which punitive or exemplary damages have already been awarded, if the court determines by clear and convincing evidence that the plaintiff will offer new and substantial evidence of previously undiscovered, additional behavior of a type described in division (C) of this section on the part of that defendant, other than the injury or loss for which the plaintiff seeks compensatory damages. In that case, the court shall make specific findings of fact in the record to support its conclusion. The court shall reduce the amount of any punitive or exemplary damages otherwise awardable pursuant to this section by the sum of the punitive or exemplary damages awards previously rendered against that defendant in any state or federal court. The court shall not inform the jury about the court's determination and action under division (D)(5)(b)(i) of this section.

(ii) In subsequent tort actions involving the same act or course of conduct for which punitive or exemplary damages have already been awarded, if the court determines by clear and convincing evidence that the total amount of prior punitive or exemplary damages awards was totally insufficient to punish that defendant's behavior of a type described in division (C) of this section and to deter that defendant and others from similar behavior in the future. In that case, the court shall make specific findings of fact in the record to support its conclusion. The court shall reduce the amount of any punitive or exemplary damages otherwise awardable
pursuant to this section by the sum of the punitive or exemplary damages awards previously rendered against that defendant in any state or federal court. The court shall not inform the jury about the court's determination and action under division (D)(5)(b)(ii) of this section.

(6) Division (D)(2) of this section does not apply to a tort action where the alleged injury, death, or loss to person or property resulted from the defendant acting with one or more of the culpable mental states of purposely and knowingly as described in section 2901.22 of the Revised Code and when the defendant has been convicted of or pleaded guilty to a criminal offense that is a felony, that had as an element of the offense one or more of the culpable mental states of purposely and knowingly as described in that section, and that is the basis of the tort action.

(E) This section does not apply to tort actions against the state in the court of claims, including, but not limited to, tort actions against a state university or college that are subject to division (B)(1) of section 3345.40 of the Revised Code, to tort actions against political subdivisions of this state that are commenced under or are subject to Chapter 2744 of the Revised Code, or to the extent that another section of the Revised Code expressly provides any of the following:

(1) Punitive or exemplary damages are recoverable from a defendant in question in a tort action on a basis other than that the actions or omissions of that defendant demonstrate malice or aggravated or egregious fraud or on a basis other than that the defendant in question as principal or master knowingly authorized, participated in, or ratified actions or omissions of an agent or servant that so demonstrate.

(2) Punitive or exemplary damages are recoverable from a defendant in question in a tort action irrespective of whether the plaintiff in question has adduced proof of actual damages.

(3) The burden of proof upon a plaintiff in question to recover punitive or exemplary damages from a defendant in question in a tort action is one other than clear and convincing evidence.

(4) Punitive or exemplary damages are not recoverable from a defendant in question in a tort action.

(F) If the trier of fact is a jury, the court shall not instruct the jury with respect to the limits on punitive or exemplary damages pursuant to division (D) of this section, and neither counsel for any party or a witness shall inform the jury or potential jurors of those limits.

(G) When determining the amount of an award of punitive or exemplary damages against either a home or a residential facility licensed under section 5123.19 of the Revised Code, the trier of fact shall consider all of the following:

(1) The ability of the home or residential facility to pay the award of punitive or exemplary damages based on the home's or residential facility's assets, income, and net worth;

(2) Whether the amount of punitive or exemplary damages is sufficient to deter future tortious conduct;

(3) The financial ability of the home or residential facility, both currently and in the future, to provide accommodations, personal care services, and skilled nursing care.

2317.02 Confidentiality of communications.

The following persons shall not testify in certain respects:

(A)(1) An attorney, concerning a communication made to the attorney by a client in that relation or concerning the attorney's advice to a client, except that the attorney may testify by express consent of the client or, if the client is deceased, by the express consent of the surviving spouse or the executor or administrator of the estate of the deceased client. However, if the client voluntarily reveals the substance of attorney-client communications in a nonprivileged context or is deemed by section 2151.421 of the Revised Code to have waived
any testimonial privilege under this division, the attorney may be compelled to testify on the same subject.

The testimonial privilege established under this division does not apply concerning either of the following:

(a) A communication between a client in a capital case, as defined in section 2901.02 of the Revised Code, and the client's attorney if the communication is relevant to a subsequent ineffective assistance of counsel claim by the client alleging that the attorney did not effectively represent the client in the case;

(b) A communication between a client who has since died and the deceased client's attorney if the communication is relevant to a dispute between parties who claim through that deceased client, regardless of whether the claims are by testate or intestate succession or by inter vivos transaction, and the dispute addresses the competency of the deceased client when the deceased client executed a document that is the basis of the dispute or whether the deceased client was a victim of fraud, undue influence, or duress when the deceased client executed a document that is the basis of the dispute.

(2) An attorney, concerning a communication made to the attorney by a client in that relationship or the attorney's advice to a client, except that if the client is an insurance company, the attorney may be compelled to testify, subject to an in camera inspection by a court, about communications made by the client to the attorney or by the attorney to the client that are related to the attorney's aiding or furthering an ongoing or future commission of bad faith by the client, if the party seeking disclosure of the communications has made a prima-facie showing of bad faith, fraud, or criminal misconduct by the client.

(B)(1) A physician, advanced practice registered nurse, or dentist concerning a communication made to the physician, advanced practice registered nurse, or dentist by a patient in that relation or the advice of a physician, advanced practice registered nurse, or dentist given to a patient, except as otherwise provided in this division, division (B)(2), and division (B)(3) of this section, and except that, if the patient is deemed by section 2151.421 of the Revised Code to have waived any testimonial privilege under this division, the physician or advanced practice registered nurse may be compelled to testify on the same subject.

The testimonial privilege established under this division does not apply, and a physician, advanced practice registered nurse, or dentist may testify or may be compelled to testify, in any of the following circumstances:

(a) In any civil action, in accordance with the discovery provisions of the Rules of Civil Procedure in connection with a civil action, or in connection with a claim under Chapter 4123 of the Revised Code, under any of the following circumstances:

(i) If the patient or the guardian or other legal representative of the patient gives express consent;

(ii) If the patient is deceased, the spouse of the patient or the executor or administrator of the patient's estate gives express consent;

(iii) If a medical claim, dental claim, chiropractic claim, or optometric claim, as defined in section 2305.113 of the Revised Code, an action for wrongful death, any other type of civil action, or a claim under Chapter 4123 of the Revised Code is filed by the patient, the personal representative of the estate of the patient if deceased, or the patient's guardian or other legal representative.

(b) In any civil action concerning court-ordered treatment or services received by a patient, if the court-ordered treatment or services were ordered as part of a case plan journalized under section 2151.412 of the Revised Code or the court-ordered treatment or services are necessary or relevant to dependency, neglect, or abuse or temporary or permanent custody proceedings under Chapter 2151 of the Revised Code.

(c) In any criminal action concerning any test or the results of any test that determines the presence or concentration of alcohol, a drug of abuse, a combination of them, a controlled
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part I. Medical and Other Liability

Medical and Other Liability - General Provisions

substance, or a metabolite of a controlled substance in the patient's whole blood, blood serum
or plasma, breath, urine, or other bodily substance at any time relevant to the criminal offense in
question.

(d) In any criminal action against a physician, advanced practice registered nurse, or
dentist. In such an action, the testimonial privilege established under this division does not
prohibit the admission into evidence, in accordance with the Rules of Evidence, of a patient's
medical or dental records or other communications between a patient and the physician,
advanced practice registered nurse, or dentist that are related to the action and obtained by
subpoena, search warrant, or other lawful means. A court that permits or compels a physician,
advanced practice registered nurse, or dentist to testify in such an action or permits the
introduction into evidence of patient records or other communications in such an action shall
require that appropriate measures be taken to ensure that the confidentiality of any patient
named or otherwise identified in the records is maintained. Measures to ensure confidentiality
that may be taken by the court include sealing its records or deleting specific information from
its records.

(e)(i) If the communication was between a patient who has since died and the deceased
patient's physician, advanced practice registered nurse, or dentist, the communication is
relevant to a dispute between parties who claim through that deceased patient, regardless of
whether the claims are by testate or intestate succession or by inter vivos transaction, and the
dispute addresses the competency of the deceased patient when the deceased patient
executed a document that is the basis of the dispute or whether the deceased patient was a
victim of fraud, undue influence, or duress when the deceased patient executed a document
that is the basis of the dispute.

(ii) If neither the spouse of a patient nor the executor or administrator of that patient's
estate gives consent under division (B)(1)(a)(ii) of this section, testimony or the disclosure of the
patient's medical records by a physician, advanced practice registered nurse, dentist, or other
health care provider under division (B)(1)(e)(i) of this section is a permitted use or disclosure of
protected health information, as defined in 45 C.F.R. 160.103, and an authorization or
opportunity to be heard shall not be required.

(iii) Division (B)(1)(e)(i) of this section does not require a mental health professional to
disclose psychotherapy notes, as defined in 45 C.F.R. 164.501.

(iv) An interested person who objects to testimony or disclosure under division
(B)(1)(e)(i) of this section may seek a protective order pursuant to Civil Rule 26.

(v) A person to whom protected health information is disclosed under division (B)(1)(e)(i)
of this section shall not use or disclose the protected health information for any purpose other
than the litigation or proceeding for which the information was requested and shall return the
protected health information to the covered entity or destroy the protected health information,
including all copies made, at the conclusion of the litigation or proceeding.

(2)(a) If any law enforcement officer submits a written statement to a health care
provider that states that an official criminal investigation has begun regarding a specified person
or that a criminal action or proceeding has been commenced against a specified person, that
requests the provider to supply to the officer copies of any records the provider possesses that
pertain to any test or the results of any test administered to the specified person to determine
the presence or concentration of alcohol, a drug of abuse, a combination of them, a controlled
substance, or a metabolite of a controlled substance in the person's whole blood, blood serum
or plasma, breath, or urine at any time relevant to the criminal offense in question, and that
conforms to section 2317.022 of the Revised Code, the provider, except to the extent
specifically prohibited by any law of this state or of the United States, shall supply to the officer a
copy of any of the requested records the provider possesses. If the health care provider does
not possess any of the requested records, the provider shall give the officer a written statement
that indicates that the provider does not possess any of the requested records.
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part I. Medical and Other Liability

(b) If a health care provider possesses any records of the type described in division (B)(2)(a) of this section regarding the person in question at any time relevant to the criminal offense in question, in lieu of personally testifying as to the results of the test in question, the custodian of the records may submit a certified copy of the records, and, upon its submission, the certified copy is qualified as authentic evidence and may be admitted as evidence in accordance with the Rules of Evidence. Division (A) of section 2317.422 of the Revised Code does not apply to any certified copy of records submitted in accordance with this division. Nothing in this division shall be construed to limit the right of any party to call as a witness the person who administered the test to which the records pertain, the person under whose supervision the test was administered, the custodian of the records, the person who made the records, or the person under whose supervision the records were made.

(3)(a) If the testimonial privilege described in division (B)(1) of this section does not apply as provided in division (B)(1)(a)(iii) of this section, a physician, advanced practice registered nurse, or dentist may be compelled to testify or to submit to discovery under the Rules of Civil Procedure only as to a communication made to the physician, advanced practice registered nurse, or dentist by the patient in question in that relation, or the advice of the physician, advanced practice registered nurse, or dentist given to the patient in question, that related causally or historically to physical or mental injuries that are relevant to issues in the medical claim, dental claim, chiropractic claim, or optometric claim, action for wrongful death, other civil action, or claim under Chapter 4123 of the Revised Code.

(b) If the testimonial privilege described in division (B)(1) of this section does not apply to a physician, advanced practice registered nurse, or dentist as provided in division (B)(1)(c) of this section, the physician, advanced practice registered nurse, or dentist, in lieu of personally testifying as to the results of the test in question, may submit a certified copy of those results, and, upon its submission, the certified copy is qualified as authentic evidence and may be admitted as evidence in accordance with the Rules of Evidence. Division (A) of section 2317.422 of the Revised Code does not apply to any certified copy of results submitted in accordance with this division. Nothing in this division shall be construed to limit the right of any party to call as a witness the person who administered the test to which the records pertain, the person under whose supervision the test was administered, the custodian of the results of the test, the person who compiled the results, or the person under whose supervision the results were compiled.

(4) The testimonial privilege described in division (B)(1) of this section is not waived when a communication is made by a physician or advanced practice registered nurse to a pharmacist or when there is communication between a patient and a pharmacist in furtherance of the physician-patient or advanced practice registered nurse-patient relation.

(5)(a) As used in divisions (B)(1) to (4) of this section, “communication” means acquiring, recording, or transmitting any information, in any manner, concerning any facts, opinions, or statements necessary to enable a physician, advanced practice registered nurse, or dentist to diagnose, treat, prescribe, or act for a patient. A “communication” may include, but is not limited to, any medical or dental, office, or hospital communication such as a record, chart, letter, memorandum, laboratory test and results, x-ray, photograph, financial statement, diagnosis, or prognosis.

(b) As used in division (B)(2) of this section, “health care provider” means a hospital, ambulatory care facility, long-term care facility, pharmacy, emergency facility, or health care practitioner.

(c) As used in division (B)(5)(b) of this section:

(i) “Ambulatory care facility” means a facility that provides medical, diagnostic, or surgical treatment to patients who do not require hospitalization, including a dialysis center, ambulatory surgical facility, cardiac catheterization facility, diagnostic imaging center, extracorporeal shock wave lithotripsy center, home health agency, inpatient hospice, birthing center, radiation therapy center, emergency facility, and an urgent care center. “Ambulatory
health care facility” does not include the private office of a physician, advanced practice registered nurse, or dentist, whether the office is for an individual or group practice.

(ii) “Emergency facility” means a hospital emergency department or any other facility that provides emergency medical services.

(iii) “Health care practitioner” has the same meaning as in section 4769.01 of the Revised Code.

(iv) “Hospital” has the same meaning as in section 3727.01 of the Revised Code.

(v) “Long-term care facility” means a nursing home, residential care facility, or home for the aging, as those terms are defined in section 3721.01 of the Revised Code; a residential facility licensed under section 5119.34 of the Revised Code that provides accommodations, supervision, and personal care services for three to sixteen unrelated adults; a nursing facility, as defined in section 5165.01 of the Revised Code; a skilled nursing facility, as defined in section 5165.01 of the Revised Code; and an intermediate care facility for individuals with intellectual disabilities, as defined in section 5124.01 of the Revised Code.

(vi) “Pharmacy” has the same meaning as in section 4729.01 of the Revised Code.

(d) As used in divisions (B)(1) and (2) of this section, “drug of abuse” has the same meaning as in section 4506.01 of the Revised Code.

(6) Divisions (B)(1), (2), (3), (4), and (5) of this section apply to doctors of medicine, doctors of osteopathic medicine, doctors of podiatry, advanced practice registered nurses, and dentists.

(7) Nothing in divisions (B)(1) to (6) of this section affects, or shall be construed as affecting, the immunity from civil liability conferred by section 307.628 of the Revised Code or the immunity from civil liability conferred by section 2305.33 of the Revised Code upon physicians or advanced practice registered nurses who report an employee's use of a drug of abuse, or a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee in accordance with division (B) of that section. As used in division (B)(7) of this section, “employee,” “employer,” and “physician” have the same meanings as in section 2305.33 of the Revised Code and “advanced practice registered nurse” has the same meaning as in section 4723.01 of the Revised Code.

(C)(1) A cleric, when the cleric remains accountable to the authority of that cleric's church, denomination, or sect, concerning a confession made, or any information confidentially communicated, to the cleric for a religious counseling purpose in the cleric's professional character. The cleric may testify by express consent of the person making the communication, except when the disclosure of the information is in violation of a sacred trust and except that, if the person voluntarily testifies or is deemed by division (A)(4)(c) of section 2151.421 of the Revised Code to have waived any testimonial privilege under this division, the cleric may be compelled to testify on the same subject except when disclosure of the information is in violation of a sacred trust.

(2) As used in division (C) of this section:

(a) “Cleric” means a member of the clergy, rabbi, priest, Christian Science practitioner, or regularly ordained, accredited, or licensed minister of an established and legally cognizable church, denomination, or sect.

(b) “Sacred trust” means a confession or confidential communication made to a cleric in the cleric's ecclesiastical capacity in the course of discipline enjoined by the church to which the cleric belongs, including, but not limited to, the Catholic Church, if both of the following apply:

(i) The confession or confidential communication was made directly to the cleric.

(ii) The confession or confidential communication was made in the manner and context that places the cleric specifically and strictly under a level of confidentiality that is considered inviolate by canon law or church doctrine.

(D) Husband or wife, concerning any communication made by one to the other, or an act done by either in the presence of the other, during coverture, unless the communication was
made, or act done, in the known presence or hearing of a third person competent to be a witness; and such rule is the same if the marital relation has ceased to exist;

(E) A person who assigns a claim or interest, concerning any matter in respect to which the person would not, if a party, be permitted to testify;

(F) A person who, if a party, would be restricted under section 2317.03 of the Revised Code, when the property or thing is sold or transferred by an executor, administrator, guardian, trustee, heir, devisee, or legatee, shall be restricted in the same manner in any action or proceeding concerning the property or thing.

(G)(1) A school guidance counselor who holds a valid educator license from the state board of education as provided for in section 3319.22 of the Revised Code, a person licensed under Chapter 4757 of the Revised Code as a licensed professional clinical counselor, licensed professional counselor, social worker, independent social worker, marriage and family therapist or independent marriage and family therapist, or registered under Chapter 4757 of the Revised Code as a social work assistant concerning a confidential communication received from a client in that relation or the person’s advice to a client unless any of the following applies:

(a) The communication or advice indicates clear and present danger to the client or other persons. For the purposes of this division, cases in which there are indications of present or past child abuse or neglect of the client constitute a clear and present danger.

(b) The client gives express consent to the testimony.

(c) If the client is deceased, the surviving spouse or the executor or administrator of the estate of the deceased client gives express consent.

(d) The client voluntarily testifies, in which case the school guidance counselor or person licensed or registered under Chapter 4757 of the Revised Code may be compelled to testify on the same subject.

(e) The court in camera determines that the information communicated by the client is not germane to the counselor-client, marriage and family therapist-client, or social worker-client relationship.

(f) A court, in an action brought against a school, its administration, or any of its personnel by the client, rules after an in-camera inspection that the testimony of the school guidance counselor is relevant to that action.

(g) The testimony is sought in a civil action and concerns court-ordered treatment or services received by a patient as part of a case plan journalized under section 2151.412 of the Revised Code or the court-ordered treatment or services are necessary or relevant to dependency, neglect, or abuse or temporary or permanent custody proceedings under Chapter 2151 of the Revised Code.

(2) Nothing in division (G)(1) of this section shall relieve a school guidance counselor or a person licensed or registered under Chapter 4757 of the Revised Code from the requirement to report information concerning child abuse or neglect under section 2151.421 of the Revised Code.

(H) A mediator acting under a mediation order issued under division (A) of section 3109.052 of the Revised Code or otherwise issued in any proceeding for divorce, dissolution, legal separation, annulment, or the allocation of parental rights and responsibilities for the care of children, in any action or proceeding, other than a criminal, delinquency, child abuse, child neglect, or dependent child action or proceeding, that is brought by or against either parent who takes part in mediation in accordance with the order and that pertains to the mediation process, to any information discussed or presented in the mediation process, to the allocation of parental rights and responsibilities for the care of the parents’ children, or to the awarding of parenting time rights in relation to their children;

(I) A communications assistant, acting within the scope of the communication assistant’s authority, when providing telecommunications relay service pursuant to section 4931.06 of the Revised Code or Title II of the “Communications Act of 1934,” 104 Stat. 366 (1990), 47 U.S.C.
225, concerning a communication made through a telecommunications relay service. Nothing in this section shall limit the obligation of a communications assistant to divulge information or testify when mandated by federal law or regulation or pursuant to subpoena in a criminal proceeding.

Nothing in this section shall limit any immunity or privilege granted under federal law or regulation.

(J)(1) A chiropractor in a civil proceeding concerning a communication made to the chiropractor by a patient in that relation or the chiropractor's advice to a patient, except as otherwise provided in this division. The testimonial privilege established under this division does not apply, and a chiropractor may testify or may be compelled to testify, in any civil action, in accordance with the discovery provisions of the Rules of Civil Procedure in connection with a civil action, or in connection with a claim under Chapter 4123 of the Revised Code, under any of the following circumstances:

(a) If the patient or the guardian or other legal representative of the patient gives express consent.

(b) If the patient is deceased, the spouse of the patient or the executor or administrator of the patient's estate gives express consent.

(c) If a medical claim, dental claim, chiropractic claim, or optometric claim, as defined in section 2305.113 of the Revised Code, an action for wrongful death, any other type of civil action, or a claim under Chapter 4123 of the Revised Code is filed by the patient, the personal representative of the estate of the patient if deceased, or the patient's guardian or other legal representative.

(2) If the testimonial privilege described in division (J)(1) of this section does not apply as provided in division (J)(1)(c) of this section, a chiropractor may be compelled to testify or to submit to discovery under the Rules of Civil Procedure only as to a communication made to the chiropractor by the patient in question in that relation, or the chiropractor's advice to the patient in question, that related causally or historically to physical or mental injuries that are relevant to issues in the medical claim, dental claim, chiropractic claim, or optometric claim, action for wrongful death, other civil action, or claim under Chapter 4123 of the Revised Code.

(3) The testimonial privilege established under this division does not apply, and a chiropractor may testify or be compelled to testify, in any criminal action or administrative proceeding.

(4) As used in this division, “communication” means acquiring, recording, or transmitting any information, in any manner, concerning any facts, opinions, or statements necessary to enable a chiropractor to diagnose, treat, or act for a patient. A communication may include, but is not limited to, any chiropractic, office, or hospital communication such as a record, chart, letter, memorandum, laboratory test and results, x-ray, photograph, financial statement, diagnosis, or prognosis.

(K)(1) Except as provided under division (K)(2) of this section, a critical incident stress management team member concerning a communication received from an individual who receives crisis response services from the team member, or the team member's advice to the individual, during a debriefing session.

(2) The testimonial privilege established under division (K)(1) of this section does not apply if any of the following are true:

(a) The communication or advice indicates clear and present danger to the individual who receives crisis response services or to other persons. For purposes of this division, cases in which there are indications of present or past child abuse or neglect of the individual constitute a clear and present danger.

(b) The individual who received crisis response services gives express consent to the testimony.
(c) If the individual who received crisis response services is deceased, the surviving spouse or the executor or administrator of the estate of the deceased individual gives express consent.

(d) The individual who received crisis response services voluntarily testifies, in which case the team member may be compelled to testify on the same subject.

(e) The court in camera determines that the information communicated by the individual who received crisis response services is not germane to the relationship between the individual and the team member.

(f) The communication or advice pertains or is related to any criminal act.

(3) As used in division (K) of this section:

(a) “Crisis response services” means consultation, risk assessment, referral, and on-site crisis intervention services provided by a critical incident stress management team to individuals affected by crisis or disaster.

(b) “Critical incident stress management team member” or “team member” means an individual specially trained to provide crisis response services as a member of an organized community or local crisis response team that holds membership in the Ohio critical incident stress management network.

(c) “Debriefing session” means a session at which crisis response services are rendered by a critical incident stress management team member during or after a crisis or disaster.

(L)(1) Subject to division (L)(2) of this section and except as provided in division (L)(3) of this section, an employee assistance professional, concerning a communication made to the employee assistance professional by a client in the employee assistance professional’s official capacity as an employee assistance professional.

(2) Division (L)(1) of this section applies to an employee assistance professional who meets either or both of the following requirements:

(a) Is certified by the employee assistance certification commission to engage in the employee assistance profession;

(b) Has education, training, and experience in all of the following:

(i) Providing workplace-based services designed to address employer and employee productivity issues;

(ii) Providing assistance to employees and employees’ dependents in identifying and finding the means to resolve personal problems that affect the employees or the employees’ performance;

(iii) Identifying and resolving productivity problems associated with an employee’s concerns about any of the following matters: health, marriage, family, finances, substance abuse or other addiction, workplace, law, and emotional issues;

(iv) Selecting and evaluating available community resources;

(v) Making appropriate referrals;

(vi) Local and national employee assistance agreements;

(vii) Client confidentiality.

(3) Division (L)(1) of this section does not apply to any of the following:

(a) A criminal action or proceeding involving an offense under sections 2903.01 to 2903.06 of the Revised Code if the employee assistance professional’s disclosure or testimony relates directly to the facts or immediate circumstances of the offense;

(b) A communication made by a client to an employee assistance professional that reveals the contemplation or commission of a crime or serious, harmful act;

(c) A communication that is made by a client who is an unemancipated minor or an adult adjudicated to be incompetent and indicates that the client was the victim of a crime or abuse;

(d) A civil proceeding to determine an individual’s mental competency or a criminal action in which a plea of not guilty by reason of insanity is entered;
(e) A civil or criminal malpractice action brought against the employee assistance professional;
(f) When the employee assistance professional has the express consent of the client or, if the client is deceased or disabled, the client's legal representative;
(g) When the testimonial privilege otherwise provided by division (L)(1) of this section is abrogated under law.

2317.421 Presumptive reasonableness of medical bills.

In an action for damages arising from personal injury or wrongful death, a written bill or statement, or any relevant portion thereof, itemized by date, type of service rendered, and charge, shall, if otherwise admissible, be prima-facie evidence of the reasonableness of any charges and fees stated therein for medication and prosthetic devices furnished, or medical, dental, hospital, and funeral services rendered by the person, firm, or corporation issuing such bill or statement, provided, that such bill or statement shall be prima-facie evidence of reasonableness only if the party offering it delivers a copy of it, or the relevant portion thereof, to the attorney of record for each adverse party not less than five days before trial.

2317.422 Qualification of records.

(A) Notwithstanding sections 2317.40 and 2317.41 of the Revised Code but subject to division (B) of this section, the records, or copies or photographs of the records, of a hospital, homes required to be licensed pursuant to section 3721.01 of the Revised Code, and residential facilities licensed pursuant to section 5119.34 of the Revised Code that provides accommodations, supervision, and personal care services for three to sixteen unrelated adults, in lieu of the testimony in open court of their custodian, person who made them, or person under whose supervision they were made, may be qualified as authentic evidence if any such person endorses thereon the person's verified certification identifying such records, giving the mode and time of their preparation, and stating that they were prepared in the usual course of the business of the institution. Such records, copies, or photographs may not be qualified by certification as provided in this section unless the party intending to offer them delivers a copy of them, or of their relevant portions, to the attorney of record for each adverse party not less than five days before trial. Nothing in this section shall be construed to limit the right of any party to call the custodian, person who made such records, or person under whose supervision they were made, as a witness.

(B) Division (A) of this section does not apply to any certified copy of the results of any test given to determine the presence or concentration of alcohol, a drug of abuse, a combination of them, a controlled substance, or a metabolite of a controlled substance in a patient's whole blood, blood serum or plasma, breath, or urine at any time relevant to a criminal offense that is submitted in a criminal action or proceeding in accordance with division (B)(2)(b) or (B)(3)(b) of section 2317.02 of the Revised Code.

2317.43 Statements of sympathy.

(A) In any civil action brought by an alleged victim of an unanticipated outcome of medical care or in any arbitration proceeding related to such a civil action, any and all statements, affirmations, gestures, or conduct expressing apology, sympathy, commiseration, condolence, compassion, or a general sense of benevolence that are made by a health care provider or an employee of a health care provider to the alleged victim, a relative of the alleged victim, or a representative of the alleged victim, and that relate to the discomfort, pain, suffering, injury, or death of the alleged victim as the result of the unanticipated outcome of medical care
are inadmissible as evidence of an admission of liability or as evidence of an admission against interest.

(B) For purposes of this section, unless the context otherwise requires:

(1) "Health care provider" has the same meaning as in division (B)(5) of section 2317.02 of the Revised Code.

(2) "Relative" means a victim's spouse, parent, grandparent, stepfather, stepmother, child, grandchild, brother, sister, half brother, half sister, or spouse's parents. The term includes said relationships that are created as a result of adoption. In addition, "relative" includes any person who has a family-type relationship with a victim.

(3) "Representative" means a legal guardian, attorney, person designated to make decisions on behalf of a patient under a medical power of attorney, or any person recognized in law or custom as a patient's agent.

(4) "Unanticipated outcome" means the outcome of a medical treatment or procedure that differs from an expected result.

2317.54 Informed consent to surgical or medical procedure or course of procedures.

[Editor's Note: This version of the statute is effective until 9/29/2018. The version effective subsequently is included next.]

No hospital, home health agency, ambulatory surgical facility, or provider of a hospice care program or pediatric respite care program shall be held liable for a physician's failure to obtain an informed consent from the physician's patient prior to a surgical or medical procedure or course of procedures, unless the physician is an employee of the hospital, home health agency, ambulatory surgical facility, or provider of a hospice care program or pediatric respite care program.

Written consent to a surgical or medical procedure or course of procedures shall, to the extent that it fulfills all the requirements in divisions (A), (B), and (C) of this section, be presumed to be valid and effective, in the absence of proof by a preponderance of the evidence that the person who sought such consent was not acting in good faith, or that the execution of the consent was induced by fraudulent misrepresentation of material facts, or that the person executing the consent was not able to communicate effectively in spoken and written English or any other language in which the consent is written. Except as herein provided, no evidence shall be admissible to impeach, modify, or limit the authorization for performance of the procedure or procedures set forth in such written consent.

(A) The consent sets forth in general terms the nature and purpose of the procedure or procedures, and what the procedures are expected to accomplish, together with the reasonably known risks, and, except in emergency situations, sets forth the names of the physicians who shall perform the intended surgical procedures.

(B) The person making the consent acknowledges that such disclosure of information has been made and that all questions asked about the procedure or procedures have been answered in a satisfactory manner.

(C) The consent is signed by the patient for whom the procedure is to be performed, or, if the patient for any reason including, but not limited to, competence, minority, or the fact that, at the latest time that the consent is needed, the patient is under the influence of alcohol, hallucinogens, or drugs, lacks legal capacity to consent, by a person who has legal authority to consent on behalf of such patient in such circumstances, including either of the following:

(1) The parent, whether the parent is an adult or a minor, of the parent's minor child;

(2) An adult whom the parent of the minor child has given written authorization to consent to a surgical or medical procedure or course of procedures for the parent's minor child.

Any use of a consent form that fulfills the requirements stated in divisions (A), (B), and
(C) of this section has no effect on the common law rights and liabilities, including the right of a physician to obtain the oral or implied consent of a patient to a medical procedure, that may exist as between physicians and patients on July 28, 1975.

As used in this section the term “hospital” has the same meaning as in section 2305.113 of the Revised Code; “home health agency” has the same meaning as in section 5101.61 of the Revised Code; “ambulatory surgical facility” has the meaning as in division (A) of section 3702.30 of the Revised Code; and “hospice care program” and “pediatric respite care program” have the same meanings as in section 3712.01 of the Revised Code. The provisions of this division apply to hospitals, doctors of medicine, doctors of osteopathic medicine, and doctors of pediatric medicine.

2317.54 Informed consent to surgical or medical procedure or course of procedures.

[Editor’s Note: This version of the statute is effective 9/29/2018. The version effective prior to that date is included previously.]

No hospital, home health agency, ambulatory surgical facility, or provider of a hospice care program or pediatric respite care program shall be held liable for a physician's failure to obtain an informed consent from the physician's patient prior to a surgical or medical procedure or course of procedures, unless the physician is an employee of the hospital, home health agency, ambulatory surgical facility, or provider of a hospice care program or pediatric respite care program.

Written consent to a surgical or medical procedure or course of procedures shall, to the extent that it fulfills all the requirements in divisions (A), (B), and (C) of this section, be presumed to be valid and effective, in the absence of proof by a preponderance of the evidence that the person who sought such consent was not acting in good faith, or that the execution of the consent was induced by fraudulent misrepresentation of material facts, or that the person executing the consent was not able to communicate effectively in spoken and written English or any other language in which the consent is written. Except as herein provided, no evidence shall be admissible to impeach, modify, or limit the authorization for performance of the procedure or procedures set forth in such written consent.

(A) The consent sets forth in general terms the nature and purpose of the procedure or procedures, and what the procedures are expected to accomplish, together with the reasonably known risks, and, except in emergency situations, sets forth the names of the physicians who shall perform the intended surgical procedures.

(B) The person making the consent acknowledges that such disclosure of information has been made and that all questions asked about the procedure or procedures have been answered in a satisfactory manner.

(C) The consent is signed by the patient for whom the procedure is to be performed, or, if the patient for any reason including, but not limited to, competence, minority, or the fact that, at the latest time that the consent is needed, the patient is under the influence of alcohol, hallucinogens, or drugs, lacks legal capacity to consent, by a person who has legal authority to consent on behalf of such patient in such circumstances, including either of the following:

(1) The parent, whether the parent is an adult or a minor, of the parent's minor child;

(2) An adult whom the parent of the minor child has given written authorization to consent to a surgical or medical procedure or course of procedures for the parent's minor child.

Any use of a consent form that fulfills the requirements stated in divisions (A), (B), and (C) of this section has no effect on the common law rights and liabilities, including the right of a physician to obtain the oral or implied consent of a patient to a medical procedure, that may exist as between physicians and patients on July 28, 1975.

As used in this section the term “hospital” has the same meaning as in section 2305.113
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part I. Medical and Other Liability

of the Revised Code; “home health agency” has the same meaning as in section 3701.881 of the Revised Code; “ambulatory surgical facility” has the meaning as in division (A) of section 3702.30 of the Revised Code; and “hospice care program” and “pediatric respite care program” have the same meanings as in section 3712.01 of the Revised Code. The provisions of this division apply to hospitals, doctors of medicine, doctors of osteopathic medicine, and doctors of podiatric medicine.

2317.62 Annuities and future damages.

(A) As used in this section:
(1) "Annuity" means an annuity that would be purchased from either of the following types of insurance companies:
(a) An insurance company that the A.M. Best Company, in its most recently published rating guide of life insurance companies, has rated A or better and has rated XII or higher as to financial size or strength;
(b)(i) An insurance company that the superintendent of insurance, under rules adopted pursuant to Chapter 119 of the Revised Code for purposes of implementing this division, determines is licensed to do business in this state and, considering the factors described in division (A)(1)(b)(ii) of this section, is a stable insurance company that issues annuities that are safe and desirable;
(ii) In making determinations as described in division (A)(1)(b)(i) of this section, the superintendent shall be guided by the principle that the trier of fact in a tort action should be presented only with evidence as to the cost of annuities that are safe and desirable for the plaintiffs in such an action who are awarded damages. In making such determinations, the superintendent shall consider the financial condition, general standing, operating results, profitability, leverage, liquidity, amount and soundness of reinsurance, adequacy of reserves, and the management of any insurance company in question and also may consider ratings, grades, and classifications of any nationally recognized rating services of insurance companies and any other factors relevant to the making of such determinations.
(2) "Future damages" means damages that result from an injury or loss to person or property that is a subject of a tort action and that will accrue after the verdict or determination of liability by the trier of fact is rendered in that tort action.
(3) "Tort action" means a civil action for damages for injury or loss to person or property. "Tort action" includes a product liability claim that is subject to sections 2307.71 to 2307.80 of the Revised Code, but does not include a civil action for damages for a breach of contract or another agreement between persons.
(4) "Trier of fact" means the jury or, in a nonjury action, the court.

(B) Consistent with the Rules of Evidence, any party to a tort action may present evidence of the cost of an annuity in connection with any issue of recoverable future damages. If such evidence is presented, then the trier of fact may consider that evidence in determining the future damages suffered by reason of an injury or loss to person or property that is a subject of the tort action. If such evidence is presented, the present value in dollars of any annuity is its cost.

2323.41 Evidence of collateral benefits.

(A) In any civil action upon a medical, dental, optometric, or chiropractic claim, the defendant may introduce evidence of any amount payable as a benefit to the plaintiff as a result of the damages that result from an injury, death, or loss to person or property that is the subject of the claim, except if the source of collateral benefits has a mandatory self-effectuating federal right of subrogation, a contractual right of subrogation, or a statutory right of subrogation.
(B) If the defendant elects to introduce evidence described in division (A) of this section, the plaintiff may introduce evidence of any amount that the plaintiff has paid or contributed to secure the plaintiff's right to receive the benefits of which the defendant has introduced evidence.

(C) A source of collateral benefits of which evidence is introduced pursuant to division (A) of this section shall not recover any amount against the plaintiff nor shall it be subrogated to the rights of the plaintiff against a defendant.

(D) As used in this section, "medical claim," "dental claim," "optometric claim," and "chiropractic claim" have the same meanings as in section 2305.113 of the Revised Code.

### 2323.42 Nonmeritorious claims.

(A) Upon the motion of any defendant in a civil action based upon a medical claim, dental claim, optometric claim, or chiropractic claim, the court shall conduct a hearing regarding the existence or nonexistence of a reasonable good faith basis upon which the particular claim is asserted against the moving defendant. The defendant shall file the motion not earlier than the close of discovery in the action and not later than thirty days after the court or jury renders any verdict or award in the action. After the motion is filed, the plaintiff shall have not less than fourteen days to respond to the motion. Upon good cause shown by the plaintiff, the court shall grant an extension of the time for the plaintiff to respond as necessary to obtain evidence demonstrating the existence of a reasonable good faith basis for the claim.

(B) At the request of any party to the good faith motion described in division (A) of this section, the court shall order the motion to be heard at an oral hearing and shall consider all evidence and arguments submitted by the parties. In determining whether a plaintiff has a reasonable good faith basis upon which to assert the claim in question against the moving defendant, the court shall take into consideration, in addition to the facts of the underlying claim, whether the plaintiff did any of the following:

1. Obtained a reasonably timely review of the merits of the particular claim by a qualified medical, dental, optometric, or chiropractic expert, as appropriate;
2. Reasonably relied upon the results of that review in supporting the assertion of the particular claim;
3. Had an opportunity to conduct a pre-suit investigation or was afforded by the defendant full and timely discovery during litigation;
4. Reasonably relied upon evidence discovered during the course of litigation in support of the assertion of the claim in question;
5. Took appropriate and reasonable steps to timely dismiss any defendant on behalf of whom it was alleged or determined that no reasonable good faith basis existed for continued assertion of the claim in question.

(C) If the court determines that there was no reasonable good faith basis upon which the defendant asserted the claim in question against the moving defendant or that, at some point during the litigation, the plaintiff lacked a good faith basis for continuing to assert that claim, the court shall award all of the following in favor of the moving defendant:

1. All court costs incurred by the moving defendant;
2. Reasonable attorneys' fees incurred by the moving defendant in defense of the claim after the time that the court determines that no reasonable good faith basis existed upon which to assert or continue to assert the claim;
3. Reasonable attorneys' fees incurred in support of the good faith motion.

(D) Prior to filing a good faith motion as described in division (A) of this section, any defendant that intends to file that type of motion shall serve a "notice of demand for dismissal and intention to file a good faith motion." If, within fourteen days of service of that notice, the plaintiff dismisses the defendant from the action, the defendant after the dismissal shall be
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part I. Medical and Other Liability

precluded from filing a good faith motion as to any attorneys' fees and other costs subsequent to the dismissal.

(E) As used in this section, "medical claim," "dental claim," "optometric claim," and "chiropractic claim" have the same meanings as in section 2305.113 of the Revised Code.

2323.421 Out-of-state medical experts.

A person licensed in another state to practice medicine, who testifies as an expert witness on behalf of any party in this state in any action against a physician for injury or death, whether in contract or tort, arising out of the provision of or failure to provide health care services, shall be deemed to have a temporary license to practice medicine in this state solely for the purpose of providing such testimony and is subject to the authority of the state medical board and the provisions of Chapter 4731 of the Revised Code. The conclusion of an action against a physician shall not be construed to have any effect on the board's authority to take action against a physician who testifies as an expert witness under this section.

2323.43 Non-economic and economic damage limits; medical claims.

(A) In a civil action upon a medical, dental, optometric, or chiropractic claim to recover damages for injury, death, or loss to person or property, all of the following apply:

(1) There shall not be any limitation on compensatory damages that represent the economic loss of the person who is awarded the damages in the civil action.

(2) Except as otherwise provided in division (A)(3) of this section, the amount of compensatory damages that represents damages for non-economic loss that is recoverable in a civil action under this section to recover damages for injury, death, or loss to person or property shall not exceed the greater of two hundred fifty thousand dollars or an amount that is equal to three times the plaintiff's economic loss, as determined by the trier of fact, to a maximum of three hundred fifty thousand dollars for each plaintiff or a maximum of five hundred thousand dollars for each occurrence.

(3) The amount recoverable for non-economic loss in a civil action under this section may exceed the amount described in division (A)(2) of this section but shall not exceed five hundred thousand dollars for each plaintiff or one million dollars for each occurrence if the non-economic losses of the plaintiff are for either of the following:

(a) Permanent and substantial physical deformity, loss of use of a limb, or loss of a bodily organ system;

(b) Permanent physical functional injury that permanently prevents the injured person from being able to independently care for self and perform life sustaining activities.

(B) If a trial is conducted in a civil action upon a medical, dental, optometric, or chiropractic claim to recover damages for injury, death, or loss to person or property and a plaintiff prevails with respect to that claim, the court in a nonjury trial shall make findings of fact, and the jury in a jury trial shall return a general verdict accompanied by answers to interrogatories, that shall specify all of the following:

(1) The total compensatory damages recoverable by the plaintiff;

(2) The portion of the total compensatory damages that represents damages for economic loss;

(3) The portion of the total compensatory damages that represents damages for non-economic loss.

(C)(1) After the trier of fact in a civil action upon a medical, dental, optometric, or chiropractic claim to recover damages for injury, death, or loss to person or property complies with division (B) of this section, the court shall enter a judgment in favor of the plaintiff for compensatory damages for economic loss in the amount determined pursuant to division (B)(2)
of this section, and, subject to division (D)(1) of this section, the court shall enter a judgment in favor of the plaintiff for compensatory damages for non-economic loss. In no event shall a judgment for compensatory damages for non-economic loss exceed the maximum recoverable amount that represents damages for non-economic loss as provided in divisions (A)(2) and (3) of this section. Division (A) of this section shall be applied in a jury trial only after the jury has made its factual findings and determination as to the damages.

(2) Prior to the trial in the civil action, any party may seek summary judgment with respect to the nature of the alleged injury or loss to person or property, seeking a determination of the damages as described in division (A)(2) or (3) of this section.

(D)(1) A court of common pleas has no jurisdiction to enter judgment on an award of compensatory damages for non-economic loss in excess of the limits set forth in this section.

(2) If the trier of fact is a jury, the court shall not instruct the jury with respect to the limit on compensatory damages for non-economic loss described in divisions (A)(2) and (3) of this section, and neither counsel for any party nor a witness shall inform the jury or potential jurors of that limit.

(E) Any excess amount of compensatory damages for non-economic loss that is greater than the applicable amount specified in division (A)(2) or (3) of this section shall not be reallocated to any other tortfeasor beyond the amount of compensatory damages that that tortfeasor would otherwise be responsible for under the laws of this state.

(F)(1) If pursuant to a contingency fee agreement between an attorney and a plaintiff in a civil action upon a medical claim, dental claim, optometric claim, or chiropractic claim, the amount of the attorney's fees exceed the applicable amount of the limits on compensatory damages for non-economic loss as provided in division (A)(2) or (3) of this section, the attorney shall make an application in the probate court of the county in which the civil action was commenced or in which the settlement was entered. The application shall contain a statement of facts, including the amount to be allocated to the settlement of the claim, the amount of the settlement or judgment that represents the compensatory damages for economic loss and non-economic loss, the relevant provision in the contingency fee agreement, and the dollar amount of the attorney's fees under the contingency fee agreement. The application shall include the proposed distribution of the amount of the judgment or settlement.

(2) The attorney shall give written notice of the hearing and a copy of the application to all interested persons who have not waived notice of the hearing. Notwithstanding the waivers and consents of the interested persons, the probate court shall retain jurisdiction over the settlement, allocation, and distribution of the claim.

(3) The application shall state the arrangements, if any, that have been made with respect to the attorney's fees. The attorney's fees shall be subject to the approval of the probate court.

(G) This section does not apply to any of the following:

(1) Civil actions upon a medical, dental, optometric, or chiropractic claim that are brought against the state in the court of claims, including, but not limited to, those actions in which a state university or college is a defendant and to which division (B)(3) of section 3345.40 of the Revised Code applies;

(2) Civil actions upon a medical, dental, optometric, or chiropractic claim that are brought against political subdivisions of this state and that are commenced under or are subject to Chapter 2744 of the Revised Code. Division (C) of section 2744.05 of the Revised Code applies to recoverable damages in those actions;

(3) Wrongful death actions brought pursuant to Chapter 2125 of the Revised Code.

(H) As used in this section:

(1) "Economic loss" means any of the following types of pecuniary harm:

(a) All wages, salaries, or other compensation lost as a result of an injury, death, or loss to person or property that is a subject of a civil action upon a medical, dental, optometric, or
chiropractic claim;
(b) All expenditures for medical care or treatment, rehabilitation services, or other care, treatment, services, products, or accommodations as a result of an injury, death, or loss to person or property that is a subject of a civil action upon a medical, dental, optometric, or chiropractic claim;
(c) Any other expenditures incurred as a result of an injury, death, or loss to person or property that is a subject of a civil action upon a medical, dental, optometric, or chiropractic claim, other than attorney's fees incurred in connection with that action.
(2) "Medical claim, dental claim," "optometric claim," and "chiropractic claim" have the same meanings as in section 2305.113 of the Revised Code.
(3) "Non-economic loss" means nonpecuniary harm that results from an injury, death, or loss to person or property that is a subject of a civil action upon a medical, dental, optometric, or chiropractic claim, including, but not limited to, pain and suffering, loss of society, consortium, companionship, care, assistance, attention, protection, advice, guidance, counsel, instruction, training, or education, disfigurement, mental anguish, and any other intangible loss.
(4) "Trier of fact" means the jury or, in a nonjury action, the court.

2323.45 Non-involvement affidavit.

(A)(1) A health care provider named as a defendant in a civil action based upon a medical claim is permitted to file a motion with the court for dismissal of the claim accompanied by an affidavit of noninvolvement. The defendant shall notify all parties in writing of the filing of the motion. Prior to ruling on the motion, the court shall allow the parties not less than thirty days from the date that the parties were served with the notice to respond to the motion.

(2) An affidavit of noninvolvement shall set forth, with particularity, the facts that demonstrate that the defendant was misidentified or otherwise not involved individually or through the action of the defendant's agents or employees in the care and treatment of the plaintiff, was not obligated individually or through the defendant's agents or employees to provide for the care and treatment of the plaintiff, and could not have caused the alleged malpractice individually or through the defendant's agents or employees in any way.

(B)(1) The parties shall have the right to challenge the affidavit of noninvolvement by filing a motion and submitting an affidavit with the court that contradicts the assertions of noninvolvement made in the defendant's affidavit of noninvolvement.

(2) If the affidavit of noninvolvement is challenged, any party may request an oral hearing on the motion for dismissal. If requested, the court shall hold a hearing to determine if the defendant was involved, directly or indirectly, in the care and treatment of the plaintiff, or was obligated, directly or indirectly, for the care and treatment of the plaintiff.

(3) The court shall consider all evidence submitted by the parties and the parties' arguments and may dismiss the civil action based upon the defendant's lack of involvement in the elements of the plaintiff's medical claim. The court shall rule on all challenges to the affidavit of noninvolvement within seventy-five days after the filing of the affidavit of noninvolvement.

(4) A court's dismissal of a claim against a defendant pursuant to this section shall be deemed otherwise than upon the merits and without prejudice pursuant to Civil Rule 41.

(C) If the court determines that a health care provider named as a defendant has falsely filed or made false or inaccurate statements in an affidavit of noninvolvement, the court, upon a motion or upon its own initiative, shall immediately reinstate the claim against that defendant, if previously dismissed. Reinstatement of a party pursuant to this division shall not be barred by any statute of limitations defense that was not valid at the time the original affidavit was filed.

(D) In any action in which the defendant is found by the court to have knowingly filed a false or inaccurate affidavit of noninvolvement, the court shall impose upon the person who signed the affidavit or represented the defendant, or both, an appropriate sanction, including,
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part I. Medical and Other Liability

but not limited to, an order to pay to other parties to the claim the amount of the reasonable expenses that the parties incurred as a result of the filing of the false or inaccurate affidavit, including reasonable attorney's fees.

(E) In any action in which the court determines that a party falsely objected to a defendant's affidavit of noninvolvement, or knowingly provided an inaccurate statement regarding a defendant's affidavit, the court shall impose upon the party or the party's counsel, or both, an appropriate sanction, including, but not limited to, an order to pay to the other parties to the claim the amount of the reasonable expenses that the parties incurred as a result of the submission of the false objection or inaccurate statement, including reasonable attorney's fees.

(F) As used in this section:
(1) "Health care provider" has the same meaning as in division (B)(5) of section 2317.02 of the Revised Code.
(2) "Medical claim" means any claim that is asserted in any civil action against a health care provider and that arises out of the medical diagnosis, care, or treatment of any person. "Medical claim" includes derivative claims for relief.

2743.18 Determining prejudgment interest.

(A)(1) Prejudgment interest shall be allowed with respect to a civil action on which a judgment or determination is rendered against the state for the same period of time and at the same rate as allowed between private parties to a suit.
(2) The court of claims, in its discretion, may deny prejudgment interest for any period of undue delay between the commencement of the civil action and the entry of a judgment or determination against the state, for which it finds the claimant to have been responsible.

(B)(1) Except as otherwise provided in division (B)(2) of this section, interest shall be allowed on a judgment or determination rendered against the state in a civil action pursuant to this chapter at the same rate that is applicable to judgments rendered against private parties to a suit as specified in section 1343.03 of the Revised Code and for each day between the date of entry of the judgment or the determination pursuant to division (C) of section 2743.10 of the Revised Code and the date of payment of the judgment or determination pursuant to division (C)(3) or (6) of section 2743.19 of the Revised Code, or for sixty days from the date of entry of the judgment or the determination, whichever is less.
(2) If the court of claims renders a judgment pursuant to this chapter against the state in a civil action or the clerk of the court of claims enters an administrative determination under section 2743.10 of the Revised Code against the state in a civil action, the civil action is not based on tortious conduct, and the claimant in the court of claims prevails in any appeal of the judgment or determination, postjudgment interest shall be paid with respect to the judgment or determination rendered against the state at the same rate that is applicable to judgments rendered against private parties to a suit as set forth in section 1343.03 of the Revised Code and for each day between the date of entry of the judgment or determination and the date of payment of the judgment or determination pursuant to division (C)(3) or (6) of section 2743.19 of the Revised Code.

2743.43 Medical experts.

(A) No person shall be deemed competent to give expert testimony on the liability issues in a medical claim, as defined in section 2305.113 of the Revised Code, unless:
(1) Such person is licensed to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery by the state medical board or by the licensing authority of any state;
(2) Such person devotes three-fourths of the person’s professional time to the active
clinical practice of medicine or surgery, osteopathic medicine and surgery, or podiatric medicine and surgery, or to its instruction in an accredited university;

(3) The person practices in the same or a substantially similar specialty as the defendant. The court shall not permit an expert in one medical specialty to testify against a health care provider in another medical specialty unless the expert shows both that the standards of care and practice in the two specialties are similar and that the expert has substantial familiarity between the specialties.

(4) If the person is certified in a specialty, the person must be certified by a board recognized by the American board of medical specialties or the American board of osteopathic specialties in a specialty having acknowledged expertise and training directly related to the particular health care matter at issue.

(B) Nothing in division (A) of this section shall be construed to limit the power of the trial court to adjudge the testimony of any expert witness incompetent on any other ground.

(C) Nothing in division (A) of this section shall be construed to limit the power of the trial court to allow the testimony of any other witness, on a matter unrelated to the liability issues in the medical claim, when that testimony is relevant to the medical claim involved.

4113.71 Immunity for employment recommendations.

(A) As used in this section:

(1) "Employee" means an individual currently or formerly employed by an employer.

(2) "Employer" means the state, any political subdivision of the state, any person employing one or more individuals in this state, and any person directly or indirectly acting in the interest of the state, political subdivision, or such person.

(3) "Political subdivision" and "state" have the same meanings as in section 2744.01 of the Revised Code.

(B) An employer who is requested by an employee or a prospective employer of an employee to disclose to a prospective employer of that employee information pertaining to the job performance of that employee for the employer and who discloses the requested information to the prospective employer is not liable in damages in a civil action to that employee, the prospective employer, or any other person for any harm sustained as a proximate result of making the disclosure or of any information disclosed, unless the plaintiff in a civil action establishes, either or both of the following:

(1) By a preponderance of the evidence that the employer disclosed particular information with the knowledge that it was false, with the deliberate intent to mislead the prospective employer or another person, in bad faith, or with malicious purpose;

(2) By a preponderance of the evidence that the disclosure of particular information by the employer constitutes an unlawful discriminatory practice described in section 4112.02, 4112.021, or 4112.022 of the Revised Code.

(C) If the court finds that the verdict of the jury was in favor of the defendant, the court shall determine whether the lawsuit brought under division (B) of this section constituted frivolous conduct as defined in division (A) of section 2323.51 of the Revised Code, if the court finds by a preponderance of the evidence that the lawsuit constituted frivolous conduct, it may order the plaintiff to pay reasonable attorney's fees and court costs of the defendant.

(D)(1) This section does not create a new cause of action or substantive legal right against an employer.

(2) This section does not affect any immunities from civil liability or defenses established by another section of the Revised Code or available at common law to which an employer may be entitled under circumstances not covered by this section.
Part II. Police Requests, Consent, and Immunity

1547.11 Operating water vessel under the influence; immunity for certain persons withdrawing blood

(A) No person shall operate or be in physical control of any vessel underway or shall manipulate any water skis, aquaplane, or similar device on the waters in this state if, at the time of the operation, control, or manipulation, any of the following applies:

(1) The person is under the influence of alcohol, a drug of abuse, or a combination of them.
(2) The person has a concentration of eight-hundredths of one per cent or more by weight of alcohol per unit volume in the person's whole blood.
(3) The person has a concentration of ninety-six-thousandths of one per cent or more by weight per unit volume of alcohol in the person's blood serum or plasma.
(4) The person has a concentration of eleven-hundredths of one gram or more by weight of alcohol per one hundred milliliters of the person's urine.
(5) The person has a concentration of eight-hundredths of one gram or more by weight of alcohol per two hundred ten liters of the person's breath.

(6) Except as provided in division (H) of this section, the person has a concentration of any of the following controlled substances or metabolites of a controlled substance in the person's whole blood, blood serum or plasma, or urine that equals or exceeds any of the following:

(a) The person has a concentration of amphetamine in the person's urine of at least five hundred nanograms of amphetamine per milliliter of the person's urine or has a concentration of amphetamine in the person's whole blood or blood serum or plasma of at least one hundred nanograms of amphetamine per milliliter of the person's whole blood or blood serum or plasma.
(b) The person has a concentration of cocaine in the person's urine of at least one hundred fifty nanograms of cocaine per milliliter of the person's urine or has a concentration of cocaine in the person's whole blood or blood serum or plasma of at least fifty nanograms of cocaine per milliliter of the person's whole blood or blood serum or plasma.
(c) The person has a concentration of cocaine metabolite in the person's urine of at least one hundred fifty nanograms of cocaine metabolite per milliliter of the person's urine or has a concentration of cocaine metabolite in the person's whole blood or blood serum or plasma of at least fifty nanograms of cocaine metabolite per milliliter of the person's whole blood or blood serum or plasma.
(d) The person has a concentration of heroin in the person's urine of at least two thousand nanograms of heroin per milliliter of the person's urine or has a concentration of heroin in the person's whole blood or blood serum or plasma of at least fifty nanograms of heroin per milliliter of the person's whole blood or blood serum or plasma.
(e) The person has a concentration of heroin metabolite (6-monoacetyl morphine) in the person's urine of at least ten nanograms of heroin metabolite (6-monoacetyl morphine) per milliliter of the person's urine or has a concentration of heroin metabolite (6-monoacetyl morphine) in the person's whole blood or blood serum or plasma of at least ten nanograms of heroin metabolite (6-monoacetyl morphine) per milliliter of the person's whole blood or blood serum or plasma.
(f) The person has a concentration of L.S.D. in the person's urine of at least twenty-five nanograms of L.S.D. per milliliter of the person's urine or has a concentration of L.S.D. in the person's whole blood or blood serum or plasma of at least ten nanograms of L.S.D. per milliliter of the person's whole blood or blood serum or plasma.

(g) The person has a concentration of marihuana in the person's urine of at least ten
nanograms of marihuana per milliliter of the person's urine or has a concentration of marihuana in the person's whole blood or blood serum or plasma of at least two nanograms of marihuana per milliliter of the person's whole blood or blood serum or plasma.

(h) The state board of pharmacy has adopted a rule pursuant to section 4729.041 of the Revised Code that specifies the amount of salvia divinorum and the amount of salvinorin A that constitute concentrations of salvia divinorum and salvinorin A in a person's urine, in a person's whole blood, or in a person's blood serum or plasma at or above which the person is impaired for purposes of operating or being in physical control of any vessel underway or manipulating any water skis, aquaplane, or similar device on the waters of this state, the rule is in effect, and the person has a concentration of salvia divinorum or salvinorin A of at least that amount so specified by rule in the person's urine, in the person's whole blood, or in the person's blood serum or plasma.

(i) Either of the following applies:

(i) The person is under the influence of alcohol, a drug of abuse, or a combination of them, and, as measured by gas chromatography mass spectrometry, the person has a concentration of marihuana metabolite in the person's urine of at least fifteen nanograms of marihuana metabolite per milliliter of the person's urine or has a concentration of marihuana metabolite in the person's whole blood or blood serum or plasma of at least five nanograms of marihuana metabolite per milliliter of the person's whole blood or blood serum or plasma.

(ii) As measured by gas chromatography mass spectrometry, the person has a concentration of marihuana metabolite in the person's urine of at least thirty-five nanograms of marihuana metabolite per milliliter of the person's urine or has a concentration of marihuana metabolite in the person's whole blood or blood serum or plasma of at least fifty nanograms of marihuana metabolite per milliliter of the person's whole blood or blood serum or plasma.

(j) The person has a concentration of methamphetamine in the person's urine of at least five hundred nanograms of methamphetamine per milliliter of the person's urine or has a concentration of methamphetamine in the person's whole blood or blood serum or plasma of at least one hundred nanograms of methamphetamine per milliliter of the person's whole blood or blood serum or plasma.

(k) The person has a concentration of phencyclidine in the person's urine of at least twenty-five nanograms of phencyclidine per milliliter of the person's urine or has a concentration of phencyclidine in the person's whole blood or blood serum or plasma of at least ten nanograms of phencyclidine per milliliter of the person's whole blood or blood serum or plasma.

(B) No person under twenty-one years of age shall operate or be in physical control of any vessel underway or shall manipulate any water skis, aquaplane, or similar device on the waters in this state if, at the time of the operation, control, or manipulation, any of the following applies:

(1) The person has a concentration of at least two-hundredths of one per cent, but less than eight-hundredths of one per cent by weight per unit volume of alcohol in the person's whole blood.

(2) The person has a concentration of at least three-hundredths of one per cent but less than ninety-six-thousandths of one per cent by weight per unit volume of alcohol in the person's blood serum or plasma.

(3) The person has a concentration of at least twenty-eight one-thousandths of one gram, but less than eleven-hundredths of one gram by weight of alcohol per one hundred milliliters of the person's urine.

(4) The person has a concentration of at least two-hundredths of one gram, but less than eight-hundredths of one gram by weight of alcohol per two hundred ten liters of the person's breath.

(C) In any proceeding arising out of one incident, a person may be charged with a violation of division (A)(1) and a violation of division (B)(1), (2), (3), or (4) of this section, but the
person shall not be convicted of more than one violation of those divisions.

(D)(1)(a) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section or for an equivalent offense that is watercraft-related, the result of any test of any blood or urine withdrawn and analyzed at any health care provider, as defined in section 2317.02 of the Revised Code, may be admitted with expert testimony to be considered with any other relevant and competent evidence in determining the guilt or innocence of the defendant.

(b) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section or for an equivalent offense that is watercraft-related, the court may admit evidence on the concentration of alcohol, drugs of abuse, controlled substances, metabolites of a controlled substance, or a combination of them in the defendant's or child's whole blood, blood serum or plasma, urine, or breath at the time of the alleged violation as shown by chemical analysis of the substance withdrawn, or specimen taken within three hours of the time of the alleged violation. The three-hour time limit specified in this division regarding the admission of evidence does not extend or affect the two-hour time limit specified in division (C) of section 1547.111 of the Revised Code as the maximum period of time during which a person may consent to a chemical test or tests as described in that section. The court may admit evidence on the concentration of alcohol, drugs of abuse, or a combination of them as described in this division when a person submits to a blood, breath, urine, or other bodily substance test at the request of a law enforcement officer under section 1547.111 of the Revised Code or a blood or urine sample is obtained pursuant to a search warrant. Only a physician, a registered nurse, an emergency medical technician-intermediate, an emergency medical technician-paramedic, or a qualified technician, chemist, or phlebotomist shall withdraw blood for the purpose of determining the alcohol, drug, controlled substance, metabolite of a controlled substance, or combination content of the whole blood, blood serum, or blood plasma. This limitation does not apply to the taking of breath or urine specimens. A person authorized to withdraw blood under this division may refuse to withdraw blood under this division if, in that person's opinion, the physical welfare of the defendant or child would be endangered by withdrawing blood.

The whole blood, blood serum or plasma, urine, or breath withdrawn under division (D)(1)(b) of this section shall be analyzed in accordance with methods approved by the director of health by an individual possessing a valid permit issued by the director pursuant to section 3701.143 of the Revised Code.

(2) In a criminal prosecution or juvenile court proceeding for a violation of division (A) of this section or for an equivalent offense that is watercraft-related, if there was at the time the bodily substance was taken a concentration of less than the applicable concentration of alcohol specified for a violation of division (A)(2), (3), (4), or (5) of this section or less than the applicable concentration of a listed controlled substance or a listed metabolite of a controlled substance specified for a violation of division (A)(6) of this section, that fact may be considered with other competent evidence in determining the guilt or innocence of the defendant or in making an adjudication for the child. This division does not limit or affect a criminal prosecution or juvenile court proceeding for a violation of division (B) of this section or for a violation of a prohibition that is substantially equivalent to that division.

(3) Upon the request of the person who was tested, the results of the chemical test shall be made available to the person or the person's attorney immediately upon completion of the test analysis.

If the chemical test was administered pursuant to division (D)(1)(b) of this section, the person tested may have a physician, a registered nurse, or a qualified technician, chemist, or phlebotomist of the person's own choosing administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer, and shall be so advised. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

Medical and Other Liability- General Provisions 635
(E)(1) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section, of a municipal ordinance relating to operating or being in physical control of any vessel underway or to manipulating any water skis, aquaplane, or similar device on the waters of this state while under the influence of alcohol, a drug of abuse, or a combination of them, or of a municipal ordinance relating to operating or being in physical control of any vessel underway or to manipulating any water skis, aquaplane, or similar device on the waters of this state with a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the whole blood, blood serum or plasma, breath, or urine, if a law enforcement officer has administered a field sobriety test to the operator or person found to be in physical control of the vessel underway involved in the violation or the person manipulating the water skis, aquaplane, or similar device involved in the violation and if it is shown by clear and convincing evidence that the officer administered the test in substantial compliance with the testing standards for reliable, credible, and generally accepted field sobriety tests for vehicles that were in effect at the time the tests were administered, including, but not limited to, any testing standards then in effect that have been set by the national highway traffic safety administration, that by their nature are not clearly inapplicable regarding the operation or physical control of vessels underway or the manipulation of water skis, aquaplanes, or similar devices, all of the following apply:

(a) The officer may testify concerning the results of the field sobriety test so administered.

(b) The prosecution may introduce the results of the field sobriety test so administered as evidence in any proceedings in the criminal prosecution or juvenile court proceeding.

(c) If testimony is presented or evidence is introduced under division (E)(1)(a) or (b) of this section and if the testimony or evidence is admissible under the Rules of Evidence, the court shall admit the testimony or evidence, and the trier of fact shall give it whatever weight the trier of fact considers to be appropriate.

(2) Division (E)(1) of this section does not limit or preclude a court, in its determination of whether the arrest of a person was supported by probable cause or its determination of any other matter in a criminal prosecution or juvenile court proceeding of a type described in that division, from considering evidence or testimony that is not otherwise disallowed by division (E)(1) of this section.

(F)(1) Subject to division (F)(3) of this section, in any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section or for an equivalent offense that is substantially equivalent to either of those divisions, the court shall admit as prima-facie evidence a laboratory report from any laboratory personnel issued a permit by the department of health authorizing an analysis as described in this division that contains an analysis of the whole blood, blood serum or plasma, breath, urine, or other bodily substance tested and that contains all of the information specified in this division. The laboratory report shall contain all of the following:

(a) The signature, under oath, of any person who performed the analysis;

(b) Any findings as to the identity and quantity of alcohol, a drug of abuse, a controlled substance, a metabolite of a controlled substance, or a combination of them that was found;

(c) A copy of a notarized statement by the laboratory director or a designee of the director that contains the name of each certified analyst or test performer involved with the report, the analyst's or test performer's employment relationship with the laboratory that issued the report, and a notation that performing an analysis of the type involved is part of the analyst's or test performer's regular duties;

(d) An outline of the analyst's or test performer's education, training, and experience in performing the type of analysis involved and a certification that the laboratory satisfies appropriate quality control standards in general and, in this particular analysis, under rules of the department of health.
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part II. Police Requests, Consent, and Immunity

Medical and Other Liability - General Provisions

(2) Notwithstanding any other provision of law regarding the admission of evidence, a report of the type described in division (F)(1) of this section is not admissible against the defendant or child to whom it pertains in any proceeding, other than a preliminary hearing or a grand jury proceeding, unless the prosecutor has served a copy of the report on the defendant's or child's attorney or, if the defendant or child has no attorney, on the defendant or child.

(3) A report of the type described in division (F)(1) of this section shall not be prima-facie evidence of the contents, identity, or amount of any substance if, within seven days after the defendant or child to whom the report pertains or the defendant's or child's attorney receives a copy of the report, the defendant or child or the defendant's or child's attorney demands the testimony of the person who signed the report. The judge in the case may extend the seven-day time limit in the interest of justice.

(G) Except as otherwise provided in this division, any physician, registered nurse, emergency medical technician-intermediate, emergency medical technician-paramedic, or qualified technician, chemist, or phlebotomist who withdraws blood from a person pursuant to this section or section 1547.111 of the Revised Code, and a hospital, first-aid station, or clinic at which blood is withdrawn from a person pursuant to this section or section 1547.111 of the Revised Code, is immune from criminal and civil liability based upon a claim of assault and battery or any other claim that is not a claim of malpractice, for any act performed in withdrawing blood from the person. The immunity provided in this division also extends to an emergency medical service organization that employs an emergency medical technician-intermediate, an emergency medical technician-paramedic who withdraws blood under this section. The immunity provided in this division is not available to a person who withdraws blood if the person engages in willful or wanton misconduct.

(H) Division (A)(6) of this section does not apply to a person who operates or is in physical control of a vessel underway or manipulates any water skis, aquaplane, or similar device while the person has a concentration of a listed controlled substance or a listed metabolite of a controlled substance in the person's whole blood, blood serum or plasma, or urine that equals or exceeds the amount specified in that division, if both of the following apply:

(1) The person obtained the controlled substance pursuant to a prescription issued by a licensed health professional authorized to prescribe drugs.

(2) The person injected, ingested, or inhaled the controlled substance in accordance with the health professional's directions.

(I) As used in this section and section 1547.111 of the Revised Code:

(1) "Equivalent offense" has the same meaning as in section 4511.181 of the Revised Code.

(2) "National highway traffic safety administration" has the same meaning as in section 4511.19 of the Revised Code.

(3) "Operate" means that a vessel is being used on the waters in this state when the vessel is not securely affixed to a dock or to shore or to any permanent structure to which the vessel has the right to affix or that a vessel is not anchored in a designated anchorage area or boat camping area that is established by the United States coast guard, this state, or a political subdivision and in which the vessel has the right to anchor.

(4) "Controlled substance" and "marihuana" have the same meanings as in section 3719.01 of the Revised Code.

(5) "Cocaine" and "L.S.D." have the same meanings as in section 2925.01 of the Revised Code.

(6) "Equivalent offense that is watercraft-related" means an equivalent offense that is one of the following:

(a) A violation of division (A) or (B) of this section;

(b) A violation of a municipal ordinance prohibiting a person from operating or being in physical control of any vessel underway or from manipulating any water skis, aquaplane, or
similar device on the waters of this state while under the influence of alcohol, a drug of abuse, 
or a combination of them or prohibiting a person from operating or being in physical control of 
any vessel underway or from manipulating any water skis, aquaplane, or similar device on the 
waters of this state with a prohibited concentration of alcohol, a controlled substance, or a 
metabolite of a controlled substance in the whole blood, blood serum or plasma, breath, or 
urine;

(c) A violation of an existing or former municipal ordinance, law of another state, or law 
of the United States that is substantially equivalent to division (A) or (B) of this section;
(d) A violation of a former law of this state that was substantially equivalent to division 
(A) or (B) of this section.
(7) “Emergency medical technician-intermediate” and “emergency medical technician-
paramedic” have the same meanings as in section 4765.01 of the Revised Code.

1547.111 Consent for substance abuse testing implied by operation of water vessel; 
implied consent of dead or unconscious; officer may use reasonable means to ensure 
test.

(A)(1)(a) Any person who operates or is in physical control of a vessel or manipulates 
any water skis, aquaplane, or similar device upon any waters in this state shall be deemed to 
have given consent to a chemical test or tests to determine the alcohol, drug of abuse, 
controlled substance, metabolite of a controlled substance, or combination content of the 
person's whole blood, blood serum or plasma, breath, or urine if arrested for operat 
ing or being 
in physical control of a vessel or manipulating any water skis, aquaplane, or similar device in 
violation of section 1547.11 of the Revised Code or a substantially equivalent municipal 
ordinance.

(b) The test or tests under division (A)(1) of this section shall be administered at the 
request of a law enforcement officer having reasonable grounds to believe the person was 
operating or in physical control of a vessel or manipulating any water skis, aquaplane, or similar device in violation of section 1547.11 of the Revised Code or a substantially equivalent 
municipal ordinance. The law enforcement agency by which the officer is employed shall 
designate which test or tests shall be administered.

(2) Any person who is dead or unconscious or who otherwise is in a condition rendering 
the person incapable of refusal shall be deemed to have consented as provided in division 
(A)(1) of this section, and the test or tests may be administered, subject to sections 313.12 to 
313.16 of the Revised Code.

(B)(1) If a law enforcement officer arrests a person for operating or being in physical 
control of a vessel or manipulating any water skis, aquaplane, or similar device in violation of 
section 1547.11 of the Revised Code or a substantially equivalent municipal ordinance and if 
the person previously has been convicted of or pleaded guilty to two or more violations of 
section 1547.11 of the Revised Code or other equivalent offenses, the law enforcement officer 
shall request the person to submit, and the person shall submit, to a chemical test or tests of the 
person's whole blood, blood serum or plasma, breath, or urine for the purpose of determining 
the alcohol, drug of abuse, controlled substance, metabolite of a controlled substance, or 
combination content of the person's whole blood, blood serum or plasma, breath, or urine. A law 
enforcement officer who makes a request pursuant to this division that a person submit to a 
chemical test or tests is not required to advise the person of the consequences of refusing to 
submit to the test or tests and is not required to give the person the form described in division 
(C) of this section, but the officer shall advise the person at the time of the arrest that if the 
person refuses to take a chemical test the officer may employ whatever reasonable means are 
necessary to ensure that the person submits to a chemical test of the person's whole blood or 
blood serum or plasma. The officer shall also advise the person at the time of the arrest that the
person may have an independent chemical test taken at the person's own expense. The advice shall be in written form prescribed by the chief of the division of parks and watercraft and shall be read to the person. The form shall contain a statement that the form was shown to the person under arrest and read to the person by the arresting officer. The reading of the form shall be witnessed by one or more persons, and the witnesses shall certify to this fact by signing the form. Divisions (A)(1)(b) and (A)(2) of this section apply to the administration of a chemical test or tests pursuant to this division.

(2) If a person refuses to submit to a chemical test upon a request made pursuant to division (B)(1) of this section, the law enforcement officer who made the request may employ whatever reasonable means are necessary to ensure that the person submits to a chemical test of the person's whole blood or blood serum or plasma. A law enforcement officer who acts pursuant to this division to ensure that a person submits to a chemical test of the person's whole blood or blood serum or plasma is immune from criminal and civil liability based upon a claim for assault and battery or any other claim for the acts, unless the officer so acted with malicious purpose, in bad faith, or in a wanton or reckless manner.

(C) Except as provided in division (B) of this section, any person under arrest for violating section 1547.11 of the Revised Code or a substantially equivalent municipal ordinance shall be advised of the consequences of refusing to submit to a chemical test or tests designated as provided in division (A) of this section. The advice shall be in a written form prescribed by the chief of the division of parks and watercraft and shall be read to the person. The form shall contain a statement that the form was shown to the person under arrest and read to the person by the arresting officer. The reading of the form shall be witnessed by one or more persons, and the witnesses shall certify to this fact by signing the form. The person must submit to the chemical test or tests, subsequent to the request of the arresting officer, within two hours of the time of the alleged violation, and if the person does not submit to the test or tests within that two-hour time limit, the failure to submit automatically constitutes a refusal to submit to the test or tests.

(D) Except as provided in division (B) of this section, if a law enforcement officer asks a person under arrest for violating section 1547.11 of the Revised Code or a substantially equivalent municipal ordinance to submit to a chemical test or tests as provided in division (A) of this section, if the arresting officer advises the person of the consequences of the person's refusal as provided in division (C) of this section, and if the person refuses to submit, no chemical test shall be given. Upon receipt of a sworn statement of the officer that the arresting law enforcement officer had reasonable grounds to believe the arrested person violated section 1547.11 of the Revised Code or a substantially equivalent municipal ordinance and that the person refused to submit to the chemical test upon the request of the officer, and upon receipt of the form as provided in division (C) of this section certifying that the arrested person was advised of the consequences of the refusal, the chief of the division of parks and watercraft shall inform the person by written notice that the person is prohibited from operating or being in physical control of a vessel, from manipulating any water skis, aquaplane, or similar device, and from registering any watercraft in accordance with section 1547.54 of the Revised Code, for one year following the date of the alleged violation. The suspension of these operation, physical control, manipulation, and registration privileges shall continue for the entire one-year period, subject to review as provided in this section.

If the person under arrest is the owner of the vessel involved in the alleged violation, the law enforcement officer who arrested the person shall seize the watercraft registration certificate and tags from the vessel involved in the violation and forward them to the chief. The chief shall retain the impounded registration certificate and tags and shall impound all other registration certificates and tags issued to the person in accordance with sections 1547.54 and 1547.57 of the Revised Code, for a period of one year following the date of the alleged violation, subject to review as provided in this section.
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part II. Police Requests, Consent, and Immunity

If the arrested person fails to surrender the registration certificate because it is not on the person of the arrested person or in the watercraft, the law enforcement officer who made the arrest shall order the person to surrender it within twenty-four hours to the law enforcement officer or the law enforcement agency that employs the law enforcement officer. If the person fails to do so, the law enforcement officer shall notify the chief of that fact in the statement the officer submits to the chief under this division.

(E) Upon suspending a person's operation, physical control, manipulation, and registration privileges in accordance with division (D) of this section, the chief shall notify the person in writing, at the person's last known address, and inform the person that the person may petition for a hearing in accordance with division (F) of this section. If a person whose operation, physical control, manipulation, and registration privileges have been suspended petitions for a hearing or appeals any adverse decision, the suspension shall begin at the termination of any hearing or appeal unless the hearing or appeal results in a decision favorable to the person.

(F) Any person who has been notified by the chief that the person is prohibited from operating or being in physical control of a vessel or manipulating any water skis, aquaplane, or similar device and from registering any watercraft in accordance with section 1547.54 of the Revised Code, or who has had the registration certificate and tags of the person's watercraft impounded pursuant to division (D) of this section, within twenty days of the notification or impoundment, may file a petition in the municipal court or the county court, or if the person is a minor in juvenile court, with jurisdiction over the place at which the arrest occurred, agreeing to pay the cost of the proceedings and alleging error in the action taken by the chief under division (D) of this section or alleging one or more of the matters within the scope of the hearing as provided in this section, or both. The petitioner shall notify the chief of the filing of the petition and send the chief a copy of the petition.

The scope of the hearing is limited to the issues of whether the law enforcement officer had reasonable grounds to believe the petitioner was operating or in physical control of a vessel or manipulating any water skis, aquaplane, or similar device in violation of section 1547.11 of the Revised Code or a substantially equivalent municipal ordinance, whether the petitioner was placed under arrest, whether the petitioner refused to submit to the chemical test upon request of the officer, and whether the petitioner was advised of the consequences of the petitioner's refusal.

(G)(1) The chief shall furnish the court a copy of the affidavit as provided in division (C) of this section and any other relevant information requested by the court.

(2) In hearing the matter and in determining whether the person has shown error in the decision taken by the chief as provided in division (D) of this section, the court shall decide the issue upon the relevant, competent, and material evidence submitted by the chief or the person whose operation, physical control, manipulation, and registration privileges have been suspended.

In the proceedings, the chief shall be represented by the prosecuting attorney of the county in which the petition is filed if the petition is filed in a county court or juvenile court, except that if the arrest occurred within a city or village within the jurisdiction of the county court in which the petition is filed, the city director of law or village solicitor of that city or village shall represent the chief. If the petition is filed in the municipal court, the chief shall be represented as provided in section 1901.34 of the Revised Code.

(3) If the court finds from the evidence submitted that the person has failed to show error in the action taken by the chief under division (D) of this section or in one or more of the matters within the scope of the hearing as provided in division (F) of this section, or both, the court shall assess the cost of the proceeding against the person and shall uphold the suspension of the operation, physical control, use, and registration privileges provided in division (D) of this section. If the court finds that the person has shown error in the action taken by the chief under
division (D) of this section or in one or more of the matters within the scope of the hearing as provided in division (F) of this section, or both, the cost of the proceedings shall be paid out of the county treasury of the county in which the proceedings were held, the chief shall reinstate the operation, physical control, manipulation, and registration privileges of the person without charge, and the chief shall return the registration certificate and tags, if impounded, without charge.

(4) The court shall give information in writing of any action taken under this section to the chief.

(H) At the end of any period of suspension or impoundment imposed under this section, and upon request of the person whose operation, physical control, use, and registration privileges were suspended or whose registration certificate and tags were impounded, the chief shall reinstate the person's operation, physical control, manipulation, and registration privileges by written notice and return the certificate and tags.

(I) No person who has received written notice from the chief that the person is prohibited from operating or being in physical control of a vessel, from manipulating any water skis, aquaplane, or similar device, and from registering a watercraft, or who has had the registration certificate and tags of the person's watercraft impounded, in accordance with division (D) of this section, shall operate or be in physical control of a vessel or manipulate any water skis, aquaplane, or similar device for a period of one year following the date of the person's alleged violation of section 1547.11 of the Revised Code or the substantially equivalent municipal ordinance.

2317.022 Police request for alcohol blood results.

(A) As used in this section:

(1) "Health care provider" has the same meaning as in section 2317.02 of the Revised Code.

(2) "Drug of abuse" has the same meaning as in section 4506.01 of the Revised Code.

(B) If an official criminal investigation has begun regarding a person or if a criminal action or proceeding is commenced against a person, any law enforcement officer who wishes to obtain from any health care provider a copy of any records the provider possesses that pertain to any test or the result of any test administered to the person to determine the presence or concentration of alcohol, a drug of abuse, or alcohol and a drug of abuse in the person's blood, breath, or urine at any time relevant to the criminal offense in question shall submit to the health care facility a written statement in the following form:

"WRITTEN STATEMENT REQUESTING THE RELEASE OF RECORDS

To: _____________ (insert name of the health care provider in question).

I hereby state that an official criminal investigation has begun regarding, or a criminal action or proceeding has been commenced against .................... (insert the name of the person in question), and that I believe that one or more tests has been administered to that person by this health care provider to determine the presence or concentration of alcohol, a drug of abuse, a combination of them, a controlled substance, or a metabolite of a controlled substance in that person's whole blood, blood serum or plasma, breath, or urine at a time relevant to the criminal offense in question. Therefore, I hereby request that, pursuant to division (B)(2) of section 2317.02 of the Revised Code, this health care provider supply me with copies of any records the provider possesses that pertain to any test or the results of any test administered to the person specified above to determine the presence or concentration of alcohol, a drug of abuse, a combination of them, a controlled substance, or a metabolite of a controlled substance in that
person's whole blood, blood serum or plasma, breath, or urine at any time relevant to the criminal offense in question.

(C) A health care provider that receives a written statement of the type described in division (B) of this section shall comply with division (B)(2) of section 2317.02 of the Revised Code relative to the written statement.

3715.872 Immunity for drug donation.

(A) As used in this section, "health care professional" means any of the following who provide medical, dental, or other health-related diagnosis, care, or treatment:

1. Individuals authorized under Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery;
2. Registered nurses and licensed practical nurses licensed under Chapter 4723 of the Revised Code;
3. Physician assistants authorized to practice under Chapter 4730 of the Revised Code;
4. Dentists and dental hygienists licensed under Chapter 4715 of the Revised Code;
5. Optometrists licensed under Chapter 4725 of the Revised Code;

(B) For matters related to donating, giving, accepting, or dispensing drugs under the drug repository program, all of the following apply:

1. Any person, including a pharmacy, drug manufacturer, or health care facility, or any government entity that donates or gives drugs to the drug repository program shall not be subject to liability in tort or other civil action for injury, death, or loss to person or property.
(2) A pharmacy, hospital, or nonprofit clinic that accepts or dispenses drugs under the program shall not be subject to liability in tort or other civil action for injury, death, or loss to person or property, unless an action or omission of the pharmacy, hospital, or nonprofit clinic constitutes willful and wanton misconduct.

(3) A health care professional who accepts or dispenses drugs under the program on behalf of a pharmacy, hospital, or nonprofit clinic, and the pharmacy, hospital, or nonprofit clinic that employs or otherwise uses the services of the health care professional, shall not be subject to liability in tort or other civil action for injury, death, or loss to person or property, unless an action or omission of the health care professional, pharmacy, hospital, or nonprofit clinic constitutes willful and wanton misconduct.

(4) The state board of pharmacy and the director of health shall not be subject to liability in tort or other civil action for injury, death, or loss to person or property, unless an action or omission of the board or director constitutes willful and wanton misconduct.

(C) In addition to the immunity granted under division (B)(1) of this section, any person, including a pharmacy, drug manufacturer, or health care facility, and any government entity that donates or gives drugs to the program shall not be subject to criminal prosecution for the donation, giving, acceptance, or dispensing of drugs under the program, unless an action or omission of the person or government entity does not comply with the provisions of this chapter or the rules adopted under it.

(D) In the case of a drug manufacturer, the immunities granted under divisions (B)(1) and (C) of this section apply with respect to any drug manufactured by the drug manufacturer that is donated or given by any person or government entity under the program, including but not limited to liability for failure to transfer or communicate product or consumer information or the expiration date of the drug donated or given.

4511.19 Operating land vehicle under the influence; immunity for certain persons withdrawing blood.

(A)(1) No person shall operate any vehicle, streetcar, or trackless trolley within this state, if, at the time of the operation, any of the following apply:

(a) The person is under the influence of alcohol, a drug of abuse, or a combination of them.

(b) The person has a concentration of eight-hundredths of one per cent or more but less than seventeen-hundredths of one per cent by weight per unit volume of alcohol in the person's whole blood.

(c) The person has a concentration of ninety-six-thousandths of one per cent or more but less than two hundred four-thousandths of one per cent by weight per unit volume of alcohol in the person's blood serum or plasma.

(d) The person has a concentration of eight-hundredths of one gram or more but less than seventeen-hundredths of one gram by weight of alcohol per two hundred ten liters of the person's breath.

(e) The person has a concentration of eleven-hundredths of one gram or more but less than two hundred thirty-eight-thousandths of one gram by weight of alcohol per one hundred milliliters of the person's urine.

(f) The person has a concentration of seventeen-hundredths of one per cent or more by weight per unit volume of alcohol in the person's whole blood.

(g) The person has a concentration of two hundred four-thousandths of one per cent or more by weight per unit volume of alcohol in the person's blood serum or plasma.

(h) The person has a concentration of seventeen-hundredths of one gram or more by weight of alcohol per two hundred ten liters of the person's breath.

(i) The person has a concentration of two hundred thirty-eight-thousandths of one gram
or more by weight of alcohol per one hundred milliliters of the person's urine.

(j) Except as provided in division (K) of this section, the person has a concentration of any of the following controlled substances or metabolites of a controlled substance in the person's whole blood, blood serum or plasma, or urine that equals or exceeds any of the following:

(i) The person has a concentration of amphetamine in the person's urine of at least five hundred nanograms of amphetamine per milliliter of the person's urine or has a concentration of amphetamine in the person's whole blood or blood serum or plasma of at least one hundred nanograms of amphetamine per milliliter of the person's whole blood or blood serum or plasma.

(ii) The person has a concentration of cocaine in the person's urine of at least one hundred fifty nanograms of cocaine per milliliter of the person's urine or has a concentration of cocaine in the person's whole blood or blood serum or plasma of at least fifty nanograms of cocaine per milliliter of the person's whole blood or blood serum or plasma.

(iii) The person has a concentration of cocaine metabolite in the person's urine of at least one hundred fifty nanograms of cocaine metabolite per milliliter of the person's urine or has a concentration of cocaine metabolite in the person's whole blood or blood serum or plasma of at least fifty nanograms of cocaine metabolite per milliliter of the person's whole blood or blood serum or plasma.

(iv) The person has a concentration of heroin in the person's urine of at least two thousand nanograms of heroin per milliliter of the person's urine or has a concentration of heroin in the person's whole blood or blood serum or plasma of at least fifty nanograms of heroin per milliliter of the person's whole blood or blood serum or plasma.

(v) The person has a concentration of heroin metabolite (6-monoacetyl morphine) in the person's urine of at least ten nanograms of heroin metabolite (6-monoacetyl morphine) per milliliter of the person's urine or has a concentration of heroin metabolite (6-monoacetyl morphine) in the person's whole blood or blood serum or plasma of at least ten nanograms of heroin metabolite (6-monoacetyl morphine) per milliliter of the person's whole blood or blood serum or plasma.

(vi) The person has a concentration of L.S.D. in the person's urine of at least twenty-five nanograms of L.S.D. per milliliter of the person's urine or a concentration of L.S.D. in the person's whole blood or blood serum or plasma of at least ten nanograms of L.S.D. per milliliter of the person's whole blood or blood serum or plasma.

(vii) The person has a concentration of marihuana in the person's urine of at least ten nanograms of marihuana per milliliter of the person's urine or has a concentration of marihuana in the person's whole blood or blood serum or plasma of at least two nanograms of marihuana per milliliter of the person's whole blood or blood serum or plasma.

(viii) Either of the following applies:

(I) The person is under the influence of alcohol, a drug of abuse, or a combination of them, and the person has a concentration of marihuana metabolite in the person's urine of at least fifteen nanograms of marihuana metabolite per milliliter of the person's urine or has a concentration of marihuana metabolite in the person's whole blood or blood serum or plasma of at least five nanograms of marihuana metabolite per milliliter of the person's whole blood or blood serum or plasma.

(II) The person has a concentration of marihuana metabolite in the person's urine of at least thirty-five nanograms of marihuana metabolite per milliliter of the person's urine or has a concentration of marihuana metabolite in the person's whole blood or blood serum or plasma of at least fifty nanograms of marihuana metabolite per milliliter of the person's whole blood or blood serum or plasma.

(ix) The person has a concentration of methamphetamine in the person's urine of at least five hundred nanograms of methamphetamine per milliliter of the person's urine or has a concentration of methamphetamine in the person's whole blood or blood serum or plasma of at
least one hundred nanograms of methamphetamine per milliliter of the person's whole blood or blood serum or plasma.

(x) The person has a concentration of phencyclidine in the person's urine of at least twenty-five nanograms of phencyclidine per milliliter of the person's urine or has a concentration of phencyclidine in the person's whole blood or blood serum or plasma of at least ten nanograms of phencyclidine per milliliter of the person's whole blood or blood serum or plasma.

(xi) The state board of pharmacy has adopted a rule pursuant to section 4729.041 of the Revised Code that specifies the amount of salvia divinorum and the amount of salvinorin A that constitute concentrations of salvia divinorum and salvinorin A in a person's urine, in a person's whole blood, or in a person's blood serum or plasma at or above which the person is impaired for purposes of operating any vehicle, streetcar, or trackless trolley within this state, the rule is in effect, and the person has a concentration of salvia divinorum or salvinorin A of at least that amount so specified by rule in the person's urine, in the person's whole blood, or in the person's blood serum or plasma.

(2) No person who, within twenty years of the conduct described in division (A)(2)(a) of this section, previously has been convicted of or pleaded guilty to a violation of division (A)(1) or (B) of this section, or any other equivalent offense shall do both of the following:

(a) Operate any vehicle, streetcar, or trackless trolley within this state while under the influence of alcohol, a drug of abuse, or a combination of them;

(b) Subsequent to being arrested for operating the vehicle, streetcar, or trackless trolley as described in division (A)(2)(a) of this section, being asked by a law enforcement officer to submit to a chemical test or tests under section 4511.191 of the Revised Code, and being advised by the officer in accordance with section 4511.192 of the Revised Code of the consequences of the person's refusal or submission to the test or tests, refuse to submit to the test or tests.

(B) No person under twenty-one years of age shall operate any vehicle, streetcar, or trackless trolley within this state, if, at the time of the operation, any of the following apply:

(1) The person has a concentration of at least two-hundredths of one per cent but less than eight-hundredths of one per cent by weight per unit volume of alcohol in the person's whole blood.

(2) The person has a concentration of at least three-hundredths of one per cent but less than ninety-six-thousandths of one per cent by weight per unit volume of alcohol in the person's blood serum or plasma.

(3) The person has a concentration of at least two-hundredths of one gram but less than eight-hundredths of one gram by weight of alcohol per two hundred ten liters of the person's breath.

(4) The person has a concentration of at least twenty-eight one-thousandths of one gram but less than eleven-hundredths of one gram by weight of alcohol per one hundred milliliters of the person's urine.

(C) In any proceeding arising out of one incident, a person may be charged with a violation of division (A)(1)(a) or (A)(2) and a violation of division (B)(1), (2), or (3) of this section, but the person may not be convicted of more than one violation of these divisions.

(D)(1)(a) In any criminal prosecution or juvenile court proceeding for a violation of division (A)(1)(a) of this section or for an equivalent offense that is vehicle-related, the result of any test of any blood or urine withdrawn and analyzed at any health care provider, as defined in section 2317.02 of the Revised Code, may be admitted with expert testimony to be considered with any other relevant and competent evidence in determining the guilt or innocence of the defendant.

(b) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section or for an equivalent offense that is vehicle-related, the court may admit
Medical and Other Liability - General Provisions

Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part II. Police Requests, Consent, and Immunity

Evidence on the concentration of alcohol, drugs of abuse, controlled substances, metabolites of a controlled substance, or a combination of them in the defendant's whole blood, blood serum or plasma, breath, urine, or other bodily substance at the time of the alleged violation as shown by chemical analysis of the substance withdrawn within three hours of the time of the alleged violation. The three-hour time limit specified in this division regarding the admission of evidence does not extend or affect the two-hour time limit specified in division (A) of section 4511.192 of the Revised Code as the maximum period of time during which a person may consent to a chemical test or tests as described in that section. The court may admit evidence on the concentration of alcohol, drugs of abuse, or a combination of them as described in this division when a person submits to a blood, breath, urine, or other bodily substance test at the request of a law enforcement officer under section 4511.191 of the Revised Code or a blood or urine sample is obtained pursuant to a search warrant. Only a physician, a registered nurse, an emergency medical technician-intermediate, an emergency medical technician-paramedic, or a qualified technician, chemist, or phlebotomist shall withdraw a blood sample for the purpose of determining the alcohol, drug, controlled substance, metabolite of a controlled substance, or combination content of the whole blood, blood serum, or blood plasma. This limitation does not apply to the taking of breath or urine specimens. A person authorized to withdraw blood under this division may refuse to withdraw blood under this division, if in that person's opinion, the physical welfare of the person would be endangered by the withdrawing of blood.

The bodily substance withdrawn under division (D)(1)(b) of this section shall be analyzed in accordance with methods approved by the director of health by an individual possessing a valid permit issued by the director pursuant to section 3701.143 of the Revised Code.

(c) As used in division (D)(1)(b) of this section, "emergency medical technician-intermediate" and "emergency medical technician-paramedic" have the same meanings as in section 4765.01 of the Revised Code.

(2) In a criminal prosecution or juvenile court proceeding for a violation of division (A) of this section or for an equivalent offense that is vehicle-related, if there was at the time the bodily substance was withdrawn a concentration of less than the applicable concentration of alcohol specified in divisions (A)(1)(b), (c), (d), and (e) of this section or less than the applicable concentration of a listed controlled substance or a listed metabolite of a controlled substance specified for a violation of division (A)(1)(j) of this section, that fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. This division does not limit or affect a criminal prosecution or juvenile court proceeding for a violation of division (B) of this section or for an equivalent offense that is substantially equivalent to that division.

(3) Upon the request of the person who was tested, the results of the chemical test shall be made available to the person or the person's attorney, immediately upon the completion of the chemical test analysis.

If the chemical test was obtained pursuant to division (D)(1)(b) of this section, the person tested may have a physician, a registered nurse, or a qualified technician, chemist, or phlebotomist of the person's own choosing administer a chemical test or tests, at the person's expense, in addition to any administered at the request of a law enforcement officer. If the person was under arrest as described in division (A)(5) of section 4511.191 of the Revised Code, the arresting officer shall advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. If the person was under arrest other than described in division (A)(5) of section 4511.191 of the Revised Code, the form to be read to the person to be tested, as required under section 4511.192 of the Revised Code, shall state that the person may have an independent test performed at the person's expense. The failure or inability to obtain an additional chemical test by a person shall not preclude the admission of evidence relating to the chemical test or tests taken at the request of a law enforcement officer.

(4)(a) As used in divisions (D)(4)(b) and (c) of this section, "national highway traffic

(b) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section, of a municipal ordinance relating to operating a vehicle while under the influence of alcohol, a drug of abuse, or alcohol and a drug of abuse, or of a municipal ordinance relating to operating a vehicle with a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the whole blood, blood serum or plasma, breath, or urine, if a law enforcement officer has administered a field sobriety test to the operator of the vehicle involved in the violation and if it is shown by clear and convincing evidence that the officer administered the test in substantial compliance with the testing standards for any reliable, credible, and generally accepted field sobriety tests that were in effect at the time the tests were administered, including, but not limited to, any testing standards then in effect that were set by the national highway traffic safety administration, all of the following apply:

(i) The officer may testify concerning the results of the field sobriety test so administered.
(ii) The prosecution may introduce the results of the field sobriety test so administered as evidence in any proceedings in the criminal prosecution or juvenile court proceeding.
(iii) If testimony is presented or evidence is introduced under division (D)(4)(b)(i) or (ii) of this section and if the testimony or evidence is admissible under the Rules of Evidence, the court shall admit the testimony or evidence and the trier of fact shall give it whatever weight the trier of fact considers to be appropriate.

(c) Division (D)(4)(b) of this section does not limit or preclude a court, in its determination of whether the arrest of a person was supported by probable cause or its determination of any other matter in a criminal prosecution or juvenile court proceeding of a type described in that division, from considering evidence or testimony that is not otherwise disallowed by division (D)(4)(b) of this section.

(E)(1) Subject to division (E)(3) of this section, in any criminal prosecution or juvenile court proceeding for a violation of division (A)(1)(b), (c), (d), (e), (f), (g), (h), (i), or (j) or (B)(1), (2), (3), or (4) of this section or for an equivalent offense that is substantially equivalent to any of those divisions, a laboratory report from any laboratory personnel issued a permit by the department of health authorizing an analysis as described in this division that contains an analysis of the whole blood, blood serum or plasma, breath, urine, or other bodily substance tested and that contains all of the information specified in this division shall be admitted as prima-facie evidence of the information and statements that the report contains. The laboratory report shall contain all of the following:

(a) The signature, under oath, of any person who performed the analysis;
(b) Any findings as to the identity and quantity of alcohol, a drug of abuse, a controlled substance, a metabolite of a controlled substance, or a combination of them that was found;
(c) A copy of a notarized statement by the laboratory director or a designee of the director that contains the name of each certified analyst or test performer involved with the report, the analyst's or test performer's employment relationship with the laboratory that issued the report, and a notation that performing an analysis of the type involved is part of the analyst's or test performer's regular duties;
(d) An outline of the analyst's or test performer's education, training, and experience in performing the type of analysis involved and a certification that the laboratory satisfies appropriate quality control standards in general and, in this particular analysis, under rules of the department of health.

(2) Notwithstanding any other provision of law regarding the admission of evidence, a report of the type described in division (E)(1) of this section is not admissible against the defendant to whom it pertains in any proceeding, other than a preliminary hearing or a grand
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part II. Police Requests, Consent, and Immunity

jury proceeding, unless the prosecutor has served a copy of the report on the defendant's attorney or, if the defendant has no attorney, on the defendant.

(3) A report of the type described in division (E)(1) of this section shall not be prima-facie evidence of the contents, identity, or amount of any substance if, within seven days after the defendant to whom the report pertains or the defendant's attorney receives a copy of the report, the defendant or the defendant's attorney demands the testimony of the person who signed the report. The judge in the case may extend the seven-day time limit in the interest of justice.

(F) Except as otherwise provided in this division, any physician, registered nurse, emergency medical technician-intermediate, emergency medical technician-paramedic, or qualified technician, chemist, or phlebotomist who withdraws blood from a person pursuant to this section or section 4511.191 or 4511.192 of the Revised Code, and any hospital, first-aid station, or clinic at which blood is withdrawn from a person pursuant to this section or section 4511.191 or 4511.192 of the Revised Code, is immune from criminal liability and civil liability based upon a claim of assault and battery or any other claim that is not a claim of malpractice, for any act performed in withdrawing blood from the person. The immunity provided in this division also extends to an emergency medical service organization that employs an emergency medical technician-intermediate or emergency medical technician-paramedic who withdraws blood under this section. The immunity provided in this division is not available to a person who withdraws blood if the person engages in willful or wanton misconduct.

As used in this division, “emergency medical technician-intermediate” and “emergency medical technician-paramedic” have the same meanings as in section 4765.01 of the Revised Code.

(G)(1) Whoever violates any provision of divisions (A)(1)(a) to (i) or (A)(2) of this section is guilty of operating a vehicle under the influence of alcohol, a drug of abuse, or a combination of them. Whoever violates division (A)(1)(j) of this section is guilty of operating a vehicle while under the influence of a listed controlled substance or a listed metabolite of a controlled substance. The court shall sentence the offender for either offense under Chapter 2929 of the Revised Code, except as otherwise authorized or required by divisions (G)(1)(a) to (e) of this section:

(a) Except as otherwise provided in division (G)(1)(b), (c), (d), or (e) of this section, the offender is guilty of a misdemeanor of the first degree, and the court shall sentence the offender to all of the following:

(i) If the sentence is being imposed for a violation of division (A)(1)(a), (b), (c), (d), (e), or (j) of this section, a mandatory jail term of three consecutive days. As used in this division, three consecutive days means seventy-two consecutive hours. The court may sentence an offender to both an intervention program and a jail term. The court may impose a jail term in addition to the three-day mandatory jail term or intervention program. However, in no case shall the cumulative jail term imposed for the offense exceed six months.

The court may suspend the execution of the three-day jail term under this division if the court, in lieu of that suspended term, places the offender under a community control sanction pursuant to section 2929.25 of the Revised Code and requires the offender to attend, for three consecutive days, a drivers' intervention program certified under section 5119.38 of the Revised Code. The court also may suspend the execution of any part of the three-day jail term under this division if it places the offender under a community control sanction pursuant to section 2929.25 of the Revised Code for part of the three days, requires the offender to attend for the suspended part of the term a drivers' intervention program so certified, and sentences the offender to a jail term equal to the remainder of the three consecutive days that the offender does not spend attending the program. The court may require the offender, as a condition of community control and in addition to the required attendance at a drivers' intervention program, to attend and satisfactorily complete any treatment or education programs that comply with the minimum standards adopted pursuant to Chapter 5119 of the Revised Code by the director of mental
health and addiction services that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose on the offender any other conditions of community control that it considers necessary.

If the court grants unlimited driving privileges to a first-time offender under section 4510.022 of the Revised Code, all penalties imposed upon the offender by the court under division (G)(1)(a)(i) of this section for the offense apply, except that the court shall suspend any mandatory or additional jail term imposed by the court under division (G)(1)(a)(i) of this section upon granting unlimited driving privileges in accordance with section 4510.022 of the Revised Code.

(ii) If the sentence is being imposed for a violation of division (A)(1)(f), (g), (h), or (i) or division (A)(2) of this section, except as otherwise provided in this division, a mandatory jail term of at least three consecutive days and a requirement that the offender attend, for three consecutive days, a drivers' intervention program that is certified pursuant to section 5119.38 of the Revised Code. As used in this division, three consecutive days means seventy-two consecutive hours. If the court determines that the offender is not conducive to treatment in a drivers' intervention program, if the offender refuses to attend a drivers' intervention program, or if the jail at which the offender is to serve the jail term imposed can provide a driver's intervention program, the court shall sentence the offender to a mandatory jail term of at least six consecutive days.

If the court grants unlimited driving privileges to a first-time offender under section 4510.022 of the Revised Code, all penalties imposed upon the offender by the court under division (G)(1)(a)(ii) of this section for the offense apply, except that the court shall suspend any mandatory or additional jail term imposed by the court under division (G)(1)(a)(ii) of this section upon granting unlimited driving privileges in accordance with section 4510.022 of the Revised Code.

The court may require the offender, under a community control sanction imposed under section 2929.25 of the Revised Code, to attend and satisfactorily complete any treatment or education programs that comply with the minimum standards adopted pursuant to Chapter 5119 of the Revised Code by the director of mental health and addiction services, in addition to the required attendance at drivers' intervention program, that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose any other conditions of community control on the offender that it considers necessary.

(iii) In all cases, a fine of not less than three hundred seventy-five and not more than one thousand seventy-five dollars;

(iv) In all cases, a suspension of the offender's driver's or commercial driver's license or permit or nonresident operating privilege for a definite period of one to three years. The court may grant limited driving privileges relative to the suspension under sections 4510.021 and 4510.13 of the Revised Code. The court may grant unlimited driving privileges with an ignition interlock device relative to the suspension and may reduce the period of suspension as authorized under section 4510.022 of the Revised Code.

(b) Except as otherwise provided in division (G)(1)(e) of this section, an offender who, within ten years of the offense, previously has been convicted of or pleaded guilty to one violation of division (A) or (B) of this section or one other equivalent offense is guilty of a misdemeanor of the first degree. The court shall sentence the offender to all of the following:

(i) If the sentence is being imposed for a violation of division (A)(1)(a), (b), (c), (d), (e), or (j) of this section, a mandatory jail term of ten consecutive days. The court shall impose the ten-day mandatory jail term under this division unless, subject to division (G)(3) of this section, it instead imposes a sentence under that division consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both
electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in
addition to the ten-day mandatory jail term. The cumulative jail term imposed for the offense
shall not exceed six months.

In addition to the jail term or the term of house arrest with electronic monitoring or
continuous alcohol monitoring or both types of monitoring and jail term, the court shall require
the offender to be assessed by a community addiction services provider that is authorized by
section 5119.21 of the Revised Code, subject to division (l) of this section, and shall order the
offender to follow the treatment recommendations of the services provider. The purpose of the
assessment is to determine the degree of the offender’s alcohol usage and to determine
whether or not treatment is warranted. Upon the request of the court, the services provider shall
submit the results of the assessment to the court, including all treatment recommendations and
clinical diagnoses related to alcohol use.

(ii) If the sentence is being imposed for a violation of division (A)(1)(f), (g), (h), or (i) or
division (A)(2) of this section, except as otherwise provided in this division, a mandatory jail term
of twenty consecutive days. The court shall impose the twenty-day mandatory jail term under
this division unless, subject to division (G)(3) of this section, it instead imposes a sentence
under that division consisting of both a jail term and a term of house arrest with electronic
monitoring, with continuous alcohol monitoring, or with both electronic monitoring and
continuous alcohol monitoring. The court may impose a jail term in addition to the twenty-day
mandatory jail term. The cumulative jail term imposed for the offense shall not exceed six
months.

In addition to the jail term or the term of house arrest with electronic monitoring or
continuous alcohol monitoring or both types of monitoring and jail term, the court shall require
the offender to be assessed by a community addiction service provider that is authorized by
section 5119.21 of the Revised Code, subject to division (I) of this section, and shall order the
offender to follow the treatment recommendations of the services provider. The purpose of the
assessment is to determine the degree of the offender’s alcohol usage and to determine
whether or not treatment is warranted. Upon the request of the court, the services provider shall
submit the results of the assessment to the court, including all treatment recommendations and
clinical diagnoses related to alcohol use.

(iii) In all cases, notwithstanding the fines set forth in Chapter 2929 of the Revised Code,
a fine of not less than five hundred twenty-five and not more than one thousand six hundred
twenty-five dollars;

(iv) In all cases, a suspension of the offender's driver's license, commercial driver's
license, temporary instruction permit, probationary license, or nonresident operating privilege for
a definite period of one to seven years. The court may grant limited driving privileges relative to
the suspension under sections 4510.021 and 4510.13 of the Revised Code.

(v) In all cases, if the vehicle is registered in the offender's name, immobilization of the
vehicle involved in the offense for ninety days in accordance with section 4503.233 of the
Revised Code and impoundment of the license plates of that vehicle for ninety days.

(c) Except as otherwise provided in division (G)(1)(e) of this section, an offender who,
within ten years of the offense, previously has been convicted of or pleaded guilty to two
violations of division (A) or (B) of this section or other equivalent offenses is guilty of a
misdemeanor. The court shall sentence the offender to all of the following:

(i) If the sentence is being imposed for a violation of division (A)(1)(a), (b), (c), (d), (e), or
(j) of this section, a mandatory jail term of thirty consecutive days. The court shall impose the
thirty-day mandatory jail term under this division unless, subject to division (G)(3) of this section,
it instead imposes a sentence under that division consisting of both a jail term and a term of
house arrest with electronic monitoring, with continuous alcohol monitoring, or with both
electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in
addition to the thirty-day mandatory jail term. Notwithstanding the jail terms set forth in sections
2929.21 to 2929.28 of the Revised Code, the additional jail term shall not exceed one year, and the cumulative jail term imposed for the offense shall not exceed one year.

(ii) If the sentence is being imposed for a violation of division (A)(1)(f), (g), (h), or (i) or division (A)(2) of this section, a mandatory jail term of sixty consecutive days. The court shall impose the sixty-day mandatory jail term under this division unless, subject to division (G)(3) of this section, it instead imposes a sentence under that division consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in addition to the sixty-day mandatory jail term. Notwithstanding the jail terms set forth in sections 2929.21 to 2929.28 of the Revised Code, the additional jail term shall not exceed one year, and the cumulative jail term imposed for the offense shall not exceed one year.

(iii) In all cases, notwithstanding the fines set forth in Chapter 2929 of the Revised Code, a fine of not less than eight hundred fifty and not more than two thousand seven hundred fifty dollars;

(iv) In all cases, a suspension of the offender’s driver’s license, commercial driver’s license, temporary instruction permit, probationary license, or nonresident operating privilege for a definite period of two to twelve years. The court may grant limited driving privileges relative to the suspension under sections 4510.021 and 4510.13 of the Revised Code.

(v) In all cases, if the vehicle is registered in the offender’s name, criminal forfeiture of the vehicle involved in the offense in accordance with section 4503.234 of the Revised Code. Division (G)(6) of this section applies regarding any vehicle that is subject to an order of criminal forfeiture under this division.

(vi) In all cases, the court shall order the offender to participate with a community addiction services provider authorized by section 5119.21 of the Revised Code, subject to division (I) of this section, and shall order the offender to follow the treatment recommendations of the services provider. The operator of the services provider shall determine and assess the degree of the offender’s alcohol dependency and shall make recommendations for treatment. Upon the request of the court, the services provider shall submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.

(d) Except as otherwise provided in division (G)(1)(e) of this section, an offender who, within ten years of the offense, previously has been convicted of or pleaded guilty to three or four violations of division (A) or (B) of this section or other equivalent offenses or an offender who, within twenty years of the offense, previously has been convicted of or pleaded guilty to five or more violations of that nature is guilty of a felony of the fourth degree. The court shall sentence the offender to all of the following:

(i) If the sentence is being imposed for a violation of division (A)(1)(a), (b), (c), (d), (e), or (j) of this section, a mandatory prison term of one, two, three, four, or five years as required by and in accordance with division (G)(2) of section 2929.13 of the Revised Code if the offender also is convicted of or also pleads guilty to a specification of the type described in section 2941.1413 of the Revised Code or, in the discretion of the court, either a mandatory term of local incarceration of sixty consecutive days in accordance with division (G)(1) of section 2929.13 of the Revised Code or a mandatory prison term of sixty consecutive days in accordance with division (G)(2) of that section if the offender is not convicted of and does not plead guilty to a specification of that type. If the court imposes a mandatory term of local incarceration, it may impose a jail term in addition to the sixty-day mandatory term, the cumulative total of the mandatory term and the jail term for the offense shall not exceed one year, and, except as provided in division (A)(1) of section 2929.13 of the Revised Code, no prison term is authorized for the offense. If the court imposes a mandatory prison term, notwithstanding division (A)(4) of section 2929.14 of the Revised Code, it also may sentence the offender to a definite prison term that shall be not less than six months and not more than thirty
months and the prison terms shall be imposed as described in division (G)(2) of section 2929.13 of the Revised Code. If the court imposes a mandatory prison term or mandatory prison term and additional prison term, in addition to the term or terms so imposed, the court also may sentence the offender to a community control sanction for the offense, but the offender shall serve all of the prison terms so imposed prior to serving the community control sanction.

(ii) If the sentence is being imposed for a violation of division (A)(1)(f), (g), (h), or (i) or division (A)(2) of this section, a mandatory prison term of one, two, three, four, or five years as required by and in accordance with division (G)(2) of section 2929.13 of the Revised Code if the offender also is convicted of or also pleads guilty to a specification of the type described in section 2941.1413 of the Revised Code or, in the discretion of the court, either a mandatory term of local incarceration of one hundred twenty consecutive days in accordance with division (G)(1) of section 2929.13 of the Revised Code or a mandatory prison term of one hundred twenty consecutive days in accordance with division (G)(2) of that section if the offender is not convicted of and does not plead guilty to a specification of that type. If the court imposes a mandatory term of local incarceration, it may impose a jail term in addition to the one hundred twenty-day mandatory term, the cumulative total of the mandatory term and the jail term for the offense shall not exceed one year, and, except as provided in division (A)(1) of section 2929.13 of the Revised Code, no prison term is authorized for the offense. If the court imposes a mandatory prison term, notwithstanding division (A)(4) of section 2929.14 of the Revised Code, it also may sentence the offender to a definite prison term that shall be not less than six months and not more than thirty months and the prison terms shall be imposed as described in division (G)(2) of section 2929.13 of the Revised Code. If the court imposes a mandatory prison term or mandatory prison term and additional prison term, in addition to the term or terms so imposed, the court also may sentence the offender to a community control sanction for the offense, but the offender shall serve all of the prison terms so imposed prior to serving the community control sanction.

(iii) In all cases, notwithstanding section 2929.18 of the Revised Code, a fine of not less than one thousand three hundred fifty nor more than ten thousand five hundred dollars;

(iv) In all cases, a class two license suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(2) of section 4510.02 of the Revised Code. The court may grant limited driving privileges relative to the suspension under sections 4510.021 and 4510.13 of the Revised Code.

(v) In all cases, if the vehicle is registered in the offender's name, criminal forfeiture of the vehicle involved in the offense in accordance with section 4503.234 of the Revised Code. Division (G)(6) of this section applies regarding any vehicle that is subject to an order of criminal forfeiture under this division.

(vi) In all cases, the court shall order the offender to participate with a community addiction services provider authorized by section 5119.21 of the Revised Code, subject to division (I) of this section, and shall order the offender to follow the treatment recommendations of the services provider. The operator of the services provider shall determine and assess the degree of the offender's alcohol dependency and shall make recommendations for treatment. Upon the request of the court, the services provider shall submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.

(vii) In all cases, if the court sentences the offender to a mandatory term of local incarceration, in addition to the mandatory term, the court, pursuant to section 2929.17 of the Revised Code, may impose a term of house arrest with electronic monitoring. The term shall not commence until after the offender has served the mandatory term of local incarceration.

(e) An offender who previously has been convicted of or pleaded guilty to a violation of division (A) of this section that was a felony, regardless of when the violation and the conviction
or guilty plea occurred, is guilty of a felony of the third degree. The court shall sentence the
offender to all of the following:

(i) If the offender is being sentenced for a violation of division (A)(1)(a), (b), (c), (d), (e),
or (j) of this section, a mandatory prison term of one, two, three, four, or five years as required
by and in accordance with division (G)(2) of section 2929.13 of the Revised Code if the offender
also is convicted of or also pleads guilty to a specification of the type described in section
2941.1413 of the Revised Code or a mandatory prison term of sixty consecutive days in
accordance with division (G)(2) of section 2929.13 of the Revised Code if the offender is not
convicted of and does not plead guilty to a specification of that type. The court may impose a
prison term in addition to the mandatory prison term. The cumulative total of a sixty-day
mandatory prison term and the additional prison term for the offense shall not exceed five years.
In addition to the mandatory prison term or mandatory prison term and additional prison term
the court imposes, the court also may sentence the offender to a community control sanction for
the offense, but the offender shall serve all of the prison terms so imposed prior to serving the
community control sanction.

(ii) If the sentence is being imposed for a viola-
tion of division (A)(1)(f), (g), (h), or (i) or
division (A)(2) of this section, a mandatory prison term of one, two, three, four, or five years as
required by and in accordance with division (G)(2) of section 2929.13 of the Revised Code if the
offender also is convicted of or also pleads guilty to a specification of the type described in
section 2941.1413 of the Revised Code or a mandatory prison term of one hundred twenty
consecutive days in accordance with division (G)(2) of section 2929.13 of the Revised Code if
the offender is not convicted of and does not plead guilty to a specification of that type. The
court may impose a prison term in addition to the mandatory prison term. The cumulative total of
a one hundred twenty-day mandatory prison term and the additional prison term for the offense
shall not exceed five years. In addition to the mandatory prison term or mandatory prison term
and additional prison term the court imposes, the court also may sentence the offender to a
community control sanction for the offense, but the offender shall serve all of the prison terms
so imposed prior to serving the community control sanction.

(iii) In all cases, notwithstanding section 2929.18 of the Revised Code, a fine of not less
than one thousand three hundred fifty nor more than ten thousand five hundred dollars;

(iv) In all cases, a class two license suspension of the offender’s driver’s license,
commercial driver’s license, temporary instruction permit, probationary license, or nonresident
operating privilege from the range specified in division (A)(2) of section 4510.02 of the Revised
Code. The court may grant limited driving privileges relative to the suspension under sections
4510.021 and 4510.13 of the Revised Code.

(v) In all cases, if the vehicle is registered in the offender’s name, criminal forfeiture of
the vehicle involved in the offense in accordance with section 4503.234 of the Revised Code.
Division (G)(6) of this section applies regarding any vehicle that is subject to an order of criminal
forfeiture under this division.

(vi) In all cases, the court shall order the offender to participate with a community
addiction services provider authorized by section 5119.21 of the Revised Code, subject to
division (I) of this section, and shall order the offender to follow the treatment recommendations
of the services provider. The operator of the services provider shall determine and assess the
degree of the offender’s alcohol dependency and shall make recommendations for treatment.
Upon the request of the court, the services provider shall submit the results of the assessment
to the court, including all treatment recommendations and clinical diagnoses related to alcohol
use.

(2) An offender who is convicted of or pleads guilty to a violation of division (A) of this
section and who subsequently seeks reinstatement of the driver’s or occupational driver’s
license or permit or nonresident operating privilege suspended under this section as a result of
the conviction or guilty plea shall pay a reinstatement fee as provided in division (F)(2) of
section 4511.191 of the Revised Code.

(3) If an offender is sentenced to a jail term under division (G)(1)(b)(i) or (ii) or (G)(1)(c)(i) or (ii) of this section and if, within sixty days of sentencing of the offender, the court issues a written finding on the record that, due to the unavailability of space at the jail where the offender is required to serve the term, the offender will not be able to begin serving that term within the sixty-day period following the date of sentencing, the court may impose an alternative sentence under this division that includes a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring.

As an alternative to a mandatory jail term of ten consecutive days required by division (G)(1)(b)(i) of this section, the court, under this division, may sentence the offender to five consecutive days in jail and not less than eighteen consecutive days of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The cumulative total of the five consecutive days in jail and the period of house arrest with electronic monitoring, continuous alcohol monitoring, or both types of monitoring shall not exceed six months. The five consecutive days in jail do not have to be served prior to or consecutively to the period of house arrest.

As an alternative to the mandatory jail term of twenty consecutive days required by division (G)(1)(b)(ii) of this section, the court, under this division, may sentence the offender to ten consecutive days in jail and not less than thirty-six consecutive days of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The cumulative total of the ten consecutive days in jail and the period of house arrest with electronic monitoring, continuous alcohol monitoring, or both types of monitoring shall not exceed six months. The ten consecutive days in jail do not have to be served prior to or consecutively to the period of house arrest.

As an alternative to a mandatory jail term of thirty consecutive days required by division (G)(1)(c)(i) of this section, the court, under this division, may sentence the offender to fifteen consecutive days in jail and not less than fifty-five consecutive days of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The cumulative total of the fifteen consecutive days in jail and the period of house arrest with electronic monitoring, continuous alcohol monitoring, or both types of monitoring shall not exceed one year. The fifteen consecutive days in jail do not have to be served prior to or consecutively to the period of house arrest.

As an alternative to the mandatory jail term of sixty consecutive days required by division (G)(1)(c)(ii) of this section, the court, under this division, may sentence the offender to thirty consecutive days in jail and not less than one hundred ten consecutive days of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The cumulative total of the thirty consecutive days in jail and the period of house arrest with electronic monitoring, continuous alcohol monitoring, or both types of monitoring shall not exceed one year. The thirty consecutive days in jail do not have to be served prior to or consecutively to the period of house arrest.

(4) If an offender’s driver’s or occupational driver’s license or permit or nonresident operating privilege is suspended under division (G) of this section and if section 4510.13 of the Revised Code permits the court to grant limited driving privileges, the court may grant the limited driving privileges in accordance with that section. If division (A)(7) of that section requires that the court impose as a condition of the privileges that the offender must display on the vehicle that is driven subject to the privileges restricted license plates that are issued under section 4503.231 of the Revised Code, except as provided in division (B) of that section, the court shall impose that condition as one of the conditions of the limited driving privileges granted to the offender, except as provided in division (B) of section 4503.231 of the Revised Code.

(5) Fines imposed under this section for a violation of division (A) of this section shall be
distributed as follows:

(a) Twenty-five dollars of the fine imposed under division (G)(1)(a)(iii), thirty-five dollars of the fine imposed under division (G)(1)(b)(iii), one hundred twenty-three dollars of the fine imposed under division (G)(1)(c)(iii), and two hundred ten dollars of the fine imposed under division (G)(1)(d)(iii) or (e)(iii) of this section shall be paid to an enforcement and education fund established by the legislative authority of the law enforcement agency in this state that primarily was responsible for the arrest of the offender, as determined by the court that imposes the fine. The agency shall use this share to pay only those costs it incurs in enforcing this section or a municipal OVI ordinance and in informing the public of the laws governing the operation of a vehicle while under the influence of alcohol, the dangers of the operation of a vehicle under the influence of alcohol, and other information relating to the operation of a vehicle under the influence of alcohol and the consumption of alcoholic beverages.

(b) Fifty dollars of the fine imposed under division (G)(1)(a)(iii) of this section shall be paid to the political subdivision that pays the cost of housing the offender during the offender's term of incarceration. If the offender is being sentenced for a violation of division (A)(1)(a), (b), (c), (d), (e), or (j) of this section and was confined as a result of the offense prior to being sentenced for the offense but is not sentenced to a term of incarceration, the fifty dollars shall be paid to the political subdivision that paid the cost of housing the offender during that period of confinement. The political subdivision shall use the share under this division to pay or reimburse incarceration or treatment costs it incurs in housing or providing drug and alcohol treatment to persons who violate this section or a municipal OVI ordinance, costs for any immobilizing or disabling device used on the offender's vehicle, and costs of electronic house arrest equipment needed for persons who violate this section.

(c) Twenty-five dollars of the fine imposed under division (G)(1)(a)(iii) and fifty dollars of the fine imposed under division (G)(1)(b)(iii) of this section shall be deposited into the county or municipal indigent drivers' alcohol treatment fund under the control of that court, as created by the county or municipal corporation under division (F) of section 4511.191 of the Revised Code.

(d) One hundred fifteen dollars of the fine imposed under division (G)(1)(a)(iii), one hundred twenty-five dollars of the fine imposed under division (G)(1)(b)(iii), two hundred fifty dollars of the fine imposed under division (G)(1)(d)(iii), and five hundred dollars of the fine imposed under
division (G)(1)(d)(iii) or (e)(iii) of this section shall be transmitted to the treasurer of state for deposit into the indigent defense support fund established under section 120.08 of the Revised Code.

(g) The balance of the fine imposed under division (G)(1)(a)(iii), (b)(iii), (c)(iii), (d)(iii), or (e)(iii) of this section shall be disbursed as otherwise provided by law.

(6) If title to a motor vehicle that is subject to an order of criminal forfeiture under division (G)(1)(c), (d), or (e) of this section is assigned or transferred and division (B)(2) or (3) of section 4503.234 of the Revised Code applies, in addition to or independent of any other penalty established by law, the court may fine the offender the value of the vehicle as determined by publications of the national automobile dealers association. The proceeds of any fine so imposed shall be distributed in accordance with division (C)(2) of that section.

(7) In all cases in which an offender is sentenced under division (G) of this section, the offender shall provide the court with proof of financial responsibility as defined in section 4509.01 of the Revised Code. If the offender fails to provide that proof of financial responsibility, the court, in addition to any other penalties provided by law, may order restitution pursuant to section 2929.18 or 2929.28 of the Revised Code in an amount not exceeding five thousand dollars for any economic loss arising from an accident or collision that was the direct and proximate result of the offender's operation of the vehicle before, during, or after committing the offense for which the offender is sentenced under division (G) of this section.

(8) A court may order an offender to reimburse a law enforcement agency for any costs incurred by the agency with respect to a chemical test or tests administered to the offender if all of the following apply:

(a) The offender is convicted of or pleads guilty to a violation of division (A) of this section.

(b) The test or tests were of the offender's whole blood, blood serum or plasma, or urine.

(c) The test or tests indicated that the offender had a prohibited concentration of a controlled substance or a metabolite of a controlled substance in the offender's whole blood, blood serum or plasma, or urine at the time of the offense.

(9) As used in division (G) of this section, “electronic monitoring,” “mandatory prison term,” and “mandatory term of local incarceration” have the same meanings as in section 2929.01 of the Revised Code.

(H) Whoever violates division (B) of this section is guilty of operating a vehicle after underage alcohol consumption and shall be punished as follows:

(1) Except as otherwise provided in division (H)(2) of this section, the offender is guilty of a misdemeanor of the fourth degree. In addition to any other sanction imposed for the offense, the court shall impose a class six suspension of the offender’s driver’s license, commercial driver’s license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(6) of section 4510.02 of the Revised Code. The court may grant limited driving privileges relative to the suspension under sections 4510.021 and 4510.13 of the Revised Code. The court may grant unlimited driving privileges with an ignition interlock device relative to the suspension and may reduce the period of suspension as authorized under section 4510.022 of the Revised Code. If the court grants unlimited driving privileges under section 4510.022 of the Revised Code, the court shall suspend any jail term imposed under division (H)(1) of this section as required under that section.

(2) If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one or more violations of division (A) or (B) of this section or other equivalent offenses, the offender is guilty of a misdemeanor of the third degree. In addition to any other sanction imposed for the offense, the court shall impose a class four suspension of the offender’s driver’s license, commercial driver’s license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(4) of section 4510.02 of the Revised Code. The court may grant limited driving privileges
relative to the suspension under sections 4510.021 and 4510.13 of the Revised Code.

(3) If the offender also is convicted of or also pleads guilty to a specification of the type
described in section 2941.1416 of the Revised Code and if the court imposes a jail term for the
violation of division (B) of this section, the court shall impose upon the offender an additional
definite jail term pursuant to division (E) of section 2929.24 of the Revised Code.

(4) The offender shall provide the court with proof of financial responsibility as defined in
section 4509.01 of the Revised Code. If the offender fails to provide that proof of financial
responsibility, then, in addition to any other penalties provided by law, the court may order
restitution pursuant to section 2929.28 of the Revised Code in an amount not exceeding five
thousand dollars for any economic loss arising from an accident or collision that was the direct
and proximate result of the offender's operation of the vehicle before, during, or after committing
the violation of division (B) of this section.

(I)(1) No court shall sentence an offender to an alcohol treatment program under this
section unless the treatment program complies with the minimum standards for alcohol
treatment programs adopted under Chapter 5119 of the Revised Code by the director of mental
health and addiction services.

(2) An offender who stays in a drivers' intervention program or in an alcohol treatment
program under an order issued under this section shall pay the cost of the stay in the program.
However, if the court determines that an offender who stays in an alcohol treatment program
under an order issued under this section is unable to pay the cost of the stay in the program, the
court may order that the cost be paid from the court's indigent drivers' alcohol treatment fund.

(J) If a person whose driver's or commercial driver's license or permit or nonresident
operating privilege is suspended under this section files an appeal regarding any aspect of the
person's trial or sentence, the appeal itself does not stay the operation of the suspension.

(K) Division (A)(1)(j) of this section does not apply to a person who operates a vehicle,
streetcar, or trackless trolley while the person has a concentration of a listed controlled
substance or a listed metabolite of a controlled substance in the person's whole blood, blood
serum or plasma, or urine that equals or exceeds the amount specified in that division, if both of
the following apply:

(1) The person obtained the controlled substance pursuant to a prescription issued by a
licensed health professional authorized to prescribe drugs.

(2) The person injected, ingested, or inhaled the controlled substance in accordance with
the health professional's directions.

(L) The prohibited concentrations of a controlled substance or a metabolite of a
controlled substance listed in division (A)(1)(j) of this section also apply in a prosecution of a
violation of division (D) of section 2923.16 of the Revised Code in the same manner as if the
offender is being prosecuted for a prohibited concentration of alcohol.

(M) All terms defined in section 4510.01 of the Revised Code apply to this section. If the
meaning of a term defined in section 4510.01 of the Revised Code conflicts with the meaning of
the same term as defined in section 4501.01 or 4511.01 of the Revised Code, the term as
defined in section 4510.01 of the Revised Code applies to this section.

(N)(1) The Ohio Traffic Rules in effect on January 1, 2004, as adopted by the supreme
court under authority of section 2937.46 of the Revised Code, do not apply to felony violations
of this section. Subject to division (N)(2) of this section, the Rules of Criminal Procedure apply to
felony violations of this section.

(2) If, on or after January 1, 2004, the supreme court modifies the Ohio Traffic Rules to
provide procedures to govern felony violations of this section, the modified rules shall apply to
felony violations of this section.
4511.191 Consent for substance abuse testing implied by operation of land vehicle; implied consent of dead or unconscious; officer may use reasonable means to ensure test.

(A)(1) As used in this section:
   (a) "Physical control" has the same meaning as in section 4511.194 of the Revised Code.
   (b) "Alcohol monitoring device" means any device that provides for continuous alcohol monitoring, any ignition interlock device, any immobilizing or disabling device other than an ignition interlock device that is constantly available to monitor the concentration of alcohol in a person's system, or any other device that provides for the automatic testing and periodic reporting of alcohol consumption by a person and that a court orders a person to use as a sanction imposed as a result of the person's conviction of or plea of guilty to an offense.
   (c) "Community addiction services provider" has the same meaning as in section 5119.01 of the Revised Code.

(2) Any person who operates a vehicle, streetcar, or trackless trolley upon a highway or any public or private property used by the public for vehicular travel or parking within this state or who is in physical control of a vehicle, streetcar, or trackless trolley shall be deemed to have given consent to a chemical test or tests of the person's whole blood, blood serum or plasma, breath, or urine to determine the alcohol, drug of abuse, controlled substance, metabolite of a controlled substance, or combination content of the person's whole blood, blood serum or plasma, breath, or urine if arrested for a violation of division (A) or (B) of section 4511.19 of the Revised Code, section 4511.194 of the Revised Code or a substantially equivalent municipal ordinance, or a municipal OVI ordinance.

(3) The chemical test or tests under division (A)(2) of this section shall be administered at the request of a law enforcement officer having reasonable grounds to believe the person was operating or in physical control of a vehicle, streetcar, or trackless trolley in violation of a division, section, or ordinance identified in division (A)(2) of this section. The law enforcement agency by which the officer is employed shall designate which of the tests shall be administered.

(4) Any person who is dead or unconscious, or who otherwise is in a condition rendering the person incapable of refusal, shall be deemed to have consented as provided in division (A)(2) of this section, and the test or tests may be administered, subject to sections 313.12 to 313.16 of the Revised Code.

(5)(a) If a law enforcement officer arrests a person for a violation of division (A) or (B) of section 4511.19 of the Revised Code, section 4511.194 of the Revised Code or a substantially equivalent municipal ordinance, or a municipal OVI ordinance and if the person if convicted would be required to be sentenced under division (G)(1)(c), (d), or (e) of section 4511.19 of the Revised Code, the law enforcement officer shall request the person to submit, and the person shall submit, to a chemical test or tests of the person's whole blood, blood serum or plasma, breath, or urine for the purpose of determining the alcohol, drug of abuse, controlled substance, metabolite of a controlled substance, or combination content of the person's whole blood, blood serum or plasma, breath, or urine. A law enforcement officer who makes a request pursuant to this division that a person submit to a chemical test or tests is not required to advise the person of the consequences of submitting to, or refusing to submit to, the test or tests and is not required to give the person the form described in division (B) of section 4511.192 of the Revised Code, but the officer shall advise the person at the time of the arrest that if the person refuses to take a chemical test the officer may employ whatever reasonable means are necessary to ensure that the person submits to a chemical test of the person's whole blood or blood serum or plasma. The officer shall also advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. Divisions (A)(3) and (4)
(b) If a person refuses to submit to a chemical test upon a request made pursuant to
division (A)(5)(a) of this section, the law enforcement officer who made the request may employ
whatever reasonable means are necessary to ensure that the person submits to a chemical test
of the person's whole blood or blood serum or plasma. A law enforcement officer who acts
pursuant to this division to ensure that a person submits to a chemical test of the person's whole
blood or blood serum or plasma is immune from criminal and civil liability based upon a claim for
assault and battery or any other claim for the acts, unless the officer so acted with malicious
purpose, in bad faith, or in a wanton or reckless manner.

(B)(1) Upon receipt of the sworn report of a law enforcement officer who arrested a
person for a violation of division (A) or (B) of section 4511.19 of the Revised Code, section
4511.194 of the Revised Code or a substantially equivalent municipal ordinance, or a municipal
OVI ordinance that was completed and sent to the registrar of motor vehicles and a court
pursuant to section 4511.192 of the Revised Code in regard to a person who refused to take the
designated chemical test, the registrar shall enter into the registrar's records the fact that the
person's driver's or commercial driver's license or permit or nonresident operating privilege was
suspended by the arresting officer under this division and that section and the period of the
suspension, as determined under this section. The suspension shall be subject to appeal as
provided in section 4511.197 of the Revised Code. The suspension shall be for whichever of the
following periods applies:

(a) Except when division (B)(1)(b), (c), or (d) of this section applies and specifies a
different class or length of suspension, the suspension shall be a class C suspension for the
period of time specified in division (B)(3) of section 4510.02 of the Revised Code.

(b) If the arrested person, within ten years of the date on which the person refused the
request to consent to the chemical test, had refused one previous request to consent to a
chemical test or had been convicted of or pleaded guilty to one violation of division (A) or (B) of
section 4511.19 of the Revised Code or one other equivalent offense, the suspension shall be a
class B suspension imposed for the period of time specified in division (B)(2) of section 4510.02
of the Revised Code.

(c) If the arrested person, within ten years of the date on which the person refused the
request to consent to the chemical test, had refused two previous requests to consent to a
chemical test, had been convicted of or pleaded guilty to two violations of division (A) or (B) of
section 4511.19 of the Revised Code or other equivalent offenses, or had refused one previous
request to consent to a chemical test and also had been convicted of or pleaded guilty to one
violation of division (A) or (B) of section 4511.19 of the Revised Code or other equivalent
offenses, which violation or offense arose from an incident other than the incident that led to the
refusal, the suspension shall be a class A suspension imposed for the period of time specified in
division (B)(1) of section 4510.02 of the Revised Code.

(d) If the arrested person, within ten years of the date on which the person refused the
request to consent to the chemical test, had refused three or more previous requests to consent
to a chemical test, had been convicted of or pleaded guilty to three or more violations of division
(A) or (B) of section 4511.19 of the Revised Code or other equivalent offenses, or had refused a
number of previous requests to consent to a chemical test and also had been convicted of or
pleaded guilty to a number of violations of division (A) or (B) of section 4511.19 of the Revised
Code or other equivalent offenses that cumulatively total three or more such refusals,
convictions, and guilty pleas, the suspension shall be for five years.

(2) The registrar shall terminate a suspension of the driver's or commercial driver's
license or permit of a resident or of the operating privilege of a nonresident, or a denial of a
driver's or commercial driver's license or permit, imposed pursuant to division (B)(1) of this
section upon receipt of notice that the person has entered a plea of guilty to, or that the person
has been convicted after entering a plea of no contest to, operating a vehicle in violation of
section 4511.19 of the Revised Code or in violation of a municipal OVI ordinance, if the offense for which the conviction is had or the plea is entered arose from the same incident that led to the suspension or denial.

The registrar shall credit against any judicial suspension of a person's driver's or commercial driver's license or permit or nonresident operating privilege imposed pursuant to section 4511.19 of the Revised Code, or pursuant to section 4510.07 of the Revised Code for a violation of a municipal OVI ordinance, any time during which the person serves a related suspension imposed pursuant to division (B)(1) of this section.

(C)(1) Upon receipt of the sworn report of the law enforcement officer who arrested a person for a violation of division (A) or (B) of section 4511.19 of the Revised Code or a municipal OVI ordinance that was completed and sent to the registrar and a court pursuant to section 4511.192 of the Revised Code in regard to a person whose test results indicate that the person's whole blood, blood serum or plasma, breath, or urine contained at least the concentration of alcohol specified in division (A)(1)(b), (c), (d), or (e) of section 4511.19 of the Revised Code or at least the concentration of a listed controlled substance or a listed metabolite of a controlled substance specified in division (A)(1)(j) of section 4511.19 of the Revised Code, the registrar shall enter into the registrar's records the fact that the person's driver's or commercial driver's license or permit or nonresident operating privilege was suspended by the arresting officer under this division and section 4511.192 of the Revised Code and the period of the suspension, as determined under divisions (C)(1)(a) to (d) of this section. The suspension shall be subject to appeal as provided in section 4511.197 of the Revised Code. The suspension described in this division does not apply to, and shall not be imposed upon, a person arrested for a violation of section 4511.194 of the Revised Code or a substantially equivalent municipal ordinance who submits to a designated chemical test. The suspension shall be for whichever of the following periods applies:

(a) Except when division (C)(1)(b), (c), or (d) of this section applies and specifies a different period, the suspension shall be a class E suspension imposed for the period of time specified in division (B)(5) of section 4510.02 of the Revised Code.

(b) The suspension shall be a class C suspension for the period of time specified in division (B)(3) of section 4510.02 of the Revised Code if the person has been convicted of or pleaded guilty to, within ten years of the date the test was conducted, one violation of division (A) or (B) of section 4511.19 of the Revised Code or one other equivalent offense.

(c) If, within ten years of the date the test was conducted, the person has been convicted of or pleaded guilty to two violations of a statute or ordinance described in division (C)(1)(b) of this section, the suspension shall be a class B suspension imposed for the period of time specified in division (B)(2) of section 4510.02 of the Revised Code.

(d) If, within ten years of the date the test was conducted, the person has been convicted of or pleaded guilty to more than two violations of a statute or ordinance described in division (C)(1)(b) of this section, the suspension shall be a class A suspension imposed for the period of time specified in division (B)(1) of section 4510.02 of the Revised Code.

(2) The registrar shall terminate a suspension of the driver's or commercial driver's license or permit of a resident or of the operating privilege of a nonresident, or a denial of a driver's or commercial driver's license or permit, imposed pursuant to division (C)(1) of this section upon receipt of notice that the person has entered a plea of guilty to, or that the person has been convicted after entering a plea of no contest to, operating a vehicle in violation of section 4511.19 of the Revised Code or in violation of a municipal OVI ordinance, if the offense for which the conviction is had or the plea is entered arose from the same incident that led to the suspension or denial.

The registrar shall credit against any judicial suspension of a person's driver's or commercial driver's license or permit or nonresident operating privilege imposed pursuant to section 4511.19 of the Revised Code, or pursuant to section 4510.07 of the Revised Code for a
violation of a municipal OVI ordinance, any time during which the person serves a related suspension imposed pursuant to division (C)(1) of this section.

(D)(1) A suspension of a person's driver's or commercial driver's license or permit or nonresident operating privilege under this section for the time described in division (B) or (C) of this section is effective immediately from the time at which the arresting officer serves the notice of suspension upon the arrested person. Any subsequent finding that the person is not guilty of the charge that resulted in the person being requested to take the chemical test or tests under division (A) of this section does not affect the suspension.

(2) If a person is arrested for operating a vehicle, streetcar, or trackless trolley in violation of division (A) or (B) of section 4511.19 of the Revised Code or a municipal OVI ordinance, or for being in physical control of a vehicle, streetcar, or trackless trolley in violation of section 4511.194 of the Revised Code or a substantially equivalent municipal ordinance, regardless of whether the person's driver's or commercial driver's license or permit or nonresident operating privilege is or is not suspended under division (B) or (C) of this section or Chapter 4510 of the Revised Code, the person's initial appearance on the charge resulting from the arrest shall be held within five days of the person's arrest or the issuance of the citation to the person, subject to any continuance granted by the court pursuant to section 4511.197 of the Revised Code regarding the issues specified in that division.

(E) When it finally has been determined under the procedures of this section and sections 4511.192 to 4511.197 of the Revised Code that a nonresident's privilege to operate a vehicle within this state has been suspended, the registrar shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which the person has a license.

(F) At the end of a suspension period under this section, under section 4511.194, section 4511.196, or division (G) of section 4511.19 of the Revised Code, or under section 4510.07 of the Revised Code for a violation of a municipal OVI ordinance and upon the request of the person whose driver's or commercial driver's license or permit was suspended and who is not otherwise subject to suspension, cancellation, or disqualification, the registrar shall return the driver's or commercial driver's license or permit to the person upon the occurrence of all of the conditions specified in divisions (F)(1) and (2) of this section:

(1) A showing that the person has proof of financial responsibility, a policy of liability insurance in effect that meets the minimum standards set forth in section 4509.51 of the Revised Code, or proof, to the satisfaction of the registrar, that the person is able to respond in damages in an amount at least equal to the minimum amounts specified in section 4509.51 of the Revised Code.

(2) Subject to the limitation contained in division (F)(3) of this section, payment by the person to the registrar or an eligible deputy registrar of a license reinstatement fee of four hundred seventy-five dollars, which fee shall be deposited in the state treasury and credited as follows:

(a) One hundred twelve dollars and fifty cents shall be credited to the statewide treatment and prevention fund created by section 4301.30 of the Revised Code. Money credited to the fund under this section shall be used for purposes identified under section 5119.22 of the Revised Code.

(b) Seventy-five dollars shall be credited to the reparations fund created by section 2743.191 of the Revised Code.

(c) Thirty-seven dollars and fifty cents shall be credited to the indigent drivers alcohol treatment fund, which is hereby established in the state treasury. The department of mental health and addiction services shall distribute the moneys in that fund to the county indigent drivers alcohol treatment funds, the county juvenile indigent drivers alcohol treatment funds, and the municipal indigent drivers alcohol treatment funds that are required to be established by counties and municipal corporations pursuant to division (H) of this section to be used only as
provided in division (H)(3) of this section. Moneys in the fund that are not distributed to a county indigent drivers alcohol treatment fund, a county juvenile indigent drivers alcohol treatment fund, or a municipal indigent drivers alcohol treatment fund under division (H) of this section because the director of mental health and addiction services does not have the information necessary to identify the county or municipal corporation where the offender or juvenile offender was arrested may be transferred by the director of budget and management to the statewide treatment and prevention fund created by section 4301.30 of the Revised Code, upon certification of the amount by the director of mental health and addiction services.

(d) Seventy-five dollars shall be credited to the opportunities for Ohioans with disabilities agency established by section 3304.15 of the Revised Code, to the services for rehabilitation fund, which is hereby established. The fund shall be used to match available federal matching funds where appropriate, and for any other purpose or program of the agency to rehabilitate persons with disabilities to help them become employed and independent.

(e) Seventy-five dollars shall be deposited into the state treasury and credited to the drug abuse resistance education programs fund, which is hereby established, to be used by the attorney general for the purposes specified in division (F)(4) of this section.

(f) Thirty dollars shall be credited to the public safety--highway purposes fund created by section 4501.06 of the Revised Code.

(g) Twenty dollars shall be credited to the trauma and emergency medical services fund created by section 4513.263 of the Revised Code.

(h) Fifty dollars shall be credited to the indigent drivers interlock and alcohol monitoring fund, which is hereby established in the state treasury. Moneys in the fund shall be distributed by the department of public safety to the county indigent drivers interlock and alcohol monitoring funds, the county juvenile indigent drivers interlock and alcohol monitoring funds, and the municipal indigent drivers interlock and alcohol monitoring funds that are required to be established by counties and municipal corporations pursuant to this section, and shall be used only to pay the cost of an immobilizing or disabling device, including a certified ignition interlock device, or an alcohol monitoring device used by an offender or juvenile offender who is ordered to use the device by a county, juvenile, or municipal court judge and who is determined by the county, juvenile, or municipal court judge not to have the means to pay for the person's use of the device.

(3) If a person's driver's or commercial driver's license or permit is suspended under this section, under section 4511.196 or division (G) of section 4511.19 of the Revised Code, under section 4510.07 of the Revised Code for a violation of a municipal OVI ordinance or under any combination of the suspensions described in division (F)(3) of this section, and if the suspensions arise from a single incident or a single set of facts and circumstances, the person is liable for payment of, and shall be required to pay to the registrar or an eligible deputy registrar, only one reinstatement fee of four hundred seventy-five dollars. The reinstatement fee shall be distributed by the bureau in accordance with division (F)(2) of this section.

(4) The attorney general shall use amounts in the drug abuse resistance education programs fund to award grants to law enforcement agencies to establish and implement drug abuse resistance education programs in public schools. Grants awarded to a law enforcement agency under this section shall be used by the agency to pay for not more than fifty per cent of the amount of the salaries of law enforcement officers who conduct drug abuse resistance education programs in public schools. The attorney general shall not use more than six per cent of the amounts the attorney general's office receives under division (F)(2)(e) of this section to pay the costs it incurs in administering the grant program established by division (F)(2)(e) of this section and in providing training and materials relating to drug abuse resistance education programs.

The attorney general shall report to the governor and the general assembly each fiscal year on the progress made in establishing and implementing drug abuse resistance education
programs. These reports shall include an evaluation of the effectiveness of these programs.

(5) In addition to the reinstatement fee under this section, if the person pays the reinstatement fee to a deputy registrar, the deputy registrar shall collect a service fee of ten dollars to compensate the deputy registrar for services performed under this section. The deputy registrar shall retain eight dollars of the service fee and shall transmit the reinstatement fee, plus two dollars of the service fee, to the registrar in the manner the registrar shall determine.

(G) Suspension of a commercial driver's license under division (B) or (C) of this section shall be concurrent with any period of disqualification under section 3123.611 or 4506.16 of the Revised Code or any period of suspension under section 3123.58 of the Revised Code. No person who is disqualified for life from holding a commercial driver's license under section 4506.16 of the Revised Code shall be issued a driver's license under Chapter 4507 of the Revised Code during the period for which the commercial driver's license was suspended under division (B) or (C) of this section. No person whose commercial driver's license is suspended under division (B) or (C) of this section shall be issued a driver's license under Chapter 4507 of the Revised Code during the period of the suspension.

(H)(1) Each county shall establish an indigent drivers alcohol treatment fund and a juvenile indigent drivers alcohol treatment fund. Each municipal corporation in which there is a municipal court shall establish an indigent drivers alcohol treatment fund. All revenue that the general assembly appropriates to the indigent drivers alcohol treatment fund for transfer to a county indigent drivers alcohol treatment fund, a county juvenile indigent drivers alcohol treatment fund, or a municipal indigent drivers alcohol treatment fund, all portions of fees that are paid under division (F) of this section and that are credited under that division to the indigent drivers alcohol treatment fund in the state treasury for a county indigent drivers alcohol treatment fund, a county juvenile indigent drivers alcohol treatment fund, or a municipal indigent drivers alcohol treatment fund, all portions of additional costs imposed under section 2949.094 of the Revised Code that are specified for deposit into a county, county juvenile, or municipal indigent drivers alcohol treatment fund by that section, and all portions of fines that are specified for deposit into a county or municipal indigent drivers alcohol treatment fund by section 4511.193 of the Revised Code shall be deposited into that county indigent drivers alcohol treatment fund, county juvenile indigent drivers alcohol treatment fund, or municipal indigent drivers alcohol treatment fund. The portions of the fees paid under division (F) of this section that are to be so deposited shall be determined in accordance with division (H)(2) of this section. Additionally, all portions of fines that are paid for a violation of section 4511.19 or any prohibition contained in Chapter 4510 of the Revised Code to be deposited into a county indigent drivers alcohol treatment fund or municipal indigent drivers alcohol treatment fund shall be deposited into the appropriate fund in accordance with the applicable division of the section or provision.

(2) That portion of the license reinstatement fee that is paid under division (F) of this section and that is credited under that division to the indigent drivers alcohol treatment fund shall be deposited into a county indigent drivers alcohol treatment fund, a county juvenile indigent drivers alcohol treatment fund, or a municipal indigent drivers alcohol treatment fund as follows:

(a) Regarding a suspension imposed under this section, that portion of the fee shall be deposited as follows:

(i) If the fee is paid by a person who was charged in a county court with the violation that resulted in the suspension or in the imposition of the court costs, the portion shall be deposited into the county indigent drivers alcohol treatment fund under the control of that court;

(ii) If the fee is paid by a person who was charged in a juvenile court with the violation that resulted in the suspension or in the imposition of the court costs, the portion shall be
deposited into the county juvenile indigent drivers alcohol treatment fund established in the county served by the court;

(iii) If the fee is paid by a person who was charged in a municipal court with the violation that resulted in the suspension or in the imposition of the court costs, the portion shall be deposited into the municipal indigent drivers alcohol treatment fund under the control of that court.

(b) Regarding a suspension imposed under section 4511.19 of the Revised Code or under section 4510.07 of the Revised Code for a violation of a municipal OVI ordinance, that portion of the fee shall be deposited as follows:

(i) If the fee is paid by a person whose license or permit was suspended by a county court, the portion shall be deposited into the county indigent drivers alcohol treatment fund under the control of that court;

(ii) If the fee is paid by a person whose license or permit was suspended by a municipal court, the portion shall be deposited into the municipal indigent drivers alcohol treatment fund under the control of that court.

(3) (a) As used in division (H)(3) of this section, “indigent person” means a person who is convicted of a violation of division (A) or (B) of section 4511.19 of the Revised Code or a substantially similar municipal ordinance or found to be a juvenile traffic offender by reason of a violation of division (A) or (B) of section 4511.19 of the Revised Code or a substantially similar municipal ordinance, who is ordered by the court to attend an alcohol and drug addiction treatment program, and who is determined by the court under division (H)(5) of this section to be unable to pay the cost of the assessment or the cost of attendance at the treatment program.

(b) A county, juvenile, or municipal court judge, by order, may make expenditures from a county indigent drivers alcohol treatment fund, a county juvenile indigent drivers alcohol treatment fund, or a municipal indigent drivers alcohol treatment fund with respect to an indigent person for any of the following:

(i) To pay the cost of an assessment that is conducted by an appropriately licensed clinician at either a driver intervention program that is certified under section 5119.38 of the Revised Code or at a community addiction services provider whose alcohol and drug addiction services are certified under section 5119.36 of the Revised Code;

(ii) To pay the cost of alcohol addiction services, drug addiction services, or integrated alcohol and drug addiction services at a community addiction services provider whose alcohol and drug addiction services are certified under section 5119.36 of the Revised Code;

(iii) To pay the cost of transportation to attend an assessment as provided under division (H)(3)(b)(i) of this section or addiction services as provided under division (H)(3)(b)(ii) of this section.

The alcohol and drug addiction services board or the board of alcohol, drug addiction, and mental health services established pursuant to section 340.02 or 340.021 of the Revised Code and serving the alcohol, drug addiction, and mental health service district in which the court is located shall administer the indigent drivers alcohol treatment program of the court.

When a court orders an offender or juvenile traffic offender to obtain an assessment or attend an alcohol and drug addiction treatment program, the board shall determine which program is suitable to meet the needs of the offender or juvenile traffic offender, and when a suitable program is located and space is available at the program, the offender or juvenile traffic offender shall attend the program designated by the board. A reasonable amount not to exceed five per cent of the amounts credited to and deposited into the county indigent drivers alcohol treatment fund, the county juvenile indigent drivers alcohol treatment fund, or the municipal indigent drivers alcohol treatment fund serving every court whose program is administered by that board shall be paid to the board to cover the costs it incurs in administering those indigent drivers alcohol treatment programs.

(c) Upon exhaustion of moneys in the indigent drivers interlock and alcohol monitoring
fund for the use of an alcohol monitoring device, a county, juvenile, or municipal court judge may use moneys in the county indigent drivers alcohol treatment fund, county juvenile indigent drivers alcohol treatment fund, or municipal indigent drivers alcohol treatment fund in either of the following manners:

(i) If the source of the moneys was an appropriation of the general assembly, a portion of a fee that was paid under division (F) of this section, a portion of a fine that was specified for deposit into the fund by section 4511.193 of the Revised Code, or a portion of a fine that was paid for a violation of section 4511.19 of the Revised Code or of a provision contained in Chapter 4510 of the Revised Code that was required to be deposited into the fund, to pay for the continued use of an alcohol monitoring device by an offender or juvenile traffic offender, in conjunction with a treatment program approved by the department of mental health and addiction services, when such use is determined clinically necessary by the treatment program and when the court determines that the offender or juvenile traffic offender is unable to pay all or part of the daily monitoring or cost of the device;

(ii) If the source of the moneys was a portion of an additional court cost imposed under section 2949.094 of the Revised Code, to pay for the continued use of an alcohol monitoring device by an offender or juvenile traffic offender when the court determines that the offender or juvenile traffic offender is unable to pay all or part of the daily monitoring or cost of the device. The moneys may be used for a device as described in this division if the use of the device is in conjunction with a treatment program approved by the department of mental health and addiction services, when the use of the device is determined clinically necessary by the treatment program, but the use of a device is not required to be in conjunction with a treatment program approved by the department in order for the moneys to be used for the device as described in this division.

(4) If a county, juvenile, or municipal court determines, in consultation with the alcohol and drug addiction services board or the board of alcohol, drug addiction, and mental health services established pursuant to section 340.02 or 340.021 of the Revised Code and serving the alcohol, drug addiction, and mental health district in which the court is located, that the funds in the county indigent drivers alcohol treatment fund, the county juvenile indigent drivers alcohol treatment fund, or the municipal indigent drivers alcohol treatment fund under the control of the court are more than sufficient to satisfy the purpose for which the fund was established, as specified in divisions (H)(1) to (3) of this section, the court may declare a surplus in the fund. If the court declares a surplus in the fund, the court may take any of the following actions with regard to the amount of the surplus in the fund:

(a) Expend any of the surplus amount for alcohol and drug abuse assessment and treatment, and for the cost of transportation related to assessment and treatment, of persons who are charged in the court with committing a criminal offense or with being a delinquent child or juvenile traffic offender and in relation to whom both of the following apply:

(i) The court determines that substance abuse was a contributing factor leading to the criminal or delinquent activity or the juvenile traffic offense with which the person is charged.

(ii) The court determines that the person is unable to pay the cost of the alcohol and drug abuse assessment and treatment for which the surplus money will be used.

(b) Expend any of the surplus amount to pay all or part of the cost of purchasing alcohol monitoring devices to be used in conjunction with division (H)(3)(c) of this section, upon exhaustion of moneys in the indigent drivers interlock and alcohol monitoring fund for the use of an alcohol monitoring device.

(c) Transfer to another court in the same county any of the surplus amount to be utilized in a manner consistent with division (H)(3) of this section. If surplus funds are transferred to another court, the court that transfers the funds shall notify the alcohol and drug addiction services board or the board of alcohol, drug addiction, and mental health services that serves the alcohol, drug addiction, and mental health service district in which that court is located.
(d) Transfer to the alcohol and drug addiction services board or the board of alcohol, drug addiction, and mental health services that serves the alcohol, drug addiction, and mental health service district in which the court is located any of the surplus amount to be utilized in a manner consistent with division (H)(3) of this section or for board contracted recovery support services.

(5) In order to determine if an offender does not have the means to pay for the offender's attendance at an alcohol and drug addiction treatment program for purposes of division (H)(3) of this section or if an alleged offender or delinquent child is unable to pay the costs specified in division (H)(4) of this section, the court shall use the indigent client eligibility guidelines and the standards of indigency established by the state public defender to make the determination.

(6) The court shall identify and refer any community addiction services provider that intends to provide alcohol and drug addiction services and has not had its alcohol and drug addiction services certified under section 5119.36 of the Revised Code and that is interested in receiving amounts from the surplus in the fund declared under division (H)(4) of this section to the department of mental health and addiction services in order for the community addiction services provider to have its alcohol and drug addiction services certified by the department. The department shall keep a record of applicant referrals received pursuant to this division and shall submit a report on the referrals each year to the general assembly. If a community addiction services provider interested in having its alcohol and drug addiction services certified makes an application pursuant to section 5119.36 of the Revised Code, the community addiction services provider is eligible to receive surplus funds as long as the application is pending with the department. The department of mental health and addiction services must offer technical assistance to the applicant. If the interested community addiction services provider withdraws the certification application, the department must notify the court, and the court shall not provide the interested community addiction services provider with any further surplus funds.

(7)(a) Each alcohol and drug addiction services board and board of alcohol, drug addiction, and mental health services established pursuant to section 340.02 or 340.021 of the Revised Code shall submit to the department of mental health and addiction services an annual report for each indigent drivers alcohol treatment fund in that board's area.

(b) The report, which shall be submitted not later than sixty days after the end of the state fiscal year, shall provide the total payment that was made from the fund, including the number of indigent consumers that received treatment services and the number of indigent consumers that received an alcohol monitoring device. The report shall identify the treatment program and expenditure for an alcohol monitoring device for which that payment was made. The report shall include the fiscal year balance of each indigent drivers alcohol treatment fund located in that board's area. In the event that a surplus is declared in the fund pursuant to division (H)(4) of this section, the report also shall provide the total payment that was made from the surplus moneys and identify the authorized purpose for which that payment was made.

(c) If a board is unable to obtain adequate information to develop the report to submit to the department for a particular indigent drivers alcohol treatment fund, the board shall submit a report detailing the effort made in obtaining the information.

(I)(1) Each county shall establish an indigent drivers interlock and alcohol monitoring fund and a juvenile indigent drivers interlock and alcohol treatment fund. Each municipal corporation in which there is a municipal court shall establish an indigent drivers interlock and alcohol monitoring fund. All revenue that the general assembly appropriates to the indigent drivers interlock and alcohol monitoring fund for transfer to a county indigent drivers interlock and alcohol monitoring fund, a county juvenile indigent drivers interlock and alcohol monitoring fund, or a municipal indigent drivers interlock and alcohol monitoring fund, all portions of license reinstatement fees that are paid under division (F)(2) of this section and that are credited under that division to the indigent drivers interlock and alcohol monitoring fund in the state treasury, and all portions of fines that are paid under division (G) of section 4511.19 of the Revised Code
and that are credited by division (G)(5)(e) of that section to the indigent drivers interlock and alcohol monitoring fund in the state treasury shall be deposited in the appropriate fund in accordance with division (I)(2) of this section.

(2) That portion of the license reinstatement fee that is paid under division (F) of this section and that portion of the fine paid under division (G) of section 4511.19 of the Revised Code and that is credited under either division to the indigent drivers interlock and alcohol monitoring fund shall be deposited into a county indigent drivers interlock and alcohol monitoring fund, a county juvenile indigent drivers interlock and alcohol monitoring fund, or a municipal indigent drivers interlock and alcohol monitoring fund as follows:

(a) If the fee or fine is paid by a person who was charged in a county court with the violation that resulted in the suspension or fine, the portion shall be deposited into the county indigent drivers interlock and alcohol monitoring fund under the control of that court.

(b) If the fee or fine is paid by a person who was charged in a juvenile court with the violation that resulted in the suspension or fine, the portion shall be deposited into the county juvenile indigent drivers interlock and alcohol monitoring fund established in the county served by the court.

(c) If the fee or fine is paid by a person who was charged in a municipal court with the violation that resulted in the suspension, the portion shall be deposited into the municipal indigent drivers interlock and alcohol monitoring fund under the control of that court.

(3) If a county, juvenile, or municipal court determines that the funds in the county indigent drivers interlock and alcohol monitoring fund, the county juvenile indigent drivers interlock and alcohol monitoring fund, or the municipal indigent drivers interlock and alcohol monitoring fund under the control of that court are more than sufficient to satisfy the purpose for which the fund was established as specified in division (F)(2)(h) of this section, the court may declare a surplus in the fund. The court then may order the transfer of a specified amount into the county indigent drivers alcohol treatment fund, the county juvenile indigent drivers alcohol treatment fund, or the municipal indigent drivers alcohol treatment fund under the control of that court to be utilized in accordance with division (H) of this section.

Part III. Peer Review and Immunity

2305.24 Confidentiality.

Any information, data, reports, or records made available to a quality assurance committee or utilization committee of a hospital or long-term care facility or of any not-for-profit health care corporation that is a member of the hospital or long-term care facility or of which the hospital or long-term care facility is a member are confidential and shall be used by the committee and the committee members only in the exercise of the proper functions of the committee. Any information, data, reports, or records made available to a utilization committee of a state or local medical society composed of doctors of medicine or doctors of osteopathic medicine are confidential and shall be used by the committee and the committee members only in the exercise of the proper functions of the committee. A right of action similar to that a patient may have against an attending physician for misuse of information, data, reports, or records arising out of the physician-patient relationship shall accrue against a member of a quality assurance committee or utilization committee for misuse of any information, data, reports, or records furnished to the committee by an attending physician. No physician, institution, hospital, or long-term care facility furnishing information, data, reports, or records to a committee with respect to any patient examined or treated by the physician or confined in the institution, hospital, or long-term care facility shall, by reason of the furnishing, be deemed liable in damages to any person, or be held to answer for betrayal of a professional confidence within
the meaning and intent of section 4731.22 of the Revised Code. Information, data, or reports furnished to a utilization committee of a state or local medical society shall contain no name of any person involved therein.

Any information, data, reports, or records made available to a quality assurance committee of the bureau of workers' compensation or the industrial commission that is responsible for reviewing the professional qualifications and the performance of providers conducting medical examinations or file reviews for the bureau or the commission are confidential and shall be used by the committee and the committee members only in the exercise of the proper functions of the committee.

As used in this section, “utilization committee” is the committee established to administer a utilization review plan of a hospital, of a not-for-profit health care corporation which is a member of the hospital or of which the hospital is a member, or of a skilled nursing facility as provided in the “Health Insurance for the Aged Act,” 79 Stat. 313 (1965), 42 U.S.C. 1395x(k).

2305.25 Peer review committees; definitions.

As used in this section and sections 2305.251 to 2305.253 of the Revised Code:

(A)(1) “Health care entity” means an entity, whether acting on its own behalf or on behalf of or in affiliation with other health care entities, that conducts as part of its regular business activities professional credentialing or quality review activities involving the competence of, professional conduct of, or quality of care provided by health care providers, including both individuals who provide health care and entities that provide health care.

(2) “Health care entity” includes any entity described in division (A)(1) of this section, regardless of whether it is a government entity; for-profit or nonprofit corporation; limited liability company; partnership; professional corporation; state or local society composed of physicians, dentists, optometrists, psychologists, or pharmacists; accountable care organization; other health care organization; or combination of any of the foregoing entities.

(B) “Health insuring corporation” means an entity that holds a certificate of authority under Chapter 1751 of the Revised Code. “Health insuring corporation” includes wholly owned subsidiaries of a health insuring corporation.

(C) “Hospital” means any of the following:

(1) An institution that has been registered or licensed by the department of health as a hospital;

(2) An entity, other than an insurance company authorized to do business in this state, that owns, controls, or is affiliated with an institution that has been registered or licensed by the department of health as a hospital;

(3) A group of hospitals that are owned, sponsored, or managed by a single entity.

(D) “Incident report or risk management report” means a report of an incident involving injury or potential injury to a patient as a result of patient care provided by health care providers, including both individuals who provide health care and entities that provide health care, that is prepared by or for the use of a peer review committee of a health care entity and is within the scope of the functions of that committee.

(E)(1) “Peer review committee” means a utilization review committee, quality assessment committee, performance improvement committee, tissue committee, credentialing committee, or other committee that does either of the following:

(a) Conducts professional credentialing or quality review activities involving the competence of, professional conduct of, or quality of care provided by health care providers, including both individuals who provide health care and entities that provide health care;

(b) Conducts any other attendant hearing process initiated as a result of a peer review committee’s recommendations or actions.

(2) “Peer review committee” includes all of the following:
(a) A peer review committee of a hospital or long-term care facility or a peer review committee of a nonprofit health care corporation that is a member of the hospital or long-term care facility or of which the hospital or facility is a member;
(b) A peer review committee of a community mental health center;
(c) A board or committee of a hospital, a long-term care facility, or other health care entity when reviewing professional qualifications or activities of health care providers, including both individuals who provide health care and entities that provide health care;
(d) A peer review committee, professional standards review committee, or arbitration committee of a state or local society composed of members who are in active practice as physicians, dentists, optometrists, psychologists, or pharmacists;
(e) A peer review committee of a health insuring corporation that has at least a two-thirds majority of member physicians in active practice and that conducts professional credentialing and quality review activities involving the competence or professional conduct of health care providers that adversely affects or could adversely affect the health or welfare of any patient;
(f) A peer review committee of a health insuring corporation that has at least a two-thirds majority of member physicians in active practice and that conducts professional credentialing and quality review activities involving the competence or professional conduct of a health care facility that has contracted with the health insuring corporation to provide health care services to enrollees, which conduct adversely affects, or could adversely affect, the health or welfare of any patient;
(g) A peer review committee of a sickness and accident insurer that has at least a two-thirds majority of physicians in active practice and that conducts professional credentialing and quality review activities involving the competence or professional conduct of health care providers that adversely affects or could adversely affect the health or welfare of any patient;
(h) A peer review committee of a sickness and accident insurer that has at least a two-thirds majority of physicians in active practice and that conducts professional credentialing and quality review activities involving the competence or professional conduct of a health care facility that has contracted with the insurer to provide health care services to insureds, which conduct adversely affects, or could adversely affect, the health or welfare of any patient;
(i) A peer review committee of any insurer authorized under Title XXXIX of the Revised Code to do the business of medical professional liability insurance in this state that conducts professional quality review activities involving the competence or professional conduct of health care providers that adversely affects or could affect the health or welfare of any patient;
(j) A peer review committee of the bureau of workers' compensation or the industrial commission that is responsible for reviewing the professional qualifications and the performance of providers certified by the bureau to participate in the health partnership program or of providers conducting medical examinations or file reviews for the bureau or the commission;
(k) Any other peer review committee of a health care entity.

(F) "Physician" means an individual authorized to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery.
(G) "Sickness and accident insurer" means an entity authorized under Title XXXIX of the Revised Code to do the business of sickness and accident insurance in this state.
(H) "Tort action" means a civil action for damages for injury, death, or loss to a patient of a health care entity. "Tort action" includes a product liability claim, as defined in section 2307.71 of the Revised Code, and an asbestos claim, as defined in section 2307.91 of the Revised Code, but does not include a civil action for a breach of contract or another agreement between persons.
(I) "Accountable care organization" means such an organization as defined in 42 C.F.R. 425.20.
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part III. Peer Review and Immunity

2305.251 Immunity; presumption of no negligence in credentialing.

(A) No health care entity shall be liable in damages to any person for any acts, omissions, decisions, or other conduct within the scope of the functions of a peer review committee of the health care entity. No individual who is a member of or works for or on behalf of a peer review committee of a health care entity shall be liable in damages to any person for any acts, omissions, decisions, or other conduct within the scope of the functions of the peer review committee.

(B)(1) A hospital shall be presumed to not be negligent in the credentialing of an individual who has, or has applied for, staff membership or professional privileges at the hospital pursuant to section 3701.351 of the Revised Code, and a health insuring corporation or sickness and accident insurer shall be presumed to not be negligent in the credentialing of an individual who is, or has applied to be, a participating provider with the health insuring corporation or sickness and accident insurer, if the hospital, health insuring corporation, or sickness and accident insurer proves by a preponderance of the evidence that, at the time of the alleged negligent credentialing of the individual, the hospital, health insuring corporation, or sickness and accident insurer was accredited by one of the following:

(a) The joint commission on accreditation of healthcare organizations;
(b) The American osteopathic association;
(c) The national committee for quality assurance;
(d) The utilization review accreditation commission.

(2) The presumption that a hospital, health insuring corporation, or sickness and accident insurer is not negligent as provided in division (B)(1) of this section may be rebutted only by proof, by a preponderance of the evidence, of any of the following:

(a) The credentialing and review requirements of the accrediting organization did not apply to the hospital, health insuring corporation, sickness and accident insurer, the individual, or the type of professional care that is the basis of the claim against the hospital, health insuring corporation, or sickness and accident insurer.
(b) The hospital, health insuring corporation, or sickness and accident insurer failed to comply with all material credentialing and review requirements of the accrediting organization that applied to the individual.
(c) The hospital, health insuring corporation, or sickness and accident insurer, through its medical staff executive committee or its governing body and sufficiently in advance to take appropriate action, knew that a previously competent individual had developed a pattern of incompetence or otherwise inappropriate behavior, either of which indicated that the individual's staff membership, professional privileges, or participation as a provider should have been limited or terminated prior to the individual's provision of professional care to the plaintiff.
(d) The hospital, health insuring corporation, or sickness and accident insurer, through its medical staff executive committee or its governing body and sufficiently in advance to take appropriate action, knew that a previously competent individual would provide fraudulent medical treatment but failed to limit or terminate the individual's staff membership, professional privileges, or participation as a provider prior to the individual's provision of professional care to the plaintiff.

(3) If the plaintiff fails to rebut the presumption provided in division (B)(1) of this section, upon the motion of the hospital, health insuring corporation, or sickness and accident insurer, the court shall enter judgment in favor of the hospital, health insuring corporation, or sickness and accident insurer on the claim of negligent credentialing.

(C) Nothing in this section otherwise shall relieve any individual or health care entity from liability arising from treatment of an individual. Nothing in this section shall be construed as creating an exception to section 2305.252 of the Revised Code.

(D) No person who provides information under this section without malice and in the
reasonable belief that the information is warranted by the facts known to the person shall be subject to suit for civil damages as a result of providing the information.

2305.252 Peer review committee confidentiality.

(A) Proceedings and records within the scope of a peer review committee of a health care entity shall be held in confidence and shall not be subject to discovery or introduction in evidence in any civil action against a health care entity or health care provider, including both individuals who provide health care and entities that provide health care, arising out of matters that are the subject of evaluation and review by the peer review committee. No individual who attends a meeting of a peer review committee, serves as a member of a peer review committee, works for or on behalf of a peer review committee, or provides information to a peer review committee shall be permitted or required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the peer review committee or as to any finding, recommendation, evaluation, opinion, or other action of the committee or a member thereof.

Information, documents, or records otherwise available from original sources are not to be construed as being unavailable for discovery or for use in any civil action merely because they were produced or presented during proceedings of a peer review committee, but the information, documents, or records are available only from the original sources and cannot be obtained from the peer review committee's proceedings or records.

The release of any information, documents, or records that were produced or presented during proceedings of a peer review committee or created to document the proceedings does not affect the confidentiality of any other information, documents, or records produced or presented during those proceedings or created to document them. Only the information, documents, or records actually released cease to be privileged under this section.

Nothing in this section precludes health care entities from sharing information, documents, or records that were produced or presented during proceedings of a peer review committee or created to document them as long as the information, documents, or records are used only for peer review purposes.

An individual who testifies before a peer review committee, serves as a representative of a peer review committee, serves as a member of a peer review committee, works for or on behalf of a peer review committee, or provides information to a peer review committee shall not be prevented from testifying as to matters within the individual's knowledge, but the individual cannot be asked about the individual's testimony before the peer review committee, information the individual provided to the peer review committee, or any opinion the individual formed as a result of the peer review committee's activities.

An order by a court to produce for discovery or for use at trial the proceedings or records described in this section is a final order.

(B) Division (A) of this section applies to a peer review committee of the bureau of workers' compensation that is responsible for reviewing the professional qualifications and the performance of providers certified by the bureau to participate in the health partnership program created under sections 4121.44 and 4121.441 of the Revised Code, except that the proceedings and records within the scope of the peer review committee are subject to discovery or court subpoena and may be admitted into evidence in any criminal action or administrative or civil action initiated, prosecuted, or adjudicated by the bureau involving an alleged violation of applicable statutes or administrative rules. The bureau may share proceedings and records within the scope of the peer review committee, including claimant records and claim file information, with law enforcement agencies, licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of applicable statutes or administrative rules. If the bureau shares proceedings or records with a law enforcement
agency, licensing board, or another governmental agency pursuant to this division, that sharing does not affect the confidentiality of the record. Recipients of claimant records and claim file information provided by the bureau pursuant to this division shall take appropriate measures to maintain the confidentiality of the information.

2305.253 Confidentiality; incident report.

(A) Notwithstanding any contrary provision of section 149.43, 1751.21, 2305.24, 2305.25, 2305.251, 2305.252, or 2305.28 of the Revised Code, an incident report or risk management report and the contents of an incident report or risk management report are not subject to discovery in, and are not admissible in evidence in the trial of, a tort action. An individual who prepares or has knowledge of the contents of an incident report or risk management report shall not testify and shall not be required to testify in a tort action as to the contents of the report.

(B)(1) Except as specified in division (A) of this section, this section does not affect any provision of section 149.43, 1751.21, 2305.24, 2305.25, 2305.251, 2305.252, or 2305.28 of the Revised Code that describes, imposes, or confers any of the following:

(a) An immunity from tort or other civil liability;
(b) A forfeiture of an immunity from tort or other civil liability;
(c) A requirement of confidentiality;
(d) A limitation on the use of information, data, reports, or records;
(e) Tort or other civil liability;
(f) A limitation on discovery of matter, introduction into evidence of matter, or testimony pertaining to matter in a tort or other civil action.

(2) Divisions (A) and (B)(1) of this section do not prohibit or limit the discovery or admissibility of testimony or evidence relating to patient care that is within an individual’s personal knowledge.

(3) Divisions (A) and (B)(1) and (2) of this section do not affect a privileged communication between an attorney and the attorney’s client as described in section 2317.02 of the Revised Code.

2305.28 Committee, nonprofit and professional association immunity.

(A) As used in this section, “counseling and assistance committee” means a committee of a professional organization whose purpose is to render counseling and assistance to members of the profession whose personal or professional lives are or reasonably appear to be impaired by reason of substance abuse, chemical dependency, or mental illness.

(B) No member or employee of a peer review committee, professional standards review committee, or counseling and assistance committee of a state or local professional organization composed of doctors of chiropractic, doctors of veterinary medicine, attorneys at law, real estate brokers, architects, professional engineers, certified public accountants, public accountants, or registered nurses is liable to any person for any action taken or recommendation made within the scope of the functions of the committee, if the committee member or employee acts without malice and in the reasonable belief that the action or recommendation is warranted by the facts known to him after reasonable effort to obtain the facts of the matter as to which the action is taken or recommendation is made.

(C) Division (B) of this section also shall apply to any member or employee of a nonprofit corporation that is engaged in performing the functions of a peer review committee, professional standards review committee, or counseling and assistance committee of a state or local professional organization composed of doctors of chiropractic, doctors of veterinary medicine, attorneys at law, real estate brokers, architects, professional engineers, certified public
accountants, public accountants, or registered nurses.  

(D) No person who provides information to a peer review committee, professional standards review committee, or counseling and assistance committee of a state or local professional organization as described in division (B) of this section, to a nonprofit corporation as described in division (C) of this section, or to a member or employee of such a peer review committee, professional standards review committee, counseling and assistance committee, or nonprofit corporation, without malice and in the reasonable belief that the information is warranted by the facts known to him is liable in damages in a civil action as a result of providing that information.

Part IV. Medical Records and Health Information Exchange

173.20 Access to records; employee designations; legal powers.

(A) If consent is given and unless otherwise prohibited by law, a representative of the office of the state long-term care ombudsman program shall have access to any records, including medical records, of a resident or a recipient that are reasonably necessary for investigation of a complaint. Consent may be given in any of the following ways:

1. In writing by the resident or recipient;
2. Orally by the resident or recipient, witnessed in writing at the time it is given by one other person;
3. In writing by the guardian of the resident or recipient;
4. In writing by the attorney in fact of the resident or recipient, if the resident or recipient has authorized the attorney in fact to give such consent;
5. In writing by the executor or administrator of the estate of a deceased resident or recipient.

(B) If consent to access to records is not refused by a resident or recipient or the resident's or recipient's legal representative but cannot be obtained and any of the following circumstances exist, a representative of the office of the state long-term care ombudsman program, on approval of the state long-term care ombudsman, may inspect the records of a resident or a recipient, including medical records, that are reasonably necessary for investigation of a complaint:

1. The resident or recipient is unable to express written or oral consent and there is no guardian or attorney in fact;
2. There is a guardian or attorney in fact, but the guardian or attorney in fact cannot be contacted within three working days;
3. There is a guardianship or durable power of attorney, but its existence is unknown by the long-term care provider and the representative of the office at the time of the investigation;
4. There is no executor or administrator of the estate of a deceased resident or recipient.

(C) If a representative of the office of the state long-term care ombudsman program has been refused access to records by a guardian or attorney in fact, but has reasonable cause to believe that the guardian or attorney in fact is not acting in the best interests of the resident or recipient, the representative may, on approval of the state long-term care ombudsman, inspect the records of the resident or recipient, including medical records, that are reasonably necessary for investigation of a complaint.

(D) A representative of the office of the state long-term care ombudsman program shall have access to any records of a long-term care provider reasonably necessary to an investigation conducted under this section, including but not limited to: incident reports, dietary records, policies and procedures of a facility required to be maintained under section 5165.06 of
the Revised Code, admission agreements, staffing schedules, any document depicting the actual staffing pattern of the provider, any financial records that are matters of public record, resident council and grievance committee minutes, and any waiting list maintained by a facility in accordance with section 5165.08 of the Revised Code, or any similar records or lists maintained by a provider of community-based long-term care services. Pursuant to division (E) of this section, a representative shall be permitted to make or obtain copies of any of these records after giving the long-term care provider twenty-four hours' notice. A long-term care provider may impose a charge for providing copies of records under this division that does not exceed the actual and necessary expense of making the copies.

(E) Each long-term care provider shall designate one or more of its employees to be responsible for releasing records for copying to representatives of the office of the state long-term care ombudsman program who request permission to make or obtain copies of records specified in division (D) of this section. In the event that a designated employee is not available when a representative of the office makes the request, the long-term care provider shall designate another employee to release the records for copying.

(F) A long-term care provider or any employee of such a provider is immune from civil or criminal liability or action taken pursuant to a professional disciplinary procedure for the release or disclosure of records to a representative of the office pursuant to this section.

(G) A state or local government agency or entity with records relevant to a complaint or investigation being conducted by a representative of the office shall provide the representative access to the records.

(H) The state ombudsman, with the approval of the director of aging, may issue a subpoena to compel any person the ombudsman reasonably believes may be able to provide information to appear before the ombudsman or the ombudsman's designee and give sworn testimony and to produce documents, books, records, papers, or other evidence the state ombudsman believes is relevant to the investigation. On the refusal of a witness to be sworn or to answer any question put to the witness, or if a person disobeys a subpoena, the ombudsman shall apply to the Franklin county court of common pleas for a contempt order, as in the case of disobedience of the requirements of a subpoena issued from the court, or a refusal to testify in the court.

(I) The state ombudsman may petition the court of common pleas in the county in which a long-term care facility is located to issue an injunction against any long-term care facility in violation of sections 3721.10 to 3721.17 of the Revised Code.

(J) To the extent permitted by federal law, a representative of the office may report to an appropriate authority any suspected violation of state law discovered during the course of an advocacy visit or investigation.

(K) The department of aging shall adopt rules in accordance with Chapter 119 of the Revised Code for referral by the state ombudsman and regional long-term care ombudsman programs of complaints to other public agencies or entities. A public agency or entity to which a complaint is referred shall keep the state ombudsman or regional program handling the complaint advised and notified in writing in a timely manner of the disposition of the complaint to the extent permitted by law.

3701.74 Patient or representative’s access to medical records; timing.

(A) As used in this section and section 3701.741 of the Revised Code:

1. “Ambulatory care facility” means a facility that provides medical, diagnostic, or surgical treatment to patients who do not require hospitalization, including a dialysis center, ambulatory surgical facility, cardiac catheterization facility, diagnostic imaging center, extracorporeal shock wave lithotripsy center, home health agency, inpatient hospice, birthing center, radiation therapy center, emergency facility, and an urgent care center. “Ambulatory
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part IV. Medical Records and Health Information Exchange

General Provisions

"care facility" does not include the private office of a physician or dentist, whether the office is for an individual or group practice.

(2) "Chiropractor" means an individual licensed under Chapter 4734 of the Revised Code to practice chiropractic.

(3) "Emergency facility" means a hospital emergency department or any other facility that provides emergency medical services.

(4) "Health care practitioner" means all of the following:
   (a) A dentist or dental hygienist licensed under Chapter 4715 of the Revised Code;
   (b) A registered or licensed practical nurse licensed under Chapter 4723 of the Revised Code;
   (c) An optometrist licensed under Chapter 4725 of the Revised Code;
   (d) A dispensing optician, spectacle dispensing optician, contact lens dispensing optician, or spectacle-contact lens dispensing optician licensed under Chapter 4725 of the Revised Code;
   (e) A pharmacist licensed under Chapter 4729 of the Revised Code;
   (f) A physician;
   (g) A physician assistant authorized under Chapter 4730 of the Revised Code to practice as a physician assistant;
   (h) A practitioner of a limited branch of medicine issued a certificate under Chapter 4731 of the Revised Code;
   (i) A psychologist licensed under Chapter 4732 of the Revised Code;
   (j) A chiropractor;
   (k) A hearing aid dealer or fitter licensed under Chapter 4747 of the Revised Code;
   (l) A speech-language pathologist or audiologist licensed under Chapter 4753 of the Revised Code;
   (m) An occupational therapist or occupational therapy assistant licensed under Chapter 4755 of the Revised Code;
   (n) A physical therapist or physical therapy assistant licensed under Chapter 4755 of the Revised Code;
   (o) A licensed professional clinical counselor, licensed professional counselor, social worker, independent social worker, independent marriage and family therapist, or marriage and family therapist licensed, or a social work assistant registered, under Chapter 4757 of the Revised Code;
   (p) A dietitian licensed under Chapter 4759 of the Revised Code;
   (q) A respiratory care professional licensed under Chapter 4761 of the Revised Code;
   (r) An emergency medical technician-basic, emergency medical technician-intermediate, or emergency medical technician-paramedic certified under Chapter 4765 of the Revised Code.

(5) "Health care provider" means a hospital, ambulatory care facility, long-term care facility, pharmacy, emergency facility, or health care practitioner.

(6) "Hospital" has the same meaning as in section 3727.01 of the Revised Code.

(7) "Long-term care facility" means a nursing home, residential care facility, or home for the aging, as those terms are defined in section 3721.01 of the Revised Code; a residential facility licensed under section 5119.34 of the Revised Code that provides accommodations, supervision, and personal care services for three to sixteen unrelated adults; a nursing facility, as defined in section 5165.01 of the Revised Code; a skilled nursing facility, as defined in section 5165.01 of the Revised Code; and an intermediate care facility for individuals with intellectual disabilities, as defined in section 5124.01 of the Revised Code.

(8) "Medical record" means data in any form that pertains to a patient's medical history, diagnosis, prognosis, or medical condition and that is generated and maintained by a health care provider in the process of the patient's health care treatment.

(9) "Medical records company" means a person who stores, locates, or copies medical
records for a health care provider, or is compensated for doing so by a health care provider, and charges a fee for providing medical records to a patient or patient's representative.

(10) “Patient” means either of the following:
   (a) An individual who received health care treatment from a health care provider;
   (b) A guardian, as defined in section 1337.11 of the Revised Code, of an individual described in division (A)(10)(a) of this section.

(11) “Patient's personal representative” means a minor patient's parent or other person acting in loco parentis, a court-appointed guardian, or a person with durable power of attorney for health care for a patient, the executor or administrator of the patient's estate, or the person responsible for the patient's estate if it is not to be probated. “Patient's personal representative” does not include an insurer authorized under Title XXXIX of the Revised Code to do the business of sickness and accident insurance in this state, a health insuring corporation holding a certificate of authority under Chapter 1751 of the Revised Code, or any other person not named in this division.

(12) “Pharmacy” has the same meaning as in section 4729.01 of the Revised Code.

(13) “Physician” means a person authorized under Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery.

(14) “Authorized person” means a person to whom a patient has given written authorization to act on the patient's behalf regarding the patient's medical record.

(B) A patient, a patient's personal representative, or an authorized person who wishes to examine or obtain a copy of part or all of a medical record shall submit to the health care provider a written request signed by the patient, personal representative, or authorized person dated not more than one year before the date on which it is submitted. The request shall indicate whether the copy is to be sent to the requestor, physician or chiropractor, or held for the requestor at the office of the health care provider. Within a reasonable time after receiving a request that meets the requirements of this division and includes sufficient information to identify the record requested, a health care provider that has the patient's medical records shall permit the patient to examine the record during regular business hours without charge or, on request, shall provide a copy of the record in accordance with section 3701.741 of the Revised Code, except that if a physician, psychologist, licensed professional clinical counselor, licensed professional counselor, independent social worker, social worker, independent marriage and family therapist, marriage and family therapist, or chiropractor who has treated the patient determines for clearly stated treatment reasons that disclosure of the requested record is likely to have an adverse effect on the patient, the health care provider shall provide the record to a physician, psychologist, licensed professional clinical counselor, licensed professional counselor, independent social worker, social worker, independent marriage and family therapist, marriage and family therapist, or chiropractor designated by the patient. The health care provider shall take reasonable steps to establish the identity of the person making the request to examine or obtain a copy of the patient's record.

(C) If a health care provider fails to furnish a medical record as required by division (B) of this section, the patient, personal representative, or authorized person who requested the record may bring a civil action to enforce the patient's right of access to the record.

(D)(1) This section does not apply to medical records whose release is covered by section 173.20 or 3721.13 of the Revised Code, by Chapter 1347., 5119., or 5122 of the Revised Code, by 42 C.F.R. part 2, “Confidentiality of Alcohol and Drug Abuse Patient Records,” or by 42 C.F.R. 483.10.

(2) Nothing in this section is intended to supersede the confidentiality provisions of sections 2305.24, 2305.25, 2305.251, and 2305.252 of the Revised Code.
3701.741 Medical record copying fees.

(A) Each health care provider and medical records company shall provide copies of medical records in accordance with this section.

(B) Except as provided in divisions (C) and (E) of this section, a health care provider or medical records company that receives a request for a copy of a patient's medical record shall charge not more than the amounts set forth in this section.

(1) If the request is made by the patient or the patient's personal representative, total costs for copies and all services related to those copies shall not exceed the sum of the following:

(a) Except as provided in division (B)(1)(b) of this section, with respect to data recorded on paper or electronically, the following amounts adjusted in accordance with section 3701.742 of the Revised Code:
   (i) Two dollars and seventy-four cents per page for the first ten pages;
   (ii) Fifty-seven cents per page for pages eleven through fifty;
   (iii) Twenty-three cents per page for pages fifty-one and higher;

(b) With respect to data resulting from an x-ray, magnetic resonance imaging (MRI), or computed axial tomography (CAT) scan and recorded on paper or film, one dollar and eighty-seven cents per page;

(c) The actual cost of any related postage incurred by the health care provider or medical records company.

(2) If the request is made other than by the patient or the patient's personal representative, total costs for copies and all services related to those copies shall not exceed the sum of the following:

(a) An initial fee of sixteen dollars and eighty-four cents adjusted in accordance with section 3701.742 of the Revised Code, which shall compensate for the records search;

(b) Except as provided in division (B)(2)(c) of this section, with respect to data recorded on paper or electronically, the following amounts adjusted in accordance with section 3701.742 of the Revised Code:
   (i) One dollar and eleven cents per page for the first ten pages;
   (ii) Fifty-seven cents per page for pages eleven through fifty;
   (iii) Twenty-three cents per page for pages fifty-one and higher.

(c) With respect to data resulting from an x-ray, magnetic resonance imaging (MRI), or computed axial tomography (CAT) scan and recorded on paper or film, one dollar and eighty-seven cents per page;

(d) The actual cost of any related postage incurred by the health care provider or medical records company.

(C)(1) On request, a health care provider or medical records company shall provide one copy of the patient's medical record and one copy of any records regarding treatment performed subsequent to the original request, not including copies of records already provided, without charge to the following:

(a) The bureau of workers' compensation, in accordance with Chapters 4121 and 4123 of the Revised Code and the rules adopted under those chapters;

(b) The industrial commission, in accordance with Chapters 4121 and 4123 of the Revised Code and the rules adopted under those chapters;

(c) The department of medicaid or a county department of job and family services, in accordance with Chapters 5160., 5161., 5162., 5163., 5164., 5165., 5166., and 5167 of the Revised Code and the rules adopted under those chapters;

(d) The attorney general, in accordance with sections 2743.51 to 2743.72 of the Revised Code and any rules that may be adopted under those sections;
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part IV. Medical Records and Health Information Exchange

(e) A patient, patient's personal representative, or authorized person if the medical record is necessary to support a claim under Title II or Title XVI of the “Social Security Act,” 49 Stat. 620 (1935), 42 U.S.C.A. 401 and 1381, as amended, and the request is accompanied by documentation that a claim has been filed.

(2) Nothing in division (C)(1) of this section requires a health care provider or medical records company to provide a copy without charge to any person or entity not listed in division (C)(1) of this section.

(D) Division (C) of this section shall not be construed to supersede any rule of the bureau of workers' compensation, the industrial commission, or the department of medicaid.

(E) A health care provider or medical records company may enter into a contract with either of the following for the copying of medical records at a fee other than as provided in division (B) of this section:

(1) A patient, a patient's personal representative, or an authorized person;

(2) An insurer authorized under Title XXXIX of the Revised Code to do the business of sickness and accident insurance in this state or health insuring corporations holding a certificate of authority under Chapter 1751 of the Revised Code.

(F) This section does not apply to medical records the copying of which is covered by section 173.20 of the Revised Code or by 42 C.F.R. 483.10.

3701.742 Adjustment of fees for medical records based on Consumer Price Index.

The amounts specified in division (B) of section 3701.741 of the Revised Code shall be adjusted annually in accordance with this section. These amounts plus any amounts previously computed by annual adjustments made under this section shall be increased or decreased by the average percentage of increase or decrease in the consumer price index for all urban consumers (United States city average, all items), prepared by the United States department of labor, bureau of labor statistics, for the immediately preceding calendar year over the calendar year immediately preceding that year, as reported by the bureau. The director of health shall make this determination and adjust the amounts accordingly. The director shall make a list of the adjusted amounts available to the public on the internet web site maintained by the department of health.

3701.75 Electronic signature system requirements.

(A) As used in this section:

(1) "Electronic record" means a record communicated, received, or stored by electronic, magnetic, optical, or similar means for storage in an information system or transmission from one information system to another. "Electronic record" includes a record that is communicated, received, or stored by electronic data interchange, electronic mail, facsimile, telex, or similar methods of communication.

(2) "Electronic signature" means any of the following attached to or associated with an electronic record by an individual to authenticate the record:

(a) A code consisting of a combination of letters, numbers, characters, or symbols that is adopted or executed by an individual as that individual's electronic signature;

(b) A computer-generated signature code created for an individual;

(c) An electronic image of an individual's handwritten signature created by using a pen computer.

(3) "Health care record" means any document or combination of documents pertaining to a patient's medical history, diagnosis, prognosis, or medical condition that is generated and maintained in the process of the patient's treatment.

(B) All notes, orders, and observations entered into a health care record, including any
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part IV. Medical Records and Health Information Exchange

General Provisions

679

General Provisions

interpretive reports of diagnostic tests or specific treatments, such as radiologic or electrocardiographic reports, operative reports, reports of pathologic examination of tissue, and similar reports, shall be authenticated by the individual who made or authorized the entry. An entry into a health care record may be authenticated by executing handwritten signatures or handwritten initials directly on the entry. An entry that is an electronic record may be authenticated by an electronic signature if all of the following apply:

1. The entity responsible for creating and maintaining the health care record adopts a policy that permits the use of electronic signatures on electronic records.
2. The entity’s electronic signature system utilizes either a two-level access control mechanism that assigns a unique identifier to each user or a biometric access control device.
3. The entity takes steps to safeguard against unauthorized access to the system and forgery of electronic signatures.
4. The system includes a process to verify that the individual affixing the electronic signature has reviewed the contents of the entry and determined that the entry contains what that individual intended.
5. The policy adopted by the entity pursuant to division (B)(1) of this section prescribes all of the following:
   a. A procedure by which each user of the system must certify in writing that the user will follow the confidentiality and security policies maintained by the entity for the system;
   b. Penalties for misusing the system;
   c. Training for all users of the system that includes an explanation of the appropriate use of the system and the consequences for not complying with the entity’s confidentiality and security policies.

3798.01 Health information exchange; definitions.

As used in this chapter:

A. “Administrative safeguards,” “physical safeguards,” and “technical safeguards” have the same meanings as in 45 C.F.R. 164.304.
B. “Approved health information exchange” means a health information exchange that has been approved or reapproved by the medicaid director pursuant to the approval or reapproval process, as applicable, the director establishes in rules adopted under division (A) of section 3798.15 of the Revised Code or that has been certified by the office of the national coordinator for health information technology in the United States department of health and human services.
C. “Covered entity,” “disclosure,” “health care provider,” “health information,” “individually identifiable health information,” “protected health information,” and “use” have the same meanings as in 45 C.F.R. 160.103.
D. “Designated record set” has the same meaning as in 45 C.F.R. 164.501.
E. “Direct exchange” means the activity of electronic transmission of health information through a direct connection between the electronic record systems of health care providers without the use of a health information exchange.
F. “Health care component” and “hybrid entity” have the same meanings as in 45 C.F.R. 164.103.
G. “Health information exchange” means any person or governmental entity that provides in this state a technical infrastructure to connect computer systems or other electronic devices used by covered entities to facilitate the secure transmission of health information.
H. “Health information exchange” excludes health care providers engaged in direct exchange, including direct exchange through the use of a health information service provider.
I. “HIPAA privacy rule” means the standards for privacy of individually identifiable health information in 45 C.F.R. part 160 and in 45 C.F.R. part 164, subparts A and E.
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part IV. Medical Records and Health Information Exchange

(I) “Interoperability” means the capacity of two or more information systems to exchange information in an accurate, effective, secure, and consistent manner.

(J) “Minor” means an unemancipated person under eighteen years of age or a mentally or physically disabled person under twenty-one years of age who meets criteria specified in rules adopted by the medicaid director under section 3798.13 of the Revised Code.

(K) “More stringent” has the same meaning as in 45 C.F.R. 160.202.

(L) “Office of health transformation” means the office of health transformation created by executive order 2011-02K or a successor governmental entity responsible for health system oversight in this state.

(M) “Personal representative” means a person who has authority under applicable law to make decisions related to health care on behalf of an adult or emancipated minor, or the parent, legal guardian, or other person acting in loco parentis who is authorized under law to make health care decisions on behalf of an unemancipated minor. “Personal representative” does not include the parent or legal guardian of, or another person acting in loco parentis to, a minor who consents to the minor’s own receipt of health care or a minor who makes medical decisions on the minor’s own behalf pursuant to law, court approval, or because the minor’s parent, legal guardian, or other person acting in loco parentis has assented to an agreement of confidentiality between the provider and the minor.

(N) “Political subdivision” means a municipal corporation, township, county, school district, or other body corporate and politic responsible for governmental activities in a geographic area smaller than that of the state.

(O) “State agency” means any one or more of the following:
(1) The department of administrative services;
(2) The department of aging;
(3) The department of mental health and addiction services;
(4) The department of developmental disabilities;
(5) The department of education;
(6) The department of health;
(7) The department of insurance;
(8) The department of job and family services;
(9) The department of medicaid;
(10) The department of rehabilitation and correction;
(11) The department of youth services;
(12) The bureau of workers’ compensation;
(13) The opportunities for Ohioans with disabilities agency;
(14) The office of the attorney general;
(15) A health care licensing board created under Title XLVII of the Revised Code that possesses individually identifiable health information.

3798.02 HIPAA privacy rule is Ohio law.

It is the intent of the general assembly in enacting this chapter to make the laws of this state governing the use and disclosure of protected health information by covered entities consistent with, but generally not more stringent than, the HIPAA privacy rule for the purpose of eliminating barriers to the adoption and use of electronic health records and health information exchanges. Therefore, it is also the general assembly’s intent in enacting this chapter to supersede any judicial or administrative ruling issued in this state that is inconsistent with the provisions of this chapter.
3798.03 Covered entity’s duty.

(A) Subject to division (B) of this section, a covered entity shall do both of the following:
(1) If an individual’s protected health information is maintained by the covered entity in a designated record set, provide the individual or the individual’s personal representative with access to that information in a manner consistent with 45 C.F.R. 164.524;
(2) Implement and maintain appropriate administrative, technical, and physical safeguards to protect the privacy of protected health information in a manner consistent with 45 C.F.R. 164.530(c).

(B) If a covered entity is a hybrid entity, this section applies only to the health care component of the covered entity.

3798.06 Covered entity prohibitions.

Except in the circumstances described in division (A) of section 3798.04 of the Revised Code when a covered entity is permitted to disclose protected health information without an authorization that is valid under 45 C.F.R. 164.508, a covered entity shall not disclose protected health information to a health information exchange without an authorization described in division (A) of section 3798.04 of the Revised Code unless all of the following are true:
(A) The disclosure is to an approved health information exchange.
(B) The covered entity is a party to a valid participation agreement with the approved health information exchange that meets the requirements of rules adopted under section 3798.16 of the Revised Code.
(C) The disclosure is consistent with all procedures established by the approved health information exchange.
(D) Prior to the disclosure, the covered entity furnishes to the individual or individual’s personal representative a written notice that complies with rules adopted under division (A)(3) of section 3798.16 of the Revised Code.

3798.07 Protected health information disclosed to health information exchange.

(A) In addition to a covered entity generally being subject to the conditions specified in divisions (A) to (D) of section 3798.06 of the Revised Code when the covered entity discloses protected health information to a health information exchange without a valid authorization, the covered entity shall also be subject to the following conditions when it discloses protected health information to a health information exchange:
(1) The covered entity shall restrict disclosure consistent with all applicable federal laws governing the disclosure;
(2) If the protected health information concerns a minor, the covered entity shall restrict disclosure in a manner that complies with laws of this state pertaining to the circumstances under which a minor may consent to the minor’s own receipt of health care or make medical decisions on the minor’s own behalf, including sections 2907.29, 3709.241, 3719.012, 5120.172, 5122.04, and 5126.043 of the Revised Code unless the minor authorizes the disclosure.
(3) The covered entity shall restrict disclosure in a manner that is consistent with a written request from the individual or the individual’s personal representative to restrict disclosure of all of the individual’s protected health information.
(4) The covered entity shall restrict disclosure in a manner that is consistent with a written request from the individual or the individual’s personal representative concerning specific categories of protected health information to the extent that rules adopted pursuant to section 3798.16 of the Revised Code require the covered entity to comply with such a request.
Chapter 7. Liability, Police, Peer Review, and Health Information Exchange
Part IV. Medical Records and Health Information Exchange

(B) The conditions in division (A) of this section on a covered entity’s disclosure of protected health information to a health information exchange do not render unenforceable or restrict in any manner any of the following:

(1) A provision of the Revised Code that on the effective date of this section requires a person or governmental entity to disclose protected health information to a state agency, political subdivision, or other governmental entity;

(2) The confidential status of proceedings and records within the scope of a peer review committee of a health care entity as described in section 2305.252 of the Revised Code;

(3) The confidential status of quality assurance program activities and quality assurance records as described in section 5122.32 of the Revised Code;

(4) The testimonial privilege established by division (B) of section 2317.02 of the Revised Code;

(5) Any of the following items that govern the confidentiality, privacy, security, or privileged status of protected health information in the possession or custody of an agency as defined in section 111.15 of the Revised Code; govern the process for obtaining from a patient consent to the provision of health care or consent for participation in medical or other scientific research; govern the process for determining whether an adult has a physical or mental impairment or an adult's capacity to make health care decisions for purposes of Chapter 5126 of the Revised Code; or govern the process for determining whether a minor has been emancipated:

(a) A section of the Revised Code that is not in this chapter;
(b) A rule as defined in section 119.01 of the Revised Code;
(c) An internal management rule as defined in section 111.15 of the Revised Code;
(d) Guidance issued by an agency as defined in section 111.15 of the Revised Code;
(e) Orders or regulations of a board of health of a city health district made under section 3709.20 of the Revised Code;
(f) Orders or regulations of a board of health of a general health district made under section 3709.21 of the Revised Code;
(g) An ordinance or resolution adopted by a political subdivision;
(h) A professional code of ethics;
(i) When a minor is authorized to consent to the minor's own receipt of health care or make medical decisions on the minor's own behalf, including the circumstances described in sections 2907.29, 3709.241, 3719.012, 5120.172, 5122.04, and 5126.043 of the Revised Code.

3798.08 Health information exchange; limited immunity.

(A) A covered entity that accesses protected health information from or through an approved health information exchange or discloses protected health information to an approved health information exchange in a manner that complies with section 3798.07 of the Revised Code and is not in violation of section 3798.04 or 3798.06 of the Revised Code is not liable in a civil action and is not subject to criminal prosecution or professional disciplinary action arising out of or relating to the access or disclosure.

(B) An approved health information exchange is not liable in a civil action and not subject to criminal prosecution arising out of or relating to either of the following:

(1) A covered entity's having accessed protected health information from or through an approved health information exchange;

(2) A covered entity's disclosure of protected health information to the approved health information exchange if the disclosure complies with section 3798.07 of the Revised Code and is not in violation of section 3798.04 or 3798.06 of the Revised Code.
4113.23 Employer obtains medical records on employee; availability to employee; exception; penalty.

(A) No employer or physician, other health care professional, hospital, or laboratory that contracts with the employer to provide medical information pertaining to employees shall refuse upon written request of an employee to furnish to the employee or former employee or their designated representative a copy of any medical report pertaining to the employee. The requirements of this section extend to any medical report arising out of any physical examination by a physician or other health care professional and any hospital or laboratory tests which examinations or tests are required by the employer as a condition of employment or arising out of any injury or disease related to the employee’s employment. However, if a physician concludes that presentation of all or any part of an employee’s medical record directly to the employee will result in serious medical harm to the employee, he shall so indicate on the medical record, in which case a copy thereof shall be given to a physician designated in writing by the employee.

(B) The employer may require the employee to pay the cost of furnishing copies of the medical reports described in division (A) of this section but in no case shall the employer charge more than twenty-five cents for each page of a report.

(C) As used in this section, “employer” has the same meaning as contained in the definition of that term found in section 4123.01 of the Revised Code.

(D) Any employer who refuses to furnish the reports to which an employee is entitled is guilty of a minor misdemeanor for each violation. The bureau of workers' compensation shall enforce this section.
Chapter 8. Mental Health

Part I. Mental Health Advance Directive

2135.01 Mental health advance directive; definitions.

As used in sections 2135.01 to 2135.14 of the Revised Code:
(A) "Adult" means a person who is eighteen years of age or older.
(B) "Capacity to consent to mental health treatment decisions" means the functional
ability to understand information about the risks of, benefits of, and alternatives to the proposed
mental health treatment, to rationally use that information, to appreciate how that information
applies to the declarant, and to express a choice about the proposed treatment.
(C) "Declarant" means an adult who has executed a declaration for mental health
treatment in accordance with this chapter.
(D) "Declaration for mental health treatment" or "declaration" means a written document
declaring preferences or instructions regarding mental health treatment executed in accordance
with this chapter.
(E) "Designated physician" means the physician the declarant has named in a
declaration for mental health treatment and has assigned the primary responsibility for the
declarant's mental health treatment or, if the declarant has not so named a physician, the
physician who has accepted that responsibility.
(F) "Guardian" means a person appointed by a probate court pursuant to Chapter 2111
of the Revised Code to have the care and management of the person of an incompetent.
(G) "Health care" means any care, treatment, service, or procedure to maintain,
diagnose, or treat an individual's physical or mental condition or physical or mental health.
(H) "Health care facility" has the same meaning as in section 1337.11 of the Revised
Code.
(I) "Incompetent" has the same meaning as in section 2111.01 of the Revised Code.
(J) "Informed consent" means consent voluntarily given by a person after a sufficient
explanation and disclosure of the subject matter involved to enable that person to have a
general understanding of the nature, purpose, and goal of the treatment or procedures,
including the substantial risks and hazards inherent in the proposed treatment or procedures
and any alternative treatment or procedures, and to make a knowing health care decision
without coercion or undue influence.
(K) "Medical record" means any document or combination of documents that pertains to
a declarant's medical history, diagnosis, prognosis, or medical condition and that is generated
and maintained in the process of the declarant's health care.
(L) "Mental health treatment" means any care, treatment, service, or procedure to
maintain, diagnose, or treat an individual's mental condition or mental health, including, but not
limited to, electroconvulsive or other convulsive treatment, treatment of mental illness with
medication, and admission to and retention in a health care facility.
(M) "Mental health treatment decision" means informed consent, refusal to give informed
consent, or withdrawal of informed consent to mental health treatment.
(N) "Mental health treatment provider" means physicians, physician assistants,
psychologists, licensed independent social workers, licensed professional clinical counselors,
and psychiatric nurses.
(O) "Physician" means a person who is authorized under Chapter 4731 of the Revised
Code to practice medicine and surgery or osteopathic medicine and surgery.
(P) "Professional disciplinary action" means action taken by the board or other entity that
Chapter 8. Mental Health
Part I. Mental Health Advance Directive

regulates the professional conduct of health care personnel, including, but not limited to, the state medical board, the state board of psychology, and the state board of nursing.

(Q) "Proxy" means an adult designated to make mental health treatment decisions for a declarant under a valid declaration for mental health treatment.

(S) "Psychiatrist" has the same meaning as in section 5122.01 of the Revised Code.

(T) "Psychologist" has the same meaning as in section 4732.01 of the Revised Code.

(U) "Registered nurse" has the same meaning as in section 4723.01 of the Revised Code.

(V) "Tort action" means a civil action for damages for injury, death, or loss to person or property, other than a civil action for damages for a breach of contract or another agreement between persons.

2135.02 Mental health treatment declaration.

(A) An adult who has the capacity to consent to mental health treatment decisions voluntarily may execute at any time a declaration governing the use or continuation, or the withholding or withdrawal, of mental health treatment. The declaration shall be signed at the end by the declarant, state the date of its execution, and either be witnessed or be acknowledged in accordance with section 2135.06 of the Revised Code. The declaration may include a designation by the declarant of a person to act as a proxy to make decisions regarding mental health treatment pursuant to the declaration, and, if the declaration includes a designation of a proxy, the declaration shall be signed at the end by the designated proxy. The declarant may also specifically designate in the declaration an alternate proxy to act in that role if the original proxy is unable or unwilling to act at any time, and, if the declaration includes a designation of an alternate proxy, the declaration shall be signed at the end by the designated alternate proxy. The declarant may name in the declaration a physician and assign the physician the primary responsibility for the declarant's mental health treatment. The declaration may include a specific authorization for the use or continuation, or the withholding or withdrawal, of mental health treatment.

(B) A mental health treatment provider or a health care facility providing services to a declarant shall continue to obtain the declarant's informed consent to all mental health treatment decisions if the declarant has the capacity to consent to mental health treatment decisions.

2135.03 Declaration validity and revocation.

(A) Except as otherwise provided in this division and subject to division (C) of this section, a declaration for mental health treatment remains valid and effective for three years after its execution unless it is properly revoked. A declaration for mental health treatment may become operative as provided in section 2135.04 of the Revised Code. If the declaration becomes operative, the authority of a proxy named in the declaration continues in effect as long as the declaration designating the proxy is in effect or until the proxy has withdrawn. If a declaration for mental health treatment has become operative and is in effect at the expiration of three years after its execution, the declaration remains effective until the declarant has the capacity to consent to mental health treatment decisions. If a declaration for mental health treatment has not become operative at the expiration of three years after its execution, the declaration may be renewed as provided in division (C)(1) of this section or remains effective as provided in division (C)(2) of this section.

(B) A valid declaration may be revoked in accordance with section 2135.09 of the Revised Code or renewed in accordance with division (C) (1) of this section, but it shall not otherwise be altered or amended after it has been executed. A properly executed declaration is not revoked or invalidated by an alteration of or amendment to the declaration. Any alteration of
or amendment to the declaration is not a part of the declaration.

(C)(1) A declarant may renew a declaration once, extending the validity of the document for an additional three-year period from the date of the renewal, by repeating the procedures set forth in section 2135.06 of the Revised Code, if the declarant has included in the declaration a specific authorization for the use or continuation, or the withholding or withdrawal, of mental health treatment, and the declarant makes no change with respect to that authorization. A declarant shall not make any changes to any term or provision of the declaration when renewing under division (C)(1) of this section.

(2) A declaration for mental health treatment that has not become operative at the expiration of three years after its execution remains effective if both of the following apply:
   (a) The declaration designates a proxy or an alternate proxy.
   (b) The declarant does not include in the declaration a specific authorization for the use or continuation, or the withholding or withdrawal, of mental health treatment.

2135.04 Effect and operation of declaration.

(A) A declaration becomes operative when both of the following apply:
   (1) The declaration is communicated to a mental health treatment provider of the declarant.
   (2) The designated physician or a psychiatrist, and one other mental health treatment provider, who examine the declarant determine that the declarant does not have the capacity to consent to mental health treatment decisions. At least one of the two persons who make this determination shall not currently be involved in the declarant's treatment at the time of the determination. If a designated physician is named in the declaration and is not one of the two persons who make this determination, then the psychiatrist who makes the determination in lieu of the designated physician shall make a good faith effort to consult with the designated physician as soon as practicable.

(B) A mental health treatment provider for a declarant or a health care facility providing services to a declarant shall make a declaration part of the declarant's medical record and shall note in that record when the declaration is operative.

(C) A mental health treatment provider for a declarant or a health care facility providing services to a declarant shall act in accordance with an operative declaration of the declarant consistent with reasonable medical practice, the availability of treatments requested, and applicable law. The mental health treatment provider or the health care facility shall continue to act in accordance with an operative declaration until the declarant has the capacity to consent to mental health treatment decisions.

(D) An operative declaration of a declarant supersedes any general consent to treatment form signed by the declarant prior to, upon, or after the declarant’s admission to a health care facility to the extent there is a conflict between the declaration and the form, even if the declarant signs the form after the execution of the declaration. To the extent that the provisions of a declarant’s declaration and a general consent to treatment form signed by the declarant do not conflict, both documents shall govern the use or continuation, or the withholding or withdrawal, of mental health treatment for the declarant. This division does not apply if a declarant revokes a declaration after the declarant signs a general consent to treatment form.

2135.05 Proxies.

(A) A declaration may designate an adult to act as a proxy to make decisions about the mental health treatment of the declarant and may designate an adult as an alternate proxy as described in section 2135.02 of the Revised Code. A proxy designated to make decisions about mental health treatment may make decisions about mental health treatment on behalf of the
declarant only when the declaration has become operative. The decisions of the proxy regarding the mental health treatment of the declarant must be consistent with desires the declarant has expressed in the declaration.

(B) The following persons may not serve as a proxy for a declarant:
1. The declarant's mental health treatment provider, or an employee of the declarant's mental health treatment provider;
2. The owner, operator, or employee of a health care facility in which the declarant is a patient receiving its services or a resident.

(C) Divisions (B)(1) and (2) of this section do not apply if the declarant and proxy are related by blood, marriage, or adoption.

(D) A proxy may withdraw from a declaration prior to the declaration becoming operative by giving notice to the declarant. If the declaration is operative, a proxy may withdraw by giving written notice to the declarant's mental health treatment provider or the health care facility providing services to the declarant. The mental health treatment provider or the health care facility shall note the withdrawal of a proxy as part of the declarant's medical record.

2135.06 Declaration requirements.

(A) A declaration for mental health treatment is valid only if it is signed by the declarant, states the date of its execution, and is either witnessed by two adults or acknowledged before a notary public.

If a proxy, or a proxy and an alternate proxy, have been designated in the declaration, then each proxy also shall sign the declaration, and the signature of each proxy shall be either witnessed by two adults or acknowledged before a notary public, except that, notwithstanding these requirements, both of the following apply:
1. No declaration shall be invalid or be held invalid because a proxy has not signed the declaration.
2. If a proxy has not signed the declaration, or if the signature of a proxy named in a valid declaration is not either witnessed by two adults or acknowledged before a notary public, then the designation of the proxy is invalid, but the declaration is not invalid because of the absence of a witnessed or acknowledged signature of a proxy.

(B) If witnessed for purposes of this section, a declaration shall be witnessed by two individuals as described in this division in whose presence the declarant and each designated proxy signs the declaration. Each witness shall subscribe the witness' signature after the signature of the declarant and, by doing so, attest to the witness' belief that the declarant appears to be of sound mind and not under or subject to duress, fraud, or undue influence. The signatures of the declarant and any proxy under this section and of the witnesses under this division are not required to appear on the same page of the declaration.

(C) If acknowledged for purposes of this section, a declaration shall be acknowledged before a notary public, who shall make the certification described in section 147.53 of the Revised Code and also shall attest that the declarant and each designated proxy appear to be of sound mind and not under or subject to duress, fraud, or undue influence.

(D) The following may not serve as a witness to the signing of a declarant's declaration:
1. The declarant's mental health treatment provider or a relative or employee of the declarant's mental health treatment provider;
2. The owner, the operator, or a relative or employee of an owner or operator of a health care facility in which the declarant is a patient receiving its services or a resident;
3. A person related to the declarant by blood, marriage, or adoption;
4. A person named as a proxy in the declarant's declaration.
Chapter 8. Mental Health
Part I. Mental Health Advance Directive

2135.07 Refusal to comply with declaration.

(A) If a mental health treatment provider of a declarant or a health care facility providing services to a declarant is unwilling at any time to comply with the declarant’s declaration, the mental health treatment provider or health care facility promptly shall notify the declarant and any proxy and document the notification in the declarant's medical record. The mental health treatment provider or health care facility that is unwilling to comply with the declarant's declaration shall not prevent or attempt to prevent, or unreasonably delay or attempt to unreasonably delay, the transfer of the declarant to the care of a mental health treatment provider or a health care facility that is willing and able to comply or allow compliance with the declarant's declaration.

(B) The mental health treatment provider of a declarant or a health care facility providing services to a declarant may subject the declarant to treatment in a manner contrary to the declarant's expressed wishes only if either of the following applies:

1. The declarant has been committed as a patient under Chapter 2945 or 5122 of the Revised Code, and, if the court knows of the declaration, the committing court acknowledges the existence of the declaration and specifically orders treatment in a manner contrary to the declaration.

2. An emergency situation endangers the life or health of the declarant or others.

2135.08 Proxy's liability.

(A) The proxy under a declaration is not, as a result of acting in that capacity, personally liable for the cost of treatment provided to the declarant. Except to the extent the right is limited by the declaration or any federal law, a proxy has the same right as the declarant to receive information regarding the proposed mental health treatment of the declarant and to receive, review, and consent to disclosure of the declarant's medical records relating to that treatment. This right of access does not waive any evidentiary privilege.

(B) In exercising authority under a declaration, the proxy has a duty to act consistently with the desires of the declarant as expressed in the declaration. If the declarant's desires are not expressed in the declaration, the proxy has a duty to act in what the proxy in good faith believes to be the best interests of the declarant.

(C) A proxy is not subject to criminal prosecution, tort or other civil liability for injury, death, or loss to person or property, or professional disciplinary action for an action taken in good faith under a declaration for mental health treatment.

2135.09 Declaration revocation.

(A) A declarant may revoke a declaration at any time the declarant has the capacity to consent to mental health treatment decisions. Any revocation of a declaration by a declarant shall be in writing, signed by the declarant, and dated. The revocation shall be effective upon its communication to the mental health treatment provider of the declarant or the health care facility providing services to the declarant. If the declaration is operative, then the declarant may revoke the declaration after a designated physician or a psychiatrist, and one other mental health treatment provider, who examine the declarant determine that the declarant has the capacity to consent to mental health treatment decisions.

(B) Upon the declarant's revocation of a declaration, the mental health treatment provider or the health care facility shall make the revocation a part of the declarant's medical record.

(C) A valid declaration for mental health treatment revokes a prior, valid declaration for mental health treatment.
Chapter 8. Mental Health
Part I. Mental Health Advance Directive

(D) The probate judge of the county in which the declarant is located may revoke a declaration if the judge appoints a guardian for the declarant and specifically orders the revocation of the declaration.

2135.10 Care provider liability and immunity.

A mental health treatment provider of a declarant, a health care facility providing services to a declarant, or other authorized persons acting under the direction of either a mental health treatment provider of a declarant or a health care facility providing services to a declarant who administer or do not administer mental health treatment according to and in good faith reliance upon the validity of the declarant's declaration are not subject to criminal prosecution, are not liable in tort or other civil damages for injury, death, or loss to person or property, and are not subject to professional disciplinary action resulting from a subsequent finding of a declaration's invalidity.

2135.11 Prohibition on mandatory execution and restraint.

No person shall require an individual to execute or to refrain from executing a declaration as a criterion for insurance, as a condition for receiving mental health treatment or health care, or as a condition of admission to or discharge from a health care facility.

2135.12 Priority and scope of declaration.

(A) A declaration executed in accordance with this chapter shall not supersede a valid declaration governing the use or continuation, or the withholding or withdrawal, of life-sustaining treatment executed under Chapter 2133 of the Revised Code.

(B) A declaration executed in accordance with this chapter does not revoke a valid durable power of attorney for health care created under Chapter 1337 of the Revised Code, but a declaration so executed shall supersede the designation of an attorney in fact made in a valid health care power of attorney under Chapter 1337 of the Revised Code with respect to the mental health treatment of the declarant. The designation of an attorney in fact in a valid health care power of attorney under Chapter 1337 of the Revised Code shall remain effective in all other respects.

2135.13 Opposing decisions; physician may petition.

(A) A person who opposes any decision arising under this chapter may make an application opposing the decision to the probate division of the court of common pleas of the county in which the declarant is located or in which the declaration was either witnessed or acknowledged as described in this chapter.

(B) If a declarant has not named any proxies in the declaration, or if all the named proxies have withdrawn or are unable or unwilling to act at a time when the declaration has become operative, then the physician who has the primary responsibility for treating the declarant may petition the probate division of the court of common pleas of the county in which the declarant is located to appoint a person to act as a proxy. If the judge of the probate division of the court of common pleas finds it to be in the best interest of the declarant, then the court shall appoint a person to serve as a proxy for the declarant while the declaration is effective. The person so appointed shall be a person who is eligible to serve as a proxy as determined under section 2135.05 of the Revised Code.
2135.14 Printed form use.

A printed form of a declaration may be sold or otherwise distributed in this state for use by adults who are not advised by an attorney. By use of a printed form of that nature, a declarant may consent or refuse to consent to mental health treatment and may designate a proxy to make mental health treatment decisions in accordance with this chapter. The printed form shall not be used as an instrument for granting any other type of authority or for making any other type of designation, including those declarations that may be made under Chapter 2133 of the Revised Code or designations made under Chapter 1337 of the Revised Code.

Part II. Voluntary and Involuntary Hospitalization

5122.01 Definitions governing mental health statutes.

As used in this chapter and Chapter 5119 of the Revised Code:
(A) “Mental illness” means a substantial disorder of thought, mood, perception, orientation, or memory that grossly impairs judgment, behavior, capacity to recognize reality, or ability to meet the ordinary demands of life.
(B) “Mentally ill person subject to court order” means a mentally ill person who, because of the person's illness:
   (1) Represents a substantial risk of physical harm to self as manifested by evidence of threats of, or attempts at, suicide or serious self-inflicted bodily harm;
   (2) Represents a substantial risk of physical harm to others as manifested by evidence of recent homicidal or other violent behavior, evidence of recent threats that place another in reasonable fear of violent behavior and serious physical harm, or other evidence of present dangerousness;
   (3) Represents a substantial and immediate risk of serious physical impairment or injury to self as manifested by evidence that the person is unable to provide for and is not providing for the person's basic physical needs because of the person's mental illness and that appropriate provision for those needs cannot be made immediately available in the community;
   (4) Would benefit from treatment for the person's mental illness and is in need of such treatment as manifested by evidence of behavior that creates a grave and imminent risk to substantial rights of others or the person;
   (5)(a) Would benefit from treatment as manifested by evidence of behavior that indicates all of the following:
      (i) The person is unlikely to survive safely in the community without supervision, based on a clinical determination.
      (ii) The person has a history of lack of compliance with treatment for mental illness and one of the following applies:
         (I) At least twice within the thirty-six months prior to the filing of an affidavit seeking court-ordered treatment of the person under section 5122.111 of the Revised Code, the lack of compliance has been a significant factor in necessitating hospitalization in a hospital or receipt of services in a forensic or other mental health unit of a correctional facility, provided that the thirty-six-month period shall be extended by the length of any hospitalization or incarceration of the person that occurred within the thirty-six-month period.
         (II) Within the forty-eight months prior to the filing of an affidavit seeking court-ordered treatment of the person under section 5122.111 of the Revised Code, the lack of compliance resulted in one or more acts of serious violent behavior toward self or others or threats of, or attempts at, serious physical harm to self or others, provided that the forty-eight-month period
Chapter 8. Mental Health
Part II. Voluntary and Involuntary Hospitalization

shall be extended by the length of any hospitalization or incarceration of the person that occurred within the forty-eight-month period.

(iii) The person, as a result of the person's mental illness, is unlikely to voluntarily participate in necessary treatment.

(iv) In view of the person's treatment history and current behavior, the person is in need of treatment in order to prevent a relapse or deterioration that would be likely to result in substantial risk of serious harm to the person or others.

(b) An individual who meets only the criteria described in division (B)(5)(a) of this section is not subject to hospitalization.

(C)(1) “Patient” means, subject to division (C)(2) of this section, a person who is admitted either voluntarily or involuntarily to a hospital or other place under section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code subsequent to a finding of not guilty by reason of insanity or incompetence to stand trial or under this chapter, who is under observation or receiving treatment in such place.

(2) “Patient” does not include a person admitted to a hospital or other place under section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code to the extent that the reference in this chapter to patient, or the context in which the reference occurs, is in conflict with any provision of sections 2945.37 to 2945.402 of the Revised Code.

(D) “Licensed physician” means a person licensed under the laws of this state to practice medicine or a medical officer of the government of the United States while in this state in the performance of the person's official duties.

(E) “Psychiatrist” means a licensed physician who has satisfactorily completed a residency training program in psychiatry, as approved by the residency review committee of the American medical association, the committee on post-graduate education of the American osteopathic association, or the American osteopathic board of neurology and psychiatry, or who on July 1, 1989, has been recognized as a psychiatrist by the Ohio state medical association or the Ohio osteopathic association on the basis of formal training and five or more years of medical practice limited to psychiatry.

(F) “Hospital” means a hospital or inpatient unit licensed by the department of mental health and addiction services under section 5119.33 of the Revised Code, and any institution, hospital, or other place established, controlled, or supervised by the department under Chapter 5119 of the Revised Code.

(G) “Public hospital” means a facility that is tax-supported and under the jurisdiction of the department of mental health and addiction services.

(H) “Community mental health services provider” means an agency, association, corporation, individual, or program that provides community mental health services that are certified by the director of mental health and addiction services under section 5119.36 of the Revised Code.

(I) “Licensed clinical psychologist” means a person who holds a current valid psychologist license issued under section 4732.12 of the Revised Code, and in addition, meets the educational requirements set forth in division (B) of section 4732.10 of the Revised Code and has a minimum of two years' full-time professional experience, or the equivalent as determined by rule of the state board of psychology, at least one year of which shall be a predoctoral internship, in clinical psychological work in a public or private hospital or clinic or in private practice, diagnosing and treating problems of mental illness or intellectual disability under the supervision of a psychologist who is licensed or who holds a diploma issued by the American board of professional psychology, or whose qualifications are substantially similar to those required for licensure by the state board of psychology when the supervision has occurred prior to enactment of laws governing the practice of psychology.
(J) “Health officer” means any public health physician; public health nurse; or other person authorized or designated by a city or general health district or a board of alcohol, drug addiction, and mental health services to perform the duties of a health officer under this chapter.

(K) “Chief clinical officer” means the medical director of a hospital, community mental health services provider, or board of alcohol, drug addiction, and mental health services, or, if there is no medical director, the licensed physician responsible for the treatment provided by a hospital or community mental health services provider. The chief clinical officer may delegate to the attending physician responsible for a patient’s care the duties imposed on the chief clinical officer by this chapter. Within a community mental health services provider, the chief clinical officer shall be designated by the governing body of the services provider and shall be a licensed physician or licensed clinical psychologist who supervises diagnostic and treatment services. A licensed physician or licensed clinical psychologist designated by the chief clinical officer may perform the duties and accept the responsibilities of the chief clinical officer in the chief clinical officer's absence.

(L) “Working day” or “court day” means Monday, Tuesday, Wednesday, Thursday, and Friday, except when such day is a holiday.

(M) “Indigent” means unable without deprivation of satisfaction of basic needs to provide for the payment of an attorney and other necessary expenses of legal representation, including expert testimony.

(N) “Respondent” means the person whose detention, commitment, hospitalization, continued hospitalization or commitment, or discharge is being sought in any proceeding under this chapter.

(O) “Ohio protection and advocacy system” has the same meaning as in section 5123.60 of the Revised Code.

(P) “Independent expert evaluation” means an evaluation conducted by a licensed clinical psychologist, psychiatrist, or licensed physician who has been selected by the respondent or the respondent's counsel and who consents to conducting the evaluation.

(Q) “Court” means the probate division of the court of common pleas.

(R) “Expunge” means:
   (1) The removal and destruction of court files and records, originals and copies, and the deletion of all index references;
   (2) The reporting to the person of the nature and extent of any information about the person transmitted to any other person by the court;
   (3) Otherwise insuring that any examination of court files and records in question shall show no record whatever with respect to the person;
   (4) That all rights and privileges are restored, and that the person, the court, and any other person may properly reply that no such record exists, as to any matter expunged.

(S) “Residence” means a person’s physical presence in a county with intent to remain there, except that:
   (1) If a person is receiving a mental health service at a facility that includes nighttime sleeping accommodations, residence means that county in which the person maintained the person’s primary place of residence at the time the person entered the facility;
   (2) If a person is committed pursuant to section 2945.38, 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code, residence means the county where the criminal charges were filed.

When the residence of a person is disputed, the matter of residence shall be referred to the department of mental health and addiction services for investigation and determination. Residence shall not be a basis for a board’s denying services to any person present in the board’s service district, and the board shall provide services for a person whose residence is in dispute while residence is being determined and for a person in an emergency situation.
Chapter 8. Mental Health
Part II. Voluntary and Involuntary Hospitalization

(T) “Admission” to a hospital or other place means that a patient is accepted for and stays at least one night at the hospital or other place.

(U) “Prosecutor” means the prosecuting attorney, village solicitor, city director of law, or similar chief legal officer who prosecuted a criminal case in which a person was found not guilty by reason of insanity, who would have had the authority to prosecute a criminal case against a person if the person had not been found incompetent to stand trial, or who prosecuted a case in which a person was found guilty.

(V)(1) “Treatment plan” means a written statement of reasonable objectives and goals for an individual established by the treatment team, with specific criteria to evaluate progress towards achieving those objectives.

(2) The active participation of the patient in establishing the objectives and goals shall be documented. The treatment plan shall be based on patient needs and include services to be provided to the patient while the patient is hospitalized, after the patient is discharged, or in an outpatient setting. The treatment plan shall address services to be provided. In the establishment of the treatment plan, consideration should be given to the availability of services, which may include but are not limited to all of the following:

(a) Community psychiatric supportive treatment;

(b) Assertive community treatment;

(c) Medications;

(d) Individual or group therapy;

(e) Peer support services;

(f) Financial services;

(g) Housing or supervised living services;

(h) Alcohol or substance abuse treatment;

(i) Any other services prescribed to treat the patient’s mental illness and to either assist the patient in living and functioning in the community or to help prevent a relapse or a deterioration of the patient’s current condition.

(3) If the person subject to the treatment plan has executed an advanced directive for mental health treatment, the treatment team shall consider any directions included in such advanced directive in developing the treatment plan.

(W) “Community control sanction” has the same meaning as in section 2929.01 of the Revised Code.

(X) “Post-release control sanction” has the same meaning as in section 2967.01 of the Revised Code.

(Y) “Local correctional facility” has the same meaning as in section 2903.13 of the Revised Code.

5122.011 Applicability of and conflicts between provisions; insanity.

The provisions of this chapter regarding hospitalization apply to a person who is found incompetent to stand trial or not guilty by reason of insanity and is committed pursuant to section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code to the extent that the provisions are not in conflict with any provision of sections 2945.37 to 2945.402 of the Revised Code. If a provision of this chapter is in conflict with a provision in sections 2945.37 to 2945.402 of the Revised Code regarding a person who has been so committed, the provision in sections 2945.37 to 2945.402 of the Revised Code shall control regarding that person.

5122.02 Admission of patients.

(A) Except as provided in division (D) of this section, any person who is eighteen years of age or older and who is, appears to be, or believes self to be mentally ill may make written
application for voluntary admission to the chief medical officer of a hospital.

(B) Except as provided in division (D) of this section, the application also may be made on behalf of a minor by a parent, a guardian of the person, or the person with custody of the minor, and on behalf of an adult incompetent person by the guardian or the person with custody of the incompetent person.

Any person whose admission is applied for under division (A) or (B) of this section may be admitted for observation, diagnosis, care, or treatment, in any hospital unless the chief clinical officer finds that hospitalization is inappropriate, and except that, in the case of a public hospital, no person shall be admitted without the authorization of the board of the person’s county of residence.

(C) If a minor or person adjudicated incompetent due to mental illness whose voluntary admission is applied for under division (B) of this section is admitted, the court shall determine, upon petition by private or otherwise appointed counsel, a relative, or one acting as next friend, whether the admission or continued hospitalization is in the best interest of the minor or incompetent.

The chief clinical officer shall discharge any voluntary patient who has recovered or whose hospitalization the officer determines to be no longer advisable and may discharge any voluntary patient who refuses to accept treatment consistent with the written treatment plan required by section 5122.27 of the Revised Code.

(D) A person who is found incompetent to stand trial or not guilty by reason of insanity and who is committed pursuant to section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code shall not voluntarily admit the person or be voluntarily admitted to a hospital pursuant to this section until after the final termination of the commitment, as described in division (J) of section 2945.401 of the Revised Code.

5122.03 Voluntary patient’s right to request release.

A patient admitted under section 5122.02 of the Revised Code who requests release in writing, or whose release is requested in writing by the patient’s counsel, legal guardian, parent, spouse, or adult next of kin shall be released forthwith, except that when:

(A) The patient was admitted on the patient’s own application and the request for release is made by a person other than the patient, release may be conditional upon the agreement of the patient; or

(B) The chief clinical officer of the hospital, within three court days from the receipt of the request for release, files or causes to be filed with the court of the county where the patient is hospitalized or of the county where the patient is a resident, an affidavit under section 5122.11 of the Revised Code. Release may be postponed until the hearing held under section 5122.141 of the Revised Code. A telephone communication within three court days from the receipt of the request for release from the chief clinical officer to the court, indicating that the required affidavit has been mailed, is sufficient compliance with the time limit for filing such affidavit.

Unless the patient is released within three days from the receipt of the request by the chief clinical officer, the request shall serve as a request for an initial hearing under section 5122.141 of the Revised Code. If the court finds that the patient is a mentally ill person subject to court order, all provisions of this chapter with respect to involuntary hospitalization apply to such person.

Judicial proceedings for hospitalization shall not be commenced with respect to a voluntary patient except pursuant to this section.

Sections 5121.30 to 5121.56 of the Revised Code apply to persons received in a hospital operated by the department of mental health and addiction services on a voluntary application.

The chief clinical officer of the hospital shall provide reasonable means and
arrangements for informing patients of their rights to release as provided in this section and for assisting them in making and presenting requests for release or for a hearing under section 5122.141 of the Revised Code.

Before a patient is released from a public hospital, the chief clinical officer shall, when possible, notify the board of the patient's county of residence of the patient's pending release after the chief clinical officer has informed the patient that the board will be so notified.

5122.04 Minors receiving outpatient mental health services.

(A) Upon the request of a minor fourteen years of age or older, a mental health professional may provide outpatient mental health services, excluding the use of medication, without the consent or knowledge of the minor's parent or guardian. Except as otherwise provided in this section, the minor's parent or guardian shall not be informed of the services without the minor's consent unless the mental health professional treating the minor determines that there is a compelling need for disclosure based on a substantial probability of harm to the minor or to other persons, and if the minor is notified of the mental health professional's intent to inform the minor's parent, or guardian.

(B) Services provided to a minor pursuant to this section shall be limited to not more than six sessions or thirty days of services whichever occurs sooner. After the sixth session or thirty days of services the mental health professional shall terminate the services or, with the consent of the minor, notify the parent, or guardian, to obtain consent to provide further outpatient services.

(C) The minor's parent or guardian shall not be liable for the costs of services which are received by a minor under division (A).

(D) Nothing in this section relieves a mental health professional from the obligations of section 2151.421 of the Revised Code.

(E) As used in this section, "Mental health professional" has the same meaning as in section 340.02 of the Revised Code.

5122.05 Involuntary admission.

(A) The chief clinical officer of a hospital may, and the chief clinical officer of a public hospital in all cases of psychiatric medical emergencies, shall receive for observation, diagnosis, care, and treatment any person whose admission is applied for under any of the following procedures:

1. Emergency procedure, as provided in section 5122.10 of the Revised Code;

Upon application for such admission, the chief clinical officer of a hospital immediately shall notify the board of the patient's county of residence. To assist the hospital in determining whether the patient is subject to involuntary hospitalization and whether alternative services are available, the board or an agency the board designates promptly shall assess the patient unless the board or agency already has performed such assessment, or unless the commitment is pursuant to section 2945.38, 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code.

(B) No person who is being treated by spiritual means through prayer alone, in accordance with a recognized religious method of healing, may be involuntarily committed unless the court has determined that the person represents a substantial risk of impairment or injury to self or others;

(C) Any person who is involuntarily detained in a hospital or otherwise is in custody under this chapter, immediately upon being taken into custody, shall be informed and provided with a written statement that the person may do any of the following:
(1) Immediately make a reasonable number of telephone calls or use other reasonable means to contact an attorney, a licensed physician, or a licensed clinical psychologist, to contact any other person or persons to secure representation by counsel, or to obtain medical or psychological assistance, and be provided assistance in making calls if the assistance is needed and requested;

(2) Retain counsel and have independent expert evaluation of the person's mental condition and, if the person is unable to obtain an attorney or independent expert evaluation, be represented by court-appointed counsel or have independent expert evaluation of the person's mental condition, or both, at public expense if the person is indigent;

(3) Have a hearing to determine whether or not the person is a mentally ill person subject to court order.

5122.09 Release prior to initial hearing; court record expunged.

If a person taken into custody under section 5122.10 or 5122.11 of the Revised Code is released from custody before having an initial hearing, a court that has made a file or record relating to the person during this period shall expunge it.

5122.10 Emergency mental health admission.

Any psychiatrist, licensed clinical psychologist, licensed physician, health officer, parole officer, police officer, or sheriff may take a person into custody, or the chief of the adult parole authority or a parole or probation officer with the approval of the chief of the authority may take a parolee, an offender under a community control sanction or a post-release control sanction, or an offender under transitional control into custody and may immediately transport the parolee, offender on community control or post-release control, or offender under transitional control to a hospital or, notwithstanding section 5119.33 of the Revised Code, to a general hospital not licensed by the department of mental health and addiction services where the parolee, offender on community control or post-release control, or offender under transitional control may be held for the period prescribed in this section, if the psychiatrist, licensed clinical psychologist, licensed physician, health officer, parole officer, police officer, or sheriff has reason to believe that the person is a mentally ill person subject to court order under division (B) of section 5122.01 of the Revised Code, and represents a substantial risk of physical harm to self or others if allowed to remain at liberty pending examination.

A written statement shall be given to such hospital by the transporting psychiatrist, licensed clinical psychologist, licensed physician, health officer, parole officer, police officer, chief of the adult parole authority, parole or probation officer, or sheriff stating the circumstances under which such person was taken into custody and the reasons for the psychiatrist's, licensed clinical psychologist's, licensed physician's, health officer's, parole officer's, police officer's, chief of the adult parole authority's, parole or probation officer's, or sheriff's belief. This statement shall be made available to the respondent or the respondent's attorney upon request of either.

Every reasonable and appropriate effort shall be made to take persons into custody in the least conspicuous manner possible. A person taking the respondent into custody pursuant to this section shall explain to the respondent: the name and professional designation and affiliation of the person taking the respondent into custody; that the custody-taking is not a criminal arrest; and that the person is being taken for examination by mental health professionals at a specified mental health facility identified by name.

If a person taken into custody under this section is transported to a general hospital, the general hospital may admit the person, or provide care and treatment for the person, or both, notwithstanding section 5119.33 of the Revised Code, but by the end of twenty-four hours after...
arrival at the general hospital, the person shall be transferred to a hospital as defined in section 5122.01 of the Revised Code.

A person transported or transferred to a hospital or community mental health services provider under this section shall be examined by the staff of the hospital or services provider within twenty-four hours after arrival at the hospital or services provider. If to conduct the examination requires that the person remain overnight, the hospital or services provider shall admit the person in an unclassified status until making a disposition under this section. After the examination, if the chief clinical officer of the hospital or services provider believes that the person is not a mentally ill person subject to court order, the chief clinical officer shall release or discharge the person immediately unless a court has issued a temporary order of detention applicable to the person under section 5122.11 of the Revised Code. After the examination, if the chief clinical officer believes that the person is a mentally ill person subject to court order, the chief clinical officer may detain the person for not more than three court days following the day of the examination and during such period admit the person as a voluntary patient under section 5122.02 of the Revised Code or file an affidavit under section 5122.11 of the Revised Code. If neither action is taken and a court has not otherwise issued a temporary order of detention applicable to the person under section 5122.11 of the Revised Code, the chief clinical officer shall discharge the person at the end of the three-day period unless the person has been sentenced to the department of rehabilitation and correction and has not been released from the person's sentence, in which case the person shall be returned to that department.

5122.11 Hospitalization by affidavit.

Proceedings for a mentally ill person subject to court order pursuant to sections 5122.11 to 5122.15 of the Revised Code shall be commenced by the filing of an affidavit in the manner prescribed by the department of mental health and addiction services and in a form prescribed in section 5122.111 of the Revised Code, by any person or persons with the probate court, either on reliable information or actual knowledge, whichever is determined to be proper by the court. This section does not apply to the hospitalization of a person pursuant to section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code.

The affidavit shall contain an allegation setting forth the specific category or categories under division (B) of section 5122.01 of the Revised Code upon which the jurisdiction of the court is based and a statement of alleged facts sufficient to indicate probable cause to believe that the person is a mentally ill person subject to court order. The affidavit may be accompanied, or the court may require that the affidavit be accompanied, by a certificate of a psychiatrist, or a certificate signed by a licensed clinical psychologist and a certificate signed by a licensed physician stating that the person who issued the certificate has examined the person and is of the opinion that the person is a mentally ill person subject to court order, or shall be accompanied by a written statement by the applicant, under oath, that the person has refused to submit to an examination by a psychiatrist, or by a licensed clinical psychologist and licensed physician.

Upon receipt of the affidavit, if a judge of the court or a referee who is an attorney at law appointed by the court has probable cause to believe that the person named in the affidavit is a mentally ill person subject to court order, the judge or referee may issue a temporary order of detention ordering any health or police officer or sheriff to take into custody and transport the person to a hospital or other place designated in section 5122.17 of the Revised Code, or may set the matter for further hearing. If a temporary order of detention is issued and the person is transported to a hospital or other designated place, the court that issued the order shall retain jurisdiction over the case as it relates to the person's outpatient treatment, notwithstanding that the hospital or other designated place to which the person is transported is outside the territorial jurisdiction of the court.
The person may be observed and treated until the hearing provided for in section 5122.141 of the Revised Code. If no such hearing is held, the person may be observed and treated until the hearing provided for in section 5122.15 of the Revised Code.

5122.111 Court-ordered treatment affidavit of mental illness.

To initiate proceedings for court-ordered treatment of a person under section 5122.11 of the Revised Code, a person or persons shall file an affidavit with the probate court that is identical in form and content to the following:

AFFIDAVIT OF MENTAL ILLNESS
The State of Ohio

............... County, ss.
............... Court

the undersigned, residing
at

............... says, that he/she has information to believe or has actual knowledge
that

(Please specify specific category(ies) below with an X.)
[ ] Represents a substantial risk of physical harm to self as manifested by evidence of threats of, or attempts at, suicide or serious self-inflicted bodily harm;
[ ] Represents a substantial risk of physical harm to others as manifested by evidence of recent homicidal or other violent behavior or evidence of recent threats that place another in reasonable fear of violent behavior and serious physical harm or other evidence of present dangerousness;
[ ] Represents a substantial and immediate risk of serious physical impairment or injury to self as manifested by evidence of being unable to provide for and of not providing for basic physical needs because of mental illness and that appropriate provision for such needs cannot be made immediately available in the community;
[ ] Would benefit from treatment for mental illness and is in need of such treatment as manifested by evidence of behavior that creates a grave and imminent risk to substantial rights of others or the person; or
[ ] Would benefit from treatment as manifested by evidence of behavior that indicates all of the following:
   (a) The person is unlikely to survive safely in the community without supervision, based on a clinical determination.
   (b) The person has a history of lack of compliance with treatment for mental illness and one of the following applies:
      (i) At least twice within the thirty-six months prior to the filing of an affidavit seeking court-ordered treatment of the person under section 5122.111 of the Revised Code, the lack of compliance has been a significant factor in necessitating hospitalization in a hospital or receipt of services in a forensic or other mental health unit of a correctional facility, provided that the thirty-six-month period shall be extended by the length of any hospitalization or incarceration of the person that occurred within the thirty-six-month period.
      (ii) Within the forty-eight months prior to the filing of an affidavit seeking court-ordered treatment of the person under section 5122.111 of the Revised Code, the lack of compliance resulted in one or more acts of serious violent behavior toward self or others or threats of, or attempts at, serious physical harm to self or others, provided that the forty-eight-month period...
shall be extended by the length of any hospitalization or incarceration of the person that occurred within the forty-eight-month period.

(c) The person, as a result of mental illness, is unlikely to voluntarily participate in necessary treatment.

(d) In view of the person’s treatment history and current behavior, the person is in need of treatment in order to prevent a relapse or deterioration that would be likely to result in substantial risk of serious harm to the person or others.

(Name of the party filing the affidavit) further says that the facts supporting this belief are as follows:

These facts being sufficient to indicate probable cause that the above said person is a mentally ill person subject to court order.

Name of Patient’s Last Physician or Licensed Clinical Psychologist

Address of Patient’s Last Physician or Licensed Clinical Psychologist

The name and address of respondent’s legal guardian, spouse, and adult next of kin are:

Chapter 8. Mental Health
Part II. Voluntary and Involuntary Hospitalization

WAIVER

I, the undersigned party filing the affidavit hereby waive the issuing and service of notice of the hearing on said affidavit, and voluntarily enter my appearance herein.

Dated this .......... day of .............., 20...

........................................
Signature of the party filing the affidavit

5122.12 Hearing notice.

After receipt of the affidavit required by section 5122.11 of the Revised Code, the court shall cause written notice by mail or otherwise of any hearing as the court directs to be given to the following persons:

(A) The respondent;
(B) The respondent's legal guardian, if any, the respondent's spouse, if any, and the respondent's parents, if the respondent is a minor, if these persons' addresses are known to the court or can be obtained through exercise of reasonable diligence;
(C) The person who filed the affidavit;
(D) Any one person designated by the respondent; but if the respondent does not make a selection, the notice shall be sent to the adult next of kin other than the person who filed the affidavit if that person's address is known to the court or can be obtained through exercise of reasonable diligence;
(E) The respondent's counsel;
(F) The director, chief clinical officer, or the respective designee of the hospital, board, community mental health services provider, or facility to which the person has been committed;
(G) The board of alcohol, drug addiction, and mental health services serving the respondent's county of residence or a services provider the board designates.

Any person entitled to notice under this section, with the exception of the respondent, may waive the notice.

A copy of the affidavit and temporary order of detention shall be served with the notice to the parties and to respondent's counsel, if counsel has been appointed or retained.

5122.13 Court investigation; temporary detention order.

Within two business days after receipt of the affidavit required by section 5122.11 of the Revised Code, the probate court shall refer the affidavit to the board of alcohol, drug addiction, and mental health services or community mental health services provider the board designates to assist the court in determining whether the respondent is subject to court-ordered treatment and whether alternatives to hospitalization are available, unless the services provider or board has already performed such screening. The board or services provider shall review the allegations of the affidavit and other information relating to whether or not the person named in the affidavit or statement is a mentally ill person subject to court order, and the availability of appropriate treatment alternatives.

The person who conducts the investigation shall promptly make a report to the court, in writing, in open court or in chambers, as directed by the court and a full record of the report shall be made by the court. The report is not admissible as evidence for the purpose of establishing whether or not the respondent is a mentally ill person subject to court order, but shall be considered by the court in its determination of an appropriate placement for any person after
that person is found to be a mentally ill person subject to court order.

The court, prior to the hearing under section 5122.141 of the Revised Code, shall release a copy of the investigative report to the respondent's counsel.

Nothing in this section precludes a judge or referee from issuing a temporary order of detention pursuant to section 5122.11 of the Revised Code.

5122.14 Admission by affidavit; required medical examination.

Immediately after acceptance of an affidavit required under section 5122.11 of the Revised Code, the court may appoint a psychiatrist, or a licensed clinical psychologist and a licensed physician to examine the respondent, and at the first hearing held pursuant to section 5122.141 of the Revised Code, such psychiatrist, or licensed clinical psychologist and licensed physician, shall report to the court his findings as to the mental condition of respondent, and his need for custody, care, or treatment in a mental hospital. The court may accept as evidence the written report of a psychiatrist, or the written report of a licensed clinical psychologist and a licensed physician, designated by the board of alcohol, drug addiction, and mental health services as the report and findings referred to in this section.

The examination, if possible, shall be held at a hospital or other medical facility, at the home of the respondent, or at any other suitable place least likely to have a harmful effect on the respondent's health.

The court shall prior to a hearing under section 5122.141 or 5122.15 of the Revised Code release a copy of the report to the respondent's counsel.

5122.141 Determination of mental illness; hearing.

(A) A respondent who is involuntarily placed in a hospital or other place as designated in section 5122.10 or 5122.17 of the Revised Code, or with respect to whom proceedings have been instituted under section 5122.11 of the Revised Code, shall be afforded a hearing to determine whether or not the respondent is a mentally ill person subject to court order. The hearing shall be conducted pursuant to section 5122.15 of the Revised Code, and the respondent shall have the right to counsel as provided in that section.

(B) The hearing shall be conducted within five court days from the day on which the respondent is detained or an affidavit is filed, whichever occurs first, in a physical setting not likely to have a harmful effect on the respondent, and may be conducted in a hospital in or out of the county. On the motion of the respondent, the respondent's counsel, the chief clinical officer, or on its own motion, and for good cause shown, the court may order a continuance of the hearing. The continuance may be for no more than ten days from the day on which the respondent is detained or on which an affidavit is filed, whichever occurs first. Failure to conduct the hearing within this time shall effect an immediate discharge of the respondent. If the proceedings are not reinstituted within thirty days, all records of the proceedings shall be expunged.

(C) If the court does not find that the respondent is a mentally ill person subject to court order, it shall order the respondent's immediate discharge, and shall expunge all record of the proceedings during this period.

(D) If the court finds that the respondent is a mentally ill person subject to court order, the court may issue an interim order of detention ordering any health or police officer or sheriff to take into custody and transport such person to a hospital or other place designated in section 5122.17 of the Revised Code, where the respondent may be observed and treated.

(E) A respondent or a respondent's counsel, after obtaining the consent of the respondent, may waive the hearing provided for in this section. In such case, unless the person has been discharged, a mandatory full hearing shall be held by the thirtieth day after the original
involuntary detention of the respondent. Failure to conduct the mandatory full hearing within this time limit shall result in the immediate discharge of the respondent.

(F) Where possible, the initial hearing shall be held before the respondent is taken into custody.

5122.15 Full hearing; respondent’s rights.

(A) Full hearings shall be conducted in a manner consistent with this chapter and with due process of law. The hearings shall be conducted by a judge of the probate court or a referee designated by a judge of the probate court and may be conducted in or out of the county in which the respondent is held. Any referee designated under this division shall be an attorney.

(1) With the consent of the respondent, the following shall be made available to counsel for the respondent:

(a) All relevant documents, information, and evidence in the custody or control of the state or prosecutor;

(b) All relevant documents, information, and evidence in the custody or control of the hospital in which the respondent currently is held, or in which the respondent has been held pursuant to this chapter;

(c) All relevant documents, information, and evidence in the custody or control of any hospital, facility, or person not included in division (A)(1)(a) or (b) of this section.

(2) The respondent has the right to attend the hearing and to be represented by counsel of the respondent's choice. The right to attend the hearing may be waived only by the respondent or counsel for the respondent after consultation with the respondent.

(3) If the respondent is not represented by counsel, is absent from the hearing, and has not validly waived the right to counsel, the court shall appoint counsel immediately to represent the respondent at the hearing, reserving the right to tax costs of appointed counsel to the respondent, unless it is shown that the respondent is indigent. If the court appoints counsel, or if the court determines that the evidence relevant to the respondent's absence does not justify the absence, the court shall continue the case.

(4) The respondent shall be informed that the respondent may retain counsel and have independent expert evaluation. If the respondent is unable to obtain an attorney, the respondent shall be represented by court-appointed counsel. If the respondent is indigent, court-appointed counsel and independent expert evaluation shall be provided as an expense under section 5122.43 of the Revised Code.

(5) The hearing shall be closed to the public, unless counsel for the respondent, with the permission of the respondent, requests that the hearing be open to the public.

(6) If the hearing is closed to the public, the court, for good cause shown, may admit persons who have a legitimate interest in the proceedings. If the respondent, the respondent's counsel, or the designee of the director or of the chief clinical officer objects to the admission of any person, the court shall hear the objection and any opposing argument and shall rule upon the admission of the person to the hearing.

(7) The affiant under section 5122.11 of the Revised Code shall be subject to subpoena by either party.

(8) The court shall examine the sufficiency of all documents filed and shall inform the respondent, if present, and the respondent's counsel of the nature and content of the documents and the reason for which the respondent is being detained, or for which the respondent's placement is being sought.

(9) The court shall receive only reliable, competent, and material evidence.

(10) Unless proceedings are initiated pursuant to section 5120.17 or 5139.08 of the Revised Code, an attorney that the board designates shall present the case demonstrating that the respondent is a mentally ill person subject to court order. The attorney shall offer evidence
of the diagnosis, prognosis, record of treatment, if any, and less restrictive treatment plans, if any. In proceedings pursuant to section 5120.17 or 5139.08 of the Revised Code, the attorney general shall designate an attorney who shall present the case demonstrating that the respondent is a mentally ill person subject to court order. The attorney shall offer evidence of the diagnosis, prognosis, record of treatment, if any, and less restrictive treatment plans, if any.

(11) The respondent or the respondent's counsel has the right to subpoena witnesses and documents and to examine and cross-examine witnesses.

(12) The respondent has the right, but shall not be compelled, to testify, and shall be so advised by the court.

(13) On motion of the respondent or the respondent's counsel for good cause shown, or on the court's own motion, the court may order a continuance of the hearing.

(14) If the respondent is represented by counsel and the respondent's counsel requests a transcript and record, or if the respondent is not represented by counsel, the court shall make and maintain a full transcript and record of the proceeding. If the respondent is indigent and the transcript and record is made, a copy shall be provided to the respondent upon request and be treated as an expense under section 5122.43 of the Revised Code.

(15) To the extent not inconsistent with this chapter, the Rules of Civil Procedure are applicable.

(B) Unless, upon completion of the hearing the court finds by clear and convincing evidence that the respondent is a mentally ill person subject to court order, it shall order the respondent's discharge immediately.

(C) If, upon completion of the hearing, the court finds by clear and convincing evidence that the respondent is a mentally ill person subject to court order, the court shall order the respondent for a period not to exceed ninety days to any of the following:

1. A hospital operated by the department of mental health and addiction services if the respondent is committed pursuant to section 5139.08 of the Revised Code;
2. A nonpublic hospital;
3. The veterans' administration or other agency of the United States government;
4. A board of alcohol, drug addiction, and mental health services or services provider the board designates;
5. Receive private psychiatric or psychological care and treatment;
6. Any other suitable facility or person consistent with the diagnosis, prognosis, and treatment needs of the respondent. A jail or other local correctional facility is not a suitable facility.

(D) Any order made pursuant to division (C)(2), (3), (5), or (6) of this section shall be conditioned upon the receipt by the court of consent by the hospital, facility, agency, or person to accept the respondent and may include a requirement that a person or entity described in division (C)(2), (3), (5), or (6) of this section inform the board of alcohol, drug addiction, and mental health services or community mental health services provider the board designates about the progress of the respondent with the treatment plan.

(E) In determining the entity or person to which the respondent is to be committed under division (C) of this section, the court shall consider the diagnosis, prognosis, preferences of the respondent and the projected treatment plan for the respondent and shall order the implementation of the least restrictive alternative available and consistent with treatment goals. If the court determines that the least restrictive alternative available that is consistent with treatment goals is inpatient hospitalization, the court's order shall so state.

(F) During the ninety-day period the entity or person shall examine and treat the respondent. If the respondent is receiving treatment in an outpatient setting, or receives treatment in an outpatient setting during a subsequent period of continued commitment under division (H) of this section, the entity or person to whom the respondent is committed shall determine the appropriate outpatient treatment for the respondent. If, at any time prior to the
expiration of the ninety-day period, it is determined by the entity or person that the respondent's treatment needs could be equally well met in an available and appropriate less restrictive setting, both of the following apply:

1. The respondent shall be released from the care of the entity or person immediately and shall be referred to the court together with a report of the findings and recommendations of the entity or person;

2. The entity or person shall notify the respondent's counsel or the attorney designated by a board of alcohol, drug addiction, and mental health services or, if the respondent was committed to a board or a services provider designated by the board, it shall place the respondent in the least restrictive setting available consistent with treatment goals and notify the court and the respondent's counsel of the placement.

The court shall dismiss the case or order placement in the least restrictive setting.

(G)(1) Except as provided in division (G)(2) of this section, any person for whom proceedings for treatment have been commenced pursuant to section 5122.11 of the Revised Code, may apply at any time for voluntary admission or treatment to the entity or person to which the person was committed. Upon admission as a voluntary patient the chief clinical officer of the entity or the person immediately shall notify the court, the patient's counsel, and the attorney designated by the board, if the attorney has entered the proceedings, in writing of that fact, and, upon receipt of the notice, the court shall dismiss the case.

(G)(2) A person who is found incompetent to stand trial or not guilty by reason of insanity and who is committed pursuant to section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code shall not voluntarily commit the person pursuant to this section until after the final termination of the commitment, as described in division (J) of section 2945.401 of the Revised Code.

(H) If, at the end of the first ninety-day period or any subsequent period of continued commitment, there has been no disposition of the case, either by discharge or voluntary admission or treatment, the entity or person shall discharge the patient immediately, unless at least ten days before the expiration of the period the attorney the board designates or the prosecutor files with the court an application for continued commitment. The application of the attorney or the prosecutor shall include a written report containing the diagnosis, prognosis, past treatment, a list of alternative treatment settings and plans, and identification of the treatment setting that is the least restrictive consistent with treatment needs. The attorney the board designates or the prosecutor shall file the written report at least three days prior to the full hearing. A copy of the application and written report shall be provided to the respondent's counsel immediately.

The court shall hold a full hearing on applications for continued commitment at the expiration of the first ninety-day period and at least every two years after the expiration of the first ninety-day period.

Hearings following any application for continued commitment are mandatory and may not be waived.

For a respondent who is ordered to receive treatment in an outpatient setting, if at any time after the first ninety-day period the entity or person to whom the respondent was ordered determines that the respondent has demonstrated voluntary consent for treatment, that entity or person shall immediately notify the respondent, the respondent's counsel, the attorney designated by the board, and the court. The entity or person shall submit to the court a report of the findings and recommendations. The court may dismiss the case upon review of the facts.

Upon request of a person who is involuntarily committed under this section, or the person's counsel, that is made more than one hundred eighty days after the person's last full hearing, mandatory or requested, the court shall hold a full hearing on the person's continued commitment. Upon the application of a person involuntarily committed under this section, supported by an affidavit of a psychiatrist or licensed clinical psychologist, alleging that the
person no longer is a mentally ill person subject to court order, the court for good cause shown may hold a full hearing on the person's continued commitment prior to the expiration of one hundred eighty days after the person's last full hearing. Section 5122.12 of the Revised Code applies to all hearings on continued commitment.

If the court, after a hearing for continued commitment finds by clear and convincing evidence that the respondent is a mentally ill person subject to court order, the court may order continued commitment at places or to persons specified in division (C) of this section.

(I) Unless the admission is pursuant to section 5120.17 or 5139.08 of the Revised Code, the chief clinical officer of the entity admitting a respondent pursuant to a judicial proceeding, within ten working days of the admission, shall make a report of the admission to the board of alcohol, drug addiction, and mental health services serving the respondent's county of residence.

(J) A referee appointed by the court may make all orders that a judge may make under this section and sections 5122.11 and 5122.141 of the Revised Code, except an order of contempt of court. The orders of a referee take effect immediately. Within fourteen days of the making of an order by a referee, a party may file written objections to the order with the court. The filed objections shall be considered a motion, shall be specific, and shall state their grounds with particularity. Within ten days of the filing of the objections, a judge of the court shall hold a hearing on the objections and may hear and consider any testimony or other evidence relating to the respondent's mental condition. At the conclusion of the hearing, the judge may ratify, rescind, or modify the referee's order.

(K) An order of the court under division (C), (H), or (J) of this section is a final order.

(L) Before a board, or a services provider the board designates, may place an unconsenting respondent in an inpatient setting from a less restrictive placement, the board or services provider shall do all of the following:

(1) Determine that the respondent is in immediate need of treatment in an inpatient setting because the respondent represents a substantial risk of physical harm to the respondent or others if allowed to remain in a less restrictive setting;

(2) On the day of placement in the inpatient setting or on the next court day, file with the court a motion for transfer to an inpatient setting or communicate to the court by telephone that the required motion has been mailed;

(3) Ensure that every reasonable and appropriate effort is made to take the respondent to the inpatient setting in the least conspicuous manner possible;

(4) Immediately notify the board's designated attorney and the respondent's attorney. At the respondent's request, the court shall hold a hearing on the motion and make a determination pursuant to division (E) of this section within five days of the placement.

(M) Before a board, or a services provider the board designates, may move a respondent from one residential placement to another, the board or services provider shall consult with the respondent about the placement. If the respondent objects to the placement, the proposed placement and the need for it shall be reviewed by a qualified mental health professional who otherwise is not involved in the treatment of the respondent.

(N) The entity or person to whom the respondent was ordered for treatment in an outpatient setting may submit a report to the court indicating that the respondent has either failed to comply with the treatment plan or begun to demonstrate signs of decompensation that may be grounds for hospitalization. On receipt of the report, the court shall promptly schedule a hearing to review the case. The court shall conduct the hearing in a manner consistent with this chapter and due process of law. The board shall receive notice of the hearing and the board and entity or person treating the respondent shall submit a report to the court with a plan for appropriate alternative treatment, if any, or recommend that the court discontinue the court-ordered treatment. The court shall consider available and appropriate alternative placements but shall not impose criminal sanctions that result in confinement in a jail or other local.
correctional facility based on the respondent's failure to comply with the treatment plan. The
court may not order the respondent to a more restrictive placement unless the criteria specified
in division (L) of this section are met and may not order the respondent to an inpatient setting
unless the court determines by clear and convincing evidence presented by the board that the
respondent meets the criteria specified in divisions (A) and (B)(1), (2), (3), or (4) of section
5122.01 of the Revised Code.

5122.16 Federal facility hospitalization.

If a person, ordered to be hospitalized pursuant to section 5122.15 of the Revised Code,
is eligible for hospital care or treatment by the veterans’ administration or other agency of the
United States government, such hospitalization may be ordered to those facilities provided by
section 5905.02 of the Revised Code.

5122.17 Temporary detention in medical facility.

Pending removal to a hospital, a person taken into custody or ordered to be hospitalized
pursuant to this chapter may be detained for not more than forty-eight hours in a licensed rest or
nursing home, a licensed or unlicensed hospital, a community mental health services provider,
or a county home, but the person shall not be detained in a nonmedical facility used for
detention of persons charged with or convicted of penal offenses unless the court finds that a
less restrictive alternative cannot be made available.

5122.18 Hospitalization; notice.

Whenever a person has been involuntarily detained at or admitted to a hospital,
community mental health services provider, or other facility at the request of anyone other than
the person's legal guardian, spouse, or next of kin under this chapter, the chief clinical officer of
the hospital, services provider, or other facility in which the person is temporarily detained under
section 5122.17 of the Revised Code shall immediately notify the person's legal guardian,
spouse or next of kin, and counsel, if these persons can be ascertained through exercise of
reasonable diligence. If a person voluntarily remains at or is admitted to a hospital, services
provider, or other facility, such notification shall not be given without the person's consent. The
chief clinical officer of the hospital, services provider, or other facility shall inform a person
voluntarily remaining at or admitted to a hospital, services provider, or other facility that the
person may authorize such notification.

5122.19 Medical examination required.

Every person transported to a hospital or community mental health services provider
pursuant to sections 5122.11 to 5122.16 of the Revised Code, shall be examined by the staff of
the hospital or services provider as soon as practicable after arrival at the hospital or services
provider. Such an examination shall be held within twenty-four hours after the time of arrival,
and if the chief clinical officer fails after such an examination to certify that in the chief clinical
officer's opinion the person is a mentally ill person subject to court order, the person shall be
immediately released.

5122.20 Transferring patients involuntarily committed.

The director of mental health and addiction services or the director's designee may
transfer, or authorize the transfer of, an involuntary patient, or a consenting voluntary patient
hospitized pursuant to section 5122.02 or sections 5122.11 to 5122.15 of the Revised Code, from one public hospital to another, or to a hospital, community mental health services provider, or other facility offering treatment or other services for mental illness, if the medical director of the department of mental health and addiction services determines that it would be consistent with the medical needs of the patient to do so. If such a transfer is made to a private facility, the transfer shall be conditioned upon the consent of the facility.

Before an involuntary patient may be transferred to a more restrictive setting, the chief clinical officer shall file a motion with the court requesting the court to amend its order of placement issued under section 5122.15 of the Revised Code. At the patient's request, the court shall hold a hearing on the motion at which the patient has the same rights as at a full hearing under section 5122.15 of the Revised Code. The hearing shall be held within ten days after the date on which the respondent was transferred to the more restrictive setting or on which the motion was filed, whichever is earlier. On the motion of the respondent, the respondent's counsel, or the chief clinical officer, or on its own motion, and for good cause shown, the court may order a continuance of the hearing for up to ten days.

Whenever an involuntary patient is transferred, written notice of the transfer shall be given to the patient's legal guardian, parents, spouse, and counsel, or, if none is known, to the patient's nearest known relative or friend. If the patient is a minor, the department, before making such a transfer, shall make a minute of the order for the transfer and the reason for it upon its record and shall send a certified copy at least seven days prior to the transfer to the person shown by its record to have had the care or custody of the minor immediately prior to the minor's commitment. Whenever a consenting voluntary patient is transferred, the notification shall be given only at the patient's request. The chief clinical officer shall advise a voluntary patient who is being transferred that the patient may decide if the notification shall be given. In all such transfers, due consideration shall be given to the wishes of the patient, and the relationship of the patient to the patient's family, legal guardian, or friends, so as to maintain the relationship and encourage visits beneficial to the patient.

When a voluntary patient whose medical or psychological needs are found by the chief clinical officer to warrant a transfer refuses to be transferred to an alternate facility, the chief clinical officer may file an affidavit for a hearing under section 5122.11 of the Revised Code.

5122.21 Discharge of involuntary mental health inpatients.

(A) The chief clinical officer shall as frequently as practicable, and at least once every thirty days, examine or cause to be examined every patient, and, whenever the chief clinical officer determines that the conditions justifying involuntary hospitalization or commitment no longer obtain, shall discharge the patient not under indictment or conviction for crime and immediately make a report of the discharge to the department of mental health and addiction services. The chief clinical officer may discharge a patient who is under an indictment, a sentence of imprisonment, a community control sanction, or a post-release control sanction or on parole ten days after written notice of intent to discharge the patient has been given by personal service or certified mail, return receipt requested, to the court having criminal jurisdiction over the patient. Except when the patient was found not guilty by reason of insanity and the defendant's commitment is pursuant to section 2945.40 of the Revised Code, the chief clinical officer has final authority to discharge a patient who is under an indictment, a sentence of imprisonment, a community control sanction, or a post-release control sanction or on parole.

(B) After a finding pursuant to section 5122.15 of the Revised Code that a person is a mentally ill person subject to court order, the chief clinical officer of the hospital or community mental health services provider to which the person is ordered or to which the person is transferred under section 5122.20 of the Revised Code, may grant a discharge without the consent or authorization of any court.
Upon discharge, the chief clinical officer shall notify the court that caused the judicial hospitalization of the discharge from the hospital.

5122.22 Trial visit releases.

When the chief clinical officer of a hospital considers it in the best interest of a patient, the officer may permit the patient to leave the hospital on a trial visit. The trial visit shall be for the period of time the chief clinical officer determines, but shall not exceed ninety days, unless extended for subsequent periods not to exceed ninety days after evaluation of the patient’s condition.

The chief clinical officer, upon releasing a patient on trial visit, may impose requirements and conditions in relation to the patient while the patient is absent from the hospital that are consistent with the treatment plan.

The chief clinical officer of the hospital from which the patient is released on trial visit may at any time revoke the trial visit if there is reason to believe that it is in the best interests of the patient to be returned to the hospital.

If the revocation of the trial visit is not voluntarily complied with, the chief clinical officer, within five days, shall authorize any health or police officer or sheriff to take the patient into custody and transport the patient to the hospital.

At the completion of the trial visit, the chief clinical officer shall take whatever measures are necessary to enable the patient to return to the hospital.

If an involuntarily committed patient has successfully completed one year of continuous trial visit, the chief clinical officer shall discharge the patient subject to any applicable notice requirements of section 5122.21 of the Revised Code.

5122.23 Report of vital statistics to department.

The chief clinical officer of a public hospital shall immediately report to the department of mental health and addiction services and the board of alcohol, drug addiction, and mental health services serving the patient’s county of residence the removal, death, escape, discharge, or trial visit of any patient hospitalized under section 5122.15 of the Revised Code, or the return of such an escaped or visiting patient to the department, the probate judge of the county from which such patient was hospitalized, and the probate judge of the county of residence of such patient. In case of death, the chief clinical officer also shall notify one or more of the nearest relatives of the deceased patient, if known to the chief clinical officer, by letter, telegram, or telephone. If the place of residence of such relative is unknown to the chief clinical officer, immediately upon receiving notification the probate judge shall in the speediest manner possible notify such relatives, if known to the probate judge.

The chief clinical officer of a public hospital, upon the request of the probate judge of the county from which a patient was hospitalized or the probate judge of the county of residence of such a patient, shall make a report to the judge of the condition of any patient under the care, treatment, custody, or control of the chief clinical officer.

5122.231 Hospitalization; alcohol, drug addiction, and mental health services.

Any person who has been hospitalized or committed under this chapter may, at any time, apply to the board of alcohol, drug addiction, and mental health services serving his county of residence for services listed in section 340.09 of the Revised Code.
5122.25 Hospitalization; rehearings.

Upon the request of a hospital, person, board, community mental health services provider, or facility who has custody of a patient hospitalized pursuant to section 5122.15 of the Revised Code, or on the order of the court, such patient may be called for a rehearing at such place within the county of the patient's residence or the county where such patient is hospitalized as the court designates. The hearing shall be conducted pursuant to section 5122.15 of the Revised Code.

5122.26 Unauthorized absence; escape.

(A) If a patient is absent without leave, on a verbal or written order issued within five days of the time of the unauthorized absence by the department of mental health and addiction services, the chief clinical officer of the hospital from which the patient is absent without leave, or the court of either the county from which the patient was committed or in which the patient is found, any health or police officer or sheriff may take the patient into custody and transport the patient to the hospital in which the patient was hospitalized or to a place that is designated in the order. The officer immediately shall report such fact to the entity that issued the order.

The chief clinical officer of a hospital may discharge a patient who is under an indictment, a sentence of imprisonment, a community control sanction, or a post-release control sanction or on parole and who has been absent without leave for more than thirty days but shall give written notice of the discharge to the court with criminal jurisdiction over the patient. The chief clinical officer of a hospital may discharge any other patient who has been absent without leave for more than fourteen days.

The chief clinical officer shall take all proper measures for the apprehension of an escaped patient. The expense of the return of an escaped patient shall be borne by the hospital where the patient is hospitalized.

(B)(1) Subject to division (B)(2) of this section, no patient hospitalized under Chapter 5122 of the Revised Code whose absence without leave was caused or contributed to by the patient's mental illness shall be subject to a charge of escape.

(2) Division (B)(1) of this section does not apply to any person who was hospitalized, institutionalized, or confined in a facility under an order made pursuant to or under authority of section 2945.37, 2945.371, 2945.38, 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code and who escapes from the facility, from confinement in a vehicle for transportation to or from the facility, or from supervision by an employee of the facility that is incidental to hospitalization, institutionalization, or confinement in the facility and that occurs outside the facility, in violation of section 2921.34 of the Revised Code.

5122.27 Chief clinical officer to assure standards of care; required treatment unavailable.

The chief clinical officer of the hospital or the chief clinical officer's designee shall assure that all patients hospitalized or committed pursuant to this chapter shall:

(A) Receive, within twenty days of their admission sufficient professional care to assure that an evaluation of current status, differential diagnosis, probable prognosis, and description of the current treatment plan is stated on the official chart;

(B) Have a written treatment plan consistent with the evaluation, diagnosis, prognosis, and goals which shall be provided, upon request of the patient or patient's counsel, to the patient's counsel and to any private physician or licensed clinical psychologist designated by the patient or the patient's counsel or to the Ohio protection and advocacy system;

(C) Receive treatment consistent with the treatment plan. The department of mental health and addiction services shall set standards for treatment provided to such patients,
consistent wherever possible with standards set by the joint commission.

(D) Receive periodic reevaluations of the treatment plan by the professional staff at intervals not to exceed ninety days;

(E) Be provided with adequate medical treatment for physical disease or injury;

(F) Receive humane care and treatment, including without limitation, the following:

1. The least restrictive environment consistent with the treatment plan;
2. The necessary facilities and personnel required by the treatment plan;
3. A humane psychological and physical environment;
4. The right to obtain current information concerning the patient’s treatment program and expectations in terms that the patient can reasonably understand;
5. Participation in programs designed to afford the patient substantial opportunity to acquire skills to facilitate return to the community or to terminate an involuntary commitment;
6. The right to be free from unnecessary or excessive medication;
7. Freedom from restraints or isolation unless it is stated in a written order by the chief clinical officer or the chief clinical officer’s designee, or the patient’s individual physician or psychologist in a private or general hospital.

If the chief clinical officer of the hospital is unable to provide the treatment required by divisions (C), (E), and (F) of this section for any patient hospitalized pursuant to Chapter 5122 of the Revised Code, the chief clinical officer shall immediately notify the patient, the court, the Ohio protection and advocacy system, the director of mental health and addiction services, and the patient's counsel and legal guardian, if known. If within ten days after receipt of such notification by the director, the director is unable to effect a transfer of the patient, pursuant to section 5122.20 of the Revised Code, to a hospital, community mental health services provider, or other medical facility where treatment is available, or has not received an order of the court to the contrary, the involuntary commitment of any patient hospitalized pursuant to Chapter 5122 of the Revised Code and defined as a mentally ill person subject to court order under division (B)(4) of section 5122.01 of the Revised Code shall automatically be terminated.

5122.271 Consent required for certain treatments; medical emergency protocols.

(A) Except as provided in divisions (C), (D), and (E) of this section, the chief clinical officer or, in a nonpublic hospital, the attending physician responsible for a patient's care shall provide all information, including expected physical and medical consequences, necessary to enable any patient of a hospital for the mentally ill to give a fully informed, intelligent, and knowing consent, the opportunity to consult with independent specialists and counsel, and the right to refuse consent for any of the following:

1. Surgery;
2. Convulsive therapy;
3. Major aversive interventions;
4. Sterilizations;
5. Any unusually hazardous treatment procedures;

(B) No patient shall be subjected to any of the procedures listed in divisions (A)(4) to (6) of this section until both the patient's informed, intelligent, and knowing consent and the approval of the court have been obtained, except that court approval is not required for a legally competent and voluntary patient in a nonpublic hospital.

(C) If, after providing the information required under division (A) of this section to the patient, the chief clinical officer or attending physician concludes that a patient is physically or mentally unable to receive the information required for surgery under division (A)(1) of this section, or has been adjudicated incompetent, the information may be provided to the patient's natural or court-appointed guardian, who may give an informed, intelligent, and knowing written
If a patient is physically or mentally unable to receive the information required for surgery under division (A)(1) of this section and has no guardian, the information, the recommendation of the chief clinical officer, and the concurring judgment of a licensed physician who is not a full-time employee of the state may be provided to the court in the county in which the hospital is located, which may approve the surgery. Before approving the surgery, the court shall notify the Ohio protection and advocacy system created by section 5123.60 of the Revised Code, and shall notify the patient of the rights to consult with counsel, to have counsel appointed by the court if the patient is indigent, and to contest the recommendation of the chief clinical officer.

(D) If, in a medical emergency, and after providing the information required under division (A) of this section to the patient, it is the judgment of one licensed physician that delay in obtaining surgery would create a grave danger to the health of the patient, it may be administered without the consent of the patient or the patient's guardian if the necessary information is provided to the patient's spouse or next of kin to enable that person to give informed, intelligent, and knowing written consent. If no spouse or next of kin can reasonably be contacted, or if the spouse or next of kin is contacted, but refuses to consent, the surgery may be performed upon the written authorization of the chief clinical officer or, in a nonpublic hospital, upon the written authorization of the attending physician responsible for the patient's care, and after the approval of the court has been obtained. However, if delay in obtaining court approval would create a grave danger to the life of the patient, the chief clinical officer or, in a nonpublic hospital, the attending physician responsible for the patient's care may authorize surgery, in writing, without court approval. If the surgery is authorized without court approval, the chief clinical officer or the attending physician who made the authorization and the physician who performed the surgery shall each execute an affidavit describing the circumstances constituting the emergency and warranting the surgery and the circumstances warranting their not obtaining prior court approval. The affidavit shall be filed with the court with which the request for prior approval would have been filed within five court days after the surgery, and a copy of the affidavit shall be placed in the patient's file and be given to the guardian, spouse, or next of kin of the patient, to the hospital at which the surgery was performed, and to the Ohio protection and advocacy system as defined in section 5123.60 of the Revised Code.

(E) Major aversive interventions shall not be used unless a patient continues to engage in behavior destructive to self or others after other forms of therapy have been attempted. Major aversive interventions may be applied if approved by the director of mental health and addiction services. Major aversive interventions shall not be applied to a voluntary patient without the informed, intelligent, and knowing written consent of the patient or the patient's guardian.

(F) Unless there is substantial risk of physical harm to self or others, or other than under division (D) of this section, this chapter does not authorize any form of compulsory medical, psychological, or psychiatric treatment of any patient who is being treated by spiritual means through prayer alone in accordance with a recognized religious method of healing without specific court authorization.

(G) For purposes of this section, “convulsive therapy” does not include defibrillation.

5122.29 Patients’ rights.

All patients hospitalized or committed pursuant to this chapter have the following rights:

(A) The right to a written list of all rights enumerated in this chapter, to that person, that person's legal guardian, and that person's counsel. If the person is unable to read, the list shall be read and explained to the person.

(B) The right at all times to be treated with consideration and respect for the patient's privacy and dignity, including without limitation, the following:

(1) At the time a person is taken into custody for diagnosis, detention, or treatment under
Chapter 5122 of the Revised Code, the person taking that person into custody shall take reasonable precautions to preserve and safeguard the personal property in the possession of or on the premises occupied by that person;

(2) A person who is committed, voluntarily or involuntarily, shall be given reasonable protection from assault or battery by any other person.

(C) The right to communicate freely with and be visited at reasonable times by the patient's private counsel or personnel of the Ohio protection and advocacy system and, unless prior court restriction has been obtained, to communicate freely with and be visited at reasonable times by the patient's personal physician or psychologist.

(D) The right to communicate freely with others, unless specifically restricted in the patient's treatment plan for clear treatment reasons, including without limitation the following:

(1) To receive visitors at reasonable times;
(2) To have reasonable access to telephones to make and receive confidential calls, including a reasonable number of free calls if unable to pay for them and assistance in calling if requested and needed.

(E) The right to have ready access to letter writing materials, including a reasonable number of stamps without cost if unable to pay for them, and to mail and receive unopened correspondence and assistance in writing if requested and needed.

(F) The right to the following personal privileges consistent with health and safety:

(1) To wear the patient's own clothes and maintain the patient's own personal effects;
(2) To be provided an adequate allowance for or allotment of neat, clean, and seasonable clothing if unable to provide the patient's own;
(3) To maintain the patient's personal appearance according to the patient's own personal taste, including head and body hair;
(4) To keep and use personal possessions, including toilet articles;
(5) To have access to individual storage space for the patient's private use;
(6) To keep and spend a reasonable sum of the patient's own money for expenses and small purchases;
(7) To receive and possess reading materials without censorship, except when the materials create a clear and present danger to the safety of persons in the facility.

(G) The right to reasonable privacy, including both periods of privacy and places of privacy.

(H) The right to free exercise of religious worship within the facility, including a right to services and sacred texts that are within the reasonable capacity of the facility to supply, provided that no patient shall be coerced into engaging in any religious activities.

(I) The right to social interaction with members of either sex, subject to adequate supervision, unless such social interaction is specifically withheld under a patient's written treatment plan for clear treatment reasons.

As used in this section, “clear treatment reasons” means that permitting the patient to communicate freely with others will present a substantial risk of physical harm to the patient or others or will substantially preclude effective treatment of the patient. If a right provided under this section is restricted or withheld for clear treatment reasons, the patient's written treatment plan shall specify the treatment designed to eliminate the restriction or withholding of the right at the earliest possible time.

5122.30 Patients’ rights; habeas corpus.

Any person detained pursuant to this chapter or section 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code shall be entitled to the writ of habeas corpus upon proper petition by self or by a friend to any court generally empowered to issue the writ of habeas corpus in the county in which the person is detained.
Chapter 8. Mental Health
Part II. Voluntary and Involuntary Hospitalization

No person may bring a petition for a writ of habeas corpus that alleges that a person involuntarily detained pursuant to this chapter no longer is a mentally ill person subject to court order unless the person shows that the release procedures of division (H) of section 5122.15 of the Revised Code are inadequate or unavailable.

5122.301 Rights of patients preserved.

No person shall be deprived of any public or private employment solely because of having been admitted to a hospital or otherwise receiving services, voluntarily or involuntarily, for a mental illness or other mental disability.

Any person admitted to a hospital or otherwise taken into custody, voluntarily or involuntarily, under this chapter retains all civil rights not specifically denied in the Revised Code or removed by an adjudication of incompetence following a judicial proceeding other than a proceeding under sections 5122.11 to 5122.15 of the Revised Code.

As used in this section, "civil rights" includes, without limitation, the rights to contract, hold a professional, occupational, or motor vehicle driver's or commercial driver's license, marry or obtain a divorce, annulment, or dissolution of marriage, make a will, vote, and sue and be sued.

5122.31 Information disclosure.

(A) All certificates, applications, records, and reports made for the purpose of this chapter and sections 2945.38, 2945.39, 2945.40, 2945.401, and 2945.402 of the Revised Code, other than court journal entries or court docket entries, and directly or indirectly identifying a patient or former patient or person whose hospitalization or commitment has been sought under this chapter, shall be kept confidential and shall not be disclosed by any person except:

(1) If the person identified, or the person's legal guardian, if any, or if the person is a minor, the person's parent or legal guardian, consents, and if the disclosure is in the best interests of the person, as may be determined by the court for judicial records and by the chief clinical officer for medical records;

(2) When disclosure is provided for in this chapter or Chapters 340 or 5119 of the Revised Code or in accordance with other provisions of state or federal law authorizing such disclosure;

(3) That hospitals, boards of alcohol, drug addiction, and mental health services, and community mental health services providers may release necessary medical information to insurers and other third-party payers, including government entities responsible for processing and authorizing payment, to obtain payment for goods and services furnished to the patient;

(4) Pursuant to a court order signed by a judge;

(5) That a patient shall be granted access to the patient's own psychiatric and medical records, unless access specifically is restricted in a patient's treatment plan for clear treatment reasons;

(6) That hospitals and other institutions and facilities within the department of mental health and addiction services may exchange psychiatric records and other pertinent information with other hospitals, institutions, and facilities of the department, and with community mental health services providers and boards of alcohol, drug addiction, and mental health services with which the department has a current agreement for patient care or services. Records and information that may be released pursuant to this division shall be limited to medication history, physical health status and history, financial status, summary of course of treatment in the hospital, summary of treatment needs, and a discharge summary, if any.

(7) That hospitals within the department and other institutions and facilities within the department may exchange psychiatric records and other pertinent information with payers and
other providers of treatment, health services, and recovery supports if the purpose of the exchange is to facilitate continuity of care for a patient or for the emergency treatment of an individual;

(8) That a patient's family member who is involved in the provision, planning, and monitoring of services to the patient may receive medication information, a summary of the patient's diagnosis and prognosis, and a list of the services and personnel available to assist the patient and the patient's family, if the patient's treating physician determines that the disclosure would be in the best interests of the patient. No such disclosure shall be made unless the patient is notified first and receives the information and does not object to the disclosure.

(9) That community mental health services providers may exchange psychiatric records and certain other information with the board of alcohol, drug addiction, and mental health services and other services providers in order to provide services to a person involuntarily committed to a board. Release of records under this division shall be limited to medication history, physical health status and history, financial status, summary of course of treatment, summary of treatment needs, and discharge summary, if any.

(10) That information may be disclosed to the executor or the administrator of an estate of a deceased patient when the information is necessary to administer the estate;

(11) That records in the possession of the Ohio history connection may be released to the closest living relative of a deceased patient upon request of that relative;

(12) That records pertaining to the patient's diagnosis, course of treatment, treatment needs, and prognosis shall be disclosed and released to the appropriate prosecuting attorney if the patient was committed pursuant to section 2945.38, 2945.39, 2945.40, 2945.401, or 2945.402 of the Revised Code, or to the attorney designated by the board for proceedings pursuant to involuntary commitment under this chapter.

(13) That the department of mental health and addiction services may exchange psychiatric hospitalization records, other mental health treatment records, and other pertinent information with the department of rehabilitation and correction and with the department of youth services to ensure continuity of care for inmates or offenders who are receiving mental health services in an institution of the department of rehabilitation and correction or the department of youth services and may exchange psychiatric hospitalization records, other mental health treatment records, and other pertinent information with boards of alcohol, drug addiction, and mental health services and community mental health services providers to ensure continuity of care for inmates or offenders who are receiving mental health services in an institution and are scheduled for release within six months. The release of records under this division is limited to records regarding an inmate's or offender's medication history, physical health status and history, summary of course of treatment, summary of treatment needs, and a discharge summary, if any;

(14) That records and reports relating to a person who has been deceased for fifty years or more are no longer considered confidential.

(B) Before records are disclosed pursuant to divisions (A)(3), (6), and (9) of this section, the custodian of the records shall attempt to obtain the patient's consent for the disclosure. No person shall reveal the contents of a medical record of a patient except as authorized by law.

(C) The managing officer of a hospital who releases necessary medical information under division (A)(3) of this section to allow an insurance carrier or other third party payor to comply with section 5121.43 of the Revised Code shall neither be subject to criminal nor civil liability.

5122.311 Mentally ill or involuntary person's admission; notice.

(A) Notwithstanding any provision of the Revised Code to the contrary, if, on or after April 8, 2004, an individual is found by a court to be a mentally ill person subject to court order...
or becomes an involuntary patient other than one who is a patient only for purposes of observation, the probate judge who made the adjudication or the chief clinical officer of the hospital, community mental health services provider, or facility in which the person is an involuntary patient shall notify the office of the attorney general, on the form described in division (C) of this section, of the identity of the individual. The notification shall be transmitted by the judge or the chief clinical officer not later than seven days after the adjudication or commitment.

(B) The office of the attorney general shall compile and maintain the notices it receives under division (A) of this section and the notices shall be used for the purpose of conducting incompetency records checks pursuant to section 311.41 of the Revised Code. The notices and the information they contain are confidential, except as provided in this division, and are not public records.

(C) The attorney general, by rule adopted under Chapter 119 of the Revised Code, shall prescribe and make available to all probate judges and all chief clinical officers a form to be used by them for the purpose of making the notifications required by division (A) of this section.

5122.32 Quality assurance program records; confidentiality.

(A) As used in this section:

(1) “Quality assurance committee” means a committee that is appointed in the central office of the department of mental health and addiction services by the director of mental health and addiction services, a committee of a hospital or community setting program, or a duly authorized subcommittee of a committee of that nature and that is designated to carry out quality assurance program activities.

(2) “Quality assurance program” means a comprehensive program within the department of mental health and addiction services to systematically review and improve the quality of medical and mental health services within the department and its hospitals and community setting programs, the safety and security of persons receiving or administering medical and mental health services within the department and its hospitals and community setting programs, and the efficiency and effectiveness of the utilization of staff and resources in the delivery of medical and mental health services within the department and its hospitals and community setting programs. “Quality assurance program” includes the central office quality assurance committees, morbidity and mortality review committees, quality assurance programs of community setting programs, quality assurance committees of hospitals operated by the department of mental health and addiction services, and the office of licensure and certification of the department.

(3) “Quality assurance program activities” include collecting or compiling information and reports required by a quality assurance committee, receiving, reviewing, or implementing the recommendations made by a quality assurance committee, and credentialing, privileging, infection control, tissue review, peer review, utilization review including access to patient care records, patient care assessment records, and medical and mental health records, medical and mental health resource management, mortality and morbidity review, and identification and prevention of medical or mental health incidents and risks, whether performed by a quality assurance committee or by persons who are directed by a quality assurance committee.

(4) “Quality assurance records” means the proceedings, discussion, records, findings, recommendations, evaluations, opinions, minutes, reports, and other documents or actions that emanate from quality assurance committees, quality assurance programs, or quality assurance program activities. “Quality assurance records” does not include aggregate statistical information that does not disclose the identity of persons receiving or providing medical or mental health services in department of mental health and addiction services hospitals or community setting programs.
Voluntary and Involuntary Hospitalization

Chapter 8. Mental Health
Part II. Voluntary and Involuntary Hospitalization

(B)(1) Except as provided in division (E) of this section, quality assurance records are confidential and are not public records under section 149.43 of the Revised Code, and shall be used only in the course of the proper functions of a quality assurance program.

(2) Except as provided in division (E) of this section, no person who possesses or has access to quality assurance records and who knows that the records are quality assurance records shall willfully disclose the contents of the records to any person or entity.

(C)(1) Except as provided in division (E) of this section, no quality assurance record shall be subject to discovery, and is not admissible in evidence, in any judicial or administrative proceeding.

(2) Except as provided in division (E) of this section, no member of a quality assurance committee or a person who is performing a function that is part of a quality assurance program shall be permitted or required to testify in a judicial or administrative proceeding with respect to quality assurance records or with respect to any finding, recommendation, evaluation, opinion, or other action taken by the committee, member, or person.

(3) Information, documents, or records otherwise available from original sources are not to be construed as being unavailable for discovery or admission in evidence in a judicial or administrative proceeding merely because they were presented to a quality assurance committee. No person testifying before a quality assurance committee or person who is a member of a quality assurance committee shall be prevented from testifying as to matters within the person's knowledge, but the witness cannot be asked about the witness' testimony before the quality assurance committee or about an opinion formed by the person as a result of the quality assurance committee proceedings.

(D)(1) A person who, without malice and in the reasonable belief that the information is warranted by the facts known to the person, provides information to a person engaged in quality assurance program activities is not liable for damages in a civil action for injury, death, or loss to person or property to any person as a result of providing the information.

(2) A member of a quality assurance committee, a person engaged in quality assurance program activities, and an employee of the department of mental health and addiction services shall not be liable in damages in a civil action for injury, death, or loss to person or property to any person for any acts, omissions, decisions, or other conduct within the scope of the functions of the quality assurance program.

(3) Nothing in this section shall relieve any institution or individual from liability arising from the treatment of a patient.

(E) Quality assurance records may be disclosed, and testimony may be provided concerning quality assurance records, only to the following persons or entities:

(1) Persons who are employed or retained by the department of mental health and addiction services and who have authority to evaluate or implement the recommendations of a state-operated hospital, community setting program, or central office quality assurance committee;

(2) Public or private agencies or organizations if needed to perform a licensing or accreditation function related to department of mental health and addiction services hospitals or community setting programs, or to perform monitoring of a hospital or program of that nature as required by law.

(F) A disclosure of quality assurance records pursuant to division (E) of this section does not otherwise waive the confidential and privileged status of the disclosed quality assurance records.

(G) Nothing in this section shall limit the access of the Ohio protection and advocacy system to records or personnel as required under section 5123.601 of the Revised Code. Nothing in this section shall limit the admissibility of documentary or testimonial evidence in an action brought by the Ohio protection and advocacy system in its own name or on behalf of a client.
5122.33 Department of mental health powers.

The department of mental health and addiction services may prescribe the form of applications, reports, records, and medical certificates provided for under this chapter, and the information required to be contained therein; require reports from the chief clinical officer of any public hospital relating to the admission, examination, diagnosis, release, or discharge of any patient; visit each such hospital regularly to review the admission procedures of all new patients admitted between visits; investigate by personal visit complaints made by any patient or by any person on behalf of a patient; and adopt such rules as are reasonably necessary to effectuate the provisions of this chapter.

5122.34 Liability of participants.

(A) Persons, including, but not limited to, boards of alcohol, drug addiction, and mental health services and community mental health services providers, acting in good faith, either upon actual knowledge or information thought by them to be reliable, who procedurally or physically assist in the hospitalization or discharge, determination of appropriate placement, court-ordered treatment, or in judicial proceedings of a person under this chapter, do not come within any criminal provisions, and are free from any liability to the person hospitalized or receiving court-ordered treatment or to any other person.

(B) Regardless of whether any affirmative action has been taken under this chapter with respect to a mental health client or patient and except as otherwise provided in section 2305.51 of the Revised Code, no person shall be liable for any harm that results to any other person as a result of failing to disclose any confidential information about the mental health client or patient, or failing to otherwise attempt to protect such other person from harm by such client or patient.

(C) This section applies to expert witnesses who testify at hearings under this chapter.

(D) The immunity from liability conferred by this section is in addition to and not in limitation of any immunity conferred by any other section of the Revised Code or by judicial precedent.

5122.35 Probate court's jurisdiction.

(A) In a case in which the jurisdiction of a court has not been specifically given or the procedure provided for, the court in the county in which a person alleged to be mentally ill is found shall have full, complete, and general jurisdiction to make disposition of such person in accordance with the procedure prescribed by Chapter 5122 of the Revised Code.

(B) When an affidavit is filed in the court as provided in section 5122.11 of the Revised Code, and the person alleged to be mentally ill is detained in a hospital located in another county, the court of the county in which such hospital is located shall, upon the request of the court receiving the affidavit, hold a hearing and make disposition of such person in accordance with Chapter 5122 of the Revised Code.

5122.38 Competency adjudication.

Each individual now or formerly hospitalized pursuant to this chapter or former Chapter 5123 of the Revised Code, is entitled to an adjudication of competency or incompetency or termination of guardianship upon written request by any such individual, his guardian, or the chief clinical officer to the probate court. The court, on its own motion, may initiate such a hearing.

Upon filing of such application, or on the court's own motion, notice of the purpose, time, and place of the hearing shall be given to the person upon whose affidavit such adjudication
was made, to the guardian of the applicant, and to his spouse at his residence, if such address is known.

Upon hearing, if it is proven that such applicant is competent, the court shall so find and enter the finding on its journal. The adjudicating court shall send a transcript of the adjudication to the county of the patient's residence.

5122.39 Mentally ill minors; guardianship.

(A) Mentally ill minors shall remain under the natural guardianship of their parents, notwithstanding hospitalization pursuant to this chapter, unless parental rights have been terminated pursuant to a court finding that the minor is neglected or dependent. Where a mentally ill minor is found to be dependent or neglected, the public children's services agency in the county of residence has final guardianship authority and responsibility.

(B) In no case shall the guardianship of a mentally ill person be assigned to the chief medical officer or any staff member of a hospital, board, or provider from which the person is receiving mental health services.

5122.41 Patient's possessions at time of hospitalization; special guardian.

The court, upon making an order hospitalizing a person under this chapter, shall immediately transmit to the chief clinical officer of the hospital, copies, under his official seal, of court papers in the case, including the certificate of the medical witnesses and of his findings in the case.

Upon hospitalization, the chief clinical officer of the hospital to which the patient is admitted shall take possession of all money and other valuables that may be upon the person of the patient, and shall within ten days file a list thereof with the probate judge of the county of which the patient is a resident. If the amount of money is fifty dollars or less it shall be retained and expended by the chief clinical officer of the hospital for the benefit of the patient. Unless a guardian of the estate of the patient has already been appointed, the probate judge may, upon his own motion and without notice, appoint a special guardian of the estate of the patient. Any special guardian, before being appointed, shall file a bond approved by the probate judge in the same amount as is required by section 2109.04 of the Revised Code. A special guardian as provided for in this section, and while acting as such, shall be governed by all laws applicable to guardians of the estates of either minors or incompetents. The special guardian shall be allowed such compensation for his services as the court thinks reasonable, provided he forthwith performs all the duties incumbent upon him.

5122.42 Rules of construction; preservation of rights.

Nothing in this chapter limits any rights, privileges, or immunities under the constitution, and laws of the United States or this state.

5122.43 Costs and expenses of proceedings.

(A) Costs, fees, and expenses of all proceedings held under this chapter shall be paid as follows:

(1) To police and health officers, other than sheriffs or their deputies, the same fees allowed to constables, to be paid upon the approval of the probate judge;

(2) To sheriffs or their deputies, the same fees allowed for similar services in the court of common pleas;

(3) To physicians or licensed clinical psychologists acting as expert witnesses and to
other expert witnesses designated by the court, an amount determined by the court;
(4) To other witnesses, the same fees and mileage as for attendance at the court of common pleas, to be paid upon the approval of the probate judge;
(5) To a person, other than the sheriff or the sheriff's deputies, for taking a mentally ill person to a hospital or removing a mentally ill person from a hospital, the actual necessary expenses incurred, specifically itemized, and approved by the probate judge;
(6) To assistants who convey mentally ill persons to the hospital when authorized by the probate judge, a fee set by the probate court, provided the assistants are not drawing a salary from the state or any political subdivision of the state, and their actual necessary expenses incurred, provided that the expenses are specifically itemized and approved by the probate judge;
(7) To an attorney appointed by the probate division for an indigent who allegedly is a mentally ill person pursuant to any section of this chapter or a person suffering from alcohol and other drug abuse and who may be ordered under sections 5119.91 to 5119.98 of the Revised Code to undergo treatment, the fees that are determined by the probate division. When those indigent persons are before the court, all filing and recording fees shall be waived.
(8) To a referee who is appointed to conduct proceedings under this chapter that involve a respondent whose domicile is or, before the respondent's hospitalization, was not the county in which the proceedings are held, compensation as fixed by the probate division, but not more than the compensation paid for similar proceedings for respondents whose domicile is in the county in which the proceedings are held;
(9) To a court reporter appointed to make a transcript of proceedings under this chapter, the compensation and fees allowed in other cases under section 2101.08 of the Revised Code.

(B) A county shall pay for the costs, fees, and expenses described in division (A) of this section with money appropriated pursuant to section 2101.11 of the Revised Code. A county may seek reimbursement from the department of mental health and addiction services by submitting a request and certification by the county auditor of the costs, fees, and expenses to the department within two months of the date the costs, fees, and expenses are incurred by the county.

Each fiscal year, based on past allocations, historical utilization, and other factors the department considers appropriate, the department shall allocate for each county an amount for reimbursements under this section. The total of all the allocations shall equal the amount appropriated for the fiscal year to the department specifically for the purposes of this section.

On receipt, the department shall review each request for reimbursement and prepare a voucher for the amount of the costs, fees, and expenses incurred by the county, provided that the total amount of money paid to all counties in each fiscal year shall not exceed the total amount of moneys specifically appropriated to the department for these purposes.

The department's total reimbursement to each county shall be the lesser of the full amount requested or the amount allocated for the county under this division. In addition, the department shall distribute any surplus remaining from the money appropriated for the fiscal year to the department for the purposes of this section as follows to counties whose full requests exceed their allocations:
(1) If the surplus is sufficient to reimburse such counties the full amount of their requests, each such county shall receive the full amount of its request;
(2) If the surplus is insufficient, each such county shall receive a percentage of the surplus determined by dividing the difference between the county's full request and its allocation by the difference between the total of the full requests of all such counties and the total of the amounts allocated for all such counties.

The department may adopt rules in accordance with Chapter 119 of the Revised Code to implement the payment of costs, fees, and expenses under this section.
5122.99 Violations of confidentiality of quality assurance records.

A person who violates division (B)(2) of section 5122.32 of the Revised Code shall be fined not more than two thousand five hundred dollars on a first offense and not more than twenty thousand dollars on a subsequent offense.

5122-27-06 Release of information.

(A) Each request for information regarding a current or previous client shall be accompanied by an authorization for release of information, except as specified in sections 5119.27, 5119.28, and 5122.31 of the Revised Code.

(B) The authorization for release of information shall include, but not be limited to, the following:

(1) The full name of the client.
(2) Date of birth of the client.
(3) The specific information to be disclosed.
(4) The name of the person or entity disclosing the information.
(5) The name of the person or entity receiving the information.
(6) The date, event, or condition upon which the authorization shall expire.
(7) Statement that the consent is subject to revocation at any time except to the extent the provider or person who is to make the disclosure has already acted in reliance on it.
(8) The dated signature of the client or, as appropriate, a legally authorized agent and the agent's relationship to the client.
(9) For clients receiving addiction services treatment, the following statement: “This information has been disclosed to you from records protected by federal confidentiality rules. The federal rules prohibit you from making any further disclosure of this information unless further disclosure is expressly permitted by the written consent of the person to whom it pertains or as otherwise permitted by 42 C.F.R. part 2. A general authorization for the release of medical or other information is not sufficient for this purpose. The federal rules restrict any use of information to criminally investigate or prosecute any alcohol or drug abuse client.”

(C) If the client is a minor, the release of information shall either:

(1) Be signed by the client's parent or legal guardian;
(2) In the case of providers who are certified to provide AoD treatment services, be signed by the client and the client's parent or legal guardian; or,
(3) In the case of providers who are certified to provide AoD treatment services and minor client's providing consent to treatment pursuant to section 3719.012 of the Revised Code, the client shall sign the release of information.

(D) In the case of providers who are certified to provide AoD treatment services, when providing services to clients who are minors but who are not providing consent pursuant to section 3719.012 of the Revised code; the provider must either obtain the client's authorization to contact the client's parent or legal guardian or find the minor lacks in capacity to make a rational choice in accordance with 42 C.F.R. part 2.14(c)(2).

Part III. Mental Health Hospital Licensing

5119.23 Department of mental health and addiction services; reimbursement.

(A) The department of mental health and addiction services shall establish a methodology for allocating to boards of alcohol, drug addiction, and mental health services the
Chapter 8. Mental Health
Part III. Mental Health Hospital Licensing

funds appropriated by the general assembly to the department for the purpose of the community-based continuum of care that each board establishes under section 340.032 of the Revised Code. The department shall establish the methodology after notifying and consulting with relevant constituencies as required by division (A)(10) of section 5119.21 of the Revised Code. The methodology may provide for the funds to be allocated to boards on a district or multi-district basis.

(B) Subject to section 5119.25 of the Revised Code, and to required submissions and approvals under sections 340.08 and 5119.22 of the Revised Code, the department shall allocate the funds to the boards in a manner consistent with the methodology, this section, other state and federal laws, rules, and regulations.

(C) In consultation with boards, community addiction services providers, community mental health services providers, and persons receiving addiction services, mental health services, and recovery supports, the department shall establish guidelines for the use of funds allocated under this section.

5119.311 Department of Mental Health and Addiction Services powers.

The department of mental health and addiction services may examine into, with or without expert assistance, the question of the mental and physical condition of any person committed to or involuntarily confined in any hospital for the mentally ill, or restrained of liberty at any place within this state by reason of alleged mental illness and may order and compel the discharge of any such person who is not a mentally ill person subject to court order as defined in division (B) of section 5122.01 of the Revised Code and direct what disposition shall be made of the person. The order of discharge shall be signed by the director of mental health and addiction services. Upon receipt of such order by the superintendent or other person in charge of the building in which the person named in such order is confined, such person shall forthwith be discharged or otherwise disposed of according to the terms of said order, and any further or other detention of such person is unlawful. No such order shall be made in favor of any person committed and held for trial on a criminal charge, in confinement by an order of a judge or court made in a criminal proceeding, or in any case unless notice is given to the superintendent or other person having charge of the building in which the alleged mentally ill person is detained, and a reasonable opportunity is allowed the person in charge to justify further detention of the person confined.

5119.331 Injunctions against unlicensed hospitals providing treatment or care.

If the department of mental health and addiction services determines that a hospital not licensed by the department is receiving for care or treatment any person who is or appears to be mentally ill, the department may request in writing that the attorney general petition the court of common pleas in the county where the hospital is located to enjoin the hospital from continued operation in violation of section 5119.33 of the Revised Code.

5119.333 License required to treat mentally ill.

No person shall keep or maintain a hospital for the care or treatment of mentally ill persons unless it is licensed by the department of mental health and addiction services, as provided by section 5119.33 of the Revised Code.

5122-14-01 Department of mental health and related definitions.

(A) The provisions of Chapter 5122-14 of the Administrative Code are applicable to each
inpatient psychiatric service provider licensed pursuant to section 5119.33 of the Revised Code by the department of mental health and addiction services.

(B) The following definitions shall apply to Chapter 5122-14 of the Administrative Code:

(1) “Abuse” means any act or absence of action caused by an employee inconsistent with rights which results or could result in physical injury to a patient; any act which constitutes sexual activity, as defined under Chapter 2907 of the Revised Code, when such activity would constitute an offense against a patient under that Chapter; insulting or coarse language or gestures directed toward a patient which subjects the patient to humiliation or degradation; or depriving a patient of real or personal property by fraudulent or illegal means. For children, in addition to the above, the definition of abuse is the same as in section 2151.031 of the Revised Code.

(2) “Admission” means acceptance by the inpatient psychiatric service provider of a person with the intent of providing at least twenty-four hours continuous care and treatment to that person.

(3) “Advance directives” means a legal document an adult can use to direct in advance the decisions about their mental or physical health treatment, if in the future they lack the capacity to make their own health care decisions.

(4) “Certified nurse practitioner” means a registered nurse who holds a current, valid certificate of authority issued by the Ohio board of nursing that authorizes the practice of nursing as a nurse practitioner in accordance with Chapter 4723 of the Revised Code.

(5) “Chemical restraint” means any medication that alters the functioning of the central nervous system in a manner that limits physical and cognitive functioning to the degree that the patient cannot attain the patient’s highest practicable physical, mental, and psychosocial well-being.

(6) “Child and adolescent psychiatrist” means a psychiatrist who is certified in child and adolescent psychiatry by the American board of psychiatry and neurology or has successfully completed training in a child and adolescent psychiatry program approved by the residency review committee of the accreditation council for graduate medical education of the American medical association. A child and adolescent psychiatrist is also a psychiatrist as defined in this rule.

(7) “Clear treatment reasons” means that a patient would present a substantial risk of physical harm to themselves or others, or that effective treatment of the patient would be substantially precluded.

(8) “Clinical nurse specialist” means a registered nurse who holds a current, valid certificate of authority issued by the Ohio board of nursing that authorizes the practice of nursing as a clinical nurse specialist in accordance with Chapter 4723 of the Revised Code.

(9) “Clinical privileges” means authorization granted to a practitioner to provide specific health care services in the organization within well-defined limits, based on the following factors, as applicable: license, certification, registration, education, training, experience, competence, health status, and judgment.

(10) “CMS” means the centers for medicare and medicaid services, a federal agency within the U.S. department of health and human services.

(11) “Community addiction services provider” means an agency, association, corporation, individual, or program that provides alcohol, drug addiction, or gambling addiction services that are certified by the department of mental health and addiction services under section 5119.36 of the Revised Code.

(12) “Community mental health services provider” means an agency, association, corporation, individual, or program that provides mental health services that are certified by the department of mental health and addiction services under section 5119.36 of the Revised Code.

(13) “Counselor” means an individual who is licensed as a professional counselor or a professional clinical counselor according to Chapter 4757 of the Revised Code.

(14) “Cultural sensitivity” means an awareness, understanding, and responsiveness to the beliefs, values, customs, and institutions (family, religious, etc.) of a group of people, particularly those of a race or ethnic group different from one's own, or those identified cultures of persons with specific disabilities such as deafness.

(15) “Culturally relevant” means incorporating awareness, understanding, and responsiveness to the beliefs, values, customs, and institutions (family, religious, etc.) and ethnic heritage of individuals or those identified cultures of persons with specific disabilities such as deafness, into training, treatment, and services designed to impact upon, or meet the needs of individuals or groups.

(16) “Department” means the Ohio department of mental health and addiction services.

(17) “Det norske veritas (DNV) healthcare, inc.” means the organization, a division of det norske veritas, which operates the national integrated accreditation for healthcare organizations program.

(18) “Developmental disability” means physical, neurological, developmental, or accidental disabilities that seriously impair health, mobility, or functioning. The disability may be congenital or acquired. Included are persons with epilepsy, autism, narcolepsy, tourette's disorder, spina bifida, head injuries, learning disabilities, and others who have chronic or lifelong conditions and impairments and are at considerable risk for mental health problems.

(19) “Director” means the director of the Ohio department of mental health and addiction services.

(20) “Dietitian” means an individual who is licensed as a dietitian according to Chapter 4759 of the Revised Code.

(21) “Emergency” means an impending or crisis situation that creates circumstances demanding immediate action.

(22) “Expressive therapist” means an individual who provides treatment intervention through the use of such activities as art, music, dance; who is certified or registered by the national expressive therapist association, certification board for music therapists, American arts therapy association, American dance therapy association, or is licensed, certified or registered by another recognized state or national body to practice expressive therapy.

(23) “Family members” means persons related by family to a patient.

(24) “Grievance” means a written record of a patient's, family member's, or significant other's dissatisfaction with mental health services, initiated by the patient, family member, significant other, patient rights advocate, or other interested person or agency.

(25) “Guardian” means any person, association, or corporation appointed by the probate court to have responsibility for the care and management of a minor or a person declared incompetent in accordance with Chapter 2111 of the Revised Code.

(26) “HFAP” means the healthcare facilities accreditation program, a program of the American osteopathic association (AOA).

(27) “Hospital” means the same as inpatient psychiatric service provider.

(28) “Incident” means any event that poses a danger to the health and safety of patients, staff, or visitors of the hospital, and is not consistent with routine care of persons served or routine operation of the hospital.

(29) “Informed consent” means the voluntary, knowing, reasoned choice of a person, or, as appropriate, the person's legal guardian to a proposed treatment or procedure.

(30) “Inpatient psychiatric service provider” means a psychiatric hospital, or psychiatric inpatient unit administered by a general hospital, community mental health service provider, or other facility, that provides inpatient psychiatric services.

(31) “Involuntary” means against an individual's will or without having been provided informed consent.

(32) “Joint commission” (TJC) means the joint commission, formerly known as the joint commission on accreditation of healthcare organizations (JCAHO).
(33) “License” means the department's written approval and authorization for an inpatient psychiatric service provider to receive persons with a mental disorder for care and treatment.

(34) “Licensed practical nurse” means an individual who is licensed as a practical nurse according to Chapter 4723 of the Revised Code.

(35) “Medical record” means the account of a patient's hospitalization, compiled by health care professionals, including but not limited to a patient's history, present illness, findings on examination, details of care, services and treatment, and progress notes.

(36) “Medication” means therapeutic drugs (or agents or compounds) that require a prescription or order by an appropriately licensed independent practitioner.

(37) “Mental retardation” now designated as developmental disability (DD), means having significantly sub-average general intellectual functioning existing concurrently with deficiencies in adaptive behavior. The assessed level of retardation is based on I.Q. scores moderated by adaptive behavior testing or an assessment of the individual's actual functioning in daily life activities.

(38) “Neglect” means a purposeful or negligent disregard of duty imposed on an employee or staff member by statute, rule, or professional standard and owed to a patient by that employee or staff member.

(39) “Nursing staff” means clinical nurse specialists, nurse practitioners, registered nurses, licensed practical nurses, nursing assistants, and other nursing personnel who perform patient care.

(40) “Occupational therapist” means an individual who is licensed as an occupational therapist according to Chapter 4755 of the Revised Code.

(41) “Occupational therapy assistant” means an individual who is licensed as an occupational therapy assistant according to Chapter 4755 of the Revised Code.

(42) “Patient” means a person admitted to a hospital or inpatient unit either voluntarily or involuntarily who is under observation or receiving treatment, or is receiving any other mental health services by the inpatient psychiatric service provider.

(43) “Patient rights specialist” means that person(s), designated by each inpatient psychiatric service provider to safeguard patient rights and to assist patients in exercising their rights, including the rights in this chapter and in Chapter 5122 of the Revised Code.

(44) “Physician” means a person licensed by the state medical board according to Chapter 4731 of the Revised Code to practice medicine, or a medical officer of the government of the United States while in this state in the performance of his/her official duties.

(45) “Prone Restraint” means all items or measures used to limit or control the movement or normal functioning of any portion or all of an individual's body while the individual is in a face-down positions. Prone restraint may include either physical (also known as manual), or mechanical restraint.

(46) “Psychiatric intensive care” means a program, within a defined secure physical space, normally including patient lounge and sleeping room space, utilized to provide a more intense form of care for those patients requiring closer observation, decreased environmental stimulation, or a more intensive staff to patient ratio.

(47) “Psychiatrist” means a licensed physician who has satisfactorily completed a residency training program in psychiatry as approved by the residency review committee of the accreditation council for graduate medical education of the American medical association; or the committee on postgraduate education of the American osteopathic board of neurology and psychiatry, or who has been recognized as of July 1, 1989, as a psychiatrist by the Ohio state medical association or the Ohio osteopathic association, on the basis of formal training and five or more years of medical practice limited to psychiatry.

(48) “Psychiatrist with clinical privileges in adolescent psychiatry” means a psychiatrist who is qualified through training and experience specific to the needs of adolescent age.
patients, and who has specific hospital clinical privileges to provide treatment to adolescent age patients.

(49) “Psychiatrist with clinical privileges in geriatric psychiatry” means a psychiatrist who is qualified through the American board of psychiatry and neurology or through other documented training or experience specific to the needs of geriatric age patients, and who has specific hospital clinical privileges to provide treatment to geriatric age patients.

(50) “Psychologist” means an individual who holds a current license under Chapter 4732 of the Revised Code which authorizes the practice of psychology.

(51) “Psychotropic medication” means that group of medications which has a specific and intended effect on central nervous system functions and which is ordinarily used to alter disorders of thought, perception, mood, or behavior.

(52) “Recovery” means a personal process of overcoming the negative impact of a psychiatric disability despite its continued presence.

(53) “Recreational therapist” means an individual who is registered by the Ohio recreational therapy registration board or certified by the national council for therapeutic recreation certification; or is licensed, certified or registered by another recognized state or national body to practice recreational therapy.

(54) “Registered nurse (R.N.)” means an individual who is licensed as a registered nurse according to Chapter 4723 of the Revised Code.

(55) “Rehabilitation therapist” means either an occupational therapist, an occupational therapy assistant, a recreational therapist, or an expressive therapist as defined in this rule. Such individuals shall comply with current, applicable scope of practice and supervisory requirements as identified by their appropriate licensing, certifying or registering bodies.

(56) “Rehabilitation therapy services” means structured activities designed to help a patient develop or maintain functional living skills including physical, social and creative skills through participation in activities of daily living, vocational, recreational, social, expressive, or other activities designed to promote patient recovery, resiliency and independence in both the hospital and community setting.

(57) “Reportable incident” means an incident that must be submitted to the department, including incidents that must then be forwarded by the department to disability rights Ohio pursuant to section 5123.604 of the Revised Code. As referenced in division (E) of section 5119.36 of the Revised Code, “major unusual incident” has the same meaning as “reportable incident”.

(58) “Resiliency” means the personal and community qualities that enable individuals to rebound from adversity, trauma, tragedy, threats, or other stresses - and to go on with life with a sense of mastery, competence and hope.

(59) “Restraint” means any manual method, physical or mechanical device, material, or equipment that immobilizes or reduces the ability of a patient to move his or her arms, legs, body, or head freely.

(60) “Seclusion” means the involuntary confinement of a patient alone in a room where the patient is physically prevented from leaving.

(61) “Significant other” means individuals who are significant and important to the well-being of the patient, as identified by the patient.

(62) “Social worker,” means an individual who is licensed as an independent social worker or as a social worker according to Chapter 4757 of the Revised Code.

(63) “Transitional hold” means a brief physical (also known as manual) restraint of an individual face-down for the purpose of effectively gaining physical control of an individual in order to prevent harm to self and others, or for the purpose of transport, i.e. carrying a individual to another location within the facility.

(64) “Treatment plan” means a written statement of goals and objectives for a patient with corresponding treatment interventions and services.
(65) “Variance” means permission granted by the director or designee in writing to an inpatient psychiatric service provider to change the conditions or specific requirements of a rule.

(66) “Waiver” means permission granted by the director or designee in writing to an inpatient psychiatric service provider to be exempted from the conditions of specific requirements of a rule.

5122-14-02 Accreditation requirements.

(A) Each inpatient psychiatric service provider licensed by the department shall be accredited under a hospital accreditation program by either the joint commission (TJC) healthcare facilities accreditation program (HFAP) or DNV healthcare inc (DNV).

(B) Proof of such accreditation shall be submitted by the inpatient psychiatric service provider as indicated in paragraphs (A)(1)(h) and (B)(7) of rule 5122-14-03 of the Administrative Code.

5122-14-03 Licensure procedures.

(A) An inpatient psychiatric service provider wishing to establish inpatient services for the first time for persons with mental disorders shall, prior to occupancy and provision of services, make application for full licensure to the department.

(1) The application shall consist of, at minimum:

(a) Completed application form;

(b) Approved building inspection or certificate of occupancy report;

(c) Approved fire inspection report;

(d) Non-refundable annual licensure fee;

(e) Reduced line drawing showing location and function of all patient and staff areas including the floor and social space square footage;

(f) Comprehensive plan of service;

(g) Proof of psychiatric bed registration as reported annually to the Ohio department of health, as applicable;

(h) Verification of current TJC, HFAP, or DNV accreditation as demonstrated by the submission of a copy of the most recent letter of accreditation;

(i) Completed self-survey checklist; and

(j) Statement of the number of licensed beds designated for treatment of persons less than eighteen years of age, and the number of licensed beds designated for treatment of persons eighteen years of age and older. The sum of beds designated for treatment of persons less than eighteen years of age and beds designated for treatment of persons eighteen years and older shall equal the total number of licensed beds for the inpatient psychiatric service provider.

(2) The proposed inpatient psychiatric service provider shall be subject to an on-site inspection by a designee of the department prior to occupancy to determine if the inpatient psychiatric service provider is in compliance with this chapter.

(3) An interim license not to exceed ninety days may be issued to the inpatient psychiatric service provider upon completion and departmental approval of the requirements stated in paragraphs (A)(1) to (A)(2) of this rule.

(4) Prior to expiration of the interim license, the department may issue a full license based on review and approval by the department of:

(a) Implementation of policies and procedures; and

(b) Documentation of being in compliance with licensure rules in this chapter.

(B) For an inpatient psychiatric service provider holding a current license, annual renewal of full licensure shall be based on receipt and approval by the department of:
Chapter 8. Mental Health
Part III. Mental Health Hospital Licensing

(1) Completed application form which assures that the private inpatient psychiatric service provider remains in compliance with licensure rules in this chapter;
(2) All substantial changes in written policies and procedures specific to inpatient psychiatric service provider treatment and licensure rules in this chapter to be submitted to the department when the inpatient psychiatric service provider does not receive an on-site survey;
(3) Approved fire inspection report, dated within one year of licensure renewal date;
(4) Approved building inspection report, if renovations or major changes in the building have been made, or a major change has been made in the use of space;
(5) Non-refundable annual licensure fee;
(6) Statement of the number of licensed beds designated for treatment of persons less than eighteen years of age, and the number of licensed beds dedicated for treatment of persons eighteen years of age and older. The sum of beds designated for treatment of persons less than eighteen years of age and beds designated for treatment of persons eighteen years and older shall equal the total number of licensed beds for the inpatient psychiatric service provider;
(7) Verification of current TJC, HFAP, or DNV accreditation as demonstrated by the submission of a copy of the most recent letter of accreditation; and
(8) A thirty-day notice shall be given whenever possible by the department to the inpatient psychiatric service provider prior to the expiration of the annual license.

(C) Renewal of full licensure shall require an on-site survey of the inpatient psychiatric service provider every three years, or as determined by the department, to be conducted by a designee of the department to assure compliance with licensure rules in this chapter. A thirty-day notice shall be given whenever possible by the department to the inpatient psychiatric service provider prior to such a survey.

(D) The department shall provide to an inpatient psychiatric service provider a written communication identifying any deficiencies or non-compliance with licensure rules in this chapter subsequent to an on-site survey, or whenever the inpatient psychiatric service provider is found to be in non-compliance with such rules.

(1) If deficiencies or non-compliance with such rules are present, the inpatient psychiatric service provider shall submit documentation of its corrective actions as specified by the department in its written report.
(2) When the deficiencies have been corrected, or a plan to do so has been received and granted approval by the department, the department may then issue a full or probationary license. The existing license shall remain in effect until the department grants a full, probationary or interim license, or rescinds the license in accordance with provisions of Chapter 119 of the Revised Code.

(3) The inpatient psychiatric service provider shall fully implement its plan of correction within the timeframes specified by the department.

(E) A license shall be issued to a specific inpatient psychiatric service provider for a specified total maximum daily census expressed as licensed beds, and may not be transferred, modified, or changed without prior approval from the department.

(1) Licensed beds shall be registered annually with the Ohio department of health, pursuant to section 3701.07 of the Revised Code.
(2) Any change in the location or the total number of licensed beds shall require prior approval from the department.
(3) The number of licensed beds shall refer to the actual number of set up and staffed beds available for immediate patient occupancy, or which can be made available for patient occupancy within twenty-four hours.

(a) If an inpatient psychiatric service provider has temporarily designated patient bed space for other purposes to best meet space allocation needs, or if beds have been unavailable for occupancy due to renovation of the psychiatric hospital's or inpatient unit(s)' physical facilities, these beds once available for patient occupancy may be licensed upon application by
the inpatient psychiatric service provider to the department.

(b) The total number of licensed beds shall not exceed the number of beds registered with the department of health pursuant to section 3701.07 of the Revised Code.

(4) If an inpatient psychiatric service provider wishes to cease provision of inpatient services, it shall notify the department in writing so that its license can be terminated. The inpatient psychiatric service provider shall also notify the department of health, as applicable.

(F) An inpatient psychiatric service provider may be visited at any time by a designee of the department to determine compliance with rules in this chapter.

5122-14-04 Three classifications of licenses; age categories authorization.

(A) Licenses shall be classified as follows:

(1) A probationary license, which shall expire within one hundred twenty days of the date of issuance, to be used when:
   (a) Serious deficiencies are found during the department's on-site survey of an inpatient psychiatric service provider; or
   (b) An inpatient psychiatric service provider's documented corrective action is not approved by the department.

(2) An interim license, which shall expire within ninety days after the date of issuance, to be used for emergency licensure purposes or administrative reasons as determined by the department.

   An inpatient psychiatric service provider applying for its first license, and who has preliminary, interim, or similar accreditation shall be issued an interim license until it obtains full accreditation from either TJC, HFAP, or DNV.

(C) Licenses shall specify authorization to admit either one or both age categories of patients based upon the provision of age appropriate diagnostic and treatment services. The child/adolescent category shall apply to all persons less than eighteen years of age upon admission. The adult category shall apply to all persons eighteen years of age and older upon admission.

   (1) Persons less than eighteen years of age shall be admitted only to authorized child/adolescent designated beds;
   (2) Persons eighteen years of age and older shall be admitted only to authorized adult designated beds.

   (3) The following will be the only exceptions permitted for not admitting a patient to an age appropriate bed. All exceptions shall be based on clinical needs specific to each patient, or the unavailability of age appropriate designated beds. For all exceptions there shall be documentation in the patient's medical record of the reasons for the exception, and ongoing concurrent utilization review. The inpatient service provider shall maintain a log which shall contain the reason for admission, length of stay, referral arrangements, and reason for the exception. The department shall review the log annually.

(a) For child/adolescent admissions to adult beds due to the unavailability of child/adolescent beds, the concurrent utilization review shall include documentation indicating all efforts made to seek appropriate resources and linkages with child/adolescent providers for consultation including treatment planning and after hospitalization care.

   (b) The inpatient psychiatric service provider shall inform the parent or legal guardian of the reasons for the decision to admit a child/adolescent to an adult designated bed and also provide information about all available child/adolescent designated beds.

   (c) When the admission is an emergency and all child/adolescent designated beds are
unavailable, a person less than eighteen years of age upon admission may be admitted to an adult designated bed.

(i) A sixteen or seventeen-year-old patient may remain in an adult designated bed for up to seventy-two hours, and if all child/adolescent beds remain unavailable, the admission may be extended for an additional seventy-two hours. If the admission is extended beyond the first seventy-two hours, an assessment as required in accordance with paragraph (E)(2)(g) of rule 5122-14-13 of the Administrative Code shall be conducted, and rehabilitation therapy services and family therapy/interventions shall be available in accordance with paragraphs (K)(3) to (K)(4) of rule 5122-14-12 of the Administrative Code.

(ii) A fifteen-year-old or younger patient may remain in an adult designated bed for a maximum of forty-eight hours if all child/adolescent beds remain unavailable.

(d) A seventeen-year-old person may be electively admitted and treated in an adult designated bed if the person is functioning as an adult in such areas as employment (with limited or no school involvement), family, or marriage, or if the diagnosis or problem is such that treatment is warranted in an adult designated bed, providing that such treatment best meets the patient's needs.

(e) An eighteen through twenty-one year old patient may be admitted to a child/adolescent designated bed based on developmental or other clinical needs specific to the patient.

(4) Licensure authorization to admit persons less than eighteen years of age shall require diagnostic and treatment services to meet the needs of these patients in accordance with rules 5122-14-12 and 5122-14-14 of the Administrative Code.

5122-14-05 Termination of license criteria and procedures.

(A) The inpatient psychiatric service provider's existing license shall remain in effect until the department grants a full, probationary, or interim license or rescinds the license in accordance with provisions of Chapter 119 of the Revised Code.

(B) The department may refuse to grant or renew, or revoke, a full, probationary, or interim license, in accordance with Chapter 119 of the Revised Code if:

(1) An inpatient psychiatric service provider is found to be in non-compliance with any or all of rules in this chapter and a plan of correction is requested of the inpatient psychiatric service provider by the department and is either not received within the time period specified by the department, is not granted approval by the department, or is not implemented by the inpatient psychiatric service provider;

(2) An inpatient psychiatric service provider's submitted application materials are not approved by the department;

(3) An inpatient psychiatric service provider ceases provision of inpatient services;

(4) An inpatient psychiatric service provider presents or submits false or misleading information as part of a license application, renewal, or investigation;

(5) An inpatient psychiatric service provider has been cited for a pattern of serious noncompliance or repeated violations of statutes or rules during the period of current or previous licenses;

(6) An inpatient psychiatric service provider does not apply for licensure renewal at least thirty days prior to the expiration date of the license; or,

(7) The applicant, operator, manager, or owner is or has been the owner or manager of an inpatient psychiatric service provider that has had a previous license to operate revoked or denied renewal for any reason other than nonpayment of the license fee unless:

(a) A minimum period of twenty-four months has passed from the date of the director's order revoking or denying renewal of the inpatient psychiatric service provider's previous license; and
(b) The licensure revocation or non-renewal was not due to any act or omission that violated the patient's right to be free from abuse, neglect, or exploitation.

(C) Notice of the department's intent to deny or revoke a license shall be provided to the inpatient psychiatric service provider in accordance with section 119.07 of the Revised Code. An opportunity for a hearing shall be afforded the inpatient psychiatric service provider in accordance with Chapter 119 of the Revised Code.

(D) The submission of incomplete materials for the application shall be considered a failure to submit an application for licensure, and the non-issuance of an initial license or a renewal license due to an incomplete application shall not be considered the denial or revocation of a license.

(E) In proceedings initiated to deny, refuse to renew, or revoke licenses, the department may deny, refuse to renew, or revoke a license regardless of whether some or all of the deficiencies that prompted the proceedings have been corrected at the time of the hearing.

5122-14-06 Waivers and variances.

(A) An inpatient psychiatric service provider may submit a dated, written request to the department for a waiver or variance. The written request must clearly state the licensure rule of the waiver/variance request, the rationale and need for the requested waiver or variance, and the consequence of not receiving approval of the request.

(B) Upon receipt of a written request for a waiver or variance that provides a clear and valid statement of need, the department in its discretion may grant a waiver or variance for a period of time determined by the department but that shall not exceed the expiration date of the current license.

(C) The department shall acknowledge and respond to the waiver/variance request within thirty days of receipt by the department.

5122-14-07 Display of license.

(A) The current license shall be displayed by the inpatient psychiatric service provider in a conspicuous place which is readily accessible to the patients and the public.

(B) The license shall remain the property of the department, and revoked or terminated licenses shall be returned to the department.

5122-14-08 Fees.

(A) The purpose of this rule is to state the fees for various classifications of license.

(B) The provisions of this rule are applicable to each inpatient psychiatric service provider licensed by the department.

(C) Definitions applying to this rule are those appearing in rule 5122-14-01 of the Administrative Code.

(D) Inpatient psychiatric service provider(s) shall pay an annual fee with each application for full licensure or full licensure renewal according to the following schedule:

<table>
<thead>
<tr>
<th>Psychiatric bed capacity</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>25 or less persons</td>
<td>$750</td>
</tr>
<tr>
<td>26-50 persons</td>
<td>$1350</td>
</tr>
<tr>
<td>51-75 persons</td>
<td>$1650</td>
</tr>
<tr>
<td>76-100 persons</td>
<td>$1950</td>
</tr>
<tr>
<td>Over 100 persons</td>
<td>$2250</td>
</tr>
</tbody>
</table>
(E) Fees for probationary and interim licenses or re-issuance of a license due to a change in the number of licensed beds may be assessed and shall be prorated based on the annual fee.

5122-14-10 Safety policies; facility requirements.

(A) Each inpatient psychiatric service provider shall comply with all applicable TJC, HFAP, or DNV requirements; or federal, state, and local laws and regulations, regarding patient care, safety, sanitation, and fire protection.

(1) A building inspection shall be made upon application for an initial license, repeated whenever renovations or changes in the building are made that would affect either the maximum number of licensed patient beds or substantially change the services provided by the inpatient psychiatric service provider, or whenever the department deems necessary.

(2) If an inpatient psychiatric service provider occupies part of a building, the entire building shall be inspected except where there is a fire wall or other fire resistant separation between the part of the building to be licensed and the rest of the building. If this fire separation does not exist the total building shall be used to determine safety for inspection purposes only.

(3) A building inspection shall be performed by a local certified building inspector or, where none is available, by the chief of the division of factory and building inspection of the Ohio department of industrial relations.

(4) The inpatient psychiatric service provider shall be inspected annually by a certified fire authority or, where none is available, by the division of state fire marshal of the Ohio department of commerce. Copies of annual inspections shall be maintained by the inpatient psychiatric service provider for a period of at least three years or until the next on-site licensure survey.

(5) The inpatient psychiatric service provider's food service shall be inspected annually by the authorized local municipal county health department. Copies of annual inspections shall be maintained by the inpatient psychiatric service provider for a period of at least three years or until the next on-site licensure survey.

(6) If the inpatient psychiatric service provider's water supply and sewage disposal is not part of a municipal system, it shall comply with applicable state or local regulations, rules, codes, or ordinances.

(B) Each inpatient psychiatric service provider shall provide an environment that is clean, safe, aesthetic, and therapeutic. Appropriate space, equipment, and facilities shall be available to provide services.

(1) If smoking is permitted, a separate enclosed area shall be used for smoking;

(2) Each patient's sleeping room shall have a:
   (a) Window, with an operable covering for privacy, that has a view to the outdoors;
   (b) Minimum of one hundred net square feet of usable floor space per bed for single occupancy, and a minimum of eighty net square feet of usable floor space per bed for multi-occupancy;
   (c) Minimum of a bed, chair, storage for personal belongings, and other therapeutic furnishings as appropriate; and
   (d) Degree of privacy from other patients if there is more than one bed in the room.

(3) Child/adolescent patients shall not share the same sleeping room with adult patients.

(4) For all patients, a safe and secure storage area for personal belongings accessible to the patient shall be provided. Personal belongings that may pose safety issues for patients may be placed in a safe and secure storage area accessible to patients through a request of staff.

(5) Each inpatient psychiatric service provider shall provide common patient areas that adequately meet patient needs and program requirements.
(a) There shall be a minimum of eighty total square feet of usable social space per licensed bed to include:
   (i) Patient lounge area totaling at least thirty square feet per licensed bed, including separate smoking and non-smoking areas if smoking is permitted in the lounge area;
   (ii) Patient activity area totaling at least thirty square feet per licensed bed which may include indoor recreation areas;
   (iii) Dining room facilities to meet patient needs;
   (iv) Patient kitchen area to include a sink, a refrigerator, and cooking facilities as appropriate to patient need; and
   (v) Patient laundry area.

(6) Patient lounge, activity, and dining areas may be shared spaces as appropriate to patient need. Child/adolescent patients shall be provided the use of a patient lounge area appropriate for their use separate from adult use of patient lounge areas.

(7) There shall be private areas to include:
   (a) Private area for visitation from family members, significant others, or other persons;
   (b) Private area for telephone use;
   (c) Group therapy area as appropriate to patient need; and
   (d) Private areas to include places and times for personal privacy.

(8) Each inpatient psychiatric service provider shall provide an environment that is accessible to persons with disabilities and make reasonable accommodations in accordance with all applicable federal, state and local laws and regulations.

(9) Each inpatient psychiatric service provider shall develop policies and procedures regarding services designed to assist deaf/hard of hearing persons as well as persons for whom English is not the primary language.

(a) Services shall be provided at such a level so that the patient and patient's family or significant others are not denied the benefits of participation in the inpatient psychiatric service provider's treatment program. Services shall comply with all applicable state, federal and HIPAA guidelines regarding the maintenance of patient confidentiality. As applicable, such services shall consist of but may not be limited to availability of:
   (i) Qualified interpreters with demonstrated ability or certification;
   (ii) Telecommunication devices for the deaf or hard of hearing; and
   (iii) Television closed caption capability.

(b) Such services shall be available to patients and their family members or significant others who are receiving services. Specifically for emergency services, the inpatient psychiatric service provider shall have policies and procedures that address the need for immediate accessibility to qualified interpreters, telecommunication devices for the deaf/hard of hearing, and/or other assistance with communication.

(c) Direct care staff and treatment team members shall be trained in issues relating to barriers to traditional verbal/English communication.

(d) Services to assist patients and families of patients or significant others shall be available at no charge to the patient, family or significant others.

(10) Each inpatient psychiatric service provider shall implement a falls prevention program that is monitored through its quality improvement process.

(C) Each inpatient psychiatric service provider shall have a sufficient number of professional, administrative, and support staff to meet both census needs and patient needs.

(1) Staffing for all services shall reflect the volume of patients, patient acuity, and the level of intensity of the services provided to ensure that desired outcomes of care are achieved and negative outcomes are avoided.

(2) Staffing of any organized patient activity (e.g., rehabilitation therapy services or nursing services provided to groups of patients), shall be sufficient to ensure safety and may be dependent on the type, duration and location of the activity and the immediate accessibility of
other staff.

(3) For nursing services:
   (a) A 1:4 minimum nursing staff-to-patient ratio shall be maintained as an overall average in any four week period with the exception of night hours when patients are sleeping.
   (b) For reasons of safety at least two staff shall be present at all times.
   (c) A registered nurse must be on site twenty-four hours each day, seven days a week.
   (d) A registered nurse must be available for direct patient care when needed.
   (D) Each inpatient psychiatric service provider shall meet all applicable medicare conditions of participation, TJC, HFAP, or DNV standards for seclusion and restraint in addition to the following:
      (1) The following shall not be used under any circumstances:
         (a) Behavior management interventions that employ unpleasant or aversive stimuli such as: the contingent loss of the regular meal, the contingent loss of bed, and the contingent use of unpleasant substances or stimuli such as bitter tastes, bad smells, splashing with cold water, and loud, annoying noises;
         (b) Any technique that obstructs the airway or impairs breathing;
         (c) Any technique that obstructs vision;
         (d) Any technique that restricts the individual's ability to communicate;
         (e) Any technique that causes an individual to be retraumatized based on an individual's history of traumatic experiences;
         (f) Weapons and law enforcement restraint devices, as defined by CMS in appendix A of its interpretive guidelines to 42 C.F.R. 482.13(f) and found in manual publication No. 100-7, "Medicare State Operations", November 20, 2015 revision, used by any hospital staff or hospital-employed security or law enforcement personnel, as a means of subduing a patient to place that patient in patient restraint/seclusion; and
         (g) Chemical restraint.
      (2) Position in physical or mechanical restraint.
         (a) An individual shall be placed in a position that allows airway access and does not compromise respiration.
            (i) The use of prone restraint is prohibited.
            (ii) A transitional hold shall be limited to the minimum amount of time necessary to safely bring the person under control, at which time staff shall either terminate the transitional hold, and begin the post-restraint process required by this rule, or, if the individual cannot safely be released from the transitional hold, re-position the individual into an alternate restraint position.
               The use of transitional hold shall not be utilized with mechanical restraint.
            (b) The use of transitional hold shall be subject to the following requirements:
               (i) Applied only by staff who have current training on the safe use of transitional hold, including how to recognize and respond to signs of distress in the individual.
               (ii) The weight of the staff shall be placed to the side, rather than on top of the individual. No transitional hold shall allow staff to straddle or bear weight on the individual's torso while applying the restraint, i.e. no downward pressure may be applied that may compromise the individual's ability to breathe.
               (iii) No transitional hold shall allow the individual's hands or arms to be under or behind his/her head or body. The arms must be at the individual's side.
               (iv) No soft device, such as a pillow, blanket or other item, shall be used to cushion the client's head, since such a device may restrict the individual's ability to breathe.
               (v) All staff involved in the procedure must constantly observe the individual's respiration, coloring, and other signs of distress, listen for the individual's complaints of breathing problems, and immediately respond to assure safety.
               (vi) After conclusion of the transitional hold, the hospital shall monitor and document the condition of the individual at least every fifteen minutes, for two hours. The inability to complete
the fifteen minute monitoring and rational shall be documented.

(3) The inpatient psychiatric service provider shall identify, educate and approve staff members to use seclusion or restraint. Competency of staff in the use and documentation of seclusion or restraint methods shall be routinely evaluated. The results of evaluations shall be maintained by the inpatient psychiatric service provider for a minimum of three years for each staff member identified.

Staff shall have appropriate training prior to utilizing seclusion or restraint, and, at a minimum, annually thereafter. The exception to annual training is a first aid or CPR training/certification program of a nationally recognized certifying body, e.g. the american red cross or american heart association, when that certifying body establishes a longer time frame for certification and renewal.

(a) Staff shall be trained in and demonstrate competency in the safe application of all seclusion or restraint interventions he or she is authorized to perform, including specific training in utilization of transitional holds, if applicable;

(b) Staff shall be trained in and demonstrate competency in choosing the least restrictive intervention based on an individualized assessment of the patient's behavioral and/or medical status or condition;

(c) Staff shall be trained in and demonstrate competency in recognizing and responding to signs of physical distress in clients who are being secluded or restrained;

(d) Staff shall be trained and certified in first aid and CPR;

(e) Staff shall be trained in and demonstrate competency in recognizing and responding to signs of physical distress in clients who are being secluded or restrained;

(f) Staff authorized to take vital signs and blood pressure shall be trained in and demonstrate competency in taking them and understanding their relevance to physical safety and distress;

(g) Staff shall be trained in and demonstrate competency in assessing circulation, range of motion, nutrition, hydration, hygiene, and toileting needs; and

(h) Staff shall be trained in and demonstrate competency in helping a client regain control to meet behavioral criteria to discontinue seclusion or restraint.

(4) The presence of advance directives or client preferences addressing the use of seclusion or restraint shall be determined and considered, and documented in the medical record. If the inpatient psychiatric service provider will be unable to utilize seclusion or restraint in a manner in accordance with the patient's directives or preferences, the provider shall notify the patient, including the rationale, and document such in the ICR.

(5) In each patient's medical record, upon admission and upon any relevant changes in the patient's condition, any perceived medical or psychiatric contraindications for the possible use of seclusion or restraint shall be documented. The specific contra-indication shall be described and shall take into account the following which may place the patient at greater risk for such use:

(a) Gender;

(b) Age;

(c) Developmental issues;

(d) Culture, race, ethnicity, and primary language;

(e) History of physical, sexual abuse, or psychological trauma;

(f) Medical and other conditions that might compromise physical well-being, e.g., asthma, epilepsy, obesity, lung and heart conditions, an existing broken bone, pregnancy, and drug/alcohol use; and

(g) Physical disabilities.

(6) Orders shall be written only by an individual with specific clinical privileges/authorization granted by the inpatient psychiatric service provider to order seclusion and restraint, and who is a:
Chapter 8. Mental Health  
Part III. Mental Health Hospital Licensing

(a) Psychiatrist or other physician; or  
(b) Physician's assistant, certified nurse practitioner or clinical nurse specialist authorized in accordance with his or her scope of practice and as permitted by applicable law or regulation.

(c) Countersignatures to telephone orders for seclusion and/or restraint shall be signed within twenty four hours by an individual with specific clinical privileges/authorization granted by the hospital to order seclusion and restraint, and who is a psychiatrist or other physician, physician's assistant, certified nurse practitioner, or clinical nurse specialist

(7) Following the conclusion of each incident of seclusion or restraint, the patient and staff shall participate in a debriefing.

(a) The debriefing shall occur within twenty-four hours of the incident unless the client refuses, is unavailable, or there is a documented clinical contraindication.

(b) The following shall be invited to participate unless such participation is clinically contraindicated and the rationale is documented in the clinical record:

(i) For a child/adolescent client, the family, or custodian or guardian, or
(ii) For an adult client, the client's family or significant other when the client has given consent, or an adult client's guardian, if applicable.

(8) As part of the inpatient psychiatric service provider's performance improvement process, a periodic review and analysis of the use of seclusion and restraint shall be performed.

(9) The inpatient psychiatric service provider shall maintain an ongoing log of its seclusion and restraint utilization for departmental review. A log shall be maintained for department review of each incident of mechanical restraint, seclusion, and physical restraint, and for time-out exceeding sixty minutes per episode. The log shall include, at minimum, the following information.

(a) The person's name or other identifier;
(b) The date, time and type of method utilized, i.e., seclusion, physical or mechanical restraint, or time-out. The log of physical and mechanical restraint shall also describe the type of intervention as follows:

(i) For mechanical restraint, the type of mechanical restraint device used;
(ii) For physical restraint, the type of hold or holds as follows:
(a) Transitional hold, and/or
(b) Physical restraint; and
(c) The duration of the method or methods.

If both transitional hold and physical restraint are utilized during a single episode of restraint, the duration in each shall be included on the log. For example, a physical restraint that begins with a one minute transitional hold, followed by a three minute physical restraint shall be logged as one restraint, indicating the length of time in each restraint type.

(10) Plan to reduce seclusion and restraint.

(a) A inpatient psychiatric service provider which utilizes seclusion or restraint shall develop a plan designed to reduce its use. The plan shall include attention to the following strategies:

(i) Identification of the role of leadership;
(ii) Use of data to inform practice;
(iii) Workforce development;
(iv) Identification and implementation of prevention strategies;
(v) Identification of the role of clients (including children), families, and external advocates; and
(vi) Utilization of the post seclusion or restraint debriefing process.

(b) A written status report shall be prepared annually, and reviewed by leadership.

(E) Pursuant to rule 5122-14-14 of the Administrative Code, the hospital shall notify the department of each:
(1) Instance of physical injury to a patient that is restraint-related, e.g., injuries incurred when being placed in seclusion and/or restraint or while in seclusion or restraint, with the exception of injury that is self-inflicted, i.e., a patient banging his/her own head;
(2) Death that occurs while a person is restrained or in seclusion;
(3) Death occurring within twenty-four hours after the person has been removed from restraint or seclusion, and
(4) Death where it is reasonable to assume that a person’s death may be related to or is a result of such seclusion or restraint.

(F) Staff actions commonly known as therapeutic, supportive or directional touch, utilized to direct an individual to another area without the use of force and which do not restrict an individual’s freedom of movement, are not considered restraint and are not subject to the provisions of paragraph (D) of this rule.

5122-14-11 Patient rights policies.

(A) In addition to the definitions appearing in rule 5122-14-01 of the Administrative Code, the following definitions apply to this rule:
(1) “Client rights specialist” means the individual designated by the inpatient psychiatric service provider with responsibility for assuring compliance with the patient rights and grievance procedure rule.
(2) “Grievance” means a written complaint initiated either verbally or in writing by a patient or by any other person or agency on behalf of a patient regarding denial or abuse of any patient’s rights.
(3) “Reasonable” means a standard for what is fair and appropriate under usual and ordinary circumstances.
(4) “Services” means the complete array of professional interventions designed to help a person achieve improvements in mental health such as counseling, individual or group therapy, education, community psychiatric supportive treatment, assessment, diagnosis, treatment planning and goal setting, clinical review, psychopharmacology, discharge planning, professionally-led support, etc.

(B) Each patient shall have the following rights, as well as the additional rights listed in paragraph (C) of this rule:
(1) Each person who accesses mental health services is informed of these rights:
(a) The right to be informed within twenty-four hours of admission of the rights described in this rule, and to request a written copy of these rights;
(b) The right to receive information in language and terms appropriate for the patient’s understanding; and
(c) The right to request to speak to a financial counselor.
(2) Services are appropriate and respectful of personal liberty:
(a) The right to be treated in a safe treatment environment, with respect for personal dignity, autonomy and privacy, in accordance with existing federal, state and local laws and regulations;
(b) The right to receive humane services;
(c) The right to participate in any appropriate and available service that is consistent with an individual service/treatment plan, regardless of the refusal of any other service, unless that service is a necessity for clear treatment reasons and requires the person’s participation;
(d) The right to reasonable assistance, in the least restrictive setting; and
(e) The right to reasonable protection from physical, sexual, or emotional abuse or harassment.
(3) Development of service/treatment plans:
(a) The right to a current individualized treatment plan (ITP) that addresses the needs
Chapter 8. Mental Health
Part III. Mental Health Hospital Licensing

and responsibilities of an individual that specifies the provision of appropriate and adequate services, as available, either directly or by referral; and
(b) The right to actively participate in periodic ITP reviews with the staff including services necessary upon discharge.
(4) Declining or consenting to services:
The right to give full informed consent to services prior to commencement and the right to decline services absent an emergency.
(5) Restraint or seclusion.
The right to be free from restraint or seclusion unless there is imminent risk of physical harm to self or others.
(6) Privacy:
(a) The right to reasonable privacy and freedom from excessive intrusion by visitors, guests and non-hospital surveyors, contractors, construction crews or others; and
(b) The right to be advised of and refuse observation by techniques such as one-way vision mirrors, tape recorders, televisions, movies, or photographs, or other audio and visual recording technology. This right does not prohibit a hospital from using closed-circuit monitoring to observe seclusion rooms or common areas, but closed circuit monitoring shall not be utilized in patient bedrooms and bathrooms.
(7) Confidentiality:
(a) The right to confidentiality unless a release or exchange of information is authorized and the right to request to restrict treatment information being shared; and
(b) The right to be informed of the circumstances under which the hospital is authorized or intends to release, or has released, confidential information without written consent for the purposes of continuity of care as permitted by division (A)(7) of section 5122.31 of the Revised Code.
(8) Grievances:
The right to have the grievance procedure explained orally and in writing; the right to file a grievance with assistance if requested; and the right to have a grievance reviewed through the grievance process, including the right to appeal a decision.
(9) Non-discrimination:
The right to receive services and participate in activities free of discrimination on the basis of race, ethnicity, age, color, religion, gender, national origin, sexual orientation, physical or mental handicap, developmental disability, genetic information, human immunodeficiency virus status, or in any manner prohibited by local, state or federal laws.
(10) No reprisal for exercising rights:
The right to exercise rights without reprisal in any form including the ability to continue services with uncompromised access. No right extends so far as to supersede health and safety considerations.
(11) Outside opinions:
The right to have the opportunity to consult with independent specialists or legal counsel, at one's own expense.
(12) No conflicts of interest:
No inpatient psychiatric service provider employee may be a person's guardian or representative if the person is currently receiving services from said provider.
(13) The right to have access to one's own psychiatric, medical or other treatment records, unless access to particular identified items of information is specifically restricted for that individual patient for clear treatment reasons in the patient's treatment plan. If access is restricted, the treatment plan shall also include a goal to remove the restriction.
(14) The right to be informed in advance of the reason(s) for discontinuance of service provision, and to be involved in planning for the consequences of that event.
(15) The right to receive an explanation of the reasons for denial of service.
In addition to the rights listed in paragraph (D) of this rule, each consumer residing in an inpatient psychiatric hospital shall have the following sixteen rights:

1. Each consumer of mental health services are informed of these rights:
   a. The right to receive humane services in a comfortable, welcoming, stable and supportive environment; and
   b. The right to retain personal property and possessions, including a reasonable sum of money, consistent with the person's health, safety, service/treatment plan and developmental age.

2. Development of service/treatment plans:
   The right to formulate advance directives, submit them to hospital staff, and rely on practitioners to follow them when within the parameters of the law.

3. Labor of patients:
   The right to not be compelled to perform labor which involves the operation, support, or maintenance of the hospital or for which the hospital is under contract with an outside organization. Privileges or release from the hospital shall not be conditional upon the performance of such labor.

4. Declining or consenting to services:
   a. The right to consent to or refuse the provision of any individual personal care activity and/or mental health services/treatment interventions; and
   b. The right, when on voluntary admission status, to decline medication, unless there is imminent risk of physical harm to self or others; or
   c. The right when hospitalized by order of a probate or criminal court to decline medication unless there is imminent risk of harm to self or others, or through an order by the committing court, except that involuntary medication is not permitted, unless there is imminent risk of harm to self or others, for persons admitted for a competency evaluation under division (G)(3) of section 2945.371 of the Revised Code or admitted for sanity evaluation under division (G)(4) of section 2945.371 of the Revised Code. The inpatient psychiatric service provider shall provide the opportunity for informed consent.

5. Privacy, dignity, free exercise of worship and social interaction:
   The right to enjoy freedom of thought, conscience, and religion; including religious worship within the hospital, and services or sacred texts that are within the reasonable capacity of the hospital to supply, provided that no patient shall be coerced into engaging in any religious activities.

6. Private conversation, and access to phone, mail and visitors:
   a. The right to communicate freely with and be visited at reasonable times by private counsel or personnel of the legal rights service and, unless prior court restriction has been obtained, to communicate freely with and be visited at reasonable times by a personal physician or psychologist;
   b. The right to communicate freely with others, unless specifically restricted in the patient's service/treatment plan for reasons that advance the person's goals, including, without limitation, the following:
      i. The right of an adult to reasonable privacy and freedom to meet with visitors, guests, or surveyors, and make and/or receive phone calls; or the right of a minor to meet with inspectors, and the right to communicate with family, guardian, custodian, friends and significant others outside the hospital in accordance with the minor's individualized service/treatment plan;
      ii. The right to have reasonable access to telephones to make and receive confidential calls, including a reasonable number of free calls if unable to pay for them and assistance in calling if requested and needed. The right of a minor to make phone calls shall be in accordance with the minor's individualized service/treatment plan; and
   c. The right to have ready access to letter-writing materials, including a reasonable number of stamps without cost if unable to pay for them, and to mail and receive unopened
correspondence and assistance in writing if requested and needed subject to the hospital's rules regarding contraband. The right of a minor to send or receive mail shall also be subject to directives from the parent or legal custodian when such directives do not conflict with federal postal regulations.

(7) Notification to family or physician:
   The right to have a physician, family member or representative of the person's choice notified promptly upon admission to a hospital.

(D) Each inpatient psychiatric service provider shall provide a patient rights advocate to safeguard patient rights. The client rights specialist or a designee shall:
   
   (1) Be appropriately trained and knowledgeable in the fundamental human, civil, constitutional and statutory rights of psychiatric patients including the role of the Ohio protection and advocacy system (disability rights Ohio);
   
   (2) Ensure that the patient, and as appropriate, the patient's family members, significant others, and the patient's legal guardian, are informed about patient rights, in understandable terms, upon admission, and throughout the hospital stay. Treatment staff shall also work with patient to assist them in understanding and exercising patient rights. For any person who is involuntarily detained, the inpatient psychiatric service provider shall, immediately upon being taken into custody, inform the person orally and in writing of their rights described in division (C) of section 5122.05 of the Revised Code;
   
   (3) Be accessible in person during normal business hours, and during evenings, weekends, and holidays as needed for advocacy issues. The name, title, location, hours of availability, and telephone number of the client rights specialist along with a copy of the client rights and grievance procedure as set forth in this rule shall be posted in an area available to the patient, and made available to the patient's legal guardian if any, and the patient's family and significant others, upon request at all times;
   
   (4) Assist and support patients, their family members, and significant others in exercising their legal rights and representing themselves in resolving complaints. This shall include providing copies of the inpatient psychiatric service provider's policies and procedures relevant to patient rights and grievances upon request, and assistance with the grievance procedure. This shall also include assistance in obtaining services of the Ohio protection and advocacy system (disability rights Ohio) in accordance with sections 5123.60 to 5123.601 of the Revised Code, and assistance in obtaining access to or services of outside agencies or resources upon request;
   
   (5) Not be a member of the patient's treatment team and not have clinical management or care responsibility for the patient for whom he or she is acting as the patient rights advocate; and
   
   (6) Maintain a log available for department review of patient grievances, including all allegations of denial of patient rights as identified by patients, family members of patients, significant others or other persons.
   
(E) Each inpatient psychiatric service provider shall ensure that its staff members are knowledgeable about patient rights and referral of patients to the patient rights advocate.

(F) Each inpatient psychiatric service provider shall ensure that patients and families of patients participate in an advisory capacity related to programming and relevant policies and procedures.

(G) Each inpatient psychiatric service provider shall ensure that patient and family education is an interdisciplinary and coordinated process, as appropriate to the patient's treatment plan, consistent with patient confidentiality and documented in the medical record. Education shall incorporate appropriate members of the treatment team, types of materials, methods of teaching, community educational resources, and special devices, interpreters, or other aids to meet specialized needs.

(H) Each inpatient psychiatric service provider shall obtain the informed consent of a
patient or when appropriate, a guardian, for all prescribed medications that have been ordered, except in an emergency, and for those medical interventions as referenced in and in accordance with division (A) of section 5122.271 of the Revised Code.

(1) Each inpatient psychiatric service provider shall ensure that the patient and legal guardian, when legally appropriate, receives written and/or oral information in a language and format that may be standardized and that is understandable to the person receiving it.

(a) Information shall include the anticipated benefits and side effects of the intervention, including the anticipated results of not receiving the intervention, and of alternatives to the intervention.

(b) Persons served shall be given the opportunity to ask questions, seek additional information and provide input before the intervention or medication is administered/dispensed.

(c) Documentation shall be kept in the patient's medical record regarding the patient's participation in this process, including the patient's response, objections, and decisions regarding the medication or medical intervention. Such documentation may be accomplished through a notation from an appropriate professional staff person, signature of the patient or guardian, or other mechanism.

(2) For purposes of informed consent specific to medication, each psychiatric inpatient service provider shall ensure that the patient and parent or legal guardian when legally appropriate receives written and/or oral information from a physician, registered nurse, or registered pharmacist.

5122-14-12 Service requirements.

(A) Each inpatient psychiatric service provider shall have a written comprehensive plan of service which shall be reviewed annually and revised if necessary.

(B) The comprehensive plan of service shall include:

(1) Description of services provided;

(2) Description of any affiliation or agreements with other agencies or entities;

(3) Description of the population served including age groups and other relevant characteristics of the patient populations;

(4) Criteria for admission, continued stay, and discharge; and

(5) Description of how patients and family members of patients shall participate in an advisory role to the inpatient service.

(C) Criteria for admission shall:

(1) Limit admissions to those persons whose principal diagnosis and focus of treatment upon admission is a mental disorder according to the latest edition of the American psychiatric association's diagnostic and statistical manual of mental disorders (DSM), but excluding admissions to those persons whose principal diagnosis and focus of treatment is a substance abuse disorder, detoxification for substance abuse, a chronic dementing organic mental disorder, or mental retardation. This does not preclude admissions for which the above named excluded diagnoses may be a secondary diagnosis;

(a) To support best clinical practice of concurrent integrated treatment for persons with co-occurring of mental illness and substance abuse, an inpatient psychiatric service provider may co-locate both psychiatric and substance abuse and/or detox registered beds in the same physical area, and may use staff who are cross-trained in both treatment disciplines to provide integrated services.

(b) The total number of psychiatric beds and the total number of detox (med/surg) beds and/or substance abuse beds must remain as registered with the Ohio department of health.

(c) Patients shall be admitted to the appropriate registered bed based upon their principal diagnosis and focus of treatment. However, this would not preclude integrated concurrent treatment for a co-occurring disorder.
(2) Include any applicable age limits, diagnostic categories, and other criteria necessary to ensure that each admission is the least restrictive alternative available and consistent with each patient's treatment needs;

(3) Specify procedures and timelines for responding to an application for voluntary admission; and

(4) Assure that the inpatient psychiatric service provider will accept patients on a civil commitment and that it has the clinical competence to treat these patients:

(a) Utilizing the same criteria applied to voluntary patients, and

(b) According to admission criteria applied to voluntary patients.

The inpatient psychiatric service provider shall assure that it will provide such patients access to its full range of available services.

(D) Discharge criteria shall include but not be limited to achievement of treatment goals, or that the patient must be transferred to a more appropriate treatment facility. A civilly committed patient shall be discharged when the patient no longer meets the criteria for civil commitment, however such patients shall have the right to apply for voluntary admission status at any time pursuant to division (G) of section 5122.15 of the Revised Code.

(E) The primary function of each inpatient psychiatric service provider shall be to provide diagnostic and treatment services for persons with a primary diagnosis of mental illness. Such services shall be culturally relevant and sensitive and shall take into consideration any relevant patient history of trauma and/or abuse.

(F) Clinical services shall be provided by an interdisciplinary treatment team working together.

(1) All members of the treatment team who have specific treatment responsibilities shall have either appropriate clinical privileges and be qualified by training or experience and demonstrated competence, or shall be supervised by a clinically privileged practitioner.

(2) Each inpatient psychiatric service provider shall specify in policy and procedures the roles and responsibilities of team members in identifying and meeting the clinical needs of patients in relationship to its goals and programs.

(3) Each inpatient psychiatric service provider shall assure and provide for the staffing of team members to meet the clinical needs of each patient as identified in the patient's treatment plan.

(G) Each professional discipline shall:

(1) Identify special skills required to render specific patient care and treatment services.

(2) Participate in the development of criteria for qualifications of its staff members, which shall include education, experience, and licensure or certification requirements.

(H) Each inpatient psychiatric service provider shall provide or make provision for the following services in order to promote recovery and meet the comprehensive needs of each patient. Such services may be provided by any qualified individual, unless otherwise specified in these rules and/or regulated by professional licensure and scope of practice:

(1) Medical services, including dental, to meet the comprehensive physical and psychiatric treatment needs of each patient as identified in the patient's treatment plan;

(2) Dietetic services shall include availability of a licensed dietitian;

(3) Emergency services shall be available and accessible through a written plan for psychiatric emergencies for both persons receiving inpatient treatment from the inpatient psychiatric service provider and for any persons presenting themselves as in need of and requesting emergency treatment;

(a) If the inpatient psychiatric service provider maintains an emergency room or emergency service, it will not refuse emergency care to individuals presenting with potentially life or health-threatening psychiatric situations.

(b) If the inpatient psychiatric service provider does not maintain an emergency room or emergency service, it shall provide emergency care on site until an individual presenting with a
potentially life or health-threatening psychiatric situation is transferred to a more appropriate
provider.

(4) Medical services shall;
(a) Be under the direction of a psychiatrist.
(b) Include availability of twenty-four hour, seven day a week consultation of a
psychiatrist, either in person or by telephone;
(5) Nursing services shall be under the direction or supervision of a full time registered
nurse who has a bachelor's or master's degree in nursing and four years psychiatric nursing
experience. It is preferred, but not required, that the individual holds voluntary certification in
psychiatric and mental health nursing by the American nurses credentialing association. This
requirement shall apply to those individuals hired into this position after January 1, 2000
Psychiatric nursing experience is the treatment and care of persons whose principal diagnosis
and focus of treatment is a psychiatric disorder, the experience can include working as a staff
nurse on a psychiatric inpatient unit or in an outpatient setting with individuals who have a
primary psychiatric diagnosis. It is not caring for individuals in a nursing home, whose principal
or primary diagnosis is often a chronic dementing organic mental disorder;
(6) Pastoral services shall be offered by inpatient psychiatric service provider clergy or
the provider shall arrange for pastoral services from family or community clergy;
(7) Patient education services shall be readily accessible at all reasonable hours and
include current reading and resource materials for education and leisure to meet the needs of
the patients;
(8) Pharmaceutical services shall:
(a) Be under the direction of a qualified registered pharmacist with a current license.
(b) Operate in accordance with Chapters 3715., 3719., and 4729 of the Revised Code
regarding operation of pharmacies, storage, and dispensing of drugs;
(9) Physical rehabilitation services shall be under the direction of qualified staff;
(10) Psychological services shall be under the direction of a licensed psychologist;
(11) Psycho-social services shall be:
(a) Provided by qualified staff;
(b) Staffed by at least one person who is licensed either as a professional counselor,
professional clinical counselor, independent social worker, or a social worker; and
(c) Provided during the day, and available evenings, weekends, and holidays as needed.
(12) Rehabilitation therapy services shall be:
(a) Provided by qualified staff;
(b) Staffed by at least one rehabilitation therapist as defined in rule 5122-14-01 of the
Administrative Code;
(c) Provided during the day, and available evenings, weekends, and holidays as needed;
(d) Provided by rehabilitation therapy staff with diverse skills to meet the needs of all
patients; and
(13) Substance abuse diagnostic and treatment services for all patients who have a
secondary problem of substance abuse shall be provided by a certified chemical dependency
counselor in accordance with Chapter 5119 of the Revised Code, or by other individuals
licensed to provide diagnostic or substance abuse treatment services.
(I) Each inpatient psychiatric service provider shall develop special programs to include
but not be limited to the following groups whenever the annual average daily census for that
group is six or more patients:
(1) Adults age sixty-five and older; ;
(2) Patients with a secondary diagnosis of substance use disorder; and
(3) Patients with a secondary diagnosis of developmental disability or pervasive
developmental disorder.
(J) Written policies and procedures, and program descriptions shall document that
Chapter 8. Mental Health
Part III. Mental Health Hospital Licensing

patient needs, based on at least age and diagnosis, will be met for all patient groups in paragraph (i) of this rule.

(1) Inpatient psychiatric service providers that provide services for adults sixty-five years of age and older shall develop written policies and procedures regarding services to meet the special needs of such patients. These needs shall include vision, hearing, dietary, physical, cognitive, functional living skills and psychiatric needs, and the needs of the patients' family members. Special attention shall be given to problems associated with utilization of medication including polypharmacy. Diagnostic and treatment services shall be provided by a psychiatrist with clinical privileges in geriatric psychiatry. Consultation with an occupational therapist or an occupational therapy assistant in collaboration with an occupational therapist shall be available as appropriate to each patient's needs.

(2) Services for patients who have a secondary problem of substance abuse shall include specialized diagnostic assessments, group and/or individual therapy, education, linkage to self help groups and referrals for post discharge substance abuse treatment if appropriate.

(3) Inpatient psychiatric service providers that provide services for patients with a secondary diagnosis of mental retardation or developmental disability shall adhere to treatment standards in accordance with Chapters 5122 and 5123 of the Revised Code or equivalent standards and as appropriate to the psychiatric services provided.

(K) Inpatient psychiatric service providers authorized to serve children and adolescents shall provide for the educational, recreational, developmental, social and functional needs of these patients and for the treatment needs of these patients' families.

(1) For all children twelve years of age and less, diagnostic and treatment services shall be provided by a child and adolescent psychiatrist, or by a psychiatrist in consultation with a child and adolescent psychiatrist within seventy-two hours of admission.

(2) For all children thirteen through seventeen years of age, diagnostic and treatment services shall be provided by a child and adolescent psychiatrist, a psychiatrist with clinical privileges in adolescent psychiatry, or by a psychiatrist in consultation with a child and adolescent psychiatrist within seventy-two hours of admission.

(3) Each inpatient psychiatric service provider shall provide rehabilitation therapy services including at least five hours per week per patient of active physical activities, as appropriate to patient need and indicated on the patient's treatment plan.

(4) Each inpatient psychiatric service provider shall provide a minimum of two hours per week per patient of family therapy or other family interventions as appropriate to patient need and indicated on the patient's treatment plan.

(5) Each inpatient psychiatric service provider shall provide services to assist the patient in maintaining his/her educational and intellectual development at least five hours per week, consistent with the patient's treatment plan.

(a) If the admission is longer than ten days, the inpatient psychiatric service provider shall, with the consent of the parent/adult student, notify the school district where the provider is located, of the need for services, and shall provide appropriate physical space so that the patient can access or continue individualized education plan IEP services provided by the school district.

(b) If educational needs and/or eligibility for special education services under Chapter 3323 of the Revised Code are identified during the admission, the inpatient psychiatric service provider shall communicate this to the patient's home school, upon parent or guardian request with appropriate consent.

(L) If a psychiatric intensive care unit is provided the following additional standards shall be met:

(1) The psychiatric intensive care unit shall be directed and staffed according to the special needs of its patients;

(2) Written policies and procedures shall describe criteria for the use of psychiatric
intensive care, and any special procedures used; and

(3) Psychiatric intensive care units shall be designed and equipped to facilitate safe and
effective care of patients.

(M) Inpatient psychiatric service providers that accept individuals into an observation or
treatment status for periods of less than twenty-four hours shall develop policies and procedures
regarding the following:

(1) Conditions under which individuals are accepted and released;
(2) Provision of patient rights information; and
(3) Provision for after hospitalization care.

(N) Prior to or within twenty-four hours of admission of each patient, appropriate
community resources and needs relative to the patient's treatment shall be identified, which may
include professionals who have rendered prior treatment, referral sources, court, school,
employer, religious affiliation, community psychiatric supportive treatment services, and
discharge planning.

(O) All identified community resources shall, when appropriate to patient need and with
permission of the patient, be contacted to participate in treatment planning for discharge. Such
efforts and involvement shall be documented in the medical record.

(P) If a patient is likely to be referred to a community mental health agency upon
discharge, the inpatient psychiatric service provider with permission from the patient shall invite
participation by the community psychiatric supportive treatment providers from the local
community mental health agencies in team meetings and planning for discharge.

(Q) The inpatient psychiatric service provider shall make arrangements for each patient
for post discharge services as specified in the patient's treatment plan.

(1) Each inpatient psychiatric service provider shall provide an appropriate discharge
plan for patients, or the inpatient psychiatric service provider shall arrange for each of these
patients, as necessary, to receive mental health services from other mental health providers,
consistent with patient choice and acceptance.

(a) The inpatient psychiatric service provider shall provide interim post discharge
services for up to two weeks post discharge, unless the post discharge provider assumes
responsibility for the provision of mental health services prior to the end of the interim two-week
period. This shall include an appointment for medication management as needed. Such interim
post discharge services shall include a crisis management plan, which may include a
mechanism to contact a physician, interim medication management, referral to or provision of a
support group or individual supportive services, or a mechanism to contact an emergency
services provider.

(b) The inpatient psychiatric service provider shall determine, in collaboration with the
patient and post discharge provider, that the post discharge provider has the appropriate
services the patient has been identified as needing, to include the provision of in-depth patient
education regarding the nature and management of the patient's illness/disorder.

(2) As part of discharge planning, the inpatient psychiatric service provider shall make all
reasonable efforts prior to discharge to ensure that the patient has a specified appointment, as
appropriate, with a mental health service provider(s), upon discharge whenever possible and no
later than two weeks post discharge if it has been concluded that these services are required
within two weeks.

(3) For children/adolescents, each inpatient psychiatric service provider shall make
provision for coordination of psycho-educational treatment and recommended aftercare with the
patient's local school and any existing individualized education plan from the patient's local
school.

(4) The clinical treatment team shall develop a discharge plan with active participation by
the patient. The parent, guardian, or family shall also participate, where appropriate, according
to the treatment plan and with permission of the patient as needed. If the patient is a minor in
the custody of an agency, that agency shall participate in the development of the discharge plan.

(5) A copy of the relevant portions of the post discharge plan shall be given to the patient, or as appropriate, the patient's guardian, and shall be made available, with the patient's permission, to the person or agency that will assume primary responsibility for implementation of the discharge plan.

(R) When utilization patterns indicate problems or opportunities for improvement in the larger community system in which the inpatient psychiatric service provider is located, the inpatient psychiatric service provider shall discuss these issues with the relevant community mental health board(s), and such discussions shall be documented.

5122-14-13 Medical records.

(A) Each inpatient psychiatric service provider shall maintain a complete medical record for each individual patient.

(B) Necessary components of the medical record shall include to the extent possible, but not be limited to, the following:

(1) Patient demographic information, including indication of legal status as a voluntary or involuntary patient;

(2) All legal documents, including, as appropriate, an application for voluntary admission signed and dated by the patient, written requests for release pursuant to section 5122.03 of the Revised Code, and all legal documents pertaining to civil commitment and guardianship.

For patients with a guardian, the inpatient psychiatric service provider shall make effort to obtain all needed consent forms signed and dated by the guardian. If the guardian is unable to provide written consent, the provider may obtain and document verbal consent of the guardian as long as two individuals document, in writing, that each witnessed the guardian provide the verbal consent.

(3) The reason for admission including presenting problem(s), precipitating factors, and initial diagnosis;

(4) Previous hospitalizations;

(5) Reports of all patient assessments and examinations;

(6) An individualized treatment plan which shall include criteria for discharge and which shall meet requirements of section 5122.27 of the Revised Code;

(7) All medical orders;

(8) Documentation of the patient's progress, and other significant patient events which could impact on treatment;

(9) Appropriate, complete, signed and dated consents for treatment, and for release of confidential information;

(10) A discharge summary completed within thirty days after discharge and signed by the attending or treating physician; and

(11) A post discharge plan.

(C) All entries in the medical record shall be dated, signed, and legible.

(D) Each inpatient psychiatric service provider shall be responsible for conducting a complete assessment of each patient including a consideration of the patient's strengths and patient's needs, and types of services to meet those needs in the least restrictive environment consistent with treatment needs.

(1) The assessments shall include as appropriate to patient need: physical, laboratory, emotional, behavioral, social, recreational, cognitive, functional living skills, educational, legal, vocational, nutritional, cultural, religious, income support, housing needs, and other community support and discharge planning needs.

(2) Each inpatient psychiatric service provider shall define in writing the scope of
assessments to be performed by each clinical discipline not otherwise specified in this chapter, consistent with the discipline's scope of practice, state licensure laws, applicable regulations, certification, or registration.

(E) Written assessments of each patient shall be provided and dated by the respective interdisciplinary team members as soon as possible after admission and prior to the development of the treatment plan which is required within twenty-four hours of admission unless otherwise specified in this rule.

(1) For new admissions if assessments are available from prior evaluations and/or admissions within the past six months, each assessment shall be reviewed, revised as necessary, dated, and signed by a member of the respective discipline as soon as possible after admission and prior to the development of the treatment plan.

(2) The following required patient assessments shall be completed within twenty-four hours of a patient's admission:

(a) A physician shall be responsible for a medical history and physical examination. If the patient's condition does not permit completion of the examination each part of the examination shall be completed as soon as the patient's condition permits it. If a physician was responsible for the completion of a medical history and physical examination within thirty days of the current course of treatment and the patient's condition remains consistent with the results of that examination, a signed copy of this history and examination may suffice. The medical history and physical examination may be conducted by a physician's assistant, certified nurse practitioner or clinical nurse specialist authorized in accordance with his or her scope of practice and as permitted by applicable law or regulation.

   (i) The history and physical examination shall include a basic neurological examination that includes an examination of the cranial nerves, sensory and motor functions, coordination, and deep tendon reflexes.

   (ii) If the patient is a child, adolescent, or person with mental retardation/developmental disabilities, the history and physical examination shall include evaluations of motor development and functioning, sensorimotor functioning, speech, hearing and language functioning, visual functioning, immunization status, and oral health and oral hygiene;

(b) A psychiatrist, or a physician with specific clinical privileges to conduct such an examination shall be responsible for a psychiatric examination including a mental status examination. The psychiatric examination may be conducted by a physician's assistant, certified nurse practitioner or clinical nurse specialist authorized in accordance with his or her scope of practice and as permitted by applicable law or regulation;

(c) A registered nurse shall be responsible for completing an assessment of each patient's nursing care needs. As part of the nursing assessment, the R.N. shall conduct a screening of each patient's nutritional status unless otherwise assessed by a registered dietitian;

(d) An assessment for functional and rehabilitation needs which may include activities of daily living; community living skills; social, leisure and vocational skills; self care and self control abilities; physical/sensori-motor capabilities, speech, language, oral, and pharyngeal sensor-motor competencies and auditory and vestibular competencies;

(e) An emotional and behavioral assessment which includes at least a history of emotional, behavioral, substance-abuse problems or treatment and physical or sexual abuse history;

(f) A psycho-social assessment which shall include the following information about the patient, as appropriate:

   (i) Environment and home;
   (ii) Leisure and recreation;
   (iii) Work history;
   (iv) Spirituality;
(v) Childhood history;
(vi) Military service history;
(vii) Financial status;
(viii) Usual social, peer-group, and environmental setting;
(ix) Sexual orientation; and
(x) Family circumstances, including the constellation of the family group, the current living situation, and social, ethnic, cultural, emotional, and health factors. The psychosocial assessment includes determining the need and extent for family participation;

(g) In programs serving children and adolescents, an assessment shall be performed which includes the following:
(i) The impact of the child's/adolescent's condition on the family and the family's impact on the child/adolescent;
(ii) The child/adolescent's legal custody status, when applicable;
(iii) The child/adolescent's growth and development, including physical, emotional, cognitive, educational, nutritional, and social development;
(iv) The child/individual's play and daily activities needs; and
(v) The family's or guardian's expectations for and involvement in the child/adolescent's assessment, initial treatment, and continuing care.

(F) Each patient shall have a written individualized treatment plan that is responsive and timely to the treatment needs of the patient based on information provided by the patient and the patient's family and assessments by the clinical treatment team. The initial treatment plan and subsequent revisions shall be developed with the active participation of the patient, and through collaborative efforts of the clinical team. As appropriate and with patient consent, family members and significant others shall also participate. Such patient, family, and clinical treatment team collaboration shall be documented on the treatment plan. A patient's inability or refusal to participate in treatment planning and the patient's reasons for such shall also be documented on the treatment plan. The patient, and as appropriate parent or guardian, shall have the right to be informed of changes on the treatment plan including a change in assignment of the primary therapist or attending physician.

(1) The initial treatment plan shall be developed with the active participation of the patient and implemented within twenty-four hours of admission through collaborative efforts by the interdisciplinary clinical treatment team.

(2) The initial treatment plan and any subsequent revisions to the plan shall:
(a) Reflect the patient's clinical needs, condition, functional strengths, and limitations.
(i) The patient's perceptions of his/her needs are documented, as are the families' perceptions when appropriate and available.
(ii) Justification is documented when identified needs are not addressed;
(b) Specify goals for achieving emotional and/or physical health as well as maximum growth and adaptive capabilities.
(i) Treatment plan goals are based on assessments of the patient and, as appropriate, the family.
(ii) Treatment plan goals are linked to living, learning, and work activities.
(iii) Treatment goals identified by the patient and actions the patient agrees to or requests to take, and the patient's involvement in and expressed concerns about the treatment plan are documented;
(c) Specify intermediate steps toward those goals in measurable terms;
(d) Specify target dates or time-frames for completion of goals and steps;
(e) Specify services and interventions to be provided to achieve patient goals, and to indicate the staff person(s) and/or discipline responsible for provision of service(s);
(f) Specify frequency of services; and
(g) Specify criteria for discharge.
(3) The initial treatment plan shall be reviewed, updated and/or revised within seventy-two hours of a patient's admission. All subsequent updates to the plan shall occur at least every seven days for the first month of hospitalization, at least monthly thereafter, and as appropriate to patient needs.

(G) The discharge summary completed within thirty days after discharge shall include:

1. Assessment of the patient's condition on admission;
2. Assessment of the patient's condition upon discharge and reason for discharge;
3. Description of diagnostic and treatment services received by the patient, with reference to interventions identified on the treatment plan, and the patient's response;
4. All recommendations made to the patient;
5. Medications prescribed upon discharge; and
6. Initial and final diagnosis, both physical and psychiatric, according to the American psychiatric association's latest edition of the diagnostic and statistical manual of mental disorders (DSM), which shall be recorded in full without the use of either symbols or abbreviations.

(H) A discharge plan shall be developed with each patient and shall:

1. State all appropriate recommendations and specific plans to include but not be limited to psychiatric, medical, case management, housing, vocational, financial, educational needs, other community support needs, and community resources available to meet these needs;
2. Identify specific resources and state recommendations for continued, ongoing patient and family education regarding the nature and management of the patient's illness/disorder;
3. Specify persons or agencies responsible for each recommended intervention or service;
4. Specify the time-frame for initiation of each recommended intervention or service;
5. Specify a crisis management plan as described in paragraph (Q)(1)(a) of rule 5122-14-12 of the Administrative Code; and
6. Be signed and dated by the patient, or as appropriate parent or guardian, and by each member(s) of the clinical treatment team responsible for reviewing the plan with the patient. A patient's inability or refusal to sign or participate in discharge planning and the patient's reasons for such shall be documented on the plan.

(I) The patient's treatment plan and medical record shall be available to the patient and family members according to section 5122.31 of the Revised Code.

(J) The inpatient psychiatric service provider shall have written policies and procedures regarding the release of information and confidentiality of oral or written patient information, in compliance with section 5122.31 of the Revised Code.

5122-14-14 Incident notification and risk management.

(A) This rule establishes standards to ensure the prompt and accurate notification of certain prescribed incidents. It also requires the agency to review and analyze all incidents so that it might identify and implement corrective measures designed to prevent recurrence and manage risk.

(B) Definitions

1. “Incident” means an event that poses a danger to the health and safety of patients and/or staff and visitors of the hospital, and is not consistent with routine care of persons served or routine operation of the hospital.

2. “Reportable incident” means an incident that must be submitted to the department, including incidents that must then be forwarded by the department to disability rights Ohio. As referenced in division (E) of section 5119.36 of the Revised Code, “major unusual incident” has the same meaning as “reportable incident.”
(3) “Six month reportable incident” means an incident type of which limited information must be reported to the department. A six month reportable incident is not the same as a reportable incident.

(4) “Six month incident data report” means a data report which must be submitted to the department.

(C) The inpatient psychiatric service provider shall develop an incident reporting system to include a mechanism for the review and analysis of all reportable incidents such that clinical and administrative activities are undertaken to identify, evaluate, and reduce risk to patients, staff, and visitors. The inpatient psychiatric service provider shall identify in policy other incidents to be reviewed and analyzed.

(1) An incident report shall be submitted in written form to the inpatient psychiatric service provider's chief executive officer or designee within twenty-four hours of discovery of the incident.

(2) As part of the inpatient psychiatric service provider's performance improvement process, a periodic review and analysis of reportable incidents, and other incidents as defined in policy, shall be performed.

(3) The inpatient psychiatric service provider shall maintain an ongoing log of its reportable incidents for departmental review.

(D) Any person who has knowledge of any instance of abuse or neglect, or alleged or suspected abuse or neglect, or of an alleged crime which would constitute a felony, of:

(1) Any child or adolescent, shall immediately notify any alleged or suspected abuse or neglect to the county children's services board, the designated child protective agency, or law enforcement authorities, in accordance with section 2151.421 of the Revised Code, or of an alleged crime against a child or adolescent which would constitute a felony, including a crime allegedly committed by another child or adolescent which would constitute a felony if committed by an adult, shall immediately notify law enforcement authorities.

(2) An elderly person, shall immediately notify the appropriate law enforcement and county department of jobs and family services authorities in accordance with section 5101.61 of the Revised Code.

(E) Each inpatient psychiatric service provider shall submit reportable incidents and six month reportable incidents as defined by and according to the schedule included in appendix A to the rule.

(F) Each reportable incident shall be documented on form “DMH-LIC-013” as required by the department, and shall be forwarded to the department within twenty-four hours of its discovery, exclusive of weekends and holidays. Form “DMH-LIC-013” shall include identifying information about the inpatient psychiatric service provider, date, time and type of incident, and client information that has been de-identified pursuant to the HIPAA privacy regulations, [45 C.F.R.164.514(b)(2)].

(1) The inpatient psychiatric service provider shall file only one incident form per event occurrence and identify each incident report category, if more than one, and include information regarding all involved patients, staff, and visitors.

(2) The inpatient psychiatric service provider shall notify the patient's parent, guardian or custodian, if applicable, within twenty-four hours of discovery of a reportable incident, and document such notification.

(a) Notification may be made by phone, mailing, faxing or e-mailing a copy of the incident form, or other means according to inpatient psychiatric service provider policy and procedures.

(b) When notification does not include sending a copy of the incident form, the inpatient psychiatric service provider must inform the parent, guardian or custodian, of his/her right to receive a copy, and forward a copy within twenty-four hours of receiving a request for a copy. The inpatient psychiatric service provider shall document compliance with the provisions of this
paragraph.

(G) Each inpatient psychiatric service provider shall submit a six month incident data report to the department utilizing the form that is in appendix B to this rule.

The six month data report must be submitted according to the following schedule:

1. The six month data report for the period of January first to June thirtieth of each year shall be submitted no later than July thirty-first of the same year; and
2. The six month data report for the period of July first to December thirty-first of each year shall be submitted no later than January thirty-first of the following year.

(H) The department may initiate follow-up and further investigation of a reportable incident and six month reportable incidents, as deemed necessary and appropriate, or may request such follow-up and investigation by the inpatient psychiatric service provider, and/or regulatory or enforcement authority.
Chapter 9. Crime, Records Check, False Claims and Fraud

Part I. Crime

[Editor’s Note: Additional statutes involving crime and penalties are listed elsewhere in this handbook under the applicable topic area.]

109:7-1-01 Sexual assault examination protocol.

(A) When conducting a medical examination of a victim of an offense under any provision of sections 2907.02 to 2907.06 of the Revised Code for the purpose of gathering physical evidence for a possible prosecution, a hospital, children's advocacy center, or other emergency medical facility shall follow the protocol designated in this rule and shall only use a sexual assault evidence collection kit that meets that protocol in order to qualify for payment from the reparations fund established pursuant section 2743.191 of the Revised Code. The protocol shall be as follows:

(1) For victims other than children, the hospital or other emergency medical facility shall follow the protocol adopted by the Ohio department of health.

(2) For victims who are children, the hospital, children's advocacy center, or other emergency medical facility shall follow the protocol adopted by the committee on child abuse and neglect of the Ohio chapter of the American academy of pediatrics.

(B) When a hospital, children's advocacy center, or other emergency medical facility provides an HIV post-exposure prophylaxis treatment as part of the examination under this section it shall be administered in accordance with the centers for disease control and prevention’s “Updated Guidelines for Antiretroviral Postexposure Prophylaxis After Sexual, Injection Drug Use, or Other Nonoccupational Exposure to HIV.”

109:7-1-02 Sexual assault examination payment amount.

A hospital, children's advocacy center, or other emergency medical facility shall accept a flat fee payment of:

(A) Six hundred thirty-two dollars as payment in full for any cost incurred in conducting a medical examination and test of a victim of an offense under any provision of sections 2907.02 to 2907.06 of the Revised Code for the purpose of gathering physical evidence for a possible prosecution of a person, including the cost of any antibiotics administered as part of the examination.

(B) A hospital, children's advocacy center, or other emergency medical facility shall accept payment of the actual amount billed; not to exceed twenty-five hundred dollars, as payment in full for any cost incurred in administration of HIV post-exposure prophylaxis protocol in rule 109:7-1-01 of the Administrative Code.

(C) The attorney general may increase either payment amount for inflation by a reasonable percentage according to the consumer price index (all urban consumers, all items) prepared by the bureau of labor statistics of the United States department of labor.

2151.421 Abuse or neglect of child.

(A)(1)(a) No person described in division (A)(1)(b) of this section who is acting in an official or professional capacity and knows, or has reasonable cause to suspect based on facts that would cause a reasonable person in a similar position to suspect, that a child under...
eighteen years of age, or a person under twenty-one years of age with a developmental disability or physical impairment, has suffered or faces a threat of suffering any physical or mental wound, injury, disability, or condition of a nature that reasonably indicates abuse or neglect of the child shall fail to immediately report that knowledge or reasonable cause to suspect to the entity or persons specified in this division. Except as provided in section 5120.173 of the Revised Code, the person making the report shall make it to the public children services agency or a municipal or county peace officer in the county in which the child resides or in which the abuse or neglect is occurring or has occurred. In the circumstances described in section 5120.173 of the Revised Code, the person making the report shall make it to the entity specified in that section.

(b) Division (A)(1) of this section applies to any person who is an attorney; health care professional; practitioner of a limited branch of medicine as specified in section 4731.15 of the Revised Code; independent marriage and family therapist or marriage and family therapist; coroner; administrator or employee of a child day-care center; administrator or employee of a residential camp, child day camp, or private, nonprofit therapeutic wilderness camp; administrator or employee of a certified child care agency or other public or private children services agency; school teacher; school employee; school authority; agent of a county humane society; person, other than a cleric, rendering spiritual treatment through prayer in accordance with the tenets of a well-recognized religion; employee of a county department of job and family services who is a professional and who works with children and families; superintendent or regional administrator employed by the department of youth services; superintendent, board member, or employee of a county board of developmental disabilities; investigative agent contracted with by a county board of developmental disabilities; employee of the department of developmental disabilities; employee of a facility or home that provides respite care in accordance with section 5123.171 of the Revised Code; employee of an entity that provides homemaker services; a person performing the duties of an assessor pursuant to Chapter 3107 or 5103 of the Revised Code; third party employed by a public children services agency to assist in providing child or family related services; court appointed special advocate; or guardian ad litem.

(c) If two or more health care professionals, after providing health care services to a child, determine or suspect that the child has been or is being abused or neglected, the health care professionals may designate one of the health care professionals to report the abuse or neglect. A single report made under this division shall meet the reporting requirements of division (A)(1) of this section.

(2) Except as provided in division (A)(3) of this section, an attorney or a physician is not required to make a report pursuant to division (A)(1) of this section concerning any communication the attorney or physician receives from a client or patient in an attorney-client or physician-patient relationship, if, in accordance with division (A) or (B) of section 2317.02 of the Revised Code, the attorney or physician could not testify with respect to that communication in a civil or criminal proceeding.

(3) The client or patient in an attorney-client or physician-patient relationship described in division (A)(2) of this section is deemed to have waived any testimonial privilege under division (A) or (B) of section 2317.02 of the Revised Code with respect to any communication the attorney or physician receives from the client or patient in that attorney-client or physician-patient relationship, and the attorney or physician shall make a report pursuant to division (A)(1) of this section with respect to that communication, if all of the following apply:

(a) The client or patient, at the time of the communication, is a child under eighteen years of age or is a person under twenty-one years of age with a developmental disability or physical impairment.

(b) The attorney or physician knows, or has reasonable cause to suspect based on facts that would cause a reasonable person in similar position to suspect that the client or patient has
suffered or faces a threat of suffering any physical or mental wound, injury, disability, or condition of a nature that reasonably indicates abuse or neglect of the client or patient.

(c) The abuse or neglect does not arise out of the client's or patient's attempt to have an abortion without the notification of her parents, guardian, or custodian in accordance with section 2151.85 of the Revised Code.

(4)(a) No cleric and no person, other than a volunteer, designated by any church, religious society, or faith acting as a leader, official, or delegate on behalf of the church, religious society, or faith who is acting in an official or professional capacity, who knows, or has reasonable cause to believe based on facts that would cause a reasonable person in a similar position to believe, that a child under eighteen years of age, or a person under twenty-one years of age with a developmental disability or physical impairment, has suffered or faces a threat of suffering any physical or mental wound, injury, disability, or condition of a nature that reasonably indicates abuse or neglect of the child, and who knows, or has reasonable cause to believe based on facts that would cause a reasonable person in a similar position to believe, that another cleric or another person, other than a volunteer, designated by a church, religious society, or faith caused, or poses the threat of causing, the wound, injury, disability, or condition that reasonably indicates abuse or neglect shall fail to immediately report that knowledge or reasonable cause to believe to the entity or persons specified in this division. Except as provided in section 5120.173 of the Revised Code, the person making the report shall make it to the public children services agency or a municipal or county peace officer in the county in which the child resides or in which the abuse or neglect is occurring or has occurred. In the circumstances described in section 5120.173 of the Revised Code, the person making the report shall make it to the entity specified in that section.

(b) Except as provided in division (A)(4)(c) of this section, a cleric is not required to make a report pursuant to division (A)(4)(a) of this section concerning any communication the cleric receives from a penitent in a cleric-penitent relationship, if, in accordance with division (C) of section 2317.02 of the Revised Code, the cleric could not testify with respect to that communication in a civil or criminal proceeding.

(c) The penitent in a cleric-penitent relationship described in division (A)(4)(b) of this section is deemed to have waived any testimonial privilege under division (C) of section 2317.02 of the Revised Code with respect to any communication the cleric receives from the penitent in that cleric-penitent relationship, and the cleric shall make a report pursuant to division (A)(4)(a) of this section with respect to that communication, if all of the following apply:

(i) The penitent, at the time of the communication, is a child under eighteen years of age or is a person under twenty-one years of age with a developmental disability or physical impairment.

(ii) The cleric knows, or has reasonable cause to believe based on facts that would cause a reasonable person in a similar position to believe, as a result of the communication or any observations made during that communication, the penitent has suffered or faces a threat of suffering any physical or mental wound, injury, disability, or condition of a nature that reasonably indicates abuse or neglect of the penitent.

(iii) The abuse or neglect does not arise out of the penitent's attempt to have an abortion performed upon a child under eighteen years of age or upon a person under twenty-one years of age with a developmental disability or physical impairment without the notification of her parents, guardian, or custodian in accordance with section 2151.85 of the Revised Code.

(d) Divisions (A)(4)(a) and (c) of this section do not apply in a cleric-penitent relationship when the disclosure of any communication the cleric receives from the penitent is in violation of the sacred trust.

(e) As used in divisions (A)(1) and (4) of this section, “cleric” and “sacred trust” have the same meanings as in section 2317.02 of the Revised Code.
(B) Anyone who knows, or has reasonable cause to suspect based on facts that would cause a reasonable person in similar circumstances to suspect, that a child under eighteen years of age, or a person under twenty-one years of age with a developmental disability or physical impairment, has suffered or faces a threat of suffering any physical or mental wound, injury, disability, or other condition of a nature that reasonably indicates abuse or neglect of the child may report or cause reports to be made of that knowledge or reasonable cause to suspect to the entity or persons specified in this division. Except as provided in section 5120.173 of the Revised Code, a person making a report or causing a report to be made under this division shall make it or cause it to be made to the public children services agency or to a municipal or county peace officer. In the circumstances described in section 5120.173 of the Revised Code, a person making a report or causing a report to be made under this division shall make it or cause it to be made to the entity specified in that section.

(C) Any report made pursuant to division (A) or (B) of this section shall be made forthwith either by telephone or in person and shall be followed by a written report, if requested by the receiving agency or officer. The written report shall contain:

1. The names and addresses of the child and the child's parents or the person or persons having custody of the child, if known;
2. The child's age and the nature and extent of the child's injuries, abuse, or neglect that is known or reasonably suspected or believed, as applicable, to have occurred or of the threat of injury, abuse, or neglect that is known or reasonably suspected or believed, as applicable, to exist, including any evidence of previous injuries, abuse, or neglect;
3. Any other information, including, but not limited to, results and reports of any medical examinations, tests, or procedures performed under division (D) of this section, that might be helpful in establishing the cause of the injury, abuse, or neglect that is known or reasonably suspected or believed, as applicable, to have occurred or of the threat of injury, abuse, or neglect that is known or reasonably suspected or believed, as applicable, to exist.

(D)(1) Any person, who is required by division (A) of this section to report child abuse or child neglect that is known or reasonably suspected or believed to have occurred, may take or cause to be taken color photographs of areas of trauma visible on a child and, if medically necessary for the purpose of diagnosing or treating injuries that are suspected to have occurred as a result of child abuse or child neglect, perform or cause to be performed radiological examinations and any other medical examinations of, and tests or procedures on, the child.

2. The results and any available reports of examinations, tests, or procedures made under division (D)(1) of this section shall be included in a report made pursuant to division (A) of this section. Any additional reports of examinations, tests, or procedures that become available shall be provided to the public children services agency, upon request.

3. If a health care professional provides health care services in a hospital, children's advocacy center, or emergency medical facility to a child about whom a report has been made under division (A) of this section, the health care professional may take any steps that are reasonably necessary for the release or discharge of the child to an appropriate environment. Before the child's release or discharge, the health care professional may obtain information, or consider information obtained, from other entities or individuals that have knowledge about the child. Nothing in division (D)(3) of this section shall be construed to alter the responsibilities of any person under sections 2151.27 and 2151.31 of the Revised Code.

4. A health care professional may conduct medical examinations, tests, or procedures on the siblings of a child about whom a report has been made under division (A) of this section and on other children who reside in the same home as the child, if the professional determines that the examinations, tests, or procedures are medically necessary to diagnose or treat the siblings or other children in order to determine whether reports under division (A) of this section are warranted with respect to such siblings or other children. The results of the examinations, tests, or procedures on the siblings and other children may be included in a report made
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

Crime - General Provisions

(5) Medical examinations, tests, or procedures conducted under divisions (D)(1) and (4) of this section and decisions regarding the release or discharge of a child under division (D)(3) of this section do not constitute a law enforcement investigation or activity.

(E)(1) When a municipal or county peace officer receives a report concerning the possible abuse or neglect of a child or the possible threat of abuse or neglect of a child, upon receipt of the report, the municipal or county peace officer who receives the report shall refer the report to the appropriate public children services agency.

(2) When a public children services agency receives a report pursuant to this division or division (A) or (B) of this section, upon receipt of the report, the public children services agency shall do both of the following:
   a. Comply with section 2151.422 of the Revised Code;
   b. If the county served by the agency is also served by a children's advocacy center and the report alleges sexual abuse of a child or another type of abuse of a child that is specified in the memorandum of understanding that creates the center as being within the center's jurisdiction, comply regarding the report with the protocol and procedures for referrals and investigations, with the coordinating activities, and with the authority or responsibility for performing or providing functions, activities, and services stipulated in the interagency agreement entered into under section 2151.428 of the Revised Code relative to that center.

(F) No township, municipal, or county peace officer shall remove a child about whom a report is made pursuant to this section from the child's parents, stepparents, or guardian or any other persons having custody of the child without consultation with the public children services agency, unless, in the judgment of the officer, and, if the report was made by physician, the physician, immediate removal is considered essential to protect the child from further abuse or neglect. The agency that must be consulted shall be the agency conducting the investigation of the report as determined pursuant to section 2151.422 of the Revised Code.

(G)(1) Except as provided in section 2151.422 of the Revised Code or in an interagency agreement entered into under section 2151.428 of the Revised Code that applies to the particular report, the public children services agency shall investigate, within twenty-four hours, each report of child abuse or child neglect that is known or reasonably suspected or believed to have occurred and of a threat of child abuse or child neglect that is known or reasonably suspected or believed to exist that is referred to it under this section to determine the circumstances surrounding the injuries, abuse, or neglect or the threat of injury, abuse, or neglect, the cause of the injuries, abuse, neglect, or threat, and the person or persons responsible. The investigation shall be made in cooperation with the law enforcement agency and in accordance with the memorandum of understanding prepared under division (K) of this section. A representative of the public children services agency shall, at the time of initial contact with the person subject to the investigation, inform the person of the specific complaints or allegations made against the person. The information shall be given in a manner that is consistent with division (I)(1) of this section and protects the rights of the person making the report under this section.

A failure to make the investigation in accordance with the memorandum is not grounds for, and shall not result in, the dismissal of any charges or complaint arising from the report or the suppression of any evidence obtained as a result of the report and does not give, and shall not be construed as giving, any rights or any grounds for appeal or post-conviction relief to any person. The public children services agency shall report each case to the uniform statewide automated child welfare information system that the department of job and family services shall maintain in accordance with section 5101.13 of the Revised Code. The public children services agency shall submit a report of its investigation, in writing, to the law enforcement agency.

(2) The public children services agency shall make any recommendations to the county
prosecuting attorney or city director of law that it considers necessary to protect any children that are brought to its attention.

(H)(1)(a) Except as provided in divisions (H)(1)(b) and (I)(3) of this section, any person, health care professional, hospital, institution, school, health department, or agency shall be immune from any civil or criminal liability for injury, death, or loss to person or property that otherwise might be incurred or imposed as a result of any of the following:

(i) Participating in the making of reports pursuant to division (A) of this section or in the making of reports in good faith, pursuant to division (B) of this section;

(ii) Participating in medical examinations, tests, or procedures under division (D) of this section;

(iii) Providing information used in a report made pursuant to division (A) of this section or providing information in good faith used in a report made pursuant to division (B) of this section;

(iv) Participating in a judicial proceeding resulting from a report made pursuant to division (A) of this section or participating in good faith in a proceeding resulting from a report made pursuant to division (B) of this section.

(b) Immunity under division (H)(1)(a)(ii) of this section shall not apply when a health care provider has deviated from the standard of care applicable to the provider's profession.

(c) Notwithstanding section 4731.22 of the Revised Code, the physician-patient privilege shall not be a ground for excluding evidence regarding a child's injuries, abuse, or neglect, or the cause of the injuries, abuse, or neglect in any judicial proceeding resulting from a report submitted pursuant to this section.

(2) In any civil or criminal action or proceeding in which it is alleged and proved that participation in the making of a report under this section was not in good faith or participation in a judicial proceeding resulting from a report made under this section was not in good faith, the court shall award the prevailing party reasonable attorney's fees and costs and, if a civil action or proceeding is voluntarily dismissed, may award reasonable attorney's fees and costs to the party against whom the civil action or proceeding is brought.

(I)(1) Except as provided in divisions (I)(4) and (O) of this section, a report made under this section is confidential. The information provided in a report made pursuant to this section and the name of the person who made the report shall not be released for use, and shall not be used, as evidence in any civil action or proceeding brought against the person who made the report. Nothing in this division shall preclude the use of reports of other incidents of known or suspected abuse or neglect in a criminal action or proceeding brought pursuant to division (N) of this section against a person who is alleged to have violated division (A)(1) of this section, provided that any information in a report that would identify the child who is the subject of the report or the maker of the report, if the maker of the report is not the defendant or an agent or employee of the defendant, has been redacted. In a criminal proceeding, the report is admissible in evidence in accordance with the Rules of Evidence and is subject to discovery in accordance with the Rules of Criminal Procedure.

(I)(2)(a) Except as provided in division (I)(2)(b) of this section, no person shall permit or encourage the unauthorized dissemination of the contents of any report made under this section.

(b) A health care professional that obtains the same information contained in a report made under this section from a source other than the report may disseminate the information, if its dissemination is otherwise permitted by law.

(3) A person who knowingly makes or causes another person to make a false report under division (B) of this section that alleges that any person has committed an act or omission that resulted in a child being an abused child or a neglected child is guilty of a violation of section 2921.14 of the Revised Code.

(4) If a report is made pursuant to division (A) or (B) of this section and the child who is the subject of the report dies for any reason at any time after the report is made, but before the...
child attains eighteen years of age, the public children services agency or municipal or county peace officer to which the report was made or referred, on the request of the child fatality review board or the director of health pursuant to guidelines established under section 3701.70 of the Revised Code, shall submit a summary sheet of information providing a summary of the report to the review board of the county in which the deceased child resided at the time of death or to the director. On the request of the review board or director, the agency or peace officer may, at its discretion, make the report available to the review board or director. If the county served by the public children services agency is also served by a children's advocacy center and the report of alleged sexual abuse of a child or another type of abuse of a child is specified in the memorandum of understanding that creates the center as being within the center's jurisdiction, the agency or center shall perform the duties and functions specified in this division in accordance with the interagency agreement entered into under section 2151.428 of the Revised Code relative to that advocacy center.

(5) A public children services agency shall advise a person alleged to have inflicted abuse or neglect on a child who is the subject of a report made pursuant to this section, including a report alleging sexual abuse of a child or another type of abuse of a child referred to a children's advocacy center pursuant to an interagency agreement entered into under section 2151.428 of the Revised Code, in writing of the disposition of the investigation. The agency shall not provide to the person any information that identifies the person who made the report, statements of witnesses, or police or other investigative reports.

(J) Any report that is required by this section, other than a report that is made to the state highway patrol as described in section 5120.173 of the Revised Code, shall result in protective services and emergency supportive services being made available by the public children services agency on behalf of the children about whom the report is made, in an effort to prevent further neglect or abuse, to enhance their welfare, and, whenever possible, to preserve the family unit intact. The agency required to provide the services shall be the agency conducting the investigation of the report pursuant to section 2151.422 of the Revised Code.

(K)(1) Each public children services agency shall prepare a memorandum of understanding that is signed by all of the following:

(a) If there is only one juvenile judge in the county, the juvenile judge of the county or the juvenile judge's representative;
(b) If there is more than one juvenile judge in the county, a juvenile judge or the juvenile judges' representative selected by the juvenile judges or, if they are unable to do so for any reason, the juvenile judge who is senior in point of service or the senior juvenile judge's representative;
(c) The county peace officer;
(d) All chief municipal peace officers within the county;
(e) Other law enforcement officers handling child abuse and neglect cases in the county;
(f) The prosecuting attorney of the county;
(g) If the public children services agency is not the county department of job and family services, the county department of job and family services;
(h) The county humane society;
(i) If the public children services agency participated in the execution of a memorandum of understanding under section 2151.426 of the Revised Code establishing a children's advocacy center, each participating member of the children's advocacy center established by the memorandum.

(2) A memorandum of understanding shall set forth the normal operating procedure to be employed by all concerned officials in the execution of their respective responsibilities under this section and division (C) of section 2919.21, division (B)(1) of section 2919.22, division (B) of section 2919.23, and section 2919.24 of the Revised Code and shall have as two of its primary goals the elimination of all unnecessary interviews of children who are the subject of reports
made pursuant to division (A) or (B) of this section and, when feasible, providing for only one
interview of a child who is the subject of any report made pursuant to division (A) or (B) of
this section. A failure to follow the procedure set forth in the memorandum by the concerned officials
is not grounds for, and shall not result in, the dismissal of any charges or complaint arising from
any reported case of abuse or neglect or the suppression of any evidence obtained as a result
of any reported child abuse or child neglect and does not give, and shall not be construed as
giving, any rights or any grounds for appeal or post-conviction relief to any person.

(3) A memorandum of understanding shall include all of the following:
(a) The roles and responsibilities for handling emergency and nonemergency cases of
abuse and neglect;
(b) Standards and procedures to be used in handling and coordinating investigations of
reported cases of child abuse and reported cases of child neglect, methods to be used in
interviewing the child who is the subject of the report and who allegedly was abused or
neglected, and standards and procedures addressing the categories of persons who may
interview the child who is the subject of the report and who allegedly was abused or neglected.

(4) If a public children services agency participated in the execution of a memorandum of
understanding under section 2151.426 of the Revised Code establishing a children's advocacy
center, the agency shall incorporate the contents of that memorandum in the memorandum
prepared pursuant to this section.

(5) The clerk of the court of common pleas in the county may sign the memorandum of
understanding prepared under division (K)(1) of this section. If the clerk signs the memorandum
of understanding, the clerk shall execute all relevant responsibilities as required of officials
specified in the memorandum.

(L)(1) Except as provided in division (L)(4) or (5) of this section, a person who is required
to make a report pursuant to division (A) of this section may make a reasonable number of
requests of the public children services agency that receives or is referred the report, or of the
children's advocacy center that is referred the report if the report is referred to a children's
advocacy center pursuant to an interagency agreement entered into under section 2151.428 of
the Revised Code, to be provided with the following information:
(a) Whether the agency or center has initiated an investigation of the report;
(b) Whether the agency or center is continuing to investigate the report;
(c) Whether the agency or center is otherwise involved with the child who is the subject
of the report;
(d) The general status of the health and safety of the child who is the subject of the
report;
(e) Whether the report has resulted in the filing of a complaint in juvenile court or of
criminal charges in another court.

(2) A person may request the information specified in division (L)(1) of this section only
if, at the time the report is made, the person's name, address, and telephone number are
provided to the person who receives the report.

When a municipal or county peace officer or employee of a public children services
agency receives a report pursuant to division (A) or (B) of this section the recipient of the report
shall inform the person of the right to request the information described in division (L)(1) of this
section. The recipient of the report shall include in the initial child abuse or child neglect report
that the person making the report was so informed and, if provided at the time of the making of
the report, shall include the person's name, address, and telephone number in the report.

Each request is subject to verification of the identity of the person making the report. If
that person's identity is verified, the agency shall provide the person with the information
described in division (L)(1) of this section a reasonable number of times, except that the agency
shall not disclose any confidential information regarding the child who is the subject of the report
other than the information described in those divisions.
(3) A request made pursuant to division (L)(1) of this section is not a substitute for any report required to be made pursuant to division (A) of this section.

(4) If an agency other than the agency that received or was referred the report is conducting the investigation of the report pursuant to section 2151.422 of the Revised Code, the agency conducting the investigation shall comply with the requirements of division (L) of this section.

(5) A health care professional who made a report under division (A) of this section, or on whose behalf such a report was made as provided in division (A)(1)(c) of this section, may authorize a person to obtain the information described in division (L)(1) of this section if the person requesting the information is associated with or acting on behalf of the health care professional who provided health care services to the child about whom the report was made.

(M) The director of job and family services shall adopt rules in accordance with Chapter 119 of the Revised Code to implement this section. The department of job and family services may enter into a plan of cooperation with any other governmental entity to aid in ensuring that children are protected from abuse and neglect. The department shall make recommendations to the attorney general that the department determines are necessary to protect children from child abuse and child neglect.

(N) Whoever violates division (A) of this section is liable for compensatory and exemplary damages to the child who would have been the subject of the report that was not made. A person who brings a civil action or proceeding pursuant to this division against a person who is alleged to have violated division (A)(1) of this section may use in the action or proceeding reports of other incidents of known or suspected abuse or neglect, provided that any information in a report that would identify the child who is the subject of the report or the maker of the report, if the maker is not the defendant or an agent or employee of the defendant, has been redacted.

(O)(1) As used in this division:

(a) “Out-of-home care” includes a nonchartered nonpublic school if the alleged child abuse or child neglect, or alleged threat of child abuse or child neglect, described in a report received by a public children services agency allegedly occurred in or involved the nonchartered nonpublic school and the alleged perpetrator named in the report holds a certificate, permit, or license issued by the state board of education under section 3301.071 or Chapter 3319 of the Revised Code.

(b) “Administrator, director, or other chief administrative officer” means the superintendent of the school district if the out-of-home care entity subject to a report made pursuant to this section is a school operated by the district.

(2) No later than the end of the day following the day on which a public children services agency receives a report of alleged child abuse or child neglect, or a report of an alleged threat of child abuse or child neglect, that allegedly occurred in or involved an out-of-home care entity, the agency shall provide written notice of the allegations contained in and the person named as the alleged perpetrator in the report to the administrator, director, or other chief administrative officer of the out-of-home care entity that is the subject of the report unless the administrator, director, or other chief administrative officer is named as an alleged perpetrator in the report. If the administrator, director, or other chief administrative officer of an out-of-home care entity is named as an alleged perpetrator in a report of alleged child abuse or child neglect, or a report of an alleged threat of child abuse or child neglect, that allegedly occurred in or involved the out-of-home care entity, the agency shall provide the written notice to the owner or governing board of the out-of-home care entity that is the subject of the report. The agency shall not provide witness statements or police or other investigative reports.

(3) No later than three days after the day on which a public children services agency that conducted the investigation as determined pursuant to section 2151.422 of the Revised Code makes a disposition of an investigation involving a report of alleged child abuse or child neglect,
or a report of an alleged threat of child abuse or child neglect, that allegedly occurred in or involved an out-of-home care entity, the agency shall send written notice of the disposition of the investigation to the administrator, director, or other chief administrative officer and the owner or governing board of the out-of-home care entity. The agency shall not provide witness statements or police or other investigative reports.

(P) As used in this section:

(1) “Children's advocacy center” and “sexual abuse of a child” have the same meanings as in section 2151.425 of the Revised Code.

(2) “Health care professional” means an individual who provides health-related services including a physician, hospital intern or resident, dentist, podiatrist, registered nurse, licensed practical nurse, visiting nurse, licensed psychologist, speech pathologist, audiologist, person engaged in social work or the practice of professional counseling, and employee of a home health agency. “Health care professional” does not include a practitioner of a limited branch of medicine as specified in section 4731.15 of the Revised Code, licensed school psychologist, independent marriage and family therapist or marriage and family therapist, or coroner.

(3) “Investigation” means the public children services agency's response to an accepted report of child abuse or neglect through either an alternative response or a traditional response.

2903.13 Assault including against hospital staff member.

(A) No person shall knowingly cause or attempt to cause physical harm to another or to another's unborn.

(B) No person shall recklessly cause serious physical harm to another or to another's unborn.

(C)(1) Whoever violates this section is guilty of assault, and the court shall sentence the offender as provided in this division and divisions (C)(1), (2), (3), (4), (5), (6), (7), (8), (9), and (10) of this section. Except as otherwise provided in division (C)(2), (3), (4), (5), (6), (7), (8), or (9) of this section, assault is a misdemeanor of the first degree.

(2) Except as otherwise provided in this division, if the offense is committed by a caretaker against a functionally impaired person under the caretaker's care, assault is a felony of the fourth degree. If the offense is committed by a caretaker against a functionally impaired person under the caretaker's care, if the offender previously has been convicted of or pleaded guilty to a violation of this section or section 2903.11 or 2903.16 of the Revised Code, and if in relation to the previous conviction the offender was a caretaker and the victim was a functionally impaired person under the offender's care, assault is a felony of the third degree.

(3) If the offense occurs in or on the grounds of a state correctional institution or an institution of the department of youth services, the victim of the offense is an employee of the department of rehabilitation and correction or the department of youth services, and the offense is committed by a person incarcerated in the state correctional institution or by a person institutionalized in the department of youth services institution pursuant to a commitment to the department of youth services, assault is a felony of the third degree.

(4) If the offense is committed in any of the following circumstances, assault is a felony of the fifth degree:

(a) The offense occurs in or on the grounds of a local correctional facility, the victim of the offense is an employee of the local correctional facility or a probation department or is on the premises of the facility for business purposes or as a visitor, and the offense is committed by a person who is under custody in the facility subsequent to the person’s arrest for any crime or delinquent act, subsequent to the person’s being charged with or convicted of any crime, or subsequent to the person’s being alleged to be or adjudicated a delinquent child.

(b) The offense occurs off the grounds of a state correctional institution and off the grounds of an institution of the department of youth services, the victim of the offense is an
employee of the department of rehabilitation and correction, the department of youth services, or a probation department, the offense occurs during the employee's official work hours and while the employee is engaged in official work responsibilities, and the offense is committed by a person incarcerated in a state correctional institution or institutionalized in the department of youth services who temporarily is outside of the institution for any purpose, by a parolee, by an offender under transitional control, under a community control sanction, or on an escorted visit, by a person under post-release control, or by an offender under any other type of supervision by a government agency.

(c) The offense occurs off the grounds of a local correctional facility, the victim of the offense is an employee of the local correctional facility or a probation department, the offense occurs during the employee's official work hours and while the employee is engaged in official work responsibilities, and the offense is committed by a person who is under custody in the facility subsequent to the person's arrest for any crime or delinquent act, subsequent to the person being charged with or convicted of any crime, subsequent to the person being alleged to be or adjudicated a delinquent child and who temporarily is outside of the facility for any purpose or by a parolee, by an offender under transitional control, under a community control sanction, or on an escorted visit, by a person under post-release control, or by an offender under any other type of supervision by a government agency.

(d) The victim of the offense is a school teacher or administrator or a school bus operator, and the offense occurs in a school, on school premises, in a school building, on a school bus, or while the victim is outside of school premises or a school bus and is engaged in duties or official responsibilities associated with the victim's employment or position as a school teacher or administrator or a school bus operator, including, but not limited to, driving, accompanying, or chaperoning students at or on class or field trips, athletic events, or other school extracurricular activities or functions outside of school premises.

(e) If the victim of the offense is a peace officer or an investigator of the bureau of criminal identification and investigation, a firefighter, or a person performing emergency medical service, while in the performance of their official duties, assault is a felony of the fourth degree.

(f) If the victim of the offense is a peace officer or an investigator of the bureau of criminal identification and investigation and if the victim suffered serious physical harm as a result of the commission of the offense, assault is a felony of the fourth degree, and the court, pursuant to division (F) of section 2929.13 of the Revised Code, shall impose as a mandatory prison term one of the prison terms prescribed for a felony of the fourth degree that is at least twelve months in duration.

(g) If the victim of the offense is an officer or employee of a public children services agency or a private child placing agency and the offense relates to the officer's or employee's performance or anticipated performance of official responsibilities or duties, assault is either a felony of the fifth degree or, if the offender previously has been convicted of or pleaded guilty to an offense of violence, the victim of that prior offense was an officer or employee of a public children services agency or private child placing agency, and that prior offense related to the officer's or employee's performance or anticipated performance of official responsibilities or duties, a felony of the fourth degree.

(h) If the victim of the offense is a health care professional of a hospital, a health care worker of a hospital, or a security officer of a hospital whom the offender knows or has reasonable cause to know is a health care professional of a hospital, a health care worker of a hospital, or a security officer of a hospital, if the victim is engaged in the performance of the victim's duties, and if the hospital offers de-escalation or crisis intervention training for such professionals, workers, or officers, assault is one of the following:

(a) Except as otherwise provided in division (C)(8)(b) of this section, assault committed in the specified circumstances is a misdemeanor of the first degree. Notwithstanding the fine specified in division (A)(2)(b) of section 2929.28 of the Revised Code for a misdemeanor of the
Part I. Crime

Crime - General Provisions

Chapter 9. Crime, Records Check, False Claims and Fraud

first degree, in sentencing the offender under this division and if the court decides to impose a fine, the court may impose upon the offender a fine of not more than five thousand dollars.

(b) If the offender previously has been convicted of or pleaded guilty to one or more assault or homicide offenses committed against hospital personnel, assault committed in the specified circumstances is a felony of the fifth degree.

(9) If the victim of the offense is a judge, magistrate, prosecutor, or court official or employee whom the offender knows or has reasonable cause to know is a judge, magistrate, prosecutor, or court official or employee, and if the victim is engaged in the performance of the victim's duties, assault is one of the following:

(a) Except as otherwise provided in division (C)(8)(b) of this section, assault committed in the specified circumstances is a misdemeanor of the first degree. In sentencing the offender under this division, if the court decides to impose a fine, notwithstanding the fine specified in division (A)(2)(b) of section 2929.28 of the Revised Code for a misdemeanor of the first degree, the court may impose upon the offender a fine of not more than five thousand dollars.

(b) If the offender previously has been convicted of or pleaded guilty to one or more assault or homicide offenses committed against justice system personnel, assault committed in the specified circumstances is a felony of the fifth degree.

(10) If an offender who is convicted of or pleads guilty to assault when it is a misdemeanor also is convicted of or pleads guilty to a specification as described in section 2941.1423 of the Revised Code that was included in the indictment, count in the indictment, or information charging the offense, the court shall sentence the offender to a mandatory jail term as provided in division (G) of section 2929.24 of the Revised Code.

If an offender who is convicted of or pleads guilty to assault when it is a felony also is convicted of or pleads guilty to a specification as described in section 2941.1423 of the Revised Code that was included in the indictment, count in the indictment, or information charging the offense, except as otherwise provided in division (C)(6) of this section, the court shall sentence the offender to a mandatory prison term as provided in division (B)(8) of section 2929.14 of the Revised Code.

(D) As used in this section:

(1) "Peace officer" has the same meaning as in section 2935.01 of the Revised Code.

(2) "Firefighter" has the same meaning as in section 3937.41 of the Revised Code.

(3) "Emergency medical service" has the same meaning as in section 4765.01 of the Revised Code.

(4) "Local correctional facility" means a county, multicounty, municipal, municipal-county, or multicounty-municipal jail or workhouse, a minimum security jail established under section 341.23 or 753.21 of the Revised Code, or another county, multicounty, municipal, municipal-county, or multicounty-municipal facility used for the custody of persons arrested for any crime or delinquent act, persons charged with or convicted of any crime, or persons alleged to be or adjudicated a delinquent child.

(5) "Employee of a local correctional facility" means a person who is an employee of the political subdivision or of one or more of the affiliated political subdivisions that operates the local correctional facility and who operates or assists in the operation of the facility.

(6) "School teacher or administrator" means either of the following:

(a) A person who is employed in the public schools of the state under a contract described in section 3311.77 or 3319.08 of the Revised Code in a position in which the person is required to have a certificate issued pursuant to sections 3319.22 to 3319.311 of the Revised Code.

(b) A person who is employed by a nonpublic school for which the state board of education prescribes minimum standards under section 3301.07 of the Revised Code and who is certificated in accordance with section 3301.071 of the Revised Code.

(7) "Community control sanction" has the same meaning as in section 2929.01 of the Revised Code.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

Revised Code.

(8) “Escorted visit” means an escorted visit granted under section 2967.27 of the Revised Code.

(9) “Post-release control” and “transitional control” have the same meanings as in section 2967.01 of the Revised Code.

(10) “Investigator of the bureau of criminal identification and investigation” has the same meaning as in section 2903.11 of the Revised Code.

(11) “Health care professional” and “health care worker” have the same meanings as in section 2305.234 of the Revised Code.

(12) “Assault or homicide offense committed against hospital personnel” means a violation of this section or of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.041, 2903.11, 2903.12, or 2903.14 of the Revised Code committed in circumstances in which all of the following apply:

(a) The victim of the offense was a health care professional of a hospital, a health care worker of a hospital, or a security officer of a hospital.

(b) The offender knew or had reasonable cause to know that the victim was a health care professional of a hospital, a health care worker of a hospital, or a security officer of a hospital.

(c) The victim was engaged in the performance of the victim’s duties.

(d) The hospital offered de-escalation or crisis intervention training for such professionals, workers, or officers.

(13) “De-escalation or crisis intervention training” means de-escalation or crisis intervention training for health care professionals of a hospital, health care workers of a hospital, and security officers of a hospital to facilitate interaction with patients, members of a patient's family, and visitors, including those with mental impairments.

(14) “Assault or homicide offense committed against justice system personnel” means a violation of this section or of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.041, 2903.11, 2903.12, or 2903.14 of the Revised Code committed in circumstances in which the victim of the offense was a judge, magistrate, prosecutor, or court official or employee whom the offender knew or had reasonable cause to know was a judge, magistrate, prosecutor, or court official or employee, and the victim was engaged in the performance of the victim’s duties.

(15) “Court official or employee” means any official or employee of a court created under the constitution or statutes of this state or of a United States court located in this state.

(16) “Judge” means a judge of a court created under the constitution or statutes of this state or of a United States court located in this state.

(17) “Magistrate” means an individual who is appointed by a court of record of this state and who has the powers and may perform the functions specified in Civil Rule 53, Criminal Rule 19, or Juvenile Rule 40, or an individual who is appointed by a United States court located in this state who has similar powers and functions.

(18) “Prosecutor” has the same meaning as in section 2935.01 of the Revised Code.

(19)(a) “Hospital” means, subject to division (D)(19)(b) of this section, an institution classified as a hospital under section 3701.01 of the Revised Code which is provided to patients diagnostic, medical, surgical, obstetrical, psychiatric, or rehabilitation care or a hospital operated by a health maintenance organization.

(b) “Hospital” does not include any of the following:

(i) A facility licensed under Chapter 3721 of the Revised Code, a health care facility operated by the department of mental health or the department of developmental disabilities, a health maintenance organization that does not operate a hospital, or the office of any private, licensed health care professional, whether organized for individual or group practice;

(ii) An institution for the sick that is operated exclusively for patients who use spiritual means for healing and for whom the acceptance of medical care is inconsistent with their
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

religious beliefs, accredited by a national accrediting organization, exempt from federal income taxation under section 501 of the “Internal Revenue Code of 1986,” 100 Stat. 2085, 26 U.S.C. 1, as amended, and providing twenty-four-hour nursing care pursuant to the exemption in division (E) of section 4723.32 of the Revised Code from the licensing requirements of Chapter 4723 of the Revised Code.

(20) “Health maintenance organization” has the same meaning as in section 3727.01 of the Revised Code.

2903.33 Patient abuse; definitions.

As used in sections 2903.33 to 2903.36 of the Revised Code:

(A) “Care facility” means any of the following:
(1) Any “home” as defined in section 3721.10 of the Revised Code;
(2) Any “residential facility” as defined in section 5123.19 of the Revised Code;
(3) Any institution or facility operated or provided by the department of mental health and addiction services or by the department of developmental disabilities pursuant to sections 5119.14 and 5123.03 of the Revised Code;
(4) Any “residential facility” as defined in section 5119.34 of the Revised Code;
(5) Any unit of any hospital, as defined in section 3701.01 of the Revised Code, that provides the same services as a nursing home, as defined in section 3721.01 of the Revised Code;
(6) Any institution, residence, or facility that provides, for a period of more than twenty-four hours, whether for a consideration or not, accommodations to one individual or two unrelated individuals who are dependent upon the services of others.

(B) “Abuse” means knowingly causing physical harm or recklessly causing serious physical harm to a person by physical contact with the person or by the inappropriate use of a physical or chemical restraint, medication, or isolation on the person.

(C)(1) “Gross neglect” means knowingly failing to provide a person with any treatment, care, goods, or service that is necessary to maintain the health or safety of the person when the failure results in physical harm or serious physical harm to the person.
(2) “Neglect” means recklessly failing to provide a person with any treatment, care, goods, or service that is necessary to maintain the health or safety of the person when the failure results in serious physical harm to the person.

(D) “Inappropriate use of a physical or chemical restraint, medication, or isolation” means the use of physical or chemical restraint, medication, or isolation as punishment, for staff convenience, excessively, as a substitute for treatment, or in quantities that preclude habilitation and treatment.

2903.34 Abuse or neglect of a patient.

(A) No person who owns, operates, or administers, or who is an agent or employee of, a care facility shall do any of the following:
(1) Commit abuse against a resident or patient of the facility;
(2) Commit gross neglect against a resident or patient of the facility;
(3) Commit neglect against a resident or patient of the facility.

(B)(1) A person who relies upon treatment by spiritual means through prayer alone, in accordance with the tenets of a recognized religious denomination, shall not be considered neglected under division (A)(3) of this section for that reason alone.
(2) It is an affirmative defense to a charge of gross neglect or neglect under this section that the actor’s conduct was committed in good faith solely because the actor was ordered to commit the conduct by a person with supervisory authority over the actor.
(C) Whoever violates division (A)(1) of this section is guilty of patient abuse, a felony of the fourth degree. If the offender previously has been convicted of, or pleaded guilty to, any violation of this section, patient abuse is a felony of the third degree.

(D) Whoever violates division (A)(2) of this section is guilty of gross patient neglect, a misdemeanor of the first degree. If the offender previously has been convicted of, or pleaded guilty to, any violation of this section, gross patient neglect is a felony of the fifth degree.

(E) Whoever violates division (A)(3) of this section is guilty of patient neglect, a misdemeanor of the second degree. If the offender previously has been convicted of or pleaded guilty to any violation of this section, patient neglect is a felony of the fifth degree.

2903.341 Patient endangerment; defenses.

(A) As used in this section:

(1) “Developmental disabilities caretaker” means any developmental disabilities employee or any person who assumes the duty to provide for the care and protection of a person with a developmental disability on a voluntary basis, by contract, through receipt of payment for care and protection, as a result of a family relationship, or by order of a court of competent jurisdiction. “Developmental disabilities caretaker” includes a person who is an employee of a care facility and a person who is an employee of an entity under contract with a provider. “Developmental disabilities caretaker” does not include a person who owns, operates, or administers a care facility or who is an agent of a care facility unless that person also personally provides care to a person with a developmental disability.

(2) Developmental disabilities employee” has the same meaning as in section 5123.50 of the Revised Code.

(3) “Developmental disability” has the same meaning as in section 5123.01 of the Revised Code.

(B) No developmental disabilities caretaker shall create a substantial risk to the health or safety of a person with a developmental disability. A developmental disabilities caretaker does not create a substantial risk to the health or safety of a person with a developmental disability under this division when the developmental disabilities caretaker treats a physical or mental illness or defect of the person with a developmental disability by spiritual means through prayer alone, in accordance with the tenets of a recognized religious body.

(C) No person who owns, operates, or administers a care facility or who is an agent of a care facility shall condone, or knowingly permit, any conduct by a developmental disabilities caretaker who is employed by or under the control of the owner, operator, administrator, or agent that is in violation of division (B) of this section and that involves a person with a developmental disability who is under the care of the owner, operator, administrator, or agent. A person who relies upon treatment by spiritual means through prayer alone, in accordance with the tenets of a recognized religious denomination, shall not be considered endangered under this division for that reason alone.

(D)(1) It is an affirmative defense to a charge of a violation of division (B) or (C) of this section that the actor’s conduct was committed in good faith solely because the actor was ordered to commit the conduct by a person to whom one of the following applies:

(a) The person has supervisory authority over the actor.

(b) The person has authority over the actor’s conduct pursuant to a contract for the provision of services.

(2) It is an affirmative defense to a charge of a violation of division (C) of this section that the person who owns, operates, or administers a care facility or who is an agent of a care facility and who is charged with the violation is following the individual service plan for the involved person with a developmental disability or that the admission, discharge, and transfer rule set forth in the Administrative Code is being followed.
(3) It is an affirmative defense to a charge of a violation of division (C) of this section that
the actor did not have readily available a means to prevent either the harm to the person with a
developmental disability or the death of such a person and the actor took reasonable steps to
summon aid.

(E)(1) Except as provided in division (E)(2) or (E)(3) of this section, whoever violates
division (B) or (C) of this section is guilty of patient endangerment, a misdemeanor of the first
degree.

(2) If the offender previously has been convicted of, or pleaded guilty to, a violation of
this section, patient endangerment is a felony of the fourth degree.

(3) If the violation results in serious physical harm to the person with a developmental
disability, patient endangerment is a felony of the third degree.

2907.28 Victim or accused’s medical exam.

(A) Any cost incurred by a hospital or emergency medical facility in conducting a medical
examination of a victim of an offense under any provision of sections 2907.02 to 2907.06 of the
Revised Code for the purpose of gathering physical evidence for a possible prosecution,
including the cost of any antibiotics administered as part of the examination and the cost of HIV
post-exposure prophylaxis provided as part of the examination, shall be paid out of the
reparations fund established pursuant to section 2743.191 of the Revised Code, subject to the
following conditions:

(1) The hospital or emergency facility shall follow a protocol for conducting such medical
examinations that is identified by the attorney general in rule adopted in accordance with
Chapter 119 of the Revised Code.

(2) The hospital or emergency facility shall submit requests for payment to the attorney
general on a monthly basis, through a procedure determined by the attorney general and on
forms approved by the attorney general. The requests shall identify the number of sexual
assault examinations performed and the number of sexual assault examinations in which HIV
post-exposure prophylaxis was provided and shall verify that all required protocols were met for
each examination form submitted for payment in the request.

(3) The attorney general shall review all requests for payment that are submitted under
division (A)(2) of this section and shall submit for payment as described in division (A)(5) of this
section all requests that meet the requirements of this section.

(4)(a) The hospital or emergency facility shall accept a flat fee payment for conducting
each examination in the amount determined by the attorney general pursuant to Chapter 119 of
the Revised Code as payment in full for any cost incurred in conducting a medical examination
and test of a victim of an offense under any provision of sections 2907.02 to 2907.06 of the
Revised Code for the purpose of gathering physical evidence for a possible prosecution of a
person, other than the cost of providing HIV post-exposure prophylaxis. The attorney general
shall determine a flat fee payment amount to be paid under this division that is reasonable.

(b) The hospital or emergency facility shall accept a flat fee payment for providing HIV
post-exposure prophylaxis in the amount determined by the attorney general pursuant to
Chapter 119 of the Revised Code as payment in full for any cost incurred in providing HIV post-
exposure prophylaxis while conducting a medical examination and test of a victim of an offense
under any provision of sections 2907.02 to 2907.06 of the Revised Code for the purpose of
gathering physical evidence for a possible prosecution of a person. The attorney general shall
determine a reasonable flat fee payment amount to be paid under this division.

(5) In approving a payment under this section, the attorney general shall order the
payment against the state. The payment shall be accomplished only through the following
procedure, and the procedure may be enforced through a mandamus action and a writ of
mandamus directed to the appropriate official:
(a) The attorney general shall provide for payment in the amount set forth in the order.
(b) The expense of the payment of the amount described in this section shall be charged
against all available unencumbered moneys in the reparations fund.
(B) No costs incurred by a hospital or emergency facility in conducting a medical
examination and test of any victim of an offense under any provision of sections 2907.02 to
2907.06 of the Revised Code for the purpose of gathering physical evidence for a possible
prosecution of a person shall be billed or charged directly or indirectly to the victim or the
victim's insurer.
(C) Any cost incurred by a hospital or emergency medical facility in conducting a medical
examination and test of any person who is charged with a violation of division (B) of section
2903.11 or of section 2907.02, 2907.03, 2907.04, 2907.05, 2907.12, 2907.24, 2907.241, or
2907.25 of the Revised Code, with a violation of a municipal ordinance that is substantially
equivalent to that division or any of those sections, or with a violation of a statute or municipal
ordinance under which by force or threat of force the accused compelled the victim to engage in
sexual activity, pursuant to division (B) of section 2907.27 of the Revised Code, shall be
charged to and paid by the accused who undergoes the examination and test, unless the court
determines that the accused is unable to pay, in which case the cost shall be charged to and
paid by the county if the offense allegedly was committed within an unincorporated area. If
separate counts of an alleged offense or alleged separate offenses under division (B) of section
2903.11 or section 2907.02, 2907.03, 2907.04, 2907.05, 2907.12, 2907.24, 2907.241, or
2907.25 of the Revised Code, under a municipal ordinance that is substantially equivalent to
that division or any of those sections, or under a statute or municipal ordinance in violation of
which by force or threat of force the accused compelled the victim to engage in sexual activity
took place in more than one municipal corporation or more than one unincorporated area, or
both, the local governments shall share the cost of the examination and test. If a hospital or
other emergency medical facility has submitted charges for the cost of a medical examination
and test to an accused and has been unable to collect payment for the charges after making
good faith attempts to collect for a period of six months or more, the cost shall be charged to
and paid by the appropriate municipal corporation or county as specified in division (C) of this
section.
(D) As used in this section:
(1) “AIDS” and “HIV” have the same meanings as in section 3701.24 of the Revised
Code.
(2) “HIV post-exposure prophylaxis” means the administration of medicines to prevent
AIDS or HIV infection following exposure to HIV.

2907.29 Victim's emergency medical services.

Every hospital of this state that offers organized emergency services shall provide that a
physician, a physician assistant, a clinical nurse specialist, a certified nurse practitioner, or a
certified nurse-midwife is available on call twenty-four hours each day for the examination of
persons reported to any law enforcement agency to be victims of sexual offenses cognizable as
violations of any provision of sections 2907.02 to 2907.06 of the Revised Code. The physician,
physician assistant, clinical nurse specialist, certified nurse practitioner, or certified nurse-
midwife, upon the request of any peace officer or prosecuting attorney and with the consent of
the reported victim or upon the request of the reported victim, shall examine the person for the
purposes of gathering physical evidence and shall complete any written documentation of the
physical examination. The director of health shall establish procedures for gathering evidence
under this section.

Each reported victim shall be informed of available venereal disease, pregnancy,
medical, and psychiatric services.

Notwithstanding any other provision of law, a minor may consent to examination under this section. The consent is not subject to disaffirmance because of minority, and consent of the parent, parents, or guardian of the minor is not required for an examination under this section. However, the hospital shall give written notice to the parent, parents, or guardian of a minor that an examination under this section has taken place. The parent, parents, or guardian of a minor giving consent under this section are not liable for payment for any services provided under this section without their consent.

2907.30 Interview by peace officer with crisis training.

(A) A victim of a sexual offense cognizable as a violation of section 2907.02 of the Revised Code who is interviewed by a law enforcement agency shall be interviewed by a peace officer employed by the agency who has had crisis intervention training, if any of the peace officers employed by the agency who have had crisis intervention training is reasonably available.

(B) When a person is charged with a violation of section 2907.02, 2907.03, 2907.04, 2907.05, or 2907.06 of the Revised Code and the law enforcement agency that arrested the person or a court discovers that the person arrested or a person whom the person arrested caused to engage in sexual activity has a communicable disease, the law enforcement agency that arrested the person or the court immediately shall notify the victim of the nature of the disease.

(C) As used in this section, "crisis intervention training" has the same meaning as in section 109.71 of the Revised Code.

2921.22 Reporting requirement for felony, gunshot, stabbing, burn injuries and suspected domestic violence.

(A)(1) Except as provided in division (A)(2) of this section, no person, knowing that a felony has been or is being committed, shall knowingly fail to report such information to law enforcement authorities.

(2) No person, knowing that a violation of division (B) of section 2913.04 of the Revised Code has been, or is being committed or that the person has received information derived from such a violation, shall knowingly fail to report the violation to law enforcement authorities.

(B) Except for conditions that are within the scope of division (E) of this section, no person giving aid to a sick or injured person shall negligently fail to report to law enforcement authorities any gunshot or stab wound treated or observed by the person, or any serious physical harm to persons that the person knows or has reasonable cause to believe resulted from an offense of violence.

(C) No person who discovers the body or acquires the first knowledge of the death of a person shall fail to report the death immediately to a physician or advanced practice registered nurse whom the person knows to be treating the deceased for a condition from which death at such time would not be unexpected, or to a law enforcement officer, an ambulance service, an emergency squad, or the coroner in a political subdivision in which the body is discovered, the death is believed to have occurred, or knowledge concerning the death is obtained. For purposes of this division, "advanced practice registered nurse" does not include a certified registered nurse anesthetist.

(D) No person shall fail to provide upon request of the person to whom a report required by division (C) of this section was made, or to any law enforcement officer who has reasonable cause to assert the authority to investigate the circumstances surrounding the death, any facts within the person's knowledge that may have a bearing on the investigation of the death.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

(E)(1) As used in this division, “burn injury” means any of the following:
(a) Second or third degree burns;
(b) Any burns to the upper respiratory tract or laryngeal edema due to the inhalation of superheated air;
(c) Any burn injury or wound that may result in death;
(d) Any physical harm to persons caused by or as the result of the use of fireworks, novelties and trick noisemakers, and wire sparklers, as each is defined by section 3743.01 of the Revised Code.

(2) No physician, nurse, physician assistant, or limited practitioner who, outside a hospital, sanitarium, or other medical facility, attends or treats a person who has sustained a burn injury that is inflicted by an explosion or other incendiary device or that shows evidence of having been inflicted in a violent, malicious, or criminal manner shall fail to report the burn injury immediately to the local arson, or fire and explosion investigation, bureau, if there is a bureau of this type in the jurisdiction in which the person is attended or treated, or otherwise to local law enforcement authorities.

(3) No manager, superintendent, or other person in charge of a hospital, sanitarium, or other medical facility in which a person is attended or treated for any burn injury that is inflicted by an explosion or other incendiary device or that shows evidence of having been inflicted in a violent, malicious, or criminal manner shall fail to report the burn injury immediately to the local arson, or fire and explosion investigation, bureau, if there is a bureau of this type in the jurisdiction in which the person is attended or treated, or otherwise to local law enforcement authorities.

(4) No person who is required to report any burn injury under division (E)(2) or (3) of this section shall fail to file, within three working days after attending or treating the victim, a written report of the burn injury with the office of the state fire marshal. The report shall comply with the uniform standard developed by the state fire marshal pursuant to division (A)(15) of section 3737.22 of the Revised Code.

(5) Anyone participating in the making of reports under division (E) of this section or anyone participating in a judicial proceeding resulting from the reports is immune from any civil or criminal liability that otherwise might be incurred or imposed as a result of such actions. Notwithstanding section 4731.22 of the Revised Code, the physician-patient relationship or advanced practice registered nurse-patient relationship is not a ground for excluding evidence regarding a person's burn injury or the cause of the burn injury in any judicial proceeding resulting from a report submitted under division (E) of this section.

(F)(1) Any doctor of medicine or osteopathic medicine, hospital intern or resident, nurse, psychologist, social worker, independent social worker, social work assistant, licensed professional clinical counselor, licensed professional counselor, independent marriage and family therapist, or marriage and family therapist who knows or has reasonable cause to believe that a patient or client has been the victim of domestic violence, as defined in section 3113.31 of the Revised Code, shall note that knowledge or belief and the basis for it in the patient's or client's records.

(2) Notwithstanding section 4731.22 of the Revised Code, the physician-patient privilege or advanced practice registered nurse-patient privilege shall not be a ground for excluding any information regarding the report containing the knowledge or belief noted under division (F)(1) of this section, and the information may be admitted as evidence in accordance with the Rules of Evidence.

(G) Divisions (A) and (D) of this section do not require disclosure of information, when any of the following applies:
(1) The information is privileged by reason of the relationship between attorney and client; physician and patient; advanced practice registered nurse and patient; licensed psychologist or licensed school psychologist and client; licensed professional clinical counselor,
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

licensed professional counselor, independent social worker, social worker, independent marriage and family therapist, or marriage and family therapist and client; member of the clergy, rabbi, minister, or priest and any person communicating information confidentially to the member of the clergy, rabbi, minister, or priest for a religious counseling purpose of a professional character; husband and wife; or a communications assistant and those who are a party to a telecommunications relay service call.

(2) The information would tend to incriminate a member of the actor's immediate family.

(3) Disclosure of the information would amount to revealing a news source, privileged under section 2739.04 or 2739.12 of the Revised Code.

(4) Disclosure of the information would amount to disclosure by a member of the ordained clergy of an organized religious body of a confidential communication made to that member of the clergy in that member's capacity as a member of the clergy by a person seeking the aid or counsel of that member of the clergy.

(5) Disclosure would amount to revealing information acquired by the actor in the course of the actor’s duties in connection with a bona fide program of treatment or services for drug dependent persons or persons in danger of drug dependence, which program is maintained or conducted by a hospital, clinic, person, agency, or community addiction services provider whose alcohol and drug addiction services are certified pursuant to section 5119.36 of the Revised Code.

(6) Disclosure would amount to revealing information acquired by the actor in the course of the actor’s duties in connection with a bona fide program for providing counseling services to victims of crimes that are violations of section 2907.02 or 2907.05 of the Revised Code or to victims of felonious sexual penetration in violation of former section 2907.12 of the Revised Code. As used in this division, “counseling services” include services provided in an informal setting by a person who, by education or experience, is competent to provide those services.

(H) No disclosure of information pursuant to this section gives rise to any liability or recrimination for a breach of privilege or confidence.

(I) Whoever violates division (A) or (B) of this section is guilty of failure to report a crime. Violation of division (A)(1) of this section is a misdemeanor of the fourth degree. Violation of division (A)(2) or (B) of this section is a misdemeanor of the second degree.

(J) Whoever violates division (C) or (D) of this section is guilty of failure to report knowledge of a death, a misdemeanor of the fourth degree.

(K)(1) Whoever negligently violates division (E) of this section is guilty of a minor misdemeanor.

(2) Whoever knowingly violates division (E) of this section is guilty of a misdemeanor of the second degree.

(L) As used in this section, “nurse” includes an advanced practice registered nurse, registered nurse, and licensed practical nurse.

2927.01 Human corpse abuse.

(A) No person, except as authorized by law, shall treat a human corpse in a way that the person knows would outrage reasonable family sensibilities.

(B) No person, except as authorized by law, shall treat a human corpse in a way that would outrage reasonable community sensibilities.

(C) Whoever violates division (A) of this section is guilty of abuse of a corpse, a misdemeanor of the second degree. Whoever violates division (B) of this section is guilty of gross abuse of a corpse, a felony of the fifth degree.
**3721.22 Abuse of patient; duty to report; immunity.**

(A)(1) No person identified in division (P)(1) to (12), (14), or (15) of section 3721.21 of the Revised Code who knows or suspects that a resident has been abused, neglected, or exploited, or that a resident's property has been misappropriated, by any individual used by a long-term care facility or residential care facility to provide services to residents, shall fail to report that knowledge or suspicion to the facility.

(2) No nursing home administrator licensed or temporarily licensed under Chapter 4751 of the Revised Code, and no administrator of a residential care facility, who knows or suspects that a resident has been abused, neglected, or exploited, or that a resident's property has been misappropriated, by any individual used by a long-term care facility or residential care facility to provide services to residents, shall fail to report that knowledge or suspicion to the director of health.

(B) Any person, including a resident, who knows or suspects that a resident has been abused, neglected, or exploited, or that a resident's property has been misappropriated, by any individual used by a long-term care facility or residential care facility to provide services to residents, may report that knowledge or suspicion to the director of health.

(C) Any person who in good faith reports suspected abuse, neglect, exploitation, or misappropriation to a facility or the director of health, provides information during an investigation of suspected abuse, neglect, exploitation, or misappropriation conducted by the director, or participates in a hearing conducted under section 3721.23 of the Revised Code is not subject to criminal prosecution, liable in damages in a tort or other civil action, or subject to professional disciplinary action because of injury or loss to person or property allegedly arising from the making of the report, provision of information, or participation in the hearing.

(D) If the director has reason to believe that a violation of division (A) of this section has occurred, the director may report the suspected violation to the appropriate professional licensing authority and to the attorney general, county prosecutor, or other appropriate law enforcement official.

(E) No person shall knowingly make a false allegation of abuse, neglect, or exploitation of a resident or misappropriation of a resident's property, or knowingly swear or affirm the truth of a false allegation, when the allegation is made for the purpose of incriminating another.

**3727.08 Domestic violence; hospital protocols.**

Not later than ninety days after the effective date of this section, every hospital shall adopt protocols providing for conducting an interview with the patient, for conducting one or more interviews, separate and apart from the interview with the patient, with any family or household member present, and for creating whenever possible a photographic record of the patient's injuries, in situations in which a doctor of medicine or osteopathic medicine, hospital intern or resident, or registered, advanced practice registered, or licensed practical nurse knows or has reasonable cause to believe that the patient has been the victim of domestic violence, as defined in section 3113.31 of the Revised Code.

**3727.18 Hospital may post warning notice regarding assaults against staff.**

(A) Any hospital may post the notice described in division (B) of this section in accordance with this division. A hospital that decides to post the notice shall consider posting it in a conspicuous location in all of the following areas:

(1) Major waiting room areas, including the waiting room areas of the emergency department, the labor and delivery department, the surgical department or unit, and the intensive care unit;
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

(2) The main entrance to the hospital;
(3) Any other area that the hospital determines to be appropriate.
(B) A notice posted pursuant to division (A) of this section shall include, at a minimum, all of the following statements and information:

"WE WILL NOT TOLERATE
any form of threatening or
aggressive behavior
toward our staff.
Assaults against our staff might
result in a felony conviction.
All staff have the right to carry out
their work without fearing for their safety."

4113.52 Ohio whistleblower protections; retaliation.

(A)(1)(a) If an employee becomes aware in the course of the employee's employment of a violation of any state or federal statute or any ordinance or regulation of a political subdivision that the employee's employer has authority to correct, and the employee reasonably believes that the violation is a criminal offense that is likely to cause an imminent risk of physical harm to persons or a hazard to public health or safety, a felony, or an improper solicitation for a contribution, the employee orally shall notify the employee's supervisor or other responsible officer of the employee's employer of the violation and subsequently shall file with that supervisor or officer a written report that provides sufficient detail to identify and describe the violation. If the employer does not correct the violation or make a reasonable and good faith effort to correct the violation within twenty-four hours after the oral notification or the receipt of the report, whichever is earlier, the employer may file a written report that provides sufficient detail to identify and describe the violation with the prosecuting authority of the county or municipal corporation where the violation occurred, with a peace officer, with the inspector general if the violation is within the inspector general's jurisdiction, or with any other appropriate public official or agency that has regulatory authority over the employer and the industry, trade, or business in which the employer is engaged.

(b) If an employee makes a report under division (A)(1)(a) of this section, the employer, within twenty-four hours after the oral notification was made or the report was received or by the close of business on the next regular business day following the day on which the oral notification was made or the report was received, whichever is later, shall notify the employee, in writing, of any effort of the employer to correct the alleged violation or hazard or of the absence of the alleged violation or hazard.

(2) If an employee becomes aware in the course of the employee's employment of a violation of chapter 3704, 3734, 6109, or 6111 of the Revised Code that is a criminal offense, the employee directly may notify, either orally or in writing, any appropriate public official or agency that has regulatory authority over the employer and the industry, trade, or business in which the employer is engaged.

(3) If an employee becomes aware in the course of the employee's employment of a violation by a fellow employee of any state or federal statute, any ordinance or regulation of a political subdivision, or any work rule or company policy of the employee's employer and the employee reasonably believes that the violation is a criminal offense that is likely to cause an imminent risk of physical harm to persons or a hazard to public health or safety, a felony, or an improper solicitation for a contribution, the employee orally shall notify the employee's supervisor or other responsible officer of the employee's employer of the violation and
subsequently shall file with that supervisor or officer a written report that provides sufficient detail to identify and describe the violation.

(B) Except as otherwise provided in division (C) of this section, no employer shall take any disciplinary or retaliatory action against an employee for making any report authorized by division (A)(1) or (2) of this section, or as a result of the employee's having made any inquiry or taken any other action to ensure the accuracy of any information reported under either such division. No employer shall take any disciplinary or retaliatory action against an employee for making any report authorized by division (A)(3) of this section if the employee made a reasonable and good faith effort to determine the accuracy of any information so reported, or as a result of the employee's having made any inquiry or taken any other action to ensure the accuracy of any information reported under that division. For purposes of this division, disciplinary or retaliatory action by the employer includes, without limitation, doing any of the following:

(1) Removing or suspending the employee from employment;
(2) Withholding from the employee salary increases or employee benefits to which the employee is otherwise entitled;
(3) Transferring or reassigning the employee;
(4) Denying the employee a promotion that otherwise would have been received;
(5) Reducing the employee in pay or position.

(C) An employee shall make a reasonable and good faith effort to determine the accuracy of any information reported under division (A)(1) or (2) of this section. If the employee who makes a report under either division fails to make such an effort, the employee may be subject to disciplinary action by the employee's employer, including suspension or removal, for reporting information without a reasonable basis to do so under division (A)(1) or (2) of this section.

(D) If an employer takes any disciplinary or retaliatory action against an employee as a result of the employee's having filed a report under division (A) of this section, the employee may bring a civil action for appropriate injunctive relief or for the remedies set forth in division (E) of this section, or both, within one hundred eighty days after the date the disciplinary or retaliatory action was taken, in a court of common pleas in accordance with the Rules of Civil Procedure. A civil action under this division is not available to an employee as a remedy for any disciplinary or retaliatory action taken by an appointing authority against the employee as a result of the employee's having filed a report under division (A) of section 124.341 of the Revised Code.

(E) The court, in rendering a judgment for the employee in an action brought pursuant to division (D) of this section, may order, as it determines appropriate, reinstatement of the employee to the same position that the employee held at the time of the disciplinary or retaliatory action and at the same site of employment or to a comparable position at that site, the payment of back wages, full reinstatement of fringe benefits and seniority rights, or any combination of these remedies. The court also may award the prevailing party all or a portion of the costs of litigation and, if the employee who brought the action prevails in the action, may award the prevailing employee reasonable attorney's fees, witness fees, and fees for experts who testify at trial, in an amount the court determines appropriate. If the court determines that an employer deliberately has violated division (B) of this section, the court, in making an award of back pay, may include interest at the rate specified in section 1343.03 of the Revised Code.

(F) Any report filed with the inspector general under this section shall be filed as a complaint in accordance with section 121.46 of the Revised Code.

(G) As used in this section:

(1) "Contribution" has the same meaning as in section 3517.01 of the Revised Code.
(2) "Improper solicitation for a contribution" means a solicitation for a contribution that satisfies all of the following:
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

(a) The solicitation violates division (B), (C), or (D) of section 3517.092 of the Revised Code;
(b) The solicitation is made in person by a public official or by an employee who has a supervisory role within the public office;
(c) The public official or employee knowingly made the solicitation, and the solicitation violates division (B), (C), or (D) of section 3517.092 of the Revised Code;
(d) The employee reporting the solicitation is an employee of the same public office as the public official or the employee with the supervisory role who is making the solicitation.

4973.17 Commission of hospital police.

(A)(1) Upon the application of any bank; savings and loan association; savings bank; credit union; or association of banks, savings and loan associations, savings banks, or credit unions in this state, the secretary of state may appoint and commission any persons that the bank; savings and loan association; savings bank; credit union; or association of banks, savings and loan associations, savings banks, or credit unions designates, or as many of those persons as the secretary of state considers proper, to act as police officers for and on the premises of that bank; savings and loan association; savings bank; credit union; or association of banks, savings and loan associations, savings banks, or credit unions; or elsewhere, when directly in the discharge of their duties. Police officers so appointed shall be citizens of this state and of good character. Police officers so appointed who start to perform their duties on or after April 14, 2006, shall successfully complete a training program approved by the Ohio peace officer training commission described in section 109.71 of the Revised Code and be certified by the commission within six months after starting to perform their duties. Police officers so appointed shall hold office for three years, unless, for good cause shown, their commission is revoked by the secretary of state, or by the bank; savings and loan association; savings bank; credit union; or association of banks, savings and loan associations, savings banks, or credit unions, as provided by law.

(2) Persons commissioned as police officers pursuant to division (A) of this section prior to April 14, 2006, who have not successfully completed a training program approved by the Ohio peace officer training commission, and who have not been certified by the commission, may be reappointed and re-commissioned by the secretary of state only during the person's continuous employment as a police officer by the institution for which the person was employed on April 14, 2006, or by a successor institution to the institution for which the person was employed on April 14, 2006. The secretary of state shall note on such appointments and commissions that the person is not a peace officer as defined in section 109.71 of the Revised Code.

(3) For the exclusive purpose of assigning break in service update training as prescribed in rule 109:2-1-12 (D) of the Administrative Code, a police officer appointed under division (A) of this section, who began performing police officer duties on or before April 14, 2006, shall be credited as holding a valid peace officer appointment retroactive to the date on which the officer began performing these duties.

(B) Upon the application of a company owning or using a railroad in this state and subject to section 4973.171 of the Revised Code, the secretary of state may appoint and commission any persons that the railroad company designates, or as many of those persons as the secretary of state considers proper, to act as police officers for and on the premises of the railroad company, its affiliates or subsidiaries, or elsewhere, when directly in the discharge of their duties. Police officers so appointed, within the time set by the Ohio peace officer training commission, shall successfully complete a commission approved training program and be certified by the commission. They shall hold office for three years, unless, for good cause shown, their commission is revoked by the secretary of state, or railroad company, as provided
Any person holding a similar commission in another state may be commissioned and may hold office in this state without completing the approved training program required by this division provided that the person has completed a substantially equivalent training program in the other state. The Ohio peace officer training commission shall determine whether a training program in another state meets the requirements of this division.

(C) Upon the application of any company under contract with the United States atomic energy commission for the construction or operation of a plant at a site owned by the commission, the secretary of state may appoint and commission persons the company designates, not to exceed one hundred fifty, to act as police officers for the company at the plant or site owned by the commission. Police officers so appointed shall be citizens of this state and of good character. They shall hold office for three years, unless, for good cause shown, their commission is revoked by the secretary of state or by the company, as provided by law.

(D)(1) Upon the application of any hospital that is operated by a public hospital agency or a nonprofit hospital agency and that employs and maintains its own proprietary police department or security department and subject to section 4973.171 of the Revised Code, the secretary of state may appoint and commission any persons that the hospital designates, or as many of those persons as the secretary of state considers proper, to act as police officers for the hospital. No person who is appointed as a police officer under this division shall engage in any duties or activities as a police officer for the hospital or any affiliate or subsidiary of the hospital unless all of the following apply:

(a) The chief of police of the municipal corporation in which the hospital is located or, if the hospital is located in the unincorporated area of a county, the sheriff of that county has granted approval to the hospital to permit persons appointed as police officers under this division to engage in those duties and activities. The approval required by this division is general in nature and is intended to cover in the aggregate all persons appointed as police officers for the hospital under this division; a separate approval is not required for each appointee on an individual basis.

(b) Subsequent to the grant of approval described in division (D)(1)(a) of this section, the hospital has entered into a written agreement with the chief of police of the municipal corporation in which the hospital is located or, if the hospital is located in the unincorporated area of a county, with the sheriff of that county, that sets forth the standards and criteria to govern the interaction and cooperation between persons appointed as police officers for the hospital under this division and law enforcement officers serving the agency represented by the chief of police or sheriff who signed the agreement in areas of their concurrent jurisdiction. The written agreement shall be signed by the appointing authority of the hospital and by the chief of police or sheriff. The standards and criteria may include, but are not limited to, provisions governing the reporting of offenses discovered by hospital police officers to the agency represented by the chief of police or sheriff, provisions governing investigatory responsibilities relative to offenses committed on hospital property, and provisions governing the processing and confinement of persons arrested for offenses committed on hospital property. The agreement required by this division is intended to apply in the aggregate to all persons appointed as police officers for the hospital under this division; a separate agreement is not required for each appointee on an individual basis.

(c) The person has successfully completed a training program approved by the Ohio peace officer training commission and has been certified by the commission. A person appointed as a police officer under this division may attend a training program approved by the commission and be certified by the commission regardless of whether the appropriate chief of police or sheriff has granted the approval described in division (D)(1)(a) of this section and regardless of whether the hospital has entered into the written agreement described in division (D)(1)(b) of this section with the appropriate chief of police or sheriff.
(2)(a) A person who is appointed as a police officer under division (D)(1) of this section is entitled, upon the grant of approval described in division (D)(1)(a) of this section and upon the person's and the hospital's compliance with the requirements of divisions (D)(1)(b) and (c) of this section, to act as a police officer for the hospital on the premises of the hospital and of its affiliates and subsidiaries that are within the territory of the municipal corporation served by the chief of police or the unincorporated area of the county served by the sheriff who signed the written agreement described in division (D)(1)(b) of this section, whichever is applicable, and anywhere else within the territory of that municipal corporation or within the unincorporated area of that county. The authority to act as a police officer as described in this division is granted only if the person, when engaging in that activity, is directly in the discharge of the person's duties as a police officer for the hospital. The authority to act as a police officer as described in this division shall be exercised in accordance with the standards and criteria set forth in the written agreement described in division (D)(1)(b) of this section.

(b) Additionally, a person appointed as a police officer under division (D)(1) of this section is entitled, upon the grant of approval described in division (D)(1)(a) of this section and upon the person's and the hospital's compliance with the requirements of divisions (D)(1)(b) and (c) of this section, to act as a police officer elsewhere, within the territory of a municipal corporation or within the unincorporated area of a county, if the chief of police of that municipal corporation or the sheriff of that county, respectively, has granted approval for that activity to the hospital, police department, or security department served by the person as a police officer and if the person, when engaging in that activity, is directly in the discharge of the person's duties as a police officer for the hospital. The approval described in this division may be general in nature or may be limited in scope, duration, or applicability, as determined by the chief of police or sheriff granting the approval.

(3) Police officers appointed under division (D)(1) of this section shall hold office for three years, unless, for good cause shown, their commission is revoked by the secretary of state or by the hospital, as provided by law. As used in divisions (D)(1) to (3) of this section, “public hospital agency” and “nonprofit hospital agency” have the same meanings as in section 140.01 of the Revised Code.

(E)(1) Upon the application of any owner or operator of an amusement park that has an average yearly attendance in excess of six hundred thousand guests and that employs and maintains its own proprietary police department or security department and subject to section 4973.171 of the Revised Code, any judge of the municipal court or county court that has territorial jurisdiction over the amusement park may appoint and commission any persons that the owner or operator designates, or as many of those persons as the judge considers proper, to act as police officers for the amusement park. If the amusement park is located in more than one county, any judge of the municipal court or county court of any of those counties may make the appointments and commissions as described in this division. No person who is appointed as a police officer under this division shall engage in any duties or activities as a police officer for the amusement park or any affiliate or subsidiary of the owner or operator of the amusement park unless all of the following apply:

(a) The appropriate chief or chiefs of police of the political subdivision or subdivisions in which the amusement park is located as specified in this division have granted approval to the owner or operator of the amusement park to permit persons appointed as police officers under this division to engage in those duties and activities. If the amusement park is located in a single municipal corporation or a single township, the chief of police of that municipal corporation or township is the appropriate chief of police for the grant of approval under this division. If the amusement park is located in two or more townships, two or more municipal corporations, or one or more townships and one or more municipal corporations, the chiefs of police of all of the affected townships and municipal corporations are the appropriate chiefs of police for the grant of approval under this division. If the approval under this division, and the approval must be jointly granted by all of those chiefs of
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

crime - general provisions

police. The approval required by this division is general in nature and is intended to cover in the aggregate all persons appointed as police officers for the amusement park under this division. A separate approval is not required for each appointee on an individual basis.

(b) Subsequent to the grant of approval described in division (E)(1)(a) of this section, the owner or operator has entered into a written agreement with the appropriate chief or chiefs of police of the political subdivision or subdivisions in which the amusement park is located as specified in this division and has provided the sheriff of the county in which the political subdivision or subdivisions are located with a copy of the agreement. If the amusement park is located in a single municipal corporation or a single township, the chief of police of that municipal corporation or township is the appropriate chief of police for entering into the written agreement under this division. If the amusement park is located in two or more townships, two or more municipal corporations, or one or more townships and one or more municipal corporations, the chiefs of police of all of the affected townships and municipal corporations are the appropriate chiefs of police for entering into the written agreement under this division, and the written agreement must be jointly entered into by all of those chiefs of police. The written agreement between the owner or operator and the chief or chiefs of police shall address the scope of activities, the duration of the agreement, and mutual aid arrangements and shall set forth the standards and criteria to govern the interaction and cooperation between persons appointed as police officers for the amusement park under this division and law enforcement officers serving the agency represented by the chief of police who signed the agreement. The written agreement shall be signed by the owner or operator and by the chief or chiefs of police who enter into it. The standards and criteria may include, but are not limited to, provisions governing the reporting of offenses discovered by the amusement park's police officers to the agency represented by the chief of police of the municipal corporation or township in which the offense occurred, provisions governing investigatory responsibilities relative to offenses committed on amusement park property, and provisions governing the processing and confinement of persons arrested for offenses committed on amusement park property. The agreement required by this division is intended to apply in the aggregate to all persons appointed as police officers for the amusement park under this division. A separate agreement is not required for each appointee on an individual basis.

(c) The person has successfully completed a training program approved by the Ohio peace officer training commission and has been certified by the commission. A person appointed as a police officer under this division may attend a training program approved by the commission and be certified by the commission regardless of whether the appropriate chief of police has granted the approval described in division (E)(1)(a) of this section and regardless of whether the owner or operator of the amusement park has entered into the written agreement described in division (E)(1)(b) of this section with the appropriate chief of police.

(2)(a) A person who is appointed as a police officer under division (E)(1) of this section is entitled, upon the grant of approval described in section (E)(1)(a) of this section and upon the person's and the owner or operator's compliance with the requirements of division (E)(1)(b) and (c) of this section, to act as a police officer for the amusement park and its affiliates and subsidiaries that are within the territory of the political subdivision or subdivisions served by the chief of police, or respective chiefs of police, who signed the written agreement described in division (E)(1)(b) of this section, and upon any contiguous real property of the amusement park that is covered by the written agreement, whether within or adjacent to the political subdivision or subdivisions. The authority to act as a police officer as described in this division is granted only if the person, when engaging in that activity, is directly in the discharge of the person's duties as a police officer for the amusement park. The authority to act as a police officer as described in this division shall be exercised in accordance with the standards and criteria set forth in the written agreement described in division (E)(1)(b) of this section.

(b) In addition to the authority granted under division (E)(2)(a) of this section, a person
appointed as a police officer under division (E)(1) of this section is entitled, upon the grant of approval described in division (E)(1)(a) of this section and upon the person's and the owner or operator's compliance with the requirements of divisions (E)(1)(b) and (c) of this section, to act as a police officer elsewhere within the territory of a municipal corporation or township if the chief of police of that municipal corporation or township has granted approval for that activity to the owner or operator served by the person as a police officer and if the person, when engaging in that activity, is directly in the discharge of the person's duties as a police officer for the amusement park. The approval described in this division may be general in nature or may be limited in scope, duration, or applicability, as determined by the chief of police granting the approval.

(3) Police officers appointed under division (E)(1) of this section shall hold office for five years, unless, for good cause shown, their commission is revoked by the appointing judge or the judge's successor or by the owner or operator, as provided by law.

(F) A fee of fifteen dollars for each commission applied for under this section shall be paid at the time the application is made, and this amount shall be returned if for any reason a commission is not issued.

5101.60 Definition of older adult; abuse.

[Editor's Note: This version of the statute is effective until 9/29/2018. The version in effect subsequently is included next.]

As used in sections 5101.60 to 5101.71 of the Revised Code:

(A) “Abuse” means the infliction upon an adult by self or others of injury, unreasonable confinement, intimidation, or cruel punishment with resulting physical harm, pain, or mental anguish.

(B) “Adult” means any person sixty years of age or older within this state who is handicapped by the infirmities of aging or who has a physical or mental impairment which prevents the person from providing for the person's own care or protection, and who resides in an independent living arrangement. An “independent living arrangement” is a domicile of a person's own choosing, including, but not limited to, a private home, apartment, trailer, or rooming house. An “independent living arrangement” includes a residential facility licensed under section 5119.34 of the Revised Code that provides accommodations, supervision, and personal care services for three to sixteen unrelated adults, but does not include other institutions or facilities licensed by the state or facilities in which a person resides as a result of voluntary, civil, or criminal commitment.

(C) “Caretaker” means the person assuming the responsibility for the care of an adult on a voluntary basis, by contract, through receipt of payment for care, as a result of a family relationship, or by order of a court of competent jurisdiction.

(D) “Court” means the probate court in the county where an adult resides.

(E) “Emergency” means that the adult is living in conditions which present a substantial risk of immediate and irreparable physical harm or death to self or any other person.

(F) “Emergency services” means protective services furnished to an adult in an emergency.

(G) “Exploitation” means the unlawful or improper act of a caretaker using an adult or an adult's resources for monetary or personal benefit, profit, or gain when the caretaker obtained or exerted control over the adult or the adult's resources in any of the following ways:

(1) Without the adult's consent or the consent of the person authorized to give consent on the adult's behalf;

(2) Beyond the scope of the express or implied consent of the adult or the person authorized to give consent on the adult's behalf;
(3) By deception;
(4) By threat;
(5) By intimidation.
(H) “In need of protective services” means an adult known or suspected to be suffering from abuse, neglect, or exploitation to an extent that either life is endangered or physical harm, mental anguish, or mental illness results or is likely to result.
(I) “Incapacitated person” means a person who is impaired for any reason to the extent that the person lacks sufficient understanding or capacity to make and carry out reasonable decisions concerning the person's self or resources, with or without the assistance of a caretaker. Refusal to consent to the provision of services shall not be the sole determinative that the person is incapacitated. “Reasonable decisions” are decisions made in daily living which facilitate the provision of food, shelter, clothing, and health care necessary for life support.
(J) “Mental illness” means a substantial disorder of thought, mood, perception, orientation, or memory that grossly impairs judgment, behavior, capacity to recognize reality, or ability to meet the ordinary demands of life.
(K) “Neglect” means the failure of an adult to provide for self the goods or services necessary to avoid physical harm, mental anguish, or mental illness or the failure of a caretaker to provide such goods or services.
(L) “Peace officer” means a peace officer as defined in section 2935.01 of the Revised Code.
(M) “Physical harm” means bodily pain, injury, impairment, or disease suffered by an adult.
(N) “Protective services” means services provided by the county department of job and family services or its designated agency to an adult who has been determined by evaluation to require such services for the prevention, correction, or discontinuance of an act of as well as conditions resulting from abuse, neglect, or exploitation. Protective services may include, but are not limited to, case work services, medical care, mental health services, legal services, fiscal management, home health care, homemaker services, housing-related services, guardianship services, and placement services as well as the provision of such commodities as food, clothing, and shelter.
(O) “Working day” means Monday, Tuesday, Wednesday, Thursday, and Friday, except when such day is a holiday as defined in section 1.14 of the Revised Code.

5101.60 Definition of older adult; abuse.

[Editor’s Note: This version of the statute is effective until 9/29/2018. The version in effect subsequently is included next.]

As used in sections 5101.60 to 5101.73 of the Revised Code:
(A) “Abandonment” means desertion of an adult by a caretaker without having made provision for transfer of the adult's care.
(B) “Abuse” means the infliction upon an adult by self or others of injury, unreasonable confinement, intimidation, or cruel punishment with resulting physical harm, pain, or mental anguish.
(C) “Adult” means any person sixty years of age or older within this state who is handicapped by the infirmities of aging or who has a physical or mental impairment which prevents the person from providing for the person's own care or protection, and who resides in an independent living arrangement.
(D) “Area agency on aging” means a public or private nonprofit entity designated under section 173.011 of the Revised Code to administer programs on behalf of the department of aging.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

(E) “Caretaker” means the person assuming the primary responsibility for the care of an adult by any of the following means:
(1) On a voluntary basis;
(2) By contract;
(3) Through receipt of payment for care;
(4) As a result of a family relationship;
(5) By order of a court of competent jurisdiction.
(F) “Community mental health agency” means any agency, program, or facility with which a board of alcohol, drug addiction, and mental health services contracts to provide the mental health services listed in section 340.99 of the Revised Code.
(G) “Court” means the probate court in the county where an adult resides.
(H) “Emergency” means that the adult is living in conditions which present a substantial risk of immediate and irreparable physical harm or death to self or any other person.
(I) “Emergency services” means protective services furnished to an adult in an emergency.
(J) “Exploitation” means the unlawful or improper act of a person using, in one or more transactions, an adult or an adult’s resources for monetary or personal benefit, profit, or gain when the person obtained or exerted control over the adult or the adult’s resources in any of the following ways:
(1) Without the adult’s consent or the consent of the person authorized to give consent on the adult’s behalf;
(2) Beyond the scope of the express or implied consent of the adult or the person authorized to give consent on the adult’s behalf;
(3) By deception;
(4) By threat;
(5) By intimidation.
(K) “In need of protective services” means an adult known or suspected to be suffering from abuse, neglect, or exploitation to an extent that either life is endangered or physical harm, mental anguish, or mental illness results or is likely to result.
(L) “Incapacitated person” means a person who is impaired for any reason to the extent that the person lacks sufficient understanding or capacity to make and carry out reasonable decisions concerning the person’s self or resources, with or without the assistance of a caretaker. Refusal to consent to the provision of services shall not be the sole determinative that the person is incapacitated.
(M) “Independent living arrangement” means a domicile of a person’s own choosing, including, but not limited to, a private home, apartment, trailer, or rooming house. “Independent living arrangement” includes a residential facility licensed under section 5119.22 of the Revised Code that provides accommodations, supervision, and personal care services for three to sixteen unrelated adults, but does not include any other institution or facility licensed by the state or a facility in which a person resides as a result of voluntary, civil, or criminal commitment.
(N) “Mental illness” means a substantial disorder of thought, mood, perception, orientation, or memory that grossly impairs judgment, behavior, capacity to recognize reality, or ability to meet the ordinary demands of life.
(O) “Neglect” means any of the following:
(1) Failure of an adult to provide for self the goods or services necessary to avoid physical harm, mental anguish, or mental illness;
(2) Failure of a caretaker to provide such goods or services;
(3) Abandonment.
(P) “Outpatient health facility” means a facility where medical care and preventive, diagnostic, therapeutic, rehabilitative, or palliative items or services are provided to outpatients by or under the direction of a physician or dentist.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

(P) “Peace officer” means a peace officer as defined in section 2935.01 of the Revised Code.

(R) “Physical harm” means bodily pain, injury, impairment, or disease suffered by an adult.

(S) “Protective services” means services provided by the county department of job and family services or its designated agency to an adult who has been determined by evaluation to require such services for the prevention, correction, or discontinuance of an act of as well as conditions resulting from abuse, neglect, or exploitation. Protective services may include, but are not limited to, case work services, medical care, mental health services, legal services, fiscal management, home health care, homemaker services, housing-related services, guardianship services, and placement services as well as the provision of such commodities as food, clothing, and shelter.

(T) “Reasonable decisions” means decisions made in daily living that facilitate the provision of food, shelter, clothing, and health care necessary for life support.

(U) “Senior service provider” means a person who provides care or specialized services to an adult, except that it does not include the state long-term care ombudsman or a regional long-term care ombudsman.

(V) “Working day” means Monday, Tuesday, Wednesday, Thursday, and Friday, except when such day is a holiday as defined in section 1.14 of the Revised Code.

5101.61 Reporting suspected abuse or neglect of adult.

[Editor’s Note: This version of the statute is effective until 9/29/2018.]

(A) As used in this section:

(1) “Senior service provider” means any person who provides care or services to a person who is an adult as defined in division (B) of section 5101.60 of the Revised Code.

(2) “Ambulatory health facility” means a nonprofit, public or proprietary freestanding organization or a unit of such an agency or organization that:

(a) Provides preventive, diagnostic, therapeutic, rehabilitative, or palliative items or services furnished to an outpatient or ambulatory patient, by or under the direction of a physician or dentist in a facility which is not a part of a hospital, but which is organized and operated to provide medical care to outpatients;

(b) Has health and medical care policies which are developed with the advice of, and with the provision of review of such policies, an advisory committee of professional personnel, including one or more physicians, one or more dentists, if dental care is provided, and one or more registered nurses;

(c) Has a medical director, a dental director, if dental care is provided, and a nursing director responsible for the execution of such policies, and has physicians, dentists, nursing, and ancillary staff appropriate to the scope of services provided;

(d) Requires that the health care and medical care of every patient be under the supervision of a physician, provides for medical care in a case of emergency, has in effect a written agreement with one or more hospitals and other centers or clinics, and has an established patient referral system to other resources, and a utilization review plan and program;

(e) Maintains clinical records on all patients;

(f) Provides nursing services and other therapeutic services in accordance with programs and policies, with such services supervised by a registered professional nurse, and has a registered professional nurse on duty at all times of clinical operations;

(g) Provides approved methods and procedures for the dispensing and administration of drugs and biologicals;
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

(h) Has established an accounting and record keeping system to determine reasonable and allowable costs;

(i) “Ambulatory health facilities” also includes an alcoholism treatment facility approved by the joint commission on accreditation of healthcare organizations as an alcoholism treatment facility or certified by the department of mental health and addiction services, and such facility shall comply with other provisions of this division not inconsistent with such accreditation or certification.

(3) “Community mental health facility” means a facility which provides community mental health services and is included in the comprehensive mental health plan for the alcohol, drug addiction, and mental health service district in which it is located.

(4) “Community mental health service” means services, other than inpatient services, provided by a community mental health facility.

(5) “Home health agency” means an institution or a distinct part of an institution operated in this state which:

(a) Is primarily engaged in providing home health services;

(b) Has home health policies which are established by a group of professional personnel, including one or more duly licensed doctors of medicine or osteopathy and one or more registered professional nurses, to govern the home health services it provides and which includes a requirement that every patient must be under the care of a duly licensed doctor of medicine or osteopathy;

(c) Is under the supervision of a duly licensed doctor of medicine or doctor of osteopathy or a registered professional nurse who is responsible for the execution of such home health policies;

(d) Maintains comprehensive records on all patients;

(e) Is operated by the state, a political subdivision, or an agency of either, or is operated not for profit in this state and is licensed or registered, if required, pursuant to law by the appropriate department of the state, county, or municipality in which it furnishes services; or is operated for profit in this state, meets all the requirements specified in divisions (A)(5)(a) to (d) of this section, and is certified under Title XVIII of the “Social Security Act,” 49 Stat. 620 (1935), 42 U.S.C. 301, as amended.

(6) “Home health service” means the following items and services, provided, except as provided in division (A)(6)(g) of this section, on a visiting basis in a place of residence used as the patient’s home:

(a) Nursing care provided by or under the supervision of a registered professional nurse;

(b) Physical, occupational, or speech therapy ordered by the patient’s attending physician;

(c) Medical social services performed by or under the supervision of a qualified medical or psychiatric social worker and under the direction of the patient’s attending physician;

(d) Personal health care of the patient performed by aides in accordance with the orders of a doctor of medicine or osteopathy and under the supervision of a registered professional nurse;

(e) Medical supplies and the use of medical appliances;

(f) Medical services of interns and residents-in-training under an approved teaching program of a nonprofit hospital and under the direction and supervision of the patient’s attending physician;

(g) Any of the foregoing items and services which:

(i) Are provided on an outpatient basis under arrangements made by the home health agency at a hospital or skilled nursing facility;

(ii) Involve the use of equipment of such a nature that the items and services cannot readily be made available to the patient in the patient’s place of residence, or which are furnished at the hospital or skilled nursing facility while the patient is there to receive any item or...
service involving the use of such equipment.

(7) “Representative of the office of the state long-term care program” has the same meaning as in section 173.14 of the Revised Code.

Any attorney, physician, osteopath, podiatrist, chiropractor, dentist, psychologist, any employee of a hospital as defined in section 3701.01 of the Revised Code, any nurse licensed under Chapter 4723 of the Revised Code, any employee of an ambulatory health facility, any employee of a home health agency, any employee of a residential facility licensed under section 5119.34 of the Revised Code that provides accommodations, supervision, and personal care services for three to sixteen unrelated adults, any employee of a nursing home, residential care facility, or home for the aging, as defined in section 3721.01 of the Revised Code, any employee of a nursing home, residential care facility, or home for the aging, as defined in section 3721.01 of the Revised Code, any senior service provider other than a representative of the office of the state long-term care program, any peace officer, coroner, member of the clergy, any employee of a community mental health facility, and any person engaged in professional counseling, social work, or marriage and family therapy having reasonable cause to believe that an adult is being abused, neglected, or exploited, or is in a condition which is the result of abuse, neglect, or exploitation shall immediately report such belief to the county department of job and family services.

This section does not apply to employees of any hospital or public hospital as defined in section 5122.01 of the Revised Code.

(B) Any person having reasonable cause to believe that an adult has suffered abuse, neglect, or exploitation may report, or cause reports to be made of such belief to the department.

This division applies to a representative of the office of the state long-term care program only to the extent permitted by federal law.

(C) The reports made under this section shall be made orally or in writing except that oral reports shall be followed by a written report if a written report is requested by the department. Written reports shall include:

(1) The name, address, and approximate age of the adult who is the subject of the report;
(2) The name and address of the individual responsible for the adult's care, if any individual is, and if the individual is known;
(3) The nature and extent of the alleged abuse, neglect, or exploitation of the adult;
(4) The basis of the reporter's belief that the adult has been abused, neglected, or exploited.

(D) Any person with reasonable cause to believe that an adult is suffering abuse, neglect, or exploitation who makes a report pursuant to this section or who testifies in any administrative or judicial proceeding arising from such a report, or any employee of the state or any of its subdivisions who is discharging responsibilities under section 5101.62 of the Revised Code shall be immune from civil or criminal liability on account of such investigation, report, or testimony, except liability for perjury, unless the person has acted in bad faith or with malicious purpose.

(E) No employer or any other person with the authority to do so shall discharge, demote, transfer, prepare a negative work performance evaluation, or reduce benefits, pay, or work privileges, or take any other action detrimental to an employee or in any way retaliate against an employee as a result of the employee's having filed a report under this section.

(F) The written or oral report provided for in this section and the investigatory report provided for in section 5101.62 of the Revised Code are confidential and are not public records, as defined in section 149.43 of the Revised Code. In accordance with rules adopted by the department of job and family services, information contained in the report shall upon request be made available to the adult who is the subject of the report and to legal counsel for the adult.

(G) The county department of job and family services shall be available to receive the written or oral report provided for in this section twenty-four hours a day and seven days a
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

week.

5123.61 Abuse or neglect of developmentally disabled.

[Editor’s Note: This version of the statute is effective until 9/29/2018. The version effective subsequently is included next.]

(A) As used in this section:
(1) “Law enforcement agency” means the state highway patrol, the police department of a municipal corporation, or a county sheriff.
(2) “Abuse” has the same meaning as in section 5123.50 of the Revised Code, except that it includes a misappropriation, as defined in that section.
(3) “Neglect” has the same meaning as in section 5123.50 of the Revised Code.

(B) The department of developmental disabilities shall establish a registry office for the purpose of maintaining reports of abuse, neglect, and other major unusual incidents made to the department under this section and reports received from county boards of developmental disabilities under section 5126.31 of the Revised Code. The department shall establish committees to review reports of abuse, neglect, and other major unusual incidents.

(C)(1) Any person listed in division (C)(2) of this section, having reason to believe that an individual with a developmental disability has suffered or faces a substantial risk of suffering any wound, injury, disability, or condition of such a nature as to reasonably indicate abuse or neglect of that individual, shall immediately report or cause reports to be made of such information to the entity specified in this division. Except as provided in section 5120.173 of the Revised Code or as otherwise provided in this division, the person making the report shall make it to a law enforcement agency or to the county board of developmental disabilities. If the report concerns a resident of a facility operated by the department of developmental disabilities the report shall be made either to a law enforcement agency or to the department. If the report concerns any act or omission of an employee of a county board of developmental disabilities, the report immediately shall be made to the department and to the county board.

(2) All of the following persons are required to make a report under division (C)(1) of this section:
(a) Any physician, including a hospital intern or resident, any dentist, podiatrist, chiropractor, practitioner of a limited branch of medicine as specified in section 4731.15 of the Revised Code, hospital administrator or employee of a hospital, nurse licensed under Chapter 4723 of the Revised Code, employee of an ambulatory health facility as defined in section 5101.61 of the Revised Code, employee of a home health agency, employee of a residential facility licensed under section 5119.34 of the Revised Code that provides accommodations, supervision, and personal care services for three to sixteen unrelated adults, or employee of a community mental health facility;
(b) Any school teacher or school authority, licensed professional clinical counselor, licensed professional counselor, independent social worker, social worker, independent marriage and family therapist, marriage and family therapist, psychologist, attorney, peace officer, coroner, or residents’ rights advocate as defined in section 3721.10 of the Revised Code;
(c) A superintendent, board member, or employee of a county board of developmental disabilities; an administrator, board member, or employee of a residential facility licensed under section 5123.19 of the Revised Code; an administrator, board member, or employee of any other public or private provider of services to an individual with a developmental disability, or any developmental disabilities employee, as defined in section 5123.50 of the Revised Code;
(d) A member of a citizen's advisory council established at an institution or branch institution of the department of developmental disabilities under section 5123.092 of the Revised Code;

(e) A member of the clergy who is employed in a position that includes providing specialized services to an individual with a developmental disability, while acting in an official or professional capacity in that position, or a person who is employed in a position that includes providing specialized services to an individual with a developmental disability and who, while acting in an official or professional capacity, renders spiritual treatment through prayer in accordance with the tenets of an organized religion.

(3)(a) The reporting requirements of this division do not apply to employees of the Ohio protection and advocacy system.

(b) An attorney or physician is not required to make a report pursuant to division (C)(1) of this section concerning any communication the attorney or physician receives from a client or patient in an attorney-client or physician-patient relationship, if, in accordance with division (A) or (B) of section 2317.02 of the Revised Code, the attorney or physician could not testify with respect to that communication in a civil or criminal proceeding, except that the client or patient is deemed to have waived any testimonial privilege under division (A) or (B) of section 2317.02 of the Revised Code with respect to that communication and the attorney or physician shall make a report pursuant to division (C)(1) of this section, if both of the following apply:

(i) The client or patient, at the time of the communication, is an individual with a developmental disability.

(ii) The attorney or physician knows or suspects, as a result of the communication or any observations made during that communication, that the client or patient has suffered or faces a substantial risk of suffering any wound, injury, disability, or condition of a nature that reasonably indicates abuse or neglect of the client or patient.

(4) Any person who fails to make a report required under division (C) of this section and who is a developmental disabilities employee, as defined in section 5123.50 of the Revised Code, shall be eligible to be included in the registry regarding misappropriation, abuse, neglect, or other specified misconduct by developmental disabilities employees established under section 5123.52 of the Revised Code.

D The reports required under division (C) of this section shall be made forthwith by telephone or in person and shall be followed by a written report. The reports shall contain the following:

(1) The names and addresses of the individual with a developmental disability and the individual's custodian, if known;

(2) The age of the individual with a developmental disability;

(3) Any other information that would assist in the investigation of the report.

(E) When a physician performing services as a member of the staff of a hospital or similar institution has reason to believe that an individual with a developmental disability has suffered injury, abuse, or physical neglect, the physician shall notify the person in charge of the institution or that person's designated delegate, who shall make the necessary reports.

(F) Any person having reasonable cause to believe that an individual with a developmental disability has suffered or faces a substantial risk of suffering abuse or neglect may report or cause a report to be made of that belief to the entity specified in this division. Except as provided in section 5120.173 of the Revised Code or as otherwise provided in this division, the person making the report shall make it to a law enforcement agency or the county board of developmental disabilities. If the individual is a resident of a facility operated by the department of developmental disabilities, the report shall be made to a law enforcement agency or to the department. If the report concerns any act or omission of an employee of a county board of developmental disabilities, the report immediately shall be made to the department and to the county board.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part I. Crime

(G)(1) Upon the receipt of a report concerning the possible abuse or neglect of an individual with a developmental disability, the law enforcement agency shall inform the county board of developmental disabilities or, if the individual is a resident of a facility operated by the department of developmental disabilities, the department.
(2) On receipt of a report under this section that includes an allegation of action or inaction that may constitute a crime under federal law or the law of this state, the department of developmental disabilities shall notify the law enforcement agency.
(3) When a county board of developmental disabilities receives a report under this section that includes an allegation of action or inaction that may constitute a crime under federal law or the law of this state, the superintendent of the board or an individual the superintendent designates under division (H) of this section shall notify the law enforcement agency. The superintendent or individual shall notify the department of developmental disabilities when it receives any report under this section.
(4) When a county board of developmental disabilities receives a report under this section and believes that the degree of risk to the person is such that the report is an emergency, the superintendent of the board or an employee of the board the superintendent designates shall attempt a face-to-face contact with the individual with a developmental disability who allegedly is the victim within one hour of the board's receipt of the report.
(H) The superintendent of the board may designate an individual to be responsible for notifying the law enforcement agency and the department when the county board receives a report under this section.
(I) An adult with a developmental disability about whom a report is made may be removed from the adult's place of residence only by law enforcement officers who consider that the adult's immediate removal is essential to protect the adult from further injury or abuse or in accordance with the order of a court made pursuant to section 5126.33 of the Revised Code.
(J) A law enforcement agency shall investigate each report of abuse or neglect it receives under this section. In addition, the department, in cooperation with law enforcement officials, shall investigate each report regarding a resident of a facility operated by the department to determine the circumstances surrounding the injury, the cause of the injury, and the person responsible. The investigation shall be in accordance with the memorandum of understanding prepared under section 5126.058 of the Revised Code. The department shall determine, with the registry office which shall be maintained by the department, whether prior reports have been made concerning an adult with a developmental disability or other principals in the case. If the department finds that the report involves action or inaction that may constitute a crime under federal law or the law of this state, it shall submit a report of its investigation, in writing, to the law enforcement agency. If the individual with a developmental disability is an adult, with the consent of the adult, the department shall provide such protective services as are necessary to protect the adult. The law enforcement agency shall make a written report of its findings to the department.
If the individual with a developmental disability is an adult and is not a resident of a facility operated by the department, the county board of developmental disabilities shall review the report of abuse or neglect in accordance with sections 5126.30 to 5126.33 of the Revised Code and the law enforcement agency shall make the written report of its findings to the county board.
(K) Any person or any hospital, institution, school, health department, or agency participating in the making of reports pursuant to this section, any person participating as a witness in an administrative or judicial proceeding resulting from the reports, or any person or governmental entity that discharges responsibilities under sections 5126.31 to 5126.33 of the Revised Code shall be immune from any civil or criminal liability that might otherwise be incurred or imposed as a result of such actions except liability for perjury, unless the person or governmental entity has acted in bad faith or with malicious purpose.
(L) No employer or any person with the authority to do so shall discharge, demote, transfer, prepare a negative work performance evaluation, reduce pay or benefits, terminate work privileges, or take any other action detrimental to an employee or retaliate against an employee as a result of the employee’s having made a report under this section. This division does not preclude an employer or person with authority from taking action with regard to an employee who has made a report under this section if there is another reasonable basis for the action.

(M) Reports made under this section are not public records as defined in section 149.43 of the Revised Code. Information contained in the reports on request shall be made available to the individual who is the subject of the report, to the individual’s legal counsel, and to agencies authorized to receive information in the report by the department or by a county board of developmental disabilities.

(N) Notwithstanding section 4731.22 of the Revised Code, the physician-patient privilege shall not be a ground for excluding evidence regarding the injuries or physical neglect of an individual with a developmental disability or the cause thereof in any judicial proceeding resulting from a report submitted pursuant to this section.

5123.61 Abuse or neglect of developmentally disabled.

[Editor’s Note: This version of the statute is effective until 9/29/2018. The version effective subsequently is included next.]

(A) As used in this section:

(1) “Law enforcement agency” means the state highway patrol, the police department of a municipal corporation, or a county sheriff.

(2) “Abuse” has the same meaning as in section 5123.50 of the Revised Code, except that it includes a misappropriation, as defined in that section.

(3) “Neglect” has the same meaning as in section 5123.50 of the Revised Code.

(B) The department of developmental disabilities shall establish a registry office for the purpose of maintaining reports of abuse, neglect, and other major unusual incidents made to the department under this section and reports received from county boards of developmental disabilities under section 5126.31 of the Revised Code. The department shall establish committees to review reports of abuse, neglect, and other major unusual incidents.

(C)(1) Any person listed in division (C)(2) of this section, having reason to believe that an individual with a developmental disability has suffered or faces a substantial risk of suffering any wound, injury, disability, or condition of such a nature as to reasonably indicate abuse or neglect of that individual, shall immediately report or cause reports to be made of such information to the entity specified in this division. Except as provided in section 5120.173 of the Revised Code or as otherwise provided in this division, the person making the report shall make it to a law enforcement agency or to the county board of developmental disabilities. If the report concerns a resident of a facility operated by the department of developmental disabilities the report shall be made either to a law enforcement agency or to the department. If the report concerns any act or omission of an employee of a county board of developmental disabilities, the report immediately shall be made to the department and to the county board.

(2) All of the following persons are required to make a report under division (C)(1) of this section:

(a) Any physician, including a hospital intern or resident, any dentist, podiatrist, chiropractor, practitioner of a limited branch of medicine as specified in section 4731.15 of the Revised Code, hospital administrator or employee of a hospital, nurse licensed under Chapter 4723 of the Revised Code, employee of an outpatient health facility as defined in section 5101.60 of the Revised Code, employee of a home health agency, employee of a residential
facility licensed under section 5119.34 of the Revised Code that provides accommodations, supervision, and personal care services for three to sixteen unrelated adults, or employee of a community mental health facility;

(b) Any school teacher or school authority, licensed professional clinical counselor, licensed professional counselor, independent social worker, social worker, independent marriage and family therapist, marriage and family therapist, psychologist, attorney, peace officer, coroner, or residents' rights advocate as defined in section 3721.10 of the Revised Code;

(c) A superintendent, board member, or employee of a county board of developmental disabilities; an administrator, board member, or employee of a residential facility licensed under section 5123.19 of the Revised Code; an administrator, board member, or employee of any other public or private provider of services to an individual with a developmental disability, or any developmental disabilities employee, as defined in section 5123.50 of the Revised Code;

(d) A member of a citizen's advisory council established at an institution or branch institution of the department of developmental disabilities under section 5123.092 of the Revised Code;

(e) A member of the clergy who is employed in a position that includes providing specialized services to an individual with a developmental disability, while acting in an official or professional capacity in that position, or a person who is employed in a position that includes providing specialized services to an individual with a developmental disability and who, while acting in an official or professional capacity, renders spiritual treatment through prayer in accordance with the tenets of an organized religion.

(3)(a) The reporting requirements of this division do not apply to employees of the Ohio protection and advocacy system.

(b) An attorney or physician is not required to make a report pursuant to division (C)(1) of this section concerning any communication the attorney or physician receives from a client or patient in an attorney-client or physician-patient relationship, if, in accordance with division (A) or (B) of section 2317.02 of the Revised Code, the attorney or physician could not testify with respect to that communication in a civil or criminal proceeding, except that the client or patient is deemed to have waived any testimonial privilege under division (A) or (B) of section 2317.02 of the Revised Code with respect to that communication and the attorney or physician shall make a report pursuant to division (C)(1) of this section, if both of the following apply:

(i) The client or patient, at the time of the communication, is an individual with a developmental disability.

(ii) The attorney or physician knows or suspects, as a result of the communication or any observations made during that communication, that the client or patient has suffered or faces a substantial risk of suffering any wound, injury, disability, or condition of a nature that reasonably indicates abuse or neglect of the client or patient.

(4) Any person who fails to make a report required under division (C) of this section and who is a developmental disabilities employee, as defined in section 5123.50 of the Revised Code, shall be eligible to be included in the registry regarding misappropriation, abuse, neglect, or other specified misconduct by developmental disabilities employees established under section 5123.52 of the Revised Code.

(D) The reports required under division (C) of this section shall be made forthwith by telephone or in person and shall be followed by a written report. The reports shall contain the following:

(1) The names and addresses of the individual with a developmental disability and the individual's custodian, if known;

(2) The age of the individual with a developmental disability;

(3) Any other information that would assist in the investigation of the report.
(E) When a physician performing services as a member of the staff of a hospital or similar institution has reason to believe that an individual with a developmental disability has suffered injury, abuse, or physical neglect, the physician shall notify the person in charge of the institution or that person's designated delegate, who shall make the necessary reports.

(F) Any person having reasonable cause to believe that an individual with a developmental disability has suffered or faces a substantial risk of suffering abuse or neglect may report or cause a report to be made of that belief to the entity specified in this division. Except as provided in section 5120.173 of the Revised Code or as otherwise provided in this division, the person making the report shall make it to a law enforcement agency or the county board of developmental disabilities. If the individual is a resident of a facility operated by the department of developmental disabilities, the report shall be made to a law enforcement agency or to the department. If the report concerns any act or omission of an employee of a county board of developmental disabilities, the report immediately shall be made to the department and to the county board.

(G)(1) Upon the receipt of a report concerning the possible abuse or neglect of an individual with a developmental disability, the law enforcement agency shall inform the county board of developmental disabilities or, if the individual is a resident of a facility operated by the department of developmental disabilities, the department.

(2) On receipt of a report under this section that includes an allegation of action or inaction that may constitute a crime under federal law or the law of this state, the department of developmental disabilities shall notify the law enforcement agency.

(3) When a county board of developmental disabilities receives a report under this section that includes an allegation of action or inaction that may constitute a crime under federal law or the law of this state, the superintendent of the board or an individual the superintendent designates under division (H) of this section shall notify the law enforcement agency. The superintendent or individual shall notify the department of developmental disabilities when it receives any report under this section.

(4) When a county board of developmental disabilities receives a report under this section and believes that the degree of risk to the person is such that the report is an emergency, the superintendent of the board or an employee of the board the superintendent designates shall attempt a face-to-face contact with the individual with a developmental disability who allegedly is the victim within one hour of the board's receipt of the report.

(H) The superintendent of the board may designate an individual to be responsible for notifying the law enforcement agency and the department when the county board receives a report under this section.

(I) An adult with a developmental disability about whom a report is made may be removed from the adult's place of residence only by law enforcement officers who consider that the adult's immediate removal is essential to protect the adult from further injury or abuse or in accordance with the order of a court made pursuant to section 5126.33 of the Revised Code.

(J) A law enforcement agency shall investigate each report of abuse or neglect it receives under this section. In addition, the department, in cooperation with law enforcement officials, shall investigate each report regarding a resident of a facility operated by the department to determine the circumstances surrounding the injury, the cause of the injury, and the person responsible. The investigation shall be in accordance with the memorandum of understanding prepared under section 5126.058 of the Revised Code. The department shall determine, with the registry office which shall be maintained by the department, whether prior reports have been made concerning an adult with a developmental disability or other principals in the case. If the department finds that the report involves action or inaction that may constitute a crime under federal law or the law of this state, it shall submit a report of its investigation, in writing, to the law enforcement agency. If the individual with a developmental disability is an adult, with the consent of the adult, the department shall provide such protective services as are
necessary to protect the adult. The law enforcement agency shall make a written report of its findings to the department.

If the individual with a developmental disability is an adult and is not a resident of a facility operated by the department, the county board of developmental disabilities shall review the report of abuse or neglect in accordance with sections 5126.30 to 5126.33 of the Revised Code and the law enforcement agency shall make the written report of its findings to the county board.

(K) Any person or any hospital, institution, school, health department, or agency participating in the making of reports pursuant to this section, any person participating as a witness in an administrative or judicial proceeding resulting from the reports, or any person or governmental entity that discharges responsibilities under sections 5126.31 to 5126.33 of the Revised Code shall be immune from any civil or criminal liability that might otherwise be incurred or imposed as a result of such actions except liability for perjury, unless the person or governmental entity has acted in bad faith or with malicious purpose.

(L) No employer or any person with the authority to do so shall discharge, demote, transfer, prepare a negative work performance evaluation, reduce pay or benefits, terminate work privileges, or take any other action detrimental to an employee or retaliate against an employee as a result of the employee's having made a report under this section. This division does not preclude an employer or person with authority from taking action with regard to an employee who has made a report under this section if there is another reasonable basis for the action.

(M) Reports made under this section are not public records as defined in section 149.43 of the Revised Code. Information contained in the reports on request shall be made available to the individual who is the subject of the report, to the individual's legal counsel, and to agencies authorized to receive information in the report by the department or by a county board of developmental disabilities.

(N) Notwithstanding section 4731.22 of the Revised Code, the physician-patient privilege shall not be a ground for excluding evidence regarding the injuries or physical neglect of an individual with a developmental disability or the cause thereof in any judicial proceeding resulting from a report submitted pursuant to this section.

3701-64-02 Abuse and neglect of nursing home resident

(A) The director of health shall receive, review, and investigate allegations of abuse or neglect of a resident or misappropriation of the property of a resident by any individual used by a long-term care facility or a residential care facility to provide services to residents.

(B) Allegations of abuse, neglect, or misappropriation may be presented orally or in writing. Oral and written allegations may be made to the Ohio department of health's office of health assurance and licensing.

(C) Allegations shall be investigated by appropriately qualified individuals, as determined by the director. No long-term care facility or a residential care facility shall do any of the following in the course of an investigation by the director under this rule:

(1) Refuse to permit the director to enter the facility;
(2) Refuse to permit the director to interview employees or other personnel used by the facility, residents, or families of residents;
(3) Refuse to permit the director to review any record, medical or otherwise, kept by the facility; or
(4) Otherwise hinder the director's investigation of an allegation of abuse, neglect of a resident, or misappropriation of property of a resident.

(D) If, after investigation, the director determines that there is a reasonable basis for an allegation, the director shall provide written notice to the accused in accordance with
paragraphs (E) and (F) of this rule. The director also shall send a copy of the notice to any long-
term care facility or a residential care facility that the director knows currently is using the
accused to provide services.

(E) The written notice shall include all of the following items:
(1) A statement of the nature of the allegation;
(2) A statement advising the accused of his or her right to a hearing on the allegation
and of the manner in which and time within which a hearing may be requested;
(3) An explanation that the director will report any finding that the accused abused or
neglected a resident or misappropriated a resident's property to the following entity, as
applicable:
   (a) The nurse aide registry established under section 3721.32 of the Revised Code, if
   the accused is a nurse aide or otherwise not a licensed health professional;
   (b) The appropriate licensure authority, if the accused is a licensed health professional;
   and
   (c) Any other entity that holds authority or association with the accused.
   (4) A warning that if the accused fails to submit a written request for a hearing within
   thirty days after he or she receives or was deemed to have received the notice, the director may
do both of the following:
   (a) Make a finding adverse to the accused; and
   (b) Pursuant to rule 3701-64-05 of the Administrative Code, report the finding to the
   nurse aide registry, the appropriate licensure authority, or other relevant entity that would benefit
   from the notice, whichever is applicable, the long-term care facility or a residential care facility
   where the incident occurred, any other long-term care facility or a residential care facility known
   by the director to be using the accused to provide services to residents at the time of his or her
   finding, and the appropriate law enforcement official.

(F) The director first shall provide the written notice to the accused by certified mail,
return receipt requested, or by sending it by personal delivery to the accused's last known
address.

(1) If a certified mail notice is returned because the party fails to claim the notice, the
director then may send the notice to the accused's last known address by ordinary mail. The
notice shall be deemed complete when the certificate of mailing is obtained unless the notice is
returned showing failure of delivery.

(2) If any notice sent by certified or ordinary mail is returned for failure of delivery, the
director shall publish notice to the department's website. The notice shall be published for
twenty one days, shall summarize the information required by paragraph (E) of this rule, and
shall refer the accused to the Ohio department of health's office of health assurance and
licensing for additional information. When notice is given by publication, a proof of publication
affidavit, with a copy of the notice set forth in the affidavit, shall be mailed by ordinary mail to the
party at the party's last known address and the notice shall be deemed received as of the
twenty first day of publication. An employee or agent of the agency may make personal delivery
of the notice upon a party at any time.

Refusal of delivery by personal service or by mail is not failure of delivery and service is
deemed to be complete. Failure of delivery occurs only when a mailed notice is returned by the
postal authorities marked undeliverable, address or addressee unknown, or forwarding address
unknown or expired.
109.572 Checking criminal records.

[Editor’s Note: This version of the statute is effective until 1/1/2018. The versions effective subsequently are included in the following pages.]

(A)(1) Upon receipt of a request pursuant to section 121.08, 3301.32, 3301.541, or 3319.39 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.05, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21, 2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2919.12, 2919.22, 2919.24, 2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, or 3716.11 of the Revised Code, felonious sexual penetration in violation of former section 2907.12 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, or a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense;

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(1)(a) of this section;

(c) If the request is made pursuant to section 3319.39 of the Revised Code for an applicant who is a teacher, any offense specified in section 3319.31 of the Revised Code.

(2) On receipt of a request pursuant to section 3712.09 or 3721.121 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person who has applied for employment in a position for which a criminal records check is required by those sections. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.05, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.09, 2907.11, 2907.12, 2907.15, 2907.21, 2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2919.12, 2919.22, 2919.23, 2919.24, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, or 3716.11 of the Revised Code;

(b) An existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(2)(a) of this section.

(3) On receipt of a request pursuant to section 173.27, 173.38, 173.381, 3701.881, 5164.34, 5164.341, 5164.342, 5123.081, or 5123.169 of the Revised Code, a completed form
prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions
obtained in the manner described in division (C)(2) of this section, the superintendent of the
bureau of criminal identification and investigation shall conduct a criminal records check of the
person for whom the request is made. The superintendent shall conduct the criminal records
check in the manner described in division (B) of this section to determine whether any
information exists that indicates that the person who is the subject of the request previously has
been convicted of, has pleaded guilty to, or (except in the case of a request pursuant to section
5164.34, 5164.341, or 5164.342 of the Revised Code) has been found eligible for intervention in
lieu of conviction for any of the following, regardless of the date of the conviction, the date
of entry of the guilty plea, or (except in the case of a request pursuant to section 5164.34,
5164.341, or 5164.342 of the Revised Code) the date the person was found eligible for
intervention in lieu of conviction:

(a) A violation of section 959.13, 959.131, 2903.01, 2903.02, 2903.03, 2903.04,
2903.041, 2903.11, 2903.12, 2903.13, 2903.15, 2903.16, 2903.21, 2903.22, 2903.34,
2903.341, 2905.01, 2905.02, 2905.05, 2905.11, 2905.12, 2905.32, 2905.33, 2907.02, 2907.03,
2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21, 2907.22, 2907.23, 2907.24,
2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2907.33, 2909.02, 2909.03,
2909.04, 2909.22, 2909.23, 2909.24, 2911.01, 2911.02, 2911.11, 2911.12, 2911.13, 2913.02,
2913.03, 2913.04, 2913.05, 2913.11, 2913.21, 2913.31, 2913.32, 2913.40, 2913.41, 2913.42,
2913.43, 2913.44, 2913.441, 2913.45, 2913.46, 2913.47, 2913.48, 2913.49, 2913.51, 2917.01,
2917.02, 2917.03, 2917.31, 2919.12, 2919.121, 2919.123, 2919.22, 2919.23, 2919.24, 2919.25,
2921.03, 2921.11, 2921.12, 2921.13, 2921.21, 2921.24, 2921.32, 2921.321, 2921.34, 2921.35,
2921.36, 2921.51, 2923.12, 2923.122, 2923.123, 2923.13, 2923.161, 2923.162, 2923.21,
2923.32, 2923.42, 2925.02, 2925.03, 2925.04, 2925.041, 2925.05, 2925.06, 2925.09, 2925.11,
2925.13, 2925.14, 2925.141, 2925.22, 2925.23, 2925.24, 2925.36, 2925.55, 2925.56, 2927.12,
or 3716.11 of the Revised Code;

(b) Felonious sexual penetration in violation of former section 2907.12 of the Revised
Code;

(c) A violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996;

(d) A violation of section 2923.01, 2923.02, or 2923.03 of the Revised Code when the
underlying offense that is the object of the conspiracy, attempt, or complicity is one of the
offenses listed in divisions (A)(3)(a) to (c) of this section;

(e) A violation of an existing or former municipal ordinance or law of this state, any other
state, or the United States that is substantially equivalent to any of the offenses listed in
divisions (A)(3)(a) to (d) of this section.

(4) On receipt of a request pursuant to section 2151.86 of the Revised Code, a
completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint
impressions obtained in the manner described in division (C)(2) of this section, the
superintendent of the bureau of criminal identification and investigation shall conduct a criminal
records check in the manner described in division (B) of this section to determine whether any
information exists that indicates that the person who is the subject of the request previously has
been convicted of or pleaded guilty to any of the following:

(a) A violation of section 959.13, 2903.01, 2903.02, 2903.03, 2903.11,
2903.12, 2903.13, 2903.15, 2903.16, 2903.21, 2903.22, 2903.34, 2905.01, 2905.02,
2905.05, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21,
2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2909.02,
2909.03, 2909.22, 2909.23, 2909.24, 2911.01, 2911.02, 2911.11, 2911.12, 2913.49, 2917.01,
2917.02, 2917.03, 2917.31, 2919.12, 2919.121, 2919.123, 2919.22, 2919.23, 2919.24, 2919.25,
2921.03, 2921.11, 2921.12, 2921.13, 2921.21, 2921.24, 2921.32, 2921.321, 2921.34, 2921.35,
2921.36, 2921.51, 2923.12, 2923.122, 2923.123, 2923.13, 2923.161, 2923.162, 2923.21,
2923.32, 2923.42, 2925.02, 2925.03, 2925.04, 2925.041, 2925.05, 2925.06, 2925.09, 2925.11,
2925.13, 2925.14, 2925.141, 2925.22, 2925.23, 2925.24, 2925.36, 2925.55, 2925.56, 2927.12,
or 3716.11 of the Revised Code, a violation of section 2905.04 of the Revised Code as it
existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

existed prior to July 1, 1996, had the violation been committed prior to that date, a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense, two or more OVI or OUVAC violations committed within the three years immediately preceding the submission of the application or petition that is the basis of the request, or felonious sexual penetration in violation of former section 2907.12 of the Revised Code;

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(4)(a) of this section.

(5) Upon receipt of a request pursuant to section 5104.013 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2151.421, 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.22, 2903.34, 2905.01, 2905.02, 2905.05, 2905.11, 2905.32, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.19, 2907.21, 2907.22, 2907.23, 2907.24, 2907.25, 2907.26, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2909.02, 2909.03, 2909.04, 2909.05, 2911.01, 2911.02, 2911.11, 2911.12, 2913.02, 2913.03, 2913.04, 2913.041, 2913.05, 2913.06, 2913.11, 2913.12, 2913.13, 2913.32, 2913.33, 2913.34, 2913.40, 2913.41, 2913.42, 2913.43, 2913.44, 2913.441, 2913.45, 2913.46, 2913.47, 2913.48, 2913.49, 2917.01, 2917.02, 2917.03, 2917.31, 2919.12, 2919.22, 2919.224, 2919.225, 2919.24, 2919.25, 2921.03, 2921.11, 2921.12, 2921.13, 2921.14, 2921.34, 2921.35, 2923.01, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, or 3716.11 of the Revised Code, felonious sexual penetration in violation of former section 2907.12 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2905.04 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense, a violation of section 2923.02 or 2923.03 of the Revised Code that relates to a crime specified in this division, or a second violation of section 4511.19 of the Revised Code within five years of the date of application for licensure or certification.

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses or violations described in division (A)(5)(a) of this section.

(6) Upon receipt of a request pursuant to section 5153.111 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.05, 2905.11, 2905.32, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.19, 2907.21, 2907.22, 2907.23, 2907.24, 2907.25, 2907.26, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2909.04, 2909.05, 2911.01, 2911.02, 2911.11, 2911.12, 2913.02, 2913.03, 2913.04, 2913.041, 2913.05, 2913.06, 2913.11, 2913.12, 2913.13, 2913.32, 2913.33, 2913.34, 2913.40, 2913.41, 2913.42, 2913.43, 2913.44, 2913.441, 2913.45, 2913.46, 2913.47, 2913.48, 2913.49, 2917.01, 2917.02, 2917.03, 2917.31, 2919.12, 2919.22, 2919.224, 2919.225, 2919.24, 2919.25, 2921.03, 2921.11, 2921.12, 2921.13, 2921.14, 2921.24, 2921.25, 2923.01, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, or 3716.11 of the Revised Code, felonious sexual penetration in violation of former section 2907.12 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2907.12 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense, a violation of section 2923.02 or 2923.03 of the Revised Code that relates to a crime specified in this division, or a second violation of section 4511.19 of the Revised Code within five years of the date of application for licensure or certification.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

Criminal Records Check - General Provisions

(7) On receipt of a request for a criminal records check from an individual pursuant to section 4749.03 or 4749.06 of the Revised Code, accompanied by a completed copy of the form prescribed in division (C)(1) of this section and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists indicating that the person who is the subject of the request has been convicted of or pleaded guilty to a felony in this state or in any other state. If the individual indicates that a firearm will be carried in the course of business, the superintendent shall require information from the federal bureau of investigation as described in division (B)(2) of this section. Subject to division (F) of this section, the superintendent shall report the findings of the criminal records check and any information the federal bureau of investigation provides to the director of public safety.

(8) On receipt of a request pursuant to section 1321.37, 1321.53, 1321.531, 1322.03, 1322.031, or 4763.05 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person who has applied for a license, permit, or certification from the department of commerce or a division in the department. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following: a violation of section 2913.02, 2913.11, 2913.31, 2913.51, or 2925.03 of the Revised Code; any other criminal offense involving theft, receiving stolen property, embezzlement, forgery, fraud, passing bad checks, money laundering, or drug trafficking, or any criminal offense involving money or securities, as set forth in Chapters 2909., 2911., 2913., 2915., 2921., 2923., and 2925 of the Revised Code; or any existing or former law of this state, any other state, or the United States that is substantially equivalent to those offenses.

(9) On receipt of a request for a criminal records check from the treasurer of state under section 113.041 of the Revised Code or from an individual under section 4701.08, 4715.101, 4717.061, 4725.121, 4725.501, 4729.071, 4730.101, 4730.14, 4730.28, 4731.081, 4731.15, 4731.171, 4731.222, 4731.281, 4731.296, 4731.531, 4732.091, 4734.202, 4740.061, 4741.10, 4755.70, 4757.101, 4759.061, 4760.032, 4760.06, 4761.051, 4762.031, 4762.06, 4774.031, 4774.06, 4776.021, 4778.04, 4778.07, 4779.091, or 4783.04 of the Revised Code, accompanied by a completed form prescribed under division (C)(1) of this section and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request has been convicted of or pleaded guilty to any criminal offense in this state or any other state. Subject to division (F) of this section, the superintendent shall send the results of a check requested under section 113.041 of the Revised Code to the treasurer of state and shall send the results of a check requested under any of the other listed sections to the licensing board specified by the individual in the request.
(10) On receipt of a request pursuant to section 1121.23, 1155.03, 1163.05, 1315.141, 1733.47, or 1761.26 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any criminal offense under any existing or former law of this state, any other state, or the United States.

(11) On receipt of a request for a criminal records check from an appointing or licensing authority under section 3772.07 of the Revised Code, a completed form prescribed under division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner prescribed in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty or no contest to any offense under any existing or former law of this state, any other state, or the United States that is a disqualifying offense as defined in section 3772.07 of the Revised Code or substantially equivalent to such an offense.

(12) On receipt of a request pursuant to section 2151.33 or 2151.412 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person for whom a criminal records check is required under that section. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.11, 2905.12, 2907.02, 2907.03, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.12, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2911.13, 2913.02, 2913.03, 2913.04, 2913.11, 2913.21, 2913.31, 2913.40, 2913.43, 2913.47, 2913.51, 2919.25, 2921.36, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.11, 2925.13, 2925.22, 2925.23, or 3716.11 of the Revised Code;

(b) An existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(12)(a) of this section.

(13) On receipt of a request pursuant to section 3796.12 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A disqualifying offense as specified in rules adopted under division (B)(2)(b) of section 3796.03 of the Revised Code if the person who is the subject of the request is an administrator or other person responsible for the daily operation of, or an owner or prospective owner, officer or prospective officer, or board member or prospective board member of, an entity seeking a license from the department of commerce under Chapter 3796 of the Revised Code;

(b) A disqualifying offense as specified in rules adopted under division (B)(2)(b) of section 3796.04 of the Revised Code if the person who is the subject of the request is an
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

Criminal Records Check - General Provisions

administrator or other person responsible for the daily operation of, or an owner or prospective owner, officer or prospective officer, or board member or prospective board member of, an entity seeking a license from the state board of pharmacy under Chapter 3796 of the Revised Code.

(14) On receipt of a request required by section 3796.13 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to the following:

(a) A disqualifying offense as specified in rules adopted under division (B)(8)(a) of section 3796.03 of the Revised Code if the person who is the subject of the request is seeking employment with an entity licensed by the department of commerce under Chapter 3796 of the Revised Code;

(b) A disqualifying offense as specified in rules adopted under division (B)(14)(a) of section 3796.04 of the Revised Code if the person who is the subject of the request is seeking employment with an entity licensed by the state board of pharmacy under Chapter 3796 of the Revised Code.

(B) Subject to division (F) of this section, the superintendent shall conduct any criminal records check to be conducted under this section as follows:

(1) The superintendent shall review or cause to be reviewed any relevant information gathered and compiled by the bureau under division (A) of section 109.57 of the Revised Code that relates to the person who is the subject of the criminal records check, including, if the criminal records check was requested under section 113.041, 121.08, 173.27, 173.38, 173.381, 1121.23, 1155.03, 1163.05, 1315.141, 1321.37, 1321.53, 1321.531, 1322.03, 1322.031, 1733.47, 1761.26, 2151.86, 3301.32, 3301.541, 3319.39, 3701.881, 3712.09, 3721.121, 3772.07, 3796.12, 3796.13, 4749.03, 4749.06, 4763.05, 5104.013, 5164.34, 5164.341, 5164.342, 5123.081, 5123.169, or 5153.111 of the Revised Code, any relevant information contained in records that have been sealed under section 2953.32 of the Revised Code;

(2) If the request received by the superintendent asks for information from the federal bureau of investigation, the superintendent shall request from the federal bureau of investigation any information it has with respect to the person who is the subject of the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671 if the request is made pursuant to section 2151.86 or 5104.013 of the Revised Code or if any other Revised Code section requires fingerprint-based checks of that nature, and shall review or cause to be reviewed any information the superintendent receives from that bureau. If a request under section 3319.39 of the Revised Code asks only for information from the federal bureau of investigation, the superintendent shall not conduct the review prescribed by division (B)(1) of this section.

(3) The superintendent or the superintendent’s designee may request criminal history records from other states or the federal government pursuant to the national crime prevention and privacy compact set forth in section 109.571 of the Revised Code.

(4) The superintendent shall include in the results of the criminal records check a list or description of the offenses listed or described in division (A)(1), (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of this section, whichever division requires the superintendent to conduct the criminal records check. The superintendent shall exclude from the results any information the dissemination of which is prohibited by federal law.

(5) The superintendent shall send the results of the criminal records check to the person to whom it is to be sent not later than the following number of days after the date the superintendent receives the request for the criminal records check, the completed form
prescribed under division (C)(1) of this section, and the set of fingerprint impressions obtained in
the manner described in division (C)(2) of this section:

(a) If the superintendent is required by division (A) of this section (other than division
(A)(3) of this section) to conduct the criminal records check, thirty;

(b) If the superintendent is required by division (A)(3) of this section to conduct the
criminal records check, sixty.

(C)(1) The superintendent shall prescribe a form to obtain the information necessary to
conduct a criminal records check from any person for whom a criminal records check is to be
conducted under this section. The form that the superintendent prescribes pursuant to this
division may be in a tangible format, in an electronic format, or in both tangible and electronic
formats.

(2) The superintendent shall prescribe standard impression sheets to obtain the
fingerprint impressions of any person for whom a criminal records check is to be conducted
under this section. Any person for whom a records check is to be conducted under this section
shall obtain the fingerprint impressions at a county sheriff's office, municipal police department,
or any other entity with the ability to make fingerprint impressions on the standard impression
sheets prescribed by the superintendent. The office, department, or entity may charge the
person a reasonable fee for making the impressions. The standard impression sheets the
superintendent prescribes pursuant to this division may be in a tangible format, in an electronic
format, or in both tangible and electronic formats.

(3) Subject to division (D) of this section, the superintendent shall prescribe and charge
a reasonable fee for providing a criminal records check under this section. The person
requesting the criminal records check shall pay the fee prescribed pursuant to this division. In
the case of a request under section 1121.23, 1155.03, 1163.05, 1315.141, 1733.47, 1761.26,
2151.33, 2151.412, or 5164.34 of the Revised Code, the fee shall be paid in the manner
specified in that section.

(4) The superintendent of the bureau of criminal identification and investigation may
prescribe methods of forwarding fingerprint impressions and information necessary to conduct a
criminal records check, which methods shall include, but not be limited to, an electronic method.

(D) The results of a criminal records check conducted under this section, other than a
criminal records check specified in division (A)(7) of this section, are valid for the person who is
the subject of the criminal records check for a period of one year from the date upon which the
superintendent completes the criminal records check. If during that period the superintendent
receives another request for a criminal records check to be conducted under this section for that
person, the superintendent shall provide the results from the previous criminal records check of
the person at a lower fee than the fee prescribed for the initial criminal records check.

(E) When the superintendent receives a request for information from a registered private
provider, the superintendent shall proceed as if the request was received from a school district
board of education under section 3319.39 of the Revised Code. The superintendent shall apply
division (A)(1)(c) of this section to any such request for an applicant who is a teacher.

(F)(1) Subject to division (F)(2) of this section, all information regarding the results of a
criminal records check conducted under this section that the superintendent reports or sends
under division (A)(7) or (9) of this section to the director of public safety, the treasurer of state,
or the person, board, or entity that made the request for the criminal records check shall relate
to the conviction of the subject person, or the subject person's plea of guilty to, a criminal
offense.

(2) Division (F)(1) of this section does not limit, restrict, or preclude the superintendent's
release of information that relates to the arrest of a person who is eighteen years of age or
older, to an adjudication of a child as a delinquent child, or to a criminal conviction of a person
under eighteen years of age in circumstances in which a release of that nature is authorized.
under division (E)(2), (3), or (4) of section 109.57 of the Revised Code pursuant to a rule adopted under division (E)(1) of that section.

(G) As used in this section:

(1) “Criminal records check” means any criminal records check conducted by the superintendent of the bureau of criminal identification and investigation in accordance with division (B) of this section.

(2) “Minor drug possession offense” has the same meaning as in section 2925.01 of the Revised Code.

(3) “OVI or OVUAC violation” means a violation of section 4511.19 of the Revised Code or a violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to section 4511.19 of the Revised Code.

(4) “Registered private provider” means a nonpublic school or entity registered with the superintendent of public instruction under section 3310.41 of the Revised Code to participate in the autism scholarship program or section 3310.58 of the Revised Code to participate in the Jon Peterson special needs scholarship program.

109.572 Checking criminal records.

[Editor’s Note: This version of the statute is effective 1/1/2018 until 1/21/2018. The version effective subsequently is included next. The version in effect prior to those dates is included previously.]

(A)(1) Upon receipt of a request pursuant to section 121.08, 3301.32, 3301.541, or 3319.39 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.05, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21, 2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2919.12, 2919.22, 2919.24, 2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, or 3716.11 of the Revised Code, felonious sexual penetration in violation of former section 2907.12 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, or a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense;

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(1)(a) of this section;

(c) If the request is made pursuant to section 3319.39 of the Revised Code for an applicant who is a teacher, any offense specified in section 3319.31 of the Revised Code.

(2) On receipt of a request pursuant to section 3712.09 or 3721.121 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person who has applied for employment in a position for which a criminal records check is required by those sections. The superintendent shall conduct
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.11, 2905.12, 2907.02, 2907.03, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.12, 2907.25, 2907.31, 2907.32, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2911.13, 2913.02, 2913.03, 2913.04, 2913.11, 2913.21, 2913.31, 2913.40, 2913.43, 2913.47, 2913.51, 2919.25, 2921.36, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.11, 2925.13, 2925.22, 2925.23, or 3716.11 of the Revised Code;

(b) An existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(2)(a) of this section.

(3) On receipt of a request pursuant to section 173.27, 173.38, 173.381, 3701.881, 5164.34, 5164.341, 5164.342, 5123.081, or 5123.169 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check of the person for whom the request is made. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of, has pleaded guilty to, or (except in the case of a request pursuant to section 5164.34, 5164.341, or 5164.342 of the Revised Code) has been found eligible for intervention in lieu of conviction for any of the following, regardless of the date of the conviction, the date of entry of the guilty plea, or (except in the case of a request pursuant to section 5164.34, 5164.341, or 5164.342 of the Revised Code) the date the person was found eligible for intervention in lieu of conviction:

(a) A violation of section 959.13, 959.131, 2903.01, 2903.02, 2903.03, 2903.04, 2903.041, 2903.11, 2903.12, 2903.13, 2903.15, 2903.16, 2903.21, 2903.211, 2903.22, 2903.34, 2903.341, 2905.01, 2905.02, 2905.05, 2905.11, 2905.12, 2905.32, 2905.33, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21, 2907.22, 2907.23, 2907.24, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2907.33, 2909.02, 2909.03, 2909.04, 2909.22, 2909.23, 2909.24, 2911.01, 2911.02, 2911.11, 2911.12, 2911.13, 2913.02, 2913.03, 2913.04, 2913.05, 2913.11, 2913.21, 2913.31, 2913.32, 2913.40, 2913.41, 2913.42, 2913.43, 2913.44, 2913.441, 2913.45, 2913.46, 2913.47, 2913.48, 2913.49, 2913.51, 2917.01, 2917.02, 2917.03, 2917.31, 2919.12, 2919.121, 2919.123, 2919.22, 2919.23, 2919.24, 2919.25, 2921.03, 2921.11, 2921.12, 2921.13, 2921.21, 2921.24, 2921.32, 2921.321, 2921.34, 2921.35, 2921.36, 2921.51, 2923.12, 2923.122, 2923.123, 2923.13, 2923.161, 2923.162, 2923.21, 2923.32, 2923.42, 2925.02, 2925.03, 2925.04, 2925.041, 2925.05, 2925.06, 2925.09, 2925.11, 2925.13, 2925.14, 2925.141, 2925.22, 2925.23, 2925.24, 2925.36, 2925.55, 2925.56, 2927.12, or 3716.11 of the Revised Code;

(b) Felonious sexual penetration in violation of former section 2907.12 of the Revised Code;

(c) A violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996;
(d) A violation of section 2923.01, 2923.02, or 2923.03 of the Revised Code when the underlying offense that is the object of the conspiracy, attempt, or complicity is one of the offenses listed in divisions (A)(3)(a) to (c) of this section;
(e) A violation of an existing or former municipal ordinance or law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in divisions (A)(3)(a) to (d) of this section.

(4) On receipt of a request pursuant to section 2151.86 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

Criminal Records Check - General Provisions

impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 959.13, 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.15, 2903.16, 2903.21, 2903.211, 2903.22, 2903.34, 2905.01, 2905.02, 2905.05, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21, 2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2909.02, 2909.03, 2909.22, 2909.23, 2909.24, 2911.01, 2911.02, 2911.11, 2911.12, 2913.49, 2917.01, 2917.02, 2919.12, 2919.22, 2919.24, 2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2927.12, or 3716.11 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense, two or more OVI or OVUAC violations committed within the three years immediately preceding the submission of the application or petition that is the basis of the request, or felonious sexual penetration in violation of former section 2907.12 of the Revised Code;

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(5)(a) of this section.

(5) Upon receipt of a request pursuant to section 5104.013 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.05, 2903.11, 2903.12, 2903.13, 2903.15, 2903.16, 2903.21, 2903.211, 2903.22, 2903.34, 2905.01, 2905.02, 2905.05, 2905.06, 2905.07, 2905.08, 2905.09, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.11, 2907.12, 2907.21, 2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2909.02, 2909.03, 2909.22, 2909.23, 2909.24, 2911.01, 2911.02, 2911.11, 2911.12, 2913.49, 2917.01, 2917.02, 2919.12, 2919.22, 2919.24, 2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2927.12, or 3716.11 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense, two or more OVI or OVUAC violations committed within the three years immediately preceding the submission of the application or petition that is the basis of the request, or felonious sexual penetration in violation of former section 2907.12 of the Revised Code;

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(5)(a) of this section.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

(6) Upon receipt of a request pursuant to section 5153.111 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.05, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21, 2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2909.02, 2909.03, 2911.01, 2911.02, 2911.11, 2911.12, 2919.12, 2919.22, 2919.24, 2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, or 3716.11 of the Revised Code, felonious sexual penetration in violation of former section 2907.12 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, or a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense;

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(6)(a) of this section.

(7) On receipt of a request for a criminal records check from an individual pursuant to section 4749.03 or 4749.06 of the Revised Code, accompanied by a completed copy of the form prescribed in division (C)(1) of this section and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists indicating that the person who is the subject of the request has been convicted of or pleaded guilty to a felony in this state or in any other state. If the individual indicates that a firearm will be carried in the course of business, the superintendent shall require information from the federal bureau of investigation as described in division (B)(2) of this section. Subject to division (F) of this section, the superintendent shall report the findings of the criminal records check and any information the federal bureau of investigation provides to the director of public safety.

(8) On receipt of a request pursuant to section 1321.37, 1321.53, 1321.531, 1322.03, 1322.031, or 4763.05 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person who has applied for a license, permit, or certification from the department of commerce or a division in the department. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following: a violation of section 2913.02, 2913.11, 2913.31, 2913.51, or 2925.03 of the Revised Code; any other criminal offense involving theft, receiving stolen property, embezzlement, forgery, fraud, passing bad checks, money laundering, or drug trafficking, or any criminal offense involving money or securities, as set forth in Chapters 2909., 2911., 2913., 2915., 2921., 2923., and 2925 of the Revised Code; or any existing or former law of this state, any other state, or the United States that is substantially equivalent to those offenses.

(9) On receipt of a request for a criminal records check from the treasurer of state under section 113.041 of the Revised Code or from an individual under section 4701.08, 4715.101,
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

Criminal Records Check

General Provisions

4717.061, 4725.121, 4725.501, 4729.071, 4730.101, 4730.14, 4730.28, 4731.081, 4731.15, 4731.171, 4731.222, 4731.281, 4731.296, 4731.531, 4732.091, 4734.202, 4740.061, 4741.10, 4755.70, 4757.101, 4759.061, 4760.032, 4760.06, 4761.051, 4762.031, 4762.06, 4774.031, 4774.06, 4776.021, 4778.04, 4778.07, 4779.091, or 4783.04 of the Revised Code, accompanied by a completed form prescribed under division (C)(1) of this section and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request has been convicted of or pleaded guilty to any criminal offense in this state or any other state. Subject to division (F) of this section, the superintendent shall send the results of a check requested under section 113.041 of the Revised Code to the treasurer of state and shall send the results of a check requested under any of the other listed sections to the licensing board specified by the individual in the request.

(10) On receipt of a request pursuant to section 1121.23, 1315.141, 1733.47, or 1761.26 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any criminal offense under any existing or former law of this state, any other state, or the United States.

(11) On receipt of a request for a criminal records check from an appointing or licensing authority under section 3772.07 of the Revised Code, a completed form prescribed under division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner prescribed in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty or no contest to any offense under any existing or former law of this state, any other state, or the United States that is a disqualifying offense as defined in section 3772.07 of the Revised Code or substantially equivalent to such an offense.

(12) On receipt of a request pursuant to section 2151.33 or 2151.412 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person for whom a criminal records check is required under that section. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.11, 2905.12, 2907.02, 2907.03, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.12, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2911.13, 2913.02, 2913.03, 2913.04, 2913.11, 2913.21, 2913.31, 2913.40, 2913.43, 2913.47, 2913.51, 2919.25, 2921.36, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.11, 2925.13, 2925.22, 2925.23, or 3716.11 of the Revised Code;

(b) An existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(12)(a) of this section.
(13) On receipt of a request pursuant to section 3796.12 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to the following:

(a) A disqualifying offense as specified in rules adopted under division (B)(2)(b) of section 3796.03 of the Revised Code if the person who is the subject of the request is an administrator or other person responsible for the daily operation of, or an owner or prospective owner, officer or prospective officer, or board member or prospective board member of, an entity seeking a license from the department of commerce under Chapter 3796 of the Revised Code;

(b) A disqualifying offense as specified in rules adopted under division (B)(2)(b) of section 3796.04 of the Revised Code if the person who is the subject of the request is an administrator or other person responsible for the daily operation of, or an owner or prospective owner, officer or prospective officer, or board member or prospective board member of, an entity seeking a license from the state board of pharmacy under Chapter 3796 of the Revised Code.

(14) On receipt of a request required by section 3796.13 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to the following:

(a) A disqualifying offense as specified in rules adopted under division (B)(8)(a) of section 3796.03 of the Revised Code if the person who is the subject of the request is seeking employment with an entity licensed by the department of commerce under Chapter 3796 of the Revised Code;

(b) A disqualifying offense as specified in rules adopted under division (B)(14)(a) of section 3796.04 of the Revised Code if the person who is the subject of the request is seeking employment with an entity licensed by the state board of pharmacy under Chapter 3796 of the Revised Code.

(B) Subject to division (F) of this section, the superintendent shall conduct any criminal records check to be conducted under this section as follows:

(1) The superintendent shall review or cause to be reviewed any relevant information gathered and compiled by the bureau under division (A) of section 109.57 of the Revised Code that relates to the person who is the subject of the criminal records check, including, if the criminal records check was requested under section 113.041, 121.08, 173.27, 173.38, 173.381, 1121.23, 1315.141, 1321.37, 1321.53, 1321.531, 1322.03, 1322.031, 1733.47, 1761.26, 2151.86, 3301.32, 3301.541, 3319.39, 3701.881, 3712.09, 3721.121, 3772.07, 3796.12, 3796.13, 4749.03, 4749.06, 4763.05, 5104.013, 5164.34, 5164.341, 5164.342, 5123.081, 5123.169, or 5153.111 of the Revised Code, any relevant information contained in records that have been sealed under section 2953.32 of the Revised Code;

(2) If the request received by the superintendent asks for information from the federal bureau of investigation, the superintendent shall request from the federal bureau of investigation any information it has with respect to the person who is the subject of the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671 if the request is made pursuant to section 2151.86 or 5104.013 of the Revised Code or if any other Revised Code section requires fingerprint-based checks of that nature, and

804 Criminal Records Check- General Provisions
shall review or cause to be reviewed any information the superintendent receives from that bureau. If a request under section 3319.39 of the Revised Code asks only for information from the federal bureau of investigation, the superintendent shall not conduct the review prescribed by division (B)(1) of this section.

(3) The superintendent or the superintendent's designee may request criminal history records from other states or the federal government pursuant to the national crime prevention and privacy compact set forth in section 109.571 of the Revised Code.

(4) The superintendent shall include in the results of the criminal records check a list or description of the offenses listed or described in division (A)(1), (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of this section, whichever division requires the superintendent to conduct the criminal records check. The superintendent shall exclude from the results any information the dissemination of which is prohibited by federal law.

(5) The superintendent shall send the results of the criminal records check to the person to whom it is to be sent not later than the following number of days after the date the superintendent receives the request for the criminal records check, the completed form prescribed under division (C)(1) of this section, and the set of fingerprint impressions obtained in the manner described in division (C)(2) of this section:
   (a) If the superintendent is required by division (A) of this section (other than division (A)(3) of this section) to conduct the criminal records check, thirty;
   (b) If the superintendent is required by division (A)(3) of this section to conduct the criminal records check, sixty.

(C)(1) The superintendent shall prescribe a form to obtain the information necessary to conduct a criminal records check from any person for whom a criminal records check is to be conducted under this section. The form that the superintendent prescribes pursuant to this division may be in a tangible format, in an electronic format, or in both tangible and electronic formats.

(2) The superintendent shall prescribe standard impression sheets to obtain the fingerprint impressions of any person for whom a records check is to be conducted under this section. Any person for whom a records check is to be conducted under this section shall obtain the fingerprint impressions at a county sheriff's office, municipal police department, or any other entity with the ability to make fingerprint impressions on the standard impression sheets prescribed by the superintendent. The office, department, or entity may charge the person a reasonable fee for making the impressions. The standard impression sheets the superintendent prescribes pursuant to this division may be in a tangible format, in an electronic format, or in both tangible and electronic formats.

(3) Subject to division (D) of this section, the superintendent shall prescribe and charge a reasonable fee for providing a criminal records check under this section. The person requesting the criminal records check shall pay the fee prescribed pursuant to this division. In the case of a request under section 1121.23, 1155.03, 1163.05, 1315.141, 1733.47, 1761.26, 2151.33, 2151.412, or 5164.34 of the Revised Code, the fee shall be paid in the manner specified in that section.

(4) The superintendent of the bureau of criminal identification and investigation may prescribe methods of forwarding fingerprint impressions and information necessary to conduct a criminal records check, which methods shall include, but not be limited to, an electronic method.

(D) The results of a criminal records check conducted under this section, other than a criminal records check specified in division (A)(7) of this section, are valid for the person who is the subject of the criminal records check for a period of one year from the date upon which the superintendent completes the criminal records check. If during that period the superintendent receives another request for a criminal records check to be conducted under this section for that person, the superintendent shall provide the results from the previous criminal records check of the person at a lower fee than the fee prescribed for the initial criminal records check.
(E) When the superintendent receives a request for information from a registered private provider, the superintendent shall proceed as if the request was received from a school district board of education under section 3319.39 of the Revised Code. The superintendent shall apply division (A)(1)(c) of this section to any such request for an applicant who is a teacher.

(F)(1) Subject to division (F)(2) of this section, all information regarding the results of a criminal records check conducted under this section that the superintendent reports or sends under division (A)(7) or (9) of this section to the director of public safety, the treasurer of state, or the person, board, or entity that made the request for the criminal records check shall relate to the conviction of the subject person, or the subject person's plea of guilty to, a criminal offense.

(2) Division (F)(1) of this section does not limit, restrict, or preclude the superintendent's release of information that relates to the arrest of a person who is eighteen years of age or older, to an adjudication of a child as a delinquent child, or to a criminal conviction of a person under eighteen years of age in circumstances in which a release of that nature is authorized under division (E)(2), (3), or (4) of section 109.57 of the Revised Code pursuant to a rule adopted under division (E)(1) of that section.

(G) As used in this section:
(1) “Criminal records check” means any criminal records check conducted by the superintendent of the bureau of criminal identification and investigation in accordance with division (B) of this section.

(2) “Minor drug possession offense” has the same meaning as in section 2925.01 of the Revised Code.

(3) “OVI or OVUAC violation” means a violation of section 4511.19 of the Revised Code or a violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to section 4511.19 of the Revised Code.

(4) “Registered private provider” means a nonpublic school or entity registered with the superintendent of public instruction under section 3310.41 of the Revised Code to participate in the autism scholarship program or section 3310.58 of the Revised Code to participate in the Jon Peterson special needs scholarship program.

109.572 Checking criminal records.

[Editor's Note: This version of the statute is effective 1/21/2018. The versions in effect previously are included in the prior pages.]

(A)(1) Upon receipt of a request pursuant to section 121.08, 3301.32, 3301.541, or 3319.39 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (G)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (D) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.05, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21, 2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2919.12, 2919.19, 2919.24, 2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, or 3716.11 of the Revised Code, felonious sexual penetration in violation of former section 2907.12 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had
the violation been committed prior to that date, or a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense;

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(1)(a) of this section;

(c) If the request is made pursuant to section 3319.39 of the Revised Code for an applicant who is a teacher, any offense specified in section 3319.31 of the Revised Code.

(2) On receipt of a request pursuant to section 3712.09 or 3721.121 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person who has applied for employment in a position for which a criminal records check is required by those sections. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.11, 2905.12, 2907.02, 2907.03, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.12, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2911.13, 2913.02, 2913.03, 2913.04, 2913.11, 2913.21, 2913.31, 2913.40, 2913.43, 2913.47, 2913.51, 2919.25, 2921.36, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.11, 2925.13, 2925.22, 2925.23, or 3716.11 of the Revised Code;

(b) An existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(2)(a) of this section.

(3) On receipt of a request pursuant to section 173.27, 173.38, 173.381, 3701.881, 5164.34, 5164.341, 5164.342, 5123.081, or 5123.169 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check of the person for whom the request is made. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of, has pleaded guilty to, or (except in the case of a request pursuant to section 5164.34, 5164.341, or 5164.342 of the Revised Code) has been found eligible for intervention in lieu of conviction for any of the following, regardless of the date of the conviction, the date of entry of the guilty plea, or (except in the case of a request pursuant to section 5164.34, 5164.341, or 5164.342 of the Revised Code) the date the person was found eligible for intervention in lieu of conviction:

(a) A violation of section 959.13, 959.131, 2903.01, 2903.02, 2903.03, 2903.04, 2903.041, 2903.11, 2903.12, 2903.13, 2903.15, 2903.16, 2903.21, 2903.22, 2903.34, 2903.341, 2905.01, 2905.02, 2905.05, 2905.11, 2905.12, 2905.13, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.11, 2907.21, 2907.22, 2907.23, 2907.24, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2907.324, 2907.325, 2907.33, 2909.02, 2909.03, 2909.04, 2909.22, 2909.23, 2909.24, 2911.01, 2911.02, 2911.11, 2911.12, 2913.02, 2913.03, 2913.04, 2913.05, 2913.11, 2913.21, 2913.31, 2913.32, 2913.40, 2913.41, 2913.42, 2913.43, 2913.44, 2913.45, 2913.46, 2913.47, 2913.48, 2913.49, 2913.51, 2913.52, 2917.01, 2917.02, 2917.03, 2917.31, 2919.12, 2919.121, 2919.122, 2919.123, 2919.22, 2919.23, 2919.24, 2919.25, 2921.03, 2921.11, 2921.12, 2921.13, 2921.21, 2921.24, 2921.32, 2921.321, 2921.34, 2921.35, 2921.36, 2921.51, 2923.12, 2923.122, 2923.123, 2923.13, 2923.161, 2923.162, 2923.21, 2923.32, 2923.42, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.09, 2925.11,
Chapter 9. Crime, Records Check, False Claims and Fraud

Part II. Criminal Records Check

2925.13, 2925.14, 2925.141, 2925.22, 2925.23, 2925.24, 2925.36, 2925.55, 2925.56, 2927.12, or 3716.11 of the Revised Code;

(b) Felonious sexual penetration in violation of former section 2907.12 of the Revised Code;

(c) A violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996;

(d) A violation of section 2923.01, 2923.02, or 2923.03 of the Revised Code when the underlying offense that is the object of the conspiracy, attempt, or complicity is one of the offenses listed in divisions (A)(3)(a) to (c) of this section;

(e) A violation of an existing or former municipal ordinance or law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in divisions (A)(3)(a) to (d) of this section.

(4) On receipt of a request pursuant to section 2151.86 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 959.13, 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.15, 2903.16, 2903.21, 2903.22, 2903.34, 2905.01, 2905.02, 2905.05, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21, 2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2909.02, 2909.03, 2909.22, 2909.23, 2909.24, 2911.01, 2911.02, 2911.11, 2911.12, 2913.49, 2917.01, 2917.02, 2919.12, 2919.22, 2919.24, 2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2927.12, or 3716.11 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense, two or more OVI or OVUAC violations committed within the three years immediately preceding the submission of the application or petition that is the basis of the request, or felonious sexual penetration in violation of former section 2907.12 of the Revised Code;

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(4)(a) of this section.

(5) Upon receipt of a request pursuant to section 5104.013 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2151.421, 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.22, 2903.34, 2905.01, 2905.02, 2905.05, 2905.32, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.19, 2907.21, 2907.22, 2907.23, 2907.25, 2907.29, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2909.02, 2909.03, 2909.22, 2909.23, 2909.24, 2911.01, 2911.02, 2911.11, 2911.12, 2913.49, 2917.01, 2917.02, 2919.12, 2919.22, 2919.24, 2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2927.12, or 3716.11 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense, two or more OVI or OVUAC violations committed within the three years immediately preceding the submission of the application or petition that is the basis of the request, or felonious sexual penetration in violation of former section 2907.12 of the Revised Code;
2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, or 3716.11 of the Revised Code, felonious sexual penetration in violation of former section 2907.12 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense, a violation of section 2923.02 or 2923.03 of the Revised Code that relates to a crime specified in this division, or a second violation of section 4511.19 of the Revised Code within five years of the date of application for licensure or certification.

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses or violations described in division (A)(5)(a) of this section.

(6) Upon receipt of a request pursuant to section 5153.111 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.05, 2907.02, 2907.03, 2907.04, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.21, 2907.22, 2907.23, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2909.02, 2909.03, 2911.01, 2911.02, 2911.11, 2911.12, 2919.12, 2919.22, 2919.24, 2919.25, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, or 3716.11 of the Revised Code, felonious sexual penetration in violation of former section 2907.12 of the Revised Code, a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, a violation of section 2919.23 of the Revised Code that would have been a violation of section 2905.04 of the Revised Code as it existed prior to July 1, 1996, had the violation been committed prior to that date, or a violation of section 2925.11 of the Revised Code that is not a minor drug possession offense;

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(6)(a) of this section.

(7) On receipt of a request for a criminal records check from an individual pursuant to section 4749.03 or 4749.06 of the Revised Code, accompanied by a completed copy of the form prescribed in division (C)(1) of this section and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists indicating that the person who is the subject of the request has been convicted of or pleaded guilty to a felony in this state or in any other state. If the individual indicates that a firearm will be carried in the course of business, the superintendent shall require information from the federal bureau of investigation as described in division (B)(2) of this section. Subject to division (F) of this section, the superintendent shall report the findings of the criminal records check and any information the federal bureau of investigation provides to the director of public safety.

(8) On receipt of a request pursuant to section 1321.37, 1321.53, 1321.531, 1322.03, 1322.031, or 4763.05 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person who has applied for a license, permit, or certification from the department of commerce or a division in the
department. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following: a violation of section 2913.02, 2913.11, 2913.31, 2913.51, or 2925.03 of the Revised Code; any other criminal offense involving theft, receiving stolen property, embezzlement, forgery, fraud, passing bad checks, money laundering, or drug trafficking, or any criminal offense involving money or securities, as set forth in Chapters 2909., 2911., 2913., 2915., 2921., 2923., and 2925 of the Revised Code; or any existing or former law of this state, any other state, or the United States that is substantially equivalent to those offenses.

(9) On receipt of a request for a criminal records check from the treasurer of state under section 113.041 of the Revised Code or from an individual under section 4701.08, 4715.101, 4717.061, 4725.121, 4725.501, 4729.071, 4730.101, 4730.14, 4730.28, 4731.081, 4731.15, 4731.171, 4731.222, 4731.281, 4731.296, 4731.531, 4732.091, 4734.202, 4740.061, 4741.10, 4747.051, 4753.061, 4755.70, 4757.101, 4759.061, 4760.032, 4760.06, 4761.051, 4762.031, 4762.06, 4774.031, 4774.06, 4776.021, 4778.04, 4778.07, 4779.091, or 4783.04 of the Revised Code, accompanied by a completed form prescribed under division (C)(1) of this section and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request has been convicted of or pleaded guilty to any criminal offense in this state or any other state. Subject to division (F) of this section, the superintendent shall send the results of a check requested under section 113.041 of the Revised Code to the treasurer of state and shall send the results of a check requested under any of the other listed sections to the licensing board specified by the individual in the request.

(10) On receipt of a request pursuant to section 1121.23, 1315.141, 1733.47, or 1761.26 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any criminal offense under any existing or former law of this state, any other state, or the United States.

(11) On receipt of a request for a criminal records check from an appointing or licensing authority under section 3772.07 of the Revised Code, a completed form prescribed under division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner prescribed in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty or no contest to any offense under any existing or former law of this state, any other state, or the United States that is a disqualifying offense as defined in section 3772.07 of the Revised Code or substantially equivalent to such an offense.

(12) On receipt of a request pursuant to section 2151.33 or 2151.412 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person for whom a criminal records check is required under that section. The superintendent shall conduct the criminal records check in the manner described in division (B) of this section to determine whether any information exists that
Criminal Records Check

indications that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.11, 2905.12, 2907.02, 2907.03, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.12, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2913.02, 2913.03, 2913.04, 2913.11, 2913.21, 2913.31, 2913.40, 2913.43, 2913.47, 2913.51, 2919.25, 2921.36, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.11, 2925.13, 2925.22, 2925.23, or 3716.11 of the Revised Code;

(b) An existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(12)(a) of this section.

(13) On receipt of a request pursuant to section 3796.12 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to the following:

(a) A disqualifying offense as specified in rules adopted under division (B)(2)(b) of section 3796.03 of the Revised Code if the person who is the subject of the request is an administrator or other person responsible for the daily operation of, or an owner or prospective owner, officer or prospective officer, or board member or prospective board member of, an entity seeking a license from the department of commerce under Chapter 3796 of the Revised Code;

(b) A disqualifying offense as specified in rules adopted under division (B)(2)(b) of section 3796.04 of the Revised Code if the person who is the subject of the request is an administrator or other person responsible for the daily operation of, or an owner or prospective owner, officer or prospective officer, or board member or prospective board member of, an entity seeking a license from the state board of pharmacy under Chapter 3796 of the Revised Code.

(14) On receipt of a request required by section 3796.13 of the Revised Code, a completed form pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in a manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to the following:

(a) A disqualifying offense as specified in rules adopted under division (B)(8)(a) of section 3796.03 of the Revised Code if the person who is the subject of the request is seeking employment with an entity licensed by the department of commerce under Chapter 3796 of the Revised Code;

(b) A disqualifying offense as specified in rules adopted under division (B)(14)(a) of section 3796.04 of the Revised Code if the person who is the subject of the request is seeking employment with an entity licensed by the state board of pharmacy under Chapter 3796 of the Revised Code.

(B) Subject to division (F) of this section, the superintendent shall conduct any criminal records check to be conducted under this section as follows:

(1) The superintendent shall review or cause to be reviewed any relevant information gathered and compiled by the bureau under division (A) of section 109.57 of the Revised Code that relates to the person who is the subject of the criminal records check, including, if the criminal records check was requested under section 113.041, 121.08, 173.27, 173.38, 173.381,
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

1121.23, 1315.141, 1321.37, 1321.53, 1321.531, 1322.03, 1322.031, 1733.47, 1761.26, 2151.86, 3301.32, 3301.541, 3319.39, 3701.881, 3712.09, 3721.121, 3772.07, 3796.12, 3796.13, 4749.03, 4749.06, 4763.05, 5104.013, 5164.34, 5164.341, 5164.342, 5123.081, 5123.169, or 5153.111 of the Revised Code, any relevant information contained in records that have been sealed under section 2953.32 of the Revised Code;

(2) If the request received by the superintendent asks for information from the federal bureau of investigation, the superintendent shall request from the federal bureau of investigation any information it has with respect to the person who is the subject of the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671 if the request is made pursuant to section 2151.86 or 5104.013 of the Revised Code or if any other Revised Code section requires fingerprint-based checks of that nature, and shall review or cause to be reviewed any information the superintendent receives from that bureau. If a request under section 3319.39 of the Revised Code asks only for information from the federal bureau of investigation, the superintendent shall not conduct the review prescribed by division (B)(1) of this section.

(3) The superintendent or the superintendent's designee may request criminal history records from other states or the federal government pursuant to the national crime prevention and privacy compact set forth in section 109.571 of the Revised Code.

(4) The superintendent shall include in the results of the criminal records check a list or description of the offenses listed or described in division (A)(1), (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of this section, whichever division requires the superintendent to conduct the criminal records check. The superintendent shall exclude from the results any information the dissemination of which is prohibited by federal law.

(5) The superintendent shall send the results of the criminal records check to the person to whom it is to be sent not later than the following number of days after the date the superintendent receives the request for the criminal records check, the completed form prescribed under division (C)(1) of this section, and the set of fingerprint impressions obtained in the manner described in division (C)(2) of this section:

(a) If the superintendent is required by division (A) of this section (other than division (A)(3) of this section) to conduct the criminal records check, thirty;

(b) If the superintendent is required by division (A)(3) of this section to conduct the criminal records check, sixty.

(C)(1) The superintendent shall prescribe a form to obtain the information necessary to conduct a criminal records check from any person for whom a criminal records check is to be conducted under this section. The form that the superintendent prescribes pursuant to this division may be in a tangible format, in an electronic format, or in both tangible and electronic formats.

(2) The superintendent shall prescribe standard impression sheets to obtain the fingerprint impressions of any person for whom a criminal records check is to be conducted under this section. Any person for whom a records check is to be conducted under this section shall obtain the fingerprint impressions at a county sheriff's office, municipal police department, or any other entity with the ability to make fingerprint impressions on the standard impression sheets prescribed by the superintendent. The office, department, or entity may charge the person a reasonable fee for making the impressions. The standard impression sheets the superintendent prescribes pursuant to this division may be in a tangible format, in an electronic format, or in both tangible and electronic formats.

(3) Subject to division (D) of this section, the superintendent shall prescribe and charge a reasonable fee for providing a criminal records check under this section. The person requesting the criminal records check shall pay the fee prescribed pursuant to this section. In the case of a request under section 1121.23, 1155.03, 1163.05, 1315.141, 1733.47, 1761.26,
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

2151.33, 2151.412, or 5164.34 of the Revised Code, the fee shall be paid in the manner specified in that section.

(4) The superintendent of the bureau of criminal identification and investigation may prescribe methods of forwarding fingerprint impressions and information necessary to conduct a criminal records check, which methods shall include, but not be limited to, an electronic method.

(D) The results of a criminal records check conducted under this section, other than a criminal records check specified in division (A)(7) of this section, are valid for the person who is the subject of the criminal records check for a period of one year from the date upon which the superintendent completes the criminal records check. If during that period the superintendent receives another request for a criminal records check to be conducted under this section for that person, the superintendent shall provide the results from the previous criminal records check of the person at a lower fee than the fee prescribed for the initial criminal records check.

(E) When the superintendent receives a request for information from a registered private provider, the superintendent shall proceed as if the request was received from a school district board of education under section 3319.39 of the Revised Code. The superintendent shall apply division (A)(1)(c) of this section to any such request for an applicant who is a teacher.

(F)(1) Subject to division (F)(2) of this section, all information regarding the results of a criminal records check conducted under this section that the superintendent reports or sends under division (A)(7) or (9) of this section to the director of public safety, the treasurer of state, or the person, board, or entity that made the request for the criminal records check shall relate to the conviction of the subject person, or the subject person's plea of guilty to, a criminal offense.

(2) Division (F)(1) of this section does not limit, restrict, or preclude the superintendent's release of information that relates to the arrest of a person who is eighteen years of age or older, to an adjudication of a child as a delinquent child, or to a criminal conviction of a person under eighteen years of age in circumstances in which a release of that nature is authorized under division (E)(2), (3), or (4) of section 109.57 of the Revised Code pursuant to a rule adopted under division (E)(1) of that section.

(G) As used in this section:

(1) "Criminal records check" means any criminal records check conducted by the superintendent of the bureau of criminal identification and investigation in accordance with division (B) of this section.

(2) "Minor drug possession offense" has the same meaning as in section 2925.01 of the Revised Code.

(3) "OVI or OVUAC violation" means a violation of section 4511.19 of the Revised Code or a violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to section 4511.19 of the Revised Code.

(4) "Registered private provider" means a nonpublic school or entity registered with the superintendent of public instruction under section 3310.41 of the Revised Code to participate in the autism scholarship program or section 3310.58 of the Revised Code to participate in the Jon Peterson special needs scholarship program.

109.575 Providing volunteers notice of fingerprinting or criminal background checks.

At the time of a person's initial application to an organization or entity to be a volunteer in a position in which the person on a regular basis will have unsupervised access to a child, the organization or entity shall inform the person that, at any time, the person might be required to provide a set of impressions of the person's fingerprints and a criminal records check might be conducted with respect to the person. Not later than thirty days after the effective date of this section, each organization or entity shall notify each current volunteer who is in a position in which the person on a regular basis has unsupervised access to a child that, at any time, the
volunteer might be required to provide a set of impressions of the volunteer's fingerprints and a criminal records check might be conducted with respect to the volunteer.

**109.576 Notifying parent or guardian of volunteer’s conviction.**

(A) If a person has applied to an organization or entity to be a volunteer in a position in which the person on a regular basis has unsupervised access to a child, if the organization or entity subjects the person to a criminal records check, if the report of the results of the criminal records check indicates that the person has been convicted of or pleaded guilty to any of the offenses described in division (A)(1) of section 109.572 of the Revised Code, and if the organization or entity accepts the person as a volunteer in a position in which the person on a regular basis has unsupervised access to a child, the organization or entity shall notify the parent or guardian of each child for whom it provides services that the volunteer has been convicted of one or more of those offenses but that, nonetheless, the person will be serving the organization or entity in that position. The notification required by this division shall be in writing, and the organization or entity shall send the notice to the parent or guardian on the date the organization or entity commences providing services to the child or on the date the organization or entity decides to accept the person as a volunteer after receiving the report of the results of the criminal records check, whichever is later.

(B) If a person is serving an organization or entity as a volunteer in a position in which the person on a regular basis has unsupervised access to a child, if the organization or entity subjects the person to a criminal records check, if the report of the results of the criminal records check indicates that the person has been convicted of or pleaded guilty to any of the offenses described in division (A)(1) of section 109.572 of the Revised Code, and if the organization or entity retains the person as a volunteer in the same position or in any other position in which the person on a regular basis has unsupervised access to a child, the organization or entity shall notify the parent or guardian of each child for whom it provides services that the volunteer has been convicted of one or more of those offenses but that, nonetheless, the person will be retained by the organization or entity in that position. The notification required by this division shall be in writing, and the organization or entity shall send the notice to the parent or guardian on the date the organization or entity commences providing services to the child or on the date the organization or entity decides to retain the person after receiving the report of the results of the criminal records check, whichever is later.

(C) A notification to a parent or guardian of a child that is required by division (A) or (B) of this section shall identify by name the person who is accepted or retained as a volunteer in a position in which the person on a regular basis has unsupervised access to a child, shall state the fact that the person has been convicted of or pleaded guilty to one or more of the offenses described in division (A)(1) of section 109.572 of the Revised Code, but shall not identify the offense or offenses in question.

(D) Divisions (A) to (C) of this section apply regarding any criminal records check performed by the bureau of criminal identification and investigation pursuant to section 109.57, section 109.572, or rules adopted under division (E) of section 109.57 of the Revised Code, any criminal records check performed in any manner by the organization or entity or any of its officers or employees, or any criminal records check performed in any manner by any person upon the request of the organization or entity or any of its officers or employees.

**109.577 Volunteer criminal records check and organization immunity.**

(A) If an organization or entity uses a volunteer in a position in which the person on a regular basis has unsupervised access to a child and if the volunteer has been subjected to a criminal records check performed by the bureau of criminal identification and investigation
pursuant to section 109.57, section 109.572, or rules adopted under division (E) of section 109.57 of the Revised Code, the organization or entity, and its officials and employees, are immune from civil liability that might otherwise be incurred or imposed for any death or any injury or loss to person or property that is caused by any act or omission of the volunteer and that results from or is related to the volunteer having unsupervised access to a child on a regular basis. This immunity does not apply to a person, organization, or entity that has immunity from civil liability in accordance with section 9.86, 2744.02, or 2744.03 of the Revised Code for the good faith compliance, attempted compliance, or failure to comply.

(B) This section does not create a new cause of action or substantive legal right against a person, organization, or entity and does not affect any immunities from civil liability or defenses established by another section of the Revised Code or available at common law, to which a person, organization, or entity may be entitled under circumstances not covered by this section.

2151.86 Criminal records check regarding out-of-home child care.

(A)(1) The appointing or hiring officer of any entity that appoints or employs any person responsible for a child’s care in out-of-home care shall request the superintendent of BCII to conduct a criminal records check with respect to any person who is under final consideration for appointment or employment as a person responsible for a child’s care in out-of-home care, except that section 3319.39 of the Revised Code shall apply instead of this section if the out-of-home care entity is a public school, educational service center, or chartered nonpublic school.

(2) At the times specified in this division, the administrative director of an agency, or attorney, who arranges an adoption for a prospective adoptive parent shall request the superintendent of BCII to conduct a criminal records check with respect to that prospective adoptive parent and a criminal records check with respect to all persons eighteen years of age or older who reside with the prospective adoptive parent. The administrative director or attorney shall request a criminal records check pursuant to this division at the time of the initial home study, every four years after the initial home study at the time of an update, and at the time that an adoptive home study is completed as a new home study.

(3) Before a recommending agency submits a recommendation to the department of job and family services on whether the department should issue a certificate to a foster home under section 5103.03 of the Revised Code, and every four years thereafter prior to a recertification under that section, the administrative director of the agency shall request that the superintendent of BCII conduct a criminal records check with respect to the prospective foster caregiver and a criminal records check with respect to all other persons eighteen years of age or older who reside with the foster caregiver.

(B)(1) If a person subject to a criminal records check under division (A)(1) of this section does not present proof that the person has been a resident of this state for the five-year period immediately prior to the date upon which the criminal records check is requested or does not provide evidence that within that five-year period the superintendent of BCII has requested information about the person from the federal bureau of investigation in a criminal records check, the appointing or hiring officer shall request that the superintendent of BCII obtain information from the federal bureau of investigation as a part of the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671. If a person subject to a criminal records check under division (A)(1) of this section presents proof that the person has been a resident of this state for that five-year period, the appointing or hiring officer or attorney may request that the superintendent of BCII include information from the federal bureau of investigation in the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671.
a prospective parent requests, at the time of the initial home study, a criminal records check for a person pursuant to division (A)(2) of this section, the administrative director or attorney shall request that the superintendent of BCII obtain information from the federal bureau of investigation as part of the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671, for the person subject to the criminal records check. In all other cases in which the administrative director of an agency, or attorney, who arranges an adoption for a prospective parent requests a criminal records check for a person pursuant to division (A)(2) of this section, the administrative director or attorney may request that the superintendent of BCII include information from the federal bureau of investigation in the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671.

When the administrative director of a recommending agency requests, before submitting a recommendation to the department of job and family services on whether the department should issue a certificate to a foster home under section 5103.03 of the Revised Code, a criminal records check for a person pursuant to division (A)(3) of this section, the administrative director shall request that the superintendent of BCII obtain information from the federal bureau of investigation as part of a criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671, for the person subject to the criminal records check. In all other cases in which the administrative director of a recommending agency requests a criminal records check for a person pursuant to division (A)(3) of this section, the administrative director may request that the superintendent of BCII include information from the federal bureau of investigation in the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671.

Prior to a hearing on a final decree of adoption or interlocutory order of adoption by a probate court, the administrative director of an agency, or an attorney, who arranges an adoption for a prospective parent shall provide to the clerk of the probate court either of the following:

(a) Any information received pursuant to a request made under this division from the superintendent of BCII or the federal bureau of investigation as part of the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671, for the person subject to the criminal records check;

(b) Written notification that the person subject to a criminal records check pursuant to this division failed upon request to provide the information necessary to complete the form or failed to provide impressions of the person's fingerprints as required under division (B)(2) of this section.

(2) An appointing or hiring officer, administrative director, or attorney required by division (A) of this section to request a criminal records check shall provide to each person subject to a criminal records check a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a standard impression sheet to obtain fingerprint impressions prescribed pursuant to division (C)(2) of section 109.572 of the Revised Code, obtain the completed form and impression sheet from the person, and forward the completed form and impression sheet to the superintendent of BCII at the time the criminal records check is requested.

Any person subject to a criminal records check who receives pursuant to this division a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a copy of an impression sheet prescribed pursuant to division (C)(2) of that section and who is requested to complete the form and provide a set of fingerprint impressions shall complete the form or provide all the information necessary to complete the form and shall provide the impression sheet with the impressions of the person's fingerprints. If a person subject to a criminal records check, upon request, fails to provide the information necessary to complete the
form or fails to provide impressions of the person's fingerprints, the appointing or hiring officer shall not appoint or employ the person as a person responsible for a child's care in out-of-home care, a probate court may not issue a final decree of adoption or an interlocutory order of adoption making the person an adoptive parent, and the department of job and family services shall not issue a certificate authorizing the prospective foster caregiver to operate a foster home.

(C)(1) No appointing or hiring officer shall appoint or employ a person as a person responsible for a child's care in out-of-home care, the department of job and family services shall not issue a certificate under section 5103.03 of the Revised Code authorizing a prospective foster caregiver to operate a foster home, and no probate court shall issue a final decree of adoption or an interlocutory order of adoption making a person an adoptive parent if the person or, in the case of a prospective foster caregiver or prospective adoptive parent, any person eighteen years of age or older who resides with the prospective foster caregiver or prospective adoptive parent previously has been convicted of or pleaded guilty to any of the violations described in division (A)(4) of section 109.572 of the Revised Code, unless the person meets rehabilitation standards established in rules adopted under division (F) of this section.

(2) The appointing or hiring officer may appoint or employ a person as a person responsible for a child's care in out-of-home care conditionally until the criminal records check required by this section is completed and the officer receives the results of the criminal records check. If the results of the criminal records check indicate that, pursuant to division (C)(1) of this section, the person subject to the criminal records check does not qualify for appointment or employment, the officer shall release the person from appointment or employment.

(3) Prior to certification or recertification under section 5103.03 of the Revised Code, the prospective foster caregiver subject to a criminal records check under division (A)(3) of this section shall notify the recommending agency of the revocation of any foster home license, certificate, or other similar authorization in another state occurring within the five years prior to the date of application to become a foster caregiver in this state. The failure of a prospective foster caregiver to notify the recommending agency of any revocation of that type in another state that occurred within that five-year period shall be grounds for denial of the person's foster home application or the revocation of the person's foster home certificate, whichever is applicable. If a person has had a revocation in another state within the five years prior to the date of the application, the department of job and family services shall not issue a foster home certificate to the prospective foster caregiver.

(D) The appointing or hiring officer, administrative director, or attorney shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check conducted in accordance with that section upon a request pursuant to division (A) of this section. The officer, director, or attorney may charge the person subject to the criminal records check a fee for the costs the officer, director, or attorney incurs in obtaining the criminal records check. A fee charged under this division shall not exceed the amount of fees the officer, director, or attorney pays for the criminal records check. If a fee is charged under this division, the officer, director, or attorney shall notify the person who is the applicant at the time of the person's initial application for appointment or employment, an adoption to be arranged, or a certificate to operate a foster home of the amount of the fee and that, unless the fee is paid, the person who is the applicant will not be considered for appointment or employment or as an adoptive parent or foster caregiver.

(E) The report of any criminal records check conducted by the bureau of criminal identification and investigation in accordance with section 109.572 of the Revised Code and pursuant to a request made under division (A) of this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

(1) The person who is the subject of the criminal records check or the person's representative;

(2) The appointing or hiring officer, administrative director, or attorney requesting the criminal records check or the officer's, director's, or attorney's representative;

(3) The department of job and family services, a county department of job and family services, or a public children services agency;

(4) Any court, hearing officer, or other necessary individual involved in a case dealing with the denial of employment, a final decree of adoption or interlocutory order of adoption, or a foster home certificate.

(F) The director of job and family services shall adopt rules in accordance with Chapter 119 of the Revised Code to implement this section. The rules shall include rehabilitation standards a person who has been convicted of or pleaded guilty to an offense listed in division (A)(4) of section 109.572 of the Revised Code must meet for an appointing or hiring officer to appoint or employ the person as a person responsible for a child's care in out-of-home care, a probate court to issue a final decree of adoption or interlocutory order of adoption making the person an adoptive parent, or the department to issue a certificate authorizing the prospective foster caregiver to operate a foster home or not revoke a foster home certificate for a violation specified in section 5103.0328 of the Revised Code.

(G) An appointing or hiring officer, administrative director, or attorney required by division (A) of this section to request a criminal records check shall inform each person who is the applicant, at the time of the person's initial application for appointment or employment, an adoption to be arranged, or a foster home certificate, that the person subject to the criminal records check is required to provide a set of impressions of the person's fingerprints and that a criminal records check is required to be conducted and satisfactorily completed in accordance with section 109.572 of the Revised Code.

(H) As used in this section:

(1) "Children's hospital" means any of the following:

(a) A hospital registered under section 3701.07 of the Revised Code that provides general pediatric medical and surgical care, and in which at least seventy-five per cent of annual inpatient discharges for the preceding two calendar years were individuals less than eighteen years of age;

(b) A distinct portion of a hospital registered under section 3701.07 of the Revised Code that provides general pediatric medical and surgical care, has a total of at least one hundred fifty registered pediatric special care and pediatric acute care beds, and in which at least seventy-five per cent of annual inpatient discharges for the preceding two calendar years were individuals less than eighteen years of age;

(c) A distinct portion of a hospital, if the hospital is registered under section 3701.07 of the Revised Code as a children's hospital and the children's hospital meets all the requirements of division (H)(1)(a) of this section.

(2) "Criminal records check" has the same meaning as in section 109.572 of the Revised Code.

(3) "Person responsible for a child's care in out-of-home care" has the same meaning as in section 2151.011 of the Revised Code, except that it does not include a prospective employee of the department of youth services or a person responsible for a child's care in a hospital or medical clinic other than a children's hospital.

(4) "Person subject to a criminal records check" means the following:

(a) A person who is under final consideration for appointment or employment as a person responsible for a child's care in out-of-home care;

(b) A prospective adoptive parent;

(c) A prospective foster caregiver;

(d) A person eighteen years old or older who resides with a prospective foster caregiver.
or a prospective adoptive parent.

(5) “Recommending agency” means a public children services agency, private child placing agency, or private noncustodial agency to which the department of job and family services has delegated a duty to inspect and approve foster homes.

(6) “Superintendent of BCII” means the superintendent of the bureau of criminal identification and investigation.

2953.25 Certificate of qualification for employment; immunity.

(A) As used in this section:

(1) “Collateral sanction” means a penalty, disability, or disadvantage that is related to employment or occupational licensing, however denominated, as a result of the individual's conviction of or plea of guilty to an offense and that applies by operation of law in this state whether or not the penalty, disability, or disadvantage is included in the sentence or judgment imposed.

“Collateral sanction” does not include imprisonment, probation, parole, supervised release, forfeiture, restitution, fine, assessment, or costs of prosecution.

(2) “Decision-maker” includes, but is not limited to, the state acting through a department, agency, board, commission, or instrumentality established by the law of this state for the exercise of any function of government, a political subdivision, an educational institution, or a government contractor or subcontractor made subject to this section by contract, law, or ordinance.

(3) “Department-funded program” means a residential or nonresidential program that is not a term in a state correctional institution, that is funded in whole or part by the department of rehabilitation and correction, and that is imposed as a sanction for an offense, as part of a sanction that is imposed for an offense, or as a term or condition of any sanction that is imposed for an offense.

(4) “Designee” means the person designated by the deputy director of the division of parole and community services to perform the duties designated in division (B) of this section.

(5) “Division of parole and community services” means the division of parole and community services of the department of rehabilitation and correction.

(6) “Offense” means any felony or misdemeanor under the laws of this state.

(7) “Political subdivision” has the same meaning as in section 2969.21 of the Revised Code.

(8) “Discretionary civil impact,” “licensing agency,” and “mandatory civil impact” have the same meanings as in section 2961.21 of the Revised Code.

(B)(1) An individual who is subject to one or more collateral sanctions as a result of being convicted of or pleading guilty to an offense and who either has served a term in a state correctional institution for any offense or has spent time in a department-funded program for any offense may file a petition with the designee of the deputy director of the division of parole and community services for a certificate of qualification for employment.

(2) An individual who is subject to one or more collateral sanctions as a result of being convicted of or pleading guilty to an offense and who is not in a category described in division (B)(1) of this section may file for a certificate of qualification for employment by doing either of the following:

(a) In the case of an individual who resides in this state, filing a petition with the court of common pleas of the county in which the person resides or with the designee of the deputy director of the division of parole and community services;

(b) In the case of an individual who resides outside of this state, filing a petition with the court of common pleas of any county in which any conviction or plea of guilty from which the individual seeks relief was entered or with the designee of the deputy director of the division of parole and community services.
parole and community services.

(3) A petition under division (B)(1) or (2) of this section shall be made on a copy of the form prescribed by the division of parole and community services under division (J) of this section and shall contain all of the information described in division (F) of this section.

(4)(a) Except as provided in division (B)(4)(b) of this section, an individual may file a petition under division (B)(1) or (2) of this section at any time after the expiration of whichever of the following is applicable:

(i) If the offense that resulted in the collateral sanction from which the individual seeks relief is a felony, at any time after the expiration of one year from the date of release of the individual from any period of incarceration in a state or local correctional facility that was imposed for that offense and all periods of supervision imposed after release from the period of incarceration or, if the individual was not incarcerated for that offense, at any time after the expiration of one year from the date of the individual's final release from all other sanctions imposed for that offense.

(ii) If the offense that resulted in the collateral sanction from which the individual seeks relief is a misdemeanor, at any time after the expiration of six months from the date of release of the individual from any period of incarceration in a local correctional facility that was imposed for that offense and all periods of supervision imposed after release from the period of incarceration or, if the individual was not incarcerated for that offense, at any time after the expiration of six months from the date of the final release of the individual from all sanctions imposed for that offense including any period of supervision.

(b) The department of rehabilitation and correction may establish criteria by rule adopted under Chapter 119 of the Revised Code that, if satisfied by an individual, would allow the individual to file a petition before the expiration of six months or one year from the date of final release, whichever is applicable under division (B)(4)(a) of this section.

(5)(a) A designee that receives a petition for a certificate of qualification for employment from an individual under division (B)(1) or (2) of this section shall review the petition to determine whether it is complete. If the petition is complete, the designee shall forward the petition, and any other information the designee possesses that relates to the petition, to the court of common pleas of the county in which the individual resides if the individual submitting the petition resides in this state or, if the individual resides outside of this state, to the court of common pleas of the county in which the conviction or plea of guilty from which the individual seeks relief was entered.

(b) A court of common pleas that receives a petition for a certificate of qualification for employment under division (B)(2) of this section, or that is forwarded a petition for such a certificate under division (B)(5)(a) of this section, shall attempt to determine all other courts in this state in which the individual was convicted of or pleaded guilty to an offense other than the offense from which the individual is seeking relief. The court that receives or is forwarded the petition shall notify all other courts in this state that it determines under this division were courts in which the individual was convicted of or pleaded guilty to an offense other than the offense from which the individual is seeking relief that the individual has filed the petition and that the court may send comments regarding the possible issuance of the certificate.

A court of common pleas that receives a petition for a certificate of qualification for employment under division (B)(2) of this section shall notify the county's prosecuting attorney that the individual has filed the petition.

A court of common pleas that receives a petition for a certificate of qualification for employment under division (B)(2) of this section, or that is forwarded a petition for qualification under division (B)(5)(a) of this section may direct the clerk of court to process and record all notices required in or under this section.

(C)(1) Upon receiving a petition for a certificate of qualification for employment filed by
an individual under division (B)(2) of this section or being forwarded a petition for such a certificate under division (B)(5)(a) of this section, the court shall review the individual's petition, the individual's criminal history, all filings submitted by the prosecutor or by the victim in accordance with rules adopted by the division of parole and community services, the applicant's military service record, if applicable, and whether the applicant has an emotional, mental, or physical condition that is traceable to the applicant's military service in the armed forces of the United States and that was a contributing factor in the commission of the offense or offenses, and all other relevant evidence. The court may order any report, investigation, or disclosure by the individual that the court believes is necessary for the court to reach a decision on whether to approve the individual's petition for a certificate of qualification for employment.

(2) Upon receiving a petition for a certificate of qualification for employment filed by an individual under division (B)(2) of this section or being forwarded a petition for such a certificate under division (B)(5)(a) of this section, except as otherwise provided in this division, the court shall decide whether to issue the certificate within sixty days after the court receives or is forwarded the completed petition and all information requested for the court to make that decision. Upon request of the individual who filed the petition, the court may extend the sixty-day period specified in this division.

(3) Subject to division (C)(5) of this section, a court that receives an individual's petition for a certificate of qualification for employment under division (B)(2) of this section or that is forwarded a petition for such a certificate under division (B)(5)(a) of this section may issue a certificate of qualification for employment, at the court's discretion, if the court finds that the individual has established all of the following by a preponderance of the evidence:

(a) Granting the petition will materially assist the individual in obtaining employment or occupational licensing.
(b) The individual has a substantial need for the relief requested in order to live a law-abiding life.
(c) Granting the petition would not pose an unreasonable risk to the safety of the public or any individual.

(4) The submission of an incomplete petition by an individual shall not be grounds for the designee or court to deny the petition.

(5) A certificate of qualification for employment shall not create relief from any of the following collateral sanctions:

(a) Requirements imposed by Chapter 2950 of the Revised Code and rules adopted under sections 2950.13 and 2950.132 of the Revised Code;
(b) A driver's license, commercial driver's license, or probationary license suspension, cancellation, or revocation pursuant to section 4510.037, 4510.07, 4511.19, or 4511.191 of the Revised Code if the relief sought is available pursuant to section 4510.021 or division (B) of section 4510.13 of the Revised Code;
(c) Restrictions on employment as a prosecutor or law enforcement officer;
(d) The denial, inelegibility, or automatic suspension of a license that is imposed upon an individual applying for or holding a license as a health care professional under Title XLVII of the Revised Code if the individual is convicted of, pleads guilty to, is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state under section 2951.041 of the Revised Code, or is subject to treatment or intervention in lieu of conviction for a violation of section 2903.01, 2903.02, 2903.03, 2903.11, 2905.01, 2907.02, 2907.03, 2907.05, 2909.02, 2911.01, 2911.11, or 2919.123 of the Revised Code;
(e) The immediate suspension of a license, certificate, or evidence of registration that is imposed upon an individual holding a license as a health care professional under Title XLVII of the Revised Code pursuant to division (C) of section 3719.121 of the Revised Code;
(f) The denial or inelegibility for employment in a pain clinic under division (B)(4) of section 4729.552 of the Revised Code;
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

(g) The mandatory suspension of a license that is imposed on an individual applying for or holding a license as a health care professional under Title XLVII of the Revised Code pursuant to section 3123.43 of the Revised Code.

(6) If a court that receives an individual's petition for a certificate of qualification for employment under division (B)(2) of this section or that is forwarded a petition for such a certificate under division (B)(5)(a) of this section denies the petition, the court shall provide written notice to the individual of the court's denial. The court may place conditions on the individual regarding the individual's filing of any subsequent petition for a certificate of qualification for employment. The written notice must notify the individual of any conditions placed on the individual's filing of a subsequent petition for a certificate of qualification for employment.

If a court of common pleas that receives an individual's petition for a certificate of qualification for employment under division (B)(2) of this section or that is forwarded a petition for such a certificate under division (B)(5)(a) of this section denies the petition, the individual may appeal the decision to the court of appeals only if the individual alleges that the denial was an abuse of discretion on the part of the court of common pleas.

(D)(1) A certificate of qualification for employment issued to an individual lifts the automatic bar of a collateral sanction, and a decision-maker shall consider on a case-by-case basis whether to grant or deny the issuance or restoration of an occupational license or an employment opportunity, notwithstanding the individual's possession of the certificate, without, however, reconsidering or rejecting any finding made by a designee or court under division (C)(3) of this section.

(2) The certificate constitutes a rebuttable presumption that the person's criminal convictions are insufficient evidence that the person is unfit for the license, employment opportunity, or certification in question. Notwithstanding the presumption established under this division, the agency may deny the license or certification for the person if it determines that the person is unfit for issuance of the license.

(3) If an employer that has hired a person who has been issued a certificate of qualification for employment applies to a licensing agency for a license or certification and the person has a conviction or guilty plea that otherwise would bar the person's employment with the employer or licensure for the employer because of a mandatory civil impact, the agency shall give the person individualized consideration, notwithstanding the mandatory civil impact, the mandatory civil impact shall be considered for all purposes to be a discretionary civil impact, and the certificate constitutes a rebuttable presumption that the person's criminal convictions are insufficient evidence that the person is unfit for the employment, or that the employer is unfit for the license or certification, in question.

(E) A certificate of qualification for employment does not grant the individual to whom the certificate was issued relief from the mandatory civil impacts identified in division (A)(1) of section 2961.01 or division (B) of section 2961.02 of the Revised Code.

(F) A petition for a certificate of qualification for employment filed by an individual under division (B)(1) or (2) of this section shall include all of the following:

(1) The individual's name, date of birth, and social security number;
(2) All aliases of the individual and all social security numbers associated with those aliases;
(3) The individual's residence address, including the city, county, and state of residence and zip code;
(4) The length of time that the individual has resided in the individual's current state of residence, expressed in years and months of residence;
(5) A general statement as to why the individual has filed the petition and how the certificate of qualification for employment would assist the individual;
(6) A summary of the individual's criminal history with respect to each offense that is a
disqualification from employment or licensing in an occupation or profession, including the years
de each conviction or plea of guilty for each of those offenses;

(7) A summary of the individual's employment history, specifying the name of, and dates
of employment with, each employer;

(8) Verifiable references and endorsements;

(9) The name of one or more immediate family members of the individual, or other
persons with whom the individual has a close relationship, who support the individual's reentry
plan;

(10) A summary of the reason the individual believes the certificate of qualification for
employment should be granted;

(11) Any other information required by rule by the department of rehabilitation and
correction.

(G)(1) In a judicial or administrative proceeding alleging negligence or other fault, a
certificate of qualification for employment issued to an individual under this section may be
introduced as evidence of a person's due care in hiring, retaining, licensing, leasing to, admitting
to a school or program, or otherwise transacting business or engaging in activity with the
individual to whom the certificate of qualification for employment was issued if the person knew
of the certificate at the time of the alleged negligence or other fault.

(2) In any proceeding on a claim against an employer for negligent hiring, a certificate of
qualification for employment issued to an individual under this section shall provide immunity for
the employer as to the claim if the employer knew of the certificate at the time of the alleged
negligence.

(3) If an employer hires an individual who has been issued a certificate of qualification
for employment under this section, if the individual, after being hired, subsequently
demonstrates dangerousness or is convicted of or pleads guilty to a felony, and if the employer
retains the individual as an employee after the demonstration of dangerousness or the
conviction or guilty plea, the employer may be held liable in a civil action that is based on or
relates to the retention of the individual as an employee only if it is proved by a preponderance
of the evidence that the person having hiring and firing responsibility for the employer had actual
knowledge that the employee was dangerous or had been convicted of or pleaded guilty to the
felony and was willful in retaining the individual as an employee after the demonstration of
dangerousness or the conviction or guilty plea of which the person has actual knowledge.

(H) A certificate of qualification for employment issued under this section shall be
revoked if the individual to whom the certificate of qualification for employment was issued is
convicted of or pleads guilty to a felony offense committed subsequent to the issuance of the
certificate of qualification for employment. The department of rehabilitation and correction shall
periodically review the certificates listed in the database described in division (K) of this section
to identify those that are subject to revocation under this division. Upon identifying a certificate
of qualification for employment that is subject to revocation, the department shall note in the
database that the certificate has been revoked, the reason for revocation, and the effective
date of revocation, which shall be the date of the conviction or plea of guilty subsequent to the
issuance of the certificate.

(I) A designee's forwarding, or failure to forward, a petition for a certificate of qualification
for employment to a court or a court's issuance, or failure to issue, a petition for a certificate of
qualification for employment to an individual under division (B) of this section does not give rise
to a claim for damages against the department of rehabilitation and correction or court.

(J) The division of parole and community services shall adopt rules in accordance with
Chapter 119 of the Revised Code for the implementation and administration of this section and
shall prescribe the form for the petition to be used under division (B)(1) or (2) of this section.
The form for the petition shall include places for all of the information specified in division (F) of
this section.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

(K) The department of rehabilitation and correction shall maintain a database that identifies granted certificates and revoked certificates and tracks the number of certificates granted and revoked, the industries, occupations, and professions with respect to which the certificates have been most applicable, and the types of employers that have accepted the certificates. The department shall annually create a report that summarizes the information maintained in the database and shall make the report available to the public on its internet web site.

2961.22 Certificate of achievement and employability.

(A)(1) Any prisoner serving a prison term in a state correctional institution who satisfies all of the following is eligible to apply to the department of rehabilitation and correction at a time specified in division (A)(2) of this section and in accordance with division (D) of this section for a certificate of achievement and employability:

   (a) The prisoner has satisfactorily completed one or more in-prison vocational programs approved by rule by the department of rehabilitation and correction.
   (b) The prisoner has demonstrated exemplary performance as determined by completion of one or more cognitive or behavioral improvement programs approved by rule by the department while incarcerated in a state correctional institution, while under supervision, or during both periods of time.
   (c) The prisoner has completed community service hours.
   (d) The prisoner shows other evidence of achievement and rehabilitation while under the jurisdiction of the department.

(2) An eligible prisoner may apply to the department of rehabilitation and correction under division (A)(1) of this section for a certificate of achievement and employability no earlier than one year prior to the date scheduled for the release of the prisoner from department custody and no later than the date of release of the prisoner.

(B)(1) Any prisoner who has been released from a state correctional institution, who is under supervision on parole or under a post-release control sanction, and who satisfies all of the criteria set forth in division (A)(1) of this section is eligible to apply to the adult parole authority at a time specified in division (B)(2) of this section and in accordance with division (D) of this section for a certificate of achievement and employability.

(2) An eligible prisoner may apply to the adult parole authority under division (B)(1) of this section for a certificate of achievement and employability at any time while the prisoner is under supervision on parole or under a post-release control sanction.

(2) Upon application by a prisoner in accordance with division (C)(1) of this section, the department of rehabilitation and correction or the adult parole authority, whichever is applicable, shall consider the application and all objections to the issuance of a certificate of achievement and employability to the prisoner, if any, that were made by a licensing agency under division
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

Criminal Records Check - General Provisions

2961.23 Certificate of achievement and employability; immunity.

(A)(1) If a person who has been issued a certificate of achievement and employability under section 2961.22 of the Revised Code applies to a licensing agency for a license or certificate and the person has a conviction or guilty plea that otherwise would bar licensure or certification for the person because of a mandatory civil impact, the agency shall give the person individualized consideration for the license or certification, notwithstanding the mandatory civil impact, the mandatory civil impact shall be considered for all purposes to be a discretionary civil impact, and the certificate constitutes a rebuttable presumption that the person's criminal convictions are insufficient evidence that the person is unfit for the license or certification in question. Notwithstanding the presumption established under this division, the agency may deny the license or certification for the person if it determines that the person is unfit for issuance of the license.

(2) If an employer that has hired a person who has been issued a certificate of achievement and employability under section 2961.22 of the Revised Code applies to a licensing agency for a license or certification and the person has a conviction or guilty plea that otherwise would bar the person's employment with the employer or licensure for the employer because of a mandatory civil impact, the agency shall give the person individualized consideration, notwithstanding the mandatory civil impact, the mandatory civil impact shall be considered for all purposes to be a discretionary civil impact, and the certificate constitutes a rebuttable presumption that the person's criminal convictions are insufficient evidence that the person is unfit for the employment, or that the employer is unfit for the license or certification, in question. Notwithstanding the presumption established under this division, the agency may deny the license or certification for the employer if it determines that the person is unfit for the employment or that the employer is unfit for the license or certification.

(B) If an employer hires a person who has been issued a certificate of achievement and employability under section 2961.22 of the Revised Code and if the person presents the employer with a copy of the certificate, all of the following apply:
(1) If a subsequent civil action against the employer alleges that the employer was negligent in hiring the person and if the civil action includes as an element of the alleged negligence that the employer had actual or constructive knowledge of the incompetence or dangerousness of the person, the person’s presentation of the certificate to the employer is an absolute defense for the employer to the element of the employer’s actual or constructive knowledge of the incompetence or dangerousness of the person.

(2) If the person, after being hired, subsequently demonstrates dangerousness and if the employer retains the person as an employee after the demonstration of dangerousness, the employer may be held liable in a civil action that is based on or relates to the retention of the person as an employee only if it is proved by a preponderance of the evidence that the person having hiring and firing responsibility for the employer had actual knowledge that the employee was dangerous and was willful in retaining the person as an employee after the demonstration of dangerousness of which the person had actual knowledge.

3701.881 Criminal records check for home health agency employment applicants.

(A) As used in this section:
(1) “Applicant” means a person who is under final consideration for employment with a home health agency in a full-time, part-time, or temporary position that involves providing direct care to an individual or is referred to a home health agency by an employment service for such a position.

(2) “Community-based long-term care provider” means a provider as defined in section 173.39 of the Revised Code.

(3) “Community-based long-term care subcontractor” means a subcontractor as defined in section 173.38 of the Revised Code.

(4) “Criminal records check” has the same meaning as in section 109.572 of the Revised Code.

(5) “Direct care” means any of the following:
(a) Any service identified in divisions (A)(8)(a) to (f) of this section that is provided in a patient's place of residence used as the patient's home;
(b) Any activity that requires the person performing the activity to be routinely alone with a patient or to routinely have access to a patient's personal property or financial documents regarding a patient;
(c) For each home health agency individually, any other routine service or activity that the chief administrator of the home health agency designates as direct care.

(6) “Disqualifying offense” means any of the offenses listed or described in divisions (A)(3)(a) to (e) of section 109.572 of the Revised Code.

(7) “Employee” means a person employed by a home health agency in a full-time, part-time, or temporary position that involves providing direct care to an individual and a person who works in such a position due to being referred to a home health agency by an employment service.

(8) “Home health agency” means a person or government entity, other than a nursing home, residential care facility, hospice care program, or pediatric respite care program, that has the primary function of providing any of the following services to a patient at a place of residence used as the patient's home:
(a) Skilled nursing care;
(b) Physical therapy;
(c) Speech-language pathology;
(d) Occupational therapy;
(e) Medical social services;
(f) Home health aide services.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

(9) “Home health aide services” means any of the following services provided by an employee of a home health agency:
(a) Hands-on bathing or assistance with a tub bath or shower;
(b) Assistance with dressing, ambulation, and toileting;
(c) Catheter care but not insertion;
(d) Meal preparation and feeding.

(10) “Hospice care program” and “pediatric respite care program” have the same meanings as in section 3712.01 of the Revised Code.

(11) “Medical social services” means services provided by a social worker under the direction of a patient’s attending physician.

(12) “Minor drug possession offense” has the same meaning as in section 2925.01 of the Revised Code.

(13) “Nursing home,” “residential care facility,” and “skilled nursing care” have the same meanings as in section 3721.01 of the Revised Code.

(14) “Occupational therapy” has the same meaning as in section 4755.04 of the Revised Code.

(15) “Physical therapy” has the same meaning as in section 4755.40 of the Revised Code.

(16) “Social worker” means a person licensed under Chapter 4757 of the Revised Code to practice as a social worker or independent social worker.

(17) “Speech-language pathology” has the same meaning as in section 4753.01 of the Revised Code.

(18) “Waiver agency” has the same meaning as in section 5164.342 of the Revised Code.

(B) No home health agency shall employ an applicant or continue to employ an employee in a position that involves providing direct care to an individual if any of the following apply:

(1) A review of the databases listed in division (D) of this section reveals any of the following:
(a) That the applicant or employee is included in one or more of the databases listed in divisions (D)(1) to (5) of this section;
(b) That there is in the state nurse aide registry established under section 3721.32 of the Revised Code a statement detailing findings by the director of health that the applicant or employee abused, neglected, or exploited a long-term care facility or residential care facility resident or misappropriated property of such a resident;
(c) That the applicant or employee is included in one or more of the databases, if any, specified in rules adopted under this section and the rules prohibit the home health agency from employing an applicant or continuing to employ an employee included in such a database in a position that involves providing direct care to an individual.

(2) After the applicant or employee is provided, pursuant to division (E)(2)(a) of this section, a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and the standard impression sheet prescribed pursuant to division (C)(2) of that section, the applicant or employee fails to complete the form or provide the applicant’s or employee’s fingerprint impressions on the standard impression sheet.

(3) Except as provided in rules adopted under this section, the applicant or employee is found by a criminal records check required by this section to have been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

(C) Except as provided by division (F) of this section, the chief administrator of a home health agency shall inform each applicant of both of the following at the time of the applicant’s initial application for employment or referral to the home health agency by an employment service for a position that involves providing direct care to an individual:
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

(1) That a review of the databases listed in division (D) of this section will be conducted to determine whether the home health agency is prohibited by division (B)(1) of this section from employing the applicant in the position;

(2) That, unless the database review reveals that the applicant may not be employed in the position, a criminal records check of the applicant will be conducted and the applicant is required to provide a set of the applicant's fingerprint impressions as part of the criminal records check.

(D) As a condition of employing any applicant in a position that involves providing direct care to an individual, the chief administrator of a home health agency shall conduct a database review of the applicant in accordance with rules adopted under this section. If rules adopted under this section so require, the chief administrator of a home health agency shall conduct a database review of an employee in accordance with the rules as a condition of continuing to employ the employee in a position that involves providing direct care to an individual. However, the chief administrator is not required to conduct a database review of an applicant or employee if division (F) of this section applies. A database review shall determine whether the applicant or employee is included in any of the following:

(1) The excluded parties list system that is maintained by the United States general services administration pursuant to subpart 9.4 of the federal acquisition regulation and available at the federal web site known as the system for award management;

(2) The list of excluded individuals and entities maintained by the office of inspector general in the United States department of health and human services pursuant to the “Social Security Act,” sections 1128 and 1156, 42 U.S.C. 1320a-7 and 1320c-5;

(3) The registry of developmental disabilities employees established under section 5123.52 of the Revised Code;

(4) The internet-based sex offender and child-victim offender database established under division (A)(11) of section 2950.13 of the Revised Code;

(5) The internet-based database of inmates established under section 5120.66 of the Revised Code;

(6) The state nurse aide registry established under section 3721.32 of the Revised Code;

(7) Any other database, if any, specified in rules adopted under this section.

(E)(1) As a condition of employing any applicant in a position that involves providing direct care to an individual, the chief administrator of a home health agency shall request the superintendent of the bureau of criminal identification and investigation to conduct a criminal records check of the applicant. If rules adopted under this section so require, the chief administrator of a home health agency shall request the superintendent to conduct a criminal records check of an employee at times specified in the rules as a condition of continuing to employ the employee in a position that involves providing direct care to an individual. However, the chief administrator is not required to request the criminal records check of the applicant or the employee if division (F) of this section applies or the home health agency is prohibited by division (B)(1) of this section from employing the applicant or continuing to employ the employee in a position that involves providing direct care to an individual. If an applicant or employee for whom a criminal records check request is required by this section does not present proof of having been a resident of this state for the five-year period immediately prior to the date upon which the criminal records check is requested or does not provide evidence that within that five-year period the superintendent has requested information about the applicant from the federal bureau of investigation in a criminal records check, the chief administrator shall request that the superintendent obtain information from the federal bureau of investigation as a part of the criminal records check. Even if an applicant or employee for whom a criminal records check request is required by this section presents proof that the applicant or employee has been a resident of this state for that five-year period, the chief administrator may request that the
superintendent include information from the federal bureau of investigation in the criminal records check.

(2) The chief administrator shall do all of the following:
   (a) Provide to each applicant and employee for whom a criminal records check request is required by this section a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a standard impression sheet prescribed pursuant to division (C)(2) of that section;
   (b) Obtain the completed form and standard impression sheet from each applicant and employee;
   (c) Forward the completed form and standard impression sheet to the superintendent at the time the chief administrator requests the criminal records check.

(3) A home health agency shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check the agency requests under this section. A home health agency may charge an applicant a fee not exceeding the amount the agency pays to the bureau under this section if both of the following apply:
   (a) The home health agency notifies the applicant at the time of initial application for employment of the amount of the fee and that, unless the fee is paid, the applicant will not be considered for employment.
   (b) The medicaid program does not reimburse the home health agency for the fee it pays to the bureau under this section.

(F) Divisions (C) to (E) of this section do not apply with regard to an applicant or employee if the applicant or employee is referred to a home health agency by an employment service that supplies full-time, part-time, or temporary staff for positions that involve providing direct care to an individual and both of the following apply:
   (1) The chief administrator of the home health agency receives from the employment service confirmation that a review of the databases listed in division (D) of this section was conducted with regard to the applicant or employee.
   (2) The chief administrator of the home health agency receives from the employment service, applicant, or employee a report of the results of a criminal records check of the applicant or employee that has been conducted by the superintendent within the one-year period immediately preceding the following:
      (a) In the case of an applicant, the date of the applicant's referral by the employment service to the home health agency;
      (b) In the case of an employee, the date by which the home health agency would otherwise have to request a criminal records check of the employee under division (E) of this section.

(G)(1) A home health agency may employ conditionally an applicant for whom a criminal records check request is required by this section before obtaining the results of the criminal records check if the agency is not prohibited by division (B) of this section from employing the applicant in a position that involves providing direct care to an individual and either of the following applies:
   (a) The chief administrator of the home health agency requests the criminal records check in accordance with division (E) of this section not later than five business days after the applicant begins conditional employment.
   (b) The applicant is referred to the home health agency by an employment service, the employment service or the applicant provides the chief administrator of the agency a letter that is on the letterhead of the employment service, the letter is dated and signed by a supervisor or another designated official of the employment service, and the letter states all of the following:
      (i) That the employment service has requested the superintendent to conduct a criminal records check regarding the applicant;
(ii) That the requested criminal records check is to include a determination of whether the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense;

(iii) That the employment service has not received the results of the criminal records check as of the date set forth on the letter;

(iv) That the employment service promptly will send a copy of the results of the criminal records check to the chief administrator of the home health agency when the employment service receives the results.

(2) If a home health agency employs an applicant conditionally pursuant to division (G)(1)(b) of this section, the employment service, on its receipt of the results of the criminal records check, promptly shall send a copy of the results to the chief administrator of the agency.

(3) A home health agency that employs an applicant conditionally pursuant to division (G)(1)(a) or (b) of this section shall terminate the applicant's employment if the results of the criminal records check, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending sixty days after the date the request for the criminal records check is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense, the home health agency shall terminate the applicant's employment unless circumstances specified in rules adopted under this section that permit the agency to employ the applicant exist and the agency chooses to employ the applicant. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the applicant makes any attempt to deceive the home health agency about the applicant's criminal record.

(H) The report of any criminal records check conducted by the bureau of criminal identification and investigation in accordance with section 109.572 of the Revised Code and pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

(1) The applicant or employee who is the subject of the criminal records check or the applicant's or employee's representative;

(2) The home health agency requesting the criminal records check or its representative;

(3) The administrator of any other facility, agency, or program that provides direct care to individuals that is owned or operated by the same entity that owns or operates the home health agency that requested the criminal records check;

(4) The employment service that requested the criminal records check;

(5) The director of health and the staff of the department of health who monitor a home health agency's compliance with this section;

(6) The director of aging or the director's designee if either of the following apply:

(a) In the case of a criminal records check requested by a home health agency, the home health agency also is a community-based long-term care provider or community-based long-term care subcontractor;

(b) In the case of a criminal records check requested by an employment service, the employment service makes the request for an applicant or employee the employment service refers to a home health agency that also is a community-based long-term care provider or community-based long-term care subcontractor.

(7) The medicaid director and the staff of the department of medicaid who are involved in the administration of the medicaid program if either of the following apply:

(a) In the case of a criminal records check requested by a home health agency, the home health agency also is a waiver agency;

(b) In the case of a criminal records check requested by an employment service, the
employment service makes the request for an applicant or employee the employment service refers to a home health agency that also is a waiver agency.

(8) Any court, hearing officer, or other necessary individual involved in a case dealing with any of the following:
   (a) A denial of employment of the applicant or employee;
   (b) Employment or unemployment benefits of the applicant or employee;
   (c) A civil or criminal action regarding the medicaid program.

   (I) In a tort or other civil action for damages that is brought as the result of an injury, death, or loss to person or property caused by an applicant or employee who a home health agency employs in a position that involves providing direct care to an individual, all of the following shall apply:
      (1) If the home health agency employed the applicant or employee in good faith and reasonable reliance on the report of a criminal records check requested under this section, the agency shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate.
      (2) If the home health agency employed the applicant in good faith on a conditional basis pursuant to division (G) of this section, the agency shall not be found negligent solely because it employed the applicant prior to receiving the report of a criminal records check requested under this section.
      (3) If the home health agency in good faith employed the applicant or employee according to the personal character standards established in rules adopted under this section, the agency shall not be found negligent solely because the applicant or employee had been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

   (J) The director of health shall adopt rules in accordance with Chapter 119 of the Revised Code to implement this section.
      (1) The rules may do the following:
         (a) Require employees to undergo database reviews and criminal records checks under this section;
         (b) If the rules require employees to undergo database reviews and criminal records checks under this section, exempt one or more classes of employees from the requirements;
         (c) For the purpose of division (D)(7) of this section, specify other databases that are to be checked as part of a database review conducted under this section.
      (2) The rules shall specify all of the following:
         (a) The procedures for conducting database reviews under this section;
         (b) If the rules require employees to undergo database reviews and criminal records checks under this section, the times at which the database reviews and criminal records checks are to be conducted;
         (c) If the rules specify other databases to be checked as part of the database reviews, the circumstances under which a home health agency is prohibited from employing an applicant or continuing to employ an employee who is found by a database review to be included in one or more of those databases;
         (d) Circumstances under which a home health agency may employ an applicant or employee who is found by a criminal records check required by this section to have been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense but meets personal character standards.

3712.09 Criminal records check regarding hospice care.

   (A) As used in this section:
      (1) “Applicant” means a person who is under final consideration for employment with a
hospice care program or pediatric respite care program in a full-time, part-time, or temporary position that involves providing direct care to an older adult or pediatric respite care patient. “Applicant” does not include a person who provides direct care as a volunteer without receiving or expecting to receive any form of remuneration other than reimbursement for actual expenses.

(2) “Criminal records check” has the same meaning as in section 109.572 of the Revised Code.

(3) “Older adult” means a person age sixty or older.

(B)(1) Except as provided in division (I) of this section, the chief administrator of a hospice care program or pediatric respite care program shall request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check of each applicant. If an applicant for whom a criminal records check request is required under this division does not present proof of having been a resident of this state for the five-year period immediately prior to the date the criminal records check is requested or provide evidence that within that five-year period the superintendent has requested information about the applicant from the federal bureau of investigation in a criminal records check, the chief administrator shall request that the superintendent obtain information from the federal bureau of investigation as part of the criminal records check of the applicant. Even if an applicant for whom a criminal records check request is required under this division presents proof of having been a resident of this state for the five-year period, the chief administrator may request that the superintendent include information from the federal bureau of investigation in the criminal records check.

(2) A person required by division (B)(1) of this section to request a criminal records check shall do both of the following:

(a) Provide to each applicant for whom a criminal records check request is required under that division a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a standard fingerprint impression sheet prescribed pursuant to division (C)(2) of that section, and obtain the completed form and impression sheet from the applicant;

(b) Forward the completed form and impression sheet to the superintendent of the bureau of criminal identification and investigation.

(3) An applicant provided the form and fingerprint impression sheet under division (B)(2)(a) of this section who fails to complete the form or provide fingerprint impressions shall not be employed in any position for which a criminal records check is required by this section.

(C)(1) Except as provided in rules adopted by the director of health in accordance with division (F) of this section and subject to division (C)(2) of this section, no hospice care program or pediatric respite care program shall employ a person in a position that involves providing direct care to an older adult or pediatric respite care patient if the person has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.11, 2905.12, 2907.02, 2907.03, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.12, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2911.13, 2913.02, 2913.03, 2913.04, 2913.11, 2913.21, 2913.31, 2913.40, 2913.43, 2913.47, 2913.51, 2919.25, 2921.36, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.11, 2925.13, 2925.22, 2925.23, or 3716.11 of the Revised Code.

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (C)(1)(a) of this section.

(2)(a) A hospice care program or pediatric respite care program may employ conditionally an applicant for whom a criminal records check request is required under division (B) of this section prior to obtaining the results of a criminal records check regarding the individual, provided that the program shall request a criminal records check regarding the individual in accordance with division (B)(1) of this section not later than five business days after
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

the individual begins conditional employment. In the circumstances described in division (I)(2) of this section, a hospice care program or pediatric respite care program may employ conditionally an applicant who has been referred to the hospice care program or pediatric respite care program by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults or pediatric respite care patients and for whom, pursuant to that division, a criminal records check is not required under division (B) of this section.

(b) A hospice care program or pediatric respite care program that employs an individual conditionally under authority of division (C)(2)(a) of this section shall terminate the individual's employment if the results of the criminal records check requested under division (B) of this section or described in division (I)(2) of this section, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending thirty days after the date the request is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the individual has been convicted of or pleaded guilty to any of the offenses listed or described in division (C)(1) of this section, the program shall terminate the individual's employment unless the program chooses to employ the individual pursuant to division (F) of this section. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the individual makes any attempt to deceive the program about the individual's criminal record.

(D)(1) Each hospice care program or pediatric respite care program shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check conducted pursuant to a request made under division (B) of this section.

(2) A hospice care program or pediatric respite care program may charge an applicant a fee not exceeding the amount the program pays under division (D)(1) of this section. A program may collect a fee only if both of the following apply:

(a) The program notifies the person at the time of initial application for employment of the amount of the fee and that, unless the fee is paid, the person will not be considered for employment;

(b) The medicaid program does not reimburse the program the fee it pays under division (D)(1) of this section.

(E) The report of a criminal records check conducted pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

(1) The individual who is the subject of the criminal records check or the individual's representative;

(2) The chief administrator of the program requesting the criminal records check or the administrator's representative;

(3) The administrator of any other facility, agency, or program that provides direct care to older adults or pediatric respite care patients that is owned or operated by the same entity that owns or operates the hospice care program or pediatric respite care program;

(4) A court, hearing officer, or other necessary individual involved in a case dealing with a denial of employment of the applicant or dealing with employment or unemployment benefits of the applicant;

(5) Any person to whom the report is provided pursuant to, and in accordance with, division (I)(1) or (2) of this section.

(F) The director of health shall adopt rules in accordance with Chapter 119 of the Revised Code to implement this section. The rules shall specify circumstances under which a hospice care program or pediatric respite care program may employ a person who has been convicted of or pleaded guilty to an offense listed or described in division (C)(1) of this section.
but meets personal character standards set by the director.

(G) The chief administrator of a hospice care program or pediatric respite care program shall inform each individual, at the time of initial application for a position that involves providing direct care to an older adult or pediatric respite care patient, that the individual is required to provide a set of fingerprint impressions and that a criminal records check is required to be conducted if the individual comes under final consideration for employment.

(H) In a tort or other civil action for damages that is brought as the result of an injury, death, or loss to person or property caused by an individual who a hospice care program or pediatric respite care program employs in a position that involves providing direct care to older adults or pediatric respite care patients, all of the following shall apply:

(1) If the program employed the individual in good faith and reasonable reliance on the report of a criminal records check requested under this section, the program shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate;

(2) If the program employed the individual in good faith on a conditional basis pursuant to division (C)(2) of this section, the program shall not be found negligent solely because it employed the individual prior to receiving the report of a criminal records check requested under this section;

(3) If the program in good faith employed the individual according to the personal character standards established in rules adopted under division (F) of this section, the program shall not be found negligent solely because the individual prior to being employed had been convicted of or pleaded guilty to an offense listed or described in division (C)(1) of this section.

(I)(1) The chief administrator of a hospice care program or pediatric respite care program is not required to request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check of an applicant if the applicant has been referred to the program by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults or pediatric respite care patients and both of the following apply:

(a) The chief administrator receives from the employment service or the applicant a report of the results of a criminal records check regarding the applicant that has been conducted by the superintendent within the one-year period immediately preceding the applicant's referral;

(b) The report of the criminal records check demonstrates that the person has not been convicted of or pleaded guilty to an offense listed or described in division (C)(1) of this section, or the report demonstrates that the person has been convicted of or pleaded guilty to one or more of those offenses, but the hospice care program or pediatric respite care program chooses to employ the individual pursuant to division (F) of this section.

(2) The chief administrator of a hospice care program or pediatric respite care program is not required to request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check of an applicant and may employ the applicant conditionally as described in this division, if the applicant has been referred to the program by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults or pediatric respite care patients and if the chief administrator receives from the employment service or the applicant a letter from the employment service that is on the letterhead of the employment service, dated, and signed by a supervisor or another designated official of the employment service and that states that the employment service has requested the superintendent to conduct a criminal records check regarding the applicant, that the requested criminal records check will include a determination of whether the applicant has been convicted of or pleaded guilty to any offense listed or described in division (C)(1) of this section, that, as of the date set forth on the letter, the employment service had not received the results of the criminal records check, and that, when the employment service receives the results of the criminal records check, it promptly will send a
copy of the results to the hospice care program or pediatric respite care program. If a hospice care program or pediatric respite care program employs an applicant conditionally in accordance with this division, the employment service, upon its receipt of the results of the criminal records check, promptly shall send a copy of the results to the hospice care program or pediatric respite care program, and division (C)(2)(b) of this section applies regarding the conditional employment.

3721.121 Criminal records check regarding nursing home or adult day care.

(A) As used in this section:
(1) “Adult day-care program” means a program operated pursuant to rules adopted by the director of health under section 3721.04 of the Revised Code and provided by and on the same site as homes licensed under this chapter.
(2) “Applicant” means a person who is under final consideration for employment with a home or adult day-care program in a full-time, part-time, or temporary position that involves providing direct care to an older adult. “Applicant” does not include a person who provides direct care as a volunteer without receiving or expecting to receive any form of remuneration other than reimbursement for actual expenses.
(3) “Community-based long-term care services provider” means a provider as defined in section 173.39 of the Revised Code.
(4) “Criminal records check” has the same meaning as in section 109.572 of the Revised Code.
(5) “Home” means a home as defined in section 3721.10 of the Revised Code.
(6) “Older adult” means a person age sixty or older.
(B)(1) Except as provided in division (I) of this section, the chief administrator of a home or adult day-care program shall request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check of each applicant. If an applicant for whom a criminal records check request is required under this division does not present proof of having been a resident of this state for the five-year period immediately prior to the date the criminal records check is requested or provide evidence that within that five-year period the superintendent has requested information about the applicant from the federal bureau of investigation in a criminal records check, the chief administrator shall request that the superintendent obtain information from the federal bureau of investigation as part of the criminal records check of the applicant. Even if an applicant for whom a criminal records check request is required under this division presents proof of having been a resident of this state for the five-year period, the chief administrator may request that the superintendent include information from the federal bureau of investigation in the criminal records check.
(2) A person required by division (B)(1) of this section to request a criminal records check shall do both of the following:
(a) Provide to each applicant for whom a criminal records check request is required under that division a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a standard fingerprint impression sheet prescribed pursuant to division (C)(2) of that section, and obtain the completed form and impression sheet from the applicant;
(b) Forward the completed form and impression sheet to the superintendent of the bureau of criminal identification and investigation.
(C) An applicant provided the form and fingerprint impression sheet under division (B)(2)(a) of this section who fails to complete the form or provide fingerprint impressions shall not be employed in any position for which a criminal records check is required by this section.
(C)(1) Except as provided in rules adopted by the director of health in accordance with division (F) of this section and subject to division (C)(2) of this section, no home or adult day-care program shall employ a person in a position that involves providing direct care to an older
adult if the person has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.11, 2905.12, 2907.02, 2907.03, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.12, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2911.13, 2913.02, 2913.03, 2913.04, 2913.11, 2913.21, 2913.31, 2913.40, 2913.43, 2913.47, 2913.51, 2919.25, 2921.36, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.11, 2925.13, 2925.22, 2925.23, or 3716.11 of the Revised Code.

(b) A violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (C)(1)(a) of this section.

(2)(a) A home or an adult day-care program may employ conditionally an applicant for whom a criminal records check request is required under division (B) of this section prior to obtaining the results of a criminal records check regarding the individual, provided that the home or program shall request a criminal records check regarding the individual in accordance with division (B)(1) of this section not later than five business days after the individual begins conditional employment. In the circumstances described in division (I)(2) of this section, a home or adult day-care program may employ conditionally an applicant who has been referred to the home or adult day-care program by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults and for whom, pursuant to that division, a criminal records check is not required under division (B) of this section.

(b) A home or adult day-care program that employs an individual conditionally under authority of division (C)(2)(a) of this section shall terminate the individual’s employment if the results of the criminal records check requested under division (B) of this section or described in division (I)(2) of this section, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending thirty days after the date the request is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the individual has been convicted of or pleaded guilty to any of the offenses listed or described in division (C)(1) of this section, the home or program shall terminate the individual’s employment unless the home or program chooses to employ the individual pursuant to division (F) of this section. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the individual makes any attempt to deceive the home or program about the individual’s criminal record.

(D)(1) Each home or adult day-care program shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check conducted pursuant to a request made under division (B) of this section.

(2) A home or adult day-care program may charge an applicant a fee not exceeding the amount the home or program pays under division (D)(1) of this section. A home or program may collect a fee only if both of the following apply:

(a) The home or program notifies the person at the time of initial application for employment of the amount of the fee and that, unless the fee is paid, the person will not be considered for employment;

(b) The medicaid program does not reimburse the home or program the fee it pays under division (D)(1) of this section.

(E) The report of any criminal records check conducted pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

(1) The individual who is the subject of the criminal records check or the individual’s representative;
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

(2) The chief administrator of the home or program requesting the criminal records check or the administrator's representative;

(3) The administrator of any other facility, agency, or program that provides direct care to older adults that is owned or operated by the same entity that owns or operates the home or program;

(4) A court, hearing officer, or other necessary individual involved in a case dealing with a denial of employment of the applicant or dealing with employment or unemployment benefits of the applicant;

(5) Any person to whom the report is provided pursuant to, and in accordance with, division (I)(1) or (2) of this section;

(6) The board of nursing for purposes of accepting and processing an application for a medication aide certificate issued under Chapter 4723 of the Revised Code;

(7) The director of aging or the director's designee if the criminal records check is requested by the chief administrator of a home that is also a community-based long-term care services provider.

(F) In accordance with section 3721.11 of the Revised Code, the director of health shall adopt rules to implement this section. The rules shall specify circumstances under which a home or adult day-care program may employ a person who has been convicted of or pleaded guilty to an offense listed or described in division (C)(1) of this section but meets personal character standards set by the director.

(G) The chief administrator of a home or adult day-care program shall inform each individual, at the time of initial application for a position that involves providing direct care to an older adult, that the individual is required to provide a set of fingerprint impressions and that a criminal records check is required to be conducted if the individual comes under final consideration for employment.

(H) In a tort or other civil action for damages that is brought as the result of an injury, death, or loss to person or property caused by an individual who a home or adult day-care program employs in a position that involves providing direct care to older adults, all of the following shall apply:

(1) If the home or program employed the individual in good faith and reasonable reliance on the report of a criminal records check requested under this section, the home or program shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate;

(2) If the home or program employed the individual in good faith on a conditional basis pursuant to division (C)(2) of this section, the home or program shall not be found negligent solely because it employed the individual prior to receiving the report of a criminal records check requested under this section;

(3) If the home or program in good faith employed the individual according to the personal character standards established in rules adopted under division (F) of this section, the home or program shall not be found negligent solely because the individual prior to being employed had been convicted of or pleaded guilty to an offense listed or described in division (C)(1) of this section.

(I)(1) The chief administrator of a home or adult day-care program is not required to request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check of an applicant if the applicant has been referred to the home or program by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults and both of the following apply:

(a) The chief administrator receives from the employment service or the applicant a report of the results of a criminal records check regarding the applicant that has been conducted by the superintendent within the one-year period immediately preceding the applicant's referral;

(b) The report of the criminal records check demonstrates that the person has not been
convicted of or pleaded guilty to an offense listed or described in division (C)(1) of this section, or the report demonstrates that the person has been convicted of or pleaded guilty to one or more of those offenses, but the home or adult day-care program chooses to employ the individual pursuant to division (F) of this section.

(2) The chief administrator of a home or adult day-care program is not required to request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check of an applicant and may employ the applicant conditionally as described in this division, if the applicant has been referred to the home or program by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults and if the chief administrator receives from the employment service or the applicant a letter from the employment service that is on the letterhead of the employment service, dated, and signed by a supervisor or another designated official of the employment service and that states that the employment service has requested the superintendent to conduct a criminal records check regarding the applicant, that the requested criminal records check will include a determination of whether the applicant has been convicted of or pleaded guilty to any offense listed or described in division (C)(1) of this section, that, as of the date set forth on the letter, the employment service had not received the results of the criminal records check, and that, when the employment service receives the results of the criminal records check, it promptly will send a copy of the results to the home or adult day-care program. If a home or adult day-care program employs an applicant conditionally in accordance with this division, the employment service, upon its receipt of the results of the criminal records check, promptly shall send a copy of the results to the home or adult day-care program, and division (C)(2)(b) of this section applies regarding the conditional employment.

4729-9-26 Criminal records check for pain management clinics.

Pursuant to division (B) of section 4729.552 of the Revised Code, a new terminal distributor of dangerous drug license with a pain management clinic classification will not be issued until the physician owner(s), or, if incorporated, the physician officers of the pain management clinic submit fingerprints to the Ohio bureau of criminal identification and investigation (BCI&I) for a criminal records check. Additionally, a criminal records check is required every time there is a change in ownership for each new owner(s) or officer(s). All criminal records checks conducted in accordance with this rule shall consist of both a BCI&I criminal records check and a federal bureau of investigations (FBI) records check. The results of the criminal records check must be sent directly to the Ohio state board of pharmacy from BCI&I. To be considered valid, the criminal records check must have been performed within the past twelve months. After the board receives the results of all of the required criminal records checks the license process will proceed. The physician owner(s) or physician officers must submit electronic fingerprint impressions as described in rule 4729-5-12 of the Administrative Code.

Physician owner(s) or physician officers are required to have all employees submit to a BCI&I and FBI criminal records check to ensure that no person has been previously convicted of, or pleaded guilty to a theft offense that would constitute a felony as described in division (K)(3) of section 2913.01 of the Revised Code or a felony drug abuse offense as defined in section 2925.01 of the Revised Code. BCI&I shall send the results of the BCI&I criminal records check directly to the employer or potential employer. BCI&I shall provide a letter regarding the FBI criminal records check to the employer or potential employer stating that there is either no record of any conviction or a letter stating that the request may not meet the criteria. When an employer or potential employer receives a letter stating that the request may not meet the criteria, they may share this information with the employee or potential employee. In order to complete the criminal records check, the employee or potential employee must then complete a
“Request for Release-FBI Rapsheet” and send it to BCI&I to request a copy of the FBI criminal record results be sent directly to the employee or potential employee. The employee or potential employee must provide the results to the employer or potential employer. The employee or potential employee must provide the results to the employer or potential employer in the original sealed envelope received from BCI&I. The criminal records check shall be based on electronic fingerprint impressions that are submitted directly to BCI&I from a “WebCheck” provider agency located in Ohio. The employer may accept the results of a criminal records check based on ink impressions from a “WebCheck” provider agency only in the event that readable electronic fingerprint impressions cannot be obtained.

Nursing Homes, Hospice and Adult Care

3701-13-01 Offenses, older adults; definitions.

As used in this chapter:

(A) "Applicant" means a person who is under final consideration for employment with a direct care provider (DCP) in a full-time, part-time, or temporary position that involves providing direct care to an older adult. "Applicant" does not include a person who provides direct care as a volunteer without receiving or expecting to receive any form of remuneration other than reimbursement for actual expenses.

(B) "BCII" means the bureau of criminal identification and investigation.

(C) "Chief administrator" means the individual in charge of the daily operation of the DCP or any employee of the DCP whom the chief administrator has designated as his representative pursuant to paragraph (B) of rule 3701-13-03 of the Administrative Code.

(D) "Criminal records check" means any criminal records check conducted by the superintendent of BCII in accordance with division (B) of section 109.572 of the Revised Code.

(E) "Department" means the department of health.

(F) "Direct care" means the provision of a service to an older adult or group of older adults that involves one or more of the following:

(1) Coordination of, direct supervision of, or provision of personal care, nursing, or health related services;

(2) Routine contact, such as face-to-face, hands-on physical assistance, verbal cuing, reminding, standing by or monitoring of activities;

(3) Activity that requires the person to be routinely alone with older adults or to routinely have access to older adults' personal property or financial documents;

(4) Any routine service or activity designated as direct care by the chief administrator; and

(5) In the case of a hospice care program, any service provided in an older adult's place of residence.

(G) "Direct care provider" or "DCP" means:

(1) An "adult day-care program" operated by and on the same site as a nursing home, residential care facility, home for the aging, or the Ohio veterans' home;

(2) A county home or district home operated under Chapter 5155 of the Revised Code;

(3) A "hospice care program" defined under section 3712.01 of the Revised Code;

(4) A hospital unit certified as a nursing facility or skilled nursing facility under Title XVIII or XIX of the "Social Security Act," 49 STAT. 620 (1935), 42 U.S.C.A. 301 as amended (1981); and

(5) A nursing home, residential care facility, or home for the aging as defined in section 3721.01 of the Revised Code and the Ohio veterans' homes.

(H) "Director" means the director of health or any division, bureau, agency, official or employee of the department to which the director has delegated his authority or duties.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

(I) "FBI" means the federal bureau of investigation.

(J) "Offense of violence" means any of the following:
1. A violation of section 2903.01 (aggravated murder), 2903.02 (murder), 2903.03 (voluntary manslaughter), 2903.04 (involuntary manslaughter), 2903.11 (felonious assault), 2903.12 (aggravated assault), 2903.13 (assault), 2903.21 (aggravated menacing), 2905.01 (kidnapping), 2905.02 (abduction), 2905.11 (extortion), 2905.02 (rape), 2907.03 (sexual battery), 2907.05 (gross sexual imposition), 2911.01 (aggravated robbery), 2911.02 (robbery), 2911.11 (aggravated burglary), 2911.12 (burglary), 2919.25 (domestic violence), 2923.161 (improperly discharging firearm at or into habitation or school) or former section 2907.12 (felonious sexual penetration) of the Revised Code;
2. A violation of an existing or former law of this or any other state or the United States, substantially equivalent to any section or division or offense listed in paragraph (J)(1) of this rule;
3. An offense, listed or described in rule 3701-13-05 of the Administrative Code or an offense under an existing or former law of this or any other state or the United States that is substantially equivalent to any of those offenses, committed purposefully or knowingly, and involving physical harm to persons or a risk of serious physical harm to persons.

(K) "Older adult" means a person age sixty or older.

(L) "PASSPORT agency" means a public or private entity that provides home and community-based services to older adults through the PASSPORT program created under section 173.52 of the Revised Code.

(M) "Repeat theft related offender" means a person who has been convicted of or pleaded guilty to the commission of any of the theft related offenses, listed or described in paragraph (R) of this rule, in two or more separate criminal actions. Convictions or guilty pleas resulting from or connected with the same act, or resulting from offenses committed at the same time, shall be counted as one conviction or guilty plea.

(N) "Repeat violent offender" means a person who has been convicted of or pleaded guilty to the commission of any of the offenses of violence, listed or described in paragraph (J) of this rule, in two or more separate criminal actions. Convictions or guilty pleas resulting from or connected with the same act, or resulting from offenses committed at the same time, shall be counted as one conviction or guilty plea.

(O) "Sexually oriented offense" means any of the following offenses:
1. Regardless of the age of the victim of the offense, a violation of section 2907.02 (rape), 2907.03 (sexual battery), or 2907.05 (gross sexual imposition) of the Revised Code, or former 2907.12 (felonious sexual penetration) of the Revised Code;
2. Any of the following offenses involving a minor in the circumstances specified:
   a. A violation of section 2905.01 (kidnapping) or 2905.02 (abduction) of the Revised Code when the victim is under eighteen years of age;
   b. A violation of division (A)(1) or (A)(3) of section 2907.321 (pandering obscenity involving a minor) or 2907.322 (pandering sexually oriented matter involving a minor) of the Revised Code;
   c. A violation of division (A)(1) or (A)(2) of section 2907.323 (illegal use of a minor in nudity-oriented material or performance) of the Revised Code;
3. Regardless of the age of the victim of the offense, a violation of section 2903.01 (aggravated murder), 2903.02 (murder), 2903.11 (felonious assault), or 2905.01 (kidnapping) of the Revised Code, or of division (A) of section 2903.04 (involuntary manslaughter) of the Revised Code with a purpose to gratify the sexual needs or desires of the offender;
4. A sexually violent offense as defined in paragraph (P) of this rule;
5. A violation of any former law of this state that was substantially equivalent to any offense listed in paragraphs (O)(1) to (O)(4) of this rule;
6. A violation of an existing or former law of another state or the United States, or a
violation under the law applicable in a military court, that is or was substantially equivalent to any offense listed in paragraphs (O)(1) to (O)(5) of this rule;

(P) "Sexually violent offense" means a violent sex offense, or a designated homicide, assault, or kidnapping offense for which the offender also was convicted of or pleaded guilty to a sexual motivation specification.

(1) "Designated homicide, assault, or kidnapping offense" means a violation of section 2903.01 (aggravated murder), 2903.02 (murder), 2903.11 (felonious assault), or 2905.01 (kidnapping) of the Revised Code or a violation of division (A) of section 2903.04 (involuntary manslaughter) of the Revised Code;

(2) "Sexual motivation" means a purpose to gratify the sexual needs or desires of the offender.

(3) "Sexual motivation specification" means a specification, as described in section 2941.147 of the Revised Code, that charges that a person charged with a designated homicide assault or kidnapping offense committed the offense with a sexual motivation.

(4) "Violent sex offense" means any of the following:

(a) A violation of section 2907.02 (rape), 2907.03 (sexual battery), or division (A)(4) of section 2907.05 (gross sexual imposition when victim is under thirteen years of age) of the Revised Code or felonious sexual penetration in violation of former section 2907.12 of the Revised Code;

(b) A felony violation of a former law of this state that is substantially equivalent to a violation listed in paragraph (P)(4)(a) of this rule.

(Q) "Superintendent" means superintendent of BCII.

(R) "Theft related offense" means a violation of any of the following sections of the Revised Code: 2911.01 (aggravated robbery), 2911.02 (robbery), 2911.11 (aggravated burglary), 2911.12 (burglary), 2911.13 (breaking and entering), 2913.02 (theft, aggravated theft), 2913.03 (unauthorized use of a vehicle), 2913.04 (unauthorized use of property - computer, cable, or telecommunication property), 2913.11 (passing bad checks), 2913.21 (misuse of credit cards), 2913.31 (forging identification cards or selling or distributing forged identification cards), 2913.40 (medicaid fraud), 2913.43 (securing writings by deception), 2913.47 (insurance fraud), or 2913.51 (receiving stolen property).

3701-13-02 Persons subject to checks.

(A) Chapter 3701-13 of the Administrative Code applies only to persons who apply for employment in a position involving the provision of direct care to an older adult on or after January 27, 1997, including:

(1) A person who is paid directly by the DCP;

(2) A person who contracts as an independent contractor with the DCP to provide direct care on behalf of the DCP;

(3) A person who provides direct care on behalf of the DCP pursuant to a contract between the DCP and another business entity; and

(4) A person referred to the DCP by an employment service, temporary employment service or staffing pool.

(B) A DCP shall request a criminal records check on any person employed by the DCP in a position other than direct care prior to January 27, 1997, who then applies and is under final consideration for a position within the DCP that requires the provision of direct care to an older adult.

(C) The DCP is not required to request a criminal records check for a person, as described in paragraph (A)(1) of this rule, who was employed in a direct care position by the entity prior to January 27, 1997 and continues to be employed by the entity in a position involving the provision of direct care to an older adult.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

3701-13-03 Criminal records check.

(A) Except as otherwise provided in paragraph (H) of this rule, the chief administrator shall request that the superintendent conduct a criminal records check with respect to each applicant.

(B) The chief administrator of an DCP may designate a representative such as a director of nursing, medical director, facility manager, or personnel officer to carry out the requirements of this rule on the chief administrator's behalf. The chief administrator shall remain ultimately responsible for complying with the requirements of this rule.

(C) Residency requirement.

(1) If the applicant does not present proof of having been a resident of this state for the five-year period immediately prior to the date the criminal records check is requested or provide evidence that within that five year period the superintendent has requested information about the applicant from the FBI in a criminal records check, the chief administrator of the DCP shall request that the superintendent obtain information from the FBI as part of the criminal records check of the applicant.

(2) Even if the applicant presents proof of having been a resident of this state for the five-year period or proof of a FBI criminal records check as specified in paragraph (C)(1) of this rule, the DCP may request that the superintendent include information from the FBI in the criminal records check.

(D) Investigation fee.

(1) A DCP shall pay to the BCII the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check conducted pursuant to that section.

(2) A DCP may charge an applicant a fee not exceeding the amount the DCP pays under paragraph (D)(1) of this rule. A DCP may collect a fee only if both of the following apply:

   (a) The DCP notifies the person at the time of the initial application for employment of the amount of the fee and that, unless the fee is paid by the person, the person will not be considered for employment;

   (b) The medicaid program established under Chapter 5162 of the Revised Code does not reimburse the DCP for the fee it pays under paragraph (D)(1) of this rule.

(E) Notification to the applicant. The chief administrator of the DCP shall inform each individual, at the time of initial application for a position that involves providing direct care to an older adult:

   (1) That the individual is required to provide a set of fingerprint impressions and that a criminal records check is required to be conducted if the individual comes under final consideration for employment;

   (2) If applicable, the information required under paragraph (D)(2)(a) of this rule; and

   (3) Any fees authorized under division (C)(2) of section 109.572 of the Revised Code that are associated with obtaining fingerprint impressions.

(F) Criminal records check forms. The chief administrator of a DCP required by this rule to request a criminal records check shall do all of the following:

   (1) Provide each applicant a copy of the form(s) prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a standard fingerprint impression sheet, or instructions for acquiring a standard fingerprint impression sheet prescribed pursuant to division (C)(2) of that section.

   (a) An applicant who meets the residency requirement shall be provided a copy of the BCII "civilian identification" form for fingerprint impressions; in addition, if the DCP chooses to do so, the applicant may also be provided an FBI "applicant" fingerprint impression form.

   (b) An applicant who does not meet the residency requirement, specified in paragraph (C) of this rule, shall be provided both the BCII and FBI fingerprint impression forms.
(2) Obtain the completed form(s) and fingerprint impression sheet(s) from the applicant.

(3) Forward the completed form(s) and fingerprint impression sheet(s) to the superintendent.

(a) The DCP shall submit the completed forms in the method prescribed by BCII.

(b) The DCP shall submit all applicable fees with completed forms or arrange for payment in a method prescribed by BCII prior to submitting forms for processing.

(G) An applicant provided the forms and fingerprint impression sheets under paragraph (F) (1) of this rule, who fails to complete the forms or to provide fingerprint impressions, shall not be employed in any position for which a criminal records check is required by this rule.

(H) Exception to criminal records check requirement. The DCP is not required to request that the superintendent conduct a criminal records check of an applicant if the applicant has been referred to the DCP by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care of older adults if the requirements of this paragraph or of paragraph (B) of rule 3701-13-04 of the Administrative Code are met:

(1) The chief administrator receives from the employment service, or the applicant, a report of the results of a criminal records check regarding the applicant that has been conducted by the superintendent within the one-year period immediately preceding the applicant's referral; and

(2) The report of the criminal records check demonstrates that the person has not been convicted of or pleaded guilty to an offense listed or described in paragraph (A) of rule 3701-13-05 of the Administrative Code.

(I) In addition to or in conjunction with any request that is required to be made under this rule with respect to an individual who has applied for employment in a position that involves providing direct care to an older adult, the chief administrator of a DCP may request that the superintendent conduct a criminal records check with respect to any individual who has applied on or after January 27, 1997, for employment in a position that does not involve providing direct care to an older adult.

3701-13-04 Conditional employment and termination.

(A) A DCP may employ conditionally an applicant for whom a criminal records check request is required under rule 3701-13-02 of the Administrative Code prior to obtaining the results of a criminal records check regarding the applicant if the following requirements are met:

(1) The DCP shall not employ an applicant prior to obtaining the completed form(s) and fingerprint impression sheet(s) from the applicant as required in paragraph (F) of rule 3701-13-03 of the Administrative Code. For purposes of this prohibition, the applicant cannot perform or participate in any job related activity pertaining to a position involving the provision of direct care to an older adult that places the applicant in an active pay status.

(2) The DCP shall request a criminal records check in accordance with paragraph (F) of rule 3701-13-03 of the Administrative Code by submitting the request to BCII not later than five business days after the individual begins conditional employment.

(B) The DCP may employ conditionally an applicant for whom a criminal records check is required under rule 3701-13-02 of the Administrative Code if all of the following requirements are met:

(1) The applicant has been referred to the DCP by an employment service that supplies full-time, part-time, or temporary staff positions involving the direct care of older adults; and

(2) The chief administrator receives from the employment service a letter that:

(a) Is on the letterhead of the employment service;

(b) Is dated and signed by a supervisor or another designated official of the employment service;
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

(c) States that the employment service has requested the superintendent to conduct a criminal records check regarding the applicant;
(d) States that the requested criminal records check will include a determination of whether the applicant has been convicted or pleaded guilty to any offense listed or described in rule 3701-13-05 of the Administrative Code;
(e) States that, as of the date set forth on the letter, the employment service had not received the results of the criminal records check; and
(f) States that, when the employment service receives the results of the criminal records check, it will promptly send a copy of the results to the DCP.

(C) If a DCP employs an applicant conditionally under paragraph (B) of this rule, the employment service, upon its receipt of the results of the criminal records check, shall prompt send a copy of the results to the DCP, and paragraph (D) of this rule shall apply regarding the conditional employment.

(D) The DCP shall terminate the individual's conditional employment if:
(1) The results of the criminal records check, other than the results of any request for information from the FBI, are not obtained within thirty days after the date the request is made; or
(2) The results of any part of the records check indicate that the individual has been convicted of or pleaded guilty to any of the offenses listed or described in paragraph (A) of rule 3701-13-05 of the Administrative Code, unless the DCP chooses to employ the applicant pursuant to rule 3701-13-06 of the Administrative Code.

(E) Termination under paragraph (D) of this rule shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the individual makes any attempt to deceive the DCP about the individual's criminal record.

3701-13-05 Criminal offenses.

(A) Except as provided in rule 3701-13-06 of the Administrative Code no DCP shall employ a person in a position that involves providing direct care to an older adult if the person has been convicted of or pleaded guilty to:
(1) A violation of any of the following sections of the Revised Code:
   (a) 2903.01--Aggravated murder;
   (b) 2903.02--Murder
   (c) 2903.03--Voluntary manslaughter
   (d) 2903.04--Involuntary manslaughter
   (e) 2903.11--Felonious assault
   (f) 2903.12--Aggravated assault
   (g) 2903.13--Assault
   (h) 2903.16--Failing to provide for a functionally impaired person
   (i) 2903.21--Aggravated menacing
   (j) 2903.34--Patient abuse or neglect
   (k) 2905.01--Kidnapping
   (l) 2905.02--Abduction
   (m) 2905.11--Extortion
   (n) 2905.12--Coercion
   (o) 2907.02--Rape
   (p) 2907.03--Sexual battery
   (q) 2907.05--Gross sexual imposition
   (r) 2907.06--Sexual imposition
   (s) 2907.07--Importuning
   (t) 2907.08--Voyeurism
(u) 2907.09--Public indecency
(v) Former 2907.12--Felonious sexual penetration
(w) 2907.25--Prostitution; after positive HIV test
(x) 2907.31--Disseminating matter harmful to juveniles
(y) 2907.32--Pandering obscenity
(z) 2907.321--Pandering obscenity involving a minor
(aa) 2907.322--Pandering sexually oriented matter involving a minor
(bb) 2907.323--Illegal use of a minor in nudity-oriented material or performance
(cc) 2911.01--Aggravated robbery
(dd) 2911.02--Robbery
(ee) 2911.11--Aggravated burglary
(ff) 2911.12--Burglary
(gg) 2911.13--Breaking and entering
(hh) 2913.02--Theft
(ii) 2913.03--Unauthorized use of a vehicle
(jj) 2913.04--Unauthorized use of property; computer, cable, or telecommunication property
(kk) 2913.11--Passing bad checks
(ll) 2913.21--Misuse of credit cards
(mm) 2913.31--Forgery; identification card offenses
(nn) 2913.40--Medicaid fraud
(oo) 2913.43--Securing writings by deception
(pp) 2913.47--Insurance fraud
(qq) 2913.51--Receiving stolen property
(rr) 2919.25--Domestic violence
(ss) 2921.36--Illegal conveyance of weapons or prohibited items onto grounds of detention facility or institution
(tt) 2923.12--Carrying concealed weapons
(uu) 2923.13--Having weapons while under disability
(vv) 2923.161--Improperly discharging firearm at or into habitation or school safety zone
(ww) 2925.02--Corrupting another with drugs
(xx) 2925.03--Trafficking in drugs
(yy) 2925.11--Possession of drugs
(zz) 2925.13--Permitting drug abuse
(aaa) 2925.22--Deception to obtain a dangerous drug
(bbb) 2925.23--Illegal processing of drug documents
(ccc) 3716.11--Placing harmful objects in food or confection
(2) A violation of an existing or former law of this state, any other state or the United States that is substantially equivalent to any of the offenses or violations listed in paragraph (A)(1) of this rule.

(B) Pardons. A conviction of or a plea of guilty to an offense listed or described in paragraph (A) of this rule shall not prevent an applicant's employment under any of the following circumstances:

(1) The applicant has been granted an unconditional pardon for the offense pursuant to Chapter 2967 of the Revised Code;

(2) The applicant has been granted an unconditional pardon for the offense pursuant to an existing or former law of the this state, any other state, or the United States, if the law is substantially equivalent to Chapter 2967 of the Revised Code;

(3) The conviction or guilty plea has been set aside pursuant to law; or
(4) The applicant has been granted a conditional pardon for the offense pursuant to Chapter 2967 of the Revised Code, and the conditions under which the pardon was granted have been satisfied.

3701-13-06 Personal character standards.

(A) A DCP may employ an applicant who has been convicted of or pleaded guilty to an offense listed in paragraph (A) of rule 3701-13-05 of the Administrative Code in a position involving direct care to an older adult, if all of the following standards are met:

(1) The applicant is not a repeat theft related offender as defined in paragraph (M) of rule 3701-13-01 of the Administrative Code;
(2) The applicant is not a repeat violent offender as defined in paragraph (N) of rule 3701-13-01 of the Administrative Code;
(3) The offense is not a sexually oriented offense as defined in paragraph (O) of rule 3701-13-01 of the Administrative Code;
(4) The offense is not a violation of any of the following sections of the Revised Code or a violation of an existing or former law of this state, any other state, or the United States, if the offense is substantially equivalent to the offenses or violations described in the following sections of the Revised Code: 2903.01 (aggravated murder), 2903.02 (murder), 2903.03 (voluntary manslaughter), 2903.34 (patient abuse or neglect), or 3716.11 (placing harmful objects in food or confection);
(5) If the offense is an offense of violence as defined in paragraph (J) of rule 3701-13-01 of the Administrative Code, other than one listed in paragraph (A)(4) of this rule; and
   (a) The victim of the offense was not an older adult; and
   (b) At least five years have elapsed since the applicant was fully discharged from imprisonment, probation and parole; or
(6) If the offense is not an offense of violence as defined in paragraph (J) of rule 3701-13-01 of the Administrative Code or an offense listed in paragraph (A)(4) of this rule; and
   (a) The applicant is either discharged from imprisonment, sentenced to probation, is fined or is on parole; and
   (b) The applicant provides proof that all conditions regarding fulfillment of sentencing requirements are being met.
(7) The applicant's character is such that it is unlikely that the applicant will harm an older adult. In making that determination, the chief administrator shall consider the following factors for each offense:
   (a) The applicant's age at the time of the offense;
   (b) Regardless of whether the applicant knew the victim prior to the committing of the offense, the age and mental capacity of the victim;
   (c) The nature and seriousness of the offense;
   (d) The number of previous offenses or length of time since the most recent conviction or guilty plea;
   (e) The degree to which the applicant participated in the offense and the degree to which the victim contributed to or provoked the offense;
   (f) The likelihood that the circumstances leading to the offense will reoccur;
   (g) The applicant's employment record;
   (h) The applicant's efforts at rehabilitation and the results of those efforts;
   (i) If known, whether the applicant has been convicted of or pleaded guilty to any violation of an existing or former municipal ordinance substantially equivalent to any offense listed or described in rule 3701-13-05 of the Administrative Code;
   (j) Whether any criminal proceedings are pending; and
(k) Any other factors related to the position that the chief administrator considers relevant to the performance of job duties.

(B) If the applicant fails to provide proof that the personal character standards listed in this rule are met, or if the DCP determines that the proof offered by the applicant is inconclusive, the applicant shall not be employed in a position that involves providing direct care to older adults.

3701-13-07 Records and disclosure.

(A) Criminal records check disclosure. The report of the criminal records check conducted pursuant to a request made under rule 3701-13-03 of the Administrative Code is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

(1) The individual who is the subject of the criminal records check or the individual's representative;
(2) The chief administrator of the DCP requesting the criminal records check or the administrator's representative;
(3) The chief administrator of the DCP, any other DCP, home health agency defined under section 3701.881 of the Revised Code, or PASSPORT agency that provides direct care to older adults that is owned or operated by the same entity that owns or operates the DCP;
(4) Any court, hearing officer, or other necessary individual involved in a case dealing with the denial of employment of the applicant or dealing with employment or unemployment benefits.
(5) Any person to whom a report is provided pursuant to paragraph (H) of rule 3701-13-03 of the Administrative Code or paragraph (B) of 3701-13-04 of the Administrative Code.

(B) Personnel record. The DCP shall maintain the criminal records report in a confidential manner either sealed within, or separate from but a part of, the personnel record.

(C) Attestation. The DCP shall, upon request, provide to the director written confirmation of compliance with the provisions of this rule in a format that is specified by the director and is consistent with state law.

(D) Documentation of compliance. The DCP shall maintain an applicant log separate from the personnel record that shall be accessible to the director and shall contain the following information:

(1) The name of each applicant;
(2) Application date;
(3) The date the applicant starts work;
(4) The date the criminal records check request is submitted to BCII;
(5) The type(s) of criminal records checks requested (BCII, FBI, or both);
(6) The date(s) the BCII and FBI checks are received or, for referred applicants or applicants employed pursuant to a contract, the date a copy of the report of the criminal records check is provided to the DCP for its records;
(7) The date the report is completed by BCII, "date of original record check";
(8) Whether the applicant was hired pursuant to the personal character standards listed in rule 3701-13-06 of the Administrative Code;
(9) Final disposition of the applicant; and
(10) Whether the applicant was terminated pursuant to paragraph (D)(1), paragraph (D)(2) or paragraph (E) of rule 3701-13-04 of the Administrative Code.
3701-13-08 Liability.

In a tort or other civil action for damages that is brought as the result of an injury, death, or loss to person or property caused by an individual who a DCP employs in a position that involves providing direct care to older adults, the following shall apply:

(A) If the DCP employed the individual in good faith and reasonable reliance on the report of a criminal records check requested under this chapter, the DCP shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate;

(B) If the DCP employed the individual in good faith on a conditional basis pursuant to rule 3701-13-04 of the Administrative Code, the DCP shall not be found negligent solely because it employed the individual prior to receiving the report of a criminal records check requested under this chapter;

(C) If the DCP in good faith employed the individual according to the personal character standards adopted under rule 3701-13-06 of the Administrative Code, the DCP shall not be negligent solely because the individual prior to being employed had been convicted of or pleaded guilty to an offense listed or described in rule 3701-13-05 of the Administrative Code.

Home Health Agencies

3701-60-02 Applicability.

(A) Chapter 3701-60 of the Administrative Code applies only to applicants to a home health agency for a position providing direct care, and to employees of a home health agency who provide direct care, including:

(1) A person who is paid directly by the home health agency;

(2) A person who contracts as an independent contractor to provide direct care on behalf of the home health agency;

(3) A person who provides direct care on behalf of a home health agency pursuant to a contract between the home health agency and another business entity;

(4) A person referred to the home health agency by an employment service or staffing pool.

(B) The home health agency shall conduct a criminal records check on any applicant for a position providing direct care and on an employee who provides direct care on or after January 1, 2013.

(C) The home health agency is not required to update the criminal records check as required by paragraph (B) of rule 3701-60-04 of the Administrative Code, for employees who are direct care staff, but who work in the office and do not see individuals in their homes on a routine basis.

3701-60-03 State and national database check.

(A) Except as provided for in paragraph (H) of rule 3701-60-04 of the Administrative Code, and prior to conducting a criminal records check, the chief administrator or his designee of a home health agency shall conduct, with respect to each applicant for a position involving the provision of direct care and each employee who provides direct care, a check of the following databases:

(1) The "System for Award Management" maintained by the United States general services administration, available at http://www.sam.gov/;

(2) The list of excluded individuals and entities maintained by the office of inspector general in the United States department of health and human services, available at
Chapter 9. Crime, Records Check, False Claims and Fraud
Part II. Criminal Records Check

http://exclusions.oig.hhs.gov/;

(3) The registry of employees guilty of abuse, neglect, or misappropriation maintained by the Ohio department of developmental disabilities, available at https://its.prodapps.dodd.ohio.gov/ABR_Default.aspx;

(5) The database of inmates maintained by the Ohio department of rehabilitation and correction, available at https://appgateway.drc.ohio.gov/OffenderSearch; and

(6) The Ohio nurse aide registry, maintained by the Ohio department of health, available at https://odhgateway.odh.ohio.gov/nar/nar_registry_search.aspx. If an applicant does not present proof of having been a resident of this state for the five year period immediately prior to the date of the database review, the chief administrator of a home health agency or his designee shall conduct a database review of the nurse aide registry in the state or states in which the applicant has lived.

(B) Except as provided for in rule 3701-60-07 of the Administrative Code, no home health agency shall employ a person in a position involving the provision of direct care if a review of the databases listed in paragraphs (A)(1) to (A)(5) of this rule discloses disqualifying information regarding the applicant or employee or if a review of the database listed in paragraph (A)(6) of this rule discloses a statement detailing findings by the director of health that the applicant or employee neglected or abused a long-term care facility or residential care facility resident or misappropriated property of such a resident.

(C) If the review of the free databases listed in paragraph (A) of this rule discloses disqualifying information about an applicant or employee, the home health agency shall inform the applicant or employee of the disqualifying information.

(D) The chief administrator of a home health agency shall conduct a check of the databases listed in paragraph (A) of this rule prior to requesting an update to the background check required in paragraph (B) of rule 3701-60-04 of the Administrative Code.

(E) The home health agency is not required to review the free databases listed under paragraph (A) of this rule if the applicant or employee was referred to the home health agency by an employment service that refers applicants to employers to fill full-time, part-time, or temporary positions involving direct care if the employment service provides the home health agency with the letter required by paragraph (A)(4) of rule 3701-60-05 of the Administrative Code.

3701-60-04 Requirements for criminal records check.

(A) The chief administrator of a home health agency or his designee shall request that the superintendent conduct a criminal records check with respect to each applicant for a direct care position.

(B) The chief administrator of a home health agency or his designee shall conduct a criminal background check on employees who provide direct care as follows:

(1) For employees hired prior to January 1, 2008, no later than thirty days after the anniversary of the employee's date of hire and at least every five years thereafter; or

(2) For employees hired on or after January 1, 2008, no later than thirty days after the fifth anniversary of the employee's date of hire and at least every five years thereafter.

(C) Residency requirement.

(1) If the applicant does not present proof of having been a resident of this state for the five year period immediately prior to the date the criminal records check is requested or provide evidence that within that five year period the superintendent has requested information about the applicant from the United States federal bureau of investigation in a criminal records check, the chief administrator of the home health agency shall request that the superintendent obtain
information from the United States federal bureau of investigation as part of the criminal records check of the applicant.

(2) Even if the applicant presents proof of having been a resident of this state for the five year period or proof of an United States federal bureau of investigation criminal records check as specified in paragraph (C)(1) of this rule, the home health agency may request that the superintendent include information from the United States federal bureau of investigation in the criminal records check.

(D) Notification to the applicant. The chief administrator of the home health agency or his designee shall notify each applicant and employee of the following:

(1) That the individual is required to provide a set of fingerprint impressions and that a criminal records check is required to be conducted if the individual comes under final consideration for employment, or, in the case of an employee, that a criminal records check will be conducted as a condition of continued employment;

(2) If applicable, the fee required under paragraph (E)(2) of this rule; and

(3) Any fees authorized under division (C)(2) of section 109.572 of the Revised Code that are associated with obtaining fingerprint impressions.

(E) Investigation fee.

(1) A home health agency shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check conducted pursuant to this rule.

(2) A home health agency may charge an applicant a fee not exceeding the amount the home health agency pays under paragraph (D)(1) of this rule. A home health agency may collect a fee only if both of the following apply:

(a) The home health agency notifies the person at the time of the initial application for employment of the amount of the fee and that, unless the fee is paid by the person, the person will not be considered for employment;

(b) The medicaid program established under Chapter 5162 of the Revised Code does not reimburse the home health agency for the fee it pays under paragraph (D)(1) of this rule.

(F) Criminal records check forms. The chief administrator of a home health agency required by this rule to request a criminal records check shall do all of the following:

(1) Provide each applicant and employee a copy of the form or forms prescribed by division (C)(1) of section 109.572 of the Revised Code and a standard fingerprint impression sheet, or instructions for acquiring a standard fingerprint impression sheet prescribed pursuant to division (C)(2) of that section.

(a) An applicant who meets the residency requirement shall be provided a copy of the bureau of criminal identification and investigation "civilian identification" form for fingerprint impressions; in addition, if the home health agency chooses to do so, the applicant may also be provided an United States federal bureau of investigation "applicant" fingerprint impression form;

(b) An applicant who does not meet the residency requirement, specified in paragraph (C) of this rule, shall be provided both the bureau of criminal identification and investigation and United States federal bureau of investigation fingerprint impression forms.

(2) Obtain the completed form or forms and standard fingerprint impression sheet or sheets from the applicant;

(3) Forward the completed form or forms and standard fingerprint impression sheet or sheets to the superintendent.

(a) The home health agency shall submit the completed forms in the method prescribed by bureau of criminal identification and investigation.

(b) The home health agency shall submit all applicable fees with completed forms or arrange for payment in a method prescribed by bureau of criminal identification and investigation prior to submitting forms for processing.
(G) An applicant or employee provided the forms and standard fingerprint impression sheets under paragraph (F)(1) of this rule, who fails to complete the forms or to provide fingerprint impressions, shall not be employed in any position for which a criminal records check is required by this rule.

(H) If an applicant or employee has been the subject of a criminal records check pursuant to division (D) of section 109.572 of the Revised Code within the previous twelve months, the chief administrator of the home health agency may request and accept a reverification of that criminal records check. A reverification of a criminal records check does not relieve the home health agency of the requirements under paragraph (C) of this rule if the applicant or employee has not been a resident of this state for the five year period immediately prior to the date the criminal records check.

(I) Exception to criminal records check requirement. The home health agency is not required to request that the superintendent conduct a criminal records check of an applicant if the applicant has been referred to the home health agency by an employment service that supplies full-time, part-time, or temporary staff for positions involving the direct care to an individual if all of the following apply:

1. The chief administrator receives from the employment service confirmation that a review of the databases required by rule 3701-60-03 of the Administrative Code was conducted with regard to the applicant or employee;

2. The chief administrator receives from the employment service confirmation that a report of the results of a criminal records check regarding the applicant or employee has been conducted by the superintendent within the one-year period immediately preceding the following:
   a. In the case of an applicant, the date of the applicant's referral by the employment service to the home health agency;
   b. In the case of an employee, the date by which the home health agency would otherwise have to request a criminal records check of the employee pursuant to this rule; and

   3. The report of both the database review and the criminal records check demonstrates that the applicant or employee has not been convicted of or pleaded guilty to an offense listed or described in paragraph (A) of rule 3701-60-06 of the Administrative Code.

3701-60-05 Conditional employment.

(A) A home health agency may employ an applicant conditionally prior to obtaining a criminal records check regarding the applicant if the:

1. Review of the state and national databases required by rule 3701-60-03 of the Administrative Code does not reveal any disqualifying information;

2. The applicant provides the home health agency with a completed fingerprint impression sheet before the commencement of the applicant's conditional employment; and

3. Chief administrator of the home health agency requests the criminal records check required by rule 3701-60-04 of the Administrative Code not later than five business days after the applicant begins conditional employment; or

4. Applicant is referred to the home health agency by an employment service, the employment service or the applicant provides the chief administrator of the agency a letter that is on the letterhead of the employment service, the letter is dated and signed by a supervisor or another designated official of the employment service, and the letter states all of the following:
   a. That the employment service has requested the superintendent to conduct a criminal records check regarding the applicant;

   b. That the requested criminal records check is to include a determination of whether the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense;
(c) That the employment service has not received the results of the criminal records check as of the date set forth on the letter; and
(d) That the employment service promptly will send a copy of the results of the criminal records check to the chief administrator of the home health agency when the employment service receives the results.

(B) If a home health agency employs an applicant conditionally pursuant to paragraph (A)(2) of this rule, the employment service, on its receipt of the results of the criminal records check, promptly shall send a copy of the results to the chief administrator of the agency.
(C) The home health agency shall not employ an applicant prior to obtaining the completed form or forms and standard fingerprint impression sheet or sheets from the applicant as required in paragraph (F) of rule 3701-60-04 of the Administrative Code. For purposes of this prohibition, the applicant cannot perform or participate in any job related activity pertaining to a position involving the provision of direct care to an individual that places the applicant in an active pay status.
(D) The home health agency shall terminate the individual's conditional employment if:
(1) In the case of an applicant for a position providing direct care to an individual, the results of the records check, other than the results of any request for information from the United States federal bureau of investigation, are not obtained within sixty days after the date the request is made; or
(2) The results or any part of the records check indicate that the individual has been convicted of or pleaded guilty to any of the offenses listed or described in paragraph (A) of rule 3701-60-06 of the Administrative Code, unless the home health agency chooses to employ the applicant pursuant to rule 3701-60-07 of the Administrative Code.
(E) Termination under paragraph (D) of this rule shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the individual makes any attempt to deceive the home health agency about the individual's criminal record.

3701-60-06 Criminal records check; disqualifying offenses.

(A) Except as provided in rule 3701-60-07 of the Administrative Code, no employer shall employ or continue to employ a person in a position that involves providing direct care to an individual if the person has been convicted of:
(1) A violation of any of the following sections of the Revised Code:
(a) 959.13 (cruelty to animals);
(b) 959.131 (prohibitions concerning companion animals);
(c) 2903.01 (aggravated murder);
(d) 2903.02 (murder);
(e) 2903.03 (voluntary manslaughter);
(f) 2903.04 (involuntarymanslaughter);
(g) 2903.041 (reckless homicide);
(h) 2903.11 (felonious assault);
(i) 2903.12 (aggravated assault);

(vvvvv) 2927.12 (ethnic intimidation);
(wwwww) 3716.11 (placing harmful objects in food or confection);
(2) If related to an offense listed under paragraph (A)(1) of this rule, 2923.01 (conspiracy), 2923.02 (attempt), or 2923.03 (complicity); or
(3) A violation of an existing or former municipal ordinance or law of this state, any other state, or the United States that is substantially equivalent to any of the offenses or violations described in paragraphs (A)(1)(a) to (A)(1)(wwww) of this rule.

3701-60-07 Disqualifying offense exclusionary periods; certificated pardons.

(A) Disqualifying offense exclusionary periods: Except as set forth in paragraphs (B), (C) and (D) of this rule, a home health agency may employ an applicant or continue to employ an employee who has been convicted of or pleaded guilty to an offense listed in rule 3701-60-06 of the Administrative Code in a position involving providing direct care to an individual pursuant to the following exclusionary periods:

(1) Tier I: Permanent exclusion: No home health agency shall employ an applicant or continue to employ an employee in a position involving providing direct care to an individual who has been convicted of, or pleaded guilty to, an offense in any of the following sections of the Revised Code:

(a) 2903.01 (aggravated murder);
(b) 2903.02 (murder);
(c) 2903.03 (voluntary manslaughter);
(d) 2903.11 (felonious assault);
(e) 2903.15 (permitting child abuse);
(f) 2903.16 (failing to provide for a functionally-impaired person);
(g) 2903.34 (patient abuse or neglect);
(h) 2903.341 (patient endangerment);
(i) 2905.01 (kidnapping);
(j) 2905.02 (abduction);
(k) 2905.32 (human trafficking);
(l) 2905.33 (unlawful conduct with respect to documents);
(m) 2907.02 (rape);
(n) 2907.03 (sexual battery);
(o) 2907.04 (unlawful sexual conduct with a minor, formerly corruption of a minor);
(p) 2907.05 (gross sexual imposition);
(q) 2907.06 (sexual imposition);
(r) 2907.07 (importuning);
(s) 2907.08 (voyeurism);
(t) 2907.12 (felonious sexual penetration);
(u) 2907.31 (disseminating matter harmful to juveniles);
(v) 2907.32 (pandering obscenity);
(w) 2907.321 (pandering obscenity involving a minor);
(x) 2907.322 (pandering sexually-oriented matter involving a minor);
(y) 2907.323 (illegal use of a minor in nudity-oriented material or performance);
(z) 2909.22 (soliciting or providing support for an act of terrorism);
(aa) 2909.23 (making terrorist threats);
(bb) 2909.24 (terrorism);
(cc) 2913.40 (medicaid fraud);
(dd) If related to another offense under paragraph (A)(1) of this rule, 2923.01
(conspiracy), 2923.02 (attempt), or 2923.03 (complicity);
(ee) A conviction related to fraud, theft, embezzlement, breach of fiduciary responsibility, or other financial misconduct involving a federal or state-funded program, excluding the disqualifying offenses set forth in section 2913.46 (illegal use of SNAP or WIC program benefits); or,
(ff) A violation of an existing or former municipal ordinance or law of this state, any other state, or the United States that is substantially equivalent to any of the offenses or violations described in paragraphs (A)(1)(a) to (A)(1)(ee) of this rule.

(2) Tier II: Ten-year exclusionary period:
(a) No home health agency shall employ an applicant or continue to employ an employee in a position providing direct care to an individual for a period of ten years from the date the applicant or employee was fully discharged from all imprisonment, probation, or parole, if the applicant or employee has been convicted of, or pleaded guilty to, an offense in any of the following sections of the Revised Code:
   (i) 2903.04 (involuntary manslaughter);
   (ii) 2903.041 (reckless homicide);
   (iii) 2905.04 (child stealing, as it existed prior to July 1, 1996);
   (iv) 2905.05 (child enticement);
   (v) 2905.11 (extortion);
   (vi) 2907.21 (compelling prostitution);
   (vii) 2907.22 (promoting prostitution);
   (viii) 2907.23 (enticement or solicitation to patronize a prostitute; procurement of a prostitute for another.);
   (ix) 2909.02 (aggravated arson);
   (x) 2909.03 (arson);
   (xi) 2911.01 (aggravated robbery);
   (xii) 2911.11 (aggravated burglary);
   (xiii) 2913.46 (illegal use of SNAP or WIC program benefits);
   (xiv) 2913.48 (worker's compensation fraud);
   (xv) 2913.49 (identity fraud);
   (xvi) 2917.02 (aggravated riot);
   (xvii) 2923.12 (carrying concealed weapons);
   (xviii) 2923.122 (illegal conveyance or possession of deadly weapon or dangerous ordnance in a school safety zone, illegal possession of an object indistinguishable from a firearm in a school safety zone);
   (xix) 2923.123 (illegal conveyance, possession, or control of deadly weapon or ordnance into a courthouse);
   (xx) 2923.13 (having weapons while under disability);
   (xxi) 2923.161 (improperly discharging a firearm at or into a habitation or school);
Chapter 9. Crime, Records Check, False Claims and Fraud  
Part II. Criminal Records Check

(xxii) 2923.162 (discharge of firearm on or near prohibited premises);  
(xxiii) 2923.21 (improperly furnishing firearms to a minor);  
(xxiv) 2923.32 (engaging in a pattern of corrupt activity);  
(xxv) 2923.42 (participating in a criminal gang);  
(xxvi) 2925.02 (corrupting another with drugs);  
(xxvii) 2925.03 (trafficking in drugs);  
(xxviii) 2925.04 (illegal manufacture of drugs or cultivation of marijuana);  
(xxix) 2925.041 (illegal assembly or possession of chemicals for the manufacture of drugs)  
(xxx) 3716.11 (placing harmful or hazardous objects in food or confection);  
(xxxi) If related to another offense under paragraph (A)(2)(a) of this rule, 2923.01 (conspiracy), 2923.02 (attempt), or 2923.03 (complicity); or,  
(xxxii) A violation of an existing or former municipal ordinance or law of this state, any other state, or the United States that is substantially equivalent to any of the offenses or violations described under paragraphs (A)(2)(a)(i) to (A)(2)(a)(xxxii) of this rule.

(b) If an applicant or employee has been convicted of multiple disqualifying offenses, including an offense listed in paragraph (A)(2)(a) of this rule, and another offense or offenses listed in paragraph (A)(2)(a), (A)(3)(a), or (A)(4)(a) of this rule, and if the multiple disqualifying offenses are not the result of, or connected to, the same act, the applicant or employee is subject to a fifteen-year exclusionary period.

(3) Tier III: Seven-year exclusionary period:  
(a) No employer shall employ an applicant or continue to employ an employee in a position providing direct care to an individual for a period of seven years from the date the applicant or employee was fully discharged from all imprisonment, probation, or parole, if the applicant or employee has been convicted of, or pleaded guilty to, any offense in any of the following sections of the Revised Code:  
(i) 959.13 (cruelty to animals);  
(ii) 959.131 (prohibitions concerning companion animals);  
(iii) 2903.12 (aggravated assault);  
(iv) 2903.21 (aggravated menacing);  
(v) 2903.211 (menacing by stalking);  
(vi) 2905.12 (coercion);  
(vii) 2909.04 (disrupting public services);  
(viii) 2911.02 (robbery);  
(ix) 2911.12 (burglary);  
(x) 2913.47 (insurance fraud);  
(xi) 2917.01 (inciting to violence);  
(xii) 2917.03 (riot);  
(xiii) 2917.31 (inducing panic);  
(xiv) 2919.22 (endangering children);  
(xv) 2919.25 (domestic violence);  
(xvi) 2921.03 (intimidation);  
(xvii) 2921.11 (perjury);  
(xviii) 2921.13 (falsification, falsification in a theft offense, falsification to purchase a firearm, or falsification to obtain a concealed handgun license);  
(xix) 2921.34 (escape);  
(xx) 2921.35 (aiding escape or resistance to lawful authority);  
(xxi) 2921.36 (illegal conveyance of weapons, drugs, or other prohibited items onto the grounds of a detention facility or institution);  
(xxii) 2925.05 (funding drug trafficking);  
(xxiii) 2925.06 (illegal administration of distribution of anabolic steroids);
Part II. Criminal Records Check

(b) If an applicant or employee has been convicted of multiple disqualifying offenses, including an offense listed in paragraph (A)(3)(a) of this rule, and another offense or offenses listed in paragraph (A)(3)(a) or (A)(4)(a) of this rule, and if the multiple disqualifying offenses are not the result of, or connected to, the same act, the applicant or employee is subject to a ten-year exclusionary period.

(4) Tier IV: Five-year exclusionary period:

(a) No home health agency shall employ and applicant or continue to employ an employee in a position providing direct care to an individual for a period of five years from the date the applicant or employee was fully discharged from all imprisonment, probation, or parole, if the applicant or employee has been convicted of, or pleaded guilty to, and offense in any of the following sections of the Revised Code:

(i) 2903.13 (assault);
(ii) 2903.22 (menacing);
(iii) 2907.09 (public indecency);
(iv) 2907.24 (soliciting);
(v) 2907.25 (prostitution);
(vi) 2907.33 (deception to obtain matter harmful to juveniles);
(vii) 2911.13 (breaking and entering);
(viii) 2913.02 (theft);
(ix) 2913.03 (unauthorized use of a vehicle);
(x) 2913.04 (unauthorized use of computer, cable, or telecommunication property);
(xi) 2913.05 (telecommunications fraud);
(xii) 2913.11 (passing bad checks);
(xiii) 2913.21 (misuse of credit cards);
(xiv) 2913.31 (forgery, forging identification cards);
(xv) 2913.32 (criminal simulation);
(xvi) 2913.41 (defrauding a rental agency or hostelry);
(xvii) 2913.42 (tampering with records);
(xviii) 2913.43 (securing writings by deception);
(xix) 2913.44 (personating an officer);
(xx) 2913.441 (unlawful display of law enforcement emblem);
(xxi) 2913.45 (defrauding creditors);
(xxii) 2913.51 (receiving stolen property);
(xxiii) 2919.12 (unlawful abortion);
(xxiv) 2919.121 (unlawful abortion upon minor);
(xxv) 2919.123 (unlawful distribution of an abortion-inducing drug);
(xxvi) 2919.23 (interference with custody);
(xxvii) 2919.24 (contributing to the unruliness or delinquency of a child);
(xxviii) 2921.12 (tampering with evidence);
(xxix) 2921.21 (compounding a crime);
(xxx) 2921.24 (disclosure of confidential information);
(xxxi) 2921.32 (obstructing justice);
(xxxii) 2921.321 (assaulting or harassing a police dog, horse, or service animal);
(xxxiii) 2921.51 (impersonation of peace officer);
(xxxiv) 2925.09 (illegal administration, dispensing, distribution, manufacture, possession, selling, or using of any dangerous veterinary drug);

(xxxv) 2925.11 (drug possession, other than a minor drug possession offense);

(xxxvi) 2925.13 (permitting drug abuse);

(xxxvii) 2925.22 (deception to obtain a dangerous drug);

(xxxviii) 2925.23 (illegal processing of drug documents);

(xxxix) 2925.36 (illegal dispensing of drug samples);

(xl) 2925.55 (unlawful sale of pseudophedrine product);

(xli) 2925.56 (unlawful sale of pseudophedrine product); or,

(xlii) If related to another offense under paragraph (A)(4)(a) of this rule, 2923.01 (conspiracy), 2923.02 (attempt), or 2923.03 (complicity); or,

(xliii) A violation of an existing or former municipal ordinance or law of this state, any other state, or the United States that is substantially equivalent to any of the offenses or violations described under paragraphs (A)(4)(a)(i) to (A)(4)(a)(xlii) of this rule.

(b) If an applicant or employee has been convicted of multiple disqualifying offenses listed in paragraph (A)(4)(a) of this rule, and if the multiple disqualifying offenses are not the result of, or connected to, the same act, the applicant or employee is subject to a seven-year exclusionary period.

(5) Tier V: No exclusionary period: A home health agency may employ an applicant or continue to employ an employee in a position providing direct care to an individual who has been convicted of, or pleaded guilty to, any of the following offenses:

(a) 2925.11 (drug possession that is a minor drug possession offense);

(b) 2925.14 (illegal use, possession, dealing, selling, or advertising of drug paraphernalia);

(c) 2925.141 (illegal use or possession of marihuana drug paraphernalia); or

(d) A violation of an existing or former municipal ordinance or law of this state, any other state, or the United States that is substantially equivalent to any of the offenses or violations described under paragraph (A)(5) of this rule.

(B) Certificates: Except for individual with a disqualifying offense listed in paragraph (A)(1) of this rule, a home health agency may hire an applicant or continue to employ an employee who has been issued either a:

(1) Certificate of qualification for employment issued by a court of common pleas with competent jurisdiction pursuant to section 2953.25 of the Revised Code; or,

(2) Certificate of achievement and employability in a home and community-based service-related field, issued by the department of rehabilitation and corrections pursuant to section 2961.22 of the Revised Code.

(C) Limited grandfathering: A home health agency may continue to employ an employee who is otherwise excluded by paragraph (A)(4) of this rule if:

(1) The offense or offenses are listed in paragraph (A)(4) of this rule;

(2) The employee was hired prior to January 1, 2013;

(3) The conviction or plea of guilt occurred prior to January 1, 2013;

(4) The home health agency has considered the nature and seriousness of the offense or offenses and attests, in writing prior to April 1, 2013, to the employee's character and fitness based on their demonstrated work performance.

(D) Pardons: A conviction or a plea of guilty to an offense listed or described in rule 3701-60-06 of the Administrative Code shall not prevent an applicant's employment or an employee's continued employment under any of the following circumstances:

(1) The applicant or employee has been granted an unconditional pardon for the offense pursuant to Chapter 2967 of the Revised Code;
(2) The applicant or employee has been granted an unconditional pardon for the offense pursuant to an existing or former law of this state, any other state, or the United States, if the law is substantially equivalent to Chapter 2967 of the Revised Code;

(3) The conviction or guilty plea has been set aside pursuant to law; or,

(4) The applicant or employee has been granted a conditional pardon for the offense pursuant to Chapter 2967 of the Revised Code, and the conditions under which the pardon was granted have been satisfied.

3701-60-08 Records and reports.

(A) Criminal record check disclosure. The report of the criminal records check conducted pursuant to a request made under this chapter is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

(1) The applicant or employee who is the subject of the criminal records check or the applicant or employee's representative;

(2) The chief administrator of the home health agency requesting the criminal records check or the administrator's representative;

(3) The administrator of any other facility, agency, or program that provides direct care to individuals that is owned or operated by the same entity that owns or operates the home health agency that requested the criminal records check;

(4) The employment service that requested the check;

(5) The director of health or the director's designee;

(6) The director of aging or the director's designee if either of the following apply:

(a) In the case of a criminal records check requested by a home health agency, the home health agency also is a community-based long-term care agency; or

(b) In the case of a criminal records check requested by an employment service, the employment service makes the request for an applicant or employee the employment service refers to a home health agency that also is a community-based long-term care agency;

(7) The director of job and family services and the staff of the department of job and family services who are involved in the administration of the medicaid program if either of the following apply:

(a) In the case of a criminal records check requested by a home health agency, the home health agency also is a waiver agency;

(b) In the case of a criminal records check requested by an employment service, the employment service makes the request for an applicant or employee the employment service refers to a home health agency that also is a waiver agency;

(8) Any court, hearing officer or other necessary individual involved in a case dealing any of the following:

(a) A denial of employment of the applicant or dealing with employment employee;

(b) Employment or unemployment benefits of the applicant or employee;

(c) A civil or criminal action regarding the medicaid program.

(B) Personnel record. The home health agency shall maintain, in a confidential manner either sealed within, or separate from, but a part of the personnel record:

(1) The criminal records report; and

(2) Any disqualifying information discovered during the state and national database check required by rule 3701-60-03 of the Administrative Code.

(C) Documentation of compliance. The home health agency shall maintain a roster of applicants and employees, accessible by the director, which includes, but is not limited to:

(1) The name of each applicant or employee;
(2) The date the criminal records check request is submitted to the bureau of criminal
identification and investigation;
(3) The date the criminal records check request is received from the bureau of criminal
identification and investigation;
(4) A determination of whether the results of the check revealed that the applicant or
employee committed a disqualifying offense(s); and
(5) The date the employee starts work.
(D) Attestation. The home health agency shall, upon request, provide to the director
written confirmation of compliance with the provisions of this chapter in a format that is specified
by the director and is consistent with state law.

3701-60-09 Liability; compliance action.

(A) In a tort or other civil action for damages that is brought as the result of an injury,
death or loss to person or property caused by an applicant or employee who a home health
agency employs in a position that involves providing direct care to an individual, the following
shall apply:
(1) If the home health agency employed the applicant or employee in good faith and
reasonable reliance on the report of a criminal records check requested under this chapter, the
home health agency shall not be found negligent solely because of its reliance on the report,
even if the information in the report is determined later to have been incomplete or inaccurate;
(2) If the home health agency employed the applicant in good faith on a conditional basis
pursuant to rule 3701-60-05 of the Administrative Code, the home health agency shall not be
found negligent solely because it employed the individual prior to receiving the report of a
criminal records check requested under this chapter;
(3) If the home health agency in good faith employed the applicant or employ-
ee according to the personal character standards adopted under rule 3701-60-07 of the
Administrative Code, the home health agency shall not be negligent solely because the
applicant or employee, prior to being employed, had been convicted of, pleaded guilty to a
disqualifying offense listed or described in rule 3701-60-06 of the Administrative Code.
(B) As authorized by the applicable state laws and rules governing the specific home
health agency, the department may take appropriate action against a home health agency that
violates the requirements of Chapter 3701-60 of the Administrative Code and the authorizing
sections of the Revised Code applicable to the specific home health agency.

Part III. False Claims, Fraud, and Whistleblowers

2913.40 Fraudulent use of Medicaid funds.

(A) As used in this section:
(1) “Statement or representation” means any oral, written, electronic, electronic impulse,
or magnetic communication that is used to identify an item of goods or a service for which
reimbursement may be made under the medicaid program or that states income and expense
and is or may be used to determine a rate of reimbursement under the medicaid program.
(2) “Provider” means any person who has signed a provider agreement with the
department of medicaid to provide goods or services pursuant to the medicaid program or any
person who has signed an agreement with a party to such a provider agreement under which
the person agrees to provide goods or services that are reimbursable under the medicaid
program.
(3) “Provider agreement” has the same meaning as in section 5164.01 of the Revised Code.

(4) “Recipient” means any individual who receives goods or services from a provider under the medicaid program.

(5) “Records” means any medical, professional, financial, or business records relating to the treatment or care of any recipient, to goods or services provided to any recipient, or to rates paid for goods or services provided to any recipient and any records that are required by the rules of the medicaid director to be kept for the medicaid program.

(B) No person shall knowingly make or cause to be made a false or misleading statement or representation for use in obtaining reimbursement from the medicaid program.

(C) No person, with purpose to commit fraud or knowing that the person is facilitating a fraud, shall do either of the following:

(1) Contrary to the terms of the person's provider agreement, charge, solicit, accept, or receive for goods or services that the person provides under the medicaid program any property, money, or other consideration in addition to the amount of reimbursement under the medicaid program and the person's provider agreement for the goods or services and any cost-sharing expenses authorized by section 5162.20 of the Revised Code or rules adopted by the medicaid director regarding the medicaid program.

(2) Solicit, offer, or receive any remuneration, other than any cost-sharing expenses authorized by section 5162.20 of the Revised Code or rules adopted by the medicaid director regarding the medicaid program, in cash or in kind, including, but not limited to, a kickback or rebate, in connection with the furnishing of goods or services for which whole or partial reimbursement is or may be made under the medicaid program.

(D) No person, having submitted a claim for or provided goods or services under the medicaid program, shall do either of the following for a period of at least six years after a reimbursement pursuant to that claim, or a reimbursement for those goods or services, is received under the medicaid program:

(1) Knowingly alter, falsify, destroy, conceal, or remove any records that are necessary to fully disclose the nature of all goods or services for which the claim was submitted, or for which reimbursement was received, by the person;

(2) Knowingly alter, falsify, destroy, conceal, or remove any records that are necessary to disclose fully all income and expenditures upon which rates of reimbursements were based for the person.

(E) Whoever violates this section is guilty of medicaid fraud. Except as otherwise provided in this division, medicaid fraud is a misdemeanor of the first degree. If the value of property, services, or funds obtained in violation of this section is one thousand dollars or more and is less than seven thousand five hundred dollars, medicaid fraud is a felony of the fifth degree. If the value of property, services, or funds obtained in violation of this section is seven thousand five hundred dollars or more and is less than one hundred fifty thousand dollars, medicaid fraud is a felony of the fourth degree. If the value of the property, services, or funds obtained in violation of this section is one hundred fifty thousand dollars or more, medicaid fraud is a felony of the third degree.

(F) Upon application of the governmental agency, office, or other entity that conducted the investigation and prosecution in a case under this section, the court shall order any person who is convicted of a violation of this section for receiving any reimbursement for furnishing goods or services under the medicaid program to which the person is not entitled to pay to the applicant its cost of investigating and prosecuting the case. The costs of investigation and prosecution that a defendant is ordered to pay pursuant to this division shall be in addition to any other penalties for the receipt of that reimbursement that are provided in this section, section 5164.35 of the Revised Code, or any other provision of law.
(G) The provisions of this section are not intended to be exclusive remedies and do not preclude the use of any other criminal or civil remedy for any act that is in violation of this section.

2913.42 Falsifying records.

(A) No person, knowing the person has no privilege to do so, and with purpose to defraud or knowing that the person is facilitating a fraud, shall do any of the following:
   (1) Falsify, destroy, remove, conceal, alter, deface, or mutilate any writing, computer software, data, or record;
   (2) Utter any writing or record, knowing it to have been tampered with as provided in division (A)(1) of this section.

(B) (1) Whoever violates this section is guilty of tampering with records.
   (2) Except as provided in division (B)(4) of this section, if the offense does not involve data or computer software, tampering with records is whichever of the following is applicable:
      (a) If division (B)(2)(b) of this section does not apply, a misdemeanor of the first degree;
      (b) If the writing or record is a will unrevoked at the time of the offense, a felony of the fifth degree.

(3) Except as provided in division (B)(4) of this section, if the offense involves a violation of division (A) of this section involving data or computer software, tampering with records is whichever of the following is applicable:
   (a) Except as otherwise provided in division (B)(3)(b), (c), or (d) of this section, a misdemeanor of the first degree;
   (b) If the writing, data, or computer software involved in the offense or the loss to the victim is five hundred dollars or more and is less than five thousand dollars, a felony of the fifth degree;
   (c) If the writing, data, or computer software involved in the offense or the loss to the victim is five thousand dollars or more and is less than one hundred thousand dollars, a felony of the fourth degree;
   (d) If the writing, data, or computer software involved in the offense or the loss to the victim is one hundred thousand dollars or more or if the offense is committed for the purpose of devising or executing a scheme to defraud or to obtain property or services and the value of the property or services or the loss to the victim is five thousand dollars or more, a felony of the third degree.

(4) If the writing, data, computer software, or record is kept by or belongs to a local, state, or federal governmental entity, a felony of the third degree.

2913.47 Fraudulent use of insurance.

(A) As used in this section:
   (1) "Data" has the same meaning as in section 2913.01 of the Revised Code and additionally includes any other representation of information, knowledge, facts, concepts, or instructions that are being or have been prepared in a formalized manner.
   (2) "Deceptive" means that a statement, in whole or in part, would cause another to be deceived because it contains a misleading representation, withholds information, prevents the acquisition of information, or by any other conduct, act, or omission Creates, confirms, or perpetuates a false impression, including, but not limited to, a false impression as to law, value, state of mind, or other objective or subjective fact.
   (3) "Insurer" means any person that is authorized to engage in the business of insurance in this state under Title XXXIX of the Revised Code, the Ohio fair plan underwriting association
created under section 3929.43 of the Revised Code, any health insuring corporation, and any legal entity that is self-insured and provides benefits to its employees or members.

(4) "Policy" means a policy, certificate, contract, or plan that is issued by an insurer.

(5) "Statement" includes, but is not limited to, any notice, letter, or memorandum; proof of loss; bill of lading; receipt for payment; invoice, account, or other financial statement; estimate of property damage; bill for services; diagnosis or prognosis; prescription; hospital, medical, or dental chart or other record; x-ray, photograph, videotape, or movie film; test result; other evidence of loss, injury, or expense; computer-generated document; and data in any form.

(B) No person, with purpose to defraud or knowing that the person is facilitating a fraud, shall do either of the following:

(1) Present to, or cause to be presented to, an insurer any written or oral statement that is part of, or in support of, an application for insurance, a claim for payment pursuant to a policy, or a claim for any other benefit pursuant to a policy, knowing that the statement, or any part of the statement, is false or deceptive;

(2) Assist, aid, abet, solicit, procure, or conspire with another to prepare or make any written or oral statement that is intended to be presented to an insurer as part of, or in support of, an application for insurance, a claim for payment pursuant to a policy, or a claim for any other benefit pursuant to a policy, knowing that the statement, or any part of the statement, is false or deceptive.

(C) Whoever violates this section is guilty of insurance fraud. Except as otherwise provided in this division, insurance fraud is a misdemeanor of the first degree. If the amount of the claim that is false or deceptive is five hundred dollars or more and is less than five thousand dollars, insurance fraud is a felony of the fifth degree. If the amount of the claim that is false or deceptive is five thousand dollars or more and is less than one hundred thousand dollars, insurance fraud is a felony of the fourth degree. If the amount of the claim that is false or deceptive is one hundred thousand dollars or more, insurance fraud is a felony of the third degree.

(D) This section shall not be construed to abrogate, waive, or modify division (A) of section 2317.02 of the Revised Code.

2913.48 Fraudulent use of workers’ compensation.

(A) No person, with purpose to defraud or knowing that the person is facilitating a fraud, shall do any of the following:

(1) Receive workers’ compensation benefits to which the person is not entitled;

(2) Make or present or cause to be made or presented a false or misleading statement with the purpose to secure payment for goods or services rendered under Chapter 4121, 4123, 4127, or 4131 of the Revised Code or to secure workers’ compensation benefits;

(3) Alter, falsify, destroy, conceal, or remove any record or document that is necessary to fully establish the validity of any claim filed with, or necessary to establish the nature and validity of all goods and services for which reimbursement or payment was received or is requested from, the bureau of workers’ compensation, or a self-insuring employer under Chapter 4121, 4123, 4127, or 4131 of the Revised Code;

(4) Enter into an agreement or conspiracy to defraud the bureau or a self-insuring employer by making or presenting or causing to be made or presented a false claim for workers’ compensation benefits;

(5) Make or present or cause to be made or presented a false statement concerning manual codes, classification of employees, payroll, paid compensation, or number of personnel, when information of that nature is necessary to determine the actual workers’ compensation premium or assessment owed to the bureau by an employer;
(6) Alter, forge, or create a workers' compensation certificate to falsely show current or correct workers' compensation coverage;
(7) Fail to secure or maintain workers' compensation coverage as required by Chapter 4123 of the Revised Code with the intent to defraud the bureau of workers' compensation.

(B) Whoever violates this section is guilty of workers' compensation fraud. Except as otherwise provided in this division, a violation of this section is a misdemeanor of the first degree. If the value of premiums and assessments unpaid pursuant to actions described in division (A)(5), (6), or (7) of this section, or of goods, services, property, or money stolen is five hundred dollars or more and is less than five thousand dollars, a violation of this section is a felony of the fifth degree. If the value of premiums and assessments unpaid pursuant to actions described in division (A)(5), (6), or (7) of this section, or of goods, services, property, or money stolen is five thousand dollars or more and is less than one hundred thousand dollars, a violation of this section is a felony of the fourth degree. If the value of premiums and assessments unpaid pursuant to actions described in division (A)(5), (6), or (7) of this section, or of goods, services, property, or money stolen is one hundred thousand dollars or more, a violation of this section is a felony of the third degree.

(C) Upon application of the governmental body that conducted the investigation and prosecution of a violation of this section, the court shall order the person who is convicted of the violation to pay the governmental body its costs of investigating and prosecuting the case. These costs are in addition to any other costs or penalty provided in the Revised Code or any other section of law.

(D) The remedies and penalties provided in this section are not exclusive remedies and penalties and do not preclude the use of any other criminal or civil remedy or penalty for any act that is in violation of this section.

(E) As used in this section:
(1) "False" means wholly or partially untrue or deceptive.
(2) "Goods" includes, but is not limited to, medical supplies, appliances, rehabilitative equipment, and any other apparatus or furnishing provided or used in the care, treatment, or rehabilitation of a claimant for workers' compensation benefits.
(3) "Services" includes, but is not limited to, any service provided by any health care provider to a claimant for workers' compensation benefits and any and all services provided by the bureau as part of workers' compensation insurance coverage.
(4) "Claim" means any attempt to cause the bureau, an independent third party with whom the administrator or an employer contracts under section 4121.44 of the Revised Code, or a self-insuring employer to make payment or reimbursement for workers' compensation benefits.
(5) "Employment" means participating in any trade, occupation, business, service, or profession for substantial gainful remuneration.
(6) "Employer," "employee," and "self-insuring employer" have the same meanings as in section 4123.01 of the Revised Code.
(7) "Remuneration" includes, but is not limited to, wages, commissions, rebates, and any other reward or consideration.
(8) "Statement" includes, but is not limited to, any oral, written, electronic, electronic impulse, or magnetic communication notice, letter, memorandum, receipt for payment, invoice, account, financial statement, or bill for services; a diagnosis, prognosis, prescription, hospital, medical, or dental chart or other record; and a computer generated document.
(9) "Records" means any medical, professional, financial, or business record relating to the treatment or care of any person, to goods or services provided to any person, or to rates paid for goods or services provided to any person, or any record that the administrator of workers' compensation requires pursuant to rule.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part III. False Claims, Fraud, and Whistleblowers

(10) "Workers’ compensation benefits" means any compensation or benefits payable under Chapter 4121, 4123, 4127, or 4131 of the Revised Code.

3701.91 ODH patient safety telephone line.

The department of health shall make available to the public a toll-free patient safety telephone line. The department may make the toll-free patient safety telephone line available by maintaining a toll-free telephone line specifically for accepting calls regarding patient safety or by using a toll-free telephone line that the department maintains for accepting calls regarding other matters.

The department shall accept calls placed through the toll-free patient safety telephone line by any person seeking to report an action or failure to act in the provision of health care that the person in good faith believes has resulted in or is likely to result in harm to a patient. This section shall not be used by the department to accept calls pertaining to a home, as defined in section 3721.10 of the Revised Code.

A person who makes a report under this section is not required to provide any information to the department that could reveal the person’s identity. Information provided by a person under this section is not a public record as defined in section 149.43 of the Revised Code.

3701.981 Submission of plans, assessments, and other information to department by boards of health and tax-exempt hospitals.

(A) As used in this section:
(1) “Assessment” means either of the following:
(a) A hospital community health needs assessment that meets the requirements set forth in 26 C.F.R. 1.501(r)-3(b);
(b) An assessment of community health conducted by a board of health.
(2) “Board of health” means the board of health of a city or general health district or the authority having the duties of a board of health under section 3709.05 of the Revised Code.
(3) “Plan” means either of the following:
(a) A hospital implementation strategy that meets the requirements set forth in 26 C.F.R. 1.501(r)-3(c);
(b) A plan regarding improving community health created by a board of health.
(4) “Tax-exempt hospital” means a nonprofit hospital or government-owned hospital that is exempt from income tax under section 501(c)(3) of the Internal Revenue Code of 1986, 26 U.S.C. 1, as amended, and that under federal law is a hospital organization required to meet community health needs assessment requirements set forth in 26 C.F.R. 1.501(r)-3.

(B)(1) Not later than July 1, 2017, each board of health and tax-exempt hospital shall submit to the department of health any existing plans and assessments for the most recent assessment and planning period.
(2) Beginning January 1, 2020, each board of health and tax-exempt hospital shall complete assessments and plans in alignment on a three-year interval established by the department. Not later than October 1, 2020, each board of health and tax-exempt hospital shall submit to the department plans and related assessments covering years 2020 through 2022. Beginning October 1, 2023, and every three years thereafter, each board of health and tax-exempt hospital shall submit subsequent plans and related assessments to the department. The department shall provide guidance regarding submitting plans and assessments and shall provide an online repository for the plans and assessments.
(3) Not later than July 1, 2017, and annually thereafter, each tax-exempt hospital shall submit information to the department as follows:
(a) If the hospital is not a government-owned hospital, the hospital shall submit a copy of the hospital's schedule H (form 990) submitted to the internal revenue service for the preceding fiscal year, including corresponding attachments and reporting on financial assistance and means-tested government programs and community building activities in parts I and II of schedule H. Subsequent annual schedule H filings shall be submitted to the department not later than thirty days after filing with the internal revenue service.

(b) If the hospital is a government-owned hospital, the hospital shall submit information that is equivalent to the information that is submitted by a hospital under division (C)(1)(a) of this section.

(2) The department shall provide an online repository for schedule H and equivalent information submitted by tax-exempt hospitals.

**3999.22 Prohibited referrals; anti-kickback.**

(A) As used in this section:

(1) "Claim" means any attempt to cause a health care insurer to make payment of a health care benefit.

(2) "Health care benefit" means the right under a contract or a certificate or policy of insurance to have a payment made by a health care insurer for a specified health care service.

(3) "Health care insurer" means any person that is authorized to do the business of sickness and accident insurance, any health insuring corporation, and any legal entity that is self-insured and provides health care benefits to its employees or members.

(B) No person shall knowingly solicit, offer, pay, or receive any kickback, bribe, or rebate, directly or indirectly, overtly or covertly, in cash or in kind, in return for referring an individual for the furnishing of health care services or goods for which whole or partial reimbursement is or may be made by a health care insurer, except as authorized by the health care or health insurance contract, policy, or plan. This division does not apply to any of the following:

(1) Deductibles, copayments, or similar amounts owed by the person covered by the health care or health insurance contract, policy, or plan;

(2) Discounts or similar reductions in prices;

(3) Any amount paid within a bona fide legal entity, or within legal entities under common ownership or control, including any amount paid to an employee in a bona fide employment relationship;

(4) Any amount paid as part of a bona fide lease, management, or other business contract.

(C) Nothing in this section shall be construed to apply to any of the following:

(1) A provider who provides goods or services requested by an individual that are not covered by the individual's health care or health insurance contract, policy, or plan;

(2) A provider who, in good faith, provides goods or services ordered by another health care provider;

(3) A provider who, in good faith, resubmits a claim previously submitted that has not been paid or denied within thirty days of the original submission, if the provider notifies the payor or returns any duplicate payment within sixty days after receipt of the duplicate payment;

(4) A provider who, in good faith, makes a diagnosis that differs from the interpretation of a diagnosis reached by a health care insurer in the payment of claims.

(D) Whoever violates this section is guilty of a felony of the fifth degree on a first offense and a felony of the fourth degree on each subsequent offense.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part III. False Claims, Fraud, and Whistleblowers

4113.51 Ohio whistleblower protections; definitions.

As used in sections 4113.51 to 4113.53 of the Revised Code:
(A) "Employee" means any person who performs a service for wages or other remuneration for an employer.
(B) "Employer" means any person who has one or more employees. "Employer" includes an agent of an employer, the state or any agency or instrumentality of the state, and any municipal corporation, county, township, school district, or other political subdivision or any agency or instrumentality thereof.
(C) "Person" has the same meaning as in section 1.59 of the Revised Code and also includes a public agency or any other legal entity.
(D) "Peace officer" has the same meaning as in section 2935.01 of the Revised Code.
(E) "Political subdivision" has the same meaning as in division (F) of section 2744.01 of the Revised Code.
(F) "Prosecuting authority" means the prosecuting attorney of a county or the director of law, village solicitor, or similar chief legal officer of a municipal corporation.
(G) "Inspector general" means the inspector general appointed under section 121.48 of the Revised Code.

4113.512 Ohio whistleblower protections; notice to employees and reports.

The employer of an employee whose duties include providing health care or supervising an individual who provides health care may make information available to the employee explaining the employee's duty to make reports pursuant to section 4113.52 of the Revised Code, as well as the employee's opportunity to make reports regarding patient safety pursuant to section 3701.91 of the Revised Code.

4121.44 Workers' compensation qualified health plan program; prohibition against excess charges.

(A) The administrator of workers' compensation shall oversee the implementation of the Ohio workers' compensation qualified health plan system as established under section 4121.442 of the Revised Code.
(B) The administrator shall direct the implementation of the health partnership program administered by the bureau as set forth in section 4121.441 of the Revised Code. To implement the health partnership program and to ensure the efficiency and effectiveness of the public services provided through the program, the bureau:
(1) Shall certify one or more external vendors, which shall be known as “managed care organizations,” to provide medical management and cost containment services in the health partnership program for a period of two years beginning on the date of certification, consistent with the standards established under this section;
(2) May recertify managed care organizations for additional periods of two years; and
(3) May integrate the certified managed care organizations with bureau staff and existing bureau services for purposes of operation and training to allow the bureau to assume operation of the health partnership program at the conclusion of the certification periods set forth in division (B)(1) or (2) of this section;
(4) May enter into a contract with any managed care organization that is certified by the bureau, pursuant to division (B)(1) or (2) of this section, to provide medical management and cost containment services in the health partnership program.
(C) A contract entered into pursuant to division (B)(4) of this section shall include both of the following:
(1) Incentives that may be awarded by the administrator, at the administrator's discretion, based on compliance and performance of the managed care organization;
(2) Penalties that may be imposed by the administrator, at the administrator's discretion, based on the failure of the managed care organization to reasonably comply with or perform terms of the contract, which may include termination of the contract.

(D) Notwithstanding section 119.061 of the Revised Code, a contract entered into pursuant to division (B)(4) of this section may include provisions limiting, restricting, or regulating any marketing or advertising by the managed care organization, or by any individual or entity that is affiliated with or acting on behalf of the managed care organization, under the health partnership program.

(E) No managed care organization shall receive compensation under the health partnership program unless the managed care organization has entered into a contract with the bureau pursuant to division (B)(4) of this section.

(F) Any managed care organization selected shall demonstrate all of the following:
(1) Arrangements and reimbursement agreements with a substantial number of the medical, professional and pharmacy providers currently being utilized by claimants.
(2) Ability to accept a common format of medical bill data in an electronic fashion from any provider who wishes to submit medical bill data in that form.
(3) A computer system able to handle the volume of medical bills and willingness to customize that system to the bureau's needs and to be operated by the managed care organization's staff, bureau staff, or some combination of both staffs.
(4) A prescription drug system where pharmacies on a statewide basis have access to the eligibility and pricing, at a discounted rate, of all prescription drugs.
(5) A tracking system to record all telephone calls from claimants and providers regarding the status of submitted medical bills so as to be able to track each inquiry.
(6) Data processing capacity to absorb all of the bureau's medical bill processing or at least that part of the processing which the bureau arranges to delegate.
(7) Capacity to store, retrieve, array, simulate, and model in a relational mode all of the detailed medical bill data so that analysis can be performed in a variety of ways and so that the bureau and its governing authority can make informed decisions.
(8) Wide variety of software programs which translate medical terminology into standard codes, and which reveal if a provider is manipulating the procedures codes, commonly called "unbundling."
(9) Necessary professional staff to conduct, at a minimum, authorizations for treatment, medical necessity, utilization review, concurrent review, post-utilization review, and have the attendant computer system which supports such activity and measures the outcomes and the savings.
(10) Management experience and flexibility to be able to react quickly to the needs of the bureau in the case of required change in federal or state requirements.

(G)(1) The administrator may decertify a managed care organization if the managed care organization does any of the following:
(a) Fails to maintain any of the requirements set forth in division (F) of this section;
(b) Fails to reasonably comply with or to perform in accordance with the terms of a contract entered into under division (B)(4) of this section;
(c) Violates a rule adopted under section 4121.441 of the Revised Code.
(2) The administrator shall provide each managed care organization that is being decertified pursuant to division (G)(1) of this section with written notice of the pending decertification and an opportunity for a hearing pursuant to rules adopted by the administrator.

(H)(1) Information contained in a managed care organization's application for certification in the health partnership program, and other information furnished to the bureau by a managed care organization for purposes of obtaining certification or to comply with
Chapter 9. Crime, Records Check, False Claims and Fraud
Part III. False Claims, Fraud, and Whistleblowers

performance and financial auditing requirements established by the administrator, is for the
exclusive use and information of the bureau in the discharge of its official duties, and shall not
be open to the public or be used in any court in any proceeding pending therein, unless the
bureau is a party to the action or proceeding, but the information may be tabulated and
published by the bureau in statistical form for the use and information of other state departments
and the public. No employee of the bureau, except as otherwise authorized by the administrator,
shall divulge any information secured by the employee while in the employ of the bureau in
respect to a managed care organization’s application for certification or in respect to the
business or other trade processes of any managed care organization to any person other than
the administrator or to the employee’s superior.

(2) Notwithstanding the restrictions imposed by division (H)(1) of this section, the
governor, members of select or standing committees of the senate or house of representatives,
the auditor of state, the attorney general, or their designees, pursuant to the authority granted in
this chapter and Chapter 4123 of the Revised Code, may examine any managed care
organization application or other information furnished to the bureau by the managed care
organization. None of those individuals shall divulge any information secured in the exercise of
that authority in respect to a managed care organization’s application for certification or in
respect to the business or other trade processes of any managed care organization to any person.

(I) On and after January 1, 2001, a managed care organization shall not be an insurance
company holding a certificate of authority issued pursuant to Title XXXIX of the Revised Code or
a health insuring corporation holding a certificate of authority under Chapter 1751 of the
Revised Code.

(J) The administrator may limit freedom of choice of health care provider or supplier by
requiring, beginning with the period set forth in division (B)(1) or (2) of this section, that
claimants shall pay an appropriate out-of-plan copayment for selecting a medical provider not
within the health partnership program as provided for in this section.

(K) The administrator, six months prior to the expiration of the bureau’s certification or
recertification of the managed care organizations as set forth in division (B)(1) or (2) of this
section, may certify and provide evidence to the governor, the speaker of the house of
representatives, and the president of the senate that the existing bureau staff is able to match or
exceed the performance and outcomes of the managed care organizations and that the bureau
should be permitted to internally administer the health partnership program upon the expiration
of the certification or recertification as set forth in division (B)(1) or (2) of this section.

(L) The administrator shall establish and operate a bureau of workers’ compensation
health care data program. The administrator shall develop reporting requirements from all
employees, employers, medical providers, managed care organizations, and plans that
participate in the workers’ compensation system. The administrator shall do all of the following:

(1) Utilize the collected data to measure and perform comparison analyses of costs,
quality, appropriateness of medical care, and effectiveness of medical care delivered by all
components of the workers’ compensation system.

(2) Compile data to support activities of the selected managed care organizations and to
measure the outcomes and savings of the health partnership program.

(3) Publish and report compiled data on the measures of outcomes and savings of the
health partnership program and submit the report to the president of the senate, the speaker of
the house of representatives, and the governor with the annual report prepared under division
(F)(3) of section 4121.12 of the Revised Code. The administrator shall protect the confidentiality
of all proprietary pricing data.

(M) Any rehabilitation facility the bureau operates is eligible for inclusion in the Ohio
workers’ compensation qualified health plan system or the health partnership program under the
same terms as other providers within health care plans or the program.
(N) In areas outside the state or within the state where no qualified health plan or an inadequate number of providers within the health partnership program exist, the administrator shall permit employees to use a nonplan or nonprogram health care provider and shall pay the provider for the services or supplies provided to or on behalf of an employee for an injury or occupational disease that is compensable under this chapter or Chapter 4123., 4127., or 4131 of the Revised Code on a fee schedule the administrator adopts.

(O) No health care provider, whether certified or not, shall charge, assess, or otherwise attempt to collect from an employee, employer, a managed care organization, or the bureau any amount for covered services or supplies that is in excess of the allowed amount paid by a managed care organization, the bureau, or a qualified health plan.

(P) The administrator shall permit any employer or group of employers who agree to abide by the rules adopted under this section and sections 4121.441 and 4121.442 of the Revised Code to provide services or supplies to or on behalf of an employee for an injury or occupational disease that is compensable under this chapter or Chapter 4123., 4127., or 4131 of the Revised Code through qualified health plans of the Ohio workers’ compensation qualified health plan system pursuant to section 4121.442 of the Revised Code or through the health partnership program pursuant to section 4121.441 of the Revised Code. No amount paid under the qualified health plan system pursuant to section 4121.442 of the Revised Code by an employer who is a state fund employer shall be charged to the employer’s experience or otherwise be used in merit-rating or determining the risk of that employer for the purpose of the payment of premiums under this chapter, and if the employer is a self-insuring employer, the employer shall not include that amount in the paid compensation the employer reports under section 4123.35 of the Revised Code.

(Q) The administrator, in consultation with the health care quality assurance advisory committee created by the administrator or its successor committee, shall develop and periodically revise standards for maintaining an adequate number of providers certified by the bureau for each service currently being used by claimants. The standards shall ensure both of the following:

1. That a claimant has access to a choice of providers for similar services within the geographic area that the claimant resides;
2. That the providers within a geographic area are actively accepting new claimants as required in rules adopted by the administrator.

5160-1-29 False claims and fraud.

(A) For purposes of this rule, the following definitions apply:

1. “Fraud” is defined as an intentional deception, false statement, or misrepresentation made by a person with the knowledge that the deception, false statement, or misrepresentation could result in some unauthorized benefit to oneself or another person. It includes any act that constitutes fraud under applicable federal or state law.
2. “Waste and abuse” are defined as practices that are inconsistent with professional standards of care; medical necessity; or sound fiscal, business, or medical practices; and that constitute an overutilization of medicaid covered services and result in an unnecessary cost to the medicaid program.

(B) The Ohio department of medicaid (ODM) shall have in effect a program to prevent and detect fraud, waste, and abuse in the medicaid program. Where cases of suspected fraud to obtain payment from the medicaid program are detected, providers will be subject to a review by ODM and the case will be referred to the attorney general's medicaid fraud control unit and/or the appropriate enforcement officials. If waste and abuse are suspected or apparent, ODM and/or the office of the attorney general will take action to gain compliance and recoup
inappropriate or excess payments in accordance with rule 5160-1-27 or 5160-26-06 of the Administrative Code.

(C) Cases of provider fraud, waste, and abuse may include, but are not limited to, the following:
(1) A pattern of duplicate billing by a provider to obtain reimbursement to which the provider is not entitled.
(2) Misrepresentation as to services provided, quantity provided, date of service, who performed the service or to whom services were provided.
(3) Billing for services not provided.
(4) A pattern of billing, certifying, prescribing, or ordering services that are not medically necessary or reimbursable in accordance with rule 5160-1-01 of the Administrative Code, not clinically proven and effective, and not consistent with medicaid program rules and regulations.
(5) Differing charges for the same services to medicaid versus non-medicaid consumers.

For inpatient hospital services billed by hospitals reimbursed on a prospective payment basis, ODM will not pay, in the aggregate, more than the provider's customary and prevailing charges for comparable services.

(6) Violation of a provider agreement by requesting or obtaining additional payment for covered medicaid services from either the consumer or consumer's family, other than medicaid co-payments as designated in rule 5160-1-09 of the Administrative Code.

(7) Collusive activities involving the medicaid program between a medicaid provider and any person or business entity.

(8) Misrepresentation of cost report data so as to maximize reimbursement and/or misrepresent gains or losses.

(9) Billing for services that are outside the current license limitations, scope of practice, or specific practice parameters of the person supplying the service.

(10) Misrepresenting by commission or omission any information on the provider enrollment and revalidation application, provider agreement, or any documentation supplied by the provider to ODM.

(11) Ordering excessive quantities of medical supplies, drugs and biologicals, or other services.

(D) ODM will not pay for services prescribed, ordered, or rendered by a provider, when those services were prescribed, ordered, or rendered by that provider after the date the provider was terminated under the medicaid program in accordance with rule 5160-1-17.6 of the Administrative Code.

(E) In instances when a provider suspects that there may be fraud, waste, or abuse by a consumer, the provider should contact the local county department of job and family services (CDJFS). Cases of consumer fraud, waste, and abuse may include, but are not limited to:
(1) Alteration, sale, or lending of the medicaid card to others for securing medical services, or other related criminal activities.

(2) Receiving excessive medical visits and services.

(3) Obtaining services not personally needed and used by the consumer.

(F) Providers must assume responsibility for the business practices of employees. In accordance with rule 5160-1-17.2 of the Administrative Code, the Ohio medicaid provider agreement requires each provider to comply with the terms of the provider agreement, Revised Code, Administrative Code, and federal statutes and rules. Providers shall take the necessary time to thoroughly acquaint themselves and their employees with all rules relative to their participation in the medicaid program. Ignorance of medicaid program rules will not be an acceptable justification for violation of department rules.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part IV. Miscellaneous

2923.1210 Concealed carry in employee's or invitee's motor vehicle.

(A) A business entity, property owner, or public or private employer may not establish, maintain, or enforce a policy or rule that prohibits or has the effect of prohibiting a person who has been issued a valid concealed handgun license from transporting or storing a firearm or ammunition when both of the following conditions are met:

(1) Each firearm and all of the ammunition remains inside the person's privately owned motor vehicle while the person is physically present inside the motor vehicle, or each firearm and all of the ammunition is locked within the trunk, glove box, or other enclosed compartment or container within or on the person's privately owned motor vehicle;

(2) The vehicle is in a location where it is otherwise permitted to be.

(B) A business entity, property owner, or public or private employer that violates division (A) of this section may be found liable in a civil action for injunctive relief brought by any individual injured by the violation. The court may grant any injunctive relief it finds appropriate.

(C) No business entity, property owner, or public or private employer shall be held liable in any civil action for damages, injuries, or death resulting from or arising out of another person's actions involving a firearm or ammunition transported or stored pursuant to division (A) of this section including the theft of a firearm from an employee's or invitee's automobile, unless the business entity, property owner, or public or private employer intentionally solicited or procured the other person's injurious actions.

2923.126 Concealed carry permits; requirements.

(A) A concealed handgun license that is issued under section 2923.125 of the Revised Code shall expire five years after the date of issuance. A licensee who has been issued a license under that section shall be granted a grace period of thirty days after the licensee's license expires during which the licensee's license remains valid. Except as provided in divisions (B) and (C) of this section, a licensee who has been issued a concealed handgun license under section 2923.125 or 2923.1213 of the Revised Code may carry a concealed handgun anywhere in this state if the licensee also carries a valid license and valid identification when the licensee is in actual possession of a concealed handgun. The licensee shall give notice of any change in the licensee's residence address to the sheriff who issued the license within forty-five days after that change.

If a licensee is the driver or an occupant of a motor vehicle that is stopped as the result of a traffic stop or a stop for another law enforcement purpose and if the licensee is transporting or has a loaded handgun in the motor vehicle at that time, the licensee shall promptly inform any law enforcement officer who approaches the vehicle while stopped that the licensee has been issued a concealed handgun license and that the licensee currently possesses or has a loaded handgun; the licensee shall not knowingly disregard or fail to comply with lawful orders of a law enforcement officer given while the motor vehicle is stopped, knowingly fail to remain in the motor vehicle while stopped, or knowingly fail to keep the licensee's hands in plain sight after any law enforcement officer begins approaching the licensee while stopped and before the officer leaves, unless directed otherwise by a law enforcement officer; and the licensee shall not knowingly have contact with the loaded handgun by touching it with the licensee's hands or fingers, in any manner in violation of division (E) of section 2923.16 of the Revised Code, after any law enforcement officer begins approaching the licensee while stopped and before the officer leaves. Additionally, if a licensee is the driver or an occupant of a commercial motor vehicle that is stopped by an employee of the motor carrier enforcement unit for the purposes
defined in section 5503.34 of the Revised Code and if the licensee is transporting or has a loaded handgun in the commercial motor vehicle at that time, the licensee shall promptly inform the employee of the unit who approaches the vehicle while stopped that the licensee has been issued a concealed handgun license and that the licensee currently possesses or has a loaded handgun.

If a licensee is stopped for a law enforcement purpose and if the licensee is carrying a concealed handgun at the time the officer approaches, the licensee shall promptly inform any law enforcement officer who approaches the licensee while stopped that the licensee has been issued a concealed handgun license and that the licensee currently is carrying a concealed handgun; the licensee shall not knowingly disregard or fail to comply with lawful orders of a law enforcement officer given while the licensee is stopped or knowingly fail to keep the licensee's hands in plain sight after any law enforcement officer begins approaching the licensee while stopped and before the officer leaves, unless directed otherwise by a law enforcement officer; and the licensee shall not knowingly remove, attempt to remove, grasp, or hold the loaded handgun or knowingly have contact with the loaded handgun by touching it with the licensee's hands or fingers, in any manner in violation of division (B) of section 2923.12 of the Revised Code, after any law enforcement officer begins approaching the licensee while stopped and before the officer leaves.

(B) A valid concealed handgun license does not authorize the licensee to carry a concealed handgun in any manner prohibited under division (B) of section 2923.12 of the Revised Code or in any manner prohibited under section 2923.16 of the Revised Code. A valid license does not authorize the licensee to carry a concealed handgun into any of the following places:

(1) A police station, sheriff's office, or state highway patrol station, premises controlled by the bureau of criminal identification and investigation; a state correctional institution, jail, workhouse, or other detention facility; any area of an airport passenger terminal that is beyond a passenger or property screening checkpoint or to which access is restricted through security measures by the airport authority or a public agency; or an institution that is maintained, operated, managed, and governed pursuant to division (A) of section 5119.14 of the Revised Code or division (A)(1) of section 5123.03 of the Revised Code;

(2) A school safety zone if the licensee's carrying the concealed handgun is in violation of section 2923.122 of the Revised Code;

(3) A courthouse or another building or structure in which a courtroom is located, in violation of section 2923.123 of the Revised Code;

(4) Any premises or open air arena for which a D permit has been issued under Chapter 4303 of the Revised Code if the licensee's carrying the concealed handgun is in violation of section 2923.121 of the Revised Code;

(5) Any premises owned or leased by any public or private college, university, or other institution of higher education, unless the handgun is in a locked motor vehicle or the licensee is in the immediate process of placing the handgun in a locked motor vehicle or unless the licensee is carrying the concealed handgun pursuant to a written policy, rule, or other authorization that is adopted by the institution's board of trustees or other governing body and that authorizes specific individuals or classes of individuals to carry a concealed handgun on the premises;

(6) Any church, synagogue, mosque, or other place of worship, unless the church, synagogue, mosque, or other place of worship posts or permits otherwise;

(7) Any building that is a government facility of this state or a political subdivision of this state and that is not a building that is used primarily as a shelter, restroom, parking facility for motor vehicles, or rest facility and is not a courthouse or other building or structure in which a courtroom is located that is subject to division (B)(3) of this section, unless the governing body
with authority over the building has enacted a statute, ordinance, or policy that permits a
licensee to carry a concealed handgun into the building;

(8) A place in which federal law prohibits the carrying of handguns.

(C)(1) Nothing in this section shall negate or restrict a rule, policy, or practice of a private
employer that is not a private college, university, or other institution of higher education
concerning or prohibiting the presence of firearms on the private employer's premises or
property, including motor vehicles owned by the private employer. Nothing in this section shall
require a private employer of that nature to adopt a rule, policy, or practice concerning or
prohibiting the presence of firearms on the private employer's premises or property, including
motor vehicles owned by the private employer.

(2)(a) A private employer shall be immune from liability in a civil action for any injury,
death, or loss to person or property that allegedly was caused by or related to a licensee
bringing a handgun onto the premises or property of the private employer, including motor
vehicles owned by the private employer, unless the private employer acted with malicious
purpose. A private employer is immune from liability in a civil action for any injury, death, or loss
to person or property that allegedly was caused by or related to the private employer's decision
to permit a licensee to bring, or prohibit a licensee from bringing, a handgun onto the premises
or property of the private employer.

(b) A political subdivision shall be immune from liability in a civil action, to the extent and
in the manner provided in Chapter 2744 of the Revised Code, for any injury, death, or loss to
person or property that allegedly was caused by or related to a licensee bringing a handgun
onto any premises or property owned, leased, or otherwise under the control of the political
subdivision. As used in this division, "political subdivision" has the same meaning as in section
2744.01 of the Revised Code.

(c) An institution of higher education shall be immune from liability in a civil action for any
injury, death, or loss to person or property that allegedly was caused by or related to a licensee
bringing a handgun onto the premises of the institution, including motor vehicles owned by the
institution, unless the institution acted with malicious purpose. An institution of higher education
is immune from liability in a civil action for any injury, death, or loss to person or property that
allegedly was caused by or related to the institution's decision to permit a licensee or class of
licensees to bring a handgun onto the premises of the institution.

(3)(a) Except as provided in division (C)(3)(b) of this section, the owner or person in
control of private land or premises, and a private person or entity leasing land or premises
owned by the state, the United States, or a political subdivision of the state or the United States,
may post a sign in a conspicuous location on that land or on those premises prohibiting persons
from carrying firearms or concealed firearms on or onto that land or those premises. Except as
otherwise provided in this division, a person who knowingly violates a posted prohibition of that
nature is guilty of criminal trespass in violation of division (A)(4) of section 2911.21 of the
Revised Code and is guilty of a misdemeanor of the fourth degree. If a person
knowingly violates a posted prohibition of that nature and the posted land or premises primarily was a
parking lot or other parking facility, the person is not guilty of criminal trespass under section
2911.21 of the Revised Code or under any other criminal law of this state or criminal law,
ordinance, or resolution of a political subdivision of this state, and instead is subject only to a
civil cause of action for trespass based on the violation.

If a person knowingly violates a posted prohibition of the nature described in this division
and the posted land or premises is a child day-care center, type A family day-care home, or type
B family day-care home, unless the person is a licensee who resides in a type A family day-care
home or type B family day-care home, the person is guilty of aggravated trespass in violation of
section 2911.211 of the Revised Code. Except as otherwise provided in this division, the
offender is guilty of a misdemeanor of the first degree. If the person previously has been
convicted of a violation of this division or of any offense of violence, if the weapon involved is a
firearm that is either loaded or for which the offender has ammunition ready at hand, or if the weapon involved is dangerous ordnance, the offender is guilty of a felony of the fourth degree.

(b) A landlord may not prohibit or restrict a tenant who is a licensee and who on or after September 9, 2008, enters into a rental agreement with the landlord for the use of residential premises, and the tenant’s guest while the tenant is present, from lawfully carrying or possessing a handgun on those residential premises.

(c) As used in division (C)(3) of this section:
   (i) “Residential premises” has the same meaning as in section 5321.01 of the Revised Code, except “residential premises” does not include a dwelling unit that is owned or operated by a college or university.
   (ii) “Landlord,” “tenant,” and “rental agreement” have the same meanings as in section 5321.01 of the Revised Code.

(D) A person who holds a valid concealed handgun license issued by another state that is recognized by the attorney general pursuant to a reciprocity agreement entered into pursuant to section 109.69 of the Revised Code or a person who holds a valid concealed handgun license under the circumstances described in division (B) of section 109.69 of the Revised Code has the same right to carry a concealed handgun in this state as a person who was issued a concealed handgun license under section 2923.125 of the Revised Code and is subject to the same restrictions that apply to a person who carries a license issued under that section.

(E)(1) A peace officer has the same right to carry a concealed handgun in this state as a person who was issued a concealed handgun license under section 2923.125 of the Revised Code. For purposes of reciprocity with other states, a peace officer shall be considered to be a licensee in this state.

   (2) An active duty member of the armed forces of the United States who is carrying a valid military identification card and documentation of successful completion of firearms training that meets or exceeds the training requirements described in division (G)(1) of section 2923.125 of the Revised Code has the same right to carry a concealed handgun in this state as a person who was issued a concealed handgun license under section 2923.125 of the Revised Code and is subject to the same restrictions as specified in this section.

(F)(1) A qualified retired peace officer who possesses a retired peace officer identification card issued pursuant to division (F)(2) of this section and a valid firearms requalification certification issued pursuant to division (F)(3) of this section has the same right to carry a concealed handgun in this state as a person who was issued a concealed handgun license under section 2923.125 of the Revised Code and is subject to the same restrictions that apply to a person who carries a license issued under that section. For purposes of reciprocity with other states, a qualified retired peace officer who possesses a retired peace officer identification card issued pursuant to division (F)(2) of this section and a valid firearms requalification certification issued pursuant to division (F)(3) of this section shall be considered to be a licensee in this state.

   (2)(a) Each public agency of this state or of a political subdivision of this state that is served by one or more peace officers shall issue a retired peace officer identification card to any person who retired from service as a peace officer with that agency, if the issuance is in accordance with the agency’s policies and procedures and if the person, with respect to the person’s service with that agency, satisfies all of the following:
      (i) The person retired in good standing from service as a peace officer with the public agency, and the retirement was not for reasons of mental instability.
      (ii) Before retiring from service as a peace officer with that agency, the person was authorized to engage in or supervise the prevention, detection, investigation, or prosecution of, or the incarceration of any person for, any violation of law and the person had statutory powers of arrest.
(iii) At the time of the person's retirement as a peace officer with that agency, the person was trained and qualified to carry firearms in the performance of the peace officer's duties.

(iv) Before retiring from service as a peace officer with that agency, the person was regularly employed as a peace officer for an aggregate of fifteen years or more, or, in the alternative, the person retired from service as a peace officer with that agency, after completing any applicable probationary period of that service, due to a service-connected disability, as determined by the agency.

(b) A retired peace officer identification card issued to a person under division (F)(2)(a) of this section shall identify the person by name, contain a photograph of the person, identify the public agency of this state or of the political subdivision of this state from which the person retired as a peace officer and that is issuing the identification card, and specify that the person retired in good standing from service as a peace officer with the issuing public agency and satisfies the criteria set forth in divisions (F)(2)(a)(i) to (iv) of this section. In addition to the required content specified in this division, a retired peace officer identification card issued to a person under division (F)(2)(a) of this section may include the firearms requalification certification described in division (F)(3) of this section, and if the identification card includes that certification, the identification card shall serve as the firearms requalification certification for the retired peace officer. If the issuing public agency issues credentials to active law enforcement officers who serve the agency, the agency may comply with division (F)(2)(a) of this section by issuing the same credentials to persons who retired from service as a peace officer with the agency and who satisfy the criteria set forth in divisions (F)(2)(a)(i) to (iv) of this section, provided that the credentials so issued to retired peace officers are stamped with the word “RETIRED.”

(c) A public agency of this state or of a political subdivision of this state may charge persons who retired from service as a peace officer with the agency a reasonable fee for issuing to the person a retired peace officer identification card pursuant to division (F)(2)(a) of this section.

(3) If a person retired from service as a peace officer with a public agency of this state or of a political subdivision of this state and the person satisfies the criteria set forth in divisions (F)(2)(a)(i) to (iv) of this section, the public agency may provide the retired peace officer with the opportunity to attend a firearms requalification program that is approved for purposes of firearms requalification required under section 109.801 of the Revised Code. The retired peace officer may be required to pay the cost of the course.

If a retired peace officer who satisfies the criteria set forth in divisions (F)(2)(a)(i) to (iv) of this section attends a firearms requalification program that is approved for purposes of firearms requalification required under section 109.801 of the Revised Code, the retired peace officer's successful completion of the firearms requalification program requalifies the retired peace officer for purposes of division (F) of this section for five years from the date on which the program was successfully completed, and the requalification is valid during that five-year period. If a retired peace officer who satisfies the criteria set forth in divisions (F)(2)(a)(i) to (iv) of this section satisfactorily completes such a firearms requalification program, the retired peace officer shall be issued a firearms requalification certification that identifies the retired peace officer by name, identifies the entity that taught the program, specifies that the retired peace officer successfully completed the program, specifies the date on which the course was successfully completed, and specifies that the requalification is valid for five years from that date of successful completion. The firearms requalification certification for a retired peace officer may be included in the retired peace officer identification card issued to the retired peace officer under division (F)(2) of this section.

A retired peace officer who attends a firearms requalification program that is approved for purposes of firearms requalification required under section 109.801 of the Revised Code may be required to pay the cost of the program.
Chapter 9. Crime, Records Check, False Claims and Fraud
Part IV. Miscellaneous

(G) As used in this section:

(1) “Qualified retired peace officer” means a person who satisfies all of the following:
(a) The person satisfies the criteria set forth in divisions (F)(2)(a)(i) to (v) of this section.
(b) The person is not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
(c) The person is not prohibited by federal law from receiving firearms.
(2) “Retired peace officer identification card” means an identification card that is issued pursuant to division (F)(2) of this section to a person who is a retired peace officer.
(3) “Government facility of this state or a political subdivision of this state” means any of the following:
(a) A building or part of a building that is owned or leased by the government of this state or a political subdivision of this state and where employees of the government of this state or the political subdivision regularly are present for the purpose of performing their official duties as employees of the state or political subdivision;
(b) The office of a deputy registrar serving pursuant to Chapter 4503 of the Revised Code that is used to perform deputy registrar functions.
(4) “Governing body” has the same meaning as in section 154.01 of the Revised Code.

2923.1210 Concealed carry in employee’s or invitee’s motor vehicle.

(A) A business entity, property owner, or public or private employer may not establish, maintain, or enforce a policy or rule that prohibits or has the effect of prohibiting a person who has been issued a valid concealed handgun license from transporting or storing a firearm or ammunition when both of the following conditions are met:
(1) Each firearm and all of the ammunition remains inside the person's privately owned motor vehicle while the person is physically present inside the motor vehicle, or each firearm and all of the ammunition is locked within the trunk, glove box, or other enclosed compartment or container within or on the person's privately owned motor vehicle;
(2) The vehicle is in a location where it is otherwise permitted to be.
(B) A business entity, property owner, or public or private employer that violates division (A) of this section may be found liable in a civil action for injunctive relief brought by any individual injured by the violation. The court may grant any injunctive relief it finds appropriate.
(C) No business entity, property owner, or public or private employer shall be held liable in any civil action for damages, injuries, or death resulting from or arising out of another person's actions involving a firearm or ammunition transported or stored pursuant to division (A) of this section including the theft of a firearm from an employee's or invitee's automobile, unless the business entity, property owner, or public or private employer intentionally solicited or procured the other person's injurious actions.

2933.52 Intercepting electronic communications.

(A) No person purposely shall do any of the following:
(1) Intercept, attempt to intercept, or procure another person to intercept or attempt to intercept a wire, oral, or electronic communication;
(2) Use, attempt to use, or procure another person to use or attempt to use an interception device to intercept a wire, oral, or electronic communication, if either of the following applies:
(a) The interception device is affixed to, or otherwise transmits a signal through, a wire, cable, satellite, microwave, or other similar method of connection used in wire communications;
(b) The interception device transmits communications by radio, or interferes with the transmission of communications by radio.
(3) Use, or attempt to use, the contents of a wire, oral, or electronic communication, knowing or having reason to know that the contents were obtained through the interception of a wire, oral, or electronic communication in violation of sections 2933.51 to 2933.66 of the Revised Code.

(B) This section does not apply to any of the following:

(1) The interception, disclosure, or use of the contents, or evidence derived from the contents, of an oral, wire, or electronic communication that is obtained pursuant to an order that is issued or an interception that is made in accordance with section 802 of the "Omnibus Crime Control and Safe Streets Act of 1968," 82 Stat. 237, 254, 18 U.S.C. 2510 to 2520 (1968), as amended, the "Electronic Communications Privacy Act of 1986," 100 Stat. 1848-1857, 18 2510-2521 [sic.] (1986), as amended, or the “Foreign Intelligence Surveillance Act,” 92 Stat. 1783, 50 U.S.C. 1801.11 (1978), as amended;

(2) An operator of a switchboard, or an officer, employee, or agent of a provider of wire or electronic communication service, whose facilities are used in the transmission of a wire or electronic communication to intercept, disclose, or use that communication in the normal course of employment while engaged in an activity that is necessary to the rendition of service or to the protection of the rights or property of the provider of that service, except that a provider of wire or electronic communication service to the public shall not utilize service observing or random monitoring except for mechanical or service quality control checks;

(3) A law enforcement officer who intercepts a wire, oral, or electronic communication, if the officer is a party to the communication or if one of the parties to the communication has given prior consent to the interception by the officer;

(4) A person who is not a law enforcement officer and who intercepts a wire, oral, or electronic communication, if the person is a party to the communication or if one of the parties to the communication has given the person prior consent to the interception, and if the communication is not intercepted for the purpose of committing a criminal offense or tortious act in violation of the laws or Constitution of the United States or this state or for the purpose of committing any other injurious act;

(5) A police, fire, or emergency communication system to intercept wire communications coming into and going out of the communications system of a police department, fire department, or emergency center, if both of the following apply:

(a) The telephone, instrument, equipment, or facility is limited to the exclusive use of the communication system for administrative purposes;

(b) At least one telephone, instrument, equipment, or facility that is not subject to interception is made available for public use at each police department, fire department, or emergency center.

(9) The interception or accessing of an electronic communication made through an electronic communication system that is configured so that the electronic communication is readily accessible to the general public.

(10) The interception of a radio communication that is transmitted by any of the following:

(a) A station for the use of the general public;
Chapter 9. Crime, Records Check, False Claims and Fraud
Part IV. Miscellaneous

(b) Governmental, law enforcement, civil defense, private land mobile, or public safety communications system, including a police or fire system, that is readily accessible to the general public;
(c) A station operating on an authorized frequency within the bands allocated to the amateur, citizen band, or general mobile radio services;
(d) A marine or aeronautical communications system.
(11) The interception of a radio communication that relates to a ship, aircraft, vehicle, or person in distress.
(12) The interception of a wire or electronic communication the transmission of which is causing harmful interference to a lawfully operating station or consumer electronic equipment, to the extent necessary to identify the source of that interference.
(13) Other users of the same frequency to intercept a radio communication made through a system that utilizes frequencies monitored by individuals engaged in the provision or the use of that system, if the communication is not scrambled or encrypted.
(C) Whoever violates this section is guilty of interception of wire, oral, or electronic communications, a felony of the fourth degree.

4112.02 Discriminatory practices unlawful.

It shall be an unlawful discriminatory practice:
(A) For any employer, because of the race, color, religion, sex, military status, national origin, disability, age, or ancestry of any person, to discharge without just cause, to refuse to hire, or otherwise to discriminate against that person with respect to hire, tenure, terms, conditions, or privileges of employment, or any matter directly or indirectly related to employment.
(B) For an employment agency or personnel placement service, because of race, color, religion, sex, military status, national origin, disability, age, or ancestry, to do any of the following:
(1) Refuse or fail to accept, register, classify properly, or refer for employment, or otherwise discriminate against any person;
(2) Comply with a request from an employer for referral of applicants for employment if the request directly or indirectly indicates that the employer fails to comply with the provisions of sections 4112.01 to 4112.07 of the Revised Code.
(C) For any labor organization to do any of the following:
(1) Limit or classify its membership on the basis of race, color, religion, sex, military status, national origin, disability, age, or ancestry;
(2) Discriminate against, limit the employment opportunities of, or otherwise adversely affect the employment status, wages, hours, or employment conditions of any person as an employee because of race, color, religion, sex, military status, national origin, disability, age, or ancestry.
(D) For any employer, labor organization, or joint labor-management committee controlling apprentice training programs to discriminate against any person because of race, color, religion, sex, military status, national origin, disability, or ancestry in admission to, or employment in, any program established to provide apprentice training.
(E) Except where based on a bona fide occupational qualification certified in advance by the commission, for any employer, employment agency, personnel placement service, or labor organization, prior to employment or admission to membership, to do any of the following:
(1) Elicit or attempt to elicit any information concerning the race, color, religion, sex, military status, national origin, disability, age, or ancestry of an applicant for employment or membership;
(2) Make or keep a record of the race, color, religion, sex, military status, national origin, disability, age, or ancestry of any applicant for employment or membership;

(3) Use any form of application for employment, or personnel or membership blank, seeking to elicit information regarding race, color, religion, sex, military status, national origin, disability, age, or ancestry; but an employer holding a contract containing a nondiscrimination clause with the government of the United States, or any department or agency of that government, may require an employee or applicant for employment to furnish documentary proof of United States citizenship and may retain that proof in the employer's personnel records and may use photographic or fingerprint identification for security purposes;

(4) Print or publish or cause to be printed or published any notice or advertisement relating to employment or membership indicating any preference, limitation, specification, or discrimination, based upon race, color, religion, sex, military status, national origin, disability, age, or ancestry;

(5) Announce or follow a policy of denying or limiting, through a quota system or otherwise, employment or membership opportunities of any group because of the race, color, religion, sex, military status, national origin, disability, age, or ancestry of that group;

(6) Utilize in the recruitment or hiring of persons any employment agency, personnel placement service, training school or center, labor organization, or any other employee-referring source known to discriminate against persons because of their race, color, religion, sex, military status, national origin, disability, age, or ancestry.

(F) For any person seeking employment to publish or cause to be published any advertisement that specifies or in any manner indicates that person's race, color, religion, sex, military status, national origin, disability, age, or ancestry, or expresses a limitation or preference as to the race, color, religion, sex, military status, national origin, disability, age, or ancestry of any prospective employer.

(G) For any proprietor or any employee, keeper, or manager of a place of public accommodation to deny to any person, except for reasons applicable alike to all persons regardless of race, color, religion, sex, military status, national origin, disability, age, or ancestry, the full enjoyment of the accommodations, advantages, facilities, or privileges of the place of public accommodation.

(H) Subject to section 4112.024 of the Revised Code, for any person to do any of the following:

(1) Refuse to sell, transfer, assign, rent, lease, sublease, or finance housing accommodations, refuse to negotiate for the sale or rental of housing accommodations, or otherwise deny or make unavailable housing accommodations because of race, color, religion, sex, military status, familial status, ancestry, disability, or national origin;

(2) Represent to any person that housing accommodations are not available for inspection, sale, or rental, when in fact they are available, because of race, color, religion, sex, military status, familial status, ancestry, disability, or national origin;

(3) Discriminate against any person in the making or purchasing of loans or the provision of other financial assistance for the acquisition, construction, rehabilitation, repair, or maintenance of housing accommodations, or any person in the making or purchasing of loans or the provision of other financial assistance that is secured by residential real estate, because of race, color, religion, sex, military status, familial status, ancestry, disability, or national origin or because of the racial composition of the neighborhood in which the housing accommodations are located, provided that the person, whether an individual, corporation, or association of any type, lends money as one of the principal aspects or incident to the person's principal business and not only as a part of the purchase price of an owner-occupied residence the person is selling nor merely casually or occasionally to a relative or friend;

(4) Discriminate against any person in the terms or conditions of selling, transferring, assigning, renting, leasing, or subleasing any housing accommodations or in furnishing facilities,
services, or privileges in connection with the ownership, occupancy, or use of any housing accommodations, including the sale of fire, extended coverage, or homeowners insurance, because of race, color, religion, sex, military status, familial status, ancestry, disability, or national origin or because of the racial composition of the neighborhood in which the housing accommodations are located;

(5) Discriminate against any person in the terms or conditions of any loan of money, whether or not secured by mortgage or otherwise, for the acquisition, construction, rehabilitation, repair, or maintenance of housing accommodations because of race, color, religion, sex, military status, familial status, ancestry, disability, or national origin or because of the racial composition of the neighborhood in which the housing accommodations are located;

(6) Refuse to consider without prejudice the combined income of both husband and wife for the purpose of extending mortgage credit to a married couple or either member of a married couple;

(7) Print, publish, or circulate any statement or advertisement, or make or cause to be made any statement or advertisement, relating to the sale, transfer, assignment, rental, lease, sublease, or acquisition of any housing accommodations, or relating to the loan of money, whether or not secured by mortgage or otherwise, for the acquisition, construction, rehabilitation, repair, or maintenance of housing accommodations, that indicates any preference, limitation, specification, or discrimination based upon race, color, religion, sex, military status, familial status, ancestry, disability, or national origin, or an intention to make any such preference, limitation, specification, or discrimination;

(8) Except as otherwise provided in division (H)(8) or (17) of this section, make any inquiry, elicit any information, make or keep any record, or use any form of application containing questions or entries concerning race, color, religion, sex, military status, familial status, ancestry, disability, or national origin in connection with the sale or lease of any housing accommodations or the loan of any money, whether or not secured by mortgage or otherwise, for the acquisition, construction, rehabilitation, repair, or maintenance of housing accommodations. Any person may make inquiries, and make and keep records, concerning race, color, religion, sex, military status, familial status, ancestry, disability, or national origin for the purpose of monitoring compliance with this chapter.

(9) Include in any transfer, rental, or lease of housing accommodations any restrictive covenant, or honor or exercise, or attempt to honor or exercise, any restrictive covenant;

(10) Induce or solicit, or attempt to induce or solicit, a housing accommodations listing, sale, or transaction by representing that a change has occurred or may occur with respect to the racial, religious, sexual, military status, familial status, or ethnic composition of the block, neighborhood, or other area in which the housing accommodations are located, or induce or solicit, or attempt to induce or solicit, a housing accommodations listing, sale, or transaction by representing that the presence or anticipated presence of persons of any race, color, religion, sex, military status, familial status, ancestry, disability, or national origin, in the block, neighborhood, or other area will or may have results including, but not limited to, the following:

(a) The lowering of property values;

(b) A change in the racial, religious, sexual, military status, familial status, or ethnic composition of the block, neighborhood, or other area;

(c) An increase in criminal or antisocial behavior in the block, neighborhood, or other area;

(d) A decline in the quality of the schools serving the block, neighborhood, or other area.

(11) Deny any person access to or membership or participation in any multiple-listing service, real estate brokers' organization, or other service, organization, or facility relating to the business of selling or renting housing accommodations, or discriminate against any person in the terms or conditions of that access, membership, or participation, on account of race, color, religion, sex, military status, familial status, national origin, disability, or ancestry;
(12) Coerce, intimidate, threaten, or interfere with any person in the exercise or enjoyment of, or on account of that person's having exercised or enjoyed or having aided or encouraged any other person in the exercise or enjoyment of, any right granted or protected by division (H) of this section;

(13) Discourage or attempt to discourage the purchase by a prospective purchaser of housing accommodations, by representing that any block, neighborhood, or other area has undergone or might undergo a change with respect to its religious, racial, sexual, military status, familial status, or ethnic composition;

(14) Refuse to sell, transfer, assign, rent, lease, sublease, or finance, or otherwise deny or withhold, a burial lot from any person because of the race, color, sex, military status, familial status, age, ancestry, disability, or national origin of any prospective owner or user of the lot;

(15) Discriminate in the sale or rental of, or otherwise make unavailable or deny, housing accommodations to any buyer or renter because of a disability of any of the following:

(a) The buyer or renter;

(b) A person residing in or intending to reside in the housing accommodations after they are sold, rented, or made available;

(c) Any individual associated with the person described in division (H)(15)(b) of this section.

(16) Discriminate in the terms, conditions, or privileges of the sale or rental of housing accommodations to any person or in the provision of services or facilities to any person in connection with the housing accommodations because of a disability of any of the following:

(a) That person;

(b) A person residing in or intending to reside in the housing accommodations after they are sold, rented, or made available;

(c) Any individual associated with the person described in division (H)(16)(b) of this section.

(17) Except as otherwise provided in division (H)(17) of this section, make an inquiry to determine whether an applicant for the sale or rental of housing accommodations, a person residing in or intending to reside in the housing accommodations after they are sold, rented, or made available, or any individual associated with that person has a disability, or make an inquiry to determine the nature or severity of a disability of the applicant or such a person or individual. The following inquiries may be made of all applicants for the sale or rental of housing accommodations, regardless of whether they have disabilities:

(a) An inquiry into an applicant's ability to meet the requirements of ownership or tenancy;

(b) An inquiry to determine whether an applicant is qualified for housing accommodations available only to persons with disabilities or persons with a particular type of disability;

(c) An inquiry to determine whether an applicant is qualified for a priority available to persons with disabilities or persons with a particular type of disability;

(d) An inquiry to determine whether an applicant currently uses a controlled substance in violation of section 2925.11 of the Revised Code or a substantively comparable municipal ordinance;

(e) An inquiry to determine whether an applicant at any time has been convicted of or pleaded guilty to any offense, an element of which is the illegal sale, offer to sell, cultivation, manufacture, other production, shipment, transportation, delivery, or other distribution of a controlled substance.

(18)(a) Refuse to permit, at the expense of a person with a disability, reasonable modifications of existing housing accommodations that are occupied or to be occupied by the person with a disability, if the modifications may be necessary to afford the person with a disability full enjoyment of the housing accommodations. This division does not preclude a
landlord of housing accommodations that are rented or to be rented to a disabled tenant from conditioning permission for a proposed modification upon the disabled tenant's doing one or more of the following:

(i) Providing a reasonable description of the proposed modification and reasonable assurances that the proposed modification will be made in a workerlike manner and that any required building permits will be obtained prior to the commencement of the proposed modification;

(ii) Agreeing to restore at the end of the tenancy the interior of the housing accommodations to the condition they were in prior to the proposed modification, but subject to reasonable wear and tear during the period of occupancy, if it is reasonable for the landlord to condition permission for the proposed modification upon the agreement;

(iii) Paying into an interest-bearing escrow account that is in the landlord's name, over a reasonable period of time, a reasonable amount of money not to exceed the projected costs at the end of the tenancy of the restoration of the interior of the housing accommodations to the condition they were in prior to the proposed modification, but subject to reasonable wear and tear during the period of occupancy, if the landlord finds the account reasonably necessary to ensure the availability of funds for the restoration work. The interest earned in connection with an escrow account described in this division shall accrue to the benefit of the disabled tenant who makes payments into the account.

(b) A landlord shall not condition permission for a proposed modification upon a disabled tenant's payment of a security deposit that exceeds the customarily required security deposit of all tenants of the particular housing accommodations.

(19) Refuse to make reasonable accommodations in rules, policies, practices, or services when necessary to afford a person with a disability equal opportunity to use and enjoy a dwelling unit, including associated public and common use areas;

(20) Fail to comply with the standards and rules adopted under division (A) of section 3781.111 of the Revised Code;

(21) Discriminate against any person in the selling, brokering, or appraising of real property because of race, color, religion, sex, military status, familial status, ancestry, disability, or national origin;

(22) Fail to design and construct covered multifamily dwellings for first occupancy on or after June 30, 1992, in accordance with the following conditions:

(a) The dwellings shall have at least one building entrance on an accessible route, unless it is impractical to do so because of the terrain or unusual characteristics of the site.

(b) With respect to dwellings that have a building entrance on an accessible route, all of the following apply:

(i) The public use areas and common use areas of the dwellings shall be readily accessible to and usable by persons with a disability.

(ii) All the doors designed to allow passage into and within all premises shall be sufficiently wide to allow passage by persons with a disability who are in wheelchairs.

(iii) All premises within covered multifamily dwelling units shall contain an accessible route into and through the dwelling; all light switches, electrical outlets, thermostats, and other environmental controls within such units shall be in accessible locations; the bathroom walls within such units shall contain reinforcements to allow later installation of grab bars; and the kitchens and bathrooms within such units shall be designed and constructed in a manner that enables an individual in a wheelchair to maneuver about such rooms.

For purposes of division (H)(22) of this section, "covered multifamily dwellings" means buildings consisting of four or more units if such buildings have one or more elevators and ground floor units in other buildings consisting of four or more units.

(l) For any person to discriminate in any manner against any other person because that person has opposed any unlawful discriminatory practice defined in this section or because that
person has made a charge, testified, assisted, or participated in any manner in any
investigation, proceeding, or hearing under sections 4112.01 to 4112.07 of the Revised Code.

(J) For any person to aid, abet, incite, compel, or coerce the doing of any act declared by
this section to be an unlawful discriminatory practice, to obstruct or prevent any person from
complying with this chapter or any order issued under it, or to attempt directly or indirectly to
commit any act declared by this section to be an unlawful discriminatory practice.

(K) Nothing in divisions (A) to (E) of this section shall be construed to require a person
with a disability to be employed or trained under circumstances that would significantly increase
the occupational hazards affecting either the person with a disability, other employees, the
general public, or the facilities in which the work is to be performed, or to require the
employment or training of a person with a disability in a job that requires the person with a
disability routinely to undertake any task, the performance of which is substantially and
inherently impaired by the person's disability.

(L) An aggrieved individual may enforce the individual's rights relative to discrimination
on the basis of age as provided for in this section by instituting a civil action, within one hundred
eighty days after the alleged unlawful discriminatory practice occurred, in any court with
jurisdiction for any legal or equitable relief that will effectuate the individual's rights.

A person who files a civil action under this division is barred, with respect to the
practices complained of, from instituting a civil action under section 4112.14 of the Revised
Code and from filing a charge with the commission under section 4112.05 of the Revised Code.

(M) With regard to age, it shall not be an unlawful discriminatory practice and it shall not
constitute a violation of division (A) of section 4112.14 of the Revised Code for any employer,
employment agency, joint labor-management committee controlling apprenticeship training
programs, or labor organization to do any of the following:

(1) Establish bona fide employment qualifications reasonably related to the particular
business or occupation that may include standards for skill, aptitude, physical capability,
intelligence, education, maturation, and experience;

(2) Observe the terms of a bona fide seniority system or any bona fide employee benefit
plan, including, but not limited to, a retirement, pension, or insurance plan, that is not a
subterfuge to evade the purposes of this section. However, no such employee benefit plan shall
excuse the failure to hire any individual, and no such seniority system or employee benefit plan
shall require or permit the involuntary retirement of any individual, because of the individual's
age except as provided for in the “Age Discrimination in Employment Act Amendment of 1978,”
92 Stat. 189, 29 U.S.C.A. 623, as amended by the “Age Discrimination in Employment Act

(3) Retire an employee who has attained sixty-five years of age who, for the two-year
period immediately before retirement, is employed in a bona fide executive or a high
policymaking position, if the employee is entitled to an immediate nonforfeitable annual
retirement benefit from a pension, profit-sharing, savings, or deferred compensation plan, or any
combination of those plans, of the employer of the employee, which equals, in the aggregate, at
least forty-four thousand dollars, in accordance with the conditions of the “Age Discrimination in
amended;

(4) Observe the terms of any bona fide apprenticeship program if the program is
registered with the Ohio apprenticeship council pursuant to sections 4139.01 to 4139.06 of the
Revised Code and is approved by the federal committee on apprenticeship of the United States
department of labor.

(N) Nothing in this chapter prohibiting age discrimination and nothing in division (A) of
section 4112.14 of the Revised Code shall be construed to prohibit the following:
Chapter 9. Crime, Records Check, False Claims and Fraud
Part IV. Miscellaneous

(1) The designation of uniform age the attainment of which is necessary for public employees to receive pension or other retirement benefits pursuant to Chapter 145., 742., 3307., 3309., or 5505 of the Revised Code;
(2) The mandatory retirement of uniformed patrol officers of the state highway patrol as provided in section 5505.16 of the Revised Code;
(3) The maximum age requirements for appointment as a patrol officer in the state highway patrol established by section 5503.01 of the Revised Code;
(4) The maximum age requirements established for original appointment to a police department or fire department in sections 124.41 and 124.42 of the Revised Code;
(5) Any maximum age not in conflict with federal law that may be established by a municipal charter, municipal ordinance, or resolution of a board of township trustees for original appointment as a police officer or firefighter;
(6) Any mandatory retirement provision not in conflict with federal law of a municipal charter, municipal ordinance, or resolution of a board of township trustees pertaining to police officers and firefighters;
(7) Until January 1, 1994, the mandatory retirement of any employee who has attained seventy years of age and who is serving under a contract of unlimited tenure, or similar arrangement providing for unlimited tenure, at an institution of higher education as defined in the “Education Amendments of 1980,” 94 Stat. 1503, 20 U.S.C.A. 1141(a).

(O)(1)(a) Except as provided in division (O)(1)(b) of this section, for purposes of divisions (A) to (E) of this section, a disability does not include any physiological disorder or condition, mental or psychological disorder, or disease or condition caused by an illegal use of any controlled substance by an employee, applicant, or other person, if an employer, employment agency, personnel placement service, labor organization, or joint labor-management committee acts on the basis of that illegal use.

(b) Division (O)(1)(a) of this section does not apply to an employee, applicant, or other person who satisfies any of the following:
(i) The employee, applicant, or other person has successfully completed a supervised drug rehabilitation program and no longer is engaging in the illegal use of any controlled substance, or the employee, applicant, or other person otherwise successfully has been rehabilitated and no longer is engaging in that illegal use.
(ii) The employee, applicant, or other person is participating in a supervised drug rehabilitation program and no longer is engaging in the illegal use of any controlled substance.
(iii) The employee, applicant, or other person is erroneously regarded as engaging in the illegal use of any controlled substance, but the employee, applicant, or other person is not engaging in that illegal use.

(2) Divisions (A) to (E) of this section do not prohibit an employer, employment agency, personnel placement service, labor organization, or joint labor-management committee from doing any of the following:
(a) Adopting or administering reasonable policies or procedures, including, but not limited to, testing for the illegal use of any controlled substance, that are designed to ensure that an individual described in division (O)(1)(b)(i) or (ii) of this section no longer is engaging in the illegal use of any controlled substance;
(b) Prohibiting the illegal use of controlled substances and the use of alcohol at the workplace by all employees;
(c) Requiring that employees not be under the influence of alcohol or not be engaged in the illegal use of any controlled substance at the workplace;
(d) Requiring that employees behave in conformance with the requirements established under “The Drug-Free Workplace Act of 1988,” 102 Stat. 4304, 41 U.S.C.A. 701, as amended;
(e) Holding an employee who engages in the illegal use of any controlled substance or who is an alcoholic to the same qualification standards for employment or job performance, and
Chapter 9. Crime, Records Check, False Claims and Fraud  
Part IV. Miscellaneous

Miscellaneous

887

the same behavior, to which the employer, employment agency, personnel placement service, labor organization, or joint labor-management committee holds other employees, even if any unsatisfactory performance or behavior is related to an employee's illegal use of a controlled substance or alcoholism;

(f) Exercising other authority recognized in the “Americans with Disabilities Act of 1990,” 104 Stat. 327, 42 U.S.C.A. 12101, as amended, including, but not limited to, requiring employees to comply with any applicable federal standards.

(3) For purposes of this chapter, a test to determine the illegal use of any controlled substance does not include a medical examination.

(4) Division (O) of this section does not encourage, prohibit, or authorize, and shall not be construed as encouraging, prohibiting, or authorizing, the conduct of testing for the illegal use of any controlled substance by employees, applicants, or other persons, or the making of employment decisions based on the results of that type of testing.

(P) This section does not apply to a religious corporation, association, educational institution, or society with respect to the employment of an individual of a particular religion to perform work connected with the carrying on by that religious corporation, association, educational institution, or society of its activities.

The unlawful discriminatory practices defined in this section do not make it unlawful for a person or an appointing authority administering an examination under section 124.23 of the Revised Code to obtain information about an applicant's military status for the purpose of determining if the applicant is eligible for the additional credit that is available under that section.

4112.14 Age discrimination by employers; civil action.

(A) No employer shall discriminate in any job opening against any applicant or discharge without just cause any employee aged forty or older who is physically able to perform the duties and otherwise meets the established requirements of the job and laws pertaining to the relationship between employer and employee.

(B) Any person aged forty or older who is discriminated against in any job opening or discharged without just cause by an employer in violation of division (A) of this section may institute a civil action against the employer in a court of competent jurisdiction. If the court finds that an employer has discriminated on the basis of age, the court shall order an appropriate remedy which shall include reimbursement to the applicant or employee for the costs, including reasonable attorney's fees, of the action, or to reinstate the employee in the employee's former position with compensation for lost wages and any lost fringe benefits from the date of the illegal discharge and to reimburse the employee for the costs, including reasonable attorney's fees, of the action. The remedies available under this section are coexistent with remedies available pursuant to sections 4112.01 to 4112.11 of the Revised Code; except that any person instituting a civil action under this section is, with respect to the practices complained of, thereby barred from instituting a civil action under division (L) of section 4112.02 of the Revised Code or from filing a charge with the Ohio civil rights commission under section 4112.05 of the Revised Code.

(C) The cause of action described in division (B) of this section and any remedies available pursuant to sections 4112.01 to 4112.11 of the Revised Code shall not be available in the case of discharges where the employee has available to the employee the opportunity to arbitrate the discharge or where a discharge has been arbitrated and has been found to be for just cause.

4123.54 Workers' compensation; drug and alcohol testing.

(A) Except as otherwise provided in this division or divisions (I) and (K) of this section, every employee, who is injured or who contracts an occupational disease, and the dependents
of each employee who is killed, or dies as the result of an occupational disease contracted in the course of employment, wherever the injury has occurred or occupational disease has been contracted, is entitled to receive the compensation for loss sustained on account of the injury, occupational disease, or death, and the medical, nurse, and hospital services and medicines, and the amount of funeral expenses in case of death, as are provided by this chapter. The compensation and benefits shall be provided, as applicable, directly from the employee’s self-insuring employer as provided in section 4123.35 of the Revised Code or from the state insurance fund. An employee or dependent is not entitled to receive compensation or benefits under this division if the employee’s injury or occupational disease is either of the following:

1. Purposely self-inflicted;
2. Caused by the employee being intoxicated, under the influence of a controlled substance not prescribed by a physician, or under the influence of marihuana if being intoxicated, under the influence of a controlled substance not prescribed by a physician, or under the influence of marihuana was the proximate cause of the injury.

(B) For the purpose of this section, provided that an employer has posted written notice to employees that the results of, or the employee’s refusal to submit to, any chemical test described under this division may affect the employee’s eligibility for compensation and benefits pursuant to this chapter and Chapter 4121 of the Revised Code, there is a rebuttable presumption that an employee is intoxicated, under the influence of a controlled substance not prescribed by the employee’s physician, or under the influence of marihuana and that being intoxicated, under the influence of a controlled substance not prescribed by the employee’s physician, or under the influence of marihuana is the proximate cause of an injury under either of the following conditions:

1. When any one or more of the following is true:
   a. The employee, through a qualifying chemical test administered within eight hours of an injury, is determined to have an alcohol concentration level equal to or in excess of the levels established in divisions (A)(1)(b) to (i) of section 4511.19 of the Revised Code.
   b. The employee, through a qualifying chemical test administered within thirty-two hours of an injury, is determined to have a controlled substance not prescribed by the employee’s physician or marihuana in the employee’s system at a level equal to or in excess of the cutoff concentration level for the particular substance as provided in section 40.87 of Title 49 of the Code of Federal Regulations, 49 C.F.R. 40.87, as amended.
   c. The employee, through a qualifying chemical test administered within thirty-two hours of an injury, is determined to have barbiturates, benzodiazepines, or methadone in the employee’s system that tests above levels established by laboratories certified by the United States department of health and human services.
2. When the employee refuses to submit to a requested chemical test, on the condition that the employee is or was given notice that the refusal to submit to any chemical test described in division (B)(1) of this section may affect the employee’s eligibility for compensation and benefits under this chapter and Chapter 4121 of the Revised Code.

(C)(1) For purposes of division (B) of this section, a chemical test is a qualifying test if it is administered to an employee after an injury under at least one of the following conditions:

1. When the employee’s employer had reasonable cause to suspect that the employee may be intoxicated, under the influence of a controlled substance not prescribed by the employee’s physician, or under the influence of marihuana;
   a. At the request of a police officer pursuant to section 4511.191 of the Revised Code, and not at the request of the employee’s employer;
   b. At the request of a licensed physician who is not employed by the employee’s employer, and not at the request of the employee’s employer.
(2) As used in division (C)(1)(a) of this section, “reasonable cause” means, but is not limited to, evidence that an employee is or was using alcohol, a controlled substance, or marihuana drawn from specific, objective facts and reasonable inferences drawn from these facts in light of experience and training. These facts and inferences may be based on, but are not limited to, any of the following:

(a) Observable phenomena, such as direct observation of use, possession, or distribution of alcohol, a controlled substance, or marihuana, or of the physical symptoms of being under the influence of alcohol, a controlled substance, or marihuana, such as but not limited to slurred speech; dilated pupils; odor of alcohol, a controlled substance, or marihuana; changes in affect; or dynamic mood swings;

(b) A pattern of abnormal conduct, erratic or aberrant behavior, or deteriorating work performance such as frequent absenteeism, excessive tardiness, or recurrent accidents, that appears to be related to the use of alcohol, a controlled substance, or marihuana, and does not appear to be attributable to other factors;

(c) The identification of an employee as the focus of a criminal investigation into unauthorized possession, use, or trafficking of a controlled substance or marihuana;

(d) A report of use of alcohol, a controlled substance, or marihuana provided by a reliable and credible source;

(e) Repeated or flagrant violations of the safety or work rules of the employee's employer, that are determined by the employee's supervisor to pose a substantial risk of physical injury or property damage and that appear to be related to the use of alcohol, a controlled substance, or marihuana and that do not appear attributable to other factors.

(D) Nothing in this section shall be construed to affect the rights of an employer to test employees for alcohol or controlled substance abuse.

(E) For the purpose of this section, laboratories certified by the United States department of health and human services or laboratories that meet or exceed the standards of that department for laboratory certification shall be used for processing the test results of a qualifying chemical test.

(F) The written notice required by division (B) of this section shall be the same size or larger than the proof of workers' compensation coverage furnished by the bureau of workers' compensation and shall be posted by the employer in the same location as the proof of workers' compensation coverage or the certificate of self-insurance.

(G) If a condition that pre-existed an injury is substantially aggravated by the injury, and that substantial aggravation is documented by objective diagnostic findings, objective clinical findings, or objective test results, no compensation or benefits are payable because of the pre-existing condition once that condition has returned to a level that would have existed without the injury.

(H)(1) Whenever, with respect to an employee of an employer who is subject to and has complied with this chapter, there is possibility of conflict with respect to the application of workers' compensation laws because the contract of employment is entered into and all or some portion of the work is or is to be performed in a state or states other than Ohio, the employer and the employee may agree to be bound by the laws of this state or by the laws of some other state in which all or some portion of the work of the employee is to be performed. The agreement shall be in writing and shall be filed with the bureau of workers' compensation within ten days after it is executed and shall remain in force until terminated or modified by agreement of the parties similarly filed. If the agreement is to be bound by the laws of this state and the employer has complied with this chapter, then the employee is entitled to compensation and benefits regardless of where the injury occurs or the disease is contracted and the rights of the employee and the employee's dependents under the laws of this state are the exclusive remedy against the employer on account of injury, disease, or death in the course of and arising out of the employee's employment. If the agreement is to be bound by the laws of another state
Chapter 9. Crime, Records Check, False Claims and Fraud
Part IV. Miscellaneous

and the employer has complied with the laws of that state, the rights of the employee and the
employee's dependents under the laws of that state are the exclusive remedy against the
employer on account of injury, disease, or death in the course of and arising out of the
employee's employment without regard to the place where the injury was sustained or the
disease contracted. If an employer and an employee enter into an agreement under this
division, the fact that the employer and the employee entered into that agreement shall not be
construed to change the status of an employee whose continued employment is subject to the
will of the employer or the employee, unless the agreement contains a provision that expressly
changes that status.

(2) If an employee or the employee's dependents receive an award of compensation or
benefits under this chapter or Chapter 4121., 4127., or 4131 of the Revised Code for the same
injury, occupational disease, or death for which the employee or the employee's dependents
previously pursued or otherwise elected to accept workers' compensation benefits and received
decision on the merits as defined in section 4123.542 of the Revised Code under the laws of
another state or recovered damages under the laws of another state, the claim shall be
disallowed and the administrator or any self-insuring employer, by any lawful means, may
collect from the employee or the employee's dependents any of the following:

(a) The amount of compensation or benefits paid to or on behalf of the employee or the
employee's dependents by the administrator or a self-insuring employer pursuant to this chapter
or Chapter 4121., 4127., or 4131 of the Revised Code for that award;

(b) Any interest, attorney's fees, and costs the administrator or the self-insuring employer
incurs in collecting that payment.

(3) If an employee or the employee's dependents receive an award of compensation or
benefits under this chapter or Chapter 4121., 4127., or 4131 of the Revised Code and
subsequently pursue or otherwise elect to accept workers' compensation benefits or damages
under the laws of another state for the same injury, occupational disease, or death the claim
under this chapter or Chapter 4121., 4127., or 4131 of the Revised Code shall be disallowed.
The administrator or a self-insuring employer, by any lawful means, may collect from the
employee or the employee's dependents or other-states' insurer any of the following:

(a) The amount of compensation or benefits paid to or on behalf of the employee or the
employee's dependents by the administrator or the self-insuring employer pursuant to this
chapter or Chapter 4121., 4127., or 4131 of the Revised Code for that award;

(b) Any interest, costs, and attorney's fees the administrator or the self-insuring employer
incurs in collecting that payment;

(c) Any costs incurred by an employer in contesting or responding to any claim filed by
the employee or the employee's dependents for the same injury, occupational disease, or death
that was filed after the original claim for which the employee or the employee's dependents
received a decision on the merits as described in section 4123.542 of the Revised Code.

(4) If the employee's employer pays premiums into the state insurance fund, the
administrator shall not charge the amount of compensation or benefits the administrator collects
pursuant to division (H)(2) or (3) of this section to the employer's experience. If the administrator
collects any costs incurred by an employer in contesting or responding to any claim pursuant to
division (H)(2) or (3) of this section, the administrator shall forward the amount collected to that
employer. If the employee's employer is a self-insuring employer, the self-insuring employer
shall deduct the amount of compensation or benefits the self-insuring employer collects
pursuant to this division from the paid compensation the self-insuring employer reports to the
administrator under division (L) of section 4123.35 of the Revised Code.

(5) If an employee is a resident of a state other than this state and is insured under the
workers' compensation law or similar laws of a state other than this state, the employee and the
employee's dependents are not entitled to receive compensation or benefits under this chapter,
on account of injury, disease, or death arising out of or in the course of employment while
temporarily within this state, and the rights of the employee and the employee's dependents
under the laws of the other state are the exclusive remedy against the employer on account of
the injury, disease, or death.

(6) An employee, or the dependent of an employee, who elects to receive compensation
and benefits under this chapter or Chapter 4121., 4127., or 4131 of the Revised Code for a
claim may not receive compensation and benefits under the workers' compensation laws of any
state other than this state for that same claim. For each claim submitted by or on behalf of an
employee, the administrator or, if the employee is employed by a self-insuring employer, the
self-insuring employer, shall request the employee or the employee's dependent to sign an
election that affirms the employee's or employee's dependent's acceptance of electing to
receive compensation and benefits under this chapter or Chapter 4121., 4127., or 4131 of the
Revised Code for that claim that also affirmatively waives and releases the employee's or the
employee's dependent's right to file for and receive compensation and benefits under the laws
of any state other than this state for that claim. The employee or employee's dependent shall
sign the election form within twenty-eight days after the administrator or self-insuring employer
submits the request or the administrator or self-insuring employer shall dismiss that claim.

In the event a workers' compensation claim has been filed in another jurisdiction on
behalf of an employee or the dependents of an employee, and the employee or dependents
subsequently elect to receive compensation, benefits, or both under this chapter or Chapter
4121., 4127., or 4131 of the Revised Code, the employee or dependent shall withdraw or refuse
acceptance of the workers' compensation claim filed in the other jurisdiction in order to pursue
compensation or benefits under the laws of this state. If the employee or dependents were
awarded workers' compensation benefits or had recovered damages under the laws of the other
state, any compensation and benefits awarded under this chapter or Chapter 4121., 4127., or
4131 of the Revised Code shall be paid only to the extent to which those payments exceed the
amounts paid under the laws of the other state. If the employee or dependent fails to withdraw
or to refuse acceptance of the workers' compensation claim in the other jurisdiction within
twenty-eight days after a request made by the administrator or a self-insuring employer, the
administrator or self-insuring employer shall dismiss the employee's or employee's dependents'
claim made in this state.

(I) If an employee who is covered under the federal "Longshore and Harbor Workers'
Compensation Act," 98 Stat. 1639, 33 U.S.C. 901 et seq., is injured or contracts an occupational
disease or dies as a result of an injury or occupational disease, and if that employee's or that
employee's dependents' claim for compensation or benefits for that injury, occupational disease,
or death is subject to the jurisdiction of that act, the employee or the employee's dependents are
not entitled to apply for and shall not receive compensation or benefits under this chapter and
Chapter 4121 of the Revised Code. The rights of such an employee and the employee's
dependents under the federal "Longshore and Harbor Workers' Compensation Act," 98 Stat.
1639, 33 U.S.C. 901 et seq., are the exclusive remedy against the employer for that injury,
occupational disease, or death.

(J) Compensation or benefits are not payable to a claimant or a dependent during the
period of confinement of the claimant or dependent in any state or federal correctional
institution, or in any county jail in lieu of incarceration in a state or federal correctional institution,
whether in this or any other state for conviction of violation of any state or federal criminal law.

(K) An employer, upon the approval of the administrator, may provide for workers'
compensation coverage for the employer's employees who are professional athletes and
coaches by submitting to the administrator proof of coverage under a league policy issued
under the laws of another state under either of the following circumstances:

(1) The employer administers the payroll and workers' compensation insurance for a
professional sports team subject to a collective bargaining agreement, and the collective
bargaining agreement provides for the uniform administration of workers’ compensation benefits and compensation for professional athletes.

(2) The employer is a professional sports league, or is a member team of a professional sports league, and all of the following apply:

(a) The professional sports league operates as a single entity, whereby all of the players and coaches of the sports league are employees of the sports league and not of the individual member teams.

(b) The professional sports league at all times maintains workers’ compensation insurance that provides coverage for the players and coaches of the sports league.

(c) Each individual member team of the professional sports league, pursuant to the organizational or operating documents of the sports league, is obligated to the sports league to pay to the sports league any workers’ compensation claims that are not covered by the workers’ compensation insurance maintained by the sports league.

If the administrator approves the employer’s proof of coverage submitted under division (K) of this section, a professional athlete or coach who is an employee of the employer and the dependents of the professional athlete or coach are not entitled to apply for and shall not receive compensation or benefits under this chapter and Chapter 4121 of the Revised Code. The rights of such an athlete or coach and the dependents of such an athlete or coach under the laws of the state where the policy was issued are the exclusive remedy against the employer for the athlete or coach if the athlete or coach suffers an injury or contracts an occupational disease in the course of employment, or for the dependents of the athlete or the coach if the athlete or coach is killed as a result of an injury or dies as a result of an occupational disease, regardless of the location where the injury was suffered or the occupational disease was contracted.
Chapter 10. Infectious Diseases and Public Health Issues

Part I. General Provisions

339.78 Physicians report of tuberculosis to county or district TB control unit.

(A) When a physician completes diagnostic studies confirming that an individual has tuberculosis, the physician shall report the confirmed case of tuberculosis to the county or district tuberculosis control unit. A physician shall make a report to the tuberculosis control unit prior to completion of diagnostic studies if the signs and symptoms demonstrated by an individual are sufficient for the physician to suspect that the individual has tuberculosis. At any time it is determined that an individual's tuberculosis is resistant to one or more drugs, the physician shall make a report to the unit.

The physician attending an individual with tuberculosis shall document the individual's adherence to the treatment regimen that the physician prescribes and make a report to the tuberculosis control unit if the individual does not adhere to the regimen.

In each report made under this division, the physician shall provide all information that the tuberculosis control unit requests. The information shall be provided at intervals specified by the tuberculosis control unit.

(B) In addition to accepting reports made by physicians under division (A) of this section, a county or district tuberculosis control unit shall accept reports made as follows:

1. The administrator of a hospital, clinic, or other facility that is providing services to an individual who is confirmed to have or is suspected of having tuberculosis shall report the case to the tuberculosis control unit;

2. The administrator of a laboratory that performs tests for tuberculosis on human specimens shall report to the tuberculosis control unit each positive tuberculosis test result obtained;

3. Any person who suspects that an individual has tuberculosis may report that suspicion to the tuberculosis control unit.

3701.13 Authority of Department of Health.

The department of health shall have supervision of all matters relating to the preservation of the life and health of the people and have ultimate authority in matters of quarantine and isolation, which it may declare and enforce, when neither exists, and modify, relax, or abolish, when either has been established. The department may approve methods of immunization against the diseases specified in section 3313.671 of the Revised Code for the purpose of carrying out the provisions of that section and take such actions as are necessary to encourage vaccination against those diseases.

The department may make special or standing orders or rules for preventing the use of fluoroscopes for nonmedical purposes that emit doses of radiation likely to be harmful to any person, for preventing the spread of contagious or infectious diseases, for governing the receipt and conveyance of remains of deceased persons, and for such other sanitary matters as are best controlled by a general rule. Whenever possible, the department shall work in cooperation with the health commissioner of a general or city health district. The department may make and enforce orders in local matters or reassign substantive authority for mandatory programs from a general or city health district to another general or city health district when an emergency exists, or when the board of health of a general or city health district has neglected or refused to act with sufficient promptness or efficiency, or when such board has not been established as
provided by sections 3709.02, 3709.03, 3709.05, 3709.06, 3709.11, 3709.12, and 3709.14 of the Revised Code. In such cases, the necessary expense incurred shall be paid by the general health district or city for which the services are rendered.

The department of health may require general or city health districts to enter into agreements for shared services under section 9.482 of the Revised Code. The department shall prepare and offer to boards of health a model contract and memorandum of understanding that are easily adaptable for use by boards of health when entering into shared services agreements. The department also may offer financial and other technical assistance to boards of health to encourage the sharing of services.

As a condition precedent to receiving funding from the department of health, the director of health may require general or city health districts to apply for accreditation by July 1, 2018, and be accredited by July 1, 2020, by an accreditation body approved by the director. The director of health, by July 1, 2016, shall conduct an evaluation of general and city health district preparation for accreditation, including an evaluation of each district's reported public health quality indicators as provided for in section 3701.98 of the Revised Code.

The department may make evaluative studies of the nutritional status of Ohio residents, and of the food and nutrition-related programs operating within the state. Every agency of the state, at the request of the department, shall provide information and otherwise assist in the execution of such studies.

3701.14 Director of health special duties.

(A) The director of health shall investigate or make inquiry as to the cause of disease or illness, including contagious, infectious, epidemic, pandemic, or endemic conditions, and take prompt action to control and suppress it. The reports of births and deaths, the sanitary conditions and effects of localities and employments, the personal and business habits of the people that affect their health, and the relation of the diseases of man and beast, shall be subjects of study by the director. The director may make and execute orders necessary to protect the people against diseases of lower animals, and shall collect and preserve information in respect to such matters and kindred subjects as may be useful in the discharge of the director's duties, and for dissemination among the people. When called upon by the state or local governments, or the board of health of a general or city health district, the director shall promptly investigate and report upon the water supply, sewerage, disposal of excreta of any locality, and the heating, plumbing, and ventilation of a public building.

(B) Information obtained during an investigation or inquiry that the director currently is conducting pursuant to division (A) of this section and that is not yet complete is confidential during the course of that investigation or inquiry and shall not be released except pursuant to division (D) or (J) of this section or under one of the following conditions:

(1) The confidential information is released pursuant to a search warrant or subpoena issued by or at the request of a grand jury or prosecutor, as defined in section 2935.01 of the Revised Code.

(2) The director has entered into a written agreement to share or exchange the information with a person or government entity, and that agreement requires the person or entity to comply with the confidentiality requirements established under this section.

(3) The information is contained in a preliminary report released by the director pursuant to division (G)(1) of this section.

(C) Division (B) of this section applies during any investigation or inquiry the director makes pursuant to division (A) of this section, notwithstanding any other provision of the Revised Code that establishes the manner of maintaining confidentiality or the release of information, except that the confidentiality and release of protected health information under section 3701.17 of the Revised Code is governed by that section.
Chapter 10. Infectious Diseases and Public Health Issues
Part I. General Provisions

(D) Nothing in this section bars the release of information that is in summary, statistical, or aggregate form and that does not identify a person. Information that is in summary, statistical, or aggregate form and that does not identify a person is a public record under section 149.43 of the Revised Code.

(E) Nothing in this section authorizes the director to conduct an independent criminal investigation without the consent of each local law enforcement agency with jurisdiction to conduct the criminal investigation.

(F) Except for information released pursuant to division (G) or (J) of this section, any disclosure pursuant to this section shall be in writing and accompanied by a written statement that includes the following or substantially similar language: "This information has been disclosed to you from confidential records protected from disclosure by state law. If this information has been released to you in other than a summary, statistical, or aggregate form, you shall make no further disclosure of this information without the specific, written, and informed release of the person to whom it pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is not sufficient for the release of information pursuant to this section."

(G)(1) If an investigation or inquiry the director currently is conducting pursuant to division (A) of this section is not completed within six months after the date of commencement, the director shall prepare and release a report containing preliminary findings. Every six months thereafter, the director shall prepare and release a supplementary preliminary report until such time as the investigation or inquiry is completed.

(2) Upon completion of an investigation or inquiry conducted pursuant to division (A) of this section, the director shall prepare and release a final report containing the director's findings.

(H) No report prepared by the director pursuant to this section shall contain protected health information, as defined in section 3701.17 of the Revised Code.

(I) The director shall adopt, in accordance with Chapter 119 of the Revised Code, rules establishing the manner in which the reports prepared by the director pursuant to this section are to be released.

(J) The director shall release information obtained during an investigation or inquiry that the director currently is conducting pursuant to division (A) of this section and that is not yet complete, if the director determines the release of the information is necessary, based on an evaluation of relevant information, to avert or mitigate a clear threat to an individual or to the public health. Information released pursuant to this division shall be limited to the release of the information to those persons necessary to control, prevent, or mitigate disease or illness.

3701.17 Maintaining confidential health information; releasing information.

(A) As used in this section:

(1) "Prosecutor" has the same meaning as in section 2935.01 of the Revised Code.

(2) "Protected health information" means information, in any form, including oral, written, electronic, visual, pictorial, or physical that describes an individual's past, present, or future physical or mental health status or condition, receipt of treatment or care, or purchase of health products, if either of the following applies:

(a) The information reveals the identity of the individual who is the subject of the information.

(b) The information could be used to reveal the identity of the individual who is the subject of the information, either by using the information alone or with other information that is available to predictable recipients of the information.

(B) Protected health information reported to or obtained by the director of health, the department of health, or a board of health of a city or general health district is confidential and
shall not be released without the written consent of the individual who is the subject of the information unless the information is released pursuant to division (C) of this section or one of the following applies:

(1) The release of the information is necessary to provide treatment to the individual and the information is released pursuant to a written agreement that requires the recipient of the information to comply with the confidentiality requirements established under this section.

(2) The release of the information is necessary to ensure the accuracy of the information and the information is released pursuant to a written agreement that requires the recipient of the information to comply with the confidentiality requirements established under this section.

(3) The information is released pursuant to a search warrant or subpoena issued by or at the request of a grand jury or prosecutor in connection with a criminal investigation or prosecution.

(4) The director determines the release of the information is necessary, based on an evaluation of relevant information, to avert or mitigate a clear threat to an individual or to the public health. Information may be released pursuant to this division only to those persons or entities necessary to control, prevent, or mitigate disease.

(C) Information that does not identify an individual is not protected health information and may be released in summary, statistical, or aggregate form. Information that is in a summary, statistical, or aggregate form and that does not identify an individual is a public record under section 149.43 of the Revised Code and, upon request, shall be released by the director.

(D) Except for information released pursuant to division (B)(4) of this section, any disclosure pursuant to this section shall be in writing and accompanied by a written statement that includes the following or substantially similar language: "This information has been disclosed to you from confidential records protected from disclosure by state law. If this information has been released to you in other than a summary, statistical, or aggregate form, you shall make no further disclosure of this information without the specific, written, and informed release of the individual to whom it pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is not sufficient for the release of information pursuant to this section."

3701.22 Maintaining a public health laboratory.

The department of health shall maintain a public health laboratory for the following:

(A) Examination of public water supplies and the effluent of sewage purification works;

(B) Diagnosis of, screening for, or confirmation of diseases or pathogens as it deems necessary;

(C) Performance of biological, chemical, or radiological analyses or examinations as it deems necessary;

(D) Analysis of patient specimens and food samples necessary for investigation of food-borne illnesses. In food-borne illness investigations, the laboratory shall cooperate and consult with the director of agriculture acting pursuant to section 3715.02 of the Revised Code.

3701.232 Pharmacy or pharmacist’s duty to report.

(A) As used in this section:

(1) "Bioterrorism" means the intentional use of any microorganism, virus, infectious substance, or biological product that may be engineered as a result of biotechnology, or any naturally occurring or bioengineered component of a microorganism, virus, infectious substance, or biological product, to cause death, disease, or other biological malfunction in a human, animal, plant, or other living organism as a means of influencing the conduct of government or intimidating or coercing a population.
(2) “Pharmacist” means an individual licensed under Chapter 4729 of the Revised Code to engage in the practice of pharmacy as a pharmacist.

(3) “Pharmacy” and “prescription” have the same meanings as in section 4729.01 of the Revised Code.

(B) The director of health shall adopt rules in accordance with Chapter 119 of the Revised Code under which a pharmacy or pharmacist is required to report significant changes in medication usage that may be caused by bioterrorism, epidemic or pandemic disease, or established or novel infectious agents or biological toxins posing a risk of human fatality or disability. Rules adopted under this section may require a report of any of the following:

(1) An unexpected increase in the number of prescriptions for antibiotics;
(2) An unexpected increase in the number of prescriptions for medication to treat fever or respiratory or gastrointestinal complaints;
(3) An unexpected increase in sales of, or the number of requests for information on, over-the-counter medication to treat fever or respiratory or gastrointestinal complaints;
(4) Any prescription for medication used to treat a disease that is relatively uncommon and may have been caused by bioterrorism.

(C) No person shall fail to comply with any reporting requirement established in rules adopted under division (B) of this section.

(D) Information reported under this section that is protected health information pursuant to section 3701.17 of the Revised Code shall be released only in accordance with that section. Information that does not identify an individual may be released in summary, statistical, or aggregate form.

3701.352 Violation of health department pandemic, epidemic, bioterrorism rule.

No person shall violate any rule the director of health or department of health adopts or any order the director or department of health issues under this chapter to prevent a threat to the public caused by a pandemic, epidemic, or bioterrorism event.

3701.85 Automated external defibrillator.

(A) As used in this section:

(1) “Automated external defibrillation” has the same meaning as in section 2305.235 of the Revised Code.
(2) “Emergency medical services organization” has the same meaning as in section 4765.01 of the Revised Code.

(B) A person who possesses an automated external defibrillator shall do both of the following:

(1) Encourage expected users to complete successfully a course in automated external defibrillation and cardiopulmonary resuscitation that is offered or approved by a nationally recognized organization and includes instruction on psychomotor skills and national evidence-based emergency cardiovascular guidelines that are current;
(2) Maintain and test the defibrillator according to the manufacturer's guidelines.

(C) It is recommended, but not required, that a person who possesses an automated external defibrillator notify an emergency medical services organization of the location of the defibrillator.

(D) Any person may perform automated external defibrillation. Training in automated external defibrillation and cardiopulmonary resuscitation is recommended but not required.

A person who performs automated external defibrillation shall make a good faith effort to activate or have another person activate an emergency medical services system as soon as possible unless the person is performing automated external defibrillation as part of an
Part II. Animal Bite

3701-3-28 Reporting dog/mammal bite.

(A) Whenever an individual is bitten by a dog or other non-human mammal, report of such bite shall be made within twenty-four hours to the health commissioner of the district in which such bite occurred. The report herein required shall be made by any health care provider, or by any licensed doctor of veterinary medicine with knowledge of the bite, or by the individual bitten.

(B) Local health districts are required to submit information regarding non-human mammalian bites occurring in their district to the Ohio department of health annually. This report for non-human mammalian bites occurring in the previous calendar year shall be submitted by March first.

3701-3-29 Reporting and confining biting animal.

(A) Biting dog, cat, or ferret.

(1) Whenever it is reported to the health commissioner of a health district that any dog, cat, or ferret has bitten or otherwise exposed an individual to rabies, that dog, cat, or ferret shall be quarantined under an order issued by the health commissioner of the health district in which the bite or exposure occurred.

(a) The dog, cat, or ferret shall be quarantined by its owner or by a harborer, or shall be quarantined in a pound or kennel.

(b) In all cases, said quarantine shall be under the supervision of the health commissioner and shall be at the expense of the owner or harborer.

(c) Any sign of illness in the quarantined dog, cat or ferret must be reported immediately to the health commissioner.

(d) Quarantine shall continue until the health commissioner of the health district in which the bite was inflicted determines pursuant to paragraph (A)(1)(f) of this rule that the dog, cat, or ferret is not afflicted with rabies.

(e) The quarantine period hereby required shall not be less than ten days from the date on which the person was bitten.

(f) If at any time during the quarantine, the health commissioner requires the dog, cat, or ferret to be examined for symptoms of rabies, then the examination shall be by a licensed doctor of veterinary medicine. The licensed doctor of veterinary medicine shall report to the health commissioner the conclusions reached as a result of the examinations. The examination by a licensed doctor of veterinary medicine shall be at the expense of the owner or harborer.

(g) No dog, cat, or ferret shall be released from the required quarantine unless and until it has a current rabies vaccination status as demonstrated by a rabies vaccination certificate signed by a licensed doctor of veterinary medicine.

(2) If any quarantined dog, cat, or ferret dies before the quarantine period expires, then the head of the dog, cat, or ferret shall be submitted to the Ohio department of health's bureau of public health laboratory for rabies examination.

(3) If the owner or harborer of the dog, cat, or ferret is unknown, the health commissioner may direct that the dog, cat, or ferret be humanely killed in which case the head of the dog, cat, or ferret shall be submitted to the Ohio department of health's bureau of public health laboratory for rabies examination.
(B) Other biting mammals including hybrids.

(1) Whenever it is reported to the health commissioner of the health district that any other mammal that is known to transmit rabies has bitten or otherwise exposed an individual to rabies, under an order issued by the health commissioner of the health district in which the bite or exposure occurred, the health commissioner may direct the immediate killing of said mammal by a suitable humane method.

(2) The brain of said mammal shall then be submitted to the Ohio department of health's bureau of public health laboratory for rabies examination.

(C) Any non-human mammal bitten by a known rabid mammal, or that had reasonable probability to have been bitten by a wild carnivorous mammal or bat that is not available for rabies testing shall be regarded as having been exposed to the rabies virus.

(1) Dogs, cats, ferrets not currently vaccinated against the rabies virus or when vaccination cannot be verified shall be humanely killed; or if sufficient justification for preserving the animal exists, the exposed dog, cat, ferret shall be quarantined in strict isolation under an order issued by the health commissioner of the health district in which the bite was inflicted. Isolation in this context refers to confinement in an enclosure that precludes direct contact with people and other animals.

(a) In all cases, said quarantine shall be under the supervision of the health commissioner and shall be at the expense of the owner or harborer. Any signs of illness in the dog, cat, or ferret must be reported immediately to the health commissioner.

(b) The quarantine period shall be for not less than six months. The dog, cat, or ferret shall be vaccinated against rabies by a licensed doctor of veterinary medicine upon entry into quarantine or up to twenty-eight days before the end of the quarantine period required by this paragraph.

(2) Mammals with a current rabies vaccination shall be given a booster rabies vaccination immediately and quarantined under an order issued by the health commissioner of the health district in which the bite was inflicted.

(a) In all cases, said quarantine shall be under the supervision of the health commissioner and shall be at the expense of the owner or harborer. Any signs of illness in the dog, cat, or ferret must be reported immediately to the health commissioner.

(b) The quarantine period shall be for not less than forty-five days.

(3) Whenever it is known by the health commissioner of the health district that any other non-human mammal has been exposed to rabies, the health commissioner, at his or her discretion may direct the quarantine or immediate euthanizing of said mammal by a suitable humane method.

3701-3-30 Reporting suspected rabid mammal.

Any licensed doctor of veterinary medicine or other person who examines, treats, owns, harbors, or otherwise cares for any mammal which exhibits symptoms or behavior suggestive of rabies, shall confine and isolate such mammal in suitable quarters and shall report such fact within twenty-four hours after the symptoms or behaviors are observed or known to the health commissioner of the health district wherein such mammal is confined. Such mammal shall be confined until it has been determined that it is not afflicted with rabies. If it is determined that the mammal is rabid, the health commissioner shall take such action as is necessary to prevent the occurrence of rabies in individuals or mammals known or presumed to have been exposed to such rabid mammal.
Chapter 10. Infectious Diseases and Public Health Issues
Part III. Poison Control

Part III. Poison Control

3701.19 Poison prevention and treatment center; definitions.

As used in sections 3701.19 to 3701.201 of the Revised Code:
(A) "Poison prevention and treatment center" means an entity designated as a poison prevention and treatment center by the director of health under section 3701.20 of the Revised Code.
(B) "Harm" means injury, death, or loss to person or property.
(C) "Tort action" means a civil action for damages for injury, death, or loss to person or property. "Tort action" includes a product liability claim that is subject to sections 2307.71 to 2307.80 of the Revised Code, but does not include a civil action for a breach of contract or another agreement between persons.
(D)(1) Subject to division (D)(2) of this section, "volunteer" means a trustee, officer, or agent of a poison prevention and treatment center, or another person associated with such a center, who satisfies both of the following:
   (a) Performs services for or on behalf of, and under the authority or auspices of, the center;
   (b) Does not receive compensation, either directly or indirectly, for performing those services.
(2) For purposes of division (D)(1) of this section, "compensation" does not include any of the following:
   (a) Actual and necessary expenses that are incurred by a volunteer in connection with the services performed for a center, and that are reimbursed to the volunteer or otherwise paid;
   (b) Insurance premiums paid on behalf of a volunteer, and amounts paid or reimbursed, pursuant to division (E) of section 1702.12 of the Revised Code;
   (c) Modest perquisites.

3701.20 Establishing, promoting, and maintaining poison control network.

(A) In accordance with rules adopted under division (C) of this section, the director of health shall establish, promote, and maintain the Ohio poison control network; designate regions within the network; and designate poison prevention and treatment centers within each region. The purposes of the network are to:
   (1) Reduce the mortality resulting from and the expenditures incurred because of accidental, homicidal, suicidal, occupational, or environmental poisoning;
   (2) Educate the public and health care professionals concerning the prevention and treatment of exposure to poison;
   (3) Organize poison prevention and treatment activities on a regional basis to avoid duplication and waste.
(B) To be eligible for designation as a poison prevention and treatment center and to retain the designation, a center must maintain compliance with the standards established by the director pursuant to division (C) of this section. A poison prevention and treatment center may be operated by an individual, hospital, institution of higher education, political subdivision, association, corporation, or public or private agency.
(C) In accordance with Chapter 119 of the Revised Code, the director shall adopt rules that do the following:
   (1) Establish guidelines, based on population density and other relevant factors, and procedures to be followed in designating poison control network regions and centers;
   (2) Establish standards for the operation of poison prevention and treatment centers;
Chapter 10. Infectious Diseases and Public Health Issues
Part III. Poison Control

(3) Establish standards and procedures to be followed in making grants to poison prevention and treatment centers;
(4) Establish procedures, other than those prescribed by Chapter 119 of the Revised Code, for reconsideration, at the request of the entity affected, of the denial or revocation of a designation as a poison prevention and treatment center.
(D) In accordance with rules adopted under division (C) of this section, the director of health shall make grants to poison prevention and treatment centers. A center is not eligible for a grant unless, prior to receiving the grant, the entity that operates the center agrees in writing that the level of the total funds, labor, and services devoted by the entity to the center during the period of the grant will approximate, as determined by the director of health, the level of the total funds, labor, and services devoted to the center by that entity in the fiscal year preceding the fiscal year in which the grant begins.
(E) Each poison prevention and treatment center shall do all of the following:
   (1) Maintain and staff a twenty-four-hour per day, toll-free, telephone line to respond to inquiries and provide information about poison prevention and treatment and available services;
   (2) Provide specialized treatment, consultation, information, and educational programs to health care professionals and the public;
   (3) Compile information on the types and frequency of treatment it provides.
   A center may provide the services described in divisions (E)(1) and (2) of this section either directly or through contract with other facilities, as the director of health considers appropriate. Each center shall take measures to ensure the confidentiality of information about individuals to whom treatment or services are provided.
(F) The director of health may revoke the designation of a poison treatment and control center, or deny an application for designation, if the center or applicant fails to meet or maintain the standards established in rules adopted under division (C) of this section. The entity seeking the designation may have the revocation or denial reconsidered in accordance with rules adopted under division (C) of this section.
(G)(1) A poison prevention and treatment center, its officers, employees, volunteers, or other persons associated with the center, and a person, organization, or institution that advises or assists a poison prevention and treatment center are not liable in damages in a tort action for harm that allegedly arises from advice or assistance rendered to any person unless the advice or assistance is given in a manner that constitutes willful or wanton misconduct or intentionally tortious conduct.
   (2) This section does not create, and shall not be construed as creating, a new cause of action or substantive legal right against a poison prevention and control center, its officers, employees, volunteers, or other persons associated with the center, or a person, organization, or institution that advises or assists a poison prevention and treatment center. This section does not affect, and shall not be construed as affecting, any immunities from civil liability or defenses conferred by any other section of the Revised Code or available at common law, to which a poison prevention and treatment center, its officers, employees, volunteers, or other persons associated with the center or a person, organization, or institution that advises or assists a poison prevention and treatment center may be entitled under circumstances not specified by this section.
   (H) The director shall annually report to the general assembly findings and recommendations concerning the effectiveness, impact, and benefits of the poison prevention and treatment centers.

3701.201 Reporting by poison control centers; bioterrorism.

   (A) As used in this section, “bioterrorism” has the same meaning as in section 3701.232 of the Revised Code.
(B) The director of health shall adopt rules in accordance with Chapter 119 of the Revised Code under which a poison prevention and treatment center or other health-related entity is required to report events that may be caused by bioterrorism, epidemic or pandemic disease, or established or novel infectious agents or biological or chemical toxins posing a risk of human fatality or disability. Rules adopted under this section may require a report of any of the following:

1. An unexpected pattern or increase in the number of telephone inquiries or requests to provide information about poison prevention and treatment and available services;
2. An unexpected pattern or increase in the number of requests to provide specialized treatment, consultation, information, and educational programs to health care professionals and the public;
3. An unexpected pattern or increase in the number of requests for information on established or novel infectious agents or biological or chemical toxins posing a risk of human fatality or disability that is relatively uncommon and may have been caused by bioterrorism.

(C) Each poison prevention and treatment center and other health-related entity shall comply with any reporting requirement established in rules adopted under division (B) of this section.

(D) Information reported under this section that is protected health information pursuant to section 3701.17 of the Revised Code shall be released only in accordance with that section. Information that does not identify an individual may be released in summary, statistical, or aggregate form.

3701-3-14 Reporting by poison control centers.

(A) For the purpose of this rule

1. "Biological or chemical toxins" mean poisonous compounds produced by a microorganism or a poisonous chemical compound that pose a risk of human fatality or disability.
2. "Novel infectious agents" mean agents that are unusual that pose a risk of human fatality or disability.
3. "Other health-related entity" means an entity that employs health care providers, but that does not have an obligation to report events to the health district having jurisdiction in accordance with the requirements of Chapters 3701 and 3707 of the Revised Code.

(B) A poison control prevention and treatment center or other health-related entity shall report the following events:

1. An unexpected pattern or increase in the number of telephone inquiries or requests to provide information about poison prevention and treatment and available services;
2. An unexpected pattern or increase in the number of requests to provide specialized treatment, consultation, information, and educational programs to health care professionals and the public;
3. An unexpected pattern or increase in the number of requests for information on established or novel infectious agents or biological or chemical toxins posing a risk of human fatality or disability that is relatively uncommon and may have been caused by bioterrorism.

(C) Unless provided otherwise, all reports required by paragraph (B) of this rule shall be submitted to both the Ohio department of health and the health commissioner of the health district having jurisdiction over the event. Poison control prevention and treatment centers and other health-related entities shall immediately report an event as specified in rule 3701-3-02 of the Administrative Code, to the extent known or suspected, or upon the request from the director in the manner specified in paragraph (B) of rule 3701-3-03 of the Administrative Code.

(D) As required by division (C) of section 3701.201 of the Revised Code, poison control prevention and treatment centers and other health-related entities shall report information
Part IV. AIDS and HIV

3701.24 Reporting infectious diseases; AIDS; HIV.

(A) As used in this section and sections 3701.241 to 3701.249 of the Revised Code:
(1) “AIDS” means the illness designated as acquired immunodeficiency syndrome.
(2) “HIV” means the human immunodeficiency virus identified as the causative agent of AIDS.
(3) “AIDS-related condition” means symptoms of illness related to HIV infection, including AIDS-related complex, that are confirmed by a positive HIV test.
(4) “HIV test” means any test for the antibody or antigen to HIV that has been approved by the director of health under division (B) of section 3701.241 of the Revised Code.
(5) “Health care facility” has the same meaning as in section 1751.01 of the Revised Code.
(6) “Director” means the director of health or any employee of the department of health acting on the director's behalf.
(7) “Physician” means a person who holds a current, valid certificate issued under Chapter 4731 of the Revised Code authorizing the practice of medicine or surgery and osteopathic medicine and surgery.
(8) “Nurse” means a registered nurse or licensed practical nurse who holds a license or certificate issued under Chapter 4723 of the Revised Code.
(9) “Anonymous test” means an HIV test administered so that the individual to be tested can give informed consent to the test and receive the results by means of a code system that does not link the identity of the individual tested to the request for the test or the test results.
(10) “Confidential test” means an HIV test administered so that the identity of the individual tested is linked to the test but is held in confidence to the extent provided by sections 3701.24 to 3701.248 of the Revised Code.
(11) “Health care provider” means an individual who provides diagnostic, evaluative, or treatment services. Pursuant to Chapter 119 of the Revised Code, the director may adopt rules further defining the scope of the term “health care provider.”
(12) “Significant exposure to body fluids” means a percutaneous or mucous membrane exposure of an individual to the blood, semen, vaginal secretions, or spinal, synovial, pleural, peritoneal, pericardial, or amniotic fluid of another individual.
(13) “Emergency medical services worker” means all of the following:
   (a) A peace officer;
   (b) An employee of an emergency medical service organization as defined in section 4765.01 of the Revised Code;
   (c) A firefighter employed by a political subdivision;
   (d) A volunteer firefighter, emergency operator, or rescue operator;
   (e) An employee of a private organization that renders rescue services, emergency medical services, or emergency medical transportation to accident victims and persons suffering serious illness or injury.
(14) “Peace officer” has the same meaning as in division (A) of section 109.71 of the Revised Code, except that it also includes a sheriff and the superintendent and troopers of the state highway patrol.
   (B) Persons designated by rule adopted by the director under section 3701.241 of the Revised Code shall report promptly every case of AIDS, every AIDS-related condition, and every confirmed positive HIV test to the department of health on forms and in a manner...
Chapter 10. Infectious Diseases and Public Health Issues
Part IV. AIDS and HIV

prescribed by the director. In each county the director shall designate the health commissioner of a health district in the county to receive the reports.

(C) No person shall fail to comply with the reporting requirements established under division (B) of this section.

(D) Information reported under this section that identifies an individual is confidential and may be released only with the written consent of the individual except as the director determines necessary to ensure the accuracy of the information, as necessary to provide treatment to the individual, as ordered by a court pursuant to section 3701.243 or 3701.247 of the Revised Code, or pursuant to a search warrant or a subpoena issued by or at the request of a grand jury, prosecuting attorney, city director of law or similar chief legal officer of a municipal corporation, or village solicitor, in connection with a criminal investigation or prosecution. Information that does not identify an individual may be released in summary, statistical, or aggregate form.

3701.242 Informed consent for HIV test.

(A) An HIV test may be performed by or on the order of a health care provider who, in the exercise of the provider's professional judgment, determines the test to be necessary for providing diagnosis and treatment to the individual to be tested, if the individual or the individual's parent or guardian has given consent to the provider for medical or other health care treatment. The health care provider shall inform the individual of the individual's right under division (D) of this section to an anonymous test.

(B) A minor may consent to be given an HIV test. The consent is not subject to disaffirmance because of minority. The parents or guardian of a minor giving consent under this division are not liable for payment and shall not be charged for an HIV test given to the minor without the consent of a parent or the guardian.

(C) The health care provider ordering an HIV test shall provide post-test counseling for an individual who receives an HIV-positive test result. The director of health may adopt rules in accordance with Chapter 119 of the Revised Code specifying the information to be provided in post-test counseling.

(D) An individual shall have the right to an anonymous test. A health care facility or health care provider that does not provide anonymous testing shall refer an individual requesting an anonymous test to a site where it is available.

(E) Divisions (B) to (D) of this section do not apply to the performance of an HIV test in any of the following circumstances:

(1) When the test is performed in a medical emergency by a nurse or physician and the test results are medically necessary to avoid or minimize an immediate danger to the health or safety of the individual to be tested or another individual, except that post-test counseling shall be given to the individual if the individual receives an HIV-positive test result;

(2) When the test is performed for the purpose of research if the researcher does not know and cannot determine the identity of the individual tested;

(3) When the test is performed by a person who procures, processes, distributes, or uses a human body part from a deceased person donated for a purpose specified in Chapter 2108 of the Revised Code, if the test is medically necessary to ensure that the body part is acceptable for its intended purpose;

(4) When the test is performed on a person incarcerated in a correctional institution under the control of the department of rehabilitation and correction if the head of the institution has determined, based on good cause, that a test is necessary;

(5) When the test is performed in accordance with section 2907.27 of the Revised Code;

(6) When the test is performed on an individual after the infection control committee of a health care facility, or other body of a health care facility performing a similar function determines that a health care provider, emergency medical services worker, or peace officer,
while rendering health or emergency care to an individual, has sustained a significant exposure to the body fluids of that individual, and the individual has refused to give consent for testing.

3701.243 Disclosure of HIV information.

(A) Except as provided in this section or section 3701.248 of the Revised Code, no person or agency of state or local government that acquires the information while providing any health care service or while in the employ of a health care facility or health care provider shall disclose or compel another to disclose any of the following:

(1) The identity of any individual on whom an HIV test is performed;
(2) The results of an HIV test in a form that identifies the individual tested;
(3) The identity of any individual diagnosed as having AIDS or an AIDS-related condition.

(B)(1) Except as provided in divisions (B)(2), (C), (D), and (F) of this section, the results of an HIV test or the identity of an individual on whom an HIV test is performed or who is diagnosed as having AIDS or an AIDS-related condition may be disclosed only to the following:

(a) The individual who was tested or the individual's legal guardian, and the individual's spouse or any sexual partner;
(b) A person to whom disclosure is authorized by a written release, executed by the individual tested or by the individual's legal guardian and specifying to whom disclosure of the test results or diagnosis is authorized and the time period during which the release is to be effective;
(c) Any physician who treats the individual;
(d) The department of health or a health commissioner to which reports are made under section 3701.24 of the Revised Code;
(e) A health care facility or provider that procures, processes, distributes, or uses a human body part from a deceased individual, donated for a purpose specified in Chapter 2108 of the Revised Code, and that needs medical information about the deceased individual to ensure that the body part is medically acceptable for its intended purpose;
(f) Health care facility staff committees or accreditation or oversight review organizations conducting program monitoring, program evaluation, or service reviews;
(g) A health care provider, emergency medical services worker, or peace officer who sustained a significant exposure to the body fluids of another individual, if that individual was tested pursuant to division (E)(6) of section 3701.242 of the Revised Code, except that the identity of the individual tested shall not be revealed;
(h) To law enforcement authorities pursuant to a search warrant or a subpoena issued by or at the request of a grand jury, a prosecuting attorney, a city director of law or similar chief legal officer of a municipal corporation, or a village solicitor, in connection with a criminal investigation or prosecution.

(2) The results of an HIV test or a diagnosis of AIDS or an AIDS-related condition may be disclosed to a health care provider, or an authorized agent or employee of a health care facility or a health care provider, if the provider, agent, or employee has a medical need to know the information and is participating in the diagnosis, care, or treatment of the individual on whom the test was performed or who has been diagnosed as having AIDS or an AIDS-related condition.

This division does not impose a standard of disclosure different from the standard for disclosure of all other specific information about a patient to health care providers and facilities. Disclosure may not be requested or made solely for the purpose of identifying an individual who has a positive HIV test result or has been diagnosed as having AIDS or an AIDS-related condition in order to refuse to treat the individual. Referral of an individual to another health care provider or facility based on reasonable professional judgment does not constitute refusal to
Chapter 10. Infectious Diseases and Public Health Issues
Part IV. AIDS and HIV

treat the individual.

(3) Not later than ninety days after November 1, 1989, each health care facility in this state shall establish a protocol to be followed by employees and individuals affiliated with the facility in making disclosures authorized by division (B)(2) of this section. A person employed by or affiliated with a health care facility who determines in accordance with the protocol established by the facility that a disclosure is authorized by division (B)(2) of this section is immune from liability to any person in a civil action for damages for injury, death, or loss to person or property resulting from the disclosure.

(C)(1) Any person or government agency may seek access to or authority to disclose the HIV test records of an individual in accordance with the following provisions:

(a) The person or government agency shall bring an action in a court of common pleas requesting disclosure of or authority to disclose the results of an HIV test of a specific individual, who shall be identified in the complaint by a pseudonym but whose name shall be communicated to the court confidentially, pursuant to a court order restricting the use of the name. The court shall provide the individual with notice and an opportunity to participate in the proceedings if the individual is not named as a party. Proceedings shall be conducted in chambers unless the individual agrees to a hearing in open court.

(b) The court may issue an order granting the plaintiff access to or authority to disclose the test results only if the court finds by clear and convincing evidence that the plaintiff has demonstrated a compelling need for disclosure of the information that cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for disclosure against the privacy right of the individual tested and against any disservice to the public interest that might result from the disclosure, such as discrimination against the individual or the deterrence of others from being tested.

(c) If the court issues an order, it shall guard against unauthorized disclosure by specifying the persons who may have access to the information, the purposes for which the information shall be used, and prohibitions against future disclosure.

(2) A person or government agency that considers it necessary to disclose the results of an HIV test of a specific individual in an action in which it is a party may seek authority for the disclosure by filing an in camera motion with the court in which the action is being heard. In hearing the motion, the court shall employ procedures for confidentiality similar to those specified in division (C)(1) of this section. The court shall grant the motion only if it finds by clear and convincing evidence that a compelling need for the disclosure has been demonstrated.

(3) Except for an order issued in a criminal prosecution or an order under division (C)(1) or (2) of this section granting disclosure of the result of an HIV test of a specific individual, a court shall not compel a blood bank, hospital blood center, or blood collection facility to disclose the result of HIV tests performed on the blood of voluntary donors in a way that reveals the identity of any donor.

(4) In a civil action in which the plaintiff seeks to recover damages from an individual defendant based on an allegation that the plaintiff contracted the HIV virus as a result of actions of the defendant, the prohibitions against disclosure in this section do not bar discovery of the results of any HIV test given to the defendant or any diagnosis that the defendant suffers from AIDS or an AIDS-related condition.

(D) The results of an HIV test or the identity of an individual on whom an HIV test is performed or who is diagnosed as having AIDS or an AIDS-related condition may be disclosed to a federal, state, or local government agency, or the official representative of such an agency, for purposes of the medicaid program, the medicare program, or any other public assistance program.

(E) Any disclosure pursuant to this section shall be in writing and accompanied by a written statement that includes the following or substantially similar language: “This information has been disclosed to you from confidential records protected from disclosure by state law. You
shall make no further disclosure of this information without the specific, written, and informed release of the individual to whom it pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is not sufficient for the purpose of the release of HIV test results or diagnoses.”

(F) An individual who knows that the individual has received a positive result on an HIV test or has been diagnosed as having AIDS or an AIDS-related condition shall disclose this information to any other person with whom the individual intends to make common use of a hypodermic needle or engage in sexual conduct as defined in section 2907.01 of the Revised Code. An individual's compliance with this division does not prohibit a prosecution of the individual for a violation of division (B) of section 2903.11 of the Revised Code.

(G) Nothing in this section prohibits the introduction of evidence concerning an HIV test of a specific individual in a criminal proceeding.

3701.244 Liability.

(A) As used in this section, “violation” means an occasion of noncompliance involving a single injured individual.

(B) A person or an agency of state or local government that knowingly violates division (A) of section 3701.242, division (A) of section 3701.243, or division (E) of section 3701.248 of the Revised Code may be found liable in a civil action; the action may be brought by any individual injured by the violation. Except as otherwise provided in division (C) or (D) of this section, the court may award compensatory damages and any equitable relief, including injunctive relief, it finds appropriate. If an award is made in favor of the plaintiff, the judge may award reasonable attorney's fees to the plaintiff after a hearing to determine the amount of the fees.

(C) No person shall be held liable for damages or attorney's fees in an action based on a violation of section 3701.243 of the Revised Code by his employee or agent unless the person knew or should have known of the violation.

(D) A person who acts in good faith in accordance with section 3701.242, 3701.243, or 3701.248 of the Revised Code is not liable for damages in a civil action brought pursuant to this section.

(E) A civil action under this section is barred unless the action is commenced within one year after the cause of action accrued. A cause of action does not survive the death of the individual injured by the violation unless a civil action based on the cause of action is commenced prior to the death of that individual.

(F) The remedies in this section are the exclusive civil remedies for an individual injured by noncompliance with section 3701.242, 3701.243, or division (E) of section 3701.248 of the Revised Code.

(G) Nothing in this section shall be construed to impose civil liability on a person for the disclosure of an HIV test result, a diagnosed case of AIDS, or a diagnosed AIDS-related condition in accordance with a reporting requirement of the department of health or any federal agency.

(H) No person with knowledge that an individual other than himself has or may have AIDS, and AIDS-related condition, or a positive HIV test shall be held liable for failing to disclose that information to any person unless disclosure is expressly required by law. 3701.246 Testing of anatomical gifts or blood donations for HIV

3701.246 Anatomical gifts and blood donations; testing for HIV.

Any human body part donated for transplantation, including an organ, tissue, eye, bone, artery, or other part, and any body fluid donated for transfusion or injection into another person,
including blood, plasma, a blood product, semen, or other fluid, shall be given an HIV test before being transplanted, transfused, or injected to determine that the part or fluid is not infected with the HIV virus unless, in an emergency, the recipient of the donation or his guardian, after consultation with the recipient's physician, consents to a waiver of this requirement.

3701.247 Compelling HIV test.

(A)(1) Any of the following persons may bring an action in a probate court for an order compelling another person to undergo HIV testing:
   (a) A person who believes the person may have been exposed to HIV infection while rendering health or emergency care to the other person;
   (b) A peace officer who believes the peace officer may have been exposed to HIV infection while dealing with the other person in the performance of official duties.
   (2) The complaint in the action shall be accompanied by an affidavit in which the plaintiff attests to all of the following:
      (a) While rendering health or emergency care to the defendant, or while dealing with the defendant in the performance of the plaintiff's duties, the plaintiff sustained a significant exposure to body fluids of the defendant that are known to transmit HIV;
      (b) The plaintiff has reason to believe the defendant may have an HIV infection;
      (c) The plaintiff made a reasonable attempt to have the defendant submit to HIV testing in accordance with section 3701.242 of the Revised Code, and notified the defendant that the plaintiff would bring an action under this section on the defendant's refusal or failure to be tested, but the defendant has not been tested;
      (d) Within seven days after the exposure, the plaintiff took an HIV test.

In the complaint, the defendant shall be identified by a pseudonym and the defendant's name communicated to the court confidentially pursuant to a court order restricting the use of the name. Proceedings shall be conducted in chambers unless the defendant agrees to a hearing in open court.

(B) The court shall hold a hearing on the complaint at the earliest possible time but not later than the third business day after the day the defendant is served with the complaint and notice of the hearing. The court shall enter judgment on the complaint on the day the hearing is concluded.

(C) Notwithstanding division (A) of section 3701.242 of the Revised Code, the court may order the defendant to undergo HIV testing if it finds by clear and convincing evidence that the plaintiff has proved the matters attested to in the plaintiff's affidavit and has demonstrated that the plaintiff has a compelling need for the results of the test and no other means exist to accommodate the need. If granted, the order shall guard against unauthorized disclosure of the test results by specifying the persons and governmental entities that may have access to the results and by limiting further disclosure. The court shall require that the defendant be given test results and, if the defendant's test results are HIV-positive, that post-test counseling be provided the defendant in accordance with division (C) of section 3701.242 of the Revised Code. The court may order the plaintiff to pay the cost of the defendant's testing and counseling.

3701.248 Exposed EMS or funeral services worker.

(A) As used in this section:
   (1) "Contagious or infectious disease" means a disease specified in rules adopted by the director of health pursuant to division (F) of this section.
   (2) "Patient" means either of the following:
Chapter 10. Infectious Diseases and Public Health Issues
Part IV. AIDS and HIV

(a) A person, whether alive or dead, who has been treated, or handled, or transported for medical care by an emergency medical services worker;
(b) A deceased person whose body is handled by a funeral services worker.

(3) “Significant exposure” means:
(a) A percutaneous or mucous membrane exposure of an individual to the blood, semen, vaginal secretions, or spinal, synovial, pleural, peritoneal, pericardial, or amniotic fluid of another person;
(b) Exposure to a contagious or infectious disease.

(4) “Funeral services worker” means a person licensed as a funeral director or embalmer under Chapter 4717 of the Revised Code or an individual responsible for the direct final disposition of a deceased person.

(B)(1) An emergency medical services worker or funeral services worker who believes that significant exposure has occurred through the worker’s contact with a patient may submit to the health care facility or coroner that received the patient a written request to be notified of the results of any test performed on the patient to determine the presence of a contagious or infectious disease. The request shall include:
(a) The name, address, and telephone number of the individual submitting the request;
(b) The name of the individual’s employer, or, in the case of a volunteer emergency medical services worker, the entity for which the worker volunteers, and the individual’s supervisor;
(c) The date, time, location, and manner of the exposure.

(2) The request for notification that is submitted by an emergency medical services worker pursuant to division (B)(1) of this section is valid for ten days after it is made. If at the end of that ten-day period no test has been performed to determine the presence of a contagious or infectious disease, no diagnosis has been made, or the result of the test is negative, the health care facility or coroner shall notify the emergency medical services worker. The notification shall not include the name of the patient. If necessary, the request may be renewed in accordance with the same procedures and requirements as the original request.

(3) A health care facility or coroner shall respond immediately to a request for notification submitted pursuant to division (B)(1) of this section by a funeral services worker. If no test has been performed to determine the presence of a contagious or infectious disease, no diagnosis has been made, or the result of a test that was performed is negative, the health care facility or coroner shall immediately notify the funeral services worker. The notification shall not include the name of the patient.

On receipt of notification that no test has been performed to determine the presence of a contagious or infectious disease in a patient, the funeral services worker may have a test performed on the patient. The test shall be performed in accordance with rules adopted by the department of health pursuant to division (G) of this section.

The consent of the patient’s family is not required for performance of a test pursuant to division (B)(3) of this section.

(C) The health care facility or coroner that receives a written request for notification shall give an oral notification of the presence of a contagious or infectious disease, or of a confirmed positive test result, if known, to the person who made the request and the person’s supervisor and to the infection control committee or other body described in division (E)(6) of section 3701.242 of the Revised Code within two days after determining the presence of a contagious or infectious disease or after a confirmed positive test result. A written notification shall follow oral notification within three days. If a contagious or infectious disease is present, or the test results are confirmed positive, both the oral and written notification shall include the name of the disease, its signs and symptoms, the date of exposure, the incubation period, the mode of transmission of the disease, the medical precautions necessary to prevent transmission to other persons, and the appropriate prophylaxis, treatment, and counseling for the disease. The
notification shall not include the name of the patient.

If the request is made by an emergency medical services worker and the information is not available from the health care facility to which the request is made because the patient has been transferred from that health care facility, the facility shall assist the emergency medical services worker in locating the patient and securing the requested information from the health care facility that treated or is treating the patient. If the patient has died, the health care facility shall give the emergency medical services worker the name and address of the coroner who received the patient.

(D) Each health care facility and coroner shall develop written procedures to implement the notification procedures required by this section. A health care facility or coroner may take measures in addition to those required in this section to notify emergency medical services workers and funeral services workers of possible exposure to a contagious or infectious disease as long as the confidentiality of the information is maintained.

(E) No person shall knowingly fail to comply with division (C) of this section.

(F) The director of health shall adopt rules in accordance with Chapter 119 of the Revised Code that specify the diseases that are reasonably likely to be transmitted by air or blood during the normal course of duties performed by an emergency medical services worker or funeral services worker. In adopting such rules, the director shall consider the types of contact that typically occur between patients and emergency medical services workers and funeral services workers.

(G) The department of health shall adopt rules in accordance with Chapter 119 of the Revised Code specifying the procedures a funeral services worker must follow when having a test performed on a patient pursuant to division (B)(3) of this section. The rules shall specify how and by whom the test is to be performed. The rules shall require the funeral services worker or the funeral services worker's employer to pay the cost of the test. No health care facility shall be required to perform the test.

3701.249 Employer immunity.

(A) As used in this section, "employer" and "employee" have the same meanings as in section 4112.01 of the Revised Code.

(B) The employer of a person with HIV infection is immune from liability to any person in a civil action for damages for injury, death, or loss to person or property on a claim arising out of transmission of the human immunodeficiency virus from the infected employee to another employee or to any other person, unless the transmission occurs as a result of the reckless conduct of the employer.

(C) An employer is immune from liability to an employee on a claim asserted under any provision of the Revised Code or in a civil action for damages for injury, death, or loss to person or property if the claim arises from an illness or injury to the employee that is stress-related and results from the employee being required to work with an individual who has received a positive result on an HIV test or has been diagnosed as having AIDS or an AIDS-related condition.

3701-3-10 HIV tests approval.

(A) In approving tests to be used to determine whether an individual has human immunodeficiency virus infection under division (B)(1) of section 3701.241 of the Revised Code, the director of health shall consider:

(1) Whether the test has been approved by the United States food and drug administration.

(2) The recommendations of the United States centers for disease control and prevention.
(B) The director shall define a confirmed positive test result as:
(1) Two or more reactive enzyme immunoassay tests;
(2) A positive culture of the human immunodeficiency virus;
(3) A positive reaction to an human immunodeficiency virus antigen test licensed by the United States food and drug administration;
(4) Identification of the human immunodeficiency virus by the use of nucleic acid amplification probe to detect the presence of human immunodeficiency virus;
(5) The director may define other confirmed positive test results after consideration of the recommendations of the United States centers for disease control and prevention.

(C) In developing guidelines for interpreting test results, the director shall consider interpretation criteria established by the United States centers for disease control and prevention.

3701-3-11 Requirements related to HIV testing.

(A) A human immunodeficiency virus (HIV) test may be performed by or on the order of the health care provider who, in the exercise of the provider's professional judgment and within the provider's scope of practice, determines the test to be necessary for providing diagnosis and treatment to the individual to be tested if the individual or the individual's parent or guardian has given consent. Prior to performing or ordering an HIV test, the health care provider shall inform the individual to be tested of the individual's right to an anonymous test as set forth in section 3701.242 of the Revised Code and paragraph (C) of this rule.

(B) Pursuant to division (B) of section 3701.242 of the Revised Code, a minor may consent to be given an HIV test. The consent is not subject to disaffirmance because of minority. The parents or guardian of a minor giving consent under this paragraph are not responsible for payments for an HIV test given to the minor without the consent of a parent or the guardian.

(C) Any individual seeking an HIV test shall have the right, on the individual's request, to an anonymous test. A health care facility or health care provider that does not provide anonymous testing shall refer the individual requesting an anonymous test to a site where anonymous testing is available.

(D) If an individual tests positive for HIV, the health care provider who performed or ordered the test shall provide post-test counseling. Post-test counseling is suggested for all individuals seeking testing. Post-test counseling may be verbal or in writing and shall include,

(1) An explanation of the HIV test result. If, at the time of the HIV test, the result is preliminarily positive, the health care provider must explain the next step to confirm the test result;
(2) The nature of HIV disease;
(3) A list of resources for medical treatment, social services and, when necessary, a referral for further counseling to help that individual cope with the emotional consequences of learning of the test result;
(4) The individual will be provided information about the importance of following safer sex practices to protect themselves from sexually transmitted diseases, as well as how to protect others from being infected; and
(5) The individual will be provided information about Ohio's HIV disclosure laws.

(E) The requirements of paragraphs (B) to (D) of this rule do not apply to the performance of an HIV test in any of the following circumstances:

(1) When the test is performed in a medical emergency by a nurse or physician and the test results are medically necessary to avoid or minimize an immediate danger to the health or safety of the individual to be tested or another individual. Post-test counseling shall be given to
the individual if the individual received an HIV positive test result as soon as possible after the emergency is over;

(2) When the test is performed for the purpose of research if the researcher does not know and cannot determine the identity of the individual tested;

(3) When the test is performed by a person who procures, processes, distributes, or uses a human body part from deceased person donated for a purpose specified in Chapter 2108 of the Revised Code, if the test is medically necessary to ensure that the body part is acceptable for its intended purpose;

(4) When the test is performed on a person incarcerated in a penal institution if the head of the institution has determined, based on good cause, that a test is necessary; or

(5) When the test is performed on an individual after the infection control committee of a health care facility, or other body of a health care facility performing a similar function determines that a health care provider, emergency medical service worker, or peace officer, when rendering health or emergency care to an individual, has sustained significant exposure to the body fluids that are known to transmit HIV of that individual, and the individual has refused to give consent for testing.

(F) The consent of the individual to be tested is not required, and the individual or guardian may not elect to have an anonymous test, when the test is ordered by a court in connection with a criminal investigation.

3701-3-12 HIV test results.

(A) As used in this rule:

(1) “AIDS” has the same meaning as in section 3701.24 of the Revised Code.

(2) “ARC” is a historic term having the same meaning as in section 3701.24 of the Revised Code.

(3) “A CD4 count” means a count of lymphocytes containing the CD4 epitope as determined by the results of lymphocyte phenotyping.

(4) “Health care facility” has the same meaning as in section 3701.24 of the Revised Code.

(5) “Health care provider” has the same meaning as in section 3701.23 of the Revised Code.

(6) “HIV” has the same meaning as in section 3701.24 of the Revised Code.

(7) “HIV infection” means a disease of the human immune system caused by infection with the human immunodeficiency virus.

(8) “HIV test” has the same meaning as in section 3701.24 of the Revised Code.

(9) “HIV viral load” means concentration of HIV virus in blood.

(B) Persons required to report cases of AIDS, ARC, HIV, confirmed positive tests for HIV, and HIV infections pursuant to divisions (B) and (C) of section 3701.24 of the Revised Code and this rule are as follows:

(1) Health care providers shall report every case of HIV infection, including AIDS, for persons under their treatment and care. In an institutional or health care facility setting, a designated agent, including, but not limited to, an infection preventionist may make the report for the diagnosing or treating health care provider.

(2) The individual in charge of the laboratory shall report all positive or repeatedly reactive results from antigen detection, nucleic acid detection, detection of antibody confirmed with a supplemental test, or positive cultures used in the diagnosis of HIV infection, CD4 counts and percentages when performed to monitor the progression of HIV disease, and detectable and undetectable viral load results when performed to monitor the efficacy of HIV treatment. If a second laboratory is used for additional or supplemental HIV testing, the person in charge of the laboratory first receiving the specimen shall report the results of the supplemental testing.
Chapter 10. Infectious Diseases and Public Health Issues
Part V. Cancer

(C) Every health care provider attending a newborn infant or child born to an HIV infected mother shall report every instance of perinatal exposure to HIV and any subsequent test results on every such exposed newborn infant or child until such time that either an HIV infection or a sero status that is negative is confirmed. In an institutional or health care facility setting, a designated agent, including, but not limited to, an infection preventionist, may make the report for the diagnosing or treating health care provider.

(D) Persons designated by paragraphs (B) and (C) of this rule shall report every case of HIV infection, including AIDS, every instance of perinatal exposure to HIV, and HIV test as described in paragraph (B)(2) of this rule to the department of health as follows (in each county the director shall designate the health commissioner of a health district in the county to receive the reports):

1. Health care provider shall provide the following information:
   a. Case information: name, diagnosis, date of birth, sex, ethnicity, race, and street address including city, state, and zip code.
   b. Health care provider information: name, telephone number, and street address including city, state, and zip code.
   c. Laboratory test information: specimen collection date, specimen type, test name, test result, and reference range, where applicable.
   d. Supplementary information as needed to complete official surveillance forms provided or set forth by the director.
   e. A health care provider may submit electronic reports in the manner approved by the director.

2. Person in charge of a laboratory shall provide the following information:
   a. Case information: name, diagnosis, date of birth, sex, ethnicity, race, and street address including city, state, and zip code.
   b. Health care provider information: name, telephone number, and street address including city, state, and zip code.
   c. Laboratory information: name, telephone number, and street address including city, state, and zip code.
   d. Laboratory test information: specimen collection date, specimen type, test name, test result, and reference range, where applicable.
   e. A laboratory may submit electronic reports in the manner approved by the director.

3. Health care providers and laboratories shall report in the following manner:
   a. Persons designated in paragraph (B)(1) of this rule shall report to the local health district in which the case resides, or if the residence is unknown, to the Ohio department of health no later than five calendar days from the date of diagnosis or specimen collection date, whichever is later.
   b. Persons designated in paragraph (B)(2) of this rule shall report to the local health district in which the case resides, or if the residence is unknown, to the Ohio department of health no later than five calendar days from the test result.
   c. Persons designated in paragraph (C) of this rule shall report to the local health district in which the infant was born, or if unknown, to the Ohio department of health no later than five calendar days from the infant's date of birth.

Part V. Cancer

3701.261 Ohio cancer incidence surveillance system.

(A) As used in this section, "state university" has the same meaning as in section 3345.011 of the Revised Code.
Chapter 10. Infectious Diseases and Public Health Issues
Part V. Cancer

(B) The director of health shall:
(1) Establish a population-based cancer registry, which shall be known as the Ohio cancer incidence surveillance system, to monitor the incidence of various types of malignant diseases in Ohio, make appropriate epidemiologic studies to determine any causal relations of such diseases with occupational, nutritional, environmental, or infectious conditions, and alleviate or eliminate any such conditions;
(2) Advise, consult, cooperate with, and assist, by contract or otherwise, agencies of the state and federal government, agencies of the governments of other states, agencies of political subdivisions of this state, universities, private organizations, corporations, and associations for the purposes of division (B)(1) of this section;
(3) Accept and administer grants from the federal government or other sources, public or private, for carrying out any of the functions enumerated in divisions (B)(1) and (2) of this section.

(C) The Ohio cancer incidence surveillance system shall follow a model of cancer data collection as set forth by the survey epidemiology and end results system (SEERS).

(D) The department may, by contract, designate a state university as an agent to implement some or all of this section and section 3701.262 of the Revised Code and the rules adopted under those sections.

3701.262 Reporting and research.

(A) As used in this section:
(1) “Physician” means a person who holds a valid certificate issued under Chapter 4731 of the Revised Code authorizing the person to practice medicine and surgery or osteopathic medicine and surgery.
(2) “Dentist” means a person who is licensed under Chapter 4715 of the Revised Code to practice dentistry.
(3) “Hospital” has the same meaning as in section 3727.01 of the Revised Code.
(4) “Cancer” includes those diseases specified by rule of the director of health under division (B)(2) of this section.

(B) The director of health shall adopt rules in accordance with Chapter 119 of the Revised Code to do all of the following:
(1) Establish the Ohio cancer incidence surveillance system required by section 3701.261 of the Revised Code;
(2) Specify the types of cancer and other tumorous and precancerous diseases to be reported to the department of health under division (D) of this section;
(3) Establish reporting requirements for information concerning diagnosed cancer cases as the director considers necessary to conduct epidemiologic surveys of cancer in this state;
(4) Establish standards that must be met by research projects to be eligible to receive information concerning individual cancer patients from the department of health.

(C) The department of health shall record in the registry all reports of cancer received by it. In the development and administration of the cancer registry the department may use information compiled by public or private cancer registries and may contract for the collection and analysis of, and research related to, the information recorded under this section.

(D)(1) Each physician, dentist, hospital, or person providing diagnostic or treatment services to patients with cancer shall report each case of cancer to the department. Any person required to report pursuant to this section may elect to report to the department through an existing cancer registry if the registry meets the reporting standards established by the director and reports to the department.

(2) No person shall fail to make the cancer reports required by division (D)(1) of this section.
Chapter 10. Infectious Diseases and Public Health Issues
Part V. Cancer

(E) All physicians, dentists, hospitals, or persons providing diagnostic or treatment services to patients with cancer shall grant to the department or its authorized representative access to all records that identify cases of cancer or establish characteristics of cancer, the treatment of cancer, or the medical status of any identified cancer patient.

(F) The Arthur G. James cancer hospital and Richard J. Solove research institute of the Ohio state university, shall analyze and evaluate the cancer reports collected pursuant to this section. The department shall publish and make available to the public reports summarizing the information collected. Reports shall be made on a calendar year basis and published not later than ninety days after the end of each calendar year.

(G) Furnishing information, including records, reports, statements, notes, memoranda, or other information, to the department of health, either voluntarily or as required by this section, or to a person or governmental entity designated as a medical research project by the department, does not subject a physician, dentist, hospital, or person providing diagnostic or treatment services to patients with cancer to liability in an action for damages or other relief for furnishing the information.

(H) This section does not affect the authority of any person or facility providing diagnostic or treatment services to patients with cancer to maintain facility-based tumor registries, in addition to complying with the reporting requirements of this section.

3701.60 Uterine cytologic examination.

Every hospital agency, as defined in section 140.01 of the Revised Code, may offer a uterine cytologic examination for cancer to every female in-patient twenty-one years of age or over unless contrary orders are given by the attending physician or unless the examination has been performed within the preceding year. Any female in-patient may refuse the examination. If the examination is offered, the hospital agency shall maintain records to show the examination results or that the examination was refused.

3701-4-01 Cancer incidence surveillance system; definitions.

As used in rules 3701-4-01 to 3701-4-03 of the Administrative Code:

(A) “Cancer” means the types of cancer and other tumorous and precancerous diseases to be reported to the department and which includes:

(1) Any primary in situ or invasive malignant neoplasm (with the exception of basal cell and squamous cell carcinoma in situ of the cervix); and

(2) Benign and borderline intracranial and central nervous system neoplasms.

(B) “Dentist” means a person who is licensed under section 4715.12 or 4715.15 of the Revised Code to practice dentistry.

(C) “Department” means the department of health.

(D) “Director” means the director of health.

(E) “Hospital” has the same meaning as in section 3727.01 of the Revised Code.

(F) “Ohio cancer incidence surveillance system” means a population based cancer registry maintained at the department pursuant to section 3701.261 of the Revised Code to monitor the incidence of various types of malignant diseases in Ohio, make appropriate epidemiologic studies to determine any causal relations of such disease with occupational, nutritional, environmental, or infectious conditions, and alleviate or eliminate any such conditions.

(G) “Person providing diagnostic or treatment services to patients with cancer” means a person who diagnoses a patient as having cancer or provides treatment services (with the exception of end of life care) to patients for a cancer diagnosis in a health care facility including, but not limited to, an ambulatory surgical treatment center, a freestanding cancer treatment
center, a radiation therapy center, a chemotherapy treatment center, a nursing home, an oncology or dermatology clinic, a laboratory, or any other facility which provides diagnostic or treatment services to patients with cancer.

(H) "Physician" means a person who holds a valid certificate issued under Chapter 4731 of the Revised Code.

(I) "Protected health information" has the same meaning as in section 3701.17 of the Revised Code.

3701-4-02 Cancer information reporting.

(A) Each physician, dentist, hospital, or person providing diagnostic or treatment services to patients with cancer shall report each case of cancer to the department in a manner approved by the director. Reports shall be made for all patients diagnosed or treated in Ohio, regardless of the patient's state of residence. The report shall contain information regarding the patient which includes but is not limited to the following:

(1) Last name of patient;
(2) First name of patient;
(3) Middle initial of patient;
(4) Social security number of patient (if available);
(5) County of residence at diagnosis;
(6) City of residence at diagnosis;
(7) Street address of residence at diagnosis;
(8) State of residence at diagnosis;
(9) Zip code of residence at diagnosis;
(10) Date of birth;
(11) Sex;
(12) Race;
(13) Hispanic origin;
(14) Age in years at diagnosis;
(15) Date of diagnosis;
(16) Date of first contact for this patient for this cancer at this facility;
(17) Type of reporting source;
(18) Primary site;
(19) Laterality;
(20) Sequence number;
(21) Histology;
(22) Grade;
(23) Diagnostic confirmation;
(24) First course of treatment;
(25) Date treatment began;
(26) Class of case;
(27) Tobacco use;
(28) Date of last contact (or death);
(29) Managing physician's name;
(30) Stage at diagnosis;
(31) Primary site supporting text;
(32) Histology supporting text;
(33) Stage at diagnosis supporting text; and
(34) First course of treatment supporting text.

Any person required to report pursuant to this paragraph may elect to report to the department through an existing cancer registry if the registry submits the information in
accordance with the requirements of this rule.

(B) Each and every physician, dentist, hospital, and other person who diagnose patients as having cancer will report the patient's cancer within six months of the date of diagnosis. Facilities or persons providing treatment services to patients for a cancer diagnosis will report the patient's cancer within six months of the date of first contact with the patient.

(C) All physicians, dentists, hospitals or other persons who diagnose patients as having cancer or provide treatment services to patients for a cancer diagnosis shall grant to the department or its authorized representative access to all records that identify cases of cancer or establish characteristics of cancer, the treatment of cancer, or the medical status of any identified cancer patient.

3701-4-03 Confidentiality.

(A) Any information, data, and reports with respect to a case of cancer which are furnished to, or procured by, the department shall be confidential and shall be used only for public health surveillance and research for the purposes of reducing the morbidity or mortality of cancer.

(B) A person involved with a research project may be given access to confidential information if all the following conditions are met and if the research project is approved by the department's institutional review board:

(1) The person conducting the research submits verification of his credentials and of the credentials of other individuals involved in conducting the research;

(2) The person conducting the research provides written information about the purpose of the research project, the nature of the data to be collected and how the researcher intends to analyze it, the records the researcher seeks to review, and the safeguards the researcher will take to protect the identity of patients whose records the researcher will be reviewing;

(3) The proposed safeguards are adequate to protect the identity of each patient whose records will be reviewed. Safeguards for the protection of the identity of patients shall include, but are not limited to, provisions to limit access to identifying data to only those individuals who during the course of the project need access to such information for research purposes and provisions for the maintenance and/or destruction of identifying information after the termination of the project;

(4) An agreement is executed between the department and the researcher that specifies the terms of the researcher's use of the records. The agreement will prohibit the publication or release of protected health information.

(C) Notwithstanding paragraphs (A) and (B) of this rule, a researcher may, with the approval of the department's institutional review board, contact individual cancer patients to request additional information for research purposes or to solicit a patient's participation in a research project. The researcher shall first notify the patient's managing physician of the intent to contact the patient. Unless the patient's managing physician informs the researcher within a reasonable time that the patient should not be contacted, the researcher may contact the patient. The researcher shall obtain the patient's verbal or written consent prior to requesting additional information or including the patient in a research project.

(D) Notwithstanding paragraphs (A) and (B) of this rule the department may release confidential information concerning individual cancer patients who are not Ohio residents to the cancer registry of the patient's state of residence at diagnosis.

(E) Nothing in this rule prevents the release to any person of summary, statistical, or aggregate information that does not identify individual cancer patients.
3701.048 Authority to issue drugs during emergency

(A) As used in this section:

(1) “Board of health” means the board of health of a city or general health district or the authority having the duties of a board of health under section 3709.05 of the Revised Code.

(2) “Controlled substance” has the same meaning as in section 3719.01 of the Revised Code.

(3) “Drug,” “dangerous drug,” and “licensed health professional authorized to prescribe drugs” have the same meanings as in section 4729.01 of the Revised Code.

(4) “Registered volunteer” has the same meaning as in section 5502.281 of the Revised Code.

(B) In consultation with the appropriate professional regulatory boards of this state, the director of health shall develop one or more protocols that authorize the following individuals to administer, deliver, or distribute drugs, other than schedule II and III controlled substances, during a period of time described in division (E) of this section, notwithstanding any statute or rule that otherwise prohibits or restricts the administration, delivery, or distribution of drugs by such individuals:

(1) A physician authorized under Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery;

(2) A physician assistant licensed under Chapter 4730 of the Revised Code;

(3) A dentist or dental hygienist licensed under Chapter 4715 of the Revised Code;

(4) A registered nurse licensed under Chapter 4723 of the Revised Code, including an advanced practice registered nurse, as defined in section 4723.01 of the Revised Code;

(5) A licensed practical nurse licensed under Chapter 4723 of the Revised Code;

(6) An optometrist licensed under Chapter 4725 of the Revised Code;

(7) A pharmacist or pharmacy intern licensed under Chapter 4729 of the Revised Code;

(8) A respiratory care professional licensed under Chapter 4761 of the Revised Code;

(9) An emergency medical technician-basic, emergency medical technician-intermediate, or emergency medical technician-paramedic who holds a certificate to practice issued under Chapter 4765 of the Revised Code;

(10) A veterinarian licensed under Chapter 4741 of the Revised Code.

(C) In consultation with the executive director of the emergency management agency, the director of health shall develop one or more protocols that authorize employees of boards of health and registered volunteers to deliver or distribute drugs, other than schedule II and III controlled substances, during a period of time described in division (E) of this section, notwithstanding any statute or rule that otherwise prohibits or restricts the delivery or distribution of drugs by such individuals.

(D) In consultation with the state board of pharmacy, the director of health shall develop one or more protocols that authorize pharmacists and pharmacy interns to dispense, during a period of time described in division (E) of this section, limited quantities of dangerous drugs, other than schedule II and III controlled substances, without a written, oral, or electronic prescription from a licensed health professional authorized to prescribe drugs or without a record of a prescription, notwithstanding any statute or rule that otherwise prohibits or restricts the dispensing of drugs without a prescription or record of a prescription.

(E) On the governor’s declaration of an emergency that affects the public health, the director of health may issue an order to implement one or more of the protocols developed pursuant to division (B), (C), or (D) of this section. At a minimum, the director’s order shall identify the one or more protocols to be implemented and the period of time during which the protocols shall be in effect.
one or more protocols are to be effective.

(F)(1) An individual who administers, delivers, distributes, or dispenses a drug or dangerous drug in accordance with one or more of the protocols implemented under division (E) of this section is not liable for damages in any civil action unless the individual's acts or omissions in performing those activities constitute willful or wanton misconduct.

(2) An individual who administers, delivers, distributes, or dispenses a drug or dangerous drug in accordance with one or more of the protocols implemented under division (E) of this section is not subject to criminal prosecution or professional disciplinary action under any chapter in Title XLVII of the Revised Code.

3701.138 ODH to prepare influenza vaccine information.

(A) As used in this section, “older adult” means an individual who is sixty years of age or older.

(B) The department of health shall prepare an influenza vaccine information sheet that pertains to older adults. The information sheet shall contain all of the following:

(1) A description of influenza, including its causes, symptoms, and methods of transmission;

(2) A discussion of the health risks that influenza poses to older adults;

(3) A discussion of the influenza vaccine, including its availability, the methods of administration, and its effectiveness in preventing influenza and lessening symptoms and complications of influenza;

(4) A recommendation that each older adult consult with a health care professional to determine whether annual vaccination against influenza is appropriate for the older adult.

(C) The information sheet may contain any other information regarding influenza and the influenza vaccine that the department considers necessary, including the following:

(1) The rates of influenza-associated hospitalizations and deaths among older adults;

(2) The benefits to older adults from annual vaccination against influenza, especially to those living in close proximity to other older adults;

(3) The entities, facilities, or health care professionals providing influenza vaccinations to older adults.

(D) The department shall periodically review and update the information sheet. The department shall make the information sheet available on its internet web site in a format suitable for printing.

3701.23 Reporting of diseases.

(A) As used in this section, “health care provider” means any person or government entity that provides health care services to individuals. “Health care provider” includes, but is not limited to, hospitals, medical clinics and offices, special care facilities, medical laboratories, physicians, pharmacists, dentists, physician assistants, registered and licensed practical nurses, laboratory technicians, emergency medical service organization personnel, and ambulance service organization personnel.

(B) Boards of health, health authorities or officials, health care providers in localities in which there are no health authorities or officials, and coroners or medical examiners shall report promptly to the department of health the existence of any of the following:

(1) Asiatic cholera;

(2) Yellow fever;

(3) Diphtheria;

(4) Typhus or typhoid fever;

(5) As specified by the director of health, other contagious or infectious diseases,
illnesses, health conditions, or unusual infectious agents or biological toxins posing a risk of human fatality or disability.

(C) No person shall fail to comply with the reporting requirements established under division (B) of this section.

(D) The reports required by this section shall be submitted on forms, as required by statute or rule, and in the manner the director of health prescribes.

(E) Information reported under this section that is protected health information pursuant to section 3701.17 of the Revised Code shall be released only in accordance with that section. Information that does not identify an individual may be released in summary, statistical, or aggregate form.

3701.25 Occupational diseases; duty to report.

(A) Every physician attending on or called in to visit a patient whom the physician believes to be suffering from poisoning from lead, cadmium, phosphorus, arsenic, brass, wood alcohol, mercury, or their compounds, or from compressed air illness and such other occupational diseases and ailments as the department of health shall require to be reported, shall within forty-eight hours from the time of first attending such patient send to the director of health a report stating:

1. Name, address, and occupation of patient;
2. Name, address, and business of employer;
3. Nature of disease;
4. Such other information as may be reasonably required by the department.

(B) No person shall fail to comply with the reporting requirements established under division (A) of this section.

(C) The reports required by this section shall be made on, or in conformity with, the standard schedule blanks provided for in section 3701.26 of the Revised Code. The mailing of the report, within the time required, in a stamped envelope addressed to the office of the director, shall be in compliance with this section.

(D) Such reports shall not be evidence of the facts therein stated in any action arising out of the disease therein reported.

(E) Information reported under this section that is protected health information pursuant to section 3701.17 of the Revised Code shall be released only in accordance with that section. Information that does not identify an individual may be released in summary, statistical, or aggregate form.

3701.56 Quarantine and isolation orders.

Boards of health of a general or city health district, health authorities and officials, officers of state institutions, police officers, sheriffs, constables, and other officers and employees of the state or any county, city, or township, shall enforce quarantine and isolation orders, and the rules the department of health adopts.

3701.571 Fines for not reporting.

(A) The director of health shall adopt rules pursuant to Chapter 119 of the Revised Code that establish a graduated system of fines based on the scope and severity of violations and the history of compliance, not to exceed seven hundred fifty dollars per incident, and in an adjudication under Chapter 119 of the Revised Code, may impose a fine against any person who violates division (C) of section 3701.23, division (C) of section 3701.232, division (C) of section 3701.24, division (B) of section 3701.25, or division (B) of section 3707.06 of the
Chapter 10. Infectious Diseases and Public Health Issues
Part VI. Communicable Diseases

Revised Code or against any poison prevention and treatment center or other health-related entity that fails to comply with division (C) of section 3701.201 of the Revised Code.

(B) On request of the director, the attorney general shall bring and prosecute to judgment a civil action to collect any fine imposed under division (A) of this section that remains unpaid.

(C) All fines collected under this section shall be deposited into the state treasury to the credit of the general operations fund created under section 3701.83 of the Revised Code.

3701.81 Exposing others to disease.

(A) No person, knowing or having reasonable cause to believe that he is suffering from a dangerous, contagious disease, shall knowingly fail to take reasonable measures to prevent exposing himself to other persons, except when seeking medical aid.

(B) No person, having charge or care of a person whom he knows or has reasonable cause to believe is suffering from a dangerous, contagious disease, shall recklessly fail to take reasonable measures to protect others from exposure to the contagion, and to inform health authorities of the existence of the contagion.

(C) No person, having charge of a public conveyance or place of public accommodation, amusement, resort, or trade, and knowing or having reasonable cause to believe that persons using such conveyance or place have been or are being exposed to a dangerous, contagious disease, shall negligently fail to take reasonable measures to protect the public from exposure to the contagion, and to inform health authorities of the existence of the contagion.

3707.06 Communicable diseases to be reported.

(A) Each physician or other person called to attend a person suffering from cholera, plague, yellow fever, typhus fever, diphtheria, typhoid fever, or any other disease dangerous to the public health, or required by the department of health to be reported, shall report to the health commissioner within whose jurisdiction the sick person is found the name, age, sex, and color of the patient, and the house and place in which the sick person may be found. In like manner, the owner or agent of the owner of a building in which a person resides who has any of the listed diseases, or in which are the remains of a person having died of any of the listed diseases, and the head of the family, immediately after becoming aware of the fact, shall give notice thereof to the health commissioner.

(B) No person shall fail to comply with the reporting requirements of division (A) of this section.

(C) Information reported under this section that is protected health information pursuant to section 3701.17 of the Revised Code shall be released only in accordance with that section. Information that does not identify an individual may be released in summary, statistical, or aggregate form.

3727.19 Hospitals must offer flu and pneumonia vaccine to patients.

(A) As used in this section:

(1) "Advisory committee" means the advisory committee on immunization practices of the United States centers for disease control and prevention or its successor agency.

(2) "Physician" means an individual authorized under Chapter 4731 of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery.

(B) Each hospital shall offer to each patient who is admitted to the hospital, in accordance with guidelines issued by the advisory committee, vaccination against influenza, unless a physician has determined that vaccination of the patient is medically inappropriate. The
vaccine shall be of a form approved by the advisory committee for that calendar year. A patient may refuse vaccination.

(C) Each hospital shall offer to each patient who is admitted to the hospital, in accordance with guidelines issued by the advisory committee, vaccination against pneumococcal pneumonia, unless a physician has determined that vaccination of the patient is medically inappropriate. Each vaccine shall be of a form approved by the advisory committee for that calendar year. A patient may refuse vaccination.

(D) The director of health may adopt rules under Chapter 119 of the Revised Code as the director considers appropriate to implement this section.

3727.20 Hospital to offer long-acting reversible contraceptive after delivery.

(A) Except as provided in division (B) of this section, each hospital that has a maternity unit licensed under Chapter 3711 of the Revised Code shall modify operational processes not later than three months after the effective date of this section or three months after commencing operations, as applicable, to ensure that a woman giving birth in the hospital has the option of having a long-acting reversible contraceptive placed after delivery and before the woman is discharged.

(B) A hospital is exempt from the requirement in division (A) of this section if the hospital notifies the department of health in writing that it has a faith-based objection to the requirement.

5502.281 Registration and immunity of registered volunteers in public emergency.

(A) The executive director of the emergency management agency, jointly with the director of health, shall do both of the following:

(1) Advise, assist, consult with, and cooperate with agencies and political subdivisions of this state to establish and maintain a statewide system for recruiting, registering, training, and deploying the types of volunteers reasonably necessary to respond to an emergency declared by the state or a political subdivision;

(2) Establish fees, procedures, standards, and requirements necessary for recruiting, registering, training, and deploying the volunteers as required under this section.

(B)(1) A registered volunteer's status as a volunteer, and any information presented in summary, statistical, or aggregate form that does not identify an individual, is a public record pursuant to section 149.43 of the Revised Code.

(2) Information related to a registered volunteer's specific and unique responsibilities, assignments, or deployment plans, including but not limited to training, preparedness, readiness, or organizational assignment, is a security record for purposes of section 149.433 of the Revised Code.

(3) Information related to a registered volunteer's personal information, including but not limited to contact information, medical information, or information related to family members or dependents, is not a public record pursuant to section 149.43 of the Revised Code.

(C) A volunteer registered under this section is not liable in damages to any person or government entity in tort or other civil action, including an action upon a medical, dental, chiropractic, optometric, or other health-related claim or veterinary claim, for injury, death, or loss to person or property that may arise from an act or omission of that volunteer. This division applies to a registered volunteer while providing services within the scope of the volunteer's responsibilities during an emergency declared by the state or political subdivision or in disaster-related exercises, testing, or other training activities, if the volunteer's act or omission does not constitute willful or wanton misconduct.

(D) As used in this section:

(1) "Registered volunteer" means any individual registered as a volunteer pursuant to
procedures established under this section and who serves without pay or other consideration, other than the reasonable reimbursement or allowance for expenses actually incurred or the provision of incidental benefits related to the volunteer's service, such as meals, lodging, and child care.

(2) "Political subdivision" means a county, township, or municipal corporation in this state.

5502.29 Political subdivision mutual assistance agreements; tort liability and immunity.

(A) As used in this section, “political subdivision” has the same meaning as in section 5502.41 of the Revised Code.

(B) Political subdivisions, in collaboration with other public and private agencies within this state, may develop mutual assistance or aid agreements for reciprocal emergency management assistance or aid for purposes of preparing for, responding to, and recovering from an incident, disaster, exercise, training activity, planned event, or emergency, any of which requires additional resources. In time of any incident, disaster, exercise, training activity, planned event, or emergency, any of which requires additional resources, each political subdivision may render assistance in accordance with such mutual assistance or aid agreements. Such mutual assistance or aid agreements shall not in any manner relieve the chief elected official of any political subdivision of the responsibility for providing emergency management.

(C) Political subdivisions, in collaboration with political subdivisions in adjacent states, may develop agreements for mutual assistance or aid for purposes of preparing for, responding to, and recovering from an incident, disaster, exercise, training activity, planned event, or emergency, any of which requires additional resources. Each political subdivision may render assistance in accordance with the mutual assistance or aid agreements. A mutual assistance or aid agreement with political subdivisions in adjacent states shall be approved by the chief elected officials of the agreeing political subdivisions or their designees and shall be prepared in accordance with the laws, regulations, ordinances, and resolutions applicable to the agreeing political subdivisions.

(D) When engaged in preparation for, response to, or recovery from an incident, disaster, exercise, training activity, planned event, or emergency, any of which requires additional resources, and in accordance with the applicable mutual assistance or aid agreement, personnel from political subdivisions outside this state shall be permitted to provide services within this state in accordance with this section and the terms of the mutual assistance or aid agreement.

(E) Personnel of the responding political subdivision shall continue under their local command and control structure, but shall be under the operational control of the appropriate officials within the incident management system of the political subdivision receiving the assistance or aid.

(F) Nothing in this section shall be construed to prohibit a private company or its employees from participating in the provision of mutual assistance or aid, if the responding political subdivision approves the participation and the contract between the political subdivision and the private company permits the participation.

(G) Nothing in this section shall be construed to prohibit personnel of political subdivisions in this state from responding to a request for mutual assistance or aid resulting from an incident, disaster, exercise, training activity, planned event, or emergency, any of which requires additional resources, when the personnel are responding as part of a regional response team that is under the operational control of the incident command structure.

(H) Whenever a person from outside this state who is subject to a mutual assistance or aid agreement authorized by this section holds a license, certificate, or other permit issued by
any state evidencing qualification for professional, mechanical, or other skills, such license, certificate, or other permit shall be recognized by this state as authorizing the person to render assistance or aid in this state involving such skill to meet the request for assistance or aid, so long as the person is acting within the scope of the person's license, certificate, or other permit.

(I) Personnel rendering assistance or aid pursuant to a mutual assistance or aid agreement authorized by this section remain employees or agents of their respective political subdivisions, including for purposes of tort liability and immunity from tort liability, and nothing in this section or any mutual assistance or aid agreement entered into pursuant to this section creates an employment relationship between the political subdivision requesting aid and the employees or agents of the political subdivision rendering aid.

(J) Responding political subdivisions and the personnel of that political subdivision, while rendering assistance or aid under this section, or while in route to or from rendering assistance or aid under this section, in a political subdivision in an adjacent state under an agreement authorized by this section, shall be deemed to be exercising governmental functions as defined in section 2744.01 of the Revised Code, shall have the defenses to and immunities from civil liability provided in sections 2744.02 and 2744.03 of the Revised Code, and shall be entitled to all applicable limitations on recoverable damages under section 2744.05 of the Revised Code.

(K) All pension, disability, death benefits, workers' compensation, and other benefits enjoyed by personnel rendering interstate or intrastate mutual assistance or aid shall extend to the services they perform outside their respective political subdivisions to the same extent as while acting within the boundaries of the political subdivisions, and personnel are entitled to the rights and benefits of Chapter 4123. to the same extent as while performing service within the boundaries of the political subdivisions.

5502.30 Emergency management; immunity.

(A) The state, any political subdivision, any municipal agency, any emergency management volunteer, another state, or an emergency management agency thereof or of the federal government or of another country or province or subdivision thereof performing emergency management services in this state pursuant to an arrangement, agreement, or compact for mutual aid and assistance, or any agency, member, agent, or representative of any of them, or any individual, partnership, corporation, association, trustee, or receiver, or any of the agents thereof, in good faith carrying out, complying with, or attempting to comply with any state or federal law or any arrangement, agreement, or compact for mutual aid and assistance, or any order issued by federal or state military authorities relating to emergency management, is not liable for any injury to or death of persons or damage to property as the result thereof during training periods, test periods, practice periods, or other emergency management operations, or false alerts, as well as during any hazard,actual or imminent, and subsequent to the same except in cases of willful misconduct. As used in this division, "emergency management volunteer" means only an individual who is authorized to assist any agency performing emergency management during a hazard.

(B) The state, any political subdivision, any individual, partnership, corporation, association, trustee, or receiver, or any agent, agency, representative, officer, or employee of any of them that owns, maintains, occupies, operates, or controls all or part of any building, structure, or premises shall not be liable for any injury or death sustained by any person or damage caused to any property while that person or property is in the building, structure, or premises for duty, training, or shelter purposes during a hazard, drill, test, or false warning, or is entering therein for such purposes or departing therefrom, or for any injury, death, or property damage as the result of any condition in or on the building, structure, or premises or of any act or omission with respect thereto, except a willful act intended to cause injury or damage.

(C) This section does not affect the right of any person to receive benefits to which he
may be entitled under Chapter 4123 of the Revised Code or any pension law, nor the rights of
any person to receive any benefits or compensation under any act of congress or under any law
of this state.

5502.41 Intrastate mutual aid; immunity; reimbursement.

(A) As used in this section:

(1) “Chief executive of a participating political subdivision” means the elected chief
executive of a participating political subdivision or, if the political subdivision does not have an
elected chief executive, a member of the political subdivision’s governing body or an employee
of the political subdivision appointed by the governing body’s members to be its representative
for purposes of the intrastate mutual aid program created pursuant to this section.

(2) “Countywide emergency management agency” means a countywide emergency
management agency established under section 5502.26 of the Revised Code.

(3) “Emergency” means any period during which the congress of the United States, a
chief executive as defined in section 5502.21 of the Revised Code, or a chief executive of a
participating political subdivision has declared or proclaimed that an emergency exists.

(4) “Participating
political subdivision” means each political subdivision in this state
except a political subdivision that enacts or adopts, by appropriate legislation, ordinance,
resolution, rule, bylaw, or regulation signed by its chief executive, a decision not to partici-
pate in
the intrastate mutual aid program created by this section and that provides a copy of the
legislation, ordinance, resolution, rule, bylaw, or regulation to the state emergency management
agency and to the countywide emergency management agency, regional authority for
emergency management, or program for emergency management within the political
subdivision.

(5) “Planned event” means a scheduled nonemergency activity as defined by the
national incident management system adopted under section 5502.28 of the Revised Code as
the state’s standard procedure for incident management. “Planned event” includes, but is not
limited to, a sporting event, concert, or parade.

(6) “Political subdivision” or “subdivision” has the same meaning as in section 2744.01 of
the Revised Code and also includes a health district established under Chapter 3709 of the
Revised Code.

(7) “Program for emergency management within a political subdivision” means a
program for emergency management created by a political subdivision under section 5502.271
of the Revised Code.

(8) “Regional authority for emergency management” means a regional authority for
emergency management established under section 5502.27 of the Revised Code.

(9) “Regional response team” means a group of persons from participating political
subdivisions who provide mutual assistance or aid in preparation for, response to, or recovery
from an incident, disaster, exercise, training activity, planned event, or emergency, any of which
requires additional resources. “Regional response team” includes, but is not limited to, an
incident management team, hazardous materials response team, water rescue team, bomb
team, or search and rescue team.

(B) There is hereby created the intrastate mutual aid program to be known as “the
intrastate mutual aid compact” to complement existing mutual aid agreements. The program
shall have two purposes:

(1) Provide for mutual assistance or aid among the participating political subdivisions for
purposes of preparing for, responding to, and recovering from an incident, disaster, exercise,
training activity, planned event, or emergency, any of which requires additional resources;

(2) Establish a method by which a participating political subdivision may seek assistance
or aid that resolves many of the common issues facing political subdivisions before, during, and
after an incident, disaster, exercise, training activity, planned event, or emergency, any of which requires additional resources, and that ensures, to the extent possible, eligibility for available state and federal disaster assistance or other funding.

(C) Each countywide emergency management agency, regional authority for emergency management, and program for emergency management within a political subdivision, in coordination with all departments, divisions, boards, commissions, agencies, and other instrumentalities within that political subdivision, shall establish procedures or plans that, to the extent possible, accomplish both of the following:

(1) Identify hazards that potentially could affect the participating political subdivisions served by that agency, authority, or program;

(2) Identify and inventory the current services, equipment, supplies, personnel, and other resources related to the preparedness, response, and recovery activities of the participating political subdivisions served by that agency, authority, or program.

(D)(1) The executive director of the state emergency management agency shall coordinate with the countywide emergency management agencies, regional authorities for emergency management, and programs for emergency management within a political subdivision in identifying and formulating appropriate procedures or plans to resolve resource shortfalls.

(2) During and after the formulation of the procedures or plans to resolve resource shortfalls, there shall be ongoing consultation and coordination among the executive director of the state emergency management agency; the countywide emergency management agencies, regional authorities for emergency management, and programs for emergency management within a political subdivision; and all departments, divisions, boards, commissions, agencies, and other instrumentalities of, and having emergency response functions within, each participating political subdivision, regarding this section, local procedures and plans, and the resolution of the resource shortfalls.

(E)(1) A participating political subdivision that is impacted by an incident, disaster, exercise, training activity, planned event, or emergency, any of which requires additional resources, may request mutual assistance or aid by doing either of the following:

(a) Declaring a state of emergency and issuing a request for assistance or aid by doing either of the following:

(b) Issuing to another participating political subdivision a verbal or written request for assistance or aid. If the request is made verbally, a written confirmation of the request shall be made not later than seventy-two hours after the verbal request is made.

(2) Requests for assistance or aid made under division (E)(1) of this section shall be made through the emergency management agency of a participating political subdivision or an official designated by the chief executive of the participating political subdivision from which the assistance or aid is requested and shall provide the following information:

(a) A description of the incident, disaster, exercise, training activity, planned event, or emergency;

(b) A description of the assistance or aid needed;

(c) An estimate of the length of time the assistance or aid will be needed;

(d) The specific place and time for staging of the assistance or aid and a point of contact at that location.

(F) A participating political subdivision shall provide assistance or aid to another participating political subdivision that is impacted by an incident, disaster, exercise, training activity, planned event, or emergency, any of which requires additional resources. The provision of the assistance or aid is subject to the following conditions:

(1) The responding political subdivision may withhold resources necessary to provide for its own protection.

(2) Personnel of the responding political subdivision shall continue under their local
command and control structure, but shall be under the operational control of the appropriate
officials within the incident management system of the participating political subdivision
receiving assistance or aid.

(3) Responding law enforcement officers acting pursuant to this section have the same
authority to enforce the law as when acting within the territory of their regular employment.

(G)(1) Nothing in this section shall do any of the following:
(a) Alter the duties and responsibilities of emergency response personnel;
(b) Prohibit a private company from participating in the provision of mutual assistance or
aid pursuant to the compact created pursuant to this section if the participating political
subdivision approves the participation and the contract with the private company allows for the
participation;
(c) Prohibit employees of participating political subdivisions from responding to a request
for mutual assistance or aid precipitated by an incident, disaster, exercise, training activity,
planned event, or emergency, any of which requires additional resources, when the employees
are responding as part of a regional response team that is under the operational control of the
incident command structure;
(d) Authorize employees of participating political subdivisions to respond to an incident,
disaster, exercise, training activity, planned event, or emergency, any of which requires
additional resources, without a request from a participating political subdivision.

(2) This section does not preclude a participating political subdivision from entering into
a mutual aid or other agreement with another political subdivision, and does not affect any other
agreement to which a participating political subdivision may be a party, or any request for
assistance or aid that may be made, under any other section of the Revised Code, including,
but not limited to, any mutual aid arrangement under this chapter, any fire protection or
emergency medical services contract under section 9.60 of the Revised Code, sheriffs’ requests
for assistance to preserve the public peace and protect persons and property under section
311.07 of the Revised Code, any agreement for mutual assistance or aid in police protection
under section 737.04 of the Revised Code, any agreement for law enforcement services
between universities and colleges and political subdivisions under section 3345.041 or 3345.21
of the Revised Code, and mutual aid agreements among emergency planning districts for
hazardous substances or chemicals response under sections 3750.02 and 3750.03 of the
Revised Code.

(H)(1) Personnel of a responding participating political subdivision who suffer injury or
death in the course of, and arising out of, their employment while rendering assistance or aid
under this section to another participating political subdivision are entitled to all applicable
benefits under Chapters 4121 and 4123 of the Revised Code.

(2) Personnel of a responding participating political subdivision shall be considered,
while rendering assistance or aid under this section in another participating political subdivision,
to be agents of the responding political subdivision for purposes of tort liability and immunity
from tort liability under the law of this state.

(3)(a) A responding participating political subdivision and the personnel of that political
subdivision, while rendering assistance or aid under this section, or while in route to or from
rendering assistance or aid under this section, in another participating political subdivision, shall
be deemed to be exercising governmental functions as defined in section 2744.01 of the
Revised Code, shall have the defenses to and immunities from civil liability provided in sections
2744.02 and 2744.03 of the Revised Code, and shall be entitled to all applicable limitations on
recoverable damages under section 2744.05 of the Revised Code.

(b) A participating political subdivision requesting assistance or aid and the personnel of
that political subdivision, while requesting or receiving assistance or aid under this section from
any other participating political subdivision, shall be deemed to be exercising governmental
functions as defined in section 2744.01 of the Revised Code, shall have the defenses to and

Communicable Diseases
immunities from civil liability provided in sections 2744.02 and 2744.03 of the Revised Code, and shall be entitled to all applicable limitations on recoverable damages under section 2744.05 of the Revised Code.

(I) If a person holds a license, certificate, or other permit issued by a participating political subdivision evidencing qualification in a professional, mechanical, or other skill, and if the assistance or aid of that person is asked for under this section by a participating political subdivision, the person shall be deemed to be licensed or certified in or permitted by the participating political subdivision receiving the assistance or aid to render the assistance or aid, subject to any limitations and conditions the chief executive of the participating political subdivision receiving the assistance or aid may prescribe by executive order or otherwise.

(J)(1) Subject to division (K) of this section and except as provided in division (J)(2) of this section, any participating political subdivision rendering assistance or aid under this section in another participating political subdivision shall be reimbursed by the participating political subdivision receiving the assistance or aid for any loss or damage to, or expense incurred in the operation of, any equipment used in rendering the assistance or aid, for any expense incurred in the provision of any service used in rendering the assistance or aid, and for all other costs incurred in responding to the request for assistance or aid. To avoid duplication of payments, insurance proceeds available to cover any loss or damage to equipment of a participating political subdivision rendering assistance or aid shall be considered in the reimbursement by the participating political subdivision receiving the assistance or aid.

(2) A participating political subdivision rendering assistance or aid under this section to another participating political subdivision shall not be reimbursed for either of the following:
   (a) The first eight hours of mutual assistance or aid it provides to the political subdivision receiving the assistance or aid;
   (b) Expenses the participating political subdivision incurs under division (H)(1) of this section.

(K) A participating political subdivision rendering assistance or aid under this section may do any of the following:
   (1) Assume, in whole or in part, any loss, damage, expense, or cost the political subdivision incurs in rendering the assistance or aid;
   (2) Loan, without charge, any equipment, or donate any service, to the political subdivision receiving the assistance or aid;
   (3) Enter into agreements with one or more other participating political subdivisions to establish different allocations of losses, damages, expenses, or costs among such political subdivisions.

3701-3-01 Communicable diseases; definitions.

As used in Chapter 3701-3 of the Administrative Code:
   (A) “Antimicrobial” means an agent that kills microorganisms or suppresses microorganism multiplication or growth.
   (B) “Arthropod” means an organism of the phylum Arthropoda, such as an insect, spider, mite or tick.
   (C) “Board of health” means the board of health of the city or general health district established by section 3709.01 of the Revised Code, or the authority having the duties of a board of health in any city as authorized by section 3709.05 of the Revised Code.
   (D) “Bioterrorism” means the intentional use of any microorganism, virus, infectious substance, or biological product that may be engineered as a result of biotechnology, or any naturally occurring or bioengineered component of a microorganism, virus, infectious substance, or biological product, to cause death, disease, or other biological malfunction in a human, animal, plant, or other living organism as a means of influencing the conduct of government or

Communicable Diseases
Epidemic or "outbreak" means the occurrence of cases of disease in numbers greater than expected in a particular population or for a particular period of time.

J) “Epidemic” or “outbreak” means the occurrence of cases of disease in numbers greater than expected in a particular population or for a particular period of time.

K) “Exclude” means to bar from participation.

L) “Event” means an important happening or occurrence that results from an actual or suspected act of bioterrorism, epidemic or pandemic disease, established or novel infectious agents, or biological or chemical toxins.

M) “Food handler” means a person who prepares or serves food intended for human consumption.

N) “Health care provider” means any person or government entity that provides health care services to individuals. “Health care provider” includes, but is not limited to, hospitals, medical clinics and offices, special care facilities, medical laboratories, physicians, dentists, physician assistants, registered and licensed practical nurses, emergency medical service organization personnel, and ambulance service personnel.

O) “Health district” means a city or general health district as created by Chapter 3709 of the Revised Code.

P) “Incidence” means the number of new cases of a disease occurring during a specified interval of time in a defined population.

Q) “Infected individual” means a person whose body harbors a specific microorganism capable of producing disease, whether or not the person is experiencing signs or symptoms of the disease.

R) “Isolation” means the separation of an infected individual from others during the period of disease communicability in such a way that prevents, as far as possible, the direct or indirect conveyance of an infectious agent to those who are susceptible to infection or who may spread the agent to others.

S) “Pandemic” means an epidemic disease that is occurring throughout a very wide area, usually several countries or continents, and usually affecting a large proportion of the population.

T) “Quarantine” means the restriction of the movements or activities of a well individual or animal who has been exposed to a communicable disease during the period of communicability of that disease and in such a manner that transmission of the disease may have occurred. The duration of the quarantine ordered shall be equivalent to the usual incubation period of the disease to which the susceptible person or animal was exposed.

X) “Sensitive occupation” means direct food handling, direct patient care, the handling
of food or provision of direct care to children in a child care center, or any other occupation which provides significant opportunity for an infected individual to transmit infectious disease agents.

(Y) “Sexually-transmitted disease” or “venereal disease” is an infectious disease commonly contracted through sexual contact such as chancroid, chlamydia, gonococcal infection, granuloma inguinale, human immunodeficiency virus infection, lymphogranuloma venereum, or syphilis.

(Z) “Surveillance” means, in the public health service, the systematic collection, analysis, interpretation, and dissemination, of health data on an on-going basis, to gain knowledge of the pattern of disease occurrence and potential in a community in order to control and prevent disease in the community.

(AA) “Susceptible person” means a person that, when exposed to an infectious microorganism, may not possess sufficient resistance to prevent contracting the infection or disease.

3701-3-02 Reportable diseases.

The diseases listed in this rule and classified as class “A”, class “B”, and class “C” are declared to be dangerous to the public health and are reportable. The occurrence of cases or suspected cases of a disease classified as class “A”, class “B”, or class “C” shall be reported, in detail, by health care providers and laboratories to the board of health on forms as prescribed and provided by the director and shall be reported in accordance with this rule and Chapter 3701-3 of the Administrative Code.

(A) Due to the severity of disease or the potential for epidemic spread, diseases of major public health concern are classified as class “A.” The following diseases are classified as class “A” and shall be reported immediately via telephone in accordance with rules 3701-3-03, 3701-3-04, and 3701-3-05 of the Administrative Code:

1. Anthrax;
2. Botulism, foodborne;
3. Cholera;
4. Diphtheria;
5. Influenza “A” - novel virus infection;
6. Measles;
7. Meningococcal disease;
8. Middle east respiratory syndrome (MERS);
9. Plague;
10. Rabies, human;
11. Rubella (not congenital);
12. Severe acute respiratory syndrome (SARS);
13. Smallpox;
14. Tularemia;
15. Viral hemorrhagic fever (VHF), including Ebola virus disease, Lassa fever, Marburg hemorrhagic fever, and Crimean-Congo hemorrhagic fever;
16. Yellow fever; and
17. Any unexpected pattern of cases, suspected cases, deaths or increased incidence of any other disease of major public health concern, because of the severity of disease or potential for epidemic spread, which may indicate a newly recognized infectious agent, outbreak, epidemic, related public health hazard or act of bioterrorism.

(B) Due to the potential for epidemic spread, diseases of significant public health concern are classified as class “B.” The following diseases are classified as class “B” and shall be reported in accordance with this rule and rules 3701-3-03, 3701-3-04, and 3701-3-05 of the
Chapter 10. Infectious Diseases and Public Health Issues
Part VI. Communicable Diseases

Administrative Code:
(1) Amebiasis;
(2) Arboviral neuroinvasive and non-neuroinvasive diseases:
   (a) Chikungunya virus infection;
   (b) Eastern equine encephalitis virus disease;
   (c) LaCrosse virus disease (other California serogroup virus disease);
   (d) Powassan virus disease;
   (e) St. Louis encephalitis virus disease;
   (f) West Nile virus infection;
   (g) Western equine encephalitis virus disease;
   (h) Zika virus infection;
   (i) Other Arthropod-borne diseases;
(3) Babesiosis;
(4) Botulism:
   (a) Infant;
   (b) Wound;
(5) Brucellosis;
(6) Campylobacteriosis;
(7) Chancroid;
(8) Chlamydia trachomatis infections;
(9) Coccidioidomycosis;
(10) Creutzfeldt-Jakob disease (CJD);
(11) Cryptosporidiosis;
(12) Cyclosporiasis;
(13) Dengue;
(14) E. coli O157:H7 and Shiga toxin-producing E. coli (STEC);
(15) Ehrlichiosis/anaplasmosis;
(16) Giardiasis;
(17) Gonorrhea (Neisseria gonorrhoeae);
(18) Haemophilus influenzae (invasive disease);
(19) Hantavirus;
(20) Hemolytic uremic syndrome (HUS);
(21) Hepatitis A;
(22) Hepatitis B (non-perinatal);
(23) Hepatitis B (perinatal);
(24) Hepatitis C;
(25) Hepatitis D (delta hepatitis);
(26) Hepatitis E;
(27) Influenza-associated hospitalization;
(28) Influenza-associated pediatric mortality;
(29) Legionnaires' disease;
(30) Leprosy (Hansen disease);
(31) Leptospirosis;
(32) Listeriosis;
(33) Lyme disease;
(34) Malaria;
(35) Meningitis:
   (a) Aseptic (viral);
   (b) Bacterial;
(36) Mumps;
(37) Pertussis;
(38) Poliomyelitis (including vaccine-associated cases);
(39) Psittacosis;
(40) Q fever;
(41) Rubella (congenital);
(42) Salmonellosis;
(43) Shigellosis;
(44) Spotted Fever Rickettsiosis, including Rocky Mountain spotted fever (RMSF);
(45) Staphylococcus aureus, with resistance or intermediate resistance to vancomycin (VRSA, VISA);
(46) Streptococcal disease, group A, invasive (IGAS);
(47) Streptococcal disease, group B, in newborn;
(48) Streptococcal toxic shock syndrome (STSS);
(49) Streptococcus pneumoniae, invasive disease (ISP);
(50) Syphilis;
(51) Tetanus;
(52) Toxic shock syndrome (TSS);
(53) Trichinellosis;
(54) Tuberculosis (TB), including multi-drug resistant tuberculosis (MDR-TB);
(55) Typhoid fever;
(56) Varicella;
(57) Vibriosis; and
(58) Yersiniosis.

(C) The following are classified as class “C” and shall be reported by the end of the next business day in accordance with this rule and rules 3701-3-03, 3701-3-04, and 3701-3-05 of the Administrative Code unless paragraph (C)(7) of this rule applies - outbreak, unusual incidence, or epidemic of other infectious diseases from the following sources:

(1) Community;
(2) Foodborne;
(3) Healthcare-associated;
(4) Institutional;
(5) Waterborne; and
(6) Zoonotic;

(7) If the outbreak, unusual incidence, or epidemic, including but not limited to, histoplasmosis, pediculosis, scabies, and staphylococcal infections, has an unexpected pattern of cases, suspected cases, deaths, or increased incidence of disease that is of a major public health concern pursuant to paragraph (A)(16) of this rule, then such outbreak, unusual incidence, or epidemic shall be reported in accordance with paragraph (A) of rule 3701-3-05 of the Administrative Code.

3701-3-02.1 Reporting occupational diseases.

(A) Every physician attending on or called in to visit a patient whom the physician believes to be suffering from any of the occupational diseases or occupationally related ailments listed in paragraph (B) of this rule shall submit a report to the director of health within forty-eight hours from the time of first attending the patient. This report shall be made on, or in conformity with, the standard schedule blanks which the director is required to provide physicians pursuant to section 3701.26 of the Revised Code and shall contain the following information:

(1) The name, address, and occupation of the patient;
(2) The name, address, and business of the patient’s employer;
(3) The nature of the disease or ailment; and
(4) Name, address and telephone number of the physician.
Chapter 10. Infectious Diseases and Public Health Issues
Part VI. Communicable Diseases

The mailing of the report, within the time required by this paragraph shall constitute compliance with section 3701.25 the Revised Code and this rule.

(B) The following occupational diseases and ailments are required to be reported:
(1) Poisoning from phosphorous, brass, arsenic, mercury, wood alcohol or their compounds;
(2) Compressed air illness;
(3) Poisoning from lead and cadmium.

3701-3-02.2 Exposed EMS workers.

(A) Section 3701.248 of the Revised Code allows an emergency medical services worker to ask a health care facility or coroner to notify them of the results of tests for certain diseases, if the worker believes that he or she had a significant exposure through contact with a patient. The diseases subject to this procedure are contagious or infectious diseases that are specified as reasonably likely to be transmitted by air or blood during the normal course of an emergency medical services worker's duties. The diseases listed in paragraph (B) of this rule are specified for purposes of section 3701.248 of the Revised Code.

(B) The following diseases are specified as reasonably likely to be transmitted by air or blood during the normal course of an emergency medical worker's duties:
(1) Crimean-Congo hemorrhagic fever;
(2) Diphtheria;
(3) Ebola hemorrhagic fever;
(4) Fifth disease (human parvovirus infection);
(5) Hansen disease (leprosy);
(6) Acute or chronic infection with hepatitis B virus;
(7) Acute or chronic infection with hepatitis C virus;
(8) Infection with hepatitis D virus (delta hepatitis);
(9) Human immunodeficiency virus (HIV) infection, including acquired immunodeficiency syndrome (AIDS);
(10) Infection with human t-lymphotropic virus (HTLV-1 and HTLV-2);
(11) Lassa fever;
(12) Leishmaniasis, visceral (Kala-Azar);
(13) Leptospirosis;
(14) Marburg hemorrhagic fever;
(15) Measles (rubeola);
(16) Meningococcal disease (Neisseria meningitidis);
(17) Mumps (infectious parotitis);
(18) Pertussis (whooping cough);
(19) Pneumonic plague (Yersinia pestis);
(20) Rabies;
(21) Rubella (German measles);
(22) Severe acute respiratory syndrome (SARS)
(23) Tuberculosis; and
(24) Varicella (herpes zoster) infection, including chickenpox and shingles.

3701-3-03 Reporting communicable diseases.

(A) A health care provider with knowledge of a case or suspect case of a disease which is required by law to be reported, including all class “A”, class “B”, and class “C” categories of disease designated as reportable under rule 3701-3-02 of the Administrative Code, shall submit a case report in the manner set forth in rule 3701-3-05 of the Administrative Code.
Chapter 10. Infectious Diseases and Public Health Issues
Part VI. Communicable Diseases

(1) A health care provider may submit electronic reports in the manner approved by the director.

(2) Unless otherwise demonstrated, a health care provider who submits electronic reports in the manner approved by the director shall be presumed compliant with section 3701.23 of the Revised Code and rules 3701-3-02, 3701-3-04, and 3701-3-05 of the Administrative Code.

(B) Reports of cases and suspect cases shall include, but not limited to, the following:

(1) Case or suspect case information: name, diagnosis or suspected diagnosis, date of birth, sex, telephone number, and street address including city, state, and zip code.

(2) Health care provider information: name, telephone number, and street address including city, state, and zip code.

(3) Supplementary information as needed to complete official surveillance forms provided or set forth by the director.

(C) Any individual having knowledge of a person suffering from a disease suspected of being communicable is authorized to report to public health authorities all known facts relating to the case or incident.

3701-3-04 Laboratory reporting.

(A) The person in charge of any laboratory that examines specimens of human origin for evidence of diseases designated as reportable by rule 3701-3-02 of the Administrative Code shall report all positive results of such examinations in the manner set forth in rule 3701-3-05 of the Administrative Code.

(B) A positive result of a laboratory examination for a reportable disease shall be considered reason to suspect that a person is infected by that disease. Upon receipt of a laboratory report of a positive result for a reportable disease, the city or general health district in which the suspect case resides shall make an inquiry through the appropriate health care provider to determine if the suspected case exists.

(C) A laboratory report shall include, but not be limited to, the following:

(1) Case information: name, date of birth, sex, and street address including city, state, and zip code.

(2) Laboratory test information: specimen identification number, specimen collection date, specimen type, test name, test result, and if applicable, the organism and serotype.

(3) Health care provider information: name, telephone number, street address including city, state, and postal zip code.

3701-3-05 When to report.

Reports by health care providers, as specified in rule 3701-3-03 of the Administrative Code, and reports by laboratories of positive results, as specified in rule 3701-3-04 of the Administrative Code, shall be provided in the manner set forth by the director according to the following time and method of reporting:

(A) Cases, suspect cases, and positive laboratory results for diseases specified as class “A” in paragraph (A) of rule 3701-3-02 of the Administrative Code shall be initially and immediately provided by telephone to the local health jurisdiction in which the case or suspected case resides, or if the residence is unknown, to the Ohio department of health. Follow up reports shall be provided in the manner set forth by the director. If cases, suspect cases, and positive laboratory results for diseases specified as class “A” are reported to a local health district, such local health jurisdiction shall immediately notify the Ohio department of health in the manner set forth by the director.

(B) Case and suspect case reports and reports of positive laboratory results for diseases
specified as class “B” in paragraph (B) of rule 3701-3-02 of the Administrative Code shall be provided by the end of the next business day.

(C) Reports related to an actual or suspected outbreak, unusual incident, or epidemic of any disease specified as class “C” in paragraph (C) of rule 3701-3-02 of the Administrative Code shall be provided by the end of the next business day, unless the unexpected pattern of cases, suspect cases, deaths, or increased incidence of disease is of major public health concern pursuant to paragraph (A) of rule 3701-3-02 of the Administrative Code, then such reports shall be made according to paragraph (A) of this rule.

3701-3-06 Local health reports to state health department.

A board of health that receives a report of a case, suspected case or positive laboratory result pursuant to rules 3701-3-02, 3701-3-03, 3701-3-04, and 3701-3-05 of the Administrative Code shall report the same report to the department as follows:

(A) Diseases specified as class “A” in paragraph (A) of rule 3701-3-02 of the Administrative Code shall be reported by telephone immediately after the existence of such case or suspect case is known to the board of health.

(B) Diseases specified as class “B” in paragraph (B) of rule 3701-3-02 of the Administrative Code shall be reported by the end of the next business day after the existence of such case or suspect case or positive laboratory result is known to the board of health.

(C) Outbreaks, unusual incidence, or epidemics of diseases specified as class “C” in paragraph (C) of rule 3701-3-02 of the Administrative Code shall be reported by the end of the next business day after the outbreak, unusual incidence, or epidemic is known to the board of health.

3701-3-08 Medical records access and confidentiality.

Any person, hospital, clinic, agency or other institution or facility providing care or treatment to an individual suffering from a communicable disease which is required to be reported under Chapter 3701 of the Revised Code and the rules adopted by the director of health, or a disease that the director requires special inquiry be made under sections 3701.13 and 3701.14 of the Revised Code, shall, upon written request by the director provide access to the patient's medical record to the director during an investigation of such disease.

3701-3-13 Isolation of infected persons.

A person infected with one of the following specified diseases or conditions shall be isolated as set forth in this rule:

(A) Amebiasis: a person with amebiasis who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return after diarrhea has ceased and three follow-up stool specimens are negative for Entamoeba histolytica.

(B) Campylobacteriosis: a person with campylobacteriosis who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return when the following conditions are met:

1. A child may return to a child care center after his or her diarrhea has ceased.
2. A person may return to work in a sensitive occupation after diarrhea has ceased, provided the person's duties do not include food handling.
3. A food handler may return to work only after diarrhea has ceased and one of the following conditions are met:
   a. Forty-eight hours of effective antimicrobial therapy; or
(b) Two consecutive follow-up stool specimens are negative for Campylobacter.

(C) Chickenpox: a person with chickenpox shall be isolated, including exclusion from school, child care center, and public places until the sixth day after onset of rash, or until all lesions are dry. Contagiousness may be prolonged in patients with altered immunity. Persons with chickenpox shall avoid contact with susceptible persons.

(D) Cholera: a person with cholera who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return when the following conditions are met:

(1) A child may return to a child care center after diarrhea has ceased.

(2) A person may return to work in a sensitive occupation after diarrhea has ceased, provided that his or her duties do not include food handling.

(3) A food handler may return to work after diarrhea has ceased and two consecutive follow-up stool specimens are negative for Vibrio cholerae.

(E) Conjunctivitis, purulent: a person with purulent conjunctivitis who attends or works in a child care center shall be excluded from the child care center and may return twenty-four hours after the initiation of effective antimicrobial therapy.

(F) Cryptosporidiosis: a person with cryptosporidiosis who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return when the following conditions are met:

(1) The child may return to the child care center after diarrhea has ceased.

(2) A person may return to work in a sensitive occupation after diarrhea has ceased, provided that his or her duties do not include food handling.

(3) A food handler may return to work after diarrhea has ceased and after three consecutive follow-up stool specimens are negative for Cryptosporidium.

(G) Cyclosporiasis: a person with cyclosporiasis who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return after diarrhea has ceased and effective antimicrobial therapy has begun.

(H) Diarrhea, infectious or of unknown cause: a person with diarrhea, of infectious or unknown cause, who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return only after diarrhea has ceased. A person with infectious diarrhea of known cause shall be isolated in accordance with the provisions of the rule set forth for the specified disease.

(I) Diphtheria: a person with diphtheria shall be isolated until two cultures, from both throat and nose, and additionally, in the case of cutaneous diphtheria, a culture from skin lesions, are negative for diphtheria bacilli. Cultures shall be taken not less than twenty-four hours apart, and not less than twenty-four hours after cessation of antimicrobial therapy. If culturing is unavailable or impractical, isolation may be ended after fourteen days of effective antimicrobial therapy.

(J) Escherichia coli (E. coli) O157:H7, other enterohemorrhagic (Shiga toxin-producing) E. coli or hemolytic uremic syndrome (HUS): a person with Escherichia coli (E. coli) O157:H7, other enterohemorrhagic (Shiga toxin-producing) E. coli or hemolytic uremic syndrome (HUS) who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return after his or her diarrhea has ceased and after two consecutive follow-up stool specimens are negative for E. coli O157:H7 or other enterohemorrhagic (Shiga toxin-producing) E. coli.

(K) Giardiasis: a person with giardiasis who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return after diarrhea has ceased and one of the following conditions have been met:

(1) Seventy-two hours of effective antimicrobial therapy; or
Chapter 10. Infectious Diseases and Public Health Issues
Part VI. Communicable Diseases

(2) Three consecutive follow-up stool specimens are negative for Giardia.

(L) Hepatitis A: a person with hepatitis A who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation until ten days after initial onset of symptoms.

(M) Measles: a person with measles shall be isolated, including exclusion from school or child care center, for four days following the onset of rash. Contagiousness may be prolonged in patients with altered immunity.

(N) Meningitis, aseptic, and viral meningoencephalitis, but not including arthropod-borne disease: a person with aseptic meningitis or viral meningoencephalitis shall be excluded from school or child care center until he or she is afebrile.

(O) Meningococcal disease: a person with meningococcal disease shall be isolated until twenty-four hours after the initiation of effective antimicrobial therapy.

(P) Mumps: a person with mumps shall be isolated, including exclusion from school or child care center, for five days after the onset of parotid swelling.

(Q) Pediculosis: a person with body lice shall be excluded from school or child care center until twenty-four hours after application of an effective pediculicide. A person with head lice shall be excluded from school or child care center until after the first treatment with an effective pediculicide.

(R) Pertussis (whooping cough): a person with pertussis, who is not treated with effective antimicrobial therapy, shall be isolated, including exclusion from school or child care center, until three weeks after the onset of paroxysms. If effective antimicrobial therapy is given, the person shall be isolated for five days after initiation of antimicrobial therapy.

(S) Plague: a person with plague shall be placed in droplet isolation until completion of forty-eight hours of effective antimicrobial therapy.

(T) Rubella: a person with rubella shall be isolated, including exclusion from school or child care center, for seven days after the onset of the rash. Persons with congenital rubella shall be isolated until they are one year old unless nasopharyngeal and urine cultures after three months of age are repeatedly negative for rubella.

(U) Salmonellosis: a person with salmonellosis who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return if diarrhea has ceased and after two consecutive follow-up stool specimens are negative for Salmonella.

(V) SARS (severe acute respiratory distress syndrome): a person with confirmed or suspected SARS shall be placed in airborne isolation until no longer considered infectious.

(W) Scabies: a person with scabies shall be isolated for twenty-four hours following initial treatment with an effective scabicide. A person with the manifestation of scabies known as “crusted scabies” shall be isolated until the mite can no longer be demonstrated on a scabies preparation.

(X) Shigellosis: a person with shigellosis who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return if diarrhea has ceased and after two consecutive follow-up stool specimens are negative for Shigella.

(Y) Smallpox: a person with confirmed or suspected smallpox shall be placed in airborne isolation in a facility designated by the director. The patient's release from the facility can occur when all scabs have fallen off.

(Z) Streptococcal infection: a person with a streptococcal infection shall be excluded from school or child care center for twenty-four hours after the initiation of effective antimicrobial
therapy.

(AA) Tuberculosis (TB): a person with infectious tuberculosis shall be isolated according to Chapter 3701-15 of the Administrative Code until the person has three negative AFB sputum smear results, collected eight to twenty-four hours apart (with at least one being an early morning specimen) and the person has responded clinically to an antituberculosis treatment regimen consistent with the results of any susceptibility testing performed and until the local authorized TB authority, as set out in section 339.72 of the Revised Code, or his or her designee approves that person's removal from isolation.

(BB) Typhoid fever person works in a sensitive occupation shall be excluded from work and may return after the person is asymptomatic and after three consecutive follow-up stool specimens are negative for Salmonella Typhi.

(CC) Typhus: a louse infested person with typhus shall be isolated until twenty-four hours after application of an effective pediculicide for body lice and clothing and environment are free of body lice.

(DD) Viral hemorrhagic fever (VHF): a person with confirmed or suspected viral hemorrhagic fever shall be placed in airborne isolation until no longer considered infectious.

(EE) Yellow fever: a person with confirmed or suspected yellow fever shall be isolated to prevent access of mosquitoes to the patient for at least five days after onset of disease.

(FF) Yersiniosis: a person with yersiniosis who attends a child care center or works in a sensitive occupation shall be excluded from the child care center or work in the sensitive occupation and may return when the following conditions are met:

1. A child may return to the child care center after diarrhea has ceased.
2. A person may return to work in a sensitive occupation after diarrhea has ceased, provided that his or her duties do not include food handling.
3. A food handler may return to work after diarrhea has ceased and two consecutive follow-up stool specimens are negative for Yersinia.

3701-3-15 Reporting by pharmacies and pharmacists; bioterrorism.

(A) As used in this rule:

1. "Pharmacist" means an individual licensed under Chapter 4729 of the Revised Code to engage in the practice of pharmacy as a pharmacist.
2. "Pharmacy," means the same as defined in division (A) of section 4729.01 of the Revised Code.
3. "Prescription" means the same as defined in division (H) of section 4729.01 of the Revised Code.
4. "Significant changes" means observations or occurrences of or related to medication usage that is, based on professional experience and judgment, too closely correlated to be attributed to chance.
5. "Unexpected increase" means, based on past experience, an unforeseen change in the types, urgency, or volume of sales, inquiries or requests specified in this rule.

(B) All pharmacies and pharmacists shall immediately report information by telephone or electronically to the health commissioner of the health district having jurisdiction:

1. Any prescription for medication used to treat a disease that is relatively uncommon and may have been caused by bioterrorism, or
2. Significant changes in medication usage that may be caused by bioterrorism, epidemic or pandemic disease, or established or novel infectious agents or biological toxins posing a risk of human fatality or disability, or
3. An unexpected increase in:
   a. The number of prescriptions issued for antibiotics;
   b. The number of prescriptions issued for medications to treat fever or respiratory or
Chapter 10. Infectious Diseases and Public Health Issues
Part VII. Epinephrine to Treat Anaphylaxis

Epinephrine to Treat Anaphylaxis—General Provisions

gastrointestinal complaints;
(c) The sales of or the number of requests for over-the-counter medication to treat fever, respiratory, or gastrointestinal complaints.
(C) Pharmacies and pharmacists shall submit reports required by this rule using forms and formats approved by the director. A pharmacy or pharmacist using an electronic reporting system or systems, to the extent approved by the director, is deemed to comply with the reporting requirements of this rule until such use is no longer considered active by the director.
(D) All health commissioners shall immediately report information received from pharmacies or pharmacists to the director.
(1) Health commissioner reports shall be submitted by telephone or by electronic means approved by the director.
(2) If a pharmacy has submitted an electronic report for over the counter medication sales as authorized by this rule and so advises the health commissioner, no further report is required.
(E) Upon receipt of a request from a health commissioner of the health district having jurisdiction, each pharmacy in the jurisdiction and for each location within the jurisdiction shall:
(1) Within ten business days of receiving such a request, identify an employee or employees of the pharmacy or a pharmacist or pharmacists employed at the pharmacy of who will be the point of contact for purposes of this rule.
(2) Within ten business days advise the health commissioner having jurisdiction of any change in the information of who will be responsible for being the point of contact for purposes of this rule.
(F) In consultation with the Ohio board of pharmacy, the director may publish a list of antibiotics and other medications that are required to be included in reports of significant changes in medication usage required by this rule.
(G) A pharmacy or pharmacist shall report information regarding events as specified in this rule. A pharmacy or pharmacist that does not report events in compliance with this rule is subject to an administrative fine as specified in rule 3701-73-02 of the Administrative Code.

Part VII. Epinephrine to Treat Anaphylaxis

3728.01 Administration of epinephrine.

As used in this chapter:
(A) “Administer epinephrine” means to inject an individual with epinephrine using an autoinjector in a manufactured dosage form.
(B) “Prescriber” means an individual who is authorized by law to prescribe drugs or dangerous drugs or drug therapy related devices in the course of the individual's professional practice, including only the following:
(1) A clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner who holds a certificate to prescribe issued under section 4723.48 of the Revised Code;
(2) A physician authorized under Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery;
(3) A physician assistant who is licensed under Chapter 4730 of the Revised Code, holds a valid prescriber number issued by the state medical board, and has been granted physician-delegated prescriptive authority.
(C) “Qualified entity” means any public or private entity that is associated with a location where allergens capable of causing anaphylaxis may be present, including child day-care centers, colleges and universities, places of employment, restaurants, amusement parks, recreation camps, sports playing fields and arenas, and other similar locations, except that
“qualified entity” does not include either of the following:
   (1) A chartered or nonchartered nonpublic school; community school; science, technology, engineering, and mathematics school; or a school operated by the board of education of a city, local, exempted village, or joint vocational school district;
   (2) A camp described in section 5101.76 of the Revised Code.

3728.03 Epinephrine autoinjector supply.

   (A) A qualified entity may acquire and maintain a supply of epinephrine autoinjectors that, in accordance with section 4723.483, 4730.433,1 or 4731.96 of the Revised Code, are personally furnished by a prescriber or obtained pursuant to a prescription issued by a prescriber.
   (B) Epinephrine autoinjectors acquired pursuant to this section shall be stored in a location readily accessible in an emergency and maintained in accordance with the manufacturer’s instructions and any additional requirements that may be established by the department of health under section 3728.11 of the Revised Code.
   (C) A qualified entity that acquires epinephrine autoinjectors pursuant to this section shall designate one or more individuals who are employees or agents of the entity and have successfully completed anaphylaxis training in accordance with section 3728.04 of the Revised Code to be responsible for oversight of the epinephrine autoinjectors, including storage, maintenance, and control. The qualified entity may authorize those individuals and other individuals who have successfully completed the anaphylaxis training to administer epinephrine.

3728.04 Epinephrine training.

   (A) The anaphylaxis training required by section 3728.03 of the Revised Code may be any of the following:
      (1) Training conducted by a nationally recognized organization that has experience in providing training in emergency health care to individuals who are not health care professionals;
      (2) Training by individuals or organizations approved by the department of health under section 3728.11 of the Revised Code;
      (3) Classes approved by the department under section 3728.11 of the Revised Code.
   (B) Training may be completed in person or through an online system. The training must cover all of the following and may include any other material the organization or individual conducting it or the department considers appropriate:
      (1) Ways of recognizing the signs and symptoms of severe allergic reactions, including anaphylaxis;
      (2) Standards and procedures for administration of epinephrine and storage of epinephrine autoinjectors;
      (3) Emergency follow-up procedures.
   (C) An individual must successfully complete training before being authorized to administer epinephrine under section 3728.03 of the Revised Code and every two years thereafter. A qualified entity may authorize an individual to administer epinephrine only if the individual provides the entity with a certificate issued by the organization or individual conducting the training attesting to successful completion. The certificate must be on a form developed by the department of health under section 3728.11 of the Revised Code.

3728.05 Authorized epinephrine administration.

   (A) An individual who has completed the anaphylaxis training required by section 3728.03 of the Revised Code and is authorized by a qualified entity may use an epinephrine
Epinephrine to Treat Anaphylaxis

autoinjector from a supply maintained under section 3728.03 of the Revised Code to do either of the following:

(1) Administer epinephrine to an individual believed in good faith to be experiencing anaphylaxis;

(2) Provide, for immediate administration, an epinephrine autoinjector to an individual believed in good faith to be experiencing anaphylaxis or to the parent, guardian, or caregiver of such an individual.

(B) Epinephrine may be administered under this section regardless of whether the individual believed to be experiencing anaphylaxis has a prescription for an epinephrine autoinjector or has previously been diagnosed with an allergy.

3728.09 Limited immunity for administration of epinephrine.

(A) The following are not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with administering epinephrine or acquiring, maintaining, accessing, or using an epinephrine autoinjector under this chapter, unless the act or omission constitutes willful or wanton misconduct:

(1) A qualified entity that maintains a supply of epinephrine autoinjectors as authorized in accordance with section 3728.03 of the Revised Code, and any employees or agents of the qualified entity;

(2) A trained individual who administers epinephrine or accesses an epinephrine autoinjector as authorized in accordance with section 3728.05 of the Revised Code;

(3) An individual or organization that conducts anaphylaxis training in accordance with section 3728.04 of the Revised Code.

(B) This section does not eliminate, limit, or reduce any other immunity or defense a person may be entitled to under any other provision of the Revised Code or under the common law of this state.

(C) A person located in this state is not liable for injury, death, or loss to person or property that allegedly arises from an act or omission associated with acquiring, maintaining, accessing, or using an epinephrine autoinjector outside of this state if either of the following is the case:

(1) The person would not have been liable had the act or omission occurred within this state;

(2) The person is not liable under the law of the state in which the act or omission occurred.

3728.10 Reporting administration of epinephrine.

A qualified entity that maintains and makes available epinephrine autoinjectors as authorized in accordance with this chapter shall annually report to the department of health, on a form developed by the department, each administration of epinephrine or provision of an epinephrine autoinjector under section 3728.05 of the Revised Code.

3728.11 ODH to develop epinephrine form; issue report; approve training; adopt rules.

(A) The department of health shall do all of the following:

(1) Develop a form to be used by an individual or organization to certify successful completion of anaphylaxis training under section 3728.04 of the Revised Code;

(2) Develop a form to be used to report each administration of epinephrine or provision of an epinephrine autoinjector as required by section 3728.10 of the Revised Code;

(3) Annually publish a report summarizing and analyzing all reports received by the
department under section 3728.10 of the Revised Code in the previous year.  
(B) The department may do either of the following:  
(1) Approve individuals or organizations to conduct anaphylaxis training under section 3728.04 of the Revised Code or approve certain classes offered by an individual or organization;  
(2) Adopt rules in accordance with Chapter 119 of the Revised Code specifying standards and procedures for storage and maintenance of epinephrine autoinjectors acquired pursuant to section 3728.03 of the Revised Code.
Chapter 11. Environmental, Radiation and Workplace

Part I. Clean Air and Waste

[Editor's Note: Additional statutes and regulations governing air, water, and land pollution are available at www.epa.state.oh.us.]

3704.036 Title V clean air act permit program.

(A) The director of environmental protection shall develop and administer a federally approvable Title V permit program and shall take all necessary and appropriate action to implement, through the issuance of Title V permits, applicable requirements of the federal Clean Air Act. Title V permits shall be required only for major sources and affected sources, as defined in 40 C.F.R. 70.2, and solid waste incineration units required to obtain a permit under section 129(e) of the federal Clean Air Act unless the administrator extends the obligation to obtain a Title V permit to other sources.

The Title V permit program does not apply to research and development sources whose emissions do not exceed the requirements of 40 C.F.R. 70.3(a)(1) or any facility or air contaminant source authorized by 40 C.F.R. 70.3(b) to be exempt from the obligation to obtain a Title V permit. A source that obtains a Title V permit shall not be required to obtain any other operating permit under this chapter and rules adopted under it.

Federally enforceable requirements shall be identified separately in Title V permits. The director may include in those permits reasonable and lawful terms and conditions necessary to ensure compliance with this chapter and rules adopted under it that are not federally enforceable requirements, provided that those terms and conditions are clearly separated from federally enforceable requirements and the Title V permits state that those terms and conditions are not federally enforceable.

(B) The director shall adopt, and may amend, suspend, and rescind, rules to facilitate the implementation, supervision, administration, and operation of the Title V permit program that are consistent with, and no more stringent than, the requirements of Title V of the federal Clean Air Act and 40 C.F.R. part 70. The rules shall establish at least all of the following:

(1) Definitions of the following terms, which shall be consistent with and no more stringent than the definitions in 40 C.F.R. part 70: "administrative permit amendment," "affected source," "applicable requirement," "emergency," "emissions unit," "fugitive emissions," "major source," "major stationary source," "potential to emit," "regulated air pollutant," and "stationary source;"

(2) Provisions for minor modifications and operational flexibility that minimize administrative burdens on a source and ensure maximum operational flexibility consistent with the federal Clean Air Act and regulations adopted under it;

(3) Provisions for administrative Title V permit amendments. The rules shall require the director to approve or disapprove an administrative permit amendment in accordance with all of the following:

(a) The director shall take not more than sixty days from receipt of a request for an administrative permit amendment to issue a final action on the request in accordance with the procedures specified in 40 C.F.R. 70.7(d).

(b) Chapter 119 and sections 3704.04 and 3745.07 of the Revised Code do not apply to administrative permit amendments under division (B)(3) of this section.

(c) The director's determination under division (B)(3) of this section is a final action appealable to the environmental review appeals commission under section 3745.04 of the
Revised Code.

(4) Provisions for exemption of insignificant air contaminant sources from inclusion in the Title V permit program. To the extent consistent with the federal Clean Air Act, the exemptions shall include, at a minimum, all source categories that are excluded from the requirements to obtain installation permits and operating permits pursuant to divisions (F) and (G) of section 3704.03 of the Revised Code and any source categories specifically exempted under 40 C.F.R. part 70 and also shall include, to the extent consistent with the federal Clean Air Act, any air contaminant sources with the potential to emit not more than five tons per year of a federally regulated air pollutant other than hazardous air pollutants and not more than twenty per cent of an applicable major source threshold under the federal Clean Air Act.

(5) Provisions to implement the permit shield permitted by the Federal Clean Air Act to the extent consistent with that act and regulations adopted under it, including at least provisions by which a Title V permit applicant may request the director to make a determination whether a provision or class of requirements of that act is applicable to the applicant's air contaminant source. Any such determination made by the director shall be specified in the applicant's Title V permit.

The director may adopt, amend, suspend, and rescind such other rules as are necessary for a federally approvable Title V permit program, which shall be consistent with, and no more stringent than, the requirements of Title V of the federal Clean Air Act and 40 C.F.R. part 70.

(C) Applications for initial Title V permits shall be submitted not less than one year after the director adopts rules under division (B) of this section for the implementation of the Title V permit program. New facilities that are required to obtain a Title V permit shall submit a complete Title V permit application not later than one year after the date of commencement of operation.

Title V permits shall not become effective prior to approval of the Title V permit program by the administrator pursuant to section 502 of the federal Clean Air Act.

Title V permits, except for permits that contain acid rain provisions pursuant to Title IV of the federal Clean Air Act and permits issued for solid waste incineration units combusting municipal waste that are subject to section 129 (e) of the federal Clean Air Act, may be issued for a period determined by the director not to exceed five years, are renewable, and are transferable. Title V permits that contain acid rain provisions pursuant to Title IV of the federal Clean Air Act shall be issued for a fixed term of five years. Title V permits for solid waste incineration units combusting municipal waste that are subject to section 129 (e) of the federal Clean Air Act may be issued for a period to be determined by the director not to exceed twelve years and are renewable. If such permits are issued for a period longer than five years, they shall be reviewed by the director at least once every five years to determine compliance with the permit requirements and to incorporate any new requirements established during the previous five years.

(D) A complete Title V permit application is one that contains all the information, consistent with 40 C.F.R. 70.5 (c), needed to begin processing the application and a certification by a responsible official of the truth, accuracy, and completeness of the information in the application, based upon information and belief formed after reasonable inquiry by the responsible official. Unless the director determines within sixty days after receipt of the application that the application is not complete, the application shall be deemed to be complete.

If, during the processing of an application before or after it has been determined or deemed to be complete, the director determines that additional information is necessary in order to evaluate or take final action on the application, the director may request that information in writing from the applicant. Any such request by the director shall identify the information requested with reasonable specificity and shall provide a reasonable time, not less than fifteen days, for the applicant's submission of the requested information.

If an applicant fails to make a good faith and timely response to a request for additional
information under this division with regard to an application that the director believes to be incomplete, the director shall offer to meet with the applicant within seven days after issuance of a letter for failure to submit the requested information. If the meeting or meeting offer fails to obtain a complete application from the applicant, the director, without prior hearing, shall make a final determination that the application is not complete. Any such determination shall not become effective until twenty days after notice of the determination is sent to the applicant by certified mail. An incompleteness determination by the director may be appealed in accordance with section 3745.04 of the Revised Code, except that if the notice of appeal is timely filed and is accompanied by an application for stay, the stay shall become effective upon filing and shall continue until such time as the environmental review appeals commission rules on the merits of the stay. The commission shall conduct an immediate hearing and determination on the application for stay without interruption by continuances, other than for unavoidable circumstances. If the commission grants the stay, it immediately shall conduct the hearing on the merits and determine the appeal without interruption by continuances, other than for unavoidable circumstances.

(E) The director expressly shall include permit shield provisions for each Title V permit in accordance with the following requirements:

(1) Except as provided in this section, the director shall expressly include in a Title V permit a provision stating that compliance with the conditions of the permit shall be deemed to be compliance with any applicable requirements as of the date of permit issuance, provided that either:

(a) The applicable requirements are included and are specifically identified in the permit;
(b) The director, in acting on the permit application or revision, determines in writing that other requirements specifically identified are not applicable to the facility, and the permit includes the determination or a concise summary of it.

(2) Nothing in division (E) of this section or in any Title V permit shall alter or affect any of the following:

(a) The provisions of section 303 of the federal Clean Air Act, including the authority of the administrator under that section;
(b) The liability of an owner or operator of a facility for any violation of applicable requirements prior to or at the time of permit issuance;
(c) The applicable requirements of the acid rain program, consistent with section 408 (a) of the federal Clean Air Act;
(d) The ability of the administrator to obtain information from a facility pursuant to section 114 of the federal Clean Air Act.

(F) (1) Title V permit applications shall be acted upon by the director in accordance with Chapters 119 and 3745 of the Revised Code and with 40 C.F.R. 70.8. If a Title V permit expires after a complete and timely renewal application has been filed with the director, all provisions and authorizations of the expired permit shall remain in effect until the director's final action on the pending renewal application. The director's failure to take action on a Title V permit application or permit renewal or modification application within the deadlines specified in the federal Clean Air Act or in 40 C.F.R. part 70 shall be a final action appealable to the environmental review appeals commission under section 3745.04 of the Revised Code.

(2) The director shall not issue a Title V permit if the administrator timely objects to its issuance under 40 C.F.R. 70.8 (c) or (d).

(3) The director may modify, revoke, or revoke and reissue a Title V permit for cause. The director shall modify, revoke, or revoke and reissue a Title V permit if requested to do so by the administrator under 40 C.F.R. 70.8 (d).

(G) A Title V permit applicant may request a single permit for a stationary source with multiple Title V emissions units or may request separate permits for any one or more emissions units at the same stationary source required to have a Title V permit. The director shall honor all
Upon written request of a Title V permit applicant, the director shall make a
determination of the applicability or inapplicability of any provision or class of requirements
under the federal Clean Air Act to an emissions unit or stationary source and shall include that
determination or a concise summary of it in the applicant's Title V permit.

(H) A Title V permit applicant may request a permit that accommodates multiple
operating scenarios and anticipated changes in emissions during the term of a permit at a
specified facility. The director shall include in a Title V permit all operating scenarios and
anticipated changes in emissions for which an application has been made unless the operating
scenarios or emissions are prohibited by federally enforceable requirements. The director may
include in a Title V permit such monitoring and recordkeeping requirements as may be
reasonably necessary to verify that any authorized operating scenario complies with federally
enforceable requirements. In imposing any such requirements, the director shall consider and
minimize, to the extent practicable, the administrative burdens that the monitoring will impose on
the source.

(I) The director, by rule or order on a class of similar permit applications, may issue a
general permit covering numerous similar facilities or air contaminant sources. Any such general
permit shall comply with all substantive requirements applicable to conventional Title V permits.
A general permit shall apply to the owner or operator of a facility or air contaminant source only
upon application of the owner or operator to the director.

(J) The director may issue a single Title V permit authorizing emissions from similar
operations at multiple temporary locations within the state, provided that the permit ensures
compliance with all federally enforceable requirements and with 40 C.F.R. 70.6 (e) at all
authorized locations. Any such permit shall require the owner or operator to notify the director in
advance of each change in location.

(K) A Title V permit shall address all existing federally enforceable requirements
applicable to the permitted facility and shall not impose new substantive requirements beyond
the federally enforceable requirements except for terms and conditions that are identified as not
federally enforceable as provided in division (A) of this section. A Title V permit shall specify the
regulatory citation for federal requirements addressed in the permit and shall identify any
difference in form as compared to the federally enforceable requirement on which it is based.

If the applicant for a Title V permit proposes an alternative emission limit as provided
under division (E) of section 3704.03 of the Revised Code, and if the director determines that
the alternative emission limit is equivalent to an emission limit adopted under that division, the
alternative emission limit shall be included in the Title V permit together with provisions to
ensure that any resulting emission limit has been demonstrated to be quantifiable, accountable,
enforceable, and based on replicable procedures. Any such alternative emission limit shall not
take effect if the administrator timely objects to it in accordance with division (F)(2) of this
section.

(L) The director shall take all necessary and appropriate action to do both of the
following:

(1) Issue Title V permits for affected sources consistent with the requirements of Title IV
of the federal Clean Air Act;

(2) Implement, through Title V permits, applicable requirements of section 112 of the
federal Clean Air Act.

(M) The director shall develop procedures for the Title V permit program such that the
program shall minimize procedural burdens and maximize source operational flexibility to the
extent consistent with the federal Clean Air Act.

(N) A Title V permit shall not apply to a physical, operational, or other change that is not
a change within a permitted facility. A Title V permittee shall provide simultaneous written notice
to the director and the administrator of each such off-permit change that is not addressed or prohibited by the federally enforceable portion of the Title V permit, except that no notice is required for off-permit changes that qualify as insignificant under rules adopted under division (B)(4) of this section.

(O) The director shall adopt rules doing both of the following:

(1) Establishing procedures under which any air contaminant source may assume federally enforceable restrictions on its emissions rates, operating rates, hours of operation, or other parameters that are more stringent than those limitations that ordinarily would apply to the source in order to limit the potential of the source to emit;

(2) To the maximum extent possible consistent with federal law, allowing such a source to impose the limitations described in division (O)(1) of this section on its operations unilaterally without further action by the director or approval from the United States environmental protection agency and otherwise minimizing the time required to effectuate such federally enforceable limits.

Until the director adopts rules under division (O) of this section, the owner or operator of an air contaminant source or sources may submit an application for a permit or permit modification pursuant to division (G) of section 3704.03 of the Revised Code with federally enforceable terms and conditions to limit the potential to emit of the source or sources to less than the major source emission thresholds defined in 40 C.F.R. 70.2. The application shall identify both an annual limit and a short-term limit of not more than thirty days for each pollutant to be restricted together with adequate methods for establishing compliance with the limits. Upon submission of the application, the limits shall be federally enforceable against the applicant. The application shall be signed by a responsible official and submitted simultaneously to the director and the administrator. The director shall act on the application in accordance with Chapters 119 and 3745 of the Revised Code.

3734.01 Infectious and other waste; definitions.

As used in this chapter:

(A) “Board of health” means the board of health of a city or general health district or the authority having the duties of a board of health in any city as authorized by section 3709.05 of the Revised Code.

(B) “Director” means the director of environmental protection.

(C) “Health district” means a city or general health district as created by or under authority of Chapter 3709 of the Revised Code.

(D) “Agency” means the environmental protection agency.

(E) “Solid wastes” means such unwanted residual solid or semisolid material as results from industrial, commercial, agricultural, and community operations, excluding earth or material from construction, mining, or demolition operations, or other waste materials of the type that normally would be included in demolition debris, nontoxic fly ash and bottom ash, including at least ash that results from the combustion of coal and ash that results from the combustion of coal in combination with scrap tires where scrap tires comprise not more than fifty per cent of heat input in any month, spent nontoxic foundry sand, nontoxic, nonhazardous, unwanted fired and unfired, glazed and unglazed, structural products made from shale and clay products, and slag and other substances that are not harmful or inimical to public health, and includes, but is not limited to, garbage, scrap tires, combustible and noncombustible material, street dirt, and debris. “Solid wastes” does not include any material that is an infectious waste or a hazardous waste.

(F) “Disposal” means the discharge, deposit, injection, dumping, spilling, leaking, emitting, or placing of any solid wastes or hazardous waste into or on any land or ground or surface water or into the air, except if the disposition or placement constitutes storage or
treatment or, if the solid wastes consist of scrap tires, the disposition or placement constitutes a beneficial use or occurs at a scrap tire recovery facility licensed under section 3734.81 of the Revised Code.

(G) “Person” includes the state, any political subdivision and other state or local body, the United States and any agency or instrumentality thereof, and any legal entity defined as a person under section 1.59 of the Revised Code.

(H) “Open burning” means the burning of solid wastes in an open area or burning of solid wastes in a type of chamber or vessel that is not approved or authorized in rules adopted by the director under section 3734.02 of the Revised Code or, if the solid wastes consist of scrap tires, in rules adopted under division (V) of this section or section 3734.73 of the Revised Code, or the burning of treated or untreated infectious wastes in an open area or in a type of chamber or vessel that is not approved in rules adopted by the director under section 3734.021 of the Revised Code.

(I) “Open dumping” means the depositing of solid wastes into a body or stream of water or onto the surface of the ground at a site that is not licensed as a solid waste facility under section 3734.05 of the Revised Code or, if the solid wastes consist of scrap tires, as a scrap tire collection, storage, monocell, monofill, or recovery facility under section 3734.81 of the Revised Code; the depositing of solid wastes that consist of scrap tires onto the surface of the ground at a site or in a manner not specifically identified in divisions (C)(2) to (5), (7), or (10) of section 3734.85 of the Revised Code; the depositing of untreated infectious wastes into a body or stream of water or onto the surface of the ground; or the depositing of treated infectious wastes into a body or stream of water or onto the surface of the ground at a site that is not licensed as a solid waste facility under section 3734.05 of the Revised Code.

(J) “Hazardous waste” means any waste or combination of wastes in solid, liquid, semisolid, or contained gaseous form that in the determination of the director, because of its quantity, concentration, or physical or chemical characteristics, may do either of the following:

1. Cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness;
2. Pose a substantial present or potential hazard to human health or safety or to the environment when improperly stored, treated, transported, disposed of, or otherwise managed.

(K) “Treat” or “treatment,” when used in connection with hazardous waste, means any method, technique, or process, including neutralization, designed to change the physical, chemical, or biological character or composition of any hazardous waste so as to neutralize the waste; recover energy or material resources from the waste; render the waste nonhazardous or less hazardous, safer to transport, store, or dispose of, or amenable for recovery or storage; or reduce the volume of the waste. When used in connection with infectious wastes, “treat” or “treatment” means any method, technique, or process that renders the wastes noninfectious so that it is no longer an infectious waste and is no longer an infectious substance as defined in applicable federal law, including, without limitation, steam sterilization and incineration, and, in the instance of wastes identified in division (R)(7) of this section, to substantially reduce or eliminate the potential for the wastes to cause lacerations or puncture wounds.

(L) “Manifest” means the form used for identifying the quantity, composition, origin, routing, and destination of hazardous waste during its transportation from the point of generation to the point of disposal, treatment, or storage.

(M) “Storage,” when used in connection with hazardous waste, means the holding of hazardous waste for a temporary period in such a manner that it remains retrievable and substantially unchanged physically and chemically and, at the end of the period, is treated;
disposed of; stored elsewhere; or reused, recycled, or reclaimed in a beneficial manner. When used in connection with solid wastes that consist of scrap tires, “storage” means the holding of scrap tires for a temporary period in such a manner that they remain retrievable and, at the end of that period, are beneficially used; stored elsewhere; placed in a scrap tire monocolll or monofill facility licensed under section 3734.81 of the Revised Code; processed at a scrap tire recovery facility licensed under that section or a solid waste incineration or energy recovery facility subject to regulation under this chapter; or transported to a scrap tire monocolll, monofill, or recovery facility, any other solid waste facility authorized to dispose of scrap tires, or a facility that will beneficially use the scrap tires, that is located in another state and is operating in compliance with the laws of the state in which the facility is located.

(N) “Facility” means any site, location, tract of land, installation, or building used for incineration, composting, sanitary landfilling, or other methods of disposal of solid wastes or, if the solid wastes consist of scrap tires, for the collection, storage, or processing of the solid wastes; for the transfer of solid wastes; for the treatment of infectious wastes; or for the storage, treatment, or disposal of hazardous waste.

(O) “Closure” means the time at which a hazardous waste facility will no longer accept hazardous waste for treatment, storage, or disposal, the time at which a solid waste facility will no longer accept solid wastes for transfer or disposal or, if the solid wastes consist of scrap tires, for storage or processing, or the effective date of an order revoking the permit for a hazardous waste facility or the registration certificate, permit, or license for a solid waste facility, as applicable. “Closure” includes measures performed to protect public health or safety, to prevent air or water pollution, or to make the facility suitable for other uses, if any, including, but not limited to, the removal of processing residues resulting from solid wastes that consist of scrap tires; the establishment and maintenance of a suitable cover of soil and vegetation over cells in which hazardous waste or solid wastes are buried; minimization of erosion, the infiltration of surface water into such cells, the production of leachate, and the accumulation and runoff of contaminated surface water; the final construction of facilities for the collection and treatment of leachate and contaminated surface water runoff, except as otherwise provided in this division; the final construction of air and water quality monitoring facilities, except as otherwise provided in this division; the final construction of methane gas extraction and treatment systems; or the removal and proper disposal of hazardous waste or solid wastes from a facility when necessary to protect public health or safety or to abate or prevent air or water pollution. With regard to a solid waste facility that is a scrap tire facility, “closure” includes the final construction of facilities for the collection and treatment of leachate and contaminated surface water runoff and the final construction of air and water quality monitoring facilities only if those actions are determined to be necessary.

(P) “Premises” means either of the following:

(1) Geographically contiguous property owned by a generator;
(2) Noncontiguous property that is owned by a generator and connected by a right-of-way that the generator controls and to which the public does not have access. Two or more pieces of property that are geographically contiguous and divided by public or private right-of-way or rights-of-way are a single premises.

(Q) “Post-closure” means that period of time following closure during which a hazardous waste facility is required to be monitored and maintained under this chapter and rules adopted under it, including, without limitation, operation and maintenance of methane gas extraction and treatment systems, or the period of time after closure during which a scrap tire monocolll or monofill facility licensed under section 3734.81 of the Revised Code is required to be monitored and maintained under this chapter and rules adopted under it.

(R) “Infectious wastes” means any wastes or combination of wastes that include cultures and stocks of infectious agents and associated biologicals, human blood and blood products, and substances that were or are likely to have been exposed to or contaminated with or are
likely to transmit an infectious agent or zoonotic agent, including all of the following:

1. Laboratory wastes;
2. Pathological wastes;
3. Animal blood and blood products;
4. Animal carcasses and parts;
5. Waste materials from the rooms of humans, or the enclosures of animals, that have been isolated because of diagnosed communicable disease that are likely to transmit infectious agents. Such waste materials from the rooms of humans do not include any wastes of patients who have been placed on blood and body fluid precautions under the universal precaution system established by the centers for disease control in the public health service of the United States department of health and human services, except to the extent specific wastes generated under the universal precautions system have been identified as infectious wastes by rules adopted under division (R)(7) of this section.
6. Sharp wastes used in the treatment, diagnosis, or inoculation of human beings or animals;
7. Any other waste materials generated in the diagnosis, treatment, or immunization of human beings or animals, in research pertaining thereto, or in the production or testing of biologicals, that the director of health, by rules adopted in accordance with Chapter 119 of the Revised Code, identifies as infectious wastes after determining that the wastes present a substantial threat to human health when improperly managed because they are contaminated with, or are likely to be contaminated with, infectious agents.

As used in this division, “blood products” does not include patient care waste such as bandages or disposable gowns that are lightly soiled with blood or other body fluids unless those wastes are soiled to the extent that the generator of the wastes determines that they should be managed as infectious wastes.

(S) “Infectious agent” means a type of microorganism, pathogen, virus, or proteinaceous infectious particle that can cause or significantly contribute to disease in or death of human beings.

(T) “Zoonotic agent” means a type of microorganism, pathogen, or virus that causes disease in vertebrate animals, is transmissible to human beings, and can cause or significantly contribute to disease in or death of human beings.

(U) “Solid waste transfer facility” means any site, location, tract of land, installation, or building that is used or intended to be used primarily for the purpose of transferring solid wastes that were generated off the premises of the facility from vehicles or containers into other vehicles for transportation to a solid waste disposal facility. “Solid waste transfer facility” does not include any facility that consists solely of portable containers that have an aggregate volume of fifty cubic yards or less nor any facility where legitimate recycling activities are conducted.

(V) “Beneficially use” includes:
1. With regard to scrap tires, to use a scrap tire in a manner that results in a commodity for sale or exchange or in any other manner authorized as a beneficial use in rules adopted by the director in accordance with Chapter 119 of the Revised Code;
2. With regard to material from a horizontal well that has come in contact with a refined oil-based substance and that is not technologically enhanced naturally occurring radioactive material, to use the material in any manner authorized as a beneficial use in rules adopted by the director under section 3734.125 of the Revised Code.
3. “Commercial car,” “commercial tractor,” “farm machinery,” “motor bus,” “vehicles,” “motor vehicle,” and “semitrailer” have the same meanings as in section 4501.01 of the Revised Code.

(X) “Construction equipment” means road rollers, traction engines, power shovels, power cranes, and other equipment used in construction work, or in mining or producing or processing aggregates, and not designed for or used in general highway transportation.
(Y) “Motor vehicle salvage dealer” has the same meaning as in section 4738.01 of the Revised Code.
(Z) “Scrap tire” means an unwanted or discarded tire.
(AA) “Scrap tire collection facility” means any facility that meets all of the following qualifications:
   (1) The facility is used for the receipt and storage of whole scrap tires from the public prior to their transportation to a scrap tire storage, monocell, monofill, or recovery facility licensed under section 3734.81 of the Revised Code; a solid waste incineration or energy recovery facility subject to regulation under this chapter; a premises within the state where the scrap tires will be beneficially used; or a scrap tire storage, monocell, monofill, or recovery facility, any other solid waste disposal facility authorized to dispose of scrap tires, or a facility that will beneficially use the scrap tires, that is located in another state, and that is operating in compliance with the laws of the state in which the facility is located.
   (2) The facility exclusively stores scrap tires in portable containers.
   (3) The aggregate storage of the portable containers in which the scrap tires are stored does not exceed five thousand cubic feet.
(BB) “Scrap tire monocell facility” means an individual site within a solid waste landfill that is used exclusively for the environmentally sound storage or disposal of whole scrap tires or scrap tires that have been shredded, chipped, or otherwise mechanically processed.
(CC) “Scrap tire monofill facility” means an engineered facility used or intended to be used exclusively for the storage or disposal of scrap tires, including at least facilities for the submergence of whole scrap tires in a body of water.
(DD) “Scrap tire recovery facility” means any facility, or portion thereof, for the processing of scrap tires for the purpose of extracting or producing usable products, materials, or energy from the scrap tires through a controlled combustion process, mechanical process, or chemical process. “Scrap tire recovery facility” includes any facility that uses the controlled combustion of scrap tires in a manufacturing process to produce process heat or steam or any facility that produces usable heat or electric power through the controlled combustion of scrap tires in combination with another fuel, but does not include any solid waste incineration or energy recovery facility that is designed, constructed, and used for the primary purpose of incinerating mixed municipal solid wastes and that burns scrap tires in conjunction with mixed municipal solid wastes, or any tire retreading business, tire manufacturing finishing center, or tire adjustment center having on the premises of the business a single, covered scrap tire storage area at which not more than four thousand scrap tires are stored.
(EE) “Scrap tire storage facility” means any facility where whole scrap tires are stored prior to their transportation to a scrap tire monocell, monofill, or recovery facility licensed under section 3734.81 of the Revised Code; a solid waste incineration or energy recovery facility subject to regulation under this chapter; a premises within the state where the scrap tires will be beneficially used; or a scrap tire storage, monocell, monofill, or recovery facility, any other solid waste disposal facility authorized to dispose of scrap tires, or a facility that will beneficially use the scrap tires, that is located in another state, and that is operating in compliance with the laws of the state in which the facility is located.
(FF) “Used oil” means any oil that has been refined from crude oil, or any synthetic oil, that has been used and, as a result of that use, is contaminated by physical or chemical impurities. “Used oil” includes only those substances identified as used oil by the United States environmental protection agency under the “Used Oil Recycling Act of 1980,” 94 Stat. 2055, 42 U.S.C.A. 6901a, as amended.
(GG) “Accumulated speculatively” has the same meaning as in rules adopted by the director under section 3734.12 of the Revised Code.
(HH) “Horizontal well” has the same meaning as in section 1509.01 of the Revised Code.
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

(II) “Technologically enhanced naturally occurring radioactive material” has the same meaning as in section 3748.01 of the Revised Code.

3734.02 Infectious and other waste treatment facilities.

(A) The director of environmental protection, in accordance with Chapter 119 of the Revised Code, shall adopt and may amend, suspend, or rescind rules having uniform application throughout the state governing solid waste facilities and the inspections of and issuance of permits and licenses for all solid waste facilities in order to ensure that the facilities will be located, maintained, and operated, and will undergo closure and post-closure care, in a sanitary manner so as not to create a nuisance, cause or contribute to water pollution, create a health hazard, or violate 40 C.F.R. 257.3-2 or 40 C.F.R. 257.3-8, as amended. The rules may include, without limitation, financial assurance requirements for closure and post-closure care and corrective action and requirements for taking corrective action in the event of the surface or subsurface discharge or migration of explosive gases or leachate from a solid waste facility, or of ground water contamination resulting from the transfer or disposal of solid wastes at a facility, beyond the boundaries of any area within a facility that is operating or is undergoing closure or post-closure care where solid wastes were disposed of or are being disposed of. The rules shall not concern or relate to personnel policies, salaries, wages, fringe benefits, or other conditions of employment of employees of persons owning or operating solid waste facilities. The director, in accordance with Chapter 119 of the Revised Code, shall adopt and may amend, suspend, or rescind rules governing the issuance, modification, revocation, suspension, or denial of variances from the director's solid waste rules, including, without limitation, rules adopted under this chapter governing the management of scrap tires.

Variance shall be issued, modified, revoked, suspended, or rescinded in accordance with this division, rules adopted under it, and Chapter 3745 of the Revised Code. The director may order the person to whom a variance is issued to take such action within such time as the director may determine to be appropriate and reasonable to prevent the creation of a nuisance or a hazard to the public health or safety or the environment. Applications for variances shall contain such detail plans, specifications, and information regarding objectives, procedures, controls, and other pertinent data as the director may require. The director shall grant a variance only if the applicant demonstrates to the director's satisfaction that construction and operation of the solid waste facility in the manner allowed by the variance and any terms or conditions imposed as part of the variance will not create a nuisance or a hazard to the public health or safety or the environment. In granting any variance, the director shall state the specific provision or provisions whose terms are to be varied and also shall state specific terms or conditions imposed upon the applicant in place of the provision or provisions.

The director may hold a public hearing on an application for a variance or renewal of a variance at a location in the county where the operations that are the subject of the application for the variance are conducted. The director shall give not less than twenty days' notice of the hearing to the applicant by certified mail or by another type of mail accompanied by a receipt and shall publish at least one notice of the hearing in a newspaper with general circulation in the county where the hearing is to be held. The director shall make available for public inspection at the principal office of the environmental protection agency a current list of pending applications for variances and a current schedule of pending variance hearings. The director shall make a complete stenographic record of testimony and other evidence submitted at the hearing.

Within ten days after the hearing, the director shall make a written determination to issue, renew, or deny the variance and shall enter the determination and the basis for it into the record of the hearing. The director shall issue, renew, or deny an application for a variance or renewal of a variance within six months of the date upon which the director receives a complete application with all pertinent information and data required. No variance shall be issued,
revoked, modified, or denied until the director has considered the relative interests of the applicant, other persons and property affected by the variance, and the general public. Any variance granted under this division shall be for a period specified by the director and may be renewed from time to time on such terms and for such periods as the director determines to be appropriate. No application shall be denied and no variance shall be revoked or modified without a written order stating the findings upon which the denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or variance holder by certified mail or by another type of mail accompanied by a receipt.

(B) The director shall prescribe and furnish the forms necessary to administer and enforce this chapter. The director may cooperate with and enter into agreements with other state, local, or federal agencies to carry out the purposes of this chapter. The director may exercise all incidental powers necessary to carry out the purposes of this chapter.

(C) Except as provided in this division and divisions (N)(2) and (3) of this section, no person shall establish a new solid waste facility or infectious waste treatment facility, or modify an existing solid waste facility or infectious waste treatment facility, without submitting an application for a permit with accompanying detail plans, specifications, and information regarding the facility and method of operation and receiving a permit issued by the director, except that no permit shall be required under this division to install or operate a solid waste facility for sewage sludge treatment or disposal when the treatment or disposal is authorized by a current permit issued under Chapter 3704 or 6111 of the Revised Code.

No person shall continue to operate a solid waste facility for which the director has disapproved plans and specifications required to be filed by an order issued under division (A)(3) of section 3734.05 of the Revised Code, after the date prescribed for commencement of closure of the facility in the order issued under division (A)(4) of that section denying the permit application or approval.

On and after the effective date of the rules adopted under division (A) of this section and division (D) of section 3734.12 of the Revised Code governing solid waste transfer facilities, no person shall establish a new, or modify an existing, solid waste transfer facility without first submitting an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation to the director and receiving a permit issued by the director.

No person shall establish a new compost facility or continue to operate an existing compost facility that accepts exclusively source separated yard wastes without submitting a completed registration for the facility to the director in accordance with rules adopted under divisions (A) and (N)(3) of this section.

This division does not apply to a generator of infectious wastes that does any of the following:

(1) Treats, by methods, techniques, and practices established by rules adopted under division (B)(2)(a) of section 3734.021 of the Revised Code, any of the following:
   (a) Infectious wastes that are generated on any premises that are owned or operated by the generator;
   (b) Infectious wastes that are generated by a generator who has staff privileges at a hospital as defined in section 3727.01 of the Revised Code;
   (c) Infectious wastes that are generated in providing care to a patient by an emergency medical services organization as defined in section 4765.01 of the Revised Code.

(2) Holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717 and a permit issued under Chapter 3704 of the Revised Code;

(3) Treats or disposes of dead animals or parts thereof, or the blood of animals, and is subject to any of the following:
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

(b) Chapter 918 of the Revised Code;
(c) Chapter 953 of the Revised Code.
(D) Neither this chapter nor any rules adopted under it apply to single-family residential
premises; to infectious wastes generated by individuals for purposes of their own care or
treatment; to the temporary storage of solid wastes, other than scrap tires, prior to their
collection for disposal; to the storage of one hundred or fewer scrap tires unless they are stored
in such a manner that, in the judgment of the director or the board of health of the health district
in which the scrap tires are stored, the storage causes a nuisance, a hazard to public health or
safety, or a fire hazard; or to the collection of solid wastes, other than scrap tires, by a political
subdivision or a person holding a franchise or license from a political subdivision of the state; to
composting, as defined in section 1511.01 of the Revised Code, conducted in accordance with
section 1511.022 of the Revised Code; or to any person who is licensed to transport raw
rendering material to a compost facility pursuant to section 953.23 of the Revised Code.
(E)(1) As used in this division:
(a) “On-site facility” means a facility that stores, treats, or disposes of hazardous waste
that is generated on the premises of the facility.
(b) “Off-site facility” means a facility that stores, treats, or disposes of hazardous waste
that is generated off the premises of the facility and includes such a facility that is also an on-
site facility.
(c) “Satellite facility” means any of the following:
(i) An on-site facility that also receives hazardous waste from other premises owned by
the same person who generates the waste on the facility premises;
(ii) An off-site facility operated so that all of the hazardous waste it receives is generated
on one or more premises owned by the person who owns the facility;
(iii) An on-site facility that also receives hazardous waste that is transported
uninterruptedly and directly to the facility through a pipeline from a generator who is not the
owner of the facility.
(2) Except as provided in division (E)(3) of this section, no person shall establish or
operate a hazardous waste facility, or use a solid waste facility for the storage, treatment, or
disposal of any hazardous waste, without a hazardous waste facility installation and operation
permit issued in accordance with section 3734.05 of the Revised Code and subject to the
payment of an application fee not to exceed one thousand five hundred dollars, payable upon
application for a hazardous waste facility installation and operation permit and upon application
for a renewal permit issued under division (H) of section 3734.05 of the Revised Code, to be
credited to the hazardous waste facility management fund created in section 3734.18 of the
Revised Code. The term of a hazardous waste facility installation and operation permit shall not
exceed ten years.
In addition to the application fee, there is hereby levied an annual permit fee to be paid
by the permit holder upon the anniversaries of the date of issuance of the hazardous waste
facility installation and operation permit and of any subsequent renewal permits and to be
credited to the hazardous waste facility management fund. Annual permit fees totaling forty
thousand dollars or more for any one facility may be paid on a quarterly basis with the first
quarterly payment each year being due on the anniversary of the date of issuance of the
hazardous waste facility installation and operation permit and of any subsequent renewal
permits. The annual permit fee shall be determined for each permit holder by the director in
accordance with the following schedule:

954 Clean Air and Waste- General Provisions
A hazardous waste disposal facility that disposes of hazardous waste by deep well injection and that pays the annual permit fee established in section 6111.046 of the Revised Code is not subject to the permit fee established in this division for disposal facilities using deep well injection unless the director determines that the facility is not in compliance with applicable requirements established under this chapter and rules adopted under it.

In determining the annual permit fee required by this section, the director shall not require additional payments for multiple units of the same method of storage, treatment, or disposal or for individual units that are used for both storage and treatment. A facility using more than one method of storage, treatment, or disposal shall pay the permit fee indicated by the schedule for each such method.

The director shall not require the payment of that portion of an annual permit fee of any permit holder that would apply to a hazardous waste management unit for which a permit has been issued, but for which construction has not yet commenced. Once construction has commenced, the director shall require the payment of a part of the appropriate fee indicated by

the schedule that bears the same relationship to the total fee that the number of days remaining until the next anniversary date at which payment of the annual permit fee is due bears to three hundred sixty-five.

The director, by rules adopted in accordance with Chapters 119 and 3745 of the Revised Code, shall prescribe procedures for collecting the annual permit fee established by this division and may prescribe other requirements necessary to carry out this division.

(3) The prohibition against establishing or operating a hazardous waste facility without a hazardous waste facility installation and operation permit does not apply to either of the following:

(a) A facility that is operating in accordance with a permit renewal issued under division (H) of section 3734.05 of the Revised Code, a revision issued under division (I) of that section as it existed prior to August 20, 1996, or a modification issued by the director under division (I) of that section on and after August 20, 1996;

(b) Except as provided in division (J) of section 3734.05 of the Revised Code, a facility that will operate or is operating in accordance with a permit by rule, or that is not subject to permit requirements, under rules adopted by the director. In accordance with Chapter 119 of the Revised Code, the director shall adopt, and subsequently may amend, suspend, or rescind, rules for the purposes of division (E)(3)(b) of this section. Any rules so adopted shall be consistent with and equivalent to regulations pertaining to interim status adopted under the “Resource Conservation and Recovery Act of 1976,” 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

If a modification is requested or proposed for a facility described in division (E)(3)(a) or (b) of this section, division (I)(7) of section 3734.05 of the Revised Code applies.

(F) No person shall store, treat, or dispose of hazardous waste identified or listed under this chapter and rules adopted under it, regardless of whether generated on or off the premises where the waste is stored, treated, or disposed of, or transport or cause to be transported any hazardous waste identified or listed under this chapter and rules adopted under it to any other premises, except at or to any of the following:

(1) A hazardous waste facility operating under a permit issued in accordance with this chapter;

(2) A facility in another state operating under a license or permit issued in accordance with the “Resource Conservation and Recovery Act of 1976,” 90 Stat. 2806, 42 U.S.C.A. 6921, as amended;

(3) A facility in another nation operating in accordance with the laws of that nation;

(5) A hazardous waste facility as described in division (E)(3)(a) or (b) of this section.

(G) The director, by order, may exempt any person generating, collecting, storing, treating, disposing of, or transporting solid wastes, infectious wastes, or hazardous waste, or processing solid wastes that consist of scrap tires, in such quantities or under such circumstances that, in the determination of the director, are unlikely to adversely affect the public health or safety or the environment from any requirement to obtain a registration certificate, permit, or license or comply with the manifest system or other requirements of this chapter. Such an exemption shall be consistent with and equivalent to any regulations adopted by the administrator of the United States environmental protection agency under the “Resource Conservation and Recovery Act of 1976,” 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

(H) No person shall engage in filling, grading, excavating, building, drilling, or mining on land where a hazardous waste facility, or a solid waste facility, was operated without prior authorization from the director, who shall establish the procedure for granting such authorization by rules adopted in accordance with Chapter 119 of the Revised Code.
A public utility that has main or distribution lines above or below the land surface located on an easement or right-of-way across land where a solid waste facility was operated may engage in any such activity within the easement or right-of-way without prior authorization from the director for purposes of performing emergency repair or emergency replacement of its lines; of the poles, towers, foundations, or other structures supporting or sustaining any such lines; or of the appurtenances to those structures, necessary to restore or maintain existing public utility service. A public utility may enter upon any such easement or right-of-way without prior authorization from the director for purposes of performing necessary or routine maintenance of those portions of its existing lines; of the existing poles, towers, foundations, or other structures sustaining or supporting its lines; or of the appurtenances to those structures, located on or above the land surface on any such easement or right-of-way. Within twenty-four hours after commencing any such emergency repair, replacement, or maintenance work, the public utility shall notify the director or the director's authorized representative of those activities and shall provide such information regarding those activities as the director or the director's representative may request. Upon completion of the emergency repair, replacement, or maintenance activities, the public utility shall restore any land of the solid waste facility disturbed by those activities to the condition existing prior to the commencement of those activities.

(I) No owner or operator of a hazardous waste facility, in the operation of the facility, shall cause, permit, or allow the emission therefrom of any particulate matter, dust, fumes, gas, mist, smoke, vapor, or odorous substance that, in the opinion of the director, unreasonably interferes with the comfortable enjoyment of life or property by persons living or working in the vicinity of the facility, or that is injurious to public health. Any such action is hereby declared to be a public nuisance.

(J) Notwithstanding any other provision of this chapter, in the event the director finds an imminent and substantial danger to public health or safety or the environment that creates an emergency situation requiring the immediate treatment, storage, or disposal of hazardous waste, the director may issue a temporary emergency permit to allow the treatment, storage, or disposal of the hazardous waste at a facility that is not otherwise authorized by a hazardous waste facility installation and operation permit to treat, store, or dispose of the waste. The emergency permit shall not exceed ninety days in duration and shall not be renewed. The director shall adopt, and may amend, suspend, or rescind, rules in accordance with Chapter 119 of the Revised Code governing the issuance, modification, revocation, and denial of emergency permits.

(K) Except for infectious wastes generated by a person who produces fewer than fifty pounds of infectious wastes at a premises during any one month, no owner or operator of a sanitary landfill shall knowingly accept for disposal, or dispose of, any infectious wastes that have not been treated to render them noninfectious.

(L) The director, in accordance with Chapter 119 of the Revised Code, shall adopt, and may amend, suspend, or rescind, rules having uniform application throughout the state establishing a training and certification program that shall be required for employees of boards of health who are responsible for enforcing the solid waste and infectious waste provisions of this chapter and rules adopted under them and for persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities. The rules shall provide all of the following, without limitation:

(1) The program shall be administered by the director and shall consist of a course on new solid waste and infectious waste technologies, enforcement procedures, and rules;
(2) The course shall be offered on an annual basis;
(3) Those persons who are required to take the course under division (L) of this section shall do so triennially;
(4) Persons who successfully complete the course shall be certified by the director;
(5) Certification shall be required for all employees of boards of health who are responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and for all persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities;

(6)(a) All employees of a board of health who, on the effective date of the rules adopted under this division, are responsible for enforcing the solid waste or infectious waste provisions of this chapter and the rules adopted under them shall complete the course and be certified by the director not later than January 1, 1995;

(b) All employees of a board of health who, after the effective date of the rules adopted under division (L) of this section, become responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and who do not hold a current and valid certification from the director at that time shall complete the course and be certified by the director within two years after becoming responsible for performing those activities.

No person shall fail to obtain the certification required under this division.

(M) The director shall not issue a permit under section 3734.05 of the Revised Code to establish a solid waste facility, or to modify a solid waste facility operating on December 21, 1988, in a manner that expands the disposal capacity or geographic area covered by the facility, that is or is to be located within the boundaries of a state park established or dedicated under Chapter 1546 of the Revised Code, a state park purchase area established under section 1546.06 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any candidate area located in this state and identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of “The Act of August 18, 1970,” 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility or proposed facility is or is to be used exclusively for the disposal of solid wastes generated within the park or recreation area and the director determines that the facility or proposed facility will not degrade any of the natural or cultural resources of the park or recreation area. The director shall not issue a variance under division (A) of this section and rules adopted under it, or issue an exemption order under division (G) of this section, that would authorize any such establishment or expansion of a solid waste facility within the boundaries of any such park or recreation area, state park purchase area, or candidate area, other than a solid waste facility exclusively for the disposal of solid wastes generated within the park or recreation area when the director determines that the facility will not degrade any of the natural or cultural resources of the park or recreation area.

(N)(1) The rules adopted under division (A) of this section, other than those governing variances, do not apply to scrap tire collection, storage, monofill, and recovery facilities. Those facilities are subject to and governed by rules adopted under sections 3734.70 to 3734.73 of the Revised Code, as applicable.

(2) Division (C) of this section does not apply to scrap tire collection, storage, monofill, and recovery facilities. The establishment and modification of those facilities are subject to sections 3734.75 to 3734.78 and section 3734.81 of the Revised Code, as applicable.

(3) The director may adopt, amend, suspend, or rescind rules under division (A) of this section creating an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility in lieu of the requirement that a person seeking to establish, operate, or modify a solid waste compost facility apply for and receive a permit under division (C) of this section and section 3734.05 of the Revised Code and a license under division (A)(1) of that section. The rules may include requirements governing, without limitation, the classification of solid waste compost facilities, the submittal of operating records for solid waste compost facilities, and the creation of a registration or notification system in lieu of the
issuance of permits and licenses for solid waste compost facilities. The rules shall specify the applicability of divisions (A)(1) and (2)(a) of section 3734.05 of the Revised Code to a solid waste compost facility.

(O)(1) As used in this division, “secondary aluminum waste” means waste material or byproducts, when disposed of, containing aluminum generated from secondary aluminum smelting operations and consisting of dross, salt cake, baghouse dust associated with aluminum recycling furnace operations, or dry-milled wastes.

(2) The owner or operator of a sanitary landfill shall not dispose of municipal solid waste that has been commingled with secondary aluminum waste.

(3) The owner or operator of a sanitary landfill may dispose of secondary aluminum waste, but only in a monocell or monofill that has been permitted for that purpose in accordance with this chapter and rules adopted under it.

(P)(1) As used in divisions (P) and (Q) of this section:

(a) “Natural background” means two picocuries per gram or the actual number of picocuries per gram as measured at an individual solid waste facility, subject to verification by the director of health.

(b) “Drilling operation” includes a production operation as defined in section 1509.01 of the Revised Code.

(2) The owner or operator of a solid waste facility shall not accept for transfer or disposal technologically enhanced naturally occurring radioactive material if that material contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(3) The owner or operator of a solid waste facility may receive and process for purposes other than transfer or disposal technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background, provided that the owner or operator has obtained and maintains all other necessary authorizations, including any authorization required by rules adopted by the director of health under section 3748.04 of the Revised Code.

(4) The director of environmental protection may adopt rules in accordance with Chapter 119 of the Revised Code governing the receipt, acceptance, processing, handling, management, and disposal by solid waste facilities of material that contains or is contaminated with radioactive material, including, without limitation, technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations less than five picocuries per gram above natural background. Rules adopted by the director may include at a minimum both of the following:

(a) Requirements in accordance with which the owner or operator of a solid waste facility must monitor leachate and ground water for radium-226, radium-228, and other radionuclides;

(b) Requirements in accordance with which the owner or operator of a solid waste facility must develop procedures to ensure that technologically enhanced naturally occurring radioactive material accepted at the facility neither contains nor is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(Q) Notwithstanding any other provision of this section, the owner or operator of a solid waste facility shall not receive, accept, process, handle, manage, or dispose of technologically enhanced naturally occurring radioactive material associated with drilling operations without first obtaining representative analytical results to determine compliance with divisions (P)(2) and (3) of this section and rules adopted under it.
3734.021 Infectious waste generators and transporters.

(A) Infectious wastes shall be segregated, managed, treated, and disposed of in accordance with rules adopted under this section.

(B) The director of environmental protection, in accordance with Chapter 119 of the Revised Code, shall adopt rules necessary or appropriate to protect human health or safety or the environment that do both of the following:

1. Establish standards for generators of infectious wastes that include, without limitation, the following requirements and authorizations that:
   a. All generators of infectious wastes:
      i. Either treat all specimen cultures and cultures of viable infectious agents on the premises where they are generated to render them noninfectious by methods, techniques, or practices prescribed by rules adopted under division (B)(2)(a) of this section before they are transported off that premises for disposal or ensure that such wastes are treated to render them noninfectious at an infectious waste treatment facility off that premises prior to disposal of the wastes;
   ii. Transport and dispose of infectious wastes, if a generator produces fewer than fifty pounds of infectious wastes during any one month that are subject to and packaged and labeled in accordance with federal requirements, in the same manner as solid wastes. Such generators who treat specimen cultures and cultures of viable infectious agents on the premises where they are generated shall not be considered treatment facilities as “treatment” and “facility” are defined in section 3734.01 of the Revised Code.
   iii. Dispose of infectious wastes subject to and treated in accordance with rules adopted under division (B)(1)(a)(i) of this section in the same manner as solid wastes;
   iv. May take wastes generated in providing care to a patient by an emergency medical services organization, as defined in section 4765.01 of the Revised Code, to and leave them at a hospital, as defined in section 3727.01 of the Revised Code, for treatment at a treatment facility owned or operated by the hospital or, in conjunction with infectious wastes generated by the hospital, at another treatment facility regardless of whether the wastes were generated in providing care to the patient at the scene of an emergency or during the transportation of the patient to a hospital;
   v. May take wastes generated by an individual for purposes of the individual's own care or treatment to and leave them at a hospital, as defined in section 3727.01 of the Revised Code, for treatment at a treatment facility owned or operated by the hospital or, in conjunction with infectious wastes generated by the hospital, at another treatment facility.

   (B) Each generator of fifty pounds or more of infectious wastes during any one month:
   i. Register with the environmental protection agency as a generator of infectious wastes and obtain a registration certificate. The fee for issuance of a generator registration certificate is one hundred forty dollars payable at the time of application. The registration certificate applies to all the premises owned or operated by the generator in this state where infectious wastes are generated and shall list the address of each such premises. If a generator owns or operates facilities for the treatment of infectious wastes it generates, the certificate shall list the address and method of treatment used at each such facility.

   A generator registration certificate is valid for three years from the date of issuance and shall be renewed for a term of three years upon the generator's submission of an application for renewal and payment of a one hundred forty dollar renewal fee.

   The rules may establish a system of staggered renewal dates with approximately one-third of such certificates subject to renewal each year. The applicable renewal date shall be prescribed on each registration certificate. Registration fees shall be prorated according to the time remaining in the registration cycle to the nearest year.

   The registration and renewal fees collected under division (B)(1)(b)(i) of this section shall
be deposited in the state treasury to the credit of the waste management fund created in section 3734.061 of the Revised Code.

(ii) Segregate infectious wastes from other wastes at the point of generation. Nothing in this section and rules adopted under it prohibits a generator of infectious wastes from designating and managing any wastes, in addition to those defined as infectious wastes under section 3734.01 of the Revised Code, as infectious wastes. After designating any such other wastes as infectious, the generator shall manage those wastes in compliance with the requirements of this chapter and rules adopted under it applicable to the management of infectious wastes.

(iii) Either treat the infectious wastes that it generates at a facility owned or operated by the generator by methods, techniques, or practices prescribed by rules adopted under division (B)(2)(a) of this section to render them noninfectious, or designate the wastes for treatment off that premises at an infectious waste treatment facility holding a license issued under division (B) of section 3734.05 of the Revised Code, at an infectious waste treatment facility that is located in another state that is in compliance with applicable state and federal laws, or at a treatment facility authorized by rules adopted under division (B)(2)(d) of this section, prior to disposal of the wastes. After being treated to render them noninfectious, the wastes shall be disposed of at a solid waste disposal facility holding a license issued under division (A) of section 3734.05 of the Revised Code or at a disposal facility in another state that is in compliance with applicable state and federal laws.

(iv) Not compact or grind any type of infectious wastes prior to treatment in accordance with rules adopted under division (B)(2)(a) of this section;

(v) May discharge untreated liquid or semiliquid infectious wastes consisting of blood, blood products, body fluids, and excreta into a disposal system, as defined in section 6111.01 of the Revised Code, unless the discharge of those wastes into a disposal system is inconsistent with the terms and conditions of the permit for the system issued under Chapter 6111 of the Revised Code;

(vi) May transport or cause to be transported infectious wastes that have been treated to render them noninfectious in the same manner as solid wastes are transported.

(2) Establish standards for owners and operators of infectious waste treatment facilities that include, without limitation, the following requirements and authorizations that:

(a) Require treatment of all wastes received to be performed in accordance with methods, techniques, and practices approved by the director;

(b) Govern the location, design, construction, and operation of infectious waste treatment facilities. The rules adopted under division (B)(2)(b) of this section shall require that a new infectious waste incineration facility be located so that the incinerator unit and all areas where infectious wastes are handled on the premises where the facility is proposed to be located are at least three hundred feet inside the property line of the tract of land on which the facility is proposed to be located and are at least one thousand feet from any domicile, school, prison, or jail that is in existence on the date on which the application for the permit to establish the incinerator is submitted under division (B)(2)(b) of section 3734.05 of the Revised Code.

(c) Establish quality control and testing procedures to ensure compliance with the rules adopted under division (B)(2)(b) of this section.

(d) Authorize infectious wastes to be treated at a facility that holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717., and a permit issued under Chapter 3704., of the Revised Code to the extent that the treatment of those wastes is consistent with that permit and its terms and conditions. The rules adopted under divisions (B)(2)(b) and (c) of this section do not apply to a facility holding such a license and permit.

In adopting the rules required by divisions (B)(2)(a) to (d) of this section, the director shall consider and, to the maximum feasible extent, utilize existing standards and guidelines established by professional and governmental organizations having expertise in the fields of
infection control and infectious wastes management.

(e) Require shipping papers to accompany shipments of wastes that have been treated to render them noninfectious. The shipping papers shall include only the following elements:
   (i) The name of the owner or operator of the facility where the wastes were treated and the address of the treatment facility;
   (ii) A certification by the owner or operator of the treatment facility where the wastes were treated indicating that the wastes have been treated by the methods, techniques, and practices prescribed in rules adopted under division (B)(2)(a) of this section.

(C) This section and rules adopted under it do not apply to the treatment or disposal of wastes consisting of dead animals or parts thereof, or the blood of animals:
   (1) By the owner of the animal after slaughter by the owner on the owner's premises to obtain meat for consumption by the owner and the members of the owner's household;
   (2) In accordance with Chapter 941 of the Revised Code; or
   (3) By persons who are subject to any of the following:
      (b) Chapter 918 of the Revised Code;
      (c) Chapter 953 of the Revised Code.

(D) As used in this section, “generator” means a person who produces infectious wastes at a specific premises.

(E) Rules adopted under this section shall not concern or relate to personnel policies, salaries, wages, fringe benefits, or other conditions of employment of employees of persons owning or operating infectious waste treatment facilities.

(F)(1) The director, in accordance with Chapter 119 of the Revised Code, shall adopt rules governing the issuance, modification, revocation, suspension, and denial of variances from the rules adopted under division (B) of this section. Variances shall be issued, modified, revoked, suspended, or denied in accordance with division (F) of this section, rules adopted under it, and Chapter 3745 of the Revised Code.

(2) A person who desires to obtain a variance or renew a variance from the rules adopted under division (B) of this section shall submit to the director an application as prescribed by the director. The application shall contain detail plans, specifications, and information regarding objectives, procedures, controls, and any other information that the director may require. The director shall issue, renew, or deny a variance or renewal of a variance within six months of the date on which the director receives a complete application with all required information and data.

(3) The director may hold a public hearing on an application submitted under division (F) of this section for a variance at a location in the county in which the operations that are the subject of the application for a variance or renewal of variance are conducted. Not less than twenty days before the hearing, the director shall provide to the applicant notice of the hearing by certified mail or by another type of mail that is accompanied by a receipt and shall publish notice of the hearing at least once in a newspaper of general circulation in the county in which the hearing is to be held. The director shall make a complete stenographic record of testimony and other evidence submitted at the hearing. Not later than ten days after the hearing, the director shall make a written determination to issue, renew, or deny the variance and shall enter the determination and the basis for it into the record of the hearing.

(4) A variance shall not be issued, modified, revoked, or denied under division (F) of this section until the director has considered the relative interests of the applicant, other persons and property that will be affected by the variance, and the general public. The director shall grant a variance only if the applicant demonstrates to the director's satisfaction that the requested action will not create a nuisance or a hazard to the health or safety of the public or to the environment. In granting a variance, the director shall state the specific provision or provisions
whose terms are to be varied and also shall state specific terms or conditions imposed on the applicant in place of the provision or provisions.

(5) A variance granted under division (F) of this section shall be for a period specified by the director and may be renewed from time to time on terms and for periods that the director determines to be appropriate. The director may order the person to whom a variance has been issued to take action within the time that the director determines to be appropriate and reasonable to prevent the creation of a nuisance or a hazard to the health or safety of the public or to the environment.

(6) An application submitted under division (F) of this section shall not be denied and a variance shall not be revoked or modified under that division without a written order of the director stating the findings on which the denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or holder of a variance by certified mail or by another type of mail that is accompanied by a receipt.

(7) The director shall make available for public inspection at the principal office of the environmental protection agency a current list of pending applications for variances submitted under division (F) of this section and a current schedule of pending variance hearings under it.

3734.023 Treatment facility defined.

As used in sections 3734.024, 3734.025, and 3734.026 of the Revised Code, "off-site infectious waste treatment facility" and "treatment facility" mean an infectious waste treatment facility for which a license is required under division (B) of section 3734.05 of the Revised Code. "Off-site infectious waste treatment facility" and "treatment facility" also include a solid waste incineration facility for which the license issued under division (A)(1) of section 3734.05 of the Revised Code includes the notation authorizing the treatment of infectious wastes made pursuant to division (B)(3) of that section.

3734.027 Low-level radioactive waste.

(A) No person shall commingle with any type of solid wastes, hazardous waste, or infectious wastes any low-level radioactive waste whose treatment, recycling, storage, or disposal is governed under division (B) of section 3748.10 of the Revised Code.

(B) Except as authorized by the director of health under Chapter 3748 of the Revised Code and rules adopted under it, no owner or operator of a solid waste facility, infectious waste treatment facility, or hazardous waste facility shall accept for transfer, storage, treatment, or disposal or shall transfer, store, treat, or dispose of any radioactive waste specified in division (A) of this section.

3734.05 Licensure of infectious and other treatment facilities.

(A)(1) Except as provided in divisions (A)(6) and (7) of this section, no person shall operate or maintain a solid waste facility without a license issued under this division by the board of health of the health district in which the facility is located or by the director of environmental protection when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing solid waste facility shall procure a license under this division to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license
shall be submitted to the board of health or to the director, as appropriate, on or before the last
day of September of the year preceding that for which the license is sought. In addition to the
application fee prescribed in division (A)(2) of this section, a person who submits an application
after that date shall pay an additional ten per cent of the amount of the application fee for each
week that the application is late. Late payment fees accompanying an application submitted to
the board of health shall be credited to the special fund of the health district created in division
(B) of section 3734.06 of the Revised Code, and late payment fees accompanying an
application submitted to the director shall be credited to the general revenue fund. A person who
has received a license, upon sale or disposition of a solid waste facility, and upon consent of the
board of health and the director, may have the license transferred to another person. The board
of health or the director may include such terms and conditions in a license or revision to a
license as are appropriate to ensure compliance with this chapter and rules adopted under it.
The terms and conditions may establish the authorized maximum daily waste receipts for the
facility. Limitations on maximum daily waste receipts shall be specified in cubic yards of volume
for the purpose of regulating the design, construction, and operation of solid waste facilities.
Terms and conditions included in a license or revision to a license by a board of health shall be
consistent with, and pertain only to the subjects addressed in, the rules adopted under division
(A) of section 3734.02 and division (D) of section 3734.12 of the Revised Code.  
(2)(a) Except as provided in divisions (A)(2)(b), (6), and (7) of this section, each person
proposing to open a new solid waste facility or to modify an existing solid waste facility shall
submit an application for a permit with accompanying detail plans and specifications to the
environmental protection agency for required approval under the rules adopted by the director
pursuant to division (A) of section 3734.02 of the Revised Code and applicable rules adopted
under division (D) of section 3734.12 of the Revised Code at least two hundred seventy days
before proposed operation of the facility and shall concurrently make application for the
issuance of a license under division (A)(1) of this section with the board of health of the health
district in which the proposed facility is to be located.  
(b) On and after the effective date of the rules adopted under division (A) of section
3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code
governing solid waste transfer facilities, each person proposing to open a new solid waste
transfer facility or to modify an existing solid waste transfer facility shall submit an application for
a permit with accompanying engineering detail plans, specifications, and information regarding
the facility and its method of operation to the environmental protection agency for required
approval under those rules at least two hundred seventy days before commencing proposed
operation of the facility and concurrently shall make application for the issuance of a license
under division (A)(1) of this section with the board of health of the health district in which the
facility is located or proposed.  
(c) Each application for a permit under division (A)(2)(a) or (b) of this section shall be
accompanied by a nonrefundable application fee of four hundred dollars that shall be credited to
the general revenue fund. Each application for an annual license under division (A)(1) or (2) of
this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If
the application for an annual license is submitted to a board of health on the approved list under
section 3734.08 of the Revised Code, the application fee shall be credited to the special fund of the
health district created in division (B) of section 3734.06 of the Revised Code. If the
application for an annual license is submitted to the director, the application fee shall be credited
to the general revenue fund. If a permit or license is issued, the amount of the application fee
paid shall be deducted from the amount of the permit fee due under division (Q) of section
3745.11 of the Revised Code or the amount of the license fee due under division (A)(1), (2), (3),
(4), or (5) of section 3734.06 of the Revised Code.  
(d) As used in divisions (A)(2)(d), (e), and (f) of this section, “modify” means any of the
following:
(i) Any increase of more than ten per cent in the total capacity of a solid waste facility;
(ii) Any expansion of the limits of solid waste placement at a solid waste facility;
(iii) Any increase in the depth of excavation at a solid waste facility;
(iv) Any change in the technique of waste receipt or type of waste received at a solid
waste facility that may endanger human health, as determined by the director by rules adopted
in accordance with Chapter 119 of the Revised Code.

Not later than forty-five days after submitting an application under division (A)(2)(a) or (b)
of this section for a permit to open a new or modify an existing solid waste facility, the applicant,
in conjunction with an officer or employee of the environmental protection agency, shall hold a
public meeting on the application within the county in which the new or modified solid waste
facility is or is proposed to be located or within a contiguous county. Not less than thirty days
before holding the public meeting on the application, the applicant shall publish notice of the
meeting in each newspaper of general circulation that is published in the county in which the
facility is or is proposed to be located. If no newspaper of general circulation is published in the
county, the applicant shall publish the notice in a newspaper of general circulation in the county.
The notice shall contain the date, time, and location of the public meeting and a general
description of the proposed new or modified facility. Not later than five days after publishing the
notice, the applicant shall send by certified mail a copy of the notice and the date the notice was
published to the director and the legislative authority of each municipal corporation, township,
and county, and to the chief executive officer of each municipal corporation, in which the facility
is or is proposed to be located. At the public meeting, the applicant shall provide information and
describe the application and respond to comments or questions concerning the application, and
the officer or employee of the agency shall describe the permit application process. At the public
meeting, any person may submit written or oral comments on or objections to the application.
Not more than thirty days after the public meeting, the applicant shall provide the director with a
copy of a transcript of the full meeting, copies of any exhibits, displays, or other materials
presented by the applicant at the meeting, and the original copy of any written comments
submitted at the meeting.

(e) Except as provided in division (A)(2)(f) of this section, prior to taking an action, other
than a proposed or final denial, upon an application submitted under division (A)(2)(a) of this
section for a permit to open a new or modify an existing solid waste facility, the director shall
hold a public information session and a public hearing on the application within the county in
which the new or modified solid waste facility is or is proposed to be located or within a
contiguous county. If the application is for a permit to open a new solid waste facility, the
director shall hold the hearing not less than fourteen days after the information session. If the
application is for a permit to modify an existing solid waste facility, the director may hold both
the information session and the hearing on the same day unless any individual affected by the
application requests in writing that the information session and the hearing not be held on the
same day, in which case the director shall hold the hearing not less than fourteen days after the
information session. The director shall publish notice of the public information session or public
hearing not less than thirty days before holding the information session or hearing, as
applicable. The notice shall be published in each newspaper of general circulation that is
published in the county in which the facility is or is proposed to be located. If no newspaper of
general circulation is published in the county, the director shall publish the notice in a
newspaper of general circulation in the county. The notice shall contain the date, time, and
location of the information session or hearing, as applicable, and a general description of the
proposed new or modified facility. At the public information session, an officer or employee of
the environmental protection agency shall describe the status of the permit application and be
available to respond to comments or questions concerning the application. At the public hearing,
any person may submit written or oral comments on or objections to the approval of the
application. The applicant, or a representative of the applicant who has knowledge of the
location, construction, and operation of the facility, shall attend the information session and public hearing to respond to comments or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental protection agency presiding at the information session and hearing.

(f) The solid waste management policy committee of a county or joint solid waste management district may adopt a resolution requesting expeditious consideration of a specific application submitted under division (A)(2)(a) of this section for a permit to modify an existing solid waste facility within the district. The resolution shall make the finding that expedited consideration of the application without the public information session and public hearing under division (A)(2)(e) of this section is in the public interest and will not endanger human health, as determined by the director by rules adopted in accordance with Chapter 119 of the Revised Code. Upon receiving such a resolution, the director, at the director's discretion, may issue a final action upon the application without holding a public information session or public hearing pursuant to division (A)(2)(e) of this section.

(3) The director may issue an order in accordance with Chapter 3745 of the Revised Code to the owner or operator of a solid waste facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated engineering detail plans, specifications, and information to the director within one hundred eighty days after the effective date of the order.

(4) The director shall act upon any updated engineering plans, specifications, and information submitted under division (A)(3) of this section within one hundred eighty days after receiving them. If the director issues an order disapproving the plans, specifications, and information submitted under division (A)(3) of this section, the order shall include all of the following requirements:

(a) That the owner or operator submit a plan for closure and post-closure care of the facility to the director for approval within six months after issuance of the order;
(b) That the owner or operator cease accepting solid wastes for disposal or transfer at the facility; and
(c) The owner or operator commence closure of the facility not later than one year after issuance of the order.

If the director determines that closure of the facility within that one-year period would result in the unavailability of sufficient solid waste management facility capacity within the county or joint solid waste management district in which the facility is located to dispose of or transfer the solid waste generated within the district, the director in the order of disapproval may postpone commencement of closure of the facility for such period of time as the director finds necessary for the board of county commissioners or directors of the district to secure access to or for there to be constructed within the district sufficient solid waste management facility capacity to meet the needs of the district, provided that the director shall certify in the director's order that postponing the date for commencement of closure will not endanger ground water or any property surrounding the facility, allow methane gas migration to occur, or cause or contribute to any other type of environmental damage.

If an emergency need for disposal capacity that may affect public health and safety exists as a result of closure of a facility under division (A)(4) of this section, the director may issue an order designating another solid waste facility to accept the wastes that would have been disposed of at the facility to be closed.

(5) If the director determines that standards more stringent than those applicable in rules
adopted under division (A) of section 3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code, or standards pertaining to subjects not specifically addressed by those rules, are necessary to ensure that a solid waste facility constructed at the proposed location will not cause a nuisance, cause or contribute to water pollution, or endanger public health or safety, the director may issue a permit for the facility with such terms and conditions as the director finds necessary to protect public health and safety and the environment. If a permit is issued, the director shall state in the order issuing it the specific findings supporting each such term or condition.

(6) Divisions (A)(1) and (2)(a) of this section do not apply to a solid waste compost facility that accepts exclusively source separated yard wastes and that is registered under division (C) of section 3734.02 of the Revised Code or, unless otherwise provided in rules adopted under division (N)(3) of section 3734.02 of the Revised Code, to a solid waste compost facility if the director has adopted rules establishing an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility under that division.

(7) Divisions (A)(1) to (5) of this section do not apply to scrap tire collection, storage, monowell, monofill, and recovery facilities. The approval of plans and specifications, as applicable, and the issuance of registration certificates, permits, and licenses for those facilities are subject to sections 3734.75 to 3734.78 of the Revised Code, as applicable, and section 3734.81 of the Revised Code.

(B)(1) No person shall operate or maintain an infectious waste treatment facility without a license issued by the board of health of the health district in which the facility is located or by the director when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

(2)(a) During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing infectious waste treatment facility shall procure a license to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of health or to the director, as appropriate, on or before the last day of September of the year preceding that for which the license is sought. In addition to the application fee prescribed in division (B)(2)(c) of this section, a person who submits an application after that date shall pay an additional ten per cent of the amount of the application fee for each week that the application is late. Late payment fees accompanying an application submitted to the board of health shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code, and late payment fees accompanying an application submitted to the director shall be credited to the general revenue fund. A person who has received a license, upon sale or disposition of an infectious waste treatment facility and upon consent of the board of health and the director, may have the license transferred to another person. The board of health or the director may include such terms and conditions in a license or revision to a license as are appropriate to ensure compliance with the infectious waste provisions of this chapter and rules adopted under them.

(b) Each person proposing to open a new infectious waste treatment facility or to modify an existing infectious waste treatment facility shall submit an application for a permit with accompanying detail plans and specifications to the environmental protection agency for required approval under the rules adopted by the director pursuant to section 3734.021 of the Revised Code two hundred seventy days before proposed operation of the facility and concurrently shall make application for a license with the board of health of the health district in which the facility is or is proposed to be located. Not later than ninety days after receiving a complete application under division (B)(2)(b) of this section for a permit to open a new infectious waste treatment facility or modify an existing infectious waste treatment facility to expand its treatment capacity, or receiving a complete application under division (A)(2)(a) of this section for
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

a permit to open a new solid waste incineration facility, or modify an existing solid waste incineration facility to also treat infectious wastes or to increase its infectious waste treatment capacity, that pertains to a facility for which a notation authorizing infectious waste treatment is included or proposed to be included in the solid waste incineration facility's license pursuant to division (B)(3) of this section, the director shall hold a public hearing on the application within the county in which the new or modified infectious waste or solid waste facility is or is proposed to be located or within a contiguous county. Not less than thirty days before holding the public hearing on the application, the director shall publish notice of the hearing in each newspaper that has general circulation and that is published in the county in which the facility is or is proposed to be located. If there is no newspaper that has general circulation and that is published in the county, the director shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the public hearing and a general description of the proposed new or modified facility. At the public hearing, any person may submit written or oral comments on or objections to the approval or disapproval of the application. The applicant, or a representative of the applicant who has knowledge of the location, construction, and operation of the facility, shall attend the public hearing to respond to comments or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental protection agency presiding at the hearing.

(c) Each application for a permit under division (B)(2)(b) of this section shall be accompanied by a nonrefundable application fee of four hundred dollars that shall be credited to the general revenue fund. Each application for an annual license under division (B)(2)(a) of this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If the application for an annual license is submitted to a board of health on the approved list under section 3734.08 of the Revised Code, the application fee shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code. If the application for an annual license is submitted to the director, the application fee shall be credited to the general revenue fund. If a permit or license is issued, the amount of the application fee paid shall be deducted from the amount of the permit fee due under division (Q) of section 3745.11 of the Revised Code or the amount of the license fee due under division (C) of section 3734.06 of the Revised Code.

(d) The director may issue an order in accordance with Chapter 3745 of the Revised Code to the owner or operator of an infectious waste treatment facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under section 3734.021 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated engineering detail plans, specifications, and information to the director within one hundred eighty days after the effective date of the order.

(e) The director shall act on any updated engineering plans, specifications, and information submitted under division (B)(2)(d) of this section within one hundred eighty days after receiving them. If the director disapproves any such updated engineering plans, specifications, and information, the director shall include in the order disapproving the plans the requirement that the owner or operator cease accepting infectious wastes for treatment at the facility.

(3) Division (B) of this section does not apply to a generator of infectious wastes that meets any of the following conditions:

(a) Treats, by methods, techniques, and practices established by rules adopted under division (B)(2)(a) of section 3734.021 of the Revised Code, any of the following wastes:

(i) Infectious wastes that are generated on any premises that are owned or operated by the generator;
(ii) Infectious wastes that are generated by a generator who has staff privileges at a hospital as defined in section 3727.01 of the Revised Code;

(iii) Infectious wastes that are generated in providing care to a patient by an emergency medical services organization as defined in section 4765.01 of the Revised Code.

(b) Holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717 and a permit issued under Chapter 3704 of the Revised Code;

(c) Treats or disposes of dead animals or parts thereof, or the blood of animals, and is subject to any of the following:

(ii) Chapter 918 of the Revised Code;

(iii) Chapter 953 of the Revised Code.

Nothing in division (B) of this section requires a facility that holds a license issued under division (A) of this section as a solid waste facility and that also treats infectious wastes by the same method, technique, or process to obtain a license under division (B) of this section as an infectious waste treatment facility. However, the solid waste facility license for the facility shall include the notation that the facility also treats infectious wastes.

The director shall not issue a permit to open a new solid waste incineration facility unless the proposed facility complies with the requirements for the location of new infectious waste incineration facilities established in rules adopted under division (B)(2)(b) of section 3734.021 of the Revised Code.

(C) Except for a facility or activity described in division (E)(3) of section 3734.02 of the Revised Code, a person who proposes to establish or operate a hazardous waste facility shall submit a complete application for a hazardous waste facility installation and operation permit and accompanying detail plans, specifications, and such information as the director may require to the environmental protection agency at least one hundred eighty days before the proposed beginning of operation of the facility. The applicant shall notify by certified mail the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be located of the submission of the application within ten days after the submission or at such earlier time as the director may establish by rule. If the application is for a proposed new hazardous waste disposal or thermal treatment facility, the applicant also shall give actual notice of the general design and purpose of the facility to the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be located at least ninety days before the permit application is submitted to the environmental protection agency.

In accordance with rules adopted under section 3734.12 of the Revised Code, prior to the submission of a complete application for a hazardous waste facility installation and operation permit, the applicant shall hold at least one meeting in the township or municipal corporation in which the facility is proposed to be located, whichever is geographically closer to the proposed location of the facility. The meeting shall be open to the public and shall be held to inform the community of the proposed hazardous waste management activities and to solicit questions from the community concerning the activities.

(D)(1) Except as provided in section 3734.123 of the Revised Code, upon receipt of a complete application for a hazardous waste facility installation and operation permit under division (C) of this section, the director shall consider the application and accompanying information to determine whether the application complies with agency rules and the requirements of division (D)(2) of this section. After making a determination, the director shall issue either a draft permit or a notice of intent to deny the permit. The director, in accordance with rules adopted under section 3734.12 of the Revised Code or with rules adopted to implement Chapter 3745 of the Revised Code, shall provide public notice of the application and the draft permit or the notice of intent to deny the permit, provide an opportunity for public comments, and, if significant interest is shown, schedule a public meeting in the county in which
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

the facility is proposed to be located and give public notice of the date, time, and location of the public meeting in a newspaper of general circulation in that county.

(2) The director shall not approve an application for a hazardous waste facility installation and operation permit or an application for a modification under division (I)(3) of this section unless the director finds and determines as follows:
(a) The nature and volume of the waste to be treated, stored, or disposed of at the facility;
(b) That the facility complies with the director's hazardous waste standards adopted pursuant to section 3734.12 of the Revised Code;
(c) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of various alternatives, and other pertinent considerations;
(d) That the facility represents the minimum risk of all of the following:
(i) Fires or explosions from treatment, storage, or disposal methods;
(ii) Release of hazardous waste during transportation of hazardous waste to or from the facility;
(iii) Adverse impact on the public health and safety.
(e) That the facility will comply with this chapter and Chapters 3704 and 6111 of the Revised Code and all rules and standards adopted under them;
(f) That if the owner of the facility, the operator of the facility, or any other person in a position with the facility from which the person may influence the installation and operation of the facility has been involved in any prior activity involving transportation, treatment, storage, or disposal of hazardous waste, that person has a history of compliance with this chapter and Chapters 3704 and 6111 of the Revised Code and all rules and standards adopted under them, the “Resource Conservation and Recovery Act of 1976,” 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, and all regulations adopted under it, and similar laws and rules of other states if any such prior operation was located in another state that demonstrates sufficient reliability, expertise, and competency to operate a hazardous waste facility under the applicable provisions of this chapter and Chapters 3704 and 6111 of the Revised Code, the applicable rules and standards adopted under them, and terms and conditions of a hazardous waste facility installation and operation permit, given the potential for harm to the public health and safety and the environment that could result from the irresponsible operation of the facility. For off-site facilities, as defined in section 3734.41 of the Revised Code, the director may use the investigative reports of the attorney general prepared pursuant to section 3734.42 of the Revised Code as a basis for making a finding and determination under division (D)(2)(f) of this section.
(g) That the active areas within a new hazardous waste facility where acute hazardous waste as listed in 40 C.F.R. 261.33 (e), as amended, or organic waste that is toxic and is listed under 40 C.F.R. 261, as amended, is being stored, treated, or disposed of and where the aggregate of the storage design capacity and the disposal design capacity of all hazardous waste in those areas is greater than two hundred fifty thousand gallons, are not located or operated within any of the following:
(i) Two thousand feet of any residence, school, hospital, jail, or prison;
(ii) Any naturally occurring wetland;
(iii) Any flood hazard area if the applicant cannot show that the facility will be designed, constructed, operated, and maintained to prevent washout by a one-hundred-year flood.
Division (D)(2)(g) of this section does not apply to the facility of any applicant who demonstrates to the director that the limitations specified in that division are not necessary because of the nature or volume of the waste and the manner of management applied, the facility will impose no substantial danger to the health and safety of persons occupying the structures listed in division (D)(2)(g)(i) of this section, and the facility is to be located or operated...
in an area where the proposed hazardous waste activities will not be incompatible with existing land uses in the area.

(h) That the facility will not be located within the boundaries of a state park established or dedicated under Chapter 1546 of the Revised Code, a state park purchase area established under section 1546.06 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any candidate area located in this state identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility will be used exclusively for the storage of hazardous waste generated within the park or recreation area in conjunction with the operation of the park or recreation area. Division (D)(2)(h) of this section does not apply to the facility of any applicant for modification of a permit unless the modification application proposes to increase the land area included in the facility or to increase the quantity of hazardous waste that will be treated, stored, or disposed of at the facility.

(3) Not later than one hundred eighty days after the end of the public comment period, the director, without prior hearing, shall issue or deny the permit in accordance with Chapter 3745 of the Revised Code. If the director approves an application for a hazardous waste facility installation and operation permit, the director shall issue the permit, upon such terms and conditions as the director finds are necessary to ensure the construction and operation of the hazardous waste facility in accordance with the standards of this section.

(E) No political subdivision of this state shall require any additional zoning or other approval, consent, permit, certificate, or condition for the construction or operation of a hazardous waste facility authorized by a hazardous waste facility installation and operation permit issued pursuant to this chapter, nor shall any political subdivision adopt or enforce any law, ordinance, or rule that in any way alters, impairs, or limits the authority granted in the permit.

(F) The director may issue a single hazardous waste facility installation and operation permit to a person who operates two or more adjoining facilities where hazardous waste is stored, treated, or disposed of if the application includes detail plans, specifications, and information on all facilities. For the purposes of this section, "adjoining" means sharing a common boundary, separated only by a public road, or in such proximity that the director determines that the issuance of a single permit will not create a hazard to the public health or safety or the environment.

(G) No person shall falsify or fail to keep or submit any plans, specifications, data, reports, records, manifests, or other information required to be kept or submitted to the director by this chapter or the rules adopted under it.

(H)(1) Each person who holds an installation and operation permit issued under this section and who wishes to obtain a permit renewal shall submit a completed application for an installation and operation permit renewal and any necessary accompanying general plans, detail plans, specifications, and such information as the director may require to the director no later than one hundred eighty days prior to the expiration date of the existing permit or upon a later date prior to the expiration of the existing permit if the permittee can demonstrate good cause for the late submittal. The director shall consider the application and accompanying information, inspection reports of the facility, results of performance tests, a report regarding the facility's compliance or noncompliance with the terms and conditions of its permit and rules adopted by the director under this chapter, and such other information as is relevant to the operation of the facility and shall issue a draft renewal permit or a notice of intent to deny the renewal permit. The director, in accordance with rules adopted under this section or with rules adopted to implement Chapter 3745 of the Revised Code, shall give public notice of the
application and draft renewal permit or notice of intent to deny the renewal permit, provide for the opportunity for public comments within a specified time period, schedule a public meeting in the county in which the facility is located if significant interest is shown, and give public notice of the public meeting.

(2) Within sixty days after the public meeting or close of the public comment period, the director, without prior hearing, shall issue or deny the renewal permit in accordance with Chapter 3745 of the Revised Code. The director shall not issue a renewal permit unless the director determines that the facility under the existing permit has a history of compliance with this chapter, rules adopted under it, the existing permit, or orders entered to enforce such requirements that demonstrates sufficient reliability, expertise, and competency to operate the facility henceforth under this chapter, rules adopted under it, and the renewal permit. If the director approves an application for a renewal permit, the director shall issue the permit subject to the payment of the annual permit fee required under division (E) of section 3734.02 of the Revised Code and upon such terms and conditions as the director finds are reasonable to ensure that continued operation, maintenance, closure, and post-closure care of the hazardous waste facility are in accordance with the rules adopted under section 3734.12 of the Revised Code.

(3) An installation and operation permit renewal application submitted to the director that also contains or would constitute an application for a modification shall be acted upon by the director in accordance with division (I) of this section in the same manner as an application for a modification. In approving or disapproving the renewal portion of a permit renewal application containing an application for a modification, the director shall apply the criteria established under division (H)(2) of this section.

(4) An application for renewal or modification of a permit that does not contain an application for a modification as described in divisions (I)(3)(a) to (d) of this section shall not be subject to division (D)(2) of this section.

(1)(1) As used in this section, “modification” means a change or alteration to a hazardous waste facility or its operations that is inconsistent with or not authorized by its existing permit or authorization to operate. Modifications shall be classified as Class 1, 2, or 3 modifications in accordance with rules adopted under division (K) of this section. Modifications classified as Class 3 modifications, in accordance with rules adopted under that division, shall be further classified by the director as either Class 3 modifications that are to be approved or disapproved by the director under divisions (I)(3)(a) to (d) of this section or as Class 3 modifications that are to be approved or disapproved by the director under division (I)(5) of this section. Not later than thirty days after receiving a request for a modification under division (I)(4) of this section that is not listed in Appendix I to 40 C.F.R. 270.42 or in rules adopted under division (K) of this section, the director shall classify the modification and shall notify the owner or operator of the facility requesting the modification of the classification. Notwithstanding any other law to the contrary, a modification that involves the transfer of a hazardous waste facility installation and operation permit to a new owner or operator for any off-site facility as defined in section 3734.41 of the Revised Code shall be classified as a Class 3 modification. The transfer of a hazardous waste facility installation and operation permit to a new owner or operator for a facility that is not an off-site facility shall be classified as a Class 1 modification requiring prior approval of the director.

(2) Except as provided in section 3734.123 of the Revised Code, a hazardous waste facility installation and operation permit may be modified at the request of the permittee or upon the written request of the permittee only if any of the following applies:

(a) The permittee desires to accomplish alterations, additions, or deletions to the permitted facility or to undertake alterations, additions, deletions, or activities that are inconsistent with or not authorized by the existing permit;

(b) New information or data justify permit conditions in addition to or different from those in the existing permit;
(c) The standards, criteria, or rules upon which the existing permit is based have been changed by new, amended, or rescinded standards, criteria, or rules, or by judicial decision after the existing permit was issued, and the change justifies permit conditions in addition to or different from those in the existing permit;
(d) The permittee proposes to transfer the permit to another person.
(3) The director shall approve or disapprove an application for a modification in accordance with division (D)(2) of this section and rules adopted under division (K) of this section for all of the following categories of Class 3 modifications:
   (a) Authority to conduct treatment, storage, or disposal at a site, location, or tract of land that has not been authorized for the proposed category of treatment, storage, or disposal activity by the facility's permit;
   (b) Modification or addition of a hazardous waste management unit, as defined in rules adopted under section 3734.12 of the Revised Code, that results in an increase in a facility's storage capacity of more than twenty-five per cent over the capacity authorized by the facility's permit, an increase in a facility's treatment rate of more than twenty-five per cent over the rate so authorized, or an increase in a facility's disposal capacity over the capacity so authorized. The authorized disposal capacity for a facility shall be calculated from the approved design plans for the disposal units at that facility. In no case during a five-year period shall a facility's storage capacity or treatment rate be modified to increase by more than twenty-five per cent in the aggregate without the director's approval in accordance with division (D)(2) of this section. Notwithstanding any provision of division (I) of this section to the contrary, a request for modification of a facility's annual total waste receipt limit shall be classified and approved or disapproved by the director under division (I)(5) of this section.
   (c) Authority to add any of the following categories of regulated activities not previously authorized at a facility by the facility's permit: storage at a facility not previously authorized to store hazardous waste, treatment at a facility not previously authorized to treat hazardous waste, or disposal at a facility not previously authorized to dispose of hazardous waste; or authority to add a category of hazardous waste management unit not previously authorized at the facility by the facility's permit. Notwithstanding any provision of division (I) of this section to the contrary, a request for authority to add or to modify an activity or a hazardous waste management unit for the purposes of performing a corrective action shall be classified and approved or disapproved by the director under division (I)(5) of this section.
   (d) Authority to treat, store, or dispose of waste types listed or characterized as reactive or explosive, in rules adopted under section 3734.12 of the Revised Code, or any acute hazardous waste listed in 40 C.F.R. 261.33(e), as amended, at a facility not previously authorized to treat hazardous waste, treatment at a facility not previously authorized to treat hazardous waste, or disposal at a facility not previously authorized to dispose of hazardous waste; or authority to add a category of hazardous waste management unit not previously authorized at the facility by the facility's permit. Notwithstanding any provision of division (I) of this section to the contrary, a request for authority to add or to modify an activity or a hazardous waste management unit for the purposes of performing a corrective action shall be classified and approved or disapproved by the director under division (I)(5) of this section.
(4) A written request for a modification from the permittee shall be submitted to the director and shall contain such information as is necessary to support the request. Requests for modifications shall be acted upon by the director in accordance with this section and rules adopted under it.
(5) Class 1 modification applications that require prior approval of the director, as provided in division (I)(1) of this section or as determined in accordance with rules adopted under division (K) of this section, Class 2 modification applications, and Class 3 modification applications that are not described in divisions (I)(3)(a) to (d) of this section shall be approved or disapproved by the director in accordance with rules adopted under division (K) of this section. The board of county commissioners of the county, the board of township trustees of the
township, and the city manager or mayor of the municipal corporation in which a hazardous waste facility is located shall receive notification of any application for a modification for that facility and shall be considered as interested persons with respect to the director's consideration of the application.

As used in division (I) of this section:
(a) “Owner” means the person who owns a majority or controlling interest in a facility.
(b) “Operator” means the person who is responsible for the overall operation of a facility.

The director shall approve or disapprove an application for a Class 1 modification that requires the director's approval within sixty days after receiving the request for modification. The director shall approve or disapprove an application for a Class 2 modification within three hundred days after receiving the request for modification. The director shall approve or disapprove an application for a Class 3 modification within three hundred sixty-five days after receiving the request for modification.

(6) The approval or disapproval by the director of a Class 1 modification application is not a final action that is appealable under Chapter 3745 of the Revised Code. The approval or disapproval by the director of a Class 2 modification or a Class 3 modification is a final action that is appealable under that chapter. In approving or disapproving a request for a modification, the director shall consider all comments pertaining to the request that are received during the public comment period and the public meetings. The administrative record for appeal of a final action by the director in approving or disapproving a request for a modification shall include all comments received during the public comment period relating to the request for modification, written materials submitted at the public meetings relating to the request, and any other documents related to the director's action.

(7) Notwithstanding any other provision of law to the contrary, a change or alteration to a hazardous waste facility described in division (E)(3)(a) or (b) of section 3734.02 of the Revised Code, or its operations, is a modification for the purposes of this section. An application for a modification at such a facility shall be submitted, classified, and approved or disapproved in accordance with divisions (I)(1) to (6) of this section in the same manner as a modification to a hazardous waste facility installation and operation permit.

(J)(1) Except as provided in division (J)(2) of this section, an owner or operator of a hazardous waste facility that is operating in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b) of section 3734.02 of the Revised Code shall submit either a hazardous waste facility installation and operation permit application for the facility or a modification application, whichever is required under division (J)(1)(a) or (b) of this section, within one hundred eighty days after the director has requested the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal.

(a) If the owner or operator does not have a hazardous waste facility installation and operation permit for any hazardous waste treatment, storage, or disposal activities at the facility, the owner or operator shall submit an application for such a permit to the director for the activities authorized by the permit by rule. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the application for the permit in accordance with the procedures governing the approval or disapproval of permit renewals under division (H) of this section.

(b) If the owner or operator has a hazardous waste facility installation and operation permit for hazardous waste treatment, storage, or disposal activities at the facility other than those authorized by the permit by rule, the owner or operator shall submit to the director a request for modification in accordance with division (I) of this section. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the modification application in accordance with division (I)(5) of this section.

(2) The owner or operator of a boiler or industrial furnace that is conducting thermal
treatment activities in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b) of section 3734.02 of the Revised Code shall submit a hazardous waste facility installation and operation permit application if the owner or operator does not have such a permit for any hazardous waste treatment, storage, or disposal activities at the facility or, if the owner or operator has such a permit for hazardous waste treatment, storage, or disposal activities at the facility other than thermal treatment activities authorized by the permit by rule, a modification application to add those activities authorized by the permit by rule, whichever is applicable, within one hundred eighty days after the director has requested the submission of the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal. The application shall be accompanied by information necessary to support the request. The director shall approve or disapprove an application for a hazardous waste facility installation and operation permit in accordance with division (D) of this section and approve or disapprove an application for a modification in accordance with division (I)(3) of this section, except that the director shall not disapprove an application for the thermal treatment activities on the basis of the criteria set forth in division (D)(2)(g) or (h) of this section.

(3) As used in division (J) of this section:
(a) “Modification application” means a request for a modification submitted in accordance with division (I) of this section.
(b) “Thermal treatment,” “boiler,” and “industrial furnace” have the same meanings as in rules adopted under section 3734.12 of the Revised Code.

(K) The director shall adopt, and may amend, suspend, or rescind, rules in accordance with Chapter 119 of the Revised Code in order to implement divisions (H) and (I) of this section. Except when in actual conflict with this section, rules governing the classification of and procedures for the modification of hazardous waste facility installation and operation permits shall be substantively and procedurally identical to the regulations governing hazardous waste facility permitting and permit modifications adopted under the “Resource Conservation and Recovery Act of 1976,” 90 Stat. 2806, 42 U.S.C.A. 6921, as amended.

3734.12 EPA to issue hazardous and solid waste rules.

The director of environmental protection shall adopt rules in accordance with Chapter 119 of the Revised Code, which shall be consistent with and equivalent to the regulations adopted under the Resource Conservation and Recovery Act except for rules adopted under divisions (D) and (F) of this section governing solid waste facilities and except as otherwise provided in this chapter, doing all of the following:

(A) Adopting the criteria and procedures established under the Resource Conservation and Recovery Act for identifying hazardous waste. The director shall prepare, revise when appropriate, and publish a list of substances or categories of substances identified to be hazardous using the criteria specified in 40 C.F.R. 261, as amended, which shall be composed of at least those substances identified as hazardous pursuant to section 3001(B) of that act. The director shall not list any waste that the administrator of the United States environmental protection agency delisted or excluded by an amendment to the federal regulations, any waste that the administrator declined to list by publishing a denial of a rulemaking petition or by withdrawal of a proposed listing in the United States federal register after May 18, 1980, or any waste oil or polychlorinated biphenyl not listed by the administrator.

(B) Establishing standards for generators of hazardous waste necessary to protect human health or safety or the environment in accordance with this chapter, including, but not limited to, requirements respecting all of the following:
(1) Record-keeping practices that accurately identify the quantities of hazardous waste generated, the constituents that are significant in quantity or in potential harm to human health or safety or the environment, and the disposition of the waste;

(2) Labeling of containers used for storage, transportation, or disposal of hazardous waste to identify the waste accurately;

(3) Use of appropriate containers for hazardous waste;

(4) Providing information on the general chemical composition of hazardous waste to persons transporting, treating, storing, or disposing of the waste;

(5) A manifest system requiring a manifest consistent with that prescribed under the Resource Conservation and Recovery Act requiring a manifest for any hazardous waste transported off the premises where generated and assuring that all hazardous waste that is transported off the premises where generated is designated for treatment, storage, or disposal in facilities for which a permit has been issued or in the other facilities specified in division (F) of section 3734.02 of the Revised Code;

(6) Submission of such reports to the director as the director determines necessary;

(7) Establishment of quality control and testing procedures that ensure compliance with the rules adopted under this section;

(8) Obtainment of a United States environmental protection agency identification number.

(C) Establishing standards for transporters of hazardous waste necessary to protect human health or safety or the environment in accordance with this chapter, including, but not limited to, requirements respecting all of the following:

(1) Record-keeping concerning hazardous waste transported, including source and delivery points;

(2) Submission of such reports to the director as the director determines necessary;

(3) Transportation of only properly labeled waste;

(4) Compliance with the manifest system required by division (B) of this section;

(5) Transportation of hazardous waste only to the treatment, storage, or disposal facility that the shipper designates on the manifest to be a facility holding a permit or another facility specified in division (F) of section 3734.02 of the Revised Code;

(6) Contingency plans to minimize unanticipated damage from transportation of hazardous waste;

(7) Financial responsibility, including, but not limited to, provisions requiring a financial mechanism to cover the costs of spill cleanup and liability for sudden accidental occurrences that result in damage to persons, property, or the environment;

(8) Obtainment of a United States environmental protection agency identification number.

In the case of any hazardous waste that is subject to the “Hazardous Materials Transportation Act,” 88 Stat. 2156 (1975), 49 U.S.C.A. 1801, as amended, the rules shall be consistent with that act and regulations adopted under it.

(D) Establishing performance standards for owners and operators of hazardous waste facilities and owners and operators of solid waste facilities, necessary to protect human health or safety or the environment in accordance with this chapter, including, but not limited to, requirements respecting all of the following:

(1) Maintaining records of all hazardous waste that is treated, stored, or disposed of and of the manner in which the waste was treated, stored, or disposed of or records of all solid wastes transferred or disposed of and of the manner in which the wastes were disposed of;

(2) Submission of such reports to the director as the director determines necessary;

(3) Reporting, monitoring, inspection, and, except with respect to solid waste facilities, compliance with the manifest system referred to in division (B) of this section;

(4) Treatment, storage, or disposal of all hazardous waste received by methods,
techniques, and practices approved by the director and disposal or transfer of all solid wastes received by methods, techniques, and practices approved by the director;

(5) Location, design, and construction of hazardous waste facilities and location, design, and construction of solid waste facilities;

(6) Contingency plans for effective action to minimize unanticipated damage from treatment, storage, or disposal of hazardous waste and the disposal or transfer of solid wastes;

(7) Ownership, continuity of operation, training for personnel, and financial responsibility, including the filing of closure and post-closure financial assurance, if applicable. No private entity shall be precluded by reason of these requirements from the ownership or operation of facilities providing hazardous waste treatment, storage, or disposal services if the entity can provide assurances of financial responsibility and continuity of operation consistent with the degree and duration of risks associated with the treatment, storage, or disposal of specified hazardous waste.

(8) Closure and post-closure care of a hazardous waste facility where hazardous waste will no longer be treated, stored, or disposed of and of a solid waste facility where solid wastes will no longer be disposed of or transferred;

(9) Establishment of quality control and testing procedures that ensure compliance with the rules adopted under this section;

(10) Obtainment of a United States environmental protection agency identification number for each hazardous waste treatment, storage, or disposal facility;

(11) Trial burns and land treatment demonstrations.

The rules adopted under divisions (D) and (F) of this section pertaining to solid waste facilities do not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. Those facilities are subject to and governed by rules adopted under sections 3734.70 to 3734.73 of the Revised Code, as applicable.

(E) Governing the issuance, modification, revocation, suspension, withdrawal, and denial of installation and operation permits, draft permits, and transportation certificates of registration;

(F) Specifying information required to be included in applications for hazardous waste facility installation and operation permits and solid waste permits, including, but not limited to, detail plans, specifications, and information respecting all of the following:

(1) The composition, quantities, and concentrations of hazardous waste and solid wastes to be stored, treated, transported, or disposed of and such other information as the director may require regarding the method of operation;

(2) The facility to which the waste will be transported or where it will be stored, treated, or disposed of;

(3) The closure and post-closure care of a facility where hazardous waste will no longer be treated, stored, or disposed of and of a solid waste facility where solid wastes will no longer be disposed of or transferred.

(G) Establishing procedures ensuring that all information entitled to protection as trade secrets disclosed to the director or the director’s authorized representative is not disclosed without the consent of the owner, except that such information may be disclosed, upon request, to authorized representatives of the United States environmental protection agency, or as required by law. As used in this section, “trade secrets” means any formula, plan, pattern, process, tool, mechanism, compound, procedure, production date, or compilation of information that is not patented, that is known only to certain individuals within a commercial concern who are using it to fabricate, produce, or compound an article, trade, or service having commercial value, and that gives its user an opportunity to obtain a business advantage over competitors who do not know or use it.

(H) Prohibiting the disposal of specified hazardous wastes in this state if the director has determined both of the following:

(1) The potential impacts on human health or safety or the environment are such that
disposal of those wastes should not be allowed.

(2) A technically feasible and environmentally sound alternative is reasonably available, either within or outside this state, for processing, recycling, fixation of, neutralization of, or other treatment of those wastes. Such reasonable availability shall not be determined without a consideration of the costs to the generator of implementing the alternatives.

The director shall adopt, and may amend, suspend, or rescind, rules to specify hazardous wastes that shall not be disposed of in accordance with this division. Nothing in this division, either prior to or after adoption of those rules, shall preclude the director from prohibiting the disposal of specified hazardous wastes at particular facilities under the terms or conditions of a permit or by order.

(i)(1)(a) Governing the following that may be more stringent than the regulations adopted under the Resource Conservation and Recovery Act when the director determines that such more stringent rules are reasonable in order to protect human health or safety or the environment:

(i) Specific wastes that the director determines, because of their physical, chemical, or biological characteristics, are so extremely hazardous that the storage, treatment, or disposal of the wastes in compliance with those regulations would present an imminent danger to human health or safety or the environment;

(ii) The use of only properly designed, operated, and approved transfer facilities;

(iii) Preventing illegitimate activities relating to the reuse, recycling, or reclaiming of hazardous waste, including record-keeping, reporting, and manifest requirements.

(b) In adopting such more stringent rules, the director shall give consideration to and base the rules on evidence concerning factors including, but not limited to, the following insofar as pertinent:

(i) Geography of the state;

(ii) Geology of the state;

(iii) Hydrogeology of the state;

(iv) Climate of the state;

(v) Engineering and technical feasibility;

(vi) Availability of alternative technologies or methods of storage, treatment, or disposal.

(2) The director may require from generators and transporters of hazardous waste and from owners or operators of treatment, storage, or disposal facilities, the submission of reports in addition to those required under regulations adopted under the Resource Conservation and Recovery Act to the extent that such reports contain information that the generator, transporter, or facility owner or operator is required to obtain in order to comply with the regulations adopted by the administrator of the United States environmental protection agency under the Resource Conservation and Recovery Act or to the extent that such reports are required by the director to meet the requirements of division (B)(7), (D)(9), or (H) of this section or section 3734.121 of the Revised Code.

(J) Governing the storage, treatment, or disposal of hazardous waste in, and the permitting, design, construction, operation, monitoring, inspection, closure, and post-closure care of, hazardous waste underground injection wells, surface impoundments, waste piles other than those composed of materials removed from the ground as part of coal or mineral extraction or cleaning processes, land treatment facilities, thermal treatment facilities, and landfills that may be more stringent than the regulations adopted under the Resource Conservation and Recovery Act whenever the director reasonably determines that federal regulations will not adequately protect the public health or safety or the environment of this state with respect to the subject matter of the more stringent rules. Such more stringent rules shall be developed to achieve a degree of protection, as determined by the director, consistent with the degree of hazard potentially posed by the various wastes or categories of wastes to be treated, stored, or disposed of and the types of facilities at which they are to be treated, stored, or disposed of. In
adoption of such more stringent rules, the director shall give consideration to and base the rules on evidence concerning factors including, but not limited to, the following insofar as pertinent:

(1) Geography of the state;
(2) Geology of the state;
(3) Hydrogeology of the state;
(4) Climate of the state;
(5) Engineering and technical feasibility;
(6) Availability of alternative technologies or methods of storage, treatment, or disposal.

(K) Establishing performance standards and other requirements necessary to protect public health and the environment from hazards associated with used oil, including, without limitation, standards and requirements respecting all of the following:

(1) Material that is subject to regulation as used oil;
(2) Generation of used oil;
(3) Used oil collection centers and aggregation points;
(4) Transportation of used oil;
(5) Processing and re-refining of used oil;
(6) Burning of used oil;
(7) Marketing of used oil;
(8) Disposal of used oil;
(9) Use of used oil as a dust suppressant.

(L) Establishing any other requirements, standards, or criteria that are consistent with and equivalent to the Resource Conservation and Recovery Act governing any matter not specifically addressed by divisions (A) to (K) of this section.

3734.16 Liability of hazardous waste generator.

A generator of hazardous waste who violates any of the rules adopted by the director of environmental protection in accordance with divisions (B) and (I) of section 3734.12 of the Revised Code shall be liable for any damage or injury caused by the violation and for the costs of rectifying the violation and conditions caused by the violation in addition to any civil penalties or criminal fines imposed for the violation under section 3734.13 or 3734.99 of the Revised Code.

3750.01 Emergency planning; definitions.

As used in this chapter:

(A) "Confidential business information" means the types or categories of information identified in rules adopted under division (B)(1)(h) of section 3750.02 of the Revised Code.

(B) "Extremely hazardous substance" means a substance identified or listed by the rules adopted under division (B)(1)(a) or (C)(5) of section 3750.02 of the Revised Code.

(C) "Emergency planning district" means an emergency planning district or joint emergency planning district designated under section 3750.03 of the Revised Code or a joint interstate emergency planning district established by agreement under that section.

(D) "Facility" means all buildings, equipment, structures, and other stationary items that are located on a single site or on contiguous or adjacent sites and that are owned or operated by the same person or by any person who controls, is controlled by, or is under common control with such person. For the purposes of section 3750.06 of the Revised Code, the term also includes motor vehicles, rolling stock, and aircraft.

(E) "Fire department" means a fire department of a municipal corporation or township, a township fire district, a joint township fire district, a private fire company or volunteer fire company that has entered into an agreement for the use and operation of fire-fighting
equipment with a municipal corporation, township, township fire district, or joint township fire
district or, in a municipal corporation or township where no such fire department or district exists
and no such agreement is in effect, the fire prevention officer of the municipal corporation or
township.

(F) "First response equipment" means equipment, other than emergency response and
firefighting vehicles, designed primarily for the purpose of facilitating the safe and efficient
response to unanticipated and unauthorized releases of hazardous substances and extremely
hazardous substances.

(G) "Hazardous chemical" has the meaning given to that term in 29 C.F.R. 1910. 1200
(c). The term also includes chemicals identified or listed in rules adopted under division (C)(5) of
section 3750.02 of the Revised Code, but does not include any of the following:

1. Any food, food additive, color additive, drug, or cosmetic regulated by the food and
drug administration of the United States department of health and human services;
2. Any substance present as a solid in any manufactured item, to the extent that
exposure to the substance does not occur under normal conditions of use;
3. Any substance to the extent it is used for personal, family, or household purposes, or
is present in the same form and concentration as a product packaged for distribution and use by
the general public, including, without limitation, household and consumer products that are
stored prior to or displayed for distribution to the consumer when in the same form and
concentration and products that are not intended for distribution to the general public and are in
the same form and concentration as products packaged for distribution and use by the
general public, unless the chemical is subject to a reporting requirement for which a variance
has been issued under division (B) or (C) of section 3750.11 of the Revised Code;
4. Any substance to the extent it is used in a research laboratory or a hospital or other
medical facility under the direct supervision of a technically qualified individual;
5. Any substance to the extent it is used in routine agricultural operations or is a
fertilizer held for sale by a retailer to the ultimate customer.

(H) "Hazardous substance" means a substance identified or listed by the rules adopted
under division (B)(1)(c) or (C)(5) of section 3750.02 of the Revised Code.

(I) "Local emergency planning committee" means the local emergency planning
committee of an emergency planning district, joint emergency planning district, or joint interstate
planning district established under section 3750.03 of the Revised Code.

(J) "Oil" means oil of any kind or in any form including, without limitation, petroleum, fuel
oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil.

(K) "Person" means the state, any political subdivision, any other state or local body, the
United States and any agency or instrumentality thereof, and any person as defined in section
1.59 of the Revised Code.

(L) "Release" means any spilling, leaking, pumping, pouring, emitting, emptying,
discharging, injecting, escaping, leaching, dumping, or disposing of into the environment,
including, without limitation, the abandonment or discarding of barrels, containers, and other
closed receptacles that contained any oil, hazardous chemical, hazardous substance, or
extremely hazardous substance. The term does not include any discharge, emission, injection,
or disposal into the environment of any oil, hazardous chemical, hazardous substance, or
extremely hazardous substance that is in compliance with Chapter 1509, 3704, 3734, or 6111 of
the Revised Code, rules adopted thereunder, the terms or conditions of a current and valid
permit or license, or order, issued thereunder, or a plan approval made thereunder.

(M) "Vessel" means every watercraft or other artificial contrivance used or capable of
being used as a means of transportation on water.
Facility and emergency planning.

(A) Each facility that has an extremely hazardous substance present in an amount that exceeds the threshold planning quantity for the substance established by rules adopted under division (B)(1)(a) or (C)(5) of section 3750.02 of the Revised Code is subject to this section and section 3750.04 of the Revised Code. Upon the written request of the local emergency planning committee of the emergency planning district in which a facility is located, the emergency response commission may, by issuance of an order in accordance with section 3750.18 of the Revised Code, designate an additional facility as being subject to the requirements of this section and section 3750.04 of the Revised Code if the commission determines from the request that, due to the size of the facility, the nature of its operations, or its proximity to a residential area or an area where significant numbers of people work or congregate, participation in the emergency planning process under this section and section 3750.04 of the Revised Code is necessary or appropriate to protect the public health or safety or the environment. At least forty-five days before issuance of such an order the commission shall mail written notice to the owner or operator of the facility by certified mail, return receipt requested, and shall notify the public, by the publication of notice in a newspaper of general circulation in the county where the facility is located, of the commission's intention to approve the request and to issue the order and that the public may submit written comments to the commission regarding approval of the request during that time. The commission shall not issue any such order unless at least sixty per cent of the voting members of the commission vote to approve the request and issuance of the order. Designations under this division shall be made on the basis of individual facilities rather than on a categorical basis.

(B) Within thirty days after the committee of a district is appointed under section 3750.03 of the Revised Code, the owner or operator of any facility located in the district and identified under division (A) of this section shall select a facility representative and provide the name of the representative to the committee. The facility representative is the person who will participate in the district's emergency planning process as the facility emergency coordinator. If the owner or operator changes its facility emergency coordinator, the owner or operator shall promptly provide the name of the new facility emergency coordinator to the committee.

If an extremely hazardous substance first becomes present at a facility on or after the effective date of this section in an amount that exceeds the threshold planning quantity established for the substance in rules adopted under division (B)(1)(a) of section 3750.02 of the Revised Code, or if, after rules have been adopted under division (C)(5) of section 3750.02 of the Revised Code, an extremely hazardous substance becomes present at a facility in an amount that exceeds the threshold planning quantity for the extremely hazardous substance, the owner or operator of the facility shall notify the emergency response commission and the local emergency planning committee of the emergency planning district in which the facility is located that the facility is subject to this section and section 3750.04 of the Revised Code within sixty days after first acquiring the substance. If rules are adopted under division (C)(5) of section 3750.02 of the Revised Code, or if rules adopted under division (B)(1)(a) or (C)(5) of that section are amended, and a facility has present an extremely hazardous substance in an amount exceeding the threshold planning quantity for the extremely hazardous substance established in those rules or amended rules, the owner or operator of the facility shall notify the commission and the local emergency planning committee of the emergency planning district in which the facility is located that the facility is subject to this section and section 3750.04 of the Revised Code within sixty days after adoption or amendment of the rules. If the owner or operator had not previously been required to select a facility emergency coordinator under this division, he shall select one and provide his name to the committee within sixty days after first acquiring the extremely hazardous substance or within sixty days after adoption or amendment of the rule, as appropriate.
(C) Upon the request of the committee having jurisdiction, the owner or operator of a facility identified in division (A) of this section shall promptly provide to the committee the information necessary for developing and implementing the chemical emergency response and preparedness plan for the district.

(D) An agricultural producer who has complied with section 302 of the “Emergency Planning and Community Right-To-Know Act of 1986,” 100 Stat. 1730, 42 U.S.C.A. 11002, and divisions (B) and (C) of this section is not subject to the requirements of sections 3750.07 and 3750.08 of the Revised Code nor to the payment of filing fees under division (A) of section 3750.13 of the Revised Code with respect to his agricultural production activities.

(E) No owner or operator of a facility shall fail to comply with this section or an order issued under division (A) of this section.

3750.06 Notice of hazardous release.

(A) The owner or operator of a facility where a hazardous chemical is produced, used, or stored and from which a release of an extremely hazardous substance or hazardous substance occurs in an amount equal to or exceeding the reportable quantity prescribed in rules adopted under division (B)(1)(c) or (C)(5) of section 3750.02 of the Revised Code shall provide the notices required by divisions (C) and (D) of this section. The owner or operator of any facility from which a release of oil occurs in an amount equal to or exceeding the reportable quantity prescribed in rules adopted under division (B)(3) of section 3750.02 of the Revised Code shall provide the notices required by divisions (C) and (D) of this section.

(B) The owner or operator of a vessel from which a release of a hazardous substance or an extremely hazardous substance occurs in an amount equal to or exceeding the reportable quantity prescribed in rules adopted under division (B)(1)(c) or (C)(5) of section 3750.02 of the Revised Code, or from which a release of oil occurs in an amount equal to or exceeding the reportable quantity prescribed in rules adopted under division (B)(3) of section 3750.02 of the Revised Code, shall provide the notices required by divisions (C) and (D) of this section, except that those notices need be provided to only the director of environmental protection or his designated representative. Upon receiving a verbal emergency notice under this division, the director or his representative shall immediately notify the community emergency coordinator of the emergency planning district in which the release occurred of the release. Upon receipt of a written follow-up emergency notice or revised written follow-up emergency notice under division (D) of this section, the director or his representative shall immediately send a copy of it to that community emergency coordinator.

(C) Except as provided in division (E) of this section, if any release described in division (A) or (B) of this section occurs, the owner or operator of the facility or vessel from which the release occurred shall immediately notify verbally, by telephone, radio, or in person, the community emergency coordinator of each emergency planning district that contains an area likely to be affected by the release, the fire department having jurisdiction where the release occurred, and the director of environmental protection or his designated representative. Upon receiving a verbal emergency notice under this division, the director or his representative shall immediately notify the community emergency coordinator of the emergency planning district in which the release occurred of the release. Upon receipt of a written follow-up emergency notice or revised written follow-up emergency notice under division (D) of this section, the director or his representative shall immediately send a copy of it to that community emergency coordinator.

(1) The location of the release;
(2) The chemical name or identity of any substance involved in the release and whether the substance is an extremely hazardous substance;
(3) An estimate of the quantity of any substance released into the environment;
(4) The time and duration of the release;
(5) The environmental medium or media into which the substance was released;
(6) Any known or anticipated acute or chronic health risks associated with the release and, if known to the informant, advice regarding medical attention necessary for individuals exposed to the substance released;

(7) Proper precautions to take as a result of the release, including evacuation and other proposed response actions, unless that information is readily available to the community emergency coordinator pursuant to the plan of the district prepared under section 3750.04 of the Revised Code;

(8) The name and telephone number of the person or persons to be contacted for further information;

(9) Such other information as may be required by rules adopted under division (B)(1)(f) of section 3750.02 of the Revised Code.

(D) As soon as practicable but not later than thirty days after the release, the owner or operator of a facility or vessel from which a release described in division (A) or (B) of this section occurred shall submit to the committee of the district in which the release occurred and to the director or his designated representative a written, follow-up emergency notice of the release setting forth and updating the information provided in the verbal notice given under division (C) of this section and including all of the following additional information:

(1) Actions taken to respond to and contain the release;

(2) Any known or anticipated acute or chronic health risks associated with the release;

(3) Where appropriate, advice regarding medical attention necessary for individuals exposed to the substance released;

(4) A summary of all actions taken by the owner or operator to prevent a recurrence of the release. Any information submitted pursuant to division (D)(4) of this section is subject to Evidence Rule 407.

(5) Such other information as is required by rules adopted under division (B)(1)(f) of section 3750.02 of the Revised Code.

If significant additional information about a release becomes known during the period between submission of the written report required by this division and one year after the release, the owner or operator shall submit to the committee and the director or his authorized representative an updated written notice within three days after learning the additional information.

(E) This section does not apply to any release of an extremely hazardous substance, hazardous substance, or oil from a facility that results in exposure to persons solely within the site or sites on which the facility is located.

(F) No person shall fail to provide any verbal or written release notification or to update a written release notification required by this section and by rules adopted under division (B)(1)(f) of section 3750.02 of the Revised Code.

3750.07 Reporting of hazardous chemicals.

(A) Except as otherwise authorized in division (E) of this section, any person who owns or operates a facility and is required to prepare or have available a material safety data sheet for a hazardous chemical under the "Occupational Safety and Health Act of 1970," 84 Stat. 1590, 29 U.S.C.A. 651, as amended, and regulations adopted under it shall, within thirty days after the effective date of this section, submit to the local emergency planning committee of the emergency planning district in which the facility is located, the emergency response commission, and the fire department having jurisdiction over the facility, a list of any hazardous chemicals that are produced, used, or stored at the facility in an amount that equals or exceeds the threshold quantity applicable to the hazardous chemical established by rules adopted under division (B)(1)(b) of section 3750.02 of the Revised Code. The hazardous chemicals shall be grouped together on any such list by the categories of health and physical hazards prescribed in.
rules adopted under that division. The list shall include all of the following:

(1) A listing of the hazardous chemicals in the manner prescribed by rules adopted under division (B)(1)(d) of section 3750.02 of the Revised Code including chemical abstract service numbers and alphabetical groupings of the chemicals;

(2) The chemical name or common name of each such chemical and any hazardous component thereof;

(3) Any hazardous component of each hazardous chemical on the list that comprises more than one per cent by weight of the hazardous chemical or, if the hazardous component is a carcinogen, comprises more than one-tenth of one per cent by weight of the hazardous chemical;

(4) For each hazardous chemical, an indication as to whether the owner or operator chooses to withhold information about it from disclosure as a trade secret and, if so, whether the owner or operator has filed a claim with the administrator of the United States environmental protection agency for protection of that information as a trade secret pursuant to rules adopted under division (B)(2)(d) of section 3750.02 of the Revised Code or with the commission pursuant to rules adopted under division (B)(5) of that section, as appropriate;

(5) Any other information required by rules adopted under division (B)(1)(d) of section 3750.02 of the Revised Code.

(B) The owner or operator of a facility may meet the requirements of division (A) of this section for a hazardous chemical that consists of a mixture of hazardous chemicals by doing either of the following:

(1) Providing the information required by division (A) of this section for each component in the mixture that is a hazardous chemical. If the owner or operator reports on this basis, the quantity of each hazardous chemical in the mixture shall be determined by multiplying by the weight of the mixture the concentration of the hazardous chemical in the mixture that comprises more than one per cent of the mixture by weight or, if the chemical is a carcinogen, more than one-tenth of one per cent by weight.

(2) Providing the information required by division (A) of this section on the mixture itself, provided that the owner's or operator's reporting of mixtures on this basis is consistent with his reporting of mixtures under section 3750.08 of the Revised Code. If the owner or operator reports on this basis, the total quantity of the mixture shall be reported.

(C) Upon the request of the committee of the district in which a facility is located or the commission, the owner or operator of a facility subject to this section shall, within thirty days after receiving the request, submit to the committee or commission the material safety data sheet for any hazardous chemical on the list submitted by the owner or operator under division (A), (D), or (E) of this section. Upon the request of any person, a committee shall make available to that person the material safety data sheet for any hazardous chemical identified in a list submitted to the committee under division (A), (D), or (E) of this section. If the committee does not have the requested material safety data sheet, it shall request the sheet from the owner or operator of the facility who listed the chemical for which the sheet was requested. The owner or operator shall submit the sheet to the commission or committee within thirty days after receiving the commission's or committee's request. Upon receiving the sheet, the committee shall make it available to the person who requested it. When making material safety data sheets available to persons requesting them, the committee shall protect from disclosure trade secret information that is subject to protection under division (B)(14) of section 3750.02 of the Revised Code and rules adopted under divisions (B)(1)(i) and (B)(2)(d) of that section.

(D) Except as otherwise authorized in division (E) of this section, within three months after the discovery of new information about a hazardous chemical identified in the list required by division (A) of this section, within three months after obtaining a hazardous chemical for which reporting is required by division (A) of this section, or within three months after adoption of a rule under division (C)(5) of section 3750.02 of the Revised Code identifying or listing an
additional hazardous chemical which is produced, used, or stored at his facility in an amount equal to or exceeding the threshold quantity for the hazardous chemical established by those rules, the owner or operator of a facility shall prepare and submit to the commission and to the committee and fire department having jurisdiction over the facility a revised list that meets the requirements of that division and contains the new information. If the owner or operator submits a revised list due to discovery of new information about a hazardous chemical on the current list for which the committee or the commission had requested a material safety data sheet, the owner or operator shall also submit a revised material safety data sheet to the committee or commission, as appropriate.

(E) The owner or operator of any facility at which no more than ten hazardous chemicals are produced, used, or stored in an amount that exceeds the threshold quantity applicable to the hazardous chemical established by rules adopted under division (B)(1)(b) or (C)(5) of section 3750.02 of the Revised Code may submit to the commission and the committee and fire department having jurisdiction over the facility the material safety data sheets applicable to those chemicals instead of the list required under division (A) of this section. If an owner or operator who submitted material safety data sheets under this division discovers new information about a hazardous chemical for which a material safety data sheet was so submitted, he shall submit a revised material safety data sheet for the hazardous chemical to the commission, committee, and fire department within three months after discovery of the new information. If an owner or operator who has submitted material safety data sheets for nine or fewer hazardous chemicals under this division obtains a hazardous chemical for which reporting is required under division (A) of this section or, pursuant to division (D) of this section, is first required to report a hazardous chemical identified or listed by rules adopted under division (C)(5) of section 3750.02 of the Revised Code, he shall submit a material safety data sheet for it to the commission, committee, and fire department within three months after obtaining the hazardous chemical or adoption of the rule identifying or listing the hazardous chemical. If an owner or operator who has submitted material safety data sheets for ten hazardous chemicals under this division obtains a hazardous chemical for which reporting is required under division (A) of this section or is first required under division (D) of this section, he shall, within three months after obtaining the hazardous chemical or adoption of the rule identifying or listing the hazardous chemical, prepare and submit a list containing the information required in that division for all of the hazardous chemicals stored, handled, or processed at the facility for which reporting is required under that division.

(F) No owner or operator of a facility where a hazardous chemical is stored, handled, or processed in an amount that exceeds the threshold quantity for the hazardous chemical established in rules adopted under division (B)(1)(b) or (C)(5) of section 3750.02 of the Revised Code shall fail to:

(1) Submit either the list of hazardous chemicals required to be submitted and containing the information required by division (A) of this section or to submit material safety data sheets for the hazardous chemicals in compliance with division (E) of this section;

(2) Comply with a request to provide a material safety data sheet as required by division (B) of this section;

(3) Submit either a revised list of hazardous chemicals or a revised material safety data sheet as required by division (D) of this section or to submit a list, material safety data sheet, or revised material safety data sheet in compliance with division (E) of this section.

3750.08 Inventory form for hazardous chemicals.

(A) Each owner or operator of a facility who is required to prepare or have available a material safety data sheet for a hazardous chemical under the "Occupational Safety and Health Act of 1970," 84 Stat. 1590, 29 U.S.C.A. 651, as amended, and regulations adopted under it, or
who is required to submit a list under division (A), (D), or (E), or is authorized to submit material safety data sheets instead of that list under division (E), of section 3750.07 of the Revised Code and who had present at the facility during the preceding calendar year an amount of a hazardous chemical exceeding the applicable threshold quantity established by rules adopted under division (B)(1)(b) or (C)(5) of section 3750.02 of the Revised Code, shall annually by the first day of March submit to the local emergency planning committee of the emergency planning district in which the facility is located, the emergency response commission, and the fire department having jurisdiction over the facility an emergency and hazardous chemical inventory form containing tier I information as prescribed in divisions (A)(1) to (4) of this section. The owner or operator may instead submit an inventory form containing tier II information as prescribed in divisions (B)(1) to (7) of this section for any hazardous chemical present at the facility. If the commission, committee, or fire department having jurisdiction over a facility has requested under division (B) of this section that the owner or operator of a facility submit an inventory form containing tier II information as prescribed in that division, the owner or operator shall by the first day of March of each year subsequent to that request submit to the commission, committee, and fire department an inventory form containing tier II information as prescribed in divisions (B)(1) to (7) of this section instead of an inventory form containing the tier I information prescribed in this division, until such time as the commission authorizes the owner or operator to resume the annual submission of an inventory form containing tier I information. An owner or operator who has been so required to annually submit an inventory form containing tier II information may, at any time, request the commission to authorize the owner or operator to resume annual submission of an inventory form containing tier I information.

The emergency and hazardous chemical inventory form shall include as tier I information all of the following information with respect to each hazardous chemical that was present at the facility during the preceding calendar year in an amount exceeding the applicable threshold quantity:

1. An estimate of the maximum amount in pounds of the hazardous chemicals in each category established in rules adopted under division (B)(1)(b) or (C)(5) of section 3750.02 of the Revised Code that were present at the facility at any time during the preceding calendar year. The estimate for each such category shall be provided in the appropriate reporting range established by those rules.
2. An estimate of the average daily amount in pounds of the hazardous chemicals in each such category that were present at the facility during the preceding calendar year. The estimate for each such category shall be provided in the appropriate reporting range established by those rules.
3. The general location at the facility of hazardous chemicals in each category;
4. Any other information required by rules adopted under division (B)(1)(e) of section 3750.02 of the Revised Code.

(B) Upon the request of the commission or the committee or fire department having jurisdiction over the facility, the owner or operator of a facility that is subject to this section shall submit an emergency and hazardous chemical inventory form containing tier II information as prescribed in divisions (B)(1) to (7) of this section within thirty days after receiving the request.

An emergency and hazardous chemical inventory form shall include as tier II information the following additional information for each hazardous chemical that was present at the facility during the preceding calendar year in an amount exceeding the applicable threshold quantity:

1. The chemical name or common name of the hazardous chemical as provided on the material safety data sheet and its chemical abstract service number;
2. An estimate of the maximum amount in pounds of the hazardous chemical that was present at the facility at any time during the preceding calendar year. The estimate shall be provided in the appropriate reporting range established by rules adopted under division (B)(1)(b) of section 3750.02 of the Revised Code.
(3) An estimate in pounds of the average daily amount of the hazardous chemical that was present at the facility during the preceding calendar year. The estimate shall be provided in the appropriate reporting range established by those rules.

(4) A brief description of the manner of storage of the hazardous chemical;

(5) The location at the facility of the hazardous chemical;

(6) An indication as to whether the owner or operator chooses to withhold information about the hazardous chemical from disclosure as a trade secret and, if so, whether he has filed a claim with the administrator of the United States environmental protection agency for protection of that information as a trade secret pursuant to rules adopted under division (B)(2)(d) of section 3750.02 of the Revised Code or with the commission pursuant to rules adopted under division (B)(5) of that section, as appropriate;

(7) Any other information required by rules adopted under division (B)(1)(e) of section 3750.02 of the Revised Code.

If the commission has not prescribed emergency and hazardous chemical inventory forms, the owner or operator shall submit the information required by divisions (A)(1) to (4) or (B)(1) to (7) of this section to the commission by letter.

(C) No owner or operator of a facility where a hazardous chemical is produced, used, or stored in an amount that exceeds the threshold quantity for the chemical established in rules adopted under division (B)(1)(b) or (C)(5) of section 3750.02 of the Revised Code shall fail to submit:

(1) An emergency and hazardous chemical inventory form containing tier I information as required by division (A) of this section;

(2) An emergency and hazardous chemical inventory form containing tier II information in compliance with division (B) of this section when requested to do so under that division or when required to do so under division (A) of this section.

3750.081 Satisfying filing mandate.

(A) Notwithstanding any provision in this chapter to the contrary, an owner or operator of a facility that is regulated under Chapter 1509 of the Revised Code shall be deemed to have satisfied all of the inventory requirements established under this chapter, except for the release reporting requirements established under section 3750.06 of the Revised Code, by complying with the requirements established in section 1509.231 of the Revised Code.

(B) The emergency response commission and every local emergency planning committee and fire department in this state shall establish a means by which to access, view, and retrieve information from the electronic database maintained by the division of oil and gas resources management in the department of natural resources in accordance with section 1509.231 of the Revised Code. With respect to facilities regulated under Chapter 1509 of the Revised Code, the database shall be the means of providing and receiving the information described in division (A) of this section.

6109.32 EPA violations and penalties; director's investigation.

The director of environmental protection may on the director's own initiative investigate or make inquiries into any suspected violation of section 6109.31 of the Revised Code.

The attorney general, upon written request by the director, shall bring an action for injunction or other appropriate civil action or criminal prosecution against any person violating or threatening to violate that section. In an action for injunction to enforce any final order of the director, the finding by the director, after hearing, is prima-facie evidence of the facts found therein.
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

6109.99 EPA violations; penalties.

(A) Except as provided in division (C) of this section, whoever recklessly violates section 6109.31 of the Revised Code is guilty of a misdemeanor and, notwithstanding section 2929.28 of the Revised Code, shall be fined not more than ten thousand dollars or imprisoned for not more than four years, or both. Each day of violation constitutes a separate offense.

(B) Whoever knowingly violates division (B), (C), or (D) of section 6109.31 of the Revised Code is guilty of a felony and, notwithstanding section 2929.18 of the Revised Code, shall be fined not more than twenty-five thousand dollars or imprisoned for not more than four years, or both. Each day of violation constitutes a separate offense.

(C) Whoever recklessly or knowingly violates division (A) of section 6109.31 of the Revised Code is guilty of a felony if the violation poses a significant threat to or causes significant harm to public health and, notwithstanding section 2929.18 of the Revised Code, shall be fined not more than twenty-five thousand dollars or imprisoned for not more than four years, or both. Each day of violation constitutes a separate offense.

6111.02 EPA violations and penalties; definitions.

As used in this section and sections 6111.021 to 6111.028 of the Revised Code:

(A) “Category 1 wetland,” “category 2 wetland,” or “category 3 wetland” means a category 1 wetland, category 2 wetland, or category 3 wetland, respectively, as described in rule 3745-1-54 of the Administrative Code, as that rule existed on July 17, 2001, and as determined to be a category 1, category 2, or category 3 wetland, respectively, through application of the “Ohio rapid assessment method for wetlands version 5.0,” including the Ohio rapid assessment method for wetlands version 5.0 quantitative score calibration dated August 15, 2000, unless an application for a section 401 water quality certification was submitted prior to February 28, 2001, in which case the applicant for the permit may elect to proceed in accordance with Ohio rapid assessment method for wetlands version 4.1.

(B) “Creation” means the establishment of a wetland where one did not formerly exist and that involves wetland construction on nonhydric soils.

(C) “Enhancement” means activities conducted in an existing wetland to improve or repair existing or natural wetland functions and values of that wetland.

(D) “Fill material” means any material that is used to fill an aquatic area, to replace an aquatic area with dry land, or to change the bottom elevation of a wetland for any purpose and that consists of suitable material that is free from toxic contaminants in other than trace quantities. “Fill material” does not include either of the following:

1. Material resulting from normal farming, silviculture, and ranching activities, such as plowing, cultivating, seeding, and harvesting, for the production of food, fiber, and forest products;

2. Material placed for the purpose of maintenance of existing structures, including emergency reconstruction of recently damaged parts of currently serviceable structures such as dikes, dams, levees, groins, riprap, breakwaters, causeways, and bridge abutments or approaches, and transportation structures.

(E) “Filling” means the addition of fill material into a wetland for the purpose of creating upland, changing the bottom elevation of the wetland, or creating impoundments of water. “Filling” includes, without limitation, the placement of the following in wetlands: fill material that is necessary for the construction of any structure; structures or impoundments requiring rock, sand, dirt, or other material for its construction; site-development fills for recreational, industrial, commercial, residential, or other uses; causeways or road fills; dams and dikes; artificial islands, property protection, or reclamation devices such as riprap, groins, seawalls, breakwalls, and bulkheads and fills; beach nourishment; levees; sanitary landfills; fill material for structures such
as sewage treatment facilities, intake and outfall pipes associated with power plants, and underwater utility lines; and artificial reefs.

(F) “Isolated wetland” means a wetland that is not subject to regulation under the Federal Water Pollution Control Act.

(G) “Mitigation” means the restoration, creation, enhancement, or, in exceptional circumstances, preservation of wetlands expressly for the purpose of compensating for wetland impacts.

(H) “Mitigation bank service area” means the designated area where a mitigation bank can reasonably be expected to provide appropriate compensation for impacts to wetlands and other aquatic resources and that is designated as such in accordance with the process established in 33 C.F.R. 332.8 and 40 C.F.R. 230.98.

(I) “Off-site mitigation” means wetland restoration, creation, enhancement, or preservation occurring farther than one mile from a project boundary, but within the same watershed.

(J) “On-site mitigation” means wetland restoration, creation, enhancement, or preservation occurring within and not more than one mile from the project boundary and within the same watershed.

(K) “Practicable” means available and capable of being executed with existing technology and without significant adverse effect on the economic feasibility of the project in light of the overall project purposes and in consideration of the relative environmental benefit.

(L) “Preservation” means the long-term protection of ecologically important wetlands through the implementation of appropriate legal mechanisms to prevent harm to the wetlands. “Preservation” may include protection of adjacent upland areas as necessary to ensure protection of a wetland.

(M) “Restoration” means the reestablishment of a previously existing wetland at a site where it has ceased to exist.

(N) “State isolated wetland permit” means a permit issued in accordance with sections 6111.02 to 6111.027 of the Revised Code authorizing the filling of an isolated wetland.

(O) “Watershed” means an eight-digit hydrologic unit.

(P) “Wetlands” means those areas that are inundated or saturated by surface or ground water at a frequency and duration that are sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. “Wetlands” includes swamps, marshes, bogs, and similar areas that are delineated in accordance with the 1987 United States army corps of engineers wetland delineation manual and any other procedures and requirements adopted by the United States army corps of engineers for delineating wetlands.

(Q) “Wetland mitigation bank” means a site where wetlands have been restored, created, enhanced, or, in exceptional circumstances, preserved expressly for the purpose of providing mitigation for impacts to wetlands and that has been approved in accordance with the process established in 33 C.F.R. 332.8 and 40 C.F.R. 230.98.

(R) “Eight-digit hydrologic unit” means a common surface drainage area corresponding to one from the list of thirty-seven adapted from the forty-four cataloging units as depicted on the hydrologic unit map of Ohio, United States geological survey, 1988, and as described in division (F)(2) of rule 3745-1-54 of the Administrative Code or as otherwise shown on map number 1 found in rule 3745-1-54 of the Administrative Code. “Eight-digit hydrologic unit” is limited to those parts of the cataloging units that geographically lie within the borders of this state.

(S) “In-lieu fee mitigation” means a payment made by an applicant to satisfy a wetland mitigation requirement established in sections 6111.02 to 6111.027 of the Revised Code.
3750-25-25 Release notification requires.

[Editor’s Note: The “Comment” portion of the following regulation is part of the official provision.]

[Comment: For dates of non-regulatory government publications, publications of recognized organizations and associations, federal rules, and federal statutory provisions referenced in this rule, see paragraph (YY) of rule 3750-1-01 of the Administrative Code titled “Referenced materials.”]

(A) An owner or operator of a facility or vessel where a hazardous chemical is stored and from which a release of a hazardous substance, extremely hazardous substance, or discharge of oil into the environment has occurred in an amount equal to or exceeding the reportable quantity as set forth under rules 3750-20-50, 3750-20-30, and 3750-25-20 of the Administrative Code in any twenty-four hour period has occurred, shall provide both verbal and written notices in accordance with paragraphs (A)(1) and (A)(2) of this rule.

(1) Verbal release notification requirements:

(a) Except as provided in paragraph (B) of rule 3750-25-01 of the Administrative Code, if a release or discharge as described in paragraph (A) of this section occurs, the owner or operator of the facility from which the release or discharge has occurred shall immediately notify verbally, by telephone, radio, or in person, the community emergency coordinator of each local emergency planning district that contains an area likely to be affected by the release or discharge, the fire department having jurisdiction where the release occurred, and the Ohio EPA environmental response unit at 800-282-9378 or 614-224-0946. For facilities regulated pursuant to Chapter 1509 of the Revised Code, the reporting person, as defined by rule 1501:9-8-01 of the Administrative Code shall provide verbal notification to 1-844-OHCALL1. The verbal notification shall be given within thirty minutes after a person at the facility has knowledge of the release or discharge, unless notification within that time is impracticable under the circumstances. In the event a committee does not exist for that emergency planning district in which the release or discharge occurred, notification shall be provided under this section to the Ohio EPA environmental response unit at 800-282-9378 or 614-224-0946, or to 1-844-OHCALL1 for facilities regulated pursuant to Chapter 1509 of the Revised Code, and to the fire department having jurisdiction over the facility. Ohio EPA or Ohio department of natural resources may provide notification to the appropriate local emergency response personnel.

(b) An owner or operator of a vessel from which a release of a hazardous substance, extremely hazardous substance, or discharge of oil has occurred in an amount equal to or exceeding the reportable quantity as set forth under rules 3750-20-50, 3750-20-30 and 3750-25-20 of the Administrative Code shall provide verbal notice within thirty minutes after a person aboard the vessel has knowledge of the release or discharge to the Ohio EPA environmental response unit at 800-282-9378 or 614-224-0946. Upon receiving verbal notification, the Ohio EPA environmental response unit shall immediately notify the community emergency coordinator of the emergency planning district in which the release or discharge occurred. In the event a committee does not exist for the emergency planning district in which the release or discharge occurred, the Ohio EPA environmental response unit may provide notification to the appropriate local emergency response personnel.

(c) An owner or operator, or reporting person as defined by rule 1501:9-8-01 of the Administrative Code for facilities regulated pursuant to Chapter 1509 of the Revised Code, of a facility from which there is a transportation-related release of a hazardous substance, extremely hazardous substance or discharge of oil in an amount equal to or exceeding the reportable quantity as set forth under rules 3750-20-50, 3750-20-30, and 3750-25-20 of the Administrative Code shall provide verbal notice within thirty minutes after a person at the facility has knowledge of the release or discharge to the Ohio EPA, environmental response unit at 800-282-9378 or 614-224-0946 or to 1-844-OHCALL1 for facilities regulated pursuant to Chapter 1509 of the
Chapter 11. Environmental, Radiation and Workplace  
Part I. Clean Air and Waste

Clean Air and Waste - General Provisions

Revised Code, and to the 911 operator, or in the absence of a 911 emergency telephone number, to the operator. The Ohio EPA environmental response unit or Ohio department of natural resources, as applicable, may immediately notify the community emergency coordinator of the emergency planning district in which the release or discharge occurred. In the event a committee does not exist for the emergency planning district in which the release or discharge occurred, the Ohio EPA environmental response unit or Ohio department of natural resources, as applicable, may provide notification to the appropriate local emergency response personnel.

For purposes of this rule, “transportation related releases” means a release or discharge during transportation, or storage, incidental to transportation if the stored substance is moving under active shipping papers and has not reached the ultimate consignee.

(d) The verbal notification required under this rule shall be given within thirty minutes after a person at the facility or aboard a vessel has knowledge of the release or discharge, unless notification is impracticable under the circumstances. To the extent known at the time notice is given and that response to the release or discharge will not be delayed, the verbal notice shall include all of the following information:

(i) The location and source of the release or discharge.

(ii) The chemical name or identity of any substance involved in the release or discharge and whether the substance is an extremely hazardous substance.

(iii) An estimate of the quantity (in gallons or pounds) of any substance released or discharged into the environment.

(iv) The time and duration of the release or discharge.

(v) The environmental medium or media into which the substance was released or discharged and the extent of the release or discharge.

(vi) Any known or anticipated acute or chronic health risks associated with the release or discharge and, if known to the informant, advice regarding medical attention necessary for individuals exposed to the substance released or discharge.

(vii) Proper precautions to take as a result of the release or discharge, including evacuation and other proposed response actions, unless that information is readily available to the community emergency coordinator pursuant to the plan of the district prepared under section 3750.04 of the Revised Code.

(viii) The name and telephone number of the person or persons to be contacted for further information.

(2) Written release notification requirements:

(a) As soon as practicable but no later than thirty days after the release, the owner or operator, or reporting person as defined by rule 1501:9-8-01 of the Administrative Code for facilities regulated pursuant to Chapter 1509 of the Revised Code, of a facility from which a release or discharge occurred who was required to provide verbal notice under paragraph (A)(1) of this rule, shall submit to the Ohio EPA, or Ohio department of natural resources for facilities regulated pursuant to Chapter 1509 of the Revised Code, and to the committee of the planning district in which the release or discharge occurred, a written follow-up emergency notice for the release or discharge.

An owner or operator of a vessel from which a release or discharge occurred who was required to provide verbal notice under paragraph (A)(1)(b) of this rule shall submit a written follow-up emergency notice to the Ohio EPA pursuant to this rule. After the receipt of written follow-up emergency notice or revised written follow-up emergency notice, the Ohio EPA shall immediately send a copy of it to that community emergency coordinator for that emergency planning district in which the release or discharge occurred.

(b) The written follow-up emergency notice shall set forth and update the verbal notice given under paragraph (A)(1)(d) of this rule and shall include all of the following additional information (mandatory information):

(i) Complete name, mailing address, and telephone number of the owner or operator of
the facility from which the release occurred.

(ii) Actual time, date and duration of the release or discharge.

(iii) Actual time and date of discovery of the release or discharge.

(iv) Actions taken to respond to and contain the release or discharge.

(v) Indicate the Ohio EPA spill number and the national response center case number on submitted information.

(vi) Location of the facility from which the release or discharge occurred (street or mailing address).

(vii) Location of the release or discharge (street, county, township, city). Longitude and latitude, if known, or distance and direction from the nearest intersection or milepost if transportation related release or discharge.

(viii) Chemical name (common name or technical name) and chemical abstracts service registry number of the substance involved in the release or discharge.

(ix) Specifically identify all of the environmental medium or media impacted and the extent of impact:

(a) Name of waterway and length of area affected.

(b) If no water was affected then indicate surface area in square feet or yards.

(c) If the release or discharge was monitored, indicate the method of detection, concentrations, and wind direction and speed if the release was airborne.

(d) Amount recovered or neutralized. If neutralized, describe the method of neutralization.

(e) Describe any actions taken to reduce the impact of the release or discharge.

(x) Provide a chronological summary of the incident. Include a chronology of communications with state and local government agencies.

(xi) Provide manifest, bills of lading, laboratory analyses which were generated by the owner and operator of the facility and are germane to the incident.

(xii) Describe any extenuating circumstances which caused the release or discharge.

(xiii) Describe any known or anticipated acute or chronic health risks associated with the release or discharge.

(xiv) Where appropriate, advice regarding medical attention necessary for individuals exposed to the substance released or discharged.

(xv) A summary of all actions taken by the owner or operator to prevent a recurrence of the release or discharge.

(xvi) An owner or operator of a facility or vessel from which a release or discharge occurred may submit the following additional information (voluntary information) in the written follow up emergency notice as provided pursuant to paragraph (A)(2) of this rule.

(a) Indicate any air, water or other permit numbers which may be pertinent to this incident and to the efficient/emission limitations which may apply.

(b) To the extent information is available, identify damage to wildlife or vegetation.

(c) To the extent information is available, identify impact to human health and safety (evacuations, human exposure, death, or seen as injuries).

(d) Economic impact.

(i) Estimate the dollar value, if any, of the released or discharged product.

(ii) Estimate the replacement or repair cost of the of equipment replacement or repair.

(iii) Estimate the costs of cleanup.

(c) If significant additional information regarding the mandatory or voluntary information submitted about a release or discharge becomes known during the period between submission of the written report required by this section and one year after the release or discharge, the owner or operator shall submit to the committee and the Ohio EPA or Ohio department of natural resources for facilities regulated pursuant to Chapter 1509 of the Revised Code an updated written notice within three days after learning of the additional information.
(B) No person shall fail to provide verbal or written release notification or to update a written release notification as required by this rule. Failure to report under this rule may subject any person to civil or criminal penalties as provided under sections 3750.20 and 3750.99 of the Revised Code.

3750-30-01 Facilities subject to hazardous chemical reporting requirements.

[Editor’s Note: The “Comment” portion of the following regulation is part of the official provision.]

[Comment: For dates of non-regulatory government publications, publications of recognized organizations and associations, federal rules, and federal statutory provisions referenced in this rule, see paragraph (YY) of rule 3750-1-01 of the Administrative Code titled “Referenced materials.”]

(A) A facility that meets both of the following criteria is subject to hazardous chemical reporting under rules 3750-30-15 and 3750-30-20 of the Administrative Code:

(1) Any facility whose owner or operator is required to prepare or have available a “Material Safety Data Sheet (MSDS)” for a hazardous chemical under the Occupational Safety and Health Act of 1970, 29 USC 651 to 678, as amended, and regulations adopted thereunder.

(2) The facility has present an amount of any one or more hazardous chemical equal to or exceeding the threshold quantity established under rule 3750-30-27 of the Administrative Code.

(B) An agricultural producer, as defined in paragraph (B) of rule 3750-1-01 of the Administrative Code, who has complied with section 302 of the Emergency Planning and Community Right-To-Know Act of 1986, and divisions (B) and (C) of section 3750.05 of the Revised Code, is not a facility subject to this rule with respect to the producer’s agricultural activities.

(C) This chapter does not apply to the transportation, including the storage incident to such transportation, of any substance or chemical subject to the requirements of this chapter, including transportation and distribution of natural gas.

(D) A retail gas station, which is engaged in selling gasoline or diesel fuel principally to the general public for motor vehicle use on land, with gasoline or diesel fuel stored entirely underground, in compliance with all applicable underground storage (UST) requirements and with quantities of gasoline and/or diesel fuel that do not exceed the quantities specified in rule 3750-30-27 of the Administrative Code is not a facility subject to the reporting requirements under rules 3750-30-15 and 3750-30-20 of the Administrative Code.

(E) An owner or operator of a facility regulated under 1509, of the Revised Code and that is an oil and gas extraction storage facility as defined in paragraph (BB) of rule 3750-1-01 of the Administrative Code shall prepare and submit to the chief of the division of oil and gas resources management, Ohio department of natural resources, on or before the first day of March of each year, information that shall contain the information consistent with the information that is required to be submitted under the “Emergency Planning and Community Right-to-Know Act of 1986 and regulations adopted thereunder, for the last preceding calendar year. An owner or operator of such a facility who has reported the information to the chief of the division of oil and gas resources management as directed under 1509.231 of the Revised Code shall be deemed to have satisfied the reporting requirements under section 3750.07 and 3750.08 of the Revised Code, but is still subject to the reporting requirements under sections 3750.06 and 3750.13 of the Revised Code.

3750-30-20 Facility emergency and hazardous chemical inventory form.

[Editor’s Note: The “Comment” portion of the following regulation is part of the official provision.]
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

[Comment: For dates of non-regulatory government publications, publications of recognized organizations and associations, federal rules, and federal statutory provisions referenced in this rule, see paragraph (YY) of rule 3750-1-01 of the Administrative Code titled “Referenced materials.”]

(A) Each owner or operator of a facility that is subject to rule 3750-30-01 of the Administrative Code shall annually prepare a facility emergency and hazardous chemical inventory report containing the information as defined in paragraphs (B) to (D) of this rule using either forms prescribed by the commission or via electronic submission as prescribed by the commission. The owner or operator of a facility subject to this rule shall annually submit this report on or before of March first of each year to each of the following:

(1) The local emergency planning committee of the emergency planning district in which the facility is located.
(2) The commission.
(3) The fire department having jurisdiction over the facility.
[Comment: Ohio's commission has adopted a resolution requesting the submission of tier II information on Ohio's approved forms. In addition to the requirements in paragraph (A) of this rule, each owner or operator must submit an annual inventory filing fee and facility annual chemical inventory fee worksheet (EPA 0320) as prescribed in rule 3750-50-01 of the Administrative Code to the commission.]

(B) An owner or operator of a facility that is subject to rule 3750-30-01 of the Administrative Code shall submit facility identification information that includes, but is not limited to, the following:

(1) The calendar year of the reporting period.
(2) An indication whether the information being reported on page one of the form is identical to that submitted last year.
(3) The complete name and address of the location of the facility (include the full street address or state road, city, county, state and zip code), latitude and longitude.
(4) An indication if the location of the facility is manned or unmanned.
(5) An estimate of the maximum number of occupants present at any one time. If the location of the facility is unmanned, check the box marked N/A, not applicable.
(6) The phone number of your facility (optional).
(7) The “North American Industry Classification System (NAICS)” code for your facility.
(8) The “Dun & Bradstreet” number of your facility.
(9) Facility identification numbers assigned under the “Toxic Release Inventory (TRI)” and risk management program. If the facility has not been assigned an identification number under these programs or if the facility is not subject to reporting under these programs, check the box marked N/A, not applicable.
(10) An indication if the facility is subject to the emergency planning notification requirement under section 3750.05 of the Revised Code.
(11) An indication whether the facility is subject to the chemical accident prevention requirements under section 112(r) of the Clean Air Act (CAA), codified in 40 CFR part 68, chemical accident prevention provisions, also known as the risk management program.
(12) The name, mailing address, phone number and email address of the owner or operator of the facility.
(13) The name, title, phone number, twenty four-hour phone number and email address of the facility emergency coordinator, if applicable.
(14) The name, title, phone number and email address of the person to contact regarding information contained in the tier II form.
(15) The name, title, phone number and email address of at least one local individual that can act as a referral if emergency responders need assistance in responding to a chemical
accident at the facility. An emergency phone number which will be available twenty four hours a
day, every day shall also be provided.

(16) A certification signed by owner or operator or an officially designated representative
who certifies that the information submitted on this document has been personally examined
and that the representative is familiar with the information submitted on this document and
based upon inquiry of those individuals responsible for obtaining the information, it is believed
that the submitted information is true, accurate and complete as follows: “I certify under penalty
of law that I have personally examined and am familiar with the information and based on my
inquiry of those individuals responsible for obtaining the information, I believe that the submitted
information is true, accurate and complete.” This certification shall be accompanied by the full
name, official title, signature, date signed, and total number of pages in the submission. All other
pages shall also contain the signature or signature stamp, the date the certification was signed,
and the total number of pages in the submission.

(C) In addition to the above listed information in paragraph (B) of this rule, an owner or
operator is requested to submit the following additional information applicable to the facility:

(1) The name, mailing address, phone number, “Dun & Bradstreet” number and e-mail of
the facility’s parent company.

(2) Any Ohio EPA identification number assigned to a facility, as may be required
pursuant to the “Resource Conservation and Recovery Act” (RCRA), contained in 42 USC
Section 6901 to 6992K.

(3) Any permit held by a facility under the “National Pollution Discharge Elimination
System” (NPDES) issued pursuant to state or federal authority under the “Clean Water Act”
contained in 33 USC Section 1251 to 1387 and Chapter 6111 of the Revised Code.

(4) Any state wastewater facility permit number designated to the facility pursuant to
Chapter 6111 of the Revised Code.

(5) Any pretreatment identification number designated to the facility pursuant to Chapter
6111 of the Revised Code.

(6) Any air permit facility number designated to the facility pursuant to Chapter
3704 of the Revised Code.

(D) In addition to the above information in paragraphs (B) and (C) of this rule, an owner
or operator shall submit the following information as applicable to the facility:

(1) An indication whether the information being reported is identical to that submitted last
year.

(2) For each hazardous chemical required to be reported, the following:

(a) Pure chemical: Provide the chemical name (or the common name of the chemical) as
provided on the “Material Safety Data Sheet (MSDS)” and provide the “Chemical Abstract
Service (CAS)” registry number of the chemical provided on the MSDS.

(b) Indicate whether the chemical is a solid, liquid, or gas; and whether the chemical is
an “Extremely Hazardous Substance (EHS).”

(c) Mixture: If reporting a mixture, enter the mixture name, product name or trade name
as provided on the MSDS and provide the CAS registry number of the mixture provided on the
MSDS. If there is no CAS number provided or it is not known, check the box “Not Available.”
(d) If the mixture being reported contains EHS; provide the name of each EHS in the
mixture. The owner or operator also has an option to report the non-EHS hazardous
components in the mixture.

(e) Pure chemical or mixture: Indicate which hazard categories apply to the chemical or
the mixture. The two hazard categories are established in rule 3750-30-25 of the Administrative
Code.

(f) Provide an estimate (in ranges) of the maximum amount of the hazardous chemical
present at the facility on any single day during the preceding calendar year. If you are reporting
a mixture, provide an estimate of the total amount of the mixture present at the facility on any
single day during the preceding calendar year. If the mixture contains any EHS, provide the total amount of each EHS in that mixture. The range value codes as listed in the rule or in actual pounds rounded up to two significant figures shall be used.

(g) Provide an estimate (in ranges) of the average daily amount of the hazardous chemical present at the facility during the preceding calendar year. If reporting a mixture, provide an estimate of the average daily amount of the mixture. The range value codes as listed in this rule or in actual pounds rounded up to two significant figures shall be used.

(h) Provide the maximum number of days that the hazardous chemical or mixture was present at the facility during the preceding calendar year.

(i) Provide the type of storage for the hazardous chemical or the mixture containing the hazardous chemical at the facility. Examples for types of storage: above-ground tank, plastic or non-metallic drum, steel drum, cylinder, or rail car.

(j) Provide the storage conditions for the hazardous chemical or the mixture containing the hazardous chemical at the facility. Examples for types of storage conditions: ambient pressure, ambient temperature, less than ambient temperature/pressure, or cryogenic conditions.

(k) Provide a brief description of the precise location of the hazardous chemical or the mixture at your facility.

(3) The estimated amount shall be reported either in actual pounds rounded up to two significant figures or in appropriate reporting ranges as follows:

<table>

(4) The general location of each hazardous chemical present at the facility.

(a) An owner or operator shall submit a map indicating the following:

(i) Fixed and stationary items.

(ii) The storage locations of those hazardous chemicals present at the facility in quantities equal to or greater than the threshold quantity established under rule 3750-30-27 of the Administrative Code or those extremely hazardous substances present at the facility equal to or exceeding the threshold planning quantities established under rules 3750-30-27 and 3750-20-30 of the Administrative Code or five hundred pounds as reported on the annual inventory form.

(b) A map shall identify the facility buildings located at the site or on contiguous property
Chapter 11. Environmental, Radiation and Workplace  
Part I. Clean Air and Waste

including the following:

(i) Buildings.
(ii) Building openings.
(iii) Building or rooms including location.
(iv) Building floors.
(v) Only those buildings or rooms used for chemical storage shall be identified.
(vi) If a room or building is used as a warehouse, the map shall identify such area by labeling the room as a "warehouse."
(vii) For purposes of this rule "warehouse" means any area where chemicals are moved frequently to accommodate storage incidental to shipping.

(c) A map shall identify the facility's surrounding areas including the following:
(i) Drive through gates.
(ii) Bordering streets.
(iii) Access roads.
(iv) Surrounding land uses.
(v) Waterways.
(d) A map shall identify any storage structures or areas including the following:
(i) Inside storage tanks.
(ii) Outside storage tanks.
(iii) Inside storage areas.
(iv) Outside storage areas.

For purposes of this rule, "tank" means a totally enclosed container.
(e) A map shall identify portable containers stored in a single large areas as other storage.

For purposes of this rule, "portable containers" means any container which is not stored in a permanent place.

(f) A map shall indicate compass direction and scale representations.
(g) A map shall include the facility's name and address.
(h) The information required in paragraphs (B) to (D) of this rule shall be submitted to the commission, committee and fire department having jurisdiction over the facility unless otherwise negotiated and agreed to by the committee or the fire department. The negotiated information shall be approved by the committee or fire department and provided in a letter indicating approval to the commission, attached to the map.

(5) An owner or operator of a facility may indicate that the storage location of any hazardous chemical present at a facility as reported on a Tier II inventory form or electronic submission and a map shall not be disclosed to any person who is not an officer or employee of the state or political subdivision acting in an official capacity.

(6) An owner or operator may choose to withhold information about any hazardous chemical present at the facility from disclosure as a trade secret, if so, the owner or operator shall indicate whether a claim has been filed with the administrator of the United States environmental protection agency for protection of that information as a trade secret pursuant to the rules adopted under division (B)(2)(d) of section 3750.02 of the Revised Code or has filed a claim with the commission pursuant to rules adopted under section 3750.09 of the Revised Code.

(7) A certification signed by the owner or operator or an officially designated representative which certifies that the information has been personally examined and that such owner, operator, or representative is familiar with this document and attached map, and that based on an inquiry of those individuals responsible for obtaining the information, it is believed that the submitted information is true, accurate, and complete.

E) The committee and fire department having jurisdiction over a facility may, after assessing the information obtained from an owner or operator's previous Tier II inventory form
or on a state Tier II inventory form or electronic submission as adopted by the commission, may request any other information otherwise agreeable to the committee and fire department and the owner or operator of the facility. The confidential business information and trade secret provisions under Chapter 3750 of the Revised Code are applicable to the information submitted pursuant to this paragraph.

(1) The committee and fire department having jurisdiction over a facility shall determine the scope of information to be submitted pursuant to this paragraph by evaluating the information on the basis of the following factors:
(a) The information reported shall aid to reduce the extraordinary risk injury to public health and safety or to the environment.
(b) The information reported shall aid to reduce the extraordinary risk to injury to responding emergency management personnel in the event of a release of hazardous substances from the facility considering the following:
(i) The specific characteristics and degree and nature of the hazards posed by the release of the hazardous substances.
(ii) The proximity of the facility to a residential area, or area with significantly large numbers of people are employed or otherwise congregate; and to environmental resources that are subject to injury.
(iii) The quantities of extremely hazardous substances and hazardous chemicals that are routinely present at the facility.
(iv) The frequency in which the extremely hazardous substances and hazardous chemicals are present at the facility.

(2) An owner or operator subject to this rule shall continue to annually prepare and submit an inventory form or electronic submission as required under paragraphs (B) to (D) of this rule in addition to the information as agreed upon under paragraph (E) of this rule.

(3) A committee and fire department acquiring additional information pursuant to paragraph (E) of this rule shall notify the commission of such an agreement.

(F) An owner or operator of a facility subject to rule 3750-30-01 of the Administrative Code may submit chemical inventory information on forms prescribed by the administrator of the USEPA under section 312 of the Emergency Planning and Community Right-To-Know Act of 1986 (federal form) or on a state form adopted by the commission or on commission approved software to collect information required by paragraphs (B) to (D) of this rule.

(G) No owners or operators of a facility where any hazardous chemical is stored in an amount that exceeds the threshold quantity established in rule 3750-30-27 of the Administrative Code shall fail to submit one of the following:
(1) A state inventory form containing tier II information as prescribed in paragraphs (B) to (D) of this rule.
(2) A federal inventory form containing tier II information.
(3) Commission approved electronic software.

(H) An owner or operator of a facility who has previously submitted an inventory form pursuant to this rule, in the event there are no changes to the reported information including any facility map submitted, may send, in lieu of the reports otherwise required under this rule only the facility information prescribed in paragraphs (B) and (C) of this rule with a marked “no change (from last year's)” to the commission, committee and fire department having jurisdiction over the facility. An owner or operator shall submit a new inventory form and facility map every three years even if no changes have occurred at the facility.

(I) The owner or operator of the facility under paragraph (H) of this rule shall submit an annual inventory filing fee and worksheet form prescribed in rule 3750-50-01 of the Administrative Code to the commission.

Infectious Waste
**3745-27-01 Definitions (including “infectious waste”).**

[Editor’s Note: The “Comment” portion of the following regulation is part of the official provision.]

(A)

(1) “Airport” means any airport certified by the federal aviation administration and open to the public without prior permission and without restrictions within the physical capabilities of the available facilities.

(2) “Alteration” means a change to a facility from the requirements specified in the facility’s authorizing document which is at least equivalent to rule requirements, other than a “modification” as that term is defined in rule 3745-27-02 of the Administrative Code, which requires written concurrence by Ohio EPA.

[Comment: If the change is not equivalent to rule requirements, approval through a permit, variance, or exemption would be necessary.]

(3) “Animal waste” means animal excreta, bedding, wash waters, waste feed, and silage drainage.

(4) “Applicant” means any person who has applied for a registration certificate, permit to install, an alternative infectious waste treatment technology approval, or an operating license in accordance with Chapter 3745-27, 3745-29, 3745-30, or 3745-37 of the Administrative Code.

(5) “Aquifer” means a consolidated or unconsolidated geologic formation or series of formations that are hydraulically interconnected and that have the ability to receive, store, or transmit water to wells or springs.

(6) “Aquifer system” means one or more geological units or formations that are wholly or partially saturated with water and are able to store, transmit, and yield significant amounts of water to wells or springs.

(7) “Assets” means all existing and all probable future economic benefits obtained or controlled by a particular entity.

(8) “Authorized maximum daily waste receipt” means the maximum amount of solid waste a solid waste disposal facility may receive at the gate in any calendar day. The waste receipt limit shall be expressed in tons per day for facilities utilizing scales or cubic yards per day at the gate for all other facilities. The conversion factor between tons and cubic yards shall be one ton to three cubic yards unless the solid waste is baled, in which case a one-ton to one-cubic-yard conversion factor shall be used.

(B)

(1) “Beneficial use” means to use a scrap tire in a manner that results in a commodity for sale or exchange or in any other manner authorized as a beneficial use in accordance with rule 3745-27-78 of the Administrative Code. The use of a scrap tire at a scrap tire recovery facility is not a “beneficial use” of scrap tires, for the purposes of Chapter 3745-27 of the Administrative Code. “Beneficial use” does not apply to products manufactured from scrap tires and sold to a customer, including tire derived fuel as defined in this rule.

(2) “Biomass fuels” are defined in rule 3745-27-03 of the Administrative Code.

(3) “Bird hazard” means an increase in the likelihood of bird/aircraft collisions that may cause damage to the aircraft or injury to the occupants of the aircraft.

(4) “Board of directors of a joint district” means a collective body of the boards of county commissioners of the counties establishing a joint solid waste management district as specified in section 343.01 of the Revised Code.

(5) “Board of health” means the board of health of a city or general health district, or the authority having the duties of a board of health in any city as authorized by section 3709.05 of the Revised Code.

(C)

(1) “Closed unit” means any unit of a sanitary landfill facility for which the owner or
operator is required to complete, or has completed, all closure activities in accordance with rule 3745-27-11 of the Administrative Code.

(2) "Commingled yard waste" means yard waste that has been commingled with other solid wastes. Commingled yard waste does include containerized source-separated yard waste including, but not limited to, yard waste in paper or plastic bags where such bags are commingled with other solid wastes.

(3) "Composting" means the process of biological decomposition of solid wastes under controlled conditions resulting in compost. Controlled conditions include but are not limited to grinding, shredding, piling, physical turning, aerating, adding moisture, or other processing of solid wastes.

(4) “Composting facility” means a site, location, tract of land, installation, or building used for composting of solid waste in accordance with Chapter 3734 of the Revised Code and rules adopted thereunder.

(5) "Current assets" means cash or other assets or resources commonly identified as those which are reasonably expected to be realized in cash or sold or consumed during the normal operating cycle of the business.

(6) "Current corrective measures cost estimate" means the most recent of the estimates prepared in accordance with rule 3745-27-18 of the Administrative Code.

(8) “Current transporter cost estimate” means the most recent of the estimates prepared in accordance with rule 3745-27-15, 3745-27-54, or 3745-27-56 of the Administrative Code.

(9) "Current liabilities" means obligations whose liquidation is reasonably expected to require either the use of existing resources properly classifiable as current assets or the creation of other current liabilities.

(10) “Current post-closure care cost estimate” means the most recent of the estimates prepared in accordance with rule 3745-27-16 or 3745-27-73 of the Administrative Code.

(D)

(1) “Daily design input capacity” or “DDIC” means the weight of scrap tires that can be processed at a scrap tire recovery facility per day. The DDIC is expressed in tons and shall be calculated as an averaged daily processing amount for all operating days in a calendar month.

(2) “Developed spring” means any spring which has been permanently modified by the addition of pipes or a collection basin to facilitate the collection and use of the spring water.

(3) “Director” means the director of environmental protection or the director’s authorized representative.

(E)

(1) “Execute” means to complete and sign a document acceptable to the director for the purpose of establishing a financial assurance instrument.

(2) “Existing unit” means any unit of a sanitary landfill facility that is receiving solid waste on or before June 1, 1994, and is a geographically contiguous area within the limits of waste placement of the sanitary landfill facility, as the limits of waste placement existed on June 1, 1994.

(F)

(1) “Final slope” means the slope of a landfill when it has reached final grade and includes but is not limited to the composite cap system, the waste, the composite liner system and the subsurface.

(2) “Fire break” means the area around individual scrap tire storage piles that is maintained free of combustible and vegetative material. The width of the fire break shall be as specified in the applicable rule of Chapter 3745-27 of the Administrative Code. The fire break may include well mowed grass if the fire break also includes a gravel or paved fire lane twenty
feet wide.

(3) “Foundry sand” is defined in rule 3745-30-01 of the Administrative Code.

(G)

(1) “Ground water” means any water below the surface of the earth in a zone of saturation.

(H)

(1) “Hazardous waste” means waste that is listed specifically as hazardous waste or exhibits one or more characteristics of hazardous waste as defined in Chapter 3745-51 of the Administrative Code.

(2) “Health commissioner” means the individual occupying the office created by sections 3709.11 and 3709.14 of the Revised Code, or the health commissioner’s authorized representative.

(3) “Health district” means a city or general health district as created by or under authority of Chapter 3709 of the Revised Code.

(4) “Household hazardous waste” means solid waste originally generated by individual households that is listed specifically as hazardous waste or exhibits one or more characteristics of hazardous waste as defined in rule 3745-51-03 of the Administrative Code. Household hazardous waste is excluded from regulation as a hazardous waste pursuant to paragraph (B)(1) of rule 3745-51-04 of the Administrative Code.

(I)

(1) “Incinerator” means any equipment, machine, device, article, contrivance, structure, or part of a structure used to burn solid or infectious wastes to ash.

(2) “Independently audited” refers to an audit performed by an independent certified public accountant in accordance with generally accepted accounting standards, or for a publicly-owned facility, an equivalent comprehensive audit performed by the auditor of the state of Ohio pursuant to Chapter 117 of the Revised Code.

(3) “Industrial solid waste” is defined in rule 3745-29-01 of the Administrative Code.

(4) “Industrial solid waste landfill facility” is defined in rule 3745-29-01 of the Administrative Code.

(5) “Infectious agent” means a type of microorganism, pathogen, virus, or proteinaceous infectious particle that can cause or significantly contribute to disease in or death of human beings.

(6) “Infectious wastes” means any wastes or combination of wastes that include cultures and stocks of infectious agents and associated biologicals, human blood and blood products, and substances that were or are likely to have been exposed to or contaminated with or are likely to transmit an infectious agent or zoonotic agent, including the following:

(a) Laboratory wastes;

(b) Pathological wastes, including human and animal tissues, organs, body parts, and body fluids and excreta that are contaminated with or are likely to be contaminated with infectious agents or zoonotic agents;

(c) Animal blood and blood products;

(d) Animal carcasses and parts;

(e) Waste materials from the rooms of humans, or the enclosures of animals, that have been isolated because of diagnosed communicable disease that are likely to transmit infectious agents. Also included are waste materials from the rooms of patients who have been placed on blood and body fluid precautions under the universal precaution system established by the “Centers for Disease Control” in the public health service of the United States department of health and human services, if specific wastes generated under the universal precautions system have been identified as infectious wastes by rules referred to in paragraph (I)(6)(g) of this rule;

(f) Sharp wastes used in the treatment, diagnosis, or inoculation of human beings or animals;
(g) Any other waste materials generated in the diagnosis, treatment, or immunization of human beings or animals, in research pertaining thereto, or in the production of testing of biologicals, that the public health council created in section 3701.33 of the Revised Code, by rules adopted in accordance with Chapter 119 of the Revised Code, identifies as infectious wastes after determining that the wastes present a substantial threat to human health when improperly managed because they are contaminated with, or are likely to be contaminated with, infectious agents. As used in this rule, “blood products” does not include patient care waste such as bandages or disposable gowns that are lightly soiled with blood or other body fluids unless those wastes are soiled to the extent that the generator of the wastes determines that they should be managed as infectious wastes.

(h) Any other waste materials that the generator designates as infectious waste.

(7) “Infectious waste handling area” means any area where infectious wastes are stored, loaded, unloaded, prepared for treatment, or treated. Infectious waste handling areas also include areas where vehicles or containers are decontaminated, areas where transportation of infectious wastes within the facility premises occurs, and areas where treated infectious wastes are unloaded, stored, and loaded.

(8) “Infectious waste treatment unit” or “treatment unit” means the apparatus responsible for the attainment of the performance standard for treatment and for the reduction in microorganisms that is part of the treatment process. A free standing shredder or grinder is not considered a treatment unit.

[Comment: If the treatment process is contained within a single, enclosed piece of equipment, then the treatment unit and treatment process are considered one and the same.]

(9) “Interim slope” means the slope of a landfill as a result of daily filling or when a phase, cell or unit has reached its limits and includes but is not limited to daily cover, intermediate cover, transitional cover, waste, the composite liner system and the subsurface.

(10) “Internal slope” means the slope as excavated or constructed and includes but is not limited to the leachate collection layer, protective material, select waste, composite liner system and the subsurface.

(J) [Reserved.]

(K) [Reserved.]

(L)

(1) “Leachate” means liquid that has come in contact with or been released from solid waste.

(2) “Legitimate recycling facility” means an engineered facility or site where recycling of material other than scrap tires is the primary objective of the facility.

For the purposes of Chapters 3745-27 and 3745-37 of the Administrative Code, legitimate recycling facilities are either of the following:

(a) Facilities that accept only source separated recyclables, except scrap tires, or commingled recyclables which are currently recoverable utilizing existing technology.

(b) Facilities that meet all of the following:

(i) Accept mixed or source separated solid waste streams.

(ii) Recover for beneficial use not less than sixty per cent of the weight of solid wastes brought to the facility each month (as averaged monthly) for not less than eight months in each calendar year.

(iii) Dispose of not more than forty per cent of the total weight of solid wastes brought to the facility each month (as averaged monthly) for not less than eight months in each calendar year.

For purposes of Chapters 3745-27 and 3745-37 of the Administrative Code, legitimate recycling facility does not include any facility identified as a solid waste disposal facility as “solid waste” is defined in this rule, nor does it include any facility identified as a scrap tire collection, storage, monofil, monocell, or recovery facility or any premises at which the beneficial use of
scrap tires occurs.

(3) “Liabilities” means probable future sacrifices of economic benefits arising from present obligations to transfer assets or provide services to other entities in the future as a result of past transactions or events.

(4) “Lime sludge” is defined in rule 3745-27-03 of the Administrative Code.

(5) “Limestone quarry” means an excavation resulting from a mining operation where limestone is the principal material excavated for commercial sale or use in another location. This term does not include excavations of limestone resulting from the construction of the sanitary landfill facility.

(6) “Limits of waste placement” means the horizontal and vertical boundaries of a sanitary landfill facility within which the owner or operator has been authorized to dispose of solid waste.

(7) “Lower explosive limit” means the lowest per cent by volume of a mixture of explosive gases in air that will propagate a flame at twenty-five degrees Celsius and atmospheric pressure.

(M)

(1) “Maximum horizontal acceleration in lithified earth material” means the maximum expected horizontal acceleration depicted on a seismic hazard map, with a ninety per cent or greater probability that the acceleration will not be exceeded in two hundred fifty years, or the maximum expected horizontal acceleration based on a site-specific seismic risk assessment.

(2) “Modification” is defined in rule 3745-27-02 of the Administrative Code.

(3) “Monocell” means a discrete volume for solid waste, which is provided isolation from other solid wastes, where a segregated waste stream is exclusively disposed within the limits of waste placement of a sanitary landfill facility.

(4) “Monofill” means a specialized sanitary landfill facility where a single segregated waste stream is exclusively disposed.

(5) “Municipal solid waste” is a type of solid waste generated from community, commercial, and agricultural operations, including, but not limited to, the following:

(a) Solid waste generated by community operations, i.e. wastes derived from households (including single and multiple household residences, hotels, motels, bunkhouses, ranger stations, crew quarters, campgrounds, picnic grounds, and day-use recreation areas).

(b) Solid waste generated by commercial operations (including stores, offices, restaurants, warehouses, and other non-manufacturing activities).

(c) Solid waste generated from agricultural operations (including single-family and commercial farms, greenhouses, and nurseries).

(d) Sludge from municipal, commercial or industrial waste water treatment plants, water treatment plants, and air pollution control facilities that is co-disposed with wastes specified in paragraph (M)(6)(a), (M)(6)(b), (M)(6)(c) or (M)(6)(e) of this rule in a sanitary landfill facility.

(e) Fly ash and bottom ash generated from the incineration of municipal solid waste provided the fly ash and bottom ash are not regulated as hazardous wastes.

(N)

(1) “Net working capital” means current assets minus current liabilities.

(2) “Net worth” means total assets minus total liabilities and is equivalent to owner's equity.

(3) “New tire” means a tire that has never been installed on a vehicle or trailer, or any tire that is part of a new vehicle or trailer when the motor vehicle or trailer is manufactured or initially received in this state. New tire does not include any used or retreaded tire.

(4) “New unit” means any unit of a sanitary landfill facility that did not receive solid waste prior to June 1, 1994, and that has not been designated an existing unit by the owner or operator. A new unit may be contiguous or noncontiguous.

(5) “Nonputrescible solid wastes” is defined in rule 3745-27-12 of the Administrative Code.
"Nuisance" means anything which is injurious to human health or offensive to the senses; interferes with the comfortable enjoyment of life or property; and affects a community, neighborhood, or any considerable number of persons (although the extent of annoyance or damage inflicted upon individual persons may be unequal).

(1) "Occupied structure" is defined in rule 3745-27-12 of the Administrative Code.

(2) "Open burning" means the burning of solid wastes in an open area or burning of solid wastes in a type of chamber or vessel that is not approved or authorized in rules adopted by the director under section 3734.02 of the Revised Code or, if the solid wastes consist of scrap tires, in rules adopted by the director under section 3734.73 of the Revised Code, or the burning of treated or untreated infectious wastes in an open area or vessel that is not approved in rules adopted by the director under section 3734.021 of the Revised Code.

(3) "Open dump" means a site where solid wastes or untreated infectious wastes have been disposed without a license.

(4) "Open dumping" means the following:

(a) The deposition of solid wastes, other than scrap tires, into waters of the state, and also means the final deposition of solid wastes on or into the ground at any place other than a solid waste facility operated in accordance with Chapter 3734 of the Revised Code, and Chapters 3745-27, 3745-29, 3745-30, and 3745-37 of the Administrative Code.

(b) The deposition of solid wastes that consist of scrap tires into waters of the state, and also means the final deposition of scrap tires on or into the ground at any place other than a scrap tire collection, storage, monofill, monocell, or recovery facility licensed under section 3734.81 of the Revised Code, or at a site or in a manner not specifically identified in division (C)(2), (C)(3), (C)(4), (C)(5), (C)(7), or (C)(10) of section 3734.85 of the Revised Code, or at any licensed solid waste facility if the deposition is not in accordance with Chapters 3745-27 and 3745-37 of the Administrative Code.

(c) The deposition of solid wastes that consist of scrap tires in buildings, trailers, or other vehicles at locations other than a scrap tire transporter's registered business location, a licensed scrap tire facility, or an unregistered scrap tire facility operating in accordance with rule 3745-27-61 of the Administrative Code (such as pre-positioned trailers in accordance with paragraph (C)(8) of rule 3745-27-56 of the Administrative Code) for longer than fourteen days. The scrap tires in trailers or vehicles shall be considered open dumped unless written prior notification is given to the local health department and Ohio EPA that the vehicle or trailer requires mechanical repairs which will take longer than fourteen days to complete and that the repairs are being completed in a timely manner.

(d) The deposition of untreated or treated infectious wastes into waters of the state, and also means the final deposition of untreated infectious wastes on or into the ground at any place other than a licensed solid waste facility operated in accordance with Chapter 3734 of the Revised Code, and Chapters 3745-27 and 3745-37 of the Administrative Code.

(5) “Operator” or “facility operator” means the person responsible for the on-site supervision of technical operations and maintenance of a solid or infectious waste facility, or any parts thereof, which may affect the performance of the facility and its potential environmental impact or any person who has authority to make discretionary decisions concerning the daily operations of the solid or infectious waste facility. "Operator" also means the person responsible for the supervision of technical operations of a scrap tire transportation business.

(6) “Original scrap tire generator” or “original owner” means the person or business who purchased a new, retread, or used tire for use on a wheel or rim. Original scrap tire generator or original owner does not include anyone who has accepted a tire other than a new or retreaded tire, for the purposes of transportation, collection, storage, processing, or disposal.

(7) “Owner” or “property owner” means the person who holds title to the property on
which the solid waste facility, infectious waste treatment facility, or scrap tire transportation business is located.

(P)
(1) “Parent corporation” means a corporation, or the ultimate corporation, which directly owns at least fifty per cent of the voting stock of the corporation which holds a permit or license issued in accordance with section 3734.05 of the Revised Code and Chapter 3745-27, 3745-29, or 3745-30 of the Administrative Code; the latter corporation is deemed a “subsidiary” of the parent corporation.

(2) “Permittee” means a person to whom a permit to install has been issued.

(3) “Person” means the state, any political subdivision, public or private corporation, individual, partnership, or other entity.

(4) “Phase” means a discrete area of a sanitary landfill facility, which has been designated to facilitate the systematic construction, operation, and closure of the sanitary landfill facility. For a sanitary landfill facility, other than an industrial solid waste landfill facility or residual solid waste landfill facility, a phase is a discrete area that is part of a unit.

(5) “Portable solid waste container” or “portable container” is a container used for solid waste transfer that is not part of the permanent structure of a transport vehicle, can be removed from the transporting vehicle without compromising the container’s or the transporting vehicle’s structural integrity, and can be removed from the transporting vehicle without utilizing destructive measures. Portable containers include trailers used to store and transport solid wastes.

(6) “Premises” means one of the following:
   (a) Geographically contiguous property owned by an entity.
   (b) Noncontiguous property that is owned by an entity and connected by a right-of-way that the entity controls and to which the public does not have access. Two or more pieces of property that are geographically contiguous and divided by public or private right-of-way or rights-of-way are a single premises.

(7) “Processed tire” or “processed scrap tire” means a scrap tire that has been altered through a mechanical, chemical, thermal, or controlled combustion process so that the resulting material is a marketable product or is suitable for storage or disposal in a scrap tire monofill facility. For the purpose of disposal, processed tires shall be defined as a solid waste or a scrap tire based on the following:
   (a) Processed tires that are readily identifiable as scrap tires or pieces of scrap tires by visual inspection shall be disposed of as scrap tires.
   (b) Processed tires that are not readily identifiable as scrap tires or pieces of scrap tires by visual inspection when disposed may be disposed of as solid waste rather than scrap tires.
   (c) Items manufactured from processed tires and scrap tire material which is a by-product of a manufacturing process when disposed may be disposed of as solid waste.
   (d) “Processed tire” includes, but is not limited to, cut, split, and shredded tires. Baled tires are only considered “processed tires” for the purpose of disposal at a scrap tire monofill or monofill.

(8) “Public water supply well” means any well connected to a public water system as defined by division (A) of section 6109.01 of the Revised Code.

(9) “Public well field” means any system of wells which is connected to a public water system as defined by division (A) of section 6109.01 of the Revised Code.

(Q)
(1) “Qualified ground water scientist” means a scientist or engineer who has received a baccalaureate or post-graduate degree in the natural sciences or engineering and has at least five years relevant experience in ground water hydrology and related fields to enable that individual to make sound professional judgments regarding ground water monitoring, contaminant fate and transport, and corrective measures.
Infectious Waste

(R) 
(1) "Recycling" means the process of collecting, sorting, cleansing, treating, and reconstituting solid waste that would otherwise be disposed in a solid waste disposal facility and returning reconstituted materials to commerce as commodities for use or exchange.

(2) “Regional aquifer” means the aquifer used as a primary source of water to wells within one mile of the solid waste disposal facility.

(3) “Registrant” means any person to whom a registration certificate has been issued.

(4) "Regulatory floodplain" means an area covered by a one hundred year flood as depicted on a flood insurance rate map published by the federal emergency management agency.

(5) “Residual solid waste” or “residual waste” is defined in rule 3745-30-01 of the Administrative Code.

(6) “Residual waste landfill facility” or “residual waste landfill” is defined in rule 3745-30-01 of the Administrative Code.

(7) “Retention time” means the average time for gases to pass through a chamber. The residence time is equivalent to retention time.

(8) “Rough tire shreds” or “rough shredded scrap tires” means tire shreds or cut tire pieces that have any dimension greater than four inches.

(S) 
(1) “Salvaging” means the extracting or removing of materials from the solid waste stream at the working face of a solid waste disposal facility for the intended purpose of recycling or for removal to a salvage facility regulated by Chapter 4737 of the Revised Code and rules promulgated thereunder.

(2) "Sand or gravel pit" means an excavation resulting from a mining operation where the removal of sand or gravel is undertaken for commercial sale or use in another location. This term does not include excavations of sand or gravel resulting from the construction of the sanitary landfill facility.

(3) "Sandstone quarry" means an excavation resulting from a mining operation where sandstone is the principal material excavated for commercial sale or use in another location. This term does not include excavations of sandstone resulting from the construction of a sanitary landfill facility.

(4) “Sanitary landfill facility” means an engineered facility where the final deposition of solid waste on or into the ground is practiced in accordance with Chapter 3745-27, 3745-29 or 3745-30, as appropriate, and 3745-37 of the Administrative Code, and includes the units within the limits of waste placement, all ground water monitoring and control system structures, buildings, explosive gas monitoring, control, and extraction system structures, surface water run-on and runoff control structures, sedimentation ponds, liner systems, and leachate management system structures. The sanitary landfill facility includes all portions of the facility described above and those areas within three hundred feet of the limits of waste placement unless an alternate setback is deemed acceptable by the director. If the owner or operator has not obtained approval of a permit to install, which delineates the setback from the limits of waste placement, submitted in accordance with section 3734.05 of the Revised Code, the sanitary landfill facility includes all portions of the facility described above and those areas within three hundred feet of the limits of waste placement unless the property line of the facility is less than three hundred feet from the limits of waste placement, in which case the sanitary landfill facility includes those areas within the property line.

(5) “Scavenging” means the removal by unauthorized personnel of materials from the solid waste stream at waste handling areas of a solid waste disposal facility or solid waste transfer facility.

(6) “Scrap tire” is a type of solid waste and means any unwanted or discarded tire, regardless of size, that has been removed from its original use. “Scrap tire” includes all whole
scrap tires and pieces of scrap tires which are readily identifiable as parts of scrap tires by visual inspection.

For purposes of this definition, “unwanted” means the original scrap tire generator, original owner or manufacturer of the tire no longer wants to use, or is unable to use the tire for its original purpose, and “discarded” means the original scrap tire generator, original owner, or manufacturer of the tire has otherwise managed the tire in such a manner that disposal has occurred.

“Scrap tire” does not include the following:

(a) A tire after it has been retreaded or regrooved for resale or reuse, unless it has been declared defective or has been returned to the seller or manufacturer for warranty adjustment.
(b) A tire that is mounted and installed on a vehicle or trailer, or carried on the vehicle or trailer as the spare tire. Trucks with more than four wheels or with different size wheels or tires may carry more than one spare tire.

For purposes of this definition “installed” means placing the mounted wheel and tire assembly at any of the positions on a vehicle or trailer where a wheel and tire assembly was initially placed on the vehicle or trailer during manufacture and includes the position normally used for a spare tire or tires.

For purposes of this definition “mounted” means placing a tire on a wheel rim so that it can be installed on a vehicle. A mounted tire may be a scrap tire unless it is also installed.
(c) Tires from non-motorized vehicles such as bicycles, or tires from small equipment such as lawn mowers, wheelbarrows, etc.

[Comment: Tires from non-motorized vehicles may be recycled, disposed of as scrap tires, or may be disposed of as solid waste.]
(d) Only at a retreading business, a retreadable casing stored in an enclosed building or stored in a manner otherwise authorized or exempted by the director that the retreading business has inspected and individually labeled or marked the casing as suitable for retreading.
(e) Tire derived fuel (TDF) or tire derived chips (TDC) as defined in this rule after the TDF or TDC has been transported from the scrap tire recovery facility for use as a fuel or for an authorized beneficial use.
(f) Non-pneumatic, hard, pressed tires, such as forklift tires.
(7) “Scrap tire collection facility” means a type of facility for scrap tire storage that meets the following:
(a) The facility is used for the receipt and storage of whole scrap tires from the public prior to the transportation of the scrap tires to one of the destinations listed in rule 3745-27-65 of the Administrative Code.
(b) The facility exclusively stores scrap tires in portable containers.
(c) The aggregate storage of the portable containers in which the scrap tires are stored does not exceed five thousand cubic feet.

[Comment: If the facility does not meet the above definition for a scrap tire collection facility, then the facility may be a scrap tire storage facility. If the facility includes any equipment for processing (e.g. cutting or shredding equipment) the scrap tires to produce a usable product, then the facility is a scrap tire recovery facility.]

(8) “Scrap tire facility” is a generic term that includes but is not limited to the following: scrap tire collection facility, scrap tire storage facility, scrap tire recovery facility, scrap tire monofill facility, scrap tire monocell facility, and scrap tire submergence facility as those terms are defined in this rule.

(9) “Scrap tire generator” means any person or business that generates scrap tires. Scrap tire generator includes the original scrap tire generator, as defined in this rule, and any business which removes tires from vehicles and accepts scrap tires in the normal course of business such as tire retail dealers and tire retreaders.

[Comment: A scrap tire generator or original scrap tire generator who stores more than
one hundred scrap tires and who does not qualify for one of the exclusions from registration in rule 3745-27-61 or permitting in rule 3745-27-63 of the Administrative Code may also be a scrap tire collection, storage, or recovery facility.]

(10) “Scrap tire handling area” means any area of a scrap tire collection, storage, monocell, monofill, or recovery facility where scrap tires are stored, loaded, unloaded, sorted, baled, shredded, prepared for processing, or otherwise processed. A scrap tire handling area includes the scrap tire storage area but does not include vehicle staging areas, vehicle storage areas, or buildings not used for the processing or storage of scrap tires. Scrap tire handling area also includes that portion of a scrap tire transporter’s business location where scrap tires are unloaded, sorted, and loaded.

(11) “Scrap tire monocell facility” means a type of “monocell,” as that term is defined in this rule, that is used or intended to be used exclusively for the environmentally sound storage or disposal of scrap tires that have been shredded, chipped, or otherwise mechanically processed.

(12) “Scrap tire monofill facility” means a type of “monofill,” as that term is defined in this rule, that is used or intended to be used exclusively for the environmentally sound storage or disposal of scrap tires that have been shredded, chipped, or otherwise mechanically processed.

(13) “Scrap tire recovery facility” means any site, location, tract of land, installation, or building that is used or intended to be used for the processing of scrap tires for the purpose of extracting or producing usable products, materials, or energy from the scrap tires. Processing includes but is not limited to: a controlled combustion process, mechanical process, thermal process, or chemical process that uses whole, split, or shredded scrap tires as a raw material. Scrap tire recovery facility includes any facility that uses the controlled combustion of scrap tires in a manufacturing process to produce process heat or steam or any facility that produces usable heat or electric power through the controlled combustion of scrap tires in combination with another fuel.

(a) A “mobile scrap tire recovery facility” is a type of scrap tire recovery facility owned or operated by a person not otherwise licensed as a class I or class II scrap tire recovery facility in Ohio and means any unit for processing tires which is designed by the manufacturer for the regular movement from one operating site to another and which the owner or operator has used at more than one location during the prior year. “Mobile scrap tire recovery facility” specifically includes any tire cutting, baling, or shredding equipment that is moved from site to site for the purpose of processing scrap tires into a useable product at the site or before the scrap tires are removed from the site.

(b) A “class I scrap tire recovery facility” means a scrap tire recovery facility with a permitted daily design input capacity of two hundred tons of scrap tires per day or greater.

(c) A “class II scrap tire recovery facility” means a scrap tire recovery facility with a registered daily design input capacity of less than two hundred tons of scrap tires per day.

(14) “Scrap tire storage area” means that part of a premises including but not limited to a scrap tire collection, storage, or recovery facility where whole scrap tires are stored. At a scrap tire recovery facility the scrap tire storage area also means that part of the premises where processed scrap tires are stored.

(15) “Scrap tire storage facility” means any facility where whole scrap tires are stored prior to the scrap tires being transported to one of the destinations listed in paragraph (D)(8) of rule 3745-27-65 of the Administrative Code. A “class I scrap tire storage facility” means a scrap tire storage facility that has a permitted capacity of more than ten thousand square feet of effective scrap tire storage. A “class II scrap tire storage facility” means a scrap tire storage facility that has a registered capacity of not greater than ten thousand square feet of effective scrap tire storage.

[Comment: Division (C) of section 3734.71 of the Revised Code specifies that the owner or operator of a class I scrap tire storage facility must also be the owner or operator of a
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

Infectious Waste

licensed scrap tire monocell, monofill, or recovery facility in Ohio, or a solid waste or scrap tire monocell, monofill, or recovery facility located in another state and operating in compliance with the laws of that state.]

(16) “Scrap tire storage pile” means an area where scrap tires are stored either indoors or outdoors on the floor, on the ground, or in racks. The dimensions of a scrap tire storage pile are determined by the location of fire breaks of at least the width specified in Chapter 3745-27 of the Administrative Code around the storage pile. A scrap tire storage pile may consist of one or more separate racks. A scrap tire storage pile may consist of a combination of racks and on the floor or on ground storage of scrap tires.

(17) “Scrap tire submergence facility” is a type of scrap tire monofill facility and means a facility where only whole scrap tires are submerged in water in an engineered structure.

(18) “Scrap tire transporter” or “transporter” means the registrant for the scrap tire transportation business or anyone in the registrant's employ who signs the scrap tire shipping papers or operates the registrant's scrap tire transportation vehicles.

(19) “Seismic impact zone” means an area where the maximum horizontal acceleration in lithified earth material exceeds 0.10g.

(20) “Sewage sludge” is defined in rule 3745-27-03 of the Administrative Code.

(21) “Sharp objects” means any object that has the potential to puncture or lacerate, including but not limited to nails, sewing needles, straight pins, staples, metal screws, hard plastic, glass, broken ceramics, and infectious waste “sharps.”

(22) “Significant zone of saturation” means a zone of saturation that may act as a preferential pathway of migration away from the limits of solid waste placement.

(23) “Solid waste” means such unwanted residual solid or semisolid material, including but not limited to garbage, scrap tires, combustible and noncombustible material, street dirt and debris, as results from industrial, commercial, agricultural, and community operations, excluding earth or material from construction, mining, or demolition operations, or other waste materials of the type that normally would be included in demolition debris, nontoxic fly ash and bottom ash, including at least ash that results from combustion of coal, biomass fuels, and ash that results from the combustion of coal in combination with scrap tires where scrap tires comprise not more than fifty per cent of heat input in any month, spent nontoxic foundry sand, and slag and other substances that are not harmful or inimical to public health, and includes but is not limited to garbage, scrap tires, combustible and noncombustible material, street dirt, and debris. Solid waste does not include any material that is an infectious waste or a hazardous waste.

(24) “Solid waste disposal facility” means any site, location, tract of land, installation, or building used for incineration, composting, sanitary landfilling, or other approved methods of disposal of solid wastes.

(25) “Solid waste energy recovery facility” means any site location, tract of land, installation, or building where mixed solid waste or select solid waste streams, including scrap tires, is used as or intends to be used as fuel to produce energy, heat, or steam.

[Comment: A “solid waste energy recovery facility”, which exclusively uses scrap tires and other approved rubber waste as fuel, may be regulated as a “scrap tire recovery facility.”]

(26) “Solid waste management district” means a county which has established a resolution, or joint counties which have entered into an agreement, for the purposes of preparing, adopting, submitting, and implementing a solid waste management plan for the county or joint counties and for the purposes of providing for, or causing to be provided for, the safe and sanitary management of solid wastes within all of the incorporated and unincorporated territory of the county or joint counties and in compliance with Chapters 343 and 3734 of the Revised Code.

(27) “Solid waste management policy committee” means a committee established and convened by the board of county commissioners of a county solid waste management district or the board of directors of a joint solid waste management district to prepare the solid waste...
management plan of the solid waste management district and in compliance with division (B) of section 3734.54 of the Revised Code.

(28) “Solid waste transfer facility” or “transfer facility” means any site, location, tract of land, installation, or building that is used or intended to be used primarily for the purpose of transferring solid wastes that are generated off the premises of the facility from vehicles or containers into other vehicles or containers for transportation to a solid waste disposal facility. The term does not include any facility that consists solely of portable containers that have an aggregate volume of fifty cubic yards or less nor any facility where legitimate recycling activities are conducted. The term does not include any facility that accepts scrap tires other than scrap tires which are accepted incidental to a mixed solid waste shipment.

(29) “Source-separated yard waste” means yard waste that has been separated at the point of generation or at the point of collection from other solid wastes. Source separation includes, but is not limited to, such measures as placing yard waste in portable containers and compartments of portable containers dedicated to yard waste collection, and in vehicles dedicated to yard waste collection.

(30) “Surface water” means any water on the surface of the earth.

(T)

(1) “Tangible net worth” means the tangible assets that remain after deducting liabilities; such assets would not include such intangibles as goodwill and rights to patents or royalties.

(2) “Tire” for purposes of fee collection only is defined in section 3734.90 of the Revised Code. “Tire” and “scrap tire” as used in Chapter 3745-27 of the Administrative Code and the definitions in this rule are not restricted to motor vehicle tires but includes all pneumatic tires. [Comment: The definition of “tire” found in section 3734.90 of the Revised Code applies only to the collection of the state fee on the sale of new tires by a wholesaler.]

(3) “Tire adjustment center” means a premises to which defective new tires and tires returned for warranty adjustment are shipped for analysis of failure and final disposition.

(4) “Tire derived fuel” (TDF) or “tire derived chips” (TDC) means a uniformly shredded product obtained from whole tires where the maximum size of ninety-five per cent of the shreds are less than four inches in any dimension. TDC may be used as a civil engineering material or as feedstock for the manufacturing of crumb rubber or other tire derived material. TDC is defined using the ASTM “Standard Practice for Use of Scrap Tires in Civil Engineering Applications,” (D6270-98) (www.astm.org), section 3.1.29, for x-minus classified, size reduced scrap tires.

(5) “Tire manufacturing finishing center” means premises where tires are manufactured, inspected, and processed to either finished stock or scrap.

(6) “Tire retreading business” means premises where scrap tires are recycled by processing the scrap tire and attaching a new tread to the used tire casing.

(7) “Tire sidewall” means the flat circular part of a tire left after the tread has been cut away. Tire sidewall does not include a bagel cut tire or any cut tire where a portion of the tread remains attached to the sidewall.

(8) “Treat” or “treatment” when used in connection with infectious wastes, means any method, technique, or process that renders the wastes noninfectious so that it is no longer an infectious waste and is no longer an infectious substance as defined in applicable federal law, including, without limitation, steam sterilization and incineration and, in the instance of wastes identified in division (R)(7) of section 3734.01 of the Revised Code, to substantially reduce or eliminate the potential for the wastes to cause lacerations or puncture wounds.

(U)

(1) “Unit” means a discrete area within the limits of waste placement of a sanitary landfill facility, for which the owner or operator is authorized to dispose of solid waste, that is delineated by the owner or operator for the purpose of complying with the siting, construction, operational, closure or post-closure care ground water monitoring, and financial assurance requirements of
Chapter 3745-27 of the Administrative Code.

(2) “Unstable area” means a location that is susceptible to natural or human induced events or forces capable of impairing the integrity of some or all of the structural components of a landfill that are responsible for preventing releases from the landfill and can include areas where on-site or local soil conditions result in significant differential settling; areas where the downslope movement of soil or rock due to gravitational influence occurs; or areas where the lowering or collapse of the land surface occurs either locally or over broad regional areas.

(3) “Used tire” means a whole scrap tire. A used tire remains a scrap tire until it has been reused by being installed on a vehicle or trailer.

(V)

(1) “Vertical expansion” means the extension of the vertical boundary of waste placement that occurs prior to beginning, or being required to begin, closure activities in accordance with rule 3745-27-11 of the Administrative Code. A vertical expansion is a “modification” as that term is defined in rule 3745-27-02 of the Administrative Code. A vertical expansion is not a “unit.”

(W)

(1) “Waste handling area” means any area of a solid waste facility where solid wastes are stored, loaded, unloaded, baled, shredded, crushed, compacted, or otherwise processed or subjected to salvaging activities. Waste handling areas do not include vehicle staging or vehicle storage areas.

[Comment: For definitions of other types of waste handling areas please see “infectious waste handling area” and “scrap tire handling area.”]

(2) “Water pollution” means the unpermitted release of sediment from disturbed areas, solid waste or waste-derived constituents, or leachate to the waters of the state.

(3) “Waters of the state” means all streams, lakes, ponds, marshes, watercourses, waterways, wells, springs, irrigation systems, drainage systems, and all other bodies or accumulations of water, surface and underground, natural or artificial, which are situated wholly or partly within, or border upon, this state or are within its jurisdiction, except those private waters which do not combine or effect a junction with natural surface or underground waters.

(4) “Wetland” means any area that is inundated or saturated by surface or ground water at a frequency and duration sufficient to support, and that under normal circumstances does support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas.

(5) “Working face” means that portion of a sanitary landfill facility where solid wastes are unloaded for final deposition.

(X) [Reserved.]

(Y)

(1) “Yard waste” means solid waste that includes only leaves, grass clippings, brush, garden waste, tree trunks, tree stumps, holiday trees, and prunings from trees or shrubs and vegetative waste resulting from the use of commercial products, including but not limited to discarded flowers, potted flowers, or grave blankets that do not include plastic, metal, styrofoam, or other non-biodegradable material. Yard waste does not include industrial agricultural processing or food processing.

(Z)

(1) “Zone of saturation” means that part of the earth's crust, excluding the capillary zone, in which all voids are filled with water.

(2) “Zoonotic agent” means a type of microorganism, pathogen, virus, or proteinaceous infectious particle that causes disease in vertebrate animals, is transmissible to human beings and can cause or significantly contribute to disease in or death of human beings.
3745-27-30 Standards for generators of infectious waste.

[Editor’s Note: The “Comment” portion of the following regulation is part of the official provision.]

(A) Each generator of less than fifty pounds of infectious waste in any one month (small generator) shall:

1. Identify and separate infectious from non-infectious waste at the point of generation for the purposes of determining whether the generator must comply with paragraph (B) of this rule;

2. Place sharp infectious wastes in a “sharps” container.

3. Either treat all specimen cultures and cultures of viable infectious agents on the premises where they are generated to render them noninfectious by any of the methods, techniques, or practices prescribed by paragraph (B) of rule 3745-27-32 of the Administrative Code before they are transported off that premises for disposal; or

4. Ensure that such wastes are treated to render them noninfectious at a treatment facility off that premises that is owned or operated by the generator, a treatment facility that holds a license issued under division (B) of section 3734.05 of the Revised Code, a treatment facility that is authorized by rule 3745-27-32 of the Administrative Code, prior to disposal of the wastes, or a facility in another state operating in compliance with state and federal regulations.

5. Not be considered a treatment facility as “treatment” and “facility” are defined in section 3734.01 of the Revised Code when the generator treats specimen cultures and cultures of viable infectious agents on the premises where they are generated. Such treated cultures may be transported and disposed of in the same manner as solid wastes and need not comply with the disposal paper as described in rule 3745-27-33 of the Administrative Code;

6. Quantify the waste generation rate and keep records recorded in pounds. This generation rate and record shall pertain to the aggregate quantity of waste generated on the premise owned or operated by the generator on a calendar month basis. Upon request of the board of health or its authorized representative, the generator shall provide information regarding the infectious waste generation rate, the generator shall quantify and record the monthly generation rate. A monthly generation rate log shall display the month and the weight of all the infectious waste generated on the premises during that calendar month.

7. Determine by monthly records, required by paragraph (A)(5) of this rule, if fifty pounds or more of infectious waste is generated. If fifty pounds or more of infectious waste is generated in any one month the generator shall register with the Ohio environmental protection agency as a generator of infectious waste on the forms prescribed by the director and as outlined in paragraph (A) of rule 3745-27-36 of the Administrative Code. Generator registration certificates shall apply to premises and shall not include emergency vehicles or public safety vehicles; and

8. Comply with paragraph (C) of this rule.

A generator who complies with paragraph (A)(2) of this rule and who generates less than fifty pounds of infectious wastes each month and does not hold a certificate of registration as a generator of infectious wastes may dispose of infectious wastes in the same manner as solid wastes.

(B) Each generator of infectious wastes holding a certificate of registration under paragraph (A) of rule 3745-27-36 of the Administrative Code, and any other person who generates fifty pounds or more of infectious wastes in any one month (large generator), shall:

1. Segregate infectious wastes from other wastes at the point of generation. At a minimum, infectious wastes shall be placed in separate containers, from other wastes until rendered non-infectious;
(2) Place sharp infectious wastes in a “sharps” container;

(3) Not grind any sharp infectious wastes, not compact any such wastes until after the wastes have been treated in accordance with rule 3745-27-32 of the Administrative Code and not compact or grind any other type of infectious wastes until after the wastes have been treated in accordance with rule 3745-27-32 of the Administrative Code;

(4) Dispose of the infectious wastes at a solid waste disposal facility holding a license issued under division (A) of section 3734.05 of the Revised Code, after being treated to render them non infectious by either:
   (a) Treating the infectious waste that is generated at a facility owned or operated by the generator by any of the methods, techniques, or practices prescribed by paragraph (A) of rule 3745-27-32 of the Administrative Code to render them non-infectious; or
   (b) Designating the wastes for treatment off that premises at an infectious waste treatment facility holding a license issued under division (B) of section 3734.05 of the Revised Code, or to a facility that holds a license issued under section 4717.17, and a permit issued under Chapter 3704 of the Revised Code to the extent that the treatment of those wastes is consistent with that permit and its terms and conditions prior to disposal of the wastes, or a facility in another state operating in compliance with state and federal regulations.

(5) Provide information on the major components of the infectious wastes, any method of treatment of the wastes to render them non-infectious, and the generator’s system for distinguishing between waste containers that contain treated and untreated wastes to persons with whom the generator has entered into an arrangement to treat or dispose of the wastes upon receiving a written request from those persons;

(6) Ensure that all treated infectious wastes that are transported off the premises where they are generated are accompanied by a disposal paper that meets the requirements of rule 3745-27-33 of the Administrative Code.

(C) All generators of infectious wastes shall comply with the following provisions:

(1) A generator of infectious wastes, who also generates wastes consisting of any instrument designed to pierce or lacerate used in the body adornment of human beings, that have come in contact with blood or other body fluids, including, but not limited to needles, syringes with an attached needle, or any other type of instrument designed for the purpose to pierce or lacerate, shall manage such instruments in the same manner as sharp infectious wastes;

(2) Nothing in this rule prohibits a generator of infectious wastes from designating and managing wastes, in addition to infectious wastes, as infectious wastes when, in the judgment of the generator, those other wastes should be managed as infectious wastes because they are, or are likely to be, contaminated with infectious agents. After designating any such other wastes as infectious, the generator shall manage those wastes in compliance with the requirements of this rule;

(3) Generators of infectious wastes may discharge untreated liquid or semiliquid infectious wastes consisting of blood, blood products, body fluids, and excreta into a disposal system, as defined in section 6111.01 of the Revised Code, unless the discharge of those wastes into a disposal system is inconsistent with the terms and conditions of any permit for the system issued under Chapter 6111 of the Revised Code;

(4) A generator holding a license issued under section 4717.17 of the Revised Code shall not consider the weight of blood, blood products, other body fluids, or embalming fluids that are discharged on the site of their generation into a disposal system, as defined in section 6111.01 of the Revised Code, when determining the quantity of infectious wastes produced by that generator or the monthly generation rate;

(5) A generator of infectious wastes may transport or cause to be transported infectious wastes that have been treated to render them noninfectious in accordance with paragraph (B) of rule 3745-27-32 of the Administrative Code in the same manner as noninfectious wastes are
Infectious Waste transported;
   (6) No wastes consisting of dead animals or parts thereof shall be considered when determining the quantity of infectious wastes produced by any generator if the dead animals or parts meet all of the following:
   (a) Were not intentionally exposed to infectious agents during research, production of biologicals, or testing of pharmaceutical;
   (b) Were produced by a veterinarian holding a license issued under Chapter 4741 of the Revised Code; or
   (c) Were treated or disposed of by a person holding a license issued under Chapter 953 of the Revised Code.
(7) Any infectious waste or infectious waste mixture that meets the definition of hazardous waste as specified in rule 3745-51-03 of the Administrative Code shall be managed as a hazardous waste in accordance with Chapters 3745-50 to 3745-69 of the Administrative Code. No generator of infectious waste shall transport, or cause to be transported, wastes deemed hazardous in accordance with rule 3745-51-03 of the Administrative Code to an infectious waste treatment facility licensed in accordance with section 3734.05 of the Revised Code;
(8) A generator of infectious waste who produces infectious waste that is also radioactive waste shall:
   (a) Manage the waste in accordance with applicable Ohio department of health and U.S. nuclear regulatory commission regulations; and
   (b) Use a monitoring instrument, calibrated at least annually, to verify that infectious waste that is also radioactive is no longer required to be managed in accordance with Ohio department of health and U.S. nuclear regulatory commission regulations; and
   (c) Not transport, or cause to be transported, any infectious waste that is also radioactive to an infectious waste treatment facility licensed under section 3734.05 of the Revised Code unless the monitoring instrument indicates that the levels of radioactivity do not exceed Ohio department of health and U.S. nuclear regulatory commission regulations for managing as a non-regulated material or waste.
[Comment: The purpose of this paragraph is to clarify the interaction between this rule and the statutory requirements of the Ohio department of health, Chapter 3748 of the Revised Code and rules promulgated thereunder, and the U.S. nuclear regulatory commission when materials are both infectious waste and radioactive waste.]
   (d) Infectious waste that is also radioactive but no longer required to be managed in accordance with Ohio department of health or U.S. nuclear regulatory commission regulations shall be handled in accordance with rule 3745-27-35 of the Administrative Code.
[Comment: The intent of this regulation is to have the generator of the wastes verify that the contents have decayed to a sufficient level that the wastes are no longer regulated as radioactive wastes or materials.]
(9) A generator, that is a hospital as defined in section 3727.01 of the Revised Code, may accept for treatment or storage prior to treatment the following wastes:
   (a) Sharp infectious wastes and all unused discarded hypodermic needles, syringes, and scalpel blades that are in containers securely closed to prevent leaks or punctures that are generated by a generator of less than fifty pounds in any one month and who has staff privileges at the hospital;
   (b) Infectious wastes generated by an individual for purposes of their own care or treatment; and
   (c) Infectious wastes generated in providing care to a patient by an emergency medical services organization as defined in section 4765.01 of the Revised Code.
(10) An emergency medical services organization, as defined in section 4765.01 of the Revised Code, shall not be required to quantify the infectious waste that is accepted by a
generator that is a hospital as defined in section 3727.01 of the Revised Code;
(11) A generator shall handle all infectious wastes in accordance with rule 3745-27-35 of the Administrative Code.

3745-27-32 Standards for operation of infectious waste treatment facilities.

[Editor’s Note: The “Comment” portion of the following regulation is part of the official provision.]

(A) The owner or operator of an infectious waste treatment facility shall treat all infectious wastes in accordance with an approved infectious waste treatment method. Infectious waste treatment facilities are licensed infectious waste treatment facilities and all large generators who treat infectious wastes on-site. Treatment shall occur in accordance with all paragraphs in this rule applicable to that particular treatment technology and paragraph (I) of this rule. The following is a list of infectious waste treatment methods approved in the state of Ohio:

(1) Incineration, as specified in paragraphs (C) and (I) of this rule;
(2) Autoclaving, as specified in paragraphs (D) and (I) of this rule;
(3) Chemical treatment utilizing a sodium hypochlorite solution for cultures, as specified in paragraphs (E) and (I) of this rule;
(4) Applied heat encapsulation for sharps, as specified in paragraphs (F) and (I) of this rule;
(5) Chemical treatment utilizing peracetic acid and grinding, as specified in paragraphs (G) and (I) of this rule; and
(6) Alternative treatment technologies approved by the director. The owner or operator of any infectious waste treatment facility utilizing either a statewide or a site-specific alternative infectious waste treatment technology approved by the director in accordance with rule 3745-27-38 of the Administrative Code shall comply with the director’s approval letter for that treatment technology and paragraph (I) of this rule.

(B) All small generators who choose to treat infectious wastes on the premises where they are generated shall comply with the following applicable paragraphs in this rule. Treatment shall occur using an approved infectious waste treatment method and in accordance with paragraph (C)(1), (D)(1), (E)(1), (F)(1) or (G)(1) of this rule or in accordance with a director’s approval letter issued in accordance with rule 3745-27-38 of the Administrative Code.

(C) Incineration. The owner or operator of any infectious waste treatment facility utilizing incineration as a treatment technology shall comply with the following:

(1) Methodology. The owner or operator shall use methods, techniques, and practices for the treatment of infectious wastes in accordance with the following:
(a) All incineration shall occur in a multi-chamber incinerator which provides complete combustion of the wastes, excluding metallic, glass, and ceramic items;
(b) A minimum temperature of one thousand two hundred degrees Fahrenheit in the primary chamber and a minimum of one thousand six hundred degrees Fahrenheit with a minimum one second residence time in the secondary chamber shall be maintained;
[Comment: Additional temperature, residence time, and compliance testing requirements may be necessary to achieve appropriate air emission standards in accordance with Chapter 3704 of the Revised Code.]
(c) Each incinerator shall be equipped with a mechanical process(es) to prevent the charging of infectious wastes into the incinerator until the minimum temperatures required in paragraph (C)(1)(b) of this rule are achieved;
(d) Incinerators shall have automatic auxiliary burners that are capable, excluding the heat content of the wastes, of independently maintaining the secondary chamber temperature at the minimum of one thousand six hundred degrees Fahrenheit;
(e) Incinerators shall not be charged beyond either:
   (i) The maximum hourly waste capacity. For the purposes of this rule, the maximum hourly waste capacity is the same as the hourly capacity as stated in the permit to operate issued by Ohio EPA, division of air pollution control; or
   (ii) The design capacity as determined by the manufacturer, if no permit to operate is issued by Ohio EPA, division of air pollution control.
(f) Wastes not combusted to ash, except for metallic, glass, and ceramic items, shall be handled and treated as infectious wastes and may be reincinerated.

(2) Specific operational criteria. The owner or operator shall design, construct, and operate the equipment for the treatment of infectious wastes in accordance with the following:
   (a) Store all ash from the incinerator in a leakproof, closed container. The ash shall be free of liquids before disposal;
   (b) Any ash spilled outside of the treatment unit shall be managed as treated infectious wastes unless the owner or operator has reason to manage such wastes as hazardous waste;
   (c) The owner or operator shall:
      (i) Characterize the ash resulting from the treatment of infectious wastes as either a solid waste or a hazardous waste by:
         (a) Separately testing fly ash and bottom ash for metals, and;
         (b) Obtaining representative samples of bottom and fly ash utilizing the “simple random sampling method” described in the “U.S. EPA Test Methods for Evaluating Solid Waste, third edition (SW846),” chapter nine. The samples shall be collected and tested quarterly, or more frequently as required by Ohio EPA, for the toxicity characteristic leaching procedure (TCLP) for metals utilizing an independent analytical laboratory using the methodology specified in the “hazardous waste rules” as defined in paragraph (A) of 3745-50-10 of the Administrative Code.
         (ii) Manage the ash in accordance with the applicable solid waste or hazardous waste requirements in Chapter 3734 of the Revised Code and the rules adopted thereunder.
   [Comment: Pursuant to paragraph (I) of this rule, the owner or operator of an incinerator must maintain for a three year period the date and permanent recordings of primary and secondary chamber temperatures, documentation of calibration or replacement of the temperature measuring or recording devices, results of Bacillus species spore testing, if so required, and the results of fly and bottom ash testing.]
   (3) Quality assurance. The owner or operator of the infectious waste treatment technology shall use the following quality assurance testing requirements to demonstrate that the treatment unit is capable of attaining the performance standard as specified in this rule for the treatment of infectious wastes:
      (a) Produce and maintain a permanent record of primary and secondary chamber temperatures utilizing continuous temperature recorders. Chamber temperatures shall also be displayed for visual monitoring. In the event of a temperature recorder failure the owner or operator shall:
         (i) Manually record the chamber temperature(s). The chamber temperature(s) shall be manually recorded immediately after each charge of infectious waste and, at a maximum, once every ten minutes thereafter until the burn down cycle is initiated. Manual recording of the temperature(s) shall continue until repair of the recording device. The operator shall demonstrate proof that repair parts have been ordered if requested by Ohio EPA or approved health department; and
         [Comment: Temperature recordings taken after a charge of infectious waste that occurred sooner than ten minutes from the previous charge of infectious waste fulfills the maximum ten minute temperature recording requirement.]
         (ii) Discontinue use of the incinerator, until repaired, for the treatment of infectious wastes if failure has occurred in the temperature measuring device, such as a thermocouple or thermocouple wiring.
(b) Utilize an independent company to calibrate, repair or replace primary and secondary chamber temperature recording devices or temperature measuring devices in accordance with the following:

(i) The manufacturer’s maintenance schedule, specifications, or recommendations; or

(ii) A calibration schedule as determined by the facility, with, at a minimum, annual calibrations, if the manufacturer’s specifications are not available.

(c) Sample, upon written notification by Ohio EPA, stack gas and the resulting bottom ash after the addition of Bacillus species spores to a load of infectious waste. Sampling shall be accomplished in accordance with the protocol provided by Ohio EPA.

(4) Comply with paragraph (l) of this rule.

(D) Autoclaving. The owner or operator of any infectious waste treatment facility utilizing autoclaving as a treatment technology shall comply with the following:

(1) Methodology. The owner or operator shall use methods, techniques, and practices for the treatment of infectious wastes in accordance with the following:

(a) All autoclaves shall operate at a minimum temperature of one hundred twenty-one degrees Centigrade or two hundred fifty degrees Fahrenheit at a minimum of fifteen pounds per square inch gauge pressure for a minimum of sixty minutes during a treatment cycle; or

(b) The owner or operator of an autoclave who uses combinations during the treatment cycle, other than the minimum time, temperature, and pressure requirements, as specified in paragraph (D)(1)(a) of this rule, to treat infectious wastes may do so provided that achievement of the performance standard is demonstrated by validation testing, as outlined in paragraph (D)(4) of this rule, prior to use for the treatment of infectious wastes; and

[Comment: Although autoclaving has been approved for statewide use pursuant to section 3734.021 of the Revised Code, the capability of autoclave units to treat infectious wastes is variable. The variability is due to a number of factors such as: type of wastes treated; the size and density of the waste load; the packaging of the waste; gravity versus vacuum displacement of the air in the chamber; and steam quality. Hence, this rule provides for a process by which autoclaves that are capable of treating infectious wastes at operating parameters below the specified minimum parameters may be approved for use at the lower operating parameters.]

(c) For the purposes of this rule, the treatment cycle is that combination of time, temperature, and pressure needed to achieve the performance standard of a four log (base ten) reduction in Bacillus stearothermophilus spores. The treatment cycle does not include the time needed to bring the chamber up to the operating temperature or pressure nor the time it takes for the autoclave to exhaust and allow opening of the chamber; and

(d) The total treatable volume of infectious wastes used in either the validation or quality assurance testing shall be the total volume of wastes that can be treated per treatment cycle. The total treatable volume of infectious wastes may be calculated by using any one of the following:

(i) The manufacturer’s specification for the total volume of the autoclave; or

(ii) A lesser estimate based upon the manufacturer’s specification of the total volume of the autoclave; or

(iii) An actual calculation of the total treatable volume at each validation or quality assurance test. The total treatable volume shall be calculated by listing the number of bags, boxes, or sharps containers of infectious wastes used during the testing, and adding the volumes of those containers.

[Comment: an example to actually calculate the total treatable volume. The autoclave test load consisted of three bags, four boxes, and six sharps containers. The volume of each container is: bag = 3 cubic feet, box = 2.5 cubic feet, sharps container = 0.21 cubic feet. Therefore, the total treatable volume of wastes in the quality assurance test load and hence, the maximum amount of wastes that can be treated at any one time is]
[(3)(3) + (4)(2.5) + (6)(0.21)] = 20.26 cubic feet.

(e) Autoclaves shall not be loaded beyond the total treatable volume of infectious wastes, as defined in paragraph (D)(1)(d) of this rule; and

(f) Autoclaves shall not treat pathological wastes, including without limitation, human and animal tissues, organs, and body parts, that are contaminated with or are likely to be contaminated with infectious agents, removed or obtained during surgery or autopsy or for diagnostic evaluation and gross anatomical wastes such as human or animal limbs and sections containing bone, and animal carcases, except small sections of tissue that are only several cells wide used for microscopic evaluation, utilizing autoclaving unless the owner or operator:

(i) Submits a protocol to Ohio EPA for approval prior to validation testing to demonstrate that the autoclave unit can effectively achieve the performance standard of a minimum four \(10\log\) (base ten) reduction of a challenge population of Bacillus stearothermophilus spores;

(ii) Demonstrates, through the use of a protocol acceptable to Ohio EPA, that the autoclave unit can effectively achieve the performance standard of a minimum four \(\log\) (base ten) reduction of a challenge population of Bacillus stearothermophilus spores within such wastes; and

(iii) Receives approval from Ohio EPA to operate the unit to treat pathological wastes.

(2) Specific operational criteria. The owner or operator shall design, construct, and operate the equipment for the treatment of infectious wastes in accordance with the following:

(a) Produce and maintain a permanent record of the chamber temperature utilizing a temperature recording device permanently connected to the unit. The device shall permanently record a data point at a maximum of every two minutes. The temperature shall be displayed for visual monitoring. In the event of a temperature recording device failure, the owner or operator shall:

(i) Manually record the chamber temperature, at a maximum, once every ten minutes until the exhaust cycle is initiated. The temperature shall be manually recorded for no longer than the time necessary to repair the mechanical failure. The operator shall demonstrate proof that repair parts have been ordered if requested by Ohio EPA or approved health department; and

(ii) Discontinue use of the autoclave for the treatment of infectious wastes if failure or malfunction occurs in the temperature measuring device, such as a thermocouple or thermocouple wiring.

(b) Demonstrate the achievement of the performance standard by the treatment unit for the treatment of infectious wastes. The owner or operator shall perform this by checking the daily operation of the pressure and temperature monitoring devices in the following manner:

(i) Record into the daily log, as required in paragraph (I) of this rule, the actual gauge readings of temperature and pressure and not the manual settings of the treatment unit, during the treatment cycle of a load of infectious wastes; and

(ii) Use the gauge pressure versus temperature of saturated steam table in the appendix to this rule to confirm that the temperature or pressure readings obtained from the gauges are within either +2 degrees or +2 pounds per square inch (psi) from either the temperature or pressure readings in the referenced table. If the temperature or pressure monitoring devices are not within +2 degrees or +2 pounds per square inch (psi) in accordance with the gauge pressure versus temperature of saturated steam table located in the appendix to this rule, then the owner or operator shall select one of the following options. The owner or operator may continue use of the autoclave until such time that the autoclave is repaired or calibrated in accordance with paragraph (D)(2)(c) of this rule:

(a) Discontinue use of the autoclave for the treatment of infectious wastes; or

(b) Perform weekly (every seventh day that the autoclave is used for treatment) quality assurance testing in accordance with paragraph (D)(3) of this rule. If the weekly quality assurance testing fails, discontinue use of the autoclave for the treatment of infectious wastes.
until the autoclave is able to operate in accordance with the gauge pressure versus temperature of saturated steam table located in the appendix to this rule. Infectious wastes placed within the unit during and after the failed spore testing shall not be considered treated and shall be handled as infectious wastes.

[Comment: Any autoclave that does not operate within the gauge pressure versus temperature of saturated steam table parameters located in the appendix to this rule and fails the weekly quality assurance testing is to be calibrated. See paragraph (D)(2)(b) of this rule.]

(c) Utilize an independent company to calibrate or repair the autoclave chamber pressure gauge, temperature recording device, or temperature measuring device in accordance with the following:

(i) The manufacturer's maintenance schedule, specifications, or recommendations; or
(ii) A calibration schedule as determined by the facility, with, at a minimum, annually, if the manufacturer's specifications are not available.

[Comment: A direct relationship exists between the pressure and temperature of saturated steam. If either the temperature recording or pressure device begins to give false readings, then the autoclave owner or operator will be able to note this since the published known values will no longer match the observed values. However, the owner or operator will not know if the pressure or temperature value is incorrect and may have to have both instruments evaluated by an independent company.]

(3) Quality assurance. The owner or operator shall perform quality assurance testing to demonstrate the capability of the autoclave to achieve the performance standard of a minimum four \(10^{\log_{10}}\) reduction of Bacillus stearothermophilus spores. The quality assurance testing for autoclaves shall be performed monthly, in accordance with the following provisions:

(a) Perform monthly quality assurance testing every calendar month in which the autoclave is used for the treatment of infectious wastes to ensure the capability of the autoclave to achieve the performance standard of a minimum four \(10^{\log_{10}}\) reduction of Bacillus stearothermophilus spores;

(b) Use a challenge population of spores as either spore strips with a population of at least \(1.0 \times 10^4\) Bacillus stearothermophilus spores, ampules containing at least \(1.0 \times 10^4\) Bacillus stearothermophilus spores per milliliter or a commercially available steam pack which contains a population of at least \(1.0 \times 10^4\) Bacillus stearothermophilus spores. The owner or operator shall ensure that the Bacillus stearothermophilus spore testing methodology does not result in the denaturation of the proteins within the inoculating media;

[Comment: For quality assurance testing, Ohio EPA has set the performance standard for the treatment of infectious wastes by autoclaving to be a four \(10^{\log_{10}}\) reduction of Bacillus stearothermophilus spores. The quality assurance is designed to be a qualitative (growth or no growth) system. If the owner or operator uses strips or ampules with a greater spore population, then the treatment unit must still achieve a complete kill of all spores.]

(c) Compose the waste load of containers of both infectious wastes and non-infectious wastes. The majority of the waste load may consist of infectious wastes. However, at least three test containers shall consist of material such as newspaper, plastic backed absorbent pads, or general refuse placed into either boxes, bags, or sharps containers representative of normal or anticipated use for that autoclave unit. A spore strip or ampule shall be placed in the center of each test container. In the event that the autoclave will not hold three containers of wastes, then each test container shall contain a spore strip or ampule. Alternatively, commercially available steam packs may be placed into the three representative containers instead of the newspaper, plastic backed absorbent pads, or general refuse;

(d) Treat the waste load containing the challenge population of spores in the same manner as the daily operation of the autoclave for the treatment of infectious wastes. This would include the same temperature, pressure, time, and total treatable volume. The quality assurance testing shall be performed at the same combinations of temperature, pressure, and time, as the
validation testing;
(e) Record the following information during the monthly quality assurance testing:
   (i) The date;
   (ii) The time the treatment cycle started, as specified in paragraph (D)(1) of this rule;
   (iii) The time the treatment cycle ended, as specified in paragraph (D)(1) of this rule;
   (iv) The chart or graph of the chamber temperature produced by the permanently connected temperature recording device;
   (v) The name of the person who loaded the autoclave and the name of the person performing laboratory analysis of the challenge population of spores;
   (vi) A diagram depicting the pattern of infectious waste loading and location of the challenge population of spores during the testing except those units which have rotating treatment chambers are not required to diagram the pattern of waste loading;
   (vii) The total treatable volume of infectious wastes used during the quality assurance testing as defined in paragraph (D)(1) of this rule;
   (viii) The autoclave chamber pressure, as displayed by the permanently connected gauge, during the treatment cycle as specified in paragraph (D)(1) of this rule;
   (ix) The incubation temperature and time (in days) of the challenge population of spores, in accordance with the manufacturer's recommendation for optimal growth; and
   (x) The results of spore growth during incubation for a period of seven days or for the maximum period of time as specified by the manufacturer of the spore test. The results of spore growth shall be recorded as indicated by the development of turbidity in the growth media. The development of turbidity in the growth media is indicative of growth of the challenge population of spores present unless other morphological or metabolic testing indicates that the growth is due to a contaminating microorganism.
(f) Remove and incubate the challenge population of spores used in the quality assurance testing for either seven days or for the maximum period of time as specified by the manufacturer of the spore test. If any of the challenge population of spores used to perform the testing are positive for growth at any time during the incubation period, the unit has failed to achieve the performance standard required for treatment. Infectious wastes placed within the unit during and after the spore testing shall not be considered treated and shall be handled as infectious wastes. The autoclave unit shall not be used for further treatment of infectious wastes until the problem has been determined and rectified and another successful quality assurance test performed. The rectification may require the operator to increase the minimum temperature or pressure requirements or cycle time; and
(g) Perform the quality assurance testing, upon request by, and in the presence of, Ohio EPA or approved health department to verify that the written operating procedures as located in the facility management plan are sufficient to meet the performance standard of a four 10log (base ten) reduction in Bacillus stearothermophilus spores. If so directed, the owner or operator shall use twice as many spore tests in the same location in the autoclave and permit Ohio EPA or approved health department to remove and separately incubate one-half of the spore tests.
[Comment: autoclave owners or operators treating infectious wastes in accordance with the specifications in this rule must maintain, for a three year period, the dated permanent recordings of autoclave chamber temperatures, documentation of the calibrations of the temperature measuring devices performed by an independent company, documentation of the monthly checks on the measuring device, and the results of the monthly quality assurance testing using a challenge population of spores.]
(4) Validation testing. The owner or operator shall perform validation testing to demonstrate the capability of the autoclave to achieve the performance standard of a minimum four 10log (base ten) reduction of Bacillus stearothermophilus spores. The validation testing for autoclaves shall be performed in accordance with the following provisions:
[Comment: Validation testing is performed prior to use for treatment by an operator who
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

Infectious Waste

wishes to use an alternative combination to the time, temperature, and pressure requirements specified in paragraph (D)(1)(a) of this rule. Validation testing is a check to ensure that the alternate combination will result in the achievement of the performance standard for treatment. Quality assurance testing is an on-going monitor, performed monthly, of the autoclave’s continuing ability to attain the performance standard for treatment.]

(a) Perform validation testing to ensure that the autoclave, using combinations of temperature, pressure, and time other than the minimums specified in paragraph (D)(1)(a) of this rule, is capable of achieving the performance standard of a minimum four 10log (base ten) reduction of Bacillus stearothermophilus spores;

(b) Use a challenge population of spores as either spore strips with a population of at least 1.0 x 10^4 Bacillus stearothermophilus spores, ampules containing at least 1.0 x 10^4 Bacillus stearothermophilus spores per milliliter or a commercially available steam pack which contains a population of at least 1.0 x 10^4 Bacillus stearothermophilus spores. The owner or operator shall ensure that the Bacillus stearothermophilus spore testing methodology does not result in the denaturation of the proteins within the inoculating media;

[Comment: For validation testing, Ohio EPA has set the performance standard for the treatment of infectious wastes by autoclaving to be a four 10log (base ten) reduction of Bacillus stearothermophilus spores. The validation testing is designed to be a qualitative (growth or no growth) system. If the owner or operator uses strips or ampules with a greater spore population, then the treatment unit must still achieve a complete kill of all spores.]

(c) Compose the validation testing waste load of containers of non-infectious wastes. The waste load for testing shall consist of materials other than infectious wastes, such as newspaper, plastic backed absorbent pads, or general refuse placed into boxes, bags, or sharps containers which are representative of the normal or anticipated use for that autoclave unit. A challenge population of spores shall be placed in the center of each test container;

(d) Treat the waste load containing the challenge population of spores in the same manner as the autoclave will be used during daily operations for the treatment of infectious wastes. This would include the same temperature, pressure, time, and total treatable volume;

(e) Record the following information during the validation testing:

(i) A written statement indicating the autoclave pressure, temperature, and treatment cycle time that the facility owner or operator is attempting to validate for the treatment of infectious wastes;

(ii) The date;

(iii) The time the treatment cycle started, as specified in paragraph (D)(1) of this rule;

(iv) The time the treatment cycle ended, as specified in paragraph (D)(1) of this rule;

(v) The chart or graph of the chamber temperature produced by the permanently connected temperature recording device;

(vi) The name of the person who loaded the autoclave and the name of the person performing laboratory analysis of the challenge population of spores;

(vii) A diagram depicting the pattern of infectious waste loading and location of the challenge population of spores during the validation testing. Those units which have rotating treatment chambers are not required to diagram the pattern of waste loading;

(viii) The total treatable volume of infectious wastes used during the validation testing as defined in paragraph (D)(1) of this rule. Once a total treatable volume of infectious wastes that an autoclave has been validated to treat has been established, infectious waste loads of lesser than the established total treatable volume may be treated without further validation;

(ix) The autoclave chamber pressure, as recorded by the permanently connected gauge, during the treatment cycle as specified in paragraph (D)(1) of this rule;

(x) The challenge population of spores shall be incubated in accordance with the manufacturer’s recommendation for optimal growth; and

(xi) The results of spore growth during incubation shall be recorded daily, for a period of
seven days or for the maximum period of time as specified by the manufacturer of the spore test. The results of spore growth shall be recorded as indicated by the development of turbidity in the growth media. The development of turbidity in the growth media is indicative of growth of the challenge population of spores unless other morphological or metabolic testing indicates that the growth is due to a contaminating microorganism.

(f) Remove and incubate the challenge population of spores used in the validation testing for either seven days or for the maximum period of time as specified by the manufacturer of the spore test. If any of the challenge population of spores used to perform the testing are positive for growth at any time during the incubation period, the unit has failed to achieve the performance standard required for treatment of infectious wastes. In order to utilize the autoclave for the treatment of infectious wastes using combinations of temperature, pressure and time other than the minimums specified in paragraph (D)(1) of this rule, the operator shall either:

(i) Change the treatment cycle temperature, pressure, or time requirements and again perform the validation testing until the performance standard is achieved. Rectification may require the operator to increase the minimum treatment cycle temperature, pressure or time requirements; or

(ii) Operate the autoclave at the minimum operation parameters of one hundred twenty-one degrees Centigrade or two hundred fifty degrees Fahrenheit, fifteen pounds per square inch gauge pressure for sixty minutes.

(g) Perform validation testing, upon request by, and in the presence of, Ohio EPA or approved health department to verify that the written operating procedures as located in the facility management plan are sufficient to meet the performance standard of a four 10log (base ten) reduction in Bacillus stearothermophilus spores. If so directed, the owner or operator shall use twice as many spore tests in the same location in the autoclave and permit Ohio EPA or approved health department to remove and separately incubate one-half of the spore tests.

[Comment: Autoclave owners or operators treating infectious wastes in accordance with the specifications in this rule must maintain, for a three year period, the dated permanent recordings of autoclave chamber temperatures, documentation of the calibrations of the temperature measuring devices performed by an independent company, documentation of the monthly checks on the measuring device, and the results of the validation testing using a challenge population of spores.]

(5) Comply with paragraph (I) of this rule.

(E) Chemical treatment with sodium hypochlorite solution for cultures. The owner or operator of any infectious waste treatment facility utilizing chemical treatment with sodium hypochlorite solution for cultures shall comply with the following:

[Comment: The use of chemical treatment with sodium hypochlorite solution for cultures is intended for those cultures either with surface colonies or in suspension as the chemical must come in direct contact with the cultures to effectively treat the microorganisms.]

(1) Methodology. The owner or operator shall use methods, techniques, and practices for the treatment of infectious wastes in accordance with the following:

(a) The approved chemical treatment solution shall contain, volume per volume, fifteen per cent sodium hypochlorite (household grade bleach);

[Comment: The specific solutions stated in the rule are percent solutions of household bleach not per cent solutions of the active ingredient, sodium hypochlorite. The hypochlorite concentration of household bleaches ranges from 3.00 to 5.25 per cent. The resulting hypochlorite concentration of the treatment solution ranges from 0.45 to 0.79 per cent (or four thousand five hundred to seven thousand eight hundred seventy-five parts per million). To make one gallon of treatment solution, mix 2.4 cups of household bleach and 3.4 quarts (13.6 cups) of water.]

(b) All cultures shall be submerged for a minimum of twenty minutes, in the chemical
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

Infectious Waste

Treatment solution specified in this rule;
(c) Cultures of infectious agents that are recommended by the centers for disease control to be handled in accordance with biosafety level 3 or 4 practices shall not be treated by a non-mechanical chemical treatment method;
(d) Mix the treatment solution immediately prior to use and discard after use; and
(e) Decant or absorb excess treatment solution from the cultures before disposal.
(2) Comply with paragraph (I) of this rule.
(F) Applied heat encapsulation for sharps. The owner or operator of any infectious waste treatment facility utilizing applied heat encapsulation for sharps shall comply with the following:
(1) Methodology. The owner or operator shall use methods, techniques, and practices for the treatment of infectious wastes in accordance with the following:
(a) Process only waste loads of sharps that consist of at least seventy per cent by weight of plastic material;
(b) Process only waste loads of sharps in a heating chamber within the treatment unit for a minimum treatment time of thirty minutes at a minimum temperature of three hundred thirty degrees Fahrenheit;
(c) Process sharps that are not totally encapsulated within a solid plastic mass as sharp infectious wastes;
(d) Treat only sharps as defined in rule 3745-27-01 of the Administrative Code and as specified in division (A)(1)(a) of section 3734.021 of the Revised Code. No other infectious wastes shall be treated using this treatment technology; and
(e) Treat only sharps that contain no more than “residual liquid”. “Residual liquid”, for the purposes of this rule, is defined as that liquid which remains in the waste item after being emptied or in the case of a syringe after the plunger has been fully depressed.
(2) Specific operational criteria. The owner or operator shall design, construct, and operate the equipment for the treatment of infectious wastes in accordance with the following:
(a) Maintain the following documentation for a period of three years for each treatment unit:
(i) A quality assurance log as specified in this rule;
(ii) A daily operating log which permanently maintains a record of the following:
(a) The date of each treatment cycle;
(b) The time of day each treatment cycle was started and ended; and
(c) The name of the person operating the treatment unit for each treatment cycle.
(b) If the treatment of sharps is interrupted as a result of a malfunction of the treatment unit due to such occurrences as jamming, overloading, electrical, or mechanical reasons, all sharps contained within the unit shall be managed as infectious wastes. Infectious wastes may be maintained within the unit until the problem is corrected unless the wastes become putrescent or become a food source or breeding place for insects or rodents; and
(c) Treat only sharps that are not contaminated with chemicals that volatilize or are contaminated with antineoplastic agents.
(3) Quality assurance. The owner or operator shall perform quality assurance testing to demonstrate the capability of the applied heat encapsulation system to achieve the performance standard of a minimum four 10log (base ten) reduction of Bacillus subtilis spores. The owner or operator of the applied heat encapsulation system shall perform quality assurance testing in accordance with the following provisions:
(a) Perform quality assurance testing semi-annually or after every fifty cycles whichever comes first to ensure that the applied heat encapsulation system is capable of achieving the performance standard of a minimum four 10log (base ten) reduction of Bacillus subtilis spores;
(b) Prepare a challenge population of spores using a spore strip, still within the glassine envelope, containing at least a minimum population of 1.0 x 104 Bacillus subtilis spores by:
(i) Wrapping the spore strip in aluminum foil and placing it at the bottom of the heating
chapter, prior to adding sharps and initiation of the treatment cycle, so that the folded seams are placed on the outside of the resulting solid mass; or

(ii) Placing the aluminum foil wrapped spore strip directly into the heating chamber without the addition of any waste, for technologies that utilize a system where the foil wrapped strip would become part of the encapsulated material.

[Comment: For quality assurance testing, Ohio EPA has set the performance standard for the treatment of infectious wastes to be a four 10log (base ten) reduction of Bacillus subtilis spores. The quality assurance is designed to be a qualitative (growth or no growth) system. If the treatment unit owner or operator uses strips with a greater spore population, then the treatment unit must still achieve a complete kill of all spores.]

(c) Compose the waste load of sharp infectious wastes;

(d) Treat the sharp waste load containing the challenge population of spores in the same manner as the daily operation of the applied heat encapsulation system for the treatment of sharps as specified in paragraph (F) of this rule;

(e) Aseptically remove the spore strip from the wrapped foil and glassine envelope, upon completion of the treatment cycle;

(f) Incubate the challenge population of spores used in the quality assurance testing for either seven days or for the maximum period of time as specified by the manufacturer of the spore strip. If any of the challenge population of spores used to perform the testing are positive for growth at any time during the incubation period, the unit has failed to achieve the performance standard required for treatment. Infectious wastes placed within the unit during and after the spore testing shall not be considered treated and shall be handled as infectious wastes. The applied heat encapsulation system shall not be used for further treatment of infectious wastes until the problem has been determined and rectified and another successful quality assurance test performed;

(g) Maintain a quality assurance log that provides a written record of the results of the quality assurance testing performed. Record the following information during the quality assurance testing:

(i) The date;

(ii) The time the treatment cycle started, as specified in paragraph (F) of this rule;

(iii) The time the treatment cycle ended, as specified in paragraph (F) of this rule;

(iv) The heating chamber temperature;

(v) The name of the person who loaded the heating chamber and the name of the person performing laboratory analysis of the challenge population of spores;

(vi) The challenge population of spores shall be incubated in accordance with the manufacturer's recommendation for optimal growth; and

(vii) The results of spore growth during incubation for a period of seven days or for the maximum period of time as specified by the manufacturer of the spore test. The results of spore growth shall be recorded as indicated by the development of turbidity in the growth media. The development of turbidity in the growth media is indicative of growth of the challenge population of spores present unless other morphological or metabolic testing indicates that the growth is due to a contaminating microorganism.

(h) Perform the quality assurance testing, upon request by, and in the presence of, Ohio EPA or approved health department to verify that the written operating procedures as located in the facility management plan are sufficient to meet the performance standard of a four 10log (base ten) reduction in Bacillus subtilis spores. If so directed, the owner or operator shall use twice as many spore strips in the same location in the heating chamber and permit Ohio EPA or approved health department to remove and separately incubate one-half of the spore strips.

(4) Comply with paragraph (I) of this rule.

(G) Chemical treatment with peracetic acid and grinding. The owner or operator of any infectious waste treatment facility utilizing chemical treatment with peracetic acid and grinding
Infectious Waste

shall comply with the following:

(1) Methodology. The owner or operator shall use methods, techniques, and practices for the treatment of infectious wastes in accordance with the following:
   (a) Process each waste load using the appropriate concentration of peracetic acid, as specified in paragraph (G)(1)(f) of this rule;
   (b) Operate all treatment units at a minimum of ten minutes per treatment cycle using the following parameters: the grinding cycle shall operate for a minimum of three minutes at the beginning of the treatment cycle. The chemical soak portion of the treatment cycle shall operate for a minimum of seven minutes;
   (c) Mark the canister to indicate the volume of blood present. The person(s) filling the canister with infectious wastes shall mark the canister to indicate that the canister contains less than one hundred milliliters of blood or that the canister contains at least one hundred milliliters but less than one thousand milliliters of blood. The generator shall also separately indicate the approximate volume of blood contained within the canister on the daily operating log as prescribed by Ohio EPA;
   (d) Not process waste loads containing volumes of blood greater than one thousand milliliters or one liter;
   (e) Not process wastes contaminated with non-incidental quantities of chemicals, body parts containing bone, organs, whole carcasses, quantities of gauze or rubber or latex that may become entangled around the rotors or blades, or heavy metal items;
   (f) Use a minimum of 17.1 milliliters of thirty-five per cent peracetic acid when the infectious waste load contains less than or equal to one hundred milliliters of blood. Use a minimum of 79.8 milliliters of thirty-five per cent peracetic acid when the infectious waste load contains greater than one hundred milliliters but less than or equal to one thousand milliliters (one liter) of blood;
   (g) Examine the specifically designed indicator disk upon completion of the treatment cycle and before the waste is dewatered and bagged. The entire indicator on the disk shall have a visible color change as an indication that peracetic acid was used during the process; and
   (h) If there is not a complete color change, then the wastes are not considered treated and shall be treated again with either a new charge of the appropriate concentration of peracetic acid and a new indicator disk or using another approved treatment method in accordance with this rule.

(2) Specific operational criteria. The owner or operator shall design, construct, and operate the equipment for the treatment of infectious wastes in accordance with the following:
   (a) Use rotating blades contained within the specialized canister to grind the infectious wastes;
   (b) Operate all treatment units using a specially designed canister that sets down inside the machine cabinetry and contains internal grinding blades;
   (c) Record the peracetic acid dosage used for each treatment cycle in a daily operating log. The unit operator shall complete the operating log as prescribed by Ohio EPA;
   (d) Keep the cap on the canister when the canister is in use as an infectious waste receptacle. The cap shall not be removed prior to arrival at the treatment area. The collection cap is to be removed before treatment;
   (e) Disinfect the canister cap after each use using any one of the following disinfectants:
      (i) An U.S. EPA registered hospital disinfectant that is also tuberculocidal, for a contact time as specified by the manufacturer; or
      (ii) A unexpired dated stabilized bleach product that is an U.S. EPA registered hospital disinfectant that is also tuberculocidal, for a contact time as specified by the manufacturer; or
      (iii) A minimum ten per cent sodium hypochlorite solution prepared immediately prior to use with a minimum of thirty minutes of contact time.
   (f) If treatment occurs outside the parameters as outlined in this rule, as a result of a
malfunction of the unit due to such occurrences as jamming, overloading, electrical, or mechanical reasons, all wastes contained within the unit shall be managed as infectious wastes. Infectious wastes may be temporarily maintained within the unit unless the wastes becomes putrescent or becomes a food source or breeding ground for insects or rodents.

(3) Quality assurance. The owner or operator shall perform quality assurance testing to demonstrate the capability of the chemical treatment with peracetic acid and grinding unit to achieve the performance standard of a minimum four log10 reduction of Bacillus subtilis spores. The quality assurance testing for the chemical treatment with peracetic acid and grinding unit for the treatment of infectious wastes is specified as follows:

(a) Produce and maintain for a period of three years a permanent record of the daily operational and maintenance activities for the infectious waste treatment technology in the facility management plan as follows:

(i) Utilize a daily operating log form, as prescribed by Ohio EPA for each unit for each day that infectious wastes are treated in the unit. All daily operating logs for a treatment unit shall be grouped together and arranged by date within the grouping; and

(ii) Conduct preventative maintenance checks and services as stated in the operating manual.

(b) Repair the treatment unit in the event of a malfunction of the chemical treatment using peracetic acid and grinding. The unit shall not be used for the treatment of infectious wastes until repaired; and

(c) Perform quality assurance testing, upon request of Ohio EPA, for each unit. This testing shall demonstrate the unit's capability to achieve a minimum four 10 log (base ten) reduction of Bacillus subtilis spores.

(4) Comply with paragraph (I) of this rule; and

(5) Comply with requirements as specified in the director’s approval letter issued in accordance with rule 3745-27-38 of the Administrative Code.

(H) Mobile treatment methods (reserved).

(I) General facility requirements. All owners and operators of a infectious waste treatment facility shall comply with the following:

(1) Retain all records for three years. Retention periods are extended during the course of any unresolved litigation, or when requested by Ohio EPA. The three-year period for records retention shall start from the date of recording, sample, or measurement and is applicable to all records included in the facility management plan;

(2) Develop and maintain in one area on the premises of the infectious waste treatment unit a facility management plan, excluding generators who utilize chemical treatment of cultures or applied heat encapsulation for sharps, in accordance with this rule:

[Comment: The facility management plan may be composed of several volumes, binders, or computer disks.]

(a) The facility management plan shall contain copies of the following information and documentation:

(i) Applicable environmental regulations regarding infectious wastes, solid wastes, surface water, and air pollution control;

(ii) Applicable infectious wastes, solid wastes, surface water, and air authorizing documents (such as licenses, registrations, or permits) for the treatment facility;

(iii) Manufacturer's equipment specifications, owner's manual for the treatment unit, and maintenance schedule;

(iv) Monitor and recording device calibration or replacement schedule;

(v) Maintenance and repair log for each treatment unit;

(vi) Facility contingency plan;

(vii) Results of quality assurance and applicable validation testing requirements;

(viii) Procedures for treatment unit start-up, loading, operating, shut down, and
equipment malfunction;
   (ix) Emergency telephone numbers including, at a minimum: the facility emergency coordinator, the fire department, any existing local emergency management office, the local health department, the police department, and Ohio EPA district office;
   (x) The permanently recorded daily logs as specified in paragraph (I)(3) of this rule. A daily log shall be maintained for each treatment unit for a period of three years;
   (xi) All strip charts, graphs, or manually produced temperature records. Each chart, graph, or record shall be dated and maintained for a period of three years;
   (xii) Disposal shipping papers for the infectious wastes treated; and
   (xiii) A training certification statement, as required in paragraph (I)(3) of this rule, shall be maintained for each employee who operates the infectious waste treatment unit or loads infectious wastes into the infectious wastes treatment unit. Each training certification statement shall be maintained for the duration of such employment.

[Comment: The training certificate statement is not required to be maintained for an employee who no longer works for the organization or whose job responsibilities no longer include and will not include operating or loading the infectious waste treatment unit.]

(b) All of the current calendar year’s information is to be located in this same area such as an office or work area. The two previous calendar year’s information may be maintained in other accessible areas or multiple rooms depending on the amount of available space at the facility. A notation shall be made in the current year’s facility management plan regarding the location of any past calendar year’s information; and

(c) Documents and information contained in paragraph (I)(2)(a) of this rule of the facility management plan shall be accessible to employees during working hours.

[Comment: Nothing in this rule prohibits the facility management plan or parts thereof from being copied and located in other areas of the facility for the purpose of easy access for employees. However, there shall be only one official facility management plan that shall be located in one general area and accessible during working hours.]

(3) Provide training on the contents of the facility management plan for each employee who will operate the infectious waste treatment unit or load the infectious waste treatment unit before the employee is responsible for operating or loading the infectious waste treatment unit. A written certification statement attesting that the employee received the specified training shall be signed and dated by each employee and the owner or operator of the facility;

(4) Use a daily log of operation to record charging of the infectious waste treatment unit. A printout produced by the treatment unit may substitute for the daily log provided all the information required is present on the printout. Unless already required to keep a charging log in accordance with rule 3745-75-04 of the Administrative Code, permanently record in a daily log of operation the following, as applicable:

   (a) The date;
   (b) The time the first load or batch of infectious wastes was charged into each treatment unit;
   (c) The time the last load or batch of infectious wastes were charged into each treatment unit for the day;
   (d) Name(s) of the person(s) operating each infectious waste treatment unit and the time of day the operator started the unit;
   (e) The time the treatment unit was unloaded;
   (f) Whether the load was for validation, quality assurance or usual treatment; and
   (g) The actual daily autoclave pressure and temperature reading.

[Comment: A printout containing partial information may be used when attached to a daily log containing the remaining required information.]

(5) Provide, in the immediate area of the infectious waste treatment unit and readily available to the personnel operating the treatment unit, the operating and loading procedures for

Infectious Waste
Infectious Waste

Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

the treatment unit;

(6) If the treatment of infectious wastes occurs outside the treatment parameters established in each methodology paragraph of this rule specific to the type of treatment technology in use and as a result of a malfunction of the unit due to such occurrences as jamming, overloading, electrical, or mechanical reasons, then all wastes contained within the unit shall be managed as infectious wastes. The infectious wastes may be maintained within the treatment unit until the problem is corrected unless the wastes become putrescent or become a food source or breeding place for insects or rodents;

(7) Conduct all construction and operations at the facility in strict compliance with the applicable authorizing document(s), including permit(s) to install issued under Chapter 3745-27 of the Administrative Code, plan approval(s), and alteration(s) concurred with in writing by Ohio EPA; the license issued under Chapter 3745-37 of the Administrative Code; court orders; and findings and orders issued by the director;

(8) Construct and maintain all-weather access roads in such a manner as will withstand the anticipated degree of use and allow passage of vehicles with minimum erosion and dust generation;

(9) Construct and maintain non-absorbent floors in all infectious waste handling areas. Such areas shall not be overlaid with an absorbent covering;

[Comment: Nothing in this paragraph prohibits the overlaying of the concrete or asphalt floors with a cleanable non-absorbent covering.]

(10) Conduct loading operations into any treatment unit in such a manner as not to compact or puncture the containers of infectious wastes;

(11) Do not charge infectious wastes into the treatment unit during periods of precipitation unless the wastes to be loaded and the waste loading operations are protected from the elements of weather;

(12) Discharge into a disposal system in accordance with Chapter 6111 of the Revised Code or absorb and handle as infectious wastes, any wastewater resulting from a spill of infectious wastes or the cleanup of a spill of infectious wastes from all infectious waste handling areas. Such wastewater shall not be disposed into a storm sewer;

(13) Construct and maintain proper slopes and drainage to prevent the ponding of liquids in infectious waste handling areas;

[Comment: Methods of drainage are not limited to systems consisting of underground pipes.]

(14) Restrict infectious waste handling areas to authorized personnel, utilizing signs or a locking mechanism;

(15) Shall not treat wastes for which such treatment or disposal is prohibited by the Ohio department of health or the U.S. nuclear regulatory commission;

(16) Shall not accept wastes for which such storage, treatment or disposal is prohibited in the “hazardous wastes rules” as defined in paragraph (A) of rule 3745-50-10 of the Administrative Code;

[Comment: The “hazardous wastes rules” as defined in paragraph (A) of rule 3745-50-10 of the Administrative Code contain the regulations for the proper handling of hazardous wastes. For technical information regarding the designation, handling, treatment, and disposal of hazardous waste, please contact the division of hazardous waste management at the appropriate Ohio EPA district office.]

(17) The owner or operator of a licensed infectious waste treatment facility shall submit an annual report to Ohio EPA central office and the approved health district no later than February first of each year. The annual report shall consist, at a minimum, of the following:

(a) The name, address, telephone number, and contact person for the facility;
(b) Hours of operation for the facility;
(c) Monthly total of infectious wastes treated at the facility for each state or country of
origin; and
(d) Any quality assurance results that do not demonstrate achievement of the performance standard.

(18) Infectious wastes that have been treated in accordance with the provisions of this rule shall be handled in the same manner as solid wastes. Such treated infectious wastes shall be disposed in a licensed solid waste disposal facility, or a facility in another state operating in compliance with state and federal regulations. Shipments of treated infectious wastes shall be accompanied by disposal papers as required by rule 3745-27-33 of the Administrative Code; [Comment: Small generators of infectious wastes who treat the infectious wastes that they generate are not required to comply with the disposal shipping paper requirements of rule 3745-27-33 of the Administrative Code.]

(19) All “sharps” shall be managed in a manner to eliminate the potential of those wastes to cause lacerations or puncture wounds during handling and disposal;
(20) Perform quality assurance testing to demonstrate the ability of the treatment unit to achieve the performance standard if the unit has not been used for the treatment of infectious wastes for more than one year;
(21) Any large generator who treats infectious wastes on-site and any infectious waste treatment facility licensed to treat infectious wastes, who intends to discontinue treating infectious wastes at any facility or premise, shall comply with rules 3745-27-36 and 3745-27-39 of the Administrative Code;
(22) Apply for and obtain an operating license from the board of health of the health district where the facility will be located, or from the director if the director has assumed the licensing function, unless the facility currently holds an operating license; and
(23) The following infectious waste treatment facilities are exempt from the permitting and licensing requirements stated in division (C) of section 3734.02 and division (B) of section 3734.05 of the Revised Code:
   (a) An infectious waste treatment facility that is owned or operated by the generator of the wastes and exclusively treats wastes that are produced by that generator at any premises owned or operated by that generator, by methods established under this rule; and
   (b) Hospitals as defined in section 3727.01 of the Revised Code, that accept for treatment infectious wastes generated by any of the following:
      (i) Generators who produce fewer than fifty pounds of infectious wastes during any one month and who are not listed on a registration certificate as a generator of infectious wastes and who have staff privileges at that hospital; or
      (ii) An emergency medical service organization, as defined in section 4765.01 of the Revised Code, regardless of whether the wastes were generated in providing care to the patient at the scene of an emergency or during the transportation of the patient to the hospital; or
      (iii) An individual for purposes of his own care or treatment.

3745-27-33 Disposal paper system.

(A) The disposal paper shall accompany treated infectious wastes from the treatment facility to the disposal facility. The disposal paper shall:
   (1) Be produced from a form prescribed by or approved by Ohio EPA;
   (2) Be legible and complete;
   (3) Be kept on file for a minimum of three years;
   (4) Be prepared by:
      (a) The infectious waste treatment facility responsible for treating the wastes when a shipment of treated wastes is transported to a solid waste disposal facility; and
      (b) The generator if the infectious waste treatment facility is owned or operated by the generator.
(5) Be signed, dated, and given to the transporter by the infectious waste treatment facility before the wastes are removed from the premises;

(6) Contain the following information:
   (a) The name of the owner or operator of the facility where the wastes were treated and the address of the treatment facility;
   (b) A certification by the owner or operator of the treatment facility where the wastes were treated indicating that the wastes have been treated by the methods, techniques, and practices prescribed by paragraph (A) of rule 3745-27-32 of the Administrative Code.

(7) Not apply to generators who do not hold a registration certificate as a generator of fifty pounds or more of infectious waste in any one month;

(8) Not be kept by a transfer facility but shall continue to accompany the treated infectious wastes to the solid waste disposal facility.

(B) Records retention periods shall be extended during the course of any unresolved litigation, or when so requested by Ohio EPA. The three-year period for retention of records shall start from the date of sample, measurement, or report.

3745-27-35 Standards for handling infectious wastes.

(A) For the purposes of this rule, a storage area means an area used to collect containers that are sealed, or bags that are sealed or otherwise closed, and tied, or closed sharps containers prior to treatment. Generators and treatment facilities, as defined under Chapter 3734 of the Revised Code, shall adhere to the following handling requirements for all in-use and stored containers of infectious waste:
   (1) Handle infectious waste containers in a manner and location that maintains the integrity of the container;
   (2) Lock outside storage areas containing infectious wastes containers to prevent unauthorized access;
   (3) Designate infectious waste storage areas. Those storage areas that are not locked, shall be visibly labeled with a sign stating "warning: infectious waste" or displaying the international biohazard symbol at all points of access.

(B) Generators and treatment facilities, as defined under Chapter 3734 of the Revised Code, shall adhere to the following regulations for the management of the infectious wastes within containers:
   (1) Maintain infectious wastes in a nonputrescent state, using refrigeration or freezing when necessary; and
   (2) If infectious waste becomes putrescent, then the waste must be immediately refrigerated or frozen and shall be treated and disposed of as soon as possible regardless of any storage time frame;
   (3) Maintain infectious wastes in a manner that affords protection from animals and does not provide a breeding place or a food source for insects or rodents.

(C) Infectious waste treatment facilities shall adhere to the following storage regulations:
   (1) No infectious waste may be stored more than fourteen days at any facility;
   (2) No more than seven times the treatment facility's total maximum daily throughput capacity of all incinerators and/or autoclaves shall be stored for treatment;
   (3) All facilities shall formulate a contingency plan. At a minimum the plan shall:
      (a) Address compliance with the requirements set forth in paragraphs (A) and (B) of this rule, and shall provide for the removal of infectious wastes to an alternate treatment facility;
      (b) Be maintained at the treatment facility as a part of the facility management plan in accordance with rule 3745-27-32 of the Administrative Code;
      (c) Designate an emergency coordinator and an alternate emergency coordinator; and
      (d) Contain all of the following:
(i) Table of contents, and
(ii) Facility identification, and
(iii) Purpose statement, and
(iv) Emergency response equipment, and
(v) A designation of alternative treatment facilities, and
(vi) Responsibilities of emergency coordinator, and
(vii) Storage procedures, and
(viii) Handling procedures, and
(ix) Refrigeration and freezing requirements in accordance with rule 3745-27-35 of the
Administrative Code, and
(x) Implementation of response, and
(xi) Internal notification, and
(xii) Provide a posting of emergency procedures.
(4) If the treatment facility exceeds or reasonably anticipates exceeding storage
capacity, then the treatment facility shall implement its contingency plan and notify on the same
or next business day the appropriate health department and Ohio EPA district office of the
implementation of the contingency plan;
(5) A generator who also treats infectious wastes generated on premises owned or
operated by the generator shall be subject to the requirements of paragraph (C) of this rule
when the untreated infectious wastes are in a centralized storage area directly prior to
treatment; and
(6) Other storage methods approved by the director.
(D) For the purposes of this rule, a treatment facility may utilize a trailer as a storage
area only if the trailer is equipped in such a manner as to prevent the spillage of infectious
wastes or liquids outside of the trailer.
(E) Generators that collect and store infectious wastes, produced by multiple infectious
waste generators in a centralized location, shall store and handle the infectious wastes in
accordance with this rule.

3745-27-36 Registration requirements for generators of infectious waste.

(A) Generator registration requirements.
(1) All persons who generate fifty pounds or more of infectious waste in any one month
at any one location shall register with Ohio EPA as follows:
(a) Not later than thirty days after the last day of the month in which fifty pounds or more
of infectious waste were generated, the generator must submit to Ohio EPA an application for a
registration certificate accompanied by an application fee of one hundred forty dollars. The
application fee is non-refundable and the check for the application fee shall be made payable to
the "Treasurer-State of Ohio." A certificate is valid for three years.
(b) A registration certificate shall include all premises owned or operated by the
generator which generates fifty pounds or more of infectious waste in any one month or treats
infectious waste.
(c) A registration certificate is not transferable to another generator.
(2) Amendments. Any generator who holds a valid registration certificate under this rule
shall ensure that all information that is contained on the registration certificate is correct and up
to date by submitting an amended registration application form and obtaining an amended
registration certificate that reflects any changes to current registrant information, premises
information, or treatment method. No additional fee shall be charged to amend a registration
certificate. An amended registration shall not alter the expiration date of the original registration
certificate.
(3) Renewals. All generators who hold a valid registration certificate under this rule shall,
at least thirty days prior to the expiration of the valid registration certificate, do one of the following:

(a) Submit an application to renew the registration.
(b) Submit to Ohio EPA a reversion to small generator application which states that fifty pounds or more of infectious waste in any one month is no longer generated by the generator at any premises operated by the generator.

The generator shall provide verification that no more than fifty pounds of infectious waste were generated in any one month during the six months prior to expiration, at a minimum. In addition, if untreated liquid infectious waste is disposed of on the premises, the generator shall include a monthly log of the amount produced.

(4) Upon written notification that an application is incomplete the applicant shall, within fifteen days of receipt of the notification, correct noted deficiencies and resubmit the form or application. A registration cycle shall not be considered to be extended in the event of a deficiency notification or late submittal of an application.

(5) The applicant, owner, or operator signing a document in accordance with this rule shall be one of the following:

(a) A person as defined in sections 3734.01 and 1.59 of the Revised Code.
(b) In the case of a corporation, a principal executive officer of at least the level of vice-president or a duly authorized representative, who is responsible for the overall operation of a facility where infectious waste is generated.
(c) In the case of a partnership, a general partner.
(d) In the case of sole proprietorship, the owner.
(e) In the case of a municipal, state, federal, or other governmental facility, the principal executive officer, the ranking elected official, or other duly authorized employee.
(f) In the case of a limited liability company, a manager, member, or other duly authorized representative of the limited liability company, if such representative is responsible for the overall operation of the facility.

(6) Persons, who as part of their business activities engage in the designation and segregation of infectious wastes at places including but not limited to crime or accident scenes, and who generate fifty pounds or more of infectious wastes per month are subject to the requirements of this rule.

Environmental Audit

3745.70 Environmental audit; definitions.

As used in sections 3745.70 to 3745.73 of the Revised Code:
(A) "Environmental audit" means a voluntary, thorough, and discrete self-evaluation of one or more activities at one or more facilities or properties that is documented; is designed to improve compliance, or identify, correct, or prevent noncompliance, with environmental laws; and is conducted by the owner or operator of a facility or property or the owner's or operator's employee or independent contractor. An environmental audit may be conducted by the owner or operator of a facility or property, the owner's or operator's employees, or independent contractors. Once initiated, an audit shall be completed within a reasonable time, not to exceed six months, unless a written request for an extension is approved by the head officer of the governmental agency, or division or office thereof, with jurisdiction over the activities being audited based on a showing of reasonable grounds. An audit shall not be considered to be initiated until the owner or operator or the owner's or operator's employee or independent contractor actively has begun the self-evaluation of environmental compliance.
(B) "Activity" means any process, procedure, or function that is subject to environmental laws.
(C) “Voluntary” means, with respect to an environmental audit of a particular activity, that both of the following apply when the audit of that activity commences:

(1) The audit is not required by law, prior litigation, or an order by a court or a government agency;

(2) The owner or operator who conducts the audit does not know or have reason to know that a government agency has commenced an investigation or enforcement action that concerns a violation of environmental laws involving the activity or that such an investigation or enforcement action is imminent.

(D) “Environmental audit report” means interim or final data, documents, records, or plans that are necessary to an environmental audit and are collected, developed, made, and maintained in good faith as part of the audit, and may include, without limitation:

(1) Analytical data, laboratory reports, field notes and records of observations, findings, opinions, suggestions, conclusions, drafts, memoranda, drawings, photographs, computer-generated or electronically recorded information, maps, charts, graphs, and surveys;

(2) Reports that describe the scope, objectives, and methods of the environmental audit, audit management policies, the information gained by the environmental audit, and conclusions and recommendations together with exhibits and appendices;

(3) Memoranda, documents, records, and plans analyzing the environmental audit report or discussing implementation, prevention, compliance, and remediation issues associated with the environmental audit.

“Environmental audit report” does not mean corrective or remedial action taken pursuant to an environmental audit.

(E) “Environmental laws” means sections 939.02 and 1531.29, Chapters 3704., 3734., 3745., 3746., 3750., 3751., 3752., 6109., and 6111 of the Revised Code, and any other sections or chapters of the Revised Code the principal purpose of which is environmental protection; any federal or local counterparts or extensions of those sections or chapters; rules adopted under any such sections, chapters, counterparts, or extensions; and terms and conditions of orders, permits, licenses, license renewals, variances, exemptions, or plan approvals issued under such sections, chapters, counterparts, or extensions.

3745.71 Environmental audit; privileged information.

(A) Except as otherwise provided in division (C) of this section, the owner or operator of a facility or property who conducts an environmental audit of one or more activities at the facility or property has a privilege with respect to both of the following:

(1) The contents of an environmental audit report that is based on the audit;

(2) The contents of communications between the owner or operator and employees or contractors of the owner or operator, or among employees or contractors of the owner or operator, that are necessary to the audit and are made in good faith as part of the audit after the employee or contractor is notified that the communication is part of the audit.

(B) Except as otherwise provided in or ordered pursuant to this section, information that is privileged under this section is not admissible as evidence or subject to discovery in any civil or administrative proceeding and a person who possesses such information as a result of conducting or participating in an environmental audit shall not be compelled to testify in any civil or administrative proceeding concerning the privileged portions of the environmental audit.

(C) The privilege provided in this section does not apply to criminal investigations or proceedings. Where an audit report is obtained, reviewed, or used in a criminal proceeding, the privilege provided in this section applicable to civil or administrative proceedings is not waived or eliminated. Furthermore, the privilege provided in this section does not apply to particular information under any of the following circumstances:

(1) The privilege is not asserted with respect to that information by the owner or operator
Chapter 11. Environmental, Radiation and Workplace
Part I. Clean Air and Waste

to whom the privilege belongs.

(2) The owner or operator to whom the privilege belongs voluntarily testifies, or has provided written authorization to an employee, contractor, or agent to testify on behalf of the owner or operator, as to that information.

(3) A court of record in a civil proceeding or the tribunal or presiding officer in an administrative proceeding finds, pursuant to this section, that the privilege does not apply to that information.

(4) The information is required by law to be collected, developed, maintained, reported, disclosed publicly, or otherwise made available to a government agency.

(5) The information is obtained from a source other than an environmental audit report, including, without limitation, observation, sampling, monitoring, a communication, a record, or a report that is not part of the audit on which the audit report is based.

(6) The information is collected, developed, made, or maintained in bad faith or for a fraudulent purpose.

(7) The owner or operator to whom the privilege belongs waives the privilege, in whole or in part, explicitly or by engaging in conduct that manifests a clear intent that the information not be privileged. If an owner or operator introduces part of an environmental audit report into evidence in a civil or administrative proceeding to prove that the owner or operator did not violate, or is no longer violating, any environmental laws, the privilege provided by this section is waived with respect to all information in the audit report that is relevant to that issue.

(8)(a) The information shows evidence of noncompliance with environmental laws and the owner or operator fails to do any of the following:

(i) Promptly initiate reasonable efforts to achieve compliance upon discovery of the noncompliance through an environmental audit;

(ii) Pursue compliance with reasonable diligence;

(iii) Achieve compliance within a reasonable time.

(b) "Reasonable diligence" includes, without limitation, compliance with section 3745.72 of the Revised Code.

(9) The information contains evidence that a government agency federally authorized, approved, or delegated to enforce environmental laws has reasonable cause to believe is necessary to prevent imminent and substantial endangerment or harm to human health or the environment.

(10) Any circumstance in which both of the following apply:

(a) The information contains evidence regarding an alleged violation of environmental laws and a government agency charged with enforcing any of those laws has a substantial need for the information to protect public health or safety or to prevent substantial harm to property or the environment.

(b) The government agency is unable to obtain the substantial equivalent of the information by other means without unreasonable delay or expense.

(11) The information consists of personal knowledge of an individual who did not obtain that information as part of an environmental audit.

(12) The information is not clearly identified as part of an environmental audit report. For purposes of this section, clear identification of information as part of an environmental audit report includes, without limitation, either of the following:

(a) The information is contained in a document and the front cover, the first page, or a comparable part of the document is prominently labeled with "environmental audit report: privileged information" or substantially comparable language.

(b) The information is contained in an electronic record and the record is programmed to display or print prominently "environmental audit report: privileged information" or substantially comparable language before the privileged information is displayed or printed.

(13) The information existed prior to the initiation of the environmental audit under
division (A) of section 3745.70 of the Revised Code.

(D) If the privilege provided in this section belongs to an owner or operator who is not an individual, the privilege may be asserted or waived, in whole or in part, on behalf of the owner or operator only by an officer, manager, partner, or other comparable person who has a fiduciary relationship with the owner or operator and is authorized generally to act on behalf of the owner or operator or is a person who is authorized specifically to assert or waive the privilege.

(E) A person asserting the privilege provided in this section has the burden of proving the applicability of the privilege by a preponderance of the evidence. If a person seeking disclosure of information with respect to which a privilege is asserted under this section shows evidence of noncompliance with environmental laws pursuant to division (C)(8) of this section, the person asserting the privilege also has the burden of proving by a preponderance of the evidence that reasonable efforts to achieve compliance with those laws were initiated promptly and that compliance was pursued with reasonable diligence and achieved within a reasonable time.

(F) When determining whether the privilege provided by this section applies to particular information, a court of record that is not acting pursuant to division (G) of this section, or the tribunal or presiding officer in an administrative proceeding, shall conduct an in camera review of the information in a manner consistent with applicable rules of procedure.

(G)(1) The prosecuting attorney of a county or the attorney general, having probable cause to believe, based on information obtained from a source other than an environmental audit report, that a violation has been committed under environmental laws for which a civil or administrative action may be initiated, may obtain information with respect to which a privilege is asserted under this section pursuant to a search warrant, subpoena, or discovery under the Rules of Civil Procedure. The prosecuting attorney or the attorney general immediately shall place the information under seal and shall not review or disclose its contents.

(2) Not later than sixty days after receiving an environmental audit report under division (G)(1) of this section, the prosecuting attorney or the attorney general may file with the court of common pleas of a county in which there is proper venue to bring a civil or administrative action pertaining to the alleged violation a petition requesting an in camera hearing to determine if the information described in division (G)(1) of this section is subject to disclosure under this section. Failure to file such a petition shall cause the information to be released to the owner or operator to whom it belongs.

(3) Upon the filing of a petition under division (G)(2) of this section, the court shall issue an order scheduling an in camera hearing, not later than forty-five days after the filing of the petition, to determine if any or all of the information described in division (G)(1) of this section is subject to disclosure under this section. The order shall allow the prosecuting attorney or the attorney general to remove the seal from the report in order to review it and shall place appropriate limitations on distribution and review of the report to protect against unnecessary disclosure.

(4) The prosecuting attorney or the attorney general may consult with government agencies regarding the contents of the report to prepare for the in camera hearing. Information described in division (G)(1) of this section that is used by the prosecuting attorney or the attorney general to prepare for the in camera hearing shall not be used by the prosecuting attorney, the attorney general, an employee or agent of either of them, or an agency described in division (G)(4) of this section in any investigation or proceeding against the respondent, and otherwise shall be kept confidential, unless the information is subject to disclosure under this section.

(5) The parties may stipulate that information contained in an environmental audit report is or is not subject to disclosure under this section.

(6) If the court determines that information described in division (G)(1) of this section is subject to disclosure under this section, the court shall compel disclosure under this section of
only the information that is relevant to the proceeding described in division (G)(1) of this section.

(H) Nothing in this section affects the nature, scope, or application of any privilege of confidentiality or nondisclosure recognized under another section of the Revised Code or the common law of this state, including, without limitation, the work product doctrine and attorney-client privilege.

(I) The privilege provided by this section applies only to information and communications that are part of environmental audits initiated after March 13, 1997, in accordance with the time frames specified in division (A) of section 3745.70 of the Revised Code.

3745.72 Environmental audits immunity and liability; exceptions.

(A) The owner or operator of a facility or property who conducts an environmental audit of the facility or property and promptly and voluntarily discloses information contained in or derived from an audit report that is based on the audit and concerns an alleged violation of environmental laws to the director of the state agency that has jurisdiction over the alleged violation is immune from any administrative and civil penalties for the specific violation disclosed, except that where the disclosed violation has resulted in significant economic benefit to the owner or operator of the facility or property, there is no immunity for the economic benefit component of the administrative and civil penalties for that violation. An owner or operator asserting entitlement to such immunity has the burden of proving that entitlement by a preponderance of the evidence.

(B) For the purposes of this section, a disclosure of information is voluntary with respect to an alleged violation of environmental laws only if all of the following apply:

(1) The disclosure is made promptly after the information is obtained through the environmental audit by the owner or operator who conducts the environmental audit.

(2) A reasonable, good faith effort is made to achieve compliance as quickly as practicable with environmental laws applicable to the information disclosed.

(3) Compliance with environmental laws applicable to the information disclosed is achieved as quickly as practicable or within such period as is reasonably ordered by the director of the state agency that has jurisdiction over the alleged violation.

(4) The owner or operator cooperates with the director of the state agency that has jurisdiction over the alleged violation in investigating the cause, nature, extent, and effects of the noncompliance.

(5) The disclosure is not required by law, prior litigation, or an order by a court or a government agency.

(6) The owner or operator who makes the disclosure does not know or have reason to know that a government agency charged with enforcing environmental laws has commenced an investigation or enforcement action that concerns a violation of such laws involving the activity.

(C) For the purposes of this section, a disclosure shall be in writing, dated, and hand delivered or sent by certified mail to the director of the state agency that has jurisdiction over the alleged violation, and shall contain all of the following in a printed letter attached to the front of the disclosure:

(1) The name, address, and telephone number of the owner or operator making the disclosure;

(2) The name, title, address, and telephone number of one or more persons associated with the owner or operator who may be contacted regarding the disclosure;

(3) A brief summary of the alleged violation of environmental laws, including, without limitation, the nature, date, and location of the alleged violation to the extent that the information is known by the owner or operator;

(4) A statement that the information is part of an environmental audit report and is being disclosed under section 3745.72 of the Revised Code in order to obtain the immunity provided
by that section.

(D) This section does not provide immunity from the payment of damages for harm to persons, property, or the environment; the payment of reasonable costs incurred by a government agency in responding to a disclosure; or responsibility for the remediation or cleanup of environmental harm under environmental laws.

(E) The immunity provided by this section does not apply under any of the following circumstances:

(1) Within the three-year period prior to disclosure, the owner or operator of a facility or property has committed significant violations that constitute a pattern of continuous or repeated violations of environmental laws, environmental related settlement agreements, or environmental related judicial orders and that arose from separate and distinct events. For the purposes of division (E)(1) of this section, a pattern of continuous or repeated violations also may be demonstrated by multiple settlement agreements related to substantially the same alleged significant violations that occurred within the three-year period immediately prior to the voluntary disclosure. Determination of whether a person has a pattern of continuous or repeated violations under division (E)(1) of this section shall be based on the compliance history of the property or specific facility at issue.

(2) With respect to a specific violation, the violation resulted in serious harm or in imminent and substantial endangerment to human health or the environment.

(3) With respect to a specific violation, the violation is of a specific requirement of an administrative or judicial order.

(F) The immunity provided by this section applies only to disclosures made concerning environmental audits initiated after March 13, 1997, in accordance with the time frames specified in division (A) of section 3745.70 of the Revised Code.

(G) The immunity provided by this section applies to a person who makes a good faith disclosure to a state agency under this section even though another state agency is determined to have jurisdiction over an alleged violation of environmental laws indicated in the disclosure.

(H) Each state agency that receives a disclosure under this section promptly shall record receipt of the disclosure, determine whether it has jurisdiction over the alleged violation of environmental laws indicated in the disclosure, and, if it does not have such jurisdiction, deliver the disclosure documents to the director of a state agency that has jurisdiction over the alleged violation. If a disclosure indicates alleged violations of environmental laws that are under the jurisdiction of more than one state agency, the state agency that first receives the disclosure and has jurisdiction over any of the alleged violations promptly shall notify the director of each state agency that has jurisdiction over any of such alleged violations. The director of each state agency that receives a disclosure under this section, or is notified by another state agency that the director's agency has jurisdiction over an alleged violation of environmental laws indicated in the disclosure, promptly shall deliver written notice of that fact by certified mail to the owner or operator who made the disclosure. The notice shall identify the state agency that sends the notice; state the name, title, address, and telephone number of a person in the agency whom the owner or operator may contact regarding the disclosure; and state the name, address, and telephone number of the director of any other state agency notified about the disclosure because that agency has jurisdiction over an alleged violation of environmental laws indicated in the disclosure.

EPA Confidentiality

3745-48-04 Confidentiality statutes.

[Editor’s Note: The “Comment” portion of the following regulation is part of the official provision.]
The following federal statutes or regulations or state statutes and administrative rules make personal information maintained by the agency confidential and identify the confidential personal information within this chapter:

(A) Social security numbers pursuant to 5 U.S.C. 522a., unless the individual was told that the number would be disclosed.

(B) Bureau of criminal investigation and information criminal records check results pursuant to section 4776.04 of the Revised Code.

(C) Medical records pursuant to division (A) of section 149.43 of the Revised Code.

(D) Any other personal information that is considered confidential pursuant to section 149.43 of the Revised Code.

[Comment: For dates of non-regulatory government publications, publications of recognized organizations and associations, federal rules, and federal statutory provisions referenced in this rule, see the “Incorporation by Reference” section in paragraph (B) of rule 3745-48-01 of the Administrative Code.]

Part II. Fire Marshal and Petroleum Underground Storage

Underground Storage Tanks

[Editor’s Note: Additional statutes and regulations governing underground storage tanks are available at http://www.com.state.oh.us/fire/]

3737.87 Definitions; underground storage tanks.

As used in sections 3737.87 to 3737.98 of the Revised Code:

(A) “Accidental release” means any sudden or nonsudden release of petroleum that was neither expected nor intended by the owner or operator of the applicable underground storage tank system and that results in the need for corrective action or compensation for bodily injury or property damage.

(B) “Corrective action” means any action necessary to protect human health and the environment in the event of a release of petroleum into the environment, including, without limitation, any action necessary to monitor, assess, and evaluate the release. In the instance of a suspected release, “corrective action” includes, without limitation, an investigation to confirm or disprove the occurrence of the release. In the instance of a confirmed release, “corrective action” includes, without limitation, the initial corrective action taken under section 3737.88 or 3737.882 of the Revised Code and rules adopted or orders issued under those sections and any action taken consistent with a remedial action to clean up contaminated ground water, surface water, soils, and subsurface material and to address the residual effects of a release after the initial corrective action is taken.

(C) “Eligible lending institution” means a financial institution that is eligible to make commercial loans, is a public depository of state funds under section 135.03 of the Revised Code, and agrees to participate in the petroleum underground storage tank linked deposit program provided for in sections 3737.95 to 3737.98 of the Revised Code.

(D) “Eligible owner” means any person that owns six or fewer petroleum underground storage tanks comprising a petroleum underground storage tank or underground storage tank system.

(E) “Installer” means a person who supervises the installation of, performance of major repairs on site to, abandonment of, or removal of underground storage tank systems.

(F) “Major repair” means the restoration of a tank or an underground storage tank system component that has caused a release of a product from the underground storage tank.
system. “Major repair” does not include modifications, upgrades, or routine maintenance for normal operational upkeep to prevent an underground storage tank system from releasing a product.

(G) “Operator” means the person in daily control of, or having responsibility for the daily operation of, an underground storage tank system.

(H) “Owner” means:

1. In the instance of an underground storage tank system in use on November 8, 1984, or brought into use after that date, the person who owns the underground storage tank system;

2. In the instance of an underground storage tank system in use before November 8, 1984, that was no longer in use on that date, the person who owned the underground storage tank system immediately before the discontinuation of its use.

“Owner” includes any person who holds, or, in the instance of an underground storage tank system in use before November 8, 1984, but no longer in use on that date, any person who held immediately before the discontinuation of its use, a legal, equitable, or possessory interest of any kind in an underground storage tank system or in the property on which the underground storage tank system is located, including, without limitation, a trust, vendor, vendee, lessor, or lessee. “Owner” does not include any person who, without participating in the management of an underground storage tank system and without otherwise being engaged in petroleum production, refining, or marketing, holds indicia of ownership in an underground storage tank system primarily to protect the person's security interest in it.

(I) “Person,” in addition to the meaning in section 3737.01 of the Revised Code, means the United States and any department, agency, or instrumentality thereof.

(J) “Petroleum” means petroleum, including crude oil or any fraction thereof, that is a liquid at the temperature of sixty degrees Fahrenheit and the pressure of fourteen and seven-tenths pounds per square inch absolute. “Petroleum” includes, without limitation, motor fuels, jet fuels, distillate fuel oils, residual fuel oils, lubricants, petroleum solvents, and used oils.

(K) “Petroleum underground storage tank linked deposit” means a certificate of deposit placed by the treasurer of state with an eligible lending institution pursuant to sections 3737.95 to 3737.98 of the Revised Code.

(L) “Regulated substance” means petroleum or any substance identified or listed as a hazardous substance in rules adopted under division (D) of section 3737.88 of the Revised Code.

(M) “Release” means any spilling, leaking, emitting, discharging, escaping, leaching, or disposing of from an underground storage tank system into ground or surface water or subsurface soils or otherwise into the environment.

(N) Notwithstanding division (F) of section 3737.01 of the Revised Code, “responsible person” means the person who is the owner or operator of an underground storage tank system.

(O) “Tank” means a stationary device designed to contain an accumulation of regulated substances that is constructed of manufactured materials.

(P) “Underground storage tank” means one or any combination of tanks, including the underground pipes connected thereto, that are used to contain an accumulation of regulated substances the volume of which, including the volume of the underground pipes connected thereto, is ten per cent or more beneath the surface of the ground.

“Underground storage tank” does not include any of the following or any pipes connected to any of the following:

2. Farm or residential tanks of one thousand one hundred gallons or less capacity used for storing motor fuel for noncommercial purposes;
(3) Tanks used for storing heating fuel for consumptive use on the premises where stored;
(4) Surface impoundments, pits, ponds, or lagoons;
(5) Storm or waste water collection systems;
(6) Flow-through process tanks;
(7) Storage tanks located in underground areas, including, without limitation, basements, cellars, mine workings, drifts, shafts, or tunnels, when the tanks are located on or above the surface of the floor;
(8) Septic tanks;
(9) Liquid traps or associated gathering lines directly related to oil or gas production and gathering operations.

(Q) “Underground storage tank system” means an underground storage tank and the connected underground piping, underground ancillary equipment, and containment system, if any.

(R) “Revenues” means all fees, premiums, and charges paid by owners and operators of petroleum underground storage tanks to the petroleum underground storage tank release compensation board created in section 3737.90 of the Revised Code; proceeds received by the board from any insurance, condemnation, or guaranty; the proceeds of petroleum underground storage tank revenue bonds; and the income and profits from the investment of any such revenues.

(S) “Revenue bonds,” unless the context indicates a different meaning or intent, means petroleum underground storage tank revenue bonds and petroleum underground storage tank revenue refunding bonds that are issued by the petroleum underground storage tank release compensation board pursuant to sections 3737.90 to 3737.948 of the Revised Code.

(T) “Class C release” means a release of petroleum occurring or identified from an underground storage tank system subject to sections 3737.87 to 3737.89 of the Revised Code for which the responsible person for the release is specifically determined by the fire marshal not to be a viable person capable of undertaking or completing the corrective actions required under those sections for the release. “Class C release” also includes any release designated as a “class C release” in accordance with rules adopted under section 3737.88 of the Revised Code.

3737.88 UST program under state fire marshal.

(A)(1) The fire marshal shall have responsibility for implementation of the underground storage tank program and corrective action program for releases of petroleum from underground storage tanks established by the “Resource Conservation and Recovery Act of 1976,” 90 Stat. 2795, 42 U.S.C.A. 6901, as amended. To implement the programs, the fire marshal may adopt, amend, and rescind such rules, conduct such inspections, require annual registration of underground storage tanks, issue such citations and orders to enforce those rules, enter into environmental covenants in accordance with sections 5301.80 to 5301.92 of the Revised Code, and perform such other duties, as are consistent with those programs. The fire marshal, by rule, may delegate the authority to conduct inspections of underground storage tanks to certified fire safety inspectors.

(2) In the place of any rules regarding release containment and release detection for underground storage tanks adopted under division (A)(1) of this section, the fire marshal, by rule, shall designate areas as being sensitive for the protection of human health and the environment and adopt alternative rules regarding release containment and release detection methods for new and upgraded underground storage tank systems located in those areas. In designating such areas, the fire marshal shall take into consideration such factors as soil conditions, hydrogeology, water use, and the location of public and private water supplies. Not
later than July 11, 1990, the fire marshal shall file the rules required under this division with the
secretary of state, director of the legislative service commission, and joint committee on agency
rule review in accordance with divisions (B) and (C) of section 119.03 of the Revised Code.

(3) Notwithstanding sections 3737.87 to 3737.89 of the Revised Code, a person who is
not a responsible person, as determined by the fire marshal pursuant to this chapter, may
conduct a voluntary action in accordance with Chapter 3746 of the Revised Code and rules
adopted under it for either of the following:

(a) A class C release;

(b) A release, other than a class C release, that is subject to the rules adopted by the fire
marshal under division (B) of section 3737.882 of the Revised Code pertaining to a corrective
action, provided that both of the following apply:

(i) The voluntary action also addresses hazardous substances or petroleum that is not
subject to the rules adopted under division (B) of section 3737.882 of the Revised Code
pertaining to a corrective action.

(ii) The fire marshal has not issued an administrative order concerning the release or
referred the release to the attorney general for enforcement.

The director of environmental protection, pursuant to section 3746.12 of the Revised
Code, may issue a covenant not to sue to any person who properly completes a voluntary
action with respect to any such release in accordance with Chapter 3746 of the Revised Code
and rules adopted under it.

(B) Before adopting any rule under this section or section 3737.881 or 3737.882 of the
Revised Code, the fire marsh shall file written notice of the proposed rule with the chairperson
of the state fire council, and, within sixty days after notice is filed, the council may file responses
to or comments on and may recommend alternative or supplementary rules to the fire marshal.
At the end of the sixty-day period or upon the filing of responses, comments, or
recommendations by the council, the fire marshal may adopt the rule filed with the council or
any alternative or supplementary rule recommended by the council.

(C) The state fire council may recommend courses of action to be taken by the fire
marshal in carrying out the fire marshal's duties under this section. The council shall file its
recommendations in the office of the fire marshal, and, within sixty days after the
recommendations are filed, the fire marshal shall file with the chairperson of the council
comments on, and proposed action in response to, the recommendations.

(D) For the purpose of sections 3737.87 to 3737.89 of the Revised Code, the fire
marshal shall adopt, and may amend and rescind, rules identifying or listing hazardous
substances. The rules shall be consistent with and equivalent in scope, coverage, and content
to regulations identifying or listing hazardous substances adopted under the “Comprehensive
9602, as amended, except that the fire marshal shall not identify or list as a hazardous
substance any hazardous waste identified or listed in rules adopted under division (A) of section
3734.12 of the Revised Code.

(E) Except as provided in division (A)(3) of this section, the fire marshal shall have
exclusive jurisdiction to regulate the storage, treatment, and disposal of petroleum contaminated
soil generated from corrective actions undertaken in response to releases of petroleum from
underground storage tank systems. The fire marshal may adopt, amend, or rescind such rules
as the fire marshal considers to be necessary or appropriate to regulate the storage, treatment,
or disposal of petroleum contaminated soil so generated.

(F) The fire marshal shall adopt, amend, and rescind rules under sections 3737.88 to
3737.883 of the Revised Code in accordance with Chapter 119 of the Revised Code.

Part II. Fire Marshal and Petroleum Underground Storage

1301:7-9-02 Underground storage tank definitions.

(A) Purpose.
For the purpose of prescribing rules pursuant to sections 3737.88 to 3737.883 of the Revised Code, the state fire marshal hereby adopts this rule to establish definitions of words and phrases related to underground storage tanks. This rule is adopted by the state fire marshal in accordance with Chapter 119 of the Revised Code and shall not be considered a part of the "Ohio Fire Code."

(B) Definitions.
When used in this chapter of the Administrative Code, the following terms shall have the following meanings:

(1) "Accredited laboratory" means a laboratory accredited to perform laboratory analyses as outlined in this chapter of the Administrative Code using prescribed United States environmental protection agency test methods through one of the following programs:
   (a) Ohio environmental protection agency division of drinking and ground waters;
   (b) Ohio environmental protection agency voluntary action program;
   (c) National environmental laboratory accreditation program;
   (d) American association of laboratory accreditation; or,
   (e) Another state environmental protection agency program approved by the state fire marshal.

(2) "Airport hydrant fuel distribution system (also called airport hydrant system)" means an UST system which fuels aircraft and operates under high pressure with large diameter piping that typically terminates into one or more hydrants (fill stands). The airport hydrant system begins where fuel enters one or more tanks from an external source such as a pipeline, barge, rail car, or other motor fuel carrier.

(3) "Ancillary equipment" means any devices including, without limitation, such devices as piping, fittings, flanges, valves, and pumps used to distribute, meter, or control the flow of regulated substances to and from an UST.

(4) "Beneath the surface of the ground" means beneath the ground surface or otherwise covered with earthen materials.

(5) "Cathodic protection" is a technique to prevent corrosion of a metal surface by making that surface the cathode of an electrochemical cell. An UST system can be cathodically protected, without limitation, through the application of either galvanic anodes or impressed current.

(6) "Cathodic protection tester" means a person who can demonstrate an understanding of the principles and measurements of all common types of cathodic protection systems as applied to buried or submerged metal piping and UST systems. At a minimum, such persons shall have education and experience in soil resistivity, stray current, structure-to-soil potential, and component electrical isolation measurements of buried metal piping and UST systems.

(7) "Certified installer" or "installer" means an individual certified by the state fire marshal under the requirements of rule 1301:7-9-11 of the Administrative Code to supervise the installation of, performance of major repairs on site to, closure-in-place of, removal of, performance of modifications of, placing out of service for more than ninety days of, or the change in service of UST systems.

(8) "Certified UST inspector" means an individual certified by the state fire marshal under the requirements of rule 1301:7-9-15 of the Administrative Code to inspect the installation of, performance of major repairs on site to, closure-in-place of, removal of, performance of modifications of, placing out of service for more than ninety days of, or the change in service of UST systems.
“Change in service” means a change in the substances managed in the UST system from regulated substances to non-regulated substances, without closure in place or permanent removal of the UST system.

“Change of product” means a change in the substances stored in the UST system from one regulated substance to another regulated substance containing greater than ten percent ethanol or containing greater than twenty percent biodiesel.

“Closure-in-place” or “close-in-place” means the abandonment of an UST system by permanently taking an UST system out of service but not out of the ground in compliance with this chapter of the Administrative Code.

“Compatible” means the ability of two or more substances to maintain their respective physical and chemical properties upon contact with one another for the design life of the UST system under conditions likely to be encountered in the UST.

“Connected piping” means all underground piping including valves, elbows, joints, flanges, and flexible connectors attached to an UST system through which regulated substances flow. For the purpose of determining how much piping is connected to any individual UST system, the piping that joins two UST systems should be allocated equally between them.

“Consumptive use” with respect to heating fuel means consumed on the premises.

“Containment sump” means a liquid-tight container that protects the environment by containing leaks and spills of regulated substances from piping, dispensers, pumps and related components in the containment area. Containment sumps may be single walled or secondarily contained and located at the top of tank (tank top or submersible turbine pump sump), underneath the dispenser (under-dispenser containment sump), or at other points in the piping run (transition or intermediate sump).

“Corrective action” means any action necessary to protect human health and the environment in the event of a release of petroleum into the environment, including, without limitation, any action necessary to monitor, assess, and evaluate the release. In the instance of a suspected release, the term includes, without limitation, an investigation to confirm or disprove the occurrence of the release. In the instance of a confirmed release, the term includes, without limitation, the initial corrective action taken under section 3737.88 or 3737.882 of the Revised Code, or orders issued under those sections, and any initial corrective action taken under this chapter of the Administrative Code and any action taken consistent with a remedial action to clean up contaminated groundwater, surface water, soils, and subsurface material and to address the residual effects of a release after the initial corrective action is taken.

“Corrosion expert” means a person who, by reason of thorough knowledge of the physical sciences and the principles of engineering and mathematics acquired by a professional education and related practical experience, is qualified to engage in the practice of corrosion control on buried or submerged metal piping systems and metal tanks. Such a person shall be accredited or certified as being qualified by the national association of corrosion engineers or be a registered professional engineer who has certification or licensing that includes education and experience in corrosion control of buried or submerged metal piping systems and metal tanks.

“Dielectric material” means a material that does not conduct direct electrical current. Dielectric coatings are used to electrically isolate UST systems from the surrounding soils. Dielectric bushings are used to electrically isolate portions of the UST system.

“Electrical equipment” means underground equipment that contains dielectric fluid that is necessary for the operation of equipment such as transformers and buried electrical cable.

“Excavation zone” means the volume containing the UST system and backfill material bounded by the ground surface, walls, and floor of the pit and trenches into which the UST system is placed at the time of installation.
(21) “Existing UST system” means an UST system used to contain an accumulation of regulated substances or for which installation has commenced on or before the effective date of this rule. Installation is considered to have commenced if:

(a) The owner or operator has obtained all federal, state, and local approvals or permits necessary to begin physical construction of the site or installation of the UST system; and if,

(b) One of the following has occurred:

(i) A continuous on-site physical construction or installation program has begun; or,

(ii) The owner or operator has entered into contractual obligations, which cannot be cancelled or modified without substantial loss, for physical construction at the site or installation of the UST system to be completed within a reasonable time.

(22) “Farm tank” is a tank located on a tract of land devoted to the production of crops or raising animals, including fish, and associated residences and improvements. A farm tank shall be located on the farm property. “Farm” includes fish hatcheries, rangeland and nurseries with growing operations.

(23) “Field-constructed tank” means an UST constructed on site in the field, such as an UST constructed of concrete that is poured in the field, or a steel or fiberglass UST primarily fabricated in the field.

(24) “Flow-through process tank” is a tank that forms an integral part of a production process through which there is a steady, variable, recurring, or intermittent flow of materials during the operation of the process. Flow-through process tanks do not include tanks used for the storage of materials prior to their introduction into the production process or for the storage of finished products or by-products from the production process.

(25) “Free product” means a separate liquid hydrocarbon phase that has a measured thickness of greater than one one-hundredth of a foot.

(26) “Gathering lines” means any pipeline, equipment, facility, or building used in the transportation of oil or gas during oil or gas production or gathering operations.

(27) “Hazardous substance” means any substance listed in rule 1301:7-9-03 of the Administrative Code, but not including any substance regulated as a hazardous waste under Chapters 3745-50 to 3745-69 of the Administrative Code, or any mixture of such substance and petroleum which is not contained in a petroleum UST system.

(28) “Hazardous substance UST system” means an underground storage tank system that contains a hazardous substance.

(29) “Heating fuel” means petroleum that is No. 1, No 2, No. 4-light, No. 4-heavy, No. 5-light, No. 5-heavy, and No. 6 technical grades of fuel oil; other residual fuel oils including, without limitation, Navy Special Fuel Oil and Bunker C; and other fuels when used as substitutes for one of these fuel oils. Heating fuel is typically used in the operation of heating equipment, boilers, or furnaces.

(30) “Hydraulic lift tank” means a tank holding hydraulic fluid for a closed-loop mechanical system that uses compressed air or hydraulic fluid to operate lifts, elevators, and other similar devices.

(31) “Liquid trap” means sumps, well cellars, and other traps used in association with oil and gas production, gathering, and extraction operations including gas production plants, for the purpose of collecting oil, water, and other liquids. These liquid traps may temporarily collect liquids for subsequent disposition or reinjection into a production or pipeline stream, or may collect and separate liquids from a gas stream.

(32) “Maintenance” means the normal operational upkeep to prevent an underground storage tank system from releasing product.

(33) “Major repair” means the restoration of a tank or an underground storage tank system component that has caused a release of a product from the underground storage tank system. “Major repair” does not include modifications, upgrades, or routine maintenance for
normal operational upkeep to prevent an underground storage tank system from releasing a product.

(34) “Modification” means work performed on UST system components that have not leaked such as adding, altering, replacing, or retrofitting the following:

(a) USTs and any components fixed to UST openings;
(b) Containment sumps located over USTs, under dispensers, or at intermediate points;
(c) Piping components that routinely contain regulated substances;
(d) Underground vent lines excluding stage two vapor recovery components;
(e) Flexible connector lines;
(f) UST system lining components;
(g) Release detection systems; and
(h) Shear valves (any portion).

(35) “Motor fuel” means a complex blend of hydrocarbons typically used in the operation of a motor engine, such as motor gasoline, aviation gasoline, racing fuel, No. 1 or No. 2 diesel fuel, or any blend containing one or more of these substances (for example, motor gasoline blended with alcohol.).

(36) “Native soils” means any soil or other materials outside of the backfill material used at the time of the original installation of the UST system.

(37) “New UST system” means an UST system that will be used to contain an accumulation of regulated substances and for which installation has commenced after the effective date of this rule.

(38) “Noncommercial purposes” with respect to motor fuel means not for resale.

(39) “On the premises where stored” with respect to heating oil means UST systems located on the same property where the stored heating oil is used.

(40) “Operational life” refers to the period beginning when installation of the UST system has commenced until the time the UST system is properly closed under this chapter.

(41) “Operator” means the person in daily control of, or having responsibility for the daily operation of, the UST system.

(42) “Out of service” means the normal operation and use of the UST system or any portion of the UST system is discontinued.

(43) “Overfill” is a release that occurs when an UST is filled beyond its capacity, resulting in a discharge of the regulated substance to the environment.

(44) “Owner” means:

(a) In the instance of an underground storage tank system in use on November 8, 1984, or brought into use after that date, the person who owns the underground storage tank system;
(b) In the instance of an underground storage tank system in use before November 8, 1984, but no longer in use on that date, the person who owned the underground storage tank system immediately before the discontinuation of its use.

The term includes any person who holds, or, in the instance of an underground storage tank in use before November 8, 1984, but no longer in use on that date, any person who held immediately before the discontinuation of its use, a legal, equitable, or possessory interest of any kind in an underground storage tank system or in the property on which the underground storage tank system is located, including, without limitation, a trust, vendor, vendee, lessor, or lessee. The term does not include any person who, without participating in the management of an underground storage tank system and without otherwise being engaged in petroleum production, refining, or marketing, holds indicia of ownership in an underground storage tank system primarily to protect the person’s security interest in it.

(45) “Permanent removal” means permanently taking an UST system or any of its components out of service by taking it out of the ground in compliance with this chapter.

(46) “Person”, in addition to the meaning in section 3737.01 of the Revised Code, means the United States and any department, agency, or instrumentality thereof.
(47) “Petroleum” means petroleum, including crude oil or any fraction thereof, that is a liquid at the temperature of sixty degrees Fahrenheit and the pressure of 14.7 pounds per square inch absolute. The term includes, without limitation, motor fuels, jet fuels, distillate fuel oils, residual fuel oils, lubricants, petroleum solvents, and used oils.

(48) “Petroleum UST system” means an underground storage tank system that contains petroleum or a mixture of petroleum with de minimis quantities of other regulated substances.

(49) “Pipe” or “piping” means a hollow cylinder or tubular conduit that is constructed of man-made materials.

(50) “Pipeline facilities” are new and existing pipe rights-of-way and any associated equipment, including, without limitation, gathering lines; facilities; or buildings.

(51) “Political subdivision” means a municipal corporation, township, county, school district, or other body corporate and politic responsible for governmental activities in a geographic area smaller than that of the state.

(52) “Regulated substance” means:
(a) Any hazardous substance; and
(b) Petroleum.

(53) “Release” means any spilling, leaking, emitting, discharging, escaping, leaching or disposing of a petroleum product from an UST system into groundwater, a surface water body, subsurface soil or otherwise into the environment.

(54) “Release detection” means determining whether a release of a regulated substance has occurred from the UST system into the environment or a leak has occurred into the interstitial space between the UST system and its secondary barrier or secondary containment around it.

(55) “Residential tank” is a tank located on property used primarily for dwelling purposes such as homes, apartments, nursing homes, and assisted living facilities.

(56) “Routine maintenance or normal operational upkeep” means work performed to maintain or to prevent an underground storage tank system from releasing a regulated substance. Work on the following components shall constitute routine maintenance or normal operational upkeep on existing UST systems provided that the component has not caused a release:
(a) Drop tubes;
(b) Overfill prevention devices;
(c) Spill prevention equipment;
(d) Fill caps and adapters;
(e) Cathodic protection components;
(f) Stage one vapor recovery components;
(g) Submersible pump components; and
(h) Individual leak detection monitoring units, probes, sensors or line leak detectors that are maintained with like components.

(57) “Secondary containment” or “secondarily contained” means a release prevention and release detection system for an UST or piping. This system has an inner and outer barrier with an interstitial space that is monitored for leaks. This term includes containment sumps when used for interstitial monitoring of piping.

(58) “Septic tank” is a water-tight covered receptacle designed to receive or process, through liquid separation or biological digestion, the sewage discharged from a building sewer. The effluent from such receptacle is distributed for disposal through the soil and settled solids and scum from the tank are pumped out periodically and hauled to a treatment facility.

(59) “Sole source aquifer” means any aquifer which has been so designated by the administrator of the United States environmental protection agency pursuant to section 1424(e) of the Safe Drinking Water Act (42 U.S.C.A. 300h, as amended through January 16, 2014).

(60) “Spill” means;
(a) A release resulting from improper transfer practices to an UST system including, without limitation, the disconnecting of a delivery hose from a tank's fill pipe before the hose has drained completely, or
(b) Any spilling, leaking, emitting, discharging, escaping, or disposal of a petroleum product into groundwater, a surface water body, subsurface soil or otherwise into the environment while transferring or attempting to transfer petroleum products into an UST system.
(61) “Spill prevention equipment” means a spill containment manhole or spill bucket installed at a fill pipe that catches and holds drips and spills of regulated substance that can occur when a delivery hose is removed from the fill pipe after delivery of a regulated substance to an UST.
(62) “State” means the state of Ohio, including, without limitation, the general assembly, the supreme court, the offices of all elected state officers, and all departments, boards, offices, commissions, agencies, colleges, universities, institutions, and other instrumentalities of the state of Ohio. “State” does not include political subdivisions.
(63) “Storm water or wastewater collection system” means piping, pumps, conduits, and any other equipment necessary to collect and transport the flow of surface water run-off resulting from precipitation, or domestic, commercial, or industrial wastewater to and from retention areas or any areas where treatment is designated to occur. The collection of storm water and wastewater does not include treatment except where incidental to conveyance.
(64) “Supervise” means being physically on site and having the authority to direct other persons engaged in carrying out the installation of, making major repairs on site to, closure-in-place of, removal of, performance of modifications of, placing out of service for more than ninety days of, or the change in service of UST systems as well as having the authority to exercise independent judgment regarding the recommendation of activities to such other persons.
(65) “Surface impoundment” is a natural topographic depression, man-made excavation, or diked area formed primarily of earthen materials, although it may be lined with man-made materials, that is not an injection well.
(66) “Tank” is a stationary device designed to contain an accumulation of regulated substances that is constructed of man-made materials.
(67) “Temporarily out of service” means the normal operation and use of the UST system is deliberately, but temporarily, discontinued for ninety days or less.
(68) “Underground area” means an underground room, such as a basement, cellar, shaft, or vault, providing enough space for physical inspection of the exterior of the tank situated on or above the surface of the floor.
(69) “Underground storage tank” or “UST” means one or any combination of tanks, including the underground pipes connected thereto, that are used to contain an accumulation of regulated substances the volume of which, including the volume of the underground pipes connected thereto, is ten per cent or more beneath the surface of the ground.

The term does not include any of the following:
(b) Farm or residential tanks of one thousand one hundred gallons or less capacity used for storing motor fuel for noncommercial purposes;
(c) Tanks used for storing heating fuel for consumptive use on the premises where stored;
(d) Surface impoundments, pits, ponds, or lagoons;
(e) Storm or waste water collection systems;
(f) Flow-through process tanks;
(g) Storage tanks located in underground areas, including without limitation, basements, cellars, mine workings, drifts, shafts, or tunnels, when the tanks are located on or above the surface of the floor;
As used in this chapter:

(A) “Byproduct material” means either of the following:
   (1) Any radioactive material, except special nuclear material, yielded in or made radioactive by exposure to radiation incident to the process of producing or utilizing special nuclear material;
   (2) The tailings or wastes produced by the extraction or concentration of uranium or thorium from any ore processed primarily for its source material content.

(B) “Certified radiation expert” means an individual who has complied with all of the following:
   (1) Applied to the director of health for certification as a radiation expert under section 3748.12 of the Revised Code;
   (2) Met minimum education and experience requirements established in rules adopted under division (C) of section 3748.04 of the Revised Code;
   (3) Been granted a certificate as a radiation expert by the director under section 3748.12 of the Revised Code.

(C) “Closure” or “site closure” refers to a facility for the disposal of low-level radioactive waste or a byproduct material site, as “byproduct material” is defined in division (A)(2) of this section, and means all activities performed at a licensed operation, such as stabilization and contouring, to ensure that the site where the operation occurred is in a stable condition so that only minor custodial care, surveillance, and monitoring are necessary at the site following the termination of the licensed operation.

(D) “Decommissioning” means to safely remove any licensed operation from service and reduce residual radioactivity to a level that permits release of the licensee's property for unrestricted use. With regard to a facility for the disposal of low-level radioactive waste or a byproduct material site, as “byproduct material” is defined in division (A)(2) of this section, “decommissioning” does not include the reduction of residual radioactivity to a level that permits release of the facility for unrestricted use.

(E) “Director of health” includes a designee or authorized representative of the director.

(F) “Disposal,” with regard to low-level radioactive waste, means the permanent isolation of that waste in accordance with requirements established by the United States nuclear regulatory commission or the licensing agreement state.

(G) “Disposal site” means that portion of a facility that is used for the disposal of low-
level radioactive waste and that consists of disposal units and a buffer zone. “Disposal unit” means a discrete portion of such a facility into which low-level radioactive waste is placed for disposal.

(H)(1) Except as provided in division (H)(2) of this section, “facility” means the state, any political subdivision, person, public or private institution, or group, or any unit of one of those entities, but does not include the federal government or any of its agencies.

(2) For the purposes of the disposal of low-level radioactive waste, “facility” has the same meaning as in section 3747.01 of the Revised Code.

(I) “Handle” means receive, possess, use, store, transfer, install, service, or dispose of sources of radiation unless possession is solely for the purpose of transportation.

(J) “Handler” means a facility that handles sources of radiation unless possession is solely for the purpose of transportation.

(K) “Inspection” means an official review, examination, or observation, including, without limitation, tests, surveys, and monitoring, that is used to determine compliance with rules, orders, requirements, and conditions of the department of health and that is conducted by the director of health.

(L) “Low-level radioactive waste” has the same meaning as in section 3747.01 of the Revised Code with regard to the disposal of low-level radioactive waste. In regard to regulatory control at locations other than a disposal facility, “low-level radioactive waste” has the same meaning as in 42 U.S.C.A. 2021b.

(M) “Quality assurance program” means a program providing for verification by written procedures such as testing, auditing, and inspection to ensure that deficiencies, deviations, defective equipment, or unsafe practices, or a combination thereof, relating to the use, disposal, management, or manufacture of radiation sources are identified, promptly corrected, and reported to the appropriate regulatory authorities.

(N) “Radiation” means ionizing and nonionizing radiation.

(1) “Ionizing radiation” means gamma rays and X-rays, alpha and beta particles, high-speed electrons, neutrons, protons, and other nuclear particles, but does not include sound or radio waves or visible, infrared, or ultraviolet light.

(2) “Nonionizing radiation” means any electromagnetic radiation, other than ionizing electromagnetic radiation, or any sonic, ultrasonic, or infrasonic wave.

(O) “Radioactive material” means any solid, liquid, or gaseous material that emits ionizing radiation spontaneously. “Radioactive material” includes accelerator-produced and naturally occurring materials and byproduct, source, and special nuclear material.

(P) “Radiation-generating equipment” means any manufactured product or device, or component of such a product or device, or any machine or system that during operation can generate or emit radiation, except those that emit radiation only from radioactive material.

“Radiation-generating equipment” does not include either of the following:

(1) Diathermy machines;

(2) Microwave ovens, including food service microwave ovens used for commercial and industrial uses, television receivers, electric lamps, and other household appliances and products that generate very low levels of radiation.

(Q) “Source material” means uranium, thorium, or any combination thereof in any physical or chemical form, or any ores that contain by weight at least one-twentieth of one percent of uranium, thorium, or any combination thereof. “Source material” does not include special nuclear material.

(R) “Source of radiation” means radioactive material or radiation-generating equipment.

(S) “Special nuclear material” means either of the following:

(1) Plutonium, uranium 233, uranium enriched in the isotope 233 or in the isotope 235, and any other material that the United States nuclear regulatory commission determines to be special nuclear material, but does not include source material pursuant to section 51 of the

(2) Except for any source material, any material artificially enriched by any of the materials identified in division (S)(1) of this section.

(T) “Storage” means the retention of radioactive materials, including low-level radioactive waste, prior to disposal in a manner that allows for surveillance, control, and subsequent retrieval.

(U) “Medical practitioner” means a person who is authorized pursuant to Chapter 4715 of the Revised Code to practice dentistry; pursuant to Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery; or pursuant to Chapter 4734 of the Revised Code to practice chiropractic.

(V) “Medical-practitioner group” means a corporation, partnership, or other business entity, other than a hospital as defined in section 3727.01 of the Revised Code, consisting of medical practitioners.

(W) “Naturally occurring radioactive material” means material that contains any nuclide that is radioactive in its natural physical state. “Naturally occurring radioactive material” does not include source material, byproduct material, or special nuclear material.

(X) “Technologically enhanced naturally occurring radioactive material” means naturally occurring radioactive material with radionuclide concentrations that are increased by or as a result of past or present human activities. “Technologically enhanced naturally occurring radioactive material” does not include drill cuttings, natural background radiation, byproduct material, or source material.

(Y) “Drill cuttings” means the soil, rock fragments, and pulverized material that are removed from a borehole and that may include a de minimus amount of fluid that results from a drilling process.

3748.06 License required.

(A) No facility shall handle radioactive material or radiation-generating equipment for which licensure or registration, respectively, by its handler is required by rules adopted under section 3748.04 of the Revised Code unless the facility has obtained a license or certificate of registration from the department of health.

(B) No facility shall handle radioactive material or radiation-generating equipment except in accordance with rules adopted under section 3748.04 of the Revised Code.

3748.07 License application.

(A) Every facility that proposes to handle radioactive material or radiation-generating equipment for which licensure or registration, respectively, by its handler is required shall apply in writing to the director of health on forms prescribed and provided by the director for licensure or registration. Terms and conditions of licenses and certificates of registration may be amended in accordance with rules adopted under section 3748.04 of the Revised Code or orders issued by the director pursuant to section 3748.05 of the Revised Code.

(B)(1) An applicant proposing to handle radioactive material shall pay for a license or renewal of a license the appropriate fee specified in rules adopted under section 3748.04 of the Revised Code and listed on an invoice provided by the director. The applicant shall pay the fee on receipt of the invoice.

(2)(a) Except as provided in division (B)(2)(b) of this section, until fees are established in rules adopted under division (A)(8)(b) of section 3748.04 of the Revised Code, an applicant proposing to handle radiation-generating equipment shall pay for a certificate of registration or renewal of a certificate a biennial registration fee of two hundred sixty-two dollars.

Except as provided in division (B)(2)(b) of this section, on and after the effective date of
the rules in which fees are established under division (A)(8)(b) of section 3748.04 of the Revised Code, an applicant proposing to handle radiation-generating equipment shall pay for a certificate of registration or renewal of a certificate the appropriate fee established in those rules.

The applicant shall pay the fees described in division (B)(2)(a) of this section at the time of applying for a certificate of registration or renewal of a certificate.

(b) An applicant that is, or is operated by, a medical practitioner or medical-practitioner group and proposes to handle radiation-generating equipment shall pay for a certificate of registration or renewal of a certificate a biennial registration fee of two hundred sixty-two dollars. The applicant shall pay the fee at the time of applying for a certificate of registration or renewal of the certificate.

(C) All fees collected under this section shall be deposited in the state treasury to the credit of the general operations fund created in section 3701.83 of the Revised Code. The fees shall be used solely to administer and enforce this chapter and rules adopted under it.

(D) Any fee required under this section that remains unpaid on the ninety-first day after the original invoice date shall be assessed an additional amount equal to ten per cent of the original fee.

(E) The director shall grant a license or registration to any applicant who has paid the required fee and is in compliance with this chapter and rules adopted under it.

(F) Except as provided in division (B)(2) of this section, licenses and certificates of registration shall be effective for the applicable period established in rules adopted under section 3748.04 of the Revised Code. Licenses and certificates of registration shall be renewed in accordance with the renewal procedure established in rules adopted under section 3748.04 of the Revised Code.

3748.13 Hospital quality assurance program; fees.

(A) The director of health shall inspect sources of radiation for which licensure or registration by the handler is required, and the sources’ shielding and surroundings, according to the schedule established in rules adopted under division (D) of section 3748.04 of the Revised Code. In accordance with rules adopted under section 3748.04 of the Revised Code, the director shall inspect all records and operating procedures of handlers that install or service sources of radiation and all sources of radiation for which licensure of radioactive material or registration of radiation-generating equipment by the handler is required. The director may make other inspections upon receiving complaints or other evidence of a violation of this chapter or rules adopted under it.

The director shall require any hospital registered under division (A) of section 3701.07 of the Revised Code to develop and maintain a quality assurance program for all sources of radiation-generating equipment. A certified radiation expert shall conduct oversight and maintenance of the program and shall file a report of audits of the program with the director on forms prescribed by the director. The audit reports shall become part of the inspection record.

(B)(1) Except as provided in division (B)(2) of this section, a facility shall pay inspection fees for radioactive material and radiation-generating equipment according to the schedule and categories established in rules adopted under division (A)(9) of section 3748.04 of the Revised Code.

(2) A facility that is, or is operated by, a medical practitioner or medical-practitioner group shall pay inspection fees for radiation-generating equipment according to the following schedule and categories:

<p>| First dental x-ray tube | $155.00 |</p>
<table>
<thead>
<tr>
<th>Service Description</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Each additional dental x-ray tube at the same location</td>
<td>$77.00</td>
</tr>
<tr>
<td>First medical x-ray tube</td>
<td>$307.00</td>
</tr>
<tr>
<td>Each additional medical x-ray tube at the same location</td>
<td>$163.00</td>
</tr>
<tr>
<td>Each unit of ionizing radiation-generating equipment capable of operating at or above 250 kilovoltage peak</td>
<td>$610.00</td>
</tr>
<tr>
<td>First nonionizing radiation-generating equipment of any kind</td>
<td>$307.00</td>
</tr>
<tr>
<td>Each additional nonionizing radiation-generating equipment of any kind at the same location</td>
<td>$163.00</td>
</tr>
</tbody>
</table>

(C)(1) Except as provided in division (C)(2) of this section, the fee for the inspection of a facility that proposes to handle radioactive material or radiation-generating equipment and is not licensed or registered, and for which no license or registration application is pending at the time of inspection, is four hundred seventy-four dollars plus the applicable fee specified in rules adopted under division (A)(9) of section 3748.04 of the Revised Code.

(2) For a facility that is, or is operated by, a medical practitioner or medical-practitioner group and proposes to handle radiation-generating equipment, the fee for an inspection if the facility is not licensed or registered, and no license or registration is pending at the time of inspection, is four hundred seventy-four dollars plus the fee applicable under the schedule in division (B)(2) of this section.

(D)(1) Except as provided in division (D)(2) of this section, for a facility that handles radioactive material or radiation-generating equipment, the fee for an inspection to determine whether violations cited in a previous inspection have been corrected is the amount specified in rules adopted under division (A)(9) of section 3748.04 of the Revised Code.

(2) For a facility that is, or is operated by, a medical practitioner or medical-practitioner group and handles radiation-generating equipment, the fee for an inspection to determine whether violations cited in a previous inspection have been corrected is fifty per cent of the applicable fee under the schedule in division (B)(2) of this section.

(E) The director may conduct a review of shielding plans or the adequacy of shielding on the request of a licensee or registrant or an applicant for licensure or registration or during an inspection when the director considers a review to be necessary.

(1) Except as provided in division (E)(2) of this section, the fee for the review is the applicable amount specified in rules adopted under division (A)(9) of section 3748.04 of the Revised Code.

(2) For a facility that is, or is operated by, a medical practitioner or medical-practitioner group and handles or proposes to handle radiation-generating equipment, the fee for the review is seven hundred sixty-two dollars for each room where a source of radiation is used and is in addition to any other fee applicable under the schedule in division (B)(2) of this section.

(F) All fees shall be paid to the department of health no later than thirty days after the invoice for the fee is mailed. Fees shall be deposited in the general operations fund created in section 3701.83 of the Revised Code. The fees shall be used solely to administer and enforce this chapter and rules adopted under it.

(G) Any fee required under this section that remains unpaid on the ninety-first day after the original invoice date shall be assessed an additional amount equal to ten per cent of the original fee.

(H) If the director determines that a board of health of a city or general health district is
qualified to conduct inspections of radiation-generating equipment, the director may delegate to the board, by contract, the authority to conduct such inspections. In making a determination of the qualifications of a board of health to conduct those inspections, the director shall evaluate the credentials of the individuals who are to conduct the inspections of radiation-generating equipment and the radiation detection and measuring equipment available to them for that purpose. If a contract is entered into, the board shall have the same authority to make inspections of radiation-generating equipment as the director has under this chapter and rules adopted under it. The contract shall stipulate that only individuals approved by the director as qualified shall be permitted to inspect radiation-generating equipment under the contract’s provisions. The contract shall provide for such compensation for services as is agreed to by the director and the board of health of the contracting health district. The director may reevaluate the credentials of the inspection personnel and their radiation detecting and measuring equipment as often as the director considers necessary and may terminate any contract with the board of health of any health district that, in the director’s opinion, is not satisfactorily performing the terms of the contract.

(I) The director may enter at all reasonable times upon any public or private property to determine compliance with this chapter and rules adopted under it.

3748.22 Radiation program must be self-sufficient.

Fees for administrative, regulatory, and enforcement programs established under this chapter shall be sufficient to pay all costs of those programs.

4773.03 Licenses for healthcare workers with exposure to radiation.

(A) Each individual seeking a license to practice as a general x-ray machine operator, radiographer, radiation therapy technologist, or nuclear medicine technologist shall apply to the department of health on a form the department shall prescribe and provide. The application shall be accompanied by the appropriate license application fee established in rules adopted under section 4773.08 of the Revised Code.

(B) The department shall review all applications received and issue the appropriate general x-ray machine operator, radiographer, radiation therapy technologist, or nuclear medicine technologist license to each applicant who meets all of the following requirements:

1. Is eighteen years of age or older;
2. Is of good moral character;
3. Except as provided in division (C) of this section, passes the examination administered under section 4773.04 of the Revised Code for the applicant’s area of practice;
4. Complies with any other licensing standards established in rules adopted under section 4773.08 of the Revised Code.

(C) An applicant is not required to take a licensing examination if one of the following applies to the applicant:

1. The individual is applying for a license as a general x-ray machine operator and holds certification in that area of practice from the American registry of radiologic technologists or the American chiropractic registry of radiologic technologists.
2. The individual is applying for a license as a radiographer and holds certification in that area of practice from the American registry of radiologic technologists.
3. The individual is applying for a license as a radiation therapy technologist and holds certification in that area of practice from the American registry of radiologic technologists.
4. The individual is applying for a license as a nuclear medicine technologist and holds certification in that area of practice from the American registry of radiologic technologists or the nuclear medicine technology certification board.
(5) The individual holds a conditional license issued under section 4773.05 of the Revised Code and has completed the continuing education requirements established in rules adopted under section 4773.08 of the Revised Code.

(6) The individual holds a license, certificate, or other credential issued by another state that the department determines uses standards for radiologic professions that are at least equal to those established under this chapter.

(D) A license issued under this section expires biennially on the license holder's birthday, except for an initial license which expires on the license holder's birthday following two years after it is issued. For an initial license, the fee established in rules adopted under section 4773.08 of the Revised Code may be increased in proportion to the amount of time beyond two years that the license may be valid.

A license may be renewed. To be eligible for renewal, the license holder must complete the continuing education requirements specified in rules adopted by the department under section 4773.08 of the Revised Code. Applications for license renewal shall be accompanied by the appropriate renewal fee established in rules adopted under section 4773.08 of the Revised Code. Renewals shall be made in accordance with the standard renewal procedure established under Chapter 4745 of the Revised Code.

(E)(1) A license that has lapsed or otherwise become inactive may be reinstated. An individual seeking reinstatement of a license shall apply to the department on a form the department shall prescribe and provide. The application shall be accompanied by the appropriate reinstatement fee established in rules adopted under section 4773.08 of the Revised Code.

(2) To be eligible for reinstatement, both of the following apply:

(a) An applicant must continue to meet the conditions for receiving an initial license, including the examination or certification requirements specified in division (B) or (C) of this section. In the case of an applicant seeking reinstatement based on having passed an examination administered under section 4773.04 of the Revised Code, the length of time that has elapsed since the examination was passed is not a consideration in determining whether the applicant is eligible for reinstatement.

(b) The applicant must complete the continuing education requirements for reinstatement established in rules adopted under section 4773.08 of the Revised Code.

(F) The department shall refuse to issue, renew, or reinstate and may suspend or revoke a general x-ray machine operator, radiographer, radiation therapy technologist, or nuclear medicine technologist license if the applicant or license holder does not comply with the applicable requirements of this chapter or rules adopted under it.

Terms defined in rule 3701:1-38-01 of the Administrative Code shall have the same meaning when used in this chapter except terms redefined within a given rule for use within that rule only. Additionally, the following terms as used in this chapter are defined as follows:

(A) “Access control” means a system for allowing only approved individuals to have unescorted access to the security zone and for ensuring that all other individuals are subject to escorted access.

(B) “Act” means the Atomic Energy Act of 1954 (68 Stat. 919), including any amendments thereto.

(C) “Aggregated” means accessible by the breach of a single physical barrier that would allow access to radioactive material in any form, including any devices that contain the radioactive material, when the total activity equals or exceeds a category two quantity of radioactive material.

(D) “Approved individual” means an individual whom the licensee has determined to be
trustworthy and reliable for unescorted access in accordance with rules 3701:1-37-07 to 3701:1-37-13 of the Administrative Code and who has completed the training required by paragraph (C) of rule 3701:1-37-15 of the Administrative Code.

(E) “Background investigation” means the investigation conducted by a licensee or applicant to support the determination of trustworthiness and reliability.

(F) “Carrier” means a person engaged in the transportation of passengers or property by land or water as a common, contract, or private carrier, or by civil aircraft.

(G) “Category one quantity of radioactive material” means a quantity of radioactive material meeting or exceeding the category one threshold in Table 1 of Appendix A to this rule. This is determined by calculating the ratio of the total activity of each radionuclide to the category one threshold for that radionuclide and adding the ratios together. If the sum is equal to or exceeds one, the quantity would be considered a category one quantity. Category one quantities of radioactive material do not include the radioactive material contained in any fuel assembly, subassembly, fuel rod, or fuel pellet.

(H) “Category two quantity of radioactive material” means a quantity of radioactive material meeting or exceeding the category two threshold but less than the category one threshold in Table 1 of Appendix A to this rule. This is determined by calculating the ratio of the total activity of each radionuclide to the category two threshold for that radionuclide and adding the ratios together. If the sum is equal to or exceeds one, the quantity would be considered a category two quantity. Category two quantities of radioactive material do not include the radioactive material contained in any fuel assembly, subassembly, fuel rod, or fuel pellet.

(I) “Commission” means the U.S. nuclear regulatory commission or its duly authorized representatives.

(J) “Diversion” means the unauthorized movement of radioactive material subject to this chapter to a location different from the material's authorized destination inside or outside of the site at which the material is used or stored.

(K) “Escorted access” means accompaniment while in a security zone by an approved individual who maintains continuous direct visual surveillance at all times over an individual who is not approved for unescorted access.

(L) “Fingerprint orders” means the orders issued by the U.S. nuclear regulatory commission or the legally binding requirements issued by agreement states that require fingerprints and criminal history records checks for individuals with unescorted access to category one and category two quantities of radioactive material or safeguards information-modified handling.

(M) “Government agency” means any executive department, commission, independent establishment, corporation, wholly or partly owned by the United States of America which is an instrumentality of the United States, or any board, bureau, division, service, office, officer, authority, administration, or other establishment in the executive branch of the government.

(N) “License issuing authority” means the licensing agency that issued the license, i.e. the U.S. nuclear regulatory commission or the appropriate agency of an agreement state.

(O) “Local law enforcement agency” or “LLEA” means a public or private organization that has been approved by a federal, state, or local government to carry firearms and make arrests, and is authorized and has the capability to provide an armed response in the jurisdiction where the licensed category one or category two quantity of radioactive material is used, stored, or transported.

(P) “Mobile device” means a piece of equipment containing licensed radioactive material that is either mounted on wheels or casters, or otherwise equipped for moving without a need for disassembly or dismounting; or designed to be hand carried. Mobile devices do not include stationary equipment installed in a fixed location.

(Q) “Movement control center” means an operations center that is remote from transport activity and that maintains position information on the movement of radioactive material.
receives reports of attempted attacks or thefts, provides a means for reporting these and other problems to appropriate agencies and can request and coordinate appropriate aid.

(R) “No-later-than arrival time” means the date and time that the shipping licensee and receiving licensee have established as the time at which an investigation will be initiated if the shipment has not arrived at the receiving facility. The no-later-than-arrival time may not be more than six hours after the estimated arrival time for shipments of category two quantities of radioactive material.

(S) “Reviewing official” means the individual who shall make the trustworthiness and reliability determination of an individual to determine whether the individual may have, or continue to have, unescorted access to the category one or category two quantities of radioactive materials that are possessed by the licensee.

(T) “Sabotage” means deliberate damage, with malevolent intent, to a category one or category two quantity of radioactive material, a device that contains a category one or category two quantity of radioactive material, or the components of the security system.

(U) “Safe haven” means a readily recognizable and readily accessible site at which security is present or from which, in the event of an emergency, the transport crew can notify and wait for the local law enforcement authorities.

(V) “Security zone” means any temporary or permanent area determined and established by the licensee for the physical protection of category one or category two quantities of radioactive material.

(W) “State” means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(X) “Telemetric position monitoring system” means a data transfer system that captures information by instrumentation and/or measuring devices about the location and status of a transport vehicle or package between the departure and destination locations.

(Y) “Trustworthiness and reliability” are characteristics of an individual considered dependable in judgment, character, and performance, such that unescorted access to category one or category two quantities of radioactive material by that individual does not constitute an unreasonable risk to the public health and safety or security. A determination of trustworthiness and reliability for this purpose is based upon the results from a background investigation.

(Z) “Unescorted access” means solitary access to an aggregated category one or category two quantity of radioactive material or the devices that contain the material.

(AA) “United States”, when used in a geographical sense, includes Puerto Rico and all territories and possessions of the United States.

3701:1-37-03 Scope of radioactive materials licensing program.

(A) Rules 3701:1-37-07 to 3701:1-37-22 of the Administrative Code apply to any person who, under the rules of this chapter, possesses or uses at any site, an aggregated category one or category two quantity of radioactive material.

(B) Rules 3701:1-37-23 to 3701:1-37-28 of the Administrative Code apply to any person who, under the rules of this chapter:

1. Transports or delivers to a carrier for transport in a single shipment, a category one or category two quantity of radioactive material; or
2. Imports or exports a category one or category two quantity of radioactive material; the provisions only apply to the domestic portion of the transport.

3701:1-37-05 Immediate notification regarding radioactive materials.

Immediate notifications required by this chapter shall be made by telephone to the Ohio
Chapter 11. Environmental, Radiation and Workplace
Part III. Radiation: Licensees, Materials, and Devices

department of health at (614) 644-2727.

3701:1-37-22 Reporting of radioactive material attempted or actual theft, sabotage, or diversion.

(A) The licensee shall immediately notify the LLEA after determining that an unauthorized entry resulted in an actual or attempted theft, sabotage, or diversion of a category one or category two quantity of radioactive material. As soon as possible after initiating a response, but not at the expense of causing delay or interfering with the LLEA response to the event, the licensee shall notify the director in accordance with rule 3701:1-37-05 of the Administrative Code. In no case shall the notification to the director be later than four hours after the discovery of any attempted or actual theft, sabotage, or diversion.

(B) The licensee shall assess any suspicious activity related to possible theft, sabotage, or diversion of category one or category two quantities of radioactive material and notify the LLEA as appropriate. As soon as possible but not later than four hours after notifying the LLEA, the licensee shall notify the director in accordance with rule 3701:1-37-05 of the Administrative Code.

(C) The initial telephonic notification to the director required by paragraph (A) of this rule must be followed within a period of thirty days by a written report submitted to the director by an appropriate method listed in rule 3701:1-37-04 of the Administrative Code. The report must include sufficient information for director analysis and evaluation, including identification of any necessary corrective actions to prevent future instances.

3701:1-38-02 Fees for inspection, application, amendment, and renewal of radioactive material sources of radiation.

[Editor’s Note: Fees and inspection schedulers are listed in the appendices, available at http://www.odh.ohio.gov/rules/final/finalrules.aspx.]

(A) As used in this rule, “facility” has the meaning defined in division (H) of section 3748.01 of the Revised Code and the following:

1. All buildings, equipment, structures, and other stationary items that are located on a single site or on contiguous or adjacent sites and that are operated by the same person and have common corporate or business interests; and
2. Portions of a building or structure which are operated by the same person and have common corporate or business interests.

(B) Notwithstanding the definition of “facility,” the director may consider sites that are not contiguous or adjacent as one facility provided that:

1. The sites are operated by the same person;
2. The sites are in the same license category or categories;
3. The applicant for a license provides for one radiation safety officer, and if applicable, one radiation safety committee, as responsible for all sites; and
4. The director is reasonably satisfied from the information provided in the application that the applicant will adequately control radioactive material at all sites listed in the application.

(a) Unless the director has information of violations of Chapter 3748 of the Revised Code or the rules adopted thereunder at one or more sites, the director shall presume the applicant will adequately control radioactive material at all sites if the sites are located not more than twenty miles driving distance apart as documented by the licensee, and if all sites are within a twenty mile radius from the main site as designated on the license.

(b) The director shall continue to renew a license issued under this paragraph that contains all the sites listed thereon provided the licensee demonstrates continued compliance.
Chapter 11. Environmental, Radiation and Workplace
Part III. Radiation: Licensees, Materials, and Devices

with this paragraph, Chapter 3748 of the Revised Code, and the rules adopted thereunder.

(C) Every facility that handles radioactive material in any license category as specified in appendix A to this rule for which licensure is required shall apply for a license, license amendment, or license renewal in accordance with this rule. Application for a license, license amendment, or license renewal shall be made on any format prescribed and provided by the director. Licenses shall be issued in accordance with the requirements of Chapter 3748 of the Revised Code, and the rules adopted thereunder. Except as otherwise provided in this rule, a license shall expire five years from the date of issuance.

(1) As used in this paragraph, site means an address of use listed on the license. Temporary job sites are exempted.

(a) Any individual applying for a new license with one or more additional sites or a current licensee amending a license to add one or more additional sites that are located more than twenty miles from the main site shall pay an additional site fee for each such site as follows:

(i) The additional site fee(s) shall be seventy-five percent of the applicable annual fee, as those fees are set forth in paragraphs (D), (F), and (J) of this rule.

(ii) Additional site fees will be invoiced annually with the annual fee.

(b) Broad scope licensees are exempt from paragraph (C)(1)(a) of this rule.

(2) As used in this paragraph, “service” means activities performed by a person, other than a worker as defined in rule 3701:1-38-01 of the Administrative Code, pursuant to an agreement with the facility to perform activities that deal with sources of radiation for the facility.

(a) These activities include, but are not limited to the following:

(i) Conduct leak tests;

(ii) Calibrate survey instruments;

(iii) Provide quality control tests;

(iv) Conduct surveys, characterization, and/or remediation activities;

(v) Manage the disposal of radioactive waste for other persons; or

(vi) Install sources or devices or change sources within a device.

(b) License categories affected are:

(i) 3219 - decontamination services;

(ii) 3220 - leak test service;

(iii) 3221 - instrument calibration service only - source less than 3.7 terabecquerels (one hundred curies);

(iv) 3222 - instrument calibration service only - source equal to or greater than 3.7 terabecquerels (one hundred curies);

(v) 3223 - leak test and instrument calibration - source less than 3.7 terabecquerels (one hundred curies);

(vi) 3224 - leak test and instrument calibration - source equal to or greater than 3.7 terabecquerels (one hundred curies);

(vii) 3225 - other services - including teletherapy, irradiator, and gauge service;

(viii) 3232 - waste disposal service prepackaged only;

(ix) 3233 - waste disposal service - incineration; and

(x) 3234 - waste disposal service processing and/or repackaging.

(D) A radioactive materials license issued by the department may, at the discretion of the director, have more than one license category on any one specific license. A licensee may have more than one radioactive materials license. Except as otherwise provided in paragraph (J) of this rule, the annual fee for a radioactive material license shall be in an amount in accordance with appendix A to this rule.

(1) Upon receipt of an application for a new radioactive material license, the department will issue an invoice for the appropriate fee specified in appendix A to this rule or paragraph (J) of this rule. Annual fees will be invoiced based on the month of the license expiration date and
the invoice will state that the fee is due thirty days after the date of the invoice. License fees are not refundable.

(2) An applicant for a new or a renewal or amendment of a radioactive material license must submit a complete application before the director will finalize the review of the application. A complete application is one in which the applicant has provided all the information requested by the director, including any additional information requested after receipt of the application package.

(3) Upon receipt of an application for a license amendment, the department will issue an invoice for the appropriate fee for the proposed amendment as specified in appendix A to this rule. If the amendment is to change the license from operational phase to storage of sealed sources only incident to disposal of the sources, after the amendment the annual fee for the license shall be reduced to fifty per cent of the fee for the operational phase of the license, provided that the sources continue to be in safe storage and leak tested as provided by license condition for the specific sources in storage. The inspection frequency will remain the same as that for the operational phase of the license until after source disposal.

(4) The applicant for a new, or renewal or amendment of a radioactive materials license shall provide to the director all additional information requested within sixty days from the date of the information request. If the director does not receive the requested information within the stated time period, the director may consider the application abandoned. Any further consideration of a new license, or a renewal or amendment of a license shall be pursuant to another application.

(5) The director shall grant a new license, license amendment, or license renewal to any applicant who has submitted a complete application and is in compliance with Chapter 3748 of the Revised Code and the rules adopted thereunder.

(6) When an amendment to a license results in a change to a license category with a higher fee, the licensee will be charged the higher of the two amendment fees for that category. The annual fee for the licensee will escalate to the new category fee on the date of the next annual invoice.

(7) The director shall charge a fee for minor license amendments that do not require review by members of the technical staff at a rate of one hundred dollars per amendment provided that no licensee shall be required to pay more than one thousand dollars for minor amendments in any calendar year. Minor amendments include, but are not limited to, adding a new gauge of the same type already licensed unless that additional gauge increases the license or inspection fee, a corporate name change if the corporate ownership does not change, adding a user name that does not require review of education and experience, and corporate address change if the location of the use of the radioactive material does not change. Amendments to change the radiation safety officer or the chair or members of the radiation safety committee that require review of education or experience are not minor amendments.

(8) License terminations shall be handled as follows:
   (a) Except as provided in paragraph (D)(8)(c) of this rule, a termination fee of five hundred dollars or fifty per cent of the annual fee, whichever is less, will be invoiced upon written request from the licensee for termination of the license. This fee is not refundable.
   (b) Except as provided in paragraph (D)(8)(c) of this rule, if the termination cost, as determined by paragraph (M) of this rule, exceeds the termination fee in paragraph (D)(8)(a) of this rule, the remainder of the termination expense will be assessed at full cost.
   (c) If the license termination would be covered under paragraph (D)(9) of this rule, that paragraph will be used for the termination process.
   (d) The license termination process will not be completed until the licensee is in compliance with all rules, including payment of fees.

(9) Licenses, and other approvals related to the licensed activity requiring decommissioning, decontamination, reclamation, site restoration, or long-term care due to the
continued presence of radioactive materials shall be charged an annual fee based on the
approved decommissioning funding plan as specified in appendix B to this rule.
   (a) A decommissioning plan must be approved by the department. Prior to approval of
the decommissioning plan the licensee must submit an amendment requesting
decommissioning. Until the amendment is approved the licensee’s annualized license fee will be
reduced by fifty per cent. After approval of the amendment containing the decommissioning
plan, the licensee will be invoiced at the annual fee specified in appendix B to this rule.
   (b) The annual fee specified in appendix B to this rule is based on the cost of
decommissioning. The fee is payable within thirty days of mailing of an invoice by the
department.
   (c) Routine decommissioning oversight by the department will be charged against the
annual amount received and additional invoices will not be issued unless the cost of activities
exceeds the annual amount in any given year.
   (d) The facility shall receive a monthly statement of items and amounts charged against
the annual fee.
   (e) If the cost of additional activities arise that require use of additional staff, including
any consulting service that exceeds the amount of the annual fee paid by the licensee, these
additional costs will be included in any invoice as separate items invoiced for the full cost of the
oversight by additional staff or consultants. Oversight activities will be performed at a frequency
which adequately monitors health, safety, and the environment.
   (f) When the approved decommissioning plan is less than one hundred thousand dollars,
the licensee will remain in the current license category and continue to pay the required annual
fee specified in appendix A to this rule during decommissioning. Inspections of these licensees
will be done as non-routine inspections. Non-routine inspection fees will not be applied until the
number of decommissioning inspections performed exceed the inspections that would have
been performed if the licensee had not chosen the decommissioning option.
   (g) When the licensee has completed the decommissioning, and the director has
determined that the licensee cannot terminate the license as provided by the Administrative
Code, Chapter 3748 of the Revised Code or the rules adopted thereunder, but the licensee has
successfully completed the decommissioning of the operation as required by the approved
decommissioning plan, the director will amend the license to a decommissioning/possession
only license. The annual fee for a decommissioning/possession only license is provided in
appendix B to this rule.
   (E) Licenses shall be renewed in accordance with the standard renewal procedure
established in Chapter 4745 of the Revised Code, except that a licensee, other than a broad
scope licensee, shall apply for renewal of the license ninety days prior to the expiration date of
the current license and broad scope licensees shall apply for renewal of their license one
hundred eighty days prior to expiration.
   (F) The annual fee is listed in appendix A to this rule “column 5” for a new license or
“column 6” for a renewal license. To recover the costs of oversight activities where radioactive
material is found in the public domain and there is no evident individual that is determined to be
responsible, a surcharge of 5.25 per cent has been included in the annual fee listed in “column
5” and “column 6” of appendix A to this rule.
   (G) The department shall charge an inspection fee for all non-routine inspections. A non-
routine inspection is defined as any inspection that the department conducts in addition to the
scheduled routine inspections and one follow-up inspection if necessary. Non-routine
inspections include, without limitation:
   (1) An inspection performed as a result of an incident;
   (2) Any pre-license inspections for a new license applicant when the director determines
that an inspection is necessary to assess the adequacy of the information provided in the
application;
(3) Inspections prior to license amendment, category change, or termination;
(4) An inspection performed at a facility that results in the issuance of an adjudication order by the director; or
(5) Other enforcement or regulatory inspections, not specified above, that the director determines is necessary to assess compliance with Chapter 3748 of the Revised Code.

(H) The fee for a non-routine inspection shall be based on the actual cost for conducting the inspection which shall include:
(1) An hourly charge of seventy dollars per staff person assigned to the inspection, except staff participating as training will not be included in the charges;
(2) An administrative fee of three hundred thirty dollars;
(3) All necessary laboratory analysis costs for samples collected by department personnel; and
(4) Any staff travel costs which shall be calculated in accordance with rule 126-01-02 of the Administrative Code.

(I) All fees invoiced as provided within this rule, including full cost, routine, and non-routine inspection fees, shall be paid within thirty days of the invoice date specified on the invoice. In accordance with sections 3748.07 and 3748.13 of the Revised Code, any fee that remains unpaid on the ninety-first day after the original invoice date shall be assessed an additional amount equal to ten per cent of the original fee.

(1) The department shall mail invoices by ordinary U.S. mail to the most recent address provided by the licensee.
(2) The department shall maintain a list of the invoices issued and date mailed.

(J) Notwithstanding paragraph (D) of this rule, the department shall charge the following types of licensees reduced license fees in the following specified amounts:
(1) A private entity that provides services, does not engage in manufacturing, and that has three hundred fifty thousand to two million dollars in gross annual receipts, shall pay a total license fee of seventy-five per cent of the amount specified for that use of radioactive materials in appendix A to this rule.
(2) A private entity that provides services, does not engage in manufacturing, and that has less than three hundred fifty thousand dollars in gross annual receipts shall pay a total license fee of fifty per cent of the amount specified for that use of radioactive material in appendix A to this rule.
(3) A private entity that engages in manufacturing and that has thirty-five to two hundred employees, irrespective of gross annual receipts, shall pay a total license fee of seventy-five per cent of the amount specified for that use of radioactive material in appendix A to this rule.
(4) A private entity that engages in manufacturing and that has less than thirty-five employees, irrespective of gross annual receipts, shall pay a total license fee of fifty per cent of the amount specified for that use of radioactive material in appendix A to this rule.
(5) A nonprofit entity that has gross annual receipts of three hundred fifty thousand dollars or less shall pay a total license fee of seventy-five per cent of the amount specified for that use of radioactive material as specified in appendix A to this rule.
(6) A nonprofit entity that has gross annual receipts of less than three hundred fifty thousand dollars shall pay a total license fee of fifty per cent of the amount specified for that use of radioactive material as specified in appendix A to this rule.
(7) A government jurisdiction or district with a population of twenty thousand to fifty thousand shall pay a total license fee of seventy-five per cent of the amount specified for that use of radioactive material as specified in appendix A to this rule.
(8) A government jurisdiction or district with a population of less than twenty thousand shall pay a total license fee of fifty per cent of the amount specified for that use of radioactive materials as specified in appendix A to this rule.
(9) A health district as defined in section 3709.01 of the Revised Code shall pay a total
license fee of twenty-five per cent of the amount specified in appendix A to this rule.

(10) An accredited private or public college or university possessing or using radioactive material in a sealed or unsealed source solely as a part of a college or university course supported by tuition and leading to an accredited degree, but excluding clinical training, shall pay a total license fee as set forth for category “1129” as that amount is specified in appendix A to this rule.

The reduced annual fees specified in this paragraph do not apply to any other fees that a licensee may be required to pay under Chapter 3748 of the Revised Code or rules adopted thereunder. Licensees shall provide certification of their compliance with the provisions of paragraphs (J)(1) to (J)(6) of this rule upon initial application and renewal.

(K) The director may modify the inspection frequency of licensed facilities based upon the performance of the facility.

(L) In accordance with section 3748.22 of the Revised Code, the department shall charge fees sufficient to cover all costs of regulatory, administrative, and enforcement activities conducted pursuant to Chapter 3748 of the Revised Code. The director shall recommend to the radiation advisory council and the public health council changes in the radioactive materials fees if the director finds that fees do not meet the requirements of section 3748.22 of the Revised Code.

(M) Fees for those categories listed as “full cost” such as decommissioning activities, for either partial, building or selected area of a licensed site, or full decommissioning leading to license amendment, category change, or termination and for review of sources and/or devices shall be specified as “full cost” and shall be calculated as the sum of the seventy dollar hourly charge per staff member for the number of hours spent on document review and preparation, licensing, inspection, meetings, teleconferences, in travel, administrative time, the cost of any special contractors as determined necessary by the director, any environmental monitoring for radioactive materials and laboratory analysis, any other associated activities. The administrative fee from paragraph (H)(2) of this rule shall be used for administrative time. Travel expenses shall also be invoiced and shall be calculated at the rate determined by rule 126-1-02 of the Administrative Code. These fees will be invoiced monthly.

(N)

(1) Reciprocity to engage in activities in the state of Ohio which involve radioactive materials may be authorized provided:

(a) The person requesting reciprocity possesses a valid radioactive materials license issued by another agreement state or the United States nuclear regulatory commission which authorizes the same activities proposed to be conducted in Ohio;

(b) The request for reciprocity is made by submission of a completed reciprocity application provided by the director, a copy of the person’s radioactive materials license, and payment of the reciprocity fee specified in appendix A to this rule;

(c) The duration of activities to be performed in Ohio under reciprocity does not exceed one hundred eighty days in any one calendar year.

(2) A person who has been granted reciprocity in Ohio shall notify the director at least three business days in advance of each time the person proposes to begin a new use of radioactive materials in the state of Ohio, with the notification made on a form provided by the director.

(3) Activities conducted in Ohio under reciprocity are subject to inspection by the department at any time and the department shall invoice a reciprocity inspection fee of one thousand dollars for each inspection of a person’s authorized reciprocity activities.

(4) Reciprocity is authorized for one calendar year, beginning on January first or later date when reciprocity is initially applied for, and ending on December thirty-first.

(5) A person who is authorized reciprocity shall apply for an Ohio radioactive materials license at least thirty days prior to exceeding one hundred eighty days of activities in Ohio.
(O) Requests for safety evaluation of devices, products, or sealed sources used for radioactive materials either for commercial distribution or manufactured in accordance with the unique specifications of, and for use by, a single applicant shall be submitted to the director on a form provided by the director for that review prior to manufacture or commercial distribution.

(1) The application shall specify a license amendment for one of the areas listed below:
   (a) Safety evaluation of sealed sources or devices or products containing NARM, byproduct material, source material, or special nuclear material (less than critical mass) for commercial distribution.
   (b) Safety evaluation of sealed sources or devices or products containing NARM, byproduct material, source material, or special nuclear material (less than critical mass) manufactured in accordance with the unique specifications of, and for use by, a single applicant.

(2) The amendment fee for a source or device review shall be “full cost” as outlined in paragraph ((M) of this rule.

(3) The amendment fee in appendix A to this rule for categories under manufacturing and distribution shall be for amendments other than source or device reviews.

(4) Licensees for categories 3211, 3212, 3213, 3214, and 22162 shall pay an annual surcharge of six hundred fifty dollars to cover administrative costs of overall maintenance activities associated with source or device data submitted to the United States nuclear regulatory commission. This surcharge is included in the annual fee for the above listed categories in “column 5” and “column 6” of appendix A to this rule.

(P) When considered necessary by the director, the director may conduct a review of shielding plans or the adequacy of shielding. The director may also conduct such a review upon the request of the licensee or the applicant for a license. The applicant or licensee shall pay a fee for review of shielding plans or adequacy of shielding as specified in paragraph (M) of this rule.

(Q) Individuals with implanted pacemakers that have a radioactive source will not be charged an annual fee as an individual because of the necessity of possessing the device. Unless the director determines other provisions are required, the medical institution that implanted the device shall hold the license for the individual.

(R) If, because of the complexity of a review, such as that for a sealed source or device, decommissioning, license, or incident, it is necessary to obtain the services of a consultant to assist in a final determination, the licensee or applicant will be invoiced for the consulting services.

(S) Licensees with general licenses requiring an annual report to the director shall submit the report with a fee of four hundred twenty dollars within thirty days of mailing an invoice by the department and are subject to late penalties in paragraph (I) of this rule. If a facility has a specific license which is in a category that would include the generally licensed material, the facility may add the generally licensed material to the specific license and will not be charged the additional fee for that generally licensed material. Annual reports are required for devices under a general license containing radionuclides at or above activities listed in paragraph (C)(13) of rule 3701:1-46-05 of the Administrative Code.

3701:1-38-03 Application and renewal of registrations for handlers of radiation-generating equipment.

(A) As used in this rule, “facility” means the state, any political subdivision, person, public or private institution, or group, or any unit of one of those entities, but does not include the federal government agencies, and includes the following:

(1) All buildings, equipment, structures and other stationary items that are located on a single site or on contiguous or adjacent sites and that are operated by the same person and have common corporate or business purposes; and
(2) Portions of a building or structure which are operated by the same person and have common corporate or business purposes.

(B) Notwithstanding the definition of “facility,” the director may consider sites that are not contiguous or adjacent as one facility provided that:

(1) The sites are operated by the same person;

(2) The sites are of the same facility type as categorized in paragraph (B) of rule 3701:1-38-04 of the Administrative Code;

(3) The applicant for a registration provides for one individual responsible for radiation protection and implementing quality assurance procedures and policies necessary for effective compliance with Chapter 3748 of the Revised Code and rules adopted thereunder, and if applicable, one quality assurance committee, as responsible for all sites; and

(4) The director is reasonably satisfied from the information provided in the application that the applicant will adequately control the radiation-generating equipment at all sites listed in the application. Unless the director has information of violations of Chapter 3748 of the Revised Code or the rules adopted thereunder at one or more sites, he or she shall presume the applicant will adequately control the radiation-generating equipment at all sites if the sites are located not more than five miles apart.

The director shall continue to renew a registration issued under this paragraph that contains all the sites listed thereon provided the registrant demonstrates continued compliance with this paragraph, Chapter 3748 of the Revised Code, and the rules adopted thereunder.

(C) Except as provided in paragraph (D) of this rule, every facility that proposes to handle radiation-generating equipment shall apply for a registration at least thirty days prior to handling the equipment. Registration is required for dental, medical, therapeutic, and non-medical radiation-generating equipment. Application for a registration or renewal thereof shall be made on a form prescribed and provided by the director and shall be accompanied by a non-refundable registration fee in accordance with section 3748.07 of the Revised Code. The application shall include the name and qualifications of the individual designated as responsible and readily available for radiation protection and implementing quality assurance policy and procedures necessary for assuring compliance with Chapter 3748 of the Revised Code and rules adopted thereunder. Registrations shall expire two years from the date of issuance.

Registration certificates are not transferable. If a facility is sold or otherwise transferred to another person after a certificate of registration has been issued, the new handler is required to apply and receive a new registration certificate for the radiation-generating equipment.

(D) Facilities do not need to register the following types of radiation-generating equipment:

(1) Electronic equipment that produces ionizing radiation incidental to its operation for other purposes, if the exposure rate averaged over an area of ten square centimeters does not exceed one-half milliroentgen per hour at a distance of five centimeters from any accessible surface of such equipment; or

(2) Radiation-generating equipment that is already registered under Chapter 3748 of the Revised Code by its possessor.

(E) An applicant for a registration shall submit to the director a complete application for registration on a form provided by the director together with the required registration fee. The application shall contain all the information required on the form and accompanying instructions. The applicant for a registration shall provide to the director within thirty days of receipt of the request, all additional requested information. If the director does not receive the requested information within the thirty days, the director may consider the application abandoned. Any further consideration for a new registration shall be pursuant to another application accompanied by another nonrefundable registration fee.

(F) The director shall grant a new registration or renewal to any applicant who has submitted a complete application, paid the registration fee, and is in compliance with applicable
rules adopted under Chapter 3748 of the Revised Code.

(G) Registrations shall be renewed in accordance with the standard renewal procedure established in Chapter 4745 of the Revised Code. The registrant shall apply for renewal at least thirty days prior to the expiration of the registration.

(H) Any handler that assembles, installs, or disposes of radiation-generating equipment within this state shall notify the director, in writing, at least quarterly of such actions.

Each report shall contain the name and address of the facility that received equipment; the manufacturer, model, and serial number of the x-ray tube or x-ray generator transferred, disposed of, or installed; and the date of transfer, disposal, or installation of the radiation-generating equipment.

The state copy of the United States department of health and human services, food and drug administration “Report of Assembly of a Diagnostic X-ray System” form, used for reporting diagnostic x-ray systems which contain certified components, may be used to meet the notification requirements for this rule.

(I) No handler shall transfer, service, or install radiation-generating equipment or the components used in connection with such equipment unless such components and equipment, when properly placed in operation and used, meet the requirements of this chapter and all applicable requirements of Chapter 3701:1-66 or 3701:1-67 of the Administrative Code.

(J) The registrant shall notify the director, in writing, fifteen days prior to making any change which would render the information contained in the application for registration or registration certificate no longer accurate.

(K) Notwithstanding any other requirements of this rule, out-of-state owners of radiation-generating equipment who:

1. Operate the radiation-generating equipment within Ohio are required to:
   (a) Possess a valid Ohio registration;
   (b) Provide written notification three days prior to the dates when the radiation-generating equipment will be used in Ohio; and
   (c) Assure that the operation of the radiation-generating equipment complies with all applicable rules in Chapters 3701:1-38, 3701:1-66, 3701:1-67, and 3701-72 of the Administrative Code.

2. Solely transport the radiation-generating equipment to an Ohio facility to be operated by the Ohio facility are not required to register. The Ohio facility using the radiation-generating equipment shall:
   (a) Possess a valid Ohio registration;
   (b) Provide written notification three days prior to the dates when the radiation-generating equipment will be used in Ohio; and
   (c) Verify that the operation of the radiation-generating equipment complies with all applicable rules in Chapters 3701:1-38, 3701:1-66, 3701:1-67, and 3701-72 of the Administrative Code.

(L) Any facility found as an unregistered handler shall be notified by the director that registration is required pursuant to the requirements of paragraph (C) of this rule. Any such facility that does not apply for registration within ten business days of receiving a notice to register shall be inspected by the department. The unregistered handler shall pay the fee required by section 3748.13 of the Revised Code.

A facility that handles radiation-generating equipment and engages in activities involving the use of radiation-generating equipment that does not obtain an Ohio registration as required by this rule is subject to the fee for the inspection of an unregistered handler specified in section 3748.13 of the Revised Code.
3701:1-38-04 Radiation generating equipment inspection schedule and inspection fee.

[Editor’s Note: Fees and inspection schedules are listed in the appendices, available at http://www.odh.ohio.gov/rules/final/finalrules.aspx.]

(A) Each handler shall afford the director, at all reasonable times, opportunity to inspect radiation-generating equipment and equipment shielding, surroundings, records and other equipment and devices used in connection with handling radiation-generating equipment. Each handler also shall perform, as requested by the director, such tests as the director determines may be necessary for the handler to demonstrate compliance with the requirements of Chapter 3748 of the Revised Code and rules adopted thereunder and to evaluate the extent of radiation hazards that may be present.

(B) The director shall routinely inspect radiation-generating equipment unless that equipment is registered as in storage and rendered inoperable. Routine inspections shall be conducted according to the schedule by facility category listed in appendix A to this rule.

(C) Notwithstanding the inspection frequencies specified in paragraph (B) of this rule, radiation-generating equipment capable of operating at or above two hundred fifty kilovoltage peak may be inspected every twelve months irrespective of facility category.

(D) The director may modify the inspection frequency of a registered facility based upon the performance of the facility.

(E) In addition to any inspections required under this rule, inspections of new or newly installed radiation-generating equipment may be performed within twelve months of installation of the equipment.

(F) Non-routine or special inspections of facilities may be conducted by the director upon receiving complaints or other evidence of violation of the requirements of Chapter 3748 of the Revised Code or rules adopted thereunder, or orders of the director issued pursuant thereto.

(G) Any handler of radiation-generating equipment that is a medical practitioner or a corporation, partnership, or other business entity consisting of medical practitioners, other than a hospital as defined in section 3727.01 of the Revised Code, shall pay to the department of health an inspection fee according to the schedule and categories listed in appendix B to this rule. For purposes of this section “medical practitioner” means a person authorized to practice dentistry pursuant to Chapter 4715 of the Revised Code; medicine and surgery, osteopathic medicine and surgery, or podiatry pursuant to Chapter 4731 of the Revised Code; or chiropractic pursuant to Chapter 4734 of the Revised Code.

(H) Except as otherwise provided in paragraph (G) of this rule, all handlers of radiation-generating equipment shall pay an inspection fee according to the schedule listed in appendix C to this rule.

(I) In accordance with division (B) of section 3748.13 of the Revised Code, the fee for the inspection of a facility that does not possess or that has not applied for registration and for which registration is required, shall pay the amount required in division (B) of section 3748.13 of the Revised Code plus any required amount specified under paragraph (G) or (H) of this rule.

(J) In accordance with section 3748.13 of the Revised Code, the fee for any inspection to determine whether notice of violations cited in a previous inspection have been corrected is fifty per cent of the fee specified in paragraphs (G) and (H) of this rule. Inspections to determine compliance with a notice of violation issued pursuant to paragraph (A) of rule 3701:1-38-06 of the Administrative Code may include, but is not limited to, compliance reviews done off-site.

3701:1-38-09 Inspection and investigation.

(A) Each licensee or registrant shall afford to the department at all reasonable times, the opportunity to inspect materials, machines, activities, facilities, premises, and records and any
other matters relative to the handling of radioactive material or radiation-generating equipment.

(1) During an inspection, department inspectors may consult privately with workers as specified in paragraph (B) of this rule. The licensee or registrant may accompany department inspectors at any other time during the inspection.

(2) If, at the time of inspection, an individual has been authorized by the workers to represent them during department inspections, the licensee or registrant shall notify the inspector of such authorization and shall give the worker’s representative an opportunity to accompany the inspector during the inspection of physical working conditions. Each worker’s representative shall be routinely engaged in licensed or registered activity under control of the licensee or registrant and shall have received instructions as to the provisions specified in paragraph (B) of rule 3701:1-38-10 of the Administrative Code. Different representatives of licensees or registrants and workers may accompany the inspectors during different phases of an inspection if there is no resulting interference with the conduct of the inspection. However, only one worker’s representative at a time may accompany an inspector.

(3) With the approval of the licensee or registrant and the worker’s representative, an individual who is not routinely engaged in work under control of the licensee or registrant, for example, a consultant to the licensee or registrant or to the worker’s representative, shall be afforded the opportunity to accompany the department inspector during the inspection of physical working conditions.

(4) Notwithstanding any other provision in paragraph (A) of this rule, a department inspector may refuse to permit accompaniment by any individual who deliberately interferes with a fair and orderly inspection. With regard to areas containing information classified by an agency of the United States government in the interest of national security, an individual who accompanies an inspector may have access to such information only if properly authorized. With regard to any area containing proprietary information or trade secrets, the worker’s representative for that area shall be an individual previously authorized by the licensee or registrant to enter that area.

(B) Private consultation between a department inspector and a worker during inspections shall be subject to the following:

(1) A department inspector may consult privately with workers concerning matters of occupational radiation protection and other matters related to applicable provisions of a license condition, order, or rules adopted pursuant to Chapter 3748 of the Revised Code.

(2) During the course of an inspection, any worker privately may bring to the attention of a department inspector, either orally or in writing, any past or present condition which the worker has reason to believe may have contributed to or caused any violation of rules adopted pursuant to Chapter 3748 of the Revised Code, license condition, order, or any unnecessary exposure of an individual to sources of radiation under the licensee’s or registrant’s control. Any such notice in writing shall comply with the requirements specified in paragraph (C) of this rule. The provisions of this paragraph shall not be interpreted as authorization to disregard instructions pursuant to paragraph (B) of rule 3701:1-38-10 of the Administrative Code.

(C) Requests by workers for a department inspection shall be in accordance with the following:

(1) Any worker or representative of workers believing that a violation of Chapter 3748 of the Revised Code or rules adopted thereunder, license condition or order, or any unnecessary exposure of an individual to sources of radioactive material or radiation-generating equipment under the licensee’s or registrant’s control has occurred in the handling of radioactive material or radiation-generating equipment relative to working conditions may request an inspection by giving notice of the alleged violation to the director. Any such notice shall be in writing, shall set forth the specific grounds for the notice, and shall be signed by the worker or representative of the workers. A copy shall be provided to the licensee or registrant by the department no later than at the time of inspection except that, upon the request of the worker giving such notice,
such worker's name and the name of individuals referred to therein shall not appear in such copy or on any record published, released, or made available by the department, except for good cause shown.

(2) If, upon receipt of such notice, the director determines that the written complaint meets the requirements specified in paragraph (C)(1) of this rule and that the director determines that there are reasonable grounds to believe that the alleged violation exists or has occurred or that further investigation is necessary, the department shall inspect the facility as soon as practicable to determine if such alleged violation exists or has occurred. Any such inspection is not limited to matters referred to in the written complaint.

(3) The department shall notify the complainant in writing of the results of the investigation. The complainant may resubmit the written complaint without prejudice.

(D) If the department determines under paragraph (C) of this rule that an inspection is not warranted by a written complaint, such determination shall be in accordance with the following:

(1) If the department determines that an inspection is not warranted because there are no reasonable grounds to believe that a violation exists or has occurred, the department shall notify the complainant in writing of such determination. The complainant may obtain review of such determination by submitting a written statement of position with the department. The department will provide the licensee or registrant with a copy of such statement, excluding, at the request of the complainant, the name of the complainant. The licensee or registrant may submit an opposing written statement of position with the department. The department will provide any opposing statement to the complainant.

(2) Upon the request of the complainant, the director may hold an informal conference in which the complainant and the licensee or registrant may orally present their views. An informal conference may also be held at the request of the licensee or registrant, but disclosure of the identity of the complainant will be made only following receipt of written authorization from the complainant. The director shall consider all written and oral views presented and shall notify the parties in writing of his or her decision on whether an inspection is warranted and the reason therefore.

(E) No licensee or registrant, or contractor or subcontractor of a licensee or registrant shall instruct any employee to withhold information from a department inspector or retaliate or discriminate against any employee or former employee for exercising rights or engaging in activities protected under rules adopted pursuant to Chapter 3748 of the Revised Code.

3701:1-38-10 Notices, instructions, and reports to workers.

(A) Posting of notices to workers.

(1) Each licensee or registrant shall post current copies of the following documents:

(a) All applicable rules promulgated pursuant to Chapters 3748 and 4773 of the Revised Code;

(b) The license or certificate of registration, including, any conditions or documents incorporated by reference into a license and amendments thereto;

(c) The safe operating procedures applicable to activities under the license or registration; and

(d) Any notice of violation involving radiological working conditions, proposed imposition of civil or administrative monetary penalty, or order issued pursuant to rule 3701:1-38-06 of the Administrative Code and any response from the licensee or registrant. Such document shall be posted within five working days after receipt of the document. The licensee’s or registrant’s response, if any, shall be posted within five working days after dispatch of the document to the director. Such documents shall remain posted for a minimum of five working days or until action correcting the violation has been completed, whichever is later.
(e) The Ohio department of health, bureau of radiation protection issued form titled “Notice to Employees.”

(2) If posting of a document specified in paragraphs (A)(1)(a) to (A)(1)(c) of this rule is not practical, the licensee or registrant may post a notice which describes the document and states where it may be readily examined.

(3) Documents, notices, or forms posted pursuant to paragraph (A) of this rule shall appear in a sufficient number of places to permit individuals engaged in licensed or registered activity under the license or registration to observe them on the way to or from any particular work location to which the document applies, shall be conspicuous, and shall be replaced if defaced or altered.

(B) Instruction to workers.

(1) The licensee or registrant shall, with respect to all individuals likely to receive an annual TEDE occupational dose in excess of one millisievert (one hundred millirem): 
   (a) Keep such individuals informed of the storage, transfer, or use of sources of radiation in the licensee's or registrant's workplace;
   (b) Instruct such individuals in the health effects associated with exposure to radiation or radioactive material to the individual and potential offspring, in precautions or procedures to minimize exposure, and in the purposes and functions of protective devices employed;
   (c) Instruct such individuals in, and instruct such individuals to observe, to the extent within the individual's control, the applicable provisions of rules promulgated under Chapter 3748 of the Revised Code and any license conditions for the protection of personnel from exposures to radiation or radioactive material;
   (d) Instruct each such individual of his or her responsibility to report promptly to the licensee or registrant any condition which may constitute, lead to, or cause a violation of Chapter 3748 of the Revised Code, the rules promulgated thereunder, any license condition, or order, and any unnecessary exposure to radiation or radioactive material;
   (e) Instruct such individuals in the appropriate response to warnings made in the event of any unusual occurrence or malfunction that may involve exposure to radiation or radioactive material; and
   (f) Advise such individuals of any radiation exposure reports furnished pursuant to paragraph (C) of this rule.

(2) In determining those individuals subject to the requirements of paragraph (B)(1) of this rule, licensees and registrants shall take into consideration assigned activities during normal and abnormal situations involving exposure to radiation and radioactive materials which can reasonably be expected to occur during the life of the facility. The extent of these instructions shall be commensurate with potential radiological health protection problems present in the workplace.

(C) Notifications and reports to individuals.

(1) Radiation exposure data for an individual and the results of any measurements, analyses, and calculations of radioactive material deposited or retained in the body of an individual shall be reported to the individual as specified in this rule. The information reported shall include data and results obtained pursuant to Chapter 3748 of the Revised Code or rules adopted thereunder, an order, or license condition as shown in records maintained by the licensee or registrant pursuant to paragraph (H) of rule 3701:1-38-20 of the Administrative Code. Each notification and report shall:
   (a) Be in writing;
   (b) Include appropriate identifying data such as the name of the licensee or registrant, the name of the individual, and the individual's identification number, preferably social security number;
   (c) Include the individual's exposure information; and
   (d) Contain the statement: “This report is furnished to you under the provisions of rule
Chapter 11. Environmental, Radiation and Workplace
Part III. Radiation: Licensees, Materials, and Devices

3701:1-38-10 of the Administrative Code. You should preserve this report for further reference.

(2) Each licensee or registrant shall make dose information available to workers as shown in records maintained by the licensee under the provisions of paragraph (H) of rule 3701:1-38-20 of the Administrative Code. The licensee or registrant shall provide an annual report to each individual monitored under rule 3701:1-38-14 of the Administrative Code, of the dose received in that monitoring year if:

(a) The individual's occupational dose exceeds one millisievert (one hundred millirem) TEDE or one millisievert (one hundred millirem) to any individual organ or tissue; or
(b) The individual requests his or her annual dose report.

(3) Each licensee or registrant shall furnish reports to workers.

(a) At the request of a worker formerly engaged in activities controlled by the licensee or registrant, each licensee or registrant shall furnish to the worker a report of the worker's exposure to sources of radiation:

(i) As shown in records maintained by the licensee or registrant pursuant to rule 3701:1-38-20 of the Administrative Code for each year the worker was required to be monitored under the provisions of rule 3701:1-38-14 of the Administrative Code; and
(ii) For each year the worker was required to be monitored under the monitoring requirements in effect prior to August 31, 1999.

(b) This report must be furnished within thirty days from the time the request is made or within thirty days after the exposure of the individual has been determined by the licensee or registrant, whichever is later. This report must cover the period of time that the worker's activities involved exposure to sources of radiation licensed or registered by the director and must include the dates and locations of licensed or registered activities in which the worker participated during this period.

(4) When a licensee or registrant is required pursuant to paragraphs (A) to (C) of rule 3701:1-38-21 of the Administrative Code to report to the director any exposure of an individual to sources of radiation, the licensee or the registrant shall also provide the individual a written report on the exposure data included in the report to the director. This report must be transmitted no later than the transmittal to the director.

(5) At the request of a worker who is terminating employment with the licensee or registrant that involved exposure to sources of radiation during the current calendar quarter or the current year, each licensee or registrant shall provide at termination to each worker, or to the worker's designee, a written report regarding the radiation dose received by that worker from operations of the licensee or registrant during the current calendar year or fraction thereof. If the most recent individual monitoring results are not available at that time, a written estimate of the dose must be provided together with a clear indication that this is an estimate.

3701:1-38-13 Dose limits for individual members of the public.

(A) Each licensee or registrant shall conduct operations so that:

(1) The total effective dose equivalent to individual members of the public from the licensed or registered operation does not exceed one millisievert (0.1 rem) in a year, exclusive of the dose contribution from the following:

(a) Background radiation;
(b) Radiation attributable to any medical administration the individual has received;
(c) Exposure to an individual that was administered radioactive materials and has been released in accordance with rule 3701:1-58-30 of the Administrative Code or equivalent United States nuclear regulatory agency or agreement state regulations;
(d) Voluntary participation in medical research programs;
(e) The licensee's disposal of radioactive material into sanitary sewerage in accordance with paragraph (D) of rule 3701:1-38-19 of the Administrative Code; and
(2) The dose in any unrestricted area from external sources, exclusive of the dose contribution from patients administered radioactive material and released in accordance with rule 3701:1-58-30 of the Administrative Code or equivalent United States nuclear regulatory agency or agreement state regulations, does not exceed 0.02 millisievert (0.002 rem) in any one hour.

(B) If the licensee or registrant permits members of the public to have access to controlled or restricted areas, the limits for members of the public continue to apply to those individuals.

(C) A licensee, registrant, or an applicant for a license or registration may apply for prior department authorization to operate up to an annual dose limit for an individual member of the public of five millisievert (0.5 rem). This application shall include the following information:

(1) Demonstration of the need for and the expected duration of operation in excess of the limit set forth in paragraph (A) of this rule;
(2) The licensee’s or registrant’s program to assess and control dose within the five millisievert (0.5 rem) annual limit; and
(3) The procedures that the registrant or licensee will follow to maintain the dose ALARA.

(D) In addition to the requirements of paragraphs (A) and (B) of this rule:

(1) A licensee subject to the provisions of the United States environmental protection agency’s generally applicable environmental radiation standards in 40 C.F.R. 190, as published in the July 1, 2014 Code of Federal Regulations, shall also comply with those standards.

(2) The department may impose additional restrictions on radiation levels in unrestricted areas and on the total quantity of radionuclides that a licensee may release in effluents in order to restrict the collective dose.

(E) The licensee or registrant shall demonstrate compliance with dose limits for individual members of the public.

(1) The licensee or registrant shall make or cause to be made surveys of radiation levels in unrestricted and controlled areas and radioactive materials in effluents released to unrestricted and controlled areas to demonstrate compliance with the dose limits for individual members of the public in paragraph (A) of this rule.

(2) A licensee or registrant shall show compliance with the annual dose limit in paragraph (A) of this rule by:

(a) Demonstrating by measurement or calculation that the total effective dose equivalent to the individual likely to receive the highest dose from the licensed or registered operation does not exceed the annual dose limit; or

(b) Demonstrating that:

(i) The annual average concentrations of radioactive material released in gaseous and liquid effluents at the boundary of the unrestricted area do not exceed the values specified in appendix C to rule 3701:1-38-12 of the Administrative Code; and

(ii) If an individual were continuously present in an unrestricted area, the dose from external sources would not exceed 0.02 millisievert (0.002 rem) in an hour and 0.5 millisievert (0.05 rem) in a year.

(3) Upon approval from the department, the licensee may adjust the effluent concentration values in appendix C to rule 3701:1-38-12 of the Administrative Code for members of the public, to take into account the actual physical and chemical characteristics of
the effluents, such as aerosol size distribution, solubility, density, radioactive decay equilibrium, or chemical form.

(A) A licensee shall dispose of licensed radioactive material in accordance with this rule. Licensed material shall be disposed of in one of the following manners:
   (1) By transfer to an authorized recipient as provided in this chapter, Chapter 3701:1-40 of the Administrative Code, or to the United States department of energy;
   (2) By decay in storage provided that the radionuclide has a half-life of one hundred twenty days or less, or as otherwise permitted by the license;
   (3) By release in effluents within the limits set forth in rule 3701:1-38-13 of the Administrative Code; or
   (4) As authorized pursuant to paragraphs (B) to (F) of this rule.

(B) A person shall be specifically licensed to receive waste containing licensed material from another person for:
   (1) Treatment prior to disposal;
   (2) Treatment or disposal by incineration;
   (3) Decay in storage;
   (4) Disposal at a land disposal facility licensed pursuant to rules 3701:1-54-06 to 3701:1-54-12 of the Administrative Code or equivalent United States nuclear regulatory commission or agreement state regulations; or
   (5) Storage until transfer to a storage or disposal facility authorized to receive the waste.

(C) A licensee or applicant for a license may apply to the director for approval of proposed disposal procedures that are not otherwise authorized in these rules for the disposal of licensed material generated in the licensee’s operations. Each application shall include:
   (1) A description of the waste containing licensed material to be disposed of, including the physical and chemical properties that have an impact on risk evaluation, and the proposed manner and conditions of waste disposal;
   (2) An analysis and evaluation of pertinent information on the nature of the environment;
   (3) The nature and location of other potentially affected facilities; and
   (4) An analysis and procedures to ensure that doses are maintained ALARA and within the dose limits in rules 3701:1-38-12 and 3701:1-38-13 of the Administrative Code.

(D) A licensee may discharge licensed material into sanitary sewerage as follows:
   (1) The material is readily soluble in water or is a biological material that is readily dispersible in water;
   (2) The quantity of licensed or other radioactive material that the licensee releases into the sewer in one month divided by the average monthly volume of water released into the sewer by the licensee does not exceed the concentration listed in table III of appendix C to rule 3701:1-38-12 of the Administrative Code; and
   (3) If more than one radionuclide is to be released, the following conditions must also be satisfied:
      (a) The licensee shall determine the fraction of the limit in table III of appendix C to rule 3701:1-38-12 of the Administrative Code represented by discharges into sanitary sewerage by dividing the actual monthly average concentration of each radionuclide released by the licensee into the sewer by the concentration of that radionuclide listed in table III of appendix C to rule 3701:1-38-12 of the Administrative Code; and
      (b) The sum of the fractions for each radionuclide required by paragraph (D)(3)(a) of this rule does not exceed unity.
   (4) The total quantity of licensed and other radioactive material that the licensee releases into the sanitary sewerage in a year does not exceed one hundred eighty-five
gigabecquerels (five curies) of hydrogen-3, thirty-seven gigabecquerels (one curie) of carbon-
14, and thirty-seven gigabecquerels (one curie) of all other radioactive materials combined.

(5) Excreta from an individual undergoing medical diagnosis or therapy with radioactive
material is not subject to the limitations contained in paragraph (D) of this rule.

(E) A licensee may dispose of licensed material by decay in storage. A licensee may
hold radioactive material with a physical half-life of one hundred twenty days or less for decay-
in-storage before disposal as non-radioactive material provided the licensee does the following:
(1) Monitors the material at the container surface prior to disposal and determines that
the radioactivity cannot be distinguished from the background radiation level with an appropriate
radiation detection survey meter set on its most sensitive scale and with no interposing
shielding;
(2) Removes or obliterates all radiation caution labels and symbols, unless otherwise
specified in the license; and
(3) Retains a record of the disposal for three years.

(F) A licensee may treat or dispose of licensed material by incineration only in the form
and concentration specified in paragraph (G) of this rule or as specifically approved by the
director pursuant to paragraph (C) of this rule.

(G) A licensee may dispose of the following licensed material as if it were not
radioactive. The licensee shall maintain records in accordance with paragraph (K) of rule

(1) 1.85 kilobecquerels (0.05 microcurie) or less, of hydrogen-3 or carbon-14 per gram of
medium used for liquid scintillation counting; or
(2) 1.85 kilobecquerels (0.05 microcurie) or less, of hydrogen-3 or carbon-14 per gram of
animal tissue, averaged over the weight of the entire animal. A licensee shall not dispose of
tissue pursuant to this paragraph in a manner that would permit its use either as food for
humans or as animal feed.

(H) A licensee shall transfer and dispose of licensed material in accordance with the
following:
(1) For transfer of radioactive waste intended for disposal at a licensed radioactive waste
disposal facility, establish a manifest tracking system, and supplement existing requirements
concerning transfers and recordkeeping for those wastes. Each shipment of radioactive waste
designated for disposal at a licensed radioactive waste disposal facility shall be accompanied by
a shipment manifest as specified in appendix A to this rule.
(2) Each shipment manifest shall include a certification by the waste generator in
accordance with appendix A to this rule.
(3) Each person involved in the transfer of waste for disposal or in the disposal of waste,
including the waste generator, waste collector, waste processor, and disposal facility operator,
shall comply with the requirements specified in appendix A to this rule.

(I) Nothing in this rule relieves a licensee from complying with other applicable federal,
state and local regulations governing any other toxic or hazardous properties of materials that
may be disposed of under this rule.

3701:1-38-21 Reports.

(A) The licensee or registrant shall report stolen, lost, or missing licensed or registered
sources of radiation to the director in accordance with the following:
(1) Telephone reports shall be made as follows:
(a) To the bureau of radiation protection point of contact (POC) in accordance with the
form "Notice to Employees" issued by the director.
(b) In the case of a licensee, he or she shall make contact:
(i) Immediately after the licensee determines that licensed radioactive material is stolen,
lost, or missing in an aggregate quantity equal to or greater than one hundred times the quantity specified in appendix A to rule 3701:1-38-18 of the Administrative Code under such circumstances that it appears to the licensee that an exposure could result to individuals in unrestricted areas;

(ii) Within thirty days after its occurrence becomes known to the licensee, lost, stolen, or missing licensed radioactive material in an aggregate quantity greater than ten times the quantity specified in appendix A to rule 3701:1-38-18 of the Administrative Code that is still missing.

(c) In the case of a registrant, he or she shall make contact immediately after it becomes known that radiation-generating equipment has been stolen, lost, or is missing.

(2) Written reports shall be made as follows:

(a) Each licensee or registrant required to make a report pursuant to paragraph (A)(1) of this rule shall, within thirty days after making the telephone report, make a written report to the director setting forth the following information, where applicable:

(i) A description of the licensed or registered source of radiation involved, including, for radioactive material, the kind, quantity, and chemical and physical form, and in the case of radiation-generating equipment, the manufacturer, model and serial number, type and maximum energy of the radiation emitted;

(ii) A description of the circumstances under which the loss or theft occurred;

(iii) A statement of disposition, or probable disposition, of the licensed or registered source of radiation involved;

(iv) Exposures of individuals to radiation, circumstances under which the exposures occurred, and the possible total effective dose equivalent to persons in unrestricted areas;

(v) Actions that have been taken, or will be taken, to recover the source of radiation; and

(vi) Procedures or measures that have been, or will be, adopted to ensure against a recurrence of the loss or theft of licensed or registered sources of radiation.

(b) Subsequent to filing the written report, the licensee or registrant shall also report additional substantive information on the loss or theft within thirty days after the licensee or registrant learns of such information.

(c) The licensee or registrant shall prepare any report filed with the director pursuant to this rule so that names of individuals who may have received exposure to radiation are stated in a separate and detachable portion of the report.

(B) Notification of incidents shall be made as follows:

(1) Excluding prescribed medical doses to patients, each licensee or registrant shall immediately report each event involving a source of radiation possessed by the licensee or registrant that may have caused or threatens to cause any of the following conditions:

(a) An individual receiving:

(i) A total effective dose equivalent of 0.25 sievert (twenty-five rem) or more;

(ii) A lens dose equivalent of 0.75 sievert (seventy-five rem) or more; or

(iii) A shallow dose equivalent to the skin or extremities or a total organ dose equivalent of 2.5 sievert (two hundred fifty rem) or more; or

(b) The release of radioactive material, inside or outside of a restricted area that, had an individual been present for twenty-four hours, the individual could have received an intake five times the occupational ALI. This provision does not apply to locations where personnel are not normally stationed during routine operations, such as hot-cells or process enclosures.

(2) Each licensee or registrant shall report to the director, within twenty-four hours of discovery, each event involving loss of control of a licensed or registered source of radiation possessed by the licensee or registrant that may have caused, or threatens to cause, any of the following:

(a) An individual to receive, in a period of twenty-four hours:

(i) A total effective dose equivalent exceeding 0.05 sievert (five rem);
(ii) An lens dose equivalent exceeding 0.15 sievert (fifteen rem); or
(iii) A shallow dose equivalent to the skin or extremities or a total organ dose equivalent
exceeding 0.5 sievert (fifty rem); or
(b) The release of radioactive material, inside or outside of a restricted area that, had an
individual been present for twenty-four hours, the individual could have received an intake in
excess of one occupational ALI. This provision does not apply to locations where personnel are
not normally stationed during routine operations, such as hot-cells or process enclosures.
(3) Licensees or registrants shall make the reports required by paragraphs (B)(1) and
(B)(2) of this rule to the POC by telephone to the department and shall confirm the initial contact
by telegram, mailgram, electronic mail, or facsimile to the director.
(4) The licensee or registrant shall prepare each report filed with the director pursuant to
this rule so that names of individuals who have received exposure to sources of radiation are
stated in a separate and detachable portion of the report.
(5) The provisions of paragraph (B) of this rule do not apply to doses that result from
planned special exposures, provided such doses are within the limits for planned special
exposures and are reported in accordance with this paragraph.
(C) Reports of exposures, radiation levels, and concentrations of radioactive material
exceeding the limits shall be made by the licensee or registrant as follows:
(1) Reportable events that are specified in this paragraph shall, in addition to the
notification requirements in paragraph (B) of this rule, be reported to the director in writing within
thirty days after learning of any of the following occurrences:
(a) Incidents for which notification is required by paragraph (B) of this rule and with
doses in excess of any of the following:
(i) The occupational dose limits for adults in paragraphs (A)(1) and (A)(2) of rule 3701:1-38-12 of the Administrative Code;
(ii) The occupational dose limits for a minor in paragraph (G) of rule 3701:1-38-12 of the
Administrative Code;
(iii) The limits for an embryo or fetus of a declared pregnant woman in paragraph (H) of
rule 3701:1-38-12 of the Administrative Code;
(iv) The limits for an individual member of the public in paragraph (A) of rule 3701:1-38-13 of the
Administrative Code;
(v) Any applicable limit in the license or registration; or
(vi) The ALARA constraints for air emissions established under paragraph (D)(4) of rule
3701:1-38-11 of the Administrative Code; or
(b) Levels of radiation or concentrations of radioactive material in:
(i) A restricted area in excess of applicable limits in the license or registration; or
(ii) An unrestricted area in excess of ten times the applicable limit set forth in this chapter
or in the license or registration, whether or not involving exposure of any individual in excess of
the limits in paragraph (A) of rule 3701:1-38-13 of the Administrative Code; or
(c) For licensees subject to the provisions of the United States environmental protection
agency generally applicable environmental radiation standards in 40 C.F.R. 190, levels of
radiation or releases of radioactive material in excess of those standards, or of license
conditions related to those standards.
(2) Each report required by this rule shall describe the extent of exposure of individuals
to radiation and radioactive material, including, as appropriate:
(a) Estimates of each individual's dose, the level of radiation and concentration of
radioactive material involved, and the cause of the elevated exposure, dose rate, or
concentration; and
(b) Corrective steps taken or planned to ensure against a recurrence, including the
schedule for achieving conformance with applicable limits, ALARA constraints, generally
applicable environmental standards, and associated license or registration conditions.
(3) Each report filed pursuant to this rule shall include, for each occupationally overexposed individual, the name, social security account number, and date of birth of the individual. In the case of the limit for an embryo or fetus in paragraph (H) of rule 3701:1-38-12 of the Administrative Code, the identifiers should be those of the declared pregnant woman. The report shall be prepared so that information on each individual is stated in a separate and detachable portion of the report.

(4) All licensees or registrants who make reports pursuant to this rule shall submit the report in writing to the director.

(D) Reports of planned special exposures shall be submitted by the licensee in a written report to the director within thirty days following any planned special exposure conducted in accordance with paragraph (F) of rule 3701:1-38-12 of the Administrative Code, informing the director that a planned special exposure was conducted and indicating the date the planned special exposure occurred and the information required by paragraph (G) of rule 3701:1-38-20 of the Administrative Code.

(E) When a licensee or registrant is required pursuant to paragraph (C) or (D) of this rule to report to the director any exposure of an identified occupationally exposed individual, or an identified member of the public, to radiation or radioactive material, the licensee or registrant shall also provide the individual a report on his or her exposure data included in the report to the director. This report shall be transmitted no later than the transmittal to the director, and shall comply with the provisions of paragraph (C)(1) of rule 3701:1-38-10 of the Administrative Code.

(F) A report of a leaking or contaminated sealed source shall be filed by the licensee with the director within five days of the test results, if the test reveals the presence of one hundred eighty-five becquerels (0.005 microcurie) or more of removable contamination. The report shall include the equipment involved, the test results and the corrective action taken.

3701:1-38-25 Reports of transactions involving nationally tracked sources.

Each licensee who manufactures, transfers, receives, disassembles, or disposes of a nationally tracked source shall complete and submit a national source tracking transaction report as specified in paragraphs (A) to (E) of this rule for each type of transaction.

(A) Each licensee who manufactures a nationally tracked source shall complete and submit a national source tracking transaction report. The report must include the following information:

(1) The name, address, and license number of the reporting licensee;
(2) The name of the individual preparing the report;
(3) The manufacturer, model, and serial number of the source;
(4) The radioactive material in the source;
(5) The initial source strength in becquerels (curies) at the time of manufacture; and
(6) The manufacture date of the source.

(B) Each licensee that transfers a nationally tracked source to another person shall complete and submit a national source tracking transaction report. The report must include the following information:

(1) The name, address, and license number of the reporting licensee;
(2) The name of the individual preparing the report;
(3) The name and license number of the recipient facility and the shipping address;
(4) The manufacturer, model, and serial number of the source or, if not available, other information to uniquely identify the source;
(5) The radioactive material in the source;
(6) The initial or current source strength in becquerels (curies);
(7) The date for which the source strength is reported;
(8) The shipping date;
(9) The estimated arrival date; and
(10) For nationally tracked sources transferred as waste under a uniform low-level radioactive waste manifest, the waste manifest number and the container identification of the container with the nationally tracked source.

(C) Each licensee that receives a nationally tracked source shall complete and submit a national source tracking transaction report. The report must include the following information:
(1) The name, address, and license number of the reporting licensee;
(2) The name of the individual preparing the report;
(3) The name, address, and license number of the person that provided the source;
(4) The manufacturer, model, and serial number of the source or, if not available, other information to uniquely identify the source;
(5) The radioactive material in the source;
(6) The initial or current source strength in becquerels (curies);
(7) The date for which the source strength is reported;
(8) The date of receipt; and
(9) For material received under a uniform low-level radioactive waste manifest, the waste manifest number and the container identification with the nationally tracked source.

(D) Each licensee that disassembles a nationally tracked source shall complete and submit a national source tracking transaction report. The report must include the following information:
(1) The name, address, and license number of the reporting licensee;
(2) The name of the individual preparing the report;
(3) The manufacturer, model, and serial number of the source or, if not available, other information to uniquely identify the source;
(4) The radioactive material in the source;
(5) The initial or current source strength in becquerels (curies);
(6) The date for which the source strength is reported; and
(7) The disassemble date of the source.

(E) Each licensee who disposes of a nationally tracked source shall complete and submit a national source tracking transaction report. The report must include the following information:
(1) The name, address, and license number of the reporting licensee;
(2) The name of the individual preparing the report;
(3) The waste manifest number;
(4) The container identification with the nationally tracked source;
(5) The date of disposal; and
(6) The method of disposal.

(F) The reports discussed in paragraphs (A) to (E) of this rule must be submitted by the close of the next business day after the transaction. A single report may be submitted for multiple sources and transactions. The reports must be submitted to the national source tracking system by using:
(1) The on-line national source tracking system;
(2) Electronically using a computer readable format;
(3) By facsimile;
(4) By mail to the address on the national source tracking transaction report form (NRC form 748); or
(5) By telephone with followup by facsimile or mail.

(G) Each licensee shall correct any error in previously filed reports or file a new report for any missed transaction within five business days of the discovery of the error or missed transaction. Such errors may be detected by a variety of methods such as administrative reviews or by physical inventories required by regulation. In addition, each licensee shall
reconcile the inventory of nationally tracked sources possessed by the licensee against that licensee's data in the national source tracking system. The reconciliation must be conducted during the month of January in each year. The reconciliation process must include resolving any discrepancies between the national source tracking system and the actual inventory by filing the reports identified by paragraphs (A) to (E) of this rule. By January thirty-first, of each year, each licensee must submit to the national source tracking system confirmation that the data in the national source tracking system is correct.

3701:1-40-20 Reporting requirements.

(A) Except as provided in paragraph (D) of this rule, each licensee shall notify the department as soon as possible, but not later than four hours after the discovery of an event that prevents immediate protective action necessary to avoid exposure to radiation or radioactive material that could exceed regulatory limits, or a release of licensed material that could exceed regulatory limits. An event that requires such an immediate report may include a fire, explosion, or toxic gas release.

(B) Each licensee shall notify the department within twenty-four hours after the discovery of any of the following events involving licensed material:

(1) An unplanned contamination event that involves:
   (a) Access to the contaminated area, by workers or the public, to be restricted for more than twenty-four hours by imposing additional radiological controls or by prohibiting entry into the area;
   (b) A quantity of material greater than five times the lowest annual limit on intake specified in the appendices to rule 3701:1-38-12 of the Administrative Code; and
   (c) Access to the area restricted for a reason other than to allow radionuclides with a half-life of less than twenty-four hours to decay prior to decontamination.

(2) An event in which equipment is disabled or fails to function as designed when:
   (a) The equipment is required by regulation or license condition to prevent a release exceeding regulatory limits, to prevent exposure to radiation or radioactive material exceeding regulatory limits, or to mitigate the consequences of an accident;
   (b) The equipment is required to be available and operable when it is disabled or fails to function; and
   (c) No redundant equipment is available and operable to perform the required safety function.

(3) An event that requires unplanned medical treatment of an individual with spreadable radioactive contamination on the individual's clothing or body.

(4) An unplanned fire or explosion damaging any licensed material or any device, container, or equipment containing licensed material when:
   (a) The quantity of material involved is greater than five times the lowest annual limit on intake specified in the appendices to rule 3701:1-38-12 of the Administrative Code; and
   (b) The damage affects the integrity of the licensed material or its container.

(C) The licensee shall prepare and submit a report in response to the requirements of this rule as follows:

(1) Licensees shall make reports required by paragraphs (A) and (B) of this rule by telephone, to the department at the telephone number listed in the notice to employees required by paragraph (A)(1)(e) of rule 3701:1-38-10 of the Administrative Code. To the extent that the information is available at the time of notification, the information provided in these reports must include:
   (a) The caller's name and call back telephone number;
   (b) A description of the event, including date and time;
   (c) The exact location of the event;
(d) The radionuclides, quantities, and chemical and physical form of the licensed material involved; and

(e) Any personnel radiation exposure data available.

(2) Each licensee who makes a report required by paragraph (A) or (B) of this rule shall submit a written follow-up report within thirty days of the initial report. Written reports prepared pursuant to other regulations may be submitted to fulfill this requirement if the report contains all of the necessary information and the appropriate distribution is made. These written reports shall be sent to the department in the manner specified in rule 3701:1-40-04 of the Administrative Code. The report must include the following:

- A description of the event, including the probable cause and the manufacturer and model number, if applicable, of any equipment that failed or malfunctioned;
- The exact location of the event;
- The radionuclides, quantities, and chemical and physical form of the licensed material involved;
- Date and time of the event;
- Corrective actions taken or planned and the results of any evaluations or assessments; and
- The extent of exposure of individuals to radiation or to radioactive materials without identification of individuals by name.

(D) This rule applies to all licensees possessing material licensed under rule 3701:1-38-02 of the Administrative Code. This rule does not apply to material under a license subject to the notification requirements in 10 C.F.R. 50.72, as published in the January 1, 2013, Code of Federal Regulations.

(E) An applicant for a license or a licensee shall notify the department within two working days of information identified by the applicant or licensee as having for the regulated activity, an active adverse impact on equipment or personnel readily obvious by human observation or instrumentation, or a radiological impact on personnel or the environment in excess of regulatory limits. An applicant or licensee violates this paragraph only if the applicant or licensee fails to notify the director of information that the applicant or licensee has or should have identified.

3701:1-54-02 Generator reporting and fee requirements.

(A) Except as otherwise provided in paragraph (D) of this rule, on or before the thirtieth day of April each year, each generator shall submit to the director, on forms provided by the director at least ninety days prior, an annual report containing the following information for the previous calendar year:

- The name, address, and telephone number of the generator, including the name of the person responsible for low-level radioactive waste management;
- The types and amounts of low-level radioactive waste generated during the previous calendar year;
- The types and amounts of low-level radioactive waste first placed in storage during the previous calendar year, and the types and amounts of wastes remaining in storage from previous calendar years;
- The types and amounts of low-level radioactive waste shipped during the previous calendar year, including carrier or broker, and the means of shipment;
- A statement indicating whether or not additional low-level radioactive waste was stored or shipped or both and not reported to the director during the previous report period;
- A description of the methods used to treat, store, and dispose of low-level radioactive waste;
- A description of any actions taken or planned to be taken to reduce the low-level radioactive waste; and
- A description of any actions taken or planned to be taken to reduce the low-level radioactive waste.
radioactive waste volume or production; and

(8) The types and amounts of low-level radioactive waste expected to be generated or placed in storage during the next calendar year.

(B) Except as otherwise provided in paragraphs (C) and (D) of this rule, within thirty days after the director issues an invoice, all generators shall pay a fee as follows:

(1) At least fifty dollars if any low-level radioactive waste was generated, or three dollars and fifty cents per cubic foot of low-level radioactive waste that was generated during the previous calendar year, whichever is greater, except that for waste generated by a uranium enrichment facility, the generator shall pay seventy-five cents per cubic foot rather than three dollars and fifty cents per cubic foot for such wastes; and

(2) Three dollars and fifty cents per cubic foot of low-level radioactive waste that was stored or held in storage for more than forty-two months, except that for such waste held in storage by a uranium enrichment facility, the generator shall pay seventy-five cents rather than three dollars and fifty cents per cubic foot for such wastes; and

(3) In addition to the minimum charge and the per cubic foot charge provided in paragraphs (B)(1) and (B)(2) of this rule, a generator shall pay a per cubic foot surcharge based on the activity of the waste as classified in rule 3701:1-54-10 of the Administrative Code. There is no surcharge for class A waste. The surcharge for class B waste is an additional fifty per cent of the amount charged under paragraph (B)(1) or (B)(2) of this rule. The per cubic foot surcharge for class C waste is an additional one hundred per cent of the amount charged under paragraph (B)(1) or (B)(2) of this rule.

(C) Notwithstanding paragraph (B) of this rule, if the low-level radioactive waste is high-volume radioactive waste which contains soil, building debris, or rubble typically resulting from decommissioning or decontamination efforts, in an amount containing at least fifty cubic feet, the fee shall be one dollar per cubic yard for such wastes generated during the previous calendar year or for such wastes that have been stored for more than twelve months.

(D) Notwithstanding paragraph (B) of this rule, radioactive waste generated and disposed of in accordance with paragraphs (D) to (G) of rule 3701:1-38-19 of the Administrative Code shall be exempt from the requirements of this rule.

(E) If the low-level radioactive waste is treated by the generator, the fees specified in paragraphs (B) and (C) of this rule shall be determined based on the volume of waste that remains after treatment. The generator shall certify on a form provided by the director the amount of waste that was sent to a processor and the amount of waste sent back to the generator or disposed of on behalf of the generator.

(F) Paragraphs (B) and (C) of this rule shall be applicable to low-level radioactive waste generated or first placed in storage on or after January 1, 1998. The director shall include a notice on each invoice that the generator may appeal the determination of the fees, provided the generator requests a hearing within thirty days of the date of the invoice.

(G) In accordance with division (H) of section 3748.04 of the Revised Code, any fee that remains unpaid on the ninety-first day after the original invoice date shall be assessed an additional amount equal to ten per cent of the original fee.

(H) The director may annually review, at the generator's location, documentation and information that the generator used to prepare the report and the certification required by paragraphs (A) and (E) of this rule. If the director determines that the documentation and information that the generator used to prepare the report is inadequate to determine the accuracy of the report, the director may issue an order pursuant to division (B)(4) of section 3748.05 of the Revised Code to require the generator to amend the report so that the report is accurate.

(I) Any generator shall, upon the request of the director, provide additional information as required.

(J) Reports generated in accordance with this rule must be maintained by the licensee.
for a period of five years after being submitted to the director.

3701:1-58-06 License required.

(A) A person may manufacture, produce, acquire, receive, possess, prepare, use, or transfer radioactive material for medical use only in accordance with a specific license issued by the director, United States nuclear regulatory commission, an agreement state, or as allowed in paragraph (B)(1) or (B)(2) of this rule.

(B) A specific license is not needed for an individual who:

1. Receives, possesses, uses, or transfers radioactive material in accordance with the regulations in this chapter under the supervision of an authorized user as provided in rule 3701:1-58-14 of the Administrative Code, unless prohibited by license condition; or

2. Prepares unsealed radioactive material for medical use in accordance with the regulations in this chapter under the supervision of an authorized nuclear pharmacist or authorized user as provided in rule 3701:1-58-14 of the Administrative Code, unless prohibited by license condition.

(A) A licensee shall report any event, except for an event that results from patient intervention, in which the administration of radioactive material or radiation from radioactive material results in:

1. A dose that differs from the prescribed dose or dose that would have resulted from the prescribed dosage by more than 0.05 sievert (five rem) effective dose equivalent, 0.5 sievert (fifty rem) to an organ or tissue, or 0.5 sievert (fifty rem) shallow dose equivalent to the skin; and

   a. The total dose delivered differs from the prescribed dose by twenty per cent or more;

   b. The total dosage delivered differs from the prescribed dosage by twenty per cent or more or falls outside the prescribed dosage range; or

   c. The fractionated dose delivered differs from the prescribed dose, for a single fraction, by fifty per cent or more.

2. A dose that exceeds 0.05 sievert (five rem) effective dose equivalent, 0.5 sievert (fifty rem) to an organ or tissue, or 0.5 sievert (fifty rem) shallow dose equivalent to the skin from any of the following:

   a. An administration of a wrong radioactive drug containing radioactive material;

   b. An administration of a radioactive drug containing radioactive material by the wrong route of administration;

   c. An administration of a dose or dosage to the wrong individual or human research subject;

   d. An administration of a dose or dosage delivered by the wrong mode of treatment; or

   e. A leaking sealed source; or

3. A dose to the skin or an organ or tissue other than the treatment site that exceeds by 0.5 sievert (fifty rem) to an organ or tissue and fifty per cent or more of the dose expected from the administration defined in the written directive (excluding, for permanent implants, seeds that were implanted in the correct site but migrated outside the treatment site).

(B) A licensee shall report any event resulting from intervention of a patient or human research subject in which the administration of radioactive material or radiation from radioactive material results or will result in unintended permanent functional damage to an organ or a physiological system, as determined by a physician.

(C) The licensee shall notify by telephone the Ohio department of health, bureau of radiation protection no later than the next calendar day after discovery of the medical event.

(D) The licensee shall submit a written report to the Ohio department of health, bureau of
radiation protection to the address listed in listed in rule 3701:1-40-04 of the Administrative Code within fifteen days after discovery of the medical event.

(1) The written report must include:
   (a) The licensee's name;
   (b) The name of the prescribing physician;
   (c) A brief description of the event;
   (d) Why the event occurred;
   (e) The effect, if any, on the individual(s) who received the administration;
   (f) What actions, if any, have been taken or are planned to prevent recurrence; and
   (g) Certification that the licensee notified the individual (or the individual's personal representative), and if not, why not.

(2) The report may not contain the individual's name or any other information that could lead to identification of the individual.

(E) The licensee shall provide notification of the event to the referring physician and also notify the individual who is the subject of the medical event no later than twenty-four hours after its discovery, unless the referring physician personally informs the licensee either that he or she will inform the individual or that, based on medical judgment, telling the individual would be harmful to the individual. The licensee is not required to notify the individual without first consulting the referring physician. If the referring physician or the affected individual cannot be reached within twenty-four hours, the licensee shall notify the individual as soon as possible thereafter. The licensee may not delay any appropriate medical care for the individual, including any necessary remedial care as a result of the medical event, because of any delay in notification. To meet the requirements of this paragraph, the notification of the individual who is the subject of the medical event may be made instead to that individual's personal representative. If a verbal notification is made, the licensee shall inform the individual, or appropriate personal representative, that a written description of the event can be obtained from the licensee upon request. The licensee shall provide such a written description if requested.

(F) Aside from the notification requirement, nothing in this section affects any rights or duties of licensees and physicians in relation to each other, to individuals affected by the medical event, or to that individual's personal representative.

(G) A licensee shall:
   (1) Annotate a copy of the report provided to the Ohio department of health, bureau of radiation protection with the:
      (a) Name of the individual who is the subject of the event; and
      (b) Social security number or other identification number, if one has been assigned, of the individual who is the subject of the event; and
   (2) Provide a copy of the annotated report to the referring physician, if other than the licensee, no later than fifteen days after the discovery of the event.

3701:1-58-102 Report of radioactive dose or radiation to fetus or nursing child.

(A) A licensee shall report any dose to an embryo/fetus that is greater than fifty millisievert (five rem) dose equivalent that is a result of an administration of radioactive material or radiation from radioactive material to a pregnant individual unless the dose to the embryo/fetus was specifically approved, in advance, by the authorized user.

(B) A licensee shall report any dose to a nursing child that is a result of an administration of radioactive material to a breast-feeding individual that:
   (1) Is greater than fifty millisievert (five rem) total effective dose equivalent; or
   (2) Has resulted in unintended permanent functional damage to an organ or a physiological system of the child, as determined by a physician.

(C) The licensee shall notify by telephone the Ohio department of health, bureau of radiation protection to the address listed in listed in rule 3701:1-40-04 of the Administrative Code within fifteen days after discovery of the medical event.

(1) The written report must include:
   (a) The licensee's name;
   (b) The name of the prescribing physician;
   (c) A brief description of the event;
   (d) Why the event occurred;
   (e) The effect, if any, on the individual(s) who received the administration;
   (f) What actions, if any, have been taken or are planned to prevent recurrence; and
   (g) Certification that the licensee notified the individual (or the individual's personal representative), and if not, why not.

(2) The report may not contain the individual's name or any other information that could lead to identification of the individual.

(E) The licensee shall provide notification of the event to the referring physician and also notify the individual who is the subject of the medical event no later than twenty-four hours after its discovery, unless the referring physician personally informs the licensee either that he or she will inform the individual or that, based on medical judgment, telling the individual would be harmful to the individual. The licensee is not required to notify the individual without first consulting the referring physician. If the referring physician or the affected individual cannot be reached within twenty-four hours, the licensee shall notify the individual as soon as possible thereafter. The licensee may not delay any appropriate medical care for the individual, including any necessary remedial care as a result of the medical event, because of any delay in notification. To meet the requirements of this paragraph, the notification of the individual who is the subject of the medical event may be made instead to that individual's personal representative. If a verbal notification is made, the licensee shall inform the individual, or appropriate personal representative, that a written description of the event can be obtained from the licensee upon request. The licensee shall provide such a written description if requested.

(F) Aside from the notification requirement, nothing in this section affects any rights or duties of licensees and physicians in relation to each other, to individuals affected by the medical event, or to that individual's personal representative.

(G) A licensee shall:
   (1) Annotate a copy of the report provided to the Ohio department of health, bureau of radiation protection with the:
      (a) Name of the individual who is the subject of the event; and
      (b) Social security number or other identification number, if one has been assigned, of the individual who is the subject of the event; and
   (2) Provide a copy of the annotated report to the referring physician, if other than the licensee, no later than fifteen days after the discovery of the event.
radiation protection no later than the next calendar day after discovery of a dose to the embryo/fetus or nursing child that requires a report in paragraph (A) or (B) in this rule.

(D) The licensee shall submit a written report to the appropriate address listed in rule 3701:1-40-04 of the Administrative Code within fifteen days after discovery of a dose to the embryo/fetus or nursing child that requires a report in paragraph (A) or (B) in this rule.

(1) The written report must include:
   (a) The licensee's name;
   (b) The name of the prescribing physician;
   (c) A brief description of the event;
   (d) Why the event occurred;
   (e) The effect, if any, on the embryo/fetus or the nursing child;
   (f) What actions, if any, have been taken or are planned to prevent recurrence; and
   (g) Certification that the licensee notified the pregnant individual or mother (or the mother's or child's personal representative), and if not, why not.

(2) The report must not contain the individual's or child's name or any other information that could lead to identification of the individual or child.

(E) The licensee shall provide notification of the event to the referring physician and also notify the pregnant individual or mother, both hereafter referred to as the mother, no later than twenty-four hours after discovery of an event that would require reporting under paragraph (A) or (B) of this rule, unless the referring physician personally informs the licensee either that he or she will inform the mother or that, based on medical judgment, telling the mother would be harmful to the mother. The licensee is not required to notify the mother without first consulting with the referring physician. If the referring physician or mother cannot be reached within twenty-four hours, the licensee shall make the appropriate notifications as soon as possible thereafter. The licensee may not delay any appropriate medical care for the embryo/fetus or for the nursing child, including any necessary remedial care as a result of the event, because of any delay in notification. To meet the requirements of this paragraph, the notification may be made to the mother's or child's personal representative instead of the mother. If a verbal notification is made, the licensee shall inform the mother, or the mother's or child's personal representative, that a written description of the event can be obtained from the licensee upon request. The licensee shall provide such a written description if requested.

(F) A licensee shall:
   (1) Annotate a copy of the report provided to the director with the:
      (a) Name of the pregnant individual or the nursing child who is the subject of the event; and
      (b) Social security number or other identification number, if one has been assigned, of the pregnant individual or the nursing child who is the subject of the event; and
   (2) Provide a copy of the annotated report to the referring physician, if other than the licensee, no later than fifteen days after the discovery of the event.

3701:1-58-103 Leaking radioactive material report to ODH.

A licensee shall file a report within five days if a leak test required by rule 3701:1-58-27 of the Administrative Code reveals the presence of one hundred eighty-five becquerels (0.005 microcurie) or more of removable contamination. The report must be filed with the address listed in rule 3701:1-40-04 of the Administrative Code. The written report must include the model number and serial number if assigned, of the leaking source; the radionuclide and its estimated activity; the results of the test; the date of the test; and the action taken.
3701:1-67-12 Unintended treatment deviations and notifications of medical events.

(A) Any unintended treatment deviation from the written directive or approved treatment plan shall be identified, evaluated, documented and appropriate action taken by the handler.
(B) A handler shall report any medical event resulting from intervention of a human patient or human research subject in which the administration of radiation from therapy equipment results, or will result, in unintended permanent functional damage to an organ or a physiological system as determined by a physician.
(C) A handler shall report, as a medical event, any treatment deviation, except for a treatment deviation that results from intervention by a human patient or human research subject in which the administration of radiation from therapy equipment involves:
   (1) The wrong patient; where wrong patient means administration of radiation to an individual using a treatment plan intended for another patient or human research subject; or
   (2) The wrong treatment; where wrong treatment means administration of radiation to a human patient or human research subject that does not conform to the written directive and the approved treatment plan; and
      (a) The administered dose over the entire treatment course differs from the prescribed dose as stated in the written directive by more than ten per cent for treatment courses consisting of three or fewer fractions; or
      (b) The administered dose over the entire treatment course differs from the prescribed dose by more than twenty per cent for treatment courses consisting of more than three fractions; or
      (c) The administered dose over any five consecutive fractions differs from the prescribed dose by more than thirty per cent; or
      (d) The administered dose to any critical structure:
         (i) Exceeds the critical dose limit established in the written directive or approved treatment plan by twenty per cent or more; and
         (ii) Has the potential to cause serious harm according to the current published recommendations from a recognized national professional organization with expertise in radiation oncology.
   (D) For purposes of paragraphs (C)(2)(a), (C)(2)(b) and (C)(2)(c) of this rule, “administered dose” means:
      (1) The D95 (minimum dose to ninety-five per cent of the prescribed volume) for computer treatment plans; or
      (2) The dose to the prescription point for treatments prescribed to a point.
   (E) The handler shall notify the department by telephone no later than the next calendar day after the handler ascertains that a medical event occurred.
   (F) The handler shall submit a written report to the department within fifteen days after the initial report of the medical event. The written report must include:
      (1) The handler or registrant name;
      (2) The name of the prescribing physician;
      (3) A brief description of the event;
      (4) Why the event occurred;
      (5) The effect, if any, on the individual who received the medical event;
      (6) Actions, if any, that have been taken, or are planned, to prevent recurrence; and
      (7) Certification that the handler notified the individual, or the individual's responsible relative or guardian, and if not, why not.
   (G) The report shall not contain the individual's name or any other information that could lead to the identification of the individual.
   (H) The handler shall provide notification of the medical event to the referring physician no later than twenty-four hours after its discovery. The handler shall also notify the individual
who is the subject of the medical event no later than twenty-four hours after the initial notification, unless the authorized user or referring physician determines that, based on their medical judgment, informing the individual would be harmful. The handler is not required to notify the individual without first consulting the referring physician. If the referring physician or the affected individual cannot be reached within twenty-four hours, the handler shall notify the individual as soon as possible thereafter. The handler may not delay any appropriate medical care for the individual, including any necessary remedial care as a result of the medical event, because of any delay in notification. To meet the requirements of this paragraph, the notification of the individual who is the subject of the medical event may be made instead to that individual's responsible relative or guardian. If a verbal notification is made, the handler shall inform the individual or appropriate responsible relative or guardian that a written description of the event can be obtained from the handler upon request. The handler shall provide such a written description if requested.

(I) Aside from the notification requirement, nothing in this section affects any rights or duties of handlers, registrants and physicians in relation to each other, to individuals affected by the medical event, or to that individual's responsible relatives or guardians.

(J) The handler shall retain a record of each unintended deviation in accordance with paragraph (J) of this rule. If the unintended deviation is a medical event, a copy of the record shall be provided to the referring physician if other than the handler within fifteen days after its discovery.

(K) The handler shall retain a record of each unintended deviation for three years. The record must contain the following:

(1) The handler or registrant's name and the names of the individuals involved;
(2) The social security number or other identification number, if one has been assigned, of the individual who is the subject of the unintended deviation;
(3) A brief description of the event; why it occurred; the effect, if any, on the individual;
(4) The actions, if any, taken or planned to prevent recurrence; and
(5) Whether the handler or the registrant notified the individual, or the individual's responsible relative or guardian; and, if not, whether such failure to notify was based on guidance from the referring physician.

Part IV. Workplace

Hospital Nurse Staffing

3727.50 Hospital nurse staffing definitions.

As used in this section and sections 3727.51 to 3727.57 of the Revised Code:

(A) “Direct patient care” means care provided by a nurse with direct responsibility to carry out medical regimens or nursing care for one or more patients.

(B) “Inpatient care unit” means a hospital unit, including an operating room or other inpatient care area, in which nursing care is provided to patients who have been admitted to the hospital.

(C) “Nurse” means a person who is licensed to practice as a registered nurse under Chapter 4723 of the Revised Code or, if the hospital employs licensed practical nurses, a person who is licensed to practice as a licensed practical nurse under that chapter.

3727.51 Hospital nursing care committee.

(A) Each hospital shall convene a hospital-wide nursing care committee not later than
ninety days after the effective date of this section or, if the hospital is not treating patients on the effective date of this section, ninety days after the hospital begins to treat patients. The hospital shall select the members of the committee, subject to all of the following:

(1) The hospital’s chief nursing officer shall be included as a member of the committee.
(2) At least fifty per cent of the committee’s membership shall consist of registered nurses who provide direct patient care in the hospital.
(3) The number of registered nurses included as members of the committee shall be sufficient to provide adequate representation of all types of nursing care services provided in the hospital.

(B) The committee member who is the hospital’s chief nursing officer shall establish a mechanism for obtaining input from nurses in all inpatient care units who provide direct patient care regarding what the nursing services staffing plan recommendations described in division (B) of section 3727.52 of the Revised Code should include.

3727.52 Activities of hospital nursing care committee.

A hospital-wide nursing care committee convened pursuant to section 3727.51 of the Revised Code shall do both of the following:

(A) If one exists, evaluate the hospital’s current nursing services staffing plan;
(B) Recommend a nursing services staffing plan that is, at a minimum, consistent with current standards established by private accreditation organizations or governmental entities and addresses all of the following:

(1) The selection, implementation, and evaluation of minimum staffing levels for all inpatient care units that ensure that the hospital has a staff of competent nurses with the specialized skills needed to meet patient needs in accordance with evidence-based safe nurse staffing standards;
(2) The complexity of complete care, assessment on patient admission, volume of patient admissions, discharges and transfers, evaluation of the progress of a patient’s problems, the amount of time needed for patient education, ongoing physical assessments, planning for a patient’s discharge, assessment after a change in patient condition, and assessment of the need for patient referrals;
(3) Patient acuity and the number of patients for whom care is being provided;
(4) The need for ongoing assessments of a unit’s patients and its nursing staff levels;
(5) The hospital’s policy for identifying additional nurses who can provide direct patient care when patients’ unexpected needs exceed the planned workload for direct care staff.

3727.53 Creation of hospital nursing services staffing plan.

(A) In accordance with division (B) of this section, each hospital shall create an evidence-based written nursing services staffing plan guiding the assignment of nurses hospital-wide. The staffing plan shall be implemented not later than ninety days after the hospital-wide nursing care committee is convened pursuant to section 3727.51 of the Revised Code, except that if the hospital’s next fiscal year starts not later than one hundred eighty days after the date on which the committee convenes, implementation may be delayed until the first day of that fiscal year.

(B) The staffing plan created under this section shall, at a minimum, reflect current standards established by private accreditation organizations or governmental entities. The plan shall be based on multiple nurse and patient considerations that yield minimum staffing levels for inpatient care units that ensure that the hospital has a staff of competent nurses with specialized skills needed to meet patient needs. These considerations shall include both of the following:
(1) The recommendations of the hospital-wide nursing care committee made under section 3727.52 of the Revised Code, which shall be given significant consideration;
(2) All of the matters listed in divisions (B)(1) to (5) of section 3727.52 of the Revised Code.

3727.54 Review of hospital nurse staffing plan.

(A) At least once every two years, the hospital-wide nursing care committee convened pursuant to section 3727.51 of the Revised Code shall do both of the following:
   (1) Review how the nursing services staffing plan in effect at the time of the review does all of the following:
       (a) Affects inpatient care outcomes;
       (b) Affects clinical management;
       (c) Facilitates a delivery system that provides, on a cost-effective basis, quality nursing care consistent with acceptable and prevailing standards of safe nursing care and evidence-based guidelines established by national nursing organizations.
   (2) Make recommendations, based on the review conducted under division (A)(1) of this section, regarding how the nursing services staffing plan should be revised, if at all.
(B) For the purpose of maintaining a repository for public access, beginning in 2018, a hospital shall submit to the department of health, by March 1 of each even-numbered year, a copy of the hospital's nursing services staffing plan in effect at that time. The copy of the plan is a public record under section 149.43 of the Revised Code.

3727.55 Model for adjusting hospital nurse staffing plan.

To provide staffing flexibility to meet patient needs, every hospital shall identify a model for adjusting the nursing services staffing plan created under section 3727.53 of the Revised Code for each inpatient care unit.

3727.56 Availability of copies of staffing plan.

(A) A hospital shall provide copies of its nursing services staffing plan created under section 3727.53 of the Revised Code, in accordance with both of the following:
   (1) Free of charge, a copy of the staffing plan and subsequent changes to the plan shall be provided to each member of the hospital's nursing staff.
   (2) For a fee not to exceed actual copying costs, a copy of the staffing plan shall be provided to any person who requests it.
(B) In a conspicuous location in the hospital, a notice shall be posted informing the public of the availability of the staffing plan. The notice shall specify the appropriate person, office, or department to be contacted to review or obtain a copy of the staffing plan.

Wages and Overtime

4111.01 Ohio minimum wage; definitions.

As used in this chapter:
(A) “Wage” means compensation due to an employee by reason of employment, payable in legal tender of the United States or checks on banks convertible into cash on demand at full face value, subject to the deductions, charges, or allowances permitted by rules of the director of commerce under section 4111.05 of the Revised Code. “Wage” includes an employee's commissions of which the employee's employer keeps a record, but does not
include gratuities, except as provided by rules issued under section 4111.05 of the Revised Code.

“Wage” also includes the reasonable cost to the employer of furnishing to an employee board, lodging, or other facilities, if the board, lodging, or other facilities are customarily furnished by the employer to the employer's employees. The cost of board, lodging, or other facilities shall not be included as part of wage to the extent excluded therefrom under the terms of a bona fide collective bargaining agreement applicable to the employee.

(B) “Occupation” means any occupation, service, trade, business, industry, or branch or group of industries or employment or class of employment in which individuals are employed.

**4111.02 Ohio minimum wage; director to adjust wage rates.**

Every employer, as defined in Section 34a of Article II, Ohio Constitution, shall pay each of the employer's employees at a wage rate of not less than the wage rate specified in Section 34a of Article II, Ohio Constitution.

The director of commerce annually shall adjust the wage rate as specified in Section 34a of Article II, Ohio Constitution.

No political subdivision shall establish a minimum wage rate different from the wage rate required under this section.

As used in this section, “employee” has the same meaning as in section 4111.14 of the Revised Code.

**4111.03 Overtime pay.**

(A) An employer shall pay an employee for overtime at a wage rate of one and one-half times the employee's wage rate for hours worked in excess of forty hours in one workweek, in the manner and methods provided in and subject to the exemptions of section 7 and section 13 of the “Fair Labor Standards Act of 1938,” 52 Stat. 1060, 29 U.S.C.A. 207, 213, as amended.

Any employee employed in agriculture shall not be covered by the overtime provision of this section.

(B) If a county employee elects to take compensatory time off in lieu of overtime pay, for any overtime worked, compensatory time may be granted by the employee's administrative superior, on a time and one-half basis, at a time mutually convenient to the employee and the administrative superior within one hundred eighty days after the overtime is worked.

(C) A county appointing authority with the exception of the county department of job and family services may, by rule or resolution as is appropriate, indicate the authority's intention not to be bound by division (B) of this section, and to adopt a different policy for the calculation and payment of overtime than that established by that division. Upon adoption, the alternative overtime policy prevails. Prior to the adoption of an alternative overtime policy, a county appointing authority with the exception of the county department of job and family services shall give a written notice of the alternative policy to each employee at least ten days prior to its effective date.

(D) As used in this section:

1. “Employ” means to suffer or to permit to work.
2. “Employer” means the state of Ohio, its instrumentalities, and its political subdivisions and their instrumentalities, any individual, partnership, association, corporation, business trust, or any person or group of persons, acting in the interest of an employer in relation to an employee, but does not include an employer whose annual gross volume of sales made for business done is less than one hundred fifty thousand dollars, exclusive of excise taxes at the retail level which are separately stated.
3. “Employee” means any individual employed by an employer but does not include:
(a) Any individual employed by the United States;
(b) Any individual employed as a baby-sitter in the employer's home, or a live-in companion to a sick, convalescing, or elderly person whose principal duties do not include housekeeping;
(c) Any individual engaged in the delivery of newspapers to the consumer;
(d) Any individual employed as an outside salesperson compensated by commissions or employed in a bona fide executive, administrative, or professional capacity as such terms are defined by the "Fair Labor Standards Act of 1938," 52 Stat. 1060, 29 U.S.C.A. 201, as amended;
(e) Any individual who works or provides personal services of a charitable nature in a hospital or health institution for which compensation is not sought or contemplated;
(f) A member of a police or fire protection agency or student employed on a part-time or seasonal basis by a political subdivision of this state;
(g) Any individual in the employ of a camp or recreational area for children under eighteen years of age and owned and operated by a nonprofit organization or group of organizations described in Section 501 (c)(3) of the "Internal Revenue Code of 1954," and exempt from income tax under Section 501 (a) of that code;
(h) Any individual employed directly by the house of representatives or directly by the senate.

Public Employment Risk Reduction Advisory Commission

4167-3-01 Incorporation by reference.

Pursuant to section 4167.07 of the Revised Code, the following occupational safety and health standards promulgated by the United States secretary of labor are adopted as Ohio employment risk reduction standards:

(B) The Code of Federal Regulations, Title 29, Subtitle b, Chapter XVII, Part 1910 occupational safety and health standards Subpart C to and including Subpart T and Subpart Z.

(C) The standards of Part 1926, Subpart C to and including Subpart X, with the exclusion of standards 29 CFR 1910.96, 1910.97, 1926.53, and 1926.54.

4167-3-02 Adoption of standards.

(A) An emergency temporary Ohio employment risk reduction standard shall be issued if the superintendent finds both of the following:

(1) Public employees are exposed to grave danger from exposure to substances or agents determined to be toxic or physically harmful or from new hazards; and

(2) The emergency standard is necessary to protect employees from the danger.

(B) The emergency standard shall take effect immediately upon publication in newspapers of general circulation in Cleveland, Columbus, Cincinnati, and Toledo.

(1) Such emergency standard shall be in effect no longer than fifteen days, unless the administrator approves the standard, in which case the standard shall be in effect no longer than one hundred twenty days after issuance by the superintendent.
Chapter 11. Environmental, Radiation and Workplace
Part IV. Workplace

(2) The superintendent may renew an emergency standard approved by the administrator for a time period not to exceed one hundred days if the conditions prompting the emergency standard continue to exist.

(C) The administrator, with the advice and consent of the board of directors, shall adopt a permanent Ohio public employment risk reduction standard to replace the emergency standard on or before the final expiration date of the temporary emergency standard if the conditions prompting the emergency standard are expected to persist.

4167-3-03 Amending of existing standards.

(A) The administrator, with the advice and consent of the bureau of workers’ compensation board of directors, has the authority to amend Ohio employment risk reduction standards.

(B) The Ohio employment risk reduction standards are amended as referenced by:

4167-3-05 Ohio specific safety standards.

(A) Radiation standards.

(1) Ionizing radiation: Any use of ionizing radiation is to comply with the standards for protection against radiation promulgated by the United States nuclear regulatory commission set forth in 10 C.F.R. 20. For purposes of this section, radiation includes alpha particles, beta particles, gamma rays, x-rays, neutrons, high speed electrons, high speed protons, and other atomic particles, but does not include sound or radio waves, visible light, infrared or ultraviolet light.

(2) Nonionizing radiation:

Any use of nonionizing radiation, specifically electromagnetic radiation, is to comply with the recommended standards of the American conference of governmental industrial hygienists.

(B) Traffic control standards.

Any use of traffic control devices by a public employer must comply with the Ohio manual of uniform traffic control devices promulgated by the Ohio department of transportation pursuant to section 4511.09 of the Revised Code.

(C) Bloodborne pathogen standards.

Each public employer of health care workers shall do the following:

(1) Include as a part of the employer's engineering and work practice controls, needleless systems, sharps that are manufactured with engineered sharps injury protection, and other devices that comply with the United States occupational safety and health administration's bloodborne pathogen standards as set forth in 29 C.F.R. 1910.1030.

(2) Develop and implement a written exposure control plan that is consistent with the employment risk reduction standards for bloodborne pathogens as set forth in rules 4167-3-01 and 4167-3-03 of the Administrative Code, and update such plan at least once a year.
(3) Ensure that all public health care workers are trained in the use of engineering and
work practice controls before undertaking any task with potential for exposure incidents.
(4) Maintain accurate records of health care exposure incidents, as required by rule
4167-6-11 of the Administrative Code.

4167-6-01 Recording and reporting occupational injuries and illnesses.

(A) Each public employer shall maintain records and make reports to the superintendent
in accordance with this rule.
   (1) All records and reports shall be maintained and submitted on forms prescribed by the
   superintendent, or equivalent records that meet the following requirements, as determined by
   the superintendent:
      (a) The records must contain the same information contained on the form prescribed by
          the superintendent;
      (b) The records must be as readable and comprehensible as the form prescribed by the
          superintendent;
      (c) The records must be completed in as much detail as required by the instructions for
          the form prescribed by the superintendent.
   (2) Records shall be established on a calendar year basis.
   (3) The superintendent may issue a citation for failure to comply with this rule.
   (4) If a false statement, representation, or certification of these records is knowingly
given, the administrator may seek an injunction, restraining order, or any other appropriate relief
against the public employer pursuant to section 4167.17 of the Revised Code.

(B) Records retention and access to records.
   (1) All records and reports required under this chapter shall be retained for five years at
the establishment following the end of the year to which they relate.
   (2) Each employer shall make any records required under this rule available to the
superintendent upon the superintendent's request.
   (3) The log and summary of all recordable occupational injuries and illnesses required
under paragraph (C) of this rule shall be made available by the employer to any employee,
former employee, or employee representatives for examination, and copying in a recordable
manner and at reasonable times.

(C) Log and summary of work-related injuries and illnesses.
   (1) Each employer shall maintain, for each establishment, a separate log and summary
of all work-related injuries and illnesses for that establishment.
   (2) Each recordable injury and illness must be entered on the log and summary as early
as practicable but no later than six working days after receiving information that a recordable
injury or illness has occurred.

(D) Injury and illness report.
   (1) In addition to the log and summary of work-related injuries and illnesses required
under paragraph (C) of this rule, each public employer shall have available for inspection at
each establishment within six working days after receiving information that a recordable
accident case has occurred, an injury and illness report for each occupational injury or illness
associated with that establishment.

(E) Annual summary.
   (1) Each annual summary shall include the employer's policy (risk) number.
   (2) The annual summary shall be submitted to the public employment risk reduction
program by February first for the previous calendar year. The annual summary shall be
submitted in a manner prescribed by the superintendent. An employer with five or fewer
employees that has had no recordable injuries is exempted from this submission requirement.
(3) The highest ranking authority for each public employer, or the highest ranking management official at the employer's establishment, shall certify that the annual summary of occupational injuries and illnesses is true and complete.

(4) Each public employer shall post a copy of each establishment's annual summary at each establishment from February first through April thirtieth of the year after the year to which the summary pertains. The annual summary must be posted in the same manner that notices are required to be posted under rule 4167-4-01 of the Administrative Code.

(F) Bureau of labor statistics, United States department of labor.

A public employer who receives a “Survey of Occupational Injuries and Illnesses” form from the bureau of labor statistics (BLS), United States department of labor or a BLS designee, shall promptly complete the survey and return it following the instructions contained on the survey form.
Chapter 12. Licensed Health Care Professionals

Part I. Nurses

General Provisions and Licensing

[Editor's Note: Licensed professionals are also referenced elsewhere in this Handbook, as listed in the Index. Statutes pertaining to licensed professionals are listed at http://codes.ohio.gov/orc/47.]

4723.01 Nursing and nurses; definitions.

As used in this chapter:
(A) “Registered nurse” means an individual who holds a current, valid license issued under this chapter that authorizes the practice of nursing as a registered nurse.
(B) “Practice of nursing as a registered nurse” means providing to individuals and groups nursing care requiring specialized knowledge, judgment, and skill derived from the principles of biological, physical, behavioral, social, and nursing sciences. Such nursing care includes:
   (1) Identifying patterns of human responses to actual or potential health problems amenable to a nursing regimen;
   (2) Executing a nursing regimen through the selection, performance, management, and evaluation of nursing actions;
   (3) Assessing health status for the purpose of providing nursing care;
   (4) Providing health counseling and health teaching;
   (5) Administering medications, treatments, and executing regimens authorized by an individual who is authorized to practice in this state and is acting within the course of the individual's professional practice;
   (6) Teaching, administering, supervising, delegating, and evaluating nursing practice.
(C) “Nursing regimen” may include preventative, restorative, and health-promotion activities.
(D) “Assessing health status” means the collection of data through nursing assessment techniques, which may include interviews, observation, and physical evaluations for the purpose of providing nursing care.
(E) “Licensed practical nurse” means an individual who holds a current, valid license issued under this chapter that authorizes the practice of nursing as a licensed practical nurse.
(F) “The practice of nursing as a licensed practical nurse” means providing to individuals and groups nursing care requiring the application of basic knowledge of the biological, physical, behavioral, social, and nursing sciences at the direction of a registered nurse or any of the following who is authorized to practice in this state: a physician, physician assistant, dentist, podiatrist, optometrist, or chiropractor. Such nursing care includes:
   (1) Observation, patient teaching, and care in a diversity of health care settings;
   (2) Contributions to the planning, implementation, and evaluation of nursing;
   (3) Administration of medications and treatments authorized by an individual who is authorized to practice in this state and is acting within the course of the individual's professional practice on the condition that the licensed practical nurse is authorized under section 4723.17 of the Revised Code to administer medications;
(4) Administration to an adult of intravenous therapy authorized by an individual who is authorized to practice in this state and is acting within the course of the individual's professional practice, on the condition that the licensed practical nurse is authorized under section 4723.18 or 4723.181 of the Revised Code to perform intravenous therapy and performs intravenous therapy only in accordance with those sections;

(5) Delegation of nursing tasks as directed by a registered nurse;

(6) Teaching nursing tasks to licensed practical nurses and individuals to whom the licensed practical nurse is authorized to delegate nursing tasks as directed by a registered nurse.

(G) “Certified registered nurse anesthetist” means an advanced practice registered nurse who holds a current, valid license issued under this chapter and is designated as a certified registered nurse anesthetist in accordance with section 4723.42 of the Revised Code and rules adopted by the board of nursing.

(H) “Clinical nurse specialist” means an advanced practice registered nurse who holds a current, valid license issued under this chapter and is designated as a clinical nurse specialist in accordance with section 4723.42 of the Revised Code and rules adopted by the board of nursing.

(I) “Certified nurse-midwife” means an advanced practice registered nurse who holds a current, valid license issued under this chapter and is designated as a certified nurse-midwife in accordance with section 4723.42 of the Revised Code and rules adopted by the board of nursing.

(J) “Certified nurse practitioner” means an advanced practice registered nurse who holds a current, valid license issued under this chapter and is designated as a certified nurse practitioner in accordance with section 4723.42 of the Revised Code and rules adopted by the board of nursing.

(K) “Physician” means an individual authorized under Chapter 4731 of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery.

(L) “Collaboration” or “collaborating” means the following:

(1) In the case of a clinical nurse specialist or a certified nurse practitioner, that one or more podiatrists acting within the scope of practice of podiatry in accordance with section 4731.51 of the Revised Code and with whom the nurse has entered into a standard care arrangement or one or more physicians with whom the nurse has entered into a standard care arrangement are continuously available to communicate with the clinical nurse specialist or certified nurse practitioner either in person or by electronic communication;

(2) In the case of a certified nurse-midwife, that one or more physicians with whom the certified nurse-midwife has entered into a standard care arrangement are continuously available to communicate with the certified nurse-midwife either in person or by electronic communication.

(M) “Supervision,” as it pertains to a certified registered nurse anesthetist, means that the certified registered nurse anesthetist is under the direction of a podiatrist acting within the podiatrist’s scope of practice in accordance with section 4731.51 of the Revised Code, a dentist acting within the dentist’s scope of practice in accordance with Chapter 4715 of the Revised Code, or a physician, and, when administering anesthesia, the certified registered nurse anesthetist is in the immediate presence of the podiatrist, dentist, or physician.

(N) “Standard care arrangement” means a written, formal guide for planning and evaluating a patient's health care that is developed by one or more collaborating physicians or podiatrists and a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner and meets the requirements of section 4723.431 of the Revised Code.

(O) “Advanced practice registered nurse” means an individual who holds a current, valid license issued under this chapter that authorizes the practice of nursing as an advanced practice registered nurse and is designated as any of the following:
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

1097

General Provisions and Licensing

(1) A certified registered nurse anesthetist;
(2) A clinical nurse specialist;
(3) A certified nurse-midwife;
(4) A certified nurse practitioner.

(P) “Practice of nursing as an advanced practice registered nurse” means providing to individuals and groups nursing care that requires knowledge and skill obtained from advanced formal education, training, and clinical experience. Such nursing care includes the care described in section 4723.43 of the Revised Code.

(Q) “Dialysis care” means the care and procedures that a dialysis technician or dialysis technician intern is authorized to provide and perform, as specified in section 4723.72 of the Revised Code.

(R) “Dialysis technician” means an individual who holds a current, valid certificate to practice as a dialysis technician issued under section 4723.75 of the Revised Code.

(S) “Dialysis technician intern” means an individual who holds a current, valid certificate to practice as a dialysis technician intern issued under section 4723.75 of the Revised Code.

(T) “Certified community health worker” means an individual who holds a current, valid certificate as a community health worker issued under section 4723.85 of the Revised Code.

(U) “Medication aide” means an individual who holds a current, valid certificate issued under this chapter that authorizes the individual to administer medication in accordance with section 4723.67 of the Revised Code;

(V) “Nursing specialty” means a specialty in practice as a certified registered nurse anesthetist, clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner.

4723.011 Registered nurse.

As used in this chapter, unless otherwise specified, “registered nurse” includes a registered nurse who is also licensed under this chapter as an advanced practice registered nurse.

4723.03 Nursing and nurses; unlicensed practice.

(A) No person shall engage in the practice of nursing as a registered nurse, represent the person as being a registered nurse, or use the title “registered nurse,” the initials “R.N.,” or any other title implying that the person is a registered nurse, for a fee, salary, or other consideration, or as a volunteer, without holding a current, valid license as a registered nurse under this chapter.

(B) No person shall knowingly do any of the following without holding a current, valid license to practice nursing as an advanced practice registered nurse issued under this chapter:
(1) Engage in the practice of nursing as an advanced practice registered nurse;
(2) Represent the person as being an advanced practice registered nurse;
(3) Use the title “advanced practice registered nurse,” the initials “A.P.R.N.,” or any other title implying that the person is an advanced practice registered nurse, for a fee, salary, or other consideration, or as a volunteer.

(C) No person who is not otherwise authorized to do so shall knowingly prescribe or personally furnish drugs or therapeutic devices without holding a current, valid license to practice nursing as an advanced practice registered nurse issued under this chapter and being designated as a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner under section 4723.42 of the Revised Code;

(D) No person shall engage in the practice of nursing as a licensed practical nurse, represent the person as being a licensed practical nurse, or use the title “licensed practical nurse,” the initials “L.P.N.,” or any other title implying that the person is a licensed practical
nurse, for a fee, salary, or other consideration, or as a volunteer, without holding a current, valid license as a practical nurse under this chapter.

(E) No person shall use the titles or initials "graduate nurse," "G.N.,” "professional nurse,” "P.N.,” "graduate practical nurse,” "G.P.N.,” "practical nurse,” "P.N.,” "trained nurse,” "T.N.,” or any other statement, title, or initials that would imply or represent to the public that the person is authorized to practice nursing in this state, except as follows:

(1) A person licensed under this chapter to practice nursing as a registered nurse may use that title and the initials “R.N.”;
(2) A person licensed under this chapter to practice nursing as a licensed practical nurse may use that title and the initials “L.P.N.”;
(3) A person licensed under this chapter to practice nursing as an advanced practice registered nurse and designated as a certified registered nurse anesthetist may use that title or the initials “A.P.R.N.-C.R.N.A.”;
(4) A person licensed under this chapter to practice nursing as an advanced practice registered nurse and designated as a clinical nurse specialist may use that title or the initials “A.P.R.N.-C.N.S.”;
(5) A person licensed under this chapter to practice nursing as an advanced practice registered nurse and designated as a certified nurse-midwife may use that title or the initials “A.P.R.N.-C.N.M.”;
(6) A person licensed under this chapter to practice nursing as an advanced practice registered nurse and designated as a certified nurse practitioner may use that title or the initials “A.P.R.N.-C.N.P.”;

(7) A person licensed under this chapter to practice nursing as an advanced practice registered nurse may use the title “advanced practice registered nurse” or the initials “A.P.R.N.”

(F) No person shall employ a person not licensed as a registered nurse under this chapter to engage in the practice of nursing as a registered nurse.

No person shall knowingly employ a person not licensed as an advanced practice registered nurse under this chapter to engage in the practice of nursing as an advanced practice registered nurse.

No person shall employ a person not licensed as a practical nurse under this chapter to engage in the practice of nursing as a licensed practical nurse.

(G) No person shall sell or fraudulently obtain or furnish any nursing diploma, license, certificate, renewal, or record, or aid or abet such acts.

4723.09 Nursing and nurses; license application; temporary permit.

(A)(1) An application for licensure by examination to practice as a registered nurse or as a licensed practical nurse shall be submitted to the board of nursing in the form prescribed by rules of the board. The application shall include all of the following:

(a) Evidence that the applicant has met the educational requirements described in division (C) of this section;
(b) Any other information required by rules of the board;
(c) The application fee required by section 4723.08 of the Revised Code.
(2) The board shall grant a license to practice nursing as a registered nurse or as a licensed practical nurse if the conditions of divisions (A)(2)(a) to (d) have been met:

(a) The applicant passes the examination accepted by the board under section 4723.10 of the Revised Code.
(b) In the case of an applicant who entered a prelicensure nursing education program on or after June 1, 2003, the results of a criminal records check conducted in accordance with section 4723.091 of the Revised Code demonstrate that the applicant is not ineligible for licensure as specified in section 4723.092 of the Revised Code.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(c) The board determines that the applicant has not committed any act that is grounds for disciplinary action under section 3123.47 or 4723.28 of the Revised Code or determines that an applicant who has committed any act that is grounds for disciplinary action under either section has made restitution or has been rehabilitated, or both.

(d) The applicant is not required to register under Chapter 2950 of the Revised Code or a substantially similar law of another state, the United States, or another country.

(3) The board is not required to afford an adjudication to an individual to whom it has refused to grant a license because of that individual's failure to pass the examination.

(B)(1) An application for licensure by endorsement to practice nursing as a registered nurse or as a licensed practical nurse shall be submitted to the board in the form prescribed by rules of the board. The application shall include all of the following:

(a) Evidence that the applicant holds a current, valid, and unrestricted license or equivalent authorization from another jurisdiction granted after passing an examination approved by the board of that jurisdiction that is equivalent to the examination requirements under this chapter for a license to practice nursing as a registered nurse or licensed practical nurse;

(b) Any other information required by rules of the board;

(c) The application fee required by section 4723.08 of the Revised Code.

(2) The board shall grant a license by endorsement to practice nursing as a registered nurse or as a licensed practical nurse if the conditions of divisions (B)(2)(a) to (f) have been met:

(a) The applicant provides evidence satisfactory to the board that the applicant has met the educational requirements described in division (C) of this section.

(b) The examination, at the time it is successfully completed, is equivalent to the examination requirements in effect at that time for applicants who were licensed by examination in this state.

(c) The board determines there is sufficient evidence that the applicant completed two contact hours of continuing education directly related to this chapter or the rules adopted under it.

(d) The results of a criminal records check conducted in accordance with section 4723.091 of the Revised Code demonstrate that the applicant is not ineligible for licensure as specified in section 4723.092 of the Revised Code.

(e) The applicant has not committed any act that is grounds for disciplinary action under section 3123.47 or 4723.28 of the Revised Code, or the board determines that an applicant who has committed any act that is grounds for disciplinary action under either of those sections has made restitution or has been rehabilitated, or both.

(f) The applicant is not required to register under Chapter 2950 of the Revised Code, or a substantially similar law of another state, the United States, or another country.

(C)(1) To be eligible for licensure by examination or endorsement, an applicant seeking a license to practice nursing as a registered nurse must successfully complete either of the following:

(a) A nursing education program approved by the board under division (A) of section 4723.06 of the Revised Code;

(b) A nursing education program approved by a board of another jurisdiction that is a member of the national council of state boards of nursing.

(2) To be eligible for licensure by examination or endorsement, an applicant seeking a license to practice nursing as a licensed practical nurse must successfully complete one of the following:

(a) A nursing education program approved by the board under division (A) of section 4723.06 of the Revised Code;

(b) A nursing education program approved by a board of another jurisdiction that is a
member of the national council of state boards of nursing;
  (c) A practical nurse course offered or approved by the United States army;
  (d) A practical nurse education program approved by the United States air force as either of the following:
    (i) The community college of the air force associate degree in practical nursing technology;
    (ii) The allied health program, for students who graduated that program prior to 2016.
(D) The board may grant a nonrenewable temporary permit to practice nursing as a registered nurse or as a licensed practical nurse to an applicant for license by endorsement if the board is satisfied by the evidence that the applicant holds a current, valid, and unrestricted license or equivalent authorization from another jurisdiction. Subject to earlier automatic termination as described in this paragraph, the temporary permit shall expire at the earlier of one hundred eighty days after issuance or upon the issuance of a license by endorsement. The temporary permit shall terminate automatically if the criminal records check completed by the bureau of criminal identification and investigation as described in section 4723.091 of the Revised Code regarding the applicant indicates that the applicant is ineligible for licensure as specified in section 4723.092 of the Revised Code. An applicant whose temporary permit is automatically terminated is permanently prohibited from obtaining a license to practice nursing in this state as a registered nurse or as a licensed practical nurse.

4723.151 Practice of medicine by nurse prohibited.

  (A) Medical diagnosis, prescription of medical measures, and the practice of medicine or surgery or any of its branches by a nurse are prohibited.
  (B) Division (A) of this section does not prohibit a certified registered nurse anesthetist, clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner from practicing within the nurse’s scope of practice in accordance with section 4723.43 of the Revised Code.
  (C) Notwithstanding division (B) of this section, nothing in this chapter shall be construed as authorizing any nurse to prescribe any drug or device to perform or induce an abortion, or to otherwise perform or induce an abortion.

4723.17 Medications administered by LPN.

  The board of nursing shall authorize a licensed practical nurse to administer medications if the nurse supplies evidence satisfactory to the board that either of the following is the case:
  (A) The nurse successfully completed, within a practical nurse prelicensure education program approved by the board or by another jurisdiction’s agency that regulates the practice of nursing, a course in basic pharmacology.
  (B) The nurse successfully completed a postlicensure course in basic pharmacology that is acceptable to the board.

4723.18 Intravenous therapy by LPN.

  (A) The board of nursing shall authorize a licensed practical nurse to administer to an adult intravenous therapy if the nurse supplies evidence satisfactory to the board that the conditions of divisions (A)(1) to (3) of this section have been met:
    (1) The nurse holds a current, valid license issued under this chapter to practice nursing as a licensed practical nurse.
    (2) The nurse has been authorized under section 4723.17 of the Revised Code to administer medications.
    (3) The nurse successfully completed either of the following:
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(a) A course of study in the safe performance of intravenous therapy approved by the board pursuant to section 4723.19 of the Revised Code or by an agency in another jurisdiction that regulates the practice of nursing and has requirements for intravenous therapy course approval that are substantially similar to the requirements in division (B) of section 4723.19 of the Revised Code, as determined by the board;

(b) A continuing education course or program approved by the board pursuant to section 4723.06 of the Revised Code that includes all of the following:

(i) The curriculum established by rules adopted by the board;

(ii) Training in the anatomy and physiology of the cardiovascular system, signs and symptoms of local and systemic complications in the administration of fluids and antibiotic additives, and guidelines for management of these complications;

(iii) Any other training or instruction the board considers appropriate;

(iv) A testing component that requires the nurse to perform a successful demonstration of the intravenous procedures, including all skills needed to perform them safely.

(B) Except as provided in section 4723.181 of the Revised Code and subject to the restrictions in division (D) of this section, a licensed practical nurse may perform intravenous therapy on an adult patient only if authorized by the board pursuant to division (A) of this section and only at the direction of one of the following:

(1) A physician, physician assistant, dentist, optometrist, or podiatrist who is authorized to practice in this state and, except as provided in division (C)(2) of this section, is present and readily available at the facility where the intravenous therapy procedure is performed;

(2) A registered nurse in accordance with division (C) of this section.

(C)(1) Except as provided in division (C)(2) of this section and section 4723.181 of the Revised Code, when a licensed practical nurse authorized by the board to perform intravenous therapy performs an intravenous therapy procedure at the direction of a registered nurse, the registered nurse or another registered nurse shall be readily available at the site where the intravenous therapy is performed, and before the licensed practical nurse initiates the intravenous therapy, the registered nurse shall personally perform an on-site assessment of the adult patient who is to receive the intravenous therapy.

(2) When a licensed practical nurse authorized by the board to perform intravenous therapy performs an intravenous therapy procedure in a home as defined in section 3721.10 of the Revised Code, or in an intermediate care facility for individuals with intellectual disabilities as defined in section 5124.01 of the Revised Code, at the direction of a registered nurse or licensed1 a physician, physician assistant, dentist, optometrist, or podiatrist who is authorized to practice in this state, a registered nurse shall be on the premises of the home or facility or accessible by some form of telecommunication.

(D) No licensed practical nurse shall perform any of the following intravenous therapy procedures:

(1) Initiating or maintaining any of the following:

(a) Blood or blood components;

(b) Solutions for total parenteral nutrition;

(c) Any cancer therapeutic medication including, but not limited to, cancer chemotherapy or an anti-neoplastic agent;

(d) Solutions administered through any central venous line or arterial line or any other line that does not terminate in a peripheral vein, except that a licensed practical nurse authorized by the board to perform intravenous therapy may maintain the solutions specified in division (D)(6)(a) of this section that are being administered through a central venous line or peripherally inserted central catheter;

(e) Any investigational or experimental medication.

(2) Initiating intravenous therapy in any vein, except that a licensed practical nurse authorized by the board to perform intravenous therapy may initiate intravenous therapy in
accordance with this section in a vein of the hand, forearm, or antecubital fossa;
    (3) Discontinuing a central venous, arterial, or any other line that does not terminate in a peripheral vein;
    (4) Initiating or discontinuing a peripherally inserted central catheter;
    (5) Mixing, preparing, or reconstituting any medication for intravenous therapy, except that a licensed practical nurse authorized by the board to perform intravenous therapy may prepare or reconstitute an antibiotic additive;
    (6) Administering medication via the intravenous route, including all of the following activities:
        (a) Adding medication to an intravenous solution or to an existing infusion, except that a licensed practical nurse authorized by the board to perform intravenous therapy may do any of the following:
            (i) Initiate an intravenous infusion containing one or more of the following elements: dextrose 5%, normal saline, lactated ringers, sodium chloride .45%, sodium chloride 0.2%, sterile water;
            (ii) Hang subsequent containers of the intravenous solutions specified in division (D)(6)(a)(i) of this section that contain vitamins or electrolytes, if a registered nurse initiated the infusion of that same intravenous solution;
            (iii) Initiate or maintain an intravenous infusion containing an antibiotic additive.
        (b) Injecting medication via a direct intravenous route, except that a licensed practical nurse authorized by the board to perform intravenous therapy may inject heparin or normal saline to flush an intermittent infusion device or heparin lock including, but not limited to, bolus or push.
    (7) Changing tubing on any line including, but not limited to, an arterial line or a central venous line, except that a licensed practical nurse authorized by the board to perform intravenous therapy may change tubing on an intravenous line that terminates in a peripheral vein;
    (8) Programming or setting any function of a patient controlled infusion pump.
    (E) Notwithstanding divisions (A) and (D) of this section, at the direction of a physician or a registered nurse, a licensed practical nurse authorized by the board to perform intravenous therapy may perform the following activities for the purpose of performing dialysis:
        (1) The routine administration and regulation of saline solution for the purpose of maintaining an established fluid plan;
        (2) The administration of a heparin dose intravenously;
        (3) The administration of a heparin dose peripherally via a fistula needle;
        (4) The loading and activation of a constant infusion pump;
        (5) The intermittent injection of a dose of medication that is administered via the hemodialysis blood circuit and through the patient's venous access.
    (F) No person shall employ or direct a licensed practical nurse to perform an intravenous therapy procedure without first verifying that the licensed practical nurse is authorized by the board to perform intravenous therapy.

4723.181 LPN intravenous therapy.

    (A) A licensed practical nurse may perform on any person any of the intravenous therapy procedures specified in division (B) of this section without receiving authorization to perform intravenous therapy from the board of nursing under section 4723.18 of the Revised Code, if both of the following apply:
        (1) The licensed practical nurse acts at the direction of a registered nurse or a licensed physician, dentist, optometrist, or podiatrist and the registered nurse, physician, dentist, optometrist, or podiatrist is on the premises where the procedure is to be performed or
accessible by some form of telecommunication.

(2) The licensed practical nurse can demonstrate the knowledge, skills, and ability to perform the procedure safely.

(B) The intravenous therapy procedures that a licensed practical nurse may perform pursuant to division (A) of this section are limited to the following:

1. Verification of the type of peripheral intravenous solution being administered;
2. Examination of a peripheral infusion site and the extremity for possible infiltration;
3. Regulation of a peripheral intravenous infusion according to the prescribed flow rate;
4. Discontinuation of a peripheral intravenous device at the appropriate time;
5. Performance of routine dressing changes at the insertion site of a peripheral venous or arterial infusion, peripherally inserted central catheter infusion, or central venous pressure subclavian infusion.

4723.24 Nursing and nurses; license renewal.

(A)(1) Except as otherwise provided in this chapter, all of the following apply with respect to the schedules for renewal of licenses and certificates issued by the board of nursing:

(a) An active license to practice nursing as a registered nurse is subject to renewal in odd-numbered years. An application for renewal of the license is due on the fifteenth day of September of the renewal year. A late application may be submitted before the license lapses. If a license is not renewed or classified as inactive, the license lapses on the first day of November of the renewal year.

(b) An active license to practice nursing as a licensed practical nurse is subject to renewal in even-numbered years. An application for renewal of the license is due on the fifteenth day of September of the renewal year. A late application may be submitted before the license lapses. If a license is not renewed or classified as inactive, the license lapses on the first day of November of the renewal year.

(c) An active license to practice nursing as an advanced practice registered nurse is subject to renewal in odd-numbered years. An application for renewal of the license is due on the fifteenth day of September of the renewal year. A late application may be submitted before the license lapses. If a license is not renewed or classified as inactive, the license lapses on the first day of November of the renewal year.

(d) All other active licenses and certificates issued under this chapter are subject to renewal according to a schedule established by the board in rules adopted under section 4723.07 of the Revised Code.

(2) The board shall provide an application for renewal to every holder of an active license or certificate, except when the board is aware that an individual is ineligible for license or certificate renewal for any reason, including pending criminal charges in this state or another jurisdiction, failure to comply with a disciplinary order from the board or the terms of a consent agreement entered into with the board, failure to pay fines or fees owed to the board, or failure to provide on the board’s request documentation of having completed the continuing nursing education requirements specified in division (C) of this section.

If the board provides a renewal application by mail, the application shall be addressed to the last known post-office address of the license or certificate holder and mailed before the date the application is due. Failure of the license or certificate holder to receive an application for renewal from the board shall not excuse the holder from the requirements contained in this section, except as provided in section 5903.10 of the Revised Code.

(3) A license or certificate holder seeking renewal of the license or certificate shall complete the renewal application and submit it to the board with the renewal fee established under section 4723.08 of the Revised Code. If a renewal application is submitted after the date the application is due, but before the date the license or certificate lapses, the applicant shall
include with the application the fee established under section 4723.08 of the Revised Code for processing a late application for renewal.

With the renewal application, the applicant shall report any conviction, plea, or judicial finding regarding a criminal offense that constitutes grounds for the board to impose sanctions under section 4723.28 of the Revised Code since the applicant last submitted an application to the board.

(4) On receipt of the renewal application, the board shall verify whether the applicant meets the renewal requirements. If the applicant meets the requirements, the board shall renew the license or certificate.

(B) Every license or certificate holder shall give written notice to the board of any change of name or address within thirty days of the change. The board shall require the holder to document a change of name in a manner acceptable to the board.

(C)(1) Except in the case of a first renewal after licensure by examination, to be eligible for renewal of an active license to practice nursing as a registered nurse or licensed practical nurse, each individual who holds an active license shall, in each two-year period specified by the board, complete continuing nursing education as follows:

(a) For renewal of a license that was issued for a two-year renewal period, twenty-four hours of continuing nursing education;

(b) For renewal of a license that was issued for less than a two-year renewal period, the number of hours of continuing nursing education specified by the board in rules adopted in accordance with Chapter 119 of the Revised Code;

(c) Of the hours of continuing nursing education completed in any renewal period, at least one hour of the education must be directly related to the statutes and rules pertaining to the practice of nursing in this state.

(2) To be eligible for renewal of an active license to practice nursing as an advanced practice registered nurse, each individual who holds an active license shall, in each two-year period specified by the board, complete continuing education as follows:

(a) For renewal of a license that was issued for a two-year renewal period, twenty-four hours of continuing nursing education;

(b) For renewal of a license that was issued for less than a two-year renewal period, the number of hours of continuing nursing education specified by the board in rules adopted in accordance with Chapter 119 of the Revised Code, including the number of hours of continuing education in advanced pharmacology;

(c) In the case of an advanced practice registered nurse who is designated as a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner, of the hours of continuing nursing education completed in any renewal period, at least twelve hours of the education must be in advanced pharmacology and be received from an accredited institution recognized by the board.

(d) The continuing education required by division (C)(2)(a) or (b) of this section is in addition to the continuing education required by division (C)(1)(a) or (b) of this section.

(3) The board shall adopt rules establishing the procedure for a license holder to certify to the board completion of the required continuing nursing education. The board may conduct a random sample of license holders and require that the license holders included in the sample submit satisfactory documentation of having completed the requirements for continuing nursing education. On the board’s request, a license holder included in the sample shall submit the required documentation.

(4) An educational activity may be applied toward meeting the continuing nursing education requirement only if it is obtained through a program or course approved by the board or a person the board has authorized to approve continuing nursing education programs and courses.

(5) The continuing education required of a certified registered nurse anesthetist, clinical
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

nurse specialist, certified nurse-midwife, or certified nurse practitioner to maintain certification by a national certifying organization shall be applied toward the continuing education requirements for renewal of the following if the continuing education is obtained through a program or course approved by the board or a person the board has authorized to approve continuing nursing education programs and courses:

(a) A license to practice nursing as a registered nurse;
(b) A license to practice nursing as an advanced practice registered nurse.

(D) Except as otherwise provided in section 4723.28 of the Revised Code, an individual who holds an active license to practice nursing as a registered nurse or licensed practical nurse and who does not intend to practice in Ohio may send to the board written notice to that effect on or before the date the license lapses, and the board shall classify the license as inactive. During the period that the license is classified as inactive, the holder may not engage in the practice of nursing as a registered nurse or licensed practical nurse in Ohio and is not required to pay the renewal fee.

The holder of an inactive license to practice nursing as a registered nurse or licensed practical nurse or an individual who has failed to renew the individual's license to practice nursing as a registered nurse or licensed practical nurse may have the license reactivated or reinstated upon doing the following, as applicable to the holder or individual:

(1) Applying to the board for license reactivation or reinstatement on forms provided by the board;
(2) Meeting the requirements for reactivating or reinstating licenses established in rules adopted under section 4723.07 of the Revised Code or, if the individual did not renew because of service in the armed forces of the United States or a reserve component of the armed forces of the United States, including the Ohio national guard or the national guard of any other state, as provided in section 5903.10 of the Revised Code;
(3) If the license has been inactive for at least five years from the date of application for reactivation or has lapsed for at least five years from the date of application for reinstatement, submitting a request to the bureau of criminal identification and investigation for a criminal records check and check of federal bureau of investigation records pursuant to section 4723.091 of the Revised Code.

(E) Except as otherwise provided in section 4723.28 of the Revised Code, an individual who holds an active license to practice nursing as an advanced practice registered nurse and does not intend to practice in Ohio as an advanced practice registered nurse may send to the board written notice to that effect on or before the renewal date, and the board shall classify the license as inactive. During the period that the license is classified as inactive, the holder may not engage in the practice of nursing as an advanced practice registered nurse in Ohio and is not required to pay the renewal fee.

The holder of an inactive license to practice nursing as an advanced practice registered nurse or an individual who has failed to renew the individual's license to practice nursing as an advanced practice registered nurse may have the license reactivated or reinstated upon doing the following, as applicable to the holder or individual:

(1) Applying to the board for license reactivation or reinstatement on forms provided by the board;
(2) Meeting the requirements for reactivating or reinstating licenses established in rules adopted under section 4723.07 of the Revised Code or, if the individual did not renew because of service in the armed forces of the United States or a reserve component of the armed forces of the United States, including the Ohio national guard or the national guard of any other state, as provided in section 5903.10 of the Revised Code.
4723.26 Retired nurses and free clinic.

(A)(1) As used in this section:
(a) “Free clinic” has the same meaning as in section 3701.071 of the Revised Code.
(b) “Indigent and uninsured person” and “operation” have the same meanings as in section 2305.234 of the Revised Code.
(2) For the purposes of this section, a person shall be considered retired from practice if the person's license has expired with the intention of ceasing to practice nursing as a registered nurse, licensed practical nurse, or advanced practice registered nurse for remuneration.
(B) The board of nursing may issue, without examination, a volunteer's certificate to a qualified person who is retired from practice so that the person may provide nursing services to indigent and uninsured persons at any location, including a free clinic.
(C) Except as provided in division (D) of this section, an application for a volunteer's certificate shall include all of the following:
(1) A copy or other evidence of the applicant's degree from a school of registered nursing, practical nursing, or advanced practice registered nursing;
(2) One of the following, as applicable:
(a) A copy or other evidence of the applicant's most recent license to practice nursing as a registered nurse, licensed practical nurse, or advanced practice registered nurse issued by a jurisdiction in the United States that licenses persons to practice nursing as a registered nurse, licensed practical nurse, or advanced practice registered nurse;
(b) A copy or other evidence of the applicant's most recent license equivalent to a license to practice nursing as a registered nurse, licensed practical nurse, or advanced practice registered nurse in one or more branches of the United States armed services that the United States government issued.
(D) For an applicant retired from practice for at least ten years, the applicant shall do both of the following:
(1) Certify to the board completion of continuing nursing education that meets the requirements of section 4723.24 of the Revised Code and the rules adopted under that section;
(2) Submit a request to the bureau of criminal identification and investigation for a criminal records check and check of federal bureau of investigation records pursuant to section 4723.091 of the Revised Code.
(E) The holder of a volunteer's certificate may provide nursing services only to indigent and uninsured persons, but may do so at any location, including a free clinic. The holder shall not accept any form of remuneration for providing nursing services while in possession of the certificate. The board may suspend or revoke a volunteer's certificate on receiving proof satisfactory to the board that the holder has engaged in practice in this state outside the scope of the holder's certificate or that there are grounds for action against the person under section 4723.28 of the Revised Code. In revoking a certificate, the board may specify that the revocation is permanent.
(F)(1) A volunteer's certificate shall be valid for a period of two years, and may be renewed upon the application of the holder, unless the certificate is suspended or revoked under division (E) of this section. The board shall maintain a record of all persons who hold volunteer's certificates. The board shall not charge a fee for issuing or renewing a certificate.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

pursuant to this section.

(2) To be eligible for renewal of a volunteer's certificate, the holder of the certificate shall certify to the board completion of continuing nursing education that meets the requirements of section 4723.24 of the Revised Code and the rules adopted under that section. The board may not renew a certificate if the holder has not complied with the appropriate continuing education requirements. Any entity for which the holder provides nursing services may pay for or reimburse the holder for any costs incurred in obtaining the required continuing education hours.

(3) The holder of a volunteer's certificate issued pursuant to this section is subject to the immunity provisions regarding the provision of services to indigent and uninsured persons in section 2305.234 of the Revised Code.

(G) The board shall adopt rules in accordance with Chapter 119 of the Revised Code to administer and enforce this section.

4723.28 Disciplinary actions and sanctions.

(A) The board of nursing, by a vote of a quorum, may impose one or more of the following sanctions if it finds that a person committed fraud in passing an examination required to obtain a license or dialysis technician certificate issued by the board or to have committed fraud, misrepresentation, or deception in applying for or securing any nursing license or dialysis technician certificate issued by the board: deny, revoke, suspend, or place restrictions on any nursing license or dialysis technician certificate issued by the board; reprimand or otherwise discipline a holder of a nursing license or dialysis technician certificate; or impose a fine of not more than five hundred dollars per violation.

(B) The board of nursing, by a vote of a quorum, may impose one or more of the following sanctions: deny, revoke, suspend, or place restrictions on any nursing license or dialysis technician certificate issued by the board; reprimand or otherwise discipline a holder of a nursing license or dialysis technician certificate; or impose a fine of not more than five hundred dollars per violation. The sanctions may be imposed for any of the following:

(1) Denial, revocation, suspension, or restriction of authority to engage in a licensed profession or practice a health care occupation, including nursing or practice as a dialysis technician, for any reason other than a failure to renew, in Ohio or another state or jurisdiction;

(2) Engaging in the practice of nursing or engaging in practice as a dialysis technician, having failed to renew a nursing license or dialysis technician certificate issued under this chapter, or while a nursing license or dialysis technician certificate is under suspension;

(3) Conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for a pretrial diversion or similar program or for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(4) Conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for a pretrial diversion or similar program or for intervention in lieu of conviction for, any felony or of any crime involving gross immorality or moral turpitude;

(5) Selling, giving away, or administering drugs or therapeutic devices for other than legal and legitimate therapeutic purposes; or conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for a pretrial diversion or similar program or for intervention in lieu of conviction for, violating any municipal, state, county, or federal drug law;

(6) Conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for a pretrial diversion or similar program or for intervention in lieu of conviction for, an act in another jurisdiction that would constitute a felony or a crime of moral turpitude in Ohio;
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

General Provisions and Licensing

(7) Conviction of, a plea of guilty to, a judicial finding of guilt of, a judicial finding of guilt resulting from a plea of no contest to, or a judicial finding of eligibility for a pretrial diversion or similar program or for intervention in lieu of conviction for, an act in the course of practice in another jurisdiction that would constitute a misdemeanor in Ohio;

(8) Self-administering or otherwise taking into the body any dangerous drug, as defined in section 4729.01 of the Revised Code, in any way that is not in accordance with a legal, valid prescription issued for that individual, or self-administering or otherwise taking into the body any drug that is a schedule I controlled substance;

(9) Habitual or excessive use of controlled substances, other habit-forming drugs, or alcohol or other chemical substances to an extent that impairs the individual's ability to provide safe nursing care or safe dialysis care;

(10) Impairment of the ability to practice according to acceptable and prevailing standards of safe nursing care or safe dialysis care because of the use of drugs, alcohol, or other chemical substances;

(11) Impairment of the ability to practice according to acceptable and prevailing standards of safe nursing care or safe dialysis care because of a physical or mental disability;

(12) Assaulting or causing harm to a patient or depriving a patient of the means to summon assistance;

(13) Misappropriation or attempted misappropriation of money or anything of value in the course of practice;

(14) Adjudication by a probate court of being mentally ill or mentally incompetent. The board may reinstate the person's nursing license or dialysis technician certificate upon adjudication by a probate court of the person's restoration to competency or upon submission to the board of other proof of competency.

(15) The suspension or termination of employment by the United States department of defense or department of veterans affairs for any act that violates or would violate this chapter;

(16) Violation of this chapter or any rules adopted under it;

(17) Violation of any restrictions placed by the board on a nursing license or dialysis technician certificate;

(18) Failure to use universal and standard precautions established by rules adopted under section 4723.07 of the Revised Code;

(19) Failure to practice in accordance with acceptable and prevailing standards of safe nursing care or safe dialysis care;

(20) In the case of a registered nurse, engaging in activities that exceed the practice of nursing as a registered nurse;

(21) In the case of a licensed practical nurse, engaging in activities that exceed the practice of nursing as a licensed practical nurse;

(22) In the case of a dialysis technician, engaging in activities that exceed those permitted under section 4723.72 of the Revised Code;

(23) Aiding and abetting a person in that person's practice of nursing without a license or practice as a dialysis technician without a certificate issued under this chapter;

(24) In the case of an advanced practice registered nurse, except as provided in division (M) of this section, either of the following:

(a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers such nursing services, would otherwise be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that provider;

(b) Advertising that the nurse will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers such nursing services, would otherwise be required to pay.

(25) Failure to comply with the terms and conditions of participation in the chemical
dependency monitoring program established under section 4723.35 of the Revised Code;

(26) Failure to comply with the terms and conditions required under the practice intervention and improvement program established under section 4723.282 of the Revised Code;

(27) In the case of an advanced practice registered nurse:
   (a) Engaging in activities that exceed those permitted for the nurse's nursing specialty under section 4723.43 of the Revised Code;
   (b) Failure to meet the quality assurance standards established under section 4723.07 of the Revised Code.

(28) In the case of an advanced practice registered nurse other than a certified registered nurse anesthetist, failure to maintain a standard care arrangement in accordance with section 4723.431 of the Revised Code or to practice in accordance with the standard care arrangement;

(29) In the case of an advanced practice registered nurse who is designated as a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner, failure to prescribe drugs and therapeutic devices in accordance with section 4723.481 of the Revised Code;

(30) Prescribing any drug or device to perform or induce an abortion, or otherwise performing or inducing an abortion;

(31) Failure to establish and maintain professional boundaries with a patient, as specified in rules adopted under section 4723.07 of the Revised Code;

(32) Regardless of whether the contact or verbal behavior is consensual, engaging with a patient other than the spouse of the registered nurse, licensed practical nurse, or dialysis technician in any of the following:
   (a) Sexual contact, as defined in section 2907.01 of the Revised Code;
   (b) Verbal behavior that is sexually demeaning to the patient or may be reasonably interpreted by the patient as sexually demeaning.

(33) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(34) Failure to comply with the requirements in section 3719.061 of the Revised Code before issuing for a minor a prescription for an opioid analgesic, as defined in section 3719.01 of the Revised Code;

(35) Failure to comply with section 4723.487 of the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(36) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication conducted under Chapter 119 of the Revised Code, except that in lieu of a hearing, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by a vote of a quorum, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the agreement shall be of no effect.

(D) The hearings of the board shall be conducted in accordance with Chapter 119 of the Revised Code, the board may appoint a hearing examiner, as provided in section 119.09 of the Revised Code, to conduct any hearing the board is authorized to hold under Chapter 119 of the Revised Code.

In any instance in which the board is required under Chapter 119 of the Revised Code to give notice of an opportunity for a hearing and the applicant, licensee, or certificate holder does
not make a timely request for a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by a vote of a quorum, a final order that contains the board's findings. In the final order, the board may order any of the sanctions listed in division (A) or (B) of this section.

(E) If a criminal action is brought against a registered nurse, licensed practical nurse, or dialysis technician for an act or crime described in divisions (B)(3) to (7) of this section and the action is dismissed by the trial court other than on the merits, the board shall conduct an adjudication to determine whether the registered nurse, licensed practical nurse, or dialysis technician committed the act on which the action was based. If the board determines on the basis of the adjudication that the registered nurse, licensed practical nurse, or dialysis technician committed the act, or if the registered nurse, licensed practical nurse, or dialysis technician fails to participate in the adjudication, the board may take action as though the registered nurse, licensed practical nurse, or dialysis technician had been convicted of the act.

If the board takes action on the basis of a conviction, plea, or a judicial finding as described in divisions (B)(3) to (7) of this section that is overturned on appeal, the registered nurse, licensed practical nurse, or dialysis technician may, on exhaustion of the appeal process, petition the board for reconsideration of its action. On receipt of the petition and supporting court documents, the board shall temporarily rescind its action. If the board determines that the decision on appeal was a decision on the merits, it shall permanently rescind its action. If the board determines that the decision on appeal was not a decision on the merits, it shall conduct an adjudication to determine whether the registered nurse, licensed practical nurse, or dialysis technician committed the act on which the original conviction, plea, or judicial finding was based. If the board determines on the basis of the adjudication that the registered nurse, licensed practical nurse, or dialysis technician committed such act, or if the registered nurse, licensed practical nurse, or dialysis technician does not request an adjudication, the board shall reinstate its action; otherwise, the board shall permanently rescind its action.

Notwithstanding the provision of division (C)(2) of section 2953.32 of the Revised Code specifying that if records pertaining to a criminal case are sealed under that section the proceedings in the case shall be deemed not to have occurred, sealing of the following records on which the board has based an action under this section shall have no effect on the board's action or any sanction imposed by the board under this section: records of any conviction, guilty plea, judicial finding of guilt resulting from a plea of no contest, or a judicial finding of eligibility for a pretrial diversion program or intervention in lieu of conviction.

The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F) The board may investigate an individual's criminal background in performing its duties under this section. As part of such investigation, the board may order the individual to submit, at the individual's expense, a request to the bureau of criminal identification and investigation for a criminal records check and check of federal bureau of investigation records in accordance with the procedure described in section 4723.091 of the Revised Code.

(G) During the course of an investigation conducted under this section, the board may compel any registered nurse, licensed practical nurse, or dialysis technician or applicant under this chapter to submit to a mental or physical examination, or both, as required by the board and at the expense of the individual, if the board finds reason to believe that the individual under investigation may have a physical or mental impairment that may affect the individual's ability to provide safe nursing care. Failure of any individual to submit to a mental or physical examination when directed constitutes an admission of the allegations, unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence.

If the board finds that an individual is impaired, the board shall require the individual to submit to care, counseling, or treatment approved or designated by the board, as a condition for...
initial, continued, reinstated, or renewed authority to practice. The individual shall be afforded an opportunity to demonstrate to the board that the individual can begin or resume the individual's occupation in compliance with acceptable and prevailing standards of care under the provisions of the individual's authority to practice.

For purposes of this division, any registered nurse, licensed practical nurse, or dialysis technician or applicant under this chapter shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(H) The board shall investigate evidence that appears to show that any person has violated any provision of this chapter or any rule of the board. Any person may report to the board any information the person may have that appears to show a violation of any provision of this chapter or rule of the board. In the absence of bad faith, any person who reports such information or who testifies before the board in any adjudication conducted under Chapter 119 of the Revised Code shall not be liable for civil damages as a result of the report or testimony.

(I) All of the following apply under this chapter with respect to the confidentiality of information:

1. Information received by the board pursuant to a complaint or an investigation is confidential and not subject to discovery in any civil action, except that the board may disclose information to law enforcement officers and government entities for purposes of an investigation of either a licensed health care professional, including a registered nurse, licensed practical nurse, or dialysis technician, or a person who may have engaged in the unauthorized practice of nursing or dialysis care. No law enforcement officer or government entity with knowledge of any information disclosed by the board pursuant to this division shall divulge the information to any other person or government entity except for the purpose of a government investigation, a prosecution, or an adjudication by a court or government entity.

2. If an investigation requires a review of patient records, the investigation and proceeding shall be conducted in such a manner as to protect patient confidentiality.

3. All adjudications and investigations of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

4. Any board activity that involves continued monitoring of an individual as part of or following any disciplinary action taken under this section shall be conducted in a manner that maintains the individual's confidentiality. Information received or maintained by the board with respect to the board's monitoring activities is not subject to discovery in any civil action and is confidential, except that the board may disclose information to law enforcement officers and government entities for purposes of an investigation of a licensee or certificate holder.

(J) Any action taken by the board under this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the person may be reinstated to practice.

(K) When the board refuses to grant a license or certificate to an applicant, revokes a license or certificate, or refuses to reinstate a license or certificate, the board may specify that its action is permanent. An individual subject to permanent action taken by the board is forever ineligible to hold a license or certificate of the type that was refused or revoked and the board shall not accept from the individual an application for reinstatement of the license or certificate or for a new license or certificate.

(L) No unilateral surrender of a nursing license, certificate of authority, or dialysis technician certificate issued under this chapter shall be effective unless accepted by majority vote of the board. No application for a nursing license, certificate of authority, or dialysis technician certificate issued under this chapter may be withdrawn without a majority vote of the board. The board's jurisdiction to take disciplinary action under this section is not removed or limited when an individual has a license or certificate classified as inactive or fails to renew a
license or certificate.

(M) Sanctions shall not be imposed under division (B)(24) of this section against any licensee who waives deductibles and copayments as follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person licensed pursuant to this chapter to the extent allowed by this chapter and the rules of the board.

4723.281 Mandatory suspension; orders.

(A) As used in this section, with regard to offenses committed in Ohio, "aggravated murder," "murder," "voluntary manslaughter," "felonious assault," "kidnapping," "rape," "sexual battery," "gross sexual imposition," "aggravated arson," "aggravated robbery," and "aggravated burglary" mean such offenses as defined in Title XXIX of the Revised Code; with regard to offenses committed in other jurisdictions, the terms mean offenses comparable to offenses defined in Title XXIX of the Revised Code.

(B) When there is clear and convincing evidence that continued practice by an individual licensed under this chapter presents a danger of immediate and serious harm to the public, as determined on consideration of the evidence by the president and the executive director of the board of nursing, the president and director shall impose on the individual a summary suspension without a hearing. An individual serving as president or executive director in the absence of the president or executive director may take any action that this section requires or authorizes the president or executive director to take.

Immediately following the decision to impose a summary suspension, the board shall issue a written order of suspension and cause it to be delivered by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during the pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the suspension requests an adjudication, the date set for the adjudication shall be within fifteen days but not earlier than seven days after the individual makes the request, unless another date is agreed to by both the individual and the board. The summary suspension shall remain in effect, unless reversed by the board, until a final adjudication order issued by the board pursuant to this section and Chapter 119 of the Revised Code becomes effective.

The board shall issue its final adjudication order within ninety days after completion of the adjudication. If the board does not issue a final order within the ninety-day period, the summary suspension shall be void, but any final adjudication order issued subsequent to the ninety-day period shall not be affected.

(C) The license or certificate issued to an individual under this chapter is automatically suspended on that individual's conviction of, plea of guilty to, or judicial finding with regard to any of the following: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. The suspension shall remain in effect from the date of the conviction, plea, or finding until an adjudication is held under Chapter 119 of the Revised Code. If the board has knowledge that an automatic suspension has occurred, it shall notify the individual subject to the suspension. If the individual is notified and either fails to request an adjudication within the time periods established by Chapter 119 of the Revised Code or fails to participate in the adjudication, the board shall enter a final order permanently revoking the person's license or certificate.
4723.282 Program for practice intervention and improvement.

(A) As used in this section, "practice deficiency" means any activity that does not meet acceptable and prevailing standards of safe and effective nursing care or dialysis care.

(B) The board of nursing may abstain from taking disciplinary action under section 4723.28 of the Revised Code against the holder of a license or certificate issued under this chapter who has a practice deficiency that has been identified by the board through an investigation conducted under section 4723.28 of the Revised Code. The board may abstain from taking action only if the board has reason to believe that the individual's practice deficiency can be corrected through remediation, and if the individual enters into an agreement with the board to seek remediation as prescribed by the board, complies with the terms and conditions of the remediation, and successfully completes the remediation. If an individual fails to complete the remediation or the board determines that remediation cannot correct the individual's practice deficiency, the board shall proceed with disciplinary action in accordance with section 4723.28 of the Revised Code.

(C) To implement its authority under this section to abstain from taking disciplinary action, the board shall establish a practice intervention and improvement program. The board shall designate an administrator to operate the program and, in accordance with Chapter 119 of the Revised Code, adopt rules for the program that establish the following:

1. Criteria for use in identifying an individual's practice deficiency;
2. Requirements that an individual must meet to be eligible for remediation and the board's abstention from disciplinary action;
3. Standards and procedures for prescribing remediation that is appropriate for an individual's identified practice deficiency;
4. Terms and conditions that an individual must meet to be successful in completing the remediation prescribed;
5. Procedures for the board's monitoring of the individual's remediation;
6. Procedures for maintaining confidential records regarding individuals who participate in remediation;
7. Any other requirements or procedures necessary to develop and administer the program.

(D) All records held by the board for purposes of the program shall be confidential, are not public records for purposes of section 149.43 of the Revised Code, and are not subject to discovery by subpoena or admissible as evidence in any judicial proceeding. The administrator of the program shall maintain all records in the board's office in accordance with the board's record retention schedule.

(E) When an individual begins the remediation prescribed by the board, the individual shall sign a waiver permitting any entity that provides services related to the remediation to release to the board information regarding the individual's progress. An entity that provides services related to remediation shall report to the board if the individual fails to complete the remediation or does not make satisfactory progress in remediation.

In the absence of fraud or bad faith, an entity that reports to the board regarding an individual's practice deficiency, or progress or lack of progress in remediation, is not liable in damages to any person as a result of making the report.

(F) An individual participating in remediation prescribed under this section is responsible for all financial obligations that may arise from obtaining or completing the remediation.

4723.29 Subpoenas.

In addition to the powers conferred upon the board of nursing by Chapter 119 of the Revised Code, the board may subpoena witnesses and require their attendance, require the
testimony of witnesses and require the production by witnesses of books, papers, public
records, and other documentary evidence, and examine them as it may require in relation to any
matter which it has authority to investigate, inquire into, or hear.

A subpoena for patient record information shall be issued only upon approval of the
executive director of the board, and the president or another member of the board designated
by the president, in consultation with the office of the attorney general. Before issuance of any
such subpoena, the executive director and the office of the attorney general shall determine
whether there is probable cause to believe that the complaint filed alleges a violation of this
chapter or any rule of the board, that the records sought are relevant to the alleged violation and
material to the investigation, and that the records cover a reasonable period of time surrounding
the alleged violation.

Upon failure to comply with any subpoena issued by the board and after reason-
able notice to the person being subpoenaed, the board may move for an order compelling the
production of persons or records pursuant to Ohio Rules of Civil Procedure.

Each officer who serves such subpoena shall receive the same fees as a sheriff, and
each witness who appears, in obedience to a subpoena, before the board, shall receive the fees
and mileage provided for under section 119.094 of the Revised Code.

4723.32 Licensing exemptions.

This chapter does not prohibit any of the following:
(A) The practice of nursing by a student currently enrolled in and actively pursuing
completion of a prelicensure nursing education program, if all of the following are the case:
(1) The student is participating in a program located in this state and approved by the
board of nursing or participating in this state in a component of a program located in another
jurisdiction and approved by a board that is a member of the national council of state boards of
nursing;
(2) The student’s practice is under the auspices of the program;
(3) The student acts under the supervision of a registered nurse serving for the program
as a faculty member or teaching assistant.
(B) The rendering of medical assistance to a licensed physician, licensed dentist, or
licensed podiatrist by a person under the direction, supervision, and control of such licensed
physician, dentist, or podiatrist;
(C) The activities of persons employed as nursing aides, attendants, orderlies, or other
auxiliary workers in patient homes, nurseries, nursing homes, hospitals, home health agencies,
or other similar institutions;
(D) The provision of nursing services to family members or in emergency situations;
(E) The care of the sick when done in connection with the practice of religious tenets of
any church and by or for its members;
(F) The practice of nursing as an advanced practice registered nurse by a student
currently enrolled in and actively pursuing completion of a program of study leading to initial
authorization by the board of nursing to practice nursing as an advanced practice registered
nurse in a designated specialty, if all of the following are the case:
(1) The program qualifies the student to sit for the examination of a national certifying
organization approved by the board under section 4723.46 of the Revised Code or the program
prepares the student to receive a master’s or doctoral degree in accordance with division (A)(2)
of section 4723.41 of the Revised Code;
(2) The student’s practice is under the auspices of the program;
(3) The student acts under the supervision of an advanced practice registered nurse
serving for the program as a faculty member, teaching assistant, or preceptor.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(G) The activities of an individual who currently holds a license to practice nursing or equivalent authorization from another jurisdiction, if the individual's authority to practice has not been revoked, the individual is not currently under suspension or on probation, the individual does not represent the individual as being licensed under this chapter, and one of the following is the case:

1. The individual is engaging in the practice of nursing by discharging official duties while employed by or under contract with the United States government or any agency thereof;
2. The individual is engaging in the practice of nursing as an employee of an individual, agency, or corporation located in the other jurisdiction in a position with employment responsibilities that include transporting patients into, out of, or through this state, as long as each trip in this state does not exceed seventy-two hours;
3. The individual is consulting with an individual licensed in this state to practice any health-related profession;
4. The individual is engaging in activities associated with teaching in this state as a guest lecturer at or for a nursing education program, continuing nursing education program, or in-service presentation;
5. The individual is conducting evaluations of nursing care that are undertaken on behalf of an accrediting organization, including the national league for nursing accrediting committee, the joint commission on accreditation of healthcare organizations, or any other nationally recognized accrediting organization;
6. The individual is providing nursing care to an individual who is in this state on a temporary basis, not to exceed six months in any one calendar year, if the nurse is directly employed by or under contract with the individual or a guardian or other person acting on the individual's behalf;
7. The individual is providing nursing care during any disaster, natural or otherwise, that has been officially declared to be a disaster by a public announcement issued by an appropriate federal, state, county, or municipal official;
8. The individual is providing nursing care at a free-of-charge camp accredited by the SeriousFun children's network that specializes in providing therapeutic recreation, as defined in section 2305.231 of the Revised Code, for individuals with chronic diseases, if all of the following are the case:
   a. The individual provides documentation to the medical director of the camp that the individual holds a current, valid license to practice nursing or equivalent authorization from another jurisdiction.
   b. The individual provides nursing care only at the camp or in connection with camp events or activities that occur off the grounds of the camp.
   c. The individual is not compensated for the individual's services.
   d. The individual provides nursing care within this state for not more than thirty days per calendar year.
   e. The camp has a medical director who holds an unrestricted license to practice medicine issued in accordance with Chapter 4731 of the Revised Code.

(H) The administration of medication by an individual who holds a valid medication aide certificate issued under this chapter, if the medication is administered to a resident of a nursing home, residential care facility, or ICF/IID authorized by section 4723.64 of the Revised Code to use a certified medication aide and the medication is administered in accordance with section 4723.67 of the Revised Code.

4723.33 Retaliatory protection.

A registered nurse, licensed practical nurse, dialysis technician, community health worker, or medication aide who in good faith makes a report under this chapter or any other
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

General Provisions and Licensing

provision of the Revised Code regarding a violation of this chapter or any other provision of the Revised Code, or participates in any investigation, administrative proceeding, or judicial proceeding resulting from the report, has the full protection against retaliatory action provided by sections 4113.51 to 4113.53 of the Revised Code.

4723.34 Nursing and nurses; reports to board.

(A) A person or governmental entity that employs, or contracts directly or through another person or governmental entity for the provision of services by, registered nurses, licensed practical nurses, dialysis technicians, medication aides, or certified community health workers and that knows or has reason to believe that a current or former employee or person providing services under a contract who holds a license or certificate issued under this chapter engaged in conduct that would be grounds for disciplinary action by the board of nursing under this chapter or rules adopted under it shall report to the board of nursing the name of such current or former employee or person providing services under a contract. The report shall be made on the person's or governmental entity's behalf by an individual licensed by the board who the person or governmental entity has designated to make such reports.

A prosecutor in a case described in divisions (B)(3) to (5) of section 4723.28 of the Revised Code, or in a case where the trial court issued an order of dismissal upon technical or procedural grounds of a charge of a misdemeanor committed in the course of practice, a felony charge, or a charge of gross immorality or moral turpitude, who knows or has reason to believe that the person charged is licensed under this chapter to practice nursing as a registered nurse or as a licensed practical nurse or holds a certificate issued under this chapter to practice as a dialysis technician shall notify the board of nursing of the charge. With regard to certified community health workers and medication aides, the prosecutor in a case involving a charge of a misdemeanor committed in the course of employment, a felony charge, or a charge of gross immorality or moral turpitude, including a case dismissed on technical or procedural grounds, who knows or has reason to believe that the person charged holds a community health worker or medication aide certificate issued under this chapter shall notify the board of the charge.

Each notification from a prosecutor shall be made on forms prescribed and provided by the board. The report shall include the name and address of the license or certificate holder, the charge, and the certified court documents recording the action.

(B) If any person or governmental entity fails to provide a report required by this section, the board may seek an order from a court of competent jurisdiction compelling submission of the report.

4723.341 Immunities for reporting.

(A) As used in this section, “person” has the same meaning as in section 1.59 of the Revised Code and also includes the board of nursing and its members and employees; health care facilities, associations, and societies; insurers; and individuals.

(B) In the absence of fraud or bad faith, no person reporting to the board of nursing or testifying in an adjudication conducted under Chapter 119 of the Revised Code with regard to alleged incidents of negligence or malpractice or matters subject to this chapter or sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code shall be subject to either of the following based on making the report or testifying:

(1) Liability in damages in a civil action for injury, death, or loss to person or property;
(2) Discipline or dismissal by an employer.

(C) An individual who is disciplined or dismissed in violation of division (B)(2) of this section has the same rights and duties accorded an employee under sections 4113.52 and
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

4113.53 of the Revised Code.

(D) In the absence of fraud or bad faith, no professional association of registered nurses, advanced practice registered nurses, licensed practical nurses, dialysis technicians, community health workers, or medication aides that sponsors a committee or program to provide peer assistance to individuals with substance abuse problems, no representative or agent of such a committee or program, and no member of the board of nursing shall be liable to any person for damages in a civil action by reason of actions taken to refer a nurse, dialysis technician, community health worker, or medication aide to a treatment provider or actions or omissions of the provider in treating a nurse, dialysis technician, community health worker, or medication aide.

4723.431 Advanced practice nurse standard care arrangement.

(A) An advanced practice registered nurse who is designated as a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner may practice only in accordance with a standard care arrangement entered into with each physician or podiatrist with whom the nurse collaborates. A copy of the standard care arrangement shall be retained on file by the nurse’s employer. Prior approval of the standard care arrangement by the board of nursing is not required, but the board may periodically review it for compliance with this section.

A clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner may enter into a standard care arrangement with one or more collaborating physicians or podiatrists. Not later than thirty days after first engaging in the practice of nursing as a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner, the nurse shall submit to the board the name and business address of each collaborating physician or podiatrist. Thereafter, the nurse shall notify the board of any additions or deletions to the nurse’s collaborating physicians or podiatrists. Except as provided in division (E) of this section, the notice must be provided not later than thirty days after the change takes effect.

Each collaborating physician or podiatrist must be authorized to practice in this state and, except as provided in division (D) of this section, practice in a specialty that is the same as or similar to the nurse’s nursing specialty. If a collaborating physician or podiatrist enters into standard care arrangements with more than five nurses, the physician or podiatrist shall not collaborate at the same time with more than five nurses in the prescribing component of their practices.

(B) A standard care arrangement shall be in writing and shall contain all of the following:

(1) Criteria for referral of a patient by the clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner to a collaborating physician or podiatrist;

(2) A process for the clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner to obtain a consultation with a collaborating physician or podiatrist;

(3) A plan for coverage in instances of emergency or planned absences of either the clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner or a collaborating physician or podiatrist that provides the means whereby a physician or podiatrist is available for emergency care;

(4) The process for resolution of disagreements regarding matters of patient management between the clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner and a collaborating physician or podiatrist;

(5) Any other criteria required by rule of the board adopted pursuant to section 4723.07 or 4723.50 of the Revised Code.

(C)(1) A standard care arrangement entered into pursuant to this section may permit a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner to supervise services provided by a home health agency as defined in section 3701.881 of the Revised Code.
(2) A standard care arrangement entered into pursuant to this section may permit a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner to admit a patient to a hospital in accordance with section 3727.06 of the Revised Code.

(D) A collaborating physician who enters into a standard care arrangement with a clinical nurse specialist whose nursing specialty is mental health or psychiatric mental health, as determined by the board, must practice in one of the following specialties:

(1) A specialty that is the same as or similar to the nurse's nursing specialty;
(2) Pediatrics;
(3) Primary care or family practice.

(E)(1) Except as provided in division (E)(2) of this section, if a physician or podiatrist terminates the collaboration between the physician or podiatrist and a certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist before their standard care arrangement expires, all of the following apply:

(a) The physician or podiatrist must give the nurse written or electronic notice of the termination.
(b) Once the nurse receives the termination notice, the nurse must notify the board of nursing of the termination as soon as practicable by submitting to the board a copy of the physician's or podiatrist's termination notice.
(c) Notwithstanding the requirement of section 4723.43 of the Revised Code that the nurse practice in collaboration with a physician or podiatrist, the nurse may continue to practice under the existing standard care arrangement without a collaborating physician or podiatrist for not more than one hundred twenty days after submitting to the board a copy of the termination notice.

(2) In the event that the collaboration between a physician or podiatrist and a certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist terminates because of the physician's or podiatrist's death, the nurse must notify the board of the death as soon as practicable. The nurse may continue to practice under the existing standard care arrangement without a collaborating physician or podiatrist for not more than one hundred twenty days after notifying the board of the physician's or podiatrist's death.

(F) Nothing in this section prohibits a hospital from hiring a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner as an employee and negotiating standard care arrangements on behalf of the employee as necessary to meet the requirements of this section. A standard care arrangement between the hospital's employee and the employee's collaborating physician is subject to approval by the medical staff and governing body of the hospital prior to implementation of the arrangement at the hospital.

4723.44 Unauthorized practice of advanced practice registered nurse.

(A) No person shall knowingly do any of the following unless the person holds a current, valid license issued by the board of nursing under this chapter to practice nursing as an advanced practice registered nurse in the specialty indicated by the designation:

(1) Engage in the practice of nursing as an advanced practice registered nurse for a fee, salary, or other consideration, or as a volunteer;
(2) Represent the person as being an advanced practice registered nurse, including representing the person as being a certified registered nurse anesthetist, clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner;
(3) Use any title or initials implying that the person is an advanced practice registered nurse, including using any title or initials implying the person is a certified registered nurse anesthetist, clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner.

(B) No advanced practice registered nurse shall knowingly do any of the following:

(1) Engage, for a fee, salary, or other consideration, or as a volunteer, in the practice of
a nursing specialty other than the specialty designated on the nurse's current, valid license
issued by the board under this chapter to practice nursing as an advanced practice registered
nurse;
(2) Represent the person as being authorized to practice any nursing specialty other
than the specialty designated on the current, valid license to practice nursing as an advanced
practice registered nurse;
(3) Use the title "certified registered nurse anesthetist" or the initials "N.A." or "C.R.N.A.,”
the title "clinical nurse specialist" or the initials “C.N.S.”, the title "certified nurse-midwife" or the
initials “C.N.M.”, the title "certified nurse practitioner" or the initials “C.N.P.”, the title “advanced
practice registered nurse” or the initials “A.P.R.N.”, or any other title or initials implying that the
nurse is authorized to practice any nursing specialty other than the specialty designated on the
nurse's current, valid license to practice nursing as an advanced practice registered nurse;
(4) Except as provided in division (D) of section 4723.431 of the Revised Code, enter
into a standard care arrangement with a physician or podiatrist whose practice is not the same
as or similar to the nurse’s nursing specialty;
(5) Prescribe drugs or therapeutic devices in a manner that does not comply with section
4723.481 of the Revised Code;
(6) Prescribe any drug or device to perform or induce an abortion, or otherwise perform
or induce an abortion.
(C) No person shall knowingly employ a person to engage in the practice of nursing as
an advanced practice registered nurse unless the person so employed holds a current, valid
license and designation issued by the board under this chapter to practice as an advanced
practice registered nurse in the specialty indicated by the designation.
(D) A document certified by the executive director of the board, under the official seal of
the board, to the effect that it appears from the records of the board that no license to practice
nursing as an advanced practice registered nurse has been issued to the person specified in the
document, or that a license to practice nursing as an advanced practice registered nurse, if
issued, has been revoked or suspended, shall be received as prima-facie evidence of the record
of the board in any court or before any officer of the state.

4723.48 Advanced practice nursing delegation.

(A) A clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner who
holds a license to practice nursing issued under section 4723.42 of the Revised Code may
delegate to a person not otherwise authorized to administer drugs the authority to administer to
a specified patient a drug, unless the drug is a controlled substance or is listed in the formulary
established in rules adopted under section 4723.50 of the Revised Code. The delegation shall
be in accordance with division (B) of this section and standards and procedures established in
rules adopted under division (O) of section 4723.07 of the Revised Code.
(B) Prior to delegating the authority, the nurse shall do both of the following:
(1) Assess the patient and determine that the drug is appropriate for the patient;
(2) Determine that the person to whom the authority will be delegated has met the
conditions specified in division (D) of section 4723.489 of the Revised Code.

4723.481 Scope of practice for advanced practice nurse.

This section establishes standards and conditions regarding the authority of an
advanced practice registered nurse who is designated as a clinical nurse specialist, certified
nurse-midwife, or certified nurse practitioner to prescribe and personally furnish drugs and
therapeutic devices under a license issued under section 4723.42 of the Revised Code.
(A) Except as provided in division (F) of this section, a clinical nurse specialist, certified
nurse-midwife, or certified nurse practitioner shall not prescribe or furnish any drug or therapeutic device that is listed on the exclusionary formulary established in rules adopted under section 4723.50 of the Revised Code.

(B) The prescriptive authority of a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner shall not exceed the prescriptive authority of the collaborating physician or podiatrist, including the collaborating physician's authority to treat chronic pain with controlled substances and products containing tramadol as described in section 4731.052 of the Revised Code.

(C)(1) Except as provided in division (C)(2) or (3) of this section, a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner may prescribe to a patient a schedule II controlled substance only if all of the following are the case:
   (a) The patient has a terminal condition, as defined in section 2133.01 of the Revised Code.
   (b) A physician initially prescribed the substance for the patient.
   (c) The prescription is for an amount that does not exceed the amount necessary for the patient's use in a single, seventy-two-hour period.

(2) The restrictions on prescriptive authority in division (C)(1) of this section do not apply if a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner issues the prescription to the patient from any of the following locations:
   (a) A hospital registered under section 3701.07 of the Revised Code;
   (b) An entity owned or controlled, in whole or in part, by a hospital or by an entity that owns or controls, in whole or in part, one or more hospitals;
   (c) A health care facility operated by the department of mental health and addiction services or the department of developmental disabilities;
   (d) A nursing home licensed under section 3721.02 of the Revised Code or by a political subdivision certified under section 3721.09 of the Revised Code;
   (e) A county home or district home operated under Chapter 5155 of the Revised Code that is certified under the medicare or medicaid program;
   (f) A hospice care program, as defined in section 3712.01 of the Revised Code;
   (g) A community mental health services provider, as defined in section 5122.01 of the Revised Code;
   (h) An ambulatory surgical facility, as defined in section 3702.30 of the Revised Code;
   (i) A freestanding birthing center, as defined in section 3702.141 of the Revised Code;
   (j) A federally qualified health center, as defined in section 3701.047 of the Revised Code;
   (k) A federally qualified health center look-alike, as defined in section 3701.047 of the Revised Code;
   (l) A health care office or facility operated by the board of health of a city or general health district or the authority having the duties of a board of health under section 3709.05 of the Revised Code;
   (m) A site where a medical practice is operated, but only if the practice is comprised of one or more physicians who also are owners of the practice; the practice is organized to provide direct patient care; and the clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner providing services at the site has a standard care arrangement and collaborates with at least one of the physician owners who practices primarily at that site;
   (n) A residential care facility, as defined in section 3721.01 of the Revised Code.

(3) A clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner shall not issue to a patient a prescription for a schedule II controlled substance from a convenience care clinic even if the clinic is owned or operated by an entity specified in division (C)(2) of this section.

(D) A pharmacist who acts in good faith reliance on a prescription issued by a clinical
nurse specialist, certified nurse-midwife, or certified nurse practitioner under division (C)(2) of this section is not liable for or subject to any of the following for relying on the prescription: damages in any civil action, prosecution in any criminal proceeding, or professional disciplinary action by the state board of pharmacy under Chapter 4729 of the Revised Code.

(E) A clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner shall comply with section 3719.061 of the Revised Code if the nurse prescribes for a minor, as defined in that section, an opioid analgesic, as defined in section 3719.01 of the Revised Code.

(F) Until the board of nursing establishes a new formulary in rules adopted under section 4723.50 of the Revised Code, a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner who prescribes or furnishes any drug or therapeutic device shall do so in accordance with the formulary established by the board prior to the effective date of this amendment.

4723.483 Authorization to prescribe and use epinephrine autoinjectors.

(A)(1) Subject to division (A)(2) of this section, and notwithstanding any provision of this chapter or rule adopted by the board of nursing, a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner who holds a certificate to prescribe issued under section 4723.48 of the Revised Code may do either of the following without having examined an individual to whom epinephrine may be administered:

(a) Personally furnish a supply of epinephrine autoinjectors for use in accordance with sections 3313.7110, 3313.7111, 3314.143, 3326.28, 3328.29, 3728.03 to 3728.05, and 5101.76 of the Revised Code;

(b) Issue a prescription for epinephrine autoinjectors for use in accordance with sections 3313.7110, 3313.7111, 3314.143, 3326.28, 3328.29, 3728.03 to 3728.05, and 5101.76 of the Revised Code.

(2) An epinephrine autoinjector personally furnished or prescribed under division (A)(1) of this section must be furnished or prescribed in such a manner that it may be administered only in a manufactured dosage form.

(B) A nurse who acts in good faith in accordance with this section is not liable for or subject to any of the following for any action or omission of an entity to which an epinephrine autoinjector is furnished or a prescription is issued: damages in any civil action, prosecution in any criminal proceeding, or professional disciplinary action.

4723.488 Advanced practice nurse authorization for issuing naloxone.

(A) Notwithstanding any provision of this chapter or rule adopted by the board of nursing, an advanced practice registered nurse who is designated as a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner may personally furnish a supply of naloxone, or issue a prescription for naloxone, without having examined the individual to whom it may be administered if both of the following conditions are met:

(1) The naloxone supply is furnished to, or the prescription is issued to and in the name of, a family member, friend, or other individual in a position to assist an individual who there is reason to believe is at risk of experiencing an opioid-related overdose.

(2) The advanced practice registered nurse instructs the individual receiving the naloxone supply or prescription to summon emergency services as soon as practicable either before or after administering naloxone to an individual apparently experiencing an opioid-related overdose.

(B) An advanced practice registered nurse who under division (A) of this section in good faith furnishes a supply of naloxone or issues a prescription for naloxone is not liable for or subject to any of the following for any action or omission of the individual to whom the naloxone
is furnished or the prescription is issued: damages in any civil action, prosecution in any criminal proceeding, or professional disciplinary action.

4723.489 Advance practice nurse may delegate drug administration.

A person not otherwise authorized to administer drugs may administer a drug to a specified patient if all of the following conditions are met:

(A) The authority to administer the drug is delegated to the person by an advanced practice registered nurse who is a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner and holds a license issued under section 4723.42 of the Revised Code.

(B) The drug is not listed in the formulary established in rules adopted under section 4723.50 of the Revised Code, is not a controlled substance, and is not to be administered intravenously.

(C) The drug is to be administered at a location other than a hospital inpatient care unit, as defined in section 3727.50 of the Revised Code; a hospital emergency department or a freestanding emergency department; or an ambulatory surgical facility, as defined in section 3702.30 of the Revised Code.

(D) The person has successfully completed education based on a recognized body of knowledge concerning drug administration and demonstrates to the person's employer the knowledge, skills, and ability to administer the drug safely.

(E) The person's employer has given the advanced practice registered nurse access to documentation, in written or electronic form, showing that the person has met the conditions specified in division (D) of this section.

(F) The advanced practice registered nurse is physically present at the location where the drug is administered.

4723.4810 Immunity for advanced practice nurse issuing certain drugs.

(A)(1) Notwithstanding any conflicting provision of this chapter or rule adopted by the board of nursing, a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner who holds a license to practice nursing as an advanced practice registered nurse issued under section 4723.42 of the Revised Code may issue a prescription for or personally furnish a complete or partial supply of a drug to treat chlamydia, gonorrhea, or trichomoniasis, without having examined the individual for whom the drug is intended, if all of the following conditions are met:

(a) The individual is a sexual partner of the nurse's patient.

(b) The patient has been diagnosed with chlamydia, gonorrhea, or trichomoniasis.

(c) The patient reports to the nurse that the individual is unable or unlikely to be evaluated or treated by a health professional.

(2) A prescription issued under this section shall include the individual's name and address, if known. If the nurse is unable to obtain the individual's name and address, the prescription shall include the patient's name and address and the words “expedited partner therapy” or the letters “EPT.”

(3) A nurse may prescribe or personally furnish a drug under this section for not more than a total of two individuals who are sexual partners of the nurse's patient.

(B) For each drug prescribed or personally furnished under this section, the nurse shall do all of the following:

(1) Provide the patient with information concerning the drug for the purpose of sharing the information with the individual, including directions for use of the drug and any side effects, adverse reactions, or known contraindications associated with the drug;

(2) Recommend to the patient that the individual seek treatment from a health
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

1123

General Provisions and Licensing

(3) Document all of the following in the patient's record:
(a) The name of the drug prescribed or furnished and its dosage;
(b) That information concerning the drug was provided to the patient for the purpose of sharing the information with the individual;
(c) If known, any adverse reactions the individual experiences from treatment with the drug.

(C) A nurse who prescribes or personally furnishes a drug under this section may contact the individual for whom the drug is intended.
(1) If the nurse contacts the individual, the nurse shall do all of the following:
(a) Inform the individual that the individual may have been exposed to chlamydia, gonorrhea, or trichomoniasis;
(b) Encourage the individual to seek treatment from a health professional;
(c) Explain the treatment options available to the individual, including treatment with a prescription drug, directions for use of the drug, and any side effects, adverse reactions, or known contraindications associated with the drug;
(d) Document in the patient's record that the nurse contacted the individual.
(2) If the nurse does not contact the individual, the nurse shall document that fact in the patient's record.

(D) A nurse who in good faith prescribes or personally furnishes a drug under this section is not liable for or subject to any of the following:
(1) Damages in any civil action;
(2) Prosecution in any criminal proceeding;
(3) Professional disciplinary action.

4723.99 Penalties for unauthorized practice.

(A) Except as provided in division (B) of this section, whoever violates section 4723.03, 4723.44, 4723.653, or 4723.73 of the Revised Code is guilty of a felony of the fifth degree on a first offense and a felony of the fourth degree on each subsequent offense.

(B) Each of the following is guilty of a minor misdemeanor:
(1) A registered nurse, advanced practice registered nurse, or licensed practical nurse who violates division (A), (B), (C), or (D) of section 4723.03 of the Revised Code by reason of a license to practice nursing that has lapsed for failure to renew or by practicing nursing after a license has been classified as inactive;
(2) A medication aide who violates section 4723.653 of the Revised Code by reason of a medication aide certificate that has lapsed for failure to renew or by administering medication as a medication aide after a certificate has been classified as inactive.

4723-4-01 Competent nursing practice for licensed nurses; definitions.

(A) The purpose of this chapter is to establish:
(1) Minimal acceptable standards of safe and effective nursing practice for a registered nurse and a licensed practical nurse in any setting;
(2) Minimal acceptable standards of safe and effective practice for a certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, and clinical nurse specialist in any setting. Additional standards for practice as a certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, and clinical nurse specialist are established in Chapters 4723-8 and 4723-9 of the Administrative Code;

(B) For purposes of this chapter, the following definitions shall apply:
(1) “Certified nurse-midwife” means a registered nurse who has met the requirements of
section 4723.41 of the Revised Code, and who holds a current valid certificate of authority issued by the board under section 4723.42 of the Revised Code.

(2) “Certified nurse practitioner” means a registered nurse who has met the requirements of section 4723.41 of the Revised Code, and who holds a current valid certificate of authority issued by the board under section 4723.42 of the Revised Code.

(3) “Certified registered nurse anesthetist” means a registered nurse who has met the requirements of section 4723.41 of the Revised Code, and who holds a current valid certificate of authority issued by the board under section 4723.42 of the Revised Code.

(4) “Clinical judgment” is the application of the nurse's knowledge and reasoning within the context of the clinical environment in making decisions about patient care.

(5) “Clinical nurse specialist” means a registered nurse who has met the requirements of section 4723.41 of the Revised Code, and who holds a current valid certificate of authority issued by the board under section 4723.42 of the Revised Code.

(6) “Direction” means communicating a plan of care to a licensed practical nurse. Direction by a registered nurse is not meant to imply the registered nurse is supervising the licensed practical nurse in the employment context.

(7) “Licensed nurse” means a registered nurse or a licensed practical nurse who holds a current valid license to practice nursing in Ohio.

(8) “Nursing diagnosis” means the identification of a patient's needs or problems which are amenable to nursing intervention.

(9) “Patient” means the recipient of nursing care, which may include an individual, a group, or a community.

4723-4-03 Registered nurse scope of practice.

(A) A registered nurse shall provide nursing care within the scope of practice of nursing for a registered nurse as set forth in division (B) of section 4723.01 of the Revised Code and the rules of the board.

(B) A registered nurse shall maintain current knowledge of the duties, responsibilities, and accountabilities for safe nursing practice.

(C) A registered nurse shall demonstrate competence and accountability in all areas of practice in which the nurse is engaged including:

(1) Consistent performance of all aspects of nursing care; and

(2) Recognition, referral or consultation, and intervention, when a complication arises.

(D) A registered nurse may provide nursing care that is beyond basic nursing preparation for a registered nurse, provided:

(1) The nurse obtains education that emanates from a recognized body of knowledge relative to the nursing care to be provided;

(2) The nurse demonstrates knowledge, skills, and abilities necessary to provide the nursing care;

(3) The nurse maintains documentation satisfactory to the board of meeting the requirements set forth in paragraphs (D)(1) and (D)(2) of this rule;

(4) When the nursing care to be provided according to division (B)(5) of section 4723.01 of the Revised Code, the nurse has a specific current order from an individual who is authorized to practice in this state and is acting within the course of the individual's professional practice; and

(5) The nursing care does not involve a function or procedure that is prohibited by any other law or rule.

(E) A registered nurse shall, in a timely manner:

(1) Implement any order for a patient unless the registered nurse believes or should have reason to believe the order is:
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(a) Inaccurate;
(b) Not properly authorized;
(c) Not current or valid;
(d) Harmful, or potentially harmful to a patient; or
(e) Contraindicated by other documented information; and
(2) Clarify any order for a patient when the registered nurse believes or should have reason to believe the order is:
(a) Inaccurate;
(b) Not properly authorized;
(c) Not current or valid;
(d) Harmful, or potentially harmful to a patient; or
(e) Contraindicated by other documented information.
(F) When clarifying an order, the registered nurse shall, in a timely manner:
(1) Consult with an appropriate licensed practitioner;
(2) Notify the ordering practitioner when the registered nurse makes the decision not to follow the order or administer the medication or treatment as prescribed;
(3) Document that the practitioner was notified of the decision not to follow the order or administer the medication or treatment, including the reason for not doing so; and
(4) Take any other action needed to assure the safety of the patient.
(G) A registered nurse shall, in a timely manner, report to and consult as necessary with other nurses or other members of the health care team and make referrals as necessary.
(H) A registered nurse shall maintain the confidentiality of patient information. The registered nurse shall communicate patient information with other members of the health care team for health care purposes only, shall access patient information only for purposes of patient care, or for otherwise fulfilling the nurse's assigned job responsibilities, and shall not disseminate patient information for purposes other than patient care, or for otherwise fulfilling the nurse's assigned job responsibilities, through social media, texting, emailing or any other form of communication.
(I) To the maximum extent feasible, identifiable patient health care information shall not be disclosed by a registered nurse unless the patient has consented to the disclosure of identifiable patient health care information. A registered nurse shall report individually identifiable patient information without written consent in limited circumstances only and in accordance with an authorized law, rule, or other recognized legal authority.
(J) The registered nurse shall use acceptable standards of safe nursing care as a basis for any observation, advice, instruction, teaching, or evaluation and shall communicate information which is consistent with acceptable standards of safe nursing care.
(K) When a registered nurse provides direction to a licensed practical nurse the registered nurse shall first assess:
(1) The condition of the patient who needs nursing care, including, but not limited to, the stability of the patient;
(2) The type of nursing care the patient requires;
(3) The complexity and frequency of the nursing care needed;
(4) The training, skill, and ability of the licensed practical nurse who will be performing the specific function or procedure, to perform the specific function or procedure; and
(5) The availability and accessibility of resources necessary to safely perform the specific function or procedure.

4723-4-04 Licensed practical nurse scope of practice.

(A) A licensed practical nurse shall function within the scope of practice of nursing for a licensed practical nurse as set forth in division (F) of section 4723.01 of the Revised Code and
the rules of the board.

(B) A licensed practical nurse shall maintain current knowledge of the duties, responsibilities, and accountabilities for safe nursing practice.

(C) A licensed practical nurse shall demonstrate competence and accountability in all areas of practice in which the nurse is engaged which includes, but is not limited to, the following:

(1) Consistent performance of all aspects of nursing care; and

(2) Recognition, referral or consultation, and intervention, when a complication arises.

(D) A licensed practical nurse may provide nursing care in accordance with division (F) of section 4723.01 of the Revised Code that is beyond basic preparation for a licensed practical nurse provided:

(1) The nurse obtains education that emanates from a recognized body of knowledge relative to the nursing care to be provided;

(2) The nurse demonstrates knowledge, skills, and abilities necessary to perform the nursing care;

(3) The nurse maintains documentation satisfactory to the board of meeting the requirements set forth in paragraphs (D)(1) and (D)(2) of this rule;

(4) When the nursing care to be provided according to division (F)(3) of section 4723.01 of the Revised Code, the nurse has a specific current valid order or direction from an individual who is authorized to practice in this state and is acting within the course of the individual's professional practice; and

(5) The nursing care does not involve a function or procedure that is prohibited by any other law or rule.

(E) A licensed practical nurse shall, in a timely manner:

(1) Implement any order or direction for a patient unless the licensed practical nurse believes or should have reason to believe the order or direction is:

(a) Inaccurate;

(b) Not properly authorized;

(c) Not current or valid;

(d) Harmful, or potentially harmful to a patient; or

(e) Contraindicated by other documented information; and

(2) Clarify any order or direction for a patient when the licensed practical nurse believes or should have reason to believe the order or direction is:

(a) Inaccurate;

(b) Not properly authorized;

(c) Not current or valid;

(d) Harmful, or potentially harmful to a patient; or

(e) Contraindicated by other documented information.

(F) When clarifying an order or direction, the licensed practical nurse shall, in a timely manner:

(1) Consult with an appropriate licensed practitioner or directing registered nurse;

(2) Notify the ordering practitioner or directing registered nurse when the licensed practical nurse makes the decision not to follow the order or direction or administer the medication or treatment as prescribed;

(3) Document that the practitioner or directing registered nurse was notified of the decision not to follow the direction or order, or administer the medication or treatment, including the reason for not doing so; and

(4) Take any other action needed to assure the safety of the patient.

(G) A licensed practical nurse shall, in a timely manner report to and consult as necessary with other nurses or other members of the health care team and make referrals as necessary.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(H) A licensed practical nurse shall maintain the confidentiality of patient information obtained in the course of nursing practice. The licensed practical nurse shall communicate patient information with other members of the health care team for health care purposes only, shall access patient information only for purposes of patient care, or for otherwise fulfilling the nurse's assigned job responsibilities, and shall not disseminate patient information for purposes other than patient care, or for otherwise fulfilling the nurse's assigned job responsibilities, through social media, texting, emailing or any other form of communication.

(I) To the maximum extent feasible, identifiable patient health care information shall not be disclosed by a licensed practical nurse unless the patient has consented to the disclosure of identifiable patient health care information. A licensed practical nurse shall report individually identifiable patient information without written consent in limited circumstances only, and in accordance with an authorized law, rule, or other recognized legal authority.

(J) When a licensed practical nurse is directed to observe, advise, instruct, or evaluate the performance of a nursing task, the licensed practical nurse shall use acceptable standards of safe nursing care as a basis for that observation, advice, instruction, teaching, or evaluation and shall communicate information that is consistent with acceptable standards of safe nursing care.

4723-4-05 Certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, or clinical nurse specialist; scope of practice.

(A) A certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, or clinical nurse specialist shall do all of the following:
   (1) Function within the scope of practice of nursing for a registered nurse as set forth in division (B) of section 4723.01 of the Revised Code and the rules of the board.
   (2) Function within the nurse's applicable scope of practice as set forth in section 4723.43 of the Revised Code and the rules of the board.
   (3) Practice according to section 4723.481 of the Revised Code and Chapter 4723-9 of the Administrative Code if the individual holds a certificate to prescribe.

(B) When the practice of a certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist is evaluated, the evaluation shall be provided by a collaborating licensed physician or podiatrist, or a nurse holding a current, valid certificate of authority that is the same as the individual being evaluated.

(C) When the practice of a certified registered nurse anesthetist is evaluated, the evaluation shall be provided by a supervising licensed physician, podiatrist, dentist or a certified registered nurse anesthetist whose certificate is current and valid.

(D) A certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, or clinical nurse specialist may provide care within their specialty provided:
   (1) The nurse obtains education that emanates from a recognized body of knowledge relative to the nursing care to be provided;
   (2) The nurse demonstrates knowledge, skills, and abilities necessary to provide the nursing care; and
   (3) The nurse maintains documentation satisfactory to the board of meeting the requirements set forth in paragraphs (D)(1) and (D)(2) of this rule.

4723-4-06 Nursing practice.

(A) At all times when a licensed nurse is providing direct nursing care to a patient the licensed nurse shall display the applicable title or initials set forth in division (C) of section 4723.03 of the Revised Code to identify the nurse's relevant licensure as a registered nurse or as a licensed practical nurse.
(B) At all times when a certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, or clinical nurse specialist is providing direct nursing care to a patient, the nurse shall display the applicable title or initials set forth in division (C) of section 4723.03 of the Revised Code to identify relevant approval either as a certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, or clinical nurse specialist.

(C) At all times when a licensed nurse is engaged in nursing practice and interacting with the patient, or health care providers on behalf of the patient, through any form of telecommunication, the licensed nurse shall identify to each patient or health care provider the nurse's title or initials set forth in division (C) of section 4723.03 of the Revised Code to identify applicable licensure or approval as a registered nurse, licensed practical nurse, certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, or clinical nurse specialist.

(D) A licensed nurse shall delegate a nursing task, including medication administration, only in accordance with Chapter 4723-13, 4723-23, 4723-26, or 4723-27 of the Administrative Code.

(E) A licensed nurse shall, in a complete, accurate, and timely manner, report and document nursing assessments or observations, the care provided by the nurse for the patient, and the patient's response to that care.

(F) A licensed nurse shall, in an accurate and timely manner, report to the appropriate practitioner errors in or deviations from the current valid order.

(G) A licensed nurse shall not falsify any patient record or any other document prepared or utilized in the course of, or in conjunction with, nursing practice. This includes, but is not limited to, case management documents or reports or time records, reports, and other documents related to billing for nursing services.

(H) A licensed nurse shall implement measures to promote a safe environment for each patient.

(I) A licensed nurse shall delineate, establish, and maintain professional boundaries with each patient.

(J) At all times when a licensed nurse is providing direct nursing care to a patient the licensed nurse shall:

1. Provide privacy during examination or treatment and in the care of personal or bodily needs; and
2. Treat each patient with courtesy, respect, and with full recognition of dignity and individuality.

(K) A licensed nurse shall not:

1. Engage in behavior that causes or may cause physical, verbal, mental, or emotional abuse to a patient;
2. Engage in behavior toward a patient that may reasonably be interpreted as physical, verbal, mental, or emotional abuse.

(L) A licensed nurse shall not misappropriate a patient's property or:

1. Engage in behavior to seek or obtain personal gain at the patient's expense;
2. Engage in behavior that may reasonably be interpreted as behavior to seek or obtain personal gain at the patient's expense;
3. Engage in behavior that constitutes inappropriate involvement in the patient's personal relationships or financial matters; or
4. Engage in behavior that may reasonably be interpreted as inappropriate involvement in the patient's personal relationships or financial matters.

For the purpose of this paragraph, the patient is always presumed incapable of giving free, full, or informed consent to the behaviors by the nurse set forth in this paragraph.

(M) A licensed nurse shall not:

1. Engage in sexual conduct with a patient;
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(2) Engage in conduct in the course of practice that may reasonably be interpreted as sexual;
(3) Engage in any verbal behavior that is seductive or sexually demeaning to a patient; or
(4) Engage in verbal behavior that may reasonably be interpreted as seductive, or sexually demeaning to a patient.

For the purpose of this paragraph, the patient is always presumed incapable of giving free, full, or informed consent to sexual activity with the nurse.

(N) A licensed nurse, when functioning in an administrative role, shall verify that each nurse, dialysis technician, or medication aide under the nurse administrator has:
(1) A current valid license to practice nursing in Ohio or a current valid certificate to practice as a dialysis technician or medication aide in Ohio; and
(2) If applicable, other documents of approval or certification as required by the board.

(O) When nursing practice, as set forth in section 4723.01 of the Revised Code, is supervised or evaluated:
(1) Only a registered nurse shall supervise or evaluate the practice of nursing, as set forth in Chapter 4723 of the Revised Code and the rules of the board, performed by other registered nurses and licensed practical nurses; or
(2) In matters other than the practice of nursing, a non-nursing supervisor may evaluate a nurse employee.

(3) Supervision or evaluation by a registered nurse does not require that the registered nurse be present on-site on a routine basis, but at minimum:
(a) Supervision requires that the registered nurse be continuously available through some form of telecommunication with the supervised nurse, and take all action necessary, including but not limited to conducting periodic on-site visits, to insure that the supervised nurse is practicing in accordance with acceptable and prevailing standards of safe nursing care as set forth in Chapter 4723 of the Revised Code and the rules of the board; and
(b) Evaluation requires that the registered nurse conduct periodic on-site visits sufficient to enable the evaluating nurse to evaluate the evaluated nurse's performance.

Nothing in this paragraph shall be construed to authorize a licensed practical nurse to practice without direction, as required by division (F) of section 4723.01 of the Revised Code.

Nothing in this paragraph shall be construed to prohibit a licensed practical nurse from participating in activities that contribute to the delivery of patient care services. Such participation may include, but is not limited to, scheduling of coverage for nursing services and observation and documentation by a licensed practical nurse regarding care provided by assistive personnel.

(P) A licensed nurse shall not make any false, misleading, or deceptive statements, or submit or cause to be submitted any false, misleading or deceptive information, or documentation to:
(1) The board or any representative of the board;
(2) Current employers;
(3) Prospective employers when applying for positions requiring a nursing license;
(4) Facilities in which, or organizations for whom, the nurse is working a temporary, agency, or locus tenens assignment;
(5) Other members of the patient's health care team; or
(6) Law enforcement personnel.

(Q) For purposes of paragraphs (I), (J), (K), (L), and (M) of this rule, a nurse shall not use social media, texting, emailing, or other forms of communication with, or about a patient, for non-health care purposes or for purposes other than fulfilling the nurse's assigned job responsibilities.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

**General Provisions and Licensing**

4723-4-07 Registered nurse standards.

(A) A registered nurse shall apply the nursing process in the practice of nursing as set forth in division (B) of section 4723.01 of the Revised Code and in the rules of the board. The nursing process is cyclical in nature and requires that the nurse’s actions respond to the patient’s changing status throughout the process. The following standards shall be used by a registered nurse, using clinical judgment, in applying the nursing process for each patient under the registered nurse’s care:

1. **Assessment of health status:**
   - The registered nurse shall, in an accurate and timely manner:
     a. Collect data. This includes:
        i. Collection of subjective and objective data from the patient, family, significant others, or other members of the health care team. The registered nurse may direct or delegate the performance of data collection; and
        ii. Documentation of the collected data.

2. **Analysis and reporting:**
   - The registered nurse shall, in an accurate and timely manner:
     a. Identify, organize, assimilate and interpret data;
     b. Establish, accept, or modify a nursing diagnosis that is to be addressed with applicable nursing interventions; and
     c. Report the patient’s health status and nursing diagnosis as necessary to other members of the health care team;

3. **Planning:**
   - The registered nurse shall, in an accurate and timely manner:
     a. Develop, establish, maintain, or modify the nursing plan of care consistent with current nursing science, including the nursing diagnosis, desired patient outcomes or goals, and nursing interventions; and
     b. Communicate the nursing plan of care and all modifications of the plan to members of the health care team;

4. **Implementation:**
   - The registered nurse shall, in an accurate and timely manner implement the current nursing plan of care which may include:
     a. Executing the nursing regimen;
     b. Implementing the current valid order authorized by an individual who is authorized to practice in this state and is acting within the course of the individual’s professional practice;
     c. Providing nursing care commensurate with the documented education, knowledge, skills, and abilities of the registered nurse;
     d. Assisting and collaborating with other health care providers in the care of the patient;
     e. Delegating nursing tasks, including medication administration, only in accordance with Chapter 4723-13, 4723-23, 4723-26, or 4723-27 of the Administrative Code;

5. **Evaluation:**
   - The registered nurse shall, in an accurate and timely manner:
     a. Evaluate, document, and report the patient’s:
        i. Response to nursing interventions; and
        ii. Progress towards expected outcomes; and
     b. Reassess the patient’s health status, and establish or modify any aspect of the nursing plan as set forth in this rule.

(B) For purposes of this rule, standards for implementing the nursing process also apply to a certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, or clinical nurse specialist.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

4723-4-08 Licensed practical nurse standards.

(A) The licensed practical nurse shall contribute to the nursing process in the practice of nursing as set forth in division (F) of section 4723.01 of the Revised Code and in the rules of the board. The nursing process is cyclical in nature so that the nurse's actions respond to the patient's changing status throughout the process. The licensed practical nurse is directed in providing nursing care by the established nursing plan. The following standards shall be used by a licensed practical nurse in utilization of the nursing process:

1. Contribution to assessment of patient health status:
The licensed practical nurse shall contribute to the nursing assessment of the patient. The licensed practical nurse shall, in an accurate and timely manner:
   (a) Collect and document objective and subjective data related to the patient's health status; and
   (b) Report objective and subjective data to the directing registered nurse or health care provider, and other members of the health care team;

2. Planning:
The licensed practical nurse shall, in an accurate and timely manner:
   (a) Contribute to the development, maintenance, or modification of the nursing component of the care plan;
   (b) Communicate the nursing plan of care and all authorized modifications of the plan to members of the health care team;

3. Implementation:
The licensed practical nurse shall, in an accurate and timely manner, implement the nursing plan of care, which may include:
   (a) Providing nursing interventions;
   (b) Collecting and reporting patient data as directed;
   (c) Administering medications and treatments prescribed by an individual who is authorized to practice in this state and is acting within the course of the individual's professional practice;
   (d) Providing basic nursing care as directed by a registered nurse, advanced practice registered nurse, or licensed physician, dentist, optometrist, chiropractor or podiatrist;
   (e) Collaborating with other nurses and other members of the health care team;
   (f) Delegating nursing tasks as directed, including medication administration, only in accordance with Chapter 4723-13, 4723-23, 4723-26, or 4723-27 of the Administrative Code; and

4. Contributing to evaluation:
The licensed practical nurse shall, in an accurate and timely manner:
   (a) Contribute to the evaluation of the patient's response to nursing interventions;
   (b) Document the patient's responses to nursing interventions;
   (c) Communicate the patient's responses to nursing interventions to the directing registered nurse or health care provider, and members of the health care team; and
   (d) Contribute to the reassessment of the patient's health status and to the modifications of any aspect of the nursing plan of care as set forth in this rule.

4723-17-03 LPN intravenous therapy.

(A) Except as provided in paragraph (B) of this rule, a licensed practical nurse shall not perform any of the following intravenous therapy procedures:

1. Initiate or maintain any of the following:
   (a) Blood or blood components;
   (b) Solutions for total parenteral nutrition;
(c) Cancer therapeutic medications including, but not limited to, cancer chemotherapy or an anti-neoplastic agents;
(d) Investigational or experimental medications;
(e) Solutions administered through any central venous line or arterial line or any other line that does not terminate in a peripheral vein, except as provided in paragraph (B)(1) of this rule;
(f) An intravenous piggyback infusion, except as provided in paragraph (B)(3) of this rule.
(2) Discontinue a central venous, arterial, or any other line that does not terminate in a peripheral vein;
(3) Initiate or discontinue a peripherally inserted central catheter, or any catheter that is longer than three inches;
(4) Program or set any function of a patient controlled analgesic;
(5) Mix, prepare or reconstitute any medication for intravenous therapy, except as provided in paragraph (B)(4) of this rule;
(6) Administer medications by an intravenous route, except as provided in paragraph (B)(3) of this rule;
(7) Inject medications by a direct intravenous route, except as provided in paragraph (B)(5) of this rule;
(8) Change tubing on an arterial line, a central venous line, or on any line that does not terminate in a peripheral vein;
(9) Change an intermittent infusion device, unless the tip of the connected intravenous catheter terminates in a peripheral vein.

(B) A licensed practical nurse authorized by the board to perform intravenous therapy procedures, may perform the following procedures only for individuals aged eighteen or older and only when directed to do so by a licensed physician, dentist, optometrist, podiatrist, or registered nurse in accordance with section 4723.18 of the Revised Code:
(1) Administer the following solutions, or combinations of the solutions, through a venous line:
   (a) five per cent dextrose and water;
   (b) five per cent dextrose and lactated ringers;
   (c) five per cent dextrose and normal saline;
   (d) Normal saline;
   (e) Lactated ringers;
   (f) 0.45 per cent sodium chloride and water;
   (g) 0.2 per cent sodium chloride and water;
   (h) 0.3 per cent sodium chloride and water.
(2) Administer any of the solutions set forth in paragraph (B)(1) of this rule that contain vitamins or electrolytes after a registered nurse initiates the first infusion of the solution containing vitamins or electrolytes.
(3) Initiate or maintain an intermittent or secondary intravenous infusion containing an antibiotic;
(4) Prepare or reconstitute an antibiotic additive to be administered through an intravenous infusion;
(5) Inject heparin or normal saline to flush an intermittent infusion device or heparin lock, including, but not limited to, bolus or push;
(6) Change tubing on an intermittent infusion device and on an intravenous line if the line terminates in a peripheral vein;
(7) Place a venous access catheter, no longer than three inches in length, in the hand, forearm or antecubital space, followed by the placement of a saline or heparin lock, either for purposes of intermittent infusions, or to initiate infusions of any of the solutions set forth in paragraph (B)(1) of this rule; or
(8) Stop an infusion of blood or blood component, or turn off the function of a patient-controlled analgesic device when a complication arises.

(C) A licensed practical nurse authorized by the board to perform intravenous therapy procedures may perform the procedures set forth in paragraph (B) of this rule only if one of the following requirements are met:

(1) The licensed practical nurse is directed to perform intravenous therapy by a licensed physician, dentist, optometrist, or podiatrist who is present and readily available at the facility where the intravenous therapy procedure is performed;

(2) The licensed practical nurse is directed to perform intravenous therapy by a registered nurse who has personally performed an on-site assessment of the individual to receive intravenous therapy, and that registered nurse or another registered nurse is readily available at the site where the intravenous therapy procedure is performed; or

(3) If the intravenous therapy procedures are performed in a home as defined in section 3721.10 of the Revised Code, or in an intermediate care facility for individuals with intellectual disabilities as defined in section 5124.01 of the Revised Code, a registered nurse who directs the authorized licensed practical nurse to perform intravenous therapy is either:

   (a) On the premises of the home or facility; or
   (b) Accessible by some form of telecommunication.

(D) A licensed practical nurse may perform any of the intravenous therapy procedures specified in paragraph (E) of this rule without receiving authorization to perform intravenous therapy from the board of nursing under section 4723.18 of the Revised Code, if both of the following apply:

   (1) The licensed practical nurse acts at the direction of a registered nurse or a licensed physician, dentist, optometrist, or podiatrist and the registered nurse, physician, dentist, optometrist, or podiatrist is on the premises where the procedure is to be performed or accessible by some form of telecommunication; and

   (2) The licensed practical nurse can demonstrate the knowledge, skills, and ability necessary to perform the procedure safely.

(E) The intravenous therapy procedures that a licensed practical nurse may perform in accordance with paragraph (D) of this rule are limited to the following:

   (1) Verification of the type of peripheral intravenous solution being administered;
   (2) Examination of a peripheral infusion site and the extremity for possible infiltration;
   (3) Regulation of a peripheral intravenous infusion according to the prescribed flow rate;
   (4) Discontinuation of a peripheral intravenous device at the appropriate time; and
   (5) Performance of routine dressing changes at the insertion site of a peripheral venous or arterial infusion, peripherally inserted central catheter infusion, or central venous pressure subclavian infusion.

4723-20-01 Infection control; definitions.

For the purposes of this chapter, the following definitions shall apply:

(A) “Aseptic technique” means practices used to reduce or eliminate microorganisms.

(B) “Exposure-prone activity” means an activity in which there is a risk of disease transmission by virtue of any of the following:

   (1) Direct contact with a disease source that includes:
       (a) Airborne transmission or droplet;
       (b) Eating or drinking contaminated food or water;
       (c) Being bitten by an insect or other disease carrying agent;
   (2) Invasive procedure;
   (3) Any other direct contact with disease source, including bodily contact; or
   (4) Contact with contaminated environmental surfaces.
(C) “Hand washing” as that term is used in division (K)(1) of section 4723.07 of the Revised Code is a component of hand hygiene achieved by washing and rinsing hands with non-antimicrobial soap or antimicrobial soap and water, or by using alcohol-based waterless hand sanitizers or other antimicrobial agents.

(D) “Invasive procedure” means any procedure involving manual or instrumental contact with, or entry into, any blood, body fluid, cavity, internal organ, subcutaneous tissue, mucous membrane or percutaneous wound of the human body. If percutaneous injury occurs to a licensee or certificate holder during an exposure-prone activity, the licensee's or certificate holder's blood is likely to contact the patient's body cavity, subcutaneous tissues, or mucous membranes.

(E) “Respiratory hygiene” is an element of standard precautions that requires the licensee or certificate holder to engage in source control practices to control the spread of respiratory infection, including but not limited to:
   (1) Covering coughs or sneezes, promptly disposing of used tissues, and performing hand hygiene;
   (2) Source control measures, including but not limited to using masks on a coughing patient when tolerated and appropriate; or
   (3) Spatial separation of patients and other persons with respiratory infections in common waiting areas when possible.

(F) “Universal and standard precautions” are infection prevention practices that apply to all patients, regardless of suspected or confirmed infection status, in any setting in which healthcare is delivered, and include but are not limited to the following:
   (1) Practices used to mitigate exposure to disease-causing agents when exposure-prone activity occurs;
   (2) Hand hygiene;
   (3) Disinfection and sterilization of equipment;
   (4) Appropriate handling and disposal of needles and other sharp instruments; and
   (5) Appropriate use of personal protective equipment, including wearing and disposal of gloves and other protective barriers or devices.

4723-20-02 Practices to control infection and minimize exposure to disease.

During the delivery of healthcare, licensees and certificate holders shall be familiar with, observe, and rigorously adhere to the acceptable and prevailing standard precautions to minimize exposure to disease causing agents and prevent infection, including at least the following:
   (A) Appropriate use of hand hygiene;
   (B) Appropriate use of respiratory hygiene;
   (C) Effective disinfection and sterilization of equipment;
   (D) Safe injection practices;
   (E) Safe handling and disposal of needles and other sharp instruments;
   (F) Safe handling and disposal of blood and body fluid; and
   (G) Appropriate use of personal protective equipment, including wearing and disposal of gloves and other protective garments and devices.

4723-20-03 Hand washing.

During the delivery of healthcare, licensees and certificate holders shall follow acceptable and prevailing standard precautions for hand hygiene, including but not limited to the following:
   (A) Appropriate handwashing prior to performing or participating in an exposure-prone activity.
activity and after performing or participating in an exposure-prone activity;

(B) Washing the hands and other skin surfaces immediately and thoroughly when hands have had contact with mucous membranes, blood or body fluids, secretions or excretions, or after touching contaminated items; and

(C) Washing the hands immediately after the gloves are removed; and

(D) For the purposes of this chapter, hand washing may include the use of alcohol-based waterless hand sanitizers or other antimicrobial agents. If contact with spores, such as C. difficile or bacillus anthracis, has likely occurred, the physical action of washing and rinsing hands with antimicrobial soap and water is the recommended standard precaution.

4723-20-04 Disinfection and sterilization.

An instrument or other reusable equipment used by a licensee or certificate holder who performs or participates in an exposure-prone activity shall be appropriately disinfected and sterilized according to acceptable and prevailing standards for disinfection and sterilization which shall include at least the following:

(A) Equipment and devices that enter a normally sterile area of the body shall be sterilized before being used for each client; and

(B) Equipment and devices that touch an intact mucous membrane but do not penetrate the client's body surfaces shall be sterilized when possible, or undergo high-level disinfection if the equipment or device cannot be sterilized before being used for each client.

(C) A licensee or certificate holder shall use aseptic technique, as appropriate.

4723-20-05 Sharps and waste.

(A) To prevent injury, a licensee or certificate holder performing or participating in an exposure-prone activity shall not recap a needle, or purposely bend or break a needle or other sharp instrument or item by hand.

(B) After a licensee or certificate holder, who is performing or participating in an exposure-prone activity, uses a disposable needle, syringe, scalpel blade or other sharp item, the licensee or certificate holder shall place the disposable sharp item used in a puncture-resistant container for disposal. The puncture-resistant container shall be located as close as practicable to the use area.

(C) In addition to the requirements of this rule, any sharp instrument, needle or contaminated waste shall be handled and disposed in accordance with all requirements established by the licensee or certificate holder's employer, facilities or organizations in which the licensee or certificate holder is providing care, and requirements established for independent providers by the Ohio department of job and family services for the delivery of home care.

4723-20-06 Personal protection equipment.

During the delivery of healthcare, licensees and certificate holders shall follow acceptable and prevailing standards precautions regarding the use of personal protective equipment, including at least the following:

(A) Gloves:

(1) A licensee or certificate holder shall wear disposable gloves when performing or participating in an exposure-prone invasive procedure;

(2) The licensee's or certificate holder's hands shall be washed when gloves are removed;

(3) Before performing or participating in an exposure-prone invasive procedure on
another client, the licensee or certificate holder shall wash hands and reglove with another pair of disposable gloves;

(4) If a glove is torn or a needlestick or other injury occurs, the glove shall be removed and a new glove put on as promptly as client safety permits. The needle or instrument involved in the incident shall be removed from the sterile field;

(B) Masks and protective eyewear. A licensee or certificate holder shall use personal protective equipment such as masks and protective eyewear during patient procedures and activities that are likely to generate splashes or sprays of blood, body fluids and excretions; and

(C) Gowns or aprons. A gown or apron made of material that provides an effective barrier shall be worn by a licensee or certificate holder who is performing or participating in an exposure-prone activity if during the procedure there is a possibility of spattering or splashing of blood or other body fluid.

4723-20-07 Failure to follow universal precautions.

During the delivery of healthcare, a licensee or certificate holder who fails to follow universal and standard precautions when engaging in exposure-prone activity, as set forth in rules 4723-20-01 to 4723-20-06 of the Administrative Code, may be subject to disciplinary action according to section 4723.28 of the Revised Code.

Chemical Dependency

4723.35 Chemical dependency program.

(A) As used in this section, “chemical dependency” means either of the following:

(1) The chronic and habitual use of alcoholic beverages to the extent that the user no longer can control the use of alcohol or endangers the user’s health, safety, or welfare or that of others;

(2) The use of a controlled substance as defined in section 3719.01 of the Revised Code, a harmful intoxicant as defined in section 2925.01 of the Revised Code, or a dangerous drug as defined in section 4729.01 of the Revised Code, to the extent that the user becomes physically or psychologically dependent on the substance, intoxicant, or drug or endangers the user's health, safety, or welfare or that of others.

(B) The board of nursing may abstain from taking disciplinary action under section 4723.28 or 4723.86 of the Revised Code against an individual with a chemical dependency if it finds that the individual can be treated effectively and there is no impairment of the individual's ability to practice according to acceptable and prevailing standards of safe care. The board shall establish a chemical dependency monitoring program to monitor the registered nurses, licensed practical nurses, dialysis technicians, and certified community health workers against whom the board has abstained from taking action. The board shall develop the program, select the program's name, and designate a coordinator to administer the program.

(C) Determinations regarding an individual's eligibility for admission to, continued participation in, and successful completion of the monitoring program shall be made by the board's supervising member for disciplinary matters in accordance with rules adopted under division (D) of this section.

(D) The board shall adopt rules in accordance with Chapter 119 of the Revised Code that establish the following:

(1) Eligibility requirements for admission to and continued participation in the monitoring program;

(2) Terms and conditions that must be met to participate in and successfully complete the program;
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(3) Procedures for keeping confidential records regarding participants;
(4) Any other requirements or procedures necessary to establish and administer the program.

(E)(1) As a condition of being admitted to the monitoring program, an individual shall surrender to the program coordinator the license or certificate that the individual holds. While the surrender is in effect, the individual is prohibited from engaging in the practice of nursing, engaging in the provision of dialysis care, or engaging in the provision of services that were being provided as a certified community health worker.

If the board's supervising member for disciplinary matters determines that a participant is capable of resuming practice according to acceptable and prevailing standards of safe care, the program coordinator shall return the participant's license or certificate. If the participant violates the terms and conditions of resumed practice, the coordinator shall require the participant to surrender the license or certificate as a condition of continued participation in the program. The coordinator may require the surrender only on the approval of the board's supervising member for disciplinary matters.

The surrender of a license or certificate on admission to the monitoring program or while participating in the program does not constitute an action by the board under section 4723.28 or 4723.86 of the Revised Code. The participant may rescind the surrender at any time and the board may proceed by taking action under section 4723.28 or 4723.86 of the Revised Code.

(2) If the program coordinator determines that a participant is significantly out of compliance with the terms and conditions for participation, the coordinator shall notify the board's supervising member for disciplinary matters and the supervising member shall determine whether to temporarily suspend the participant's license or certificate. The board shall notify the participant of the suspension by certified mail sent to the participant's last known address and shall refer the matter to the board for formal action under section 4723.28 or 4723.86 of the Revised Code.

(F) All of the following apply with respect to the receipt, release, and maintenance of records and information by the monitoring program:

(1) The program coordinator shall maintain all program records in the board's office, and for each participant, shall retain the records for a period of two years following the participant's date of successful completion of the program.

(2) When applying to participate in the monitoring program, the applicant shall sign a waiver permitting the board to receive and release information necessary to determine whether the individual is eligible for admission. After being admitted, the participant shall sign a waiver permitting the board to receive and release information necessary to determine whether the individual is eligible for continued participation in the program. Information that may be necessary for the board's supervising member for disciplinary matters to determine eligibility for admission or continued participation in the monitoring program includes, but is not limited to, information provided to and by employers, probation officers, law enforcement agencies, peer assistance programs, health professionals, and treatment providers. No entity with knowledge that the information has been provided to the monitoring program shall divulge that knowledge to any other person.

(3) Except as provided in division (F)(4) of this section, all records pertaining to an individual's application for or participation in the monitoring program, including medical records, treatment records, and mental health records, shall be confidential. The records are not public records for the purposes of section 149.43 of the Revised Code and are not subject to discovery by subpoena or admissible as evidence in any judicial proceeding.

(4) The board may disclose information regarding a participant's progress in the program to any person or government entity that the participant authorizes in writing to be given the
information. In disclosing information under this division, the board shall not include any information that is protected under section 5119.27 of the Revised Code or any federal statute or regulation that provides for the confidentiality of medical, mental health, or substance abuse records.

(G) In the absence of fraud or bad faith, the board as a whole, its individual members, and its employees and representatives are not liable for damages in any civil action as a result of disclosing information in accordance with division (F)(4) of this section. In the absence of fraud or bad faith, any person reporting to the program with regard to an individual's chemical dependence, or the progress or lack of progress of that individual with regard to treatment, is not liable for damages in any civil action as a result of the report.

4723-6-01 Chemical dependency program; definitions.

As used in this chapter:

(A) “Agreement” means a voluntary, written contract between an individual and the board's alternative program for chemical dependency in which the board abstains from taking disciplinary action against the individual for violation of Chapter 4723 of the Revised Code and the individual agrees to be monitored by the board according to the terms and conditions of the program specified in section 4723.35 of the Revised Code, this chapter, and any other terms and conditions determined necessary by the program to ensure that the individual is able to practice in accordance with acceptable standards of safe care.

(B) “Approved treatment program” means an alcoholism or drug treatment program which is either certified by the appropriate state agency or is accredited by the “Joint Commission on Accreditation of Health Care Organizations” or JCAHO.

(C) “Chemical dependency” means either of the following:

(1) The chronic and habitual use of alcoholic beverages to the extent that the user no longer can control the use of alcohol; or the user's health, safety, or welfare or that of others is endangered; or

(2) The use of a drug of abuse, to the extent that the user becomes physically or psychologically dependent on the drug; or the user's health, safety, or welfare or that of others is endangered.

For purposes of section 4723.35 of the Revised Code and Chapter 4723-6 of the Administrative Code, the term “chemical dependency” includes or may otherwise be referred to as a “substance use disorder” to the extent the disorder involves dependency and not abuse.

(D) “Drug of abuse” has the same meaning as in section 3719.011 of the Revised Code, and includes any controlled substance as defined in section 3719.01 of the Revised Code, any harmful intoxicant as defined in section 2925.01 of the Revised Code, or any dangerous drug as defined in section 4729.01 of the Revised Code.

(E) “Person” includes, without limitation, a natural person, a corporation, whether nonprofit or for profit, a partnership, a limited liability company, an unincorporated society or association, or two or more persons having a joint or common interest.

(F) “Practitioner” means a healthcare professional who is authorized by law to prescribe drugs, dangerous drugs, or drug therapy related devices in the course of the professional's practice and is licensed under Chapter 4715., 4723., 4725., 4731., or 4730., of the Revised Code and authorized by law to write prescription's for drugs or dangerous drugs.

(G) “Program” means the unit of the board responsible for administering the alternative program for chemical dependency established by section 4723.35 of the Revised Code.

(H) “Random alcohol and drug screen” means a laboratory or breathalyzer test administered at an irregular interval not known in advance by the individual to be tested to detect the presence of alcohol, drugs of abuse, or other mood altering substances in the individual's body fluids, breath, hair, or nails.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(I) “Support group” means individuals who hold licenses or certificates issued under Chapter 4723 of the Revised Code who meet regularly to discuss practice issues related to recovery and to provide substance use disorder support for its members.

(J) “Treatment provider” means a licensed healthcare provider, with demonstrated expertise in substance use disorder, who provides alcoholism or drug treatment in an approved treatment program to an individual participating in the alternative program for chemical dependency.

(K) “Twelve-step meeting” means a meeting sponsored by a group such as alcoholics anonymous, narcotics anonymous, or a related organization which addresses substance use disorders and promotes sobriety and recovery through peer group support, self-help, and anonymity, and which is based on an abstinence model of recovery.

4723-6-02 Participation in chemical dependency program.

(A) An individual may participate in the program if the board supervising member for disciplinary matters determines that all of the following conditions are met:

(1) The individual holds a current, valid license to practice nursing as either a registered nurse or a licensed practical nurse in Ohio, or a current, valid certificate or intern certificate to practice as a dialysis technician or community health worker in Ohio;

(2) The individual requests and the board provides the individual a program application, which includes temporary license or surrender form, located at http://www.nursing.ohio.gov/forms.htm (revised 2014). Within ten business days of the date the application was mailed by the board to the individual, the individual submits a completed voluntary temporary license or certificate surrender form to the board;

(3) The individual submits to the program a completed program application within sixty days of the date the application was mailed by the board to the individual. The completed application shall be accompanied by all of the following:

(a) A substance use disorder assessment that:

(i) Includes a bio-psycho-social evaluation performed by a licensed healthcare provider with demonstrated expertise in the treatment of substance use disorders; and

(ii) Documents a diagnosis of substance use disorder and sets forth an organized plan for treatment.

(b) Signed waivers giving the program consent to receive and release information necessary for purposes of determining program eligibility. This includes, but is not limited to, information to and from employers, probation officers, law enforcement agencies, peer assistance programs, and any treatment providers or health care practitioners. No person with knowledge of any information disclosed by the program pursuant to this paragraph shall divulge the information to any other person. The information contained in the completed application shall indicate to the board supervising member for disciplinary matters all of the following:

(i) The individual may be effectively treated for the substance use disorder;

(ii) The individual may be effectively monitored for compliance with program requirements; and

(iii) The individual is not subject to the prohibitions in paragraph (B) of this rule.

(B) An individual may not participate in the program if the board receives information indicating that the individual’s compliance with the program may not be effectively monitored while participating in the program. This information includes, but is not limited to, the following:

(1) The individual is currently using or being prescribed a drug of abuse, as defined in paragraph (D) of rule 4723-6-01 of the Administrative Code;

(2) The individual has a medical and/or psychiatric condition, diagnosis, or disorder, other than a substance use disorder, in which the manifest symptoms are not adequately controlled;
(3) The individual has attempted or completed two or more substance use disorder treatment programs as of the date of the application, not including the individual's current substance use disorder treatment plan and related treatment currently submitted for purposes of program eligibility;

(4) The individual has substituted or tampered with a substance or drug of abuse;

(5) The board has taken action against the individual's license to practice nursing as either a registered nurse or a licensed practical nurse in Ohio or certificate or intern certificate to practice as a dialysis technician or community health worker in Ohio;

(6) A board regulating nurses, dialysis technicians or community health workers in another jurisdiction has taken action against the individual's license to practice nursing as either a registered nurse or a licensed practical nurse in that jurisdiction or certificate or intern certificate to practice as a dialysis technician or community health worker in that jurisdiction;

(7) The individual has completed the program or a similar program in another jurisdiction;

(8) The individual has been terminated from the program or from a similar program in another jurisdiction;

(9) The individual was admitted to, but did not complete or is no longer in good standing, a similar program in another jurisdiction;

(10) The individual has been convicted of, pled guilty to (other than a plea resulting in a finding of eligibility for intervention in lieu of conviction), had a judicial finding of eligibility for diversion for, or had a judicial finding of guilt resulting from a plea of no contest to any felony or an act in another jurisdiction that would constitute a felony in Ohio;

(11) The board determines that the public may not be adequately protected from unsafe practice if the individual enters the program; or

(12) The individual has failed or refused to cooperate with a board investigation.

4723-6-03 Completion of chemical dependency program.

(A) The participant shall enter into an agreement with the program and shall comply with all of the terms and conditions of the participant's agreement for the time period specified in the agreement.

(B) The agreement may include the following:

(1) A requirement that the participant:

(a) Enter substance use disorder treatment in an approved treatment program no later than thirty days from the execution of the agreement; and

(b) Comply with all requirements of the participant's substance use disorder treatment plan;

(2) A requirement that the participant cause the treatment provider to submit documentation acceptable to the program of the participant's compliance with the participant's chemical dependency treatment plan;

(3) A requirement that the participant abstain from the use of alcohol, drugs of abuse, and controlled substances, except for the participant's time limited use of drugs of abuse and controlled substances prescribed by the participant's treating practitioner with knowledge of the participant's substance use disorder and treatment plan;

(4) A requirement that the participant cause all treating healthcare providers who authorize, prescribe or administer medication with respect to the participant, including but not limited to drugs of abuse, to submit documentation regarding the medication to the program, in the manner specified in the agreement;

(5) A requirement that the participant, when using medications according to paragraphs (B)(3) and (B)(4) of this rule, cease working in any position that requires a nursing license or dialysis technician certificate or intern certificate, or as a certified community health worker.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(6) A requirement that the participant inform any and all treating healthcare practitioners of the participant's substance use disorder and recovery status prior to receiving treatment and prescriptions;

(7) A requirement that the participant cause any and all healthcare practitioners, substance use disorder treatment providers, and counselors to provide progress reports to the program at the intervals specified in the participant's agreement;

(8) A requirement that the participant submit to random alcohol and drug screens when requested by the program, and that the participant comply with all requirements of random alcohol and drug screening as specified in the agreement;

(9) A requirement that the participant attend support, peer group, or twelve-step group meetings as specified in the participant's agreement, and that the participant verify attendance at these meetings by signature of a group leader or meeting representative and submit such signatures to the program using the meeting form provided by the program;

(10) A requirement that the participant comply with the employment restrictions specified by the participant's participatory agreement and terms and conditions of employment as executed at the time of employment approval by the program. The restrictions may include, but are not limited to:

(a) Work schedule restrictions;
(b) Work site supervision restrictions, such as work site monitors;
(c) Restrictions against administering and having access to alcohol or products containing alcohol, excluding topically applied alcohol-based products used for disinfection purposes, controlled substances, and drugs of abuse; and
(d) Practice setting or client restrictions;

(11) A requirement that the participant sign waivers required by division (E) of section 4723.35 of the Revised Code, and that the participant also sign waivers permitting the program to receive or release information necessary to properly facilitate the monitoring of the participant's progress in their recovery from substance use disorder and their compliance with their program requirements. The information may be released to or received from persons, including, but not limited to, employers, probation officers, law enforcement agencies, peer assistance programs, substance use disorder treatment providers, healthcare practitioners, government agencies, or court officials. No person with knowledge of any information disclosed by the program pursuant to this paragraph shall divulge the information to any other person.

(12) A requirement that the participant return to employment in a position that requires a nursing license or dialysis technician certificate or intern certificate, or as a community health worker, while under the terms of the agreement, and continue in that employment, or other employment requiring licensure or certification, for an aggregate period of at least one year of full-time employment, prior to being considered for release from the terms and conditions of the agreement;

(13) A requirement that the participant be responsible for all costs to the participant resulting from the participant's program requirements. All costs incurred by the participant resulting from the participant's participation in the program are wholly between the participant and any person providing the services according to the program requirements. None of the costs incurred by the participant shall be charged to the program and the program assumes no liability for any costs incurred by the participant in paying all costs;

(14) A requirement that the participant submit a written personal report to the program at the intervals specified by the participant's agreement;

(15) A requirement that the participant meet in person with a program representative at the intervals specified by the participant's agreement;

(16) A requirement that the participant obey all federal, state, and local laws and rules including, but not limited to, all laws and rules regulating the practice of nursing or dialysis care in Ohio; and
(17) A requirement that the participant comply with all requirements specified in the participant's agreement that the program determines are necessary to ensure effective monitoring of the participant's compliance with program requirements and that the public is adequately protected from unsafe practice.

4723-6-04 Successful completion of chemical dependency program.

(A) A participant successfully completes the program when the participant complies with the terms and conditions of the program specified in section 4723.35 of the Revised Code, this chapter, and the participant's agreement for the time period specified in the agreement.

(B) When a participant successfully completes the program as indicated in paragraph (A) of this rule, the program shall notify the participant of such successful completion in writing. Once the participant receives this written notification of successful completion from the program, the participant shall no longer be required to comply with the terms and conditions of the program specified in section 4723.35 of the Revised Code, this chapter, and the participant's agreement.

(C) When making a decision regarding disciplinary action for violations of Chapter 4723 of the Revised Code or the rules of the board, the board will be notified by a written communication from board staff, marked as confidential according to division (F) of section 4723.35 of the Revised Code, if the individual who is the subject of proposed board action previously successfully completed the program.

(D) A participant who successfully completes the program shall not be reported to the national council of state boards of nursing's disciplinary data bank or the federally mandated healthcare integrity and protection data bank unless the board imposes disciplinary action against the participant.

4723-6-05 Termination from chemical dependency program.

Participation in the program may be terminated for any of the following reasons:

(A) The participant fails to comply with any of the terms and conditions of the program specified in section 4723.35 of the Revised Code and this chapter;

(B) The participant fails to comply with any provision of the participant's agreement;

(C) The participant is unable to practice according to acceptable and prevailing standards of safe care; or

(D) The program receives information which, after investigation, indicates that the participant may have committed an additional violation of a provision of Chapter 4723 of the Revised Code or any rules of the board.

4723-6-06 Confidentiality.

(A) Admission and ongoing monitoring shall be conducted in a manner that maintains the confidentiality of the individual.

(B) According to division (F)(3) of section 4723.35 of the Revised Code, all records regarding an individual's application to or participation in the program are confidential and are not public records. The records include, but are not limited to:

(1) Medical records;
(2) Substance use disorder records;
(3) Mental health records;
(4) Treatment records;
(5) Reports required by the participant's agreement;
(6) Waivers and releases required by the participant's agreement;
Chapter 12. Licensed Health Care Professionals  
Part I. Nurses

(7) Alcohol and drug screen results;  
(8) Verification of attendance at support, peer group or twelve-step meetings; and  
(9) Internal program documentation concerning participants in the program, including program assessments and recommendations;  
(10) Applications submitted to the program, records related to review of program eligibility, and participant agreements.

(C) According to division (E)(4) of section 4723.35 of the Revised Code, a participant may authorize in writing the release of information regarding his or her progress in the program.

(D) All program records shall be maintained in a secure storage area for a period of two years following the participant's date of successful completion of the program, or for a period of two years following a determination that an applicant is not eligible for participation.

4723-7-10 Volunteer's certificate.

[Editor’s Note: The “Comment” portion of the following regulation is part of the official provision.]

[Comment: Information regarding the availability and effective date of the materials incorporated by reference in this rule can be found in paragraph (G) of rule 4723-1-03 of the Administrative Code.]

(A) For purposes of division (A)(2) of section 4723.26 of the Revised Code, “expired” means “lapsed” as defined in paragraph (H) of rule 4723-7-01 of the Administrative Code.

(B) An individual who holds a lapsed license to practice, as a licensed practical nurse or registered nurse, or lapsed certificate of authority to practice as an advanced practice registered nurse, issued by the board or by a jurisdiction of the national council of state boards of nursing, may be issued a volunteer's certificate if:

(1) The requirements set forth in section 4723.26 of the Revised Code are met;

(2) The applicant has completed and submitted a “Volunteer’s Certificate Application”; and

(3) The applicant has provided documentation satisfactory to the board of twenty-four contact hours of continuing education, completed in the twenty-four month period immediately before the application date, that meets the requirements of Chapter 4723-14 of the Administrative Code, and includes:

(a) Two contact hours of category A with learning outcomes that address standards of safe practice and nursing delegation;

(b) One contact hour that includes content in patient abuse, patient rights, and professional boundaries;

(c) Two contact hours that include content in the scope of practice of the licensed practical nurse and the registered nurse;

(d) Two contact hours in nursing documentation;

(e) Three contact hours in principles of pain management;

(f) One contact hour that addresses the application of the nursing process and critical thinking related to patient care;

(g) One contact hour that includes content in maintaining patient confidentiality;

(h) Four contact hours in patient assessment and wound care;

(i) Four contact hours in medication administration and preventing medication errors; and

(j) Four contact hours relevant to the nurse’s anticipated practice setting.

(C) No fee shall be charged in order to obtain a volunteer's certificate.

(D) A volunteer's certificate is valid, unless suspended or revoked by the board, for a period of two years from the date the board issues the certificate, and may be renewed according to paragraph (O) of rule 4723-7-09 of the Administrative Code.
(E) An individual holding a current, valid volunteer’s certificate issued by the board:

1. Shall only provide nursing services to indigent and uninsured persons, as defined in section 2305.234 of the Revised Code;
2. Shall not accept any form of remuneration for providing nursing services; and
3. Shall at all times while engaging in nursing practice display identification that clearly identifies the person as holding a volunteer's certificate, and shall not represent themselves as, sign documents as, or use titles indicating that the person is licensed as a licensed practical nurse, registered nurse or advanced practice registered nurse, without also referencing the volunteer's certificate status. Volunteer's certificate status may be abbreviated in nursing documentation as “V.C.”

(F) A certificate holder may place a volunteer's certificate on inactive status by submitting a written request to the board. To reactivate an inactive certificate or reinstate a lapsed certificate, the holder must submit a completed “Volunteer's Reactivation and Reinstatement Application,” with all required records, and provide documentation of continuing education as set forth in paragraph (K) of rule 4723-14-03 of the Administrative Code. If the applicant has been lapsed or inactive for at least five years from the date of the application, the requirements set forth in division (D) of section 4723.24 of the Revised Code must be met in order to be eligible to reactivate or reinstate the certificate.

(G) A certificate holder engaged in active military duty may be eligible for an extension of time to complete continuing education as provided in rule 4723-2-04 of the Administrative Code.

(H) The provisions of section 4723.28 of the Revised Code apply to a volunteer's certificate issued by the board:

1. A volunteer's certificate holder shall be subject to disciplinary action for any of the grounds set forth in section 4723.28 of the Revised Code;
2. A certificate holder who continues to practice nursing in Ohio with a lapsed or inactive certificate, who fails to comply with the scope of practice and other provisions set forth in section 4723.26 of the Revised Code, or who violates the provisions of this rule, shall be subject to disciplinary action according to section 4723.28 of the Revised Code.

4723.43 Advanced practice nurses.

A certified registered nurse anesthetist, clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner may provide to individuals and groups nursing care that requires knowledge and skill obtained from advanced formal education and clinical experience. In this capacity as an advanced practice registered nurse, a certified nurse-midwife is subject to division (A) of this section, a certified registered nurse anesthetist is subject to division (B) of this section, a certified nurse practitioner is subject to division (C) of this section, and a clinical nurse specialist is subject to division (D) of this section.

(A) A nurse authorized to practice as a certified nurse-midwife, in collaboration with one or more physicians, may provide the management of preventive services and those primary care services necessary to provide health care to women antepartally, intrapartally, postpartally, and gynecologically, consistent with the nurse's education and certification, and in accordance with rules adopted by the board of nursing.

No certified nurse-midwife may perform version, deliver breech or face presentation, use forceps, do any obstetric operation, or treat any other abnormal condition, except in emergencies. Division (A) of this section does not prohibit a certified nurse-midwife from performing episiotomies or normal vaginal deliveries, or repairing vaginal tears. A certified nurse-midwife may, in collaboration with one or more physicians, prescribe drugs and therapeutic devices in accordance with section 4723.481 of the Revised Code.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(B) A nurse authorized to practice as a certified registered nurse anesthetist, with the supervision and in the immediate presence of a physician, podiatrist, or dentist, may administer anesthesia and perform anesthesia induction, maintenance, and emergence, and may perform with supervision preanesthetic preparation and evaluation, postanesthesia care, and clinical support functions, consistent with the nurse’s education and certification, and in accordance with rules adopted by the board.

The physician, podiatrist, or dentist supervising a certified registered nurse anesthetist must be actively engaged in practice in this state. When a certified registered nurse anesthetist is supervised by a podiatrist, the nurse’s scope of practice is limited to the anesthesia procedures that the podiatrist has the authority under section 4731.51 of the Revised Code to perform. A certified registered nurse anesthetist may not administer general anesthesia under the supervision of a podiatrist in a podiatrist’s office. When a certified registered nurse anesthetist is supervised by a dentist, the nurse’s scope of practice is limited to the anesthesia procedures that the dentist has the authority under Chapter 4715 of the Revised Code to perform.

(C) A nurse authorized to practice as a certified nurse practitioner, in collaboration with one or more physicians or podiatrists, may provide preventive and primary care services, provide services for acute illnesses, and evaluate and promote patient wellness within the nurse’s nursing specialty, consistent with the nurse’s education and certification, and in accordance with rules adopted by the board. A certified nurse practitioner may, in collaboration with one or more physicians or podiatrists, prescribe drugs and therapeutic devices in accordance with section 4723.481 of the Revised Code.

When a certified nurse practitioner is collaborating with a podiatrist, the nurse’s scope of practice is limited to the procedures that the podiatrist has the authority under section 4731.51 of the Revised Code to perform.

(D) A nurse authorized to practice as a clinical nurse specialist, in collaboration with one or more physicians or podiatrists, may provide and manage the care of individuals and groups with complex health problems and provide health care services that promote, improve, and manage health care within the nurse’s nursing specialty, consistent with the nurse’s education and in accordance with rules adopted by the board. A clinical nurse specialist may, in collaboration with one or more physicians or podiatrists, prescribe drugs and therapeutic devices in accordance with section 4723.481 of the Revised Code.

When a clinical nurse specialist is collaborating with a podiatrist, the nurse’s scope of practice is limited to the procedures that the podiatrist has the authority under section 4731.51 of the Revised Code to perform.

4723-8-01 Certified nurse practitioners; clinical nurse specialists; definitions.

As used in this chapter:
(A) “Advanced practice registered nurse” means a certified registered nurse anesthetist, clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner as provided in division (O) of section 4723.01 of the Revised Code.
(B) “Certificate of authority” means the certificate issued by the board and held by an advanced practice registered nurse who has fulfilled all requirements of the board set forth in section 4723.41 of the Revised Code and this chapter.
(C) “Certified registered nurse anesthetist” means a registered nurse who has met the requirements of section 4723.41 of the Revised Code, and who holds a current valid certificate of authority issued by the board under section 4723.42 of the Revised Code.
(D) “Clinical nurse specialist” means a registered nurse who has met the requirements of section 4723.41 of the Revised Code, and who holds a current valid certificate of authority issued by the board under section 4723.42 of the Revised Code.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(E) “Certified nurse-midwife” means a registered nurse who has met the requirements of section 4723.41 of the Revised Code, and who holds a current valid certificate of authority issued by the board under section 4723.42 of the Revised Code.

(F) “Certified nurse practitioner” means a registered nurse who has met the requirements of section 4723.41 of the Revised Code, and who holds a current valid certificate of authority issued by the board under section 4723.42 of the Revised Code.

(G) “Collaboration” or “collaborating” means:

1. In the case of a certified nurse practitioner or a clinical nurse specialist, except as provided in paragraph (G)(2) of this rule, that a podiatrist or physician has entered into a standard care arrangement with the nurse and is continuously available to communicate with the clinical nurse specialist or certified nurse practitioner either in person, or by radio, telephone, or other form of telecommunication;

2. In the case of a clinical nurse specialist whose nursing specialty is mental health or psychiatric mental health, that a physician is continuously available to communicate with the nurse either in person, or by radio, telephone, or other form of telecommunication;

3. In the case of a certified nurse-midwife, that a physician has entered into a standard care arrangement with the nurse and is continuously available to communicate with the nurse either in person, or by radio, telephone, or other form of telecommunication.

(H) “Dentist” means an individual holding a license issued under Chapter 4715 of the Revised Code to practice dentistry, and who is practicing in Ohio.

(I) “Physician” means an individual holding a certificate issued under Chapter 4731 of the Revised Code authorizing the practice of medicine and surgery or osteopathic medicine and surgery, and who is practicing in Ohio.

(J) “Podiatrist” means an individual holding a certificate issued under Chapter 4731 of the Revised Code authorizing the practice of podiatric medicine, and who is practicing in Ohio.

(K) “Standard care arrangement” means a written, formal guide for planning and evaluating a patient's health care that is developed by a collaborating physician or podiatrist and a certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist, and that meets the requirements of section 4723.431 of the Revised Code and this chapter.

(L) “Supervision” means that a certified registered nurse anesthetist is under the direction of a podiatrist, a dentist, or a physician, and, when administering anesthesia, the certified registered nurse anesthetist is in the immediate presence of the podiatrist, dentist, or physician.

4723-8-02 Requirements and scope of practice.

(A) An advanced practice registered nurse shall provide to patients nursing care that requires knowledge and skill obtained from advanced formal education, which includes a clinical practicum, and clinical experience as specified in sections 4723.41 and 4723.43 of the Revised Code and this chapter.

(B) Except as otherwise precluded by law or rule, each advanced practice registered nurse shall practice in accordance with the following:

1. The advanced practice registered nurse’s education and clinical experience;

2. The advanced practice registered nurse's national certification as provided in section 4723.41 of the Revised Code; and

3. Chapter 4723 of the Revised Code and rules adopted under that chapter.

(C) Only a certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist authorized under section 4723.48 of the Revised Code may prescribe drugs.

(D) Each certified nurse-midwife, certified nurse practitioner, and clinical nurse specialist shall utilize and incorporate into the nurse's practice, knowledge of Chapter 4731 of the Revised Code and rules adopted under that chapter that govern the practice of the nurse's collaborating
physician or podiatrist. Each certified registered nurse anesthetist shall utilize and incorporate into the nurse’s practice, knowledge of Chapters 4715 and 4731 of the Revised Code and rules adopted under these chapters that govern the practice of the nurse’s supervising podiatrist, dentist, or physician.

(E) Nothing in this rule precludes an advanced practice registered nurse from practicing as a registered nurse in accordance with section 4723.01 of the Revised Code and the rules of the board.

4723-8-04 Standard care arrangement.

(A) Prior to engaging in practice, a standard care arrangement shall be entered into with each physician or podiatrist with whom the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist collaborates.

(1) The standard care arrangement shall be revised to reflect the addition or deletion of a physician or podiatrist with whom the nurse collaborates within that employment setting. Under these circumstances, a new standard care arrangement is not necessary.

(2) A new standard care arrangement shall be executed when the nurse is employed at a different setting and engages in practice with a different collaborating physician or podiatrist.

(B) A certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist engaged in the practice of the nurse’s specialty, shall enter into a written standard care arrangement with one or more collaborating physicians or podiatrists whose practice is the same or similar to the nurse’s practice. In accordance with division (D) of section 4723.431 of the Revised Code, a clinical nurse specialist without a certificate to prescribe whose nursing specialty is mental health or psychiatric mental health is not required to enter into a standard care arrangement.

(C) The standard care arrangement shall include at least:

(1) The signatures of each nurse, and each collaborating physician, or the physician’s designated representative, or each podiatrist with whom the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist primarily collaborates indicating review of and agreement to abide by the terms of the standard care arrangement. For purposes of this rule, a physician’s designated representative means a physician who serves as the department or unit director or chair, within the same institution, organization or facility department or unit, and within the same practice specialty, that the nurse practices, and with respect to whom the physician has executed a legal authorization to enter collaborating agreements on the physician’s behalf;

(2) The date when the arrangement is initially executed;

(3) The date of the most recent review of the arrangement;

(4) The complete name, specialty and practice area, business address, and business phone number or number at which the individual can be reached at any time for:

(a) Each collaborating physician or podiatrist with whom the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist primarily collaborates and who is a party to the standard care arrangement; and

(b) Each certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist who is a party to the standard care arrangement;

(5) A statement of services offered by the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist consistent with section 4723.43 of the Revised Code and this chapter. For holders of a certificate to prescribe, there shall also be a description of the scope of prescriptive practice.

(6) A plan for incorporation of new technology or procedures consistent with the applicable scope of practice as set forth in section 4723.43 of the Revised Code and this chapter;
(7) Quality assurance provisions, including at least:
(a) Every two years, review and reapproval of the standard care arrangement. The standard care arrangement shall be reviewed at least every two years. Each nurse who is a party to the arrangement and at least one collaborating physician or podiatrist shall sign and date the biennial review of the standard care arrangement;
(b) Criteria for referral of a patient by the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist to a collaborating physician or podiatrist, including, for the certified nurse-midwife, a plan for referral of breech or face presentation or any other abnormal condition identified as such in the standard care arrangement;
(c) A process for the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist to obtain consultation from a physician or podiatrist;
(d) A procedure for regular review of referrals made by the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist to other health care professionals, and the care outcomes for a representative sample of all patients seen by the nurse; and
(e) A process for chart review in accordance with rule 4723-8-05 of the Administrative Code if the nurse's practice includes any direct patient care, education, or management;
(8) A policy for care of infants up to age one and recommendations for collaborating physician visits for children from birth to age three, if the nurse is providing services to infants;
(9) A plan for coverage of patients in instances of emergency or planned absences of either the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist, or the collaborating physician or podiatrist;
(10) A process for resolution of disagreements regarding matters of patient management; and
(11) An arrangement regarding reimbursement under the medical assistance program as set forth in Chapter 5162 of the Revised Code and in accordance with any rules adopted under division (B) of section 5164.02 of the Revised Code.
(12) For nurses with a current valid certificate to prescribe, the following quality assurance provisions shall include at least:
(a) Provisions to ensure timely direct, personal evaluation of the patient with a collaborating physician or the physician's designee when indicated;
(b) Additional prescribing parameters for those drugs or therapeutic devices established in the formulary, http://www.nursing.ohio.gov/Practice-CTP.htm (effective 2015), including:
(i) Provisions for use of drugs with non-food and drug administration (FDA) approved indications;
(ii) Provisions for use of drugs approved by the FDA and reviewed by the committee on prescriptive governance subsequent to the date of the standard care arrangement;
(iii) Provisions for use of drugs previously reviewed by the committee on prescriptive governance but approved by the FDA for new indications subsequent to the date of the standard care arrangement; and
(iv) Provisions for the use of schedule II controlled substances.
(v) If the nurse is prescribing to minors, as defined in division (A) of section 3719.061 of the Revised Code, provisions for complying with section 3719.061 of the Revised Code when prescribing an opioid analgesic to a minor; and
(c) A procedure for the nurse and the collaborating physician, or a designated member of a quality assurance committee, composed of at least one physician, of the institution, organization, or agency where the nurse has practiced during the period covered by the review, to conduct a periodic review, at least semiannually, of:
(i) A representative sample of prescriptions written by the nurse;
(ii) A representative sample of schedule II prescriptions written by the nurse; and

(d) Provisions to ensure that the nurse is meeting all the requirements of rule 4723-9-12 of the Administrative Code related to review of a patient's OARRS report, consultation with the collaborating physician prior to prescribing based on the OARRS report and signs of drug abuse or diversion as set forth in rule 4723-9-12 of the Administrative Code, and documentation of receipt and assessment of OARRS report information in the patient's record.

(13) Quality assurance standards consistent with rule 4723-8-05 of the Administrative Code.

(D) The most current copy of the standard care arrangement, and any legal authorization signed by a physician according to paragraph (C)(1) of this rule, shall be retained and be available upon request at each site where practice of the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist occurs. Upon request of the board, the certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist shall immediately provide a copy of the standard care arrangement to the board.

(E) Copies of previously effective standard care arrangements shall be retained by the nurse for three years and provided to the board upon request.

(F) When a hospital negotiates a standard care arrangement in accordance with division (E) of section 4723.431 of the Revised Code and this chapter, the standard care arrangement shall be developed in accordance with paragraph (C) of this rule. Review and approval of the standard care arrangement shall be in accordance with the policies and procedures of the hospital governing body and the bylaws, policies, and procedures of the hospital medical staff.

(G) A certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist shall notify the board of the identity of a collaborating physician or podiatrist not later than thirty days after engaging in practice.

(H) A certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist shall notify the board of any change in the name and business address of a collaborating physician or podiatrist not later than thirty days after the change takes effect.

(I) A clinical nurse specialist who does not hold a certificate to prescribe and whose nursing specialty is mental health or psychiatric mental health is exempt from the requirement of executing a standard care arrangement in accordance with division (D)(1) of section 4723.431 of the Revised Code. The clinical nurse specialist who does not hold a certificate to prescribe and whose nursing specialty is mental health or psychiatric mental health shall identify one or more physicians with whom the nurse collaborates in accordance with division (D)(1) of section 4723.431 of the Revised Code.

(J) A clinical nurse specialist who holds a certificate to prescribe and whose nursing specialty is mental health or psychiatric mental health shall enter into a standard care arrangement in accordance with division (D)(2) of section 4723.431 of the Revised Code.

4723-8-05 Quality assurance.

(A) A holder of a current valid certificate of authority shall comply with all continuing education requirements for registered nurse license renewal set forth in division (C) of section 4723.24 of the Revised Code and national certification requirements set forth in sections 4723.41 and 4723.42 of the Revised Code and this chapter.

(B) The certified nurse-midwife, certified nurse practitioner, or clinical nurse specialist and the collaborating physician or podiatrist shall jointly review each effective standard care arrangement at least once every two years. Such review shall be documented with the date and signature of each nurse who is party to the arrangement and at least one collaborating physician or podiatrist.

(C) Each certified nurse-midwife, certified nurse practitioner, and clinical nurse specialist who is a party to a standard care arrangement shall comply with all quality assurance provisions
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

of the standard care arrangement in accordance with this chapter. Failure to provide, enter into, or to practice in accordance with a standard care arrangement may result in disciplinary action in accordance with section 4723.28 of the Revised Code.

(D) Each practicing advanced practice registered nurse shall participate in a quality assurance process and shall immediately provide documentation satisfactory to the board of such participation upon request of the board. The quality assurance process shall include at a minimum:

(1) Periodic random chart review at least annually by a collaborating or supervising physician, podiatrist, dentist, or a designated member of a quality assurance committee, composed of at least one physician, of the institution, organization, or agency where the nurse has practiced during the period covered by the review. If the nurse holds prescriptive authority, the process shall include a procedure for periodic review, at least semi-annually, of prescriptions written and prescribing patterns for the holder of a certificate to prescribe;

(2) Subsequent to each chart review, a conference shall be held between a collaborating or supervising physician, podiatrist, dentist, or a designated member of a quality assurance committee of the institution, organization, or agency and the advanced practice registered nurse; and

(3) A process for patient evaluation of care.

(E) Documentation of participation in an ongoing, systematic quality assurance process at an institution, organization, or agency shall satisfy the requirements of paragraph (D) of this rule, provided there is a plan to utilize the results of the quality assurance process to maintain or improve care delivery.

(F) Every two years, each certified nurse-midwife, certified nurse practitioner, and clinical nurse specialist shall verify the licensure status of each collaborating physician or podiatrist with whom the nurse has an effective standard care arrangement. Verification of licensure status may be obtained online from the Ohio e-license center. The nurse shall document that such verification was obtained.

(G) The board may audit, review or investigate, at any time, whether an advanced practice registered nurse has complied with the quality assurance standards set forth in this rule.

4723-8-11 Youth concussion assessment and clearance.

(A) For purposes of this rule:

(1) “Interscholastic athletics” means an athletic activity, that is an interscholastic extracurricular activity as defined in section 3313.535 of the Revised Code, that a school or school district sponsors or participates in and that includes participants from more than one school or school district.

(2) “Youth” means an individual between the ages of four and nineteen who participated in youth sports organization or interscholastic athletics and was removed from practice or competition under division (D) of section 3707.511 of the Revised Code or division (D) of section 3313.539 of the Revised Code, based on exhibiting signs, symptoms or behaviors consistent with having sustained a concussion or head injury while participating in practice or competition.

(3) “Youth sports organization” has the same meaning as in section 3707.51 of the Revised Code and means a public or nonpublic entity that organizes an athletic activity in which the athletes are not more than nineteen years of age and are required to pay a fee to participate in the athletic activity or whose cost to participate is sponsored by a business or nonprofit organization.

(4) “Zurich Guidelines” means the “Consensus Statement on Concussion in Sport: the 4th International Conference on Concussion in Sport held in Zurich, November 2012.”
(B) A clinical nurse specialist or certified nurse practitioner may assess and clear a youth to return to practice or competition if all of the following requirements are met:

1. The nurse's specialty must include care and treatment of patients aged four through nineteen years of age and the nurse must collaborate with a physician whose practice includes this age group;

2. The nurse has completed education and training in the detection of concussion, its clinical features, assessment techniques, and the principles of safe return to play protocols consistent with the “Zurich Guidelines”;

3. The nurse has maintained competency and completed continuing education in the detection of concussion, its clinical features, assessment techniques, and the principles of safe return to play protocols consistent with the “Zurich Guidelines”; and

4723-9-10 Formulary; standards of prescribing for advanced practice registered nurses.

(A) Definitions; for purposes of this rule and interpretation of the formulary, located at http://www.nursing.ohio.gov/Practice-Prescribing.htm (effective 2017):

1. “Acute pain” means pain that normally fades with healing, is related to tissue damage and significantly alters a patient's typical function, and is expected to be time-limited.

2. “Extended-release or long-acting opioid analgesic” means an opioid analgesic that:
   a. Has United States food and drug administration approved labeling indicating that it is an extended-release or controlled release formulation;
   b. Is administered via a transdermal route; or
   c. Contains methadone.

3. “Family member” means a spouse, parent, child, sibling or other individual with respect to whom a nurse's personal or emotional involvement may render the nurse unable to exercise detached professional judgment in reaching diagnostic or therapeutic decisions.

4. “Hospice care program” has the same meaning as in section 3712.01 of the Revised Code.

5. “ICD-10-CM code” means the disease code in the most current international classification of diseases, clinical modifications published by the United States department of health and human services.

6. “Opioid analgesic” has the same meaning as in section 3719.01 of the Revised Code, and means a controlled substance that has analgesic pharmacological activity at the opioid receptors of the central nervous system, including but not limited to the following drugs and their varying salt forms or chemical congeners: buprenorphine, butorphanol, codeine (including acetaminophen and other combination products), dihydrocodeine, fentanyl, hydrocodone (including acetaminophen combination products), hydromorphone, meperidine, methadone, morphine sulfate, oxycodone (including acetaminophen, aspirin, and other combination products), oxymorphone, tapentadol, and tramadol.

7. “Minor” has the same meaning as in section 3719.061 of the Revised Code.

8. “Morphine equivalent daily dose (MED)” means a conversion of various opioid analgesics to a morphine equivalent dose by the use of accepted conversion tables provided by the state board of pharmacy at: http://www.pharmacy.ohio.gov.MED (effective 2017).

9. “Palliative care” has the same meaning as in section 3712.01 of the Revised Code.

10. “Terminal condition” has the same meaning as in section 2133.01 of the Revised Code.

(B) The committee on prescriptive governance shall establish a recommended exclusionary formulary, located at http://www.nursing.ohio.gov/Practice-Prescribing.htm (effective 2017), that may specify the exclusion of therapeutic devices, individual drugs or
subtypes or individual drugs.

(C) The recommended exclusionary formulary shall not permit the prescribing or furnishing of any drug or device prohibited by federal or state law, or rules adopted by the board, including this rule.

(D) The formulary established by the committee on prescriptive governance shall be available on the Ohio board of nursing web site, located at http://www.nursing.ohio.gov/Practice-Prescribing.htm (effective 2017).

(E) The committee on prescriptive governance shall review the formulary, located at http://www.nursing.ohio.gov/Practice-Prescribing.htm (effective 2017), for additions or deletions at least twice a year.

(F) A clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner may prescribe any drug or therapeutic device in any form or route of administration if:

(1) The ability to prescribe the drug or therapeutic device is within the scope of practice in the nurse's specialty area;

(2) The prescription is consistent with the terms of a standard care arrangement entered into with a collaborating physician;

(3) The prescription would not exceed the prescriptive authority of the collaborating physician, including restrictions imposed on the physician's practice by action of the United States drug enforcement administration or the state medical board, or by the state medical board rules, including but not limited to rule 4731-11-09 of the Administrative Code;

(4) The individual drug or subtype or therapeutic device is not one excluded by the formulary, located at http://www.nursing.ohio.gov/Practice-Prescribing.htm (effective 2017);

(5) The prescription meets the requirements of state and federal law, including but not limited to this rule, rule 4729-5-30 of the Administrative Code and rule 4729-5-13 of the Administrative Code;

(6) A valid prescriber-patient relationship exists. This relationship may include, but is not limited to:

(a) Obtaining a thorough history of the patient;

(b) Conducting a physical or mental examination of the patient;

(c) Rendering a diagnosis;

(d) Prescribing medication, ruling out the existence of any recognized contraindications;

(e) Consulting with the collaborating physician when necessary; and

(f) Properly documenting these steps in the patient's medical records;

(7) Notwithstanding paragraph (F)(6) of this rule, the nurse may prescribe or personally furnish a drug according to section 4723.4810 of the Revised Code to not more than a total of two individuals who are sexual partners of the nurse's patient.

(8) If the patient is a family member, acceptable and prevailing standards of safe nursing care require that a nurse maintain detached professional judgment. The nurse shall not prescribe to a family member unless:

(a) The nurse is able to exercise detached professional judgment in reaching diagnostic or therapeutic decisions;

(b) The prescription is documented in the patient's record;

(9) For drugs that are a controlled substance:

(a) The nurse has obtained a United States drug enforcement administration registration, except if not required to do so as provided in rule 4729-17-13 of the Administrative Code, and indicates the number on the prescription;

(b) The prescription indicates the ICD-10-CM code of the primary disease or condition that the controlled substance is being used to treat;

(c) The prescription indicates the intended days' supply of the controlled substance prescription. The intended days' supply is calculated by dividing the total quantity prescribed by the maximum intended number of tablets or doses per day;
Advanced Practice Nurses

(d) The patient is not a family member; and
(e) The nurse shall not self-prescribe a controlled substance.

(G) Except as provided in paragraph (H) of this rule, a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner may prescribe a schedule II controlled substance only in situations where all of the following apply:

1. A patient has a terminal condition;
2. A physician initially prescribed the substance for the patient; and
3. The prescription is for a quantity that does not exceed the amount necessary for the patient's use in a single, seventy-two hour period.

(H) Subject to the requirements set forth in paragraphs (I) and (J) of this rule, a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner may prescribe a schedule II controlled substance, if not excluded by the formulary, located at http://www.nursing.ohio.gov/Practice-Prescribing.htm (effective 2017), if the nurse issues the prescription to the patient from any of the following locations:

1. A hospital registered under section 3701.07 of the Revised Code;
2. An entity owned or controlled, in whole or in part, by a hospital or by an entity that owns or controls, in whole or in part, one or more hospitals;
3. A health care facility operated by the department of mental health or the department of developmental disabilities;
4. A nursing home licensed under section 3721.02 of the Revised Code or by a political subdivision certified under section 3721.09 of the Revised Code;
5. A county home or district home operated under Chapter 5155 of the Revised Code that is certified under the medicare or medicaid program;
6. A hospice care program;
7. A community mental health agency, as defined in section 5122.01 of the Revised Code;
8. An ambulatory surgical facility, as defined in section 3702.30 of the Revised Code;
9. A freestanding birthing center, as defined in section 3702.141 of the Revised Code;
10. A federally qualified health center, as defined in section 3701.047 of the Revised Code;
11. A federally qualified health center look-alike, as defined in section 3701.047 of the Revised Code;
12. A health care office or facility operated by the board of health of a city or general health district or the authority having the duties of a board of health under section 3709.05 of the Revised Code;
13. A site where a medical practice is operated, but only if the practice is comprised of one or more physicians who also are owners of the practice; the practice is organized to provide direct patient care; and the clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner providing services at the site has a standard care arrangement and collaborates with at least one of the physician owners who practices primarily at that site; or
14. A residential care facility, as defined in section 3721.01 of the Revised Code.

(I) A clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner shall not issue to a patient a prescription for a schedule II controlled substance from a convenience care clinic even if the clinic is owned or operated by an entity specified in paragraph (H) of this rule.

(J) For the treatment of acute pain, a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner shall comply with the following:

1. Extended-release or long-acting opioid analgesics shall not be prescribed for the treatment of acute pain;
2. Before prescribing an opioid analgesic, the nurse shall first consider non-opioid treatment options. If opioid analgesic medications are required as determined by history and
physical examination, the prescription should be for the minimum quantity and potency needed to treat the expected duration of pain, with a presumption that a three-day supply or less is frequently sufficient;

(3) In all circumstances where opioid analgesics are prescribed for acute pain:
   (a) Except as provided in paragraph (J)(3)(a)(iii) of this rule, the duration of the first opioid analgesic prescription for the treatment of an episode of acute pain shall be:
      (i) For adults, not more than a seven-day supply with no refills;
      (ii) For minors, not more than a five-day supply with no refills. As set forth in section 4723.481 of the Revised Code, a nurse shall comply with section 3719.061 of the Revised Code, including but not limited to obtaining the parent or guardian's written consent prior to prescribing an opioid analgesic to a minor;
      (iii) The seven-day limit for adults and five-day limit for minors may be exceeded for pain that is expected to persist for longer than seven days based on the pathology causing the pain. In this circumstance, the reason that the limits are being exceeded and the reason that a non-opioid analgesic medication was not appropriate to treat the patient's condition shall be documented in the patient's medical record; and
      (iv) If a patient is intolerant of or allergic to an opioid medication initially prescribed, a prescription for a different opioid medication may be issued at any time during the initial seven-day or five-day dosing period, and the new prescription shall be subject to the requirements of this rule. The patient's intolerance or allergy shall be documented in the patient's medical record, and the patient advised to safely dispose of the unused medication;
   (b) The patient, or a minor's parent or guardian, shall be advised of the benefits and risks of the opioid analgesic, including the potential for addiction, and the advice shall be documented in the patient's medical record; and
   (c) The total morphine equivalent dose (MED) of a prescription for opioid analgesics for treatment of acute pain shall not exceed an average of thirty MED per day.

(K) The requirements of paragraph (J) of this rule apply to treatment of acute pain, and do not apply when an opioid analgesic is prescribed:
   (1) To an individual who is a hospice patient or in a hospice care program;
   (2) To an individual who is receiving palliative care;
   (3) To an individual who has been diagnosed with a terminal condition; or
   (4) To an individual who has cancer or a condition associated with the individual's cancer or history of cancer.

(L) The requirements of paragraph (J) of this rule do not apply to:
   (1) Prescriptions for opioid analgesics for the treatment of opioid addiction utilizing a controlled substance that is approved by the FDA for opioid detoxification or maintenance treatment; or
   (2) Inpatient prescriptions as defined in rule 4729-17-01 of the Administrative Code.

(M) Drugs approved by the FDA but not yet reviewed and approved by the committee on prescriptive governance may be prescribed, unless later disapproved by the committee on prescriptive governance, if:
   (1) The drug type or subtype is not excluded on the formulary, located at http://www.nursing.ohio.gov/Practice.htm (effective 2017); and
   (2) The collaborating physician has agreed in the standard care arrangement that the nurse may prescribe drugs approved by the FDA, that meet the criteria set forth in paragraphs (M)(1) and (M)(2) of this rule, that have not yet been reviewed and approved by the committee on prescriptive governance.

(N) As specified in section 4723.44 of the Revised Code, a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner shall not prescribe any drug or device to perform or induce an abortion.

(O) As specified in section 4723.488 of the Revised Code, notwithstanding the
requirements of this rule, a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner may prescribe or personally furnish naloxone.

4723-9-12 Standards and procedures for review of OARRS.

(A) Definitions; for purposes of this rule:
(1) “APRN” means a clinical nurse specialist, certified nurse midwife, or certified nurse practitioner who holds a current, valid certificate to prescribe issued by the board.
(2) “Delegate” means an authorized representative who is registered to obtain an OARRS report on behalf of an APRN.
(3) “OARRS” means the Ohio automated RX reporting system established and maintained according to section 4729.75 of the Revised Code.
(4) “OARRS report” means a report of information related to a specified patient generated by the drug database established maintained by the state board of pharmacy pursuant to section 4729.75 of the Revised Code.
(5) “Reported drugs” means all drugs listed in rule 4729-37-02 of the Administrative Code that are required to be reported to the drug database established and maintained according to section 4729.75 of the Revised Code, including controlled substance schedules II, III, IV and V.

(B) Standards of care: in addition to the requirements set forth in rule 4723-9-08 and rule 4723-9-09 of the Administrative Code, accepted and prevailing standards of care require that when prescribing or personally furnishing a reported drug, an APRN shall taking into account the potential for abuse of the reported drug, the possibility that the reported drug may lead to dependence, the possibility the patient will obtain the reported drug for a nontherapeutic use or distribute it to other persons, and the potential existence of an illicit market for the reported drug. When considering these circumstances in the course of determining whether to prescribe or personally furnish a reported drug to a patient, the APRN shall use sound clinical judgment and consider obtaining and reviewing an OARRS report, consistent with the requirements of this rule.

(C) Red flags: an APRN shall obtain and review an OARRS report when any of the following red flags pertain to the patient:
(1) Selling prescription drugs;
(2) Forging or altering a prescription;
(3) Stealing or borrowing reported drugs;
(4) Increasing the dosage of reported drugs in amounts that exceed the prescribed amount;
(5) Suffering an overdose, intentional or nonintentional;
(6) Having a drug screen result that is inconsistent with the treatment plan or refusing to participate in a drug screen;
(7) Having been arrested, convicted, or received diversion, or intervention in lieu of conviction for a drug-related offense while under the APRN’s care;
(8) Receiving reported drugs from multiple prescribers, without clinical basis;
(9) Traveling with a group of other patients to the APRN’s office, where all or most of the patients request controlled substances prescriptions;
(10) Traveling an extended distance or from out of state to the APRN’s office;
(11) Having a family member, friend, law enforcement officer or health care professional express concern related to the patient’s use of illegal or reported drugs;
(12) A known history of chemical abuse or dependency;
(13) Appearing impaired or overly sedated during an office visit or examination;
(14) Requesting reported drugs by specific name, street name, color, or identifying marks;
(15) Frequently requesting early refills of reported drugs;
(16) Frequently losing prescriptions for reported drugs;
(17) A history of illegal drug use;
(18) Sharing reported drugs with another person; or
(19) Recurring visits to non-coordinated sites of care, such as emergency departments, urgent care facilities, or walk-in clinics to obtain reported drugs.

(D) OARRS review; opioid analgesics and benzodiazepines.

(1) Except as provided in paragraph (G) of this rule, an APRN shall:
(a) Obtain and review an OARRS report before initially prescribing to a patient a reported drug that is an opioid analgesic or benzodiazepine;
(b) If the patient continues to receive opioid analgesics or benzodiazepines for more than ninety days after the initial report is requested, the APRN shall obtain and review OARRS reports for the patient at intervals not exceeding ninety days, determined according to the date the initial request was made, and until the course of treatment has ended; and
(c) In obtaining and reviewing OARRS reports, comply with paragraph (F) of this rule.

(E) OARRS review; reported drugs that are not opioid analgesics or benzodiazepines.

(1) Except as provided in paragraph (G) of this rule, an APRN shall:
(a) Obtain and review an OARRS report following a course of treatment for a period of more than ninety days if the treatment includes the prescribing or personally furnishing of reported drugs that are not opioid analgesics or benzodiazepines;
(b) Obtain and review an OARRS report at least annually thereafter until the course of treatment utilizing these reported drugs has ended; and
(c) In obtaining and reviewing OARRS reports, comply with paragraph (F) of this rule.

(F) OARRS reports; time period; adjoining state: for purposes of paragraphs (C), (D), and (E) of this rule:
(1) OARRS reports may be requested by the APRN's delegate but must be personally reviewed by the APRN;
(2) Receipt and assessment of the OARRS report information, including consultation with the collaborating physician that occurred based on the OARRS report information or as required by paragraph (H) of this rule, shall be documented in the patient record;
(3) Initial reports requested shall cover at least twelve months immediately preceding the date of the request;
(4) If the APRN practices in a county of this state that adjoins another state, the APRN or the APRN's delegate shall also request a report of any information available in the drug database that pertains to prescriptions issued or drugs furnished to the patient in the state adjoining the county; and
(5) If an OARRS report regarding the patient is not available, the APRN shall document in the patient's record the reason that the report is not available and any efforts made in follow-up to obtain the requested information.

(G) OARRS report exceptions: an APRN shall not be required to review and assess an OARRS report when prescribing or personally furnishing a reported drug under the following circumstances, unless the APRN believes or has reason to believe that the patient may be abusing or diverting reported drugs:
(1) The reported drug is prescribed or personally furnished to a hospice patient in a hospice care program as those terms are defined in section 3712.01 of the Revised Code, or any other patient diagnosed as terminally ill;
(2) The reported drug is prescribed for administration in a hospital, nursing home, or residential care facility;
(3) The reported drug is prescribed or personally furnished in an amount indicated for a period not to exceed seven days; or
(4) The reported drug is prescribed for treatment of cancer or another condition
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

associated with cancer.

(H) Physician consultation: an APRN who prescribes or personally furnishes a reported
drug to a patient following review of an OARRS report under paragraph (C), (D), or (E) of this
rule, and determines, based on the OARRS report or red flags described in paragraph (C) of
this rule that the patient may be abusing or diverting reported drugs, shall first consult with their
collaborating physician prior to personally furnishing or prescribing a reported drug at the
patient’s next visit.

(1) Consultation shall include and result in:
(a) Review and documentation of the reasons why the APRN believes or has reason to
believe that the patient may be abusing or diverting drugs;
(b) Review and documentation of the patient’s progress toward treatment objectives over
the course of treatment; and
(c) Review and documentation of the functional status of the patient, including activities
for daily living, adverse effects, analgesia and aberrant behavior over the course of treatment.

(2) Consultation may include and result in:
(a) Utilization of a patient treatment agreement that includes more frequent and periodic
review of OARRS reports, more frequent office visits, different treatment options, drug screens,
use of one pharmacy, use of one provider for the prescription or personally furnishing of
reported drugs, and consequences for non-compliance with the terms of the agreement. The
patient treatment agreement shall be maintained as part of the patient record; and
(b) Consultation with or referral to a substance use disorder specialist.

4723-13-01 Delegation; definitions.

For the purposes of this chapter, the following definitions shall apply:

(A) “Board” means the Ohio board of nursing.
(B) “Delegation” means the transfer of responsibility for the performance of a selected
nursing task from a licensed nurse authorized to perform the task to an individual who does not
otherwise have the authority to perform the task.
(C) “Delegating nurse” means the nurse who delegates a nursing task or assumes
responsibility for individuals who are receiving delegated nursing care.
(D) “Dialysis technician” means an individual who holds a current valid certificate issued
under Chapter 4723 of the Revised Code that authorizes the provision of dialysis care.
(E) “Direction” means communicating a plan of care to a licensed practical nurse.
Direction by a registered nurse is not meant to imply the registered nurse is supervising the
licensed practical nurse in the employment context.
(F) “Licensed nurse” means a registered nurse or a licensed practical nurse licensed to
practice nursing in Ohio.
(G) “Medication aide” means an individual who holds a current valid certificate issued
under Chapter 4723 of the Revised Code that authorizes the individual to administer
medications in nursing homes or residential care facilities
(H) “DODD” means the Ohio department of developmental disabilities.
(I) “Nursing tasks” means those activities that constitute the practice of nursing as a
licensed nurse and may include, but are not limited to, assistance with activities of daily living
that are performed to maintain or improve the client’s well-being, when the client is unable to
perform that activity for him or herself.
(J) “Unlicensed person” means an individual, not currently licensed by the board as a
registered nurse or licensed practical nurse, or an individual who does not hold a current valid
certificate to practice as a dialysis technician or administer medications as a medication aide.
4723-13-02 Delegation.

(A) A nursing task may be delegated to an unlicensed person only by a licensed nurse who shall delegate in accordance with this chapter.

(B) Nothing in this chapter shall be construed to prevent any person registered, certified, licensed, or otherwise legally authorized in this state under any law from engaging in the practice for which such person is registered, certified, licensed, or authorized.

“Otherwise legally authorized” may include, but is not limited to, authorization for medication administration pursuant to section 3313.713 of the Revised Code, DODD personnel authorized to perform tasks or activities pursuant to sections 5123.41 to 5123.47 of the Revised Code, and individuals authorized to administer medications or perform tasks pursuant to Title 47 of the Revised Code.

(C) Nothing in this chapter shall prohibit an unlicensed person from assisting an individual who can safely self direct his or her own care, including, helping the individual with self-administration of medications in a facility where the substantial purpose of the setting is other than the provision of health care. An unlicensed person assisting with self-administration of medications may do only the following:

(1) Remind an individual when to take the medication and observe to ensure that the individual follows the directions on the container;

(2) Assist an individual in the self-administration of medication by taking the medication in its container from the area where it is stored and handing the container with the medication in it to the individual. If the individual is physically unable to open the container, the unlicensed person may open the container for the individual;

(3) Assist upon request by or with the consent of, a physically impaired but mentally alert individual, in removing oral or topical medication from the container and in taking or applying the medication. If an individual is physically unable to place a dose of medicine in the individual’s mouth without spilling or dropping it, an unlicensed person may place the dose in another container and place that container to the mouth of the individual; or

(4) Assisting an individual with self-administration does not mean that an unlicensed person can administer medication to an individual, whether orally, by injection, or by any other route.

(D) Nothing in this chapter shall prohibit an unlicensed person from administering medication under the following circumstances:

(1) The giving of oral or the applying of topical medication in accordance with sections 5123.41 to 5123.47 of the Revised Code and in accordance with rules 5123:2-6-01 to 5123:2-6-07 of the Administrative Code;

(2) When medication is administered by an individual employed by a board of education, or a school charted by the state board of education, who has been designated according to section 3313.713 of the Revised Code to administer to a student a drug prescribed by an authorized prescriber; or

(3) In accordance with any other law or rule that authorizes an unlicensed person to administer medications.

4723-13-03 Delegation prohibitions.

(A) No person to whom a nursing task is delegated shall delegate the nursing task to any other person.

(B) An unlicensed person who performs a nursing task and does not comply with all the provisions as set forth in this chapter, and who is not otherwise excepted from licensure pursuant to section 4723.32 of the Revised Code, or otherwise legally authorized, shall be
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

engaging in the unauthorized practice of nursing, which is prohibited by section 4723.03 of the Revised Code.

(C) Nothing in this chapter shall be construed to allow an unlicensed person to perform a delegated nursing task on any individual other than the individual specified by the delegating nurse.

4723-13-05 Delegation to a trained unlicensed person.

(A) A registered nurse may delegate a nursing task to an unlicensed person if all the conditions for delegation set forth in this chapter are met.

(B) A licensed practical nurse may delegate to an unlicensed person only at the direction of the registered nurse and if all the conditions for delegation set forth in this chapter are met.

(C) An advanced practice registered nurse may delegate the administration of medication to an unlicensed person in accordance with the requirements set forth in division (C) of section 4723.48 of the Revised Code and section 4723.489 of the Revised Code.

(D) Except as otherwise authorized by law or this chapter, a licensed nurse may delegate to an unlicensed person the administration of only the following medications:

(1) Over-the-counter topical medications to be applied to intact skin for the purpose of improving a skin condition or providing a barrier; and

(2) Over-the-counter eye drop, ear drop, and suppository medications, foot soak treatments, and enemas.

(E) Prior to delegating a nursing task to an unlicensed person, the delegating nurse shall determine each of the following:

(1) That the nursing task is within the scope of practice of the delegating nurse as set forth in section 4723.01 of the Revised Code.

(2) That the nursing task is within the knowledge, skill, and ability of the nurse delegating the nursing task;

(3) That the nursing task is within the training, ability, and skill of the unlicensed person who will be performing the delegated nursing task;

(4) That appropriate resources and support are available for the performance of the task and management of the outcome; and

(5) That adequate and appropriate supervision by a licensed nurse of the performance of the nursing task is available in accordance with rule 4732-13-07 of the Administrative Code.

(F) Prior to delegating a nursing task, the delegating nurse shall:

(1) Identify:

(a) The individual on whom the nursing task may be performed; and

(b) A specific time frame during which the delegated nursing task may be performed.

(2) Complete an evaluation of the conditions that relate to the delegation of the nursing task to be performed, including:
(a) An evaluation of the individual who needs nursing care;
(b) The types of nursing care the individual requires;
(c) The complexity and frequency of the nursing care needed;
(d) The stability of the individual who needs nursing care; and
(e) A review of the evaluations performed by other licensed health care professionals.
(G) The delegating nurse shall be accountable for the decision to delegate nursing tasks to an unlicensed person.
(H) If a licensed nurse determines that an unlicensed person is not correctly performing a delegated nursing task, the licensed nurse shall immediately intervene.

4723-13-06 Teaching a delegable nursing task.

A licensed nurse shall include all of the following when teaching an unlicensed person to perform a nursing task:
(A) Presentation of information on infection control and universal precautions;
(B) Presentation of information and directions on the concepts underlying the nursing task;
(C) Presentation of information and direction on how to correctly perform the specific nursing task according to current standards of practice following step-by-step directions readily available to the unlicensed person;
(D) Demonstration of the nursing task; and
(E) Observation and documentation of a satisfactory return demonstration by the unlicensed person of the nursing task.

4723-13-07 Supervision.

(A) When a licensed nurse delegates a nursing task to an unlicensed person in accordance with this chapter, supervision of the performance of the nursing task by the unlicensed person shall be provided by the delegating nurse. For purposes of this rule, supervision includes initial and ongoing direction, procedural guidance, and evaluation, and may include direct observation of the performance of the nursing task. The delegating nurse shall evaluate the performance by the unlicensed person of the delegated nursing task, the need for further instruction, and the need to withdraw the delegation.
(B) If the substantial purpose of the setting, institution, or agency where a delegated nursing task is being performed is the provision of health care services, the supervision provided by the delegating nurse shall be on-site direct supervision.
(C) If the substantial purpose of the setting, institution, or agency where a delegated nursing task is being performed is other than the provision of health care services, the supervision provided by the delegating nurse may be on-site direct supervision, or indirect supervision provided by the delegating nurse who is always accessible through some form of telecommunication. Prior to the delegation of any nursing task in a setting, institution, or agency where the substantial purpose of the setting, institution, or agency is other than the provision of health care, a registered nurse shall conduct an assessment. The assessment and the following factors shall be used by the delegating nurse to determine the supervision required by the delegating nurse.
   (1) The number of individuals who require nursing care and the health status of the individuals;
   (2) The types and number of nursing tasks that will be delegated;
   (3) The continuity, dependability, and reliability of the unlicensed person who will be performing the delegated nursing task;
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(4) If the delegating nurse is assuming responsibility for more than one setting, the distance between settings, the accessibility of each setting, and any unusual problems that may be encountered in reaching each setting; and
(5) The availability of emergency aid should the nurse be too far from the setting to arrive at the setting in a timely manner.

4723-27-02 Standards of safe medication administration by a certified medication aide.

(A) A certified medication aide shall administer prescription medications only at the delegation of a nurse according to section 4723.67 of the Revised Code, Chapter 4723-13 of the Administrative Code, and this chapter, to residents of nursing homes and residential care facilities.

(B) Except as provided in paragraphs (C) and (D) of this rule, a certified medication aide to whom the task of medication administration is delegated, may administer the following types of prescription medications:
   (1) Oral medications;
   (2) Topical medications;
   (3) Medications administered as nasal spray, or as drops, or ointment to a resident's eye, ear, or nose;
   (4) Rectal and vaginal medications; or
   (5) Inhalants delivered by inhalers, nebulizers, or aerosols, that allow for a single dose of a fixed, pre-measured amount of medication.

(C) A certified medication aide shall not administer medications in the following categories:
   (1) Medications containing a schedule II controlled substance, as defined in section 3719.01 of the Revised Code;
   (2) Medications, including inhalants delivered by inhalers, nebulizers, or aerosols, requiring dosage calculations;
   (3) Medications that are not approved drugs;
   (4) Medications being administered as part of clinical research; or
   (5) Oxygen.

(D) A certified medication aide shall not administer medications by any of the following methods:
   (1) Injection;
   (2) Intravenous therapy procedures;
   (3) Splitting pills for purposes of changing the dose being given; or
   (4) Through jejunostomy, gastrostomy, nasogastric, or oral gastric tubes.

(E) In addition to the prohibitions in paragraphs (C) and (D) of this rule, a certified medication aide shall not:
   (1) Receive, transcribe or alter a medication order;
   (2) Administer the initial dose of a medication ordered for a resident;
   (3) Administer medications to a person other than a resident of a nursing home or residential care facility as provided in paragraph (A) of this rule;
   (4) Administer any medication without the task having been delegated by a nurse;
   (5) Administer medications to pediatric residents; or
   (6) Access schedule II controlled substances.

(F) A certified medication aide shall maintain knowledge of the duties, responsibilities, and accountabilities of a certified medication aide and shall act in accordance with the laws pertaining to the administration of medication by a certified medication aide as set forth in Chapter 4723 of the Revised Code and the rules adopted under that chapter.

(G) A certified medication aide shall display the title "certified medication aide” at all
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

Delegation

times when administering medications to residents of a nursing home or residential care facility.

(H) A certified medication aide shall demonstrate competence and accountability in the task of medication administration, including appropriate recognition, referral, and consultation with the delegating nurse.

(I) Immediately after administering a medication, a certified medication aide shall accurately document in the resident's record, the following information:

(1) The name of the medication and the dosage administered;
(2) The route of administration;
(3) The date and time of administration;
(4) The name of the certified medication aide administering the medication; and
(5) Refusal by a resident to comply with medication administration.

(J) A certified medication aide shall implement measures to promote a safe environment for nursing home or residential care facility residents.

(K) A certified medication aide shall take measures to ensure the safety of the resident including but not limited to:

(1) Reporting to a nurse in a timely manner all of the following:
   (a) The potential need of a resident for the administration of an as-needed medication, as evidenced by an expression of discomfort from the resident or other indication;
   (b) Refusal by a resident to comply with medication administration;
   (c) Any deviation from the delegated medication administration;
   (d) Any unanticipated reaction by the resident to the medication administration; or
   (e) Anything about the condition of a resident that should cause concern to the certified medication aide.

(2) Preparing and storing medications in accordance with instructions of the manufacturer or the pharmacist;

(3) Removing medications only from a dispensed and properly labeled container that includes all of the following:
   (a) Medication name;
   (b) Medication dose;
   (c) Name of the resident to whom the medication is dispensed, unless:
      (i) The medication is a contingency drug stored and supplied in accordance with Chapter 4729-17 of the Administrative Code and is supplied to the certified medication aide by the delegating nurse; or
      (ii) Medication that is available over the counter and bears the original manufacturer's label and has been purchased and prescribed for the resident;
   (d) Expiration date of the medication;
   (4) Verifying the identity of the resident to whom the medication is to be administered;
   (5) Witnessing the resident swallowing an oral medication that is to be ingested, or otherwise taking a medication in accordance with its prescribed route;
   (6) Immediately documenting and reporting medication errors to a nurse;
   (7) Utilizing only the medication delivery process currently in use in the nursing home or residential care facility; and
   (8) Administering medications in accordance with standards set forth in the medication aide training curriculum established according to division (B)(6) of section 4723.69 of the Revised Code and this chapter.

(L) A certified medication aide shall not accept a resident care assignment that would interrupt or conflict with the administration of medications or the performance of other tasks and activities that are directly related to the administration of medications. A certified medication aide may perform other resident care activities during such times that the certified medication aide is not engaged in, or scheduled to be engaged in, the administration of medications.

(M) A certified medication aide shall maintain the confidentiality of resident information.
obtained in the course of the certified medication aide's duties and responsibilities, shall access resident information only for purposes of resident care or for otherwise fulfilling the aide's assigned job responsibilities, and shall not disseminate resident information for purposes other than resident care or for otherwise fulfilling the aide's assigned job responsibilities through social media, texting, emailing, or any other form of communication.

(N) A certified medication aide to whom the administration of medication has been delegated shall not delegate the task of medication administration to any other person.

(O) A certified medication aide shall not falsify any resident record or any other document prepared or utilized in the course of, or in conjunction with, the administration of medications.

(P) A certified medication aide shall delineate, establish, and maintain professional boundaries with each resident.

(Q) At all times when a certified medication aide is administering medications to residents in a nursing home or residential care facility the certified medication aide shall:
   1. Take reasonable measures to assure the privacy of the resident; and
   2. Treat each resident with courtesy, respect, and with full recognition of dignity and individuality.

(R) A certified medication aide shall not:
   1. Engage in behavior that causes or may cause physical, verbal, mental, or emotional abuse to a resident; or
   2. Engage in behavior toward a resident that may reasonably be interpreted as physical, verbal, mental, or emotional abuse.

(S) A certified medication aide shall not misappropriate a resident's property or:
   1. Engage in behavior to seek or obtain personal gain at the expense of a resident or that may reasonably be interpreted as behavior to seek or obtain personal gain at the expense of a resident; or
   2. Engage in behavior that constitutes inappropriate involvement in the personal relationships of a resident or that may reasonably be interpreted as inappropriate involvement in the personal relationships of a resident.

   For purposes of this paragraph, the resident is always presumed incapable of giving free, full, or informed consent to the behaviors by the certified medication aide set forth in this paragraph.

(T) A certified medication aide shall not:
   1. Engage in sexual conduct with a resident or conduct that may reasonably be interpreted as sexual; or
   2. Engage in any verbal behavior that is seductive or sexually demeaning to a resident, or that may reasonably be interpreted as seductive, or sexually demeaning to a resident.

   For purposes of this paragraph, the resident is always presumed incapable of giving free, full, or informed consent to sexual activity with a certified medication aide.

(U) A certified medication aide shall not make any false, misleading or deceptive statements, or submit or cause to be submitted any false, misleading, or deceptive information, or documentation to:
   1. The board or any representative of the board;
   2. Current employers;
   3. Prospective employers for positions requiring certification as a medication aide;
   4. Facilities in which, or organizations for whom, the medication aide is working a temporary or agency assignment;
   5. Other members of the client's health care team; or
   6. Law enforcement personnel.

   For purposes of paragraphs (P), (Q), (R), (S), and (T) of this rule, a certified medication aide shall not use social media, texting, emailing, or other forms of communication.
with, or about, a resident, for non-health care purposes or for purposes other than fulfilling the aide’s assigned job responsibilities.

4723-27-03 Delegation of medication administration to certified medication aides.

(A) A registered nurse or a licensed practical nurse acting at the direction of a registered nurse, who provides nursing care to residents in nursing homes or residential care facilities, may delegate the task of medication administration to a certified medication aide according to section 4723.67 of the Revised Code, Chapter 4723-13 of the Administrative Code, and this chapter.

(B) A registered nurse may delegate the administration of medications to a certified medication aide only if the registered nurse holds a current, valid license issued under Chapter 4723 of the Revised Code that is not subject to restrictions relating to the administration of medications imposed under section 4723.28 of the Revised Code, or imposed by agreement entered under section 4723.282 or 4723.35 of the Revised Code.

(C) A licensed practical nurse, acting at the direction of a registered nurse, may delegate the administration of medications to a certified medication aide only if all of the following apply:

1. The registered nurse at whose direction the licensed practical nurse is delegating the administration of medications is authorized to delegate the administration of medications to a certified medication aide according to paragraph (B) of this rule;
2. The licensed practical nurse is authorized to administer medications according to division (F)(3) of section 4723.01 of the Revised Code; and
3. The licensed practical nurse holds a current, valid license issued under Chapter 4723 of the Revised Code that is not subject to restrictions relating to the administration of medications imposed under section 4723.28 of the Revised Code, or imposed by agreement entered under section 4723.282 or 4723.35 of the Revised Code.

(D) A nurse who delegates to a certified medication aide responsibility for the administration of prescription medications to residents in nursing homes or residential care facilities shall not withdraw the delegation on an arbitrary basis or for any purpose not related to resident safety.

(E) Prior to delegating the task of medication administration to a certified medication aide, a nurse shall evaluate the following:

1. The resident and the medication needs of the resident, including:
   a. The resident's mental and physical stability;
   b. The medication to be administered;
   c. The timeframe during which the medication is to be administered;
   d. The route or method by which the medication is to be administered; and
2. The ability of the certified medication aide to safely administer the medication being delegated.

(F) When delegating the task of medication administration to a certified medication aide, the nurse shall communicate the following:

1. The residents to whom the certified medication aide shall administer medications;
2. The medications the certified medication aide shall administer;
3. The timeframes during which the medications are to be administered; and
4. Any special instructions concerning the administration of medications to specific residents.

(G) A nurse who is on site may delegate the administration of as-needed medications to a certified medication aide if:

1. A registered nurse has completed a nursing assessment of the resident to whom the as-needed medication is to be administered;
2. A nursing regimen based on the nursing assessment is established that contains
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

interventions including the administration of the as-needed medication according to the medication order;
(3) The nurse determines the resident's need for the medication based on information collected from sources that include but are not limited to:
   (a) Direct observation of the resident;
   (b) The nursing regimen established for the resident;
   (c) The resident's record; and
(4) The nurse determines the as-needed medication may be safely administered by the certified medication aide.

(H) If a nurse is not on site, the nurse may delegate the administration of as-needed medications to a certified medication aide if:
   (1) A registered nurse has completed a nursing assessment of the resident to whom the as-needed medication is to be administered;
   (2) A nursing regimen based on the nursing assessment is established that contains interventions including the administration of the as-needed medication according to the medication order;
   (3) A nurse is immediately available by telecommunication and determines the resident's need for the medication based on but not limited to the following:
       (a) Current knowledge of the resident's health status and the resident's nursing regimen;
       (b) The resident's record; and
       (c) Data conveyed by the certified medication aide who is directly engaged in the administration of medications to the resident.
   (4) The as-needed medication is available for over the counter purchase; and
   (5) The nurse determines the as-needed medication may be safely administered by the certified medication aide.

(I) In a nursing home or residential care facility that utilizes certified medication aides, a nurse remains responsible for all of the following:
   (1) Reviewing the medication delivery process to assure there have been no errors in stocking or preparing the medications;
   (2) Accepting, transcribing, and reviewing resident medication orders;
   (3) Monitoring residents to whom medications are administered for side effects or changes in health status; and
   (4) Reviewing documentation completed by a certified medication aide, including the medication administration record.

(J) A nurse shall supervise the certified medication aides as follows:
   (1) In a nursing home, a nurse shall provide on-site supervision of a certified medication aide.
   (2) In a residential care facility, supervision of a certified medication aide shall be provided by a nurse who is either on-site or is immediately and continuously available through some form of telecommunication.

(K) A nurse may not delegate the administration of prescription medications in the following categories, by the following routes, or under the following circumstances, to a certified medication aide:
   (1) Medications containing a schedule II controlled substance, as defined in section 3719.01 of the Revised Code;
   (2) Medications, including inhalants delivered by inhalers, nebulizers, or aerosols, requiring dosage calculations;
   (3) Medications that are not approved drugs;
   (4) Medications being administered as part of clinical research;
   (5) Administration of medications via injection;
   (6) Administration of medications via intravenous therapy procedures;
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(7) Administration of medications via splitting pills for purposes of changing the dose being given;
(8) Administration of medications through jejunostomy, gastrostomy, nasogastric, or oral gastric tubes;
(9) Administration of medications to pediatric residents;
(10) Administration of the initial dose of any medication ordered for a resident;
(11) Administration of oxygen.

A registered nurse or a licensed practical nurse acting at the direction of a registered nurse, who delegates the administration of medications to a certified medication aide according to section 4723.67 of the Revised Code and this chapter, shall not be liable in damages to any person or government entity in a civil action for injury, death, or loss to person or property that allegedly arises from an action or omission of the certified medication aide in the administration of the medications.

4723-27-04 Certification as a medication aide.

[Editor's Note: The “Comment” portion of the following regulation is part of the official provision.]

[Comment: Information regarding the availability and effective date of the materials incorporated by reference in this rule can be found in paragraph (G) of rule 4723-1-03 of the Administrative Code.]

(A) To be issued a medication aide certificate the following requirements must be met:
(1) The applicant must be at least eighteen years of age;
(2) The applicant must have a high school diploma or a high school equivalence diploma as described in section 5107.40 of the Revised Code;
(3) If the applicant is to function as a certified medication aide in a nursing home, the applicant must be a nurse aide who satisfies the requirements of division (A)(1), (A)(2), (A)(3), (A)(4), (A)(5), (A)(6), or (A)(8) of section 3721.32 of the Revised Code;
(4) If the applicant is to function as a certified medication aide in a residential care facility the applicant must be either:
   (a) A nurse aide who satisfies the requirements of division (A)(1), (A)(2), (A)(3), (A)(4), (A)(5), (A)(6), or (A)(8) of section 3721.32 of the Revised Code; or
   (b) The applicant must have at least one year of direct care experience in a residential care facility;
(5) The applicant must submit a completed "Medication Aide Application";
(6) The board must receive the results of a criminal records check conducted according to section 4723.091 of the Revised Code that indicates the individual is not ineligible for certification as specified in section 4723.092 of the Revised Code;
(7) The applicant is not required to register under Chapter 2950 of the Revised Code or a substantially similar law of another state, the United States, or another country;
(8) The board must receive written verification that the applicant has successfully completed an approved medication aide training program, and documentation indicating applicant passed a board approved examination. The minimum passing grade on the written component of a board-approved examination shall be eighty per cent. A student must successfully complete each of the skills evaluation tasks included in the clinical component of a board-approved examination in order to pass; and
(9) The applicant shall submit to the board the fee for a medication aide certificate required by paragraph (A)(1) of rule 4723-27-10 of the Administrative Code.

(B) The holder of a medication aide certificate who is not a state tested nurse aide but who qualifies for a medication aide certificate under paragraph (A)(4)(b) of this rule, may only function as a certified medication aide in residential care facilities.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

(1) If the certificate holder has, following certification, satisfied the requirements of division (A)(1), (A)(2), (A)(3), (A)(4), (A)(5), (A)(6), or (A)(8) of section 3721.32 of the Revised Code, the holder may submit documentation to the board and a written request that the holder’s certification be amended to allow the holder to function as a medication aide in nursing home facilities or residential care facilities.

(2) If the board determines that the certificate holder has submitted valid documentation, the board shall amend website verification to reflect the amended status of the certificate holder.

(C) Medication aide certificates shall be renewed biennially according to rule 4723-27-05 of the Administrative Code, and shall be valid from May first of even numbered years until April thirtieth of the following even numbered year.

(D) If a medication aide certificate is issued by the board on or after February first of an even numbered year, the certificate shall be valid, unless the certificate is made inactive or if disciplinary action has rendered it invalid, through April thirtieth of the next even numbered year.

(E) An individual who holds a current, valid medication aide certificate issued by the board under section 4723.651 of the Revised Code and this chapter, may use the title “medication aide-certified” and the initials “MA-C.”

(F) If an applicant fails to meet the requirements for certification within one year of receipt of their application, the application is void and the fee forfeited. The application form shall state the circumstances under which this forfeiture may occur.

(G) The board shall not endorse applicants who have been licensed or certified as medication aides in jurisdictions other than Ohio.

4723-27-05 Renewal of a medication aide certificate.

[Editor’s Note: The “Comment” portion of the following regulation is part of the official provision.]

[Comment: Information regarding the availability and effective date of the materials incorporated by reference in this rule can be found in paragraph (G) of rule 4723-1-03 of the Administrative Code.]

(A) Medication aide certificates shall be renewed biennially on or before April thirtieth of even numbered years.

(1) The board shall provide access to an on-line “Medication Aide Renewal Application,” to every holder of a current, valid certificate, except when the board is aware that the individual may be ineligible for certificate renewal for any reason, including those reasons set forth in section 4723.092 of the Revised Code.

(2) To renew a medication aide certificate, a holder of a current, valid certificate shall:

(a) Submit a completed “Medication Aide Renewal Application”;

(b) Submit the renewal fee required by rule 4723-27-10 of the Administrative Code; and

(c) Verify successful completion of the continuing education requirements set forth in rule 4723-27-06 of the Administrative Code.

(B) A certified medication aide with a current, valid certificate who does not intend to practice as a medication aide in Ohio may request that the certificate be placed on inactive status at any time by submitting to the board a written statement or electronic request asking that the certificate be placed on inactive status.

(C) If a medication aide certificate is not renewed by April thirtieth of each even numbered year and the certificate holder fails by that time to request that the certificate be placed on inactive status, the certificate shall lapse.

(D) If a medication aide certificate is inactive or lapsed for two years or less, the board may reactivate or reinstate the certificate if the individual submits to the board within two years from the date the certificate was made inactive or lapsed, all of the following:

(1) A completed “Medication Aide Reactivation and Reinstatement Application”;
(2) The applicable fee set forth in paragraph (A) of rule 4723-27-10 of the Administrative Code; and

(3) Documentation of successful completion of the continuing education requirements for renewal of a certified medication aide required by rule 4723-27-06 of the Administrative Code.

(E) If a medication aide certificate is inactive or lapsed for more than two years, it shall not be reactivated or reinstated unless the applicant submits to the board all of the following:

(1) A completed “Medication Aide Reactivation and Reinstatement Application”;

(2) The applicable fee set forth in paragraph (A) of rule 4723-27-10 of the Administrative Code; and

(3) Written verification from an approved medication aide training program that the applicant has, within six months prior to submission of the application, successfully completed the medication aide training program.

(F) A certificate holder who has placed a medication aide certificate on inactive status is not required to pay a renewal fee unless the holder seeks to reactivate the certificate. If the certificate holder placed a certificate on inactive status on or after March first of the year in which the certificate was to be renewed, and then notifies the board on or before April thirtieth of the same renewal year of the intent to reactivate, the certificate holder must still pay the late processing fee required by paragraph (A)(3) of rule 4723-27-10 of the Administrative Code.

(G) During the time that an individual's certification as a medication aide is either inactive or lapsed, the holder may not administer medications as a certified medication aide.

(H) An individual who administers medications as a certified medication aide or represents to the public that the individual holds a current valid medication aide certificate, who has failed to renew a medication aide certificate issued under this chapter, or while the certificate is under suspension, inactive or lapsed, may be subject to disciplinary action under rule 4723-27-09 of the Administrative Code.

(I) A medication aide certificate holder who is a service member or veteran, as defined in rule 4723-2-01 of the Administrative Code, or who is the spouse or surviving spouse of a service member or veteran, may be eligible for a waiver of the late application fee and the reinstatement fee according to rule 4723-2-03 of the Administrative Code.

### 4723-27-10 Fees.

(A) The board may impose fees in accordance with division (B)(1) of section 4723.69 of the Revised Code, including the following:

(1) For applications to obtain a medication aide certificate, fifty dollars;

(2) For biennial renewal of a medication aide certificate submitted on or before March first of even numbered years, fifty dollars;

(3) For biennial renewal of a medication aide certificate submitted after March first and before May first of even numbered years, one-hundred dollars;

(4) Except as provided in section 5903.10 of the Revised Code, for reinstatement of a lapsed medication aide certificate, one hundred dollars;

(5) For reactivation of an inactive medication aide certificate, fifty dollars;

(6) For verification of a medication aide certificate to another jurisdiction, fifteen dollars;

(7) For providing a replacement copy of a medication aide certificate suitable for framing, twenty-five dollars;

(8) For applications for approval to operate a medication aide training program, one thousand dollars;

(9) For applications for re-approval of a medication aide training program, five hundred dollars; or

(10) For processing a check returned to the board by a financial institution for insufficient funds, twenty-five dollars.
(B) All payments of fees shall be in the form required by the board.
(C) Except for duplicate payments, all fees are nonrefundable.
(D) An applicant whose initial payment is returned to the board before the renewal deadline may reissue payment to the board without jeopardizing the status of the applicant's certificate.

**Practice Intervention and Improvement Program**

**4723-18-01 Practice Intervention and Improvement program; definitions.**

As used in this chapter:

(A) “Certificate holder” means an individual holding either:

1. A current, valid certificate of authority issued by the board to practice as a certified nurse-midwife, certified nurse practitioner, certified registered nurse anesthetist, or clinical nurse specialist;

2. A current, valid certificate issued by the board to provide dialysis care as a dialysis technician.

(B) “Educational intervention” means the following:

1. One or more learning activities that meet the requirements of rule 4723-18-06 of the Administrative Code, with content and objectives that address a participant's prescribed learning needs;

2. An activity with content and objectives that meet a participant's prescribed learning needs provided by the participant's employer through a registered nurse who meets the qualifications set forth in rule 4723-18-06 of the Administrative Code.

(C) “Employer” means any person for whom a participant works, or may work in the future, or any institution that grants practice privileges enabling an individual to practice at the institution, while participating in the practice intervention and improvement program.

(D) “Licensee” means any individual holding a current valid license issued by the board to practice nursing as a registered nurse or licensed practical nurse.

(E) “Participant” means a licensee or certificate holder undergoing a remedial process in the practice intervention and improvement program.

(F) “Participatory agreement” means a voluntary, written contract between an individual and the board's practice intervention and improvement program (PIIP) in which the board abstains from taking disciplinary action against an individual for violation of Chapter 4723 of the Revised Code and the individual agrees to be monitored by the board and remediated according to the terms and conditions of the program. The participatory agreement includes, but is not limited to, the following:

1. Stipulation by the individual to one or more identified practice deficiencies;

2. Agreement of the individual to completion of the remediation process required by the board;

3. Authorization by the individual to the release of records and information to PIIP by employers, workplace monitors and other parties involved in the individual's remediation process; and

4. Acknowledgment by the individual that their failure to comply with the terms and conditions of the participatory agreement will result in disciplinary action by the board.

(G) “Practice intervention and improvement program” or "PIIP" means the program authorized by section 4723.282 of the Revised Code that allows the board to abstain from taking disciplinary action against a licensee or certificate holder, who has a practice deficiency that has been identified by the board through an investigation conducted under section 4723.28 of the Revised Code.
(H) “Practice deficiency” means a practice activity that does not meet acceptable and prevailing standards of safe nursing care as set forth in Chapter 4723-4 of the Administrative Code, Chapter 4723-8 of the Administrative Code, Chapter 4723-9 of the Administrative Code, or the acceptable and prevailing standards of safe dialysis care set forth in Chapter 4723-23 of the Administrative Code.

(I) “Remediation” means a prescribed educational intervention that is designed to correct an individual's identified practice deficiency. Remediation includes, but is not limited to, successful demonstration by the individual that the learned knowledge and skills have been incorporated into the individual's practice.

(J) “Supervising member” means the board member elected to serve as the supervising member for disciplinary matters in accordance with section 4723.02 of the Revised Code.

(K) “Workplace monitor” means the individual who observes and evaluates, for a specified time period, the practice of a participant in PIIP to determine whether the participant has incorporated applicable learned knowledge and skills into workplace practice.

4723-18-02 Practice deficiency.

(A) The board shall investigate, according to section 4723.28 of the Revised Code, evidence that appears to show that a licensee or certificate holder has failed to practice in accordance with acceptable and prevailing standards of safe care as set forth in Chapter 4723-4 of the Administrative Code, Chapter 4723-8 of the Administrative Code, Chapter 4723-9 of the Administrative Code, or Chapter 4723-23 of the Administrative Code.

(B) The supervising member shall review the evidence obtained during the investigation to determine whether the individual's identified practice deficiency can be corrected through participation in the practice intervention and improvement program (PIIP) rather than through formal disciplinary action. Criteria to use when making this determination include, but are not limited to, the following:

1. Whether the public will be adequately protected from unsafe practice if the individual enters PIIP;
2. Whether the individual's practice deficiency resulted in harm or other untoward outcome for the patient;
3. The likelihood that the identified practice deficiency at issue is a deficiency that can be corrected through remediation;
4. The extent of the individual's cooperation with the board during the investigation;
5. Whether the individual's identified practice deficiency represented an intentional or willful commission or omission by the individual;
6. The frequency of the occurrence of the identified practice deficiency;
7. The adverse impact of the identified practice deficiency on others;
8. Whether the identified practice deficiency affected a particularly vulnerable patient;
9. Whether the individual is eligible for participation in PIIP as specified in rule 4723-18-03 of the Administrative Code; and
10. Whether the individual has a mental or physical impairment that contributed to the practice deficiency.

(C) When the supervising member has reason to believe, after an investigation and review of evidence, that the individual's identified practice deficiency can be successfully corrected through participation in PIIP, the board may abstain from taking disciplinary action provided the individual enters into an agreement with PIIP according to rule 4723-18-04 of the Administrative Code, complies with the terms and conditions of PIIP, and successfully completes PIIP.
4723-18-03 Eligibility requirements for participation.

An individual may participate in the practice intervention and improvement program if the supervising member determines that the public will be adequately protected from unsafe practice if the individual enters PIIP, and:

(A) The individual has not been the subject of formal disciplinary action by any regulatory board or entity located in Ohio or in another jurisdiction, unless the supervising member determines that the previous disciplinary action was for a violation that should not preclude participation in PIIP;

(B) The individual is not concurrently under investigation by the board for a violation of Chapter 4723 of the Revised Code or the rules of the board that does not constitute a practice deficiency;

(C) The supervising member determines that the nature of the individual's identified practice deficiency is such that it may be corrected through remediation;

(D) The individual holds a current valid, license or certificate issued by the board;

(E) The individual is otherwise eligible to renew the license or certificate issued by the board;

(F) At the time of PIIP eligibility determination by the supervising member, the individual is working in a position in the state of Ohio, whether as an employee or contractor, that requires a nursing license, if the individual is a licensed nurse, or a dialysis technician certificate, if the individual is a dialysis technician; and

(G) If the board has ordered the individual to submit to a mental or physical examination according to division (G) of section 4723.28 of the Revised Code, the supervising member has determined that the individual does not have any impairment as defined in rule 4723-3-02 of the Administrative Code.

4723-18-04 Participatory agreement.

(A) When an individual has been determined by the supervising member to be eligible for the practice intervention and improvement program, the individual shall execute a participatory agreement with PIIP that includes, but is not limited to, provisions that:

(1) Set forth the identified practice deficiencies;

(2) Identify the specific remediation including educational interventions the participant must complete;

(3) Specify the time frame for the participant to submit to PIIP copies of the educational intervention content and objectives that demonstrate it fulfills the prescribed education intervention requirements;

(4) Require the participant to pay all expenses the participant incurs as a result of the required remediation;

(5) Require the participant to provide the participatory agreement to a manager, or a person with administrative responsibilities equivalent to or higher than a manager, for all of the participant's employers or contracting entities with respect to which the participant provides nursing or dialysis care, and provide documentation to the board of the manager's receipt of the participatory agreement;

(6) Require a participant who is the holder of a certificate of authority issued under section 4723.41 of the Revised Code to provide a copy of the participatory agreement to the following, and submit documentation to the board of their receipt:

(a) The credentialing body of each institution at which the certificate holder provides advanced practice registered nursing services or nursing care;

(b) Each collaborating physician with whom the certificate holder works as a clinical nurse specialist, certified nurse practitioner, or certified nurse midwife;
(7) Require the participant to participate in workplace monitoring; 
(8) Require the participant to cooperate with any entity, including the educational 
provider and workplace monitor; 
(9) Require the participant to cause all workplace monitors, selected according to 
paragraph (B) of rule 4723-18-08 of the Administrative Code, and educational providers, 
selected according to rule 4723-18-06 of the Administrative Code, to provide remediation and to 
send written progress reports regarding the participant's progress in remediation to PIIP at 
specified intervals; 
(10) Require the participant to sign all waivers necessary to secure all reports required 
by PIIP; 
(11) Require the participant to submit a written personal progress report containing the 
information required by PIIP to PIIP at specified intervals; 
(12) Require the participant to meet in person with a PIIP representative at specified 
intervals; 
(13) Require the participant to obey all federal, state, and local laws, including all laws 
and rules regulating nursing practice or dialysis care in Ohio; 
(14) Specify that the prescribed educational intervention cannot be used to satisfy the 
continuing education requirements set forth in Chapter 4723 of the Revised Code and the rules 
of the board; 
(15) Specify the terms and conditions the participant must meet to successfully complete 
the remediation, including the time frames for successfully completing both the educational 
intervention and workplace monitoring components of the remediation; and 
(16) Set forth the grounds for termination from PIIP. 
(B) An individual determined by the supervising member to be eligible for PIIP who 
refuses to enter into the participatory agreement set forth in this rule within the time frame 
specified by PIIP may be subject to disciplinary action according to section 4723.28 of the 
Revised Code. 

4723-18-05 Termination from the PIIP. 

(A) A participant may be terminated from PIIP for any of the following: 
(1) Failure to comply with any term of the participatory agreement entered into by the 
participant; 
(2) Receipt of evidence from an employer educational intervention provider indicating 
that the participant has failed to progress through or to successfully complete the prescribed 
educational intervention in the manner and during the time frame prescribed by the supervising 
member; 
(3) Receipt of evidence from the workplace monitor indicating that the participant has 
failed to incorporate learned knowledge and skills into practice or has continued to demonstrate 
the practice deficiency; 
(4) Failure to complete the remediation including the educational intervention; or 
(5) Failure to maintain eligibility for PIIP. 
(B) When a licensee or certificate holder is terminated from PIIP for one of the reasons 
specified in paragraph (A) of this rule, the board shall proceed with disciplinary action according 
to section 4723.28 of the Revised Code. The board may consider an individual's termination 
from PIIP when determining the sanction to be imposed.
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

4723-18-06 Requirements for educational providers.

(A) The practice intervention and improvement program shall utilize educational interventions that contain content and objectives that meet the participant's learning needs as prescribed by the supervising member.
(B) An educational intervention shall be one of the following:
   (1) A continuing education activity that meets the requirements of Chapter 4723-14 of the Administrative Code;
   (2) An activity conducted by a national certifying organization approved by the board according to section 4723.46 of the Revised Code;
   (3) A course provided by a post-secondary educational institution that is approved, authorized or registered by the board, the Ohio board of regents, the Ohio department of education, the state board of career colleges and schools, or a substantially similar authorizing body in another jurisdiction, for which academic credit is awarded to the participant; or
   (4) An activity that is provided by the participant's employer through an employed or contracted registered nurse who holds a master's degree and has at least two years experience in nursing education or adult education.
(C) According to section 4723.021 of the Revised Code, an entity that provides services related to remediation, including but not limited to a participant's educational intervention shall not be held liable in damages to any person as the result of any act, omission, proceeding, conduct, or decision related to official duties undertaken or performed pursuant to this chapter.
(D) Educational intervention shall not be used for purposes of satisfying the participant's continuing education requirements.

4723-18-07 Educational intervention.

(A) An individual shall be notified in writing of a determination by the supervising member that their identified practice deficiency may be remediated through participation in the practice intervention and improvement program.
(B) In order to participate in PIIP, an eligible licensee or certificate holder shall enter into the participatory agreement set forth in rule 4723-18-04 of the Administrative Code.
(C) The participant shall notify PIIP in writing of the educational intervention selected within the time frame specified in the participatory agreement. The written notification shall include a copy of the learning activity's content and objectives that demonstrate it meets the prescribed educational intervention requirements.
(D) When the participant's educational intervention is provided by an employer through an employed or contracted registered nurse, the participant shall provide the registered nurse with a copy of the participatory agreement and provide PIIP with documentation of the registered nurse's receipt of the agreement.
(E) The participant shall provide documentation acceptable to PIIP that all educational interventions have been successfully completed within the specified timeframe.
(F) According to rule 4723-18-08 of the Administrative Code, PIIP shall establish workplace monitoring requirements that a participant must meet in order to demonstrate that the learned knowledge and skills have been incorporated into the participant's practice and shall notify the participant and the participant's workplace monitor in writing of these requirements.
(G) Upon receipt of evidence that the participant has failed to successfully complete the remediation, PIIP shall immediately notify the supervising member.

4723-18-08 Monitoring of participant.

(A) A PIIP participant shall be monitored by PIIP to determine whether the participant
satisfactorily demonstrates that the learned knowledge and skills have been incorporated into
the participant's practice.

(B) A participant, in collaboration with his or her employer, shall identify one or more
individuals who meet the requirements of paragraph (D) of this rule who will act as a workplace
monitor of the participant's nursing or dialysis care.

(C) The workplace monitor shall:
   (1) As directed by PIIP, observe specific aspects of the participant's practice at the
       intervals identified by PIIP;
   (2) Evaluate specific aspects of the participant's practice and report to PIIP whether that
       practice, with respect to the identified practice deficiency, meets acceptable and prevailing
       standards of safe nursing care set forth in Chapter 4723-4 of the Administrative Code, Chapter
       4723-8 of the Administrative Code or Chapter 4723-9 of the Administrative Code, or the
       acceptable and prevailing standards of safe dialysis care set forth in Chapter 4723-23 of the
       Administrative Code;
   (3) Report the participant's progress in remediation to PIIP at the intervals required by
       PIIP; and
   (4) Maintain the confidentiality of the participant's participation in PIIP and of all records
       associated with the participant's remediation.

(D) A workplace monitor shall meet the following requirements:
   (1) When monitoring a licensed nurse the workplace monitor shall be a registered nurse
       with a current, valid license;
   (2) When monitoring an advanced practice registered nurse holding a certificate of
       authority issued under section 4723.41 of the Revised Code for an identified practice deficiency,
       the workplace monitor shall be an advanced practice registered nurse with a current, valid
       certificate of authority issued under section 4723.41 of the Revised Code, or a holder of a
       current, valid license issued under Chapter 4731 of the Revised Code to practice medicine and
       surgery or osteopathic medicine and surgery, or podiatric medicine and surgery;
   (3) When monitoring a dialysis technician, the workplace monitor shall be a registered
       nurse with a current, valid license or a holder of a current, valid license issued under Chapter
       4731 of the Revised Code to practice medicine and surgery or osteopathic medicine and
       surgery.

(E) In addition to meeting the requirements of paragraph (D) of this rule, a workplace
monitor shall:
   (1) Have no disciplinary action imposed on their license or certificate, or any disciplinary
       action with respect to a similar license or certificate issued by another jurisdiction;
   (2) Be in a position that enables the monitor to directly observe the participant's clinical
       performance;
   (3) Have a minimum of five years experience as a registered nurse, advanced practice
       registered nurse, physician, or podiatrist; and
   (4) Cooperate with the participant and PIIP to meet the requirements set forth in the
       participatory agreement entered into by the participant and PIIP.

(F) When the individual to be monitored is a licensed practical nurse, the workplace
monitor may direct a licensed practical nurse to observe specific tasks related to the identified
practice deficiency and to report those observations to the monitor.

(G) When the individual to be monitored is a dialysis technician, the workplace monitor
may direct an Ohio certified dialysis technician or licensed practical nurse to observe specific
tasks related to the identified practice deficiency and to report those observations to the monitor.

(H) For purposes of providing the remediation directed by the supervising member, a
workplace monitor shall be considered a representative of the board and, according to section
4723.021 of the Revised Code, shall not be held liable in damages to any person as the result
of any act, omission, proceeding, conduct, or decision related to official duties undertaken or
Chapter 12. Licensed Health Care Professionals
Part I. Nurses

performed pursuant to this chapter.

4723-18-09 Successful completion of PIIP.

(A) An individual eligible for the practice intervention and improvement program shall enter into a participatory agreement, as set forth in rule 4723-18-04 of the Administrative Code, and shall comply with all of the terms and conditions set forth in the agreement.

(B) A participant shall provide or cause to be provided all of the following to PIIP:

(1) Written verification acceptable to PIIP that the participant has successfully completed the educational intervention prescribed by the supervising member; and

(2) Written verification from a workplace monitor who meets the requirements set forth in rule 4723-18-08 of the Administrative Code that, at the time of verification with respect to the identified practice deficiency, the participant's practice meets the acceptable and prevailing standards of safe nursing care set forth in Chapter 4723-4 of the Administrative Code, Chapter 4723-8 of the Administrative Code, or Chapter 4723-9 of the Administrative Code, or the acceptable and prevailing standards of safe dialysis care set forth in Chapter 4723-23 of the Administrative Code.

(C) Upon receipt of the documents required by paragraph (B) of this rule, the supervising member shall review all information relevant to the participant's remediation to determine whether the participant's practice as a licensed nurse or dialysis technician meets the acceptable and prevailing standards of safe nursing care set forth in Chapter 4723-4 of the Administrative Code, Chapter 4723-8 of the Administrative Code, or Chapter 4723-9 of the Administrative Code, or the acceptable and prevailing standards of safe dialysis care set forth in Chapter 4723-23 of the Administrative Code.

(D) When the supervising member determines that the participant's identified practice deficiency has been sufficiently corrected so as to meet the acceptable and prevailing standards of safe care, the supervising member shall notify the participant in writing that remediation has been successfully completed and participation in PIIP is completed.

(E) When making a decision regarding disciplinary action for violations of Chapter 4723 of the Revised Code or the rules of the board, the board will be notified by written communication from board staff, marked as confidential according to division (D) of section 4723.282 of the Revised Code if the individual who is the subject of proposed board action previously successfully completed PIIP.

(F) A participant who successfully completes PIIP shall not be reported to the national council of state boards of nursing's disciplinary data bank or the federally mandated national practitioner data bank unless the board imposes disciplinary action against the participant.

(G) When the supervising member determines that remediation has not occurred or the participant has otherwise violated the terms and conditions of the participatory agreement, the board shall proceed with disciplinary action in accordance with section 4723.28 of the Revised Code.

4723-18-10 Confidentiality.

(A) Information and records obtained by the practice intervention and improvement program pursuant to an investigation conducted in accordance with section 4723.28 of the Revised Code shall be confidential and are not public records pursuant to division (I) of section 4723.28 of the Revised Code.

(B) All records regarding an individual's participation in PIIP are confidential and are not public records pursuant to division (I) of section 4723.28 of the Revised Code and division (D) of section 4723.282 of the Revised Code.
(C) All employers providing educational intervention and workplace monitors selected to provide remediation by a participant in PIIP shall, as representatives of the board, maintain the confidentiality of all records regarding the participant’s remediation.

(D) All PIIP records maintained by the board shall be kept in a secure storage area according to the board’s record retention schedule.

(E) Notwithstanding paragraphs (A) and (B) of this rule, PIIP may prepare public reports setting forth in general terms statistical information regarding the program as requested by the board.

Part II. Physician Assistants

[Editor’s Note: Complete statutes and regulations governing physician assistants are available at www.med.ohio.gov.]

4730.01 Physician assistants; definitions.

As used in this chapter:

(A) “Physician” means an individual who is authorized under Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery.

(B) “Health care facility” means any of the following:

(1) A hospital registered with the department of health under section 3701.07 of the Revised Code;

(2) A health care facility licensed by the department of health under section 3702.30 of the Revised Code;

(3) Any other facility designated by the state medical board in rules adopted pursuant to division (B) of section 4730.08 of the Revised Code.

(C) “Service” means a medical activity that requires training in the diagnosis, treatment, or prevention of disease.

4730.02 Requirements.

(A) No person shall hold that person out as being able to function as a physician assistant, or use any words or letters indicating or implying that the person is a physician assistant, without a current, valid license to practice as a physician assistant issued pursuant to this chapter.

(B) No person shall practice as a physician assistant without the supervision, control, and direction of a physician.

(C) No person shall practice as a physician assistant without having entered into a supervision agreement with a supervising physician under section 4730.19 of the Revised Code.

(D) No person acting as the supervising physician of a physician assistant shall authorize the physician assistant to perform services if either of the following is the case:

(1) The services are not within the physician’s normal course of practice and expertise;

(2) The services are inconsistent with the supervision agreement under which the physician assistant is being supervised, including, if applicable, the policies of the health care facility in which the physician and physician assistant are practicing.

(E) No person practicing as a physician assistant shall prescribe any drug or device to perform or induce an abortion, or otherwise perform or induce an abortion.

(F) No person shall advertise to provide services as a physician assistant, except for the
purpose of seeking employment.

(G) No person practicing as a physician assistant shall fail to wear at all times when on duty a placard, plate, or other device identifying that person as a “physician assistant.”

4730.08 Practice requirements.

(A) A license to practice as a physician assistant issued under this chapter authorizes the holder to practice as a physician assistant as follows:

(1) The physician assistant shall practice only under the supervision, control, and direction of a physician with whom the physician assistant has entered into a supervision agreement under section 4730.19 of the Revised Code.

(2) The physician assistant shall practice in accordance with the supervision agreement entered into with the physician who is responsible for supervising the physician assistant, including, if applicable, the policies of the health care facility in which the physician assistant is practicing.

(B) The state medical board may, subject to division (D) of section 4730.06 of the Revised Code, adopt rules designating facilities to be included as health care facilities that are in addition to the facilities specified in divisions (B)(1) and (2) of section 4730.01 of the Revised Code. Any rules adopted shall be adopted in accordance with Chapter 119 of the Revised Code.

4730.14 License renewal.

(A) A license to practice as a physician assistant shall expire biennially and may be renewed in accordance with this section. A person seeking to renew a license to practice as a physician assistant shall, on or before the thirty-first day of January of each even-numbered year, apply for renewal of the license. The state medical board shall provide renewal notices at least one month prior to the expiration date.

Applications shall be submitted to the board in a manner prescribed by the board. Each application shall be accompanied by a biennial renewal fee of two hundred dollars. The board shall deposit the fees in accordance with section 4731.24 of the Revised Code.

The applicant shall report any criminal offense that constitutes grounds for refusing to issue a license to practice under section 4730.25 of the Revised Code to which the applicant has pleaded guilty, of which the applicant has been found guilty, or for which the applicant has been found eligible for intervention in lieu of conviction, since last signing an application for a license to practice as a physician assistant.

(B) To be eligible for renewal of a license, an applicant is subject to all of the following:

(1) The applicant must certify to the board that the applicant has maintained certification by the national commission on certification of physician assistants or a successor organization that is recognized by the board by meeting the standards to hold current certification from the commission or its successor, including completion of continuing medical education requirements and passing periodic recertification examinations;

(2) Except as provided in division (F) of this section and section 5903.12 of the Revised Code, the applicant must certify to the board that the applicant has completed during the current licensure period not less than one hundred hours of continuing medical education acceptable to the board.

(3) The applicant must comply with the renewal eligibility requirements established under section 4730.49 of the Revised Code that pertain to the applicant.

(C) The board shall adopt rules in accordance with Chapter 119 of the Revised Code specifying the types of continuing medical education that must be completed to fulfill the board's requirements under division (B)(2) of this section. Except when additional continuing medical
education is required, as specified in section 4730.49 of the Revised Code, the board shall not adopt rules that require a physician assistant to complete in any licensure period more than one hundred hours of continuing medical education acceptable to the board. In fulfilling the board's requirements, a physician assistant may use continuing medical education courses or programs completed to maintain certification by the national commission on certification of physician assistants or a successor organization that is recognized by the board if the standards for acceptable courses and programs of the commission or its successor are at least equivalent to the standards established by the board.

(D) If an applicant submits a complete renewal application and qualifies for renewal pursuant to division (B) of this section, the board shall issue to the applicant a renewed license to practice as a physician assistant.

(E) The board may require a random sample of physician assistants to submit materials documenting certification by the national commission on certification of physician assistants or a successor organization that is recognized by the board and completion of the required number of hours of continuing medical education.

(F) The board shall provide for pro rata reductions by month of the number of hours of continuing education that must be completed for individuals who are in their first licensure period, who have been disabled due to illness or accident, or who have been absent from the country. The board shall adopt rules, in accordance with Chapter 119 of the Revised Code, as necessary to implement this division.

(G)(1) A license to practice that is not renewed on or before its expiration date is automatically suspended on its expiration date. Continued practice after suspension of the license shall be considered as practicin

(H) If an individual certifies that the individual has completed the number of hours and type of continuing medical education required for renewal or reinstatement of a license to practice as a physician assistant, and the board finds through a random sample conducted under division (E) of this section or through any other means that the individual did not complete the requisite continuing medical education, the board may impose a civil penalty of not more than five thousand dollars. A civil penalty imposed under this division may be in addition to or in lieu of any other action the board may take under section 4730.25 of the Revised Code. The board shall deposit civil penalties in accordance with section 4731.24 of the Revised Code. The board shall not conduct an adjudication under Chapter 119 of the Revised Code if the board imposes only a civil penalty.
4730.19 Medical board approval of plan.

(A) Before initiating supervision of one or more physician assistants licensed under this chapter, a physician shall enter into a supervision agreement with each physician assistant who will be supervised. A supervision agreement may apply to one or more physician assistants, but, except as provided in division (B)(2)(e) of this section, may apply to not more than one physician. The supervision agreement shall specify that the physician agrees to supervise the physician assistant and the physician assistant agrees to practice under that physician's supervision.

The agreement shall clearly state that the supervising physician is legally responsible and assumes legal liability for the services provided by the physician assistant. The agreement shall be signed by the physician and the physician assistant.

(B) A supervision agreement shall include either or both of the following:

(1) If a physician assistant will practice within a health care facility, the agreement shall include terms that require the physician assistant to practice in accordance with the policies of the health care facility.

(2) If a physician assistant will practice outside a health care facility, the agreement shall include terms that specify all of the following:

(a) The responsibilities to be fulfilled by the physician in supervising the physician assistant;

(b) The responsibilities to be fulfilled by the physician assistant when performing services under the physician's supervision;

(c) Any limitations on the responsibilities to be fulfilled by the physician assistant;

(d) The circumstances under which the physician assistant is required to refer a patient to the supervising physician;

(e) If the supervising physician chooses to designate physicians to act as alternate supervising physicians, the names, business addresses, and business telephone numbers of the physicians who have agreed to act in that capacity.

(C)(1) The supervising physician shall submit a copy of each supervision agreement to the board. The board may review the supervision agreement at any time for compliance with this section and for verification of licensure of the supervising physician and the physician assistant. All of the following apply to the submission and review process:

(a) If the board reviews a supervision agreement, the board shall notify the supervising physician of any way that the agreement fails to comply with this section.

(b) A supervision agreement becomes effective at the end of the fifth business day after the day the board receives the agreement unless the board notifies the supervising physician that the agreement fails to comply with this section.

(c) If a physician receives a notice under division (C)(1)(a) of this section, the physician may revise the supervision agreement and resubmit the agreement to the board. The board may review the agreement as provided in division (C)(1) of this section.

(D) A supervision agreement expires two years after the day it takes effect. The agreement may be renewed by submitting a copy of it to the board.

Before expiration, a supervision agreement may be amended by including one or more additional physician assistants. An amendment to a supervision agreement shall be submitted to the board for review in the manner provided for review of an initial agreement under division (C)(1) of this section. The amendment does not alter the agreement's expiration date.

(E)(1) The board may impose a civil penalty of not more than one thousand dollars if it finds through a review conducted under this section or through any other means either of the following:
(a) That a physician assistant has practiced in a manner that departs from, or fails to conform to, the terms of a supervision agreement entered into under this section;
(b) That a physician has supervised a physician assistant in a manner that departs from, or fails to conform to, the terms of a supervision agreement entered into under this section.
(2) The board's finding under division (A)(1) of this section shall be made pursuant to an adjudication conducted under Chapter 119 of the Revised Code. A civil penalty imposed under that division may be in addition to or in lieu of any other action the board may take under section 4730.25 or 4731.22 of the Revised Code.

4730.20 Physician assistant services.

(A) A physician assistant licensed under this chapter may perform any of the following services authorized by the supervising physician that are part of the supervising physician's normal course of practice and expertise:
(1) Ordering diagnostic, therapeutic, and other medical services;
(2) Prescribing physical therapy or referring a patient to a physical therapist for physical therapy;
(3) Ordering occupational therapy or referring a patient to an occupational therapist for occupational therapy;
(4) Taking any action that may be taken by an attending physician under sections 2133.21 to 2133.26 of the Revised Code, as specified in section 2133.211 of the Revised Code;
(5) Determining and pronouncing death in accordance with section 4730.202 of the Revised Code;
(6) Assisting in surgery;
(7) If the physician assistant holds a valid prescriber number issued by the state medical board and has been granted physician-delegated prescriptive authority, ordering, prescribing, personally furnishing, and administering drugs and medical devices;
(8) Any other services that are part of the supervising physician's normal course of practice and expertise.
(B) The services a physician assistant may provide under the policies of a health care facility are limited to the services the facility authorizes the physician assistant to provide for the facility. A facility shall not authorize a physician assistant to perform a service that is prohibited under this chapter. A physician who is supervising a physician assistant within a health care facility may impose limitations on the physician assistant's practice that are in addition to any limitations applicable under the policies of the facility.

4730.21 Physician supervisor's duties.

(A) The supervising physician of a physician assistant exercises supervision, control, and direction of the physician assistant. A physician assistant may practice in any setting within which the supervising physician has supervision, control, and direction of the physician assistant.
    In supervising a physician assistant, all of the following apply:
    (1) The supervising physician shall be continuously available for direct communication with the physician assistant by either of the following means:
        (a) Being physically present at the location where the physician assistant is practicing;
        (b) Being readily available to the physician assistant through some means of telecommunication and being in a location that is a distance from the location where the physician assistant is practicing that reasonably allows the physician to assure proper care of patients.
    (2) The supervising physician shall personally and actively review the physician
Chapter 12. Licensed Health Care Professionals
Part II. Physician Assistants

assistant's professional activities.

(3) The supervising physician shall ensure that the quality assurance system established pursuant to division (F) of this section is implemented and maintained.

(4) The supervising physician shall regularly perform any other reviews of the physician assistant that the supervising physician considers necessary.

(B) A physician may enter into supervision agreements with any number of physician assistants, but the physician may not supervise more than three physician assistants at any one time. A physician assistant may enter into supervision agreements with any number of supervising physicians.

(C) A supervising physician may authorize a physician assistant to perform a service only if the physician is satisfied that the physician assistant is capable of competently performing the service. A supervising physician shall not authorize a physician assistant to perform any service that is beyond the physician's or the physician assistant's normal course of practice and expertise.

(D) In the case of a health care facility with an emergency department, if the supervising physician routinely practices in the facility's emergency department, the supervising physician shall provide on-site supervision of the physician assistant when the physician assistant practices in the emergency department. If the supervising physician does not routinely practice in the facility's emergency department, the supervising physician may, on occasion, send the physician assistant to the facility's emergency department to assess and manage a patient. In supervising the physician assistant's assessment and management of the patient, the supervising physician shall determine the appropriate level of supervision in compliance with the requirements of divisions (A) to (C) of this section, except that the supervising physician must be available to go to the emergency department to personally evaluate the patient and, at the request of an emergency department physician, the supervising physician shall go to the emergency department to personally evaluate the patient.

(E) Each time a physician assistant writes a medical order, including prescriptions written in the exercise of physician-delegated prescriptive authority, the physician assistant shall sign the form on which the order is written and record on the form the time and date that the order is written.

(F)(1) The supervising physician of a physician assistant shall establish a quality assurance system to be used in supervising the physician assistant. All or part of the system may be applied to other physician assistants who are supervised by the supervising physician. The system shall be developed in consultation with each physician assistant to be supervised by the physician.

(2) In establishing the quality assurance system, the supervising physician shall describe a process to be used for all of the following:

(a) Routine review by the physician of selected patient record entries made by the physician assistant and selected medical orders issued by the physician assistant;
(b) Discussion of complex cases;
(c) Discussion of new medical developments relevant to the practice of the physician and physician assistant;
(d) Performance of any quality assurance activities required in rules adopted by state medical board pursuant to any recommendations made by the physician assistant policy committee under section 4730.06 of the Revised Code;
(e) Performance of any other quality assurance activities that the supervising physician considers to be appropriate.

(3) The supervising physician and physician assistant shall keep records of their quality assurance activities. On request, the records shall be made available to the board.
4730.22 Physician assistants; liability.

(A) When performing authorized services, a physician assistant acts as the agent of the physician assistant's supervising physician. The supervising physician is legally responsible and assumes legal liability for the services provided by the physician assistant. The physician is not responsible or liable for any services provided by the physician assistant after their supervision agreement expires or is terminated.

(B) When a health care facility permits physician assistants to practice within that facility or any other health care facility under its control, the health care facility shall make reasonable efforts to explain to each individual who may work with a particular physician assistant the scope of that physician assistant's practice within the facility. The appropriate credentialing body within the health care facility shall provide, on request of an individual practicing in the facility with a physician assistant, a copy of the facility's policies on the practice of physician assistants within the facility and a copy of each supervision agreement applicable to the physician assistant.

An individual who follows the orders of a physician assistant practicing in a health care facility is not subject to disciplinary action by any administrative agency that governs that individual's conduct and is not liable in damages in a civil action for injury, death, or loss to person or property resulting from the individual's acts or omissions in the performance of any procedure, treatment, or other health care service if the individual reasonably believed that the physician assistant was acting within the proper scope of practice or was relaying medical orders from a supervising physician, unless the act or omission constitutes willful or wanton misconduct.

4730.26 Board investigations.

(A) The state medical board shall investigate evidence that appears to show that any person has violated this chapter or a rule adopted under it. In an investigation involving the practice or supervision of a physician assistant pursuant to the policies of a health care facility, the board may require that the health care facility provide any information the board considers necessary to identify either or both of the following:

1. The facility's policies for the practice of physician assistants within the facility;
2. The services that the facility has authorized a particular physician assistant to provide for the facility.

(B) Any person may report to the board in a signed writing any information the person has that appears to show a violation of any provision of this chapter or rule adopted under it. In the absence of bad faith, a person who reports such information or testifies before the board in an adjudication conducted under Chapter 119 of the Revised Code shall not be liable for civil damages as a result of reporting the information or providing testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and be recorded by the board.

(C) Investigations of alleged violations of this chapter or rules adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4730.33 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. A member of the board who supervises the investigation of a case shall not participate in further adjudication of the case.

(D) In investigating a possible violation of this chapter or a rule adopted under it, the board may administer oaths, order the taking of depositions, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without
consultation with the attorney general's office and approval of the secretary and supervising member of the board. Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or a rule adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence. When the person being served is a physician assistant, service of the subpoena may be made by certified mail, restricted delivery, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery.

A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(E) All hearings and investigations of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(F) Information received by the board pursuant to an investigation is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code, except that consent or a waiver is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(G) The state medical board shall develop requirements for and provide appropriate initial and continuing training for investigators employed by the board to carry out its duties under this chapter. The training and continuing education may include enrollment in courses operated or approved by the Ohio peace officer training council that the board considers appropriate under conditions set forth in section 109.79 of the Revised Code.

(H) On a quarterly basis, the board shall prepare a report that documents the disposition
of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

1. The case number assigned to the complaint or alleged violation;
2. The type of certificate, if any, held by the individual against whom the complaint is directed;
3. A description of the allegations contained in the complaint;
4. The disposition of the case.

The report shall state how many cases are still pending, and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be submitted to the physician assistant policy committee of the board and is a public record for purposes of section 149.43 of the Revised Code.

4730.32 Report to medical board required.

(A) Within sixty days after the imposition of any formal disciplinary action taken by a health care facility against any individual holding a valid license to practice as a physician assistant issued under this chapter, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. Upon request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be approved by the peer review committee that reviewed the case or by the governing board of the facility.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a health care facility from taking disciplinary action against a physician assistant.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B) A physician assistant, professional association or society of physician assistants, physician, or professional association or society of physicians that believes a violation of any provision of this chapter, Chapter 4731 of the Revised Code, or rule of the board has occurred shall report to the board the information upon which the belief is based. This division does not require any treatment provider approved by the board under section 4731.25 of the Revised Code or any employee, agent, or representative of such a provider to make reports with respect to a physician assistant participating in treatment or aftercare for substance abuse as long as the physician assistant maintains participation in accordance with the requirements of section 4731.25 of the Revised Code and the treatment provider or employee, agent, or representative of the provider has no reason to believe that the physician assistant has violated any provision of this chapter or rule adopted under it, other than being impaired by alcohol, drugs, or other substances. This division does not require reporting by any member of an impaired practitioner committee established by a health care facility or by any representative or agent of a committee or program sponsored by a professional association or society of physician assistants to provide peer assistance to physician assistants with substance abuse problems with respect to a physician assistant who has been referred for examination to a treatment program approved by the board under section 4731.25 of the Revised Code if the physician assistant cooperates with the referral for examination and with any determination that the physician assistant should enter treatment and as long as the committee member, representative, or agent has no reason to believe that the physician assistant has ceased to participate in the treatment program in accordance with section 4731.25 of the Revised Code or has violated any provision of this chapter or rule adopted under it, other than being impaired by alcohol, drugs, or other substances.

(C) Any professional association or society composed primarily of physician assistants

Physician Assistants- General Provisions
that suspends or revokes an individual’s membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision, shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing or nonfiling of a report with the board, investigation by the board, or any disciplinary action taken by the board, shall not preclude a professional organization from taking disciplinary action against a physician assistant.

(D) Any insurer providing professional liability insurance to any person holding a valid license to practice as a physician assistant issued under this chapter or any other entity that seeks to indemnify the professional liability of a physician assistant shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

(1) The name and address of the person submitting the notification;
(2) The name and address of the insured who is the subject of the claim;
(3) The name of the person filing the written claim;
(4) The date of final disposition;
(5) If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, “repeated malpractice” means three or more claims for malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the physician assistant.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving a physician assistant, supervising physician, or health care facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against a physician assistant or supervising physician, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing a physician assistant or supervising physician or reviewing their privilege to practice within a particular facility. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the physician assistant. The physician assistant shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that reports to the board or refers an impaired physician assistant to a treatment provider approved by the board under section 4731.25 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

(I) In the absence of fraud or bad faith, a professional association or society of physician assistants that sponsors a committee or program to provide peer assistance to a physician
Assistant with substance abuse problems, a representative or agent of such a committee or program, and a member of the state medical board shall not be held liable in damages to any person by reason of actions taken to refer a physician assistant to a treatment provider approved under section 4731.25 of the Revised Code for examination or treatment.

**4730.41 Certificate to prescribe.**

(A) A physician assistant who holds a valid prescriber number issued by the state medical board is authorized to prescribe and personally furnish drugs and therapeutic devices in the exercise of physician-delegated prescriptive authority.

(B) In exercising physician-delegated prescriptive authority, a physician assistant is subject to all of the following:

1. The physician assistant shall exercise physician-delegated prescriptive authority only to the extent that the physician supervising the physician assistant has granted that authority.

2. The physician assistant shall comply with all conditions placed on the physician-delegated prescriptive authority, as specified by the supervising physician who is supervising the physician assistant in the exercise of physician-delegated prescriptive authority.

3. If the physician assistant possesses physician-delegated prescriptive authority for controlled substances, the physician assistant shall register with the federal drug enforcement administration.

4. If the physician assistant possesses physician-delegated prescriptive authority for schedule II controlled substances, the physician assistant shall comply with section 4730.411 of the Revised Code.

5. If the physician assistant possesses physician-delegated prescriptive authority to prescribe for a minor an opioid analgesic, as those terms are defined in sections 3719.061 and 3719.01 of the Revised Code, respectively, the physician assistant shall comply with section 3719.061 of the Revised Code.

6. The physician assistant shall comply with the requirements of section 4730.44 of the Revised Code.

**4730.433 Physician assistant may prescribe epinephrine.**

(A) (1) Subject to division (A)(2) of this section, and notwithstanding any provision of this chapter or rule adopted by the state medical board, a physician assistant who holds a license issued under this chapter and a valid prescriber number issued by the state medical board and has been granted physician-delegated prescriptive authority may do either of the following without having examined an individual to whom epinephrine may be administered:

(a) Personally furnish a supply of epinephrine autoinjectors for use in accordance with sections 3313.7110, 3313.7111, 3314.143, 3326.28, 3328.29, 3728.03 to 3728.05, and 5101.76 of the Revised Code;

(b) Issue a prescription for epinephrine autoinjectors for use in accordance with sections 3313.7110, 3313.7111, 3314.143, 3326.28, 3328.29, 3728.03 to 3728.05, and 5101.76 of the Revised Code.

(2) An epinephrine autoinjector personally furnished or prescribed under division (A)(1) of this section must be furnished or prescribed in such a manner that it may be administered only in a manufactured dosage form.

(B) A physician assistant who acts in good faith in accordance with this section is not liable for or subject to any of the following for any action or omission of an entity to which an epinephrine autoinjector is furnished or a prescription is issued: damages in any civil action, prosecution in any criminal proceeding, or professional disciplinary action.
Chapter 12. Licensed Health Care Professionals
Part II. Physician Assistants

4730-1-01 Physician assistant definitions.

(A) For purposes of agency-level 4730 of the Administrative Code:
(1) "Direct supervision" means that the supervising physician is physically present in the same room as the physician assistant, with the physician assistant in the actual sight of the supervising physician, when the physician assistant is performing the medical function, task, or service requiring direct supervision.
(2) "On-site supervision" means the supervising physician is required to be physically present in the same location as the physician assistant, but does not require the supervising physician's physical presence in the same room.
(3) "Off-site supervision" means the supervising physician must be continually available for direct communication with the physician assistant by such means as telephone or other real-time electronic, active communication, and must be in a location that under normal conditions is not more than sixty minutes travel time from the physician assistant's practice location.
(4) "Health care facility" means either of the following:
(a) A hospital registered with the department of health under section 3701.07 of the Revised Code;
(b) A health care facility licensed by the department of health under section 3702.30 of the Revised Code.
(5) "Office-based practice" means medical practice in a location other than a health care facility.
(6) "Service" means a medical function, task, or activity which requires training in the diagnosis, treatment and prevention of disease, including the use and administration of drugs.
(7) "Board" means the state medical board of Ohio.
(8) "Local anesthesia" means the injection of a drug or combination of drugs to stop or prevent a painful sensation in a circumscribed area of the body where a painful procedure is to be performed, and is limited to local infiltration anesthesia, digital blocks, and pudendal blocks. Local anesthesia does not include regional anesthesia or any systemic sedation.
(9) "Medical order" means one or more diagnostic or treatment directives generated by a physician or physician assistant that commands the execution of specific activities to be performed or delivered as part of a diagnostic or therapeutic regimen of a patient.
(10) "CME" means continuing medical education.
(11) "Licensure registration period" means the period between granting of the initial or renewed certificate to practice and the next scheduled renewal date for the certificate to practice.
(12) "Special services plan" means the portion of a supervisory plan that lists services not specified in division (A) of section 4730.09 of the Revised Code, that is either submitted for board approval as a portion of a supervisory plan or as an addendum to a supervisory plan that was previously approved.

(B) For purposes of Chapter 4730 of the Revised Code:
(1) "Setting in which the supervising physician routinely practices" means a practice environment in which the supervising physician ordinarily provides medical services.
(2) "Routine diagnostic procedure" means a diagnostic or therapeutic evaluation that is commonly performed, as indicated, within the scope of practice of the supervising physician.

4730-1-02 Physician assistant practice.

(A) A physician assistant shall practice under the supervision, control, and direction of a supervising physician with whom the physician assistant has a supervision agreement approved by the board.
(1) The physician assistant may enter into supervision agreements with any number of supervising physicians.

(2) The physician assistant’s practice shall be in a practice setting in which the supervising physician routinely practices.

(3) In a health care facility that includes an emergency department, the physician assistant who does not routinely practice in the emergency department, may, on occasion, be sent to the emergency department by a supervising physician who does not routinely practice in the emergency department for the purpose of assessing and managing a patient, provided the supervising physician is available to come to the emergency department upon request.

(4) The services a physician assistant is authorized to perform shall be services within the supervising physician's normal course of practice and expertise, and which are consistent with the board-approved physician supervisory plan or the policies of the health care facility in which the physician and physician assistant are practicing.

(B) The scope of practice of the physician assistant is determined as follows:

(1) In a health care facility:
   (a) The policies of the health care facility, as may be limited by the particular supervising physician who is providing the supervision, may authorize the physician assistant to provide any or all of the services listed in division (A) of section 4730.09 of the Revised Code;
   (b) The policies of the health care facility, as may be limited by the particular supervising physician who is providing supervision, may authorize the physician assistant to assist in surgery in the health care facility;
   (c) The policies of the health care facility, as may be limited by the particular supervising physician who is providing supervision, may authorize the physician assistant to provide any other services permitted by the policies of the health care facility, except where performance of a service is prohibited by any provision of Chapter 4730 of the Revised Code;
   (d) The policies of the health care facility, as may be limited by the particular supervising physician who is providing supervision, may authorize the physician assistant to order or direct the execution of procedures or techniques by a registered nurse or licensed practical nurse without the need for co-signature by the supervising physician;
   (e) The policies of the health care facility, as may be limited by the particular supervising physician who is providing supervision, may authorize the physician assistant to administer, monitor, or maintain local anesthesia as a component of a procedure the physician assistant is performing or as a separate service when the procedure requiring local anesthesia is to be performed by the physician assistant's supervising physician or another person; and
   (f) The policies of the health care facility, as may be limited by the particular supervising physician who is providing supervision, may authorize the physician assistant to perform routine visual screening, provide medical care prior to or following eye surgery, or assist in the care of diseases of the eye.

(2) In an office-based practice:
   (a) The board approved physician supervisory plan or the board approved special services plan for the particular supervising physician may authorize the physician assistant to provide any or all of the services listed in division (A) of section 4730.09 of the Revised Code;
   (b) The board approved physician supervisory plan or the board approved special services plan for the particular supervising physician may authorize the physician assistant to administer, monitor, or maintain local anesthesia as a component of a procedure the physician assistant is performing or as a separate service when the procedure requiring local anesthesia is to be performed by the physician assistant's supervising physician or another person; and
   (c) The board approved physician supervisory plan or the board approved special services plan for the particular supervising physician may authorize the physician assistant to order or direct the execution of procedures or techniques by a registered nurse or licensed practice nurse without the need for co-signature by the supervising physician;
(d) The board approved physician supervisory plan or the board approved special services plan for the particular supervising physician may authorize the physician assistant to perform routine visual screening, provide medical care prior to or following eye surgery, or assist in the care of diseases of the eye; and

(e) The board approved physician supervisory plan or the board approved special services plan for the particular supervising physician may authorize the physician assistant to provide any service approved by the board as a special service in the physician supervisory plan, pursuant to section 4730.17 of the Revised Code.

(3) A physician assistant shall not perform any of the following activities regardless of the practice setting:

(a) Prescribe any drug or device to perform or induce an abortion, or otherwise perform or induce an abortion;

(b) Administer, monitor, or maintain any form of anesthesia except for local anesthesia; or

(c) Engage in the practice of optometry, except to the extent of authorization to perform routine visual screening, provide medical care prior to or following eye surgery, or assist in the care of diseases of the eye.

(C) The physician assistant shall include the following information with each medical order written:

(1) The physician assistant shall sign the form on which the order or order set is written, and record the time and date that the order is written; and

(2) The physician assistant shall include the name of the physician under whose supervision the physician assistant was practicing at the time the order was written.

4730-1-03 Duties of supervising physician.

(A) The physician supervising a physician assistant assumes legal liability for the services provided by the physician assistant under a board-approved supervision agreement. A supervision agreement shall be terminated by one of the following means:

(1) The supervising physician fails to renew the supervision agreement;

(2) The physician notifies the board, in writing, that the supervision agreement has been terminated; or

(3) The certificate to practice held by either the physician or the physician assistant is inactive due to failure to renew or for any other reason.

(B) The supervising physician may enter into supervision agreements with any number of physician assistants, but shall not supervise more than two physician assistants at any one time.

(C) A supervising physician may authorize the physician assistant to perform a service only if all the following criteria are met:

(1) The supervising physician has a board-approved supervision agreement with the physician assistant;

(2) The service is listed on the board-approved physician supervisory plan or special services plan, if the practice is an office-based practice, or is in accordance with the policies of the health care facility in which the physician and physician assistant are practicing;

(3) The service is within the supervising physician's normal course of practice;

(4) The supervising physician is satisfied that the physician assistant is capable of competently performing the service; and

(5) The supervising physician is authorized to perform the service.

(D) When on-site supervision or direct supervision of the physician assistant is not required under rule 4730-1-04 of the Administrative Code, the supervisory plan or special services plan approved by the board, or the policies of the health care facility in which the
supervising physician and physician assistant are practicing, the supervising physician shall be continuously available for direct communication with the physician assistant by either of the following means:

1. Being physically present at the location where the physician assistant is practicing; or
2. Being in a location that under normal conditions is not more than sixty minutes travel time away from the practice location of the physician assistant and being readily available to the physician assistant through some means of telecommunication.

E The supervising physician shall perform all of the following supervisory activities:

1. Personally and actively review the physician assistant's professional activities;
2. Regularly review the condition of the patients treated by the physician assistant;
3. Regularly perform any other reviews of the physician assistant that the supervising physician considers necessary;
4. Establish, in consultation with each physician assistant supervised by the physician, implement, and maintain a quality assurance system, in accordance with the requirements of rule 4730-1-05 of the Administrative Code;
5. Only grant prescriptive authority to a physician assistant in compliance with the formulary adopted in rule by the board;
6. Supervise the physician assistant's provisional period of prescriptive authority in accordance with rule 4730-2-04 of the Administrative Code; and
7. Maintain a written record of the following:
   a. Any conditions placed upon a specific physician assistant's practice in an office-based practice.
   b. Any limitations imposed in addition to any limitations applicable under the policies of a health care facility.
8. Make the written record of conditions and/or limitations required in paragraph (E)(7) of this rule available upon request of the board or any health care professional working with the supervising physician and physician assistant.

F When a physician assistant is providing medical care precipitated by a disaster or emergency, as those terms are defined in section 4730.04 of the Revised Code, both of the following apply:

1. The physician supervising a physician assistant pursuant to a supervisory plan approved under section 4730.17 of the Revised Code is not required to be physically present at the disaster or emergency site or be readily available to the physician assistant through some means of telecommunication and being in a location that under normal conditions is not more than sixty minutes travel time away from the disaster or emergency site.
2. The physician designated as the medical director of the disaster or emergency may supervise the medical care provided by the physician assistant.

4730-1-04 Physician assistant supervision.

A A physician assistant's practice shall be under the on-site supervision of the supervising physician in the following instances:

1. For practice in a health care facility's emergency department when that is a routine practice location for the supervising physician and physician assistant;
2. During the first five hundred hours of a physician assistant's provisional period of physician delegated prescriptive authority;
3. When on-site supervision is specified as the supervision level in a special services plan or the policies of a health care facility; and
4. When a supervising physician specifies that on-site supervision is required as a condition for the physician assistant's performance of one or more identified services in the supervisory plan, special services plan, or policies of a health care facility.
Chapter 12. Licensed Health Care Professionals
Part II. Physician Assistants

(B) A physician assistant's practice shall be under the direct supervision of the supervising physician in the following instances:
(1) When direct supervision is specified in a special services plan approved by the board; or
(2) When the supervising physician specifies that direct supervision is required as a condition for the physician assistant's performance of one or more identified services in a supervisory plan, special services plan, or the policies of a health care facility.
(C) Where paragraphs (A) and (B) of this rule do not apply, a physician assistant may practice under the off-site supervision of the supervising physician.

4730-1-05 Physician assistant quality assurance.

(A) A quality assurance system shall be developed to assess the physician assistant's performance.
(B) The quality assurance system shall describe the process to be used for all of the following:
(1) Review by the physician of selected patient record entries made by the physician assistant and selected medical orders issued by the physician assistant, to include, at a minimum, all of the following:
   (a) Assessment of the medical history and physical examination documented in the record;
   (b) Assessment of the appropriateness of the diagnosis and treatment plan based on the medical history and physical examination documented in the record;
   (c) Feedback to the physician assistant concerning appropriateness of the physician assistant's prescriptive decisions; and
   (d) Assessment of whether the physician assistant is practicing according to the supervisory plan or the policies of the health care facility, as applicable.
(2) Discussion of complex cases;
(3) Discussion of new medical developments relevant to the practice of the physician and physician assistant, including new pharmaceuticals;
(4) Performance of any other quality assurance activities that the supervising physician considers to be appropriate.
(C) The quality assurance assessment shall be conducted at least twice per year during the first year of a physician assistant's practice and at least once per year thereafter.
(D) Each supervising physician and physician assistant shall keep records of their quality assurance activities for at least seven years, and shall make the records available to the board and any health care professional working with the supervising physician and physician assistant.
(E) The quality assurance system developed pursuant to this rule shall not preclude a health care facility or other entity in which physician assistants practice from conducting quality assurance activities involving the assessment of physician assistant performance.
(F) This provision allows, and does not preclude, multiple supervising physicians to assign the quality assurance process to one supervising physician.

4730-1-07 Physician assistant standards for prescribing.

For purposes of Chapter 4730 of the Revised Code and Chapters 4730-1 and 4730-2 of the Administrative Code:
(A) An adjudication hearing held pursuant to the provisions of Chapter 119 of the Revised Code shall be conducted in conformance with the provisions of Chapter 4731-13 of the Administrative Code.
Chapter 12. Licensed Health Care Professionals
Part II. Physician Assistants

2. Licensed Health Care Professionals

Part II. Physician Assistants

Physician Assistants - General Provisions

(B) The provisions of Chapters 4731-13, 4731-14, 4731-15, 4731-16, 4731-17, 4731-18, 4731-19, 4731-21, 4731-26, and 4731-28 of the Administrative Code and rules 4731-11-01, 4731-11-02, 4731-11-03, 4731-11-04, 4731-11-05, 4731-11-06, 4731-11-07, 4731-11-08, and 4731-11-09 of the Administrative Code are applicable to the holder of a certificate to practice as a physician assistant issued pursuant to section 4730.12 of the Revised Code, as though fully set forth in Chapter 4730-1 or 4730-2 of the Administrative Code.

(C) A holder of a certificate to practice as a physician assistant issued pursuant to section 4730.12 of the Revised Code shall not assist in surgery in an office setting, except where such authority is specified in a special services plan approved by the board pursuant to section 4730.17 of the Revised Code. Where a board-approved special services plan specifically authorizes the physician assistant to assist in office-based surgery, the requirements of paragraph (B) of this rule and the provisions of Chapter 4731-25 of the Administrative Code apply, as though fully set forth in Chapter 4730-1 or 4730-2 of the Administrative Code.

4730-1-08 Physician assistant delegation of medical tasks and administration of drugs.

(A) As used in this rule:

(1) "Administer" means the direct application of a drug, whether by injection, inhalation, ingestion, or any other means to a person.

(2) "Delegate" means to transfer authority for the performance of a medical task or drug administration to an unlicensed person.

(3) "On-site supervision" means that the physical presence of the physician assistant is required in the same location (for example, the medical practice office suite) as the unlicensed person to whom the medical task or drug administration has been delegated while the medical task or drug administration is being performed. On-site supervision does not require the physician assistant's presence in the same room.

(4) "Physician" means an individual authorized by Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery.

(5) "Task" means a routine, medical service not requiring the special skills of a licensed provider.

(6) "Unlicensed person" means an individual who is not licensed or otherwise specifically authorized by the Revised Code to perform the delegated medical task or drug administration.

(7) "Drug" means the same as in division (E) of section 4729.01 of the Revised Code.

(8) "Supervision agreement" means the document signed by the supervising physician and physician assistant in compliance with section 4730.19 of the Revised Code.

(B) When acting pursuant to a supervision agreement, a physician assistant may delegate the performance of a medical task or, under the conditions specified in section 4730.203 of the Revised Code, the administration of a drug to an unlicensed person.

(1) The physician assistant shall comply with all of the requirements of section 4730.203 of the Revised Code and this rule when delegating a medical task or the administration of a drug.

(2) A physician assistant shall not authorize or permit an unlicensed person to whom a medical task or the administration of a drug is delegated to further delegate the performance of the task or administration to third person.

(3) The physician assistant shall provide on-site supervision of the unlicensed person to whom the medical task or administration of a drug is delegated.

(C) Prior to the delegation of the performance of a medical task or the administration of a drug, the physician assistant shall ensure that each of the following requirements is met:
Chapter 12. Licensed Health Care Professionals
Part II. Physician Assistants

(1) That the supervision agreement and any applicable healthcare facility policies authorize the physician assistant to delegate the performance of a medical task or the administration of a drug;
(2) That the task or administration of the drug is within that physician assistant's practice authority;
(3) That the task or administration of the drug is indicated for the patient;
(4) That no law prohibits the delegation;
(5) That the unlicensed person to whom the task or drug administration will be delegated is competent to perform that service;
(6) That the task or drug administration itself is one that should be appropriately delegated when considering the following factors:
   (a) That the task or drug administration can be performed without requiring the exercise of judgment based on medical knowledge;
   (b) That results of the task or drug administration are reasonably predictable;
   (c) That the task or drug administration can safely be performed according to exact, unchanging directions;
   (d) That the task or drug administration can be performed without a need for complex observations or critical decisions;
   (e) That the task or drug administration can be performed without repeated medical assessments;
   (f) That the task or drug administration, if performed improperly, would not present life threatening consequences or the danger of immediate and serious harm to the patient; and
(7) That the delegation of the administration of a drug is in compliance with paragraph (D) of this rule.

(D) In addition to the requirements of paragraph (C) of this rule, prior to delegating the administration of a drug, the physician assistant shall ensure that all of the following requirements are met:
(1) The physician assistant holds a current license with a valid prescriber number issued under section 4730.11 of the Revised Code and has been granted physician-delegated prescriptive authority by the supervising physician.
(2) The drug is included in the formulary established under division (A) of section 4730.39 of the Revised Code;
(3) The drug is not a controlled substance;
(4) The drug will not be administered intravenously;
(5) The drug is not an anesthesia agent; and
(6) The drug will not be administered in any of the following locations:
   (a) A hospital inpatient care unit, as defined in section 3727.50 of the Revised Code;
   (b) A hospital emergency department;
   (c) A freestanding emergency department; or
   (d) An ambulatory surgical facility licensed under section 3702.30 of the Revised Code.

(E) Violations of this rule.

(1) A violation of any provision of this rule, as determined by the board, shall constitute “a departure from, or the failure to conform to, minimal standards of care of similar physician assistants under the same or similar circumstances regardless of whether actual injury to a patient is established,” as that clause is used in division (B)(19) of section 4730.25 of the Revised Code.
(2) A violation of any provision of this rule, as determined by the board, shall constitute “violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provision of this chapter, Chapter 4731 of the Revised Code, or the rules of the board,” as that clause is used in division (B)(3) of section 4730.25 of the Revised Code.
(3) A violation of any provision of this rule that pertains to the administration of drugs, as determined by the board, shall constitute “administering drugs for purposes other than those authorized under this chapter” as that clause is used in division (B)(6) of section 4730.25 of the Revised Code.

4730-3-02 Criminal records check.

(A) An applicant for an initial certificate to practice or for a restored certificate to practice pursuant to Chapter 4730 of the Revised Code, shall submit fingerprints, required forms, and required fees to BCI for completion of BCI and FBI criminal records checks.

(1) An applicant who is present in Ohio shall use the services of an entity that has been designated by the Ohio attorney general to participate in the “National WebCheck” program (available at http://www.ohioattorneygeneral.gov/) pay any processing fee charged by the entity, and cause the entity to submit both of the following to BCI, with the “State Medical Board of Ohio” designated to receive the results:

(a) The applicant's electronic fingerprints; and
(b) The applicant's payment of fees for the BCI and FBI criminal records checks.

(2) An applicant who resides in a state or jurisdiction other than Ohio shall either appear in Ohio in order to comply with the requirements of paragraph (A)(1) of this rule or request that the board send the forms required for the criminal records checks to the applicant’s address. Upon receipt of the forms, the applicant shall have their fingerprints processed, pay any processing fees charged by the entity and cause the entity to submit to BCI all of the following, with the “State Medical Board of Ohio” designated to receive the results:

(a) A fingerprint card bearing the prints of the applicant's ten fingers;
(b) The applicant's completed request for exemption from the electronic fingerprint submission requirement; and
(c) The applicant's payment of fees for BCI and FBI criminal records checks.

(B) The board shall maintain the criminal records check reports in a manner that ensures the confidentiality of the results, prevents disclosure pursuant to a public records request, and complies with applicable state and federal requirements.

(C) The board shall not accept the results of a criminal records check submitted by an entity other than BCI.

(D) In reviewing the results of criminal records checks to determine whether the applicant should be granted an initial or restored certificate to practice, the board may consider all of the following:

(1) The nature and seriousness of the crime;
(2) The extent of the applicant's past criminal activity;
(3) The age of the applicant when the crime was committed;
(4) The amount of time that has elapsed since the applicant’s last criminal activity;
(5) The conduct and work activity of the applicant before and after the criminal activity;
(6) Whether the applicant has completed the terms of any probation or deferred adjudication;
(7) Evidence of the applicant's rehabilitation;
(8) Whether the applicant fully disclosed the arrest or conviction to the board; and
(9) Any other factors the board considers relevant.
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

4731.051 Universal blood and body fluid precautions.

[Editor’s Note: This version of the statute is effective until 1/20/2018. The version effective after that date is included subsequently.]

The state medical board shall adopt rules in accordance with Chapter 119 of the Revised Code establishing universal blood and body fluid precautions that shall be used by each person who performs exposure prone invasive procedures and is authorized to practice by this chapter or Chapter 4730., 4760., 4762., or 4774 of the Revised Code. The rules shall define and establish requirements for universal blood and body fluid precautions that include the following:

(A) Appropriate use of hand washing;
(B) Disinfection and sterilization of equipment;
(C) Handling and disposal of needles and other sharp instruments;
(D) Wearing and disposal of gloves and other protective garments and devices.

4731.051 Universal blood and body fluid precautions.

[Editor’s Note: This version of the statute is effective 1/21/2018. The version effective prior to that date is included previously.]

The state medical board shall adopt rules in accordance with Chapter 119 of the Revised Code establishing universal blood and body fluid precautions that shall be used by each person who performs exposure prone invasive procedures and is authorized to practice by this chapter or Chapter 4730., 4759., 4760., 4761., 4762., or 4774 of the Revised Code. The rules shall define and establish requirements for universal blood and body fluid precautions that include the following:

(A) Appropriate use of hand washing;
(B) Disinfection and sterilization of equipment;
(C) Handling and disposal of needles and other sharp instruments;
(D) Wearing and disposal of gloves and other protective garments and devices.

4731.052 Chronic pain.

(A) As used in this section:
(1) “Chronic pain” means pain that has persisted after reasonable medical efforts have been made to relieve the pain or cure its cause and that has continued, either continuously or episodically, for longer than three continuous months. “Chronic pain” does not include pain associated with a terminal condition or with a progressive disease that, in the normal course of progression, may reasonably be expected to result in a terminal condition.
(2) “Controlled substance” has the same meaning as in section 3719.01 of the Revised Code.
(3) “Physician” means an individual authorized under this chapter to practice medicine and surgery or osteopathic medicine and surgery.

(B) The state medical board shall adopt rules in accordance with Chapter 119 of the Revised Code that establish standards and procedures to be followed by physicians in the diagnosis and treatment of chronic pain, including standards for a physician’s consultation with one or more other physicians who specialize in the treatment of the area, system, or organ of the body perceived as the source of pain and managing chronic pain by prescribing, personally furnishing, or administering controlled substances or products containing tramadol.

(C) When a physician diagnoses a patient as having chronic pain, the physician may,
subject to division (D) of this section, treat the pain by managing it with controlled substances and products containing tramadol. The physician's diagnosis and treatment decisions shall be made according to accepted and prevailing standards for medical care. For the purpose of assisting with the diagnosis of chronic pain, the physician shall obtain and review all available medical records or detailed written summaries of the patient's treatment for chronic pain or the condition causing the chronic pain. It is recommended that the physician also consider having the patient evaluated by one or more other physicians who specialize in the treatment of the area, system, or organ of the body perceived as the source of the pain.

(D) For each patient a physician diagnoses as having chronic pain, the physician shall maintain a written record of all of the following:

(1) Medical history and physical examination of the patient;
(2) The diagnosis of chronic pain, including signs, symptoms, and causes;
(3) The plan of treatment proposed, the patient's response to treatment, and any modification to the plan of treatment, including all of the following:
   (a) Documentation that other medically reasonable treatments for relief of the patient's chronic pain have been offered or attempted without adequate or reasonable success;
   (b) Periodic assessment and documentation of the patient's functional status, including the ability to engage in work or other purposeful activities, the pain intensity and its interference with activities of daily living, quality of family life and social activities, and physical activity of the patient;
   (c) Periodic assessment and documentation of the patient's progress toward treatment objectives, including the intended role of controlled substances or products containing tramadol within the overall plan of treatment;
   (d) Periodic assessment and documentation for indicators of possible addiction, drug abuse, or drug diversion;
   (e) Notation of any adverse drug effects.
(4) The dates on which controlled substances or products containing tramadol were prescribed, furnished, or administered, the name and address of the patient to or for whom the controlled substances or products containing tramadol were prescribed, furnished, or administered, and the amounts and dosage forms for the controlled substances or products containing tramadol prescribed, furnished, or administered;
(5) A copy of any record or report made by another physician that was used or consulted for the purpose of diagnosing the patient's chronic pain or treating the patient for chronic pain.

(E) A physician shall not prescribe, personally furnish, or administer to a patient a controlled substance or product containing tramadol without taking into account the potential for abuse of the controlled substance or product, the possibility the controlled substance or product may lead to dependence, the possibility the patient will obtain the controlled substance or product for a nontherapeutic use or distribute it to other persons, and the potential existence of an illicit market for the controlled substance or product. In addition, the physician shall address with the patient the risks associated with protracted treatment with controlled substances or products containing tramadol, including informing the patient of the potential for dependence, tolerance, and addiction and the clinical or monitoring tools the physician may use if signs of addiction, drug abuse, or drug diversion are present.

(F) A physician who treats chronic pain by managing it with controlled substances or products containing tramadol is not subject to disciplinary action by the board under section 4731.22 of the Revised Code solely because the physician treated the chronic pain with controlled substances or products containing tramadol.

### 4731.053 Delegation of medical task.

(A) As used in this section, "physician" means an individual authorized by this chapter to
practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery.

(B) The state medical board shall adopt rules that establish standards to be met and procedures to be followed by a physician with respect to the physician’s delegation of the performance of a medical task to a person who is not licensed or otherwise specifically authorized by the Revised Code to perform the task. The rules shall be adopted in accordance with Chapter 119 of the Revised Code.

(C) To the extent that delegation applies to the administration of drugs, the rules adopted under this section shall provide for all of the following:

1. On-site supervision when the delegation occurs in an institution or other facility that is used primarily for the purpose of providing health care, unless the board establishes a specific exception to the on-site supervision requirement with respect to routine administration of a topical drug, such as the use of a medicated shampoo;

2. Evaluation of whether delegation is appropriate according to the acuity of the patient involved;

3. Training and competency requirements that must be met by the person administering the drugs;

4. Other standards and procedures the board considers relevant.

(D) The board shall not adopt rules that do any of the following:

1. Authorize a physician to transfer the physician’s responsibility for supervising a person who is performing a delegated medical task to a health professional other than another physician;

2. Authorize an individual to whom a medical task is delegated to delegate the performance of that task to another individual;

3. Except as provided in divisions (D)(4) to (7) of this section, authorize a physician to delegate the administration of anesthesia, controlled substances, drugs administered intravenously, or any other drug or category of drug the board considers to be inappropriate for delegation;

4. Prevent an individual from engaging in an activity performed for a handicapped child as a service needed to meet the educational needs of the child, as identified in the individualized education program developed for the child under Chapter 3323 of the Revised Code;

5. Conflict with any provision of the Revised Code that specifically authorizes an individual to perform a particular task;

6. Conflict with any rule adopted pursuant to the Revised Code that is in effect on the effective date of this section, as long as the rule remains in effect, specifically authorizing an individual to perform a particular task;

7. Prohibit a perfusionist from administering drugs intravenously while practicing as a perfusionist;

8. Authorize a physician assistant, anesthesiologist assistant, or any other professional regulated by the board to delegate tasks pursuant to this section.

4731.14 Certificate display and issuance.

(A) The state medical board shall review all applications submitted under section 4731.09 or 4731.296 of the Revised Code and determine whether each applicant meets the requirements for a license to practice medicine and surgery or osteopathic medicine and surgery. An affirmative vote of not fewer than six members of the board is necessary for the board to determine that an applicant meets the requirements for a license.

(B) If the board determines that the evidence submitted with an application is satisfactory and the applicant meets the requirements for a license, the board shall issue to the applicant a
license to practice medicine and surgery or osteopathic medicine and surgery, as applicable. If the applicant holds a medical degree other than the degree of doctor of medicine or doctor of osteopathic medicine, the license shall indicate that the applicant is authorized to practice medicine and surgery pursuant to the laws of this state. Each license issued by the board shall be signed by its president and secretary, and attested by its seal.

(C) The holder of a license to practice medicine and surgery issued under this chapter may use the titles "Dr.,” “doctor,” “M.D.,” or “physician.” The holder of a license to practice osteopathic medicine and surgery issued under this chapter may use the titles “Dr.,” “doctor,” “D.O.,” or “physician.”

(D) The holder of a license issued under this section shall either provide verification of licensure status from the board's internet website on request or prominently display a wall certificate in the license holder's office or place where the majority of the holder's practice is conducted.

4731.143 Duty to notify of no malpractice insurance.

(A) Each person holding a valid license issued under this chapter authorizing the license holder to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery, who is not covered by medical malpractice insurance shall provide a patient with written notice of the license holder's lack of that insurance coverage prior to providing nonemergency professional services to the patient. The notice shall be provided alone on its own page. The notice shall provide space for the patient to acknowledge receipt of the notice, and shall be in the following form:

"N O T I C E:
Dr. ............... (here state the full name of the license holder) is not covered by medical malpractice insurance.

The undersigned acknowledges the receipt of this notice.

....................................................

(Patient's Signature)

....................................................

(Date)"

The license holder shall obtain the patient's signature, acknowledging the patient's receipt of the notice, prior to providing nonemergency professional services to the patient. The license holder shall maintain the signed notice in the patient's medical record.

(B) This section does not apply to any officer or employee of the state, as those terms are defined in section 9.85 of the Revised Code, who is immune from civil liability under section 9.86 of the Revised Code or is entitled to indemnification pursuant to section 9.87 of the Revised Code, to the extent that the person is acting within the scope of the person's employment or official responsibilities.

This section does not apply to a person who complies with division (B)(2) of section 2305.234 of the Revised Code.

(C) As used in this section, "medical malpractice insurance" means insurance coverage against the legal liability of the insured and against loss, damage, or expense incident to a claim arising out of the death, disease, or injury of any person as the result of negligence or malpractice in rendering professional service by any licensed physician, podiatrist, or hospital,
as those terms are defined in section 2305.113 of the Revised Code.

4731.22 Disciplinary actions.

(A) The state medical board, by an affirmative vote of not fewer than six of its members, may limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to grant a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or certificate, or reprimand or place on probation the holder of a license or certificate if the individual applying for or holding the license or certificate is found by the board to have committed fraud during the administration of the examination for a license or certificate to practice or to have committed fraud, misrepresentation, or deception in applying for, renewing, or securing any license or certificate to practice or certificate to recommend issued by the board.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to issue a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or certificate, or reprimand or place on probation the holder of a license or certificate for one or more of the following reasons:

(1) Permitting one's name or one's license or certificate to practice to be used by a person, group, or corporation when the individual concerned is not actually directing the treatment given;

(2) Failure to maintain minimal standards applicable to the selection or administration of drugs, or failure to employ acceptable scientific methods in the selection of drugs or other modalities for treatment of disease;

(3) Except as provided in section 4731.97 of the Revised Code, selling, giving away, personally furnishing, prescribing, or administering drugs for other than legal and legitimate therapeutic purposes or a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction of, a violation of any federal or state law regulating the possession, distribution, or use of any drug;

(4) Willfully betraying a professional confidence.

For purposes of this division, “willfully betraying a professional confidence” does not include providing any information, documents, or reports under sections 307.621 to 307.629 of the Revised Code to a child fatality review board; does not include providing any information, documents, or reports to the director of health pursuant to guidelines established under section 3701.70 of the Revised Code; does not include written notice to a mental health professional under section 4731.62 of the Revised Code; and does not include the making of a report of an employee’s use of a drug of abuse, or a report of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by section 2305.33 or 4731.62 of the Revised Code upon a physician who makes a report in accordance with section 2305.33 or notifies a mental health professional in accordance with section 4731.62 of the Revised Code. As used in this division, “employee,” “employer,” and “physician” have the same meanings as in section 2305.33 of the Revised Code.

(5) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited branch of medicine; or in securing or attempting to secure any license or certificate to practice issued by the board.

As used in this division, “false, fraudulent, deceptive, or misleading statement” means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations
of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(9) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(10) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(12) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a license or certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any provision of a code of ethics of the American medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional organizations. The individual whose license or certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a “provision of a code of ethics of a national professional organization” does not include any provision that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, “employee,” “employer,” and “physician” have the same meanings as in section 2305.33 of the Revised Code.

(19) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills.

In enforcing this division, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in this division, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or certificate. For the purpose of this division, any individual who applies for or receives a license or certificate to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(20) Except as provided in division (F)(1)(b) of section 4731.282 of the Revised Code or when civil penalties are imposed under section 4731.225 of the Revised Code, and subject to section 4731.226 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provisions of this chapter or any rule promulgated by the board.

This division does not apply to a violation or attempted violation of, assisting in or abetting the violation of, or a conspiracy to violate, any provision of this chapter or any rule adopted by the board that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, “employee,” “employer,” and “physician” have the same meanings as in section 2305.33 of the Revised Code.

(21) The violation of section 3701.79 of the Revised Code or of any abortion rule adopted by the director of health pursuant to section 3701.341 of the Revised Code;

(22) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(23) The violation of section 2919.12 of the Revised Code or the performance or inducement of an abortion upon a pregnant woman with actual knowledge that the conditions specified in division (B) of section 2317.56 of the Revised Code have not been satisfied or with a heedless indifference as to whether those conditions have been satisfied, unless an affirmative defense as specified in division (H)(2) of that section would apply in a civil action authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(25) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency for any act or acts that also would constitute a violation of division (B)(2), (3), (6), (8), or (19) of this section;
(26) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.

For the purposes of this division, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or certificate to practice under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for licensure or certification to practice suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or certificate or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure or certification to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license or certificate suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or certificate. The demonstration shall include, but shall not be limited to, the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;
(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;
(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or certificate suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(27) A second or subsequent violation of section 4731.66 or 4731.69 of the Revised Code;
(28) Except as provided in division (N) of this section:
(a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that individual;
(b) Advertising that the individual will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual’s services, otherwise would be required to pay.

(29) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(30) Failure to provide notice to, and receive acknowledgment of the notice from, a patient when required by section 4731.143 of the Revised Code prior to providing nonemergency professional services, or failure to maintain that notice in the patient’s medical record;

(31) Failure of a physician supervising a physician assistant to maintain supervision in accordance with the requirements of Chapter 4730 of the Revised Code and the rules adopted under that chapter;

(32) Failure of a physician or podiatrist to enter into a standard care arrangement with a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner with whom the physician or podiatrist is in collaboration pursuant to section 4731.27 of the Revised Code or failure to fulfill the responsibilities of collaboration after entering into a standard care arrangement;

(33) Failure to comply with the terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code;

(34) Failure to cooperate in an investigation conducted by the board under division (F) of this section, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(35) Failure to supervise an oriental medicine practitioner or acupuncturist in accordance with Chapter 4762 of the Revised Code and the board’s rules for providing that supervision;

(36) Failure to supervise an anesthesiologist assistant in accordance with Chapter 4760 of the Revised Code and the board’s rules for supervision of an anesthesiologist assistant;

(37) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(38) Failure to comply with the requirements of section 2317.561 of the Revised Code;

(39) Failure to supervise a radiologist assistant in accordance with Chapter 4774 of the Revised Code and the board’s rules for supervision of radiologist assistants;

(40) Performing or inducing an abortion at an office or facility with knowledge that the office or facility fails to post the notice required under section 3701.791 of the Revised Code;

(41) Failure to comply with the standards and procedures established in rules under section 4731.054 of the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(42) Failure to comply with the standards and procedures established in rules under section 4731.054 of the Revised Code for providing supervision, direction, and control of individuals at a pain management clinic;

(43) Failure to comply with the requirements of section 4729.79 or 4731.055 of the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(44) Failure to comply with the requirements of section 2919.171, 2919.202, or 2919.203 of the Revised Code or failure to submit to the department of health in accordance with a court order a complete report as described in section 2919.171 or 2919.202 of the Revised Code;

(45) Practicing at a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the person operating the facility has obtained and maintains the license with the classification;
(46) Owning a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the facility is licensed with the classification;

(47) Failure to comply with the requirement regarding maintaining notes described in division (B) of section 2919.191 of the Revised Code or failure to satisfy the requirements of section 2919.191 of the Revised Code prior to performing or inducing an abortion upon a pregnant woman;

(48) Failure to comply with the requirements in section 3719.061 of the Revised Code before issuing for a minor a prescription for an opioid analgesic, as defined in section 3719.01 of the Revised Code;

(49) Failure to comply with the requirements of section 4731.30 of the Revised Code or rules adopted under section 4731.301 of the Revised Code when recommending treatment with medical marijuana;

(50) Practicing at a facility, clinic, or other location that is subject to licensure as a category III terminal distributor of dangerous drugs with an office-based opioid treatment classification unless the person operating that place has obtained and maintains the license with the classification;

(51) Owning a facility, clinic, or other location that is subject to licensure as a category III terminal distributor of dangerous drugs with an office-based opioid treatment classification unless that place is licensed with the classification.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119 of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or certificate to practice or certificate to recommend. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

If the board takes disciplinary action against an individual under division (B) of this section for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, the disciplinary action shall consist of a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice. Any consent agreement entered into under this division with an individual that pertains to a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of that section shall provide for a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice.

(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119 of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119 of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4731.39 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. No member of the board who supervises the investigation of a case shall participate in further adjudication of the case.

(3) In investigating a possible violation of this chapter or any rule adopted under this chapter, or in conducting an inspection under division (E) of section 4731.054 of the Revised Code, the board may question witnesses, conduct interviews, administer oaths, order the taking of depositions, inspect and copy any books, accounts, papers, records, or documents, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board.

(a) Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or any rule adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

(b) On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

(c) A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence, usual place of business, or address on file with the board. When serving a subpoena to an applicant for or the holder of a license or certificate issued under this chapter, service of the subpoena may be made by certified mail, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery. If the person being served refuses to accept the subpoena or is not located, service may be made to an attorney who notifies the board that the attorney is representing the person.

(d) A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(4) All hearings, investigations, and inspections of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.
(5) A report required to be submitted to the board under this chapter, a complaint, or information received by the board pursuant to an investigation or pursuant to an inspection under division (E) of section 4731.054 of the Revised Code is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations or inspections and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code, except that consent or a waiver of that nature is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board’s possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

(a) The case number assigned to the complaint or alleged violation;
(b) The type of license or certificate to practice, if any, held by the individual against whom the complaint is directed;
(c) A description of the allegations contained in the complaint;
(d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(G) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual’s license or certificate to practice or certificate to recommend without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (B) of this section;
(2) That the individual’s continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to
suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119 of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or (13) of this section and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition of that nature and supporting court documents, the board shall reinstate the individual's license or certificate to practice. The board may then hold an adjudication under Chapter 119 of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119 of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (B) of this section.

(I) The license or certificate to practice issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date of the individual's second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code. In addition, the license or certificate to practice or certificate to recommend issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or certificate is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119 of the Revised Code, the board shall do whichever of the following is applicable:

(1) If the automatic suspension under this division is for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, the board shall enter an order suspending the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, imposing a more serious sanction involving the individual's license or certificate to practice.

(2) In all circumstances in which division (I)(1) of this section does not apply, enter a final order permanently revoking the individual's license or certificate to practice.

(J) If the board is required by Chapter 119 of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a
final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or certificate to practice may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or certificate suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue a license or certificate to practice to an applicant, revokes an individual's license or certificate to practice, refuses to renew an individual's license or certificate to practice, or refuses to reinstate an individual's license or certificate to practice, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or certificate to practice and the board shall not accept an application for reinstatement of the license or certificate or for issuance of a new license or certificate.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or certificate issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or certificate to practice. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or certificate surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or certificate made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or certificate to practice in accordance with this chapter or a certificate to recommend in accordance with rules adopted under section 4731.301 of the Revised Code shall not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) At the request of the board, a license or certificate holder shall immediately surrender to the board a license or certificate that the board has suspended, revoked, or permanently revoked.

(N) Sanctions shall not be imposed under division (B)(28) of this section against any person who waives deductibles and copayments as follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person authorized to practice pursuant to this chapter, to the extent allowed by this chapter and rules adopted by the board.

(O) Under the board's investigative duties described in this section and subject to division (F) of this section, the board shall develop and implement a quality intervention program designed to improve through remedial education the clinical and communication skills of individuals authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery. In developing and implementing the quality intervention program, the board may do all of the following:

(1) Offer in appropriate cases as determined by the board an educational and assessment program pursuant to an investigation the board conducts under this section;

(2) Select providers of educational and assessment services, including a quality intervention program panel of case reviewers;
(3) Make referrals to educational and assessment service providers and approve individual educational programs recommended by those providers. The board shall monitor the progress of each individual undertaking a recommended individual educational program.

(4) Determine what constitutes successful completion of an individual educational program and require further monitoring of the individual who completed the program or other action that the board determines to be appropriate;

(5) Adopt rules in accordance with Chapter 119 of the Revised Code to further implement the quality intervention program.

An individual who participates in an individual educational program pursuant to this division shall pay the financial obligations arising from that educational program.

4731.221 Practitioner with mental illness; incompetence.

If the state medical board has reason to believe that any person who has been granted a license or certificate under this chapter is mentally ill or mentally incompetent, it may file in the probate court of the county in which such person has a legal residence an affidavit in the form prescribed in section 5122.11 of the Revised Code and signed by the board secretary or a member of the board secretary's staff, whereupon the same proceedings shall be had as provided in Chapter 5122 of the Revised Code. The attorney general may represent the board in any proceeding commenced under this section.

If any person who has been granted a license or certificate under this chapter is adjudged by a probate court to be mentally ill or mentally incompetent, the person's license or certificate shall be automatically suspended until such person has filed with the state medical board a certified copy of an adjudication by a probate court of the person's subsequent restoration to competency or has submitted to such board proof, satisfactory to the board, that the person has been discharged as having a restoration to competency in the manner and form provided in section 5122.38 of the Revised Code. The judge of such court shall forthwith notify the state medical board of an adjudication of mental illness or mental incompetence, and shall note any suspension of a license or certificate in the margin of the court's record of such license or certificate.

4731.222 Restoration of certificate.

(A) This section applies to both of the following:

(1) An applicant seeking restoration of a license or certificate issued under this chapter that has been in a suspended or inactive state for any cause for more than two years;

(2) An applicant seeking issuance of a license or certificate pursuant to section 4731.17 or 4731.295 of the Revised Code who for more than two years has not been engaged in the practice of medicine and surgery, osteopathic medicine and surgery, or a limited branch of medicine as any of the following:

(a) An active practitioner;

(b) A participant in a program of graduate medical education, as defined in section 4731.04 of the Revised Code;

(c) A student in a college of podiatry determined by the state medical board to be in good standing;

(d) A student in a school, college, or institution giving instruction in a limited branch of medicine determined by the board to be in good standing under section 4731.16 of the Revised Code.

(B) Before restoring a license or certificate to good standing for or issuing a license or certificate to an applicant subject to this section, the state medical board may impose terms and conditions including any one or more of the following:
(1) Requiring the applicant to pass an oral or written examination, or both, to determine the applicant's present fitness to resume practice;
(2) Requiring the applicant to obtain additional training and to pass an examination upon completion of such training;
(3) Requiring an assessment of the applicant's physical skills for purposes of determining whether the applicant's coordination, fine motor skills, and dexterity are sufficient for performing medical evaluations and procedures in a manner that meets the minimal standards of care;
(4) Requiring an assessment of the applicant's skills in recognizing and understanding diseases and conditions;
(5) Requiring the applicant to undergo a comprehensive physical examination, which may include an assessment of physical abilities, evaluation of sensory capabilities, or screening for the presence of neurological disorders;
(6) Restricting or limiting the extent, scope, or type of practice of the applicant.

The board shall consider the moral background and the activities of the applicant during the period of suspension or inactivity, in accordance with section 4731.09, 4731.19, or 4731.52 of the Revised Code. The board shall not restore a license or certificate under this section unless the applicant complies with sections 4776.01 to 4776.04 of the Revised Code.

4731.224 Health care facility and insurer; duty to report.

[Editor's Note: This version of the statute is effective from 9/29/2017 to 1/20/2018. The version effective after that date is provided subsequently.]

(A) Within sixty days after the imposition of any formal disciplinary action taken by any health care facility, including a hospital, health care facility operated by a health insuring corporation, ambulatory surgical center, or similar facility, against any individual holding a valid license or certificate to practice issued pursuant to this chapter, the chief administrator or executive officer of the facility shall report to the state medical board the name of the individual, the action taken by the facility, and a summary of the underlying facts leading to the action taken. Upon request, the board shall be provided certified copies of the patient records that were the basis for the facility's action. Prior to release to the board, the summary shall be approved by the peer review committee that reviewed the case or by the governing board of the facility. As used in this division, "formal disciplinary action" means any action resulting in the revocation, restriction, reduction, or termination of clinical privileges for violations of professional ethics, or for reasons of medical incompetence, medical malpractice, or drug or alcohol abuse. "Formal disciplinary action" includes a summary action, an action that takes effect notwithstanding any appeal rights that may exist, and an action that results in an individual surrendering clinical privileges while under investigation and during proceedings regarding the action being taken or in return for not being investigated or having proceedings held. "Formal disciplinary action" does not include any action taken for the sole reason of failure to maintain records on a timely basis or failure to attend staff or section meetings.

The filing or nonfiling of a report with the board, investigation by the board, or any disciplinary action taken by the board, shall not preclude any action by a health care facility to suspend, restrict, or revoke the individual's clinical privileges.

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B) If any individual authorized to practice under this chapter or any professional association or society of such individuals believes that a violation of any provision of this chapter, Chapter 4730., 4760., 4762., 4774., or 4778 of the Revised Code, or any rule of the board has occurred, the individual, association, or society shall report to the board the
information upon which the belief is based. This division does not require any treatment provider approved by the board under section 4731.25 of the Revised Code or any employee, agent, or representative of such a provider to make reports with respect to an impaired practitioner participating in treatment or aftercare for substance abuse as long as the practitioner maintains participation in accordance with the requirements of section 4731.25 of the Revised Code, and as long as the treatment provider or employee, agent, or representative of the provider has no reason to believe that the practitioner has violated any provision of this chapter or any rule adopted under it, other than the provisions of division (B)(26) of section 4731.22 of the Revised Code. This division does not require reporting by any member of an impaired practitioner committee established by a health care facility or by any representative or agent of a committee or program sponsored by a professional association or society of individuals authorized to practice under this chapter to provide peer assistance to practitioners with substance abuse problems with respect to a practitioner who has been referred for examination to a treatment program approved by the board under section 4731.25 of the Revised Code if the practitioner cooperates with the referral for examination and with any determination that the practitioner should enter treatment and as long as the committee member, representative, or agent has no reason to believe that the practitioner has ceased to participate in the treatment program in accordance with section 4731.25 of the Revised Code or has violated any provision of this chapter or any rule adopted under it, other than the provisions of division (B)(26) of section 4731.22 of the Revised Code.

(C) Any professional association or society composed primarily of doctors of medicine and surgery, doctors of osteopathic medicine and surgery, doctors of podiatric medicine and surgery, or practitioners of limited branches of medicine that suspends or revokes an individual's membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against an individual.

(D) Any insurer providing professional liability insurance to an individual authorized to practice under this chapter, or any other entity that seeks to indemnify the professional liability of such an individual, shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

(1) The name and address of the person submitting the notification;
(2) The name and address of the insured who is the subject of the claim;
(3) The name of the person filing the written claim;
(4) The date of final disposition;
(5) If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, “repeated malpractice” means three or more claims for medical malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the practicing individual.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving a health care professional or facility arising...
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

Physicians - General Provisions

out of matters that are the subject of the reporting required by this section. The board may use
the information obtained only as the basis for an investigation, as evidence in a disciplinary
hearing against an individual whose practice is regulated under this chapter, or in any
subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to
health care facility committees within or outside this state that are involved in credentialing or
recredentialing the individual or in reviewing the individual's clinical privileges. The board shall
indicate whether or not the information has been verified. Information transmitted by the board
shall be subject to the same confidentiality provisions as when maintained by the board.

    (G) Except for reports filed by an individual pursuant to division (B) of this section, the
board shall send a copy of any reports or summaries it receives pursuant to this section to the
individual who is the subject of the reports or summaries. The individual shall have the right to
file a statement with the board concerning the correctness or relevance of the information. The
statement shall at all times accompany that part of the record in contention.

    (H) An individual or entity that, pursuant to this section, reports to the board or refers an
impaired practitioner to a treatment provider approved by the board under section 4731.25 of
the Revised Code shall not be subject to suit for civil damages as a result of the report, referral,
or provision of the information.

    (I) In the absence of fraud or bad faith, no professional association or society of
individuals authorized to practice under this chapter that sponsors a committee or program to
provide peer assistance to practitioners with substance abuse problems, no representative or
agent of such a committee or program, and no member of the state medical board shall be held
liable in damages to any person by reason of actions taken to refer a practitioner to a treatment
provider approved under section 4731.25 of the Revised Code for examination or treatment.

4731.224 Health care facility and insurer; duty to report.

[Editor's Note: This version of the statute is effective 1/21/2018. The version effective prior to
that date is provided previously.]

    (A) Within sixty days after the imposition of any formal disciplinary action taken by any
health care facility, including a hospital, health care facility operated by a health insuring
corporation, ambulatory surgical center, or similar facility, against any individual holding a valid
license or certificate to practice issued pursuant to this chapter, the chief administrator or
executive officer of the facility shall report to the state medical board the name of the individual,
the action taken by the facility, and a summary of the underlying facts leading to the action
taken. Upon request, the board shall be provided certified copies of the patient records that
were the basis for the facility's action. Prior to release to the board, the summary shall be
approved by the peer review committee that reviewed the case or by the governing board of the
facility. As used in this division, "formal disciplinary action" means any action resulting in the
revocation, restriction, reduction, or termination of clinical privileges for violations of professional
ethics, or for reasons of medical incompetence, medical malpractice, or drug or alcohol abuse.
"Formal disciplinary action" includes a summary action, an action that takes effect
notwithstanding any appeal rights that may exist, and an action that results in an individual
surrendering clinical privileges while under investigation and during proceedings regarding the
action being taken or in return for not being investigated or having proceedings held. "Formal
disciplinary action" does not include any action taken for the sole reason of failure to maintain
records on a timely basis or failure to attend staff or section meetings.

The filing or nonfiling of a report with the board, investigation by the board, or any
disciplinary action taken by the board, shall not preclude any action by a health care facility to
suspend, restrict, or revoke the individual's clinical privileges.
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

In the absence of fraud or bad faith, no individual or entity that provides patient records to the board shall be liable in damages to any person as a result of providing the records.

(B) If any individual authorized to practice under this chapter or any professional association or society of such individuals believes that a violation of any provision of this chapter, Chapter 4730., 4759., 4760., 4761., 4762., 4774., or 4778 of the Revised Code, or any rule of the board has occurred, the individual, association, or society shall report to the board the information upon which the belief is based. This division does not require any treatment provider approved by the board under section 4731.25 of the Revised Code or any employee, agent, or representative of such a provider to make reports with respect to an impaired practitioner participating in treatment or aftercare for substance abuse as long as the practitioner maintains participation in accordance with the requirements of section 4731.25 of the Revised Code, and as long as the treatment provider or employee, agent, or representative of the provider has no reason to believe that the practitioner has violated any provision of this chapter or any rule adopted under it, other than the provisions of division (B)(26) of section 4731.22 of the Revised Code. This division does not require reporting by any member of an impaired practitioner committee established by a health care facility or by any representative or agent of a committee or program sponsored by a professional association or society of individuals authorized to practice under this chapter to provide peer assistance to practitioners with substance abuse problems with respect to a practitioner who has been referred for examination to a treatment program approved by the board under section 4731.25 of the Revised Code if the practitioner cooperates with the referral for examination and with any determination that the practitioner should enter treatment and as long as the committee member, representative, or agent has no reason to believe that the practitioner has ceased to participate in the treatment program in accordance with section 4731.25 of the Revised Code or has violated any provision of this chapter or any rule adopted under it, other than the provisions of division (B)(26) of section 4731.22 of the Revised Code.

(C) Any professional association or society composed primarily of doctors of medicine and surgery, doctors of osteopathic medicine and surgery, doctors of podiatric medicine and surgery, or practitioners of limited branches of medicine that suspends or revokes an individual’s membership for violations of professional ethics, or for reasons of professional incompetence or professional malpractice, within sixty days after a final decision shall report to the board, on forms prescribed and provided by the board, the name of the individual, the action taken by the professional organization, and a summary of the underlying facts leading to the action taken.

The filing of a report with the board or decision not to file a report, investigation by the board, or any disciplinary action taken by the board, does not preclude a professional organization from taking disciplinary action against an individual.

(D) Any insurer providing professional liability insurance to an individual authorized to practice under this chapter, or any other entity that seeks to indemnify the professional liability of such an individual, shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment exceeding twenty-five thousand dollars. The notice shall contain the following information:

(1) The name and address of the person submitting the notification;
(2) The name and address of the insured who is the subject of the claim;
(3) The name of the person filing the written claim;
(4) The date of final disposition;
(5) If applicable, the identity of the court in which the final disposition of the claim took place.

(E) The board may investigate possible violations of this chapter or the rules adopted under it that are brought to its attention as a result of the reporting requirements of this section, except that the board shall conduct an investigation if a possible violation involves repeated malpractice. As used in this division, “repeated malpractice” means three or more claims for
medical malpractice within the previous five-year period, each resulting in a judgment or settlement in excess of twenty-five thousand dollars in favor of the claimant, and each involving negligent conduct by the practicing individual.

(F) All summaries, reports, and records received and maintained by the board pursuant to this section shall be held in confidence and shall not be subject to discovery or introduction in evidence in any federal or state civil action involving a health care professional or facility arising out of matters that are the subject of the reporting required by this section. The board may use the information obtained only as the basis for an investigation, as evidence in a disciplinary hearing against an individual whose practice is regulated under this chapter, or in any subsequent trial or appeal of a board action or order.

The board may disclose the summaries and reports it receives under this section only to health care facility committees within or outside this state that are involved in credentialing or recredentialing the individual or in reviewing the individual's clinical privileges. The board shall indicate whether or not the information has been verified. Information transmitted by the board shall be subject to the same confidentiality provisions as when maintained by the board.

(G) Except for reports filed by an individual pursuant to division (B) of this section, the board shall send a copy of any reports or summaries it receives pursuant to this section to the individual who is the subject of the reports or summaries. The individual shall have the right to file a statement with the board concerning the correctness or relevance of the information. The statement shall at all times accompany that part of the record in contention.

(H) An individual or entity that, pursuant to this section, reports to the board or refers an impaired practitioner to a treatment provider approved by the board under section 4731.25 of the Revised Code shall not be subject to suit for civil damages as a result of the report, referral, or provision of the information.

(I) In the absence of fraud or bad faith, no professional association or society of individuals authorized to practice under this chapter that sponsors a committee or program to provide peer assistance to practitioners with substance abuse problems, no representative or agent of such a committee or program, and no member of the state medical board shall be held liable in damages to any person by reason of actions taken to refer a practitioner to a treatment provider approved under section 4731.25 of the Revised Code for examination or treatment.

4731.227 Alternative medical treatments.

An individual authorized to practice medicine and surgery or osteopathic medicine and surgery may use alternative medical treatments if the individual has provided the information necessary to obtain informed consent from the patient and the treatment meets the standards enforced by the state medical board pursuant to section 4731.22 of the Revised Code and any rules adopted by the board.

As used in this section, “alternative medical treatment” means care that is complementary to or different from conventional medical care but is reasonable when the benefits and risks of the alternative medical treatment and the conventional medical care are compared. “Alternative medical treatment” does not include treatment with an investigational drug, product, or device under section 4731.97 of the Revised Code.

4731.228 Health care entity notice to patients of terminated physician.

(A) As used in this section:

1. “Federally qualified health center” has the same meaning as in section 3701.047 of the Revised Code.

2. “Federally qualified health center look-alike” has the same meaning as in section 3701.047 of the Revised Code.
(3) “Health care entity” means any of the following that employs a physician to provide physician services:
   (a) A hospital registered with the department of health under section 3701.07 of the Revised Code;
   (b) A corporation formed under division (B) of section 1701.03 of the Revised Code;
   (c) A corporation formed under Chapter 1702 of the Revised Code;
   (d) A limited liability company formed under Chapter 1705 of the Revised Code;
   (e) A health insuring corporation holding a certificate of authority under Chapter 1751 of the Revised Code;
   (f) A partnership;
   (g) A professional association formed under Chapter 1785 of the Revised Code.

(4) “Physician” means an individual authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery.

(5) “Physician services” means direct patient care services provided by a physician pursuant to a certificate issued to the physician by the state medical board.

(6) “Termination” means the end of a physician’s employment with a health care entity for any reason.

(B) This section applies when a physician’s employment with a health care entity to provide physician services is terminated for any reason, unless the physician continues to provide medical services for patients of the health care entity on an independent contractor basis.

(C)(1) Except as provided in division (C)(2) of this section, a health care entity shall send notice of the termination of a physician’s employment to each patient who received physician services from the physician in the two-year period immediately preceding the date of employment termination. Only patients of the health care entity who received services from the physician are to receive the notice.

(2) If the health care entity provides to the physician a list of patients treated and patient contact information, the health care entity may require the physician to send the notice required by this section.

(D) The notice provided under division (C) of this section shall be provided not later than the date of termination or thirty days after the health care entity has actual knowledge of termination or resignation of the physician, whichever is later. The notice shall be provided in accordance with rules adopted by the state medical board under section 4731.05 of the Revised Code. The notice shall include at least all of the following:

   (1) A notice to the patient that the physician will no longer be practicing medicine as an employee of the health care entity;
   (2) Except in situations in which the health care entity has a good faith concern that the physician’s conduct or the medical care provided by the physician would jeopardize the health and safety of patients, the physician’s name and, if known by the health care entity, information provided by the physician that the patient may use to contact the physician;
   (3) The date on which the physician ceased or will cease to practice as an employee of the health care entity;
   (4) Contact information for an alternative physician or physicians employed by the health care entity or contact information for a group practice that can provide care for the patient;
   (5) Contact information that enables the patient to obtain information on the patient’s medical records.

(E) The requirements of this section do not apply to any of the following:

   (1) A physician rendering services to a patient on an episodic basis or in an emergency department or urgent care center, when it should not be reasonably expected that related medical services will be rendered by the physician to the patient in the future;
   (2) A medical director or other physician providing services in a similar capacity to a
medical director to patients through a hospice care program licensed pursuant to section 3712.04 of the Revised Code.

(3) Medical residents, interns, and fellows who work in hospitals, health systems, federally qualified health centers, and federally qualified health center look-alikes as part of their medical education and training.

(4) A physician providing services to a patient through a community mental health agency certified by the director of mental health under section 5119.611 of the Revised Code or an alcohol and drug addiction program certified by the department of alcohol and drug addiction services under section 3793.06 of the Revised Code.

(5) A physician providing services to a patient through a federally qualified health center or a federally qualified health center look-alike.

4731.25 Treatment of impaired practitioners; standards.

[Editor’s Note: This version of the statute is effective until 1/21/2018. The version effective subsequently is provided next.]

The state medical board, in accordance with Chapter 119 of the Revised Code, shall adopt and may amend and rescind rules establishing standards for approval of physicians and facilities as treatment providers for impaired practitioners who are regulated under this chapter or Chapter 4730., 4760., 4762., 4774., or 4778 of the Revised Code. The rules shall include standards for both inpatient and outpatient treatment. The rules shall provide that in order to be approved, a treatment provider must have the capability of making an initial examination to determine what type of treatment an impaired practitioner requires. Subject to the rules, the board shall review and approve treatment providers on a regular basis. The board, at its discretion, may withdraw or deny approval subject to the rules.

An approved impaired practitioner treatment provider shall:

(A) Report to the board the name of any practitioner suffering or showing evidence of suffering impairment as described in division (B)(5) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code, division (B)(6) of section 4762.13 of the Revised Code, division (B)(6) of section 4774.13 of the Revised Code, or division (B)(6) of section 4778.14 of the Revised Code who fails to comply within one week with a referral for examination;

(B) Report to the board the name of any impaired practitioner who fails to enter treatment within forty-eight hours following the provider's determination that the practitioner needs treatment;

(C) Require every practitioner who enters treatment to agree to a treatment contract establishing the terms of treatment and aftercare, including any required supervision or restrictions of practice during treatment or aftercare;

(D) Require a practitioner to suspend practice upon entry into any required inpatient treatment;

(E) Report to the board any failure by an impaired practitioner to comply with the terms of the treatment contract during inpatient or outpatient treatment or aftercare;

(F) Report to the board the resumption of practice of any impaired practitioner before the treatment provider has made a clear determination that the practitioner is capable of practicing according to acceptable and prevailing standards of care;

(G) Require a practitioner who resumes practice after completion of treatment to comply with an aftercare contract that meets the requirements of rules adopted by the board for approval of treatment providers;

(H) Report the identity of any practitioner practicing under the terms of an aftercare contract to hospital administrators, medical chiefs of staff, and chairpersons of impaired
practitioner committees of all health care institutions at which the practitioner holds clinical privileges or otherwise practices. If the practitioner does not hold clinical privileges at any health care institution, the treatment provider shall report the practitioner's identity to the impaired practitioner committee of the county medical society, osteopathic academy, or podiatric medical association in every county in which the practitioner practices. If there are no impaired practitioner committees in the county, the treatment provider shall report the practitioner's identity to the president or other designated member of the county medical society, osteopathic academy, or podiatric medical association.

(I) Report to the board the identity of any practitioner who suffers a relapse at any time during or following aftercare.

Any individual authorized to practice under this chapter who enters into treatment by an approved treatment provider shall be deemed to have waived any confidentiality requirements that would otherwise prevent the treatment provider from making reports required under this section.

In the absence of fraud or bad faith, no person or organization that conducts an approved impaired practitioner treatment program, no member of such an organization, and no employee, representative, or agent of the treatment provider shall be held liable in damages to any person by reason of actions taken or recommendations made by the treatment provider or its employees, representatives, or agents.

4731.25 Treatment of impaired practitioners; standards.

[Editor's Note: This version of the statute is effective 1/21/2018. The version effective prior to that date is provided previously.]

The state medical board, in accordance with Chapter 119 of the Revised Code, shall adopt and may amend and rescind rules establishing standards for approval of physicians and facilities as treatment providers for impaired practitioners who are regulated under this chapter or Chapter 4730, 4759, 4760, 4761, 4762, 4774, or 4778 of the Revised Code. The rules shall include standards for both inpatient and outpatient treatment. The rules shall provide that in order to be approved, a treatment provider must have the capability of making an initial examination to determine what type of treatment an impaired practitioner requires. Subject to the rules, the board shall review and approve treatment providers on a regular basis. The board, at its discretion, may withdraw or deny approval subject to the rules.

An approved impaired practitioner treatment provider shall:

(A) Report to the board the name of any practitioner suffering or showing evidence of suffering impairment as described in division (B)(5) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (A)(4) of section 4759.07 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code, division (B)(6) of section 4762.13 of the Revised Code, division (B)(6) of section 4774.13 of the Revised Code, or division (B)(6) of section 4778.14 of the Revised Code who fails to comply within one week with a referral for examination;

(B) Report to the board the name of any impaired practitioner who fails to enter treatment within forty-eight hours following the provider's determination that the practitioner needs treatment;

(C) Require every practitioner who enters treatment to agree to a treatment contract establishing the terms of treatment and aftercare, including any required supervision or restrictions of practice during treatment or aftercare;

(D) Require a practitioner to suspend practice upon entry into any required inpatient treatment;

(E) Report to the board any failure by an impaired practitioner to comply with the terms
of the treatment contract during inpatient or outpatient treatment or aftercare;
   (F) Report to the board the resumption of practice of any impaired practitioner before the
   treatment provider has made a clear determination that the practitioner is capable of practicing
   according to acceptable and prevailing standards of care;
   (G) Require a practitioner who resumes practice after completion of treatment to comply
   with an aftercare contract that meets the requirements of rules adopted by the board for
   approval of treatment providers;
   (H) Report the identity of any practitioner practicing under the terms of an aftercare
   contract to hospital administrators, medical chiefs of staff, and chairpersons of impaired
   practitioner committees of all health care institutions at which the practitioner holds clinical
   privileges or otherwise practices. If the practitioner does not hold clinical privileges at any health
   care institution, the treatment provider shall report the practitioner's identity to the impaired
   practitioner committee of the county medical society, osteopathic academy, or podiatric medical
   association in every county in which the practitioner practices. If there are no impaired
   practitioner committees in the county, the treatment provider shall report the practitioner's
   identity to the president or other designated member of the county medical society, osteopathic
   academy, or podiatric medical association.
   (I) Report to the board the identity of any practitioner who suffers a relapse at any time
   during or following aftercare.
   Any individual authorized to practice under this chapter who enters into treatment by an
   approved treatment provider shall be deemed to have waived any confidentiality requirements
   that would otherwise prevent the treatment provider from making reports required
   under this
   section.
   In the absence of fraud or bad faith, no person or organization that conducts an
   approved impaired practitioner treatment program, no member of such an organization, and no
   employee, representative, or agent of the treatment provider shall be held liable in damages to
   any person by reason of actions taken or recommendations made by the treatment provider or
   its employees, representatives, or agents.

4731.27 Standard care arrangement with collaborating nurse.

   (A) As used in this section, "collaboration," "physician," "standard care arrangement,"
   and "supervision" have the same meanings as in section 4723.01 of the Revised Code.
   (B) A physician or podiatrist shall enter into a standard care arrangement with each
   clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner with whom the
   physician or podiatrist is in collaboration.
   The collaborating physician or podiatrist shall fulfill the responsibilities of collaboration,
   as specified in the arrangement and in accordance with division (A) of section 4723.431 of the
   Revised Code. A copy of the standard care arrangement shall be retained on file by the nurse's
   employer. Prior approval of the standard care arrangement by the state medical board is not
   required, but the board may periodically review it.
   A physician or podiatrist who terminates collaboration with a certified nurse-midwife,
   certified nurse practitioner, or clinical nurse specialist before their standard care arrangement
   expires shall give the nurse the written or electronic notice of termination required by division
   (E)(1) of section 4723.431 of the Revised Code.
   Nothing in this division prohibits a hospital from hiring a clinical nurse specialist, certified
   nurse-midwife, or certified nurse practitioner as an employee and negotiating standard care
   arrangements on behalf of the employee as necessary to meet the requirements of this section.
   A standard care arrangement between the hospital's employee and the employee's
   collaborating physician is subject to approval by the medical staff and governing body of the
   hospital prior to implementation of the arrangement at the hospital.
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

(C) A physician or podiatrist shall cooperate with the board of nursing in any investigation the board conducts with respect to a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner who collaborates with the physician or podiatrist or with respect to a certified registered nurse anesthetist who practices with the supervision of the physician or podiatrist.

4731.281 Continuing education; registration; malpractice claims.

(A)(1) Each person holding a license issued under this chapter to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery wishing to renew that license shall apply to the board for renewal. Applications shall be submitted to the board in a manner prescribed by the board. Each application shall be accompanied by a biennial renewal fee of three hundred five dollars. Applications shall be submitted according to the following schedule:

(a) Persons whose last name begins with the letters “A” through “B,” on or before the first day of July of every odd-numbered year;
(b) Persons whose last name begins with the letters “C” through “D,” on or before the first day of April of every odd-numbered year;
(c) Persons whose last name begins with the letters “E” through “G,” on or before the first day of January of every odd-numbered year;
(d) Persons whose last name begins with the letters “H” through “K,” on or before the first day of October of every even-numbered year;
(e) Persons whose last name begins with the letters “L” through “M,” on or before the first day of July of every even-numbered year;
(f) Persons whose last name begins with the letters “N” through “R,” on or before the first day of April of every even-numbered year;
(g) Persons whose last name begins with the letter “S,” on or before the first day of January of every even-numbered year;
(h) Persons whose last name begins with the letters “T” through “Z,” on or before the first day of October of every even-numbered year.

The board shall deposit the fee in accordance with section 4731.24 of the Revised Code, except that the board shall deposit twenty dollars of the fee into the state treasury to the credit of the physician loan repayment fund created by section 3702.78 of the Revised Code.

(2) The board shall provide to every person holding a license to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery, a renewal notice or may provide the notice to the person through the secretary of any recognized medical, osteopathic, or podiatric society. The notice shall be provided to the person at least one month prior to the date on which the person's license expires.

(3) Failure of any person to receive a notice of renewal from the board shall not excuse the person from the requirements contained in this section.

(4) The board's notice shall inform the applicant of the renewal procedure. The board shall provide the application for renewal in a form determined by the board.

(5) The applicant shall provide in the application the applicant's full name; the applicant's residence address, business address, and electronic mail address; the number of the applicant's license to practice; and any other information required by the board.

(6)(a) Except as provided in division (A)(6)(b) of this section, in the case of an applicant who prescribes or personally furnishes opioid analgesics or benzodiazepines, as defined in section 3719.01 of the Revised Code, the applicant shall certify to the board whether the applicant has been granted access to the drug database established and maintained by the state board of pharmacy pursuant to section 4729.75 of the Revised Code.

(b) The requirement in division (A)(6)(a) of this section does not apply if any of the
following is the case:
   (i) The state board of pharmacy notifies the state medical board pursuant to section 4729.861 of the Revised Code that the applicant has been restricted from obtaining further information from the drug database.
   (ii) The state board of pharmacy no longer maintains the drug database.
   (iii) The applicant does not practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery in this state.
(c) If an applicant certifies to the state medical board that the applicant has been granted access to the drug database and the board finds through an audit or other means that the applicant has not been granted access, the board may take action under section 4731.22 of the Revised Code.
(7) The applicant shall indicate whether the applicant currently collaborates, as that term is defined in section 4723.01 of the Revised Code, with any clinical nurse specialists, certified nurse-midwives, or certified nurse practitioners.
(8) The applicant shall report any criminal offense to which the applicant has pleaded guilty, of which the applicant has been found guilty, or for which the applicant has been found eligible for intervention in lieu of conviction, since last submitting an application for a license to practice or renewal of a license.
(9) The applicant shall execute and deliver the application to the board in a manner prescribed by the board.

(B) The board shall renew a license under this chapter to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery upon application and qualification therefor in accordance with this section. A renewal shall be valid for a two-year period.
(C) Failure of any license holder to renew and comply with this section shall operate automatically to suspend the holder's license to practice and if applicable, the holder's certificate to recommend issued under section 4731.30 of the Revised Code. Continued practice after the suspension shall be considered as practicing in violation of section 4731.41, 4731.43, or 4731.60 of the Revised Code.
If the license has been suspended pursuant to this division for two years or less, it may be reinstated. The board shall reinstate a license to practice suspended for failure to renew upon an applicant's submission of a renewal application and payment of a reinstatement fee of four hundred five dollars.
If the license has been suspended pursuant to this division for more than two years, it may be restored. Subject to section 4731.222 of the Revised Code, the board may restore a license to practice suspended for failure to renew upon an applicant's submission of a restoration application, payment of a restoration fee of five hundred five dollars, and compliance with sections 4776.01 to 4776.04 of the Revised Code. The board shall not restore to an applicant a license to practice unless the board, in its discretion, decides that the results of the criminal records check do not make the applicant ineligible for a license issued pursuant to section 4731.14 or 4731.56 of the Revised Code. Any reinstatement or restoration of a license to practice under this section shall operate automatically to renew the holder's certificate to recommend.
(D) The state medical board may obtain information not protected by statutory or common law privilege from courts and other sources concerning malpractice claims against any person holding a license to practice under this chapter or practicing as provided in section 4731.36 of the Revised Code.
(E) Each mailing sent by the board under division (A)(2) of this section to a person holding a license to practice medicine and surgery or osteopathic medicine and surgery shall inform the applicant of the reporting requirement established by division (H) of section 3701.79 of the Revised Code. At the discretion of the board, the information may be included on the

Physicians- General Provisions 1220
application for renewal or on an accompanying page.

(F) Each person holding a license to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery shall give notice to the board of a change in the license holder’s residence address, business address, or electronic mail address not later than thirty days after the change occurs.

**4731.291 Training certificates.**

(A) An individual seeking to pursue an internship, residency, or clinical fellowship program in this state, who does not hold a license to practice medicine and surgery or osteopathic medicine and surgery issued under this chapter, shall apply to the state medical board for a training certificate. The application shall be made on forms that the board shall furnish and shall be accompanied by an application fee of seventy-five dollars.

An applicant for a training certificate shall furnish to the board all of the following:

1. Evidence satisfactory to the board that the applicant is at least eighteen years of age and is of good moral character.
2. Evidence satisfactory to the board that the applicant has been accepted or appointed to participate in this state in one of the following:
   a. An internship or residency program accredited by either the accreditation council for graduate medical education of the American medical association or the American osteopathic association;
   b. A clinical fellowship program at an institution with a residency program accredited by either the accreditation council for graduate medical education of the American medical association or the American osteopathic association that is in a clinical field the same as or related to the clinical field of the fellowship program;
3. Information identifying the beginning and ending dates of the period for which the applicant has been accepted or appointed to participate in the internship, residency, or clinical fellowship program;
4. Any other information that the board requires.

(B) If no grounds for denying a license or certificate under section 4731.22 of the Revised Code apply, and the applicant meets the requirements of division (A) of this section, the board shall issue a training certificate to the applicant. The board shall not require an examination as a condition of receiving a training certificate.

A training certificate issued pursuant to this section shall be valid only for the period of three years, but may in the discretion of the board and upon application duly made, be renewed annually thereafter for up to two additional years. The fee for renewal of a training certificate shall be thirty-five dollars.

The board shall maintain a register of all individuals who hold training certificates.

(C) The holder of a valid training certificate shall be entitled to perform such acts as may be prescribed by or incidental to the holder's internship, residency, or clinical fellowship program, but the holder shall not be entitled otherwise to engage in the practice of medicine and surgery or osteopathic medicine and surgery in this state. The holder shall limit activities under the certificate to the programs of the hospitals or facilities for which the training certificate is issued. The holder shall train only under the supervision of the physicians responsible for supervision as part of the internship, residency, or clinical fellowship program.

A training certificate may be revoked by the board upon proof, satisfactory to the board, that the holder thereof has engaged in practice in this state outside the scope of the internship, residency, or clinical fellowship program for which the training certificate has been issued, or upon proof, satisfactory to the board, that the holder thereof has engaged in unethical conduct or that there are grounds for action against the holder under section 4731.22 of the Revised Code.
Chapter 12. Licensed Health Care Professionals  
Part III. Physicians

4731.292 Limited certificate for non-citizen.

The state medical board may register, without examination, persons who are not citizens of the United States, but who hold the degree of doctor of medicine or the degree of doctor of osteopathic medicine and surgery, for the purpose of permitting such persons to practice in hospitals operated by the state. Registration pursuant to this section permits practice of medicine or osteopathic medicine and surgery in state operated institutions under the supervision of the medical staff of such institution until the next scheduled examination prescribed by the state medical board in its rules.

An applicant for a limited certificate to practice medicine or osteopathic medicine and surgery shall furnish proof, satisfactory to the board, that:

(A) The applicant has filed an application for naturalization and that such application has not been rejected or withdrawn, or if not yet eligible to file an application for naturalization, the applicant has filed a declaration of intention to become a citizen of the United States in an appropriate court of record.

(B) The applicant has successfully passed the educational council for foreign medical graduates test.

(C) The applicant is at least eighteen years of age and of good moral character.

(D) The applicant is a graduate of a medical or osteopathic school or college which is reputable and in good standing in the judgment of the board.

(E) The applicant will limit the applicant's practice and training within the physical confines of the institution for which the limited certificate to practice is granted.

(F) The medical staff of the institution for which the limited certificate to practice is granted has approved in writing the applicant's application for such certificate.

(G) The applicant will practice medicine or osteopathic medicine and surgery only under the supervision of the attending medical staff of the institution for which the limited certificate is granted.

(H) The applicant has made application to take the state medical board examination as provided by this section.

Registration pursuant to this section shall be valid until such time as the applicant takes the state medical board examination. If the applicant passes the examination, the applicant shall then be granted a limited certificate to practice medicine or osteopathic medicine and surgery. A holder of a limited certificate to practice, upon completion of the requisite training and upon receipt of United States citizenship, shall be entitled to receive an unlimited license to practice.

A limited certificate to practice issued pursuant to this section shall be valid for a period of one year only, but may be renewed, in the discretion of the board and upon application duly made, annually, with the written approval of the medical staff of the institution for which the limited certificate to practice has been issued, but no limited certificate shall be renewed more than four times. The fee to be paid to the board for the issuances of the pre-examination registration permit to engage in limited practice shall be one hundred dollars; the fee to be paid for each renewal of a limited certificate shall be ten dollars.

An applicant for a limited certificate to practice must take an examination prescribed by the board in its rules at the first reasonable opportunity. Failure to take the examination at the first reasonable opportunity authorizes the termination of the pre-examination registration permit to engage in a limited practice as defined in this section.

The holder of a valid limited certificate to practice may engage in the practice of medicine and surgery or osteopathic medicine and surgery only under the supervision of a member of the medical staff of the institution for which the limited certificate to practice has
been issued, and only within physical confines of the institution so named. A limited certificate to practice may be revoked by the board upon proof, satisfactory to the board, that the holder thereof has engaged in the practice of medicine and surgery or osteopathic medicine and surgery in this state outside the scope of the holder's certificate, or upon proof that the holder thereof has engaged in unethical conduct or has violated section 4731.22 of the Revised Code.

The board may promulgate such additional rules and regulations as the board finds necessary to effect the purpose of this section.

4731.295 Retired physicians and free clinics.

(A)(1) As used in this section:
   (a) "Free clinic" has the same meaning as in section 3701.071 of the Revised Code.
   (b) "Indigent and uninsured person" and "operation" have the same meanings as in section 2305.234 of the Revised Code.

   (2) For the purposes of this section, a person shall be considered retired from practice if the person's license has expired with the person's intention of ceasing to practice medicine and surgery or osteopathic medicine and surgery for remuneration.

   (B) The state medical board may issue, without examination, a volunteer's certificate to a person who is retired from practice so that the person may provide medical services to indigent and uninsured persons at any location, including a free clinic. The board shall deny issuance of a volunteer's certificate to a person who is not qualified under this section to hold a volunteer's certificate.

   (C) An application for a volunteer's certificate shall include all of the following:
      (1) A copy of the applicant's degree of medicine or osteopathic medicine.
      (2) One of the following, as applicable:
         (a) A copy of the applicant's most recent license authorizing the practice of medicine and surgery or osteopathic medicine and surgery issued by a jurisdiction in the United States that licenses persons to practice medicine and surgery or osteopathic medicine and surgery.
         (b) A copy of the applicant's most recent license equivalent to a license to practice medicine and surgery or osteopathic medicine and surgery in one or more branches of the United States armed services that the United States government issued.
      (3) Evidence of one of the following, as applicable:
         (a) That the applicant has maintained for at least ten years prior to retirement full licensure in good standing in any jurisdiction in the United States that licenses persons to practice medicine and surgery or osteopathic medicine and surgery.
         (b) That the applicant has practiced for at least ten years prior to retirement in good standing as a doctor of medicine and surgery or osteopathic medicine and surgery in one or more of the branches of the United States armed services.
      (4) A notarized statement from the applicant, on a form prescribed by the board, that the applicant will not accept any form of remuneration for any medical services rendered while in possession of a volunteer's certificate.

   (D) The holder of a volunteer's certificate may provide medical services only to indigent and uninsured persons, but may do so at any location, including a free clinic. The holder shall not accept any form of remuneration for providing medical services while in possession of the certificate. Except in a medical emergency, the holder shall not perform any operation or deliver babies. The board may revoke a volunteer's certificate on receiving proof satisfactory to the board that the holder has engaged in practice in this state outside the scope of the certificate.

   (E)(1) A volunteer's certificate shall be valid for a period of three years, unless earlier revoked under division (D) of this section or pursuant to section 4731.22 of the Revised Code. A volunteer's certificate may be renewed upon the application of the holder. The board shall
maintain a register of all persons who hold volunteer's certificates. The board shall not charge a fee for issuing or renewing a certificate pursuant to this section.

(2) To be eligible for renewal of a volunteer's certificate the holder of the certificate shall certify to the board completion of one hundred fifty hours of continuing medical education that meets the requirements of section 4731.282 of the Revised Code regarding certification by private associations and approval by the board. The board may not renew a certificate if the holder has not complied with the continuing medical education requirements. Any entity for which the holder provides medical services may pay for or reimburse the holder for any costs incurred in obtaining the required continuing medical education credits.

(3) The board shall issue a volunteer's certificate to each person who qualifies under this section for the certificate. The certificate shall state that the certificate holder is authorized to provide medical services pursuant to the laws of this state. The holder shall display the certificate prominently at the location where the holder primarily practices.

(4) The holder of a volunteer's certificate issued pursuant to this section is subject to the immunity provisions regarding the provision of services to indigent and uninsured persons in section 2305.234 of the Revised Code.

(F) The board shall adopt rules in accordance with Chapter 119 of the Revised Code to administer and enforce this section.

4731.296 Telemedicine.

(A) For the purposes of this section, “the practice of telemedicine” means the practice of medicine in this state through the use of any communication, including oral, written, or electronic communication, by a physician located outside this state.

(B) A person who wishes to practice telemedicine in this state shall file an application with the state medical board, together with a fee of three hundred five dollars and shall comply with sections 4776.01 to 4776.04 of the Revised Code. If the board, in its discretion, decides that the results of the criminal records check do not make the person ineligible for a telemedicine certificate, the board may issue, without examination, a telemedicine certificate to a person who meets all of the following requirements:

(1) The person holds a current, unrestricted license to practice medicine and surgery or osteopathic medicine and surgery issued by another state that requires license holders to complete at least fifty hours of continuing medical education every two years.

(2) The person's principal place of practice is in that state.

(3) The person does not hold a license issued under this chapter authorizing the practice of medicine and surgery or osteopathic medicine and surgery in this state.

(4) The person meets the same age, moral character, and educational requirements individuals must meet under sections 4731.09 and 4731.14 of the Revised Code and, if applicable, demonstrates proficiency in spoken English in accordance with section 4731.142 of the Revised Code.

(C) The holder of a telemedicine certificate may engage in the practice of telemedicine in this state. A person holding a telemedicine certificate shall not practice medicine in person in this state without obtaining a special activity certificate under section 4731.294 of the Revised Code.

(D) The board may revoke a certificate issued under this section or take other disciplinary action against a certificate holder pursuant to section 4731.22 of the Revised Code on receiving proof satisfactory to the board that the certificate holder has engaged in practice in this state outside the scope of the certificate or that there are grounds for action against the holder under section 4731.22 of the Revised Code.
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

1225

Physicians - General Provisions

(E) A telemedicine certificate shall be valid for a period specified by the board, and the initial renewal shall be in accordance with a schedule established by the board. Thereafter, the certificate shall be valid for two years. A certificate may be renewed on application of the holder.

To be eligible for renewal, the holder of the certificate shall do both of the following:
(1) Pay a fee in the amount of the fee described in division (A)(1) of section 4731.281 of the Revised Code;
(2) Certify to the board compliance with the continuing medical education requirements of the state in which the holder's principal place of practice is located.

The board may require a random sample of persons holding a telemedicine certificate to submit materials documenting completion of the continuing medical education requirements described in this division.

(F) The board shall convert a telemedicine certificate to a license issued under section 4731.14 of the Revised Code on receipt of a written request from the certificate holder. Once the telemedicine certificate is converted, the holder is subject to all requirements and privileges attendant to a license issued under section 4731.14 of the Revised Code, including continuing medical education requirements.

4731.31 Rural hospital may employ physician.

(A) As used in this section:
(1) "Rural hospital" means a hospital agency, as defined in section 140.01 of the Revised Code, that meets all of the following criteria:
(a) Is in compliance with section 3727.02 of the Revised Code and the registration requirement of division (A) of section 3701.07 of the Revised Code;
(b) Is located in a county that has a population of less than one hundred twenty-five thousand.
(2) "Physician" means an individual authorized under Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery.

(B) Subject to division (C) of this section, a rural hospital or a health care facility that is owned or operated by a rural hospital may employ a physician. A hospital or facility that employs a physician in accordance with this section is not engaged in the practice of medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery in violation of section 4731.41, 4731.43, or 4731.60 of the Revised Code.

(C) No rural hospital or health care facility owned or operated by a rural hospital shall do either of the following:
(1) Control the professional clinical judgment exercised within accepted and prevailing standards of practice of a physician employed pursuant to this section in rendering care, treatment, or professional advice to an individual patient;
(2) Require that a physician be employed by the hospital or facility as a condition of granting the physician privileges to practice within the hospital or facility.

4731.34 Practice of medicine.

(A) A person shall be regarded as practicing medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery, within the meaning of this chapter, who does any of the following:
(1) Uses the words or letters, "Dr.," "Doctor," "M.D.," "physician," "D.O.," "D.P.M.," or any other title in connection with the person's name in any way that represents the person as engaged in the practice of medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery, in any of its branches;
(2) Advertises, solicits, or represents in any way that the person is practicing medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery, in any of its branches;

(3) In person or, regardless of the person's location, through the use of any communication, including oral, written, or electronic communication, does any of the following:
   (a) Examines or diagnoses for compensation of any kind, direct or indirect;
   (b) Prescribes, advises, recommends, administers, or dispenses for compensation of any kind, direct or indirect, a drug or medicine, appliance, mold or cast, application, operation, or treatment, of whatever nature, for the cure or relief of a wound, fracture or bodily injury, infirmity, or disease.

(B) The treatment of human ills through prayer alone by a practitioner of the Christian Science church, in accordance with the tenets and creed of such church, shall not be regarded as the practice of medicine, provided that sanitary and public health laws shall be complied with, no practices shall be used that may be dangerous or detrimental to life or health, and no person shall be denied the benefits of accepted medical and surgical practices.

(C) The use of words, letters, or titles in any connection or under any circumstances as to induce the belief that the person who uses them is engaged in the practice of medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery, in any of its branches, is prima-facie evidence of the intent of such person to represent the person as engaged in the practice of medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery, in any of its branches.

4731.341 Unlawfully practicing medicine.

(A) The practice of medicine in all of its branches or the treatment of human ailments without the use of drugs or medicines and without operative surgery by any person not at that time holding a valid and current license or certificate as provided by Chapter 4723., 4725., or 4731 of the Revised Code is hereby declared to be inimical to the public welfare and to constitute a public nuisance.

(B) The attorney general, the prosecuting attorney of any county in which the offense was committed or the offender resides, the state medical board, or any other person having knowledge of a person who either directly or by complicity is in violation of division (A) of this section, may on or after January 1, 1969, in accord with provisions of the Revised Code governing injunctions, maintain an action in the name of the state to enjoin any person from engaging either directly or by complicity in the unlawful activity by applying for an injunction in the Franklin county court of common pleas or any other court of competent jurisdiction.

Prior to application for such injunction, the secretary of the state medical board shall notify the person allegedly engaged either directly or by complicity in the unlawful activity by registered mail that the secretary has received information indicating that this person is so engaged. Said person shall answer the secretary within thirty days showing either that the person is properly licensed or certified for the stated activity or that the person is not in violation of Chapter 4723 or 4731 of the Revised Code. If the answer is not forthcoming within thirty days after notice by the secretary, the secretary shall request that the attorney general, the prosecuting attorney of the county in which the offense was committed or the offender resides, or the state medical board proceed as authorized in this section.

Upon the filing of a verified petition in court, the court shall conduct a hearing on the petition and shall give the same preference to this proceeding as is given all proceedings under Chapter 119 of the Revised Code, irrespective of the position of the proceeding on the calendar of the court.

Such injunction proceedings shall be in addition to, and not in lieu of, all penalties and other remedies provided in Chapters 4723 and 4731 of the Revised Code.
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

4731.35 Anesthesia by CRNA.

(A) This chapter does not apply to or prohibit in any way the administration of anesthesia by a certified registered nurse anesthetist under the direction of and in the immediate presence of an individual authorized by this chapter to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery.

(B) This chapter does not prohibit an individual from practicing as an anesthesiologist assistant in accordance with Chapter 4760 of the Revised Code.

4731.36 Exceptions to §§ 4731.01 to 4731.47.

(A) Sections 4731.01 to 4731.47 of the Revised Code shall not prohibit service in case of emergency, domestic administration of family remedies, or provision of assistance to another individual who is self-administering drugs.

Sections 4731.01 to 4731.47 of the Revised Code shall not apply to any of the following:

1. A commissioned medical officer of the armed forces of the United States or an employee of the veterans administration of the United States or the United States public health service in the discharge of the officer's or employee's professional duties;

2. A dentist authorized under Chapter 4715 of the Revised Code to practice dentistry when engaged exclusively in the practice of dentistry or when administering anesthetics in the practice of dentistry;

3. A physician or surgeon in another state or territory who is a legal practitioner of medicine or surgery therein when providing consultation to an individual holding a license to practice issued under this chapter who is responsible for the examination, diagnosis, and treatment of the patient who is the subject of the consultation, if one of the following applies:

   a. The physician or surgeon does not provide consultation in this state on a regular or frequent basis.

   b. The physician or surgeon provides the consultation without compensation of any kind, direct or indirect, for the consultation.

   c. The consultation is part of the curriculum of a medical school or osteopathic medical school of this state or a program described in division (A)(2) of section 4731.291 of the Revised Code.

4. A physician or surgeon in another state or territory who is a legal practitioner of medicine or surgery therein and provided services to a patient in that state or territory, when providing, not later than one year after the last date services were provided in another state or territory, follow-up services in person or through the use of any communication, including oral, written, or electronic communication, in this state to the patient for the same condition;

5. A physician or surgeon residing on the border of a contiguous state and authorized under the laws thereof to practice medicine and surgery therein, whose practice extends within the limits of this state. Such practitioner shall not either in person or through the use of any communication, including oral, written, or electronic communication, open an office or appoint a place to see patients or receive calls within the limits of this state.

6. A board, committee, or corporation engaged in the conduct described in division (A) of section 2305.251 of the Revised Code when acting within the scope of the functions of the board, committee, or corporation;

7. The conduct of an independent review organization accredited by the superintendent of insurance under section 3922.13 of the Revised Code for the purpose of external reviews conducted under Chapter 3922 of the Revised Code.

As used in division (A)(1) of this section, “armed forces of the United States” means the army, air force, navy, marine corps, coast guard, and any other military service branch that is designated by congress as a part of the armed forces of the United States.
(B)(1) Subject to division (B)(2) of this section, this chapter does not apply to a person who holds a current, unrestricted license to practice medicine and surgery or osteopathic medicine and surgery in another state when the person, pursuant to a written agreement with an athletic team located in the state in which the person holds the license, provides medical services to any of the following while the team is traveling to or from or participating in a sporting event in this state:

(a) A member of the athletic team;
(b) A member of the athletic team's coaching, communications, equipment, or sports medicine staff;
(c) A member of a band or cheerleading squad accompanying the athletic team;
(d) The athletic team's mascot.

(2) In providing medical services pursuant to division (B)(1) of this section, the person shall not provide medical services at a health care facility, including a hospital, an ambulatory surgical facility, or any other facility in which medical care, diagnosis, or treatment is provided on an inpatient or outpatient basis.

(C) Sections 4731.51 to 4731.61 of the Revised Code do not apply to any graduate of a podiatric school or college while performing those acts that may be prescribed by or incidental to participation in an accredited podiatric internship, residency, or fellowship program situated in this state approved by the state medical board.

(D) This chapter does not apply to an oriental medicine practitioner or acupuncturist who complies with Chapter 4762 of the Revised Code.

(E) This chapter does not prohibit the administration of drugs by any of the following:

(1) An individual who is licensed or otherwise specifically authorized by the Revised Code to administer drugs;
(2) An individual who is not licensed or otherwise specifically authorized by the Revised Code to administer drugs, but is acting pursuant to the rules for delegation of medical tasks adopted under section 4731.053 of the Revised Code;
(3) An individual specifically authorized to administer drugs pursuant to a rule adopted under the Revised Code that is in effect on April 10, 2001, as long as the rule remains in effect, specifically authorizing an individual to administer drugs.

(F) The exemptions described in divisions (A)(3), (4), and (5) of this section do not apply to a physician or surgeon whose license to practice issued under this chapter is under suspension or has been revoked or permanently revoked by action of the state medical board.

4731.41 Practice of medicine without appropriate certificate.

(A) No person shall practice medicine and surgery, or any of its branches, without the appropriate license or certificate from the state medical board to engage in the practice. No person shall advertise or claim to the public to be a practitioner of medicine and surgery, or any of its branches, without a license or certificate from the board. No person shall open or conduct an office or other place for such practice without a license or certificate from the board. No person shall conduct an office in the name of some person who has a license or certificate to practice medicine and surgery, or any of its branches. No person shall practice medicine and surgery, or any of its branches, after the person's license or certificate has been revoked, or, if suspended, during the time of such suspension.

A license or certificate signed by the secretary of the board to which is affixed the official seal of the board to the effect that it appears from the records of the board that no such license or certificate to practice medicine and surgery, or any of its branches, in this state has been issued to the person specified therein, or that a license or certificate to practice, if issued, has been revoked or suspended, shall be received as prima-facie evidence of the record of the board in any court or before any officer of the state.
(B) No license or certificate from the state medical board is required by a physician who comes into this state to practice medicine at a free-of-charge camp accredited by the SeriousFun children's network that specializes in providing therapeutic recreation, as defined in section 2305.231 of the Revised Code, for individuals with chronic illnesses as long as all of the following apply:

1. The physician provides documentation to the medical director of the camp that the physician is licensed and in good standing to practice medicine in another state;
2. The physician provides services only at the camp or in connection with camp events or camp activities that occur off the grounds of the camp;
3. The physician receives no compensation for the services;
4. The physician provides those services within this state for not more than thirty days per calendar year;
5. The camp has a medical director who holds an unrestricted license to practice medicine issued in accordance with division (A) of this section.

4731.43 Practice of osteopathy without appropriate certificate.

No person shall announce or advertise that person as an osteopathic physician and surgeon, or shall practice as such, without a license from the state medical board or without complying with all the provisions of law relating to such practice, or shall practice after such license has been revoked, or if suspended, during the time of such suspension.

A license certified by the secretary, under the official seal of the said board to the effect that it appears from the records of the board that no license to practice osteopathic medicine and surgery has been issued to any person specified therein, or that a license, if issued, has been revoked or suspended shall be received as prima-facie evidence of the record in any court or before any officer of the state.

4731.511 Hyperbaric oxygen therapy.

(A) As used in this section:
1. “Hyperbaric oxygen therapy” means the administration of pure oxygen in a pressurized room or chamber.
2. “Physician” means an individual authorized under this chapter to practice medicine and surgery or osteopathic medicine and surgery.

(B) A podiatrist may supervise hyperbaric oxygen therapy if all of the following conditions are met:
1. The podiatrist has consulted with a physician who has been authorized to perform hyperbaric oxygen therapy by the facility in which the hyperbaric oxygen room or chamber is located.
2. The podiatrist orders hyperbaric oxygen therapy only for treatment within the scope of practice of podiatry as described in section 4731.51 of the Revised Code.
3. The podiatrist is certified in advanced cardiovascular life support by a certifying organization recognized by the state medical board.
4. The podiatrist has completed, at a minimum, a forty-hour introductory course in hyperbaric medicine recognized by the American board of foot and ankle surgery or by the undersea and hyperbaric medical society.
5. The podiatrist is board-certified or board-qualified by the American board of foot and ankle surgery or the American board of podiatric medicine.

On the request of the state medical board, the podiatrist shall submit to the board evidence demonstrating that the podiatrist is certified in advanced cardiovascular life support and has completed a course in hyperbaric medicine as described in this section.
(C) When hyperbaric oxygen therapy is supervised under this section, both of the following apply:

1. The podiatrist must be immediately available throughout the performance of the therapy.
2. A physician who has been authorized to perform hyperbaric oxygen therapy by the facility in which the hyperbaric room or chamber is located must be readily available for consultation throughout the performance of the therapy to furnish assistance and direction in the event a complication occurs that is outside the scope of practice of podiatry as described in section 4731.51 of the Revised Code.

4731.73 Surgical guidance for mastectomy patients.

As used in this section, “NAPBC” means the national accreditation program for breast centers of the American college of surgeons. A surgeon who will perform a mastectomy in a hospital, or a person designated by the surgeon, shall guide the patient through provided or referred services in a manner that is consistent with NAPBC standards. If a surgeon who is to perform a mastectomy considers breast reconstruction appropriate for the patient, the surgeon or designated person shall offer the patient a preoperative referral to a reconstructive or plastic surgeon in accordance with NAPBC standards.

4731-11-11 Standards and procedures for review of “Ohio Automated Rx Reporting System” (OARRS)

(A) For purposes of this rule:
1. “Delegate” means an authorized representative who is registered with the Ohio board of pharmacy to obtain an OARRS report on behalf of a physician;
2. “OARRS” means the “Ohio Automated Rx Reporting System” drug database established and maintained pursuant to section 4729.75 of the Revised Code.
3. “OARRS report” means a report of information related to a specified patient generated by the drug database established and maintained pursuant to section 4729.75 of the Revised Code.
4. “Personally furnish” means the distribution of drugs by a prescriber to the prescriber’s patients for use outside the prescriber’s practice setting.
5. “Reported drugs” means all the drugs listed in rule 4729-37-02 of the Administrative Code that are required to be reported to the drug database established and maintained pursuant to section 4729.75 of the Revised Code, including controlled substances in schedules II, III, IV, and V.

(B) Standards of care:
1. The accepted and prevailing minimal standards of care require that when prescribing or personally furnishing a reported drug, a physician shall take into account all of the following:
   a. The potential for abuse of the reported drug;
   b. The possibility that use of the reported drug may lead to dependence;
   c. The possibility the patient will obtain the reported drug for a nontherapeutic use or distribute it to other persons; and
   d. The potential existence of an illicit market for the reported drug.
2. In considering whether a prescription for or the personally furnishing of a reported drug is appropriate for the patient, the physician shall use sound clinical judgment and obtain and review an OARRS report consistent with the provisions of this rule.
3. A physician shall obtain and review an OARRS report to help determine if it is appropriate to prescribe or personally furnish an opioid analgesic, benzodiazepine, or reported
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

1231

**Physicians - General Provisions**

Drug to a patient as provided in this paragraph and paragraph (F) of this rule:

(1) A physician shall obtain and review an OARRS report before prescribing or personally furnishing an opiate analgesic or benzodiazepine to a patient, unless an exception listed in paragraph (G) of this rule is applicable.

(2) A physician shall obtain and review an OARRS report when a patient's course of treatment with a reported drug other than an opioid analgesic or benzodiazepine has lasted more than ninety days, unless an exception listed in paragraph (G) of this rule is applicable.

(3) A physician shall obtain and review an OARRS report when any of the following red flags pertain to the patient:

(a) Selling prescription drugs;
(b) Forging or altering a prescription;
(c) Stealing or borrowing reported drugs;
(d) Increasing the dosage of reported drugs in amounts that exceed the prescribed amount;
(e) Suffering an overdose, intentional or unintentional;
(f) Having a drug screen result that is inconsistent with the treatment plan or refusing to participate in a drug screen;
(g) Having been arrested, convicted, or received diversion or intervention in lieu of conviction for a drug related offense while under the physician's care;
(h) Receiving reported drugs from multiple prescribers, without clinical basis;
(i) Traveling with a group of other patients to the physician's office where all or most of the patients request controlled substance prescriptions;
(j) Traveling an extended distance or from out of state to the physician's office;
(k) Having a family member, friend, law enforcement officer, or health care professional express concern related to the patient's use of illegal or reported drugs;
(l) A known history of chemical abuse or dependency;
(m) Appearing impaired or overly sedated during an office visit or exam;
(n) Requesting reported drugs by street name, color, or identifying marks;
(o) Frequently requesting early refills of reported drugs;
(p) Frequently losing prescriptions for reported drugs;
(q) A history of illegal drug use;
(r) Sharing reported drugs with another person; or
(s) Recurring visits to non-coordinated sites of care, such as emergency departments, urgent care facilities, or walk-in clinics to obtain reported drugs.

(D) A physician who decides to utilize an opioid analgesic, benzodiazepine, or other reported drug in any of the circumstances within paragraphs (C)(2) and (C)(3) of this rule, shall take the following steps prior to issuing a prescription for or personally furnishing the opioid analgesic, benzodiazepine, or other reported drug:

(1) Review and document in the patient record the reasons why the physician believes or has reason to believe that the patient may be abusing or diverting drugs;
(2) Review and document in the patient's record the patient's progress toward treatment objectives over the course of treatment;
(3) Review and document in the patient record the functional status of the patient, including activities for daily living, adverse effects, analgesia, and aberrant behavior over the course of treatment;
(4) Consider using a patient treatment agreement including more frequent and periodic reviews of OARRS reports and that may also include more frequent office visits, different treatment options, drug screens, use of one pharmacy, use of one provider for the prescription or personally furnishing of reported drugs, and consequences for non-compliance with the terms of the agreement. The patient treatment agreement shall be maintained as part of the patient record; and
(5) Consider consulting with or referring the patient to a substance abuse specialist.

(E) Frequency for follow-up OARRS reports:

(1) For a patient whose treatment with an opioid analgesic or benzodiazepine lasts more than ninety days, a physician shall obtain and review and OARRS report for the patient at least every ninety days during the course of treatment, unless an exception listed in paragraph (G) of this rule is applicable.

(2) For a patient who is treated with a reported drug other than an opioid analgesic or benzodiazepine for a period lasting more than ninety days, the physician shall obtain and review and OARRS report for the patient at least annually following the initial OARRS report obtained and reviewed pursuant to paragraph (C)(2) of this rule until the course of treatment utilizing the reported drug has ended, unless an exception in paragraph (G) of this rule is applicable.

(F) When a physician or their delegate requests an OARRS report in compliance with this rule, a physician shall document receipt and review of the OARRS report in the patient record, as follows:

(1) Initial reports requested shall cover at least the twelve months immediately preceding the date of the request;

(2) Subsequent reports requested shall, at a minimum, cover the period from the date of the last report to present;

(3) If the physician practices primarily in a county of this state that adjoins another state, the physician or their delegate shall also request a report of any information available in the drug database that pertains to prescriptions issued or drugs furnished to the patient in the state adjoining that county; and

(4) If an OARRS report regarding the patient is not available, the physician shall document in the patient's record the reason that the report is not available and any efforts made in follow-up to obtain the requested information.

(G) A physician shall not be required to review and assess an OARRS report when prescribing or personally furnishing an opioid analgesic, benzodiazepine, or other reported drug under the following circumstances, unless a physician believes or has reason to believe that a patient may be abusing or diverting reported drugs:

(1) The reported drug is prescribed or personally furnished to a hospice patient in a hospice care program as those terms are defined in section 3712.01 of the Revised Code, or any other patient diagnosed as terminally ill;

(2) The reported drug is prescribed for administration in a hospital, nursing home, or residential care facility;

(3) The reported drug is prescribed or personally furnished in an amount indicated for a period not to exceed seven days;

(4) The reported drug is prescribed or personally furnished for the treatment of cancer or another condition associated with cancer; and

(5) The reported drug is prescribed or personally furnished to treat acute pain resulting from a surgical or other invasive procedure or a delivery.

4731-11-12 Office Based Opioid Treatment.

(A) For the purposes of this rule:

(1) “Office Based Opioid Treatment,” or “OBOT,” means treatment of opioid addiction utilizing a “Schedule III, IV, or V” controlled substance narcotic.

(2) “Board certified addictionologist or addiction psychiatrist” means a medical doctor or doctor of osteopathic medicine and surgery who holds one of the following certifications:

(a) Subspecialty board certification in addiction psychiatry from the American board of psychiatry and neurology;

(b) Board certification in addiction medicine from the American board of addiction
Part III. Physicians

Physicians - General Provisions

(c) Certification from the American society of addiction medicine; or
(d) Board certification with additional qualification in addiction medicine from the American osteopathic association.

(B) A physician shall provide OBOT in compliance with all of the provisions of this rule.

(1) The physician shall comply with all federal and state laws applicable to OBOT;

(2) Prior to providing OBOT, the physician shall conduct an assessment meeting the following requirements:

(a) The assessment shall include, at a minimum, an appropriate history and physical, mental status exam, substance use history, appropriate lab tests, pregnancy test for women of childbearing years, toxicology tests for drugs and alcohol, and “hepatitis B” and “hepatitis C” screens.

(b) For other than the toxicology tests for drugs and alcohol, appropriate history, substance abuse history, hepatitis “B” and “C” screens and the pregnancy test, the physician may satisfy the assessment requirements by reviewing records from a physical examination of the patient that was conducted by a physician within a reasonable period of time prior to the visit. For purposes of this paragraph, “physician” means an individual holding a certificate under Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery and practicing within his or her scope of practice as defined by section 4731.51 of the Revised Code, or an individual practicing in another state where the individual holds an active and unrestricted license to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery and practicing within his or her scope of practice.

(3) The physician shall practice in accordance with an acceptable treatment protocol for assessment, induction, stabilization, maintenance and tapering. Acceptable protocols are any of the following:

(a) "Clinical Guidelines For the Use of Buprenorphine in the Treatment of Opioid Addiction" protocol approved by the substance abuse and mental health services administration in 2004, (available from the substance abuse and mental health services administration website at http://samhsa.gov/);

(b) The low dose protocol approved by the Ohio department of alcohol and drug addiction services in or about 2011 (available from the Ohio department of mental health and addiction services website at http://mha.ohio.gov/); or

(c) Any protocol for OBOT approved by the Ohio department of mental health and addiction services website at http://mha.ohio.gov.

(4) The physician shall diagnose an opioid disorder utilizing the criteria contained in the diagnostic and statistical manual of mental disorders, 4th or 5th edition.

(5) The physician shall develop an individualized treatment plan for each patient

(6) The physician shall require each patient to actively participate in appropriate behavioral counseling or treatment for their addiction and shall document at each visit that the patient is attending sufficient behavioral health treatment.

(a) The physician shall maintain meaningful interactions with the qualified chemical dependency professional, addiction treatment provider, or other behavioral health professional who is treating the patient.

(b) If the physician is a psychiatrist, board certified addictionologist, or board certified addiction psychiatrist, the physician may personally provide behavioral health treatment for the addiction.

(c) If the physician determines that the patient cannot reasonably be required to obtain professional treatment or if the patient has successfully completed professional treatment, the physician shall require the patient to actively participate in a recovery care program such as
alcoholics anonymous, narcotics anonymous, or other appropriate twelve step program, and to document attendance at program meetings.

(i) For at least the first year the physician shall require the patient to attend the meetings at least three times weekly.

(ii) Following the first year, the physician shall determine the frequency with which the patient shall be required to attend the meetings.

(iii) The physician shall document in the patient record the reasons that the patient cannot reasonably be required to obtain professional treatment.

(7) The physician shall provide OBOT utilizing a drug product that has been specifically approved by the United States food and drug administration for use in maintenance and detoxification treatment. A physician shall not provide OBOT utilizing a drug product that has not been specifically approved by the United States food and drug administration for use in maintenance and detoxification treatment.

(8) The physician shall comply with all of the following:

(a) During the first twelve months of treatment, the physician shall not prescribe, personally furnish, or administer more than a thirty day supply of OBOT medications at one time.

(b) The physician shall personally meet with and evaluate the patient at each visit during the first twelve months of OBOT, and shall document an assessment and plan for continuing treatment.

(c) After twelve months of OBOT, the physician shall personally meet with and evaluate the patient at least every three months, unless more frequent meetings are indicated.

(9) The physician shall not provide OBOT to a patient whom the physician knows or should know is receiving other controlled substances for more than twelve consecutive weeks on an outpatient basis from any provider, without having consulted with a board certified addictionologist or addiction psychiatrist, who has recommended the patient receive OBOT. If the physician is a board certified addictionologist or addiction psychiatrist, the consultation is not required.

(10) The physician shall not prescribe, personally furnish, or administer greater than 16 milligrams of buprenorphine per day to a patient, except in one of the following situations:

(a) The dosage greater than 16 milligrams was established before the effective date of this rule;

(b) The physician is a board certified addictionologist or addiction psychiatrist and has determined that a dosage greater than 16 milligrams is required for the patient, and has documented patientspecific reasons for the need for a dosage greater than 16 milligrams in the patient's record; or

(c) The physician has consulted with a board certified addictionologist or addiction psychiatrist who has recommended a dosage greater than 16 milligrams and that fact is documented in the patient's medical record.

(11) The physician shall access OARRS for each patient no less frequently than every ninety days, and shall document receipt and assessment of the information received.

(12) The physician shall provide ongoing toxicological testing in compliance with all of the following:

(a) The physician shall assure that any inoffice kit used is “Clinical Laboratory Improvement Amendments” waived.

(b) The physician shall require toxicological testing be performed at least monthly for the first six months, then randomly at least once every three months thereafter.

(c) The physician may accept the results of toxicological testing performed by a treatment program or pursuant to a court order to satisfy the requirements of paragraph (B)(12)(b) of this rule.

(d) A screen is failed if the result is inconsistent with the treatment plan. A physician shall
address failed screens in a clinically appropriate manner.

(13) Each physician who provides OBOT shall complete at least eight hours of “Category I” continuing medical education relating to substance abuse and addiction every two years. Courses completed in compliance with this rule shall be accepted toward meeting the physician’s “Category I” continuing medical education requirement for biennial renewal of the physician’s certificate.

(C) Notwithstanding the provisions of this rule, a physician may provide OBOT to a pregnant patient during the term of her pregnancy and for two months thereafter, in compliance with the minimal standards of care.

(D) A violation of any provision of this rule, as determined by the board, shall constitute any or all of the following violations:

(1) “Failure to maintain minimal standards applicable to the selection or administration of drugs,” and “failure to employ acceptable scientific methods in the selection of drugs or other modalities for treatment of disease,” as those clauses are used in division (B)(2) of section 4731.22 of the Revised Code, and “a departure from, or the failure to conform to, minimal standards of care of similar physicians under the same or similar circumstances, whether or not actual injury to a patient is established,” as that clause is used in division (B)(6) of section 4731.22 of the Revised Code.

(2) A violation of paragraph (B)(7) of this rule shall further constitute “selling, prescribing, giving away, or administering drugs for other than legal and legitimate therapeutic purposes,” as that clause is used in division (B)(3) of section 4731.22 of the Revised Code.

4731-11-13 Prescribing of opiate analgesic for acute pain.

(A) For the treatment of acute pain, the physician shall comply with the following:

(1) Extended-release or long-acting opioid analgesics shall not be prescribed for treatment of acute pain;

(2) Before prescribing an opioid analgesic, the physician shall first consider non-opioid treatment options. If opioid analgesic medications are required as determined by a history and physical examination, the physician shall prescribe for the minimum quantity and potency needed to treat the expected duration of pain, with a presumption that a three-day supply or less is frequently sufficient and that limiting the duration of opioid use to the necessary period will decrease the likelihood of subsequent chronic use or dependence;

(3) In all circumstances where opioid analgesics are prescribed for acute pain:

(a) Except as provided in paragraph (B) of this rule, the duration of the first opioid analgesic prescription for the treatment of an episode of acute pain shall be:

(i) For adults, not more than a seven-day supply with no refills;

(ii) For minors, not more than a five-day supply with no refills. A physician shall comply with section 3719.061 of the Revised Code, including but not limited to obtaining from the parent, guardian, or another adult who is authorized to consent to the minor's medical treatment written consent prior to prescribing an opioid analgesic to a minor;

(iii) The seven-day limit for adults and five-day limit for minors may be exceeded for pain that is expected to persist for longer than seven days based on the pathology causing the pain. In this circumstance, the reason that the limits are being exceeded and the reason that a non-opioid medication was not appropriate to treat the patient's conditions shall be documented in the patient's medical record. The number of days of the prescription shall not exceed the amount required to treat the expected duration of the pain as noted in paragraph (A) (2) of this rule; and

(iv) If a patient is allergic to or otherwise unable to tolerate the initially prescribed opioid medication, a prescription for a different, appropriate opioid may be issued at any time during the initial seven or five-day dosing period and shall be subject to all other provisions of this rule.
The allergy and/or intolerance shall be documented in the patient's medical record. The patient or the minor patient's parent, guardian or another adult who is authorized to consent to the minor's medical treatment must be provided education of the safe disposal of the unused medication.

(b) The patient, or a minor's parent or guardian, shall be advised of the benefits and risks of the opioid analgesic, including the potential for addiction, and the advice shall be documented in the patient's medical record; and

(c) The total morphine equivalent dose (MED) of a prescription for opioid analgesics for treatment of acute pain shall not exceed an average of thirty MED per day, except when all of the following apply:

(i) The patient suffers from medical conditions, surgical outcomes or injuries of such severity that pain cannot be managed within the thirty MED average limit as determined by the treating physician based upon prevailing standards of medical care, such as:
   (a) Traumatic crushing of tissue;
   (b) Amputation;
   (c) Major orthopedic surgery;
   (d) Severe burns

(ii) The physician determines that exceeding the thirty MED average limit is necessary based on the physician's clinical judgment and the patient's needs.

(iii) The physician shall document in the patient's medical record the reason for exceeding the thirty MED average and the reason it is the lowest dose consistent with the patient's medical condition.

(iv) Only the prescribing physician for the conditions in paragraph (A)(3)(c)(i) of this rule may exceed the thirty MED average. The prescribing physician shall be held singularly accountable for prescriptions that exceed the thirty MED average.

(v) In circumstances when the thirty MED average is exceeded, the dose shall not exceed the dose required to treat the severity of the pain as noted in paragraph (A) (2) of this rule.

(d) Prescriptions that exceed the five or seven day supply or thirty MED average daily dose are subject to additional review by the state medical board. The dosage, days supplied, and condition for which the opioid analgesic is prescribed will be considered as part of this additional review.

(B) The requirements of paragraph (A) of this rule apply to treatment of acute pain and do not apply when an opioid analgesic is prescribed:

   (1) To an individual who is a hospice patient or in a hospice care program;
   (2) To an individual receiving palliative care;
   (3) To an individual who has been diagnosed with a terminal condition; or
   (4) To an individual who has cancer or another condition associated with the individual's cancer or history of cancer.

(C) This rule does not apply to prescriptions for opioid analgesics for the treatment of opioid addiction utilizing a schedule III, IV or V controlled substance narcotic that is approved by the federal drug administration for opioid detoxification or maintenance treatment.

(D) This rule does not apply to inpatient prescriptions as defined in Chapter 4729 of the Revised Code.

4731-15-01 Licensee reporting.

(A) Licensees of the board shall be required to report as listed below:

   (1) Subject to paragraph (B) of this rule, any individual licensed under Chapter 4731 of the Revised Code or any association or society of individuals licensed under Chapter 4731 of the Revised Code shall report to the board a belief that a violation of Chapter 4730, Chapter
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

1237 Physicians - General Provisions

4731, Chapter 4760, Chapter 4762, or Chapter 4774 of the Revised Code, or any rule of the board has occurred.

(2) Subject to paragraph (B) of this rule, any physician assistant or any association or society of physician assistants shall report to the board a belief that a violation of Chapter 4730 or 4731 of the Revised Code, or any rule of the board has occurred.

(3) Subject to paragraph (B) of this rule, any anesthesiologist assistant or any association or society of anesthesiologist assistants shall report to the board a belief that a violation of Chapter 4731 or 4760 of the Revised Code, or any rule of the board has occurred.

(4) Subject to paragraph (B) of this rule, any acupuncturist or any association or society of acupuncturists shall report to the board a belief that a violation of Chapter 4731 or 4762 of the Revised Code, or any rule of the board has occurred.

(5) Subject to paragraph (B) of this rule, any radiologist assistant or any association of radiologist assistants shall report to the board a belief that a violation of Chapter 4731 or 4774 of the Revised Code, or any rule of the board has occurred.

(B) An individual, association or society shall be relieved of the obligation to report under paragraph (A) of this rule if one of the following requirements is met:

(1) The individual or organization is an approved treatment provider under section 4731.25 of the Revised Code or the individual is an employee, agent or representative of an approved treatment provider, and

(a) The practitioner maintains participation in treatment or aftercare in accordance with section 4731.25 of the Revised Code and any rules of the board adopted pursuant to that section; and

(b) There is no reason to believe that the practitioner has violated any provision of Chapter 4730, Chapter 4731, Chapter 4760, Chapter 4762, or Chapter 4774 of the Revised Code, or any rule of the board, other than impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol or other substances that impair ability to practice, as provided in division (B)(5) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code, division (B)(6) of section 4762.13 of the Revised Code, or division (B)(6) of section 4774.13 of the Revised Code.

(2) The individual is a member of an impaired practitioner committee, or the equivalent, established by a hospital or its medical staff, or is a representative or agent of a committee or program sponsored by a professional association of individuals licensed under Chapter 4731 of the Revised Code to provide peer assistance to practitioners with substance abuse problems, and

(a) The practitioner has been referred for examination to an approved treatment program;

(b) The practitioner co-operates with the referral for examination and any determination that he or she should enter treatment; and

(c) There is no reason to believe that the practitioner has violated any provision of Chapter 4730, Chapter 4731, Chapter 4760, Chapter 4762, or Chapter 4774 of the Revised Code, or any rule of the board, other than impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol or other substances that impair ability to practice, as provided in division (B)(5) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code, division (B)(6) of section 4762.13 of the Revised Code, or division (B)(6) of section 4774.13 of the Revised Code.

(3) The individual reasonably believes all of the following:

(a) The practitioner has been referred for examination to an approved treatment program;

(b) The practitioner co-operates with the referral for examination and any determination
that he or she should enter treatment; and

(c) There is no reason to believe that the practitioner has violated any provision of Chapter 4730, Chapter 4731, Chapter 4760, Chapter 4762, or Chapter 4774 of the Revised Code, or any rule of the board, other than impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol or other substances that impair ability to practice, as provided in division (B)(5) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code, division (B)(6) of section 4762.13 of the Revised Code, or division (B)(6) of section 4774.13 of the Revised Code.

(4) The individual is a member of a review committee described in section 2305.25 of the Revised Code and the sole source for the belief that a violation has occurred and there has been evidence or other matters produced or presented during the proceedings of such committee.

(5) The individual is otherwise prohibited from reporting to the board by a superseding state or federal law.

(6) For purposes of this paragraph any individual licensed under Chapter 4730, Chapter 4731, Chapter 4760, Chapter 4762, or Chapter 4774 of the Revised Code, or any association or society of individuals so licensed, shall report a practitioner who has, at any time during or following treatment, experienced a relapse, as that term is defined in rule 4731-16-01 of the Administrative Code. The relapsing practitioner shall self-report the relapse.

(C) For purposes of paragraphs (B)(1)(b), (B)(2)(c), and (B)(3)(c) of this rule, violations of provisions of Chapter 4730, Chapter 4731, Chapter 4760, Chapter 4762, or Chapter 4774 of the Revised Code, or any rule of the board, other than impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice, need not be reported if all of the following requirements are met, but if any or all of the following conditions are not met, the individual or organization shall report to the board all violations which are believed to have occurred:

(1) All acts or omissions by the practitioner which would otherwise have constituted violations occurred while the practitioner was impaired; and

(2) The practitioner has not been criminally convicted based on any such acts or omissions; and

(3) There is no reason to believe that such acts or omissions might have an adverse impact on other individuals.

(D) For purposes of section 4730.32, section 4731.224, section 4760.16, section 4762.16, or section 4774.16 of the Revised Code, and this rule, “reason to believe” or “belief” does not require absolute certainty or complete unquestioning acceptance, but only an opinion that a violation has occurred based upon firsthand knowledge or reliable information.

(E) Any report required under paragraph (A) of this rule shall be made to the board within forty-eight hours. Reporting of any belief that a violation has occurred to a review committee as described in section 2305.251 of the Revised Code or any entity other than the board does not discharge the duty or obligation to report to the board. In cases where the secretary and supervising member determined that peer review is being conducted by a review committee as described in section 2305.251 of the Revised Code for purposes of denying, determining, changing or modifying the scope of the licensee’s clinical privileges, they may defer further investigation by the board while awaiting the outcome of that peer review.

(F) Any individual licensed by the board or any association or society of individuals who are licensed by the board who reports to the board a belief that a violation of Chapter 4731, Chapter 4730, Chapter 4760, Chapter 4762, or Chapter 4774 of the Revised Code, or any rule of the board has occurred shall be considered to be reporting pursuant to the requirements of section 4730.32, 4731.224, 4760.16, 4762.16, or 4774.16 of the Revised Code and shall be
immune from civil liability as provided by division (H) of section 4730.32, division (H) of section 4731.224, division (H) of section 4760.16, division (H) of section 4762.16, or division (H) of section 4774.16 of the Revised Code and paragraph (A) of rule 4731-15-05 of the Administrative Code. The individual, association, or society may remain anonymous by complying with all of the following actions:

(1) The individual, association, or society shall request and shall be assigned a confidential identifying number by the board.
(2) The individual, association, or society shall be responsible for notifying the board that he or she is a licensee or is an association or society of licensees and shall be responsible for maintaining the confidential identifying number in order to verify compliance with the reporting obligations of section 4730.32 of the Revised Code, section 4731.224 of the Revised Code, section 4760.16 of the Revised Code, section 4762.16 of the Revised Code, or section 4774.16 of the Revised Code and this chapter.

(G) Each report pursuant to this rule shall include:
(1) The name of the practitioner or other individual in violation;
(2) The violation which is believed to have occurred; and
(3) The date(s) of and place(s) of occurrence(s), if known.

4731-15-02 Healthcare facility reporting.

(A) The chief administrator or executive officer of any healthcare facility as defined in section 3702.51 of the Revised Code, including a hospital, healthcare facility operated by a health insurance corporation, ambulatory surgical facility or similar facility, shall report to the board any formal disciplinary action against any individual licensed under Chapter 4730, 4731, 4760, 4762, or 4774 of the Revised Code within sixty days after its completion.

(B) “Formal disciplinary action” means any procedure resulting in the revocation, restriction, reduction, or termination of clinical privileges for violations of professional ethics, or for reasons of medical incompetence, medical malpractice, or drug or alcohol abuse. Clinical privileges means the authorization by the healthcare facility to a person licensed under Chapter 4730, 4731, 4760, 4762, or 4774 of the Revised Code for the provision of health care services.

(C) Formal disciplinary actions shall include:
(1) Summary actions, actions that take effect notwithstanding any appeal rights that may exist and actions that result in an individual surrendering clinical privileges while under investigation during proceedings regarding the action being taken or in return for not being investigated or having proceedings held, resulting in revocation, restriction, reduction, or termination of privileges for the violations or reasons set forth in paragraph (B) of this rule; and
(2) Actions resulting in refusal or denial of clinical privileges for the violations or reasons set forth in paragraph (B) of this rule;

(D) Formal disciplinary actions shall not include any action taken for the sole reason of failure to maintain records on a timely basis, failure to pay dues, or failure to attend staff, department or section meetings.

(E) Formal disciplinary actions need not be reported if:
(1) The practitioner has been referred for examination to an approved treatment program; and
(2) The practitioner cooperates with the referral for examination and any determination that he should enter treatment; and
(3) There is no reason to believe that the practitioner has violated any provision of Chapter 4730, Chapter 4731, Chapter 4760, Chapter 4762, or Chapter 4774 of the Revised Code, or any rule of the board, other than impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice, as provided in division (B)(5)
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

Physicians - General Provisions

of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code, division (B)(6) of section 4762.13 of the Revised Code, or division (B)(6) of section 4774.13 of the Revised Code.

(F) Each report shall include:
(1) The name and address of the facility reporting;
(2) The practitioner's name and license number;
(3) The action taken by the facility;
(4) The date of the action taken by the facility;
(5) The effective date of the action taken by the facility; and
(6) A summary of the underlying facts leading to the action.

(G) A facility's timely filing with the board of a copy of the national practitioner data bank adverse action report shall satisfy the reporting requirement of this rule when, upon contact by the board, the reporting facility verifies that the filing of the report has been approved by the peer review committee which reviewed the case or by the governing board of the facility.

(H) Any request for patient records by the board as provided under division (A) of section 4730.32 of the Revised Code, division (A) of section 4731.224 of the Revised Code, division (A) of section 4760.16 of the Revised Code, division (A) of section 4762.16 of the Revised Code, or division (A) of section 4774.16 of the Revised Code shall be made by certified mail directed to the chief administrator or executive officer of the facility. Failure to provide the board with the requested certified copies of patient records within thirty days of receipt of that request shall constitute a failure to comply with the applicable reporting requirements, unless the board has granted a prior extension in writing.

4731-15-03 Insurer reporting.

(A) Any insurer providing professional liability insurance or any other entity that seeks to indemnify the professional liability of any person holding a valid certificate issued pursuant to Chapter 4730, 4731, 4760, 4762, or 4774 of the Revised Code shall notify the board within thirty days after the final disposition of any written claim for damages where such disposition results in a payment which exceeds twenty-five thousand dollars.

(B) For purposes of division (D) of section 4730.32 of the Revised Code, division (D) of section 4731.224 of the Revised Code, division (D) of section 4760.16 of the Revised Code, division (D) of section 4762.16 of the Revised Code, or division (D) of section 4774.16 of the Revised Code, this rule:
(1) The amount of payment shall mean the aggregate gross settlement, not including court costs or other litigation costs;
(2) The present value of future payments shall be utilized in calculating the aggregate gross settlement in cases of structured payments;
(3) In cases involving multiple defendants where payment exceeds twenty-five thousand dollars but no specific allocation is made in the disposition of the claim, a report shall be filed with the board for each of the defendants upon whose behalf the payment is made;
(4) Payments made solely for damages not arising from patient care need not be reported;
(5) The waiver of an outstanding debt is not construed as a payment.

(C) Each notification to the board shall include the following:
(1) The name and address of the person submitting the notification;
(2) The identity of the insurer or other indemnifying entity;
(3) The name and address of the insured who is the subject of the claim;
(4) The name of the person filing the written claim;
(5) The date of final disposition;
(6) The amount of payment;
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

(7) If applicable, the identity of the court in which the final disposition took place.

(D) An insurer that reports a medical malpractice payment to the national practitioner
data bank may satisfy the reporting requirement of this rule by timely filing a copy of the national
practitioner data bank medical malpractice report with the board.

(E) The reports received under division (D) of section 4730.32 of the Revised Code,
division (D) of section 4731.224 of the Revised Code, division (D) of section 4760.16 of the
Revised Code, division (D) of section 4762.16 of the Revised Code, division (D) of section
4774.16 of the Revised Code, and this rule shall be listed for periodic review by the secretary
and supervising member at least once every three months. The review shall determine the need
to investigate possible violations of Chapter 4730, 4731, 4760, 4762, or 4774 of the Revised
Code or any rule of the board.

4731-15-05 Reporting; confidentiality; immunity.

(A) Any person, health care facility, association, society, or insurer who reports to the
board or who refers an impaired practitioner to an approved treatment program shall not be
subject to suit for civil damages as a result of the report, referral, or provision of information.

(B) The board shall provide, upon request, forms for reporting under the provisions of
section 4730.32 of the Revised Code, section 4731.224 of the Revised Code, section 4760.16
of the Revised Code, section 4762.16 of the Revised Code, section 4774.16 of the Revised
Code, and this chapter of the Administrative Code.

(C) When a national practitioner data bank report form is accepted by the board for the
purpose of satisfying the requirements of section 4731.224 of the Revised Code and this
chapter of the Administrative Code, the board shall redact the following information prior to
disclosing the report as authorized under section 4731.224 of the Revised Code and this
chapter of the Administrative Code:

1. National practitioner data bank identification number of the reporting entity, and
2. All national practitioner data bank references and federal form indicia.

(D) Summaries, reports, and records received and maintained by the board pursuant to
section 4730.32 of the Revised Code, section 4731.224 of the Revised Code, section 4760.16
of the Revised Code, section 4762.16 of the Revised Code, section 4774.16 of the Revised
Code and this chapter of the Administrative Code shall be held in confidence and shall not be
subject to discovery or introduction in evidence in any federal or state civil action involving a
health care professional or facility arising out of matters which are the subject of such reporting
to the board.

1. The board may only disclose the summaries and reports to hospital committees
which are involved in credentialing or recredentialing the practitioner or in reviewing the
practitioner’s clinical privileges, and in credentialing or recredentialing or reviewing the clinical
privileges of the supervising physician of a practitioner licensed pursuant to Chapter 4730,
4760, 4762, or 4774 of the Revised Code. Such disclosure may be made through an
independent credentialing service if the service merely communicates the information to the
hospital committees and maintains strict confidentiality as provided in a written agreement with
the board.

2. Reports filed by an individual licensee pursuant to division (B) of section 4730.32 of
the Revised Code, division (B) of section 4731.224 of the Revised Code, division (B) of section
4760.16 of the Revised Code, division (B) of section 4762.16 of the Revised Code, division (B)
of section 4774.16 of the Revised Code and rule 4731-16-01 of the Administrative Code shall
not be disclosed.

(E) Except for reports filed by an individual licensee pursuant to division (B) of section
4730.32 of the Revised Code, division (B) of section 4731.224 of the Revised Code, division (B)
of section 4760.16 of the Revised Code, division (B) of section 4762.16 of the Revised Code,
division (B) of section 4774.16 of the Revised Code and rule 4731-15-01 of the Administrative Code, a copy of any reports or summaries received by the board pursuant to section 4730.32 of the Revised Code, section 4731.224 of the Revised Code, section 4760.16 of the Revised Code, section 4762.16 of the Revised Code, section 4774.16 of the Revised Code and Chapter 4731-15 of the Administrative Code shall be sent to the practitioner by the board. The practitioner shall have the right to file a statement with the board concerning the correctness or relevance of the information. Such statement, upon receipt by the board, shall at all times accompany that part of the record in contention.

(F) The board need not accept reports, summaries, or statements that consist of or include proceedings or records of review committees as described in section 2305.25 of the Revised Code. If the board determines that materials submitted are unacceptable, it shall return those materials to the submitting individual or entity, and provide an opportunity for submission of appropriate materials.

4731-17-01 Definitions of exposure-prone invasive procedures.

For purposes of this chapter of the Administrative Code:
(A) "Licensee" means any person holding or practicing pursuant to a certificate issued by the board under Chapter 4730., 4731., 4760., 4762., or 4774 of the Revised Code.
(B) "Invasive procedure" means any of the following:
   (1) Surgical or procedural entry into tissues, cavities, or organs or repair of major traumatic injuries associated with any of the following: an operating or delivery room, emergency department, or outpatient setting, including physicians' offices; cardiac catheterization and angiographic procedures; a vaginal or cesarean delivery or other invasive obstetric procedure during which bleeding may occur; or the manipulation, cutting, or removal of any oral or perioral tissues, including tooth structure, during which bleeding occurs or the potential for bleeding exists.
   (2) Any entry into the hair follicle using an electric modality for the purpose of hair removal.
   (3) The practice of acupuncture as defined in section 4762.01 of the Revised Code.
   (4) The performance of fluoroscopic procedures pursuant to section 4774.08 of the Revised Code.
   (5) The performance of cosmetic procedures, such as the injection of botulinum toxin, dermal fillers, permanent makeup at a location that is not licensed under the rules in Chapter 3701-9 of the Administrative Code, laser hair removal, and hair replacement procedures.
(C) "FDA" means the United States food and drug administration.
(D) "EPA" means the United States environmental protection agency.

4731-17-02 Universal precautions.

Licensees who perform or participate in invasive procedures shall, in the performance of or participation in any such procedures or functions, be familiar with, observe and rigorously adhere to the acceptable and prevailing standards for universal blood and body fluid precautions to minimize the risk of being exposed to or exposing others to the hepatitis B virus (HBV), the hepatitis C virus (HCV), and the human immunodeficiency virus (HIV). The acceptable and prevailing universal blood and body fluid precautions which the licensee follows shall include at least the following:
(A) Appropriate use of hand washing;
(B) Effective disinfection and sterilization of equipment;
(C) Safe handling and disposal of needles and other sharp instruments; and
(D) Appropriate barrier techniques including wearing and disposal of gloves and other
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

protected garments and devices.

4731-17-03 Hand washing.

Licensees who perform or participate in invasive procedures shall follow acceptable and prevailing standards for hand washing which shall include at least the following:

(A) Hands shall be washed appropriately prior to performing or participating in an invasive procedure and after performing or participating in an invasive procedure;
(B) Hands and other skin surfaces shall be washed immediately and thoroughly if contaminated with blood or other body fluids; and
(C) Hands shall be washed immediately after gloves are removed.

4731-17-04 Disinfection and sterilization.

Instruments and other equipment classified by the FDA as reusable, used by licensees who perform or participate in invasive procedures shall be appropriately disinfected and sterilized according to acceptable and prevailing standards for disinfection and sterilization which shall include at least the following:

(A) Instruments and devices that enter the patient's vascular system or other normally sterile areas of the body shall be sterilized before being used for each patient;
(B) Instruments and devices that touch intact mucous membranes but do not penetrate the patient's body surfaces shall be sterilized when possible, or undergo high-level disinfection if they cannot be sterilized before using for each patient;
(C) Instruments and devices that are able to withstand repeated exposure to heat shall be heat sterilized. Sterilization shall be accomplished by autoclave, dry heat, unsaturated chemical vapor, ethylene oxide, hydrogen peroxide gas plasma, or any other FDA/EPA-approved method;
(D) Instruments and items that cannot withstand heat sterilization shall be subjected to a high level disinfection process, including compliance with any manufacturer's instructions for disinfection;
(E) Heat sterilizing devices shall be tested for proper function on a weekly basis by means of a biological monitoring system that indicates microorganism kill. Documentation shall be maintained either in the form of a log reflecting dates and person(s) conducting the testing or copies of reports from an independent testing entity. The documentation shall be maintained for a period of at least two years. In the event of a positive biological spore test, the licensee must take immediate remedial action to ensure that heat sterilization is being accomplished;
(F) Surface disinfection:
(1) Environmental surfaces that are contaminated by blood or other body fluids shall be disinfected with a chemical germicide that is registered with the environmental protection agency as a “hospital disinfectant” or sodium hypochlorite and is mycobactericidal at use-dilution. The disinfection process shall be followed before each patient; and
(2) Impervious backed paper, aluminium foil or plastic wrap shall be used to cover surfaces that may be contaminated by blood or other body fluids and that are difficult or impossible to disinfect. The cover shall be removed, discarded and then replaced between patients.
(G) Single use items used in treating a patient, which have become contaminated by blood or other body fluids, shall be discarded and not reused, unless sterilized and reused in accordance with current guidelines established by the FDA. Single use items being reused in treating a patient shall be adequately cleaned and sterilized. Single use items shall not be reused if the items' physical characteristics and quality have been adversely affected or if the items are incapable of being reused safely and effectively for their intended use.
4731-17-05 Handling and disposal of sharps and wastes.

Licensees who perform or participate in invasive procedures shall follow acceptable and prevailing standards for hand washing which shall include at least the following:
(A) Hands shall be washed appropriately prior to performing or participating in an invasive procedure and after performing or participating in an invasive procedure;
(B) Hands and other skin surfaces shall be washed immediately and thoroughly if contaminated with blood or other body fluids; and
(C) Hands shall be washed immediately after gloves are removed.

4731-17-06 Barrier techniques.

All licensees who perform or participate in invasive procedures shall routinely use appropriate barrier precautions to prevent skin and mucous-membrane contact with blood and other body fluids of all patients. The barrier techniques to be followed are:
(A) All licensees shall wear disposable gloves when performing or participating in invasive procedures. Hands shall be washed when gloves are removed. Before performing or participating in invasive procedures on another patient, the licensee shall wash hands and reglove with another pair of disposable gloves. If a glove is torn or a needlestick or other injury occurs, the glove shall be removed and a new glove used as promptly as patient safety permits. The needle or instrument involved in the incident shall be removed from the sterile field. Disposable gloves shall not be washed or reused for any purpose.
(B) All licensees shall wear masks and protective eyewear when performing or participating in invasive procedures if during the procedure there is likely to be spattering or splashing of blood or other body fluids.
(C) Gowns or aprons made of materials that provide an effective barrier shall be worn by all licensees who are performing or participating in invasive procedures if during the procedure there is likely to be spattering or splashing of blood or other body fluids.

Impaired Medical Board Licensees

4731-16-01 Impaired practitioners; definitions.

As used in this chapter of the Administrative Code:
(A) “Impairment” means impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice. Impairment includes inability to practice in accordance with such standards, and inability to practice in accordance with such standards without appropriate treatment, monitoring or supervision.
(B) “Relapse” means any use of, or obtaining for the purpose of using, alcohol or a drug or substance that may impair ability to practice, by someone who has received a diagnosis of and treatment for chemical dependency or abuse, except pursuant to the directions of a treating physician who has knowledge of the patient’s history and of the disease of addiction, or pursuant to the direction of a physician in a medical emergency. An instance of use that occurs during detoxification treatment or inpatient or residential treatment before a practitioner’s disease of addiction has been brought into remission does not constitute a relapse.
(C) “Approved treatment provider” means a treatment provider approved pursuant to section 4731.25 of the Revised Code and this chapter of the Administrative Code.
(D) “The board” means the state medical board of Ohio.
(E) “Sobriety” means abstinence from alcohol, and from drugs or substances that may impair ability to practice, except pursuant to the directions of a treating physician who has
knowledge of the patient's history and of the disease of addiction, or pursuant to the direction of a physician in a medical emergency.

(F) “Order” for a controlled substance or other drug means a preprinted order or standing order as defined in rule 4729-5-01 of the Administrative Code.

(G) “Impaired physician committee” includes health committees, physician assistance committees, peer support committees, and similar bodies.

(H) “Massage therapist or cosmetic therapist” means a person who holds or has applied for a certificate to practice massage therapy or cosmetic therapy, or both, and who does not currently hold or have a pending application for any other certificate issued by the board.

4731-16-02 Medical board impairment authority.

(A) Should the board have reason to believe that any licensee or applicant suffers from impairment, as that term is used in division (B)(5) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code or division (B)(6) of section 4762.13 of the Revised Code, it may compel the individual to submit to a mental or physical examination, or both.

(1) Such examinations shall be undertaken by an approved treatment provider designated by the board.

(2) The notice issued ordering the individual to submit to examination shall delineate acts, conduct or behavior committed or displayed which establish reason to believe that the individual is impaired.

(3) Failure to submit to examination ordered by the board constitutes an admission of impairment unless the failure is due to circumstances beyond the individual's control.

(B) In cases where the only disciplinary action initiated against the individual is for violation of division (B)(5) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code or division (B)(6) of section 4762.13 of the Revised Code the following general pattern of action shall be followed:

(1) Upon identification by the board of reason to believe that a licensee or applicant is impaired it may compel an examination or examinations as set forth in paragraph (A) of this rule. The examination must meet all requirements of rule 4731-16-05 of the Administrative Code.

(a) If the examination or examinations fail to disclose impairment, no action shall be initiated pursuant to division (B)(5) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code or division (B)(6) of section 4762.13 of the Revised Code unless other investigation produces reliable, substantial, and probative evidence demonstrating impairment.

(b) If the examination or examinations disclose impairment, or if the board has other reliable, substantial and probative evidence demonstrating impairment, the board shall initiate proceedings to suspend the license or deny the applicant. The board may issue an order of summary suspension as provided in division (G) of section 4730.25 of the Revised Code, division (G) of section 4731.22 of the Revised Code, division (G) of section 4760.13 of the Revised Code or division (G) of section 4762.13 of the Revised Code.

(2) The presence of one or more of the following circumstances shall constitute independent proof of impairment and shall support license suspension or denial without the need for an examination:

(a) The individual has relapsed during or following treatment;

(b) The individual has applied for or requested treatment in lieu of conviction of a criminal charge or intervention in lieu of conviction of a criminal charge, or has applied for or requested entry into a similar diversion or drug intervention program;
(c) The individual has pled guilty to or has had a judicial finding of guilt of a criminal offense that involved the individual's personal use or abuse of any controlled substance.

(3) Before being eligible to apply for reinstatement of a license suspended under this paragraph the impaired individual must demonstrate to the board that the individual can resume practice in compliance with acceptable and prevailing standards of care under the provisions of the individual's certificate. Such demonstrations shall include but shall not be limited to the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed all required treatment, as follows:

(i) Except as provided in paragraph (B)(3)(a)(ii) of this rule, the required treatment shall include inpatient or residential treatment that extends a minimum of twenty-eight days with the following exception: If the individual has previously completed an inpatient or residential treatment program of at least twenty-eight days and maintained sobriety for at least one year following completion of that inpatient or residential treatment, the treatment required shall be determined by the treatment provider.

(ii) If the impaired individual is a massage therapist or cosmetic therapist who does not meet the criteria set forth in paragraph (B)(3)(iii) of this rule, the required treatment shall include intensive outpatient treatment meeting the requirements of paragraph (A)(13) of rule 4731-16-08 of the Administrative Code. The required intensive outpatient treatment must include a minimum of twenty treatment sessions over no less than five consecutive weeks with the following exception: If the massage therapist or cosmetic therapist has previously completed an intensive outpatient treatment program of at least twenty treatment sessions over no less than five consecutive weeks and has maintained sobriety for at least one year following completion of that intensive outpatient treatment, the treatment required shall be determined by the treatment provider.

(iii) If the impaired individual is a massage therapist or cosmetic therapist who was investigated by the board for possible impairment as part of a previous application for or while holding any certificate issued by the board other than a certificate to practice massage therapy or cosmetic therapy, the required treatment shall be in compliance with paragraph (B)(3)(a)(i) of this rule.

(b) Evidence of continuing full compliance with an aftercare contract that meets the requirements of rule 4731-16-10 of the Administrative Code, and with any consent agreement or order of the board then in effect;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making such assessments and shall describe the basis for this determination. A physician who is the medical director of a treatment provider approved under section 4731.25 of the Revised Code and this chapter of the Administrative Code may perform such an assessment without prior board approval.

(4) Subject to the provisions of paragraph (D) of this rule, the board may reinstate a license suspended under this paragraph after the demonstration described in paragraph (B)(3) of this rule and after the individual has entered into a written consent agreement which conforms to the requirements set forth in rule 4731-16-06 of the Administrative Code, or after the board has issued a final order in lieu of a consent agreement.

(5) When the impaired individual resumes practice after license reinstatement, the board shall require continued monitoring of the individual. This monitoring shall include but not be limited to compliance with the written consent agreement entered into before reinstatement or compliance with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission by the individual to the board, for at least two years, of annual
written progress reports made under penalty of perjury stating whether the license holder has maintained sobriety.

(C) In cases where the board has initiated a disciplinary action for violations of any provisions of Chapter 4731, Chapter 4730, Chapter 4760 or Chapter 4762 of the Revised Code or any of its rules in addition to division (B)(5) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (B)(6) of section 4760.13 of the Revised Code or division (B)(6) of section 4762.13 of the Revised Code, the general pattern of action described in paragraph (B) of this rule will be followed with the following exceptions:

(1) If the board permanently revokes a license, the individual shall not be eligible for further consideration for licensure or license reinstatement;
(2) If the board imposes a period of ineligibility for licensure, the individual shall not be eligible for licensure or license reinstatement until the period of ineligibility has lapsed;
(3) If the board imposes an indefinite period of ineligibility, licensure or license reinstatement shall depend upon successful completion of the requirements in paragraphs (B)(3) and (B)(4) of this rule and determination by the board that the period of suspension or ineligibility served is commensurate with the violations found.

(D) Except as provided in this paragraph, an individual who has relapsed during or following treatment shall be ineligible to apply for reinstatement for at least ninety days following the date of license suspension for a first relapse, for at least one year following the date of license suspension for a second relapse, and for at least three years following the date of license suspension for a third relapse. An individual who suffers a relapse, as that term is defined in paragraph (B) of rule 4731-16-01 of the Administrative Code, will not be subjected to suspension or other board discipline based on that relapse if all of the following conditions are met:

(1) The relapse was the first ever suffered by the individual;
(2) The relapse occurred under circumstances that the board finds minimized the probability that the individual would either provide patient care while under influence of alcohol or drugs or leave patients without necessary care while under the influence of alcohol or drugs;
(3) The relapse involved a single occasion of use for less than one day;
(4) The individual self-reported the relapse within forty-eight hours in accordance with rule 4731-15-01 of the Administrative Code;
(5) The individual does not thereafter suffer another relapse;
(6) The board does not obtain evidence of acts, conduct or omissions that would support the imposition of discipline, apart from the relapse itself;
(7) The relapse does not lead to the individual being charged with any criminal offense;
(8) The individual reported the relapse to an approved treatment provider within forty-eight hours, submitted to evaluation as requested by the approved treatment provider, and obtained any additional treatment recommended;
(9) The individual suspended practice until the approved treatment provider reported in writing to the board that it had made a clear determination that the individual was capable of practicing according to acceptable and prevailing standards of care; and

(10) The approved treatment provider provides the board a full report of the evaluation, and the board's secretary and supervising member decide that there are not circumstances warranting the initiation of disciplinary action.

4731-16-05 Examinations of impaired practitioner.

(A) Any examination ordered by the board under division (F)(2) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (F)(2) of section 4760.13 of the Revised Code or division (F)(2) of section 4762.13 of the Revised Code
in order to determine impairment, or any examination of an applicant for or a holder of a certificate issued under Chapter 4730, Chapter 4731, Chapter 4760 or Chapter 4762 of the Revised Code performed by an approved treatment provider shall include all of the following:

(1) Urine screening or blood alcohol testing, or both, with legal chain of custody and forensic capability protocol;

(2) Comprehensive evaluation pertinent to the reasons for referral, including:
   (a) Complete medical history and physical examination;
   (b) Psychiatric evaluation and mental status examination;
   (c) Comprehensive chemical use history; and

(3) One of the following assessment standards, as applicable:
   (a) Except as provided in paragraph (A)(3)(b) of this rule, observation of the individual in an inpatient setting for at least seventy-two consecutive hours, unless the approved treatment provider diagnoses the individual as chemically dependent and formulates a treatment plan in a shorter time period.

   (b) If the individual is a massage therapist or cosmetic therapist who does not meet the criteria set forth in paragraph (A)(3)(c) of this rule:
      (i) In-depth assessment, including use of a structured interview, by a physician, registered nurse or nurse practitioner who has specialized training in addiction medicine or treatment of addiction, or by a licensed independent chemical dependency counselor or licensed chemical dependency counselor III;
      (ii) Routine laboratory tests, to include complete blood count and liver function studies;
      (iii) Corroborating interviews of at least two persons who are close to the individual;
      (iv) Administration of the "Beck Depression Inventory" and the "Hamilton Anxiety Survey;"
      (v) Any other requirements as identified by the board or treatment provider. Psychiatric evaluation is not required in an examination administered under this paragraph unless the need for such an evaluation is identified by the board of the treatment provider.

   (c) If the individual is a massage therapist or cosmetic therapist who was investigated by the board for possible impairment as part of a previous application for or while holding any certificate issued by the board, observation of the individual in an inpatient setting for at least seventy-two consecutive hours, unless the approved treatment provider diagnoses the individual as chemically dependent and formulates a treatment plan in a shorter time period.

   (B) A diagnosis made by an approved treatment provider based on an examination ordered by the board under division (F)(2) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (F)(2) of section 4760.13 of the Revised Code or division (F)(2) of section 4762.13 of the Revised Code shall be made solely for the purpose of providing evidence for use by the board. A licensee or applicant who undergoes an examination ordered by the board but who refuses to authorize the treatment provider to release reports or information to the board shall be deemed to have failed to submit to the examination due to circumstances within the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence as provided in division (F)(2) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (F)(2) of section 4760.13 of the Revised Code or division (F)(2) of section 4762.13 of the Revised Code.

   (C) The report issued pursuant to an examination ordered by the board shall be submitted to the board within five days following completion of the examination.

   (D) The board may require the certificate holder or applicant to submit to a drug toxicology screen at the time it serves its order to submit to an examination or at any time after it issues the examination order and before the examination is completed.

   (1) The drug toxicology screen shall be considered part of the examination.

   (2) Refusal to submit to the drug toxicology screen immediately upon such request shall
Chapter 12. Licensed Healthcare Professionals  
Part III. Physicians

constitute failure to submit to a mental or physical examination ordered by the board and shall constitute an admission of the allegations against the individual, unless the failure is due to circumstances beyond the individual's control. A default and final order may be entered without the taking of testimony or presentation of evidence.

(E) An individual ordered by the board to an examination who refuses to authorize the treatment provider to contact any person identified by the treatment provider as being appropriate for the purpose of conducting a corroborating interview as part of the examination shall be deemed to have failed to submit to the examination due to circumstances within the individual's control, and a default and final order may be entered into without the taking of testimony or presentation of evidence.

4731-16-06 Consent and reinstatement.

(A) The written consent agreement required under division (F)(2) of section 4730.25 of the Revised Code, division (B)(26) of section 4731.22 of the Revised Code, division (F)(2) of section 4760.13 of the Revised Code or division (F)(2) of section 4762.13 of the Revised Code and rule 4731-16-02 of the Administrative Code prior to reinstatement of a suspended license, or any board order entered in lieu of a consent agreement, shall require, at a minimum, the following probationary and limiting terms:

(1) Obedience of all federal, state, and local laws, and all rules governing practice in Ohio;

(2) Submission of quarterly declarations under penalty of perjury stating whether there has been compliance with all conditions of the consent agreement;

(3) Periodic appearances before the board or its representatives as requested;

(4) Notification to the board of departures or absences from Ohio. Periods of departure or absence shall not reduce the probationary term, unless otherwise determined by motion of the board for absences of three months or longer, or by the secretary or the supervising member of the board for absences of less than three months, in instances where the board can be assured that probationary monitoring is otherwise being performed;

(5) Maintenance of a log of all controlled substances, and other drugs as directed by the board, which the practitioner prescribes, orders, personally furnishes, or administers, where appropriate;

(6) Prohibition of authority to prescribe, administer, personally furnish, order, or possess controlled substances and, as directed by the board, other substances which may impair ability to practice, where appropriate;

(7) Abstinence from the use of alcohol;

(8) Abstinence from the use or personal possession of drugs, except those prescribed, administered, or dispensed by another person so authorized by law who has knowledge of the patient's history and of the disease of addiction;

(9) Submission of witnessed urine or blood samples upon request of the board, and without prior notice;

(10) Undertaking and maintaining participation in a self help support group acceptable to the board, such as alcoholics anonymous or narcotics anonymous, with evidence of compliance to be provided to the board in each quarterly report;

(11) Undertaking psychiatric evaluation, and, where appropriate, continuing treatment acceptable to the board, with evidence of compliance to be provided in each quarterly report;

(12) Monitoring of progress and status by a physician approved by the board, with reports to be provided to the board quarterly;

(13) Prior approval by the board of any practice arrangements or any health care field employment, where appropriate;
(14) Copies of the agreement to be provided by the individual to all of the following during the effective period of the agreement or board order:
   (a) All employers or prospective employers, entities with which the individual contracts or seeks to contract to provide health services or receive training, the chief of staff at each hospital where the individual has or applies for privileges, and all persons and entities that provide the individual chemical dependency treatment or monitoring; and
   (b) By certified mail, the proper licensing authority of any state or jurisdiction in which the individual holds or applies for any professional license.
(15) Contacting an appropriate impaired physicians committee, such as the physician health program, to arrange for assistance in recovery or aftercare;
(16) Continuing compliance with the terms of the aftercare contract entered into with the treatment provider, provided, that where terms of the aftercare contract conflict with the terms of the consent agreement or board order, the terms of the consent agreement or board order shall control;
(17) Continuing authorization, through appropriate written consent forms, for disclosure by the treatment provider to the board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for them to fulfill their respective duties and obligations;
(18) Minimum probationary term of at least five years, except that a practitioner who first applies for licensure or license restoration after receiving treatment for impairment may be given probation of less than five years if the practitioner demonstrates continuous current sobriety of more than one year but less than five years, and a practitioner who first applies for licensure or license restoration after receiving treatment for impairment may be licensed without probation if the practitioner demonstrates continuous current sobriety of at least five years;
(19) Periods during which the probationer is not in compliance with all probationary terms, or during which all probationary monitoring provisions have not yet been implemented, as determined by the secretary of the board, shall not reduce the term of probation;
(20) No requests by the probationer for modifications to probationary terms for at least one year; and
(21) Prohibition of consumption of poppy seeds or any other food or liquid that may produce false results in a toxicology screen.
(B) A violation of any term of the consent agreement or board order described in this rule shall constitute grounds to take disciplinary action in accordance with Chapter 119 of the Revised Code.

4731-16-13 Practitioner consent.

(A) Licensees, associations, and societies shall report to the board a belief that a licensee suffers from impairment according to rule 4731-15-01 of the Administrative Code. Where the duty to report is relieved pursuant to paragraph (B) of that rule, the following requirements apply:
   (1) In order to ascertain the status of the practitioner’s progress, the licensee, member, representative, or agent shall contact the approved treatment provider to ascertain the licensee’s progress at least once weekly during the first four weeks following referral, and at least once monthly thereafter, and
   (2) If at any time the approved treatment provider indicates that the licensee has not continued to participate in accordance with section 4731.25 of the Revised Code, or if the approved treatment provider refuses to release information, the member, representative, or agent shall report to the board all information that led to the belief that the licensee suffers from impairment.
(B) A licensee who has been referred to an approved treatment provider shall execute, and shall not revoke, appropriate release forms to allow the referring party to monitor his progress in treatment.

4731-16-16 Practice prohibition while under treatment.

(A) No individual licensed pursuant to Chapter 4730, 4731, 4760, or 4762 of the Revised Code shall practice while receiving a controlled substance for the treatment of opioid dependence. A violation of this section shall constitute "a departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances whether or not actual injury to the patient is established" as that language is used in division (B)(6) of section 4731.22 of the Revised Code, division (B)(19) of section 4730.25 of the Revised Code, division (B)(4) of section 4760.13 of the Revised Code, and in division (B)(4) of section 4762.13 of the Revised Code.

4731-28-01 Inability to practice.

For the purposes of division (B)(4) of section 4730.25 of the Revised Code, division (B)(19) of section 4731.22 of the Revised Code, division (B)(5) of section 4760.13 of the Revised Code, division (B)(5) of section 4762.13 of the Revised Code, division (B)(5) of section 4774.13 of the Revised Code, and division (B)(5) of section 4778.14 of the Revised Code, the following definitions apply:

(A) “Mental illness” includes, but is not limited to, mental disorder; and

(B) “Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills”, includes inability to practice in accordance with such standards without appropriate treatment, monitoring, or supervision.

Intractable Pain and Comfort

4731-18-01 Requirements for surgeon.

(A) The surgeon of record in an operative case shall personally:

1. Evaluate the patient sufficiently to formulate an appropriate preoperative diagnosis;

and

2. Select the operation to be performed in consultation with the patient or with a person authorized to act on his behalf; and

3. Determine, based on his own evaluation, and, as necessary, on consultation with other physicians involved in the patient’s care, that the patient is a fit candidate for the operation to be performed; and

4. Assure that the patient or a person authorized to act on his behalf gives informed consent before the surgery begins; and

5. Comply with division (B)(6) of section 4731.22 of the Revised Code; and

6. Perform or personally supervise the surgery, except those portions of the surgery, if any, which are performed or supervised by another qualified surgeon with the informed consent of the patient.

(B) Management of postoperative medical care is the responsibility of the surgeon of record. The surgeon of record shall fulfill this responsibility by:

1. Personally performing the postoperative medical care; or

2. Delegating postoperative medical care to another physician or physicians who are qualified by training and experience to provide the level of care required, provided that the
surgeon of record shall remain primarily responsible for the patient's overall care unless the patient and the other physician have agreed in advance to shift that responsibility to the other physician; or

(3) Delegating defined aspects of the postoperative medical care to appropriately trained and supervised allied health care personnel in compliance with applicable standards, provided that the surgeon of record shall retain personal responsibility for the quality of the care rendered by personnel who are under his supervision and control. The surgeon of record shall obtain the patient's fully informed consent, or the consent of a person authorized to act on the patient's behalf, in advance of surgery, before delegating aspects of patient care to allied health care personnel under this paragraph. The surgeon of record need not obtain the patient's informed consent for aspects of care to which the patient has already consented, such as consent to treatment and care by hospital personnel under an informed consent form signed upon the patient's admission to the hospital; or

(4) Delegating defined aspects of the postoperative medical care to licensees of other health regulatory boards who are licensed to independently provide the scope of practice and the level of care required, provided that the surgeon of record shall remain primarily responsible for the patient's overall care and must examine the patient during the postoperative period.

(C) This rule shall not be read to transfer any responsibility which currently rests with any other physician, allied health care provider, or institution to the surgeon of record.

(D) This rule shall not be read to prohibit or interfere with the appropriate training of medical students and physicians in post-graduate training programs, or other personnel.

(E) The provisions of this rule requiring consultation with or obtaining the informed consent of the patient or a person legally authorized to act on his behalf do not apply to the extent they would prevent the performance of surgery or other procedures under emergency circumstances.

4731-21-01 Intractable pain and related definitions.

As used in Chapter 4731-21 of the Administrative Code:

(A) “Addiction” means a compulsive disorder in which an individual becomes preoccupied with obtaining and using a substance, despite adverse social, psychological and/or physical consequences, the continued use of which results in a decreased quality of life. Physical dependence alone is not evidence of addiction.

(B) “Believes” or “has reason to believe” does not require absolute certainty or complete unquestioning acceptance, but only an opinion based on reasonable information that a patient is suffering from addiction or drug abuse or engaging in diversion of drugs.

(C) “Board” means the state medical board of Ohio.

(D) “Chronic pain” means pain that has persisted after reasonable medical efforts have been made to relieve the pain or cure its cause and that has continued, either continuously or episodically, for longer than three continuous months. “Chronic pain” does not include pain associated with a terminal condition or with a progressive disease that, in the normal course of progression, may reasonably be expected to result in a terminal condition.

(E) “Diversion” means the conveyance of a prescription drug to a person other than the person for whom the drug was prescribed or dispensed by a practitioner.

(F) “Drug abuse” means a maladaptive or inappropriate use or overuse of a medication.

(G) “Emergency” means an unforeseen combination of circumstances or the resulting state that calls for immediate action.

(H) “Pain” means an unpleasant sensory and emotional experience associated with actual or potential tissue damage, or described in terms of such damage.

(I) “Physical dependence” means a physiologic state of adaptation to a specific drug or medication characterized by the development of a withdrawal syndrome following abrupt
cessation of a drug or on administration of an antagonist.

(J) “Practitioner” means any of the following:
   (1) An individual holding a certificate to practice medicine and surgery or osteopathic
       medicine and surgery under Chapter 4731 of the Revised Code;
   (2) An individual holding a certificate to practice podiatric medicine and surgery under
       Chapter 4731 of the Revised Code and practicing within his or her scope of practice as defined
       in section 4731.51 of the Revised Code; or
   (3) An individual holding both of the following:
       (a) A certificate to practice as a physician assistant under Chapter 4730 of the Revised
           Code and practicing within his or her scope of practice in compliance with that chapter; and
       (b) A certificate to prescribe under Chapter 4730 of the Revised Code and exercising
           physician delegated prescriptive authority in compliance with that chapter.

(K) “Prescription drug” means a drug which under state or federal law may be
administered or dispensed only by or upon the order of a practitioner and includes the term
“dangerous drug” as defined by section 4729.02 of the Revised Code.

(L) “Protracted basis” means for a period in excess of twelve continuous weeks.

(M) “Terminal condition” means an irreversible, incurable, and untreatable condition
caused by disease, illness, or injury, which will likely result in death. A terminal condition is one
in which there can be no recovery, although there may be periods of remission.

A terminal condition shall be determined to a reasonable degree of medical certainty in
accordance with reasonable medical standards by a patient's attending medical doctor or doctor
of osteopathic medicine and one other individual holding a certificate under Chapter 4731 of the
Revised Code to practice medicine and surgery or osteopathic medicine and surgery who has
examined the patient.

(N) “Tolerance” means decreasing response to the same dosage of a prescription drug
over time as a result of physiologic adaptation to that drug.

(O) “Utilizing prescription drugs” means prescribing, administering, dispensing,
supplying, selling or giving a prescription drug.

**4731-21-02 Utilizing prescription drug for treatment of intractable pain.**

(A) When utilizing any prescription drug for the treatment of chronic pain, a practitioner
shall comply with accepted and prevailing standards of care which shall include, but not be
limited to, the following:
   (1) An initial evaluation of the patient shall be conducted and documented in the patient's
       record that includes a relevant history, including complete medical, pain, alcohol and substance
       abuse histories; an assessment of the impact of pain on the patient’s physical and psychological
       functions; a review of previous diagnostic studies and previously utilized therapies; an
       assessment of coexisting illnesses, diseases or conditions; and an appropriate physical
       examination;
   (2) A medical diagnosis shall be established and documented in the patient's medical
       record that indicates not only the presence of chronic pain but also the signs, symptoms, and
       causes and, if determinable, the nature of the underlying disease and pain mechanism;
   (3) An individualized treatment plan shall be formulated and documented in the patient's
       medical record. The treatment plan shall specify the treatment proposed, the patient's response
to treatment, and any modification to the treatment plan. The treatment plan shall include the
medical justification and the intended role of prescription drug therapy within the overall plan,
and documentation that other medically reasonable treatments for relief of the patient's chronic
pain have been offered or attempted without adequate or reasonable success. The prescription
drug therapy shall be tailored to the individual medical needs of each patient.

(4)
(a) The practitioner's diagnosis of chronic pain shall be made after having the patient evaluated by one or more other practitioners who specialize in the treatment of the anatomic area, system, or organ of the body perceived as the source of the pain. For purposes of this rule, a practitioner "specializes" if the practitioner limits the whole or part of his or her practice, and is qualified by advanced training or experience to so limit his or her practice, to the particular anatomic area, system, or organ of the body perceived as the source of the pain. The evaluation shall include review of all available medical records of prior treatment of the chronic pain or the condition underlying the chronic pain; a thorough history and physical examination; and testing as required by accepted and prevailing standards of care. The practitioner shall maintain a copy of any report made by any practitioner to whom referral for evaluation was made under this paragraph. A practitioner shall not provide an evaluation under this paragraph if that practitioner would be prohibited by sections 4731.65 to 4731.69 of the Revised Code or any other rule adopted by the board from providing a designated health service upon referral by the treating practitioner; and

(b) The practitioner shall not be required to obtain such an evaluation, if the practitioner obtains a copy of medical records or a detailed written summary thereof showing that the patient has been evaluated and treated within a reasonable period of time by one or more other practitioners who specialize in the treatment of the anatomic area, system, or organ of the body perceived as the source of the pain and the treating practitioner is satisfied that he or she can rely on that evaluation for purposes of meeting the further requirements of this chapter of the Administrative Code. The practitioner shall obtain and review all available medical records or detailed written summaries of prior treatment of the chronic pain or the condition underlying the chronic pain. The practitioner shall maintain a copy of any record or report of any practitioner on which the practitioner relied for purposes of meeting the requirements under this paragraph; and

(5) The practitioner shall ensure and document in the patient's record that the patient or other individual who has the authority to provide consent to treatment on behalf of that patient gives consent to treatment after being informed of the benefits and risks of receiving prescription drug therapy for chronic pain and after being informed of available treatment alternatives.

(B) Upon completion and satisfaction of the conditions prescribed in paragraph (A) of this rule, and upon a practitioner's judgment that the continued utilization of prescription drugs is medically warranted for the treatment of chronic pain, a practitioner may utilize prescription drugs provided that the practitioner continues to adhere to accepted and prevailing standards of care which shall include, but not be limited to, the following:

(1) Patients shall be seen by the practitioner at appropriate periodic intervals to assess the efficacy of treatment, assure that prescription drug therapy remains indicated, evaluate the patient's progress toward treatment objectives and note any adverse drug effects. During each visit, attention shall be given to changes in the patient's ability to function or to the patient's quality of life as a result of prescription drug usage, as well as indications of possible addiction, drug abuse or diversion. Compliance with this paragraph of the rule shall be documented in the patient's medical record;

(2) Some patients with chronic pain may be at risk of developing increasing prescription drug consumption without improvement in functional status. Subjective reports by the patient should be supported by objective data. Objective measures in the patient's condition are determined by an ongoing assessment of the patient's functional status, including the ability to engage in work or other gainful activities, the pain intensity and its interference with activities of daily living, quality of family life and social activities, and physical activity of the patient. Compliance with this paragraph of the rule shall be documented in the patient's medical record;

(3) Based on evidence or behavioral indications of addiction or drug abuse, the practitioner shall obtain a drug screen on the patient. It is within the practitioner's discretion to decide the nature of the screen and which type of drug(s) to be screened. If the practitioner
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

obtains a drug screen for the reasons described in this paragraph, the practitioner shall document the results of the drug screen in the patient's medical record. If the patient refuses to consent to a drug screen ordered by the practitioner, the practitioner shall make a referral as provided in paragraph (C) of this rule;

(4) The practitioner shall document in the patient's medical record the medical necessity for utilizing more than one controlled substance in the management of a patient's chronic pain; and

(5) The practitioner shall document in the patient's medical record the name and address of the patient to or for whom the prescription drugs were prescribed, dispensed, or administered, the dates on which prescription drugs were prescribed, dispensed, or administered, and the amounts and dosage forms of the prescription drugs prescribed, dispensed, or administered, including refills.

(6) The practitioner shall, in accordance with the requirements set forth in section 4731.055 of the Revised Code and rule 4731-11-11 of the Administrative Code, request a report from "OARRS," or the successor drug database maintained by the board of pharmacy.

(C) If the practitioner believes or has reason to believe that the patient is suffering from addiction or drug abuse, the practitioner shall immediately consult with an addiction medicine specialist or other substance abuse professional to obtain formal assessment of addiction or drug abuse.

(1) For purposes of this rule:
(a) Addiction medicine specialist means a physician who is qualified by advanced formal training in addiction medicine or other substance abuse specialty, and includes a medical doctor or doctor of osteopathic medicine who is certified by a specialty examining board to so limit the whole or part of his or her practice.
(b) Substance abuse professional includes a psychologist licensed pursuant to Chapter 4732 of the Revised Code and certified as a clinical health psychologist, an independent chemical dependency counselor, or a chemical dependency counselor III.

(2) The practitioner shall do all of the following:
(a) Document the recommendations of the consultation in the patient's record;
(b) Continue to actively monitor the patient for signs and symptoms of addiction, drug abuse or diversion; and
(c) Maintain a copy of any written report made by the addiction medicine specialist or substance abuse professional to whom referral for evaluation was made under this paragraph.

(3) Prescription drug therapy may be continued consistent with the recommendations of the consultation. If the consulting addiction medicine specialist or other substance abuse professional believes the patient to be suffering from addiction or drug abuse, prompt referral shall be made to one of the following:
(a) An addiction medicine specialist or substance abuse professional; or
(b) An addiction medicine or substance abuse treatment facility.

4731-21-06 Intractable pain and comfort care.

(A) A practitioner who treats pain by utilizing prescription drugs is not subject to disciplinary action pursuant to this chapter of the Administrative Code under the following circumstances:
(1) The treatment of pain for a patient with a terminal condition;
(2) The treatment of pain associated with a progressive disease that, in the normal course of progression, may reasonably be expected to result in a terminal condition;
(3) Treatment utilizing only drugs that do not exert their effects at the central nervous system level; and
(4) Treatment utilizing only drugs that are not controlled substances and are classified as antidepressants.

(B) A practitioner who treats chronic pain by utilizing prescription drugs is not subject to disciplinary action by the board under section 4731.22 of the Revised Code solely because the practitioner treated the chronic pain with prescription drugs. The practitioner is subject to disciplinary action only if the prescription drugs are not utilized in accordance with section 4731.052 of the Revised Code and the rules adopted under this chapter of the Administrative Code.

(C) A medical doctor or doctor of osteopathic medicine who provides comfort care as described in division (E)(1) of section 2133.12 of the Revised Code to a patient with a terminal condition is not subject to disciplinary action by the board under section 4731.22 of the Revised Code if the treatment of pain for a patient with a terminal condition is provided pursuant to the requirements of section 2133.11 of the Revised Code.

Delegation and Termination of Physician-Patient Relationship

4731-23-01 Delegation of medical tasks; definitions.

As used in Chapter 4731-23 of the Administrative Code:

(A) “Administer” means the direct application of a drug, whether by injection, inhalation, ingestion, or any other means to a person.

(B) “Delegate” means to transfer authority for the performance of a medical task to an unlicensed person.

(C) “On-site supervision” means that the physical presence of the physician is required in the same location (e.g., the physician's office suite) as the unlicensed person to whom the medical task has been delegated while the medical task is being performed. “On-site supervision” does not require the physician's presence in the same room.

(D) “Physician” means an individual authorized by Chapter 4731 of the Revised Code to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery.

(E) “Task” includes, but is not limited to, a routine medical service not requiring the special skills of a licensed provider.

(F) “Unlicensed person” means an individual who is not licensed or otherwise specifically authorized by the Revised Code to perform the delegated medical task.

(G) “Drug” means the same as in division (E) of section 4729.01 of the Revised Code.

4731-23-02 Delegation of medical task.

(A) A physician shall not delegate the performance of a medical task unless that physician has complied with all of the requirements of this chapter of the Administrative Code and the delegation otherwise conforms to minimal standards of care of similar physicians under the same or similar circumstances.

(B) Prior to a physician's delegation of the performance of a medical task, that physician shall determine each of the following:

(1) That the task is within that physician's authority;
(2) That the task is indicated for the patient;
(3) The appropriate level of supervision;
(4) That no law prohibits the delegation;
(5) That the person to whom the task will be delegated is competent to perform that task; and,
(6) That the task itself is one that should be appropriately delegated when considering
the following factors:
   (a) That the task can be performed without requiring the exercise of judgment based on medical knowledge;
   (b) That results of the task are reasonably predictable;
   (c) That the task can safely be performed according to exact, unchanging directions;
   (d) That the task can be performed without a need for complex observations or critical decisions;
   (e) That the task can be performed without repeated medical assessments; and,
   (f) That the task, if performed improperly, would not present life threatening consequences or the danger of immediate and serious harm to the patient.

(C) When a physician delegates the administration of drugs, that physician shall provide on-site supervision, except in the following situations:

1. When the physician has transferred responsibility for the on-site supervision of the unlicensed person who is administering the drug to another physician and that physician has knowingly accepted that responsibility on a patient-by-patient basis; or
2. In the routine administration of a topical drug, such as a medicated shampoo.
3. When delegation occurs pursuant to section 5126.36 of the Revised Code within the programs and services offered by a county board of developmental disabilities.
4. When delegation occurs pursuant to section 5123.42 of the Revised Code.
5. When written policies and procedures have been adopted for the distribution of drugs by an unlicensed person to individuals incarcerated in state correctional institutions as defined in division (A) of section 2796.01 of the Revised Code, other correctional facilities including county and municipal jails, workhouses, minimum security jails, halfway houses, community residential centers, regional jails and multi-county jails, or any other detention facility as defined in division (F) of section 2921.01 of the Revised Code.

(D) This chapter of the Administrative Code shall not apply if the rules contained herein:

1. Prevent an individual from engaging in an activity performed for a handicapped child as a service needed to meet the educational needs of the child, as identified in the individualized education program developed for the child under Chapter 3323 of the Revised Code;
2. Prevent delegation from occurring pursuant to section 5126.36 of the Revised Code within the programs and services offered by a county board of developmental disabilities;
3. Conflict with any provision of the Revised Code that specifically authorizes an individual to perform a particular task;
4. Conflict with any rule adopted pursuant to the Revised Code that is in effect on the effective date of this section, as long as the rule remains in effect, specifically authorizing an individual to perform a particular task;
5. Prohibit a perfusionist from administering drugs intravenously while practicing as a perfusionist.

4731-23-03 Limitation on delegation of medical tasks.

(A) A physician shall not delegate the practice of medicine as defined in section 4731.34 of the Revised Code unless specifically authorized to do so in the Revised Code or by an administrative rule adopted pursuant to the Revised Code and which became effective prior to April 10, 2001. Nothing in this chapter of the Administrative Code shall prohibit the performance of emergency medical tasks.

(B) A physician shall not delegate a task to an unlicensed person if the task is beyond that person's competence. In a hospital, as defined in section 3727.01 of the Revised Code, or an ambulatory care center affiliated with the hospital (if the center meets the same credentialing, quality assurance, and utilization review standards as the hospital) wherein unlicensed persons
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

are employed or otherwise authorized by the governing authority of the institution to perform specific medical tasks, one factor the physician shall take into account is the policies by which the employer or the governing authority of the institution seeks to ensure that competent persons will be performing the delegated tasks.

(C) A physician shall not delegate a medical task that is not within the authority of that physician or is beyond the physician's training, expertise, or normal course of practice.

(D) A physician shall not transfer his or her responsibility for supervising an unlicensed person in the performance of a delegated medical task, except to another physician who has knowingly accepted that responsibility.

(E) A physician shall not authorize or permit an unlicensed person to whom a medical task is delegated to delegate the performance of that task to another person.

(F) Except as provided in divisions (D)(4) to (D)(8) of section 4731.053 of the Revised Code, a physician shall not delegate to an unlicensed person the administration of anesthesia, controlled substances, or drugs administered intravenously.

(G) The supervising physician retains responsibility for the manner in which the delegated task is carried out.

4731-27-01 Terminating physician patient relationship.

As used in section 4731.228 of the Revised Code and this chapter:

(A) “Health care entity” has the same meaning as in section 4731.228 of the Revised Code.

(B) “Termination” has the same meaning as in section 4731.228 of the Revised Code. Pursuant to division (B) of section 4731.228 of the Revised Code termination does not include a physician leaving employment with a health care entity but continuing to provide medical services for patients of the health care entity on an independent contractor basis.

(C) “Retiring” means the relinquishing of all clinical privileges and either expiration of medical liability insurance by lapse of the policy or conversion of the policy to extended reporting period coverage only.

(D) “Terminate” means to put an end to.

(E) “Resignation” as that term is used in division (D) of section 4731.228 of the Revised Code means the provision of notice by a physician to a health care entity that the physician will no longer be an employee of the health care entity as of the date stated in the notice or a determination by the health care entity that the physician has resigned.

4731-27-02 Dismissing a patient from the medical practice.

A physician-patient relationship is established when the physician provides service to a person to address medical needs, whether the service was provided by mutual consent or implied consent, or was provided without consent pursuant to a court order. Once a physician-patient relationship is established, a person remains a patient until the relationship is terminated.

(A) Except as provided in paragraph (B) of this rule, a physician shall comply with the following requirements in order to dismiss a patient from the medical practice:

(1) Send notice to the patient that includes all of the following:

(a) A statement that the physician-patient relationship is terminated;

(b) A statement that the physician will continue to provide emergency treatment and access to services for up to thirty days from the date the letter was mailed, to allow the patient to secure care from another licensee; and

(c) An offer to transfer records to a new provider upon the patient's signed authorization to do so.
(2) The notice shall be sent in one of the following ways:
   (a) A letter sent via certified mail, return receipt requested, to the last address for the patient on record, with a copy of the letter, the certified mail receipt, and the mail delivery receipt maintained in the patient record;
   (b) An electronic message sent via a HIPAA compliant electronic medical record system or HIPAA compliant electronic health record system that provides a means of electronic communication between the health care entity and the patient, is capable of sending the patient a notification that a message has been received and is in the patient's portal, and is capable of notifying the sender that a message has not been viewed or has been viewed;
   (c) If a notice sent via an electronic message as authorized in paragraph (A)(2)(b) of this rule is not viewed within ten days of having been sent, a letter sent in accordance with paragraph (A)(2)(a) of this rule.

(B) The requirements of paragraph (A) of this rule do not apply to the following:
   (1) The physician rendered me medical service to the person on an episodic basis or in an emergency setting and the physician should not reasonably expect that related medical service will be rendered to the patient in the future;
   (2) The physician formally transferred the patient's care to another health care provider who is not in the same practice group;
   (3) The physician is leaving a practice, selling a practice, retiring from medical practice, or whose employment with a health care entity has ended for any reason;
   (4) The patient terminated the relationship, either verbally or in writing, or has transferred care to another physician for the same or a related condition, and the physician maintains documentation in the patient record of the patient's action terminating the relationship.

(C) A physician assistant or anesthesiologist assistant may not independently dismiss a patient from a medical practice.

(D) A physician's dismissal of a patient from a medical practice other than in accordance with the provisions of this rule, as determined by the state medical board of Ohio, shall constitute "a departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established," as that clause is used in division (B)(6) of section 4731.22 of the Revised Code.

(E) Nothing in this rule shall limit the board's authority to investigate and take action under section 4731.22 of the Revised Code.

4731-27-03 Notice of termination of physician employment or physician leaving a practice, selling a practice, or retiring from the practice of medicine.

(A) When pursuant to section 4731.228 of the Revised Code a health care entity provides to patients a notice of the termination of a physician's employment, the notice shall be provided in one of the following ways:
   (1) A letter sent via regular mail to the last address for the patient on record, with the date of mailing of the letter documented;
   (2) An electronic message sent via a HIPAA compliant electronic medical record system or HIPAA compliant electronic health record system that provides a means of electronic communication between the health care entity and the patient and is capable of sending the patient a notification that a message has been received and is in the patient's portal.

(B) When pursuant to section 4731.228 of the Revised Code a health care entity provides the physician whose employment has been terminated for any reason with a list of patients treated and the patient contact information, the physician shall provide the notice required by section 4731.228 of the Revised Code by one of the ways authorized by paragraph (A)(1) or (A)(2) of this rule. In addition, the physician may, but is not required to, publish a notice in a newspaper of greatest circulation in the county in which the physician has practiced and in
Delegation and Termination of Physician-Patient Relationship

(1) The notice shall be sent to all patients who received physician services from the physician within the two-years immediately preceding the physician's last date for seeing patients;

(2) The notice shall be provided as authorized in paragraph (A)(1) or (A)(2) of this rule.

(a) The notice shall be sent no later than thirty days prior to the last date the physician will see patients or upon actual knowledge that the physician will be leaving, selling, or retiring from the health care entity, whichever is earlier.

(b) A physician shall make a good faith effort to comply with paragraph (C)(2)(a) of this rule. However, a physician who because of acute illness or unforeseen emergency is unable to provide the notice thirty days prior to the last date of seeing patients shall provide the notice required by paragraph (C) of this rule no later than thirty days after it is determined that the physician will not be returning to the health care entity.

(3) The notice shall include all of the following:

(a) A statement that the physician will no longer be practicing medicine at the health care entity;

(b) The date on which the physician ceased or will cease to provide medicine services at the health care entity;

(c) If the physician will be practicing medicine in another location, contact information for the physician subsequent to leaving the health care entity;

(d) Contact information for an alternative physician or physicians employed by the health care entity or contact information for a group practice that can provide care for the patient;

(e) Contact information that enables the patient to obtain information on the patient's medical records.

(D) The requirements of paragraphs (A), (B) and (C) of this rule do not apply to the following:

(1) A physician who rendered medical service to a person on an episodic basis or in an emergency department or urgent care center, when it should not be reasonably expected that related medical service will be rendered by the physician to the patient in the future;

(2) A medical director or other physician providing services in a similar capacity to a medical director to patients through a hospice care program licensed pursuant to section 3712.04 of the Revised Code;

(3) Medical residents, interns, and fellows who work in hospitals, health systems, federally qualified health centers, and federally qualified health center look-alikes as part of their medical education and training;

(4) A physician providing services to a patient through a community mental health agency certified by the director of mental health under section 5119.611 of the Revised Code or an alcohol and drug addiction program certified by the department of alcohol and drug addiction services under section 3793.06 of the Revised Code;

(5) A physician providing services to a patient through a federally qualified health center or a federally qualified health center look-alike.

(E) A physician's failure to provide notice in accordance with the provisions of paragraph (B) or (C) of this rule, as determined by the state medical board of Ohio, shall constitute "a departure from, or failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established," as that clause is used in division (B)(6) of section 4731.22 of the Revised Code.

(F) Nothing in this rule shall limit the board's authority to investigate and take action
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

under section 4731.22 of the Revised Code.

Referrals

4731.65 Patient referrals, group practice, clinical laboratory services; definitions.

As used in sections 4731.65 to 4731.71 of the Revised Code:
(A)(1) “Clinical laboratory services” means either of the following:
   (a) Any examination of materials derived from the human body for the purpose of providing information for the diagnosis, prevention, or treatment of any disease or impairment or for the assessment of health;
   (b) Procedures to determine, measure, or otherwise describe the presence or absence of various substances or organisms in the body.
(2) “Clinical laboratory services” does not include the mere collection or preparation of specimens.
(B) “Designated health services” means any of the following:
   (1) Clinical laboratory services;
   (2) Home health care services;
   (3) Outpatient prescription drugs.
(C) “Fair market value” means the value in arms-length transactions, consistent with general market value and:
   (1) With respect to rentals or leases, the value of rental property for general commercial purposes, not taking into account its intended use;
   (2) With respect to a lease of space, not adjusted to reflect the additional value the prospective lessee or lessor would attribute to the proximity or convenience to the lessor if the lessor is a potential source of referrals to the lessee.
(D) “Governmental health care program” means any program providing health care benefits that is administered by the federal government, this state, or a political subdivision of this state, including the medicare program, health care coverage for public employees, health care benefits administered by the bureau of workers’ compensation, and the medicaid program.
(E)(1) “Group practice” means a group of two or more holders of licenses or certificates under this chapter legally organized as a partnership, professional corporation or association, limited liability company, foundation, nonprofit corporation, faculty practice plan, or similar group practice entity, including an organization comprised of a nonprofit medical clinic that contracts with a professional corporation or association of physicians to provide medical services exclusively to patients of the clinic in order to comply with section 1701.03 of the Revised Code and including a corporation, limited liability company, partnership, or professional association described in division (B) of section 4731.226 of the Revised Code formed for the purpose of providing a combination of the professional services of optometrists who are licensed, certificated, or otherwise legally authorized to practice optometry under Chapter 4725 of the Revised Code, chiropractors who are licensed, certificated, or otherwise legally authorized to practice chiropractic or acupuncture under Chapter 4734 of the Revised Code, psychologists who are licensed, certificated, or otherwise legally authorized to practice psychology under Chapter 4732 of the Revised Code, registered or licensed practical nurses who are licensed, certificated, or otherwise legally authorized to practice nursing under Chapter 4723 of the Revised Code, pharmacists who are licensed, certificated, or otherwise legally authorized to practice pharmacy under Chapter 4729 of the Revised Code, physical therapists who are licensed, certificated, or otherwise legally authorized to practice physical therapy under sections 4755.40 to 4755.56 of the Revised Code, occupational therapists who are licensed, certificated, or otherwise legally authorized to practice occupational therapy under sections 4755.04 to 4755.13 of the Revised Code, mechanotherapists who are licensed, certificated, or otherwise...
Section 4731.66 Referrals and cross-referrals for designated health service; prohibitions.

(A) Except as provided in sections 4731.67 and 4731.68 of the Revised Code, no holder of a license under this chapter to practice medicine and surgery, osteopathic medicine and surgery, or podiatric medicine and surgery shall refer a patient to a person for a designated health service if the license holder, or a member of the license holder’s immediate family, has either of the following financial relationships with the person:

(1) An ownership or investment interest in the person whether through debt, equity, or other means;

(2) Any compensation arrangement involving any remuneration, directly or indirectly, overtly or covertly, in cash or in kind.

(B) No person to which a license holder has referred a patient in violation of division (A) of this section shall bill the patient, any third-party payer, any governmental health care program, or any other person or governmental entity for the designated health service rendered pursuant to the referral.

(C) No person shall knowingly enter into an arrangement or scheme, including a cross-
referral arrangement, that has a principal purpose of assuring referrals by a license holder to a particular person that, if the license holder directly made referrals to such person, would violate division (A) of this section.

**4731.67 Prohibitions on referrals; exceptions.**

Section 4731.66 of the Revised Code does not apply to any of the following referrals by the holder of a license under this chapter:

(A) Referrals for physicians' services that are performed by or under the personal supervision of a physician in the same group practice as the referring physician;

(B) Referrals for clinical laboratory services by a license holder specializing in the practice of pathology if those services are provided by or under the supervision of the pathologist pursuant to a consultation requested by another physician;

(C) Referrals for in-office ancillary services to which all of the following apply:
   (1) The services are furnished by the referring physician, a physician in the same group practice as the referring physician, or individuals who are employed by the referring physician or the group practice and who are supervised by the referring physician or a physician in the group practice, and are furnished either:
      (a) In a building in which the referring physician, or another physician in the same group practice as the referring physician, furnishes physicians' services unrelated to the furnishing of designated health services;
      (b) In another building used by the referring physician's group practice for the centralized provision of the group's designated health services.
   (2) The services are billed by the physician performing or supervising the services, the physician's group practice, or an entity wholly owned by the group practice.
   (3) The physician's ownership or investment interest in the services described in this division meets any other requirements that the state medical board applies in rules adopted under section 4731.70 of the Revised Code.

(D) Referrals for in-office ancillary services if the third-party payer is aware of and has agreed in writing to reimburse the services notwithstanding the financial arrangement between the physician and the provider of such ancillary services.

(E) Referrals for services furnished by a health insuring corporation to an enrollee of the corporation;

(F) Referrals to a hospital for designated health services, if all of the following apply:
   (1) The financial arrangement between the referring physician or immediate family member and the hospital consists of an ownership or investment interest described in division (A)(1) of section 4731.66 of the Revised Code and not a compensation arrangement described in division (A)(2) of that section.
   (2) The referring physician is authorized to perform services at the hospital.
   (3) The ownership or investment interest is in the hospital itself and not merely in a subdivision of the hospital.

(G) Referrals to a hospital with which the license holder's or immediate family member's financial relationship does not relate to the provision of designated health services;

(H) Referrals to a laboratory located in a rural area as defined in section 1886(d)(2)(D) of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 1395ww(d)(2)(D), as amended, if the financial relationship consists of an ownership or investment interest described in division (A)(1) of section 4731.66 of the Revised Code, and not a compensation arrangement described in division (A)(2) of that section;

(I) Any other referrals in which the financial relationship between the license holder or immediate family member and the person furnishing services has been specified in rules adopted by the state medical board under section 4731.70 of the Revised Code.
4731.68 Exceptions; permissible ownership of investment securities; permissible compensation arrangements.

(A) Ownership of investment securities in a corporation, including bonds, debentures, notes, other debt instruments, or shares, shall not be considered an ownership or investment interest described in division (A)(1) of section 4731.66 of the Revised Code if all of the following apply:

1. The securities were purchased on terms generally available to the public.
2. The corporation is listed for trading on the New York stock exchange or the American stock exchange or is a national market system security traded under an automated interdealer quotation system operated by the national association of securities dealers.
3. The corporation had, at the end of its most recent fiscal year, total assets exceeding one hundred million dollars.

(B) Payments for the rental or lease of office space shall not be considered a compensation arrangement described in division (A)(2) of section 4731.66 of the Revised Code if all of the following apply:

1. There is a written agreement signed by the parties for the rental or lease of the space that does all of the following:
   a. Specifies the space covered by the agreement and dedicated for the use of the lessee;
   b. Provides for a term of rental or lease of at least one year;
   c. Provides for payment on a periodic basis of an amount that is consistent with fair market value;
   d. Provides for an amount of aggregate payments that does not directly or indirectly vary based on the volume or value of any referrals of business between the parties;
   e. Would be commercially reasonable even if no referrals were made between the parties.
2. In the case of a rental or lease arrangement between a holder of a license under this chapter or member of the license holder’s immediate family and another person in which the license holder or family member also has an ownership or investment interest described in division (A)(1) of section 4731.66 of the Revised Code, the office space is in the same building as the building in which the license holder or the license holder’s group practice has a practice.
3. The arrangement meets any other requirements that the state medical board applies in rules adopted under section 4731.70 of the Revised Code.

(C) An arrangement between a hospital and a license holder or a member of the license holder’s immediate family for the employment of the license holder or family member or for the provision of administrative services shall not be considered a compensation arrangement described in division (A)(2) of section 4731.66 of the Revised Code if all of the following apply:

1. The arrangement is for identifiable services.
2. The amount of the remuneration under the arrangement is consistent with the fair market value of the services and is not determined in a manner that directly or indirectly takes into account the volume or value of any referrals by the license holder.
3. The remuneration is provided pursuant to an agreement that would be commercially reasonable even if the license holder made no referrals to the hospital.
4. The arrangement meets any other requirements that the state medical board applies in rules adopted under section 4731.70 of the Revised Code.

(D) Remuneration by a hospital of a license holder to induce the license holder to relocate to the geographic area served by the hospital in order to be a member of the hospital’s medical staff shall not be considered a compensation arrangement described in division (A)(2) of section 4731.66 of the Revised Code if all of the following apply:

1. The license holder is not required to refer patients to the hospital.
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

(2) The amount of the remuneration is not determined in a manner that directly or indirectly takes into account the volume or value of any referrals by the license holder to the hospital.

(3) The arrangement meets any other requirements that the state medical board applies in rules adopted under section 4731.70 of the Revised Code.

(E) Remuneration of a license holder or member of the license holder’s immediate family by a person other than a hospital shall not be considered a compensation arrangement described in division (A)(2) of section 4731.66 of the Revised Code if all of the following apply:

(1) The remuneration is for any of the following:
(a) Specific, identifiable services as the medical director or a member of a medical advisory board of the person;
(b) Specific, identifiable physicians’ services furnished to an individual in a hospice if the physicians’ services are payable by the individual’s third-party payer only to the hospice;
(c) Specific, identifiable physicians’ services furnished to a nonprofit blood center;
(d) Specific, identifiable administrative services other than direct patient care services in circumstances specified in rules adopted by the state medical board under section 4731.70 of the Revised Code.

(2) The amount of the remuneration under the arrangement is consistent with the fair market value of the services and is not determined in a manner that directly or indirectly takes into account the volume or value of any referrals by the license holder.

(3) The remuneration is provided pursuant to an agreement that would be commercially reasonable even if the license holder made no referrals to the person.

(4) The arrangement meets any other requirements that the state medical board applies in rules adopted under section 4731.70 of the Revised Code.

(F) Isolated financial transactions, including a one-time sale of property, shall not be considered a compensation arrangement described in division (A)(2) of section 4731.66 of the Revised Code if all of the following apply:

(1) The amount of the remuneration under the arrangement is consistent with fair market value and is not determined in a manner that directly or indirectly takes into account the volume or value of any referrals by the license holder.

(2) The remuneration is provided pursuant to an agreement that would be commercially reasonable even if the license holder made no referrals to the person.

(3) The transaction meets any other requirements that the state medical board applies in rules adopted under section 4731.70 of the Revised Code.

(G) Payment of the salary of a license holder by the license holder’s group practice shall not be considered a compensation arrangement described in division (A)(2) of section 4731.66 of the Revised Code.

4731.69 Requirement to refund unlawfully collected amounts.

Any person who collects any amounts billed in violation of section 4731.66 of the Revised Code shall be liable to the individual, third-party payer, governmental health care program, or other person or governmental entity for and shall refund, on a timely basis, the amount so collected. No person shall fail to refund on a timely basis any amount due under this section.

4731.70 State Medical Board to adopt rules on implementing referral provisions.

The state medical board shall adopt rules in accordance with Chapter 119 of the Revised Code to implement sections 4731.65 to 4731.69 of the Revised Code. The rules shall include all of the following:
Chapter 12. Licensed Health Care Professionals
Part III. Physicians

4731.71 Detecting and reporting violations; auditor of state.

The auditor of state may implement procedures to detect violations of section 4731.66 or 4731.69 of the Revised Code within governmental health care programs administered by the state. The auditor of state shall report any violation of either section to the state medical board and shall certify to the attorney general in accordance with section 131.02 of the Revised Code the amount of any refund owed to a state-administered governmental health care program under section 4731.69 of the Revised Code as a result of a violation. If a refund is owed to the medicaid program, the auditor of state also shall report the amount to the department of medicaid.

The state medical board also may implement procedures to detect violations of section 4731.66 or 4731.69 of the Revised Code.

4731.81 Using general anesthetic; competent witness required.

No person shall knowingly administer a general anesthetic to another, unless at the time of administration a competent witness is present.

4731.99 Penalties for violations.

(A) Whoever violates section 4731.41, 4731.43, or 4731.60 of the Revised Code is guilty of a felony of the fifth degree on a first offense and a felony of the fourth degree on each subsequent offense.

(B) Whoever violates section 4731.49, 4731.50, or 4731.81 of the Revised Code is guilty of a misdemeanor of the fourth degree on a first offense and a misdemeanor of the first degree on each subsequent offense.

(C) Whoever violates section 4731.46 or 4731.47 of the Revised Code is guilty of a felony of the fifth degree.

(D) Whoever violates section 4731.48 of the Revised Code is guilty of a misdemeanor of the fourth degree.

(E) Whoever violates division (A), (B), (C), or (D) of section 4731.224 of the Revised Code is guilty of a minor misdemeanor on a first offense and a misdemeanor of the fourth degree on each subsequent offense, except that an individual guilty of a subsequent offense shall not be subject to imprisonment, but to a fine alone of up to one thousand dollars for each offense.

(F) Whoever violates section 4731.481 of the Revised Code is guilty of a misdemeanor
Part IV. Physical Therapists

4755-27-01 Physical therapy practice defined.

(A) In accordance with section 4755.48 of the Revised Code, only individuals licensed by the physical therapy section of the board may imply or claim to be able to practice physical therapy or provide physical therapy services.

(1) Only individuals licensed by the physical therapy section may use the words physical therapist, physical therapy, physical therapy services, physiotherapist, physiotherapy, physiotherapy services, physical therapy assistant, physical therapist assistant, physical therapy technician, or other words or insignia indicating or implying that the person is a physical therapist or physical therapist assistant.

(2) Only individuals licensed by the physical therapy section may use the letters PT, PhT, PTT, RPT, LPT, MPT, DPT, MSPT, PTA, or any other letters or insignia to indicate or imply that the person is licensed to practice as a physical therapist or physical therapist assistant.

(B) The practice of physical therapy, as used in Chapter 4755 of the Revised Code, means engaging in physical therapy, as defined in division (A) of section 4755.40 of the Revised Code, including providing consultative services.

(C) For the purpose of Chapters 4755-21 to 4755-29 of the Administrative Code, the following definitions shall apply:

(1) "Physical therapist" means an individual who performs the initial examination unless that physical therapist has transferred the responsibility for the management of the patient's care to another physical therapist and that physical therapist agrees to the transfer.

(2) "Physical therapist assistant" means an individual holding a valid license under sections 4755.40 to 4755.56 to assist in the provision of physical therapy treatments, including the provision of patient education and instruction under the supervision of a physical therapist.

(3) "Other licensed personnel" means any person holding an Ohio license to practice as a health care practitioner in a profession other than physical therapy, and not holding a valid license under sections 4755.40 to 4755.56 of the Revised Code, who is working under the direct supervision of a physical therapist or physical therapist assistant, as delegated by the physical therapist, and is performing tasks and duties related to the delivery of physical therapy.

(4) "Unlicensed personnel" means any person who is on the job trained and supports the delivery of physical therapy services by personally assisting the physical therapist, physical therapist assistant, student physical therapist and/or student physical therapist assistant while the physical therapist, physical therapist assistant, student physical therapist, and/or student physical therapist assistant is concurrently providing services to the same patient.

(5) "Student physical therapist" means a student enrolled in an accredited or candidacy status entry level physical therapist education program who is completing a required clinical education course.

(6) "Student physical therapist assistant" means a student enrolled in an accredited or candidacy status entry level physical therapist assistant education program who is completing a required clinical education course.

(7) "Supervising physical therapist" means the physical therapist who is available to supervise the physical therapist assistant, the student physical therapist or student physical therapist assistant, other licensed personnel, or unlicensed personnel. The supervising physical therapist may be the physical therapist who performed the initial examination or another physical therapist with whom that physical therapist has a formal or informal agreement.
(8) "Supervising physical therapist assistant" means the physical therapist assistant who is appropriately available to supervise the student physical therapist assistant, other licensed personnel, or unlicensed personnel.

(9) "Direct supervision" means the physical therapist or physical therapist assistant is in the same building and available to immediately respond to the needs of the patient. The physical therapist or physical therapist assistant shall have direct contact with the patient during each visit.

4755-27-02 Supervision of physical therapist assistant by physical therapist.

(A) The physical therapist assistant, defined in division (C) of section 4755.40 of the Revised Code, is a skilled, technical person who assists in physical therapy treatment and related duties as assigned by the physical therapist. These duties are carried out under the supervision of the physical therapist, as defined in division (D) of section 4755.40 of the Revised Code and rule 4755-27-04 of the Administrative Code. The duties assigned may vary in accordance with the setting and organizational structure of the service, the scope, size, and volume of the services, and the needs of the patients to be served. The physical therapist assistant may carry out patient related duties, as well as responsibilities appropriate to the established physical therapy services.

(B) Physical therapist assistants are not qualified to:

1. Interpret physician referrals;
2. Conduct initial patient evaluations;
3. Write initial or ongoing patient plans of care;
4. Conduct re-evaluations of the patient or make changes to the patient plan of care; or
5. Perform the discharge evaluation and complete the final discharge summary.

(C) The physical therapist assistant may review medical information and/or review the patient's medical history and past functional ability through verbal contact with medical persons, family or the patient. This information may then be used by the physical therapist to determine the need for a patient evaluation.

(D) The physical therapist assistant may progress a patient treatment program within the parameters of the plan of care as established by the supervising physical therapist.

(E) The physical therapist may assign treatment procedures beyond the scope of entry level physical therapist assistant practice in accordance with the physical therapist assistant's ability, provided that both the supervising physical therapist and the physical therapist assistant have documented training and demonstrated competency in the procedure.

4755-27-03 Delegation by physical therapist.

(A) Delegation in physical therapy is the sole responsibility of the physical therapist.

(B) The responsibility for physical therapy care rendered by the physical therapist assistant and other licensed personnel rests with the supervising physical therapist.

(C) The physical therapist performs the following, none of which may be delegated:

1. Interpreting available information concerning the referral;
2. Providing the initial evaluation;
3. Developing the plan of care, including the short term and long term goals;
4. Identifying and documenting precautions, special problems, contraindications, anticipated progress, and plans for reevaluation;
5. Selecting and delegating only appropriate tasks in the plan of care;
6. Designating or establishing channels of written and oral communication;
7. Assessing the competence of the physical therapist assistant, other licensed personnel, and unlicensed personnel to perform assigned tasks;
Chapter 12. Licensed Health Care Professionals
Part IV. Physical Therapists

(8) Directing and supervising the physical therapist assistant, other licensed personnel, and unlicensed personnel in delegated tasks; and

(9) Reevaluating and adjusting the plan of care, when necessary, and performing the final evaluation, determining discharge, and establishing the follow-up plan.

(D) The physical therapist may refer patients to another discipline, which is not considered delegation. A referral to another discipline, including a physician, shall be documented in the medical record.

(E) Delegation of duties or tasks to the physical therapist assistant must be done in accordance with the scope of practice of the physical therapist assistant.

(1) A physical therapist assistant may not initiate or alter the plan of care without prior evaluation by and approval of the supervising physical therapist.

(2) A physical therapist assistant may adjust a treatment procedure in accordance with a change in patient status within the established plan of care.

(3) A physical therapist assistant may respond to inquiries regarding patient status to appropriate parties within the healthcare system and within the protocol established by the supervising physical therapist.

(4) The physical therapist assistant shall refer inquiries regarding a patient's prognosis to the supervising physical therapist. The physical therapist assistant may reinforce the physical therapist's position regarding the patient's prognosis.

(5) The physical therapist assistant may gather historical information about a patient to perform a screening that may determine the need for physical therapy intervention. This type of screening does not include physical contact with the patient.

(6) The physical therapist assistant shall document in the medical record according to the established protocols. All documentation shall be co-signed by the supervising physical therapist.

(F) Delegation of tasks related to the operation and delivery of physical therapy to other licensed personnel must be done in accordance with the scope of practice of the other licensed personnel's professional license, education and training, the level of competence as determined by the supervising physical therapist, and in consideration of the patient's overall needs and medical status.

(1) The physical therapist or physical therapist assistant shall demonstrate involvement, in accordance with paragraph (F) of rule 4755-27-04 of the Administrative Code, in each treatment session in which a component of care is delegated.

(2) Documentation by the other licensed personnel is restricted to an accounting of the activities provided, which includes the patient's response to intervention. The remainder of the documentation is the responsibility of the supervising physical therapist or supervising physical therapist assistant.

(G) The unlicensed personnel may be assigned routine duties that assist in the delivery of physical therapy care and operations, such as:

(1) Maintenance and care of equipment and supplies;
(2) Preparation, maintenance, and cleaning of treatment areas;
(3) Transportation of patients;
(4) Office and clerical functions;
(5) Assisting patients preparing for, during, and at the conclusion of treatment (such as changing clothes, assisting during transfer, and altering position during treatment);

(6) Personally assisting the physical therapist, physical therapist assistant, student physical therapist, and/or student physical therapist assistant while the physical therapist, physical therapist assistant, student physical therapist, and/or student physical therapist assistant is concurrently providing services to the same patient.
4755-27-04 Supervision by physical therapist.

(A) The supervising physical therapist is accountable and responsible at all times for the direction of the actions of the persons supervised, including the:
   (1) Physical therapist assistant;
   (2) Student physical therapist;
   (3) Student physical therapist assistant;
   (4) Other licensed personnel; and
   (5) Unlicensed personnel.

(B) The supervising physical therapist assistant is accountable and responsible at all times for the direction of the actions of the persons supervised, including the:
   (1) Student physical therapist assistant;
   (2) Other licensed personnel; and
   (3) Unlicensed personnel.

(C) Supervision of the physical therapist assistant.
   (1) In accordance with division (C) of section 4755.40 of the Revised Code, a physical therapist assistant may only be supervised by a physical therapist and may not be supervised by any other person, including those persons licensed to practice in any other profession.
   (2) Supervision for a physical therapist assistant does not require the supervising physical therapist to be on-site or on location. The supervising physical therapist must be available by telecommunication at all times and able to respond appropriately to the needs of the patient.

(D) Supervision of the student physical therapist.
   (1) A student physical therapist may only be supervised by a physical therapist licensed pursuant to Chapter 4755 of the Revised Code.
   (2) The supervising physical therapist is required to be on-site and available to immediately respond to the needs of the patient whenever the student physical therapist is performing patient examinations, evaluations, and interventions.

(E) Supervision of the student physical therapist assistant.
   (1) A student physical therapist assistant may only be supervised by a physical therapist or physical therapist assistant licensed pursuant to Chapter 4755 of the Revised Code.
   (2) The supervising physical therapist or supervising physical therapist assistant is required to be on-site and available to immediately respond to the needs of the patient whenever the student physical therapist assistant is performing patient interventions.

(F) Supervision of other licensed personnel.
   Direct supervision from the supervising physical therapist or supervising physical therapist assistant is required whenever the other licensed personnel is performing patient interventions.

(G) Supervision of unlicensed personnel.
   Unlicensed personnel may be supervised by the student physical therapist or student physical therapist assistant who are being supervised in accordance with the laws and rules governing the practice of physical therapy.

4755-27-06 Reporting requirements.

A licensee shall self report to the physical therapy section, within thirty days, any of the items outlined in paragraphs (A) to (E) of this rule. Failure to comply with this rule may be grounds for disciplinary action pursuant to section 4755.47 of the Revised Code and in accordance with Chapter 119 of the Revised Code.

(A) Impairment by physical or mental illness, chemical use, or chemical dependency, that affects the applicant's or licensee's ability to practice with reasonable skill and safety.
(B) Conviction of a felony.
(C) Conviction of a misdemeanor when the act that constituted the misdemeanor occurred during the practice of physical therapy.
(D) The termination, revocation, or suspension of membership by a state or national physical therapy professional association.
(E) A positive drug and/or alcohol screening.
