Christine BSN, RN, CIC

Infection Preventionist

Cleveland Clinic Lutheran Hospital

Preparing for Influenza and Other Respiratory Pathogens

Colleen Abrams MT (ASCP)

Infection Preventionist

Blanchard Valley Health System

Objectives

1. Provide techniques to leverage technology to assist in identifying and communicating the risk of sepsis in real-time.
2. Identify key process improvements that reduce variability and improve outcomes in STEMI care.
3. Understand the impact of implementing an effective Enhanced Recovery After Surgery Program for patient care.
4. Describe how to use SNAP as a word or gesture as a means for intercepting a missed hand hygiene opportunity.
5. Identify signs and symptoms, testing methods and treatment options for influenza and other respiratory illnesses.

Intended Audience

Individuals involved or responsible for nursing, case management, social work, physicians, patient safety, pharmacy, risk and/or quality management.

Registration

Registration fee is \$50 per session/per line or \$150 for all four sessions/per line. One or more individuals from the same institution may participate for the same fee. The registration fee is charged per phone line occupied.

You can access the online registration form at:

www.ohiohospitals.org by clicking on Member Services, then Education & Events. Choose the month in which your event occurs then click on the title of the event. At the bottom of the page, click on "Add to Cart."

Cancellation

A refund of registration fees will be made to those registrants notifying OHA of cancellation at least three (3) working days prior to program date. A \$40 processing fee will be assessed against each refund. No refunds will be made after this date.

Continuing Education

The Ohio Hospital Association (OLN-0017-P) is approved as a provider of continuing education by the Ohio Board of Nursing through the approver unit at the Ohio League for Nursing (OBN-006-92) and provider unit approval is valid through June 30, 2020.
