SOCIETY OF OHIO HEALTHCARE RISK MANAGERS OF THE OHIO HOSPITAL ASSOCIATION

PURPOSE

The purpose of OSHRM is to advance the development of health care risk management in Ohio through accomplishment of the following objectives:

- To serve as a professional society allowing individuals to develop a network of health care risk managers that will promote information exchange and problem solving.
- To provide education and resources to health care risk managers.
- To serve as a state chapter of the American Society for Healthcare Risk Management
- To advance the concept of risk management in health care institutions in other ways as deemed beneficial by OSHRM membership.

GOVERNANCE

OSHRM is governed by a board of directors comprising two representatives from each of the four OHA districts, the past president, president and the president-elect.

MEMBERSHIP

To qualify as an active member, one must:

- Be an employee of an Ohio hospital or health system that is an organizational member of OHA; or
- Be an employee of an OHA corporate partner; or
- Be contractually aligned with OHA member healthcare providers within the healthcare delivery system.

Other qualifications required:

- Perform risk management activities as an employee of an OHA member organization, or
- Represent health care risk management interests as legal counsel, or
- Be employed in risk management activities by a hospital or health care system within the State of Ohio.

MEMBERSHIP BENEFITS

OHA Annual Meeting and OSHRM Semi-Annual Meeting - Society members are invited to attend the OHA Annual Meeting and the semi-annual OSHRM meeting to become acquainted with fellow members, exchange ideas, conduct society business and attend a variety of educational sessions.

Membership Roster - An annual publication of the names, addresses and phone numbers of OSHRM members is a useful resource for those interested in contacting their peers.

Educational Programs - The society periodically sponsors other educational programs directed at specific topics related to practices and processes of risk management.

Awards - Risk Management Special Achievement awards are presented periodically.
