**Rebecca Baum M.D.**

**Chief of Developmental-Behavioral Pediatrics**

Nationwide Children's Hospital

### **Objectives**

1. Describe how patient transitions and the discharge process can be greatly improved utilizing a standardized interdisciplinary approach.
2. Demonstrate strategies to implement the Iris mobile application in order to improve patient safety, documentation, and caregiver engagement while performing safety rounds.
3. Identify at least one action based on risk to reduce self harm.
4. Identify the importance of antipsychotic medication safety, along with strategies on how to improve its safety among children and adolescents.

### **Intended Audience**

Individuals involved or responsible for nursing, case management, social work, physicians, patient safety, pharmacy, risk and/or quality management.

### **Registration**

Registration fee is \$50 per session/per line or \$150 for all four sessions/per line. One or more individuals from the same institution may participate for the same fee. The registration fee is charged per phone line occupied.

You can access online registration at

[www.ohiohospitals.org](http://www.ohiohospitals.org) by clicking on Upcoming Events.

Choose the month in which your event occurs then click on the title of the event. Login and "Add to Cart." You can access the online registration directly [here](#).

### **Cancellation**

A refund of registration fees will be made to those registrants notifying OHA of cancellation at least three (3) working days prior to program date. A \$40 processing fee will be assessed against each refund. No refunds will be made after this date.

### **Continuing Education**

The Ohio Hospital Association (OLN-0017-P) is approved as a provider of continuing education by the Ohio Board of Nursing through the approver unit at the Ohio League for Nursing (OBN-006-92) and provider unit approval is valid through June 30, 2020.
